BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY NOVEMBER 11, 1938

NUMBER 14

PARADE 10:30 A. M. -- FOOTBALL GAME 2:30 P. M.

Cubs to Fight it Out With Slaton Tigers

The Cubs had no opponents last week, and got a rest for their real trial of the season against the Slaton Tigers here today (Armistice). So far the Cubs have not dropped a game this season, and we understand the Tigers have a similar record, and each beat opponents they have played about the same number of points.

So, today's game promises to be a real Class B medley, and the best that will be played in the south half of the district this year. And if you miss it, you'll miss a treat. So far, Brownfield has licked everything she has played in the north half, including Olton, which so far has run over everything else in that portion. Brownfield also humbled the Ralls Jack-rabbits, who in turn beat Level-land and won from Littlefield on penetrations.

If the Cubs can conquer the Tigers today, they seem to have the district championship sewed up again, which was taken from us last year on a boy that school authorities had the utmost faith in as to his age. Local school people just don't want to play ineligible students, even if it means a win.

Being a holiday, Brownfield wants to turn out in mass to root for the Cubs—and please don't forget to be civil and nice to the Slaton people and players when their train rolls in. Be dead game sports if it kills you.

Son-of-A-Gun at Wheel Inn Again Sunday

You old timers know how well you like Son-of-a-Gun, or to express it otherwise. "The Gentleman from Odessa." In fact you have been buying out all that good, old fashioned Cowboy stew that Ernie Grenfield has been making at the Wheel Inn for the past three weeks. Well Ernie tells us that he will have another supply on hand Sunday.

And it is about time that you new comers were joining in on the course on this fine food—fit for kings—if you have not already got the habit, get it now. You'll be more than pleased. He'll serve you at the counter, or sell you some in a container to carry home.

Just walk in with a bow-legged stride like a real cowboy with chaps and gingham spurs, and say Son-of-a-Gun, please.

Postal Receipts Show Gain Over 1937

1938	
March Quarter	\$5,248.23
June Quarter	4,332.77
Sept. Quarter	3,844.73
November Quarter	2,065.08
Total	\$15,490.81

1937	
March Quarter	\$3,982.43
June Quarter	4,028.67
Sept. Quarter	4,092.65
November Quarter	1,942.88
Total	\$14,046.63

Gain thus far this year, \$1,444.18, 10.3 per cent over last year.

October, 1938 \$1,935.02

October, 1937 \$1,820.18

\$114.84

6 per cent gain over last Oct.

Compliment: Rialto and Herald

Good First Monday Crowd on Hand

Well, the Herald hit the nail on the knob. The weather Monday was ideal only for hovering close to a glowing fire with plenty of cloths on and all the doors and windows closed. Miss Summer had remained so long that our blood was as thin as watered milk, and that little snow on the ground with a few icicles here and there gave us old thin-blooded souls a run for our money.

But when we predicted a likely change in the weather, we were not bargaining for anything like what we received. We had it all fixed for a rain—a pretty cool rain, 'tis true, but a rain, and look what we got. Anyway, it run the farmers and their hands out of the fields, and a lot of them come to town to see what was going on, and by early afternoon, a fine crowd was here, and they were really doing some trading.

In talking with a number of the merchants, they informed us that they really had a fine day Saturday, and an average Tradesday business Monday. So, all were pleased. But we noted that the farm families hurried home a bit earlier than usual, and not a few of them carried some coal as well as groceries home with them.

Preparations are already under way to make First Monday in December the biggest of the year.

County Meeting of Parent-Teachers

A meeting of the County Executive Committee of Parents and Teachers was held in the county school superintendent's office on Saturday, November 5th, 1938, at 3 o'clock.

Standing committees were appointed to serve with the council this year as follows: Program, Mrs. Ida Bruton, chairman of Gomez; Mrs. Frank Wier and Mrs. C. A. Wilhite of Brownfield. Publicity, Mesdames M. L. H. Baze, chairman, Chas. Dial and Miss Emma Dean Phillips of Gomez. Hospitality, Mesdames C. A. Wilhite, chairman, Billy Tabor of Johnson and H. N. Key of Gomez. Finance, Mrs. Ruth Moore, chairman, Messrs. C. A. Wilhite and X. R. Banks. Social, Mrs. Lee Fulton, chairman, Mrs. B. O. Black, Gomez, and Miss Velma McClish, Wellman. Extension, Mr. Lee Fulton, chairman, Mrs. Tom Cobb and Mrs. W. G. Swain, Gomez. Some plans were made to organize new units in the county.

Much enthusiasm was shown in the year's work, and especially the opportunity we have to attend the State Convention at Lubbock next week.

The next council meeting date, Nov. 19th at 3 o'clock at the county court house. Every local president and council urged to be present.

Signed: Mrs. M. L. H. Baze, Publicity Chairman.

Coffee Shop Given A New Name

The Brownfield Hotel Coffee Shop will not be under that name in the future; in fact the cafe will be known under an entirely different name, but will be conducted by Mr. and Mrs. J. E. (Smokey) Taylor, well known as cafe people in Brownfield.

Hereafter it will be known as the Blackstone Dining Room and Coffee Shop, and will have some of the best chefs in charge of the culinary department on the south Plains.

And, too, you will be able to get splendid meals in the Blackstone at from 25c, 35c and 50c. Try this place and be convinced.

Lemon juice added to cream makes it easier to whip. Use a half teaspoonful of lemon juice to a pint of cream.

1938 RED CROSS POSTER

The appealing figure of the Red Cross nurse presents a plea for your annual membership in the Red Cross during the roll call, beginning Armistice Day and ending Thanksgiving Day. This is the official 1938 poster of the Red Cross, and appears in the form of a window card.

Citizens Urged to Attend PTA Convention November 15-17th

Dear Mr. and Mrs. Citizen: As adults, parents, home makers and responsible individuals who have the guidance of some of our present and future youth and citizenship under your supervision, will please accept this as a personal invitation to YOU to attend the Thirtieth Annual Convention of the Texas Congress of Parents and Teachers meeting at Lubbock on November 15 through the 17.

Regardless of whether you are a delegate or whether your community has a Parent-Teacher Organization or not, please try to attend at least one day of the convention. If your community does not have a Parent-Teacher Organization, go as one who is deeply interested in the welfare of youth and we guarantee that you will return home with a mind to put forth your best efforts in the organization of a P.-T. A. in your own community.

If you attend the convention, and are not a member of your local unit you will want to rush home, pay your dues and add your reinforcement to the efforts of the Parent-Teacher movement—which is not only a local and State movement but a National one, as well, for the betterment of youth throughout our land and country.

It is the earnest desire of each member of the County Council Parent-Teacher Association to assist each community in Terry county that does not have a local P.-T. A., to organize such a unit before this current school year has expired. May we help you organize?

Again may we urge that you attend the convention at Lubbock—reminding you that this is perhaps your best opportunity ever to attend a State Parent-Teacher Convention.

So let's go to Lubbock! Sincerely, Nellie Mae McLeroy, First Vice President, Terry County Council P.-T. A.

Monday apparently is losing its place as the traditional wash day. Many women find it more convenient to gather and sort clothes on Monday and wash on Tuesday.

A forced smile is never effective

The Banks Get Two Holidays This Week

Bankers are about the luckiest people extant, if you would believe the average person on the street. They get more holidays than anyone and work the shortest hours, and make the most money and get the best pay. For instance this week, they were given two holidays, Election day and Armistice.

But hold on just a second. Does the average man on the street think bankers really quit work when their banks close at 3 in the afternoon or on holidays? We vouch that the average man will answer, "yes" to the above question.

Well, this is far from correct. Behind those closed doors and drawn blinds, those bankers, from the president down to the janitor, are inside, balancing accounts, and figuring up totals that they were too busy to attend to when the bank doors were open.

So, let's quit saying the banker has an easy life, for he does not. He must make money if possible for the stockholders, and he must safeguard the deposits of his customers. He must not lose a dollar on a bad borrower if possible to avoid.

In other words, the banker, whether he be an elective officer or an appointive one, has many, many responsibilities, and works just about as long hours as the rest of us.

Bring the Pennies Out of Hiding

If bringing pennies out of hiding will help bring prosperity to the country, perhaps the nation is heading for a boom!

Nearly a hundred cities in the United States have passed ordinances or issued rulings in recent months which will end the use of pennies to bridge blown-out fuses—a hazardous practice which has caused many serious fires. The regulations are a safety measure, of course; but if they also aid recovery everyone will be doubly pleased.

The ordinances make compulsory the use of non-tamperable fuses, or fustats, which electrical manufacturers developed recently. These fustats fit in ordinary fuse bases by means of an adapter which locks into place and pre-

Taken For a Ride By The Deputy Sheriff

Yep, we were taken for a ride last Sunday by Deputy Sheriff Sam C. White, who acts as chief boss around the office when Sheriff Ches Gore is not in. And it was a long ride—some 220 miles but when he left us it was at a private residence where there were no iron bars, and where they were preparing a nourishing meal.

Sam and wife were going to Colorado City to visit their daughter, Mrs. Harold Watson. Miss Evelyn, who is attending Abilene Christian College was to meet them there. And so, not being anyone with them going down, the writer and wife were asked to accompany them as far as Coahoma, and visit her sister, Mrs. J. A. Roberts and family while the Whites were in Colorado City. Just suited us.

Going down, we noted that great headway is being made in getting out the cotton crop, as well as getting the feed headed or cut and shocked. Many fields gave off the appearance that the feed was still green that was shocked, showing the binder had just been there. Cotton gets better as one approaches the Dawson county line and is pretty good through all of Dawson and the northern part of Howard, but after Big Spring is reached, the cotton is about as here.

Sam says he was pretty well fed while at the home of his son-in-law and daughter, and arrived back in Coahoma between five and six o'clock in the afternoon, and we were soon on our way. Good progress was made until Lamesa was reached, just south of which we begin to note that it was spitting snow. Sam's windshield wiper failed to work, and by the time O'Donnell was reached, it was really coming down, but the wiper was fixed at Tahoka, and fair progress was made to Brownfield considering a blinding snow most of the way.

Mrs. Watson and little daughter returned home with Mr. and Mrs. White for a visit over the Armistice holiday, and we understand Miss Evelyn will be in from Abilene, as both girls are Brownfield graduates and want to be here for Home Coming Day, Friday, and see the game with Slaton.

Topetto's Perfected By Native Boy

Topetto's, a cross of the bell pepper and the tomato, has been on sale of late by the Hudgens Grocery and probably others. This cross has the flavor as well as the good quality of each vegetable, and was perfected by a native son of Brownfield, who now draws good pay from Bodger, one of the greatest flower and vegetable growers in America, out on the Pacific coast.

The vegetable was perfected by Ted Holden, better known here as R. V. Holden, a half brother to Mrs. Stricklin. Ted is a graduate of California A. & M., and has been working for the Bodger interests for several years, and has perfected several flowers as well as vegetables.

Young Holden's picture appeared on the front page of the March 24th issue of Scientific American, and there was an article about his work in a late issue of Better Homes and Gardens. Holden was born here in 1909.

Better than a pillow beneath the knees when scrubbing floors is a pair of pot holders, one tucked into the knee of each stocking. This method is equally comfortable and much less trouble.

vents slipping pennies behind the fustat, resists other forms of bridging and makes it impossible to replace the fustat with the wrong size.

The Red Cross Drive Starts November 11

The citizenship of Terry county will be given the privilege in the next few days to enroll as members of the American Red Cross. In fact the drive for membership will begin on November 11 and continue on through Thanksgiving. During this period it is hoped that workers of the Red Cross will have an opportunity to see you personally and secure from you your 1939 membership fee.

The American Red Cross, is perhaps our greatest institution to relieve distress in this country that we have. The Red Cross supported as it should be is the best assurance we can have that our needs will be carried for, should our city and county be afflicted with storm or other calamity which we are not locally able to endure. We can not do without the American Red Cross any more than we can do without insurance on our property. We do not only have the knowledge of being taken care of in our great need but we also share the thought of being a helper to our friend and neighbors in their need, and should claim an interest in the promise, that "it is more blessed to give than receive."

It is hoped that each of the young girls and ladies who so graciously give their time without any thought of pay, will receive the warmest consideration from each of you, as they have in the past years, and if you are in any measure able to spare \$1.00 you will avail yourself the privilege of becoming a member for 1939.

—Raymond Simms, Roll Call Chairman, American Red Cross.

Too Late Last Week To Feature Ford

Have you been around to see the New Ford? If not, they are now on display at Tudor Sales Co. It is certainly amazing the amount of beauty and utility that is being put into cars these days. They look like new type Pullman cars on the inside, and ride as well. It certainly is trying on a man or woman to look them over and realize perhaps that the old car must do awhile, as in case of the writer.

The new Ford DeLuxe is a wonderful machine from stem to stern. In fact, the engineers seemed to make no let in featuring this car at any place. However, the cheaper models are everything most that anyone could wish. Of course all the new models have solid steel tops, as half cloth tops were not put into them after 1936. This year, the cars are equipped with hydraulic brakes that the least foot pressure stops as quickly as it is possible to stop a car.

As we stated last week, the new Mercury, the half way priced car between the Fords and Zephyrs will not be featured here at present at least, but of course the Tudor Sales Co. is agent for all Ford makes from the cheapest Ford to the Lincoln, and if you are interested, they will carry you to see one, or have one brought here.

DER FUHRER ON PIKES PEAK

An event of historical importance took place on top of Pikes Peak a few days ago. Governor Allred thrust a Texas flag firmly in the snow, while Governor Ammons looked on, and climbed the mountain for the State of Texas; and the Colorado people living nearby have promised to erect a gold plaque on the peak to perpetuate Texas ownership. The ceremony consummated a wager made by the Governors at a football game between Rice and Colorado in Dallas last New Year's Day. Governor Allred bet on Rice then, which was a better time to

General Election Vote Light in Terry Co.

Judge R. A. Simms informed us Wednesday morning that around 500 of the 2600 qualified voters of Terry county saw fit to go to the polls Tuesday and express their performance. However the Democratic majority was just about as strong as usual, and the amendment to do away with the oath taken by officers concerning gauling seems to have carried in Terry county by a small majority.

Over the nation, the GOP seems to have made some headway against the Democrats, but not enough for them to brag about. Those states that went Republican are naturally Republican states, and normally throw up a huge GOP lead. However, such states as New York and perhaps Ohio seem to have thrown a fine lead for the Demmys.

The \$30 every Thursday folks out in California, seem to have broke through the lines and made a thrilling touchdown. Just what those folks out there are going to do with that proposition remains to be seen.

Returns made by the Texas Election Bureau Wednesday morning, gave the following vote in the governor's race in Texas: O'Daniel, Democrat, 155,138; Boynton, Republican, 5,660; the Communist candidate for governor got 134, and the Socialist 160.

This included 198 of the 254 counties, with only 26 complete. So you can see how much interest Texans take in elections.

New 1939 Pontiac Now on Display

Had a chance to size up the new 1939 Pontiac over at the Trading Post, Saturday, and between us and the Gate Post, this is a laming good car and one of the prettiest the General Motors people make. In fact it is generally agreed that it is one of the best low priced cars on the market today.

This particular model, we saw is a blue, and one of the particular features is a carpeted floor, and this feature is carried out in the side walls of the luggage apartment. This car bears many other features you must see yourself to appreciate.

Mr. J. M. Welborn is owner of the new agency, and is to be congratulated on securing it for Brownfield. Call, and he'll be more than pleased to give you a demonstration.

The Trading Post is the new name given the Magnolia Station on the southeast corner of the square, where all Magnolia products are carried as well as Tires, Tubes and accessories.

Even though we do have a short feed and cotton crop, the merchants have not failed to buy high class merchandise and the very latest in everything. Have for your slogan: "BUY IT IN BROWNFIELD." You can, just drop around and try it. Every store in town is daily unpacking new goods.

do so than now, and the stakes were the Big Bend Park against Pikes Peak.

Well, Governor, that was a neat coup, acquiring that territory without an ultimatum or a four-power conference, and without a trick mustache, either. You just backed the right horse—begging your pardon, of course. And while we're on the subject, when TCU gets ready for postseason opposition you might look into the Carlsbad Caverns and Niagara Falls situations. Or notice Pittsburg down here—Texas could use a good steel industry.

Anyway, Governor, you'd better wangle a game with some Republican State. Those fellows haven't guessed right for years. —Dale Miller in The Texas Week-ly.

 The Official Paper of Terry County and the City of Brownfield

Well, you wasn't expecting a very good paper this week anyway, as it was Armistice week, was you? So you won't be very much disappointed. Try to do better next week.

Some of our exchanges intimate that O'Daniel is the first governor to dispense with the inaugural ball. If our memory serves us right, Pat Neff had no inaugural ball. If we are wrong, sue us.

It is said that Andrew Jackson, hero of the battle of New Orleans, and later Congressman and President of the United States, was originator of the "Chain Store," owning three stores in Tennessee. Yet we regard Jackson as a great Democrat, and a man full of love for the common people.

Boy! was your blood thin Monday morning? If there ever was any ice in our blood, it had all melted Monday. In fact, we didn't get really hot all day, and we used a whole of a lot of West Texas Gas. If we had our way, we would have old man Winter gently approach as if he was hunting wild turkeys or something, and hide in the bushes awhile until we get used to his presence. Instead of that, he comes down through the peach orchard like a ton of brick.

We are not knocking civic clubs; they are about the best things a town can have, and we'd belong, only that we can't hear a darn word that is being spoken, on account of a lot of racket going on elsewhere near the meeting place. But we'd like to call attention to just one paragraph in the Lions Club Code of Ethics: Here 'tis: "To remember that in building up my business, it is not necessary to tear down another's." That is a nice platform if a member lives up to it. Also, that paragraph could be read, pondered and heeded by a lot of people other than Lions.

HALE'S HOWLING HOWLER

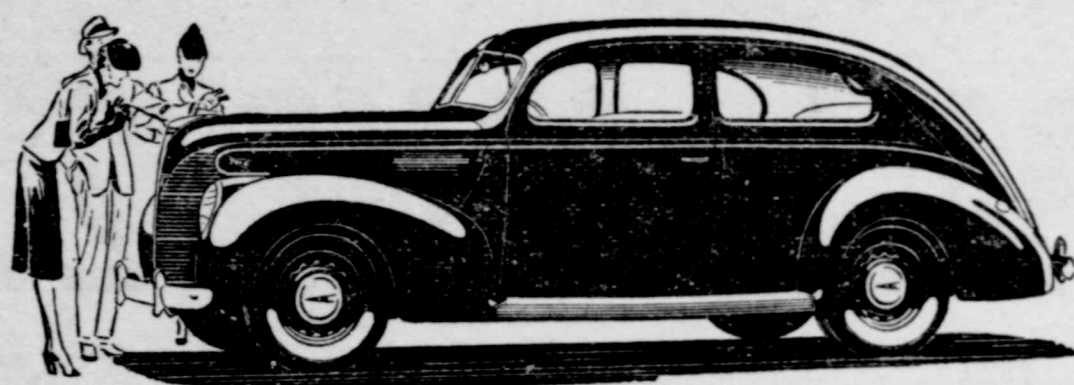

"Four very prominent Yoakum county men were in recently and lowed as how they understood the Republican paper at Plains might move to Allred, leaving the field open for a good Democrat paper there."

The above, of course, is from the Terry County Howl, published by Corporal A. J. Stricklin. He is so impressed with the way everything is being run by the government confiscates wealth to give to those who refuse to work when offered a job, that he abuses everyone who does not see as he sees. Observer he says Yoakum County Review is to move to Allred, then there will be a good place for a democratic newspaper at Plains. Now, would that kill you? But remember his people did not wait for him to move before they had a man to move in and establish a NEWSPAPER, and now that he feels that he is slipping he is looking for a place to fall and even hints for the Review to move so he can come here.

But talk about old-fashioned ways of doing things, Stricklin is so far behind that he wears his red flannel undershirt and spurs pajamas for sleeping. — Hale's Howling Review.

Now ain't the above a conglomerated mess of hash and slash. You talk about a "howler" but Hale has the patent right on howling. He's like an old hound in a city, every time anyone makes a motion like they are going to throw, Hale Howls—in other words "Howling Hale." Yes, Hale really feels sorry for the Herald, and would hate like hades to see it suspend (?) Oh, yes, Hale is all sympathy. But say, Hale, did you note the Herald had almost a thousand inches of advertising last week, over 800 the week before and no price cutting? We know

The Ford Motor Company Announces
TWO NEW FORDS

Ford V-8 Tudor Sedan: with 40-hp. engine, \$624★—with 85-hp. engine, \$664★

DE LUXE FORD V-8: Provides all the basic Ford features, with extra luxury. Remarkable amount of equipment included in price. Hydraulic brakes. 85-hp. V-8 engine. Sets a new high for low-priced cars—in appearance and performance.

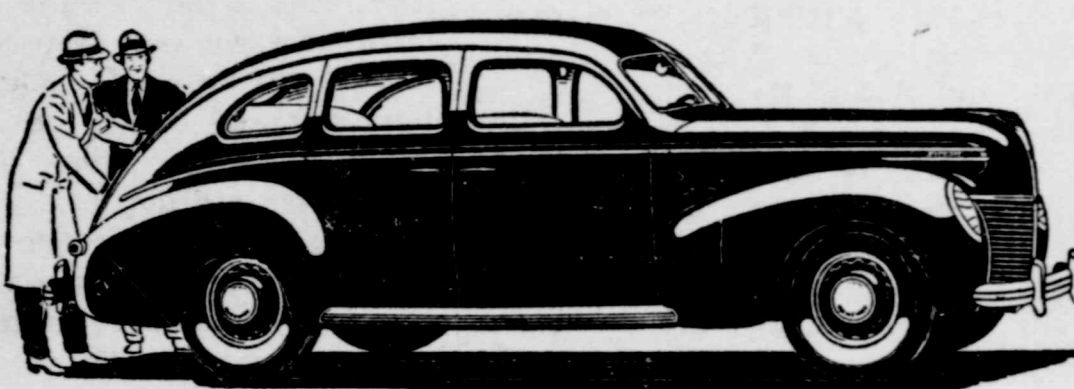

Prices begin at...\$684★

De Luxe Ford V-8 Fordor Sedan \$769★

FORD V-8: Now five inches longer from bumper to bumper. Roomier bodies—more luggage space. New styling. Hydraulic brakes. Scientific soundproofing. Triple-cushioned comfort. 85 or 60 hp. V-8 engine. Prices begin at...\$584★

AND THE NEW MERCURY 8 for 1939

The Mercury V-8 Town-Sedan \$934★

MERCURY 8: An entirely new car. Fits into the Ford line between the De Luxe Ford and the Lincoln-Zephyr. Distinctive styling. 116-inch wheelbase. Unusually wide bodies. Remarkably quiet. Hydraulic brakes. New 95-hp. V-8 engine. Prices begin at...\$894★

• The new cars in the Ford Quality Group for 1939 give you a broad choice. Whichever you choose, whatever you pay, you'll get top value for your money. That is true of the lowest priced car or the highest. All have one important thing in common—inherent quality. Their quality comes from fine materials, precision workmanship, and from the fact that back of these cars is the only automobile plant

of its kind—where production processes are controlled from iron ore to finished car—and savings passed along as extra value. Things are happening in the automotive world this year! Nowhere is the advance more marked than in the Ford Quality Group. See our dealers before you buy any car at any price.

★ Delivered in Detroit—taxes extra

FORD MOTOR COMPANY—MAKERS OF FORD, MERCURY, LINCOLN-ZEPHYR AND LINCOLN MOTOR CARS

you did, because you are a very close reader of the Herald. We can't hide any little squib you think refers to you. Your eagle eyes find it. Yep, as soon as you move to Allred, we're going to move into Plains with a branch office, and it will be a Democratic paper. So, get moved.

It is easy for Americans to pour bitter contempt out against England and especially Chamberlain because of the settlement with Germany. Most of those who are doing the big talking are those who would stay at home in case of war. You are not hearing many boys of fighting age talking in favor of whipping Hitler, or any one else, and most certainly you are not seeing any ex-service man who was in battle during the war demanding that this nation urge England to engage in a war. Great Britain is pushing re-armament as rapidly as possible. Americans should not forget that Great Britain is the hope of the world.—Canyon News.

The new wages and hours law is being attacked over the nation by various classes of people. That is the American way. We are eternally demanding that Congress or the legislature pass a law, and as soon as it hits the statute books, most of us start complaining at its requirements, or cost of administration. For instance, the people of Texas have required the legislature to start nearly two dozen new functions during the past six years, each supported by taxes from the pockets of the people. Yet in spite of the demands made that the state government be expanded and increased, there is a continuous howl that the state should reduce its activities. After all, cussing the government is generally the great sport of Americans.—Canyon News.

CORDIAL CORRESPONDENCE

A business man had written a letter to a former customer who had strayed from the fold, owing his Coat and Pant Emporium a large bill. His wife, in passing on the letter, remarked: "It's a fine letter, diplomatic and inoffensive, but you should not have spelled 'dirty' with two 't's' and 'cockroach' does not begin with a 'k'."

TOPPING OF 84 TO BE DONE BY CONTRACT

From recent communications and conferences with the state highway department, County Judge P. W. Goad now thinks it very probable that work of placing a hard-surface on state highway No. 84 east of Tahoka will be done by contract.

Contractors will be permitted to use PWA labor in part, however.—Tahoka News.

Cars often skid off the highways into homes in East Texas. A negro in Longview set iron posts along the curbing in front of his home after a car rushed through the walls and smashed his effects into smithereens. Down in Shreveport they are a bit bolder. Autos are run into the better homes and treated as a joke. After a brand new Austin had crashed into a parlor, the driver inquired the direction to the New Orleans highway. Two couples were playing bridge, but one fellow took time to give the following directions: "Turn around in front of the piano, take a left turn at the gold fish bowl, bust through the front door and keep right down the walk until you drop off the curb. Turn to the right and you can't miss it."—Clarendon Leader.

President Wells, of the Texas Press Association, in his address before the Panhandle Rotary Club, Friday, stated that the freedom of the press needs to be safeguarded by readers as well as publishers. The movies have voluntary censorship, and radio licenses are limited to six months. Mr. Wells might have also said that the newspaper is more exact than the radio, and certainly no newspaper story would be misunderstood as was the one on the radio the past week. Not everyone realize the debt that is owed the freedom of the press in serving our democratic government.—McLean News.

Payrole or Dole?

It makes a whole of a difference whether people are on the payroll or on the dole, and it makes just as much difference with livestock. It may be necessary, sometimes, to go on a "drouth" ration, doling out just

enough food or feed to keep life in the animal, but neither man, beast nor fowl goes long on a bare 'maintenance ration' without losing something that cannot be regained. If the ration is unbalanced the body must draw on its reserves for the deficiency elements, resulting in depleted vigor. If the ration is balanced—that is if it contains all the essentials—and is yet too skimpy, the result is worse, for it takes more to regain the loss than to hold normal growth in the first place.

Feed has only one purpose—to be fed. The worst possible disposition to make of it is to peddle it on a cash market for less than cost of production; the next most wasteful use of feed is to dole it out stingily or to feed it in the wrong way to the wrong kind of stock. It takes a certain amount of feed to keep up normal body functions, and unless more is fed and digested there will be no gains in weight, no eggs, or no milk.

It is especially important at this time to keep turkeys on a full balanced ration until they go to market, and laying hens must have what it takes to produce eggs during the next few months, when the price is best. If all the elements of a good ration are not produced on the farm—and it is seldom that they are—whatever is lacking must be purchased. The primary purpose of course is to sell home-grown feed to the best advantage, and the ration should be built around the feeds that are available. But it is not possible to get the best returns from one kind of grain alone, from carbohydrate feeds alone, or from any other unbalanced combination.

There is no excuse for hazardous feeding methods when the

information can be had from county agents or from bulletins of the agricultural colleges which enable the feeder to work out a ration which uses as much as practicable of home grown feeds, and yet get the best results from their use. Everyone now knows that a protein supplement makes corn or other carbohydrate grain go farther in pork production, and it is therefore economy to buy whatever is necessary rather than fatten hogs on corn alone.

The same principle applies in every kind of livestock and poultry. Growing and laying mash are used by every good turkey raiser and egg producer, according to the needs of the fowls. To withhold either quality or quantity in feed is to reduce the profits in the long run, even if at the moment it saves cash outlay.

In these short sketches it is impractical to discuss details, or to lay out rations for general use. Such a variety of feeds is grown in the Southwest that it would take a book to explain their uses with various types of animals and fowls, and for the several purposes of breeding, growing, fattening and egg or milk production, for which livestock is kept. Every farmer must decide for himself how to best use his feed, how to figure a ration based on what grows and the kind of livestock he has, he can secure the information by going to the right sources.

The F. F. A. boys and the 4-H club boys are learning these things in their daily work under vocational agriculture teachers and county agents, and they have made proud records in livestock and poultry production, which their fathers may well emulate.

PNEUMONIAL SEASON IS HERE

AUSTIN, Texas, November 8.—"Though pneumonia may and does occur at all seasons of the year, the winter months see the highest incidence of this disease. With relatively few cases during the summer, an increase in pneumonia is observed with the advent of Fall, usually quite noticeable in November, which continues through December, January, February and March before the number of cases again declines to the "warm" level. The time is therefore quite short before the beginning of the so called "pneumonia season," states Dr. Geo. W. Cox, State Health Officer.

"Lobar pneumonia is an infectious disease. In well over 90 per cent of the cases it is caused by one of the thirty-two types of the pneumococcus germ. Against some but by no means all of these varieties of the pneumococcus, serums have been developed which have proven extremely beneficial in the treatment of pneumonia cases caused by these particular types. In order that best results can be expected the serum must be given early.

"Another remarkable advancement by medical science in its struggle with pneumonia was the perfection within the past several years of a method of quickly identifying the type of pneumococcus causing the illness in each individual case. Thus progress has been made but we are yet far from the goal.

Consequently, the necessity of persons developing their natural defenses against all infections including pneumonia, is just as important and essential today as

A Three Days' Cough Is Your Danger Signal

No matter how many medicines you have tried for your common cough, chest cold, or bronchial irritation, you may get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel germladen phlegm.

Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained. Creomulsion is one word, ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

LOCAL DRUGGIST GIVES OUT TIMELY WARNING

Many Local Citizens Neglect Cold Coughs Which Later On Prove Dangerous

A prominent druggist of our city when interviewed recently said, "The majority of the people do not realize the danger of a cough due to cold or exposure. Such a cough is nature's warning that perhaps your resistance has been weakened by cold and your sys-

tem is susceptible to dangerous complications."

He advises, at the very first sign of a cough due to cold, to start taking Mentho-Mulsion, for only in Mentho-Mulsion can be found genuine beechwood creosote, menthol and other ingredients recommended by doctors, all combined in a base of pure California fig syrup.

Follow this good advice. Mentho-Mulsion is recommended, sold and guaranteed by Corner Drug Store.

it ever was. "After all, many cases of pneumonia got their first start by way of a lowered bodily resistance which provides a fertile soil for the pneumococcus germ to produce the disease. "Regardless of the scientific progress thus far made, and regardless of the possible extension of their progress the predisposing causes will always remain the same.

"In many cases a cold is pneumonia's forerunner. If one reasonably abides by the rules of personal hygiene involving the use of proper food in proper amounts, sufficient sleep, adequate exercise, the maintenance of a healthy indoor temperature, cloths geared to the thermometer rather than to fashion, the avoidance of the excessive use of stimulants of all kinds and the elimination of debilitating habits, many colds which might lead to pneumonia can be avoided," Dr. Cox stated.

"And if to that fundamental protection be added sensible precaution against wet feet, injudicious cooling off when overheated, avoiding drafts and as far as possible shying from close contact with members of the family, friends or others already suffering from colds one's chances of being victimized by pneumonia's main stepping stone, the cold, will be further decreased.

Yet, if despite due precaution a cold appears, the time for personal reliance on one's own resources has passed. The first and

HARMONY—

Don't forget the local Parent-Teacher meeting next Friday night, November 11th, at 7 o'clock. We will have a good program. Let's all pay our dues and get started right.

Mr. and Mrs. John Garner and daughter were called to Plainview last Sunday on account of the death of a friend. The reporter did not supply the name of the deceased.

Mr. and Mrs. Hershell Hargrove, whose marriage was reported last week were the recipients of a nice shower at the hands of their friends in the home of Mr. and Mrs. M. D. Smith last Friday evening.

Mr. and Mrs. Edgar Richardson and little son, J. W., of Big Spring who Melvin Richardson visited in the home of Mr. and Mrs. C. G. Garrett last Sunday.

Mr. and Mrs. C. A. Wilhite spent the last week of the school vacation which was for cotton picking with relatives in Lubbock, Dallas and Palestine.

It has been reported that there will be a box supper at the Happy school house November 18. Watch for further announcements.

Mrs. T. G. Sexton had a pleasant surprise last Sunday, some of her friends brought lunch and gave her a birthday luncheon, after she had attended church services at Brownfield. She received many nice gifts, some sent presents who did not come.

Two New Fords For 1939 Shown

The two finest Ford cars in the 35 years of the company's history was given their first public showing Friday, Nov. 4 in dealerships throughout the country. The cars are the 1939 Ford V-8 and the 1939 DeLuxe Ford V-8. They are individually styled. Both are of compelling beauty. Both have hydraulic brakes.

Introduction of the new Fords climaxes a year of activity which saw the company embark on its current plant expansion program, bring out its entirely new Mercury 8, and establish the Lincoln-Zephyr still more firmly as the acknowledged style leader in the automobile industry.

The DeLuxe Ford V-8, with wholly new streamlines, has a distinctive appearance of its own. At the same time, both it and the Ford V-8 share a family likeness with the Lincoln-Zephyr and the new Mercury 8.

The DeLuxe has a deep hood with long lines unbroken by louvers low radiator grille in bright metal, and wide-spaced headlights set into the fenders. The words Ford DeLuxe, in script letters of chrome, are divided at the front of the hood. The hood handle is concealed in a vertical extension of the radiator ornament.

The 1939 DeLuxe is powered by an 85 horsepower V-8 engine of even more rugged construction than the 5,000,000 already in use. The Ford V-8 is offered with the same engine as the DeLuxe or with the economy 60 horsepower V-8 engine.

Mr. and Mrs. J. M. Teague were visiting in Roswell, N. M., over the week end.

Ross Motor Co. has moved back into its former location. Watch the columns of this paper for further announcement.

Mrs. Harvey Gage had as guests over the week end her mother, Mrs. H. C. Billings and Mrs. Earl Chester of Witharrel.

Mrs. F. M. Ellington of northwest Terry was in Tuesday making winter weather purchases.

Mangum May Take To The Bushes

Back in the old states, when a person was being crowded by the law or his enemies, he would do that stunt referred to by the natives as "taking to the bushes or tall timber." But being no timber to speak of here, it seems Mr. W. R. Mangum may have to take to the cow pastures.

At least his friends on the streets are joshing him a lot and area papers are giving him a lot of publicity about his encounters with cars, but you can't make much of him. He just grins and says he has as much right to the highways as cars or trucks.

Three years ago he was hit and had a mare killed by being struck by a car while driving his wagon down the road, and two weeks ago another car hit his wagon, injuring another animal badly, and considerably jarred up the driver. But Mr. Mangum knows his rights and will stay on the right side of the road.

BILL BURSON PASSES IN EL PASO, TEXAS

Bill Burson, son of Mrs. Lon Burson of this place, passed away at Hotel Hospital Dui, in El Paso, Thursday, Nov. 3. Mr. Burson whose home was at Marfa, was at the time of his death, engineer for the Texas Highway Department in Marfa, was operated on for appendicitis at Alpine, Texas, Oct. 26, but his condition became critical and he was moved to El Paso, where there were better hospital facilities.

He resided in Gaines county for many years and has many friends there and here who will be grieved to hear of his untimely passing. He leaves a wife and a one year old child, mother, one sister, Mrs. Money Price of this place, two brothers, Glynn Burson of Lubbock and Dick Burson of Fresno, Calif., All were with him when the end came, except Dick.

Burial was at Marfa, where they had recently bought a home, having moved there from Presidio.

The Herald joins with a host of others in extending sympathy.

Mr. and Mrs. Geo. W. Chosholm left last Wednesday for Alpine, where they will spend the winter. We hate to loose this pioneer groceryman, but Mr. Chisholm's health has been failing a long time and it is thought the change might benefit him, and too, their youngest child, Sam, is in school there and they wanted to be with him. They rented their home furnished and will likely move back in the Spring.

Mrs. J. T. Auburg and son spent the week end in Lubbock, guests of Mrs. Auburg's mother, Mrs. Belle Burdette of 15th street.

Bobbie and Sammie Jones had the misfortune to loose their pet alligator Sunday night during the sudden cold spell. They prepared him a place to hibernate but it was not to his liking, so he froze to death. We understand our local taxidermist, Pappy John Powell will mount it.

WELLMAN

The past week the farmers surrounding Wellman have been very busy gathering their crops, especially cotton.

Several students missed school to pull cotton. It was decided by the trustees that Wellman school would start an hour earlier every morning and turn out a half day until after cotton season.

Everyone discovered that the weather was several degrees colder Sunday morning than it was Saturday. About one o'clock Sunday morning a cold wind began blowing.

Don't be surprised at anything that happens in old Terry county. In some gardens there are still green vegetables, and plenty of green leaves on trees. The ground was covered with a net of snow, which fell Sunday p. m. The snow was lighter in Wellman than it was south, near the Gaines county line.

The crowds were severely diminished at both churches in Wellman Sunday morning. It is evident that every one found it more comfortable at home by a fire.

Saturday night, November 5th, Sem Day entertained a large crowd of friends at a party in his home. Everybody reported a time as large as a No. 11 shoe.

Mrs. Wilson Roberts has for a visitor, her sister from Hegerman, N. M.

Mrs. McWhirter, Home Economics teacher at Wellman and the President of the Home Economics club attended a Home Economics club meeting at Spur, Texas, Saturday.

Funeral services for Mr. and Mrs. Barney Craven were held at the Methodist church in Brownfield Saturday at 2 p. m.

CARD OF THANKS

We take this means of thanking our many friends and acquaintances for their words of cheer, their help and deeds of kindness, following the death of our dear brother. May God in his infinite mercy richly reward each of you is our prayer. We also thank those who gave floral offerings.

Mrs. W. E. Bowen and family.
Mrs. R. L. Berryhill and family.
Mrs. E. T. Fant and family.
Herman Cockrell and family.

Mr. and Mrs. O. T. Krueger of Challis community were in town shopping Tuesday.

Mr. and Mrs. O. F. Minnix of Poole community were visitors in town Saturday.

Mrs. J. W. Bagwell and Mrs. M. R. Bullington of Loop were in town Saturday.

Mr. and Mrs. R. M. Kendrick visited their son, Richard, who is a student in the University, over the week end, and attended the Baylor-University game; enroute home they visited relatives at Clifton and Colorado City.

Times haven't changed much. The two-car family still lives in a one-mortgage house. — Dallas News.

Beating the Frost King

Late feed crops which need more time to mature their seed are in danger of frost at almost any time now. It is not necessary to lose a large part of their feed value either by premature cutting or from frost, if the crop is made into ensilage. If frost strikes unexpectedly and singes the foliage, cut the crop as quickly as possible and ensile it later. Often the daily weather report will forewarn of killing frost, and give time to cut the crop before it strikes. In either case the bundles can lie as they fall until cutting is completed, with slight damage to its feeding value.

Two years ago the writer saw many fields of grain sorghums hit by premature frost in the lower Panhandle. Growers started the row binders immediately, and the frost damage did not extend beyond the foliage. Those who had not already prepared for it, began digging trench silos, leaving the crop in the field until the silo was ready. Since it only takes a day or two to construct a trench of considerable capacity, the crop dried out very little in the meantime.

It is preferable to permit the seed to mature, since the feeding value of the ensilage is greater than if it is cut in the "dough" stage, which was formerly recommended. On the other hand, the silo will preserve its full value in whatever stage it has to be ensiled; and immature silage is far better than no silage at all. The past summer saw many fields burned up by drought and useless for feed which would have been well worth saving had the crop been cut and ensiled before it was entirely ruined.

It is strange but true that some people still question the practicability of the trench silo. The point is well illustrated by the reply recently given the writer about sheep on the farms in East Texas. "Well," answered the man asked, "those who have no farm flocks are still saying sheep do no good in East Texas, and those who have them want more." So with the silo—I've never found a man who gave it a fair trial who didn't like it.

It is neither hard nor expensive. While an ensilage cutter, a row binder or even an ensilage harvester which takes the place of both, is a great advantage, ensilage can be made without either. Cut it with a butcher knife on a broom handle, a machete,

a sled cutter, if a better implement is not available. Cut it while succulent and the foliage is green if possible; add water according to the degree of dryness; you can even make ensilage from cured fodder by using enough water, but that isn't the way it ought to be done.

It is much easier to feed out if the ensilage is cut into short shreds and it also packs better in the silo. But good ensilage is made by laying the stalks shingle fashion, closely packing them, and wetting them down to facilitate fermentation. The only real indispensable are to exclude the air and provide moisture enough to insure the fermentation which preserves the material. Keep these two points in mind and anyone can make good ensilage of corn, sweet or grain sorghums, or other highly carbonaceous forage.

Ensilage made of whole stalks singly or in bundles, must be cut as fed, and a simple implement to do this will cost a dollar or less. A heavy iron bar for a handle with a transverse blade of tempered steel which can be kept sharp will do the job of cutting.

SUDAN'S NEW WHITE WAY ALMOST READY

Sudan is the first town in Lamb county to install a "White Way" of street lighting. Six of the new lights are installed on each downtown block, and three to each other block. All wires are placed underneath the ground.

Lubbock Ginner Says Building Program Will Hold New Population

"Despite the temporary setback of our cotton situation and perhaps a few other localized industrial activities, Lubbock continues to add new population and show progress. I am happy to join the other leaders of industry in this section expressing my complete confidence in the stability of our enviable economic outlook for the coming year. I am particularly pleased to note the increased residential building in progress. This program will enable Lubbock to hold its new population and prepare for the constant flow of new arrivals we are enjoying."

Expressing his complete confidence in the continued growth and prosperity of Lubbock, Mr. B. L. Howard, manager of the Lubbock Cooperative Gin Company further suggested: "Lubbock has not yet penetrated the surface of its limitless trade territory and it behooves every citizen to look ahead to the greatest future we have ever enjoyed because business has never failed the aggressive firm or individual in Lubbock."

The Lubbock Cooperative Gin Company has, for many years, been identified with those leading institutions of this section cooperating in securing the industrial activity being enjoyed by this city. Serving South Plains farmers over a wide area for many years.

The Lubbock Cooperative Gin Co., afford farmers of this section a select and active market for their product, together with prompt and efficient service at all times. They have built and maintained an enviable patronage through many years, primarily due to their policy of offering the highest cash prices obtainable at all times. The Lubbock Cooperative Gin is completely equipped and has a capacity equal to the largest in the South. It is interesting to note that during the busy season, one will find the same unvarying courtesy which marks their standard the year round. Their warehousing facilities are unequalled in the South Plains area.

Behind the Scenes in American Business

NEW YORK, Oct. 31. — BUSINESS — While the current recovery movement has featured prosperity headlines for big industries such as steel, factory machinery, public utilities, and engineering construction, some of the less spectacular industries have also been chalking up rosy records as booming again, and manufacturers shipped \$40,000,000 worth of their own. Retail furniture sales highest this year. September was the first 1938 month in which also notable for the fact that it shipments to local dealers by sash, door and frame manufacturers exceeded the similar month last year. Rug sales, which started the year off poorly, will probably come within 10 per cent of the 1937 volume, as mills speed up production to meet rapidly rising demand.

WASHINGTON — The 20th anniversary of Armistice Day is a reminder that the world was not "made safe for democracy" by the world war. Officials here, though, aren't wasting time crying over spilt milk. Believing they read correctly the country's sentiment, they are pushing a broad program of national defense preparedness. Behind all preparedness mechanisms, military experts say, lies the problem of raw materials. America lacks, in whole or in part 21 strategic raw materials, according to the War Department.

New Model Car Features Streamline Styling

These pictures of the new 1939 De Soto clearly show the smooth flowing contours of the car's new streamline styling, which sweeps back in one unbroken line from the gleaming, chromium radiator grille to the concealed luggage locker in the rear. Bigger, wider, longer and roomier than any previous model, this De Soto eliminates the old-fashioned trunk "bustle," providing at the same time 23 cubic feet of usable trunk space, or 27 per cent more than the big trunk on the 1938 models.

Many we now import have to cross thousands of miles of ocean. Rubber comes from Malaya and the Dutch East Indies. Bauvite, to make aluminum, from South America. Manganese from Russia, Africa, India and Brazil. Tungsten from China. Plenty of manganese, indispensable in steel making, exists in the U. S., with deposits in at least 20 states. But it requires costly equipment to concentrate the ores. Holding back development of a going domestic manganese industry which would serve as wartime "insurance," strategists point out, is the fact the tariff was cut in half in 1935, thereby giving the market almost exclusive to far-off nations where the ore is mined by cheap labor. Recent developments have crystallized sentiment here in favor of legislation such as was introduced in the last congress designed to solve the raw materials problem by building emergency reserves exclusively from domestic sources. This would include Cuba, in the case of manganese, it is felt, since the Army is recommending continued development of Cuban mines to keep available this accessible source in case of emergencies.

THINGS TO WATCH FOR — New type of fluorescent lamp which can be screwed into the ordinary type of electric socket in the home and saves 80 per cent of current costs. "Jitterbug Contests" to take place of "bank nites" at local movie houses. Cough drops containing aspirin. "Roof-top" parking stations with stores beneath them; promoters now operating one in New York, expect to be copied in other cities and towns. A two pound wool blanket to compete with the regular 2 3/4 to 3 pound numbers. Three-way men's overcoat to sell at around \$40; lining zips out to give warm-day topcoat; turn that inside out and you have raincoat. "Jam" bracelets inscribed with the pargon dear to the heart of every swing devotee. Furniture polish, shoe polish, carbon paper and certain cosmetics made from rice bran oil rather than vegetable waxes.

MINE HOST — Eager to prepare for the heavy traveling expected next year as a result of the World's Fairs, hotel keepers last week flocked to the National Hotel Exposition here to see what new ideas in hotel supplies had been thought up since last year. Simmons Company crashed through with a tricky double-deck bunk bed to be used when accommodations become scarce and which

Germany Takes Party Reins; Booms Garner

With the energy and enthusiasm which has characterized his crowded career as a businessman and civic leader, Eugene B. Germany of Dallas this week had plunged into active leadership of the Texas Democratic Party. Germany is the new Chairman of the State Democratic Executive Committee, elected at the recent State Democratic Convention in Beaumont at the instance of Governor-Nominate W. Lee O'Daniel. He succeeds Myron G. Blalock. Rallying Texas behind the growing Garner-for-President movement is one of the most important planks in Germany's program. Garner was endorsed for the Presidency by the State Democratic Convention. Chairman Germany has called the new State Democratic Committee to meet in Mineral Wells on November 7th and organize the work of the Party for the biennium. Germany's career has much of the bound-to-win flavor. The 46-year old Chairman was born in Nolan county; his boyhood was lived in Henderson and Van Zandt counties.

Newspapers quote Oberlin college professor as stating that King Solomon was vastly over-rated. It must be a misprint for over-mated.—Tyler Telegraph.

Bob Strain and Logan Strain of Crane, Texas visited their sister, Mrs. L. D. Brannan, Saturday and Sunday.

Big Tree Hudson, one of our real pioneer citizens was in Tuesday.

Eld Aryain of Aryain Dry Goods had the misfortune to badly sprain his ankle last Monday afternoon when he stepped off the curb in front of Bucks barber shop. X-rays were made but no broken bones were found and other than being quite painful, necessitating his using a crutch, it is thought he will be back on the job soon.

One thing we must say for those candidates who have been elected with the help of Federal Treasury — they are the best that money can buy.—Denison Herald.

Robert Welch, who has been quite seriously ill in the local hospital, was able to be taken home Tuesday, and his many friends are hopeful he will continue to improve. He is manager of Cicero Smith Lumber yard at Meadow.

GAINES COUNTY SELLS \$150,000 FINE STEERS

Ranchmen in the Gaines county area sold young steers valued at \$150,000 last week to several different buyers from several states. 2500 head of cattle were shipped out of Seagraves last week.

Mr. and Mrs. Bogan Caldwell of Alpine, have been the guests of Mrs. Caldwell's parents, Mr. and Mrs. Arnett of Meadow. While here they called on their old friend, Miss Jewel Townes, of Collins Dry Goods Co.

Mr. and Mrs. Bill Crayton of Lamesa were here Tuesday on business.

Mrs. Glenn Webber is visiting her sister, Mrs. B. A. Patterson in Duncan, Oklahoma.

The un-cut version of "Hamlet" now playing in New York lasts five hours. That's no "Hamlet," that's a metropolis.—Vernon Record.

Georgia's champion speller is a 13-year-old girl. Somehow the champions never seem to be in the stenographer age bracket.—Beeville Bee-Picayune.

Mesdames Clyde Lewis and Arthur Sawyer were guests of their daughters, who are attending Tech, Tuesday.

An easy way to clean carpet sweeper or vacuum cleaner brushes is with a coarse comb.

Mrs. Frank McDermott of Littlefield is the guest of her sister, Mrs. R. Tipton.

Around the Clock

by e. g. d.

Armistice today . . . and with it a return of memories, some very dear, some very tragic, but worthy of a second thought to all of us who are possessors of all of our faculties . . . maybe you think the "breaks" have been against you, but how much worse if you were afflicted in body or mind.

For those who battled so courageously, and to those who have battled by vote and amendment to keep war out of the lives of this generation, remember to think in terms of gratefulness on November 11.

Red Cross drive begins November 11. This organization knows no creed, has no social prejudice, recognizes no class differences, has one aim, and that is caring for the Down and Out.

BRIDGE-LUNCHEON

Mrs. R. M. Kendrick entertained the Ace High Club, Friday afternoon with a 3 o'clock bridge party followed by a lovely 5 o'clock dinner, served at the private Dining Room at Terry's White Kitchen. Lovely fall flowers and Thanksgiving appointments carried out the holiday motif.

Mrs. Roy Wingerd scored high and Mrs. Lee O. Allen second high. Both were beautifully favored.

The guests list included Mesdames W. H. Collins, Ray Christopher, Jim Graves, Ike Bailey, Cecil Smith, W. R. McDuffie, Ned Self, L. Nicholson, Lee O. Allen, Herman Heath, Roy Wingerd and Garrett Daugherty.

FEDERATED MISSIONARY COMMITTEE FOR THE COMING YEAR

The following are the officers and committees of the association:

President, Mrs. David Perry; Vice President, Mrs. W. W. Price; Sec. and Tres., Mrs. Willie Arnett; Program Committee, Mrs. Price, Mrs. M. E. Jacobson, Mrs. Fred Walker.

Membership Committee, Mrs. Wier; Mrs. Carpenter, Mrs. Gladys Green.

Finance Committee, Mrs. Harry Longbrake, Mrs. L. J. Dunn, Mrs. A. T. Pickett.

Christian Social Relation Committee, Mrs. Laurence Green, Mrs. J. B. King, Mrs. Judson Cook.

All committee chairmen are urged to call their committees together and plan their work for the coming year. It will be necessary for the Program Chairman to call her meeting very soon.

TEACHER'S BANQUET

The teachers of Terry county will meet in Terry's White Kitchen Tuesday, November 15th for their annual banquet. Mr. E. E. Day, deputy state superintendent; Miss Edgar Ellen Wilson, second assistant state superintendent and Dr. Lewis B. Cooper of the Texas Tech faculty will appear on the program, along with musical numbers to be arranged.

If there is a teacher in the county, who has not received notice, they may consider this an invitation. Reservations may be made with the committee until Saturday night. Price 60c.

Signed:
M. L. H. Baze
W. M. Vernon.
Lee Fulton,
Committee

FIRST BAPTIST

The regular service of the Baptist church will come at the following hours:

Sunday School, 9:45.
Preaching, 11:00 and 7:30.
B. T. U., 6:30.
Monday Night Young Peoples Service, 7:00.
Mid-Week Service, 7:00.
The pastor will be present to preach at the services Sunday.
—Avery Rogers, Pastor.

Mrs. Hilda Jean Clair has been confined to her room the past month with an attack of rheumatic fever.

Judge and Mrs. Clauncey of Wichita Falls were guests of her son, Rev. Walker and family over the week end.

WEST WARD P.-T. A.

The Parent-Teacher Association met in regular session November 3rd at 3 o'clock in West Ward school building. The following program was enjoyed by a large number of mothers:

Xylophone selection, Miss Rasco, accompanied by Jane Brownfield.

The Parent's Duty Toward Child's Play in Home, Mrs. Frank Wier; in School, Emmitt Smith, in Church, Mrs. Fred Walker.

The report given from the "Milk Bottles" was a total of \$12.00, which is to be used to buy milk for under-nourished pupils. Coins dropped into these different bottles are greatly appreciated and will be used for a good cause.

The 30th Annual Convention of the Texas Congress of Parents and Teachers will be held in Lubbock, Nov. 15, 16 and 17. "Parental Quests" in the theme for the convention. Many interesting and helpful discussions will be given and we hope there will be good attendance from our county.

THE METHODIST CHURCH

The last day the present pastor will have, before Conference at least and perhaps for all time in Brownfield will mark the end of almost exactly two years next Sunday. It has never been, and never will be his practice to air any victories or griefs before the public. Some criticisms will be answered for the good of the church. Naturally no recommendations of his ministry will find a place in the services on this possibly his last day in the service of the local church. Every member is urged to be present. Visitors are always welcomed. Bring a friend.

There will be no preaching service on the following Sunday, November 20, for at that time all the preachers of the Conference will be in Memphis attending the session of the Northwest Texas Conference. Of course all Sunday school activities will be carried on as usual. And a good attendance is expected.

A called session of the Quarterly Conference will be held Sunday afternoon promptly at two o'clock, at which all members of the Conference are expected to be present.

Mrs. Travis Bynum underwent a major operation at the Treadaway-Daniel hospital, Monday morning.

Mrs. L. R. Pounds underwent an emergency appendectomy, early Wednesday morning at the local hospital.

MISS TITTLE MEMBER COWGIRL CLUB

Known throughout West Texas are the Cowgirls, picturesque co-ed organization at Hardin-Simmons University, in Abilene. Annually since its organization in 1925, this group of fifty H-SU coeds has been active in promoting good sportsmanship on the campus. It supports the athletic teams, the Cowboys, is frequently featured with the famed H-SU Cowboy Band, and is prominent in varied university activities.

Membership in the Cowgirl group, based on scholarship and moral character is by invitation, and this fall twenty-six new members have been elected. The colorful costume of the Cowgirls, featuring the purple and gold school colors, includes spurs, gauntlets, belts, purple shirts, golden blouses, boots, and ten-gallon cowboy hats, and is widely hailed as typical of the southwest.

An active member of this club is Ona Fay Tittle, of Brownfield, Miss Tittle is a senior at H-SU this year.

LOCAL BOY WINS SECOND PLACE IN AMATEUR PROGRAM

Guy Tankersley, John Tarleton student from Brownfield was one of the members of the trio which took second prize in an Amateur Contest held Thursday night at the college auditorium. The prize for first place was five dollars, and although there was no prize given for second and third places, the membership in the winning three trios makes the student very popular on the Tarleton Campus, where musical talent is given high regard.

Tankersley is also a star on the John Tarleton Plowboy football team. He played the drums in the contest.

BIRTHDAY DINNER

Miss Dorothy Faye Sexton and her aunt, Mrs. Lois Floyd surprised the former's mother, Mrs. T. G. Sexton, with a birthday dinner Sunday, Nov. 6.

The meal was served buffet style to the following guests:

Mr. and Mrs. C. Sears, Mr. and Mrs. E. L. Redford and son, Billie, Mr. and Mrs. Walter Hogue, Mrs. Bob Brown and daughter, Nelda Joyce, Mrs. J. T. Auburg and son, Paul.

Herby Lees was a visitor from Big Spring over the week end. He returned to Big Spring Monday morning with Mr. Carl Rogers.

FIRST PRESBYTERIAN CHURCH

Fred A. Walker, Pastor
Sunday School, 10:00 o'clock.
Morning Worship 11:00 o'clock.
Senior C. E., 6:45 o'clock.
Night Service, 7:30 o'clock.
The topic for the sermon at the morning service will be, "Opening Iron Gates." At night the pastor will speak on, "Small Enemies of Usefulness."

Tuesday night we enjoyed a family night social at the church with supper being served. The house was crowded and everyone enjoyed the occasion very much. The public is cordially invited to all services.

MARRIED

VISALIS, Calif., Oct. 22.—Mr. and Mrs. Garrison Hughes, who were married at Delano on Oct. 12, have returned from a short honeymoon trip to Long Beach and are staying at the home of Hughes' parents, Mr. and Mrs. B. L. Hughes. The young couple will move later to Long Beach to make their home. Mrs. Hughes is the former Miss Arlene Moss of Lubbock, Texas, the daughter of Mr. and Mrs. W. J. Moss of Lubbock, Texas. She is the niece of Mr. and Mrs. L. R. Stanford and Mrs. D. Stanford of Visalia and a cousin of Hiram Stanford of Visalia.

BAPTIST CHURCH NEWS

Attendance at the Sunday School hour slumped to 204 just 99 short of last Sunday. Was it cold? Not for anything but going to church. Cold weather hurts Baptists worse Sundays, and some others. The preaching service had a fair attendance with three ad-

ditions for the day. The pastor is in attendance at the Texas Baptist Convention at Dallas this week but will return and give the church a full account of the convention next Sunday. It is expected to be the most important meeting of the convention in many years as the increased needs of the great state of Texas demand an increase in the work of the convention, which will be considered this week.

The Womens Missionary Union of the church here met Monday in circles with 28 members present.

They will meet next Monday at 1 o'clock p. m. in circles as follows:

Lottie Moon, with Mrs. W. L. Bandy.
Reagan, with Mrs. Vernon.
Annie Long, with Mother Green, which is an all day meeting and all are requested to bring a covered dish.
Lockett, with Mrs. D. P. Carter, an all day meeting with covered dish luncheon.

The women will be engaged in the study of foreign mission work of the Southern Baptist Convention, and it is believed that the reason women believe in missions so strong is because of their knowledge of the work, as they have more information about what is being done, and the success of the work. It is observed that people who are opposed to mission work know little about it and are not interested in what the Bible says about it.

Make next Sunday a banner day in the teaching service with 350 present on time. It can be done.
—Church Reporter.

Mansie Woods was a business visitor in Brownfield, Wednesday.

CITIZENSHIP CLUB

The Citizenship Club of the 5-A class of Junior High School met Friday, October 28 for a Halloween program. The Good Manner Committee with Mildred Irene Hamilton as chairman gave the following program:

Song, "Three Little Witches" 5-A class.
Ghost Story, Kathrine Martin.
Origin of Hallowe'en, Myron Harris.
Hallowe'en Song, Barbra Taylor, Alma Yates, Kathrine Martin, Fannie Ruth Vernon.
Reading "Hallowe'en Night," Dorcile Lovelace.
Games led by Mildred (Sugar) Hamilton.

The best citizens of the week were: Morgan Copeland, Alma Yates, and Fannie Ruth Vernon. Miss Edwards served cold soda pop for refreshments. We were glad to have had Mrs. G. H. Hurd as a visitor.
—Reporter, Fannie Ruth Vernon.

WOODMAN CIRCLE NEWS

The Woodmen Circle met in regular session, Friday night, with Mrs. Effie Smith, presiding.

Plans were made relative to attend the Jennie Lindbloom convention in Littlefield, at which time the drill team will complete again, for the Loving Cup, in their possession since last year, when it was won in Lubbock.

Seventeen members were present. At the close of the business meeting Mesdames Oliva Nell Travis and Thelma Blair served dainty fruit refreshments.

EASTERN STAR

THE O. E. S. met Monday, Nov. 7, at the Masonic Hall, in regular session.

Mrs. Una Bell presided. Visiting members, Mesdames Williams of San Angelo and Barbry of Plains made short talks.

Hostesses for the occasion were Mrs. Della Thompson and Mrs. Wilhite, who served hot chocolate at the Palace Drug Store. Twelve members were in attendance.

Judge and Mrs. W. B. Chauncey of Wichita Falls were visitors in the city last week, being the guests of Rev. and Mrs. Fred Walker. Judge Chauncey spoke Sunday night at the Presbyterian church. Mrs. Chauncey is Mr. Walker's mother.

Misses Ann Buckley of Fort Worth and Agnes Rowley of Des Moines, Iowa, were week end guests of Miss Queenelle Sawyer. They are Tech students and sorority sisters.

Mrs. Jaunita Moffett, a teacher in the Pleasant Valley school was shopping in town Saturday.

We are glad to welcome three new correspondents, Mrs. D. J. Harris of Meadow, Mrs. Juanita Moffett, a teacher in Pleasant Valley, and Mrs. W. J. Carter of the Poole community. Any assistance given these ladies in reporting news will be greatly appreciated by both, the correspondent and the Herald.

NOBODY'S BUSINESS

By Julian Capers, Jr.

AUSTIN—Financial affairs of the State of Texas engaged public attention in Austin this week, as various reports for the fiscal year ended August 31, 1938, became available. Outstanding developments included these facts revealed by the audits and reports: Income and expenses of the State government reached an all-time peak, with total receipts of the State amounting to \$197,715,061, of which only \$175,311,068 was classed as "revenue receipts." Expenditures for the fiscal year totaled \$157,747,877, an increase of about \$13,000,000 over the previous year.

School Cost Most
Education led all other governmental costs, with \$52,829,722, and highways were next, with \$48,014,442. Every dollar of State revenue spent included the following major items: Educational purposes 33.48 cents; highways 30.43 cents; public welfare (including old age

pensions and Confederate pensions) 18.6 cents.

A decline in costs for the year under the previous year were reflected by five governmental departments, including the legislative, executive and administrative, highways and parks and monuments. Government functions which cost more this year were judiciary, protection of life and property, regulation of business and industry, public health, conservation of natural resources (supervision of oil and gas production), eleemosynary and correctional institutions, educational service, and debt service.

Gas Tax Nets 42 Millions

The gasoline tax proved the largest single source of revenue for the year, yielding \$42,228,405, or 63.69 cents on each revenue dollar received. Gross receipts taxes brought in 12.91 cents per dollar and ad valorem property taxes brought only 8.84 cents. Automobile license tax brought in 4.08 cents per dollar, while the chain store tax, a new levy, yielded 1.13 cents.

Significantly, the State auditor made public a report of an audit of the affairs of the State Department of Education which contained some pointed criticism, and recommended that a centralized bookkeeping system be installed, with one individual responsible for the accounting of this, the most costly function of government.

Raps School Accounting

Auditor Tom King reported the records of one manufacturer of appliances used by the vocational rehabilitation department indicated sales commissions had been paid an employee of this division, but a letter from the manufacturer later declared the payment was a "loan" instead of a commission. Other items of loose accounting included payment of expenses accounts of the director of school

census by local officials, without sufficient data available to verify the items. King also reported an expenditure of over \$6,000 for pay of clerks under the title of "coordinators" in vocational education work, was apparently made in violation of State law. He also criticized inadequate records in the college entrance examination division, and payment of salaries to employes while attending college in Texas and other states. The department spent during the biennium \$606,299 for salaries and \$141,601 for traveling expense.

Deficit Looms Big

The deficit in the State's general fund reached a high point of \$18,426,353 as of Oct. 3, but Treasurer Charley Lockhart predicted a decline, as the 1939 payments on Texas "bread bonds" have already been set aside from the fund, and revenue coming into the general fund for the 1939 fiscal year will go to reduce the deficit. Texas is in excellent shape so far as bonded debt is concerned, as the last of the \$20,000,000 of bread bonds issued during the depression will be retired within four years, ahead of schedule.

Highway Officials Coming

Texas will be host to the highway building brains of the nation next month, when the American Association of State Highway Officials, including representatives from every American state, convenes at Dallas, Dec. 5-8 for their annual parley. Following the convention, the highway builders will be conducted by Texas road officials on a three-day motor tour, visiting the East Texas rose and oil fields, the Gulf Coast, the famous King Ranch, and colorful San Antonio. These annual meetings provide an opportunity to exchange ideas developed throughout the nation on advanced highway building practice and policies, and Texas with the largest highway mileage of any American State, will welcome the roadmen. C. H. Purcell, chief engineer of the California highway department is president.

Montgomery Is Speller

Julian Montgomery, chief engineer of the Texas Highway Department, is declared by his friends to be the most erudite public of

ficial in Austin. He is not only a crack engineer, but such a good grammarian and speller that he is the despair of the stenographers in the Highway Department. At a recent conference of division engineers, Montgomery started an old-fashioned spelling bee, and spelled down all the engineers, tossing off the usual "trick" spelling bee words with the greatest of ease.

New Park to be Donated

Future generations of Texas will enjoy one of the most beautiful scenic sections of the Trans-Pecos region under plans now under way by the State Park Board and the Legislature to set aside a tract of 1600 acres in the Guadalupe Mountains as a State park and wildlife sanctuary. The land has been offered as a donation by J. C. Hunter, Wichita Falls oilman. It includes beautiful McKittrick Canyon, and El Capitan, famous peak. The country contains big-horn sheep, mule deer, and a colony of elk numbering 400, introduced from Yellowstone park's herd several years ago. The State Highway department will develop plans for a road into the area if it becomes a State park and game preserve.

PLAINS

Mrs. Louise Oden and baby of Dallas are here visiting her parents Mr. and Mrs. W. H. Hague.

Mr. and Mrs. M. A. Hufhines and children of Roby visited friends in Plains over the week end.

Mr. and Mrs. Kit Morris were in Brownfield, Saturday night shopping.

R. C. Anderson who accidentally shot himself last week is reported doing nicely.

Mr. and Mrs. C. I. Bedford were attending business in Brownfield, Wednesday.

Mr. and Mrs. K. W. Whisenant and children spent the week end with relatives in Tatum.

Miss Margaret Hague of Dallas is here visiting in the W. H. Hague home.

Mrs. E. S. Raymond of Roswell visited her parents, Mr. and Mrs. J. H. Morris a few days last week.

Mr. and Mrs. J. A. Rushing and son were among the ones shopping in Brownfield Saturday.

Mrs. W. K. Whisenant and children spent last Tuesday with Mrs. Aaron Morris.

Mr. and Mrs. W. H. Hague and Mr. and Mrs. Ralph McClellan have returned home from Dallas where they visited relatives a few days.

Rev. J. C. McGraw of Loop was visiting in Plains Friday.

Mrs. E. S. Raymond, Mrs. J. H. Morris and Mrs. John Camp and son visited their daughter and sister, Mrs. U. L. Wheeler of Odessa, Wednesday.

A large crowd of young folks enjoyed the party Saturday night in the home of Mr. and Mrs. Pride.

Meadow

Have not seen any items from Meadow, so will let the people know Meadow is still on the map. We had a cold norther, and snow Sunday.

Miss Chandler, teacher in mathematics spent the week end with her father in Lubbock.

Miss Mattie Morgan visited friends in Ropes, Friday night. Mr. and Mrs. A. L. Hicks and his aunt, Mrs. Addie Pulley are attending the Baptist Convention in Dallas this week.

Mr. Horn, pastor at Lakeview was in Meadow on business, Monday.

Mrs. Floyd Bradley was ailing last Saturday.

Mr. Robert Welch was reported to be some better Sunday.

Mr. and Mrs. Otho Watkins are the proud parents of a baby girl which arrived last week.

Mr. O. W. Watkins who has been

in Lubbock for treatment is at home again, improving.

Mr. and Mrs. A. L. Sisk of Shal-lowater were in Meadow last Sunday.

Miss Bain, teacher in Home Ecs. took several of her pupils to Spur Saturday to a Home Economics rally.

Miss Marie Hicks visited Miss Cathrine Verner, Sunday afternoon.

Pleasant Valley

Old Man Winter seems to have put in his appearance again with ice all over everything. Some of us were not quite ready for such a cold spell.

Mrs. Bailey from Oklahoma was in the community transacting business for a day or so last week.

Mr. and Mrs. Cecil O'Neal and family visited Mr. O'Neal's parents at Morton, Sunday.

Mrs. Nabors and children of Lubbock visited her brother and family, Mr. R. P. Carruth, over week end.

Mr. and Mrs. Cash Range and family of Anton and Mrs. M. J. Range of Wichita Falls visited in the Cave home, Sunday.

Mrs. Jaunita Moffett and little daughter spent Saturday night with her parents at Wellman.

Miss Nora Mae Kerby spent the week end with friends and relatives at Hermligh.

Mr. Jess F. Blair attended the birthday party at Seagraves Saturday night, honoring Supt. Gene McCullough.

Mrs. Blair and Barbara Dell visited Mr. Blair's parents at Loop, Saturday night.

Mr. W. O. Hart and children made a trip to Sweetwater to get Mrs. Hart who has been visiting relatives there.

Mrs. Will C. Brown of Gomez is spending a few days in the home of W. E. Steen.

Misses Katherine Speed of Challis and Syble Willis spent Saturday night with Misses Rose Jean and Billie Ruth Gandy.

Mrs. Vernice Minton of Nogales, Ariz., is visiting her parents Mr. and Mrs. W. P. Forbes of this community.

Mr. and Mrs. John Burnett are moving to Brownfield this week.

Miss Jim Smith made a trip to Lubbock Saturday. She also spent Saturday night and Sunday with her sister, Mrs. Peacock of Tokio.

Several from this community were in Brownfield Saturday and Tradesday.

Mrs. Lloyd Dawson and her sister, Mrs. Minton were visiting in Lubbock, Sunday.

Mesdames W. P. Forbes, Vernice Minton, Cecil O'Neal and Lloyd Dawson visited Mrs. Marshbanks at Harmony, Thursday.

GOMEZ

Mrs. Kenneth Furr was a charming hostess to the Gomez Study Club on Thursday evening of last week. During the business session final plans for the Club Year-book were drafted, including a motto, "We Study That We May Serve;" club flower, red rose; club colors, red and white.

The highlight of the evening was a very interesting and educational program, rendered on the subject of "Germany" as follows:

Germany prior to 1848, Mrs. W. H. Key; Germany from 1848 to 1871, Mrs. D. A. Kelley; Germany from 1871 to 1914, Miss Rena McLeroy; Germany from 1914 to 1938, Mrs. Douglas Buchanan. The Legends of the Rhine, Miss Nellie Mae McLeroy. A Traveler in Modern Germany, Mrs. R. A. Whitley. Miss Nellie Mae McLeroy conducted the program with an illustrated lecture on "A trip up the Rhine River."

The hostess gave a brief lecture on "Armistice Day and Its Meaning."

A delicious refreshment course consisting of chicken salad, spiced tea, and coffee was served to the twelve members and seven visitors who enjoyed the lovely affair.

Mr. and Mrs. J. L. Perkins entertained with a lovely birthday party on Monday afternoon in honor of their sons, Ray and Roy's twelfth milestone in life. Outdoor games featured the afternoon's entertainment. Following the presentation and examination of the hosts of attractive gifts, refreshments of hot chocolate and cake was served to the twenty-eight girls and boys of the local fourth and fifth grades; their instructor, Mrs. J. B. Huckabee, Jr., one of their room mothers, Mrs. Mayes Jenkins of Happy and Mrs. Davis of Brownfield.

Messrs. and Mesdames Charles S. Broughton and L. L. Blackstock, Jr. of Odessa, were week-

BRONCHIAL ASTHMA

Just a Few Sips and—Like a Flash—Relief!

Spend a few cents today at any drug store for a bottle of BUCKLEY'S MIXTURE (triple acting)—by far the largest selling cough medicine in all of old Canada. Take a couple doses at bedtime and enjoy a good night's rest. One little sip and the ordinary cough is "on its way." Continue for two or three days and you'll hear little more from that tough old hang-on cough that nothing seems to help—if not joyfully satisfied—money back.

SENATOR TOM CONNALLY APPROVES RE-DISTRICTING

LUBBOCK, Texas, Nov. 7.—U. S. Senator Tom Connally expressed approval of a survey by Texas Tech government classes showing sectional inequality of representation in the state legislature, on his recent visit to Lubbock.

"I would like a complete outline of the plan, as it may offer a solution to the problem," Connally said.

The project, proposing to re-district Texas in accordance with 1930 federal census figures, is directed by J. W. Davis, government instructor.

Alton Webb of Lubbock has accepted a position with Cave's store, succeeding Moffitt Hayes.

Miss Sue Stephen of Allred was a shopper in town Tuesday.

Papers Discredit Claim of GOP Victory

Old Guard Republican assertions that several Democratic states will desert the New Deal certainly are not verified by the most recent political forecasts in those states as published in ultra-conservative G O P newspapers.

"The Democrat (heading the ticket for United States Senator) now has the edge in New Jersey" and "The odds are somewhat against the Republican nominee for Governor of New York," according to surveys in the Old Guard Wall Street Journal two weeks before the election.

In New Jersey, says this commentator, the veteran Bernard Kilgore, William H. J. Ely, the Democrat, "will have a sure advantage of 100,000 in Hudson county, and 25,000 in Middlesex county. Ely is from Bergen county where his election record is amazingly good. So Republicans have an uphill battle if they are going to snare a Senate seat in 1938 from this one of their oldtime 'stronghold' states."

The Wall Street Journal endeavored to make out a case for G O P gubernatorial nominee Dewey in New York on the assumption that Governor Lehman "is not apt to endorse the New Deal." But on the day this labor effort was printed the Democratic governor opened his campaign with an unequivocal and eloquent tribute to the Roosevelt administration. In fact he devoted his entire opening speech to a plea for its support. This lengthened the admitted "odds against the Republican nominee." The writer added: "New York State is obviously no field for the harvesting in 1938 of places for the G O P in the House in Washington." Of New York's 45 seats, 28 are "securely held by Democrats" and "only three were won in 1936 by margins as low as five percent."

In a highly editorialized staff story from Boston, the Chicago Tribune admits that the Democrats are "liable to win again" in Massachusetts due to "the recent hurricane, as the answer to a political prayer."

G. Gould Lincoln wired the standpat Republican Washington Star from Omaha, after a three-day survey: "Republicanism in Nebraska has reached an all-time low. Low farm prices and corn and wheat allotment system—regarded as real issues against Roosevelt New Dealers—made no dent in Republican gloom in Nebraska. Organized labor is lined up solidly with the New Deal. Republican business men are supporting the Democratic candidate for governor."

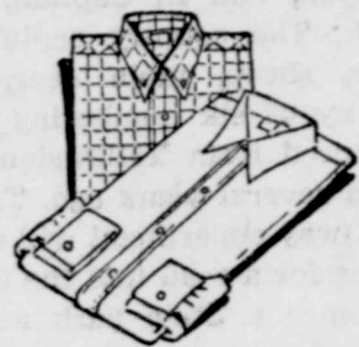

The Boston Christian Science Monitor, thoroughly non-partisan, sees Indiana as "safely Democratic from stem to stern" and also "certain and complete defeat" for Thomas E. Dewey, G O P candidate for governor in New York. Thomas L. Stokes of the Scripps-Howard Washington Bureau, in a "detached and objective appraisal of the present campaign in Ohio," reports: "As of this date (Oct. 21), a majority see Senator Bulkeley (Democrat) returned to Washington."

Do our youngsters really act the fool now? Below is some of the calling for a square dance that we had back in our foolish days in the dim and shadow distance of near a half century:

S'lute yer pardners, let'er go,
Balance all and do-se-do.
Swing your girls an' run away,
Right an' left and gents sashay.
Gents to right an' swing or cheat,
On to the next girl and repeat.
Balance next and don't shy,
Swing your pard and swing her high.

Bunch the girls an' circle 'round,
Watch her feet until they bound.
From a basket, break away,
Swing and kiss an' all get gay.
All'am and left and balance all,
Lift yer hoofs and let 'em fall.
Swing yer opposite, swing again,
Kiss the sage hens of your kin.
Back to pardners, do-se-do,
All join hands and off ye go.
Gents salute yer little sweets,
Hitch and all promade to yer seats.

That mess was all mixed up with Old Zip Coon, Molly Put the Kettle On, Hell Among the Yearlins, Billy in the Low Ground, Georgia Camp Meetin', Chicken Reel and a lot of more classics coined as feet made pitter-patter on a rough floor. Barbecue, sour dough biscuits and coffee for supper, midnight and breakfast was the custom in the pioneer Panhandle. Often several cakes and pies were mixed in. It was a great night and often lasted for three days. "A good time was had by all" when the population was scarce where every man was a hero and every woman a queen.—Clarendon Leader.

accepted," according to information received by President J. W. Calhoun from Dr. Otto Struve. Dr. Sturve is joint director of the McDonald observatory, situated on Mount Locke, in the Davis Mountains, and the Yerkes Observatory of the University of Chicago.

The mirror is at the present time the second largest finished astronomical mirror in the world. It is surpassed only by the 100-inch mirror at the Mount Wilson Observatory, Pasadena, Calif. After the completion of the 200-inch mirror of the California Institute of Technology, the Texas mirror will rank third in the entire world.

WAS HER FACE RED

University of Texas student elections last week brought embarrassment to Val Jean Aldred of Austin.

She was serving as election judge, and noticed a young boy standing to one side. Walking over to him she asked: "Don't you want to vote?" "No," he replied, "I didn't pay my poll tax."

"Oh," she said, "so you're one of those O'Daniel guys."

"Ye, my name is Pat O'Daniel," he smiled.

It was Pat O'Daniel, son of the Governor-nominate, who is a freshman student at the University of Texas.—State Observer.

Miss Ruby Nell Smith spent the week end with home folks.

Mrs. H. Fields and son of Bronco, were over Tuesday shopping.

You'll never be the same if you forget November 21 and 22.
