The "Quick Meal" Gasoline Stove. IS ECONOMICAL AND SAFE, IT LIGHTS LIKE GAS,

It is a solid, but light, pretty contrivance d with Gasoline, instead of Coal or Wood and is especially invented for ladies who want to do their cooking comfortably in summer time in a cool kitchen. The price of a large "QUICK MEAL" is no more that that of a arge coal or wood cook stove, but the price of a small "QUICK MEAL" is considerably ess than that, and the cost of gasoline is bu the cost of gasoline is but ittle. All expense ends with extinguishing the flames. We would like to have it understood "right here," that on a "QUICK MEAL" you can accomplish the same as on the best wood or coal Range—cooking, baking, roasting, broiling, washing, ironing and everything else, with only this difference: The "QUICK MEAL" will do it quicker and The "QUICK MEAL" will do it quicker and
