INTRODUCING NEW PEOPLE TO A NEW BUT GROWING GROCERY IN THIS CITY

Messrs. McCollum and Greenwood Are Not New People Here, But Have Just Recently Gone on Their Own. It Is a Pleasure to Meet and Do Business With Them.

The Herald takes pleasure this week in introducing through its columns the members of the new firm of McCollum Grocery, Messrs. Elmer McCollum and Howard Greenwood. Of course a lot of people know these fine citizens and business men already, but for the benefit of others, we are making this statement about them. It was about the middle of last month that this partnership was formed, and the purchase of the Evans Grocery made. But just a bit about these men.

If you have never met them, do so, we assure you that you will enjoy calling on them. They are pleasant people to meet, and whether you are in to buy, or just a visit, you'll feel and know that you are welcome, and will want to see more of them. Mr. McCollum has been in this city some four years, having come here from Snyder, although East Texas is his native habitat. He is married, and has two boys, aged two and five. He has spent practically all his adult life in a grocery store, with the exception of one year as a dry goods clerk. He is therefore in position to know the grocery business from start go, especially, the modern grocery business.

Mr. Greenwood has been here since 1935, most of the time with one grocery firm as meat cutter and market man. For some 12 years he has had a background in the market departments of grocery stores, likes the business, and is said to be one of the best in this city. You will find him behind the meat counter in the new store, as he is at home there, and knows what the people want and puts it out. Mr. Greenwood is married and has a daughter 10 years of age.

Both men acknowledge that they had a weakness for all out of door games, particularly, football, baseball, etc. However, both like indoor games, such as pool and bowling, but each confessed that they found little time to play. Now they have two very courteous young men as helpers, Elmer Edwards and Raymond Johnson, regularly, and extra help Saturdays and Tradesdays. We might also add that both Messrs. McCollum and Greenwood think Brownfield is the best place they have ever lived, and aim to call it home for a long, long time.

The store they purchased has changed hands but a few times in its some six years. It was begun in a small way by W. W. Terry who soon found the building too small and had to enlarge it. It was then purchased by Tosh & Tosh, who later sold it to Evans, who ran the store about two years and sold to the present owners. They have a well selected stock of all standard brands of tinned vegetables, fruits and meats, as well as the usual line of bulk stuff, fresh vegetables, fruits and meats. You'll be sure to get what you want at this store, with plenty of smiling service thrown in for good measure.

Baze to Head Monahans School System

Information has just come from the school board of the Monahans-Wickett school district that M. L. H. Baze who served the Brownfield school district for the last four years, was unanimously elected to the superintendency of the Monahans-Wickett schools. Mr. Baze states that he will move his furniture to Monahans immediately and go to Abilene, where he is to give a lecture at the conference on visual education on the subject, "The Use of Home-Made Moving Pictures in the Teaching of Safety." Local scenes and local children will be shown in a safety film. From there the family will drive down state for a few days and return to Monahans to assume the duties of the school about July 1.

The Monahans-Wickett school district is one of the wealthiest school districts in Texas, valuations this year being estimated at close to 13 millions. There are about 1350 scholars, and the school employs some 48 or 50 teachers.

Mr. and Mrs. Baze have asked that we express their best wishes to all their friends and ask that they be remembered as always willing to lend assistance to those who have shown such kindness to them. Those who gave their time and efforts in their behalf are especially remembered.

Mrs. Baze will teach art privately, we learn. Their many friends here are glad that Mr. Baze has secured this school, with a great advance in salary.

Mr. and Mrs. Lincoln Off For Colorado

DALLAS, Texas, June—Agents of the Southwestern Life Insurance Company will meet for the first time in the Company's history beyond the borders of Texas as when the 35th annual convention of the Southwestern Life Club is held at Colorado Springs, Colorado, June 15, 16, and 17, President C. F. O'Donnel announced today.

More than 300 agents and their wives, bringing the anticipated attendance to approximately 500, will attend. Southwestern Life representatives, by producing a specific volume of business during the previous year, win the right for themselves and their wives to attend the Company's annual conventions with all expenses paid. The Broadmoor hotel, resort mecca of Colorado, will be convention headquarters.

C. L. Lincoln, Brownfield representative of the Southwestern Life, and Mrs. Lincoln will go to Colorado Springs for the convention.

Local Firemen Off For Harlingen

Eight husky local firemen left Monday for Harlingen, Texas, where the state convention of Voluntary Firemen meet this year for a three days session. Those attending were: Chief, Eunice Jones, Cecil Smith, Ned Self, C. C. Primm, Herman Chesshir, Frank Ballard, Moon Mullins and Artie Hargrove.

Aside from the business and contest sessions, Harlingen and the valley have promised the firemen a great time this year, including a bull fight across the Rio Grande in old Matamoros, Mexico, opposite Brownsville. Much other entertainment is promised.

Anyway, knowing the firemen as we do, we'll be willing to wager a gill of buttermilk that they have plenty of "bull sessions" even if they don't fight the bull.

Be Careful About Raising Rents

Wide indeed, we are told, is the individual who takes advantage of opportunity when opportunity knocks. By the same token, one would naturally assume that a town is wise if that town takes advantage of opportunity when opportunity elects to knock at its doors. Incidentally there are those of us who believe that the domestic property owners of Brownfield are faced with the unique proposition of deporting themselves like real citizens; and, by so doing, accept for their town the challenge which opportunity has and is slapping us about.

Some time ago the people who follow oil field work as a means of livelihood selected Brownfield as a place of residence. Those who have houses, rooms, and apartments for rent increased the rent price of this property to the extent that people were driven from Brownfield. Now there are those of Brownfield who feel that such a practice is not only down right rotten rotten business, but is hardly the fair thing to do. A certain line of reasoning will lead one to the conclusion that sound business judgement decrees that "extortionate rent for a few months" is worse than "reasonable rent for many months".

Once again the oil field men would select Brownfield as a place of residence. Once again the domestic property owner may rent property that has stood vacant for some time. Once again, because of lack of rain, Terry County may come up with a short crop. And so it is that this opportunity of which we have spoken knocks at the door of Brownfield. Are you, or are you not, ready to follow sound business principles in dealing with those who would live among us? At any rate the Brownfield Junior Chamber of Commerce invites your consideration of the foregoing.

The Brownfield Junior Chamber of Commerce.

Hon. Harry Hines Drops in to See Us

Last Thursday morning, Hon. Harry Hines, State Highway Commissioner was up from Austin to examine the recent street paving at Seagraves, at noon being a guest of the Rotary Club at that place. He dropped in on the Herald, and said he just wanted to check up and see if we got back from Archie Underwood's party at Athens.

Mr. Hines was also due for a speech to the Texas Press Association at Lubbock last Thursday night, which we also missed, but got manuscripts of the speech, and if we are any judge of logic and good sense, was one of the best delivered to that body in quite some time.

Harry Hines is well liked by the people of this section, as he is the West Texas representative in the highway body, and he as well as the other men are doing all they can now to close unpaved gaps in our highway system. Harry is always a welcome visitor in Brownfield.

Many Oil Field Workers Locating Here.

The Herald was given a list of twenty names last week, most of which are said to have a wife, or a wife and children, that work for the Magnolia Company, and consist of drilling crews. They had considerable trouble getting houses and apartments, but understand that all were finally accommodated.

The George T. Livermore crew of drillers and so-called rough necks, were also here this week looking for apartments, and were being assisted by some of the service stations. We understand they found places.

These people all make good money, and are good spenders, and the Herald joins other citizens of the city in welcoming them among us.

Moran Came Up The "Hard Way"

DAN MORAN
President Continental Oil Company

The story of Continental Oil Company and its rise to prominence in the oil industry, is told in the current issue of Fortune Magazine. A striking feature of the article is a thumb-nail sketch of Conoco's President, Dan Moran:

"Born at Cygnet, Ohio, he had picked up cash as an office boy and as a telegraph operator, earned his way through the University of Dayton, and then had gone south. To Tulsa, where he saw the oil spout from the Glen pool strike, then to Port Arthur, where he signed up as engineer for the Texas Co. From there he was sent down to Panama and to South America, and from South America he had trekked north again into Mexico and the States. He had spent seventeen days in a hurricane on an oil barge. He helped repair the ravages of another hurricane, which, ripping through Port Arthur, had floated away the oil tanks of a refinery there like so many toy ships. He had built refineries, drilled for oil, and had put up ocean terminals at Charleston, at Savannah, Pensacola, Mobile, Key West, and in Cuba. And in the process he had learned something of men and something of the sweet-smelling stuff called crude."

Capt. Flache's Company Honored.

Captain Truett A. Flache of this city, of headquarters battery, field artillery were winners of several trophies at close of the regular term at Texas Agricultural and Mechanical college.

Truett is the son of Mr. and Mrs. Ame Flache of this city, and completed his senior year this month at A & M with distinct honors.

They received the Waldrop trophy, field artillery regimental standard as the most proficient field battery artillery. As winners of the Waldrop trophy, they were also awarded the Daugherty trophy, being the accompanying reward.

Truett's company also tied Captain Beckman's company for possession of the Sullivan trophy, an intramural standard, as the unit with the highest winning records in intramural athletics in class A competition (upper classmen.)

So, the old town has a right to be proud of another of its sons who received his basic education in BHS.

Hall Buys Interest of Lindley in Grocery

Ed S. Hall of Plainview recently purchased the interest of Jim Lindley in the Southside Grocery on highway 51, and he will take over his part of the business as soon as he can move his family down. Mr. Hall married a sister of Tom Cadenhead, who is a partner of Mr. Hall in the business now.

These young business men seem to be going, and are already planning a much larger and better building. In fact they have a local contractor figuring on a brick and tile much larger than their present wood building, which will be shoved back until the new modern building is completed.

Asked Jim why he sold, and he informed us that a man never went broke taking a profit. In fact, Jim says he and his wife sorely need a vacation. Since he started to work for Bob Bowers 22 years ago, he has lost only 17 days from work. So, they will leave for a vacation of several months. They will return, and Jim says he will get something else.

Jim is one of the finest neighbors one ever had. When the writer and entire family were down with the flu in 1919, Jim came by each morning and night, milked our cow and attended to the feeding of our fattening pig we had in the pen. Then Mrs. Lindley would cook up food and send it to us. They had the flu earlier in the fall.

Jim Lindley and wife, if they were that sort, could treat us sorter ugly, but we'd always like them for what they have done for us in the past.

Considerable Wind Damage to Crops

There have been various and sundry estimates of the amount of damage in the past several days from high winds from the east and southeast, the damage running all the way from 25 to 50 per cent for the county as a whole. But we have noted that those hurt worst, are the ones that are setting the general average highest.

We have talked to two or three men whose duties carry them over the county, and most of those place the damage at around 25 per cent of actually blown out crops. They say that some individual farms have been hard hit, while another across the road or fence have nice crops. It was said that those who planted shallow in most cases are the ones worst hurt.

An implement dealer informed us that despite a shy rainfall, there was some of the best crops in Terry for the time of year he had ever seen. Mr. Dennis Lilly, who sees much of the county every week, agreed with this assertion.

Ches and Joe Leave For Convention

Ches Gore, the "invisible" sheriff we mentioned some weeks ago, together with Deputy Joe Price, left Tuesday for Galveston, where Texas sheriffs hold their annual convention this year. Ches has been a regular attendant of these conventions the three years he has been in office, but we believe this will be the first for Joe.

We don't know just what the program will be other than the regular business sessions, banquets and perhaps pistol target contests, but we'll bet that Ches and Joe take to that beach water like two water spaniels, and have plenty of pleasure as well as good out of the convention.

Tuesday was the first of the three days of the convention, but business detained them here Monday so they will miss the first day.

COTTON OIL MILL AND PROCESSING PLANT TO BE BUILT HERE SOON

Anderson-Clayton Company Purchases Grounds For Manufacturing Plant to Process Feed For Large Feeding Operations Here and in This Trade Territory.

By J. E. Shelton

For several years, one of the main objectives of the chamber of commerce has been the procuring of a Cotton Oil Mill for Brownfield, but upon account of the freight differentials that we have been laboring under, it has, until this time been impossible of accomplishment. However, our dream is about to be realized in a limited way as the Anderson-Clayton Company has purchased acreage and is arranging to construct the first unit of a cotton oil mill to be combined with a complete feed grinding and processing plant, in other words a livestock feed manufacturing plant. It is not known just when construction will be commenced, but probably in time to take care of the present crop. Representatives of the Company were in our office a few days ago, for the purpose of procuring information upon average annual rainfall and also the amount that has been received this year. As stated above we do not know just when construction of the plant will be commenced, but the land has been purchased and surveyors have been at work on it for several days.

This office is in correspondence with several persons whose names have been given to us as one's who might be interested in the construction of a modern hotel and while we have not had any encouragement up to date, we have letters out to which answers have not been received and are hoping that some of them will make us a concrete offer. However, we had a letter from one man, who ventured the opinion that Brownfield was capable of supporting a 50 room modern hotel, but was not in a position to figure with us for the reason that he had made other investments that had taken up all of his surplus capital. He further stated that he would do everything possible to assist in contacting other persons who would be in a position to figure with us.

A few weeks ago, we gave notice that we would sponsor weekly trips to the Arizona Chemical plant, but in the two trips that were made, we noticed that Mr. Wright and Mr. McAdams had to leave off other work in order to show us through the plant, and while he did not say so, we arrived at the conclusion that weekly trips take up too much of their time, so we decided to stretch out a little on it and make them at longer intervals. However, several people have indicated a desire to inspect the plant, some being from other towns, so we have decided, provided Mr. Wright agrees to it, that another trip will be made some time during the coming week, probably the latter part as the writer may be out of town during the first three days in connection with a freight rate hearing being conducted by the Railroad Commission and also some highway construction in which we are vitally interested.

In looking over the report of the cotton grown in Texas during 1938, it is noticed that Terry County produced 12,961 bales, but only ginned 12,065. Wonder what county ginned the difference, prior to this report we were under the impression that Terry County ginned more than it produced but evidently had the wrong slant.

The writer is of the opinion that we should pull off some kind of celebration on August 17th, it being the 63 anniversary of the creation of the county and is going to put it up to our board of directors at the next meeting which occurs Friday of the week.

The two chambers of commerce could join their forces and put on a big celebration, whether a barbecue or some other kind of entertainment. Some are in favor of a 4th of July entertainment,

Gives Opinion About Locker Plant

Quite a lot of people, and one of our papers, have recently asked "what became of the Locker Plant?" Here is the dope on it. Mr. Clyde Gross and Associates, propose and offer, to build and operate a latest model standard 300 box Locker Plant and system in Brownfield, and all they have asked is that about 150 persons each guarantee to take, and subscribe for a box, to cost \$10 per year, about 85 cents per month, to be paid for when plant begins operation. He doesn't ask for any bonus, no donation, not selling stock, will pay for their lot, build about a \$10,000 outfit, employ two or three persons regular thereafter. He merely wants this much assurance of patronage, like any industry or institution. It seems to me the matter is one for the people to be interested in, it's up to the folk of this town and vicinity to say the word. It's a gain for the town, not a loss, or a burden. Do you want it or don't want it? Some 80 persons have already signed up, many are enthusiastic about it. I'm not making a dime out of it, tendered the use of office for meeting place, have subscription blanks here, acting as a free-gratis go-between. Just trying to get another industry in town.

The Locker plant is a big community frigidaire. The customer brings in a fresh dressed animal, the Plant takes it through a quick freezing room, then processes it, into sausage, lard, and cuts in to proper slices, then wrap in any and various size packages, to suit your needs, such as a roast, steak etc., places in your box which is kept at freezing temperature, you come by unlock your box, get what you want and go on, just like a post office box.

There will be a small charge for the processing. Or you can place what you please in the box. They hold 300 pounds each, meats fruits or vegetables will keep many months, or indefinitely. You can see for yourself, not only the convenience of this plant, but usefulness of it, to the farmers as well as the town folks.

Mr. Gross is ready to begin construction almost immediately upon the assurance asked for. It is not a promotion scheme, nor selling stunt nor get rich project. It is legitimate business enterprise, but one that depends on patronage and co-operation, hence the assurances asked for. I will be glad to take subscriptions, anytime.

Respectfully,
Geo. W. Neill

Kyle Grocery Opens With a Big Sale

Bargains in groceries galore await the buyer this week end at the Kyle Grocery, formerly the Hudgens Grocery Co. Mr. Graves, the owner and manager is using a page of the Herald this week to tell the story of grocery bargains.

Whether you've been trading there or not, don't fail to call this week end and see what they have to offer in groceries, fresh fruits, vegetables and meats. Kyle wants to personally welcome you Friday and Saturday.

Otis Moore, who was for several years a valuable clerk for this grocery, is again ready to help you select your groceries.

but as every other town in the whole section has an entertainment on that day we could not expect a large attendance and the August celebration would be more advantageous to us.

The Official Paper of Terry County and the City of Brownfield

The Herald believes that it has the pick and choice readers of the entire county, for the reason that they pay the price asked for the Herald, and never suggest that it is too high. We have never offered the Herald for less than \$1.00 per year, which barely pays for the paper it is printed on, plus postage. Thus, we believe we have the cream of the town readers on our list, together with the best farmers and rent farmers of the county. Another thing, too, we have never cut ad rates to below cost, yet we have the business of some of the best merchants in the city. This applies equally to stationary. But we have always given people a class of work they are not ashamed to send out to any correspondent.

And, another reason we did not attend the Texas Press Association, at Lubbock, was that we are not a member, and we just did not care to enter when there seemed to be a fight brewing. Contrary to the general opinion that some of our neighboring editors have of us, we are a peace loving old boy, and hate to get into political spats, believe it or not, especially in hot weather. It's hard on the nerves and sweat glands. But from reports in the dailies, as well as some personal opinions from those who attended, the expected fight was a tame affair, and that finally, after the ballot was taken, the bell-weather shook hands all around and called it another day, with promises of co-operation. While Sam Harben was elected for the 31st year, it is believed that some kind of re-organization within the ranks is to take place soon, and the old association will begin to function as it should. As it is, there is hardly as many votes cast in the election of officers in the State Association, as there are in the Panhandle Press Association, which claims nothing except to be a regional organization.

The green signal lights over our streets and at Hi-way intersections, is not only a permit, but a duty to 'go'. At same time the red signal facing the cross-wise street is a command to 'stop'. The one on the go depends on the other to stop, and its vice versa in just a few moments. The red signal, can only command you to stop; it can not stop your car for you, that's only in the power of the driver. Brakes are made on cars to stop them, without them, it's let-the-cat die process, this won't work in traffic. An example of this occurred at intersection of main and the Hi-way late Saturday evening, when one car proceeded on the green light, was collided by another car facing the red light, the excuse assigned by the driver was his brakes didn't work, or didn't have any. Many a wreck is had, and lives lost thru faulty or no brakes. Seeing a red light doesn't stop the car, but to see the 'light' in right way, you'll keep your brakes always in good order. Both cars were badly damaged, but fortunately no one was hurt, other than a few minor bruises.

"You don't love me, because you don't pay my salary. You don't love one another, for there are no weddings. And God doesn't seem to want you, because nobody dies."
"Now since I have the honor to be appointed chaplain for the penitentiary, this will be my last Sunday among you, and I will ask the choir to stand and sing, 'Meet Me There.'"

DRAFT DODGER

Twenty-one years ago Grover Cleveland Bergdoll did not love his country well enough to fight for it and so became a draft dodger and was sentenced to serve 5 years in prison. And now after 21 years of exile he loves the U. S. good enough to go to jail to prove it. Here's what he now has to say, "I love the United States; I never loved any other country." He denied that he had offered his services to Germany before America entered the war, or at any other time. He denied the expectation of war in Germany prompted his decision to return since they could not draft an American citizen. He said he prepared to come and serve his sentence so he could be with his mother, his wife and children. He said he wanted his children to go to free schools, free from hate and free from religious hatred, free from regimentation and free in a democracy dedicated to liberty.—Big Spring News.

Scott Walker of the Meadow section handed in his dollar Saturday and says if he makes no crop this year we'll have to send it free next year. Scott has been a constant reader since he returned from the little fracas with the Kaiser, and soon married.

HOW SHOCKING

Once upon a time many years ago, a traveling man promised his wife to "go the straight and narrow," and do at least one courteous deed each day. He left home Monday on his regular run. Friday on the way home by rail—yes, they had no buses then—due to a crowded condition of the sleeper, he gave his berth to an old lady as his "courteous deed for the day." Then he wired the suspecting wife: "Be home tonight. Have given berth to an old lady!"—Clarendon Leader

ISN'T IT THE TRUTH

The man who gets the fewest letters complains the most about the management of the post office; the man who finds the most fault with the preacher pays the least toward his salary; the man without children has the best theory for their bringing up; the bachelor knows the best way to manage a wife and the man who borrows his neighbor's newspaper is the worst critic the paper has.—Clarendon Leader.

Two fine young men were in to see us the past week from Bladen, Ohio, being J. Donald Pollitt, and John Hannon, who are cousins. They were here in the interest of a section of land owned by the estate of James H. Hannon, who has been a reader of the Herald many years. They didn't seem to enjoy the sandy Saturday morning, but liked otherwise.

W. E. Harred of the Union community, was a pleasant caller at the Herald office for a chat Saturday.

THE STATE OF TEXAS:

To the Sheriff or any Constable of Terry County, Greeting:

YOU ARE HEREBY COMMANDED to summon Jim Key, if he be living and the unknown heirs of Jim Key if he be deceased by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Terry County, to be holden at the Court House thereof, in Brownfield, Texas, on the Fourth Monday in August A. D. 1939, the same being the 28th day of August A. D. 1939, then and there to answer a petition filed in said Court on the 19th day of May A. D. 1939, in a suit, numbered on the docket of said Court as No. 2359, wherein Ima Lee Martin, and her husband, T. Martin, Leona Knight and her husband, Winter Knight, and Jess Key are Plaintiffs, and Wm. H. Key, Earl A. Key, Boss L. Key, Jewell Black and her husband, Burl Black, Dock A. Key, Lastell McRaven and her husband, Hasel McRaven, Roy Rhinehart, Anna Collum and her husband, Charlie Collum, H. M. Key and Key, if living, and if dead, the unknown heirs of Jim Key, deceased, are Defendants, and said petition alleging that the Plaintiff, Ima Lee Martin and the defendants Wm. H. Key, Earl A. Key, Boss L. Key, Jewell Black, Dock A. Key, Lastell McRaven, Velma Lee Rhinehart, Anna Collum, H. M. Key and Key, if living, and if dead, the unknown heirs of Jim Key are the joint owners in fee simple and together are the sole owners of the W. half and S. E. 1/4 of Sec. 98, Blk. 4-X containing 480 acres of land and all of Blk. 35 and 36 of the First Add. to the Town of Gomez, being part of Sec. No. 1, Blk. D-12, containing about 15 acres of land, all situated in Terry County, Texas, each owning an undivided 1-8 interest in said lands, and that the defendants Velma Lee Rhinehart and Lastell McRaven are the children and only children and heirs at law of Jim Key, deceased, if the defendant is dead, and if the above named defendants are in fact the only children and heirs at law of the said Jim Key, they own jointly an undivided 1-8 interest in said real estate.

That said defendant Jim Key mysteriously disappeared and have not been heard of for more than seven years next before the filing of this suit and that the presumption at law is that said Jim Key is now deceased and that at the time and before his disappearance the defendant Anna Collum was the wife of Jim Key and that if he died, he died intestate, and that the defendant Anna Collum is claiming some right, title or interest in the 1-8 interest owned by the said Jim Key, if living, or his heirs and unknown heirs, if he be dead.

That plaintiffs Leona Knight and Jess Key being the children and only heirs at law of G. E. Key, deceased, have a valid and unsatisfied claim against the estate of Lucindy Key and S. H. Key, deceased, in that the last will of Lucindy Key and S. H. Key provided for the payment out of said estate to these plaintiffs the sum of \$50.00 each; that the said claim has never been paid and that these plaintiffs are entitled to a lien against any property of the state, to secure the payment of such sum of money, and they pray for adjudgment against the state for the amount of their claim.

We note that Lee Johnson, who was practically raised in Terry, but who was educated and has been with WTST college at Canyon for several years, was recently elected to head the Business Administration department,

and the foreclosure of their lien. Plaintiffs pray for a partition, and that upon final hearing they have judgement by the court determining whether or not the defendant Jim Key is dead or living and if dead, who are his heirs and only heirs at law; that said real estate be partitioned among such joint owners; that commissioners be appointed to divide and partition such real estate and personal property and an accounting be had for the rents and revenues of such property and that the plaintiffs Leona Knight and Jess Key have judgement against the defendants for the sum of \$100.00 with interest thereon; that a lien be declared against the joint owners of said real estate and that such lien be foreclosed and for cost of suit.

HEREIN FAIL NOT, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

GIVEN UNDER MY HAND and Seal of said Court, at office in Brownfield, this 19th day of May, A. D. 1939.

Eldora A. White, District Clerk, District Court, Terry County. 46cg

CITATION BY PUBLICATION

The State of Texas,
To the Sheriff or any Constable of Terry County, Greeting:

YOU ARE HEREBY COMMANDED to summon Chas. C. Chapman, Adeline Maud Chapman, Ora A. Countryman, Guy A. Countryman, Helen L. Countryman, Freida A. Johnson, Emery D. Johnson and Helen G. Countryman, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Terry County to be holden at the Court House thereof, in Brownfield, on the Fourth Monday in August A. D. 1939, the same being the 28th day of August A. D. 1939, then and there to answer amended motion for new trial filed in said Court on the 30th day of December A. D. 1938, in a suit, numbered on docket of said Court as No. 2200, wherein Chas. C. Chapman, Adeline Maud Chapman, Ora A. Countryman, Guy A. Countryman, Helen L. Countryman, Freida A. Johnson, Emery D. Johnson, and "John Sanns, Mrs. John Sanns, wife of John Sanns, and the unknown heirs of the above named parties, deceased, their heirs and legal representatives" were named as Defendants, and Jennie Sanns, Ralph Sanns and James E. Sanns file said amended motion as the

heirs of said defendants; such motion further alleging:
They sue to set aside a judgement rendered in favor of the plaintiffs in this cause, dated January 18, 1938, against the defendants in this cause for title to and possession of the west half section Eleven, Block D-14, Terry County, Texas, wherein judgement was taken upon citation by publication, which judgement is alleged to be defective:
That affidavit for citation did not allege their names and residences were unknown, nor did it otherwise describe them, nor that they were non residents of the State, nor that the names of the heirs of John Sanns and Mrs. John Sanns were unknown.
That the citation published omitted from the names of plaintiffs that of Ora A. Countryman.
That on trial, the evidence offered by plaintiffs did not connect them with the State, nor any defendant, nor these parties, nor was the judgement based on any statute of limitation.
That Case No. 1214 this court was relied on by the plaintiffs for such judgement, but such case was without service upon any defendant in any manner provided by law; especially that the writ expired before return was complete, and before statutory time of service, was by posting only, and not returnable to the judgement term, and time was incomplete at the returnable term, nor was it directed to any defendant therein, and being a tax suit.
That to procure the judgement herein plaintiffs relied on a judgement in No. 2172 this Court, but these parties were not parties to such judgement, nor did it pretend to divest them of any title, nor their ancestors, nor any defendant herein.
That no defendant, nor these parties, have appeared nor answered in this suit nor in the two named suits.
That on trial, the evidence in this suit showed John Sanns as the owner of said land, and that he had never been divested of title nor possession.
That movants are all, and the only, children of John Sanns, deceased, and his widow, that he died without a will, and with no administration on his estate.
D. Johnson and Helen G. Countryman they pray such judgement of January 18, 1938, be set aside and a new trial granted.
HEREIN FAIL NOT, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.
GIVEN UNDER MY HAND and the Seal of said Court, at office in Brownfield, Texas, this the 16th day of April A. D. 1939.

News of the Home-making Department

Did you know there has been quite a few things happening around the homemaking department in the Brownfield high school the past two weeks?

A number of improvements and changes are being made by the various groups of girls as they meet each day for their Summer work. As a result the old ironing board has been mended, re-padded, and covered, with extra covers made for laundering, the dining room chairs have been re-covered, and the suite varnished.

New dining room draperies were made last Thursday by the Harmony group. They met in the home of Miss Clea Garner for an all day meeting, each per-

son bringing a cover dish. The curtains were made by the girls during the day and a social meeting was enjoyed by all. Those present were the girls in that group, their mothers, one visitor and the sponsor, Miss Murphy.

Another group has been busy this week in the primary department of the Baptist Church. The girls met with the heads of that department and have made plans and started making new curtains, bed linens, and various pictures suitable for that room. Several things have been planned.

The improvement of the kitchen at the Methodist Church has been started by another group of girls, and besides a general clean-up, several new things in the way of curtains, shelf coverings and etc. are planned.

The Women's Missionary Society is making this project possible.

A social is planned next Tuesday evening for all the girls and their mothers at 7 o'clock. Be on hand for plenty to eat and lots of fun.

Mrs. C. W. Whitsett of Greenville, Texas, visiting her brother C. Sears.

Beverly Ann Duke returned to her home in Lubbock Monday afternoon after several days spent here as the guest of Patsy Greenfield, Dudley Repp and Sonny McDuffie.

Mr. Hill of the Loop section, was up this week for treatment at the hospital. He severely burned his foot with hot tar.

Mr. and Mrs. G. S. Webber left Friday for Waxahachie, Texas, upon receiving a message that a brother of Mrs. Webber's had just passed away.

WHAT THE PRESS THINKS

Recently the annual meetings of the Associated Press, The American Newspaper Publishers Association and the American Society of Newspaper Editors were held.

A survey of the opinions of press leaders present showed an almost unanimous opposition to discriminatory and punitive taxation of legislation against any legitimate business; general approval of mass merchandising, whether accomplished by chain stores or organized independents, and an appreciation of the immense importance of mass merchandising in promoting wider distribution of commodities, particularly those of agricultural origin, to the benefit of agriculture and industry.

Other press organizations, state and national, and representing both large and small newspapers, have gone formally on record with similar views. The typical American newspaperman believes in fair play. He believes in progress. He knows what unhampered competitive business means to his town, his state and his nation. He knows the danger of any law or any tax designed to penalize or destroy any honest business.

LOAN SHARK DECISION

The State of Texas is without power to restrain loan sharks from charging usurious interest by injunction, the Supreme Court in an opinion written by Justice Richard Critz held last week. Attorney General Mann, who joined the injunction suit brought by County Officials in Travis County against 19 Austin loan concerns, declared the only relief now is action by the Legislature. Mann, however, held recently in an opinion, that a bill proposed by Mason Harrell and others, designed to legalize reasonable interest and service charges for small loans, intended to curb 400 per cent loan sharks will continue to operate unmolested in Texas for another two years at least.

BOND ROAD BILL PASSES

The Senate finally passed the road bond assumption bill, but it was a far different measure from the monstrosity originally sponsored by the Texas County Judges Association, which sought to put the State's guarantee behind nearly \$2,000,000 of "dead horse" county lateral road bonds. The Senate amended and adopted the Tarwater house substitute, which distributes the surplus in the bond retirement fund to counties, but on a formula involving road mileage, population, motor car licenses and area, rather than on the basis of the amount of the debt owed. Since the bill seeks to put the State's credit behind the lateral road bonds, with which the state has no concern, many legal authorities believe it is unconstitutional, and it is regarded as virtually certain to face a court test, as soon as it is finally enacted, through the acceptance by the Mouse of Senate amendments, or by adoption of a conference committee report.

ROPES WATER TANK GOES DOWN

Creating perhaps the only excitement of the day, the City water tank, after standing for the past fifteen years, gave away Saturday and tumbled down, leaving the north side of main street waterless. It is thought that the high wind of last Thursday week weakened the tank, as it was leaning, and on Saturday afternoon, the weight of the water in it caused it to tumble down.

While not so many feet from the ground, the noise of its falling was as thunder, and some thought there had been a collision on the highway, many of the people on the street rushing out to see the wreck.

Temporarily the Wilson Maytag Laundry was disabled but while arrangements were being made for a tank, Mr. Wilson has tied his laundry directly on the line with the motor and is forcing the water through the pipes.

Miss Mattie Jo Gracey has been visiting Miss Floy Hood, at Claude, Texas. Miss Hood was Miss Gracey's room mate at A. C. C., Abilene.

Horace Beck, who until recently was with the Goldsmith Tribune, is now helper on the Herald. He is a general all-around printer, such as a country office needs.

Ed Evans tickled a place about our heart by handing in another dollar recently.

Miss Mabel Whitney is visiting her parents at Valley Mills.

Retail sales of Oldsmobile Sixes and Eights continued on their upward trend for the month of May totaled 13,034 for a gain of more than 28 per cent over the 10,151 cars sold during May last year, according to a statement issued today by D. E. Ralston, Oldsmobile's general sales manager.

"Oldsmobile sales for the first five months of this year now total 60,730 units to show a gain of 47 per cent over the 41,369 cars sold by our dealers during this same period last year," Ralston said. "Sales for the last ten days of May this year totaled 4762 cars," he added.

NOTICE OF ELECTION

THE STATE OF TEXAS,
COUNTY OF TERRY,
CITY OF BROWNFIELD:

On this the 7th day of June, A. D. 1939, the City Council of the City of Brownfield, Texas, convened in special session in the Council Room in the City Hall, at Brownfield, Texas, all members thereof being present, to wit:

Clyde C. Coleman, Mayor,
C. J. Smith, M. J. Craig, Herman Chesshir, Tom Cobb, and I. M. Bailey, Aldermen.

Roy M. Herod, City Secretary, and among other business transacted, the following ordinance was passed, to-wit:

An ordinance by the City Council of the City of Brownfield, Texas, calling an election to be held within and for said City upon the question of authorizing the issuance of the bonds of said City in the amount of \$15,000.00, for the purpose of constructing street improvements within said City, prescribing the time and place of holding said election, the qualification of the voters, the purpose of the bonds, the amount thereof, the interest rate, and submitting the proposition of the levy, assessment and collection of taxes to pay the annual interest on and provide a sinking fund to pay the bonds at maturity, prescribing the maturity of the bonds, the manner of holding said election, and

declaring an emergency. Whereas the City Council of the City of Brownfield, Texas, affirmatively finds that it is advisable to the best interests of said City that certain street improvements be made in said City and that the negotiable interest bearing coupon bonds of said City be issued for the purpose of financing the costs of such improvements and that it is necessary and expedient that an election be held within and for said City of Brownfield for the purpose of submitting to the legally qualified resident property taxpaying voters of said City, who own property subject to taxation in said City and who have duly rendered the same of taxation, the question of the authorization of said bonds:

NOW, THEREFORE, be it ordained by the City Council of the City of Brownfield, Texas:

I. That an election be held within and throughout the boundaries of the City of Brownfield, Texas, on the 24th day of June, A. This June Brings . . .

A lovely bride with her never-to-be-forgotten wedding day a culmination of her "little girl" dreams—a church wedding, gown with veil, lilies-of-the-valley—a honeymoon trip—all of this for one of Brownfield's fairest young ladies, Orvalene Price

Vacations being discussed pro and con, meaning this year, prohibitive in some households, conservative in others

A familiar figure on the street again and one who has many friends glad to see the old friendly smile and the pluck behind it—Arnett Bynum

The oil fraternity sending in crews of men who will make their homes here for a period of time anyway and being ordinary human folk will appreciate friendliness

Baseball's one hundredth anniversary is being celebrated in a big way with the new stamps now on the market . . . Coopers-town, New York, birthplace of baseball, was the first town to receive the stamps to put on sale.

The Britishers are highly elated over the reception their majesties received over here . . . and why shouldn't they be, don't we have our Emily Post to tell us just what, when and how to do, however we doubt very seriously if her book was consulted in the planning of the entertainments.

A lovely Miss of twelve, Katherine Jane Ackers of Hereford, is here visiting her aunt, Mr. and Mrs. G. S. Webber. Katherine Jane has been a guest in her aunt's home many times in her life and she was the most beautiful girl and has the most winsome smile one ever saw.

CORRECTION

In the write-up about the century plants last week the typesetter left out that they were at the Rock Courts and the proof reader failed to notice that it read like they were at Mrs. Dalton Lewis' who also has a cactus garden.

We are sorry this mistake was made as it might inconvenience Mrs. Lewis who is a semi-invalid by people calling to see the century plants.

LAWN PARTY

Mr. and Mrs. C. B. Quante entertained a group of young people last Saturday night with a delightful lawn party at their home. VISITING MISSISSIPPIAN LONG TIME TEACHER

Mrs. George W. Brown of Booneville, Mississippi, is here as the guest of her cousin, Mrs. J. W. Ball, of route 4. We understand that Mrs. Brown has been a teacher in the Booneville public schools for the past 32 years. This is a long record in one school, and evidently she has given complete satisfaction to the board as well as parents.

MISS ORVALINE PRICE, JOHN RHADER TO WED

Miss Orvalene Price, daughter of Mr. and Mrs. L. P. Price will become the bride of Mr. John Charles Rhader of Monahans, son of Mr. and Mrs. Charles Rhader of Beaumont, at ten o'clock Saturday morning, at the First Baptist Church in Brownfield.

During the ring ceremony which will be read by the Rev. Avery Rogers, Mrs. Huckabee will play softly, "The Flower Song."

Two groups of five-branched Candelabra bearing pink and orchid tapers will light the altar which will be decorated with an archway of fern, white daisies, pink and orchid rainbow asters. Small floor palms will complete the decorations.

The bride will be given in marriage by her father. She has chosen a bridal gown of white silk net over taffeta, made with square neckline, puffed sleeves, sheered bodice and full skirt. Her floor length veil will be caught with small bunches of Stephanotis. She will carry a scatter bouquet of Calla lilies.

Miss Dolly Lee Cook will be the bride's attendant. She will be gowned in an orchid net dress over taffeta. She will wear rose-orchid sea pearls, the gift of the bride and carry a bouquet of orchid stock.

STOLEN PEN RECOVERED FOR MISS SMITH

Recently Miss Ruby Nell Smith who is taking journalism at Tech college, was down, and called on her sister, Mrs. Guthrie Allen, leaving her purse in the car. During the time she was in the home of her sister, thieves rifled her car, taking the purse and contents.

Last Saturday afternoon, Mrs. W. E. Smith found a Ko Shari pin on the streets with the initials "R. S." and brought it to the Herald office to locate the owner. Evidently the thieves did not want to get caught with such damaging evidence as a college class pin with initials thereon, and threw it away.

Anyway, Miss Ruby Nell has her pin back if she never finds her purse and money—if any.

Mr. and Mrs. R. L. Harris and daughter, Carolyn Jane, spent last week in Fort Worth with his parents and other relatives. Raining and cool-down there, they report.

It was there she met Mr. German, prominent Centre athlete, who will join the Washington Redskins for the coming professional football season. In August Mr. and Mrs. German will be guests in the Alexander home in Plainview, she for the Summer, while he will go after a week to train with the Redskins.

Both were prominent in college social affairs at Centre, and she was chosen by Clelland Barclay as one of the five most beautiful co-eds in the college.

DR. DANIELL AND FAMILY OFF ON VACATION

Dr. A. H. Daniell and family are leaving this week for a vacation that will last several weeks, and will take them to the coast and several northwest states. Drs. Treadway and Daniell have had a rather continuous run of patients for the past several months, that has kept them very closely confined to the hospital, but with warmer weather on hand, and less sickness, is a good time for them to take a vacation.

They will first visit Southern California, then on up the coast to Oregon and Washington, reserving Yellowstone until the last visit. Yellowstone open officially June 20th, but people who have tried it that early say it is rather chilly up there at that time.

Mrs. Chris Quante has returned from Andrews where she visited her daughter, Mrs. Harold Smith and Mr. Smith. While there Mrs. Quantee was the honoree of a picnic at the Midland park, the Smiths and Mr. and Mrs. Jack Rutledge were the hosts. There was quite a number in attendance.

Afterwards, members of the wedding party will have the rehearsal.

Joe Eudy was in to see us recently and complained that we left out a sales notice that was to have run a few weeks ago. Well, he decided that he didn't want to sell his place anyway, so he was glad we misplaced the ad.

NOBODY'S BUSINESS
By Julian Capers, Jr.

Austin-Texas taxpayers were closer this week end to having a 2 per cent sales tax submitted to the voters as a constitutional amendment than they have been at any time this session. The constitutional amendment, called up last week for what many believed to be a final test in the House of Representatives, fell nine votes short, and went down to its fifth House defeat, 91 to 56. But the gain registered by proponents of the measure, sponsored by Gov. W. Lee O'Daniel, and backed by a heavy majority of the special interest lobby, was encouraging enough to induce them to lay plans for still another test in the house, due this week. The division is so close that no man can say for certain how it will come out. The head of the special interest lobby who has been directing the unprecedented pressure drive for many, many weeks, professed confidence that the necessary nine votes would be picked up on the next test. It seems reasonably certain that the next test will be the last one. The Legislature is about ready now to pass the appropriations bills and go home. If the sales tax amendment is adopted, there will be no reason for remaining longer in session. If it fails again, it is probably

that a majority of the house see no chance of enacting tax legislation at this session and it will be just as ready to go home. The Senate has definitely indicated, by its arrogant refusal to consider statutory tax measures, that it is committed to a policy of the sales tax frozen into the Constitution, or nothing. House members point to their record of having passed two statutory tax bills, both killed summarily by the Senate, as a sufficient alibi, if no pension-paying revenue is enacted. Leaders of the anti-sales tax bloc in the House declare their ranks will hold on the next test, as they have on previous ones.

House Resents Pressure
The House which has blocked the sales tax thus far, showed its resentment at the continued and tremendous pressure to which it has been subjected, when it cast 99 votes in favor of a resolution of Bryan Bradbury, of Abilene, called for a joint House-Senate investigation of the lobbying for the sales tax. The Senate, which wants no undue publicity upon the interests which are backing the stand which it and the Governor have taken in favor of the sales tax, quickly killed the resolution by pigeon-holing it in a committee.

Thompson Gets on Record
Political outcroppings on the sales tax issue, which will flare immediately when the time comes for opening next year's campaigns, continued through the week. Col. Ernest O. Thompson, Rail Commissioner and runner-up to W. Lee O'Daniel for Governor last year, got on record with a statement condemning the freezing of a sales tax into the constitution. "Taxes ought to be statutory," Thompson said. "And when folks begin to vote themselves bounties, it means trouble ahead. Almost everybody will vote himself something if he thinks he will come out ahead. About a year from now, I might have something to say about politics." Thompson is regarded as a certain candidate against O. Daniel and the sales tax issue will undoubtedly be the leading bone of contention in the race.

Meanwhile, an incipient gubernatorial boom was reported by the political gossips for Joe Hill, Senator from Henderson. Hill has been the strongest opponent in the Senate of the sales tax program, and he has denounced O. Daniel from the Senate floor on numerous occasions, with a bitterness seldom heard in that forum. Other political rumors were heard this week to the effect that O'Daniel, if the Federal Government should cut off grants to Texas pensioners, under the liberalized pension law, might take the field against U. S. Senator Tom Connally, up for re-election next year. Maury Maverick, the extremist New Deal ex-congressman, recently elected mayor of San Antonio, was also rumored as a possible opponent for Connally. Maverick has been making anti-Garner speeches for several weeks.

Reserved Seat For Us at Revival

Rev. John W. Hendrix together with Evangelist Johnson and singer Harry Armstrong were in the Herald office recently, and informed us that they had a seat reserved especially for us, and talked like they would also furnish us a cushion if we found the seat too hard. Anyway, they are reporting good crowds at night services especially, and of course not only the writer, but everyone has a pressing invitation to attend.

BAPTIST CHURCH NEWS

The attendance of the Bible study period is running somewhat short of the average and you can assist to improve this attendance by making your plans to give this service first place next Sunday morning at 9:45 p. m.

Attendance was somewhat smaller at the preaching hour last Sunday morning but the service was enjoyed by those present and eight presented themselves for membership in the church and were received. It is a fine recommendation for those recently moving to our town who attach importance to serving their membership and moving to the best of their abilities while they may be among us. It is regrettable that some people when moving attach greater importance to things not nearly so important as their religious activities.

The WMU met in circles last Monday evening and will again meet in circles for industrial day next Monday at 2:30 p. m.

Reagan Circle will meet with Mrs. J. C. Bond, Lottie Moon, with Mrs. Will Adams, Lockett, with Mrs. L. M. Rogers, and Annie Long with Mrs. Wayne Brown.

The meeting of the Brotherhood which was deferred from last Monday account of the Methodist meeting now in progress will meet next Monday evening 8:30 and it is hoped that all the men of the church who have not met will be present and use their influence and help to make this church organization of much benefit to the men of the church, as few if any of them are too old to learn and this is intended as a learner's organization, and it might be added that the WMU has put the men to shame by their better knowledge of the work of missionary endeavor which Baptist's sponsor and support throughout the world.

Services next Sunday morning as usual at this church and the Baptist Training Union meets promptly at 7:30 p. m. and according to the custom of the church there will be no preaching at 8:30 here but this service will be dismissed out of deference to the meeting of the Methodist Church which will close Sunday evening.

Plans are being worked out contemplating starting the erection of the new auditorium for this church and it is not necessary to say that funds are needed if you contemplate giving this improvement your assistance, there will never be a time when the money will have more weight in this enterprise than now.

METHODIST CHURCH

Yes, we have space for a few more in our church school. We really need you. You really need us. Few institutions in modern time have stood up under the pressure as the church school—Sunday School. Only one-half of one per cent of all our modern criminals are Sunday School boys and girls. Such an institution unfolds its offers before you next Sunday at 9:45 a. m.

We have in process a revival of growing power. The crowds are increasing and the spiritual hunger is being manifested more and more each service. The morning services—10 o'clock, are well attended and are a mighty force. Of course, the evening mass meeting is out in the open and the people have very greatly enjoyed the cool of it. The church auditorium is left undisturbed, so if a wind comes up we can go at once into it. This service comes on at 8:15. The song leader knows his people and his music.

We plan a service Saturday evening, and then the great provision for the Sabbath. It will be, under the blessings of God, a great day. The Evangelist will use as his subject at the morning hour, "The Name Above Every Name", in the evening, "A Spiritual Pedigree."

LEAGUES—Young People's services come on at 7:45 p. m.

YOUTH SWALLOWS 29 LIVE FISH IN GULPING CONTEST

PHILADELPHIA—Gilbert Hollandersky, 20-year-old University of Pennsylvania junior swallowed his way to the inter-collegiate goldfish gulping title by downing twenty-five live fish and smothering them under a steak dinner.

Hollandsky, who is a swimmer himself, and answers to the nickname "Gill" bettered the championship claim of a Harvard student by one. DUNKED in catsup and followed by a chaser of orange juice, seventeen goldfish went down "Gill's gullet" before he paused. But he continued to gulp them whole. "They're tasteless that way," he said.

I laugh at weather
SO DOES MY MOTOR!

"No Red Flannel Underwear for me . . . I dress to match the weather . . . switch to shorts when winter days are warm . . . shake the mothballs out of my polo coat when June nights are cold. "That goes for the gasoline I use, too. I always fill up with Phillips 66 Poly Gas, the modern gasoline that is custom-tailored to fit changes in climate. Am I tickled with the way my motor runs since I discovered this wonderful gasoline? . . . I'll say. "And talk about mileage! I read in the ads that Phillips 66 is matched

and re-matched to the weather every month, more accurately than any other motor fuel. So maybe that's the reason. Or maybe it's because Phillips 66 is high test, or because it has those extra power units added by the scientific Poly process. "All right, forget the reasons, if you like. But try a tankful of this powerful Phillips 66 Poly Gas . . . and see if your motor doesn't run cooler, quieter, peppier, and faster . . . and figure up the extra miles you get . . . all without paying a penny extra."

BITTEN BY SNAKE HEAD HE HAD CHOPPED OFF

TROUP, Texas—When 13-year-old Voyt Magerty saw a brown snake he decided to chop off its head with an ax so it would not bite anyone. The head stuck to the ax blade. The youth sought to brush it off with his hand. The mouth snapped and Voyt had to be treated for a copper-head bite.

WEST TEXAS GETS 442 MILES OF NEW SHELTERBELTS

WICHITA FALLS.—Approximately 442 miles of new shelterbelt was planted this year in 25

West Texas Counties, said W. E. Webb, State Director of the Prairie States Forestry Project in Texas. This means that Texas now has about 1525 miles of shelterbelts which will furnish badly needed protection to approximately 150,000 acres of cropland.

The counties that received the 442 miles of new shelterbelts were: Wilbarger, 39; Hardeman, 17; Foard, 9; Childress, 21; Cottle, 18; Hall, 68; Dickens, 8 King, 9; Donley, 80; Wheeler, 55; Gray, 28; Hemphill, 23; Collingsworth, 19; and the balance in Wichita, Clay, Baylor, Floyd, Hale, Lubbock, Hockley, Terry, Lynn, Bailey, Lamb and Cochran Counties.

P. O. Now Duly Corner Stoned—Dedicated

In view of the fact that the Herald was very short-handed last week, and the old he and Jack Jr. had to double up on some of the assignments, with all hands including the Mrs. in the back shop working, we failed to make the dedication ceremony, as well as the banquet tendered Mr. O'Connell. One employee had given notice the week before that he and his mother were moving to south Texas, and he terminated his job. However, after the linotype operator got his hand broken, the other boy helped us the last four days of the week.

Anyway, we sorter had a representative on hand to tell us what happened, and he informed us that everything moved like clock works and that Postmaster James H. Dallas had little if any stage fright. Mr. O'Connell second assistant postmaster general is reported to have made a mighty fine speech, that was well taken by the audience. Several local people also made good talks.

A local wag however, got off about the best one about the affair that we have heard. He remarked that the building should stand up and acquit itself handsomely, as the corner stone had been laid by the Masons, and the building dedicated by the Catholics. Mr. O'Connell is a Catholic religiously.

So, we now have a nice post-office building that we are all proud of. It is nice and clean, with no ugly markings or ink on the walls. Like our courthouse, which is kept spotless, we can and must keep our postoffice spotless.

Another Error

Another error in the write-up of the Club Cafe last week, when we said that Mr. and Mrs. "Hamilton" instead of Mr. and Mrs. Joe Patterson, had a son, Bobby Joe.

The only reason for it as far as we can figure was that we had written the name Hamilton, one of the waitresses just above. The proof reader failed to catch the error.

Jaycee Banquet Tuesday Night

Next Tuesday night, June 20, the Brownfield Junior Chamber of Commerce will hold its 3rd regular meeting. As per agreement, the meeting will be in the form of a banquet, the place of meeting yet to be selected.

Details for the program have not been completed. However, the program probably will consist of several numbers by members of the high school band, a 20 or 30 minute speech by a visiting speaker, and a band-concert before the meeting proper.

Some one hundred names are on the list as members of the organization. It is earnestly desired that the Jaycees will be one hundred per cent in attendance next Tuesday night. The time is 8.30 o'clock.

An Interest Letter From Earl Alexander

We had a very interesting letter from Earl G. Alexander, of Plainview this week, who is interested in the Alexander Drug store here with G. M. Green, the store at Levelland, as well as the owner of the Plainview store. Earl was mighty well pleased with our article last week concerning the concentration of main highways through Brownfield. Earl says he has always dreamed of something like that for Brownfield. He predicts that Brownfield will not only be a bus and truck center, but a jobbing center as well, some day.

Kinder took us to task, however about our article some time ago when we said that the volunteer fire boys got very little encouragement. He said he wrote them a letter of commendation, and sent his check for \$25 late in January, when they held a disastrous fire within the walls of a two story next to Mr. Alexander's two story. Will, say in defense, Earl, that we meant in a general way, they received little encouragement. But anyone knows that Earl always shows his appreciation in a substantial way.

We are truly glad that although Earl and family are now making their home in another fine city, Brownfield is still home enough to them to be always pleased at any advance move here.
