The Missouri-Mississippi river is the longest river system in the world, although only a little longer than the Nile and the Amazon.

Missouri - Mississippi (United States) 4,221 miles.

Nile (Africa), 4,000 miles.

Amazon (Brazil), 3,900 miles.

Ob (Siberia), 3,200 miles.

Yangtze - Kiang (China), 3,100 miles.

Amur (China), 2,900 miles.

Kongo (Africa), 2,900 miles.

Yenisei (Siberia), 2,800 miles.

Hwang (Yellow) (China), 2,700 miles.

Lena (Siberia), 2,600 miles.

Mississippi (United States), 2,486 miles.

Murray-Darling (Australia), 2,310 miles.

Yukon (Alaska and Canada), 2,300 miles.

All these rivers are navigable in large part.

In the development of a new country, the early settlers invariably followed the rivers from the coast.

The inland waterways are of the highest importance to the welfare of a country.

COUNTY SEAT OF HOCKLEY HAS SEVEN PEOPLE

Leveland, Hockley County, Texas, Oct. 31.—This is the first news item that has ever carried such a date line—due to the fact that this place has been Leveland only three days.

Incidentally it is the fourteenth name that was submitted to the Postoffice Department before one could be found that would not conflict with some other postoffice in the United States—

Leveland has a total population of seven and consists of one full-fledged courthouse, a store, one residence and a windmill.

District Judge W. R. Spencer opened the first term of District Court in this new county this past week and after impaneling the grand jury there was but one man left.

Hockley county lies due west of Lubbock county and in its county seat Leveland is on a direct line from Lubbock to Roswell, N.M.

life. Even though a stream may not be navigable for any craft larger than a canoe, it may serve as a guiding line to the first explorer.

REWARD \$20.00 reward is offered for information leading to the conviction of anybody found guilty of shooting quail, in Young county, prior to December 1, 1921.

JUST A LIFE INSURANCE AGENT

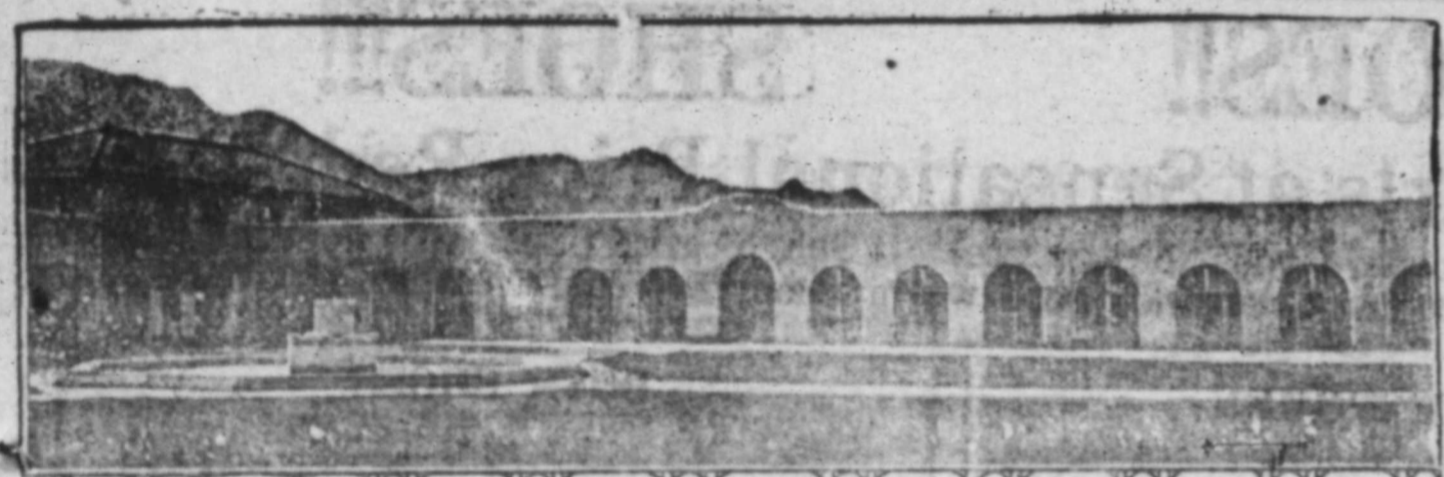

"Oh, you are just a life insurance agent, are you?" This spoke the lady to the field man whose hearing was a little impaired.

"No, no. I am selling food, and clothing and shelter for future delivery. I am contracting to pay off the mortgage, educate the children, pay taxes, and prevent the gnawing agony of debt, and doubt, and despair that so often comes to the household when the head of the house has been called away.

"Excuse me, here's my husband, just come in. John, this is Mr. Fair-play. I thought he was a life insurance agent at first, but I want you to listen to him talk, and then I want you to secure one of those guarantees that he has been telling me of. I want our three children to have a fair chance in the world, whatever may happen to us, and our lives will be worse than failures if we fail to provide for them.

Southern Baptists Wage Vigorous Warfare Against Tuberculosis in This Section

FOUNTAIN PLAYS IN CENTER OF COURT BETWEEN TWO INFIRMARIES

RECREATION PATIO BETWEEN MEN'S AND WOMAN'S BLDG.

INVITING CORNER OF MEN'S INFIRMARY

In one of the most extensive fights that has ever been made by any religious body in America for the eradication of disease, Southern Baptists, through their Home Mission Board, have undertaken the task of combating tuberculosis in the 13 states comprising the territory of the Southern Baptist Convention.

The death rate from tuberculosis is 14.2% higher in the South than in the Nation as a whole. One reason for the exceedingly high death rate in the South is the great prevalence of the plague among the negroes who are especially susceptible to tuberculosis, the death rate among them being three and one-half times that among the whites.

The sanatorium is at present seeking to devise special plans whereby it can serve the negroes of the South in combating tuberculosis. It is felt that the negroes' inability to help themselves in the matter entitles them to this consideration and that this assistance should be given, furthermore, as a means of self-protection on the part of the whites.

Included in this plant at present are the administration building, the newly completed women's infirmary and men's infirmary, a heating and refrigerating plant and the superintendent's quarters. Provided for in the building plans for the future are a medical and educational building, nurses' home, children's building, dormitories for convalescent patients, an occupational and vocational therapy building, chapel, laundry and minor structures.

It has been estimated that the total economic loss from the ravages of tuberculosis in the South is \$175,000,000 a year, and in projecting their warfare against the plague the Baptists hope to greatly reduce this loss, as well as to save the life and promote the health and general efficiency of the whole people.

Other Phases of Baptist Work. In addition to the Tuberculosis Sanatorium, Southern Baptists have a string of seventeen regular hospitals in operation and seven others under course of construction.

150 People Die Daily. Indicating the need of additional effort in the elimination of tuberculosis in the South, reliable figures gathered by the public health agencies of the South and the Nation show that there are 150 deaths daily from tuberculosis in the 13 states comprising the territory of the Southern Baptist Convention, making the annual death toll of the white plague in this section of the country alone

TEXAS TO BE PROTECTED UNDER NEW HIGHWAY LAW

Washington, Nov. 4.—Adoption of the conference report by the Senate last night on amendments to the general road act is to be followed by a supplemental bill which would make certain the ability of Texas, Arkansas and other States to participate in the Federal aid equal to other States.

The new law is ready for the White House and approval of the leaders has been obtained to make further change to meet objections of some of the States.

The total of the new act is for \$90,000,000 Federal aid, \$75,000,000 of which is for the States, the remainder being for national parks and trails. Texas will participate to the extent of more than \$4,000,000.

COMMENTS OF A VETERAN

You, today, very sensibly remark upon Harding's lectures to the South. Returning from the army to my home in Alabama, where Harding has been preaching, I called upon our negroes in 1865. I told them that they were free and among other things advised them to send their children to school to learn reading, writing and arithmetic, so that they could attend to business.

Our young ex-Confederates knew more of the race problem than Warren G. Harding knows now. He has seen the cotton fields of Alabama and Georgia, he has seen men women and children, black and white picking cotton. He should spend a month among them and learn of the kindly relations existing between the races. We have no race problem among us. If Harding was a statesman and not a mere politician, he would go among his own people, especially the hyphenated who put him in office, and try to enlighten them.

He would tell them that the vindictive spirit of Thad Stevens and Brownlow should become extinct among them, he should tell of \$65,000,000 made from our cotton fields which is now wrongfully held at our national capital, he should tell of over \$2,000,000,000 made from our cotton fields that have gone to pay pensions of Northern soldiers, and of over \$50,000,000 that still goes from our cotton fields every year to pay these pensioners; he should tell them "to do as they would be done by," and thus cultivate a brotherly spirit and break the "solid South." Northern capitalists invest in our rich irrigated lands, and in our great oil fields and they are welcome; honest capitalists before and since the war have always been welcome in the South whether they came from Holland or New England. Honest business relations makes honest friends, but we don't want political adventurers to deliver lectures among us, especially when they don't know the A. B. C. of their subject.

NOTICE

Whereas, on the 4th day of Oct. 1920, the Giant Machine & Tool Company, a corporation, made, executed and delivered to W. M. Odell a certain deed of trust and chattel mortgage upon the following described property then situated in Eastland county, Texas, and now located and situated at Eliasville, in Young county, Texas, to-wit:

All machinery, tools, implements, appliances, furniture and fixtures owned by Giant Machine & Tool Company on the 4th day of October, 1920, including all machinery, equipment, tools and appliances on said date located in a certain lot, parcel or tract of land situated in Eastland county, Texas, out of the Davis Addition to the town of Desdemons, in said county and located about 3-4 of a mile from said town and being the property on said date used and occupied as a machine and tool shop by the said Giant Machine & Tool Company, and including the following described property, to-wit:

One Morgan Engineering Co. steam hammer, No. 318.

One 24 in. Lathe, R. K. LeBlond Machine Tool Co.

One 50 in. Noisless Blower (Buffalo Forge Co.), with countershaft for same.

Four 25 ft. Steel Bridge Spans.

One 24-in. Drill Press (Machine Amos Mfg. Co. of Rockford, Ill.)

All of said property being now located in the plant and machine shop occupied and conducted by the said Giant Machine & Tool Company at or near the town of Eliasville, in Young county, Texas.

Whereas, said deed of trust and mortgage was executed for the purposes of securing the payment of eight certain promissory notes for the sum of \$583.24, each bearing interest at the rate of 8 per cent per annum from date, payable annually, and all payable to J. R. Nail, and all providing for the payment of ten per cent additional upon the principal and accrue interest in case the notes or any of them should be placed in the hands of an attorney for collection or suit; all of said note being dated October 31, 1919, and the first of same being due on or before 15 months, and the remaining notes maturing in quarterly installments of 18, 21, 24, 27, 30, 33, and 36 months, respectively; and

Whereas, it was provided by the terms of said deed of trust and mortgage above referred to that the failure to pay any one of said notes at the maturity thereof should, if such nonpayment should continue for a period of thirty days, mature said entire series of notes at the option of the said J. R. Nail, or the lawful owner or holder of said notes, or either of them; and

Whereas, of said series of notes the first of same matured on January 31, 1921, the second matured on April 30, 1921, and the third of same matured on July 31, 1921, and default has been made in the payment of all of same, and said default has continued for more than thirty days and by reason thereof the said J. R. Nail has elected to exercise the option vested in him by the terms of said mortgage and deed of trust by declaring each and all of said notes due and payable and fully matured, and has placed same in the hands of an attorney for collection; and

Whereas, it is provided by the terms of said instrument that if default should be made in the payment of said notes or any of them, and such default should continue for a period of thirty days, then that said trustee should take possession of said property and sell same after due notice as therein provided;

Now, therefore, notice is hereby given that on Tuesday, Dec. 6th, 1921, between the hours of 10 o'clock a. m. and 4 p. m. I, as such trustee, and under the provisions of said deed of trust, will offer for sale to the highest bidder for cash at the foundry machine shop and place of business of the Giant Machine & Tool Company, at or near the town of Eliasville, in Young county, Texas, said property described for the purposes specified in said deed of trust.

Witness my hand this 19th day of October A. D. 1921.
9-11c W. M. ODELL, Trustee.

FIRE DESTROYS BUSINESS BLOCK IN LOVING

The business section of Loving, fourteen miles north of Graham, was practically destroyed by fire about 1 o'clock last Friday afternoon. Only three occupied business houses were left standing—The John E. Morrison Company, the First State Bank and the postoffice.

The fire originated from an oil stove in the Daniel Hotel. The following losses were sustained: A. B. Daniels hotel, Daniel's barber shop, Daniels cold drink stand, Dr. J. M. Johnson's drug store, Sam Jones' grocery store in J. T. Marshall's building, Duckworth's general merchandise store, and Bradshaw's garage.

There was very little insurance and the fire is a severe blow to our sister city. Some of the houses will be rebuilt but we do not know just which ones.

A hypocrite is a man who eats cloves to make his friends believe he has had a drink.

That man who married to win a bet, lost.

NOTICE TO THE PUBLIC

On and after Monday, November 14, 1921, the following ordinance will be enforced in all its particulars:

"Be it Ordained by the City Council of the City of Graham, Texas:

"Sec. No. 1. It shall hereafter be unlawful for any person to peddle any kind of merchandise, patent medicine or nostrum, or to pursue, follow or engage in any business of auctioneering of merchandise, or to use any street, alley or the public square within the corporate limits of the City of Graham, Texas, for such peddling, auctioneering or hawking goods, wares, or merchandise of any description.

"Sec. No. 2. If any person shall violate any of the foregoing provisions he shall be punished by fine of not less than one dollar nor more than twenty-five dollars.

"Sec. No. 3. It is hereby provided that nothing in this law shall be construed to prohibit any person from selling products raised by himself.

"This, the 7th day of June, 1916"

Graham Welcomes the American Legion Armistice Day

J. H. BUCHANAN WINS ADMIRATION OF HIS LEGION COLLEAGUES

County Judge John Lee Smith of Throckmorton county, who was present at the national convention of the American Legion at Kansas City, praises J. H. Buchanan for the good work he did at the convention. Mr. Buchanan was the Texas representative for the 13th congressional district.

The Leader received yesterday the following statement from Judge Smith relative to the good work of Mr. Buchanan:

"J. H. Buchanan, representative from the 13th congressional district to the national convention of the American Legion at Kansas City, won the admiration and esteem of his colleagues by his determined stand against the injection of partisan and personal politics in Legion affairs. Buchanan defeated an effort in the Texas delegation to make the organization of the State Legion subservient to the political aspirations of a certain delegate. The fight he waged on this issue and the signal victory he achieved as a result entitle him to recognition in State Legion affairs. It is the opinion of many Texas visitors to the national convention that Buchanan was one of the leading figures of the Texas delegation. The Legionnaires of the 13th Texas district can at least take a degree of pride in the conduct of their delegate as a Kansas City."

W. T. SCHLITTLER WRITES FROM HIS HEART ABOUT WAR

In the year 1917 these United States entered into a conflict which became the greatest conflict the world has ever known. In the month of April, 1917, when the United States entered this war it developed that the regular army and navy was inadequate for the needs. To meet the pressing need the president called for soldiers but not enough responded.

Selective boards were created over the country to call men to service. This method secured the men but they had to be trained. Training camps were established over the country and in a remarkably short time the men were being sent overseas. I do not remember the exact date the first ship load went across. The American forces found the country across the waters in need of assistance for one man had undertaken to conquer the world and was making good headway when the American forces entered the conflict. But that one man, the Emperor of Germany, had forgotten Uncle Sam across the sea from him.

He first struck at the United States by sinking the Lusitania. The first place Uncle Sam struck at him was Chateau-Thierry. The fighting rocked back and forth and Uncle Sam lost a good many men before the Emperor threw up his hands. It did not take Fritz long to find out that he had to hit a strong stent wall. The German forces were forced to retreat to their own ground across the Rhine. But still the khaki uniforms followed and on November 11, 1918, the Armistice was called.

That is one part of the conflict. While the army was fighting on land the navy was busy also and had some close calls. The German submarines were busy and there was no telling when one of them would rise up out of the sea and launch a torpedo at a troop ship, a merchant ship or a hospital ship. The navy had to man and guard these ships. Some were lost but most of them made the trip over and back.

That day which is one of the greatest, November 11, 1918, stopped the fighting. Most of our boys are back at home but others will never return. Let us honor both living and the dead. Tomorrow, Friday, November, 11, should be the biggest day Graham has ever seen.

Let us hope that the conference in Washington beginning tomorrow will be one of the greatest ever recorded in history and that there will never be another man who will start his armies out to conquer the world. Let us hope that the days of warfare will soon pass.

W. T. SCHLITTLER,

GRAHAM VS. DECATUR IN FOOTBALL GAME FRIDAY, 4:15 P. M.

One of the biggest events of the Armistice Day celebration will be the football game at the ball park at 4:15 immediately following the wrestling match. Graham high plays a strong team representing Decatur high. The local high has one of the strongest teams in its history and has won several games by handsome scores. The few games lost this season have been with the strongest teams in North Texas and have been lost by close scores and were hard fought throughout. Two weeks ago the far-famed Wichita Falls team won from the local team by one touchdown. Coach Harrison has put his men through the hardest week's practice of the season and is not afraid to match them with any high school team in the country. The Decatur representations will be a formidable one and will give the Graham boys interesting opposition.

The whistle for the kick-off will blow promptly at 4:15 and the largest crowd ever assembled for a high school contest will be on the side lines to witness the first clash. Everyone is including the football game in his plans for celebrating Armistice Day. The student body of the school plans to take a large part in the afternoon parade and all of them in cars decorated in school and class colors will proceed to the football park after the parade.

Admission prices are 35c and 50c. Tickets may be purchased in advance at Davis Drug Co. and Doty Drug Co. and from high school students.

George Stevens Defeats Japanese

George Stevens, who will meet Pet Brown of Cisco, Texas champion, here 2 p. m. Armistice Day, has met a number of the best wrestlers in the country and has succeeded in putting every comer down. His last match was with M. Matsuda, the Jap flash, at the Cotton Palace at Waco.

The Jap wrestler is a plucky little wrestler but he was too light for George Stevens. Stevens and Brown are both good wrestlers. Both are in Graham now and are ready for the match at the McGee building on West Fourth street at 2 p. m. Armistice Day.

ARMISTICE DAY PROCLAMATION

Whereas, the President has proclaimed November 11, "Armistice Day" and called upon all our people to observe the day in a way befitting that great and memorable occasion,

Now therefore, I, W. H. Reeves, County Judge of Young County, Texas, call upon all the good people of our County to observe the day in a manner becoming a loyal, patriotic citizenship and to do honor to those of our noble boys who made the supreme sacrifice, as well as to those who laid their lives upon the altar of their country; but were spared in the providence of God to return to us.

W. H. REEVES,
County Judge, Young County, Texas.

GOVERNOR NEFF PROCLAIMS NOV. 11 ARMISTICE DAY

Austin, Nov. 7.—Governor Neff today issued a proclamation designating Friday, Nov. 11, as Armistice Day, calling on the people of Texas to "cease business and join in solemn and impressive exercises."

Governor Neff urged that the people of the State "assemble in the temples of God, the institutions of learning, and in public forums generally, and join with the American Legion in solemn and impressive exercises worthy of the memory of all those by their sufferings and their sacrifices made the day immortal."

TO HONOR OUR DEAD

The act of President Harding which calls upon us on Armistice Day to cease our activities for a moment while we remember those who gave their all for their country and for humanity will make its appeal to every American heart. Well may we bow our heads for those two brief minutes, grateful for the sacrifice made in our behalf, and breathe, at the same time, a prayer for those whose sons went forth so gallantly, but came not back.

Salute your flag when you see it in the parade, Armistice Day, November 11.

PRESIDENT HARDING PROCLAIMS NOV. 11 NATIONAL HOLIDAY

Washington, Nov. 5.—A proclamation setting aside Nov. 11, as a legal holiday, "as a mark of respect to the memory of those who gave their lives in the World war, as typified by the unknown and unidentified American soldier who is to be buried in Arlington National cemetery on that day," was issued tonight by President Harding. It follows:

"By the President of the United States of America, a proclamation: Whereas, a joint resolution of congress, approved Nov. 4, 1921, to declare Nov. 11, 1921, a legal public holiday provides as follows:

"Whereas, Armistice day, Nov. 11, 1921, has been designated as the appropriate time for the ceremonies incident to the burial of the unknown and unidentified American soldier in the Arlington National cemetery; and

"Whereas, this unknown soldier reports the manhood of America who gave their lives to defend its integrity, honor and tranquility against any enemy; and

"Whereas, the nations of the earth are on that date joining with the United States in paying respect and homage to this unknown soldier, therefore, be it

"Resolved by the senate and house of representatives of the United States of America in congress assembled, That the President is hereby authorized to issue a proclamation declaring Nov. 11, 1921, a holiday, as a mark of respect to the memory of those who gave their lives in the late World war, as typified by the unknown and unidentified American soldier who is to be buried in Arlington National cemetery on that day and the President is respectfully requested to recommend to the governors of the various states that proclamations be issued by them calling upon their people to pause in their pursuits as a mark of respect in this solemn hour."

"Now, therefore, I, Warren G. Harding, President of the United States of America, in pursuance of the said joint resolution of congress, do hereby declare Nov. 11, 1921, a holiday as a mark of respect to the memory of those who gave their lives in the late World war, as typified by the unknown and unidentified American soldier, who is to be buried in National Arlington cemetery on that day; and do hereby recommend to the governors of the several states that proclamations be issued by them calling upon the people of their respective states to pause in their usual pursuits as a mark of respect on this solemn occasion."

"And in order that the solemnity of the occasion may be further emphasized, I do hereby furthermore recommend that all public and church bells throughout the United States be tolled at intervals between 11:45 o'clock a. m. and 12 o'clock noon of the said day, and that from 12 o'clock noon to two minutes past that hour, Washington time, all devout and patriotic citizens of the United States indulge in a period of silent thanks to God for these valuable, valorous lives and supplication for His divine mercy and for His blessing upon our beloved country."

"In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

"Done at the city of Washington this fourth day of November in the year of our Lord, 1921, and of the independence of the United States of America of the one hundred and forty-sixth.

WARREN G. HARDING,
"By the President,
CHARLES E. HUGHES,
"Secretary of State."

PARRISH MAKES ELOQUENT PLEA FOR DISARMAMENT

Washington, Nov. 5. Speaking before the Masons of Washington last night at their grand visitation and commemoration of the one hundred and sixty-ninth anniversary of the initiation of George Washington, Representative Lucian W. Parrish of Texas made a patriotic plea for disarmament. He pointed out that the burial of the "Unknown Soldier Hero" is a symbol of the hope of all America that the death and devastation of war must end. In this connection he said:

"On Nov. 11 the American people, through their representatives and in person, will march with bared heads and bleeding hearts to Arlington, where the body of the unknown American soldier, escorted by living comrades wearing the badges of distinguished valor upon their breasts, will be laid in its last resting place and America's tribute will be paid to her unknown dead.

"Almost before this great funeral procession has broken ranks, there will assemble in the Nation's capital, representatives of the leading nations of the world to determine officially whether or nor this hero died in vain, and I pray God that the spirit of that unknown hero will counsel earnestly with that distinguished body of representatives and that the prayers of millions of mothers of the world will hover like a sacred benediction over them to the end that the civilization of the future may be spared the tragedies of war, and that universal peace, with its glorious blessings, will become the absorbing hope of the human family."

"The Christian church, the Masonic order and other fraternal, patriotic and far-seeing organizations should exert the very last effort of their respective memberships in seeing to it that this conference is

AIR SERVICE MEN

An attempt is being made to have the Air Service represented in the parade on Armistice Day. There are a number of old fliers here in Graham and it is suggested that all those who were in the Air Service during the war meet or register with S. H. Harrison at room 14 D. & F. building, before the parade. After the war Harrison was a charter member and elected treasurer and later vice president of the Aviator's Club of Texas with over 100 members in Dallas. This club was affiliated with a number of similar organizations and with the Aero Club of America. It is thought that a local club can be organized here in Graham. Don't forget to be there.

FOCH DECLINES WINE

The Washington Times of the 30th of October reports that wine was offered to Marshal Foch at the White House table and that he declined.

We cannot help but have a doubt as to the accuracy of the report that wine was on the White House table when the President lunched with Marshal Foch. We cannot believe that the President would have indicated such a lack of sympathy with the nation's laws and the desire of the American people.

There can be no doubt, however that Marshal Foch really did say: "While I am in the United States I mean to respect strictly the laws of the country of which I am the guest. As a matter of fact, during the whole of my life I only drank at meals an occasional few drops of Bordeaux wine mixed with much water. As far as I am concerned prohibition is not a sacrifice."

A success. It is our burden to make sure that the American hero did not die in vain, but that when his noble spirit took its flight to the great beyond the mad demon of war, as a human institution likewise passed from the earth. If the American dead could only know that such was the fruit of their sacrifice their spirit would sleep in peace within the silence of the tomb."

DEMONSTRATION TO HONOR WILSON PLANNED BY WOMEN

Washington, Nov. 7.—Preliminary plans for what its sponsors believe will be a monster nonpartisan Wilson demonstration, on the afternoon of Armistice Day, were announced last night by a group of prominent Washington women.

Leaders in the movement are Mrs. Clara Sears Taylor, member of the rent commission of the District of Columbia; Mrs. Samuel Gompers, wife of the president of the American Federation of Labor; Mrs. Huston Thompson, wife of the chairman of the Federal Trade Commission; Mrs. Edward J.P. Costigan of the National League of Women Voters, and Mrs. Helen Gardner, member of the Civil Service Commission.

Following a meeting last night this statement was issued:

"In order to provide an opportunity for an expression of appreciation of the services of Woodrow Wilson, who was the commander-in-chief of the unknown American soldier to be interred Nov. 11 in the hallowed soil of Arlington, we will visit Wilson's home immediately following the conclusion of the official ceremonies at Arlington.

"We desire to take this occasion to congratulate Mr. Wilson, a wounded soldier, upon his returning health and to show him our appreciation of his part in the stirring events which have led up to the present moment in world affairs.

"We extend to all organizations and individuals in the District of Columbia a cordial invitation to join us in thus expressing the honor and respect we feel for our distinguished fellow citizen.

"No man in the world rendered more valiant or effective service to humanity, either in his capacity as a soldier or as a statesman, in bringing the great war to a successful conclusion and making possible the armistice which forms the subject of the ceremonies Nov. 11."

Every house in Graham should fly the American flag, Armistice Day, November 11.

NEW DRY GOODS STORE LOCATES IN GRAHAM

A new dry goods store will open in Graham Saturday. The J. P. Alexander Company of Olney has rented the new McCain building on the northeast corner of the square and will open for business November 12. This is not a new firm in this section as the company has had a store at Olney several years.

There will be no change in the Olney store. The store here is a new establishment. Mr. Harris, who has been with the Olney store some time, will be local manager. From their opening announcement elsewhere in this issue we take the following statement:

"In coming to Graham we come not as strangers, but knowing pretty well the conditions as they exist here, and believing in the future of the town and county. It shall be our purpose to line up with the forces for the development of the community, and shall always be found ready and willing to do our part in any cause for the material and moral advancement of Graham and her trade territory."

Mr. Alexander and Mr. Harris have been in Graham this week making preparations for their opening. Only a small amount of their stock has arrived but before many days the stock will be complete.

Salute your flag when you see it in the parade, Armistice Day, November 11.

FELIX URY RETURNS FROM 3 MONTHS BUSINESS TRIP

Felix Ury, the genial goodfellow and Graham booster, returned yesterday after an absence of three months. He visited several sections of the country while away and reports business conditions pretty much the same everywhere he went. He states that people everywhere are optimistic. The general opinion is that the worst is past and that conditions will gradually improve.

Mr. Ury believes in Graham and has been partial to this oil field. He thinks Graham has the brightest future of any field. He took advantage of every opportunity to speak a good word for Graham while he was away. He visited the following cities: Sedalia, Des Moines, Detroit, Louisville, Nashville, Memphis, Birmingham, Dallas, and Shreveport.

MISSIONARY SOCIETY MEETING
The Woman's Missionary Society of the First Christian church met at the church at three o'clock Thursday afternoon, November 11th. The first vice president, Mrs. John B. Rhea, presided. Mrs. Lucy K. Isaacs was leader and had arranged an unusually interesting program in "India Converted."

Three visitors, four new members and twenty-nine old members were present.

During the social hour a salad course and hot chocolate were served by Mesdames Lucy Mayes, D. D. Dickenson and Paul L. Brown.

NEW DOMAIN TO TEST PAY AT DEPTH OF 3470

After drilling to around 3700 feet, the New Domain's test on the Addie M. Graham, north of Eliasville, is plugging back at 3470 and will attempt to produce from the oil lime encountered there last summer, according to the company's information to Mike McNamara, district deputy oil and gas commissioner with headquarters at Graham.

It is believed that a producer will be obtained at that depth without shooting. When the tools struck this depth in July the oil shot over the derrick a couple of times. Casing troubles developed, and the company cased off this showing and drilled deeper.—Eliasville Journal.

FEDERAL RESERVE

ASSISTS FARMERS
Dallas, Nov. 10.—Sloan Simpson, trustee and treasurer of the Texas Farm Bureau Cotton Association, announces that the Federal Reserve Bank has agreed to assist Texas farmers in the purchase of pure bred cotton seed.

This is of especial interest at this time because good seed can be bought at a much lower price at this time of the year than they can be obtained later on. Following is the text of a letter addressed by Mr. Simpson to W. F. Craddock of the marketing division of the Texas Farm Bureau:

"In many sections of Texas there are demands now for cotton seed for planting the 1922 crop.

"Many local banks are not in a position to advance money to buy cotton seed without help. On the other hand, good seed can be bought now direct from the growers and breeders at a very low price. It is our opinion that by taking advantage of early buying of seed there will be saved almost as much as the seed will cost now. The Deputy Governor of the Federal Reserve Bank has informed us that loans for the purchase of seed for future planting may be handled in the following way:

"Local bankers, or other interested parties, may buy seed in car load lots or less, for the account of their farmer customers on notes signed by the individual farmer and made payable to the local banker. The cotton seed itself should be placed in a bonded warehouse at any point in Texas. The local banker attaches the warehouse receipt to the farmers' notes and discounts them with the Federal Reserve Bank.

ISAAC MEETS HIS MATCH
Weary Willie slouched into the pawnshop.

"How much will you give me for this overcoat?" he asked, producing a faded but neatly mended garment. Isaac looked at it critically. "Four dollars," he said.

"Why," cried Weary Willie, "that coat's worth -10 if it's worth a penny."

"I wouldn't give you ten dollars for two like that," sniffed Isaac. "Four dollars or nothing."

"Are you sure that's all it's worth," asked Weary Willie.

"Four dollars," repeated Isaac.

"Well, here's yer \$4," said Weary Willie. "The overcoat was hanging outside yer 'shop and I was wonderin' how much it was really worth."

SHERIFF'S SALE

THE STATE OF TEXAS

County of Young

By virtue of an Order of Sale issued out of the Honorable District Court of Young County, on the 28th day of September, 1921, by the Clerk thereof, in the case of Morrison-Smith Lumber Co. vs. B. H. Mason and J. E. McGee No. 6528, and to me, as Sheriff, directed and delivered, I will proceed to sell, within the hours prescribed by law for Sheriff's Sales, on the first Tuesday in December, A. D., 1921, it being the 6th day of said month, before the Court House door of said Young County, in the City of Graham, the following described property, to-wit:

Being a wooden two-story building, commonly known as the dance hall, being erected on the east 50 ft. lots 1, 2 and 3 of block 43, of the City of Graham, Texas, in Young County, as shown by the map plate of the said City of record in the office of the County Clerk of Young County, Texas, levied on as the property of B. H. Mason and J. E. McGee to satisfy a judgment amounting to \$7,801.10 in favor of Morrison-Smith Lumber Co. and costs of suit.

Given under my hand, this 22nd day of October, 1921.

JOHN W. SAYE,
Sheriff, in and for Young County, Texas.

MARKET FOR 200,000 BARRELS

Wichita Falls, Nov. 3.—Over 200,000 barrels of fuel oil will be drawn monthly from the midcontinent fields for consumption by locomotives of the M. K. & T. railroad system, it was announced here today by Superintendent F. W. Grace. A large part of the oil is expected to come from the Wichita Falls district.

Conversion to fuel oil burners has been accomplished on all passenger trains in Texas and on all freight engines of Oklahoma except the Cherokee division, Mr. Grace announced.

To provide oil for these engines storage tanks have been erected in Kansas City, Oklahoma City and Wichita Falls and several more are expected to be installed.

CITATION BY PUBLICATION

THE STATE OF TEXAS

To the Sheriff or any Constable of Young County—Greeting:

YOU ARE HEREBY COMMANDED to summon H. L. Tucker, A. Dewees and Jeff & Everett, a co-partnership composed of Jeff and Everett, all of whose residences are to the plaintiff unknown by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Young County, to be held at the Court House thereof, in Graham, on the First Monday in March, A. D. 1922, the same being the 6th day of March, A. D. 1922, then and there to answer a petition filed in said Court on the 8th day of September, A. D. 1921, in a suit, numbered on the docket of said Court No. 6625, wherein C. S. Ringle is Plaintiff, and H. L. Tucker, A. L. Dewees, Jeff & Everett, a co-partnership composed of Jeff and Everett are Defendants, and said petition alleging for cause of action, plaintiff would show to the Court, that heretofore, to-wit: Beginning about the 25th day of February, A. D. 1921, he worked for the defendants and performed labor in operating and drilling an oil well on certain leasehold estate hereinafter described, for the sum of Fifteen and 00-100 (\$15.00) Dollars per day, as described in the annexed account attached hereto and made a part hereof; that such labor was performed at the special instance and request of the defendants and each of them and included the services of George Miller, for four days at Fifteen (\$15.00) Dollars per day and Jack Washburn for five days at \$15.00 per day, which accounts have been sold, transferred and assigned to the plaintiff who is now the legal owner thereof, and that the total amount due to the plaintiff is Six Hundred Fifteen and 00-100 (\$615.00) Dollars, which is just and true and is due and unpaid, and that all lawful offsets, credits and payments have been allowed, but that the defendants have hitherto failed and refused to pay said sum or any part thereof.

The plaintiff would show further that within thirty days after said account had accrued, to-wit on April 11, 1921, he made and presented to the defendants and each of them a duplicate account of such services, and that he filed his lien in the office of the County Clerk of Young County, Texas, covering the interest of the defendants in an oil and gas leasehold estate covering the West 40 acres of the North 124 acres of the J. J. Scott and F. C. Clarke Lease out of the William Johnson survey Abstract 159 in Young County, Texas, together with all tools, improvements and attachments situated upon or in anywise connected with said lease, and that said lien is a valid unsatisfied, subsisting claim securing the plaintiff for the value of his labor, the sum of \$615.00.

Wherefore, the plaintiff prays that defendants be cited herein to answer this petition, that he have judgment for his debt, interest, and cost of suit, and for a decree foreclosing his lien, and for such other relief in law and in equity that he may be justly entitled to.

Herein Fail Not, but have before said Court, at its aforesaid next regular term this writ, with your return thereon, showing how you have executed the same.

Witness, Willie Riggs, Clerk of the District Court of Young County. Given under my hand and the Seal of said Court, at office in (L. S.) Graham this 17th day of October A. D. 1921.

WILLIE RIGGS,
Clerk District Court, Young County, Texas.

ATKINS WANTS LAND BACK FROM BIG COMPANIES; CLAIMS THEY HAVE FAILED TO PAY ROYALTY

Suit to Be Tried this Fall in Breckenridge Court; Is Aimed at Mid-Kansas

A suit which will have important bearing on practically every large producing lease in North Stephens county, with the exception of the Black ranch, will be heard at the fall term of District Court in Breckenridge when Amos A. Atkins will attempt to wrest his land from the possession of the Texas Pacific Coal & Oil Company, the Prairie, Mid-Kansas and other Standard subsidiaries.

The suit is directed at the Texas Pacific, because it was that company which three years ago obtained the original lease on this entire country. The suit is said to be aimed particularly at the Mid-Kansas, which like the Prairie and others is drilling the Atkins lands on a 50-50 basis for the Texas Pacific.

The suit for cancellation of lease is said to be based on the failure of the Mid-Kansas to pay Atkins royalty on the oil and gas obtained from wells which have been producing for some months. He claims that the Mid-Kansas fired most of its boilers in the field with gas from the

Mid-Kansas-Atkins No. 1 but refused to pay him for same. Nor has he received any oil royalty either, he is said to allege in his suit.

It is reported that the companies have volunteered to pay the sums Atkins claims due him if will drop the suit. This he refuses to do, it is said, and will try to cancel the lease.

The Atkins tracts embraces over 3,000 acres. His land is between the Black, Hill and other productive leases in the field and is classed as one of the richest in the county. However, development has been slow on the Atkins tracts.

If successful in his court action, Atkins will obtain quicker drilling out his leases in small blocks.—Eliasville Journal.

WHY FEED THE BOLL WEEVIL.

In 1894, before we had Statewide weevil infestation, Texas farmers planted 6,854,621 acres of cotton, from which they gathered 3,140,302 bales.

In 1913 which was considered a good crop, with its weevil infestation, 12,597,000 acres were planted, which produced 3,735,024 bales.

In 1920, 12,557,000 acres produced 4,337,000 bales.

In 1921, 9,200,000 acres which is likely to produce less than 2,000,000 bales.

From these figures it can be seen that the only way Texas has kept up large production each year is by heavily increasing acreage, the farmer being forced to till two acres where he only cultivated one before the boll weevil came.

But this is not the only added cost. He must give the crop better and more intensive cultivation; also the added expense of picking the punctured squares from the infested field and the purchase of poison and additional machinery necessary for its application.

In spite of these conditions, which are thoroughly known by the cotton trade, the farmer is still expecting to produce 10 cent cotton if anything like a normal crop is grown.

It cannot be done under weevil conditions; therefore, we may safely conclude that the growing of independent living at home, with cotton as a surplus and money crop, is the only wise course to pursue if fair prices are expected.

The weather remains pleasant but dry. A good rain seems to be much needed at this time. Farmers are not getting to sow much grain this fall, which will necessitate putting more of the land in-cotton and other row stuff in the spring.

HENS THAT PAY WELL

The hen as we have her today has been developed very rapidly as an egg producer. The jungle fowl from which our laying hens have been developed probably laid but about two dozen eggs a year at most. Perhaps many only raised one brood. Hens of anything like good type and breeding today may average 140 eggs a year. There are, of course, 200-egg hens and a

few that have made records much higher. But these high records are by no means common.

It is said that a high average for a pullet is 150 eggs a year, for a hen 140. But we must remember that hens, like cows, have their own individuality and it is not easy to find a flock of high producers.

The way to increase the production of eggs is to select pullets or hens with high records, mate them with cockerels from good laying strains and hatch from them. Even then, the progress will be slow, for there is apt to be a large per cent that will be poor producers. But this is the only safe way to raise hens that lay a large number of eggs a year.

SHERIFF CRITICISED FOR KLAN TRAGEDY

Waco, Nov. 5.—The grand jury which has been investigating the Lorena tragedy adjourned finally today. It did not indict anyone connected with the Lorena affair, but criticised severely Sheriff Buchanan and his deputy, M. Burton, for the manner in which they interfered with the Ku Klux parade that night. The report said that the jury refrained from billing anyone believing that the best interests of society at large would be served. They disclaimed any attempt to defend the Ku Klux Klan, however. Buchanan was never able to appear before the inquisitors, being still under the care of a physician.

The grand jury was called in special session by Judge R. I. Monroe, three weeks ago and has been in session from time to time investigating the Lorena affair. About 150 witnesses were examined and every detail of the trouble was placed before the body.

Sheriff Buchanan was never permitted to testify, his physician holding that he was not in condition to stand the strain. In their report the grand jury says:

"The sheriff went to Lorena with the avowed purpose of stopping the parade and so announced upon his arrival. The citizens had gathered to witness the parade and some of the most substantial ones offered to be responsible for the lawful conduct of the Ku Klux, but that the sheriff refused to accede to their request, declaring that there would be no parade unless they marched over his dead body."

After reciting these and other incidents the report says:

"We desire to go on record as severely condemning the methods employed by Sheriff Buchanan and Deputy Sheriff Burton in the discharge of what they conceived to be their duty."

MORE BUILDINGS AND FIRMS IN OIL CITY

Oil City maintains its reputation as the fastest growing city in the United States. New buildings are going up and new business houses are opening. This week's list is as follows:

Faggard and Toon, two-story building is to be finished this week. Will be occupied as cafe and rooming house. Upstairs front rooms will be offices of Dr. Hobson, an Ivan dentist and a physician. S. Abraham will conduct the cafe.

Spud Inn of W. C. Shippee.

McFall 30x50 building on north side of Main street to be used as cafe and bakery and barber shop.

Jack Gray of Ivan an 18-room hotel on the hill facing Main street.

W. F. Faggard Cluskey City hotel building moved from Cluskey City.

Bill Rockwell 24x40 rooming house.

Lon Childers of Ranger soft drinks. Building ready Monday on north side.

Oil City Drug store. Bracheen & Allen.

24x40 building north side cafe for Ivan man.

All of which constitute a wonderful showing.

The 1-ton De La Vergne engine for the Humble Company reached town today and will be part of the station to be established on the Whittenburg tract. Mr. McMann had charge of the work. B. C. Low of the engineering department assisted.

Invoice Price Paid For Graham Bankrupt Stock

A sign of good times and a substantial market in the merchandising field is seen in the news from Graham this week that the stock of Russell & Co., men's outfitters, had been sold in bankruptcy at a price which was substantially equal to the invoice total of the stock.

A Dallas firm was the purchaser. It is not known whether the new buyers will re-open in Graham or move the stock. This is a new high price for bankrupt stock.

REILLY SUED FOR OIL NOT DRILLED FOR

Henry Reilly, pioneer operator in the South Eliasville field with several wells on the Johnson and Owens tracts, is defendant in a damage suit for \$50,000 filed in Breckenridge last week.

The plaintiffs are B. E. Morgan and J. A. Richbourg, residents of Dickens county, and owners of 14 acres in section 15, block 2, of North Stephens county. They leased the small tract of land to Reilly in September a year ago for a consideration of \$10 per acre and 5-8ths royalty. They claim the understanding with Reilly that he was to sink one well within sixty days, and put down a second immediately.

Failure of Reilly to drill either well has caused them the loss of \$50,000 in royalty, they claim. Oil men attach a lot of importance to the outcome of the suit, as it is based on oil which was never produced.—Eliasville Journal.

"What's good for chaps?" asks a girl subscriber. Depends on the kind of chaps they are.

Wanted a Pleasant Vacation

Thompson came back to the office looking very happy. He had taken a two week's vacation. To the amazement of his boss, however, he asked for a few extra days off.

"Why, you've only just had your vacation!" ejaculated the amazed employer. "What do you want the extra days for?"

"I want to get married."

"Why didn't you get married dur-

"I didn't want to spoil my vacation in that way," replied Thompson.
