THE Gazette of Fort Worth is improving under its new management.

WHAT'S going to become of Kuney and the Koons this year? Who bids first? Do not all speak.

THE pops see the handwriting on the wall. It was written by the harmony convention.

FARMER SHAW endorses the end of Harmony but not the means by which it was brought about.

THE Young county democracy will organize at an early date and prepare for war with Mr. Populist.

CONGRESSMAN in Washington are said to be very much interested in Breckenridge's case. Who knows whose turn will come next?

CYCLONES are beginning early this year and so are the populists. Between the two we are likely to have a very windy year.

SENATORS Mills and Voorhes are said to have been almost frantic in their pleadings with Cleveland to sign the seigniorage bill last week.

THERE are no more Hogg democrats and Clark democrats in Texas. We are all just ordinary democrats and nothing more.

KEEP your eyes on the men who engage in secret political meetings. They are dangerous to good government.

THE call of chairman Gallaher for an executive committee meeting appears in this issue of the LEADER. We hope every member of the committee will attend and the people be fully represented. A hot campaign is upon us and it is the duty of every good democrat to rally to the standard of his party.

THE committeemen should come prepared to represent the wishes of the people of their respective precincts upon the subjects named in call for the meeting.

Col. Mosby of Confederate fame announces that he will be a candidate for the presidency. Now let the pension army be put in active service and earn their pay by repelling the threatened invasion.

CLARK called Hogg "that glorious Texas democrat James S. Hogg" and Hogg tickled George accordingly. The curtain falls and exit Clark and Hogg from Texas politics.

HORACE CHILTON is going to canvass the state for U. S. Senator. Chilton is a good, pure young man, one who would do a great deal of good in the Senate and he stands a good chance to get there.

FOR SALE CHEAP: A large assortment of campaign thunder, backbone and gall, second hand but good enough for the populists. Call on or address, A. L. Matlock, ex-chairman etc. Fort Worth, Texas.

N. B.—A copy of McCormick's railway commission decision will be thrown in with a cash trade.

It must be a good article that will induce a man to go forty miles to get it. Mr. E. R. Swetnam, of Fairfax Station, Va., says; a party came forty miles to his store for Chamberlain's Cough Remedy and bought a dozen bottles. "The Remedy is a great favorite in this vicinity," he says "and has performed some wonderful cures here. It is intended especially for Coughs, Colds, Croup and Whooping Cough. For sale by The R. G. Graham Drug Co."

THE Radiator's cartoon of the harmony convention last week was a good one. It represented Baker and Matlock dancing, Hogg and Clark patting to keep time, while the populist chickens were falling from the tree in the background.

THREE young boys of good family at Georgetown, Texas, entered into a conspiracy to rob the I. & G. N. express train and are now in serious trouble over it. This comes of reading dime novels and sensational stories and loafing in a small town. Satan always furnishes a job for the idle boy.

Twenty Years for Handie. Major I. G. Handie was convicted of murder in the second degree last Saturday in the criminal district court of Dallas county and was given twenty years in the penitentiary. The verdict will meet the approval of the people generally. Public sentiment condemns him to hang, but the second degree is all the people expected to get and his conviction is a great victory for law and order.

III-Founded Claims.

The populist is a great hand to jump to conclusions. There are a great many true and tried, life-long democrats in this country who fail to admire President Cleveland and who in some respects do not like his official course and the populist are ready to claim and do claim them as converts to their party. If a pop hears you say you dont like Cleveland he reports you as a pop at headquarters every time. If you say you are for free silver he says ditto and lays claim to you. We heard a prominent populist last week claim Senator Coke, Judge Reagan and others of like political views.

It is hard for them to get it into their heads that men differ in all parties and no platform was ever framed and no officer ever elected that pleased every man in the party.

True democrats may disagree on men and measures but they have to become badly disgruntled indeed to leave the party and join the populists. We dare say that there are at least three political parties in the U. S. that such men as Coke and Reagan would prefer to the populists.

"On to Washington!" Such is the cry of several thousand enthusiasts who are going to invade the city of Washington and present a personal appeal to congress if they are not stopped on the route. "General" Fye with the first California regiment of the so-called "industrial army" is now passing through Texas with over 700 men and gathering recruits at every city while the "army of peace" organized at Massillon, Ohio, under a man named Coxey, numbers over a thousand more.

The unemployed and the tramps of all cities are organizing and will join the army, so if nothing is done to stop the crusade the city of Washington can prepare to entertain many thousand hungry and ragged men in about two weeks.

The leaders profess to be men of peace and they say that no violence and no stealing will be allowed. They appeal to the railways for transportation and the California division is coming through by the charity of the towns along the line. When railways refuse transportation they will march in regular army order. They are unarmed and so far have done no acts of violence.

It is their intention to present certain bills to congress for the relief of the laboring classes and stay in Washington until the bills are passed. How they are to be fed and sheltered in the meantime will be questions for the people of Washington and the towns along the line of march to determine. They mean business and if the authorities do not stop them they will certainly go to the seat of government and in case their petitions are refused, the greatest trouble may be expected with them.

The press generally seems to treat the matter as of little moment but it may amount to something serious.

Of course a few anarchists will be in the ranks as they always take advantage of any popular uprising to disseminate their pernicious doctrines, and it may become necessary for the government to put a stop to the progress of the "army" and disperse it to prevent serious trouble.

Three days is a very short time in which to cure a bad case of rheumatism; but it can be done, if the proper treatment is adopted, as will be seen by the following from James Lambert, of New Brunswick, Ills. "I was badly afflicted with rheumatism in the hips and legs, when I bought a bottle of Chamberlain's Pain Balm. It cured me in three days. I am all right to day and would insist on every one who is afflicted with that terrible disease to use Chamberlain's Pain Balm and get well at once." 50 cent bottles for sale by The R. G. Graham Drug Co.

THE Breckenridge-Pollard case will furnish to American society a golden opportunity to administer a punishment for immorality that will prove a good example if properly administered. Breckenridge, the great orator, the "silver-tongued star of Kentucky," is proven to have violated the most sacred contract of life, has repeatedly and habitually broken the seventh commandment, and, at the same time, has delivered religious lectures and deceived the public into the belief that he is a regular saint. His unfortunate partner in social crime is ruined forever but it remains for the American people to say what shall be done with the congressman.

Society is certainly in a very unhealthy condition if it fails to completely ostracize him as a being unfit to be noticed in decent company. His seat in congress and his high position should not be allowed to protect him from his well deserved social punishment.

Harmony Complete.

Dallas, Tex., March 19.—These are the terms of settlement of the factional fight between Texas Democrats:

"Whereas a serious division exists among Democrats in Texas, and it is to the interest of the party and of good government that such division should be adjusted and the party reunited upon the basis of fraternal union, involving no sacrifice of principle on the part of any Democrat nor the imposition of any terms calculated to bring humiliation; therefore, be it

Resolved, that we meet heartily favor a reunion of the party, and while this committee does not assume to frame or dictate a platform, yet for the purpose of reunion we recommend as a basis of adjustment and settlement of all differences honorably.

1. We reiterate our indorsement of the national platform adopted at Chicago in 1892 as a true expression of Democratic faith and stand as a unit ready to second the exertions of our Democratic president and congress in the execution of the demands of said platform.

2. We condemn the platform and principles of the Republican and Populist or people's party, as essentially inimical to Democracy, and destructive to free government.

3. We propose that all primaries and conventions to be held in 1894 be composed and constituted on the basis of the vote for the Democratic presidential electors in 1892, and no person who was then of age and did not so vote, unless prevented by sickness, absence or other good cause, and no person who will not pledge himself to abide by the action of the state convention so assembled, shall be allowed to participate in the primaries.

4. Resolved, that in order to unify the machinery of the party in the state, it is agreed that all counties in which there may exist two Democratic county or precinct committees, that committee which was created by the regular Democratic county convention shall constitute the only recognized county and precinct Democratic committee, and all appointments of county chairs, men made by either state executive committee be, and the same are hereby revoked.

5. Upon the adoption of the basis of settlement agreed upon by both Democratic state executive committees, Chairman Matlock and his committee will issue a public address to the Democrats of Texas, who supported the Turner hall ticket, advising them of the settlement made, and that in pursuance of said settlement no call for a state convention will be issued by his committee, and that said committee is dissolved. That the call of Chairman Baker and his committee is the authorized call of the regular, united Democracy of Texas, and it is urged upon all members of the party to respond to said call in a spirit of Democratic brotherhood, and to unite with all good Democrats in the primaries and conventions in cementing the party and promoting its success in perpetuating the true principles of Democratic government.

In pursuance of the above agreement the Matlock committee has issued an address to the Turner Hall party urging them to obey the call of chairman Baker. The Matlock committee was then forever dissolved. The terms of the agreement meets the unqualified approval of the leaders on both sides and the war is ended. Both Hogg and Clark addressed the meeting at Dallas and they were both well pleased with the result of the meeting. We will have no more Clark and Hogg democracy in Texas but united under one flag we will march forth in the fall and give populism and republicanism a signal defeat.
