

We received a questionnaire last week from a professor down at East Texas State in Commerce asking about where certain names in the county came from. Seems this prof is writing a book containing the origins of names found on county maps.

The professor, Dr. Fred Tarpley, has asked that we publish these names and if any of our readers have some ideas concerning the origins of these names please let him know, or call or write to us and we shall forward the information on to Dr. Tarpley.

The names Dr. Tarpley asked us about include: North Palo Duro Creek, Coldwater, Lantz, Coldwater Creek, North Fork Canadian River, Beaver River, Frisco Creek, Ruff and Spurlock Chapel.

We knew of the origin of some of these but would be interested in hearing what our readers know about these origins. We are pretty certain where the old town of Coldwater got its name and where Spurlock Chapel got its name. However, we would like to hear from some of our old-timers on these names. We will be happy to forward your answers on to Dr. Tarpley.

Tracks has come to the conclusion that the only way to make it rain in Sherman County is to either begin harvesting wheat or begin playing little league baseball.

As we have come to the conclusion that we cannot do much about when the wheat comes off we've decided to ask our local little league officials about beginning their schedule next year back in March or April.

The Stratford Star office will be closed Thursday, Friday, Saturday and Monday of this coming week in order that we may attend a Family Reunion and the Summer Convention of the Texas Press Association. Next week's paper will be late in order for us to attend these functions. We shall be open for business next Tuesday morning.

In this way perhaps the moisture will do the wheat some good, and at the same time benefit the entire area in other ways.

Now, don't get us wrong. Like a man told us one time, "You have to take moisture in the Panhandle when it comes!" This is a very true statement. We don't ever recall hollaring about moisture up here. We can easily recall many instances when the lack of moisture has been discussed at length.

Save you noticed how much building activity is going on in our village this year? To name only a few of the activities--a new school, remodeling the present school facilities, construction of Stratford Feed Yards, Dr. Puig's clinic, Stratford Frozen Food Lockers, widening of Highway 287 north of here, plus countless homes and expansion of the water and sewer system.

We've hoorawed Don Riffe and his compatriots down at Stratford Grain Company about their expansion. For those of you who missed it a couple of weeks ago they had a new leg added to the west elevator complex and part of this job required the use of a huge crane. This crane lifted part of

(Continued on Page 2)  
Commodity prices paid by Stratford Grain Company at noon Tuesday are as follows: Wheat \$1.49 per bushel; grain sorghum, \$1.95 per cwt; and soybeans, \$2.50 per bushel.

## Summer Recreation Program to Begin

A summer recreational program for boys and girls from age 13 through 22 will begin next Monday, announced R. W. Standefer Jr., superintendent.

The program will be supervised by members of the coaching staff at Stratford High School and is designed to occupy youths through the months of June and July and will be open to all comers without any charge.

"We won't be teaching any skills in any sport," Coach Max Boydston pointed out. "It is open to anyone in the ages pointed out and is open for inspection from any community, school or Interscholastic League official."

The program will be held three evenings a week, Monday, Tuesday and Thursday nights from 7 p.m. until 9 p.m. in the high school gymnasium.

Those participating will be divided into age groups and a supervised physical fitness program will be offered. Each group will tumble, play table tennis, lift weights, shoot basketballs or exercise.

Each participant must present a signed form by their parents absolving the school of

any responsibility for accidents.

The program will begin Monday, June 26 and will end Thursday, July 27.

"We invite any boy or girl age 13-22 to participate in this program of physical fitness," said Coach Boydston. Those supervising the program will include Coach Boydston, Darrell Crowder, Gary Steinberger, James Fikes and P. D. Fletcher.

### Area Wheat Harvest Being Delayed By Daily Rainfall

Wheat harvest is still in the future in this area with moisture falling practically every day since the first loads were reported last week.

The week has missed only one night of reportable moisture since last Monday and this of course has kept farmers out of their fields with combines and trucks.

A few open days of dry weather and the harvest would certainly begin in earnest.

## CAPT. MARVIN COTTON Local Grad Receives Bronze Star Medal

Capt. Marvin C. Cotton, a 1958 graduate of Stratford High School, received the Bronze Star Medal for services in Viet Nam in ceremonies held May 22 in Tan Son Nhut, VIETNAM.

The presentation was made by Major General Charles W. Eifler, commanding general of the 1st Logistical Command. Capt. Cotton received the award for outstanding meritorious service as commander of Headquarters, 182nd Ordnance Detachment, 1st Logistical Command.

Capt. Cotton entered the Army in March of 1963 and was stationed in Germany prior to being transferred to Viet Nam last year.

Following his graduation from Stratford High he received a degree from West Texas State in 1963 and received his commission through the Reserve Officers Training Corp (ROTC) program at WT. He was a member of Kappa Alpha fraternity.

Capt. Cotton is married to the former Mary Sue Taylor of Stratford and the couple have three children. Mrs. Cotton is the daughter of Mr. and Mrs.

Jim Taylor of Stratford. Capt. Cotton's mother is Mrs. Marie Gillis who now resides in Lubbock.

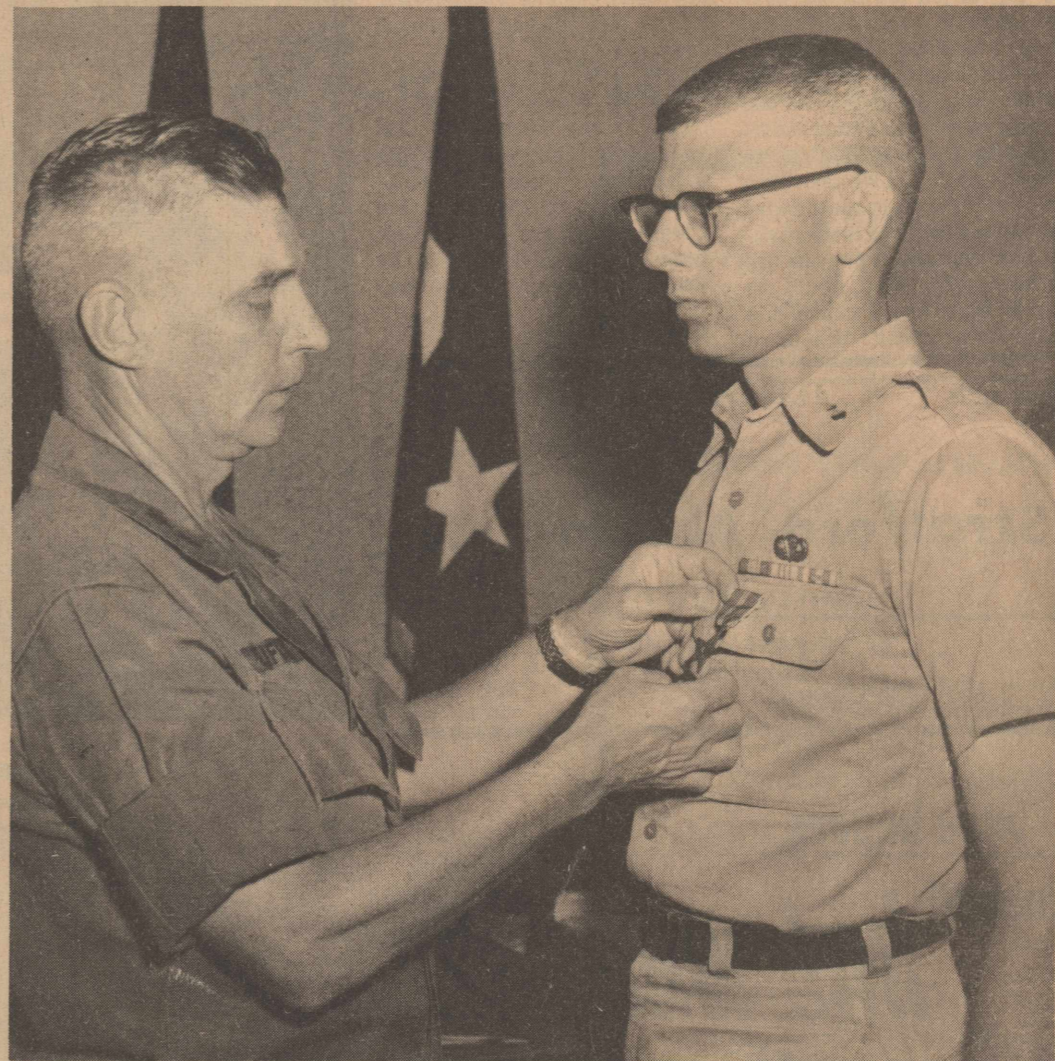

### Informal Field Day On June 23

A wheat variety trial is being conducted on the Duane Schaffer farm about one mile south and three and one half miles east of Texhoma.

The varieties being tested are as follows: Bison, Caddo, Comanche, Gaines, Kharkof, Scout Sturdy, Taxcosa, Improved Triumph and Triumph.

To give Sherman County Farmers an opportunity to see and learn more about these varieties of wheat, an informal field day will be held on Friday, June 23, at the test site from 2 to 5 p.m.

Interested farmers are invited to come by during these hours and see these wheat varieties, some of which are new to our area. A report of the yields will be sent to all those attending the meeting.

RECEIVES BRONZE STAR----Capt. Marvin Cotton, right, is shown receiving the Bronze Star in Viet Nam recently from Major General Charles W. Eifler, commanding general, 1st Logistical Command. Capt. Cotton received the medal for "outstanding meritorious service."

## FIVE TO BE ELECTED Mail Ballots Out For Chamber Board

Stratford Chamber of Commerce members are being polled by mail ballots for the election of five new members to the board of directors for the organization, announced E. R. Bell, Chamber president.

Ballots were mailed Tuesday to all chamber members with a list of eight men nominated for election by board members. A total of five of the men are to be elected and the ballots to be voted on and the ballots returned to the Chamber office no later than June 28.

The eight men nominated for the board include Jack Davis, Don Riffe, V. O. Lasley, Dave McReynolds, Chuck Smith, R. M. Buckles, Cotton Jones and Cecil Hodge.

The five new board members will replace E. R. Bell, Harold Oquin, W. N. Jackson, Ray Pierce and Pete McDonald. Hold-over directors include Leon Guthrie, Don Owens, Phillip Bain and C. C. (Pinky) Plunk.

Following the selection of the five new members the board will then meet to elect officers to guide policies of the Chamber during the coming year.

The Chamber's annual membership drive is now entering a "clean-up" stage, reports Joe Flores, membership drive chairman. A concerted effort was concluded last week to add new members with the old members being mailed their cards to return to the office.

Chamber Manager Wayne Mackley stated Tuesday that the drive is about half completed so far as memberships is concerned. The Chamber was shooting for an increase in total memberships over last year to a total of 225 active members.

## FB Queen Contest Set July 8

All girls between the ages of 16 and 22, who's parents or brothers are members of Farm Bureau are eligible to enter the Queens Contest. The Talent Find contestants must also be members of Farm Bureau families and between the ages of 17 and 30. Anyone wishing to enter either of the contests should contact the Sherman County Farm Bureau office not later than June 26.

Beginning freshmen should report first to the Registrar's Office for instructions. Second semester freshmen and upper-classmen should report first to their adviser and then to the Registrar's Office.

A student who pre-enrolls is expected to pay or make financial arrangements for his tuition, fees and one month's board and room if living in college housing.

SAVE YOUR POP BOTTLES—Just in case you may get curious, the Stratford Cheerleaders will be gathering up pop bottles this weekend to use in defraying their expenses attending Cheerleading School. If you will call 396-6231 or 396-3771 they will pick up your bottles. Above is Osa Kay Kendrick, Elk mascot this year, with one of the vehicles they will use in gathering the bottles.

## Moonsoon Rains Fall In Area

The month of June is again the "moonsoon" month for Stratford with a total through June 20 almost doubling the amount of rainfall received since January 1 until June 1.

Through Tuesday morning (June 20) Weatherman Horace Sneed reports we have received 2.55 inches of moisture this month with 1.49 inches recorded for the period of January 1 through May 31.

Looking back at the year's rainfall records we find January-trace; February -.21; March-trace; April -.69 inches; May -.59 inches and this month we have received the following moisture: June 6-.25; June 7-.68; June 15-.02; June 16-.87; June 17-.12; June 18-.22; and June 20-.39 for a total of 2.55 thus far this month.

This totals up to a whopping 4.04 inches of moisture for the year to date.

Have You Joined the CofC?

## Save Wheat For Entry At Fair

All residents are reminded to save wheat bundles for entry in the 1967 Sherman County Fair this September, said Max Stephenson, chairman.

Mrs. Noel Maxwell was named parade secretary to replace Mrs. Bill Riffe in that position this year. This action came at a meeting of the Fair & Jamboree board last week.

All organizations are urged to begin registering their floats and other entries in this year's parade with Mrs. Maxwell.

The date for the Miss Stratford Beauty Contest was tentatively set for August 29 in order to get away from the Labor Day Weekend activity.

Several petitions for concessions stands were discussed and a sno-cone concession was approved for Nu Beta Sorority. A total of 18 were present for the meeting.

## Short Week For Action In Baseball

This was a short week for action at Little League Park with only three games played because of rain, and one of these was called at the end of three innings because of rain.

In the Little League the Indians got a win over the Giants 4-1 at the end of three innings of play when the rains fell. This was the only game played for the "big boys" all week.

Rex Sladek and Jerry Poole each got two hits for the victors with Robin Parker and Steve Coats pitching and Sladek catching.

Mike Hughes was leading hitter for the Giants with two hits, Hughes was the pitcher with Kirk Carter catching.

In Pee Wee action two games were played last Tuesday night. The Dodgers got the Colt 45's 14-3 in a game called at the end of four innings because of the

(Continued on Page 2)

## Services Held For O. L. McMinn

Final rites were held Tuesday at 2 p.m. for O. L. McMinn, 66, of Stratford from the First Methodist Church with the Rev. R. T. Dyess, pastor officiating. Mr. McMinn died Saturday afternoon in St. Anthony's Hospital in Amarillo after a brief illness.

Mr. McMinn had lived in Stratford since 1943 having taken over the operation of Stratford Motor Company in partnership with Charlie Wisdom. The pair operated the Ford dealership here together until 1960 when McMinn sold his interests to enter the insurance business as an agent for United Fidelity Insurance Company.

A member of the First Methodist Church, Mr. McMinn had served his church in several capacities over the years and had been a member of the Official Board for several years.

He was a member of the Stratford Masonic Lodge and had served that organization as Worshipful Master. He was active in civic work having served as President of the Stratford Lions Club, a member of the board of trustees of the Stratford Independent School District and had served as a member of the Stratford City Council. Mr. McMinn had also served as chairman of the Sherman County Red Cross Chapter and in many other activities.

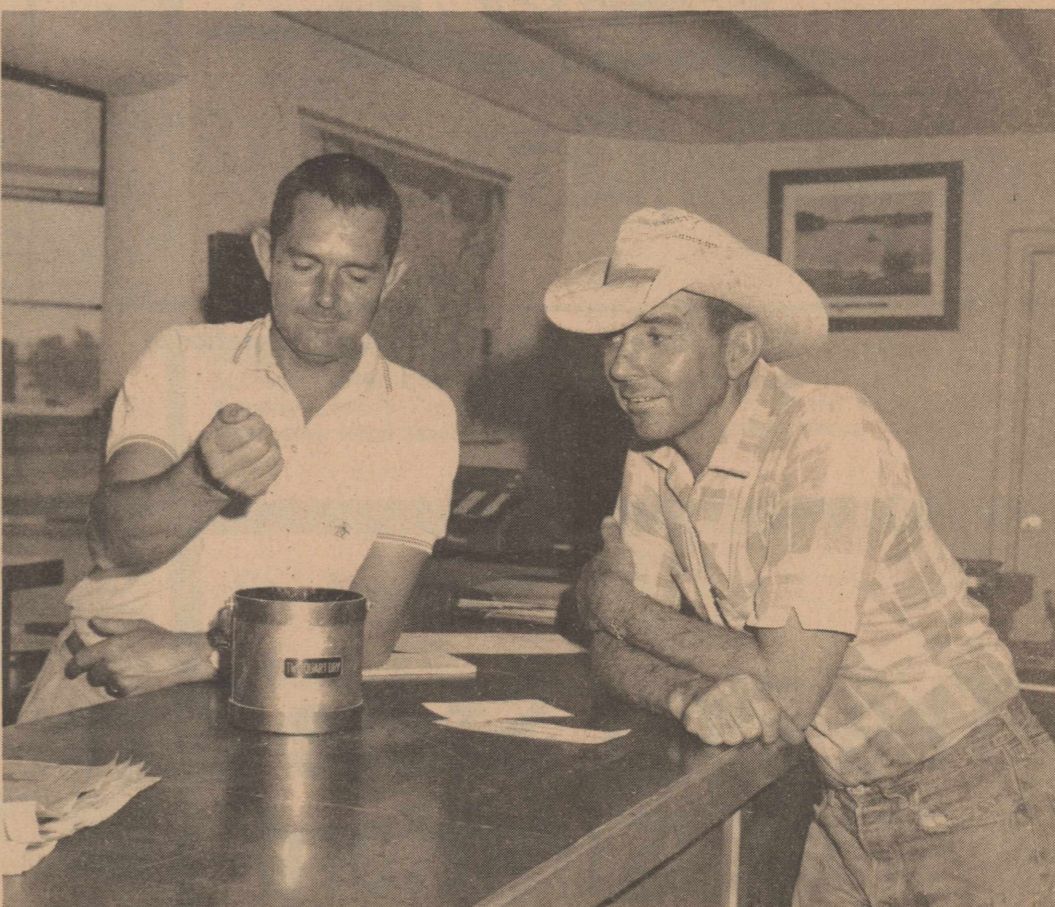

ties. At the time of his death he was a member of the Sherman-Dallam-Hartley-Moore County Draft Board.

A native of Jester, Okla., Mr. McMinn traveled the Panhandle area as a parts salesman prior to moving to Stratford.

Survivors include his wife, Omalee of the home, two sons, Richard and William Tom both of Stratford; two brothers and two sisters.

Palbearers included Wayland Brown, Jack Golladay, Ernest Cummings, Homer Coffman, Shuler Donelson and R. W. Standefer, Jr.

Interment was in Stratford Cemetery with Masonic Rites at the graveside.

FIRST LOAD FOR STRATFORD GRAIN—Rex Christian, right, is shown looking at the sample taken off his first load of wheat delivered to Stratford Grain Company in Stratford this year. Don Riffe, left, said the sample tested 14% moisture and weighed 58 pounds per bushel. It was irrigated and watered only one time and is expected to make 20-25 bushels per acre. The crop was cut off land belonging to Andrews & Shook six miles southeast of town.

**TRACKS**

...from page 1

the leg up on top of the present elevator—over 150 feet into the air. Well, we were all fixed to get a photo of this dude in action. But, about 9 p.m., one evening they began lifting and finished up about 10 p.m. So, we missed our photo. We asked why they worked at night and the wind was the big factor in their working such odd hours. We can understand why wind would be considered. Take a crane this high plus a "light" breeze of

20 mph and you have a bunch of headaches. At any rate the men working the job found a nice quiet evening with no wind and got with it...and we missed a picture!

\*\*\*  
Mrs. R. K. Everett, Jr. and Lou and Chet Everett flew to California recently to visit relatives. Mrs. Everett stayed for a longer visit, and Lou and Chet returned this week. Chet is the son of Mr. and Mrs. Joe Everett.

**SS Payments Up To \$17,863 Here**

A total of 246 Sherman County residents received a total of \$17,863 per month from Social Security benefits during 1966, announced Travis C. Briggs, district manager in Amarillo.

This represented an increase of 20 percent over the previous year, Briggs stated. While the majority of these payments went to older persons, substantial payments were also made to young widows, children and disabled workers.

Nearly every young family in Sherman County has survivors protection under social security that can be worth \$75,000 or more, and equally valuable insurance in case they become disabled. "The average worker," Briggs said, "can expect to collect more than the value of his own social security contribution just in benefits pay-

able to him and his family in retirement. If he should die or become disabled before retirement, his family stands to collect for more than the contribution he has paid.

Monthly payments to the family of a worker who dies leaving two or more children can range from \$66 to \$368 a month, depending on the worker's average earnings under social security. Benefits to a mother and children continue until the youngest child becomes 18. Further, if a child is disabled or a full-time student his benefits may be continued beyond age 18.

Briggs recommended that all persons having a question about social security contact Curtis Watts, a representative of his office who is at the Courthouse in Stratford once a month.

**TOWN TALK**

Kyle Maxwell returned home to Stratford last week after spending a few days in Canyon.

**Water, Inc. Budget Set At \$200,000**

Membership dues to Water, Inc., aimed at supporting a first year budget of at least \$200,000 were set in Lubbock at the initial meeting of the new non-profit organization's executive committee, according to John Kendrick of Brownfield, President.

Water, Inc., was formed on May 24 when over 1300 people from West Texas, Eastern New Mexico and the Oklahoma Panhandle met in Lubbock for that purpose. Its objective is to work with existing agencies, conduct studies and do all other things

**WHEAT PRODUCERS TO RECEIVE PAYMENT**

The ASC Office is now measuring the required 25 percent of farms in the wheat program, which have been pulled for spot checks. Upon completion of the spot checks and as soon as the approved by State Office, we will begin making certificate payments to those producers, who participate in the wheat program only (sometime in July). Producers that are participating in both programs will not receive payment until later in the year (about middle of October).

We are now accepting certification of feed grain acreages, as soon as you have seeded and measured the amount of feed grain you intend to harvest. It is necessary you measure these acres as accurate as possible before you turn them in. Final date to turn in the feed grain and diverted acres is Sept. 1, 1967.

The new wheat allotments for 1968 have not been announced or received by this office. As soon as the allotment is received, we will mail your allotment notice to you.

The 1967 wheat and feed grain loan rates have been announced for Sherman County as: \$1.23 per bushel for wheat and \$1.55 per hundred weight for feed grain. These loan rates will have the regular warehouse storage charges deducted when the grain is stored in an approved warehouse.

necessary to securing an adequate and assured supply of imported water for irrigation, industry, municipalities and recreation in the three areas.

Minimum annual membership dues of \$25 were established for all, whether in agriculture, business or industry and other dues were fixed to reflect the size of individual or company operations.

Landowner, farmer and rancher dues were fixed on a per-acre basis, with an allowance for difference in land values. On irrigated farms, yearly dues will be 10 cents per acre. Non-irrigated farmland dues were set at 5 cents per acre, and rangeland owners and operators will be asked to pay 2 cents an acre.

Dues for commercial enterprises and agencies were fixed at 50 cents per \$1000 of capitalization and surplus, up to \$250 in dues or \$500,000 capitalization. Memberships in this category are to be called "commercial" memberships.

**TOWN TALK**

Mrs. H. L. Little returned to the hospital Sunday afternoon.

\*\*\*  
Home from college for the summer are Mr. and Mrs. Gary Hudson.

Mr. and Mrs. Marion G. Brannan and family of Beatrice, Neb. are visiting Mr. and Mrs. C. W. Wells and the Louie Brannans.

**Local FFA Youths At Electric Course**

Two Stratford Future Farmer of America chapter members were in Amarillo this week attending the Farm Electrification Workshop, sponsored by Southwestern Public Service Company.

The workshop is held annually at the Episcopal Conference Center in Amarillo by SWPS Co for youths from all over the tri-state area.

The two Stratford youths attending are Pat Scarth and Randy Gurley. Scarth is the son of Mr. and Mrs. Jack Scarth who farms about seven miles east of Stratford and Gurley is the son of Mr. and Mrs. Don Gurley who farms southwest of Stratford about 12 miles.

In addition to securing a Certificate of Completion of the Farm Electrification Course which is offered at the workshop, four trips to the National FFA Convention in Kansas City, Mo. will be awarded to the four students selected as the most outstanding at the conference. The trips are valued at \$75 each of the four winners.

The two boys were accompanied on the three-day trip by Richard Carter, vocational agriculture instructor at SHS. The workshop ends Wednesday.

\*\*\*  
Mr. and Mrs. Norman Pronger and family of Saratoga, Calif., were visitors in Stratford this past week.

## ON AN EVEN KEEL

Young Stan learned to row this summer. It was hard work but he didn't complain about the blisters. He was a captain in control of his ship, and very proud of his new position!

Being in control is often hard work, even for adults. Many people wish they could control their tempers, or perhaps curtail bad habits, but they fail to find within themselves the strength of will that would help them.

When problems are too big for us, that's the time to ask God for assistance. We are His children and He knows all our weaknesses. Through church attendance and prayer, we can be guided to a more serene approach to daily life. We will find His presence a constant support as we begin to take pride in our new possession . . . self control.

### THE CHURCH FOR ALL . . . . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read you Bible daily.

The Flag Goes Marching By!

This past week included Flag Day and in remembering back when we are aghast at the modern day gooney-bird who has the guts to desecrate this emblem of our country.

We get mad enough when someone in a foreign country breaks in an Embassy and burns up "Old Glory."

But, when someone here in this country does the same thing we just see red!

We don't believe we need a law on the books to punish these people, we just need someone with some guts to walk up and kick heck out of them.

If this were done once or twice we believe this would take care of the matter. We sincerely believe most of our citizens share our feeling of pride about our flag. For one reason, at one time or the other most of us have taken up arms to defend that flag.

If for no other reason we believe this emblem needs our help not only when you are a member of our nation's Armed Forces, but every day of every week. I don't think any jury would convict you of defending our flag.

We would urge anyone who sees a person in the act of desecrating our national banner to give him a swift kick in the seat of the britches!

Chalk Up One for John!

Our congratulations to Governor John Connally and the Traffic Safety Act of 1967 recently signed into law down in Austin.

This Act will help in many ways toward reducing the number of needless deaths upon our highways and one of the by-products, we hope, will be a way to retard the sale of liquor to minors.

Included in the new Act is a portion which calls for anyone holding a license under 21 years of age to have a license with their photo upon it and it will be of a different color than that of adult drivers. (Adults will also have a license with their photo.)

We admit this will not stop the sale of liquor by those persons who do not give a hang in the first place. We have heard much discussion of teen-age drinking of late, especially since the raid on the Beaver recently.

"Where do they get it?" we are asked. Well, most of you know full well where it comes from. Most of the liquor sold to minors in this area comes from Texhoma, Okla. The state line makes for a different set of laws and in many cases the youngsters can get any number of adults around Stratford to purchase their liquor for them. This is one of the "benefits" of having a large number of

winoes around town. For the price of a bottle of something besides Green Lizard they wouldn't mind buying a bottle for a teenager.

This is off the subject of traffic laws, so we shall return back to this, our original subject.

Under the new law the drivers licenses will be applied for every four years (for adults) on the birth date of the applicant. The Department of Public Safety may use their discretion in asking for re-examination for renewal of a license. Mandatory license suspension has been increased from six to 12 months and subject to court order up to 18 months for subsequent violations.

Another item pertaining to teenage drivers is the age limit. In order for an applicant to get a license they must be 18 years old or complete an approved Drivers Education course and be 16 or older. The only exception to this will be hardship cases and they must be 15 and drive only with a licensed adult in the front seat.

We believe to be good laws, good for your benefit and mine. Again, they will be only as "good" as you and I make them. Let us keep this in mind as we drive down the road,

way. The county agent is responsible to provide the highway department with the names and sections of those controlling bindweed on sections along the road right-away.

As a result of this meeting an effort was made to gather the information on those controlling bindweed on sections joining the state highway. With the help of several interested farmers, over half the section in Precinct Two joining state highways were signed up. The farmers on the sections signed a certificate stating the following: 'I certify that I am a cooperator with the Sherman County Precinct Two Bindweed Control Program on Section—Block—and Survey—. I hereby authorize the Texas Highway Department to treat Bindweed on state right of ways adjacent to

The futility of the U. S. "soft line" toward communist-bloc nations was dramatically emphasized by recent events in the Middle East.

Years of diplomacy and billions of dollars in foreign assistance efforts apparently went down the drain with the rapid collapse of Nassar's United Arab Republic, although the U. S. carefully avoided any direct participation or involvement.

The Soviet Union is well aware, too, that neither the U. S. nor Great Britain had anything to do with Israel's lightning attack on Arab airfields. Our aircraft carriers were hundreds of miles from the area and under close surveillance of Soviet Ships.

But the Russians will, as usual, accuse us along with the Israelis of aggression during the crisis session of the General Assembly of the United Nations. And already Libya has demanded liquidation of our Air Force Base which represents a \$72 million investment. Yugoslavia, who we have so generously aided and India who demands that we feeder starving millions say they "share iden-

the sections listed above. As a cooperator, I agree to treat all Bindweed on my property, if any, using control methods recommended by the Texas Agricultural Extension Service.

Work is continuing in Precinct Two in hopes of getting a cooperation on every section. But this is not limited to Precinct Two. If you have Bindweed in your state right way and you are controlling it on your property, let me know if you would like to have the highway department to treat the weed in your ditches.

Anyone interested in wheat varieties will want to drop by Duane Schafer's place Friday afternoon to see the variety test on his place. There are 10 varieties in the test. Come by between 2 and 5 p.m.

County Agent's Report

By Fred Cross

Binweed, sometimes called Possession Vine, since it can take over a field, is a serious, noxious weed in Sherman County. Last week a group of farmers down in Precinct Two decided something needed to be done in their area about this weed. The men attending a meeting held at Dean Cluck's Fee-

dyard were: E. W. Carter, Commissioner, Sam Cluck, Bob Cluck, Dean Cluck, Roy Browder, Vance Morris, J. A. Boney and Henry Wyatt. Wayland Brown, with the Texas Highway Department could treat bindweed in the state road right-away only if the weed was being controlled in the section joining the high-

News for Homemakers

By Judy Cumiford Sherman County HD Agent

There's a new pudding for children on the grocery shelf now. Everything comes in the packet, except water. There's spoons, cups, lids, and mix. The child adds water and shakes up an instant pudding. In less than 5 minutes it is ready to eat. It's simple and makes a nourishing snack. It's fortified with non-fat dry milk solids. There's no mess and the mother doesn't have to stop her work to prepare it. There are some party ideas available for use of the pudding. You may pick them up at the office.

Another good between meal snack for children is orange juice popsicles. This 'goodie' is not an empty calorie snack. Dilute a 6 oz can of frozen orange juice by following directions on can. Pour into ice trays. Freeze with refrigerator set on 'fast freeze'. When cubes are partly frozen, place a sucker stick into each cube. Reset control to normal when freezing is finished.

A 4-H Record Training was held in Dumas on Tuesday. Doris Pleyer, Betty Henry and both agents attended. Tom Davison a member of the State 4-H Staff at Texas A & M University conducted the training. Leaders and agents from Moore Dallah, Oldham, Hutchinson, Hartley, also attended the meeting.

Area Office Established For Feeders

Jack Carrothers, president of Texas Cattle Feeders Association announced today the establishment of association offices at 800 West 9th Street in Amarillo. The offices are located in the new American Amicable Life Building.

In reviewing the progress of the new Texas Cattle Feeders Association, Carrothers said "Membership applications are being received and he was pleased with the excellent support the association is experiencing. Membership in the Texas Cattle Feeders Association is available to all cattle feeders and a special associate membership is available to allied industries and others interested in the cattle feeding industry.

Washington Report

From Congressman BOB PRICE 18TH DISTRICT, TEXAS

1222 LONGWORTH OFFICE BUILDING, WASHINGTON, D.C. • 225-2706

tical views" on the Middle East and charge that the United States and Britain are solely to blame for the crisis there. Furthermore, we can expect little relief from continuing world tensions from the UN debate of the crisis. The Soviets will attempt to salvage what world prestige they can from the Arab disaster they were so instrumental in provoking. So let us hope that our response will be firm and that we will counter the communist propaganda barrage with an insistence that the blame be placed where it belongs as far as aggression is concerned.

The Israelis obviously had little choice but to attack if they were to survive the combined threats of an overwhelmingly superior force by which they were surrounded and whose intent to annihilate them had been made perfectly clear. A man with a cocked gun pointed at him has little choice but to fight for his life.

After the UN "peace - keeping" force had been hurriedly withdrawn at the insistence of Nassar at exactly the wrong time, it was obvious that the UN could do nothing to prevent the armed conflict that was inevitable.

For the past six years and particularly under the present Administration, the U. S. has extended extensive aid to the United Arab Republic and some of it after Nassar had told us to take our foreign aid and "go jump in the lake."

More than \$900 million in food-for-peace aid. More than \$25 million in commercial guarantees for the United Arab Republic in letters of credit for commodity shipment between June 1966 and January 1967. Additional millions of dollars worth of military and commodity aid to other Arab nations.

Other commercial guarantees by the Export-Import bank include;

Table with 2 columns: Country, Amount. Includes Iraq (\$14 million), Jordan (2.6 million), Lebanon (4.6 million), Saudi Arabia (8.9 million), Sudan (3.2 million), Syria (3.4 million).

The House added a Republican amendment to the Foreign Assistance Act of 1966 which required the President to report to the Congress within 30 days of his finding that aid to the United Arab Republic was in the best interest of the United States and that such aid would neither directly nor indirectly assist in aggressive acts by the United Arab Republic.

While we furnished the Egyptians food and other assistance the Russians armed them and egged them on until an over-confident Nassar pushed the United Arab Republic over the brink of disaster. The Russians quickly changed their tune when Arab resistance collapsed and called for a cease fire to prevent total collapse of the Arab nations and asked the UN to end a war it had been powerless to prevent.

- Let us hope now we will stand firm in the face of Soviet face-saving efforts and possibly by so doing convince the Russians and the world that any true and meaningful peace in the world will come only when they change their policy of stirring up trouble between other nations and add their efforts to ours in making the UN a real peace-keeping body of nations.

Looking Around

John Coates of Oakville, Conn., and Mattie Darling of Detroit have culminated their letter-writing romance by getting married. They met through a correspondence club and are both 78.

There was no apparent explanation for the delay, but a postcard written from the Italian front by an Austrian Army private on Nov. 1, 1918, has just been delivered to the soldier's wife in Innsbruck, Austria.

They have been playing bicycle polo in England for about 75 years, but it is now becoming more popular and culminating in Cup Finals that are said to be great fun to watch, though somewhat dangerous to play.

Banks are always thinking of new services. Among the latest attractions are uniformed hostesses, like on the airlines, who meet customers in the lobby, direct them to proper windows, or explain various bank departments.

While Hulbert James was attending a meeting in Louisville, Kentucky, to get more police officers on the force, his car was stolen, then recovered by police within an hour.

Leslie Parkin set up three dummies, dressed like attendants, at his service station in Rothwell, England. It gave motorists the impression that they would get efficient service when they saw four men waiting to service their car, when actually there was only Leslie.

Government owned trains in India were not showing much of a profit. Police checked two trains recently and found 200 passengers riding without tickets; 110 of them in the first-class section.

Physicians can now view organs inside the human body in three dimensions. A new X-ray has two beams that focus on a particular point just as the eyes do.

A motorist in British Columbia reported an accident to police in this fashion, "Coming home I drove into the wrong house and collided with a tree I haven't got."

As a down-to-earth gesture, residents of Fulton, Kentucky sent a small chunk of Fulton highway pavement to soldiers from the town who are serving in Vietnam.

Black walnut rustling is sweeping central Ontario, Canada, where a walnut tree trunk brings as much as \$500 for lumber. A farmer at Thetford reported that on returning from holiday he found 30 of his biggest trees had been cut down and hauled away.

Minutes after a New Haven, Conn., man bought a \$140 pool table in a sporting goods store, and tied it to the roof of his car, he was back for another pool table. It had blown off his car as he drove across a bridge and splashed into the Housatonic River. The store owner offered a \$25 reward for the capture of the wayward pool table, even if it is a little wet.

A court official in Manchester, England, accepts and deposits checks for traffic fines even when the angry offender makes them payable to "The Spanish Inquisition" or "Highway Robbery."

Donna Shrader of Elkhorn, Nebraska, married Robert Loomis while they both were on horse back. Wedding guests were on foot and the couple went on their honeymoon in a car.

Comic strip panels with titles: POPS, LITTLE FARMER, Grandpa's Boy, DEEMS, and A-CHOO! Each panel contains a cartoon illustration and dialogue.

ATTENDED GIRL SCOUT CAMP—These girls attended the girl scout camp at Roaring Springs a week ago. Returning on Sunday were front row, Debbie Crawford, Tracy Caraway and Jerree Gilley. Back row are Natalie Engelbrecht, Sheree Noble, Jan Wells and Debra Houston.

**Kerrick News**

by Marylou McDaniel

The response to the appeal for helping 8-year-old Rusty Thompson of the Coldwater Community has been gratifying. Rusty, the son of Mr. and Mrs. Joe Thompson, embarks this week on a series of patterning exercises. Two-hour shifts each day with five persons wor-

king with Rusty will continue until September. One shift will start at 9 a.m. and the other at 7 p.m.

Mrs. Thompson attended Kerrick HD Club last week and explained the exercises to the women present. Several area women attended a planning meeting held Tuesday morning at the Coldwater Community Building.

If you are interested in assisting in this worthwhile project, contact Mrs. Hank Rogers, phone number 367-2100.

Mrs. Warren Miller, daughters Bonnie and Debbie, Mrs. J.P. Taylor and Brenda were among those attending the 8th annual Massed Piano Concert held Sunday in Guymon. Debbie played two numbers on the Oklahoma Music Teachers Association program.

Miss America, Jane Jayroe, was featured on the program where she directed several numbers and sang. A reception was held in her honor following the program.

Also appearing was Mrs. Ru-

by Lowery of the Griggs Community, north of Kerrick, as well as many of her piano pupils.

Mrs. Hal Bennett, the former Suella Payne, was an O.M.T.A. Scholarship winner in 1961-62.

Guests of Mrs. Minna McDaniel over the weekend were her daughter, Mrs. Thelma Hutchison and children and Mrs. Osie Morehead, all of Amarillo. Additional dinner guests Sunday were the Fred McDaniel family. Ron, who had been here visiting, returned home and his sister, Sherri, arrived Tuesday for a visit of several days.

Mrs. Pete Taylor had dental surgery performed Wednesday morning in Amarillo.

**TEDDY REYNOLDS ARRIVES HOME FROM VIETNAM**

Teddy Reynolds CMNCN of the U. S. Navy See Bees arrived home last Saturday for a 15 day leave visiting his parents Mr. and Mrs. Ted Reynolds. He arrived in Dansville R. I. Friday afternoon from Da Nang Viet Nam. He has been in Da Nang for the last 2 months where his battalion the MCB-58 have constructed Route 1 in and around Da Nang, also constructed 3 refugee camps, schools and aid station. He will return to Dansville R. I. with his new bride, the former Eloise Adkins of Stratford, then he will be returning to Da Nang around the first of the year.

Mrs. Vera Pronger and daughter, Martha, are visiting with friends and relatives in Fort Worth and Houston. They are expected to return home this weekend.

Mr. & Mrs. Earl Phelps were visiting in Raton, New Mexico Miss Kim French returned home with them for a visit.

**Card of Thanks**

We wish to express our deep appreciation for the visits, flowers, cards, and your prayers, while we were both hospitalized. Mr. & Mrs. Henry Luther

**ABILITY**

**Peerless Pumps Have "CanDo!"**

Have a Big Job? Get a Big Pump! This pump is doing the work of two average pumps not pulling sprinklers. The quality that is built into PEERLESS PUMPS give the ability to work a little more than you ask, then keep on working longer than you think it should.

Want to see this unit in operation? Here's your invitation to visit the location one mile east, two miles south, one and three-quarters mile east of Spurlock Chapel in Sherman County.

Want an installation just like it? See your local PEERLESS PUMP sales engineer for details. Visit McDonald Drilling Co., Inc., or PEERLESS PUMP Branch office in Stratford.
