Showers Spotted Over Area This Week

Rain Amounts Vary, Muleshoe Receives .18

Thunderstorms roamed over the Texas Panhandle and South Plains this week bringing rain, hail, winds and funnels. A few sprinkles fell in Muleshoe Sunday night while surrounding areas received larger amounts of moisture and more severe weather.

Monday night, Muleshoe received .18 inches of moisture and some light hail.

Bailey County was placed under a tornado watch about 4:30 p.m. Monday as thunderstorms began to build in the area.

Evidently the storms were building over the immediate Muleshoe area and soon moved north and east building in strength.

Tornadoes were spotted a half mile west of Halfway, 25 miles northeast of the Lubbock Regional Airport and just south of Petersburg.

Radar indicated the possibility of tornadoes 15 miles northwest of Levelland, south of Olton, near Springlake-Earth, near Petersburg, west of Plainview and east of Hale Center.

Several highways in the surrounding counties were reportedly underwater as the thunderstorms moved through the area.

Springlake-Earth reported at least two inches of rain with golf ball size hail. Petersburg homes and automobiles were damaged with baseball size hail and several inches of rain.

Vaccinate Young Cattle For Blackleg

All cattle under two years of age should be vaccinated for blackleg every year, advises Spencer Tanksley, county agent for the Texas Agricultural Extension Service.

Blackleg is a disease which is usually fatal to young cattle. The death or lameness of the best young calf in a herd often signals an outbreak of the disease. The most common sign that an animal has the disease is a swelling of the heavy muscles in the hip and shoulder.

According to Tanksley, blackleg has been around for a long time and seems to show up wherever cattle are raised. It is caused by bacteria which are usually ingested with feed. The infection ends up in the heavy

Smith Attends School

Jeff Smith, vice president of the Muleshoe State Bank was among the 1,200 bankers attending the 25th annual two-week session of the School of Banking of the South being held at Louisiana State University. Classes started May 20 and continued through June 1, covering advanced study in all phases of banking, economics and finance. In brisk balloting, Jeff Smith emerged as President of the Class of 1976. It was one of the closest races in recent years, with only a handful of votes separating the top finishers.

Other officers are Nancy Miles, cashier, Peoples Bank, LaGrange, Ga., vice president; Betty Nelson, vice president of the Lee County Bank, Fort Myers, Fla., secretary; and Nick Nixon, Vice President and Cashier, American Guaranty Bank, Tallahassee, Fla., treasurer.

The school, sponsored by bankers associations of 15 southern states, requires attendance at campus sessions for three years, plus extensive home study work during the re-

Cont. on Page 2, col. 5

Mitchell Signs Scholarship With NMMI

George Mitchell from Muleshoe has signed a football scholarship at New Mexico Military Institute in Roswell, New Mexico.

Mitchell, a sixfoot, 190 pound linebacker, graduated this year from Muleshoe High School.

He was named All-District Defense, 1972 and 73; and All-South Plains, 1972-1973.

He is the son of Mr. and Mrs. George D. Mitchell of Muleshoe.

Cont. on Page 3, col. 1

Highway 214 To Be Widened Into Friona

A contract for the Highway 214 project, widening the road from the Bailey County line into Friona, and the construction of an overpass, was awarded this week by the Texas Highway Department.

around muleshoe

With The Journal Staff

Linda Gail Mason of Muleshoe a student at Angelo State University in San Angelo, is listed on the Dean's Honor Roll for the spring semester at the University.

Miss Mason, daughter of Mr. and Mrs. Clarence E. Mason of Route 2 Muleshoe, is a 1973 graduate of Muleshoe High School. She is a freshman med.-tech. major at ASU and is listed on the 3.00 to 3.49 honor roll.

Five students from Muleshoe were named to the Spring 1974 Honor Roll at West Texas State University.

They were Dellinda J. Henry, sophomore, 2.9, daughter of Mr. and Mrs. Earl Henry (1621 W. Ave. C); Debbie L. Engelking, freshman, 2.6, daughter of Mr. and Mrs. Richard Engelking; Renard Franklin, senior, 2.6, son of Mrs. Roberta Johnson. John A. Hayes, sophomore, 2.6; and Kathy M. Pena, freshman, 2.5, daughter of Benny Pena.

In order to be eligible for the Honor Roll, a student must

Jaycees Announce Date Of Drawing

The Muleshoe Jaycees met Monday for their noon general membership meeting with the president, Charles Moraw, presiding. Invocation was given by Gene McGuire, chaplain. Pledge of Allegiance was led by Butch Duncan and the Jaycee Creed was led by Carter Reed.

Guests included Andy Douglas of Tri-County Savings and Loan and Ken Horn, Lowell Boozer and Larry Mitchell of the Bovina Jaycees.

Royce Harris reported on the Bicycle Safety Program held Saturday June 1, 1974. Approximately 50 kids participated in this new project sponsored by the Muleshoe Jaycees. Medals and ribbons were awarded to

The contract was awarded to Boswell and Crafton, Inc. and Austin Bridge Co. of Dallas. The low bid on the project was \$3,703,589.67.

The project is expected to require an estimated 350 working days, and will be under Highway Department engineer Rhea E. Bradley of Littlefield.

The contract will include grading, structures, flexible base, one and three-fourths surface treatment, seal coat and grade separation.

The project is located on Highway 214 from the Bailey County line to Friona, at the junction of Spur 270, and from .2 miles south of Parmer County line to the county line.

Included and Junction of Spur 270, and from .2 miles south of Parmer County line to the county line.

Included in the north end of the project is an overpass to span the Santa Fe Railroad leading into the southern edge of Friona.

City Council

Discusses

SWPS Rates

The Muleshoe City Council met in regular session Tuesday, June 4, at 8:30 a.m.

Creston Faver, C.P.A. presented the Audit Report and the council discussed the Southwestern Public Service Rate increase but no action was taken.

The council approved the payment to Jake Diel for the seal-coating project.

BICYCLE COURSE HELD . . . These kids participated in the Jaycee Sponsored Bicycle Safety Course held Saturday, June 1. Over 50 kids participated in the course. Winners in the 10-12 age group were Dennis Clements, first; Leslie Wagon, second; and Lupe

Rosales, third. Age 8-9 group, Jonette Suddeth, first; Kim Wilson second; and Dean Clements, third. Age preschool through seven years, Todd Jones, first; Steven Eubanks, second; and Loy Trinana, third. Ribbons and medals were presented.

League Completes Half Of Season

The Muleshoe Little League Baseball program has completed the first half of its season with one team in each division

still undefeated.

In the major league, the Lazbuddie Longhorns compiled a record of seven wins and no losses. In the minor league the Lazbuddie Shorthorns had a perfect record of seven wins and no losses. The final standings for the first half were as

follows:

MAJOR LEAGUE: Longhorns, 7-0; Mustangs, 5-2; Savers, 5-2; Builders, 4-3; Cardinals, 4-3; Lions, 2-5; Colts, 1-6; and Sox, 0-8.

MINOR LEAGUE: Shorthorns, 7-0; Ginners, 5-2; Lazbuddie

Gil Lamb Presented Awards For Service

The Muleshoe Order of DeMolay Monday morning presented Gil Lamb and Radio Station KMUL a plaque for years of distinguished services to the community and for the promotion of DeMolay activities. The award was presented by David Smith, Master Councilor; Ronnie Bullock, District 4 Deputy State Master Councilor; and Danny Howard.

Gil Lamb, partner-manager of Radio Station KMUL AM-FM in Muleshoe, has also received the Distinguished Service Award from the United States Jaycees

for his dedication and service to humanity which will serve as a lasting reminder and inspiration to all men of all nations.

Bill Russell, immediate past president of the local Jaycees, stated, "This award, never given before by the Muleshoe Jaycees, has been overlooked for many years probable due to the fact that this individual is involved in much civic work in his job. We feel he has gone over his limits and has extended himself to not only the Jaycee organization, but to all the civic organizations in Muleshoe."

Russell who is a member of the hospital Citizens Committee went on to say, "I know pers-

Mint Appeals For Return Of Pennies

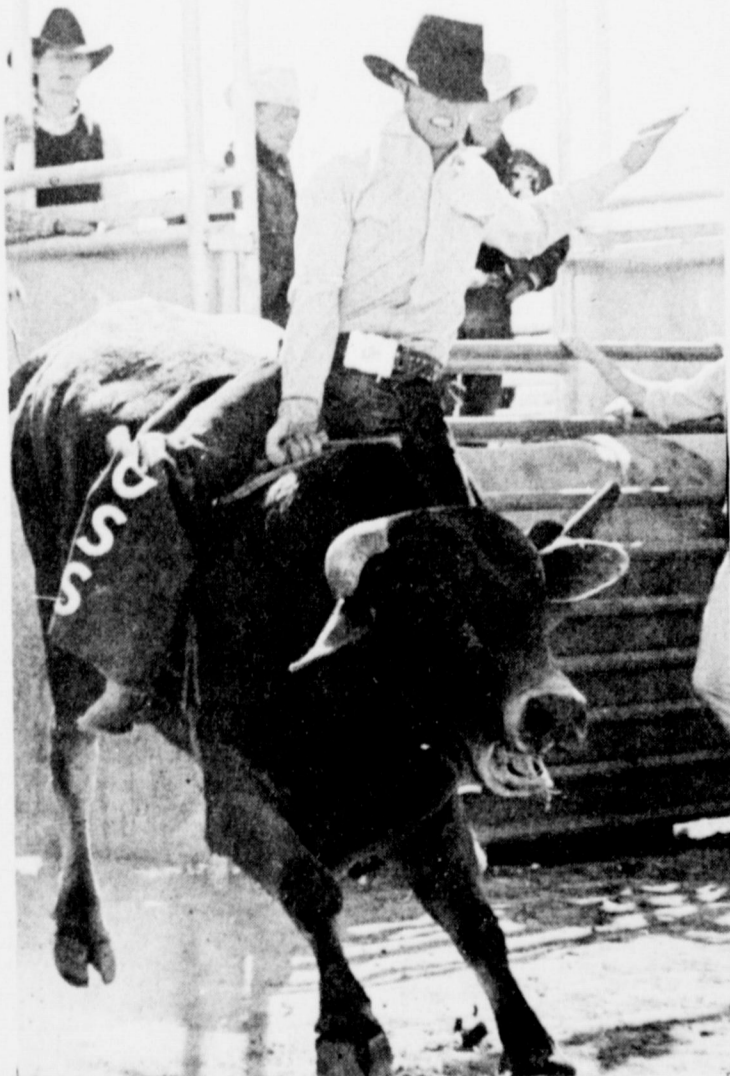

"I'm calling on every American to get the penny back in circulation and keep it there," Mrs. Mary Brooks, Director of the Mint, said today. "I'm calling on the banking industry to welcome the return of pennies during the month of June. I'm urging schools, churches and charities to examine ways

and mean to involve their members in collecting pennies for deposit.

"The price of copper has retreated, closing at \$1.15 per pound on May 20. There will be no aluminum penny. The 62 billion pennies produced during the past 15 years have no numismatic value and because of the huge mintage they will never attain great value.

"Nevertheless, speculators

McKILLIP QUALIFIES FOR FINALS . . . Ross McKillip, a member of the Muleshoe Rodeo Club, qualified for the Tri-State High School Rodeo Finals in Amarillo this year in bull riding. He will be among the 15 top riders participating in the event.

EDDY MARDIS QUALIFIES . . . Eddy Mardis, son of Mr. and Mrs. Clifford Mardis, qualified for the Tri-State High School Rodeo Finals in Calf Roping this year. He will be participating in the rodeo on June 6, 7, and 8.

BULL RIDING RIVALIST . . . Sherman Presley, son of Mr. and Mrs. Jimmy Presley, qualified for the Tri-State High School Rodeo Association finals in four events, bull riding, calf roping, ribbon roping and bull dogging.

QUALIFIES FOR FINALS . . . Joe Pate, son of Mr. and Mrs. Bob Pate has qualified for the Tri-State High School Rodeo Association Finals in Calf roping. The finals will be held June 6, 7 and 8 in Amarillo.

Muleshoe...

Cont. from Page 1

be enrolled for at least 15 semester hours, and maintain at least a 2.5 grade point average.

Sam E. Feagley of Muleshoe has been awarded an undergraduate degree from Texas A&M University. Feagley, son of Mr. and Mrs.

C.J. Feagley, 1805 West Avenue H. received his degree in chemistry.

TAMU had a total of 1,961 spring graduates.

Sixteen students from Texas are among the 673 Eastern New Mexico University students listed on the Dean's Honor Roll for spring semester.

To be included on the Dean's List, students must have earned a 3.25 or better grade average on 15 or more hours of credit courses. Students at Eastern

are graded on a 4.0 scale. Included on the list is Mary Kathleen Jennings of Muleshoe.

James Morris, parts manager at Jim Ed Grant Ford-Mercury Inc. in Duncan, is being awarded a Gold Medallion manager plaque, the top award in a program sponsored by Ford Parts and Ford Customer Service divisions.

In addition to the plaque which Morris will receive at a special banquet, he also will be

given his choice of an all-expense paid five-day vacation for two to Acapulco, Mexico, or merchandise of an equivalent value, Ford officials said.

Morris is one of only 70 managers from a total of 6,700 Lincoln-Mercury dealerships in the nation who will receive the award.

You can still make many friends by speaking nicely about people.

Smith...

Cont. from Page 1

mainder of the year. An outstanding faculty of 130 bankers, businessmen, economist, and educators teach courses dealing with modern bank management, service and operations.

During their three years at LSU, banker-students receive a total of 180 hours of classroom instruction, 30 hours of review, organized evening

study, and written final examinations at the end of each year. Since the school began in 1950, graduation certificates have been awarded to more than 4,000 graduates.

"This program makes an important contribution toward improving and increasing the type and quality of banking services being offered in the South", said Charles Cassidy, Director of the School.

Life, for little people, is a struggle to secure power.

ents will win a trip to the national FFA convention at Kansas City.

Jimmy Hodnett will take the controls course, while Randy Locke will participate in the farm wiring. Doug Owen, Three-Way instructor, will be a member of the workshop staff.

President for Region 114.

Jaycees attending Monday's meeting were Mike Armstrong, Hugh Young, Terry Friele, Gene McGuire, Charles Moraw, Royce Harris, James Brown, Dick Kelton, Marlin Mills, Curtis Walker, Bob Addison, Monty Dollar, Edwin Cox, Jim Rankin, Bob Finney, Bill Russell, Butch Duncan, Bruce Peterson, Wayne Peterson, Glen Watkins, Darrell Oliver, Joe Mata, Jeff Smith, Ted Barnhill, Carter Reed, Richard Bennett and Tommy Black.

JOBS AND ENERGY

The Labor Department reported that energy-related job layoffs accounted for 16 per cent of the new unemployment insurance benefit claims filed in the week ended March 2.

Farm-facts
Compiled From Sources Of The Texas Department of Agriculture
John C. White, Commissioner

ALL 50 STATES are recognized now as "hog cholera free," and Texas has not had a cholera case since May 2, 1973. A state must go for 12 months without a confirmed case to be designated as cholera free. This is the first time since 1962 that all states have been designated as cholera free. A certificate signed by U. S. Secretary Earl Butz was presented to Norman Moser, Chairman of Texas Animal Health Commissioner, in recognition of the cholera free status recently. Hog growers, however, are urged to check their hogs regularly to prevent a widespread outbreak of the disease.

REPORTS ARE that some fields of onions in the Rio Grande Valley are being abandoned because of low prices, according to the Texas Crop and Livestock Reporting Service. Onion harvest there is almost completed, and so is the harvest on cabbage and carrots. In the Coastal Bend squash harvest also is almost over, and cucumber harvest is past its peak. Peppers and tomatoes, honeydews and cantaloups are being harvested in the Valley, and harvest is beginning in the Winter Garden-San Antonio areas. Sweet potatoes are being planted in East Texas, and watermelons and vegetables are making good progress. Potatoes and other vegetables are making good progress on the High Plains.

CATTLEMEN are being urged by the USDA's Animal and Plant Health Inspection Service and the Texas Animal Health Commission to catch ticks off their cattle and send samples to the State-Federal Laboratory, 702 Colorado St., Austin, Texas 78701. Purpose is to continue the fight against the fever tick, the "season" for which is here now. Prompt control measures can be taken when the location of infestations are known. An area in Jim Wells and Duval counties is under quarantine now, but only one cattle fever tick infestation has been found in that area since February, and the quarantine may be lifted this year. The infestation was found in 1972. Cattle fever ticks are carriers of the fever which used to do as much as \$40 million damage a year to U. S. cattle herds.

IT HAS been determined that if all the farm land in the United States was divided among all families, each family would have 24 acres, valued at \$4,814. Each family would have grossed \$1,684 and expenses would have been \$1,198, leaving a net of \$486. That's imaginary, but here in Texas, it is estimated that there are only 209,000 farms which average about 668 acres in size. Average value of those farms (land and buildings) is about \$100,000.

TEXAS HEAVY breed turkey poult hatches are showing a decline. The hatch for the week ending May 18 was 272,000, a decrease of 23 per cent from a year ago and 10 per cent below a week earlier. Heavy breed eggs set totaled 494,000 which was 11 per cent below a year ago and eight per cent above the previous week, according to Texas Crop and Livestock Reporting Service. The light breed hatch for the week ending May 18 was 18,000, and there were none at the same time a year ago.

Pennies...

Cont. from Page 1

and hoarders of pennies have caused what seems to be a shortage of pennies in certain areas of the country.

"But there is no shortage of a supply of pennies. Creating a shortage where it does not exist can adversely affect every public spirited citizen, taxpayer and conservator of the earth's resources. It is inflationary should merchants start to round off sales to the next nickel due to lack of pennies to make change.

"Again, I'd like to emphasize. There are plenty of pennies. But they are in the wrong places. It is estimated that over 30 billion pennies are in circulation -- doing the job for which they were intended. Somewhere in this vast country of ours, however, in excess of 30 billion pennies are in hiding. These are the pennies I'm looking for.

Vaccinate...

Cont. from Page 1

muscles of the animal, where it causes great damage and forms large quantities of gas in the tissues. When pressure is applied to the affected area, the gas in the tissues makes a crackling sound, like paper being crumpled.

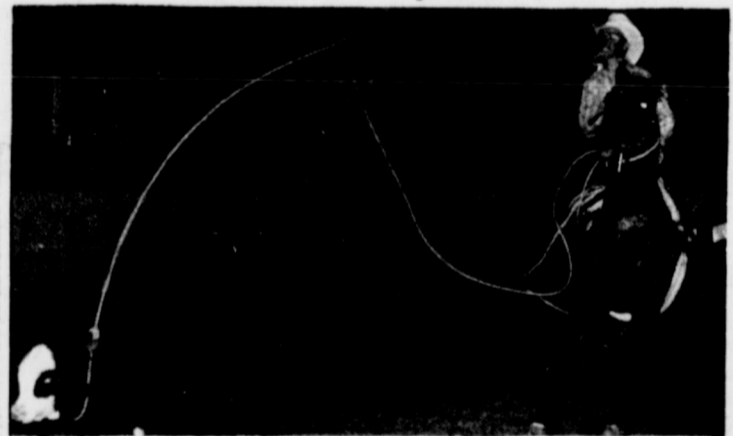

An animal which has died from blackleg has a characteristic posture. Because of the terrific swelling soon after death, the animal has its legs extended and stiff like a sawhorse.

Once animals are stricken with the disease, they usually die in 12 to 48 hours. The disease can be prevented by vaccination with a bacterin made from the organism which causes the disease. Since animals under two years of age are the ones usually affected, they are the ones which should be vaccinated.

Although annual vaccination means that some animals vaccinated more than once, this will not hurt the animals and will keep resistance at a high level, explains Tanksley.

If there is an outbreak of blackleg on your farm, the best thing to do is to vaccinate all the young animals and hope you are getting ahead of the infection. You may continue to lose animals for about two weeks. After that much time has passed since vaccination, the animals are generally safe. However, an annual vaccination program for all cattle under two years of age will eliminate chances of an outbreak, contends Tanksley.

Barry Goldwater, Senator (R-Ariz): "Down through history the government which turned to the welfare state approach in their handling of mankind's needs and comforts created their own destruction."

SHERMAN PRESLEY ENTERED . . . Sherman Presley, a member of the Tri-State High School Rodeo Association, qualified for the finals this year in four events. He is pictured in action during the calf roping event.

They are in dresser drawers, shoe boxes, pickle jars; most anyplace you can think of that will get them out of pocket and out of sight. They are unwanted, unused and unappreciated. "For the Mint to be forced to continue increasing its penny production to meet the current extraordinary demand is wasteful. Wasteful of a natural resource -- copper -- that cannot be replenished by man. And wasteful of the taxpayers' hard earned money. One billion pennies returned to circulation will save the taxpayers \$10,000,000.

"The current price and supply of copper allows us to continue production and distribution of the copper bearing cent. During the past 15 years, the Mint has pumped out over 62 billion pennies using some 202,000 tons of copper in their manufacture.

"This year alone the Mint expects to use 33,000 tons of copper in cent production -- making about 35 million pennies each working day.

"If just 15 billion pennies could be lured out of hiding, the Mint, at current production figures, wouldn't have to make pennies for almost two years and it would represent a saving of \$150 million.

"Fifteen years ago, the reverse design of the Lincoln cent was changed from wheat to a view of the Lincoln memorial. The Mint produced 25.7 billion Lincoln wheat pennies during a 50 year period.

"The Lincoln wheat pennies do enjoy collector interest -- some years commanding more numismatic value than others. Rarity is one of the determinants in establishing value of almost any collectible item. Especially this holds true for coins. A general rule of thumb is the lower the mintage of a given coin, the higher the numismatic value. Coin collecting is a very wholesome hobby. I'm happy to have young people looking at their coins.

"Sixty-two billion pennies of identical design, however, can never qualify as numismatic rarities and so cannot ever reach great numismatic value. The true collector knows this and collects only those pennies needed to complete his coin collection sets. The true collector likes bright, uncirculated coins also. Not the dull and discolored ones, unless they are rare.

"For every \$25 worth of pennies chashed in at a bank, the Treasury and the Mint are prepared to issue a Treasury Department certificate to the individual or group responsible. "Obviously, this campaign to get the penny back in circulation will require the cooperation of the banks in forwarding the names to be cited for an award to Mary Brooks, Director of the Mint, 55 Mint St., San Francisco, Calif., 94175. "Truly this is a challenging project for anyone who participates. It will give every American family a chance to help control inflation, protect the environment and cut government expenses."

Lamb...

Cont. from Page 1

onally that Gil's efforts working with KMUL has contributed over \$30,000 to the West Plains Memorial Hospital building fund". The facilities of KMUL, provided by Lamb as a public service, were used to help start a hospital building fund and raise money to keep the hospital open here which was scheduled to close June 1.

Lamb's voice is well known in the area as a broadcaster having hosted a unique radio program "The Muletrain News" for the past 20 years which is heard twice daily featuring 45 minutes of local and area news. He originated the program on Radio Station KICA out of Clovis and later changed to KMUL in Muleshoe when he and his late wife, Olabelle, put the station on the air in 1956.

The Lambs and their daughter, Magann, now Mrs. Jack Rennels, of Muleshoe, Moved here in 1954 from Tahoka. Two years later the Muleshoe Chamber of Commerce named Gil Lamb Outstanding Citizen in Muleshoe.

In 1966 he received the Outstanding Merchant Award from the Muleshoe Jaycees being cited for his work in building the National Mule Memorial. He is president of the Mule Memorial Association which has brought even international publicity to Muleshoe.

The Federated Women's Club Outstanding Radio Executive Award was presented to him by the Muleshoe Study Club that same year, and in 1967 he received from the Epsilon Chi Chapter of Epsilon Sigma Alpha Sorority their Zeus Award for

his humanitarian service.

Lamb is widely known as an educational speaker on alcoholism and drug abuse. He serves as vice chairman of the South Plains Association of Government's Alcoholism Advisory Committee and on the drug and alcoholism committee of the Central Plains Mental Health and Mental Retardation Center in Plainview. In the late 1950's he was a member of the Governor's Advisory Committee on Alcoholism and a lay speaker in the Methodist Church.

The civic leader is presently president-elect of the Muleshoe Rotary Club, a newly elected board member of the West Texas Area American Lung Association of Texas, a life member and board member of the Texas Panhandle Heritage Foundation, Inc., and he has served on the Muleshoe Chamber of Commerce Board and campaign chairman of the Muleshoe Area United Fund and the Bailey County Cancer Crusade and is a member of Sigma Delta Chi.

A native of Kentucky, Lamb was reared in Roswell, the son of the late Mr. and Mrs. T.M. Lamb. In the 1920's and 30's he was a musical and young actor with Harley Sadler and His Own Company, Bruns Comedians, Guy Bert Davis, Hazel Hurd Players, and Toby Young. As a former resident of Lubbock, he worked at Hemphill Wells and sold windchargers and farm equipment in West Texas and Eastern New Mexico.

Lamb is listed in Who's Who in the South and Southwest, Who's Who in Texas Today, Men of Achievement, and Community Leaders of America.

He married the former Marie Sones of Levelland in 1972, and they make their home at 723 West Avenue E. He has one step-daughter, Frantonya Berryhill of Muleshoe.

NEW RAINBOW OFFICERS

Miss Faith Free Installed As Rainbow Worthy Advisor

Miss Faith Free, daughter to Mr. and Mrs. Bobby G. Free was installed as Worthy Advisor of Muleshoe Assembly No. 161 Order of Rainbow for Girls, on Friday, May 31.

Miss Free is dedicating her term of office to her parents Mr. and Mrs. Bobby G. Free, her grandparents Mr. and Mrs. Melton Welch, and Mr. and Mrs. Sage Free; and in loving memory of her grandmother, Josephine Free.

Miss Free's theme was Serving God Through Music, with her symbol being the music note. Her scripture was Psalms 100:1-5 and her flower was the blue daisy. For her colors she chose blue and white and her song was "I Asked The Lord."

and present Mothers and Worthy Advisors.

Miss Phyllis Smith then sang "I Asked the Lord" accompanied by Jana Oyler.

Miss Faith Free then presented Miss Jana Oyler with her past Worthy Advisor's pin in appreciation for her hard work and devotion. Miss Jana Oyler in turn presented Miss Free with the traveling gavel necklace. It is handed down from Worthy Advisor to Worthy Advisor and Miss Free will be the 47th one to wear it.

The flower drill was then given to Miss Free by Miss Marcia Rudd and the Rainbow girls as a sign of their love and support.

The benediction was given by Bro. Gerald Pepper before the Rainbow girls closed the service with the retiring march and the singing of "My Rainbow".

Those assisting Miss Free in her installation were her sister Hope, who registered guests.

and friends Miss Ruth Ramm and Miss Lydia McGee who served the traditional "Rainbow Cake" and punch from a table decorated with blue and white.

Officers serving with Miss Free are: Worthy Associate Advisor, Miss Debbie Dunbar; Charity, Miss Marcia Rudd; Hope, Miss Rhonda Stevenson; Faith, Miss Maribeth Dillman; Chaplain, Miss Carol Brown; Drill Leader, Miss Sheryl Brown; Recorder, Miss Fran Dunbar; Treasurer, Miss Glenda Rasco; Love, Miss Denise Reeder; Religion, Miss Sheila Hunt; Nature, Miss Gwendlyn Reeder; Immortality, Miss Stephanie Brantley; Fidelity, Miss Sheryl McCamish; Patriotism, Miss Sherrill Rasco; Service, Miss Sandra Favor; Confidential Observer, Miss Lashell Lewis; Outer Observer, Miss Shannon Kennedy; Musician, Miss Trisha Grogan; Choir Director, Miss Judy List; and Mother Advisor, Mrs. Robert Hunt.

RECEIVE LIBRARY READING CERTIFICATES . . . Mrs. Ann Camp of the Muleshoe Public Library presented reading certificates to Darla Driver, daughter of Mr. and Mrs. Bill Bovell, who has read 19 books and Prentice Hill, son of Mr. and Mrs. Raymond Hill, for 13 books.

Progress Circle Plans Party

The Progress Circle met in the home of Mrs. Virgie Shaw Monday, June 3. President, Mrs. H.H. Snow, presided over the business meeting with seven members and two guests present.

The circle made plans for the Nursing Home Birthday Party to be held at the Nursing Home June 18 at 2:00. Each member is asked to make two dozen

cupcakes.

Mrs. M.J. Gibson gave the prayer circle and Mrs. Byron lead the group in prayer and gave study on "Healing Fountain" topic "Life and Death."

Mrs. H.W. Herrington lead in the study.

Mrs. Johnny Westbrook lead the closing prayer.

Members present were Mrs. H.H. Snow, Mrs. M.J. Gibson, Mrs. George Chambliss, Mrs. Virgie Shaw, Mrs. H.W. Herrington, Mrs. Byron Gunn and Mrs. Johnny Westbrook.

Mrs. Callie Holt and Mrs. Tom Smith were present as guests.

The next meeting will be June 17 at 2:00 in the home of Mrs. H.H. Snow.

The Lonely Heart

Bridal Shower Fetes Miss Cindy Hanna

Miss Cindy Hanna, bride-elect of James Partlow, was honored with a bridal shower Thursday, May 30 in the home of Mrs. Jack Lane, Stegall.

Special guests were Mrs. Raymond Hanna, mother of the honoree and Mrs. J. L. Partlow, the bridegroom's mother. Other special guests were the bridegroom's sister Miss Pam Partlow and the honoree's sister-in-law, Mrs. Dale Hanna of Sudan. The honoree and mothers were presented corsages of pink roses.

The serving table was laid with a white lace cloth over pink and was centered with the four heart shaped cake, pink and white floral arrangement with a bride and groom nestled in the center of the four hearts, surrounded by pink lace, ribbon and flowers. Pink candles flanked the arrangement.

Refreshments of cake, mints, nuts, and pink punch were served from crystal appointments by Miss Danette Lane, Miss Nancy Blaskstone and Miss Linda Cunningham.

Guests were registered in the bride's book by Miss Martha Duarte.

Hostess gift was a set of Avacado stainless steel cookware, Teflon bakeware and smoked beverage glasses.

Hostesses were Mrs. Harvey Blackstone, Mrs. Carl Cunningham, Mrs. Jack Lane, Mrs.

Darrell Corkery, Mrs. Donnie Carpenter, Mrs. Joey Kindle, Mrs. Elmer Lee, Mrs. Tiffina Marin, Mrs. Ralph Nino, Mrs. Manuel Nino, Mrs. Carl Pollard, Mrs. Homer Richardson, Mrs. Joy Boyce, Mrs. Mike Duarte Sr. and Mrs. H.O. Huff Jr.

Miss Hanna and Partlow will be married Saturday, June 8 at 7:00 p.m. in the Three Way Baptist Church, Maple.

20 Years Ago

Mr. and Mrs. Sherman Swatman and daughter Mrs. Laura Jean Preasley, were in Vernon over the holiday weekend.

Gloria Jean Pearson visited this week with her grandparents Mr. and Mrs. John Benson, and Mr. and Mrs. Matt Dudley.

Mr. and Mrs. E.K. Angeley and Mr. and Mrs. Leroy Hicks were visiting Friday evening in the home of Mr. and Mrs. W.O. Chadwick and family.

Guests in the Joe Damron home this week was her sister, Mrs. Joe Pritchard, of Tucson, Arizona, and another sister and brother-in-law, Mr. and Mrs. M.H. Rock, of Phoenix, Arizona.

Revised Credit Law In Texas Recognizes Women

College Station -- Household purse strings unwound for Texas women recently with changes in credit legislation, according to one authority.

In Texas, women 18 years or older, can no longer be denied credit solely on the basis of sex or marital status, Mrs. Doris Myers, home management specialist with the Texas Agricultural Extension Service, The Texas A & M University System, explained.

"Legal rights of women are being recognized as equal to those of men, and this law is responsible for that trend," the specialist observed.

She outlined implications of the revised law.

"In 1973, the Texas Legislature amended the Texas Consumer Credit Code to prohibit a credit grantor from denying an individual credit or loans in his or her name, or from restricting or limiting the credit granted, solely on the basis of sex.

"This gives a woman, 18 years or older, the right to apply for and get credit in her own name, if she meets the financial requirements of the credit grantor.

"Meeting those depends on her ability to be responsible for her own debts.

"This usually means having a regular income, stability in employment and residence, a checking account and references," Mrs. Myers said.

The specialist discussed how variations in individual marital status can affect credit even with new legislation.

"The single, young woman who has never had credit may have a problem in establishing credit.

"A parent or some other responsible adult may have to guarantee the account at first.

"Credit is established once the account is handled properly for a sufficient time.

Although the married woman now has the legal right to credit in her own name, most firms usually prefer to handle the account as a family account.

Mrs. Myers said.

"It's less expensive to service one account instead of two.

"However, most firms will open an account for the married woman on request, if she meets the credit requirements. Still, some firms may include her husband's name in parenthesis for identity purposes."

Married women may encounter credit problems if credit reporting agencies are slow to make separate reports for husband and wife, the specialist noted.

"For instance, if a married woman applies for credit in her own name, and the reporting agency shows no separate record on her, it could cause a refusal of credit.

"A visit to the reporting agency and then the firm's credit manager can help straighten out the matter, if the woman meets all the other credit requirements."

"The widow usually has no problem in changing accounts to her name if the family has a good record of payment and her financial position meets the firm's requirements, Mrs. Myers said.

"A divorced woman who had accounts in her husband's name may have to reapply for accounts in her name.

"In general she must follow the same guidelines for establishing credit as a single woman.

"If she has accounts in her name as a married woman, she simply might have her marital status changed on their records after discussing the accounts with her creditors.

"The divorced woman, in any case, would be wise to consult each firm and change previous accounts that were family accounts or accounts in her husband's name," Mrs. Myers suggested.

Women who are separated, but not divorced, have the most difficult time with credit, the specialist said.

"Some firms suspend additional credit during this time, because funds may be tied up until a divorce is final.

"This may affect the credit records and impair future credit.

"The firm's credit policy will determine what a separated woman can do."

Noting "many substantial and beneficial changes" recently in the rights of women, especially married women, Mrs. Myers said that more firms are realizing they can give credit to married women in Texas with complete legal security, since married women now can be sued in the same manner as their husband.

Muleshoe Auxiliary Ends Year, Receives Awards

The Muleshoe Country Club was the scene of the Spring Luncheon finishing up the year for the Hospital and Nursing Home Auxiliary, Friday, May 31 at 12 noon.

Twenty five auxiliaries and guests gathered to hear a program given by Mrs. John Clark and Marshall Cook on the subject "Reality Orientation." Cook related the basic idea of Reality Orientation. He said that most people have a routine and a reason for getting up every morning and they take this as a matter of course. However, it's

St. John's Church Plans Bible School

St. John Lutheran Church, Lariat, will be holding their Vacation Bible School Sunday, June 9 through Sunday June 16, excluding Saturday. The time of the school, Sunday through Friday, is from two to five p.m. All children from three years old to the eighth grade are welcome.

"God's People Today" is the theme of the Vacation Bible School.

On Sunday, June 16, St. John will hold its regular closing at 3:30 p.m. Games for the children will follow with a softball game planned for the adults. At 7 p.m. all will gather for the traditional chicken barbeque.

Teachers for this year's Vacation Bible School are Ruth Ramm, Berna Dean Kube, Jo Geauthier, Mildred Haseloff, Mary Kalbas, Sandra Turner, and Bobbie Jones.

Those involved as helpers are April Holfield, Cheryl Gohlke, Nancy Ramm, Donna Haseloff, Alta Ramm, Pam Haseloff, Sonia Kube, and Linda Gohlke. Handling refreshments is Minnie Ramm. Rev. Martin M. Platzer is the V.B.S. superintendent.

a different story with the elderly and the retarded, they must find a reason for getting up. Usually, their day has no meaning, as they do not even know what the day is, the month or the weather. Sometimes they have not been called their name enough and they have forgotten what it is. So the theory of reality orientation is to talk to that person everyday about the date, the weather, call them by name and tell them your name, tell them what is happening in the world. Mrs. Clark told of some actual cases where this theory has actually worked miracles in bringing about rehabilitation.

Also entertaining the group were Miss Kelly Gregory and Miss Tawny Kenton with guitar and singing.

Mrs. Delbert Watson told the group about the State Hospital Auxiliary convention she and Mrs. J.E. McVicker recently attended in Dallas. They were privileged to hear Paul Harvey of Paul Harvey News, Chicago, and Dr. Robert E. Hays, president of Wiley College, Marshall, Texas and they

also enjoyed Melvin Munn of the radio program "Lifeline". Mrs. McVicker was appointed to serve on the State Board of Texas Associations of Hospital Auxiliaries as councilwoman of District 1, Area 2.

The officers for the coming year for the Hospital Auxiliary are Mrs. J.E. McVicker, president; Mrs. Dorothy Green, first vice president; Mrs. Clara Crain, second vice president; Mrs. Haney Poyner, treasurer; Mrs. Herb Ramage, secretary and Historian, Mrs. Willard Tibbets.

At the close of the meeting, Mrs. McVicker was presented with a money tree in appreciation of the three years she has been president. Mrs. Clarence Mason made the presentation in behalf of all the Auxiliary members and friends of the auxiliary and expressed their appreciation for the work and effort Mrs. McVicker has put forth while being president.

Mrs. Clarence E. Mason, awards chairman made award presentations for hours worked in the hospital and nursing home. The basis for such awards is:

for the first 500 hours worked, a pin and for the next 500 a bar. Receiving these awards were Mrs. Dorothy Green who has worked 1238 hours; Mrs. J.E. McVicker, 990 hours; Mrs. Herb Ramage 573 hours; Mrs. Haney Poyner 775 hours and Mrs. Mabel Caldwell 500 hours. Numbers were drawn for a door prize and Mrs. John Clark

was the winner of a cake designed like a "pink lady" or an Auxilian. The cake was made by Betty Ramage.

Mrs. Doreen Harbin announced that the auxiliary are organizing a Candy Stripper program. This is open to girls and boys at least 14 years of age. June 17 is the date set to meet at the Day Room of

the Nursing Home to be organized and to be trained by Mrs. Marshall Head, Director of Nurses at the Hospital. Candy Stripper uniforms will be furnished by the Auxiliary and will be assigned to the boys and girls for a small deposit to be returned to them at the end of the summer when they return the uniforms.

MISS JODIE WITHROW

Miss Jodie Withrow Feted With Shower

Miss Jodie Withrow, bride-elect of Freddie Maxwell was honored with a bridal shower Thursday evening May 30, 1974 from 3:00 to 5:00 p.m. in the Church of Christ parsonage.

Special guests were her grandmothers, Mrs. John Withrow of Sudan and Mrs. Lola Lentz of Littlefield and his grandmothers, Mrs. Martin Maxwell of Sudan and Mrs. E.W. Farmer of near Sudan. The honoree, mothers and grandmothers were presented corsages of kitchen gadgets to wear during the evening.

Mrs. Jerry Teaff registered the some 45 guests in the brides book from a table laid in white marked by the white stemmed pen in a brass holder.

The brides chosen colors of blue and white were carried out in the serving table and the gift table. The serving table was laid with a white lace over blue. Centering the table was

an engagement picture of the couple with a white satin bow carrying the date of their wedding June 25, 1974 in silver glitter, with a miniature bride and groom standing inside the bow. The gift table was white lace over blue. Miss Ann Harlan and Miss Jackie Withrow served the sheet cake white decorated in blue flowers with the fruit punch, nuts and mints.

The honoree was assisted in opening her packages by her mother Mrs. J. C. Withrow and his mother Mrs. Raymond Maxwell and also her sister Miss Carla Withrow. Among the packages was a gift of a blue velvet bedspread from the hostesses.

Hostesses for the courtesies were Mrs. Nolan Harlan, Mrs. F. L. Simmons, Mrs. Ashel Richardson, Mrs. Gene Bryan, Mrs. John Hubbard, Mrs. J. D. Rowland, Mrs. Cecil Jones, Mrs. C. C. Testerman, and Mrs. John Blackman.

20 Years Ago

Mr. and Mrs. Pat Bobo were in Ft. Worth the past weekend to attend the Colonial Invitational.

Mr. and Mrs. Ross Goodwin and daughter, Jana, attended the Commencement Exercises at N.M.M.I., the latter part of last week and earlier this week. Their son, Bobby, who is a student at the Institute, returned home with them for the summer.

10 Years Ago

Mr. and Mrs. Winston Allison and family, Lubbock, spent the weekend with his parents, Mr. and Mrs. Gerald Allison.

Perry Hall, and Lawren Hall children of Mr. and Mrs. Larry B. Hall celebrated their birthdays at the Muleshoe Country Club with friends.

Mr. and Mrs. Jimmy Carpenter and family are visiting relatives in New London this week.

C. R. ANTHONY CO.

The Consumer Alert

by John L. Hill
Attorney General

AUSTIN --- Vacation bound? There's a chance you might also be heading for trouble if you haven't taken certain precautions before leaving home. Law enforcement experts and our Consumer Protection Division attorneys say that what is vacation time for most folks is working time for many burglars, pickpockets, and con men. They suggest that you plan in advance to burglar-proof your home and to guard against possible thefts or consumer frauds on your trip. While the number of such occurrences is small compared to the number of vacationers, it only takes one bad experience to ruin a trip. Here's a list of things to check before you leave:

- Stop mail, newspaper, and other deliveries.
- Tell a neighbor or your apartment manager that you will be gone and ask them to keep an eye on the place.
- Leave a few lights on or buy an automatic timer to turn certain lights on and off each evening.
- Cut your lawn just before leaving and if you will be gone a long time, have someone cut it while you're away.
- Check all windows and doors to make sure they are locked. A sliding patio door can be more securely fastened by wedging a stick at the top or bottom of the door.
- Check with your local police if you plan an extended vacation. Many forces offer a

"close patrol" of homes where persons are away. If your police force does, you will need to tell them what cars or persons, if any, will be making authorized visits to your house.

- Have your telephone put "on vacation." Your callers will be told that the telephone has been temporarily disconnected at your request, and you can have them referred to another number if you wish.
- Avoid mentioning to casual acquaintances or strangers that you will be on vacation. Also, avoid telling your newspaper's society editor of your trip until you have returned.
- Before leaving, engrave all valuables in your home and those you will be taking with you in the car with your driver's license or social security number. Some police forces will loan you an engraver to mark your belongings and will register your number on their master list. This may discourage burglars from taking your goods and can make identification of recovered stolen goods much simpler.
- After taking precautions to secure your home from burglars while you are gone, don't let down your guard when you get into the car and drive away. There are a few things to re-

member during your trip too:

- Make sure you have had your car serviced and thoroughly checked before leaving and always get out of the car to watch when having it serviced on the road. There are a few unscrupulous persons who sometimes take advantage of tourists with out-of-state license plates. If your car was given a clean bill of health before you left, you can better evaluate warnings about faulty fuel pumps, air filters, batteries, etc.
- Take traveler's checks or use credit cards, and keep a list of your credit card numbers in a safe spot.
- Men should avoid keeping billfolds in back pockets, or at least button the pocket if possible. To discourage pickpockets, use the inside coat pocket or a money belt.
- Women should select a purse with a secure clasp or zipper and keep a hand over the opening when carrying it.
- Don't wear unusually expensive or flashy jewelry or display large rolls of bills.
- Never boast of wealth or possessions or tell strangers your home town or address.
- Check valuables at your hotel desk for safekeeping.
- You could be taken advantage of in more subtle ways, too. Many people spend large amounts of their money on vacation souvenirs without examining them carefully. Many souvenir items are cheaply made, over-priced, and of little or no practical value. Try to set a limit on the amount of money you spend on things you're likely to throw away or put in a closet later.
- If you have a consumer problem, contact the Attorney General's Consumer Protection Division, your county or district attorney, or local Better Business Bureau.

STATE CAPITAL
Highlights
AND
Sidelights

by Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN, Tex. --- Some of the Constitutional Convention's hottest debate is yet to come. Explosive potential of the general provision article already has been demonstrated in preliminary rounds, and the right-to-work section should produce the biggest bang of all.

Organized labor, headed by State AFL-CIO President Harry Hubbard, stands foursquare against writing right-to-work provisions into the new constitution.

A new statewide citizens committee with formidable political and financial muscle has been formed to lobby for placing right-to-work on the ballot as a separate issue from the overall constitutional revision.

The Texas right-to-work law, dating back to 1947, prohibits union contracts which would require union membership as a condition to getting and keeping a job.

Baylor University President Dr. Abner McCall is chairman of the Texas Right-to-Work Committee which

opened offices near the state capitol recently. Houston school teacher Mrs. Margaret Wisdom is the co-chairman.

Other big-name Texans, including a scattering of industrial leaders, Republicans, conservative Democrats and Gov. Dolph Briscoe's campaign manager, Austin attorney Joe Kilgore, are on the committee roster.

COTTON THREATENED --- Drought which destroyed High Plains dryland wheat is now threatening this year's cotton crop. Agriculture Commissioner John C. White fears.

White said High Plains cotton production could be cut almost in half because of dry weather.

The High Plains last year produced an estimated 2.9 million bales of cotton. More than 2.7 million acres of cotton were planted in the area, and 1.1 million were dryland acres. Irrigation costs are running \$35-\$60 and acre and irrigation fuel which cost 10 cents a gallon last year now costs 27-29 cents.

COURTS SPEAK --- Evangelist Lester Foloff did not have to get licenses from the state to operate child care facilities, since fewer than six of the children were under 16, the Texas Supreme Court held.

The High Court also set for review the case of a Bee County worker held eligible for permanent, total disability assistance due to ailments resulting from a cut finger and severed tendon.

U.S. Supreme Court will hear the Texas appeal in the House single-member district case.

Texas Court of Criminal Appeals invalidated as unconstitutional a state juvenile box fee found to favor larger operators.

Same Court threw out a Houston man's murder conviction, ordered a new trial for another Houston man convicted of robbery by assault and reversed (on grounds of double jeopardy) a Dallas man's 25-year sentence for beating a teenager.

STUDY ORDERED --- Speaker Price Daniel Jr. has ordered a "thorough study" of the Texas Water Quality Board by the House Committee on Environmental Affairs.

The investigation will cover the agency's administration, operation and enforcement of environmental standards.

While inquiry actually will not get under way until the Constitutional Convention adjourns, advance planning and research by staff members is already under way.

Rep. Carlos Truan of Corpus Christi and 44 other

representatives petitioned for the investigation May 15.

The standing subcommittee on pollution of the Environmental Affairs panel actually will conduct the study. The House Judiciary Committee will further consider administrative operations of TWQB in its overall review of administrative agency procedures.

Daniel said purpose of the investigation is to "get all of the facts and to lay the basis for any remedial legislation or administrative action which may be needed."

APPOINTMENTS --- Ruben R. Cardenas of McAllen was appointed by Governor Briscoe to the Pan American University board of regents and Leonel Garza Sr. and Morris Atlas of McAllen reappointed.

Other recent appointments by Briscoe included:

Charles W. Darter of Wellington as 100th district attorney; Mrs. Tom B. Simmons Jr. of Lubbock to the American Revolution Bicentennial Commission; Richard C. Rolad of La Feria and Jim Mathis of Edinburg to the Rio Grande Valley Pollution Control Authority board of directors; Homer Bryce of Henderson to the board of regents of Stephen F. Austin State University and Robert H. Lackner Jr. of Brownsville to the Texas Conservation Foundation.

Harry C. Heyman assumed new duties June 1 as director of the Amarillo State Center for Human Development.

Standards Set For Day Care Center

The State of Texas is concerned with the welfare of children who are cared for by persons other than the child's own family. These people providing day care are required to obtain a license to operate and to meet minimum standards specified by the State Department of Public Welfare.

Many people do not know that the state licensing law applies to all persons keeping one or more unrelated children outside of the child's home for any part of the 24 hour day.

The license costs nothing and is a service to three groups of people: 1. the parents and their children, 2. the staff of the child care facility, and 3. the community.

Licensing is seen as both protective and preventive. Parents are not always able to appraise the standards by which child care services are rendered. By establishing safeguards against risks, licensing serves to prevent physical danger and promote a good program of child development and training. It is not intended to usurp the parents' right to choose a facility, but to regulate the conditions under which care is provided.

The licensed child care staff is given assistance in achieving and maintaining minimum standards and has the support of the department in times of difficulty. It is the primary responsibility of the licensing worker to evaluate the child care facility and determine what if any changes must be made in order to qualify for a license.

Basic requirements include the following:

1. Fire and sanitation inspections of the facility
2. health card for persons working with children
3. immunization records on children in care
4. nutritious meals
5. knowledge of physical and emotional needs of young children.

The public is entitled to protection when services are offered on an open market. Child care facilities provide a community service and it is the responsibility of the community to support good child care. Day care is an important business because it deals with children in their most formative years. Thus it is essential that programs be developed to promote healthy growth and development of children, by preventing experiences detrimental to normal physical and mental development.

If you now care for children in your home and have not been aware of the legal requirements for a license or if you are interested in providing child care you may contact: Mrs. Joanne Luele, Day Care Licensing Representative, Box 2369, Lubbock, Texas.

PLANNED USE REPORT GENERAL REVENUE SHARING

General Revenue Sharing provides federal funds directly to local and state governments. The law requires each government to publish a report of its plans for the use of these funds to inform its citizens and to encourage their participation in deciding how the money ought to be spent. Within the purposes listed, your government may change this spending plan.

CATEGORIES (A)	PLANNED EXPENDITURES	
	CAPITAL (B)	OPERATING/ MAINTENANCE (C)
1 PUBLIC SAFETY	\$	\$
2 ENVIRONMENTAL PROTECTION	\$ 26,000	\$

MULESHOE TEXAS 79347

(D) The news media have been advised that a copy of this report has been published in a local newspaper of general circulation. I have records documenting the contents of this report and they are open for public scrutiny at 215 S. First

(E) ASSURANCES (Refer to instruction E) I assure the Secretary of the Treasury that the non-discrimination and other statutory requirements listed in Part E of the instructions accompanying this report will be complied with by the recipient government with respect to the entitlement funds reported hereon.

James D. Rankin
Signature of Chief Executive Officer

JAMES D. RANKIN CITY MGR. 5-31-74
Name & Title—Please Print Date

Environmental Protection - \$26,000

This includes \$6,000 for lease/purchase payments for the Street Sweeper, \$18,000 for the new Garbage Truck and Packer body and \$2,000 for additional garbage containers.

Public Transportation

This category includes \$10,000 for lease/purchase payments on the maintainer and \$19,826 for next summer's seal-coat program.

Recreation

This includes \$1800 for the purchase of a used tractor for park maintenance activities.

Grape Production Shows Promise On The Plains

Preliminary research results indicate that commercial grape production may have considerable promise in the Lubbock plains area.

Field trials by the Texas Agricultural Experiment station show that yields of several cultivars (cultivated varieties) of grapes topped 13,000 pounds per acre in 1972 and 16,000 in 1973.

Two to five-year-old vines of 238 cultivars of wine, table and juice type grapes are being evaluated in the Abernathy vicinity to gauge yield, quality and adaptability to plains conditions.

Grape quality so far has been good, especially for wine potential. Sugar levels have hit as high as 32 percent, and 21 per cent is considered a minimum for wine making. However, research is not complete enough to recommend wine varieties.

Siebel 9110 (Verdelet), Golden Muscat, 23-4 and Niagra have shown promise as fresh market or juice types.

Dr. W. M. Lipe, TAE researcher at the Texas A & M University Agricultural Research and Extension Center at Lubbock, says grape feasibility studies for the plains began in 1968 with the planting of a vineyard east of Abernathy.

Although grapes have been grown in this region for many years in home plantings, recent developments in the industry the wine industry in particular, have enhanced chances for a commercial grape business for the Texas plains, Lipe pointed out.

"Favorable climatic, soil, biological and economic considerations indicate that the plains and far West Texas are the most likely areas of the state for this industry," he said.

Also, cool nights and relatively low heat in late August and September favor good quality for wine production. Low rainfall during July and August encourages sugar accumulation in grapes.

Lipe said French Columbar, Meyers 16-20, Refosco, 259077 and Ravat 51 come up with extremely high sugar levels, with some samples reaching 32 per cent.

The researcher emphasized that the plains area is free from cotton root rot and Pierce's disease. These maladies along with downy mildew are real trouble-makers for grapes in the more humid sections of the state.

Summing up, Lipe said grape production potential appears to be excellent for the Lubbock region, and continued research "promises to be very fruitful."

However, he recommended caution in choosing varieties for commercial production. Selections should be based on proven performance records--and such records are still unavailable.
