#### Mules Will Host Canyon Friday Night

The Mules will face another tough opponent Friday night as they host the Canyon Eagles here.

Canyon seems to be a strong team as they now have a 1-2 district record for this year. Last week top-ranked Perryton defeated Canyon, 19-12.

The Mules won their first district game last week as they defeated Levelland, 27-12.

Muleshoe has proved to have not only an outstanding offense, but also a strong defense.

David Wheat still leads the district as the leading scorer

4-H GOLD STAR WINNERS . . . Laverne Carpenter and Bobby Henderson were named Bailey County 4-H Gold Star Boy and Girl Saturday night, November 4, at the annual Gold Star Banquet. The banquet was held in the Fellowship Hall of the First United Methodist Church with a number of parents, 4-H'ers and interested citizens attending. This boy and girl were also presented awards from the Muleshoe Chamber of Commerce and Agriculture.

#### City Council Tables Electricity Increase

City Council met Tuesday morning in City Hall. Meeting with the council was Jeff Peeler of Southwestern Public Service who submitted an application for SWPS electricity rate increase on the city electricity of at least 15 per cent. The rate will apply to all of the city's electricity bill except for the street lights.

The city council discussed various aspects of the increase

and some estimates. SWPS's emergency service was also discussed by the members and Peeler explained that under the present set up, in cases of emergencies, units could be sent from the base in Littlefield and be in Muleshoe in a matter of minutes.

The council tables the application until another meeting so Peeler could investigate the possibility of a minimum reduction and to present a contract that would be effective through 1976 which will be the termination date of Southwestern Public Services franchise with the city.

During the discussion, Peeler pointed out that it had been more than 23 years since an increase had taken place.

Police Chief Harold White also met with the council and they discussed the policy of having all city policemen in uniform.

The council came to the decision that they did want the men to wear uniforms, somewhat casual in nature. On recommendation from Councilman Max King, the City Manager Albert Field and White were to get together and work out the expense involved in renting or purchasing the uniforms.

At this time, City Policemen are being paid \$15 per month clothing allowance which goes back to 1961 and all members agreed that it was insufficient.

This recommendation is to be made and included in next year's budget.

Bids on trees for the new city park were opened, but bids were not accepted at this time. Bids were Bodson Landscaping Company, \$3,674.75; Tom's Tree Place, \$3,950; and Ker-shener's, \$3,284.75; all FOB

#### YL Riding Club Will Sponsor Turkey Shoot

The YL 4-H Riding Club will be sponsoring a Turkey Shoot Sunday, November 12 at 2 p.m.

The shoot will be held just west of the Muleshoe city limits. Turkeys or hams will be awarded to the winner of each group.

Everyone is urged to come and enjoy the fun.

#### Singing Group Added To BAC Comedy Play

'What Did We Do Wrong?' is the title of the play which will be presented this Saturday night at 8 p.m. in the Muleshoe High School auditorium, sponsored by the Businessmen's Activities Committee of the Muleshoe Chamber of Commerce and Agriculture.

The play will offer over an hour of hilarious entertainment by a talented group of performers from Lubbock Christian College, under the direction of Mrs. June Bearden. Mrs. Bearden has been Director of Theatre at Lubbock Christian College for the past ten years. Prior to this she was the Director of Theatre at Texas Tech University. She has been highly recommended by our own drama and speech teacher, Kerry Moore at Muleshoe High School.

And from the record Moore has built on his own capabilities as an authority on dramatics, we feel quite confident that this will be one of the best nights entertainment that the people of this area have ever witnessed on our own stage", reports a BAC spokesman.

A record number turned out to vote Tuesday in Bailey County. The huge turnout was expected in this area as all over the U.S. President Richard Nixon won his re-election bid with a landslide victory across the United States. In Bailey County the Nixon-Agnew team received a total of 1837 votes while McGovern and Shriver received only 464 votes in the county.

The Socialist Workers Party candidates, Linda Jenness and Albert Pulley, received three votes in the election.

In the hotly contested senator race, incumbent John G. Tower defeated Democrat Barefoot Sanders. In Bailey County, Tower received 1521 votes to Sanders' 767.

Tom Leonard of the Socialists Party received two votes in the Senate race and Flores Amaya of the Raza Unida Party received 51.

George Mahon, who was unopposed, easily won his bid with 1475 votes. He will continue as the representative from the 19th Congressional District.

In the nip and tuck governor's race, Dolph Briscoe had a slight edge in Bailey County with 1178 votes to Grover's 1097. Across the state, Grover pulled out in front of Briscoe early Tuesday evening, but could not hold on to the lead. By morning, Briscoe had the lead and votes were still being counted.

The Raza Unida Party candidate for governor, Ramsey Muniz, received 63 votes in Bailey County. Deborah Leonard, running on the Socialist Workers Ticket, received two votes.

There was really no contest in the Lt. Governor's race and Bill

#### Speech Team Wins Sweepstakes Trophy

The Muleshoe High School Speech Contest Class competed in the Lubbock Christian College Speech Tournament held last Saturday. Muleshoe entered 33 people in competition in events which included Debate, Duet Acting, Extemporaneous Speaking, Original Oratory and Poetry.

The Muleshoe team compiled nine points to receive the Sweepstakes Award. Muleshoe won over twenty one other high schools in the area, including Estacado of Lubbock, who won second, and the two high schools from Midland who tied for third.

Those receiving major awards for Muleshoe were: Christy Ford, sixth, Danny Vela, fifth, Rogelio Puente, fourth, Perry Hall, second, in Original Oratory; Brent Blackman received fourth in poetry; in Extemporaneous Speaking the following people placed, Perry Hall, fourth, Christy Ford, third, and Chuck Smith, first; Brent Blackman and John Garth received first place in Duet Acting.

The Muleshoe team was also able to boast of two undefeated Debate teams, Lauren Hall and Linda Mason who received sixth place and Johnny Dean and David Smith.

Muleshoe will go back to Lubbock on December 8 and 9 to compete in the Hub of the Plains Speech Tournament.

#### United Fund Gets Green Light Here

The United Fund Board of Directors met Monday night, November 6, at 8 p.m. in the Council Chamber in the City Hall. The members decided to have a drive this year and to start right away.

Mrs. Pat Bobo, United Fund treasurer, presided at the meeting.

Each member was asked his or her opinion of whether or not the drive should be held. Everyone was in favor of having the drive, but some expressed concern as to the lateness of the starting date and to the success of the drive last year.

Most of the directors agreed that it was a good thing and that it should be continued. Businessmen thought it would be cheaper and more convenient to them if Muleshoe conducted a United Fund drive this year.

The biggest concern over the

drive was the fact that helpers were difficult to find and that not everyone in the county would participate in the annual drive.

It was reported that only the civic-minded, conscientious people in a community make the effort to make contacts and get contributions, and that it took the entire community to achieve the goal.

The number one reason that some people do not contribute to the United Fund is because they are opposed to one of the agencies included in the fund, reported another director.

It is becoming increasingly difficult for the smaller towns to achieve their goals due to lack of enthusiasm.

It was pointed out that one reason for the loss of enthusiasm in this county was due to the fund cutting out the award banquet at the end of the year.

New officers elected Monday night for this year's drive will be Clarence Christian, president; Bob Finney, first vice-president and chairman of the Budget and Admissions Committee; Tommy Black, third vice-president and in charge of publicity; Arlene Phelps, sec-

#### Organized Crime Topic Of Rotary Speaker On Tuesday

At the noon meeting of Rotary Tuesday at the XIT Steak House, Burt Sinclair, safety officer with the Texas Department of Public Safety, talked with members about organized crime.

Sinclair reported that there were three main phases of organized crime: First, two people get together and conspire against society to commit some unlawful act; second, the Dixie Mafia, a loosely organized group of thugs, which are the most violent criminals as they will do hit jobs for LaCostra Nostra; and third, LaCostra Nostra, which is an Italian word meaning "Our Way" or "This Way of Ours".

La Costra Nostra have two sources of power in the organization, one is the access of their net worth of approximately \$7 billion; and second is the blood oath secrecy as they cannot divulge anything they have done to anyone outside the family without losing their own life.

La Costra Nostra is made up of 26 Italian descended families. They control the majority of all organized crimes in the United States.

Their main source of revenue is gambling. Last year

in the state of Texas, La Costra Nostra reaped a profit of somewhere in the neighborhood of \$90 million just during football season alone.

There are main representatives of La Costra Nostra in Texas today and have contacts through wire services to all main gambling concerns.

Following is a list of groups of sources of income the La Costra Nostra derives its million net profit from:

First, policy making rackets, better known as business is plundered and forced through outrageous pressures and threats to sell and move stolen goods throughout the state.

Second, the majority of narcotic traffic is controlled by organized crime and it infiltrates down through and including grade school level, whereby wrecking lives of youths forced to participate in clandestine pleasures.

Third, prostitution is on the rampage in the state of Texas. There are 32 houses of ill-repute in Texas that operate openly.

The above are the three main victimless crimes committed daily over the state.

The moral and spiritual degradation of all participants

is becoming insurmountable. In many cases, officials of all levels are being bought through organized crime. This can be stopped or at least curtailed if law enforcement is given certain tools whereby they could build stronger cases to bring to juries in courts.

The law enforcement officials can enforce the law just so far as people will

#### Crane Hunt Goes Into Last Weekend

Saturday and Sunday, November 11 and 12, will be the last two days of the annual Sandhill Crane Hunt, sponsored by the Muleshoe Jaycees.

Close to 120 hunters participated during the first week end of the hunt.

The Jaycees have arranged for land that is adjacent to the Muleshoe Wildlife Refuge. The Jaycees will provide transportation to and from the hunting area. Shells and licenses will be available and the guides will leave the Dinner Bell Restaurant.

GRAIN HARVEST BEGINS . . . Loads of grain sorghum have begun coming in to local elevators this week after some hot, dry weather has dried up the fields enough to permit combines and trucks. Good yields are expected on the crop this year, irrigated and dryland crops. The peak of the harvest is not far off now.

#### McDonald Wins Weekly Grid Contest

The Back the Mules Football Contest is still all tied up with Ruth Malone and Steve Van Zandt out in front with 20 points each.

This week Donnie McDonald won the contest by guessing the winners for all of the games except the Arkansas-Texas A&M game. He will win \$5 and 10 points in the contest. McDonald was off 31 points on the TCU-Baylor tiebreaker that threw most of the entries.

In second place was Glen Watkins, missing only the tiebreaker. He was off 46 points on the tiebreaker. He will receive \$3 and six points for his accuracy.

Back Wood came in third, missing three games, Michigan State-Purdue, Texas Tech-Rice and Yale-Dartmouth. He was

off 30 points on the tiebreaker.

Others missing only three games were Julian Coleman, 39 points off the tiebreaking score; Mrs. E.E. Engelking, 37 points off; and C.O. LaRue, Jr., 40 points off of the tiebreaker.

The majority of the entries that missed less than four games. The tiebreaker was the game most often missed this week.

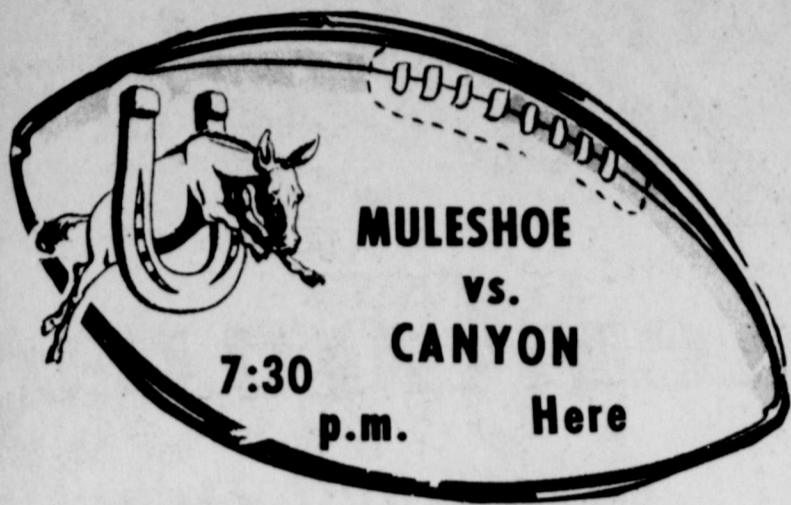

All three winners were first-time winners this week.

The two tied for the lead, Ruth Malone and Van Zandt, are just four points out in front of Earl Richards who has 16 points in the contest.

With several more weeks to go in the contest, anything is possible.

with 73 points for the season. Muleshoe still leads the district with 217 total points, giving up only 85, and having a 6-2 season record.

Perryton is next with 143 points, giving up 109 and also having a 6-2 record.

Friday night's contest will be a crucial one for the Mules. It will also be the last home game for the Mules as their last game will be at Perryton.

Muleshoe citizens are urged to come out and support the Mules in their last home game for the season.

The Junior Class will be sponsoring a Thanksgiving Supper at the Muleshoe High School Cafeteria prior to the game.

Much of the responsibility lies within the group of private citizens to exercise his right to vote and ability to serve impartially on juries.

The tools that law enforcement officers need are: an oral confession law whereby if a criminal confesses to a crime, that evidence may be used in court against him, (Texas is the only state that does not have an oral confession law), and the use of electronic surveillance devices, more especially that of wire tapping.

Wire tapping must be controlled by the courts and only be issued to law enforcement personnel when actual probable cause exists.

This interesting talk by Sinclair reminded the Rotarians that putting a stop to organized crime is up to the private citizens and voters.

The cost is only \$5 a day or \$7.50 for the week end. The hunter who kills the largest bird during the hunt will receive a twelve gauge Browning automatic shotgun.

The Jaycees are urging all interested sportsmen to come out and try their luck in getting the largest sandhill crane.

### SP Cotton Harvest

### Off To Slow Start

The first cotton sample of the 1972-73 season was classified September 14, 1972, by the USDA's Agricultural Marketing Service Cotton Classing Office in Lubbock, W. K. Palmer, Officer-in-Charge, reported that only 1,191 cotton samples from the current crop had been received through Friday, November 3rd.

This compares to a total of 1,757 samples at this time last year.

Most of this early cotton as been harvested in Dawson, Lynn and Gaines counties but first bales have been harvested over the entire area.

Palmer stated that the seasonal classing offices at Brownfield and Levelland are expected to begin receiving samples for classification on Monday, November 13th.

Most of the early harvested cotton has been long staple cotton which was machine picked and hail damaged and chemically defoliated cotton which was stripped.

Quality of this early cotton varied widely depending on the condition of the fields at the time of harvest.

Grades of these first bales have been predominantly Midd-

The second vice-president and campaign chairman position is still open and will be filled by the board of directors later this week.

Alex Williams made a motion that in the interest of time the board accept last year's budget for this year's budget and that the Budget and Admissions Chairman and executive committee contact each organization and notify them as to the amount of their budget and give the opportunity to protest. The organizations are also to be notified that each organization must furnish workers.

from Lubbock.

While Kershener's was the low bid for approximately 470 trees, the council turned the bid approval over to the park board as there was some confusion as to the installation of the trees by the bidders.

Mayor Irvin St. Clair reported on the trip he made to Austin on October 9 to meet with the Texas Municipal League, The Municipal League, the mayor reported, is attempting to keep control within local city governments.

The purpose of the meeting in Austin, the mayor explained, was in regard to state legislations that would effect the hiring of city personnel.

Lyndal Murray reported on the airport board inspection of the local airport which checked on weeds, radio usage, hanger repairs and repairs on asphalt runway.

While Murray stated there was still some improvement to be done on the above items, the fly-in service had apparently improved.

Leon Wilson met with the board and discussed the values of the airport property.

Also there was some discussion of a radio tower that is to be constructed in the airport area that could interfere with the flight pattern.

MRS. LEX ALLEN GUINN, the former Ruth Ann McMinn

# Amarillo Vows Unite Miss McMinn, Guinn

Miss Ruth Ann McMinn and Lex Allen Guinn were united in marriage at 7:30 p.m. Saturday, October 28, in the San Jacinto Baptist Church in Amarillo.

The bride is the daughter of Mrs. Jane McMinn of Shiprock, N.M., and the groom is the son of Mr. and Mrs. Allen Guinn of Muleshoe.

The vows were read by Rev. B. L. Davis of Amarillo before an altar adorned with a large basket of mums, yellow roses, chrysanthemums and greenery flanked by large candelabra holding yellow candles.

Musical selections were provided by Mrs. Peggy Meixner, organist, and Harvey Black of Amarillo, soloist, who sang "More".

The bride was given in marriage by her brother, Harvey McMinn of Colorado Springs. She wore a formal gown of white peau de soie fashioned with a portrait neckline, appliqued bodice and long sleeves that formed petal points over the hands. The formal length skirt and chapel train were accented with inset lace appliques outlined with seed pearls and crystal beads. To complete her ensemble, she carried a bouquet of yellow roses and brown chrysanthemums. The wedding dress was borrowed from her sister-in-law, Mrs. Jerry Smith of Lubbock. She carried a handkerchief that was over 50 years old and wore a blue garter made by the groom's grandmother. The bride wore a penny in her shoe

that was minted in the year of her birth.

Matron of honor was the bride's sister, Mrs. Carol Derford of Boulder, Colo. Mrs. Patsy Reed of Amarillo was the bridesmaid. The attendants were attired in floor length gold miramist gowns fashioned with square necklines, empire waists and long bell sleeves. The waistlines and sleeves were trimmed with gold beaded braid. They carried nosegays of yellow roses and brown chrysanthemums.

Miss Tammy McMinn of Colorado Springs, niece of the bride, was flower girl. She was dressed identical to the other attendants.

Royce Harris of Muleshoe served as best man. Groomsman was Eddie Tatum of Amarillo. Bill Reed and Mark Mitchell served as candlelighters and ushers. Shane Smith of Lubbock, nephew of the groom, was ring bearer.

A reception followed the ceremony in the fellowship hall of the church. Cheryl and Debbie Herford of Colorado Springs, nieces of the bride, presided at the guest book.

Mrs. Bill Bruns and Mrs. Don Martin served the guests from a table laid with a white linen cloth. An arrangement of yellow and brown chrysanthemums and gold tapers in crystal holders centered the table. The traditional wedding cake and punch were served from silver appointments.

For travel the bride chose a two piece double knit brown dress with beige accessories.

The couple will be at home at 1040 Dunway, Amarillo. They are attending Amarillo Jr. College where they are working toward degrees in nursing.

A special guest was the groom's grandmother, Mrs. Myrtle Guinn of Muleshoe. Out of town guests attending the ceremony included Mr. and Mrs. Robert McMinn of Houston, Mr. and Mrs. John Griffith of Los Angeles, Calif., Mr. and Mrs. John Newman of Hunter, Okla., and Mr. and Mrs. Grant Harris and Mrs. Dixon Morga of Enid, Okla.

DECEMBER WEDDING PLANNED . . . Mr. and Mrs. Bernard Phelps announce the engagement and approaching marriage of their daughter, Rebecca Jane, to Deryl Lynn Srygley, son of Mr. and Mrs. John D. Srygley of Levelland. The bride-elect formerly attended Gulf Park College for Women, Gulf Port, Miss. She and Srygley are presently both students at South Plains College in Levelland. Wedding vows will be exchanged December 29 in the First United Methodist Church.

## ESA Hears Program On Americanism

A program on Americanism was presented to the Epsilon Chi Epsilon Sigma Alpha Sorority Monday night by Muleshoe High School students, Donna Grimsley and Marcus Puente, who attended a Farm Bureau Seminar in Waco during the summer. Mrs. Benny Bruns introduced the young people. After the program, a straw vote was taken. The results were as follows: for president, Nixon, 19; Smitz of the American Party, 1; McGovern, 0; for governor, Grover, 12; and Briscoe, 7; and for senator, Tower, 16; Sanders, 3; and Hobby, 1.

Mrs. Clifford Black hosted the meeting in her home which was decorated with red, white and blue elephants, donkeys, flags and stars. The president, Mrs. Dick Chitwood, was co-hostess.

A pledge ceremony was conducted by Mrs. Paul Wilbanks for Winn Watson, Janet Ellis, Mrs. Carter Williams, Mrs. Edwin Cox and Mrs. Robert Gossett of Earth.

Plans were made to build a float for the Chamber of Commerce and Agriculture Christmas parade during the November 21 social which will be a salad supper.

Plans are also being made for the Sorority Santa social at which time the members will help Santa Claus visit several Muleshoe families. Mrs. Jerry Caswell, Philanthropic chairman, is in charge of the program.

## Market Report

COLLEGE STATION --- Bacon prices took a plunge from levels of a few weeks ago and signal a general decline on pork tags for the first weeks of November.

Mrs. Gwendolyn Ciyatt, consumer marketing specialist with the Texas Agricultural Extension Service, Texas A&M University, explained the shift.

"Retail pork prices keep going down gradually as supply increases seasonally.

"Best pork values are found on hams, picnics, bacon shoulder roasts and steaks, and pork liver."

In other sections of the market this week, the specialist reported the following:

Fryer chickens remain one of the most economical values in most meat departments.

Frozen turkeys come in a wide range of sizes in most markets, and turkey parts generally offer very good value.

Large size eggs are in greatest supply with Grade A large offering the greatest economy and quality for the money.

Fruit and vegetables in good supply at the most economical prices include apples, oranges, bananas, Tokay grapes, cranberries, potatoes and celery.

Also cabbage, sweet potatoes, carrots, dry yellow onions, tomatoes, mustard, collard and turnip greens.

# Tough Grid Schedule Set For This Week

November 11th used to be known as Armistice Day, but there'll be no peace-making on the gridiron this November 11th! The championship of the Southeast Conference could well ride on the outcome of the Alabama-L.S.U. game in Birmingham. Both undefeated, the Crimson Tide has been rated fourth all season . . . the Tiggers are seventh. So, for what we think will be for all the marbles: Alabama by 12 points.

ranked Ohio State runs into its stiffest test of the season as it clashes with Michigan State in East Lansing. The Bucks are undefeated . . . the Spartans have been beaten four times. In a close one that could go either way, Ohio State is favored by just three points. Un-ranked North Carolina State, one of the toughest in the Atlantic Coast Conference, will be a difficult hurdle for 13th-ranked Penn State. The Wolf-pack has lost two games, but they've won their last five in

a row. Their power quotient rates them as only nine-point underdogs to the Nittany Lions. The forecasting percentage has been blistered a bit since we last gave our complete figures. Through games of Saturday, October 28th, our average is .749 based on 1,143 right, 383 wrong, and 31 ties. There's a big one on the West Coast, sort of a pre-championship game, between U.C.L.A. and Washington. The Bruins are ranked #8 in the country . . . the Huskies have had troubles, and haven't lived up to pre-season expectations. U.C.L.A. will remain undefeated in the conference, whipping Washington by 14 points.

Among the independents, 12-ranked Notre Dame tangles with the Air Force. The Irish have been beaten only by Missouri . . . the Falcons, by Army and Navy. Notre Dame should win by 12, but an Air Force victory wouldn't be a big surprise. The Big 8 has had more than its share of outstanding games this fall, and two more are scheduled for Saturday. Nebraska plays Iowa State, and Oklahoma meets Missouri. The four powers are rated 2nd, 10th, 3rd, and 19th in that order. The expected winners are no surprises: the Cornhuskers by 24 and the Sooners by 35. Finally, back in the Southeast Conference, 15th-ranked Florida will have a busy afternoon against the Georgia

Bulldog. Florida is favored by just 5 points.

## The Sandhills Philosopher

Editor's note: The Sandhill Philosopher on his Johnson grass farm looks into some statistics this week.

Dear editor: Every once in a while you pick up a paper and read that the cost of living index for such and such a month has gone up 3 tenths on 1 per cent or some such figure and the experts then tell you whether this is an improvement or not and go into detail about what caused the rise.

But what I haven't been able to figure out is where they get the figures.

It's sort of like a public opinion poll. Nobody knows anybody who has ever been polled.

What I mean is are those cost-of-living experts talking to enough people? Say they report that it cost 3 tenths of 1 per cent more to live in October than it did in September. That may look scientific on paper but it sure leaves out the blown gasket on my car on October 4, the break-down on my television set on October 6, the new tire I had to buy on October 10, the extra company I had to feed on October 14, the hole that showed up in one of my shoes on October 20, the dented fender on October 25.

I don't care what the index shows, 3 tenths of 1 per cent won't cover me for the month of October, although to keep the national figure in line I'd be willing to settle for that.

If my cost of living jumped 50 per cent, then clearly somebody somewhere must have had a 50 per cent drop to offset me.

I will give a set of worn-out tires and a pair of run-down shoes to anybody who can locate that man, Yours faithfully, J.A.

**STATE CAPITAL**  
**Highlights**  
**AND Sidelights**  
 by Bill Boykin  
 TEXAS PRESS ASSOCIATION

The council, said Gov. Preston Smith, is not to interfere with individual decisions of local governments. Its purpose is to assist the local units with legal constraints and federal rules and regulations.  
 Council members directed the Department of Community Affairs to establish and man an Office of Revenue Sharing Assistance to local governments. The department, Texas Municipal League and Texas Association of Counties will assist the Treasury Department in completing lists of eligible governments and their officials.  
 The Department of Community Affairs was further ordered to plan a statewide workshop on revenue sharing for local officials.  
 Texas was termed 'best prepared' of any state to begin implementation of revenue sharing.  
 Members of the Revenue Sharing Council include the Governor, Lt. Gov. Ben Barnes, House Speaker Rayford Price, Seguin Mayor Al Koebig, Houston Mayor Louie Welch, Victoria Mayor Kemper Williams Jr., Nueces County Judge Bob Barnes, Ector County Commissioner Kellus Turner and Bexar County Commissioner Frank Vaughn Jr.

**COURTS SPEAK** -- Former State Sen. David Rattiff of Stamford was found guilty by a Travis County district court jury of theft of state paychecks made out to a onetime employee and drew a 10 - year probated sentence.

The Texas Supreme Court upheld a one - year suspension of license for a Dallas lawyer who allegedly embezzled \$2,722 of a client's money. The State Bar of Texas wanted the lawyer disbarred, but lower courts settled on the suspension instead.

The Third Court of Civil Appeals dashed hopes of Texas Fine Arts Association to inherit the Austin home of the late artist Wayman Adams.

Plans to pay off depositors of the closed W. L. Moody Co., Bankers, Uainc., Galveston, were delayed by federal district court after the state filed a motion to intervene.

The Court of Criminal Appeals scheduled a December 12 hearing on the appeal of former State Rep. Walter Knapp of Amarillo from a four - year prison sentence for theft by false pretext.

**AG OPINIONS** -- Results of blood test of drivers suspected of intoxication do not have to be disclosed to insurance companies and credit associations, Atty. Gen. Crawford Martin held.

In other recent opinions, Martin concluded:  
 \* A retired judge may be appointed a Court of Criminal Appeals Commissioner on his consent.  
 \* A bill appropriating funds for establishment of an occupational extension center of a public junior college is constitutional.  
 \* A state employee who resigns or is dismissed must be paid for all duly - accrued vacation time.

\* Texas Real Estate Commission may require licensees to use a specified contract form when acting as real estate brokers or salesmen.

\* The 15 cent special county road and bridge tax fund levy and the farm-to-market and lateral road tax fund may not be transferred into the general fund or used for any purpose than roads and bridges.

\* Bell County commissioners have no power to make the county maintenance fund a single fund collected and spent countywide without regard to precinct lines.

\* A member of the state Board of Physical Therapy Examiners may not hold the position of executive secretary of the board.

**APPOINTMENTS** -- Governor Smith named John J. Monfrey of San Antonio to the Texas Vending Commission, succeeding Raymond B. Williams of Dallas.

Smith also announced these appointments:  
 \* Charles Lowell Slaton of Quanah to the Veterans Affairs Commission.  
 \* Mrs. Conna Jean Nye of Rio Grande City to the Good Neighbor Commission.  
 \* Edgar H. Burton of Lufkin, Roy K. Furr of Lubbock, Herbert H. Joe of Houston, Thomas P. Metcalfe of Franklin and Truman D. Craddock of Hamilton to the Egg Marketing Ad-

visory Board.  
 \* Capt. Bill Joe Robbins and Capt. Van Albert Court Jr. of Corpus Christi to be branch pilots for Port Aransas Bar, Corpus Christi Bay and Tributaries.

\* W.W. Siddon Jr. of Hillsboro to the Tri-County Municipal Water District.

**THEFT, LITTERING CONTROLS PLANNED** -- The Department of Public Safety announced plans to combat commercialized motor vehicle thefts and to check littering on highways.

DPS has created a specialized task force to coordinate a statewide effort against auto theft. The 15-member group will investigate thefts of autos, boats, motorcycles, heavy equipment, mobile homes, travel trailers and boat power units. Members will be stationed at strategic locations over the state.

DPS patrolmen in all uniformed services, meanwhile, have been ordered to watch closely for motorists and others who throw litter on the highways or right-of-ways. Fines from \$25 to \$200 may be assessed for littering. DPS actually made 841 littering arrests in 1971 as compared with 225 in 1960.

About 50,000 motor vehicles were stolen in Texas last year, an increase of 17 per cent over 1970. Losses were estimated at \$5 million.

**MINERAL VALUE UP** -- Texas mineral production rose 6.3 per cent last year to a value of \$6.8 billion.

Texas was the country's lead producer of petroleum, natural gas, natural gas liquids, natural graphite, magnesium metal and recovered sulphur.

Large quantities of helium, Frasch sulphur, lime gypsum, clays, sand and gravel, salt, metallic sodium and uranium ore were also produced. Value of mineral fuels amounted to \$6.3 billion, more than 93 per cent of the total value of Texas minerals.

**PERMANENT RIGHTS COMMISSION URGED** -- The Governor's Committee on Human Relations urged establishment of a permanent commission to investigate alleged discrimination in employment, education, housing and other areas.

A report to Governor Smith and the Legislature noted Texas will be left without a formal agency to fight discrimination and improve human relations after next February 1 unless action is taken before that time.

**SHORT SHORTS** -- State Bar of Texas proposed to establish a clients' security fund to repay people bilked by dishonest lawyers.

Allowable for 40 oil fields in the Midland and Lubbock districts was restored to 100 per cent after an earlier cut to 60 per cent.

Ninety-three graduated from the DPS Law Enforcement Academy and received state patrolmen's commissions.

More than 828 Texas pecan producers approved an assessment to finance research, education, promotion and disease and insect control.

Texas Animal Health Commission placed portions of Kle-

berg and Nueces counties under quarantine against movement of cattle and horses, soil and hay due to a cattle fever tick outbreak.  
 Tax revenue from cigarettes increased from \$17.1 million in October, 1971, to \$19.1 million last month.  
 Texas Municipal League will hold its 60th annual conference

in Dallas November 12-14. The seventh annual governor's conference on tourist development will open in Houston November 15.

Balanced judgment is the difference between wisdom and foolishness.
