## GIVE TO THE MULESHOE HOSPITAL FUND TODAY

HELP WIN THIS CAR - - - In red, white and blue style for a July 4th kickoff day, Jaycees will begin the sale of 1,974 ticket-donations for this LTD two-door Ford donated by Muleshoe Motor Company. Chairman Ted Barnhill (left) and Jaycee

President Charles Morrow (right) explain the new project to Miss Muleshoe, Gayla Hooten, who will ride in Thursday's parade in the new automobile.

# July 4th Events Sunrise To Sunset

## Jaycees H.E.L.P. 1974 BBQ, Parade, Variety Star In Celebration To Benefit Hospital

The Muleshoe Jaycees this week announced a public relations person's dream: all for a deserving local cause and which will begin on Independence Day Thursday. Project chairman Ted Barnhill announced the kickoff of H.E.L.P., 1974, a new Jaycee scheme in which a lucky person will win a red and white 1974 Ford LTD hardtop and by which Jaycees will raise \$19,740 for the Hospital Action Fund. In keeping with a patriotic Fourth of July, the red and white auto will be driven in the parade Thursday, with Miss Gayla Hooten, reigning Miss Muleshoe, dressed in blue and white. The automobile will be on display Thursday at the airport, city park barbecue and other points, as well as down-

town until the date of the drawing in August. H.E.L.P. translated means Hospital Emergency Life (or death) Project. The slogan puts a new emphasis into the current fund drive for a replacement hospital which will offer better medical care and services for the Muleshoe area. HELP 1974 limits the number of tickets for sale to the number of years in 1,974. Each \$10 contribution will enable the donor to one ticket to be used in a drawing which will be held during the Miss Muleshoe Pageant on August 16 at the high school auditorium, Barnhill stated. The Jaycees will have tickets for sale on Thursday, the fourth of July, for the \$5,636 list-priced automobile. The two-door air conditioned hardtop is equipped with power steering, power brakes, vinyl roof, opera window and steel belted radial tires. The automobile was donated by Muleshoe Motor Company. The current Miss Muleshoe, Con't on page 3, col.6

All sorts of contests for children of all ages will begin at 10 a.m. in the blocked off area of West Second street, between the Law Enforcement Center and the local library. Beta Sigma Phi sorority and Royce Clay, chairman of the event, are sponsors. Refreshments will be served by the sorority. Among the events will be bicycle races, BBGun contests, skating races, archery contest and other competitions. Prizes will be a silver dollar piece for each first place in each contest, and ribbons for all top three winners. No other town in the world is able to have a namesake contest's championship such as Con't on page 3, col.1

## Hospital Drive Nets \$22,737

Hospital Citizens' Action Fund Treasurer Mrs. Wilcey Moore said Tuesday noon that \$22,737 in cash and pledges was received in Monday night's house-to-house drive. Pledges totaled \$17,625 and cash, \$5,112. Added to the last balance of \$500,989, the total amount raised for the hospital improvements-building fund is \$25,726.

Well over the half million dollar point in the current drive for \$750,000 to one million dollar, the house-to-house drive has been slated to continue into next week, Citizens' Action Fund Chairman H.D. Hunter and House-to-House Chairman Ivan Woodard, said Monday night. The house-to-house workers have been asked to continue work until all persons on their lists are contacted this week, the chairmen said. A meeting will

## SWPS Rate Increase Approved By Council

Two major actions were taken at Tuesday's regular July 2 meeting of the city council, including the appointment of an assistant fire marshal and approval of an electric rate increase. Ed Edmiston was appointed by councilmen as assistant fire marshal Tuesday. Southwestern Public Service Company's request for an increase in rates was approved by the council. The increase will be approximately 10

percent, with a 9.11 percent rise in residential rates and a 9.94 percent for general services rates. The rates will become effective with the September, 1974 billings. Reasons cited by the electric company for the increase include the increased

## City Official Speaks To Civic Clubs

A scenario of the events and steps taken by the city of Muleshoe in the past and for the future planning was the subject of City Manager Jim Rankin at both Tuesday's Rotary and Wednesday's Lions Clubs meetings this week.

"I am fearful that if we don't secure widespread cooperation then the city council may have to take even sterner steps" to regulate water consumption and supply, Rankin told the civic leaders.

"We began to notice an upswing in water usage toward the end of April; however, it was not significant enough to cause alarm until around June 16. From the 14 to 16 of June consumption increased by almost two million gallons over the same period last year. As near as we can determine, this condition is solely a result of the drought conditions we are now and have been experiencing. The lion's share of this water has been going on lawns not into household use and fire re-

Con't on page 3, col.6

## Police Chief: 'Fireworks Prohibited'

A well-known fact, but not observed as "the law," is the city ordinance prohibiting the sale or discharge of fireworks within the city limits of Muleshoe.

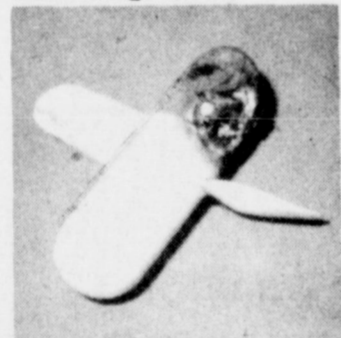

Chief of Police C.A. (Buddy) Black stated the rules and cited the reasons for no fireworks of any kind within Muleshoe.

Besides creating a disturbance to others, the danger for youngsters who are usually unsupervised or careless is the paramount consideration for both parent and police, the police chief said. "It is a misdemeanor, with a fine up to \$200 for each offense, to shoot or sell fireworks within the city limits. The or-

Con't on page 3, col.3

cost of labor, materials, taxes and money. Since 1967 the date of the last general rate increase of 7.62 percent, labor has gone up 54 percent, taxes 57 percent, and materials as

CULPRIT FIRECRACKER of June 29 vacant lot fire

## Chain Of Evidence Leads To Arrests

A chain of evidence began Tuesday morning and culminated the same afternoon with two persons charged by local law enforcement officers for possession of marihuana.

Richard Clark Alsop, 24, of 515 West Seventh, was charged for possession of more than four ounces of marihuana, a felony crime. He was released on a bail bond set at \$2,000.

Charged with possession of marihuana, with less than four ounces, a misdemeanor, was 18-year-old Daniel Gonzales of 414 West Avenue B. He plead

Con't on page 3, col.6

guilty and was fined \$200 plus court costs. Both Alsop and Gonzales were arraigned before County Judge Glenn Williams.

The chain of evidence began about 11 a.m. when Department of Public Safety Patrolman Jim Barnes and Police Chief C.A. (Buddy) Black were on patrol. The officers sighted an old refrigerator laying on its back near a vacant house on West Seventh Street. In accordance with the enforcement of the abandoned or junk vehicles, stoves, refrigerators ordinance,

they stopped to investigate. As they walked over to the object sighted, they noticed a freshly watered plant next to the fence, which upon closer inspection, was determined by both to be marihuana.

Returning to the law enforcement center for a search warrant, they were joined in the investigation by Deputy Sheriff Bud Street, City Patrolman Jim Mills and Texas Highway Trooper Joel Young.

Six plants of marihuana were Con't on page 3, col.6

## Lions Installation, Ladies Night Banquet

June 28 the Lions Club held its annual Ladies Night Banquet and installation in the Fellowship Hall of the Methodist Church. The call to order was given by Lion Boss Jim Shafer and those present sang America. After the Pledge of Allegiance led by Lion Don Cihak, Lion C.B. Melton gave the invocation.

The Lion Boss, Jim Shafer introduced the special guests which were the wives of all the Lions.

Lion Royce Clay then pres-

ented the special awards. Mrs. Jim Shafer was given an award as the wife of the outgoing president. The outgoing Lion Sweetheart, Gayla Hooten, was also presented with a special award. The other awards did not arrive in time so they will be given at a later date.

Entertainment was provided by the Crusaders, a gospel quartet consisting of Wayland Ethridge, Bruce Peterson, Marvin Lewis, W.T. Watson and Jack Young.

The incoming officers and

Con't on page 3, col.7

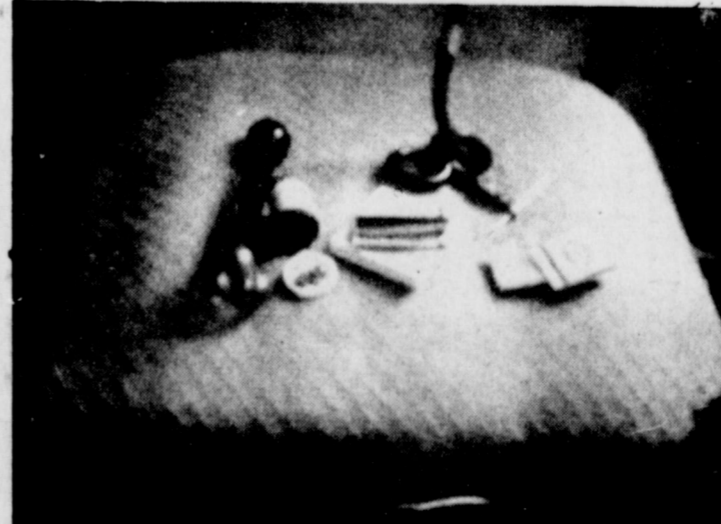

NEW LION BOSS INSTALLED . . . At the annual Ladies Night Banquet and Installation Lion Don Cihak was installed as president. Shown here handing Cihak the gavel of authority is Jim Shafer, (right) outgoing president, Lion Bill Moore, (left) installing officer, with Don Cihak in the middle.

MARIHUANA GROWN IN MULESHOE - - - Object of the investigation by two local officers began with inspection of an abandoned refrigerator (see arrow) laying in the yard of a vacant

house. Next door they found a three foot high marihuana bush growing next to a neighbor's backyard fence. Second photo shows the largest of six plants with its abundant foliage at close range.

Smoking equipment, additional quantities of marihuana, and marihuana seeds were found in the residence, third photo. At far right investigating officers are shown with the largest of

the "home-grown" marihuana plants and other evidence. From the left are Department of Public Safety's Jim Barnes, Deputy Sheriff Bud Street, City Patrolman Jimmy Mills, and Chief of Police Claude A. (Buddy) Black.

### HEW Organizes Nursing Homes LTCD Standards

A new division, called Long-Term Care Standards (LTCS) has been organized in the Regional office of the Department of Health, Education and Welfare.

Purpose of the new division, directed by Mary Lou Lane, is to ensure that safety and health care standards are being met by nursing homes and other institutions participating in Medicare and Medicaid programs.

The division is responsible for seeing that federal standards for skilled nursing facilities (SNF's) and intermediate care facilities (ICF's) are consistently applied and enforced in the 1,200 long-term care facilities in HEW's southwest region. Similar divisions are being organized in the nine other HEW regions around the country.

New regulations announced in Washington earlier this year place emphasis on the health and safety of patients, while enabling HEW and state governments to enforce standards more effectively.

The regulations, for the first time, set common standards for certification of long-term care facilities which participate in either Medicare or Medicaid programs.

Under the regulations, LTCS has authority to enter into and/or terminate agreements with long-term care facilities. The unit works closely with state Medicaid agencies and state survey agencies, and the

division is now the focal point where state agency personnel may obtain information, consultation, training and technical assistance. Likewise, it is a reference point for the general public on matters concerning long-term care facilities. Ms. Lane and her staff

are located in the Federal Building, 1100 Commerce, Dallas.

### Deaf Smith Junior Olympic Set June 28

The Deaf Smith County Chamber of Commerce will host it's second annual Junior Olympic Preliminary Track meet on June 29 at Whiteface Stadium Hereford. Field events will begin at 9:00 a.m. and preliminary running events at 10:00 a.m.

This meet is sanctioned by the West Texas A.A.U. Association and is sponsored nationally by the Chevrolet Motor Division of the Junior Olympics Program. This phase of the Amateur Athletic Union of the United States is designed to encourage age-level competition between both boys and girls up to 18 years of age. The Program includes a variety of sports and is conducted each year throughout 58 district associations of the A.A.U. and involves in excess of 100,000 A.A.U. volunteer workers. In the year 1973 over 16,000 youngsters competed in some phase of the A.A.U. Junior Olympics Program.

The district championships will be held in Borger, at Bulldog Stadium on July 6. All events held in the district meet will be held at this meet, Dr. Joe B. Whitley is meet director.

There is an entry fee of \$1.00 for each athlete, with no charge for spectators. Send entry forms to the Deaf Smith County Chamber of Commerce, 701 N. Main Street, Hereford, Texas 79445.

The only requirement for participation in the meet is for each participant to be registered with the A.A.U., which requires a fee of \$1.50. This fee qualifies the athlete to participate in any Junior Olympic track meet in the United States for one year. Registration forms and information regarding registration may be obtained from: West Texas A.A.U., Dick Walker-Reg. Chrmn., Box 2000, Lubbock, Texas 79457.

Registration may be by mail or in person prior to the meet; however an athlete can be registered in Hereford the day of the track meet.

### High Risks In Deep Wells

Critics of oil company profits, the cost of natural gas and the depletion allowance will be interested in the outcome of a gas well recently drilled just 80 miles west of Oklahoma City.

The "deepest well yet" was drilled by Lone Star Gas with three other minor partners and the tab was \$6-million for the dry hole. The well had gone to a depth of 31,441 ft. (just a few feet short of six miles into the earth's crust) before hitting liquid sulfur. Hydrogen sulfide began eating away the drill string and the well had to be plugged at the 14,000 ft. mark.

The well used enough steel drilling pipe to erect a 14 story building and also required an expensive high-tensile-steel drill pipe and special drilling fluids. This well happened to be just 19 miles from another dry hole which went down over 30,000 ft. and cost \$5.5 million dollars. Lone Star Gas headed that venture also.

The number of wells drilled to depths below 20,000 ft. were 74 in 1973 compared to 49 in 1972 and 57 in 1971. The wells averaged \$2 million apiece and the success ratio is about 46 the success ratio is about 46%.

It's human nature to take things for granted, just as the U.S. took the rich oil production of the Mideast for granted. It will be only a matter of time before natural gas reaches a price level which will make imported liquefied natural gas from North Africa and Russia competitive with our own gas production. Will we then be potential victims of a natural gas embargo? We must demand that Congress carefully evaluate and study the depletion allowance and exploration incentives to U.S. oil and gas producers. Unrealistic pricing of natural gas by the Federal Power Commission should be reviewed much more thoroughly before the oil and gas industry is criticized for excessive profits which resulted from a situation over which they had little control. Second guessing is a luxury this country can't afford when it comes to the best ways to develop a diminishing vital natural resource.

Cont. from Page 1

Muleshoe's World Championship Mule Shoe Pitching Contest. The pitching of the mule shoes will start at 9 a.m., with registration closing at 10 a.m. There are three divisions: men's, women's and junior. Displays and exhibits will be held during the day. At the airport the model airplane show will be bigger than ever. Muleshoe Art Association will hold its annual membership show at 228 Main, while Muleshoe Hobby Club's special display of arts and crafts will be held in the hospitality room of the Muleshoe State Bank.

Members of the Amarillo Sky Divers Club will perform sky-diving exhibitions all day.

The Old Settlers' Reunion is slated to begin at 2 p.m. at the First United Methodist Church Fellowship Hall, with everyone asked to wear pioneer clothing if at all possible.

At 5:30 p.m. the parade will travel from the Boy Scout grounds looping through downtown Muleshoe, with a Marine division color guard, lots of riding clubs and good-looking horses, sweethearts and ambassadors and other pretty girls; antique cars, horse and buggy and mule-drawn rigs, and

other surprises are on the lineup.

The 400 pounds of boned beef will be barbecued, and ready to serve by the Lions Club at 6:30 p.m. Tickets will be \$2.75 for adults, \$1.50 for children. The supper will be free to parade participants.

The Gallians, a young gospel-singing group and the Crusaders, local quartet will perform at 8 p.m. on the west side of the football stadium, or if weather should necessitate a change to inside programming, in the high school auditorium. Tickets will be \$1 per adult, 50 cents for children.

A spokesman for the Chamber of Commerce said that for both the barbecue at the Old City Park and for the concert at high school football stadium, blankets or folding chairs would be useful.

"Sounds like a busy Fourth of events, so Happy Fourth of July!"

A half of beef or a half a pork will be drawn for by Jaycees during the program, which will culminate the Muleshoe-Stegall Opportunity Plan project. Tickets will be available until drawing time at \$1 each, with proceeds going into a fund to help Muleshoe students to continue their education regardless of financial difficulty or whatever.

## Fires On Increase

Pointing to a number of fire-works-related fires as the reason for the campaign against fireworks in the city limits, as well as the dry grass along railroads, streets and highways, retiring Fire Chief Earl Ladd reported the past week's fire log.

On Saturday, June 29, at 8:30 a.m. on a vacant lot in the 600 block of West Seventh, grass fire scorched a fence, almost burning it and the house close to the fence, due to wind blowing in that direction. Cause: fireworks found evidence.

Last week fireworks were listed as the cause of a grass fire near the baseball field.

Three grass fires, two east and one west of town, were controlled, probably started by hotboxes from a passing train.

A trash dumpster in the 600 block of East Fourth, at 9:30 a.m. Monday morning caused no damage except to the paint.

\*\*\*\*

People who read carelessly talk carelessly.

COUNTY AND CITY HONOR CHIEF - - - In behalf of the citizens of Muleshoe and Bailey County, Judge Glenn Williams (left) and City Mayor Alex Williams presented the retired Fire Chief Earl Ladd, Sr. a plaque "in grateful appreciation of his 30 years' outstanding service to his community as fireman and fire chief." Presentation was made Tuesday, July 2 at the City Hall.

## League Elects Joel Young New President

Joel Young was elected president of the Men's Softball League Tuesday night at a meeting to reorganize and plan the season for the league. Eugene Howard is new vice-president and J.R. Carpenter, secretary and treasurer.

Eight teams were accepted by the league, including Hea-thington's Lumberjacks, Anthony's Angels, Bailey County Electric's Clum-Sums, Poy-nor's Whites Auto, Whitt-Watts-Rempe's John Deeres, The Jaycees, The Lawnen, and a team of high school and college boys

## Fireworks ....

Cont. from Page 1

directors were then installed by Lion Bill Moore. The new officers are President, Don Chak; First Vice-President, Bill Taylor; Second Vice-President, Creston Favor; Third Vice-President, C.B. Melton; Secretary-Treasurer, Royce Clay; Tail Twister, Robert Hooten; Assistant Tail Twister, Pete Black; Lion Tamer, Jeff Peeler; Song Leader, Irvin St. Clair and Board Members, Owen Jones, Ernest Kerr, Joe Smallwood and Gordon Wilson. The new club Sweetheart is Donann Harmon, daughter of Mr. and Mrs. Don Harmon.

"The unusually dry season, in which several grass fires have been started by fireworks already this pre-holiday period, is an extremely dangerous time to discharge any fireworks, either within the city limits of outside of town," Chief Black emphasized.

\*\*\*\*

## Officials...

Cont. from Page 1

serves," the city manager explained in his opening remarks. Rankin cited June 28 as the morning which found the city million gallon ground storage tank half empty and that the city was pumping over 2,000 gallons per minute into town from this tank. At the same time the other four wells were pumping an additional 2,000 gallons. Nothing was going into reserve, he said. A very undesirable condition also existed with the 50,000 gallon overhead storage tank empty and the 2,500 tank less than half full, Rankin continued.

Abnormal consumption had to be regulated for "one basic reason: to protect the health, safety and general welfare of the residents of Muleshoe... In other words, which should suffer first - lawns or people?" he questioned.

In spite of the appeal of the

council on June 17, and additional 350,000 gallons was used on June 18, Rankin told the civic leaders. He attributed this to the fact that it takes considerable time "to get the word out to the people". Once the word was spread consumption dropped from 3.2 million to 2.8 million on June 19; to 2.3 on June 20 the city manager said.

"People were cooperating... then consumption began to rise, indicating that some, definitely the minority, were not cooperating," he stated.

"And now, in spite of the appeal of June 24 setting up alternating houses watering and again asking cooperation, consumption still hovered around the three million gallon mark through the end of the month," Rankin related.

It then became obvious that further action had to be taken to discourage the excessive use of water. June 28 the Council set water rates reversing the traditional summer water rating schedule. Normal years have water rates based on consumption, the more used the less expensive the rate, he said.

The current summer water rates add a 35 cents price boost to persons who consume in excess of 30,000 gallons, charging 75 cents per 1,000 gallons over this figure.

Approximately 30,000 gallons of water are necessary for a family of five for minimum household and yard water consumption.

The city council has based its decisions on water policy on two studies, the first by Clifford Casson Associates for SPAG, which stated "Muleshoe will not need to drill more wells until 1980" and was based on the complete looping of the city with a 12 inch water line. The 12" line is complete except the span across the new city park west of town, City Manager Jim Rankin said.

The council and City Manager thought the SPAG report "optimistic", therefore asked Bill McMorris, city engineer, to make another study of past

dates. His recommendation was to drill one well with capacity of 500 gallons per minute or to build an additional 500,000 gallon overhead storage tank in the Richland Hills area. Both recommendations would be ideal or better, Rankin said.

The City Manager pointed out that there had been a 54 percent increase in cost of a 12 inch line, which applies to fittings and other materials, making costs now in excess of half million dollars minimum, in less than three months' inflation increases.

Rankin pointed out that irrigation water cannot be added to the city water supply as this is in violation of state and federal laws.

There is no city water being used by the schools and none of municipal supply for watering the West City Park, he added. There are school or city irrigation wells operating separately for this, he stated.

Sweet Oblivion

Perhaps if we could forget our troubles as easily as our blessings we would live better.

-Morning News, Dallas.

high as 365 percent. Interest paid on borrowed money has gone up 68 percent.

The average residential customer uses 536 kilowatt-hours month, under the new rate this bill will be increased \$1.38, SWPS Manager Jeff Peeler stated.

In other action the councilmen discussed criminal justice council funds, for feasibility of a study on law enforcement consolidation of county sheriff's and city police departments.

MRS. FREDDIE MAXWELL

# Mrs. Withrow, Bride Of Fred Maxwell

Miss Jodie Withrow and Freddie Maxwell were united in marriage Tuesday evening June 25 at 8:00 p.m. in the Church of Christ of Sudan. Terry Blake of Flint, Michigan, performed the double ring ceremony.

The bride's parents are Mr. and Mrs. J.C. Withrow and the groom's parents are Mr. and Mrs. Raymon Maxwell.

Background for the ceremony was an arched candelabra, holding white candles and an arrangement of white daisies entwined with green fern, flanked on each side with large baskets of chrysanthemums, gladiolas and daisies. Musical selections of "Twelfth of Never", "Whither Thou Goest", "Faithful and True" and the Recessional, were given by a chorus from the Sudan Church of Christ.

Presented in marriage by her father, the bride was attired in a gown of silk organza over angel-skin peau, fashioned in a semi-bell silhouette form fitted bodice, high neckline and summer puffed sleeves. Her semi-bouffant skirt was trimmed in vinese lace flowing into a brush train. The sleeves and bodice were trimmed in same motifs of lace. Her fingertip veil was held by a tiara of tiny orange blossoms with a double bouffant veil attached. Her bouquet was a cascade of white carnations and baby's breath, atop a white bible.

The bride presented her mother with a long stemmed red rose as she approached the altar. After the ceremony she presented his mother with a long stemmed red rose.

The bride carried a handkerchief belonging to the groom's grandmother and great grandmother for something old; something borrowed was her

white Bible from her sister, Mrs. Joe Price; something new was her wedding gown; she wore pennies in her shoe minted in the years of their birth and also a three pence given to her from Bob Wood of Littlefield and she also wore the traditional blue garter.

Miss Jackie Withrow of Sudan attended her sister as maid of honor. Mrs. David Driskill of Petersburg and Mrs. Rodney Marshall of Whitharrel were bride's maids. They were dressed in identical long formal length gowns of blue crepe, with a wide mid-ruffle trimmed in lace. They carried nosegay of daisies.

Flower girl was Karla Withrow, sister of the bride. Ring bearer was Billy Drum, from Caddo Mills, nephew of the groom.

Randy Pierce, served as best man. Groomsman were Roger Bellar and Robby Piper. Seating the guest and lighting candles were Alan Black and Jeryl Bellar.

Guests were registered at the wedding by Mrs. Glen Testerman, sister of the groom. For her daughter's wedding, Mrs. Withrow chose a longfrost blue crepe dress, with white accessories and blue carnation corsage. The groom's mother was attired in a long sky blue dress with sheer sleeves and sleeveless coat, she also wore white accessories and a blue carnation corsage.

A reception followed in the fellowship hall of the church. The bride's table was overlaid with a white lace over blue and centered with a large blue candle, surrounded by white daisies and greenery. The three tiered bride's cake was iced in white, decorated in blue roses and topped with a miniature bride and groom. Mrs. Jerry Smith of Fort Worth, sister of

the bride and Mrs. Joe Price of Olton assisted at the brides table. The groom's table was covered with an ecru crocheted cloth over blue, the cloth was crocheted by his grandmother, Mrs. E.W. Farmer and great grandmother Mrs. Ramsey. A silver decorator bowl, with a tall blue and white flowers centered the table. Serving the German chocolate cake and coffee from the silver coffee service were the groom's sisters Mrs. Lyn Drum and Mrs. Glen Testerman of Sudan.

For the wedding trip to points in New Mexico, the bride chose a two piece blue knit suit, with white accessories and a carnation corsage, lifted from her bridal bouquet.

The couple will reside on a farm south of Sudan, where the groom is engaged in farming.

Both Mr. and Mrs. Maxwell are graduates of Sudan high school. The bride is a graduate of South Plains Junior college, attended Oklahoma Christian College and West Texas State University. She belonged to Epsilon Chi, Outreach and Gleaners. The groom attended Texas Tech and belonged to the Rodeo Association.

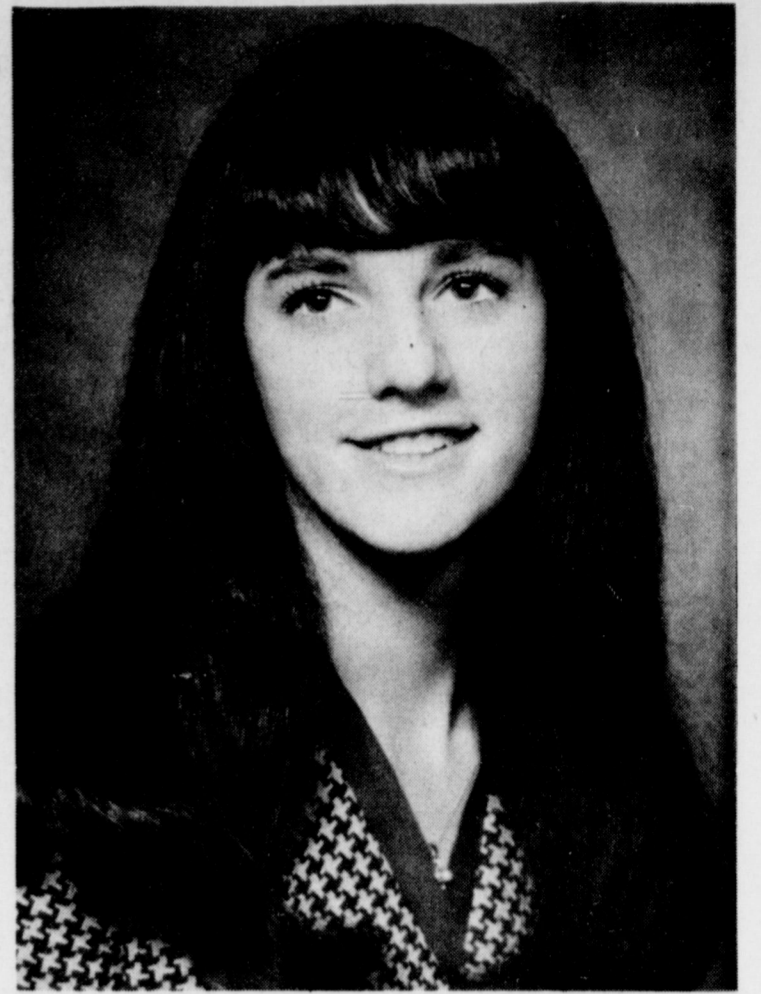

Approximately 190 guests were in attendance. Out of town guests registered from Muleshoe, Lubbock, Whitharrel, Littlefield, Bula, Petersburg, Caddo Mills, Olton, Brownfield, Fort Worth, Midland, Flint Michigan, Brownwood, Maple, Fort Sumner, Friona and Sentinal, Okla.

### Captive

Jane-I'd like to be a stewardess on a plane. You meet so many men that way.

Jill-But there are so many other jobs where you can meet men.

Jane-Maybe so. But not strapped down.

COUPLE PLANS TO WED . . . Mr. and Mrs. Herbert Day of Friona announce the engagement and approaching marriage of their daughter, Tena Gayle Day to Danny Ray Waggoner, son of Mr. and Mrs. Charles Waggoner of Muleshoe. Miss Day is a 1974 graduate of Friona High School and Waggoner is a 1974 graduate of Muleshoe High School. The couple plan an August 9 wedding in the First Baptist Church, Friona.

CHARTER MEMBERS . . . The Progress Circle met in the home of Mrs. W.E. Meyers to celebrate their 25th year of Women's work in the First United Methodist Church. Charter members present were Mrs. John Thomson, Mrs. Jonnie Westbrook, Mrs. Clebron Gray, Mrs. Rita Richards, Mrs. James Wedel, Mrs. Bryon Gwyn and Mrs. Elbert Davis.

to the United Nations for briefings on the work of the world body and its agencies.

At the end of each week, each group will divide into six groups to evaluate its experiences here. Every week, from these six groups, one boy and one girl will be chosen as the best speakers and will receive special recognition including a \$25 scholarship check from

Rockefeller Center. The groups will be staying at the McAlpin Hotel under the leadership of Glenn Brant, director of youth activities for the Sovereign Grand Lodge of the Odd Fellows. Each group will arrive at 3 p.m. on Sunday and depart the following Saturday at 8 a.m.

## Progress Circle Celebrates 25 Anniversary

The Progress Circle met in the home of Mrs. W. E. Meyers at 2:00 p.m. Monday, July 1, to celebrate their 25th year of Women's work in the First United Methodist Church. President Mrs. H.H. Snow opened the meeting with 19 present.

Mrs. George Chambliss gave the prayer circle. The group was led in singing by Mrs. John Walker, who sang a special for the group.

Mrs. Bryon Gwyn gave the devotion. The topic was "In as Much."

Mrs. Johnnie Westbrook gave a history of the 25 years of service beginning in 1949 to 1974. Favorite verses from the scrap book and also the tribute to our deceased member was given by Mrs. Elbert Davis.

Mrs. C.B. Melton presented Mrs. R.L. Roubinick with a life membership pin.

"Darcis and Pricilla", a skit, was presented by Mrs. James Wedel and Mrs. M.J. Gibsons, who showed things that were made for the bazaar and for, Gerri Johnson who is six

years old. Benediction was led by Mrs. Elbert Davis.

Members attending were Mrs. Johnnie Westbrook, Mrs. R.L. Roubinick, Mrs. George Chambliss, Mrs. W.E. Meyers, Mrs. M.J. Gibson, Mrs. H.H. Snow, Mrs. James Wedel, Mrs. Bryon Gwyn and Mrs. Elbert Davis.

MULESHOE

## Miss Davenport Will Visit Rockefeller Center

During the next five weeks, Rockefeller Center will welcome nearly 1,000 high school sophomores and juniors from the 48 continental states and Canada, arriving in weekly groups of 130 or more, to visit New York City. Among this group will be Pamela Davenport of Muleshoe. The groups are being sponsored by their local communities and local lodges of the Odd Fellows.

A highlight of each group's New York visit will be the guided tour of the 2-building Rockefeller Center complex which includes a spectacular view of the city and four surrounding states from atop the 70-story high Observation Roof of the RCA Building and a backstage visit to the Radio City Music Hall. Following their tour of the Center, the visitors are scheduled to see a performance of "The New York Experience" in the McGraw-

### Market Report

COLLEGE STATION -- Retail beef prices probably will not go any lower, although beef continues in relatively large supply, one expert says.

Mrs. Gwendolyn Clyatt, consumer marketing information specialist, with the Texas Agricultural Extension Service, The Texas A&M University System, made the predictions this week.

"There are frequent advertised specials on many cuts, so this is a good time to do a little extra buying for the freezer -- look for best values on round steaks and roasts, beef liver, ground beef, chuck roasts and steaks," she said.

"Pork values include hams, picnics, end-cut loin roasts and chops, Boston butts, shoulder roasts and steaks. "Fryer chickens and turkeys take the bargain spotlight in many markets, and grade A, large-size eggs offer economy and quality."

Turning to fresh fruits and vegetables, Mrs. Clyatt said items in good supply at most reasonable prices are sweet corn, squash, snap beans, okra, carrots, dry yellow onions, cushaw, blackeye peas, radishes, green onions and cabbage.

Also, Valencia oranges, bananas, cantaloupes, honeydew melons, watermelons and Santa Rosa plums.

"Apricots are in peak supply this month, although quantities are small -- and prices are generally high," she added.

CONSUMER WATCHWORDS: Quality and prices vary on cherries, plums, pineapples, peaches, white grapes, nectarines and strawberries.

Make these fruit selections carefully.

MRS. JOHNATHAN MARK HANNA

## Miss Chester Weds Hanna

Miss Tanya Kay Chester became the bride of Johnathan Mark Hanna Friday, June 21, at 8:00 p.m. in the First Baptist Church of Sudan. Rev. Eddie Freeman, pastor, officiated in the double ring ceremony. The bride's parents are Mr. and Mrs. Billy Chester and the groom's parents are Mr. and Mrs. Dale Hanna all of Sudan. The nuptial altar was decorated with candelabra with white tapers and entwined with pink shades of assorted spring flowers and baby's breath. Spiral candelabra were decorated with green foliage and ribbon streamers. They were flanked by baskets of pink spring flowers. Traditional wedding music was provided by Mrs. Gary Kelley, organist and cousin of the bride. She accompanied Miss Kathy Fisher, vocalist, who sang "Time In A Bottle", "More", and "The Lord's Prayer". Presented in marriage by her father, the bride wore a formal gown of white organza fashioned with a high neckline of beaded re-embroidered alencon lace and long bishop sleeves

with a petal point cuff. Beaded lace appliques accented the sleeve and cuff. The empire bodice featured a sheer yolk outlined with lace. Tiny covered buttons extended down the back of the dress. The softly gathered A-line skirt formed a chapel length train and a deep band of beaded scalloped lace accented the hemline of the skirt and train. Her headpiece was a Juliet cap of matching lace holding three layers of edged illusion. She carried a bride's Bible that belonged to the groom's mother which was topped with a bouquet in shades of pink, of roses and carnations.

The something borrowed was the Bible; something old was a heart necklace of her mother's; something new was her gown; and she wore the traditional blue garter. She also wore pennies in her shoes minted in the years of their births.

Miss Terry Lynn Chester, sister of the bride, attended as maid of honor. Other attendants were Miss Cecie Bandy, Miss Deanna Phillips and Miss Georgia Ray, all of Sudan. They wore identical floor length gowns of pale pink crepe with hot pink velvet trim. Cascading pink organza flowerlets on the back of their heads served as headpieces. They carried nosegays of pink spring flowers, roses and carnations.

Mike Hana of Marlin, brother of the groom, served as best man. Groomsmen were Terry Graves and Craig West of Sudan and Raymond Loyd Davenport of Muleshoe, cousin of the groom. Candelights were Michelle Hanna, sister of the groom and Tanya Ray of Sudan. Ring bearer was Brian Glover, cousin of the bride.

Ushers were Tommy Seymour and Bruce Pierce of Sudan.

Miss Jana West, cousin of the bride, presided at the registration table with Susan and Sharon Glover, also cousins of the bride, giving "thank you" scrolls to each guest.

The bride's mother wore a floor length gown of pink floral polyester and pink accessories. The groom's mother wore a pink floor length pleated dress of polyester crepe and pink accessories. Orchid corsages completed their ensembles.

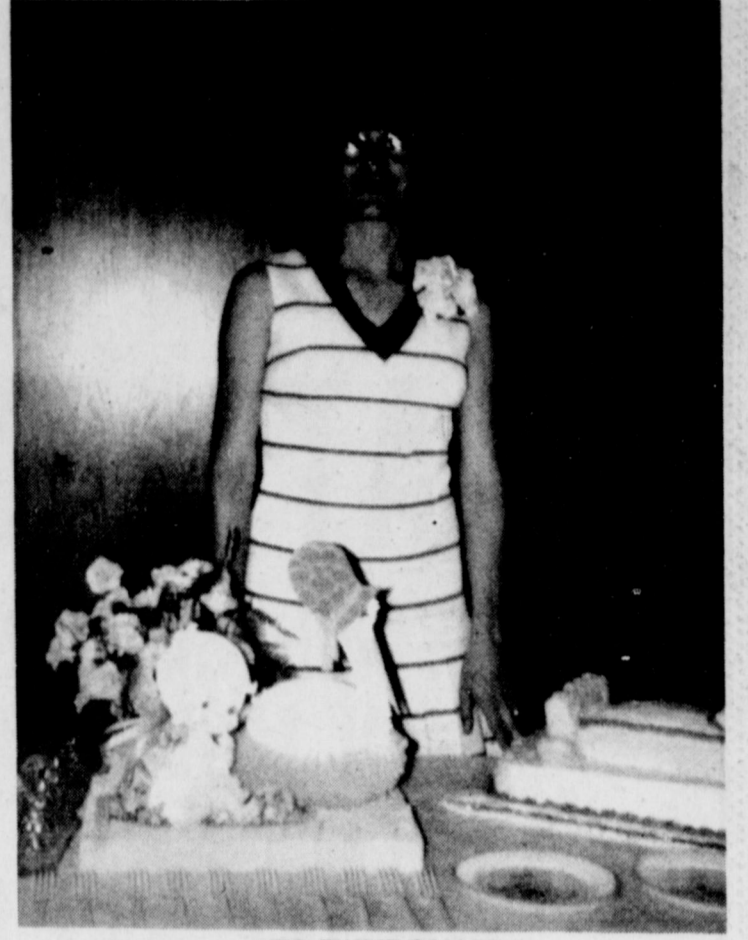

Following the ceremony, a reception was held in the church fellowship hall. The bride's table was laid with a white gathered floor length cloth and centered with a silver candelabra and the attendant's nosegays. The three tiered white cake featured tiny pink rosebuds and was topped with love birds in a bird bath. The cake and pink punch were served by Miss Kathy Fisher, Mrs. Steve Edwards and Mrs. Gary Eicke, all of Sudan. Pink mints and nuts were also served.

Mrs. Calvin Miessner and Mrs. James Partlow, cousins of the groom presided at the groom's table where chocolate cake topped with love birds, and coffee were served from a silver service. A floor length pink cloth covered the table. Mrs. Gary Kelley played piano selections at the reception.

For the wedding trip the bride chose a blue pant suit. The groom's parents, Mr. and Mrs. Dale Hanna hosted a rehearsal dinner Thursday night at the Corral Restaurant in Muleshoe for members of the wedding party.

### Hard To Handle

Kinsley: "I wonder why it is that people always refer to a canoe as 'she.'" Griffen: "Evidently you never tried to guide one."

MRS. WAYNE COPLEY

## Mrs W. Copley Feted At Shower

A baby shower honoring Mrs. Wayne Copley was held Saturday afternoon, June 29 at the Tri-County community room. Special guests for the shower were Mrs. Robert Sugert of Lovington, N.M., the honoree's sister; Mrs. J.R. Copley, her mother-in-law; and Mrs. Herbert Nash, an aunt.

Miss Rama Copley of Muleshoe registered guests. The serving table was covered with a white lace cloth over yellow and centered with a floral arrangement which was accented by a baby and stork. A

cake in the shape of a cradle was served with fruit punch from crystal appointments. Mrs. Massingill and Mrs. Jack Milburn made the cake. Presiding at the table were Mrs. Milburn and Mrs. Vennie Purcell.

Hostess gift was a highchair. Hostesses included Mrs. Vennie Purcell, Mrs. Forist Williams, Mrs. A.R. Missingill, Mrs. Jack Milburn, Mrs. Willie James, Mrs. Jack Kemp, Mrs. George Watley, Mrs. Dennis Smith and Mrs. Bobby Burris.

FOUR GENERATIONS . . . At the family reunion of the Wenner family, four generations were gathered. Pictured above are: standing, Mrs. F.L. Wenner and her son, Reaford Wenner. Seated: Weners' daughter, Mrs. Jerry Barber and Stacy Barber.

## Four Generations Present At Reunion

Relatives gathered at the home of Mrs. F.L. Wenner, 114 Avenue H in Muleshoe on Sunday, June 30 for a family reunion with 33 people present. All six of her children were here for the occasion and all members of their families except two. The group included eight grandchildren and seven great grandchildren.

Attending were Rev. and Mrs. Earnest L. Merriott of Littlefield, Texas; Mr. and Mrs. Delter Wenner of Lazbuddie; Ralph Wenner of San Diego, California; Mr. and Mrs. Gilbert Wenner and Shirley of Del Rio, Texas; Mr. and Mrs. Reaford Wenner and Rayburn of Lazbuddie; Mr. and Mrs. Anceel Ashford; Mr. and Mrs. Virgel Merriott, Randall, Raina Ashford; Mrs. Jimmy Bruton; Lynial Ashford; Mr. and Mrs. Jerry Barber and Stacy of Lazbuddie; Mr. and Mrs. Lonnie Merriott, Mickey and Gary; Prisca Young and Sheila Isbell, bride-elect of Lynial Ashford, were guests.

Frank L. Wenner, was born in Oklahoma Territory and married his bride from Nebraska in 1909 in the courthouse in Norman, Oklahoma. They rented a farm near Noble, Oklahoma and moved into a two room loghouse. Five of their children were born in Oklahoma and the sixth after they moved to Texas.

Wenner bought a farm Northeast of Muleshoe and moved his family from Washington, McClain County, Oklahoma in January, 1927. They were detained in Muleshoe over a month in their journey while the family was quarantined from smallpox.

The six children attended Lazbuddie schools and Mr. and Mrs. Wenner lived on the farm until his death in 1954 at which time she moved into Muleshoe. Mrs. Wenner, 84, is an active member of the Trinity Baptist Church, has sewed hundreds of dresses for orphanages and needy people and was a nominee for the Diana Award given by the ESA Sorority.

## Doctor Settles In Small Town, Portales

A story published in the Portales News-Tribune, June 26, 1974 was brought to our attention by Mrs. Glen Willoughby of Muleshoe. With the need of a hospital and doctors, it should prove interesting to the people of the area.

Dr. Ira B. Goldberg, who has recently closed out a medical

practice in New York, had moved to Portales, has established a home here and will open an office for the practice of internal medicine with a specialty in cardiology.

Dr. Goldberg's family includes his wife Frankie, two boys and two girls.

Dr. Goldberg said he was looking for a location to permanently establish his practice, and he ran across Roosevelt General Hospital's ad in the Journal of the American Medical Association. He said he called Hospital Administrator, E.E. Mike Kirk and was pleased with the result of the telephone interview.

He said he came to Portales without the knowledge of any member of the medical profession or the hospital staff to "look things over in my own way."

He said both he and his wife were pleased with the reception they got here as complete strangers and then introduced himself to hospital officials. After long consideration, they decided to make the move to Portales.

"This is final, and we have established our home and practice here and expect to spend the rest of our lives in Portales. It is the kind of town we like; we feel there is a need for an internist here; that we can be of service to the hospital, the citizens and the community. In other words, we are sold," Dr. Goldberg said.

### Fashion

Crash diets are out and moderation is the word for the pleasingly plump figure.

Ties and bows are popular with suits and for dresses.

Wicker baskets have come back in style this year. They are used in a variety of ways—flower arrangements, needlework, hot rolls and for many other things.

Jacket dresses continue their popularity. Some of the new designs feature square necklines on the dresses.

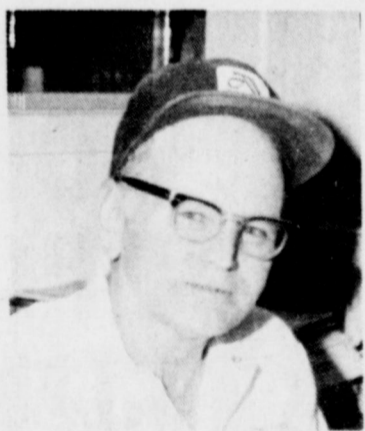

Wedge sport shoes and sandals are colorful and comfortable for summer wear.

**Of Course!**  
Professor: "Didn't you have a brother in this course last year?"  
Student: "No sir; it was I. I'm taking it over again."  
Professor: "Extraordinary resemblance, though—extraordinary!"

**Strange**  
Helen--Isn't it odd how many people are suffering from head colds this winter?  
Dorothy--Yes, it is rather strange how this little germ can always seem to find our weakest spot.

Robert Hooten

R. L. Pearson

FOR TOTAL EXCELLENCE in CUSTOMER SERVICE

To receive Ford Motor Company's Distinguished Service Citation one time is a significant accomplishment for any Ford or Lincoln-Mercury dealer. To acquire this prestigious award two years in a row—as Muleshoe Motor has recently done—is an outstanding achievement. The citation reads: "For Total Excellence in Customer Service"—and in receiving this honor Muleshoe Motor pledged to continue to strive toward its goal of "No unhappy owners."

Muleshoe Motor has been listening to its customers and, as a result, has implemented several better service ideas. When your car needs service, visit Muleshoe Motor.

For distinguished new and used car service: Muleshoe Motor, located at 1225 West Amer.

# Replanting Hail Damaged Sorghum Considered Unprofitable

LUBBOCK -- Grain sorghum crops that are damaged by hail in most cases should be left alone rather than replanted, says a Lubbock-based agronomist.

Dr. James Supak, area specialist with the Texas Agricultural Extension Service, says that replanting sorghum when it is damaged by hail is generally unnecessary and unprofitable.

Hail damage varies from partial to complete defoliation of the plant to bruised and broken stems and occasionally, shattering of seed from emergent heads. These injuries can reduce yields from 10 to 95 percent, he adds.

**EMERGENCE TO 10-LEAF STAGE**

From emergence to the time the sorghum plants display seven to 10 fully extended leaves, the terminal bud of the plant is located at or near the soil surface. A hailstorm during this stage of development may strip leaves, but because of its rather protected position, the terminal bud is seldom injured. If approximately 75 percent of the plant survive, Supak says, replanting is unnecessary since tillering will compensate for the reduced stand. If replanting becomes necessary, the limited growing season in this area may necessitate the use of an earlier maturing hybrid.

Even if replanting can be avoided, he points out, hail damage during the seven to 10-leaf stage will have detrimental effects on yields. Research conducted at Panhandle State College in Goodwell, Oklahoma, has shown that when 25, 50 and 100 percent of the leaves are destroyed during this vegetative growth stage, grain yields are reduced by approximately eight, 10 and 25 percent, respectively. In addition, the susceptibility of the plant to disease and insects

**GILLEANS TO PERFORM . . .** The Gilleans, a gospel singing group will perform July 4 at 8:00 p.m. on the west side of the football field, weather permitting. If the weather is bad they will perform in the High School Auditorium.

(especially the sorghum midge) is increased by reduced vigor and delayed maturity.

The agronomist cautions that replanting will not necessarily alleviate these pitfalls since the faster maturing hybrids generally have lesser yield potentials and are also susceptible to midge if planted late in the season.

**REPRODUCTIVE GROWTH STAGE**

Following the seven to 10-leaf stage, the sorghum plants enter the reproductive growth stage and hail damage becomes a more serious problem. A severe storm can not only destroy leaves but also may damage or destroy the head in its formative stages. Still, recovery tends to be rapid. Plants

with injury to the growing point and forming heads develop tillers and the uppermost non-damaged joints and these will eventually form heads. On the

other hand, some plants will escape injury to developing heads; although these plants may also tiller, the original heads will still emerge, bloom, and mature.

A producer faces at least three alternatives when his crop is damaged: (1) leave things as they are and settle for a crop that will mature unevenly, (2) shred the stalks to a height of about six inches and force all plants to tiller uniformly, or (3) destroy the grain crop and plant millet or other alternate crop.

The producer's decision rests largely on when the damage occurred and its severity, Supak explained. Panhandle State College research has shown that when 25, 50, 75, and 100 percent of the leaves are removed from healthy plants during the boot stage, yield reductions of approximately 10, 40, 70, and 95 percent, respectively, can be expected. However, if most of the leaves remain on the plant, even though they are severely mutilated, the yield reduction will be less severe. In this case, it would be profitable to allow the damaged crop to go to completion, BLOOM AND MILK STAGES

"Grain sorghum is most vulnerable to hail injury during the bloom and early milk stages," the specialist notes. "Obviously, the heads are fully exposed to the full brunt of blows administered by flying ice. This effect, however, may be relatively minor compared to the impairment of photosynthetic activity caused by defoliation. Reduced photosynthesis during the bloom and early milk stage will adversely affect seed development and result in shrunken seed and low test weights. Additional problems also are created by subsequent tillering which results in uneven maturity.

"There is not much a producer can do about this type of damage," he emphasizes. "Unless he has an early planting of a fast-maturing hybrid, it is generally too late in the season to shred and make a uniform second crop. If the damage is so severe that the crop has little or no yield potential, a grower might consider over-

seeding the stubble with small grain for early grazing, or he might destroy the crop and prepare the land for wheat."

Supak says that hail injury incurred after the milk stage is usually less damaging than at the bloom stage. Complete defoliation during the soft dough stage cut yields in half, according to the Oklahoma research studies, whereas removal of 75 percent of the leaves reduced yields by only 15 to 20 percent. Although damage during the later growth stages can be expensive, it is not nearly as devastating as that with can occur during the bloom stage.

Mankind is divided into two classes--the getters and the givers.

## Services Held Monday For Sarah Clark

Services for Sarah Ella Clark, 84, of Littlefield were at 3 p.m. Monday in the Earth Church of Christ with E.M. Borden and Wilbur Dennis, ministers, officiating.

Burial was in the Earth Cemetery under the direction of Parsons-Ellis-Singleton Funeral Home.

She died at 5:40 p.m. Saturday in Medical Arts Hospital in Littlefield.

A native of Estelline, she lived in Earth for 36 years before moving to Littlefield.

Survivors include a son, George of Littlefield; four daughters, Mrs. Jocie Lee Worth and Mrs. Vera Rogers both of Amarillo; Mrs. Pearl Roper of Dimmitt and Mrs. Betty Dudley of Seagraves; 18 grandchildren and 21 great-grandchildren.

It's better to sell something for less than it's worth than to keep it when you have no use for it.

And then there was the cynic who said an appropriate wedding march would be "The Battle Hymn of the Republic."
