CONTRACT AWARDED FOR CONCRETE SLAB SAN ANTONIO ROAD

The commissioners' court received bids Saturday, September 20, for the completion of the construction of 1.44 miles of dirt work on the extreme west end of the west San Antonio highway in Houston county. This work is in road district No. 10. Smith Bros. have bought thirteen bonds (\$13,000) of this district at par and accrued interest.

Three firms bid on the work. Cocke & Turner bid \$20,347.76. Cook & Arrington bid \$17,127.96. Smith Bros., bidding lowest, were awarded the contract. Their bid was \$16,450.08.

As soon as this work is completed the base of the west San Antonio road will be completed to the site of the proposed bridge at Clapp's Ferry.

Bids were received Saturday on three kinds of topping for 6.9 miles of road on the west San Antonio road in Crockett road district No. 3. The three kinds of topping were: (1) rock asphalt, (2) inverted penetration macadam and (3) concrete. Four firms offered bids on this work.

Cocke & Turner made the following bids: rock asphalt, \$116,702.62; inverted penetration macadam, \$102,124.52; concrete slab, \$210,427.38.

Hayden & Austin made the following bids: rock asphalt, \$114,170.43; macadam, \$101,777.82; concrete slab, \$205,564.94.

Cook & Arrington made bids as follows: rock asphalt, \$116,312.50; inverted penetration

macadam, \$100,397.22; concrete, \$205,367.51.

Smith Bros. made these bids: asphalt, \$109,656.31; macadam, \$97,968.11; concrete slab, \$202,311.35.

The concrete topping was decided upon by the commissioners' court and the contract awarded Smith Bros., who made the lowest bids. The work will begin at once and is to be completed by April 1, 1925.

The state highway commission will furnish two-thirds of this money, while Crockett road district No. 3 will furnish \$25,000 worth of bonds, which were sold to Smith Bros. at par and accrued interest. The contractors will furnish one-third of the contract price less this \$25,000 of bonds, which amounts to about \$40,000.

Plans are under way for the completion of both the north and south ends of highway No. 19 leading out of Crockett toward Grapeland and Lovelady, and it is hoped that construction will be begun upon this highway within the near future.

Interesting Revival.

A religious revival, interesting from the standpoints of attendance, music and discourse, began at the Baptist church Monday night of last week and has continued through the first half of this week. The sermons by Dr. West are able and compelling, and the song leadership of Dr. Cohen is altogether pleasing. A church orchestra from Palestine assisted in the music program Wednesday night and a full program of music was given. The church was specially arranged for the evening's program, pleasing music being a predominant feature of the evening's service.

CROCKETT HAS LOW INSURANCE FIRE RATING

Considerable effort by the city officials, including a trip to Austin by Alderman J. C. Millar, has succeeded in getting a reduction of the insurance key rate for the city of Crockett. Mr. Millar spent an entire day in setting forth the reasons for the reduction in this city to the state insurance department.

The key rate one year ago was 77 cents, while until recently it had been 72 cents. On September 1 of this year, the 12 cents reduction secured by the city brought the rate to 60 cents. The new fire truck accounted for about 4 cents of this reduction.

The city has expended considerable money in lessening the fire hazard in the city. Larger water mains have given better water connection for the fire-fighting apparatus. At the pumping plant a duplicate pumping system has been installed, with separate dynamos, almost entirely eliminating the danger of a break-down. One of these pumps is of 500 gallons per minute capacity, while the other is of 350 gallons per minute capacity. This equipment is as good as any town of Crockett's size can boast. The insurance department has promised the city an inspection with the view of granting an additional reduction of five cents.

This city pays annually about \$35,000 in insurance premiums,

and now, with the reduced key rate, due to street paving, water connection and supply improvements, and new fire equipment, the amount will be materially lessened. The paved streets allow the engine to reach a fire much more quickly and certainly.

Dwellings and special hazards are charged at one-half the key rate, while mercantile houses are charged at the full rate.

If the fire losses in an incorporated town, during a three-year period, is less than 55 per cent of the premium collected, for each 5 per cent under 55 per cent, a credit from the premium of 5 per cent is allowed, not to exceed 15 per cent credit. Crockett enjoys the full 15 per cent credit.

The reduction of the key rate means approximately \$4200 saving annually, while the good fire record gives the city about \$5250 additional saving.

Previous Statement Corrected.

The statement in the Courier last week that the county general fund had been placed on a cash basis for a short time by the collection of some money from Harris county by Houston county in the Rice Russell murder case was in error.

Mr. Willie Robison, county treasurer, informs us that the money was credited as stated, but that it was necessarily held to pay off outstanding warrants already issued.

GOVERNOR NEFF TO OPEN HONOR FARM ON SEPTEMBER 29

Houston, Sept. 21.—The opening of the Pat Neff honor farm, which had been scheduled for next Wednesday, will not take place until September 29, it was announced Saturday by H. C. Connally, secretary of the board of prison commissioners.

The farm will occupy the place now known as Imperial farm No. 2, near Sugar Land, and there will be about 150 selected convicts there. Each of these men will be provided with civilian clothes and placed on his honor.

There will be no guards and only a manager, an assistant manager and a steward in charge. The convicts have been selected from the various camps of the system and are considered the most trustworthy.

Governor Pat Neff will be on hand to lead with the dedicatory services of the farm.

Chicago Opens Drive On Speed Maniacs.

Chicago, Ill., Sept. 20.—A drive on speeders started Saturday when squads of motorcycle officers were ordered to disband as a unit and scatter throughout the city in search of traffic rule violators.

Four persons, including three children, were killed in automobile accidents Friday, bringing the total of deaths since January 1 to 474.

COACHES WORKING FOOT BALL MEN HARD

Coaches Abernathy and Greenman are working hard to put their gridiron men in shape for the coming season. Trinity having refused to play Friday, frantic efforts are being made to match a game with some other nearby school. As matters now stand, the season will not open for the C. H. S. team until October 3, when they go to Huntsville to meet Hawkins' Huntsville Hi club. Bynum, second string man from last year, looks good for a slashing center. Many of the players are light, but they are a fast, fighting bunch. With good support they may make a good showing this season, despite the green men and light weight. Daily scrimmage has bruised up several men, but the squad is rounding into shape and some hard hitting line men and backs are showing up.

Crockett Gets Singing.

The next semi-annual singing convention of Houston county,

which will be held next spring, is to be held in Crockett. A committee from the Lions' Club is acting with a joint committee from the Houston County Singing Society in regard to taking care of the next convention and, if possible, all succeeding conventions. It is proposed to build a tabernacle at the fair grounds, now owned by the city, for the use of the singing convention and all other conventions and like assemblages. To this end a committee from the singers were guests of the Lions' Club at luncheon Wednesday, Mr. George M. Jeffus acting as spokesman for the committee. The matter of a permanent tabernacle at the fair grounds was gone into, but left in the hands of the two committees until next Wednesday, at which time additional information will be available.

CROCKETT BEST COTTON MARKET

Mr. W. E. Hail gives us the information that he has weighed cotton this year brought to the Crockett warehouse from Alto, Groveton, Grapeland, Midway and other distant points from which he does not remember having received cotton before. The cotton is brought here to get the high price offered by local buyers, which ranges usually about ten dollars per bale above the price offered in near-by towns. In the time of short crops and low cotton markets, this opportunity to get a better price for the staple is extraordinarily enticing to the cotton men.

We have always contended Crockett was the best business town in this part of the state and this is one of the facts which prove us correct.

TWO ARE ARRESTED ON SERIOUS CHARGE

Walter Vinson and Nat Hardman, two local young white men, about twenty years of age, were arrested last night by city and county officers on the serious charge of assault with intent to rape, following an alleged attack on an eighteen year old white girl, the alleged assault taking place near the Meadowbrook Country Club last night about 9:30 o'clock. Both of the young men were placed in the county jail last night.

In a statement to County Attorney Joe Davis last night, the young girl stated that the two young men came to her home on North Jackson street, shortly after 9 o'clock last night, and asked her to go riding, stating that they were just going to ride down town. She consented, but in place of going down town, they headed north toward the country club. She stated that she made an effort to get out of the car, but that she was prevented from doing so by the boys, who held her, also placing a hand over her mouth to prevent her from screaming. About 500 yards east of the country club the alleged assault is said to have taken place.

The first that the police learned of the attack was when Mrs. Davis, on Link street, telephoned the police station, stating that a woman passed there in a car screaming. Officer Homer Knighten, Deputy Constable Jack Stafford, and Deputy Sheriff Wylie, who were at the station, went on the call, but after investigating failed to find anyone. Returning toward the station they met Officer Earl Tomkins and Officer Ricketts, who stated that another call had been turned in by Mr. Locke, keeper of the country club, that a girl was being killed near that place. Officer Knighten, Deputy Constable Stafford, and Deputy Sheriff Wylie went west on the cut-off road that passes the country club, and met Hardman, coming toward town in a Chevrolet touring car. He was placed under arrest by Deputy Constable Stafford, who rode back to town with him in his car, placing him in the county jail. In the meantime, the other officers, Ricketts and Tomkins, had gone east on the cut-off road and had met the Vinson boy in the road, and placed him under arrest, also landing him in the county jail.

The girl, in the fight, was struck several times, it is alleged, and thrown down, but finally escaped and ran to Locke's house, who brought her back to her home in the city before she was located by the officers who made the investigation. She was hysterical and was screaming during the entire time, pleading with the boys to turn her loose, witnesses say. She was given medical attention by a doctor. There are several bruises and scratches on her body, and her top clothes were badly torn.

After she had recovered sufficiently last night she was carried to County Attorney Davis' office at the court house, where she related the facts leading up to the assault. After making this statement the girl fainted, and was taken home. When the girl was put out at her home she again fainted, and had to be carried into the house by the officers.

Assault with intent to rape is a serious charge, and carries a penitentiary sentence. The examining trial will be held either Monday or Tuesday.

When arrested Hardman denied any connection with the affair whatever, and stated that there had not been a girl in his car. Vinson did not make any statement.—Palestine Herald.

Light is the natural symbol of truth—but often the light goes out.

At the CROCKETT THEATRE Friday and Saturday, Sept. 26-27

The picture many thought never could be made. A story in which romance rides to glory. Two thousand miles of screen romance, and every mile stone a distinct thrill.

Nothing more amazing ever has been seen on stage or screen, and its equal may not be seen in years to come. Love, adventure, thrills—these are the component elements of this superb screen triumph.

Indian attacks, prairie fires, fording of swollen streams, a great buffalo hunt, dramatic situations galore—these make up the story of the greatest picture ever filmed.

CROCKETT, TEXAS

ICE CREAM FACTORY FOR CROCKETT

The Courier can now announce a new enterprise for our city. The Courier stated two weeks ago that an ice cream factory was one of the early probabilities among our town's new enterprises, but we did not then know that the realization was so near at hand. An ice cream factory may be in operation in Crockett within the next thirty days.

Mr. C. L. Edmiston has purchased machinery and equipment, some already arrived, for the installation of a modern and sanitary ice-cream factory. The brick building on south of his present business building will be kalsomined, additional windows put in, and the factory will be sanitary and strictly up-to-date. An experienced man will install the machinery, and a real expert will supervise the making of as fine cream as best of materials

and skill can produce, and we are sure the trade will give the new enterprise hearty support. Mr. Edmiston expects to have the plant in operation within thirty days. We are glad to welcome this new enterprise, and bespeak for it the loyal support of both the trade and customers.

PALESTINE COURT CALLED FOR 29TH

Palestine, Texas, Sept. 21.—Judge Ben F. Dent of Crockett called a special session of district court to be held here, beginning on Monday, September 29, for the purpose of disposing of several important civil suits now on the docket and to relieve the heavy docket scheduled for the court when it convenes in November in regular session.

Sam Holland of Athens is district attorney for this judicial district which is composed of Henderson, Anderson and Houston counties.

CONDEMNED BOY GIVEN REPRIEVE

Chicago, Ill., Sept. 20.—Bernard Grant, who was sentenced to hang Oct. 17, received the news that Governor Small today had granted a ninety-day reprieve pending a hearing before the state board of pardons and paroles, joyfully in his cell in the county jail.

"That's fine," he said. "That lifts ninety days off my sholders. My hair ought to turn back to its natural color in that time."

Grant's hair has turned gray in front since the sentence, his attorney, Thomas E. Swanson, says.

Grant was convicted with Walter Krauser, also under sentence of death, who has repudiated his first statement implicating Grant in the killing of Policeman Ralph Souders in a holdup in 1922.

Escape of the Franks slayers from the noose has given hope

to Bernard Grant, 19 years old, in jail in Chicago under death sentence for murder. Governor Small yesterday granted a ninety-day reprieve to Grant pending a hearing before the state board of pardons.

EIGHT INDICTED FOR TARRING OF WOMAN

Frederick, Md., Sept. 20.—Deputy sheriffs started out Saturday with warrants for the arrest of 11 persons indicted for complicity in the tarring and feathering of Dorothy Grandon at Myersville, Frederick county, last May. She was accused of having received attentions of married men of that place. Twenty persons in all were indicted by the grand jury for alleged participation in the affair, but nine are already at liberty on \$2000 bail each.

DETECTIVE KILLED IN BANDIT CHASE

Bristow, Okla., Sept. 20.—W. H. Johnson, Bristow city detective, was instantly killed, and William Cock, a deputy sheriff, and E. L. McElvaine, a constable, were seriously injured when their motor car overturned one mile north of here Saturday as they were speeding to Kellyville to intercept three bandits who robbed the Kellyville bank of \$1000 shortly after noon.

The three bandits entered the bank, forced four customers and employes into the vault, scooped up the money and departed in an automobile parked at the curb.

The raid was reported at once to the sheriff's office here and the officers left for Kellyville.

The robbery was the third at the bank in the last two years.

RICE COMBINE IS CHARGED TO TEXAS PLANTS

Attorney General May Be Asked
to Probe Alleged Agree-
ment.

Houston, September 17.—Allegations that certain rice mills in South Texas and Louisiana have formed a combine and have fixed among themselves upon the price of rice, and have further "divided up" the customers from whom they buy rice, may be made the basis of a suit to be filed by the attorney general.

Tuesday it was stated that plans were being made to lay the matter before the attorney general with the request that he look into the situation and file suit.

It is charged that not only have the mills reduced the price of rice approximately \$1 per barrel, but that competitive bidding has been seriously interfered with, in some cases entirely eliminated, by the alleged agreement between the mills.

It is claimed that the buyer for one mill will arrange with other buyers to fail to make a bid for the rice of a given customer, and then, when the rice is bought at a low price, the mill which bought will split its purchase up with another mill or mills.

Cotton Men Search for Their
Kitty.

Henderson, Texas, Sept. 18.—"Anybody seen our kitty?" Henderson cotton men have sent the call broadcast over the State. Several days ago the Henderson cotton exchange was opened and a long, lanky cat insisted on making itself at home in the office. A feast was set

before the cat and straightaway the price of cotton climbed.

Then the cat went on a nocturnal spree, and with its disappearance the cotton market dropped. Royal feasts have been spread in the office. Silent entreaties have been made, but the wanderer won't return.

Man's Chest Is Crushed As Big
Truck Overturns.

Fort Worth, Tex., Sept. 10.—E. S. Strickland, 39 years old, an employe of the Janes Construction Company, died shortly after being taken from beneath an automobile truck that crushed his chest when it turned over with him and three companions early this morning.

Charles L. Hall, who was in the seat with Strickland, received only lacerations of the scalp, and the two other men jumped to safety from the running board of the truck as it skidded.

Fort Worth to Peroxide Its
Park Donkey.

Fort Worth, Texas, Sept. 19.—Eight hundred dollars is too much for another zebra when we have the makin's, suggested George C. Clark, park superintendent. What's the matter with peroxidizing our donkey?

Fort Worth lost their zebra specimen, Bettie, some few months ago, and since that time Forest park zoo has had to do without any representation of the striped equine.

Our women use peroxide, so why should the donkey object, says the genial park head.

Boys Are Given Death Penalty.

Baltimore, Md., Sept. 17.—Thomas Foran, aged 17, and Claude Dobbs, aged 19, of Baltimore were sentenced to be hanged for the murder of Louis Cohen, a jeweler. Charles Mullen, another boy, was given life imprisonment today. Cohen was shot during a holdup of his store by three men.

JIMMY MURPHY, AUTO RACING DRIVER, KILLED

Syracuse, N. Y., Sept. 15.—Phil "Red" Shafer won the 150-mile national speedway automobile championship race here this afternoon.

Jimmy Murphy, one of the leading drivers, was fatally injured when his automobile plunged through the fence on the 138th mile.

Murphy was injured in the 138th lap in a desperate bid to overtake Shafer, who had been leading in the race from the start.

Beginning at the 100-mile mark, when he was two miles behind the leader, Murphy put on sensational speed. He caught up more than a mile on Shafer in the next 20 miles.

At the 138th mile, his machine dashed through the fence. A part of a fence picket was driven into his lung, State Fair officials said.

Benny Hill, five miles behind Shafer, finished second in the race. Harry Hartz, driving Fred Comer's machine, was third; De Paolo was fourth and Cooper was fifth.

The time was 1 hour, 50 minutes and 20 seconds.

Elusive Bride-to-Be Twice Dis-
appears Near Harlingen.

Harlingen, Texas, Sept. 9.—Hidalgo county officers have been searching this week for an elusive bride-to-be who has twice disappeared since stealing from her parents' home at 4 o'clock in the morning to carry out an elopement agreement with Tommaso Famluogo. The would-be bride-groom is being held behind prison bars in the county jail at Edinburg and gives a pathetic

recital of how he lost his bride.

Not having a vehicle to carry them to the justice of the peace, the couple started walking down the road from the seniorita's home. After three miles had been covered the girl became tired and they halted at a vacant farm house to rest and decide what to do.

After discussing the situation it was agreed the bride should continue a brief rest while Tommaso went in search of a jitney. A neighbor a half mile distant was prevailed upon to carry the couple to Edinburg, where they could be married, but when the anxious swain returned with the jitney no trace of the girl could be found.

The jitney driver was released from his contract and the disappointed young man went back to his home, but took care to keep out of sight for a day or so fearing the angry parents of the girl.

In the meantime the girl's parents had discovered the elopement and with neighbors were making anxious inquiries, until Tommaso came out of hiding to find out the trouble. He told about the elopement fiasco and was arrested and brought to jail in Edinburg. The sheriff's office detailed Deputy Dennett to investigate the case and in a short time the officer learned by following the girl's footprints from the vacant house that she had gone across the fields to the home of some friends.

It was learned that she had remained there for the day and gone to McAllen with the family that night. When they parked their car to go to a motion picture show the girl was left in the car to await their return. When they came back to the car she had disappeared and has not since been seen by her friends. Officers in McAllen have been hunting for the girl and Tommaso, in jail, is anxious that she be found and that the wedding may be celebrated.

'YOUNG' BROTHER, 100, VISITS 'SIS' 114 YEARS OLD

New York, Sept. 19.—When Mrs. Urdang celebrated her 114th birthday this afternoon in the Harlem home of the Daughters of Israel, among those taking part in the jollification was her "young" brother of 100 years and her "boy," who is just 89.

She was born in Riga. Her memory goes back to kings, queens and empires long ago departed.

Her centenarian brother, who often visits her, she regards as a "mere stripling," and often gives him the benefit of her sisterly advice. She eats no meat or eggs and only few fruits and vegetables, living mostly on bread, cereals, soup and coffee.

Pretty Girl Dragged From Car,
Whipped.

San Antonio, Texas, Sept. 19.—Pretty Bessie Hazelwood appeared none the worse after she had been dragged from an automobile, in which she was sitting with a young man friend, and, according to complaint, beaten by another woman. Bessie was sitting with Wilbert James, Kelly Field soldier, when, it is alleged, Mrs. Daisy McClelland accused the girl of talking about her.

Board Will Not Recommend Ap-
propriation for Museum.

Austin, Tex., Sept. 19.—The board of control will not recommend to the legislature the \$500,000 appropriation asked by the University of Texas for a state museum. Members of the board consider the museum "highly desirable" but "feel it has no jurisdiction" in the matter of recommendation.

ANOTHER NUISANCE.

One of our subscribers, living not very far from Crockett tells us he has lost about \$10 worth of chickens the last three months. They were run down and killed by auto drivers who do not think or do not care how hard it is for a man to make a living these days. Several of this man's neighbors have lost poultry the same way. Anyone who travels by road does not have to be told about this nuisance. Poultry to do well should have range. It is nearly impossible, and would be highly expensive, to fence poultry from the roads. The civilized motorist seldom, or never, kills a chicken. The slayers are the reckless speeders who whiz by and possibly to see if they can't kill a chicken crossing their path. A state law requiring a driver to stop and pay for any poultry he kills, or be subject to a fine, would fix those fellows, and quite likely the farmers could be trusted to see that the law was enforced.

HALF AND HALF CAUSING TROUBLE.

Local buyers are having trouble disposing of the Alto cotton crop this year. They claim they can find no buyers for the staple that is grown in the Alto district. Just what the outcome will be is not being predicted.

It has been known here for several years that the half and half cotton grown in this section did not bring as good price as the regular staple cotton, and for some reason this year, there seems to be enough long staple cotton for domestic purposes and the foreign markets, which usually buy this half and half cotton "are out of the market."

In conversation with one of the local buyers yesterday morning he stated that he had

pleaded with the farmers of this section for years to get away from this short staple cotton and grow the kind that the regular market price could be obtained for but is seemed to do no good and as the years went by, more and more of the half and half had been put in until now all Cherokee county has been designated as the half and half district, and the cotton factors will not handle it only when the crop is extremely short, and this year it seems that a 60 per cent normal crop is predicted and they will not handle this short staple, claiming they could not dispose of it to the spinners.—Alto Herald.

YOUNG GIRLS MISTREATED.

The Courier hears of young girls being mistreated by young men all over the country. Such mistreatment is the result of automobile rides and not necessarily at night. A young girl going for an automobile ride with a young man at Trinity was so badly mistreated that a doctor had to be called to attend the girl. At Palestine two young men not only "socked" a young girl on the jaw, but tore her clothes from her and threw her from the car when she would not do what they wanted her to do. Suggestive songs and jelly-driven flivvers, with the modern "flapper" cuddled in the arms of the "jelly-bean," often listening to a dirty story, constitute a dangerous combination for the safety of any young girl. It is not a compliment to our present-day civilization, but a fact nevertheless, that the young men of today have not the respect for young girls entertained a few years ago. Jelly-bean "flivver" rides, suggestive "movies," suggestive songs and suggestive jokes and the doctrine of sex-equality come in for their share of responsibility. In the Trinity case the young man has fled the country and at Palestine the young men are under \$3,000 bond each. One young fellow at Palestine, who was notified by the Ku Klux to leave, recently returned and received a severe beating.

THE "JAY-WALKER."

In New York city alone in 1923 exactly 123 persons were killed by autos as they were crossing streets in the middle of the block. The man or woman who cuts across the street before getting to a regular crossing is known as a "jay-walker" and every city and town in this country possesses a goodly number of such people. So it is evident that there are careless pedestrians, just as there are reckless auto drivers, and that all accidents cannot be blamed upon the latter. Common sense convinces us that both drivers and pedestrians are not careful enough. Recent figures show that there are as many accidents as ever, but this means a reduction when we consider that there are now more cars. And yet the number can be cut to a still lower margin if "jay-walking" is abolished and people take to crossing streets at the places set aside for that purpose.—Huntsville Item.

WHIRLWIND AND TRASH FIRE DO NOT MIX WELL

Troup, Texas, Sept. 10.—C. P. Orr, local retired business man, decided to clean up Wednesday afternoon. Instead, he cleaned out. Orr raked up a pile of trash in his front yard and set it on fire. No sooner than he had done so, a whirl-wind came along, picked up a portion of the fire, planted it on his house top. The house was burned down in 30 minutes. The loss was estimated at \$3500. Orr carried no insurance.

ARABIA TEMPLE COMES SATURDAY

The members of the Arabia Temple Shrine of Houston have chartered a special train to take them to Palestine to be guests of the Palestine Shrine club at the East Texas Fruit Palace, at which fair the Shriners have an important part. The two hundred Shriners who will make the trip are to reach Crockett a short time before noon Saturday.

A stop will be made at Crockett and the Shriners will be guests of the local Shrine club. The Arabia 50-piece band will give a concert on the court house square just before noon and the patrol will give a parade about noon. At about 12:30 the Shriners will have dinner at the Shrine club. Following the dinner they will board the train for Palestine, where they will spend the evening as guests of the Palestine Shriners.

Dr. Skipper Dead.

Dr. R. W. Skipper, one of Lovelady's oldest and best known citizens, died at his home in Lovelady Monday night, following a lingering illness. Funeral services were held Tuesday afternoon, Rev. G. A. Foster, pastor of the Baptist church at Lovelady, of which church Dr. Skipper had been a member for many years, officiating. The deceased was a prominent member of the Masonic Lodge, and this order had charge of the funeral. Burial was in the Lovelady cemetery. Dr. Skipper was 75 years of age and leaves the widow, besides other relatives. Dr. Skipper had been a practicing physician in Lovelady for many years, and was among the prominent men of his profession. As a citizen he was no less prominent, always taking an active

part in the religious, civic and political affairs of his community. School and church work found an active champion in him throughout his life.

PORTER SPRINGS OIL TEST RESUMED

For the past several weeks men have been at work on the Porter Springs oil test, ten miles west of Crockett, cleaning the hole and getting everything in readiness to resume drilling.

Everything had been completed for the resumption of drilling, but water had been lacking for the rig. Now that the water supply is adequate, drilling is to be resumed at once. Our information is that the test is down about 1800 feet, with good indications. New people took hold of this enterprise during the summer and a thorough test for oil is expected to be made.

Genius is a mild form of insanity that causes a man to toil incessantly without knowing what he will get for his labors.

Song by Crockett Woman.

At the Lions' Club luncheon Wednesday, Rev. Cohen, as the guest of the club, responded to an encore with a very pretty song written by one of Crockett's women. Mr. Cohen announced that he sang it with great pleasure in Crockett and that he would sing it with equal pleasure in all the towns he visits as an evangelist. The title of the song is Texas, and it was written by Mrs. C. L. Edmiston. The chorus, which is as follows, was joined in by the Lions' Club:

"Texas, Texas, dear old Texas; Live and die in Texas. This southland of ours, Abounding in flowers, Gives freedom and liberty."

COTTON RECEIVED AT THE WAREHOUSE

Figures received from W. E. Hail, public weigher, show 8129 bales of the 1924 cotton crop received at the warehouse Tuesday afternoon. To the same date in 1923, approximately 9000 bales had been weighed. This shows a little more than a nine per cent decrease in this year's crop. The crop here is regarded as light, but the heavy acreage has made the early figures show a close approach to last year's crop.

The shipping clerk said that he had orders for 4502 bales to be shipped out up to Tuesday afternoon. Many people are holding their cotton.

PLANT FALL AND WINTER GARDENS

This year the people of Texas should realize more than ever the great necessity for fall and winter gardens. We realize that spring gardens are indispensable, but we need to wake up to the fact that we must have an all-the-year-round garden. The problem of the food supply for the home is acute, and now that our early gardens are almost gone, it is necessary that we have other vegetables to take the place of the ones that have gone before.

In view of the fact that we have not had the usual surplus of garden products this year and our canned products are correspondingly small, it is very important that we have a fall garden.

Now is the time to start your garden. The land should be well prepared, for a thorough stirring of the land will not only assist in the retention of the moisture already there, but will tend to hold any that may fall. The grasses and weeds which harbor insects and disease will be destroyed by this cultivation. A depth of five or six inches will be deep enough for plowing.

In all gardening, the soil should be thoroughly pulverized in order to have a good seed bed. The soil should never be stirred when muddy, but just as soon after a rain as possible; that is, just as soon as the lumps will crumble readily. Too much emphasis can not be laid on the preparation of the seed bed for gardening. A good seed bed is the foundation for a good garden, and the careful gardener will regard his whole garden as a seed bed and cultivate it accordingly.

Practically all the vegetables grown in the early garden can be grown in the fall throughout

all Texas. The cool weather in the late fall and early winter is more favorable to most vegetables than the hot, dry weather of the middle summer, and it is usually best to wait until the September rains, usually toward the middle of the month, to plant the greater part of the garden.

For September planting there may be almost as large a variety as in the early spring. As soon as moisture permits, that is as soon as the rains come, radishes, turnips, spinach, mustard, beets, carrots, parsley, stringless green pod beans, creaseback or other snap beans, onion sets, kale, collards and early varieties of sweet corn may be planted.

Surely, at such a time as this and with such a large variety to choose from of vegetables, there is no reason why every family in Houston county should not at least try to have a garden this fall and winter.

JUST A WORD WITH OUR SUBSCRIBERS

The Courier's list of subscription renewals is not as large this week as it should be. Subscription renewals should be coming in much more rapidly now than they are.

Callers report fine rains in some sections of the county Sunday and Monday, the rainfall in those sections being sufficient to permit the planting of fall gardens, turnip patches and winter oats.

Among those calling to renew or subscribe or sending in their renewals and subscriptions since last issue are the following:

John Milliff, College Station.
 W. F. West, Grapeland Rt., 4.
 Mrs. J. P. Hail, Central Palmas, Oriente, Cuba.
 Mrs. Ida M. Phipps, Lovelady.
 Joe Farek, Crockett Rt. 7.
 D. H. Dauphin, Lovelady.
