Terrible Suffering

Eczema All Over Baby's Body. "When my baby was four months old his face broke out with eczema and at sixteen months of age his face, hands and arms were in a dreadful state. The eczema spread all over his body. We had to put a mask or cloth over his face and tie up his hands. Finally we gave him Hood's Sarsaparilla and in a few months he was entirely cured. It may be in a healthy boy." Mrs. Ines Lewis, Baring, Maine.

First Fly—Pretty dull, I should say. I've been in clover. That's right. If there ever was a fly Eden I found it. Listen. No screens, baldheaded owner, baldheaded baby, flypaper easy to eat and three fat women who couldn't swat an elephant. I'm going back there next summer.

PIMPLES ON FACE 3 YEARS

"I was troubled with acne for three long years. My face was the only part affected, but it caused great disfigurement, also suffering and loss of sleep. At first there appeared red, hard pimples which later contained white matter. I suffered a great deal caused by the itching. I was in a state of perplexity when walking the streets or anywhere before the public.

"I used pills and other remedies but they failed completely. I thought of giving up when nothing would help, but something told me to try the Cuticura Soap and Ointment. I sent for a Cuticura Booklet which I read carefully. Then I bought some Cuticura Soap and Ointment and by following the directions I was relieved in a few days. I used Cuticura Soap for washing my face, and applied the Cuticura Ointment morning and evening. This treatment brought marvelous results so I continued with it for a few weeks and was cured completely. I can truthfully say that the Cuticura Remedies are not only all, but more than they claim to be." (Signed) G. Baumel, 1615 W. 20th Place, Chicago, Ill., May 23, 1911. Although Cuticura Soap and Ointment are sold by druggists and dealers everywhere, a sample of each, with 32-page book, will be mailed free on application to "Cuticura," Dept. 35 K, Boston.

WHO'S WHO-AND WHY

FEDERAL JUDGE RETIRES

After 19 years on the federal bench Judge Grosscup of Chicago has tendered his resignation, to be, says, obtained greater political freedom. He wants to have a hand in the bringing about of "the new political order of things" that, he says, is to obtain in this country. Judge Grosscup was first brought into prominence in 1894 during the Debs riots in Chicago, growing out of the big railway strike of that year. With Judge William A. Woods, he issued the injunction in favor of the government and against the rioters. When the injunction was disregarded, Judge Grosscup sent a telegram to the president, calling for federal troops. Adding to this the common law machinery, he summoned a grand jury and delivered a charge that gave him an instant national reputation. Judge Grosscup sat in a number of other important cases, notably the earlier beef trust cases, the Chicago traction case and the Standard Oil case in which Judge Grosscup reversed this case. President Harrison appointed Judge Grosscup to the federal district bench in 1892, and in 1895 President McKinley appointed him a circuit judge. In 1905 he was made presiding judge of the circuit court of appeals. Judge Grosscup frequently was charged with being friendly to corporations in his decisions and an effort was made early last year to start impeachment proceedings against him. He was indicted in 1907 with other officers and directors of a street railway company in Charleston, Ill., as the result of a wreck in which 18 persons were killed. Charges were made in 1908 that he was financially interested in a suit tried before him. Judge Grosscup frequently spoke of public questions, particularly about trusts.

IS BELOVED BY CANADIANS

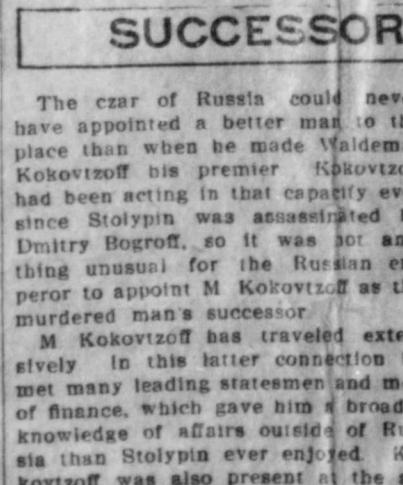

The Dominion of Canada seems to be coming upon a new epoch in her history. With the passing of the liberal party from power the present governor general, Earl Grey, and his wife, the much-beloved Countess Grey, will also pass from the stage of Canadian affairs and give place to the duke and duchess of Connaught. Probably no other first lady of Canada has been more popular with the Canadian people than Countess Grey, whose portrait is here shown. She is a woman of personality and charm and from the time that she was warmly received into the country by the Canadians she has endeared herself to their hearts in a way that makes her departure a source of deep regret throughout the Dominion. While in Canada Lady Grey has taken the deepest interest in educational, charitable and humanitarian enterprises and always she has given unstintingly of her time, talents and money to the bettering of Canadian social conditions. She has been a general favorite in Canadian society circles and also a great help to her husband in his work in Canada. Lady Grey and the earl have ever been interested in athletics and during their years in Canada they have done a great deal toward the encouraging and promoting of the sport of the Dominion.

ADEE LONG IN THE SERVICE

Forty-two years' service under the national government, 25 of them spent as second assistant secretary of state, is the remarkable record of Alvey Augustus Adee, perhaps the best known man in the whole diplomatic world. Secretaries of state may come and go, but Adee goes on forever. Mr. Adee was born in Astoria, N. Y., November 27, 1842. His first service in the diplomatic corps was as secretary of the American legation at Madrid, to which he was appointed on September 9, 1870, and, in the absence of the charge d'affaires, assumed the duties of that office. He remained at this post until 1877, when, because of ill health, he returned to the United States. Shortly after his return he was appointed chief of the diplomatic bureau, which place he held until July 18, 1882, when President Arthur appointed him third assistant secretary of state. President Cleveland promoted Mr. Adee to second assistant secretary of state on August 3, 1886. In this capacity he has served under Presidents McKinley, Roosevelt and Taft. He is the official diplomatic note writer of the United States government. It is he who politely tells a foreign power to "keep off the grass." Though circular notes to foreign powers bear the signature of the secretary of state, they are the work of Alvey A. Adee.

Successor to Stolypin. The czar of Russia could never have appointed a better man to the place than when he made Waldemar Kokovtsoff his premier. Kokovtsoff had been acting in that capacity ever since Stolypin was assassinated by Dmitry Bogroff, so it was not anything unusual for the Russian emperor to appoint M. Kokovtsoff as the murdered man's successor. M. Kokovtsoff has traveled extensively in this latter connection he met many leading statesmen and men of finance, which gave him a broader knowledge of affairs outside of Russia than Stolypin ever enjoyed. Kokovtsoff was also present at the assassination of the Japanese Prince Ito at Harbin, Manchuria. No Russian statesman has stood higher in the public eye than Kokovtsoff. He is a popular figure in the court circles and in the society of St. Petersburg. He is more sociable than Stolypin, who was very austere in his manners, and the popular opinion is that he will make one of the best premiers Russia ever had or ever will have to boast of. Kokovtsoff and Stolypin were never on friendly terms with one another, and consequently they had many political disputes. The present premier has always been connected with the liberal party in Russia, and has been responsible for many of the reforms in that country, especially the prisons, which are becoming more like the penal institutions of other more civilized countries.

CHANGE IN WOMAN'S LIFE

Made Safe by Lydia E. Pinkham's Vegetable Compound.

Graniteville, Vt.—"I was passing through the Change of Life and suffered from nervousness and other annoying symptoms, and I can truly say that Lydia E. Pinkham's Vegetable Compound has proved worth mountains of gold to me, as it restored my health and strength. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound has done for me during this trying period. Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my trouble public so you may publish this letter."—Mrs. (Mrs. BALCLAY, R.F.D., Graniteville, Vt.

No other medicine for woman's ills has received such wide-spread and unqualified endorsement. No other medicine we know of has such a record of cures as has Lydia E. Pinkham's Vegetable Compound.

For more than 30 years it has been curing woman's ills such as inflammation, ulceration, fibroid tumors, irregularities, periodic pains and nervous prostration, and it is unequalled for carrying women safely through the period of change of life.

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, and always helpful.

"What's the matter with Texas?"

If anything, a Texas Welfare Commission will find out.

Gov. Colquitt will be asked to name several of the nine members to be named to the commission with official State sanction. Then an investigation will proceed, to determine why Texas has not developed commercially, industrially and civically as her capabilities admit.

Prime movers behind the project are the state builders, known as the Commercial Secretaries and Business Men's Association. Plans were outlined by Pres. B. Cain at the Annual Convention in Dallas.

Under instructions from the convention, the executive committee will start out to form the commission. It is proposed that the personnel shall include representatives from the Farmer's Union, Cattle Raisers' Association, Insurance Commission, Bankers, insurance men, manufacturers, merchants and commercial secretaries.

Sittings will be held in different cities of the state.

Hearings will be open and representatives of Eastern capitalists, railroad financiers, insurance companies, manufacturers, factory builders, immigration agents, civic workers or of any organization of interest will be welcome to appear and present facts, affecting the growth, welfare and development of the state. In this manner, it is purposed to diagnose Texas conditions and get down to a definite basis from which legislative and development proposals that promise to push Texas forward may be made with a tone of authority.

Printype Wins!

New Oliver Typewriter, Equipped With 'Book Type' Makes Tremendous Hit With the Public--

"Typewriters PRINT"

Sells for 17 Cents a Day

Another great Oliver innovation--PRINTYPE. Some months ago, with an announcement, we placed the Printype Oliver Typewriter on the market.

Today, one third of our output of Oliver Typewriters are Printypes. It's more than a success. It's a revolution in typewriter type!

Printype is the most beautiful, readable, attractive, attention-compelling type ever evolved for typewriters.

Thousands of dollars have been expended in producing this wonderful typewriter type, yet you pay only the regular price of \$100 for the complete machine, the new Oliver No. 5, equipped to write in Printype. You can buy the Printype Oliver of the famous 17-cents-a-Day Purchase Plan. Printype is virtually book type--the type which the eye has been trained to read.

The type which the crystallized experience of centuries proves best for the printed page.

Great Beauty and Attention Value

Printype is the very soul of symmetry. The shading gives body, refinement and life which are utterly lacking in the old-style thin outline letters and numerals. It's a delight to the eye.

A letter written in Printype attracts the eye--its magnetic. A printype letter is so strikingly attractive so forceful, so distinctive that one unconsciously picks it out from a mass of mail, to read first.

Its perfect concave attention.

A large part of our sales have resulted from letters like this, sent by interested correspondents to users of the new machine: "For goodness sake, what machine did you use to write that letter?"

The answer--a Printype Oliver--makes the sale.

Aids Eyesight--Prevents Errors

Printype aids and refreshes the eyes. None of the strain on the optic nerves that sharp, thin, outline type imposes. This eliminates effort, makes it a positive pleasure to read. Printype, correspondents. Ask the opinion of your oculist or optician. He values the value of Printype.

The Standard Visible Writer

Printype OLIVER Typewriter

Printype makes every letter, every numeral, every character, employed in the whole wide range of commercial transactions, perfectly plain. Whenever accuracy is demanded, printype is worth a premium.

The Printype Test by Linotype Operators

One of the hundreds of interesting Printype tests was made by various newspaper publishers. Linotype operators of equal dexterity were pitted against each other in a speed contest. One set of operators were supplied with copy written with the regular typewriter ace. The opposing operators were supplied with written in Printype.

It was found that the linotype operator could increase his output 10 per cent, setting from "Printype" copy, every copy written with the ordinary "outline" typewriter face.

Ask Us to Write You a Letter on The Printype Oliver Typewriter

We want to write you a specimen letter on The Printype Oliver Typewriter and forward a copy of the book A REVOLVING IN TYPE WRITER TYPE. Ask us for details. The 17-cents-a-Day Purchase Plan, which has added so many thousands to the ranks of typewriter users.

We urge upon you the importance of investigating the new face in typewriting--PRINTYPE. Write to our address Sales Department.

Relieves Backache Instantly

Sloan's Liniment is a great remedy for backache. It penetrates and relieves the pain instantly—no rubbing necessary—just lay it on lightly.

Here's Proof.
"I had my back cut in the Great War and in San Francisco two years ago I was hit by a street car in the same place. I tried all kinds of dope without success. Two weeks ago I saw your liniment in a drug store and got a bottle to try. The first application caused instant relief, and now I am cured. For a little while, I am almost dead!"
FLETCHER NORMAN, Whitler, Calif.

The Doctor—Feeling better today?
The Patient—A little. But my heart still hurts me.
The Doctor—Oh, I can stop that all right.

To Mend an Umbrella.
To mend an umbrella that tears loose from the rib at the point where you are on the street and needle and thread are not available, close the umbrella and bringing the cloth in position, insert a small hairpin in the side of the rib, and wind securely around cloth. This "first aid to the injured" is so efficient you will be tempted to leave it permanently.—National Magazine.

Rhode Island was the first state to create a navy of its own, and captured the first prize, a British frigate, off Newport. Seeing its success, the continental congress chose Rhode Island to execute plans for a colonial navy, and Esek Hopkins, the first command-in-chief, and three-fourths of all the officers were from this state. In the later war of 1812 it was another Rhode Islander, Commander Perry, who fought the immortal battle on Lake Erie where he "met the enemy and they are ours!"—National Magazine.

Maine Blueberries.
Washington county's blueberry crop has netted this year a revenue of more than \$1,000,000, according to State Horticulturist Albert K. Gardner. Rockland. This industry was started a few years ago in that county and the yield this year is the largest yet obtained there. One grower realized \$75 from a few bushels which he set out in his orchard as a "side issue." A man near Cherryfield is said to have raised blueberries from the vines just as cranberries are gathered. It is stated that fabulous prices are being realized at blueberry lands and blueberry factories and the causing factories are still running.—Kennebec Journal.

FROM TEXAS
Some Facts from the Lone Star State.

A beautiful farm down in Texas, where gushing springs unite to form a bluish brook that wind their sparkling way through flowery meads, comes a note of gratitude for delivery from the coffee habit.

"When my baby boy came to me five years ago, I began to drink Postum, having a feeling that it would be better for him and me than the old kind of drug and coffee. I was not disappointed in it, for it enabled me, a small, delicate woman, to nurse a bouncing, healthy baby 14 months."

"I have since followed the use of Postum for all the grown folk of it, and have discovered to my joy that it has entirely relieved me of a bilious habit which used to prostrate me two or three times a year, causing much discomfort to my family and suffering to myself."

Nellie Maxwell.
Fixing the Date.
"Hello, Jones!" said Smith. "Are you doing anything special tomorrow night?"
"No, old chap," replied Jones. "I'm not booked."
"What about the day after?" asked Smith.
"Nothing on," answered Jones. "I'm free as a skipper."
"Really? And Friday?"
"Ah, on Friday, I'm afraid, I'm dining with the Croakers!"
"Bless my soul, but what a pity!" exclaimed Smith, disappointedly. "I wanted you to come round on Friday for a snack with me!"

What are such stuff as dreams are made of, and our little life is rounded with a sleep.—Shakespeare.

IDEAS FOR THE COOK.

When you have a little left-over chicken, chop it fine and mix with an equal quantity of boiled rice. Season with salt and pepper. Add a finely-chopped onion, a green pepper and a spring of parsley. Scald a loose head of cabbage and when the leaves are limp open and the center. Put two tablepoonsful of the mixture in the center, fold over the leaves, add another portion, and so on until you have stuffed the cabbage. Tie up in a piece of cheesecloth and put into a kettle of boiling water, salted. Cook until tender, drain in a colander and serve with a cream or hollandaise sauce.

Mock Cherry Pie.—Mix one and a half cupfuls of cranberries, chopped, with a cupful of chopped raisins and a cup and a half of sugar. To a cupful of water add two tablepoonsful of flour; add to the fruit and bake with an upper and lower crust.

Salad of Peppers and Cream Cheese.—Select two large, sweet green peppers, cut off the stem end, remove seeds and wash in cold water; turn them upside down to drain. Wash and mix with two cream cheeses a few pecan meats and a little thick cream, salt and cayenne. Pack this carefully into the peppers and set away on ice until serving time. When ready to use, cut in slices a quarter of an inch thick. Serve two slices on a nest of lettuce, with a few slices of cucumber and mayonnaise for dressing.

Baked Hamburg With Bacon.—Put two or three slices of bacon in a baking dish, lay over this chopped meat that has been well seasoned with salt, mustard, pepper and onion juice. Put slices of bacon on top and bake in a moderate oven. When sufficiently baked, the time depending upon the amount, brown a tablepoonsful of flour and the juice of a lemon and a tablepoonsful of currant jelly. Pour this around the meat and bake ten minutes longer.

Deviled Chestnuts.—Shell and cut in thin slices a cup of chestnuts, fry until brown in butter, then season with tobacco sauce and salt.

The Universal Franchise.
A small number of men sympathizing took part in the suffragist parade in New York city, among them several members of the faculty of Teachers' college. One of these professors had the honor of carrying the male contingent and of leading a banner.

"Did you notice," he asked a friend afterward, "what the inscription was on that banner they gave me to carry?"

"No," replied his friend, "you carried it if you were afraid some one would decipher it."

"It read," chuckled the professor, "The men vote—why not we?"—Success Magazine.

The Angler's Bait.
A well-known angler at Peterborough having obtained a wasp's nest containing a large number of grubs, placed the nest in the kitchen over to kill the grubs so that he could use them for bait.

The next morning he went to get the grubs, but on opening the oven door a swarm of wasps flew out. The oven was not hot enough to kill the grubs, but was sufficiently warm to hatch them.—London Daily Mail.

EVER TAKE A MUSIC BATH?

They Are as Good for the Soul, Holmes Says, as Water for the Body.

One must be educated, no doubt, to understand the more complex and different kinds of musical composition. Go to the concerts where you know that the music is good, and that you ought to like it whether you do or not. Take a music bath once or twice a week for a few seasons, and you will find that it is to the soul what the water bath is to the body. I wouldn't trouble myself about the affections of people who go to this or that series of concerts chiefly because it is fashionable. Some of these people whom we think so silly will perhaps find, sooner or later, that they are a dormant faculty which is at last waking up, and that they who came because others came, and began by staring at the audience, are listening with a newly found delight. Everyone of us has a harp under the bodice or waistcoat, and if we can only once get properly strung and tuned it will respond to all outside harmonies.—Oliver Wendell Holmes

For Cramps.
A piece of old-fashioned candlewick worn around the leg in the garter place, next to the skin, will prevent, or, cure, cramp in the calf of the leg or in the foot. I have proved this by personal experience; I believe this would prove effectual in preventing swimmers' cramp; those liable to cramps while in the water would be wise to try it. Cottonbatting, wrapped round the body from the armpits downward, saved the life of a man suffering with agony from painters' cramp, it gave almost instant relief.—National Magazine.

ARE YOUR KIDNEYS WEAK?

There are two ways to tell if you have weak kidneys. The first is through pains in the back. The second is examining the kidney secretions. If you suspect your kidneys, begin using Doan's Kidney Pills at once.

E. R. Wilson, Emmetsburg, Iowa, says: "I was completely laid up with kidney complaint and inflammatory rheumatism. My limbs and feet were terribly swollen and so inflamed I could not walk for days. After doctors had failed to help me, I began using Doan's Kidney Pills. Three boxes cured me so completely that I have not had the slightest trouble since."

Delusory.
Every man bugs the delusion that sooner or later he will invent something that will make him rich.

Mrs. Whelan's Soothing Syrup for Children teething, softens the gums, reduces inflammation, allays pain, cures wind colic, 50c a bottle.

A woman thinks a man is sensible if he tells her that she is handsome.

No Man is Stronger Than His Stomach

A strong man is strong all over. No man can be strong who is suffering from weak stomach and its consequent indigestion, or from some other disease of the stomach and its associated organs, which impede digestion and nutrition. For when the stomach is weak or diseased there is a loss of the nutrition contained in food, which is the source of all physical strength. When a man "doesn't feel just right," when he doesn't sleep well, has an unaccountable feeling in the stomach after eating, is languid, nervous, irritable and despondent, he is losing the nutrition needed to make strength.

Such a man should use **Dr. Pierce's Golden Medical Discovery**. It cures diseases of the stomach and other organs of digestion and nutrition. It enriches the blood, invigorates the liver, strengthens the kidneys, nourishes the nerves, and so gives **HEALTH AND STRENGTH TO THE WHOLE BODY.**
