PROPOSED TRI-COUNTY BUILDING . . . Don Harmon of Tri-County Savings and Loan Association of Muleshoe reports that construction will be started in the near future on the new home of Tri-County. The outside of the building located at 302 Main Street will be covered with marble and a

canopy will be built covering the sidewalk. Windows will be cut in the building providing natural light. The inside will also be redecorated. Harmon said they are expecting to open in their new building sometime in the spring.

Following the address by Congressman Mahon, Tarter and Leon Grissom, Chairman of the Parmer County Soil and Water Central Plains Conservation District, performed the natural groundhead line med the actual groundbreaking ceremony. This was done with MH/MR Center a golden shovel and a wheelbarrow full of dirt from the construction site.

It has been reported that the original efforts on the Running Water Draw Watershed project were started back in 1959.

The project covers 227,782

acres in five counties span-

#### Cotton Market News

Western cotton markets were more active than a week ago, according to the Agricultural Marketing Service, USDA. Demand was strong for most qualities with staple 31 and longer. Demand for shorter qualities was weak. Foreign and domestic inquiries increased, Most domestic mills, however, had previously contracted cotton for current needs. Supplies of uncommitted cotton increased because of increased harvesting Cont. on Page 2, col. 1

ning across the state line into New Mexico. Counties involved include Curry County, New Mexico, Parmer, Castro, Swisher and Hale Counties of Texas.

There are three flood control structures planned, one in New Mexico, and two in Texas. The two on the Texas side are both located in Parmer Jury Rules Against County.

Besides the dam to be constructed on Catflish Draw (the groundbreaking site), another will be built just inside the county east of Lazbuddie.

In addition, some four dams are programmed for the lower trict Court in Plainview Thurs-Running Water Draw in Castro day afternoon agreed with Hale and Hale Counties. Groundbreaking was schedul-View Livestock Farm would

#### Mrs. Sam Damron Receives Distinguished Service Award which was attended by about diseases for Dr. Bartholomew

Mrs. Sam Damron was presented the Distinguished Service Award from the Arthritis Foundation at the annual meeting of the West Texas Chapter in Midland November 10th. The award was made at the luncheon at the Midland Country Club 150 laymen and doctors from the area. The award was presented, along with four others by Mabry Peel, president of the chapter from Lubbock.

In presenting the award, Peel cited Mrs. Damron's diligent efforts in founding the Muleshoe Unit of the Arthritis Foundation in 1972, raising over \$1200 the first year; and in stepping in the last minute to "chair" the Victory Drive in 1973 when the appointed chairman was not able to continue, raising nearly \$1900 this year on a countywide basis. Mrs. Damron also serves on the board of directors of the West Texas Chapter of the Foundation.

Mrs. Damron states that she is very proud to have received the award but feels very humble in doing so, because the real credit goes to the many who helped in making these drives so successful. She especially wishes to acknowledge the steering committee members: Mrs. Randy Johnson and Mrs. Herbert Griffiths.

Dr. Bruce Bartholomew, Rheumatologist, Associate Professor at Texas Tech University School of Medicine spoke at the luncheon meeting in Midland and explained that the Medical School will serve as an information and consultation source for area physicians, as well as a research center in the rheumatic diseases. To assist in this program the West Texas Board agreed to provide \$7,100, which will be matched by the University, to equip the laboratory space in rheumatic

and his associates.

The Chapter Board also voted to add \$10,000 to its already established fellowship fund for use by a graduate student at Tech Med School and to establish a preceptorship program with \$3,000 for use by an undergraduate student at the school. By so doing, a student will receive his medical degree with particular knowledge in rheumatology and might, therefore, become interested in choosing this as a specialty as a graduate student. It is hoped, by the Chapter, that in this way more specialists will be in practice in West Texas in the future, Mr. Peel, Chapter President, said.

The Chapter will also provide \$33,000 next year for the national programs of research and education and training, Peel

Dr. J. Steven Strong, Rheumatologist, Tucson, Arizona, Director of the Arthritis Clinic at Pima County Hospital, was the other speaker at the luncheon meeting, explaining some of the details of research being done in arthritis. He said that research is under way to understand the process of rheumatoid and other forms of arthritis. Much is now known although the mystery is not yet solved. When it is learned how the changes come about in blood, tissues, fluids and bones the next step will be to find something to interrupt this process,

he explained. There are many drugs now Cont. on Page 2, col. 1

#### First Hard Freeze. Recorded In County Winter finally arrived in the area. Bumper crops were made

Muleshoe area Monday on the heels of a West Texas sand-

Winds gusted to 40 miles per hour at times filling the air with dirt and blowing debris around town.

Following the sandstorm, temperatures plummented to 26 degrees early Tuesday morn-ing, bringing the first really hard freeze this fall.

This year has brought a rare fall to the plains of West Texas with 1973 recording one of the latest freeze dates in several years. Precipitation has

also been sparse this fall. Farmers have had an outstanding year for crops in this

on corn, both ensilage and shelled, and on grain crops. Corn and grain were harvested this year at a relatively early date, compared to past years.

Cotton harvest was just beginning to get into swing on the South Plains when this cold blast interrupted stripping. The lag should allow gins to get caught up and this should ease the cotton trailer shortage in some areas.

If the weather clears up in the next few days, the South Plains will be plummented into a fast-paced cotton harvest with farmers expecting to get top prices this year for cotton as they did for corn and milo

this year. Latest estimates show that Bailey County itself should produce about 70,000 bales of cotton this year.

For Six

Dishwashers

Sears, Roebuck and Co. is

continuing its efforts to locate

owners of six models of por-

table dishwashers because of a

possible safety-related defect.

Iris Clements, store manager of Sears in Muleshoe, said the

models can be identified as

and ginning. The bulk of current ginning, however, continued to be delivered against previous commitments. In general, growers offered available supplies freely. Most offerings were readily absorbed into marketing channels. Spot prices fluctuated during the week, Harvesting efforts made good progress over most of the Western Region. The San Joaquin Valley harvest was slowed by rain early in the week. Harvesting had resumed by midweek. Many Arizona and California growers were picking for the second time. Portions of Texas and Oklahoma had mist and fog during the week. Harvesting efforts were slowed, allowing some gins to catch up on their backlogs of seed cotton. Some Central and South Texas fields were still too wet to support harvesting equipment. Harvesting efforts were expected to continue to expand in New Mexico, the later har-Texas and in Oklahoma,

fying effects with long term help, A new immuno-suppressive drug, cyclophosphamide known as cytoxan, has brought great improvements in patients but can have serious side effects. These drugs must be used only under trained physi-

cians, Dr. Strong emphasized. None of these drugs are the final answer. Through research new methods are still being sought to interrupt the natural history of the course and process of the disease. In the last 10 to 12 years orthopedic surgery has made great strides in helping arthritics crippled with the disease. Physicians must work with the surgeons to determine who is qualified for surgical help,

Particularly successful and gratifying in surgery is total hip replacement and foot surgery, Dr. Strong reported. Great strides have been made in knee surgery, both partial and total joint replacement. Not all patients are proper candidates for such procedures. The decision must be made by the

physician and surgeon, he said. Dr. Strong said that there is still much quackery in the treatment of arthritis, particularly among doctors in Mexico. Several deaths have been reported among patients seeking treatment there, and he says the public should be particularly warned about this.

When questioned about the benefits of acuprincture to arthritis, he said that the main effect of acupuncture is naalgesic, and that relief when experienced would be only temporary. The symptoms of the disease still remain after acupuncture treatments.

Mrs. Damron states that if you wish any further information or pamphlets, you can contact her or the West Texas Chapter office of the Arthritis Foundation at 2101 West Wall St. in Midland. There are locally racks of literature at the West Plains Hospital and at Damron Drug.

#### Sears...

Cont. From Page 1

at 272-4216 for inspection as soon as possible.

Sears said it has reported the possibility of a malfunction to the Consumer Product Safety Commission. There have been no reported injuries.

Sears also sells other models of portable dishwashers. These dishwashers are not affected.

Then there was the man who favored free trade because he thought it meant he wouldn't have to pay for the goods he got.

#### Editorial

#### Thanksgiving, 1973

Our American Thanksgiving Day dates officially from 1863 when the nation was locked in a sectional struggle. At that time Mrs. Sarah J. Hale, who had been proposing a national day of thanksgiving for decades in Boston and Philadelphia as a magazine editor, wrote to President Abraham Lincoln-who in October of 1863 issued the first Thanksgiving Proclamation.

There had been earlier thanksgiving days; some date the American observance to the days of the early settlers of the nation-who gave thanks for their food supply and the opportunity America offered. The first probably occurred in the Plymouth Colony in 1621.

There have also been observances in other lands but few countries had adopted annual thanksgiving days prior to the American custom. An international thanksgiving day was held in Washington in 1909, having been conceived by the Rev. Dr. William T. Russell of St. Patrick's Catholic

Thus the American Thanksgiving Day, this year on the 22nd, is uniquely American. In 1973 it finds us blessed with both great wealth and peace.

In giving thanks for the many blessings all Americans enjoy, we can resolve to build a better community and a greater nation-for in spite of our blessings and accomplishments, there is still much to be done in the building of our

medical profession, county and city governments, school officials, church and civic leaders will receive invitations to attend. The Center services persons with emotional problems in a nine-county area regardless of age, sex race or financial resources.

"The Center is dedicated to helping the people in Bailey County live more satisfactory lives. Our professional staff is ready at all times to help with their problems," Allen said.

The dinner meeting will feature Center staff to explain the use of Center services, About 60 people are expected to attend.

#### WASHINGTON REPORT BY Lloyd Bentsen.

United States Senator

NEED FOR NATIONAL UNITY It is vital, as we go through the agony of a severe crisis in confidence that Americans seek unity of purpose in pursuit of foreign policy goals and the protection of our nation's security.

And, in this regard, it is of equal importance that there be no misconception about our national resolve by either our friends or our adversaires abroad. We cannot blink away facts--

however unpleasant they may be. And the fact is that events of recent months have caused divisions, mistrust and uncertainty in the leadership of the United States government.

The fact that looms largest in our national life today is that we are in the midst of a crisis of leadership, Surveys, mail, personal discussions; all indicators give witness to the unpleasant truth that confidence in our national government is at a low ebb.

The most crucial task facing those of us in public office today is the job of restoring the faith and trust of the American people; not only in their institutions of government, but also in themselves as a nation of compassionate, law-abiding citizens.

EASIER TO DESTROY THAN BUILD

It won't be easy. It is much more difficult to weave the fragile fabric of trust than to tear it apart. It is much harder to build

up a platform of conficence than to pull it down. And the difficulty of the task

is increased by the realization that divisive forces within our country and exploitive forces from without may misinterpret our position, our direction and our national resolve. There must be no question

of that resolve. There must be no appearance of wavering.

The security of this nation and the prospects for world peace will be threatened if we

AUSTIN -- Usually, when a ing on this problem with the new scheme for taking advantage of people who have managed to put away a few hardearned dollars comes on the horizon, it is short-lived. Some of these schemes are

referred to commonly as "con" games, because the originators or practitioners are "confidence men" who have the type of personality or spiel to gain the average person's trust, and convince that person that he stands a chance to "get rich quick."

But the consumer's confidence threshold drops to zero as soon as he or she begins to suspect that not only is there no pot of gold at the end of the "con man's" rainbow, but the savings invested in a fraudulent investment program are endangered.

As soon as the dream dust evaporates, the deluded consumers begin to complain, and about the time that they do, the purveyors of dreams begin to disappear, along with the money they have taken.

The Attorney General's Consumer Protection Division staff often has observed that just about the time a rash of complaints springs up about one deceptive practice, the operators have begun to pack up to try their game in another state. Or, they may turn up later as the objects of another type of complaint.

That is the reason, as we have stated previously, that we are working for coordination of consumer protection efforts between Texas and other states and Texas and the federal government--to put dishonest operators out of business entirely.

Obviously, Texas consumers who had been lured into deceptive commodites futures options schemes had reached their saturation point by the end of August.

They have complained of losing large sums of money from purported purchases of "options" on commodities such as silver, grain and other items important to international trade. The hitch was that the self-styled dealers did not have any claim to or control of the options they were of-

When this problem came to the specific attention of our office, the Attorney General's staff immediately started work- 1\_\_\_\_

State Securities Board. On September 13, we issued a joint declaration that commodities futures options are securities, and therefore must be licensed and regulated by the State. I appointed a special inves-

tigatory task force headed by Joe K. Longley, chief of my Consumer Protection Division, and Bill Flanary, as assistant attorney general who has specialized in securities cases. Their work and efforts by other state, local and federal enforcement groups led Dallas District Judge Dee Brown Walker to convene a court of inquiry on the commodities options business, now in progress.

In the meantime, two other Dallas trial courts have upheld our declaration that commodities futures options are securities subject to regulation, but an Austin court has

decided to the contrary. Our efforts are aimed at protecting Texans from commodities options offers which are misleading; some of which may be deceptive to a criminal degree.

There are legitimate futures contracts in the commodities field being offered through members of the Chicago Board of Trade and members of stock exchanges who engage in a highly sophisticated level of accounting in international trade.

These regulated brokers would be quick to caution you against banking all your assets on the hope of "getting rich quick" in a speculative mar-

Beware of anyone who tries to sell you on "a sure thing."

House Agriculture Committee hearings, which ended this past week, made it clear that some changes are required in laws regulating Commodity Futures Markets. Those hearings confirmed there has been some abuse of the existing system of futures trading. It was also clear that futures trading does serve a useful purpose in leveling out the price fluctuations of certain commodities between the farmer and the processor handler and that both producer and consumer bene-

Because of the complexity of this matter, the Committee voted to set up a select ad hoc subcommittee to make a further study of the effect of current commodity law and to make specific recommendations to the full Committee for appropriate changes. In appointing this subcommittee, Chairman Bob Poage stated,

"this is a very specialized subject and one which requires considerable time and study." I was appointed, along with four of my colleagues, and will serve as the subcommittee's ranking Republican member.

The full Committee did direct that the Commodity Exchange Authority, which regulates the futures markets, remain within the Department of Agriculture turning down a suggestion to make it an independent agency like the Securities & Exchange Commission which country's leadership as a result regulates the stock markets.

The new subcommittee is of the past several months. charged with no easy task but the results could have an important impact upon commodferences, the ability of the Unitities markets. One of the commodities exchanges alone, fectively pursue its foreign polthe Chicago Mercantile Exicy goals must in no way be change, will do \$140 billion in transactions this year, and

has more than a thousand registered representatives Texas.

An attempt will be made in the House of Representatives this week to override the President's veto of the War Powers Bill. This bill would restrict the President's military authority and thus undermine his diplomatic influence. As much as none of us wishes to find ourselves waging war, it would be most unwise to limit the power of the President as Commander-in-Chief of our Armed Forces. We cannot limit his powers if we are to expect him to be able to negotiate effectively along diplomatic lines in the interests of world peace. I opposed the War Powers Bill when it pass-

ed the House originally and I

shall oppose the scheduled at-

tempt to override the veto.

The Congress this past week began its deliberations on the nomination of my friend and colleague Gerald Ford as Vice President of the United States. The Senate Rules Committee opened its hearings on the nomination; and House Speaker Carl Albert, who is next in line in Presidential succession until Ford is confirmed, stated the nomination should go forward in the House. The chairman of the Senate committee said he looked for a Senate floor vote on the Ford nomination well before Thanksgiving." Hopefully, the House will also act that quickly.

There're any number of people who could run the nation's foreign policy better but, fortunately, they're not in the White House.

# Quincianera For Miss Noelia Anzaldua

Her 15th birthday for Noelia Anzaldua will be celebrated with a Quincianera. A beautiful and symbolic ancient Spanish tradition at which time a girl has reached an age where she is capable of accepting responsibility and can be given certain amount of liberty will be hosted by Noelia's parents, Senor and Senora Elias Noe' Anzaldua, Friday evening, November 23, 1973, beginning with a Mass at 6:30 in the Immaculate Conception Catholic Church of Muleshoe.

The Mass itself consists of prayers of Thanksgiving to God that this young girl has reached her 15th birthday and will be conducted by Father Tim Swartner, assisted by a Marachi band and choir from Clovis who will sing the responses in the Mass. This is the first time in Muleshoe that a band and chorus has participated in a Mass and will be a most meaningful ser-

Everything in the Quincianera is representative of Noelia's 15 years. She will enter the church with her parents, and her God Father and God Mother, Senor and Senora Aurelio Cuevas, followed by her attendants each representing a year in Noelia's life.

The Damas and Chamberlines will be Alma Leal, the honoree's cousin, escorted by Joe Etizarraraz; Peggy Lopez and Frank De Leon; Eva Lozano and Nayo Gallegos; Ester Lucero and Roy Anzaldua, brother of Noelia; Alice Lopez and Ray Velardi; Vicki Posadas and Lorenzo Baca; Patricia Fabela and Richard Castorena; Anna Hernandez and Joe Flores; Francis Baca and Carlos Elizarraraz; Lupe Albundez and Arthur Pedroza; Linda Balderas and Joe Smith; Helen Balderas and Jesse Duran; Vivian Rodriquez and Val Rodriquez, both of Littlefield; and Chubby Leal and Hector Leal, Noelia's cous-

Ushers will be Noemi Anzaldua, the honoree's sister, and Richard Garcia, Honored guests will be Mr. and Mrs. Freddie Anzaldua of Omaha, Nebraska, her brother and sister-in-law; and aunts and uncles, Mr. and Mrs. Lupe Garza of Houston; Mr. and Mrs. Balde Marroquin of McAllen; Mr. and Mrs. Segundo De La Cerda of Mercedes; Mr. and Mrs. Fransico Dominguez of Mercedes, and Mr. and Mrs. Jesse Leal of

The Quincianera tradition was brought into Mexico by the Spaniards during the 15th century. Viola and Noe' Anzaldua, Na-

ried the custom to Muleshoe when they came here in 1957. Their oldest daughter Noemi Delores was honored with the first elaborate Quincinera in Muleshoe in August, 1971.

For her Quincinera Noelia will be dressed in the traditional long white formal of whisper dotted chifon highlighted in silver metallic. A white lace mantilla will grace her head.

Her attendants will be all dressed alike in salmon colored silk with a pattern of yellow, green, and rose colored flowered material drapped over the floor length dresses. Mrs. Milton Oyler made all of the dresses, The Chamberlines will wear formal tuxcidos,

The celebration will move to the new Catholic Center for the reception at 7:30. The Damas will toast the honoree. The birthday cake will be cut and served. The birthday cake will be a spiral creation with 14 dolls which Noelia's mother dressed in gowns identical to the ones worn by the attendants. The cake on top will actually be made into a girl wearing a white formal like the honoree. Another cake with tieres will have a colored water fountain in the center of the bottom tier. The champagne will be served from a flowing fountain.

Hostesses will be Senora Alicia and Sulema Bendoza both of Clovis, Juanita Balderas, Terry Cabrera, Lupe Yuregas, Frances Perez, Irma Leal, Noelia's Aunt; and Adelina Madrid, all of Muleshoe. These women will be dressed in different shades of green sheer chiffon floor length formals.

The actual presentation of the Quincianera will be made by Muleshoe Mayor Alex Williams assisted by his wife. Mr. Williams will remove the mantilla from Noelia's head replacing it with a crown representative of 15 birthdays.

Junior Perales of Hereford and his 12 piece orchestra will play Mananitas, Happy Birthday. Vicente Robles, radio announcer of the all Spanish radio stagion in Lubbock, will be Master of Ceremonies.

The most touching moment will be the first dance, a waltz, which Noelia will dance with her father then she will dance with her escort, Ray Bara and the Damas and Chamberlines

Fifteen gentlemen will toast the birthday girl. They will be

THIS ONE DIDN'T GET AWAY . . . . . . . Derrel Nowell caught this fish November 16 in Acapulco

Mexico. It weighed 131 pounds and was nine feet three inches long. Mr. and Mrs. T. L. Timmons and Marjorie Martin accompanied Nowell on the three day trip to Mexico City and four day trip to Acapulco. Sightseeing, fishing and parting made the trip which was won through Buckner even more exciting.

Seniors Jesse Leal, her uncle; Benny Mendoza of Clovis, Juan Madrid, Father Tim Swatner, Charles Issac, Lindal Murray, Aurelio Cuevas, her God Father; Salomon Madrid, Gene Lowe, Lupe Martinez, Gil Lamb, Alex Williams, Gilberto Arzate of Clovis, David Mendoza of Clovis, and Raymond Roubinek. In unison they will break their

champagne glasses.
The dance will start at 8:30 to the music of Junior Perales of Hereford and Los Rebeldes of Littlefield in the Catholic Center which will be decorated in a Camelot setting with chandeliers hanging from the Noelia Anzaldua was born in

1958 in Mercedes, Texas, and has lived in Muleshoe all of her life. The Anzalduas own and operate El Jacalito Tortillo Factory, and perhaps the most beautiful part of this elaborate celebration is that Noelia like her older sister Noemi works at the Tortilla Factory and made her own money to pay for the Quincianera so her dreams would come true of a Magical, Spanish traditional 15th Birthday.

#### Eastern Star Elects Officers

The annual observance of the Grand Cross of Color, the Honorary Degree in the Order of the Rainbow for Girls, was held Monday evening, November 19th at the Corral. Dinner was served at 7:00. The meeting was called to order by the president, Mrs. Mike Miller, and the Invocation was given by Ernest Kerr.

Minutes of the 1972 meeting were read and approved. At the conclusion of the meal, Mrs. Miller read the Bread Service and appointed Mrs. Lindy Schuster and Mrs. Wayne Williams to serve. The following officers, for 1974, were elected by acclamation: President, Mrs. Ernest Kerr; Vice-President, Mrs. Wayne Williams, and Secretary, Mrs. Mary Farley (Re-elected).

Mrs. Kerr appointed Mrs. Alton Epting and Mrs. Bobby Free on the Decorations Committee. (Re-appointed)

Attending were Mr. and Mrs. Ernest Kerr; Mr. and Mrs. Alton Epting; Mrs. Mike Miller; Mrs. Lindy Schuster; Mrs. Wayne Williams; Mrs. Nelda Hunt; Mrs. Alex Williams; Murrell Brown, Elizabeth Harden and Mrs. Mary Farley.

The tables were in the form of a Cross and a large styrofoam cross adorned with floral arrangement, the colors of the rainbow and a Rainbow Bible with colored ribbons completed the decor.

The 1974 meeting will be held November 18th. Time and place to be announced later. Murrell Brown gave the Ben-

#### Market Keport

COLLEGE STATION -- Turkeys have gone the way of all food this year--up in price,

notes Mrs. Gwendolyne Clyatt. "Expect to pay 25-30 cents per pound more than last year," the consumer marketing information specialist, Texas Agricultural Extension Service, Texas A&M University System. said.

"Fryer chickens, on the other hand, are considered the biggest bargain in most retail meat departments. Specials feature the whole bird as well as fryer breasts, legs, drumsticks and thighs," the specialist continued.

"When buying eggs, remember this rule of thumb: if there's less than a seven-cent price spread per dozen eggs between one size and the next smaller size in the same grade. the larger size offers the best buy."

specials on Boston butt roasts, fresh picnic roasts, shoulder steaks, quater-loins cut into chops, smoked picnics, semiboneless hams--both whole and half portions -- and some brands of bacon and roll sausage, she advised.

"Also, keep an eye on the ads--comparative shopping can result in real values.

"The most frequently featured beef items include beef chuck steaks and roasts, round steaks, ground beef and beef Attractive prices also liver. may be found on porterhouse. sirloin and T-bone steaks."

Turning to produce departments, Mrs. Clyatt noted that most fresh fruits and vegetables carry moderate price tags -- with excellent quality.

"Plentiful, flavorful and attractively-priced, hard shell squash is high in vitamin A. Cabbage, broccoli, Brussels sprouts and cauliflower are in peak seasonal supply -- with cabbage carrying the lowest price tag of the group and Brussels sprouts the highest.

Other good vegetable buys include carrots, rutabagas, celery, sweet potatoes, bulk turn-

WINNERS TO BE ANNOUNCED

Please write FOOTBALL CONTEST Muleshoe Publishing Company Box 449 Muleshoe, Texas on envelope of mailed entry.

#### Read the rules... Start Winning **RULES OF THE CONTEST:**

- 1. The contestant must be 12 years or older.
- 2. Only one entry per person may be made for any one contest.
- 3. Weekly contests are open to everyone except employees and families of this newspaper; bring or mail your entries to the Journal office.
- 4. Mailed entries must be postmarked not later than 5 p.m. Friday; winners names will be published in this newspaper each Thursday following the close of the weekly
- 5. Check the team you think will win; 10 points for 1st place, 6 points for 2nd place and 4 points for 3rd place determines the Grand Prize winner.
- 6. The tie-breakers will count as one of the games picked, the predicted scores will be used to determine the top three places in that week's contest, if necessary, and cash prizes and points will be divided between winners in event of ties. Please write FOOTBALL CONTEST on envelope of mailed entry.

Decision of the Journal's scoring judges will be final.

STATE

AUSTIN, Tex .-- A new group

is seeking to improve cooper-

ation between state and federal

law enforcement officials in

Atty. Gen. John L. Hill and

U.S. Attorney William S. Ses-

sions of San Antonio are co-

chairmen of the "Federal-State

Law Enforcement Coordinating

The organization is described

as an outgrowth of discussion

over a several months' period

Some of the state's top pros-

ecutors of both state and fed-

eral jurisdictions, Federal Bur-

eau of Investigation agents and

Department of Public Safety of-

ficials met privately in Hill's

office last week to formalize

history," Hill said of the meet-ing. "It's the first time there

has ever been such a gathering

of law enforcement-policy mak-

ing people in this state. It is

only a first step, of course,

but the lines of communication

are open, and we all have a lot

to gain, if we exert the ef-

Hill and Sessions expressed

optimism about prospects for

success. They said state and

federal law enforcement offi-

cials have a strong mutual de-

sire to work more closely to-

gether and deal more openly

The two attorneys predicted

state and federal law enforce-

ment officials, and the public.

will gain from better coordina-

forts and intelligence re-

FARMERS STEW OVER FUEL

CRISIS -- Texas farmers have

been having serious problems

getting necessary diesel fuel

and combine grain sorghum due

to "mass confussion" over fed-

eral fuel allocation regulations.

federal officials, some dealers

were still slow to make sales

because they feared prosecu-

tion if they acted under infor-

mal agreements passed along

to them. Agriculture commis-

sioner John White joined Gov.

Dolph Briscoe in demanding

"immediate positive action" at

Rep. John Newton of Bee-

ville announced at a national

energy crisi meeting in Bos-

ton a top federal Department

of Interior official had assured

him the problem will be worked

out in 10 days to two weeks

(from last weekend). Newton

said he was informed that users

will be able to draw their al-

fuel rather than on a month-

The hitch has been that al-

locations were based on the

amount of fuel used in Novem-

ber, 1972 -- a low usage month

SOUGHT -- The State Welfare

Board last week discussed a

ulgated and enforced for St. Charles Bay where the Secretary of Interior has not asserted jurisdiction. \*PWD may not adopt regu-

lations for enforcing hunter safety on private tracts of land, \*Maximum salary of a Nueces County court at law judge is \$20,000 a year. \*The Texas State Historical

Survey Committee can use a professional fees and services allocation to pay salaries. HEARING SET -- The Railroad Commission has set a hearing November 26 to determine pos-

sible need for a mandatory statewide gas apportionment locations when they need the program. The hearing will first explore whether the available supply of natural gas can be voluntarily shared or apportioned

on an equitable basis among gas utilities to alleviate threatening shortages. The Commission said it feels it has the statutory responsibility to protect the public interest on a statewide basis and proposes to issue rules and

orders to prevent or lessen empact of gas shortages. APPOINTMENTS -- Governor Briscoe appointed Ted Ture of Athens to the Texas Arts and Industries board of directors.

Briscoe also named Michael

R, Sharp of Dallas director of the state program on drug abuse in the department of community affairs and George A. Smith Jr. of Dallas and James T. Hale Jr. of Houston (reappointment) to the Texas board of private investigators and pri-

Unemployment

Lt. Gov. Bill Hobby has been appointed chairman of the committee on energy and natural resources of the National Conference of Lieutenant Governors. SHORT SNORTS

ers will be reduced -- threetenths of one per cent -- effective January 1. Daiwa Spinning Company of Osaka, Japan, will locate the most modern textile mill in

the South Plains Cotton country, with an initial investment of \$15 million. The Coastitutional Revision Commission has opened an information center to answer

questions about the proposed

new state constitution. Answers can be obtained by dialing tollfree 1-800-292-9600. An Insurance Board hearing on requirements for price disclosures and cost comparisons on life insurance has been re-

scheduled for December 11. A beautification plan has been agreed on for the old state capitol site (near the governor's mansion and present capitol).

J.C. Dingwall, former chief highway engineer, recently received the top honor for highway engineering from the American Association of State Highway Officials in Los Angeles.

Dr. J.W. Edgar, commissioner of education for more than two decades, announced he will reture June 30, 1974, and a special board of education committee has been named to screen possible successors.

#### One Fatal Accident In October

The Texas Highway Patrol insurance investigated four accidents on payroll taxes for many employrural highways in Bailey County during the month of October, according to Sergeant Keffer. Highway Patrol supervisor of this area.

These crashes resulted in one person killed and two persons injured.

The rural traffic accident summary for this county during the first ten months of 1973 shows a total of 43 accidents resulting in three persons killed and 32 persons in-

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for October, 1973 shows a total of 664 accidents resulting in 31 persons killed and 377 persons injured as compared to October. 1972 with 605 accidents resulting in 20 persons killed and 280 persons injured. This was 59 more accidents, 11 more fatalities, and 97 more injured in 1973 at the same period of

The 31 traffic deaths for the month of October, 1973, occurred in the following counties: Moore, Lubbock, Wichita, Wise, three each; Dallam, Hale, Jack, Lamb, two each; Carson, Castro, Deaf Smith, Donley, Gray, Oldham, Randall, Wheeler, Bailey, Clay Knox, one each.

#### **ENGINE** OVERHAUL

#### At Muleshoe Junior High

#### Mules Run Past Friona

The Mules kicked to Friona in the second half. Friona still couldn't get a drive started and they had to punt. The Mules got the ball on their 30. One play later, Mike Silguero threw a 70 yard touchdown pass to Danny Wilson. This time Mike Silguero ran it in for the two extra points. The Mules

again kicked but Friona just couldn't put together a good drive. The Males got the ball on the Friona 40. After a first down play, Edwin Watson ran 30 yards for the Mules 5th touchdown. The conversion failed and the game ended with the score 32 to 0 for the Mighty Mules.

The B team ended the season with 5 wins, 2 losses, and 2 with five wins, two losses, and two ties. This is the best the B team has done in five years. Congratulations to the B team and Coach Ronnie Clifton for a great season.

#### Basketball Season Begins At MJHS

The Mules have started bas-ketball and are working very Unlike football, everydoesn't have to play basketball. Some of those who want to play may have to be dropped of the roster because the squades can't be too large. This year coach Clifton will be coaching the A team and Coach Peyton will coach the B team. In a few days the coaches will drop a few of the A team players down to the B team; and, probably have to drop some of the B team players from the roster completely. The people who don't play basketball will go into a P.E. class until track starts. The players on the B team may not stav there for long.

If they work hard and get better than a person on the A team, they will take that person's place; and, he will move down to the B team. The Miles will come back after Thanks-giving and play their first game Menday the 26 here at 4:30. Be sure and back the Mules basketball team and come to the game Monday.

#### '73 Football Review

by Edwin Watson

This year the eighth grade A and B teams had the best season of the eighth grade in four years. The B team season ended with, 5 wins-2 ties-2 losses, They scored 92 points; and, the opposition scored 64 points. The A team had, 6 wins and 3 losses. They scored 122 points; and, the opposition scored 86 points. Congratulations to both teams for a great football season. Good luck in basketball!

#### Seventh Grade Super Bowl **Held Monday**

by Davy Poynor & Dickey Sudduth

On Monday, November 12, the Seventh grade Super Bowl was played at the High School stadium. The teams for this Super Bowl were combined from the regular season. The Sooners, white, were made up of the Raiders and the Cowboys, coached by Coach Payton. The Unknowns, black, were made up of the Dolphins and the Redskins coached by Coach Weis.

Coach Stout, the referee, flipped the coin and the Sooners won the toss. They elected to receive. Earnie Vela kicked off to Jeep Shanks; and, he returned it to the 40 yard line. There was no scoring in this drive; but, Jeep Shanks made a few good runs. This was

**EVERYDAY VALU-PRICES** 

how the first quater sent with no scoring and some good defense. In the second quarter, however, there was some ex-citement when Jeep Shanks scored from 60 yards out for the Sooners. This run was called back, though, because of a clip.

The second half was played with good defense and some good running from Ernie Vela and Charles Briscoe for the Unknowns and one interception by Wayne Ware. This was a truly hard fought game; and, it ended in a 0 to 0 tie.

#### Holiday

The students of Muleshoe Junior High were dismissed Wednesday, November 21, at 2:30 for the Thanksgiving holidays. Classes will resume Monday, the 26th. Have a happy holiday!

#### Thanksgiving

by Jamie Small and Vicki Wil-

#### Children's **Book Week** Observed

by Shari Harlin This week from November 12-18 is Children's Book Week at the Muleshoe Schools. This is to emphasize the theme LIVE! READ: These words are displayed on bulletin boards and posters. This is to help the students to read more books. The students at Muleshoe J mior High go to the library at their regularly scheduled periods and at activity period. Although there are many books checked out of the library each day, we would like to encourage all of the students to read

more and more.

This week we decided that since Thanksgiving is rapidly approaching we would interview students at M.J.H.S. and figure out what they think Thanksgiving

Here are just a few of the things that were said. Thanksgiving is . . . a time for happiness, getting out of school, eating, seeing all my relatives, turkey and dressing and ten pounds, a holiday, and sleep-

Thanksgiving is all this and much more, and we hope that everyone has a very happy one.

#### An Observation

A modest girl never pursues a man. A mouse trap never pursues a mouse,

-Hoist.

Sometimes it's profitable to turn down a bargain.

How many real friends do you have?
