1973 Wheat Set-Aside Acres Eliminated

School Board Sets '73 Election Date

Set-Aside Acres For Feed Grain Programs Are Still Required

The Muleshoe Independent School District Board of Trustees met Monday night, January 15.

Included in the current financial report heard by the board were reviewing all categories of the operating budget; checking all bank balances of all funds; reviewing the revenue of the lunchroom fund and athletic fund; approving the payment of current bills; hearing the current tax collection report which showed that as of January 15, 81.40 per cent tax collection report which showed of all current taxes had been collected; approving the request for Muleshoe State Bank to

withdraw \$33,000 in pledged securities that had matured which leaves a balance of \$655,000 to secure school deposits.

The board then heard the current enrollment report. In senior high there are 525 students enrolled; in Junior High, 447; in Mary DeShazo Elementary, 460; Richland Hills Primary, 402; and special education, all schools, 42. These enrollments make a total enrollment of 1876, which is 19 less students enrolled than on the corresponding date one year ago.

The Library Circulation Report as of December 22, 1972 showed high school with 10,613; junior high with 7,805; Mary DeShazo Elementary, 8,104; and Richland Hills Primary with 3,068; for a total of 29,590 books.

The board studied and discussed the school calendar for the 1973-74 school year. The board tentatively approved a calendar, but postponed final action until two critical dates of other events that may be conflicts can be confirmed.

The board officially announced the annual school board election will be held Saturday, April 7, 1973. A schedule of dates will be issued February 1, 1973.

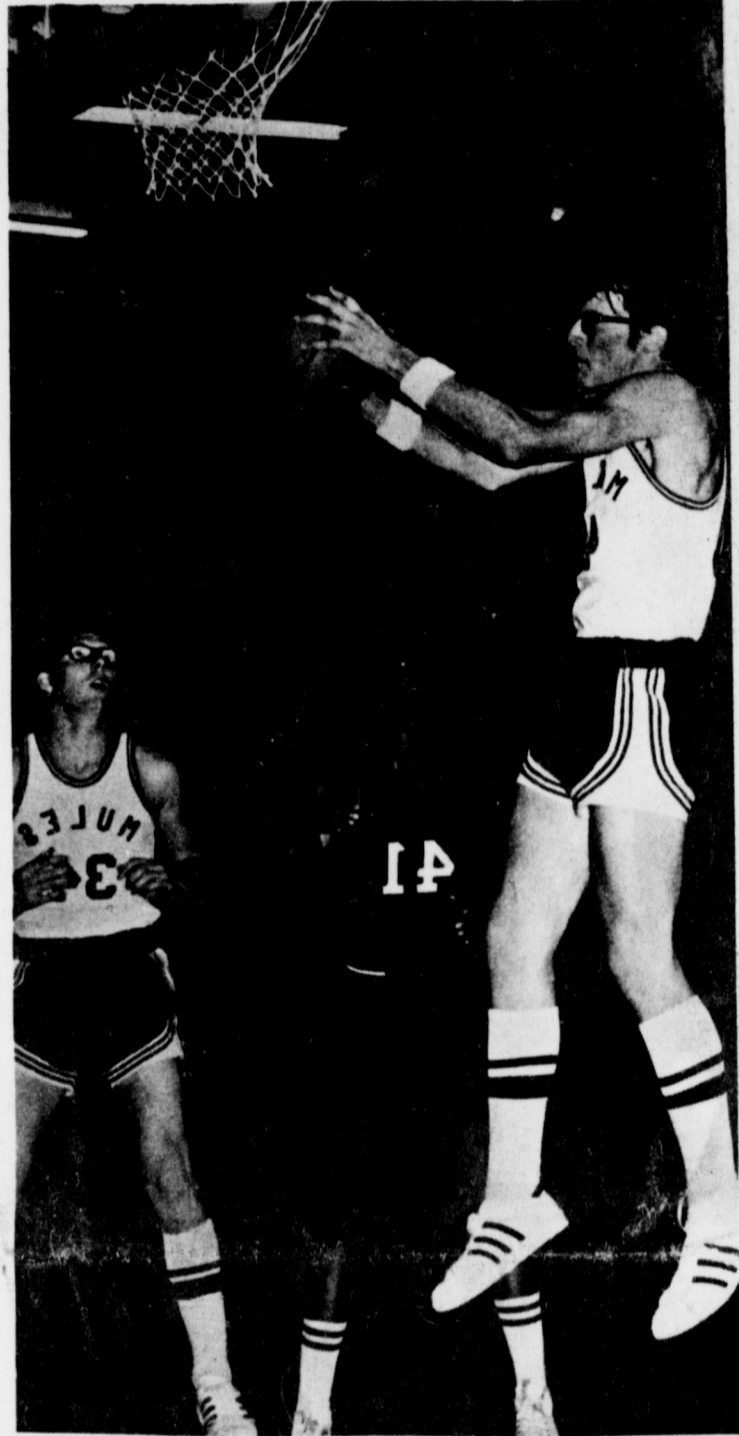

The following maintenance projects were also discussed: roof repair at Junior High school completed; irrigation well at Richland Hills has been pulled, but repair incomplete; gas mains being installed at Richland Hills incomplete; cleaning and repair of all heating units and replacement of filters in all schools is nearing completion; installation of speed breakers on Avenue C, between Junior and Senior High Schools has not started because of weather.

The board approved the employment of Michael Richardson for the position of Seventh Grade Math teacher at Junior High School. He succeeds Mrs. Carroll Johnson who has resigned and moved to Lubbock. Richardson is a graduate of Bula High School and holds a B.S. degree from Texas Tech University with a major in math.

Open bids were submitted for the following vehicles: used 1963 Plymouth four door sedan, motor number 31852065H, high bid of \$150 submitted by Homer Long was accepted. Used 1958 one and a half ton flatbed truck, motor number F50J81264, one bid of \$65 was not accepted.

The board heard and discussed the pro's and con's on the new Constitutional Amendment on Homestead Exemptions. No action was taken because of the lack of definite legal information.

The next regular meeting will be held on Monday, February 12, at 7:30 p.m.

BASKETBALL ACTION.... The Levelland Lobos defeated the Muleshoe Mules in basketball action here Tuesday night by a score of 56-34. Levelland is number one in district with a 2-0 record and a 20-0 season record. Muleshoe is ranked third with a 0-2 district record and a 7-9 season record. High pointers in the game Tuesday night were Perry Stockard with 11 points; George Mitchell with nine points; Fred Locker with nine points; and Kerry Wagon with five points. On Friday night the Mules will see more district action when they play Canyon here. Friday night will be Homecoming in Muleshoe and a Basketball King and Queen will be crowned at halftime.

JUMP BALL.... The Muleshoe Varsity girl's basketball team is shown in action Tuesday night against the Wayland Baptist College Queen Bees. The Muleshoe girls defeated the Queen Bees, 55-41. High pointer for the Mulettes was Jeanie Putman with 28 points, followed by Rejana Hardaway with 14 points; Tani Murrah with 11 points; and Glenda Harlin with two points. According to Coach Bob Graves the team's shooting percentage from the field is 38 percent and the percentage on free throws is 71 percent. On Friday, the girls will play Canyon here in the first district game.

around muleshoe with the journal staff

Muleshoe Motor Company announces that if the weather stays clear so the paving can be completed, that they will be moving into their new business this weekend and will be open for business there on Monday.

Barbara (Babs) Haire, sophomore speech pathology major, has been named to the Dean's Honor List of the College of Arts and Sciences at Texas Tech University. Babs, the daughter of Mr. and Mrs. Lloyd F. Haire and a member of Texas Tech University's Honors Program, had a 3.80 grade point average for the fall semester.

Harmon Elliott is back at work at the First National Bank after recuperating from eye surgery performed in October.

The Muleshoe Junior High school A and B girls' basketball teams played in Friona Monday night with both teams winning their games. The B team defeated Friona's B team 5-22 and the A team defeated Friona 29-15.

Red Johnson, Dick Johnson and Les Smith of Johnson's Furniture Company in Muleshoe have returned from attending the furniture market in Dallas.

The annual Bosses Night Banquet sponsored by the Muleshoe Jaycees will be held in Muleshoe Friday night, January 26. During the banquet, the Outstanding Merchant and the Boss of the Year will be named along with the Outstanding Young Farmer.

Two men from Muleshoe have Cont. on Page 3, col. 1

Last Week's Weather Halts Cotton Harvest

Extremely unfavorable weather completely halted all cotton harvest activities on the South Plains and cotton sample receipts declined to a few hundred daily at the four U.S.D.A. cotton classing offices, according to W. K. Palmer, in charge of the U.S.D.A. Classing Office in Lubbock.

All cotton received at the area classing offices was from bales of cotton harvested before the snow.

Samples from only 36,300 bales were tested and classed at the South Plains U.S.D.A. cotton classing offices at Lubbock, Brownfield, Lamesa and Levelland during the week ending Friday, January 12th. This brought the total classed for the season to 288,000 bales.

J. P. Report

Cases tried in Justice of the Peace Court this year include one for assault; two for speeding; two for overgross weight; one for an expired inspection sticker; three for minor possession; one for drunk pedestrian; and one for not having any tail lights.

Scabies Dipping Quarantine Suspended Here In Panhandle

County Agent Spencer Tanksley reports that the required movement dipping for the 34 county Panhandle Scabies Quarantine Areas has been suspended effective Wednesday, January 31. However, the 34 counties remain under the State-Federal Quarantine for scabies.

The revised Quarantine Order will require inspection prior to movement with one exception; animals may be moved directly to a livestock market for inspection on arrival.

'With cold weather at hand it is imperative that we know where scabworm cases are occurring in Texas, so what we do not pull sterile fly drops out of that critical area.' This urgent message comes from

Fred Mardis Speaks On Quarter System

The Muleshoe Rotary Club met at noon Tuesday in the XIT Steak House. Student guest was Perry Hall.

L. B. Hall was in charge of the program, principal of Muleshoe High School who gave a talk on the new quarter system which could be initiated into the Muleshoe school system.

Mardis explained that the semester system would be discarded and that Muleshoe schools would use the three quarter system which would be a Muleshoe would not utilize the fourth quarter.

At this time only one school in Lubbock is using the quarter system.

Dr. James Novy of the Mission Screwworm Center.

Novy, veterinarian in charge of screwworm field operations, said that although reported case numbers have decreased sharply, outbreaks are continuing in many areas where they shouldn't be found this time of the year.

'Heavier sterile fly drops and colder weather are combining to check outbreaks,' Novy said. Nevertheless, periods of warm temperatures during the winter months can bring the flies and pupae out of hiding, and create more problems Novy emphasized.

Mission screwworm officials are particularly concerned South Texas, traditionally known as the "overwintering area"---or far enough south

If the school system was three quarters, 180 days in length, the fourth quarter would require tuition as the state only pays for 180 days.

Mardis further explained that the quarter system originated in Atlanta Georgia and accorded some relief to overcrowded school as only three-fourths of their students would be in school at one time.

Mardis pointed out that some subjects would be offered for two quarters and at this time they were working out what the third quarter would be and stated that special certified teachers would be needed.

Farmer's Tax Guide Now Available

The new "Farmer's Tax Guide" is now available at the county Extension offices, announces County Extension Agent Spencer Tanksley. The publication gives information on filing farm and ranch income tax returns.

Written in easily understood language, the guide gives a number of examples of completed forms.

Tanksley points out that the guide contains a new section on investment credit which explains what property qualifies the amount of credit available, limitations, and how to complete credit on used property and recapture information.

The guide also has a chapter on credit for gasoline and fuels used on a farm for farming purposes. Another chapter deals with self-employment taxes for Social Security. It explains what income is and is not taxable for Social Security.

The tax guide is indexed so producers can easily find information on specific subjects such as selling a farm, sale of Cont. on Page 3, col. 3

Jaycees Seeking Local Girls For Youth B-Ball

The Muleshoe Jaycees are in the midst of organizing a girl's Youth Basketball team in Muleshoe.

The team will be for fifth and sixth grade girls.

Registration forms for interested girls will soon be available at the school.

If enough girls show interest in this project, the team will be formed.

Pantech Bulls Show Gains

Despite adverse weather condition for December, the bulls on test here at the Center show solid gains and good growth patterns.

The bulls on test have an average daily gain rate of 3.22 pounds per day. The rate of gain by breeds, Simmental at 4.61, Charolais at 3.60, Santa Gertrudis at 3.30, Hereford at 3.09, Angus at 2.99, Red Polled 2.61 pounds per day.

Frank Hinkson bulls have an average of 3.05 pounds per day gain, with the top bull having a 3.62 pound per day gain which is the best for the Angus breed.

Final weights will be taken on February 26-27 with sale date on March 15. All bulls will be offered for sale. Bert Reyes of San Antonio, Texas, will be auctioneer.

Bentsen Speaks Out On Fuel Shortages

Washington, D.C. Senator Lloyd Bentsen today said the fuel shortage in Texas cities during the current cold snap is the best possible evidence of the urgent need for Congressional action to allow a return to competitive natural gas pricing.

'There is no doubt in my mind that enforcement of these bureaucratic regulations down through the years is largely responsible for the natural gas shortage facing our nation,' the Senator said. 'And it is high time that we in the Congress put a stop to them.'

'Texas is the largest gas producing state in our nation,' Bentsen said. 'And the fact that it cannot supply enough fuel to heat its own cities is dramatic evidence of the problem it will have in continuing to satisfy the needs of the Midwest and Northeast.'

'The current shortage results from an artificial Federal price ceiling on interstate sales that has depressed all exploration for natural gas re-

set-aside percentage, USDA reported, and program payments will not be affected in any way by the reduction in set-aside acreage.

The decision to permit grazing on set-aside acreage was made in order to prevent or alleviate a shortage in the supply of livestock feed, the department explained. The grazing privilege will assist livestock producers in meeting increasing consumer demand for meat products by making additional forage available to supplement feed supplies for the production of livestock, the department added. Previously, grazing of set-aside acreage was not permitted during any of the five principal months of the normal growing season.

The department stated that there will be a reduction in payment of the privilege of grazing the set-aside acres. The county set-aside payment rate reduction for those producers electing to graze set-aside acreage will be available at all applicable county agricultural Stabilization and Conservation service offices.

Payment reduction rates are not yet available at the local ASC office.

Jaycees Name Speaker For Bosses Banquet

The Muleshoe Jaycees met Monday at noon in the XIT Steak House. Monty Project, Cary Toombs reported on the Bosses Night Banquet which will be held January 26 with Dr. Bertie Fallom, assistant Dean of Education at Texas Tech, as the featured speaker.

Nominations were given for the Bosses Night Banquet on Boss of the Year and Merchant of the Year.

Jerry Haley reported on the Snooker Tournament that will be held on Thursday, January 18.

It was announced that the annual Blood Drive is set up for February and that the District Convention will be held in Amarillo on February 2, 3, and 4.

Police Report

Those arrested this year at the Bailey County Law Enforcement Center included the Texas Highway Patrol arresting three for DWI; one for mental; one for drunk; and one for speeding without drivers licenses.

The Police Department arrested one for drunk; two for assaulting a female; and three for minor possession and theft. The Sheriff's office arrested one for shoplifting.

Bentsen Speaks Out On Fuel Shortages

Washington, D.C. Senator Lloyd Bentsen today said the fuel shortage in Texas cities during the current cold snap is the best possible evidence of the urgent need for Congressional action to allow a return to competitive natural gas pricing.

'There is no doubt in my mind that enforcement of these bureaucratic regulations down through the years is largely responsible for the natural gas shortage facing our nation,' the Senator said. 'And it is high time that we in the Congress put a stop to them.'

'Texas is the largest gas producing state in our nation,' Bentsen said. 'And the fact that it cannot supply enough fuel to heat its own cities is dramatic evidence of the problem it will have in continuing to satisfy the needs of the Midwest and Northeast.'

Floyd Bentsen

United States Senator

The 93rd Congress convened earlier this month in a mood of determination to reassert the authority of the Congress as a co-equal branch of government. Manifestations of this mood were evident in all directions, as legislators issued statements outlining their suggestions of ways in which this goal might be obtained. And which way we might restore once again representative government.

There has been one proposal, for example, that the Congress never again adjourn indefinitely as it did last October, when the 92nd Congress came to an end. When it adjourns indefinitely, the Congress cannot be reassembled on an urgent basis except by call of the President. And the suggestion has been

Muleshoe...

Cont. from Page 1

been sent to the State Penitentiary recently. Charles Howard was sent up for four years for breaking his probation and W. T. Henderson was sent to Huntsville for four years on three counts of Forgery and related offenses. This fall, John Mock was sent to the State Department of Correction from Muleshoe for breaking parole.

Last week, the Perryton boys basketball team defeated the Muleshoe boys basketball team by a score of 49-37. Muleshoe played in Perryton.

The Muleshoe High School Speech Department will travel to Midland for a two day Speech Tournament this weekend. The students will compete against over 25 AAA and AAAA South Texas schools.

Pl-- livestock show

Bailey County Extension Agent Spencer Tanksley reports that entry cards and entry fees for the annual Bailey County Junior Livestock Show must be turned into the County Agent's office or school agriculture teachers by February 1.

Entry fees for cattle will be \$2 per head and for sheep and hogs, \$1 per head.

Entry cards are now available at the County Agent's office and the Ag offices at the schools.

made that the Legislative Branch provide at all times for recall of the Congress by the Congress itself.

Congress must take steps to reassert itself in many key areas of government policy, especially in the area of fiscal responsibility.

I believe that the recent election presented those of us in the Congress with a mandate to exercise our separate and distinct constitutional role in the operation of our Federal government.

The people did not choose to be governed by one branch of government alone.

They did not ask for government by a single party.

Rather, they called for a reinforcement of the checks and balances in the Constitution, **NEED INDEPENDENCE, NOT OBSTRUCTIONISM**

Now, I do not believe that an independent Legislative Branch is the same thing as an obstructionist Legislative Branch and it must not be. I do not believe

Scabies...

Cont. from Page 1

but a warm front can result in a lot of fly activity.

"And cold temperatures do not discourage worms already entrenched in wounds," Novy emphasized.

He pointed out that the majority of the new cases being confirmed are from navel wounds in new-born calves.

"With the calving season at hand, livestock owners should continue to observe and treat navels of new calves, because the worms can get started during a warm period and continue to work during a cold front."

Mission sterile fly production continues at approximately 200 million per week, the level the plant operated at through the fall season. Fly drops are underway in Mexico and will be made deeper into Mexico as the need for flies lessens in the southwestern states. Mission officials are attempting to push the fertile screwworm flies as far south as possible in Mexico in order to avoid a repetition of this year's epidemic.

those of us in the Congress should be constantly and continually at odds with the President, his Administration. We ought to call them as we see them. Vote with the President when he is right and vote against him when he is wrong. I think that is our responsibility in the Legislative body.

The Congress should continue to give careful attention to the President's words, his programs and his appointments.

But the Congress, not the President, has the responsibility for the raising and spending of money under our Constitution. From time to time you see the Congress charging the President with excessive expenditures, with being the cause of inflation, and in turn you see the President charging the Congress with the same thing. But there is enough blame to go around for both sides.

The power of the purse rests with the Congress and the usurpation or transfer of this fundamental power to the Executive Branch will take our nation a

good part of the last mile down the road to government by Executive decree.

As we in the Congress work to reassert our power of the purse we must face the fact that, as an institution, we are simply not equipped to carry out this complex responsibility unless some changes are made, some reforms.

There is, for example, no coordination of spending within the Senate or the House. Nor is there any coordination between the two Houses.

And, before the Congress can hope for success in efforts to control the pursestrings of the Federal government, we must make reforms that will enable us to carry out the responsibility this entails, with which we are charged.

REFORM LEGISLATION

For the past several months I have been working on legislation to provide these reforms,

Cotton...

Cont. from Page 1

mium micronaire cotton. Prices ranged from \$2.50 per bale over the loan for low grade, low micronaire cotton up to \$50.00 per bale over the loan for high grade premium micronaire cotton.

Average prices paid for the most predominant qualities in the 3.5 to 4.9 premium micronaire range were: Strict Low Middling (41) staple 32-26.55 cents per pound, Strict Low Middling (41) staple 33-28.65, Low Middling (51) staple 32-25.30.

Low Middling (51) staple 33-26.35, Strict Low Middling Light Spotted (42) staple 32-25.65 and Strict Low Middling Light Spotted (42) staple 33-26.30.

Cottonseed prices were steady and farmers received \$45 to \$58 per ton for their cottonseed at gins.

to provide the coordination that is necessary to allow the Congress to take responsible charge of Federal expenditures. I want to insure that your tax money is not wasted so that you get your dollar's worth for tax dollars spent.

Final touches are now being added to this legislation, and I am hopeful it can be introduced in the near future.

I am in agreement with the general mood of the 93rd Congress. The authority of the Legislative Branch of government has been eroded by the Executive Branch over the past several years. Part of that is the fault of the Congress itself in not stepping up to its responsibilities. And this is not healthy. We in the Congress must take action to reverse that trend. The first step, as I see it, is

to reform ourselves so that we can accept the responsibilities that go with the authority.

THE FAMILY LAWYER

Panic at the Wheel

Russell's first reaction, when his car knocked down a pedestrian, was panic. He drove to a nearby gas station and cried:

"There's an injured man back there in the street."

Then he sped home to hide. It wasn't long, however, before the police tracked him down and placed him under arrest on a charge of hit-and-run driving.

that panic "can happen to anyone." Also, he reminded the court that he had at least made some effort to get help to the victim.

Nevertheless, he was found guilty of the charge. In spite of extenuating circumstances, said the court, he had committed precisely the act forbidden by statute.

This case illustrates the law's stern attitude toward the hit-and-run driver. Although panic is understandable, it is not forgivable. If you are involved in an accident, you must stop, identify yourself, and—in most states—give reasonable aid to anyone who is injured.

Does it matter if you were not to blame for the accident in the first place? Not at all. It is what happens afterward that counts. Nor is it an excuse that you "thought it was nothing serious."

Once you have hit someone, it is your duty to get the facts before

going on.

On the other hand, you are not guilty if you were truly unaware of the accident. In one case, a nighttime hit-and-run accident was traced to the owner of a station wagon. Telltale blood stains and threads from the victim's clothing were found on his right front tire.

Yet, the man swore in court that he had known nothing about it until the police came to his house. His driving after the accident had been perfectly normal, with no sign of a guilty conscience. Nor had he made any effort to remove the incriminating evidence from his tire.

A court decided that he was indeed telling the truth. Finding him not guilty, the court said: "Knowledge is an essential element of the crime."

Lumber industry defended on price controls.

Paul Bell Installed As DeMolay Master Councilor

Paul Bell, son of Mr. and Mrs. L. M. Bell, was installed as Master Councilor of the Muleshoe Chapter, Order of DeMolay, Lodge No. 1237. The installation service was held at 8 p.m. on Saturday, January 6. For the first time past Master Councilors of Muleshoe were the installing officers. Instal-

ling Master Councilor was Perry Hall. Other installing officers were Chuck Smith, Senior Councilor; David Seymore, Junior Councilor; Bill Chapman, Marshal; David McVicker, Chaplain; and Howard Kelly, Senior Deacon. The welcome was given by Melvin Seymore. Wylie Bul-

lock was guest speaker. DeMolay dads are Melvin Seymore, Wylie Bullock and Alton Epting.

Prelude music was presented by Trisha Grogan. Prisca Young registered the guests.

Other officers installed were Ronnie Bullock, Senior Councilor; Mike Hunt, Junior Councilor; Robert Stovall, Marshal; Gary King, Standard Bearer; Bobby Henry, Orator; David Smith, Chaplain; David Seymore, Scribe; Max Buhrman, Almoner; Kipp Garth, Treasurer; Tracy Buhrman, First Preceptor; Mike Van Zant, Second Preceptor; Terry Mick, Third Preceptor; Steve Van Zant, Fourth Preceptor; Mike Pool, Fifth Preceptor; Ricky Claybrook, Sixth Preceptor; James Cook, Seventh Preceptor; John Dean, Senior Deacon; Terry Phipps, Junior Deacon; Gary Merriott, Senior Steward; Mark Gregory, Junior Steward and Eddie Ellington, Sentinel.

The benediction was given by Rev. Kenneth Cole.

At the reception following the installation service, refreshments were served by Cindy Harvey and Pam Vinson. Hostesses were Mrs. L. M. Bell, Mrs. Alton Epting, Mrs. Wylie Bullock and Mrs. Lonnie Merriott.

Nothing Cheap

Piano Salesman: "A piano, sir? I suppose you will be wanting a grand piano?" Mr. Newrich: "Grand young man, I want a magnificent one!"

DEMOLAY COUNCILORS INSTALLED Installed as officers of DeMolay at installation services Saturday night were from left, Ronnie Bullock, Senior Councilor; Paul Bell, Master Councilor; and Mike Hunt, Junior Councilor. Other officers installed were Robert Stovall, Marshal; Gary King, Standard Bearer; Bobby Henry, Orator; David Smith, Chaplain; David Seymore, Scribe; Max Buhrman, Almoner; Kipp Garth, Treasurer; Tracy Buhrman, Mike Van Zant, Terry Mick, Steve Van Zant, Mike Pool, Ricky Claybrook and James Cook, Preceptors; John Dean and Terry Phipps, Deacons; Gary Merriott and Mark Gregory, Stewards; and Eddie Ellington, Sentinel.

A History Of Bailey County Pioneer Families

Mr. and Mrs. Bill Collins

Bill Collins came to the Muleshoe area with his parents in 1925. The M.F. Collins family moved to the Lazbuddie community from Oklahoma to farm. They traveled by car. Bill was born in Asher, Okla.

On Halloween night in 1931, he married the former Margaret Ellen Roach, who was born in Knoxville, Tenn. Her parents, M. and Mrs. C.J. Roach, also moved to Muleshoe in 1925 to operate the Hot Shot Cafe.

"The cafe joined twelve other businesses being operated on Main Street, one of them being Lud Taylor's Barber Shop," Mrs. Collins recalls.

"When we moved to the area in 1925, the country was new. Most of it was not broken out and roads were scarce. There were a few irrigation wells. The sidewalks in Muleshoe were board and the dirt streets were sandy. Water pumps were located behind the Gupton and Janes Hotels and the McCarty Drug," related Mrs. Collins.

The Collins first went into the cafe business in 1933 and hot dogs were sold for five cents each or six for a quarter. The Collins opened Bill's Cafe at the north end of Main Street in April, 1933 with a seating capacity of six counter stools. In November, the cafe burned, so they moved to the building next door and continued in the cafe business.

The Collins reminisce that Harve Douglas was sheriff way back then and Carl Moeller was the first mayor they could recall.

The Collins marveled at the changing times they have witnessed since they first began serving Muleshoe people. "Hamburgers sold for ten cents then and with hot dogs six for a quarter, some of the school kids had a big dinner for a quarter," Collins said. "As I remember now, I first started making chili when people began to ask for it. I just put in a little of this and a bit of that, then was afraid to serve it. It has been a big hit ever since."

They recall that in 1933 they gave curb service at the cafe. In 1940 they purchased the building on south Main where Muleshoe Jewelry is now located. It was renamed the Muleshoe Cafe. After selling this business, the Collins rested and vacationed for two years before opening Bill's Drive In, located on West American Blvd. They recall that they are now serving the third and fourth generations of some of the families they first served as school children when their business was young.

The Collins are members of the First United Methodist Church and have been active in community affairs. Collins is a member of the Masons, Shriners and Scottish Rites. He served two terms as a member of the school board, Mrs. Collins is an Eastern Star member and was active in the Parent-Teachers Association when her daughters were in school. She also served as a room mother and was active in Girl Scout work.

The Collins are the parents of three daughters, Mrs. Darsel (Billie Margaret) Rogers of Hartner, Kansas; Mrs. A.E. (Bettie) Richardson of Austin; and Mrs. Donald (Bobbie) Harrison of Muleshoe. They have seven grandchildren.

Enoch's News

By Mrs. J.D. Buylless

Lee Olan Chick of Berger was a guest in the home of Mr. and Mrs. J.W. Layton Thursday till Saturday.

Mrs. Clara Childres of Du-mas was a guest in the home of her daughter, the H.B. Kings. Mrs. King took her home last Sunday.

Mrs. E.N. McCall spent Thursday night in Lubbock with her daughter, Mr. and Mrs. Rusty Rowden. Her grandchildren, Brent and Marthan George and Chris Rowden returned home with her to spend the weekend. They also attended church with their grandparents Sunday morning at the Baptist Church.

Jerry Nichols cut a finger real bad recently and his parents took him to Lubbock to see a doctor there.

Rev. C.R. Smelser's father who was 101 years old died last week at San Saba. He had 18 great grandchildren and 19 great great grandchildren. Bro. Smelser was a former pastor of Enoch's Methodist Church.

Mrs. John Gunter hopes to go back to school this week where she is teaching music in the Bula school. Due to her husband's illness, she hasn't been able to teach since the second week in Nov.

Mr. and Mrs. Tom Newton of Lubbock spent the weekend with his parents and her mother Mr. and Mrs. Bob Newton and Mrs. Myrna Turney.

Mr. and Mrs. Doyle Butler and baby of Morton visited her parents, Mr. and Mrs. E.C. Gilliam, Saturday afternoon. Other guests Sunday were Mr. and Mrs. Jerry Gilliam and children, Debbie and Sandra of Anton.

Mrs. Sara Ann Jones and son of Whittarral visited her mother, Mrs. R.E. Jones Sunday.

NORTH DAKOTA
SEED POTATO CERTIFICATION
TOOK A STEP FORWARD IN

SPECIALIZED GROWING

This program required growers to plant only seed potatoes eligible and entered for certification on their farms or farming operations. The seed produced under this regulation in conjunction with other requirements has put North Dakota certified seed potatoes out front. They are sought after by growers in all potato growing areas in the United States.

NORTH DAKOTA
Original
SEED POTATOES

WHAT DOES THIS MEAN TO SEED POTATO GROWERS?

... it means that you will be buying seed that has been protected from potato plant diseases and is the best you can buy anywhere.

Educational Film Program To Be Presented On Area TV

"The Magic World of Electricity," a new educational film program produced for 4-H Club member, will be presented soon on television in this area, according to County Agents, Spencer Tahshley, and Robin Taylor of Bailey County. The films will be shown over KCBT-TV Channel 11 of Lubbock with the first of six films starting on Saturday, February 10.

The program is composed of six films designed to help 4-H'ers become better aware of the opportunities offered for learning through 4-H and to learn about electricity and its ways of helping man, explain the agents. The film series is provided jointly by the Texas Agricultural Extension Service and the investor-owned electric utility companies of Texas.

Electrifying Beauty

Astronaut Neil Armstrong, in the first film "Exploring the World of Electricity," introduces the series. "Sam, Betty, and Mr. E," two 4-H members and their adult leader, explore the three basic uses of electricity, from an electromagnet is made, and how broadcasts are made from a television station.

A description of how electricity is made and delivered to the home is shown in the second film, "The Men Behind the Switch." "Sam," a friend, "Maurio," and "Mr. E," visit a power plant and study how electricity is generated, transmitted and distributed.

In the third film, "Motors or Muscles," the 4-H'ers and their adult leader learn how motors are made and look at some of the ways their lives are dependent on motors. Special uses of motors at the Astrodome are explored and the 4-H members have an interview with Houston Astros' player, Dennis Menke.

A booklet titled "Mr. E's Electric Tricks" is available for each participant in the film series. Four-H members may obtain the booklet by mail from the state 4-H office at Texas A&M University, College Station, 77843.

Members who want to form 4-H project groups or clubs and explore electricity in more detail may obtain additional materials on electricity from the county Extension office, add the agents.

BIBLE VERSE

"Let your speech be always with grace, seasoned with salt."

1. What is the above verse warning against?
2. Who was the author of the above warning?
3. To whom was he writing?
4. Where may it be found?

Answers To Bible Verse

1. A warning against unclean speech, swearing or profanity.
2. Paul the Apostle.
3. The Christians at Colosse.
4. Colossians 4:6.

BIRTHDAY PARTY..... Honored at the Nursing Home Birthday Party Tuesday afternoon were, from left, Ernest Denny, 86; Mrs. Effie Davis, 81; and Mrs. Bertha Cross, 87. Hosting the party were Mrs. Bill Moore, Mrs. Major Woods, Mrs. R.O. Gregory and Mrs. Mervin Wilterding.

Andy Devine To Appear At Hayloft

The well-loved movie, T.V., and stage star, Andy Devine, arrived in Lubbock recently to begin rehearsals for the Hayloft Dinner Theater production of the play, "Never Too Late". Preview nights will be Tuesday, Wednesday, and Thursday, January 23, 24, 25.

A hefty young student with a gravelly voice was stopped on a corner in Hollywood by a

Universal Studios casting director and offered a bit part in a movie called "The Collegians". The young man made almost 400 motion pictures and went on to become a legend in the entertainment world. The young man's name was Andy Devine.

Andy's earliest film credits read like a gallery of film classics: "The Spirit of Notre Dame" which gave him his first real recognition; John Ford's original "Stage Coach"; the original "A Star is Born" which Andy recalls as the one that "got me off the horse and into the parlor".

Other memorable roles were in: "The Farmer Takes a Wife"; "Romeo and Juliet"; "Dr. Rhythm" with Bing Crosby; "Men With Wings"; "Geronimo"; "Little Old New York"; "Buck Benny Rides Again"; and "Canyon Passage".

After leaving Universal, Andy added to his list of credits such well known pictures as "Red Badge of Courage"; "The Man Who Shot Liberty Bells"; "Two Rode Together"; "It's a Man Mad Mad Mad World"; "How the West Was Won"; and "Ballad of Joise" with Doris Day.

He was featured in "Smoke" for Walt Disney's "Wonderful World of Color" television show, and in the three appearances of the "Over The Hill Gang."

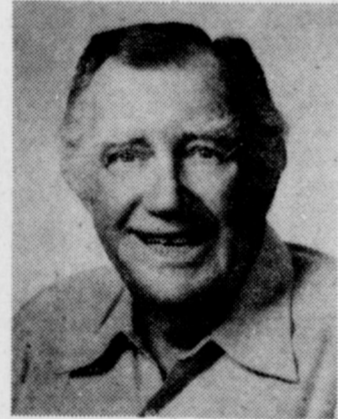

During the golden years of radio, Andy's gravelly voice

was heard on such shows as "The Fitch Band Wagon," "Lum and Abner", and "Melody Roundup". For five years, Andy appeared on the "Jack Benny's Radio Show". When radio audiences turned to television, Jack Benny's foil became Wild Bill Hickok's sidekick. From 1950 to 1957, Andy starred as the lovable "Jingles" in the "Wild Bill Hickok" television show -- which even today enjoys an amazingly enduring popularity throughout the world. Andy also starred in his own TV series -- "Andy's Gang", and guest starred as "Hap" in five episodes of television's "Flipper".

When he made his stage debut as Captain Andy in Guy Lombardo's production of "Show Boat", Andy Devine was undoubtedly the most experienced beginner in the business. With 31 years in motion pictures, radio, and television behind him, Andy was suddenly launched on yet another successful career -- that of a stage actor.

A fishing and hunting enthusiast for years, Andy is an avid collector of first editions of books on the subject. His involvement with hunting dogs lead to his being selected as "Captain of the Guns" for the National Retriever Trails. He also enjoys golf and is a ham radio operator.

Andy will be in Lubbock until February 17, through the run of "Never Too Late". Reservations for the Monday thru Saturday performance can be made by calling 866-4213 or writing the Hayloft ticket office.

ANDY DEVINE

Three Way News

By Mrs. H.W. Garvin

Mr. and Mrs. Nelson Carlisle and girls spent last weekend in Littlefield visiting her parents.

H. W. Garvin was a medical patient in Cochran Memorial Hospital in Morton the past week.

Mr. and Mrs. David McDaniel of Lubbock attended church at the Baptist Church Sunday and were guests in the home of her parents, Mr. and Mrs. Harold Layton.

Mrs. Sara Ann Jones and son of Whitharral visited her mother, Mrs. R. E. Jones Sunday.

Mrs. Gib Dupler is a medical patient in Cochran Memorial Hospital at Morton.

The community was out of electricity part of the time while the ice was so bad on the lines. There is quite a lot of cotton and feed in the fields in the community yet to be gathered.

Market Report

COLLEGE STATION-Oranges head the market list this month as citrus season opens.

With 195.4 million boxes total production forecast, producers will come close to the record-large crop of 1970-71, according to M.S. Gwendolyn Ciyatt, consumer marketing specialist with the Texas Agricultural Extension Service, Texas A&M University.

Ample supplies of fresh oranges are available at prices about the same as last year. "Look for fruit firm and heavy for its size with a fine-textured skin."

"Grapefruit supplies are on the increase, and quality is good."

Guide For Buying Electric Appliances

(Editor's Note: This is the final article in a three-part series on small electrical appliances.)

HONORED Pictured from left are Mrs. Mamie Miller, 79; Mrs. Maggio Emmanuel, 79; and Mrs. Martha Chaney, 89; who were honored at the birthday party at the Nursing Home on January 16. Providing musical entertainment were Mary Young, Mrs. Sladder and Mrs. Redwine.

Other fruit choices available include apples, bananas, cranberries, tangerines, avocados and pineapple.

Economical buys at vegetable counters are cabbage and celery, both featuring attractive prices and good quality.

"Hardshell squash, including Hubbard, acorn and butternut varieties, are economical vegetable choices now, they can be served in many ways."

Potatoes, dry yellow onions, sweet potatoes, bulk turnips, carrots and rutabagas also top vegetable lists.

"Pork prices are higher than at this time a year ago with best values, however, on boneless ham, picnic, shoulder roasts and steaks, end-cut loin roasts and chops, and pork liver."

"In general, best beef values appear on chuck roasts and steaks, round steaks, ground

beef, calf and beef liver." Fryer chickens are a bargain, although prices are edging up a bit, Mrs. Ciyatt concluded.

No Creditors
"I like to take a jaunt in the country," remarked a city man who is up to his neck in debt. "I love to stroll along past quiet country meadows. You know you just can't owe money to a cow."

STATE Capital NEWS

By BILL BOYKIN

tory negligence laws, the Supreme Court held damages should be paid to the children of a woman killed in a collision with a negligent driver even if her husband was also partly to blame for the accident.

News of Our SERVICEMEN

Joe Pedroza

The High Court ordered a new trial in a suit by the widow of a man killed in a truck-train wreck at Floresville.

SENATORS DRAW FOR TERMS
Sixteen state senators got four-year terms in a drawing which may decide the political futures of some. Fifteen others, not so lucky, drew two-year terms and must face voters again in 1974.

Four-year terms went to Bill Braecklein of Dallas, Ron Clower of Dallas, Tom Creighton of Mineral Wells, Robert Gammage of Houston, Glenn Kothman of San Antonio, Mike McKinnon of Corpus Christi, Bill Moore of Bryan, Walter Mengden Jr. of Houston, Jack Ogg of Houston, D. Roy Harrington of Port Arthur, O.H. Harris of Dallas, Grant Jones of Abilene, Bill Patman of Ganado, Max Sherman of Amarillo, Tati Santiesteban of El Paso, and A. R. Schwartz of Galveston.

Two year terms were drawn by Don Adams of Jasper, A.M. Aikin of Paris, H.J. Blanchard of Lubbock, Chet Brooks of Houston, Jack Hightower of Vernon, Raul Longoria of Edinburg, Bill Meier of Fort Worth, Peyton McKnight of Tyler, W.E. Snelson of Midland, Jim Wallace of Houston, Nelson Wolf of San Antonio, Mrs. Betty Andujar of Fort Worth, Charles Herring of Austin, Oscar Mauzy of Dallas, and John Traeger of Sequin.

SHORT SNORTS
Mauzy, 46, was named senate president pro tempore.

The Legislature was urged by a study committee to regulate overpumpage of groundwater in several parts of Texas, including the San Jacinto Monument-Baytown area, the High Plains and San Antonio area.

An Austin representative introduced a resolution calling for a committee to investigate Rep. John Allen of Longview who paid a fine late last year after pleading guilty to a misdemeanor nepotism charge.

Applications have been filed for new state banks in Vidor and Eulless.

Austen H. Furse of Bay City will head the oil and gas division of Atty. Gen. John Hill's office.

F.T.C. asks guidelines on advertisements.

DENVER--Airman Joe A.R. Pedroza, son of Mr. and Mrs. David Pedroza Sr., Rt. 1, Muleshoe, Texas, has graduated at Lowry AFB, Colo., from the U.S. Air Force munitions maintenance specialist course conducted by the Air Training Command.

The airman, now qualified to inspect, assemble and dispose of explosive munitions, is being assigned to Nellis AFB, Nev., for duty with the unit of the Tactical Air Command which provides air support for combat units of U.S. ground forces.

Airman Pedroza is a 1972 graduate of Muleshoe High School.

Larry Meason
FT. BLISS, TEXAS-- Army Private Larry D. Meason, 20, son of Mr. and Mrs. James W. Meason, 2206 W. American Blvd., Muleshoe, Texas, recently completed the Bliley Gunnery Course at Ft. Bliss, Tex.

During the course Pvt. Meason learned the techniques of firing the weapons and also became acquainted with the characteristics of the system and visual aircraft recognition.

The Redeye is a man-portable, should fired, all arm'd air defense guided missile system.

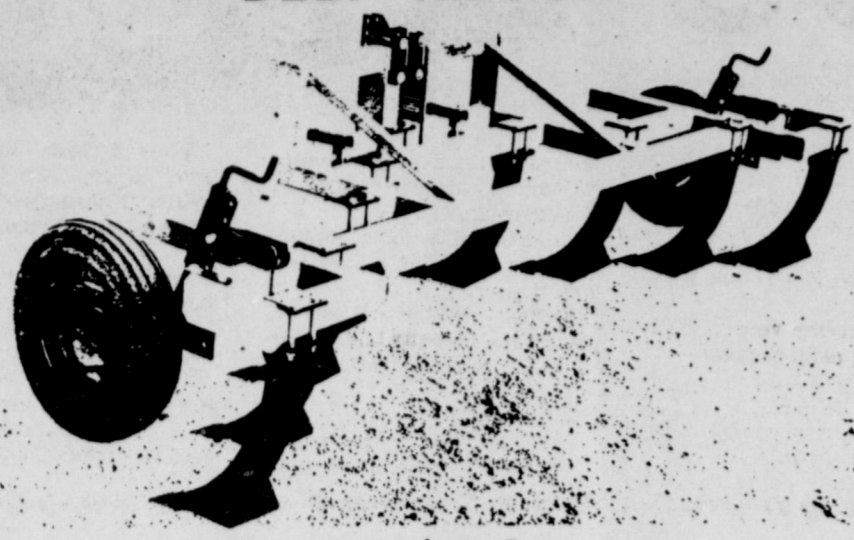

Private Meason entered the Army in July, completed Basic training at Ft. Ord, Calif., and was last stationed at Ft. Sill, Okla.

He was graduated from Muleshoe (Tex.) High School in 1970 and was employed at Chevron Service Station in Vega, Tex., before entering the army.

His wife, Rebecca, lives at 440 Pompe Way, Lemmon Valley, Nev.

FLAGS ARE HER HOBBY
Bradenton, Fla. -- Mrs. Pauline Pittenger, 74, has been tatting flags since 1918. She tatled, among other flags, the flags of all 50 states, the United Nations flag, the Betsy Ross flag and the flags of governmental agencies. She has willed her flag collection to the Southern Florida Museum with documented historical information about the flags and the making of them.

Muleshoe

AUSTIN, Texas-- Texas got a fast-starting legislature, a new governor, lieutenant governor and speaker of the House all in eight action-packed days.

Dolph Briscoe of Uvalde and William P. Hobby Jr. of Houston were inaugurated as governor and lieutenant governor in spectacular ceremonies Tuesday (Jan. 16).

Price Daniel Jr. of Liberty won election as House speaker without opposition as the legislature convened January 9. The 31-year-old son of former Gov. Price Daniel (who now serves on the State Supreme Court) announced appointment of House standing committees four days after his election, and immediately referred bills for hearing.

Outgoing Gov. Preson Smith offered some good financial news to the arriving legislators. His \$9.7 billion biennial budget proposal estimated a \$300 million surplus for lawmakers to use in expanding programs or revising school finance formulas.

Governmental reform proposals backed by Daniel will be among the first bills to get House hearing. The House, with a minimum amount of opposition, promptly adopted the thick set of procedural rules the new speaker urged.

Smith in his swansong to the Legislature, advised that law-

makers move immediately to establish the constitutional revision commission directed by voters last November. He submitted as an emergency matter appropriation of funds to pay the commission's expenses.

The outgoing Governor further advised legislators ought to consider tackling the tough school finance system overhaul in a special session.

APPOINTMENTS--- Governor Smith named former Gov. Allan Shivers of Austin, former Ambassador Ed Clark of Austin and Dr. James Bauerle of San Antonio as University of Texas System regents. A.G. McNeese of Houston was named chairman.

Other Smith appointments included: Mrs. Wilmer Smith of Wilson, Richard A. Goodson of Dallas and Clyde H. Wells (re-appointment) of Granbury to the Texas A&M University board of directors; Edwin R. VanZandt of Beaumont as chairman of the Texas Board of Mental Health and Mental Retardation; Dorsey B. Hardeman, formerly of San Angelo, as chairman of the Texas Water Rights Commission; Robert S. Rowland of Houston and Ernest S. Sterling of Tyler to the Texas Southern University Board of directors; former Sen. Joe Christie of El Paso to Texas Aeronautics Commission; former State Rep. Joe H. Golman of Dallas to the Texas Cosmetology Commission; Kent R. Hance of Lubbock to the West Texas State University Board of Antonio as Texas Film Commission chairman.

New Governor Dolph Briscoe designated former White House aide Robert L. Hardesty, 41, as his press secretary and special assistant.

Robert S. Johnson will head the new Texas Commission for Deaf staff.

Jack H. Dillard will serve as executive director of the new Texas Center for the Judiciary here.

JOB COMMISSION URGED---Key legislative researchers recommended establishment of a governor's committee on equal employment opportunity in state government to police job discrimination.

A Texas Legislative Council staff report found blacks and Mexican-Americans under-employed in state government.

The report showed 79.92 per cent of state governmental employees are white and that they tend to hold higher paying jobs than the blacks and Mexican-Americans.

It recommended a six-member commission to report to the governor on employment practices and discrimination to evolve policies and programs to encourage equal employment opportunities at all levels of government.

JAILS CRITICIZED---Texas Legislative Council urged creation of a commission on county jail standards, terming present laws on the subject "totally unrealistic and meaningless."

The Council's report said only five jails in Texas (those of Andrews, Lynn, Oldham, Smith, Taylor, and Wichita counties) meet health department standards. The State Health Department inspects jails but has no authority to compel compliance with its own standards.

TLC said the proposed commission should promulgate realistic standards and regulations and prohibit confinement of prisoners in those which do not measure up to them.

The Council also recommended a work-release program for jail prisoners, allowing inmates to post 10 per cent of their bond on condition it would be refunded when they appear for trial and immediate transfer to the Department of Corrections of inmates convicted of felonies and waiting action on appeal.

COURTS SPEAK---The Court of Criminal Appeals upheld the murder conviction of Walter Lee Morris in the shooting of a Sherman police sergeant.

The same Court affirmed a two-year probated sentence of a Houston youth for wearing the U.S. flag on the seat of his blue jeans, although it agreed two sections of the law on desecration of the flag are unconstitutional.

ROE STROUD

Services Held Monday For Roe Stroud

Roe S. Stroud, 68, died Saturday, January 13, at 5:30 p.m. in Medical Arts Hospital in Littlefield.

He was born January 4 1905 in Milbourn, Oklahoma. He was a Muleshoe resident for the past 23 years, moving from Sulphur Springs, Texas.

Stroud was a retired ginner and carpenter. He was a member of the Hicks Chapel Baptist Church at Stegall and a member of the Muleshoe Oddfellow Lodge.

Survivors include his wife, Reba; two sons, Robert Earl of Muleshoe and Billie Roe of Brownfield; one daughter, Mrs. Dub Nicewarmer of Littlefield; nine grandchildren and five great-grandchildren.

Funeral services were conducted at 2:30 p.m. Monday in the Singleton-Ellis Funeral Home Chapel of the Chimes, Rev. J.E. Moore, Baptist minister of Ahilene, and Rev. J.W. Farmer, Assembly of God minister from Midland, officiated. Burial was in the Bailey County Memorial Park under the direction of Singleton-Ellis Funeral Home.

John Tower
United States Senate
COMMITTEE ON ARMED SERVICES

This Congress promises to be an eventful one and I would like to discuss with you a few of the goals I hope to achieve.

For one thing, I hope to improve, if I can, the operations of one of the Senate's important but non-legislative arms: the Senate Republican Policy Committee. I was gratified by the confidence that was shown at the outset of this Congress by my Senate Republican Colleagues in electing me chairman of the Policy Committee. This action places me in one of the Senate leadership positions and this should help me to be an even more effective spokesman for the views of Texans.

On the legislative front, one of my prime efforts will be in behalf of a Constitutional Amendment to prevent forced massive busing in our public schools. I think it is apparent to most Texans that regardless of ethnic background, compulsory busing to achieve racial balance is a disruptive force in our schools and a wasteful expenditure of funds. We should be spending our education dollars upon teachers and books, and not on buses and bus drivers. Forced massive busing contributes nothing to the quality education which we all want of our schools.

That is why I have joined again this year in sponsoring a Constitutional Amendment which would specifically prohibit the assignment of students to public schools on the basis of race. Such an Amendment would effectively prohibit compulsory busing to achieve racial balance.

This year, as I have previously, I shall continue to support legislative efforts to restrict compulsory school busing, but I continue to feel that a Constitutional Amendment would be the surest method for preventing the courts from ordering busing. The courts have the power to rule laws unconstitutional, but they have not the power to rule a Constitutional Amendment unconstitutional.

Judicial abuse of our Constitutional guarantees has already brought chaos to many of our public school systems. The 1964 Civil Rights Act defined "desegregation" as "the assignment of students to public schools without regard to their race, color, religion or national origin," that same definition went on to specify that "desegregation shall not mean the assignment to public schools in order to overcome imbalance." Clearly the Federal Courts have ignored the latter part of that definition, and in so doing the Courts have exhibited a blatant disregard for the will of the Congress. I feel, therefore, that it will take nothing less than a Constitutional Amendment to withdraw this matter from the jurisdiction of the courts.

When we consider the busing of school children, we are not talking about a new program which may or may not work. We are talking about the lives and

educations of American school children. Children whose educations are sacrificed today in the name of social experimentation may never recover the opportunities they have lost. We must concentrate our talents and our limited resources on providing a quality education for all of our children, preferably at the neighborhood level.

The point is not whether desegregation should continue; it should. I do not advocate a return to the dual school system where too often the educations of some of our children were sacrificed. But, the separation of children simply because of their race or national origin is not consistent with the American ideal of equal opportunities. Social scientists must not be allowed to urge upon us a reverse bias turning the emphasis of the schools from education to quota systems.

There are many other important legislative areas which deserve attention in the Congress. Among these are labor law reform, drug abuse control, encouragement of increased energy capabilities, and a new Bi-Lingual Job Training Act.

I expect soon to re-introduce in the Congress the Bi-Lingual Job Training Act which I offered in the previous Congress. This measure would provide federal assistance to the states and to local education agencies and non-profit organizations to conduct bi-lingual job training programs. In recent years, we have begun to realize the benefits of bi-lingual education programs which give many Americans of foreign heritage a better opportunity to lead rewarding lives. This program indicates that a similar advantage will come from bi-lingual job training programs. This nation can ill afford to harbor citizens who cannot contribute in today's economic system. In most cases, Americans whose mother tongue is something other than English, possess a strong desire to help themselves to make a contribution their country. We will all benefit if we give them a small helping hand so that they may do their part to keep our country great.

In education and in job training, we must provide full opportunities for all citizens. And we must spend our dollars wisely. Bi-Lingual Job Training is wise spending and contributes to the future and prosperity of our country.

 Estimates place the total number of labor-saving, but noise producing devices found in the modern home kitchen as high as 20. The concurrent use of four or five of the noisiest could produce a sound intensity great enough to be potentially hazardous to the human hearing mechanism, warns the Belton Crusade for Hearing Conservation.

JOE BAKER

Is now employed as a mechanic with Plains Auto on South Main in Muleshoe. He invites his many customers of the past to come here for their Automotive repairs.
