ANNOUNCEMENTS.
For District & County Clerk.
We are authorized to announce R. C. McPHAIL, as a candidate for District and County Clerk of Young county, subject to the Democratic party in convention if held.

With this issue the LEADER proposes to chop off all this useless racket among the school teachers about the Tonk Valley Institute, the education class and their criticisms pro and con, and we hereby give notice that any article received hereafter referring to it will be consigned to the waste basket. We are tired of it and we believe everybody else is, even the writers on the subject.

A fine girl baby was born at the residence of Mr. Jesse Allen last week.

A Rousing Club Meeting.
The populists of Lower Tonk Valley met one day last week and organized a rousing club of FOUR members. It is said that the meeting was quite enthusiastic and since the organization of this club the populists of the Valley say they can carry the county easily.

We are headquarters for bargains in Boots and Shoes.
Shumaker Bros.

We understand that one Lee Rannels of Jack county was in the city a few days ago and, (after he left town) we learned that he was quite anxious to whip the editor of this paper and also the editor of the Call over the exposure these papers gave him a few weeks ago. It was indeed quite fortunate for the newspaper men that Rannels left before we got up town for we might have got hurt. We would suggest to him to fight less with his mouth next time.

We present to our readers this week the name of Col. R. C. McPhail as a candidate for the office of district and county clerk, subject to the action of the democratic primaries. Col. McPhail is a man of high moral standing and his ability as a penman makes him eminently qualified for the position he seeks. He has always ranked high in the councils of his party and is one of our most public spirited citizens. He is well known in the county, and as he has spent a great part of his life in a clerk's office, his experience and public services are such as to entitle him to the consideration of the voters of the county.

"OUR LULA" will soon arrive at My RACKET STORE. Crooked fishing pan, Lemmons has built a intruder on West Main street and into it to-day.
Mrs. Channing at by for cutting.

Personal Mention.

Elder Morgan left last week for Austin on his bicycle. He is an expert with the "wheel" and expects to make the trip in a very few days.

Quite a delegation of Mineral Wells people came up last Sunday to attend the federal court as witnesses in a civil suit.

R. G. Bennett, of Seymour, an old citizen of this county is down attending the federal court as a witness.

Mr. A. Looney of Lacy, was in the city Monday on business.

We understand that Mr. S. V. Wagoner is quite sick and down in bed.

Mrs. E. E. Johnston left Monday for Dallas to make her spring purchases of millinery and dress goods.

Messes Jessie and May Sloan of Seattle, Wash., who have been visiting their grandmother, Mrs. E. E. Johnston of this place, left for their home last Monday.

John M. Wyatt went down to Fort Worth this week on a visit to—oh, well, to the city.

W. L. Donnell of Elkinsville, was in Graham Monday on business.

Mrs. W. D. Craig has been on the sick list for the past few days.

F. W. Girard and C. W. Johnson are attending district court at Throckmorton this week.

Hall Morrison and wife came down from Haskell last week and attended the funeral of his little brother Fred on Sunday.

Rev. G. W. Black preached at Tonk Valley church last Saturday and Sunday.

Mr. Ames of the bridge company and his men are in town this week ready to begin the construction of our bridge across Salt Creek.

Elmer Timmons, son of county judge N. J. Timmons, is quite sick with pneumonia this week.

Col. O. E. Finlay is on the sick list this week with a la grippe.

Miss Addie Johnson, daughter of E. W. Johnson, is on the sick list this week.

R. L. Farrar and Chas. Randall of Palo Pinto were in Graham last Saturday on business.

Mortuary.

The friends and acquaintances of Mr. Bob Garret will regret to learn of the death of his wife, which occurred at Ryan, I. T., on the 5th of March. THE LEADER extends its sympathy to the bereaved family.

Mr. Wilson Copeland, sr. of Lower Tonk Valley died last Friday after a long illness. Mr. Copeland or "Uncle Wils.," as we all called him, was in many respects a most remarkable man. He was one of the early settlers of Parker county and moved to Young over twenty years ago. He was a hard worker and in the course of his long life accumulated quite an independent fortune. Like all men, he had his faults, but he was a kind neighbor, an honest citizen, and one who was ever ready to help the poor and needy. He will be greatly missed in his community.

Little Fred Morrison died last Saturday and was buried Sunday morning at 10 o'clock in Oak Grove Cemetery. The school is adjourned and followed the hearse to the grave where services were held by Rev. R. N. Smith. At least 600 people attended the funeral. All join in sympathy with the grief-stricken family.

Upon the completion of our school building, Graham will offer to the public educational advantages not excelled by any town in Northwest Texas, and she will invite men who have families to educate to move into our midst and enjoy the benefits with us.

It is a source of great pride to our people that they had the pluck and nerve and public spirit to build such an institution and carry it to a successful completion in the midst of a hard time panic and in spite of the kicking of the ever-present mossbacks, a genus found in all countries, and of whom we have just a few rare specimens.

The building will be completed in May and will be ready for occupancy for the next term of school and we advise all who want to live in a good town to move in and send their children to our school.

The municipal election is advertised for the first Tuesday in April. A mayor, marshal and two aldermen are to be elected.

From Elkinsville.
(WRITTEN FOR LAST WEEK.)
We will pen you a few dots from our little village. Health is generally good, and the farmers are making the most of the pretty weather.

The bridge will be completed in a few days at most. Only the approaches remain unfinished.

Supt. Anies left yesterday for Abilene.

W. L. Donnell has gotten to Terrell, where he has been feeding some cattle this winter.

The school observed Washington's birthday by cleaning the yard and hanging some pictures. The older heads met the pupils half way and made a good walk way down the hill North of the school house.

Miss Neva Titus brought her school over and after recitations by both schools we engaged in an old-fashioned spelling bee. While we outnumbered them and had the advantage of being at home, it was proved that we had "reckoned without the host" when we thought we would beat them; for they walked off with the honors easily.

Judge Timmons paid the schools of this part of the county a visit last week. Hope he'll get around again before they close.

Rev. Geo. M. Calhoun preached an interesting sermon on the night of the fourth Sunday.

Our Sunday School is still on the increase in numbers, interest and collections.

Say, by the way, has the Call scribe figured out another role for Adams yet? First was a "woman," then he was a "razor-back," Guess he'll be a "giraffe" next time. Success to the gentleman's imagination.

Educational Department.

J. N. JOHNSTON, Editor.
The Teachers' Association, Young County, Associate Editors.

S. W. P.
Writes a long article in last week's LEADER in defense of his false position. The only thing worthy of note in his bombastic article is the lack of thought and common sense. His conversation with certain parties at Tonk Valley on the day of the Institute shows his purpose in all the disbarment. The manner of sending his first contribution to the editor of the LEADER and at the same time sending one to the writer of the educational column shows that he was not plain open-hearted, honest in a professional sense. Instead of writing a plain open article he hides behind an assumed title and ignores the courtesy due the teachers of Young county. Why did he not write an article exposing his views on the manner of conducting Institutes instead of making an attack on a certain lady teacher?

His attack on the writer's political views proves the venom and self-conceit of an abnormal brain and the narrowness of his official information. We doubt very much whether S. W. P. knows a gold standard from Jacob's staff. It shows that what S. W. P. really does not comprehend. The merchants, bankers and lawyers may say the Lord liveth, but on seeing S. W. P. they declare that the arch-enemy of the Saville appears; he denieth them the pleasure of hearing the things to please the pure minded, but requires them to listen to the rantings of the said S. W. P. He says of himself that he is an indifferent pedagog. It needs no advertisement. He perverted the language of the authors he quoted; the testimony used did not bear upon the question at issue. In order to make an impression he wanders to New York, Washington City and Austin for what he claims as proof.

To show the readers that he practiced a deal of deception the writer quotes below a letter received this week from Dr. J. Baldwin endorsing the methods adopted by the teachers of Young in S. W. P.'s absence. It has been the custom of the teachers of Tarrant and other counties to follow the plan arranged by the Young county teachers. Here is Dr. Baldwin's letter, which does not read like the partial quotation that S. W. P. used in his language a few weeks ago.

Dr. Baldwin's letter, which does not read like the partial quotation that S. W. P. used in his language a few weeks ago.

Good theory is silver; good practice is gold; good teaching is diamonds. Good teaching is the essential feature of the Institute. Good teaching, like the best in music, pantomy and oratory, attracts, inspires, instructs. The easy and the lecture, when embodied in good teaching, comes to be dry, tedious, abstract, and boring living, most realistic. Ideal classroom work inspires each paragraph, as the orange thinks and practices for guest occasions, so the teacher studies and practices to realize ideal teaching in the Institute. For primary class work in the Institute there is great gain in having classes of primary pupils. As a rule, I have found it most beneficial to devote each half day session to a single subject. This plan affords room for the lecture, the class work, the essay and the discussion. Thus each teacher is stimulated to contribute his best, and the diskaf progress is moved forward.

J. Baldwin,
University of Texas.
S. W. P. quoted Dr. Baldwin. The teachers of Young county care but little for the theories of any one not acquainted with our condition, but to show the errors of S. W. P.'s conceptions we wrote Dr. Baldwin and Hon. J. E. Rodgers for their opinions. Hear what Editor Rodgers says:

DALLAS, TEXAS, Mar. 7, 1894.
"Prof. JOHNSTON: By all means I would intersperse the exercises of the institute with exercises by the children. Let the little people be on the program for a song and chorus, or duets, or trios; put them on the program for a sweet, tender recitation. Let the larger pupils also have a place. Let your county teachers see how beautiful it is, and how inspiring it is! Brings out the people! Well, I should say so. You let my little girl of 8 years old be on the program for a song, or recitation, or even a little march,—how anxious I am to be there and see how she acquits herself. By all means let the pupils be on the program."
J. E. RODGERS.

Now, teachers of Young county, it has been the desire of the writer to do all things within his limited ability to forward the cause of education. He is sorry that such a correspondence became necessary. It has occupied space that could have been used to better advantage. He herein asks pardon of all teachers and the schools of the county may prosper. No more such discussions will be allowed in the educational columns.

mates to help you. In going to your recitation; do not walk heavy, but walk lightly. When you go to the blackboard do not go running and shoving others to be first. When you stand up to recite, stand up straight.

Act kindly and politely to your fellow students and they will always love you. Do not quarrel with them or make fun of them. On the play ground be meek and mild, like brave Washington; he was first in war, first in peace and first in the hearts of his countrymen. We should try to imitate him by being first on time, first in our class and first in the hearts of our teacher and fellow students. Do not get angry with your playmates and punt around. Be pleasant with them; that is much nicer than to be contrary with them.

When you go in from recess, go in quietly; do not go running, storming and laughing. This is so much nicer than to be rude.
SADIE HUNT,
Olney, Texas, March 3, 1894.

I think it should be the aim of every student to be punctual in attendance at school, to be thorough in study, and good in recitation. The pupil should take pride in obedience to the rules of school. The boy or girl who would be successful in after life must lay the foundation of success in youth. They should fully understand the importance of improving their school days. Every pupil should endeavor to aid the teacher in his work, and in so doing they will soon gain the teachers confidence and affections. It takes brainpower to be a good student. Every youth should earnestly resolve to achieve an honorable and noble position in life. Those who store the mind in youth with valuable knowledge, will possess that which can never be lost.

WYATT REEVES,

Summer Normals.
The State Superintendent of Public Instruction has sent out regulations and blanks for Summer Normals. The most important features of these regulations is the amount of money required to be raised. The Superintendent reserves the right to appoint all the teachers to conduct these Normals. The amount to be raised is \$150 for the conductor and \$75 for primary teacher. Other expenses must be met. Blank applications providing for subscriptions by citizens of the town have also been sent out. How many of our citizens will assist in the enterprise! How much?

Do the teachers of the county want a Summer Normal? If you cannot subscribe more than your tuition, will you not pay \$6 for your tuition and certificate?

How many wide awake teachers in the county will call at the office of Judge Timmons and say what they will do?

One teacher in the county wants the Normal and will pay \$25 of his hard earned cash to get it, regardless of who may be appointed conductor. We want the Normal and Young county must have it. If you cannot come in and sign the application, authorize Judge Timmons to sign for you. Do not let the moss grow on your backs, but work for the Normal.

Several new residences are going to be built in Graham this spring and summer. John Polhman is just completing a fine house and it is rumored that R. G. Graham, W. T. Stewart, C. W. Johnson and perhaps others are going to follow suit. On with the boom.

There are several county candidates beginning to sprout but they are all waiting for somebody else to announce first and break the ice.

Rev. E. T. Harrison will address himself more especially to the children on next Sunday at 11 o'clock, Church conference at close of the services.

Federal Court Notes.

The U. S. Circuit and District Courts for this division of the northern district of Texas convened Monday morning, Judge Jno. B. Rector presiding, J. H. Finks, Clerk, F. W. Girard, Deputy, Col. P. B. Hunt, Marshal, and Eugene Marshall, District Attorney, all present.

The civil docket was called for orders in the forenoon and a recess taken till afternoon. The call of the criminal docket was set for Tuesday.

On Monday evening the petit jury was impounded but nothing was ready for trial and court adjourned till Tuesday morning.

Tuesday: The criminal docket was called and many orders taken. The famous "Young county mob case" was continued by the government. The defendants who were present wanted the case disposed of but it was continued on the representation of the district attorney that it would be disposed of at the next term. Maj. J. C. Kearby of Dallas was present, having arrived just after noon yesterday. The court is practically over and the lawyers and witnesses are leaving today.

Lawyer Fruit of Fort Worth is attending the federal court. Judge J. H. Glasgow of Seymour has been attending federal court here this week.

MR. EDITOR: I see in a late issue of your paper that a gentleman takes me to task because I use S. W. P. as a pen name, and writes like he had a monopoly of those initials. I got S. W. P. from Dicken's Pickwick Papers and used it before I ever saw Texas or heard of the gentleman who claims them. S. W. P. in full is Sam Weller Pickwick. Sam Weller and Pickwick, however, are two characters, and it is to be hoped that their ghosts will not return to earth and deny that they wrote letters "of criticism" to the LEADER.

"Have you seen my glove, I think I dropped it?" said Mrs. Bettie Wrench as she stepped in front of a saloon at Memphis, Tenn., recently, and she whipped out a slusher and shot a man through the thigh. He sprang to his feet and as he did so another bullet was sent through his stomach, bringing him to earth. In this position he shot the woman through the hip and she fell and both parties popped at each other until their shooting irons were empty. The woman received another shot through the arm and is seriously wounded. He is dead. The victim, J. W. Dunlap, had alienated her affections from her husband and deserted her.

At Eugene, Ore., recently, Albert Moss and his father quarreled, and David Coleman, a farmer, took sides with the father. Young Moss went to Coleman's house late and commenced shooting, first attacking a married daughter of Coleman, shooting her twice and killing her instantly. He then shot another daughter through the arm and finger, and Coleman, whom he shot through the abdomen and fatally injured. Moss then went home and blew out his brains.

Burglars entered the residence of Henry Germain, treasurer of Exeter township, near Carleton, Mich., at midnight recently, shot and killed Mrs. Germain and shot through the abdomen and fatally injured. Moss then went home and blew out his brains.

OUR COMMISSION CASE TO BE CALLED THE SECOND DAY OF APRIL.

The Chadwick-Cherokee Bond Squabble.
The Progress of the Bond Bill.
Seigniorage Bill in the Senate: Final Vote Next Thursday at 3 O'clock.

WASHINGTON, March 10.—Attorney General Culberson had a long interview with Chief Justice Fuller in regard to the Texas railroad commission cases. The argument of Mr. Culberson was in the direction of getting a speedy settlement of these cases by the courts. He said that the people of Texas were anxious that they should be passed upon and the law established one way or the other. He therefore desired that a hearing should be granted by the supreme court at the earliest possible moment. The result was that the 24 day of April was set as the day of argument as before that time there was little possibility of a full court. Justice Jackson is in Florida for his health and will not return before the 1st of April. The court is therefore disposed to hear any case of the importance of these railroad commission cases involving constitutional questions without a full bench.

Still Incomplete.
WASHINGTON, March 9.—The Democratic members of the finance committee continued their work on the Wilson bill, but had not, at the close of the sitting, made such progress as to justify the chairman in calling a meeting of the full committee for today. The members were quite as reticent as at previous times and declined to give out any information as to what had been accomplished or what remains to be done. They were in saying that the detail work has been found to be so great a task as to render speedy action impossible, and added that the whole adjustment is so delicate as to make it unsafe to make it public until the work is done. It was understood that there is little room for doubt that the committee has virtually decided upon a duty upon coal, iron ore and lead ore and the many other articles on the free list in the Wilson bill, but the committee has not yet issued an official announcement of their conclusions on this point until the bill can be presented as a whole.

Chadwick-Cherokee Case.
WASHINGTON, March 10.—A joint resolution was yesterday introduced in the house by Mr. Holman requiring the secretary of the treasury to interpret in the case of Chadwick v. Wilson & Co., now in the court of claims. This is a suit growing out of the sale of the Cherokee strip of land in the government in payment for the Cherokee strip. Chadwick made an offer for the bonds and put up \$100,000 to bind the bid. Afterward the Cherokee was accepted by the bid of R. L. Wilson & Co. of New York, and this suit is the result. The object of the resolution was to require the secretary of the treasury to come into court and ask which one of the parties he would prefer to favor.

They Stole a March.
WASHINGTON, March 8.—An exciting and interesting debate was precipitated in the senate yesterday by Mr. Harris' motion for the second reading of the seigniorage bill. This was opposed by Sherman, Republican, who moved his reference to the finance committee, and in the course of a strong speech in opposition to the bill said that its object was to divert a trust fund from its legitimate purpose, a thing which in Ohio would be a penal offense. His motion was defeated, but only at the last reading and was on the point of passing the senate. Then his opponents receded, and the bill passed and endeavor to prevent its passage, and on request of Senator Sherman it went over.

None Seem to Know.
WASHINGTON, March 7.—The Democratic members of the senate finance committee adjourned a few minutes after 4 o'clock yesterday afternoon. They had been holding occasional sessions during the day, going back and forth between the chamber and the committee room, and appearing at no time to be very busy. All the appearances indicated when they adjourned that they had concluded their work, but they refused to say that they had and were very evasive in their replies to questions. Senator Voorhees said he had called no meeting of the full committee, but none of the members would say positively that no meeting would be held to-day, or that it would not be reported at that time.

Progress of the Bond Bill.
WASHINGTON, March 10.—At the opening of the senate yesterday, the seigniorage bill came up as unfinished business. Mr. Allison asked that the bill go over until Wednesday at 4 o'clock. Mr. Manderson inquired if amendments could be offered. Mr. Harris replied that he did not think he could get his consent to this. A considerable discussion followed and finally Mr. Harris suggested that Wednesday at vote be taken on Mr. Allison's motion to reconsider and if that failed Mr. Manderson might move to commit to the finance committee, the final vote to be taken Thursday at 2 o'clock. This was agreed to and debate on the bill was then resumed.

Democrat Cases.
WASHINGTON, March 7.—The Democratic house caucus called for 8 o'clock last night to consider the advisability of strengthening the rules failed to assemble in quorum and the fifty-eight Democrats, who were present, adjourned without reaching any conclusion.

Treasury Statement.
WASHINGTON, March 7.—The amount of net gold in the treasury at the close of business yesterday was \$197,417,529, a gain of \$21,541. The cash balance was \$137,559,216.

Paper Wants to Know.
WASHINGTON, March 10.—Senator Pepper, Populist, of Kansas introduced a resolution yesterday to investigate rumors regarding sugar speculation. It went over.

A COWARDLY MURDER A YOUNG MAN KILLS HIS TWO EMPLOYERS

At Booneville, Ark., Cremates Them and Takes Possession of Their Property, but is Arrested—A Famous Law suit to be Settled by a Judge.

PARIS, Ark., March 10.—News has just reached here of a terrible double murder committed four miles south of Booneville, this county. The crime was evidently committed Sunday night, the 25th ultimo. Two horse traders and their cook, a young man about 20 years of age, went into camp in an out-house near Booneville on the "date named." That night pistol shots were heard, and the next day the young man was seen and the two horse traders were missing. That evening the house they had camped in burned down. It was noticed that the young man was in possession of all the horses and cattle that belonged to the traders. Citizens began to suspect foul play and went to where the house was burned, and in the ashes found the bones of two human beings. The young man was immediately arrested on the charge of murder.

Musicians Settles.
ST. LOUIS, Mo., March 6.—Joseph Lamonde, a musician of some note and leader of the Garden theater orchestra, committed suicide in the rear of the theater last night by blowing out his brains. Lamonde is known here as Tony Parlor and had been living with a woman who claimed to be his wife, but he denied that they had ever been married. Some time ago they separated and the woman's refusal to live with Lamonde is supposed to have been the cause of his rash act.—The dead musician is said to be the son of a German nobleman.

DALLAS, Tex., March 9.—The inauguration of the A. P. movement in Dallas came near receiving a baptism of blood last night. It had been announced for several days that J. W. Hill of Kansas City, state organizer of the A. P., would deliver a lecture in Dallas in the interest of the order. Some 300 men gathered in the city hall at 8 o'clock and they saw upon the platform a middle aged man of slight physique, dark mustache and goatee, who betrayed a use of dye, gray eyes that indicated plenty of nerve, and altogether he was an interesting looking person. The man was J. W. Hill of Kansas. His callus was on the platform and from this he extracted a number of copies of the newspaper published by the lecturer, and these he distributed among those in the audience. There were rumors around the hall that eggs might be thrown, and many took the side of the building in order to be out of range, but a few occupied the front middle seats in order to hear the "whole lecture." Mr. Hill opened his remarks by saying that he had hoped he was addressing an audience of American citizens. They Said She Would Die But Hood's Sarsaparilla Proved Its Merit.

The following statement will be of interest to the many friends of Dr. Williams' Pink Pills for Pale People, because it has been proved in the case of a locomotive engineer, and is now available for the cure of the same.

"I know the good there is in Hood's Sarsaparilla, because it has been proved in the case of my wife. In the summer of 1892, she was taken ill with malarial fever, which the physicians succeeded in breaking up. But then followed a relapse of this nature, and she seemed to be growing worse every day, and our friends said: 'I was indeed,' to have her take Hood's Sarsaparilla, which was followed by the best results. She has now taken eight bottles, and has used 60 boxes of Hood's Pills, and is in perfect health, as well as hearty as ever. We thank God for such a valuable medicine as Hood's Sarsaparilla. H. A. WRIGHT, Piedmont, Ala."

THE famous Breckenridge-Pollard breach of promise case was begun in Washington last Friday. From the evidence introduced it seems that the silver-tongued Kentuckian is going to get to pay some damages.

Electric Bitters. This remedy is becoming so well known and so popular as to need no special mention.

"It is infamously false," almost hissed the colonel. "It was the gift of a friend."

"Is it not true, then, that you at one time left a watch with a girl and she gave you her lockets to wear instead?"

"It is perfectly false," shouted the colonel, as he glared up at the judge.

Hon. Walter Baker has called a meeting of the democratic executive committee of which he is chairman

Democrats all over the state are highly elated over the prospects of a declaration of peace between the Hogg and Clark wings of democracy.

The rank and file of the party have long since dropped the matter and have only been waiting for the leaders to bury the hatchet.

This will be a chilling blow to the hopes of the populists who thought they saw a chance to creep in through the division in democratic ranks and carry the state.

Two Lives Saved. Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had Consumption and that there was no hope for her.
