Lazbuddie School Dress Policy Explained

School will begin at Lazbuddie Monday, August 27, at 8:22 A.M. Buses will run at the regular times. Enrollment will be the first two hours of the day and classes will resume following enrollment.

All five year old Kindergarten students are eligible to attend school this year. Kindergarten will be a full day for a full year. Rest periods will

be scheduled during the day.

Kindergarten and first grade students need to bring birth certificates and immunization records, if they have not pre-enrolled. All students enrolling in the Lazbuddie school for the first time needs to bring their immunization records.

Due to the increasing cost of food it has become necessary for us to change the price of lunches. Students may buy lunch as follows: Grades K-4--40 cents; Grades 5-8--50 cents; and Grades 9-12--60 cents. Free and reduced price lunches are available for qualifying students. If you feel that you qualify for these reduced price lunches, application forms are available in your principal's office.

The Lazbuddie Board of Education adopted a modified policy concerning noon hour restrictions for the 1973-74 school year. It is as follows: Grades K-8, no students will be permitted to leave the campus unless picked up by their parents or unless they live close enough to walk home to lunch. If they go home for lunch they must have written permission

A meeting will be held Tuesday, August 28, at 7:30 p.m., m.d.t. at the First Federal Savings and Loan in Clovis, New Mexico, for the purpose of organizing the Eastern New Mexico Obedience and Kennel Club. This club is to be recognized by the American Kennel Club for sanctioned Kennel Club shows.

Bob Hardaway underwent surgery today (Thursday) in Methodist Hospital at Lubbock.

Mr. and Mrs. Robert Hooten returned Friday from Houston. The Hootens attended the showing of the 1974 Fords and Mercurys.

Mrs. Thomas Strayhorn, the former Vina Bass, received a pharmacy degree from the University of Houston recently. She is a 1969 graduate of Muleshoe High School. Her husband

Vegetable Thefts Run High In Area

Vegetable farmers, in Dimmitt area early this month, found themselves plagued by rain and mounting thievery as they continue their efforts to harvest potatoes, onions and carrots according to the Castro County News.

Carl Bruegel of Dimmitt reported between \$1,500 and \$2,000 worth of vegetables have been stolen from his fields so far.

"I guess the high price of groceries has something to do with it," said Bruegel.

"I've lost one hundred sacks of onions along the highway in just one day. I don't know if the people are just taking them or are selling them or what," he added.

Bruegel reported that onions are taken after they are sacked, but thieves are digging potatoes up by hand.

"They'll get 15 sacks of potatoes at a time if you don't catch them," he said.

Bruegel also reported that three rooms of furniture had been stolen from a hired hands' house and clothing and tools had also been stolen. He has reported the thefts to the

Watson Receives Safe Pilot Certificate

President A. Rufus Apple-garth of the National Pilots Association today presented to Delbert Watson, of Rt. 5, Box 76, Muleshoe, Texas, NPA's highest award -- the Safe Pilot Certificate granted to its members by the nation's largest non-profit pilot organiza-

tion in recognition of skill and flying ability represented by 500 hours or more as pilot-in-command "without major accident involving damage to property or injury to person".

Watson, whose pilot career began in 1957, accumulated a total of 1,100 accident-free hours to qualify for the coveted NPA recognition. He reports, "My 16 years of flying have been very enjoyable, and of great benefit in my farming and ranching operation. My wife and two sons also have pilot's licenses and have had many enjoyable hours in our own plane."

Mules Schedule First Scrimmage With Tulia

Muleshoe has had two winning years in a row, including a solid 7-3 in 1972, and aims now at the stars with six offensive and five defensive holdovers. HB David Wheat is one of the area's finest runners, while tackle Ricky Smallwood, six foot three inch, 230 pounds, is powerful on defense. QB Don Long, HB Ronnie Parker, end Joe Elizar-

araz, guard George Mitchell, tackle Jerry Hodge and safety Fred Locker are other outstanding members in a potential championship team. Muleshoe has been picked as district favorite.

Ricky Smallwood, linemen and David Wheat, back, have been named to class AAA honor roll along with others on the team have all-state potential.

Sharon Kelton is First Runner-Up

Miss Belinda Whittenberger, the 17 year old daughter of Mr. and Mrs. George Whittenberger of Levelland, was a double winner Saturday night in the District II Farm Bureau Queen and Talent Find Contest. She was crowned District II Farm Bureau Queen and was first place winner in the Talent Find Contest. Miss Whittenberger chose as her talent in the Talent Contest a tap dance routine. She will represent District II in State competition on December 2-5 in Abilene in both the talent and queen contests.

First runner up was Miss Sharon Kelton, 18 year old daughter of Mr. and Mrs. Robert Kelton of Route 5 Muleshoe. Each of the District II Farm Bureau Queen contestants were judged in evening gowns, poise, speech, and an interview with the judges.

Contestants in the District II Farm Bureau Queen Contest were Vicki Pryor, 17 year old daughter of Mr. and Mrs. Benny Pryor, of Friona; Belinda Whittenberger, 17 year old daughter of Mr. and Mrs. George Whittenberger of Levelland; Donna Davis, 18 year old daughter of R.L. Davis, of Lockney and Sharon Kelton, 18 year old daughter of Mr. and Mrs. Robert Kelton, of Muleshoe.

Talent Find contestants were Belinda Whittenberger and Vicki Pryor. Master of ceremonies was Joe Brown, Farm and Ranch News Director for KDAV Radio in Lubbock.

The welcome was given by District II State Director H.L. 'Hub' King of Brownfield. King also presented Larry Vinson, son of Mr. and Mrs. Pat Vinson of Muleshoe, 4-H Leadership Scholarship certificate from District II Farm Bureau. Joe Bob Henderson of Levelland was district winner in the Discussion Met contest. He is the son of Mr. and Mrs. Bob Henderson of Levelland and grandson of Lewis Henderson of Star Route of Goodland.

This was the first time that Muleshoe had hosted the District II Farm Bureau Queen and Talent Find Contest. Joe Lust Field Representative for Farm Bureau of Lubbock expressed thanks to Mrs. Ernest Ramm who was the director for the contest and the Bailey County Farm Bureau their work done in preparing for the contest.

Jaycee-Etts Will Hold Car Wash

A Jaycee-Ett's car wash is scheduled for this Saturday, August 25, at 9:00. It will be held at Redwine's Phillip 66 station.

The fee for a car will be \$3.00 and station wagons and pickups will be \$3.50.

The Jaycee-Etts ask that you please make an appointment by calling Mrs. Steve Hamilton at the number 965-2893.

Increase Expected In Garbage Fees

The City Council met August 21 at the City hall. Councilmen present were Clarence Christian, Leal Murray, Max King, Kenneth Hurry, and city manager, James Rankin.

Also present was Dr. Charles Spencer who reported on "Codification of Ordinances." The codification of all city ordinances are expected to be complete in November. Dr. Spencer has help code ordinances in 90 cities and towns and help draft 60 city charters.

Councilman authorized the transfer of \$7,750 in revenue sharing funds to the police department budget. This money is to provide for one added city patrolman and additional police operational costs.

The Council authorized safety features which included speed limit signs to be erected on Avenue L.

In view of the fact that in order to comply with Federal and State regulations an addi-

tional \$30,000 a year must be spent in coverage of garbage at the city dump, the council realized that in the near future garbage collection fees must be increased. Heavy users will be billed in accordance with volume. Residential users fee will be increased from \$1.50 to \$5.00 on sanitation rates.

It is anticipated that although revenue sharing money has been used for the purpose of purchasing equipment to cover up garbage disposal areas, the increase garbage collection rate is necessary for operational expense. It is anticipated that ordinances will be passed requiring everyone to place garbage in a city container that can be handled by the city trucks. Commercial collection fees will be increased to cover expenses.

The city will start charging a minimum of \$15 for all lots mowed by the city. Notices will

Local Athletic Boosters To Have Supper

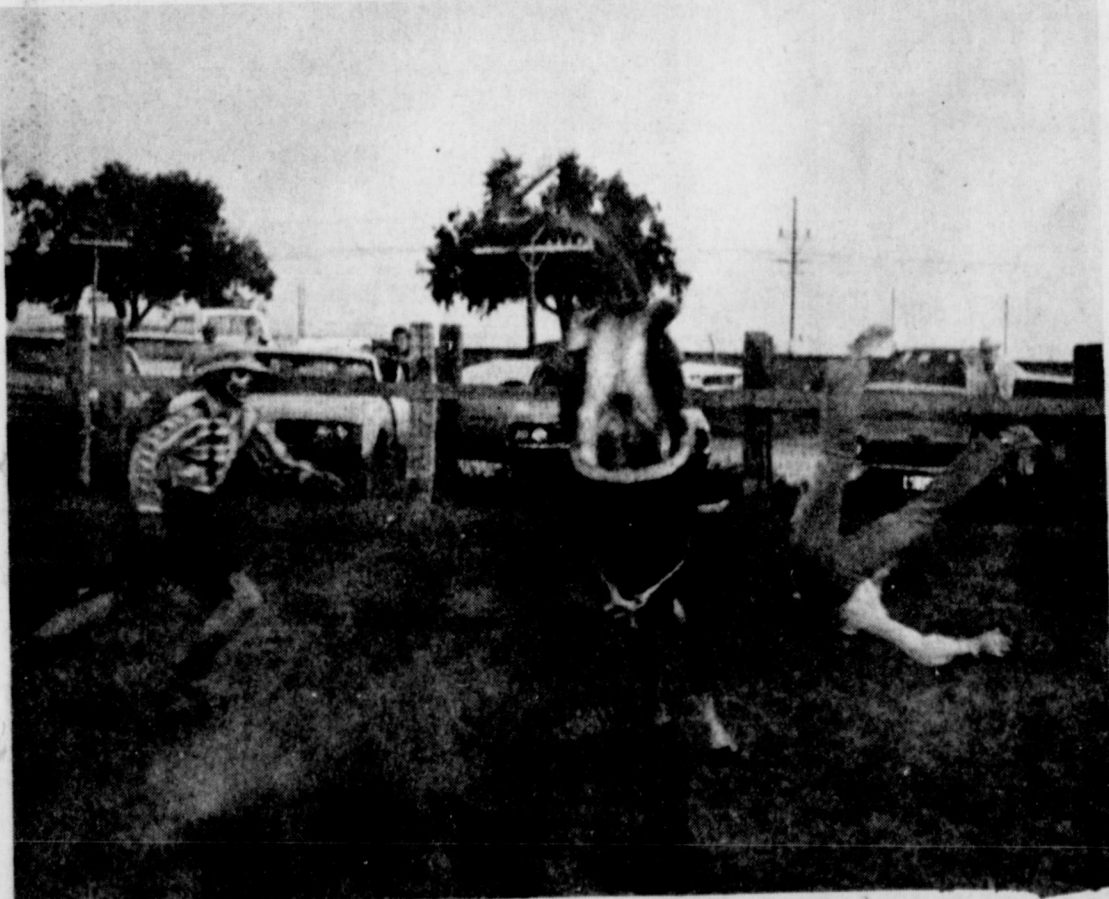

The Muleshoe Athletic Boosters are sponsoring a get-acquainted supper at 8 p.m., Thursday, August 23 in Mary DeShazo cafeteria.

All coaches, athletes and parents are especially urged to attend and each one who supports these teams are also welcome to attend.

New officers for the coming year are Joe Smallwood, president; Mrs. S.P. Stockard, secretary-treasurer; and Dave Suddeth, vice president. Mrs. Aubry Heathington is in charge of membership. Membership fee is \$5 for couple. \$10 includes advertising in the program plus membership.

Each family is asked to bring enough food for their family and one guest.

The Boosters ask everyone to come and let the team and coaches know you are supporting them.

AND AWAY SHE GOES . . . One of the many contestants who bit the dirt in the three day Tri-State Rodeo held in Muleshoe last weekend. The All Round Cowgirl was Lynn Culver of Plainview and All Round Cowboy was Roy Hawkins of Spearman.

DEMOLAY DAY IN MULESHOE . . . Mayor Pro-Tem Lindal Murray has declared Saturday, August 25, as DeMolay Day in Muleshoe. Pictured with the mayor pro-tem 1-Larry Torres, master councilor aide; Mike Hunt, senior councilor, master councilor elect, Ronnie Bullock, master councilor and Marcus Puente, senior steward. The order of DeMolay has gained international recognition as being an organization of only those young men between the ages of 13 and 21 of the highest character. Muleshoe is proud to have a chapter of the Order of DeMolay whose active young men are truly "bound together for the good of the community" and help each other "live a clean and manly life". The only prerequisite for membership are a love of parents, a love of country and a love of God; states Lindal Murray, mayor pro-tem.

Public Notice

AN ORDINANCE OF THE CITY OF MULESHOE, TEXAS, ADOPTING THE UNIFORM PLUMBING CODE, 1970 EDITION, SO AS TO PROVIDE FOR THE QUALIFICATION AND REGISTRATION OF PERSONS ENGAGED IN THE BUSINESS OF PLUMBING OR LABORING AT THE TRADE OF PLUMBING; REQUIRING A PERMIT AND INSPECTION

FOR THE INSTALLATION OR ALTERATION OF PLUMBING AND DRAINAGE SYSTEMS; CREATING AN ADMINISTRATION OFFICE AND A BOARD OF PLUMBER EXAMINERS AND PRESCRIBING THEIR DUTIES; DEFINING CERTAIN TERMS; ESTABLISHING MINIMUM REGULATIONS FOR THE INSTALLATION, ALTERATION OR REPAIR OF PLUMBING AND DRAINAGE SYSTEMS AND INSPECTION THEREOF; PROVIDING A SAVINGS CLAUSE; REPEAL-

ING CONFLICTING ORDINANCES; PROVIDING PENALTIES; AND DECLARING AN EMERGENCY.
 BE IT ORDAINED BY THE CITY COUNCIL, CITY OF MULESHOE, TEXAS:
 SECTION 1. There is hereby adopted by the City of Muleshoe, Texas, for the purpose of regulating the installation alteration or repair of plumbing and drainage systems, the Uniform Plumbing Code as recommended by the International Association of Plumbing and

Mechanical officials, being particularly the 1970 Edition thereof, and the whole thereof save and except Part Two thereof and such portions as are hereinafter deleted, modified, or amended, a copy of which is on file in the office of the City Secretary, the same is hereby adopted and incorporated as fully as if set out at length herein, and from the date on which this ordinance shall take effect, the provisions thereof shall be controlling in the installations, alteration or re-

pair of plumbing and drainage systems within the corporate limits of the City of Muleshoe, Texas.
 SECTION 2. There is hereby adopted by the City Council of the City of Muleshoe, Texas, the following qualifications and regulations applicable to persons engaging in the business of plumbing within the city limits of the City of Muleshoe, Texas.
 (A) LICENSE REQUIRED: No person shall engage in the business of installing, main-

taining, altering, or repairing of water, gas, sewerage, or storm water tubes, used for the conduction of water, gas, sewerage, or storm water for which a permit is required by this ordinance, nor shall any person in any manner undertake to execute such work, unless such person is holder of a valid license issued under the provisions of the Senate Bill No. 188, "The Plumbing License Law of 1947", or is specifically exempted from the provisions of said Senate Bill

No. 188.
 (B) BOND AND APPROVAL: No licensed plumber, as provided for in this ordinance, shall enter upon the installation, construction, reconstruction or repair of any plumbing, sewer piping, gas piping, appliances, fixtures or apparatus or any change thereof, until the said individual shall have executed and delivered to the City of Muleshoe, a good and sufficient surety bond in the sum of Two Thousand (\$2,000.00) Dollars to be approved by the City Attorney of the City of Muleshoe. Such surety shall be a surety company duly authorized to do business in the State of Texas conditioned for the faithful performance of all such work entered upon or contracted for in strict accordance and compliance with the terms, requirements and provisions of this ordinance and such future Ordinances of the City of Muleshoe as may be hereafter passed, and will indemnify and hold the City of Muleshoe harmless against all costs, expenses, damages and injuries sustained by the City by reason of the carelessness or neglect of said plumber in operating under this Ordinance and the rules and regulations made in pursuance thereof. All sureties on any bond required by the City, shall be liable for breach thereof to the owner of the property and any other person actually damaged by such breach not to exceed the fact amount of said bond, provided written notice of such damage and probable amount thereof is given to the surety within ten days after the discovery of the damage, and provided that no permit shall be granted and no work started on the contract until such bond has been filed and approved by the City Attorney, and provided further that liability on said bond for the full amount thereof shall continue until the surety has given the City written notice of cancellation, or of the amount of claims it has been notified of in which event the contracting Plumber shall not pursue work further until bond

for full amount is filled and approved.
 SECTION 3. If any section, sub-section, sentence, clause, phrase or portion of this ordinance or of the Uniform Plumbing Code, 1970 Edition, is for any reason held to be invalid or unconstitutional, this decision shall not effect the validity of the remaining portions of this ordinance or of the Uniform Plumbing Code, 1970 Edition.
 SECTION 4. All ordinances or portions thereof in conflict with any of the provisions of this ordinance or the Uniform Plumbing Code, 1970 Edition, are hereby repealed.
 SECTION 5. Any person, firm or corporation violating any of the provisions of this ordinance of the Uniform Plumbing Code, 1970 Edition, shall be deemed guilty of a misdemeanor and, upon conviction, shall be subject to fine not to exceed Two Hundred Dollars (\$200.00) for each offense, and each and every day such violation shall continue shall be deemed to constitute a separate offense.
 SECTION 6. The fact that the City is required to adopt the Uniform Plumbing Code, 1970 Edition, creates an urgency and an emergency and, in the preservation of the public health, safety and welfare, requires that this ordinance should take effect immediately from and after its passage and the publication of the caption as the law and charter in such cases provide.
 DULY PASSED by the City Council of the City of Muleshoe, Texas, the 6 day of Aug., 1973.
 APPROVED: Alex Williams, MAYOR
 ATTEST: Mary Watkins, CITY SECRETARY
 APPROVED AS TO FORM: Don Chah, ATTORNEY

Engineers at Sperry New Holland say a modern hay baler is capable of doing more than three times as much work per hour than its predecessor of 30 years ago, but its cost to the farmer has less than doubled.

It's Almost Unbelievable... Stocker Cattle Numbers Also Show Increase... Screwworm Season Approaching.

Crop conditions throughout the state are described in almost unbelievable words: excellent, best ever, prospects couldn't be better.

Already, a wheat crop of more than twice the size of last year has been harvested in Texas, a total of 95,200,000 bushels plus a new record high per acre yield of 28 bushels. Texas is the fourth ranking state in the nation in winter wheat production.

Grain sorghum harvest is virtually complete in Central Texas with excellent yields reported. Several farmers have reported yields of 5,000 pounds and above on dryland. Prices, too, are the best ever.

Over the state, grain sorghum harvest is halfway finished. On the High and Low plains, good rains have increased dryland crop potentials.

Peanut harvest is active in the southern half of the state, but is still behind last year's schedule. A good dryland crop is now indicated.

Cotton harvest in the southern area is also lagging behind schedule. Cotton from the High Plains to the coastal bend is making good to excellent progress.

Insects, as usual, have been problems in many areas. Cotton root rot is also a problem in Central Texas due to rains in June and July.

Soybeans, a crop which is going to become more and more important in Texas in the years ahead, are making excellent progress throughout the state in areas where it is produced—the High Plains, East Texas and the upper Gulf Coast.

Soybean acreage in Texas this year is twice that of last year. Total acres are now set at 450,000.

Good rains recently throughout parts of the state have revived short-range conditions and replenished stock water. Range conditions are described as generally quite good.

One of the best hay crops in history has been made in Texas this year; the only problem is a shortage of baling wire in some localities.

Fall sheep and goat shearing is underway on the Edwards Plateau and the Trans-Pecos areas.

STOCKER cattle on Texas farms and ranches as of July 1 is estimated by the Texas Crop and Livestock Reporting Service at 5,495,000 head. This compared with 4,911,000 as of Jan. 1. Stocker cattle exclude cows, replacement heifers, 500 pounds and above, bulls, and cattle on feed.

Stocker cattle numbers as of July 1 are sharply above Jan. 1 where the cow-calf operations are dominant. Numbers as of July 1 are down from Jan. 1 levels on the northern High plains where Jan. 1 numbers were at a higher level because of stocker cattle shipped in for winter wheat pastures.

Stocker heifer, steer and bull calves under 500 pounds total 4,534,000 head, which represents 73 per cent of the 1973 estimated calf crop.

SCREWORM build-ups are expected throughout the state as the fall season approaches. Generally, this has been one of the best screwworm-free years in Texas in a decade.

With the fall season's approach, producers are urged to check livestock regularly, treat wounds on livestock for screwworm control, and submit suspected screwworm samples to the fly laboratory at Mission for verification. Cooperating with this plan can mean a continuation of the success of the screwworm eradication program the rest of this year, officials at the fly lab at Mission say.

from their parents on file in the principal's office. Grades--9-12, students who have written permission on file in the principal's office will be permitted to leave the campus during the noon hour, however they must walk. No motor vehicles will be allowed to move during the noon hour. Parents may also pick up their children if they so desire. The Dress Code for Lazbuddie Public School is unchanged from last year and is as follows: Boys: A dress shirt or sport shirt with all but the top button fastened is considered most appropriate. Shirts may be worn outside the trousers if they are so designed and present a neat appearance. Clean, ankle length trousers are in order. Shoes and socks are required. Boys haircuts must be at least one half inch above the eyes in front, trimmed in back so that hair does not lay on shirt collars, trimmed on sides so that hair does not touch or over lap ears. Artificial means of concealing hair length such as wigs, combs or straps will not be permitted. Male students should be clean shaven with the length of sideburns not exceeding the bottom of the ear and not flared and permitted to grow without regard to good grooming. Boys: Grade 1-3: Shorts may be worn provided the shorts reach mid-thigh. Girls: A dress or skirt with blouse or sweater is considered appropriate attire for girls. Blouses shall be worn inside the skirt unless designed for outside wear. Skirts should be of sufficient length to avoid exposing under garments while sitting, stooping or reaching. Standards shall be determined in part by the size and build of the individual. For a guideline the skirt should be between mid thigh and ankle. Coulettes and pant dresses are permissible as long as they are of skirt length and do not reveal under garments. Bras are required for all adolescent age girls. Pant suits, jeans and blouse or sweater are permissible. Shoes are required. Girls: Grade 1-3: Shorts may be worn provided the shorts reach mid-thigh. In each building the principal will make the final determination when questions arise concerning appropriate dress. "A lot of people see sacks in the field and think that the farmer is not going to miss them", said West. "It's no different than someone walking into a clothing store, and taking a suit, but some people don't look at it that way. Muleshoe's tomato harvest is just now under way.

be sent out to persons in violation of the ordinances and a \$200 a day fine can be placed on lots that are no mowed. Alien also can be filed against property if property owners fail to pay clean up charges. Property owners can prosecute trespassers for trespassing, dumping and littering on the property. The council agreed to pay one-half on paving to be done in the Richland Hill area by Muleshoe Development Corporation which will adjoin the city park. The city sharing the cost is to be subject to certain constructional requirements by Bill Morris, city engineer. It has been reported that after a discussion with Muleshoe Development Corporation, Ralph Douglas, the pavement will be constructed with city stipulations. An old city well on Avenue F is to be plugged also.

Texas Farmers Union Says New Farm Bill Watered Down

Haskell, Texas--Texas Farmers Union President Jay Naman of Waco told a farm audience at Haskell Monday night that in spite of all the work that Farmers Union had done to pass a good farm bill, the new farm program was so "watered down" by action of the Senate-House conference committee that Farmers Union opposed the conference report and called on members of the House to reject it. "We hope that President Nixon will veto the new farm bill because it is inadequate in terms of price assurances to farmers and lacks the capability of providing an incentive to encourage farmers and ranchers to produce food and fiber supplies in abundance," Naman said. Farmers Union was originally on record in support of the target concept in the new farm bill, but concessions to the Administration to avoid a veto have weakened the proposal to the point to where it lost Farmers Union's support and has been rejected by other farm groups that traditionally support federal farm programs. Naman told those attending the county Farmers Union meeting which was held in the Community Room of a Haskell bank that Farmers Union opposed the program for three major reasons: "The target prices in the program are inadequate to assure farmers a fair return on their investment. The escalator clause which we considered the heart and soul of the new program has been eliminated for the first two years. The conference report includes a 'de-escalator clause' that was in the House version and insisted upon by Secretary Butz. This clause penalizes farmers for efficiency by set-

ting up a device that will provide a loophole for the Administration to take away any increases in target prices that might be warranted as the cost of production goes up. This efficiency of yield adjustment factor is a phony scheme that is being used against farmers at the insistence of Secretary Butz to assure that target prices will not go up even though farmers' costs go up," the statewide farm leader said. Naman said that the new farm bill compromises the farmers' position and will fail to serve the interests of either the producer or the consumer. "The Administration sought to dismantle the farm programs with a 'phase-out' proposal. It has now achieved somewhat the same results in the form of a watered-down, ineffectual farm program. For this reason, I doubt if President Nixon will veto it," the farm organization leader said. Farmers Union members will be given a briefing on the details of the 1973 Agricultural Act passed by Congress at a series of district meetings beginning August 20. The farm program briefings will be part of a series of district meetings coordinated by the Texas Farmers Union to alert the grassroots membership of the bill's provisions and shortcomings. TFU President Jay Naman of Waco had this to say regarding the farm bill, "I know that our members will take advantage of the opportunity they have to study our new farm legislation at the planned district meetings. In fact, I feel confident that following discussion of the bill they will wish to visit with their individual Congressman, while home on recess, as to the reasons behind the bill's many shortcomings. These shortcomings are the reason that the Texas Farmers Union has called upon the President to veto the inadequate piece of farm legislation." Both state president Jay Naman of Waco and state vice-president Joe Rankin of Ralls will attend the district meetings and discuss late developing national and state issues. Emphasis will be given during these informal discussions on the local fuel situation. At a recent leadership conference sponsored by Texas Farmers Union on the campus of Southwest Texas State University in San Marcos, three task forces involving approximately 50 Farmers Union members were launched. These task forces have developed action programs to deal with problems arising in three areas. The task force areas of concern are environment, international trade, and economics (primarily farm program development and cooperative relations). Members of the task forces will be present at each of the district meetings to acquaint the membership with the goals and action programs of the various task forces. The District II meeting will be held Monday, August 20, at 7 p.m. in Lubbock at Furr's Cafeteria, Town and Country Shopping Center. In referring to the district meetings, Naman stated, "We are expecting a large turnout at each district meeting, because we have discovered that most farmers are very unsure of the provisions of the new farm bill and have indicated an interest in securing reliable data as quickly as possible."

Coupon Night At WT To Begin Season

Affiliated Foods, Inc. has combined with West Texas State University in a campaign to fill Kimbrough Memorial Stadium for the 1973 home football opening game Sept. 8, against Drake. Through the athletic department of West Texas State, participating Affiliated Foods stores will offer regular \$5 reserved seats for that game at \$1, for each \$3 worth of groceries purchased. The food customers will be presented with coupons at each of the participating stores in the Panhandle area and they are redeemable at any ticket booth at the stadium on the night of the game for a \$5 reserved seat. The West Texas State-Drake game starts at 7:30 p.m. In Muleshoe Wagon's Grocery is taking part in the coupon night, which is co-sponsored by Affiliated Foods, Inc., and West Texas State University. The idea of the coupon night to fill the stadium for the opening game came about because of the large number of Panhandle area athletes on the Buffalo squad for 1973. The Buffalo-Drake game is a key one in Missouri Valley Conference competition. Those two teams, along with Louisville, tied for the MVC title last fall with 4-1 records. Drake handed West Texas State a 40-12 defeat in the Buffs' opening game of the season at Des Moines, Iowa. Coach Gene Mayfield expects his Buffaloes to be a highly improved team. There are nine offensive and nine defensive starters returning from a team which had a 5-5 season mark in 1972.

Accent On Health

If you could virtually insure your child against having five dangerous diseases, would you make the effort?

State Health Department officials strongly emphasize that immunizing children against early childhood diseases is worth both the time and expense -- for the child's health and the health of others.

Under ideal circumstances, only a few visits to a clinic or private physician are needed to complete the immunization schedule during the child's first year and a half of life.

You say it's an inconvenience? There's no real threat you say? Don't fool yourself into thinking the "conquered" diseases are really conquered. Sure, your child is safer from disease than his or her grandfather might have been, but

consider this:
--Two of the four cases of paralytic polio reported in Texas last year struck children under two years old.
--Children under the age of five were the target of almost 30 per cent of the 41 cases of diphtheria and about 35 per cent of the 20 cases of tetanus.
--43 per cent of the approximately 1600 cases of ordinary measles reported by age in Texas last year occurred in children under the age of five.
--Of the 185 reported cases of whooping cough or pertussis in Texas last year, 50 per cent of those whose age was recorded were four years old and under.

You say your child is strong and healthy and can withstand a few days in bed with a communicable disease? Think about children still to be born. If your child has rubella and infects a susceptible neighbor, friend, or acquaintance during the first months of the pregnancy, the chances are that

non-responding parents, and field referrals are issued to local health departments and Immunization Service Aides if parents do not respond to the reminder cards.

The recommended timetable for immunizations is as follows: At the ages of two, four, and six months, infants should receive DTP injections for diphtheria, tetanus, and pertussis, as well as oral polio vaccine. When the child is one year old, he or she should be immunized for measles and rubella. The DTP and polio immunizations should be repeated when the child is between 15 and 18 months, and again, when the child is between four and six years old.

Health Department officials emphasize that parents can help reduce disease in Texas by having their children immunized early, as suggested by the timetable, and responding promptly to health department inquiries.

TSTA Honors New Teachers

TSTA held a "get acquainted breakfast" Monday, August 20 at 7:30 a.m. in the Muleshoe High School Cafeteria to introduce the new teachers.

In high school there are two new teachers. Tony Clines will teach band and Gail Bizzell will teach Biology.

New teachers in Mary De Shazo are Linda Clines fourth grade; Madeline Burge special education teacher; Ethel Allison, Peggy Burnett, Donna Doshier and Janet Schroeder all third grade teacher.

Billie Carlyle second grade; Frankie Lunsford P. E. Aide; Treva Taylor, Linda Jones, and Lyn Allen Kindergarten in Richland Hill.

In the Junior high Evelyn Northcutt will be teaching math.

Fashion

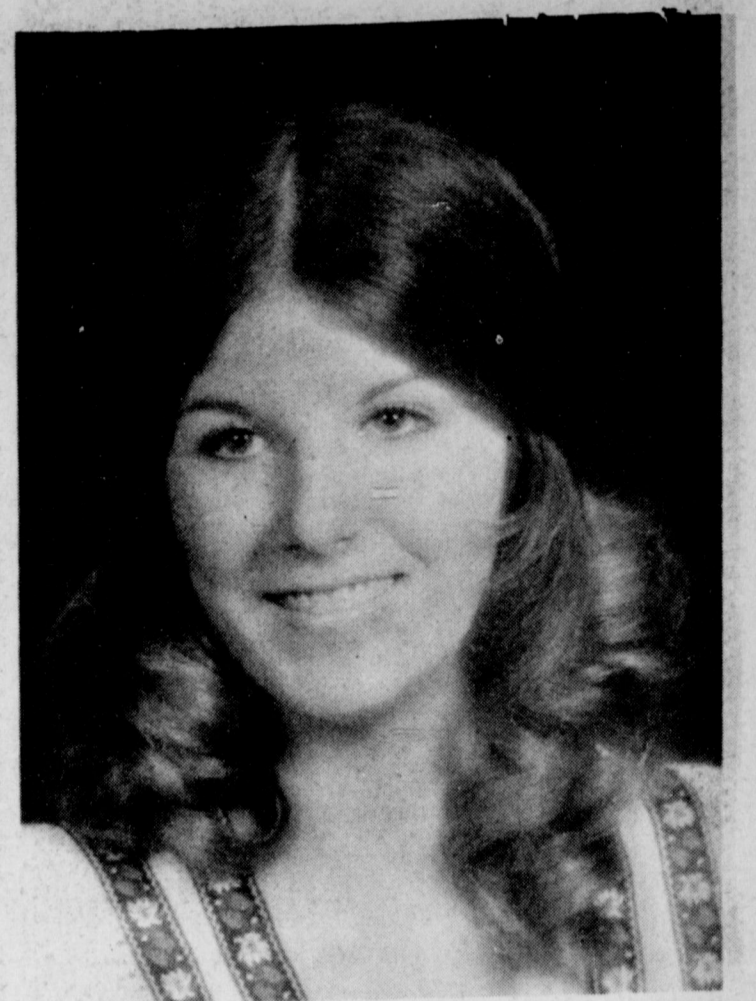

Many of the shops are filled with fall clothes and sales on summer garments and shoes have been going on for weeks.

The girl who has a limited budget will be smart to watch for sales but she should know the value of things and not buy because they are listed at half price.

Nothing is a bargain if it cannot be made to fit or if the color is unbecoming. Nor is a twenty dollar shoe for ten dollars a buy if the last of the shoe is too narrow.

He serves his party best who serves the country best.

RECIPE

By Sarah Anne Sheridan

Homemade ice cream is almost a forgotten treat. There's a certain nostalgia about homemade ice cream at family gatherings.

Custard Ice Cream
3/4 c sugar
2 T cornstarch
1 c milk
2 egg yolks
1/3 c coffee cream
2 egg whites
1 1/2 c whipping cream
2 t vanilla extract
pinch of salt

Mix sugar and cornstarch. Add scalded milk gradually, stirring constantly. Cook in double boiler 25 minutes. Stir several times during cooking. Combine with well beaten egg yolks. Cook for 5 minutes, stirring constantly. Add salt and coffee cream. Mix well, strain and cool. When custard is cool, whip cream and fold into custard.

Pour into refrigerator trays and freeze. Before the ice cream has frozen solid enough to serve, remove the tray from refrigerator. Stir well with a spoon from front to back of tray. Then carefully fold in stiffly beaten egg whites. Freeze. If you like churned ice cream increase amount of custard needed and use your hand or electric churn. Freeze according to your churn's directions.

*Serve plain or with your favorite topping.

WOMEN'S FEATURES

LOUISA'S LETTER

Dear Louisa,

I am engaged to be married in September and my fiancée and I have rented a small apartment. It is just what we want-with conveniences and as we both expect to keep on working and eating our lunches out it seems like a good arrangement.

But this is our problem. He has been living with his mother who is about fifty years of age. She also has a good job and many friends so she is not the lonely old lady type. But she has recently suggested that we give up the apartment and live with her, rent free, but share all the other expenses. She has a yard to keep and has a maid several times a week so I doubt if we would really save any money by giving up the apartment.

But the truth of the matter, Louisa, is that I think

we will be happier if we are in our own place with no third party around. My husband-to-be seemed to like the idea of living in the home he has always lived in but I would like to know what you think about it?

Fiancee--Col.

Answer:

Your mother-in-law will always be the head of the house in which she owns and unless you are willing to accept that fact I think you will be happier in your own place.

Privacy is a great help in the adjustments two young people have to make after they are married so if I were in your place, I should think a long time before I gave up the apartment.

Louisa,

STATE CAPITAL Highlights AND Sidelights

by Bill Boykin
TEXAS PRESS ASSOCIATION

AUSTIN, TEX. -- Dozens of logjammed major highway projects will move forward now that President Nixon has signed the three-year \$20 billion federal highway act.

In addition to funds for mass transit, the act also provides \$2 billion for safety projects.

State Highway Engineer Luther DeBerry said replacement of narrow bridges is high on the priority list. Hazardous intersections and rail crossings will also be eliminated as facilities are designed with modern built-in safety features.

"This act does not solve all our money problems but even though it is not everything we need here in Texas, it is a good act," said DeBerry.

Highway trust revenues will remain as they have been in the past during fiscal 1974. Up to \$200 million in urban funds can be used either for roads or purchase of buses in fiscal 1975. By 1976, all or part of the urban funds may be used for highway buses or fixed rail transit with State Highway Department concurrence.

July highway bid lettings were cancelled due to shortage of federal funds. Although the federal act's passage will allow the state to proceed with vital projects, DeBerry warned

a backlog will remain. Texas has been financing some work with leftover money from previous acts of Congress and with state funds. Texas is among states which sends the federal government more tax revenue from gasoline and vehicle accessory sales taxes than is returned.

Interstate highway construction gets 70 per cent aid. The new act provides money for bicycle trails and metropolitan transportation studies. It also permits building the San Antonio North Expressway with state funds (if lawsuits don't stop it again).

AG RULES--Youthful offenders must be released from correctional institutions for delinquents when they reach 18, Atty. Gen. John Hill held.

In other opinions concerning the new 18-year-old majority rights law, Hill concluded:

- *Persons 18 years of age can no longer collect survivor's benefits as a result of death of fathers who are law enforcement officers or firemen.
- *Parents of retarded youths 18 and over are no longer obligated to pay cost of their care in state institutions.
- *Eligibility to run for office is extended to 18-year-olds,

GRIN AND BEAR IT . . . This young lady coming out of shut number one on Sledom Rid ponders which way the bull will go. There is a possibility that Sledom Rid may go over the rails and out of the arena.

same time, Daniel designated Reps. Ed Harris of Galveston, Hilary Doran of Del Rio, Mickey Leland of Houston, Dean Cobb of Dumas, Matt Garcia of San Antonio, Joe Spurlock of Fort Worth, Carl Parker of Port Arthur, Walt Parker of Denton, Bob Maloney of Dallas and Jim Vecchio of Grand Prairie to the Texas Legislative Council which supervises legislative research and bill drafting.

Briscoe picked E.S. Emerson of San Antonio to serve on Texas Commission on Alcoholism and John Artero of Victoria on the State Board of Morticians.

Lt. Gov. Bill Hobby created four regional Citizens' Advisory Councils on Water Resources, and Texas Water Rights Commission added Kenneth Charles Quinn of Conroe to its Houston staff to monitor Houston area water districts.

CHILD INVESTIGATION URGED--Texas and Illinois attorneys general formed a task force to investigate conditions and allegations of child abuse at eight childcare institutions in the state.

Also a three-man Illinois investigating team is checking the placement of hundreds of children from that state in Texas private institutions. Illinois Atty. Gen. William Scott said he is concerned as to why Illinois with a wealth of first class educational facilities sent 800 children to Texas for institutionalization. Scott said he

wants to find out if Illinois state child care officials were "wined and dined" to encourage them to send youngsters to Texas.

RATES UP--New increased workmen's compensation insurance rates -- up 19.5 per cent to reflect increased benefits to workers killed or injured on the job -- go into effect September 1.

The legislature increased benefits for injured workers from 60 per cent of their regular weekly salaries to 66.7 per cent, and raised the maximum weekly benefit from \$49 to \$63.

SHORT SNORTS

Texas business activity declined three per cent in June, partly in response to a sharp cutback in plans for new construction.

A \$10 million clean water bond issue has been sold to a Texas syndicate.

Texas Folklife Festival's program is set for San Antonio September 6-9.

A plan for waste water management in the Cotator River Basin is slated for public hearing by Texas Water Quality Board August 24.

State Insurance Board won a judgment for \$1 million in damages from First National Life Insurance Company under the conservatorship statute.

Attorney General Hill has filed suit for the State Welfare Department to halt operation of Rolling Creek Manor Inc., a Harris County child

care facility, until it complies with state regulations.

Republican Maurice Angly blamed Watergate and disinterested voters for his loss to Democrat Lloyd Doggett, 26, in the Travis, Blanco, Burnet, Caldwell and Hays county special senate election August 14.

What can you learn by noting the height of the early morning clouds during the summer months?

The height of summer cumulus clouds gives you a important weather clue. In the coming summer months you might want to take advantage of this weather omen in making the day's plans.

If the morning's early clouds are low, that means there is a considerable amount of moisture in the air, because the day's updrafts or thermals are not rising very high before they turn into visible moisture droplets.

Chances of rain are better (from thundershowers) than if the clouds form at a great height, which will be an indication that there is not as much moisture in the air since condensation is not taking place as quickly.

*Parental consent is no longer necessary for boys 18 to obtain marriage licenses.

*Students whose parents live out of state can qualify for resident tuition rates at Texas colleges and universities at age 18 if they meet the year's residency and gainful employment requirement.

*Persons who are married, regardless of age, have the status of adults.

*The late President Lyndon Johnson's birthday August 27 definitely replaces Jefferson Davis' birthday June 3 as an official state holiday.

*State contributions to employees' insurance coverage can not exceed \$12.50 per month.

*A new constitutional amendment providing tax exemptions for disabled veterans and their widows and surviving children is not effective without enabling legislation, and the legislation enacted in anticipation of the amendment's adoption is invalid.

OIL ALLOWABLE HELD AT 100 PER CENT--For the 18th straight month, the Railroad Commission set the oil production allowable for September at 100 per cent.

Meanwhile, Commission Chairman Jim Langdon warned the nation is facing a "very critical situation."

The Federal Power Commission, said Langdon, is predicting an 18 per cent reduction in energy fuels this winter as compared with 1972. FPC asked all states to survey winter requirements, supplies available and possible substitute fuels which will be needed to cope with shortages.

Texas' production rate has dropped 26,000 barrels a day, in spite of the 100 per cent production allowable, Langdon said.

Exceptions to the 100 per cent allowable are East Texas Field (86 per cent); Kelly-Snyder (84 per cent) and Tom O'Conner Field (70 per cent).

CREDIT INSURANCE HEARING SET--The State Board of Insurance has scheduled a September 13 hearing on credit insurance rates.

A survey indicates the rates may be 20 per cent too high, according to Board Chairman Joe Christie.

If this is true, said Christie, they must come down.

Credit insurance is designed to insure payment of loans for installment plan purchases in event the borrower dies, becomes disabled or is otherwise unable to meet his payments.

It is not supposed to be a profit-making proposition for the seller or creditor, said Christie, but to provide protection. Consumers in three-fifths of the other states pay lower premiums for the protection than Texans do, according to the regulatory agency head. Texans pay 75

cents per \$100 indebtedness per year for credit insurance.

APPOINTMENTS--Bill Ward of Weatherford, Joe Dean of Groveton and Charles Griggs of Sweetwater were named to the Texas Civil Judicial Council by Gov. Dolph Briscoe.

Rep. Bill Healy of Paducah and Rep. Fred Head of Truett were appointed by Speaker Price Daniel Jr. to the Legislative Budget Board. At the
