NIGHT TRAINS TO BE RESUMED

Courier readers will recall the effort made by the Courier some time back to have the night passenger trains reinstated on the Gulf division of the I-G. N. railway, as operated through Crockett. They will also recall the correspondence between Mr. T. A. Hamilton, president of the railroad, and the Courier editor, regarding the resumption of these trains, Mr. Hamilton's letter, replying to an editorial in the Courier, being published at the time. The Courier, answering Mr. Hamilton's letter, pointed out that a night train service was then in effect between Palestine and Houston by way of Valley Junction that should be operated through Crockett, which is the direct route. Information then came to the Courier that night passenger trains would soon be resumed through Crockett over the I-G. N., but such contemplated resumption was denied by Mr. Hamilton in a letter to the Courier, although the Courier's information had seemed to come from a perfectly reliable source.

The Courier is glad to now state authoritatively that the night passenger trains will be resumed next Sunday, for which schedules are now being arranged by the railroad company. The southbound train will leave Palestine at 12:01, pass Crockett between 1 and 2 o'clock and arrive in Houston about 6 in the morning. The northbound train will leave Houston at 11 o'clock, pass Crockett at about 4 in the morning and arrive Palestine between 5 and 6 o'clock. Both trains will make all the local passenger stops, carrying mail and express and passenger equipment, including sleeping car and affording direct service both ways between Houston and St. Louis.

These trains are badly needed at Crockett. The daylight train service at Crockett has been all that could be desired, there being both local and through trains both ways, but mail, express and passengers missing the day trains had to wait until the next day before getting out. The evening's mail and express should travel at night and reach its destination the next morning or as early thereafter as possible, and many people, especially business men, like to travel at night and save time. They do not like to throw away a day in travel if it can be done at night.

The Courier, which is published Thursday afternoon, will now

be able to reach many railroad destinations by Friday morning, while heretofore the mail did not leave Crockett until Friday.

HOUSTON COUNTY FINANCE REPORT

The attention of the reader is invited to the finance report of Houston county as published in another place in this paper. The Courier wishes it had the time to give a detailed review of the county's finances, but as time space are limited, that cannot be done here. Those who have read the Courier in the past will recall that county scrip has been at a 20 per cent discount at various times. Those who have possessed this scrip will readily recall the 20 per cent discounts which they had to lose when cashing their scrip. The report as published this week shows the county to have a cash balance on hand. As is generally known, this is the first time in many years that the Houston county general fund has had a cash balance to its credit. The county will not be able to run the year out on a cash basis, but if the present improvement in county finances continues, it is believed that the general fund next year will show a balance sufficient for a year's expenses. While it is true that tax payments have been better than heretofore, the Courier is of the belief that much of the credit should be given to the present commissioners' court for its able management of the county's finances. The present court has worked hard to get the county out of debt, and it seems that their efforts are at last to be rewarded with success.

Defamation of Character.

Rev. C. W. Hughes, the Methodist pastor, has returned from Sour Lake, where he appeared as a witness in a case of defamation of character. Mr. Hughes was not only a witness, but the principal plaintiff in the case. The defendant, a resident of Sour Lake, Hardin county, was under indictment for writing letters to various citizens of Houston county in defamation of the character of Rev. Mr. Hughes. A number of Crockett citizens, including Judge Patton, John LeGory, Ed Moore and others, attended the trial, some as witnesses and others as friends. The man under indictment was found guilty and assessed a fine of \$500. Mr. Hughes and friends feel that not only justice has been meted out, but the law vindicated and upheld.

ANNOUNCEMENT AND STATEMENT

To the Voters:

I desire to say, in making my announcement for re-election to the office of county commissioner, that I was elected for the first time in 1918, and took the office Dec. 1, same year, and found the county in a state of bankruptcy. It couldn't pay on its indebtedness 50 cents on the dollar. After entering the office I found that over \$6,000 had been squandered by county officials, and this money was returned. This practice in my opinion was the chief cause of the county being in such condition. Another thing I attributed to the cause was the county judge had been allowed to grant claims in the absence of the commissioners' court. This was stopped as soon as possible. The financial condition of the county seemed immediately to improve. The financial condition, as published in the Courier showing condition from Dec. 1, 1918, until Feb. 4, 1919, showed the county general fund in debt \$27,862.28. I also have a copy of the financial condition, as published in Courier, from Dec. 1, 1919, to Mar. 12, 1920, that shows the county general fund in debt \$15,065.03. You will note a considerable reduction. As you remember in 1920 and 1921, we had two bad crop years, and for the year of 1921 there was \$38,461.06 in delinquent taxes published. Of this amount delinquent, there was \$11,177.11 county ad valorem tax, and in 1920 there was \$31,924.67 delinquent tax. There was \$9,960.87 ad valorem tax. These delinquencies were on real estate alone. Those hard crop years caused an increase in the county general fund indebtedness. I also have copy of the financial condition, as published in Courier, from Dec. 1, 1922, to Mar. 1, 1923, that shows county general fund in debt \$1,936.45.

A financial statement of 1923 to 1924 should show the county out of debt, and money in the treasury. I don't claim paying the county out of debt to my credit, but have given this information to the public, for the inspection of those who have repeatedly asked "what has Ab Beathard ever done for the county?" At the same time we have reduced the tax values something like one million dollars. So the burdensome tax has been voted on us by the people.

Petty Burglaries.

A number of petty burglaries have been committed in Crockett during the last few months. The Crockett Bakery was entered Saturday night and the residence of Tom Waller Sunday night, but only small amounts of money were secured.

Visiting the Old Home.

Mr. George H. Grounds of Chicago is visiting the old home this week. Mr. Grounds has been very successful in the second city of America (the first, of course, being Crockett, if you are thinking of New York.) Mr. Grounds makes regular visits to the old home place, a few miles out on the Rusk road, north of Crockett. He was in Crockett Wednesday and a guest of the Lion's Club at its regular noonday luncheon. Responding to an invitation to address the club, Mr. Grounds briefly reviewed this city's progress from the

time he left for the windy city till to-day. He was overjoyed at present progress and the outlook for the future, for which he gave much credit to the Lion's Club. Mr. Grounds keeps up with the city's progress through the Courier, of which he is a regular reader at his home in Chicago.

J. A. BEATHARD FOR COMMISSIONER

Mr. J. A. Beathard announces this week for re-election as county commissioner from precinct No. 4. It would be hard to find a man, woman or child in Mr. Beathard's precinct who does not know him. He has served his people as their commissioner since 1918 and is now rounding out his third term. How faithfully and efficiently he has served them, they well know, and an extended notice or introduction by the Courier is not needed. Mr. Beathard has a letter in this issue of the Courier which explains his services for the county and which should be read by every voter in his precinct. It is unnecessary to say that his candidacy is subject to the democratic party, as he has never been and will never be anything but a democrat. It should also be unnecessary to say that he will appreciate your support.

Alexander Novelty Four.

The opening attraction at the Radcliffe Chautauqua which is soon to be given here will be the Alexander Novelty Four. It is under the personal direction of Mr. J. F. Alexander, who has been a well-known Chautauqua artist for many years. This company will present programs of almost unbelievable variety of instrumental effects, which are greatly enriched by vocal, instrumental and whistling solos and character impersonations.

Startling novelty in the presentation of numerous instruments, featuring solos, duets, trios and quartets, using the popular saxophones, mellophones, violin, banjo, banjo ukelele, piano, Hawaiian steel guitar

SOMEBODY MADE AN OVERSIGHT

Crockett, Texas,
March 17, 1924.

Editor Courier:

In the account of the winners in the County Meet, I notice that mention was made of all third place winners except that of Junior Girls' Declamation. As this honor was won by one of my pupils, Sallie Murray, Porter Springs school, I would like to ask, if it was an oversight in reading the report handed to you, or was it the fault of the "Meet" reporter? The third honor was not so much, but as we competed with the independent districts, we feel that it is only justice to the school to have mention made of what honors we made. In Saturday nights' Music Contest, first place was won in senior girls' duet by Grace and Audye Lynch of our school. There may also be a failure to report this. I feel sure that the mistake is not yours. Thanking you if you make this correction, I am sincerely
Mrs. DuPuy Sheridan.

Referring to the above, the Courier did not preserve a copy of the original report and is therefore unable to place responsibility for the oversight complained of. Wherever the responsibility may be placed, the Courier does not believe the oversight was intentional.

COMMISSIONERS IN REGULAR SESSION

A regular session of the commissioners' court of Houston county was held February 25 with the following officers present: Leroy L. More, county judge; C. C. Warfield, commissioner, precinct No. 1; C. A. Story, commissioner, precinct No. 2; Karl Leediker, commissioner, precinct No. 3; J. A. Beathard, commissioner, precinct No. 4; W. D. Collins, county clerk. The following proceedings were had:

The advisory board of road district No. 3 recommended to the commissioners' court that J. W. Young be employed as legal counsel to prepare all records and get approval of bonds and other necessary legal papers in road district No. 3, and that he be paid \$250 attorney's fee for such services rendered.

Motion carried to transfer

\$1000 from the sinking fund to the current fund of road district No. 8 to pay back to the current fund \$1000 of the total sum borrowed several years ago, to aid in the payment of warrants of that district.

The county clerk was authorized to purchase for the district clerk's office a typewriter of fourteen-inch carriage model, and a typewriter now in the office is to be traded in for not less than \$20.

Acting on petition of twenty-six citizens of the district, the county judge ordered that an election be held at the New Prospect school house on April 5 to determine whether a tax of seventy-five cents on the hundred dollars' valuation shall be levied and collected in this district to supplement the state school fund apportioned to the district. E. S. Musick is to be presiding officer of this election.

The returns of the election held at Percilla on February 16, to determine whether school-house bonds to the amount of \$4500 should be issued and a maintenance tax of one dollar on the hundred dollars' valuation should be levied, were canvassed and in each instance a vote of thirty-five for, and none against, the measure was found.

The returns of the road bond election held at Crockett January 22 were canvassed and the following votes was held as official: Votes cast, 731; for the bonds, 573; against the bonds, 158.

Thirty-three claims were allowed by the court.

More Work From Horses Like This

Reproduced from Actual Photograph

This horse is in poor condition for work because he was not fed properly. His owner has not given enough attention to his feed. If he had been fed right, his skin would be glossy, his eyes bright and his head erect. He would have lots of surplus energy for work.

This horse should have been fed a ration that nourished all parts of his body. Oats or corn are lacking in elements that build muscle, hair, hide, teeth and bones.

You can put horses like this in the pink of condition by feeding Purina O-Molene feed. Thousands of horse owners are using O-Molene—many in this community.

O-Molene feed is a perfectly balanced ration, just the best of grains prepared in such a way that you get the most for your money. It costs no more to use than ordinary feed.

Try it once and you will see that it means better health, which also means more work.

Ask us about it.

GRAND JURY RETURNS NINETY INDICTMENTS

Herrin, Ill., March 13.—Ninety indictments were returned today by a grand jury which has been investigating conditions in Herrin. The jury's report made a number of recommendations to bring about conditions that will avoid recurrence of riots in Williamson County.

The return of indictments today followed a nine-day session of the special grand jury investigating the killing of Constable Caesar Cagle and the shooting of Deputy Sheriff John Lawman on the night of Feb. 8 last.

The indictments include a charge of murder in the killing of Cagle, shooting with intent to kill in the case of Deputy Sheriff Layman and various charges in connection with firing on the Herrin hospital.

The shootings followed a clash between members of the Ku Klux Klan and anti-klanmen, which resulted in state troops being sent here to aid in maintaining order.

Fifty-five of the counts are against S. Glenn Young, dry worker and paid leader of the Ku Klux Klan in recent liquor

raids conducted in the county, which it is said led to the clash between klan and anti-klan factions.

Among the charges against Young are assault with intent to murder, conspiracy, kidnaping and false imprisonment.

The grand jury charged that "S. Glenn Young, who is not a citizen of Williamson County, assumed to take over the government of the city of Herrin by unlawfully deposing and imprisoning the mayor and other officials."

Others indicted are Sam Stearns, exalted cyclops of the Ku Klux Klan at Marion; Carl Neilson, exalted cyclops of the klan at Herrin; John Ford, chief of police of the city of Herrin; Harold Crain and Sim Stephens, patrolmen.

Rural Carrier Exemption.

The United States civil service commission has announced an examination to be held at Crockett, Texas, on April 12, 1924, to fill the position of rural carrier at Trinity, Texas, and vacancies that may later occur on rural routes from that post office. The salary of a rural carrier on a standard daily wagon route of 24 miles is \$1,800 per annum, with an additional \$30 per mile

per annum for each mile or major fraction thereof in excess of 24 miles. The salary on motor routes ranges from \$2,450 to \$2,600 per annum, according to length. Separate examinations for motor routes and wagon routes are no longer held. Appointments to both positions will be made from the same register. The examination will be open only to citizens who are actually domiciled in the territory of the post office where the vacancy exists and who meet the other requirements set forth.

The Candidate.

From present indications, Texas will have the largest crop of candidates this year in its history, and undoubtedly will lead the nation in this respect as it does in many other lines. It is within the right of every citizen to aspire for public office and an honor, not to be considered lightly, to be chosen

to serve the people in any public capacity. It is also the duty of every voter to give serious consideration to the qualifications of every candidate before he casts his ballot on election day or in the primaries.

Gets the Big Cotton Yield

You do not have to be satisfied with a fair stand of cotton. You can obtain the maximum yield just as well as not by using the right planter—one that will drop cotton seeds, one at a time, the desired distance apart in the row, without wasting seed or skipping any of the ground. We can show you planters that will do this highly satisfactory planting.

They are the

JOHN DEERE

Nos. 147-149 COTTON, CORN AND PEANUT PLANTERS

The first opportunity you get, we want you to come in and inspect our line of walking cotton and corn planters. We can prove that these John Deere cotton planters will do the work right. We can show you how the specially-designed steel picker wheel, with teeth shaped like those of a gin saw, separates the seed and plants one seed at a time in any quantity

per acre you desire. All lint and trash are taken out of the hopper with the seed.

You can also plant corn, peanuts and other similar seed with these planters, and an attachment can be furnished for the Nos. 147 and 149 Planters for planting peas or beans in the hill with the corn, or alternately with the corn.

Thousands of cotton growers are getting extra profits by using John Deere Planters. You can do likewise. Come in and inspect these planters now.

MRS. HENRY WRITES NEW DRAMATIC PLAY

Mrs. A. N. Henry, who has written and conducted many comic plays in this city, has now entered a different field. She recently wrote a four-act war drama, and after submitting it to several expert critics, has decided to stage it. The play will be presented under her direction in the near future. The money will be used to finance several students of the high school who are making arrangements to attend the stock judging contests in Austin in the spring. The past three years the local boys have won in this contest and they hope history re-

peats itself this year. Mrs. Henry has been most successful in the conduct of plays in the past. While this one will be along an entirely different line those who know her ability do not doubt that the usual big success will be made in the dramatic field.—Del Rio News.

Houston County First.

County Judge Moore states that Houston county ranked first in cattle dipping for February, having dipped more cattle than any other county in the state. Although this county does not specialize in cattle growing, many head of cows are bought, sold and shipped from Crockett and other stations in the county each year.

WHAT IS MEANT BY CHARACTER

Mrs. Chas. Sexton.

Editor Courier:

Just what is meant by character, some do not seem to understand.

It is the real man or woman. It does not mean to be praised by multitudes of people or to say, "I descended from lords, dukes, counts or nobles." But character is the real self. It matters not whether your name rings in the hall of fame or is hailed down the years of time with all the great and wise who have lived before; or whether it be the poor man or woman who toils for daily sustenance, who has nothing to boast of but a long train of ancestors, to whom they can refer with pride and say, "not one has ever brought reproach upon the name." Is not this character?

You may lose friends and you may be dispossessed of houses, lands or even lose your position; your wealth may take wings and fly away; but there is one thing you may carry with you in the high walks of life—in fame or honor, even in misfortune, when all is dark and you have nothing earthly to look to. That is your real self—your character. Where is the man or woman who has been brought up in Christian homes, by praying mothers and honorable fathers, who should not go forth armed to fight the battles of life adorned by the sparkling jewel of character? Some may drift away and sink down in sin, gradually losing the good impulses of youth, forgetting that sainted mother's prayers, or that dear father's advice; but the Bible teaches to bring up a child in the way he should go and when he is old, he will not depart from it. And often when they have been thus brought up, although they have sunk low in sin and degradation, some time, somewhere—perhaps in the still watches of the night—a vision of their childhood home will come to them and they see those dear parents who are probably now sleeping in the quiet churchyard, as they used to kneel and

pray that their darlings might be able to weather the rough storms of life when they could no longer be with them.

What does a parent look to in the boy or girl to safely bear them over the rough, untrodden paths of life? Is it wealth, social position or education? No—but character—lives kept unspotted from the world. Fathers, mothers, what a great responsibility you have in training your boys and girls! Unless you have as your foundation the highest, noblest character, how can you expect to mould your children's lives?

Boys, girls, let me impress upon your minds and hearts the value of character. You can go in places where you are unknown, and soon by your character, you will be known just as you are, and if your character can stand the test, people will by and by refer to you as a person worthy of the highest confidence. They will trust you, and you will be surrounded by a host of friends. But if you have not that character, you can not long deceive, for your real self will show out. Your friends will be few and you will soon find yourself without hope in this world or the world to come.

If your character is such that opposes God rather than trusts Him, how can you expect an entrance to that heavenly home. You will never hear the Father's words of "welcome," but it will be "depart, I know you not, for while on earth, you sought fleeting worldly pleasures instead of seeking to adorn the heart with truth and grace."

Think not so much of your personal appearance, (although it's best to be neat and clean) but seek to adorn the mind with useful knowledge. It matters not if your form is not fair and graceful; if you are not brilliant, or cherish the hope of one day having your name inscribed on the tablets of fame, or whether you have brains, the result of generations of culture, for we all are just transitory mortals, journeying here for a brief space, and we can not carry them with us to that home of the soul. But if we have character, that will stand the test of ages, we have a sure foundation though sorrows and disappointments may surge around us. Remember that the most beautiful garment we can wear is the robe of true religion.

If you have not the gift of person that some have, it matters not, for it will fade. But if you array yourself in the sparkling apparel of character, it will lend a charm to the most homely; shed a sweet fragrance and add a heavenly beauty that nature and art can never do. And the more 'tis worn, the more it shines. You may appear in it on this earth, then go to heaven and wear it there. Our lives are living epistles, known and read of all men. When the last struggle is ended, may we pass into the promised land, and the pearly gates on golden hinges swing wide while we hear our Father's voice bid his weary child to enter—"for while on earth ye grew in My image, moulded your life after Mine, and an abundant entrance is waiting for you. Come."

SILK HOSE SWINDLER CAUGHT BUNCH OF 'EM

From the number of telephone calls and confessions made, it is quite evident that the silk hose swindler who canvassed the town a few weeks ago got a bunch of them. In fact, the hose samples were so pretty and the prices so ridiculously low that many fell for the "bargains" offered and the swindler must have collected a bunch of money from Palestine people.

FINANCIAL STATEMENT OF HOUSTON COUNTY

County Judge Leroy L. Moore issued the following statement regarding the financial statement of Houston county, which appears on another page of this issue:

"The following statement of the county dates back to March 1, 1923, at the time our first annual financial statement was issued and brings all accounts in full to March 1, 1924. A comparison of the former statement with the following will show quite an improvement in the county's affairs. The general fund of the county is clear of all indebtedness with a cash balance of \$5,730.24 after paying all current expenses for the year 1923 and paying \$19,336.45 outstand-

ing indebtedness as evidenced by outstanding warrants on March 1, 1923. A comparison of the two statements will mark the progress made in one year's time."

Poultry School.

J. R. Owens, secretary of the Grapeland Poultry Association, has informed us that a poultry school will be held in Grapeland at the high school auditorium Friday and Saturday, March 28 and 29th. Every one interested in better poultry is urged and cordially invited to attend all the meetings. Professor Reid of A. & M. College will have

charge of the school under the direction of W. B. Cook, the agriculture agent of the I.-G. N. railroad.

Please keep the date in mind and get the benefit of these meetings, which will be of great importance to the poultry raisers.

Mrs. W. W. McConnell,
Home Demonstration Agent.
R. R. Morrison,

Mr. and Mrs. Fred Long, guests last week of Mr. and Mrs. S. L. Murchison, returned Thursday to their home at Kingston, Ohio.

Club Discussion.

The L. S. L. club met Wednesday afternoon and discussed several interesting things which will take place in the future.
