

## Don't Miss Tradesday Here Monday

### THE \$15,000 STREET IMPROVEMENT BONDS GO OVER BY BIG MAJORITY.

Work to Begin on From 50 to 60 City Block Just as Soon As Possible, Says Mayor Coleman. Will Be a Most Valuable Asset to the City. Given 7 to 1 Majority.

While most people believed the Street Improvement bond election held here last Saturday on the issuance of \$15,000 for the curbing and paving of some 50 to 60 blocks of streets would go over with a big majority, but few expected a 7 to 1 majority. The total vote was 122 to 19 in favor of the bonds.

Mayor Clyde C. Coleman made a statement for the Herald Tuesday morning when he said inasmuch as this month closed the WPA fiscal year, programs for the ensuing year would have to be worked out, but that he hopes in the next few weeks to get word from Washington to proceed with the work of building curbs and paving. He inferred that no stones would be left returned to get this work started as soon as possible, in order that as much of it be completed before cold weather, which will hinder either concrete work or hot topping.

With the completion of 50 or 60 more blocks of good paving in the city, Brownfield will be one of the best paved small cities to be found in the state. This in turn should draw new people here to make their home sufficiently in the time that the bonds will run to almost pay for the \$15,000 bonds voted by the people last Saturday.

No one wants to locate in a town with unkempt streets and sidewalks. They want to locate in towns that are up and doing things. With the setting of curbing on the streets, and the possibility of property owners getting the streets level, you will find that they will go to building more side walks, and this in turn will give us city mail delivery.

### Let's All Try to Be Living July 5th

AUSTIN, June 26th—"Let's Be Alive on the Fifth" was the slogan urged today by the Texas Safety Association to safety councils, luncheon clubs, safety groups and newspapers for combating the annual fourth of July accidents. "The Glorious Fourth has proved a Fatal Fourth for hundreds of Texans in the past several years," the Association said in a letter to the various groups. "Let's Be Alive on the Fifth" should be the slogan throughout this week in order that casualty lists from drowning, fireworks and traffic may be reduced to a minimum for this year's Fourth of July celebrations."

The Association urged the co-operation of all agencies in cautioning the public of the dangers of the holiday celebrations.

### "Huck" Gets Miniature Golf Course Going

Well, you don't have to go to the "cow pasture" now to practice knocking the little rubber balls around with the crooked sticks. J. B. Huckabee has his course, two blocks south of the square going in high.

He has the place well lighted and while none of the hazards is extremely hard, they'll try your skill. J. B. and his very pleasant lady are expecting you.

A. E. Cary and Family are entitled to a pass to the—

### Lions Raise Around \$320.00 on Carnival

We understand that the local Lions Club raised around \$320.00 net on their Carnival Friday and Saturday, as well as raising many laughs, and for the time, perhaps, made some of us forget about dry weather. Lions, old and young entered into the games and swings with a zest that perhaps would put some professional carnival people to shame.

The spellers and barkers were on every hand, and from what we can gather at this time, some not only had aching corns, but some very sore throats when the affair closed both Friday and Saturday nights around midnight. And it seemed there was no dearth of money among those on the grounds. They bought what they wanted to eat and drink, and to play any of the games.

One of the best jokes we heard was a farmer of the Union section, was challenged by a Lion in business here, that he (the farmer) could not duck him in the tank with a dollars worth of balls. The farmer took him on, and we understand ducked the merchant just four times out of the dollar's worth of balls. Of course the crowd got a kick too.

The ladies with their eats and drinks had them well prepared and served in good condition, for we heard of no one being ill from the effects of the eats and drinks served. Much too often in such cases, food, especially is allowed to spoil before being served with resultant poisoning to some.

As we understand it, this money will be used in purchasing glasses to the last net thin dime, and it will purchase a whole of a lot of glasses, as we understand that spectacle people give a considerable discount in such cases.

The town is proud of her Lion's Club and what they are putting over for the benefit of the underprivileged.

### P. M. James H. Dallas Undergoes Operation

James H. Dallas, Brownfield field postmaster took a severe stomachache ache sometime Sunday or early Monday, and upon examination by his physician at the local hospital, was advised that he would have to part with his long possessed appendage, or else.

That article of his innards was proficiently removed Monday afternoon, while "Jeems" Hurley" slept or was fixed so that he could not feel the rasp and tear of the knife. Tuesday morning reports from his bedside were that "he was sore but satisfied." Also, he is reported to have stated that he sold stamps all night Monday—in his troubled dreams.

So, Mr. James Farley's man Friday, in Brownfield, is now laid low, and we can say what we please about him for once.

### Contract is Let On 380 East of Tahoka.

Contract for roadbed treatment and double asphalt surface treatment of 5.717 miles of U. S. Highway 380 in Lynn county has been let to Bell and Braden, Amarillo, for \$37,751.00, the Texas Highway department announced Tuesday.

The section of road to be improved begins three miles east of Tahoka and extends to a point 8.717 miles east of Tahoka on the Post road. Tahoka News

### Brownfield Body & Fender Works

This week we called to see the new machines and supplies recently installed by Shorty Forbus, owner and manager of the Brownfield Body and Fender Works. After a rather hasty examination of some of the precision tools and machines, which are the very latest models, we have decided that the tools and machines of even ten years ago are crude beside those of the present day, which make for accuracy to 1-1000 part of an inch. This is getting things down to a goat's bristle we'd say. What used to be regarded as a "fit" is now too loose or tight to even consider.

Shorty has stocked his shop, which until a month or so ago was the Chevrolet garage on West Main, with almost any hand tool or machine you would want, and is this week getting in two other new machines, an exhaust analyzer, which will tell instantly if all your gas is being burned, or part escaping in the form of vapor. The other is a mercury tube, to test for heat and other things.

For instance, he has one machine to test the tension on cylinder head bolts. Cylinder heads on different makes of cars and trucks differ greatly. A car using aluminum pistons will not stand the tension of that of a steel one, according to Forbus, without possible injury to the pistons. He has a piston pin hole grinder that makes pins seat and fit like they left the factory. Not only that, but it puts a mirror polish on them. He has one of the newest welding machines to care for his body and fender repairs, or other welding; a motor analyzing machine; ignition testing machine, and others whose uses are too technical for us to comprehend. Another is a new paint spray gun, that will care for the best as well as the cheaper paints and jobs.

In other words, you that have known Shorty for the past several years are aware of the fact that he knows cars, trucks, and tractors as well as the best, and that his jobs have always stood the test or they cost you nothing. With this great array of machines and tools described above, there is not a better prepared shop on the south plains to do your work. He has no apprentices. All his workmen have had years of experience and training either under him or other workmen. A colored man experienced in washing, greasing and cleaning, will make your car look new. One of his best workmen is J. M. Beck, who was with Shorty for three years in the Chevrolet garage. He knows Shorty's ideas about work, and works to that end.

All that Shorty asks is that you come in and compare his tools and machines, as well as his prices with others. All work is absolutely guaranteed to please customers. No oil field prices for supplies or work.

### Light to Heavy Rains Over Terry County

Rains fell here Sunday and Monday nights and Tuesday morning that ranged from sprinkles northwest of the city, to as much as three inches in some places. The gauge here in town registered about three quarters of an inch.

Richard Crews of Wellman informed the Herald that they had fully three inches in that section. All over the south part of the county, farmers are replanting. The atmosphere has been greatly cooled by the showers.

With much thunder, lightning and gusto, the clouds poured out another 32-100 inch Thursday morning at about 3 a. m., making 1.07 for the week. Favorable for more.

### County Supt Issues Statement Concerning Transfers

In view of the fact that many school pupils in the county each year wish to transfer from one district to another, for various reasons, the following may clarify the regulations for the same.

In considering the transfer of pupils from one district to another the following facts should be kept in mind:

1. The county superintendent cannot refuse a request of a parent that a pupil be transferred, but any school district can protest the transfer of pupils from that district and the county board may refuse the transfer.

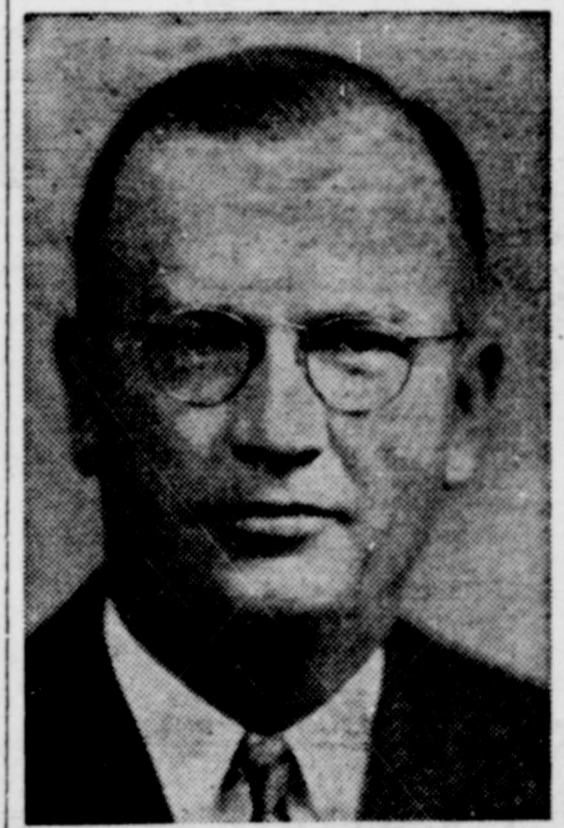

2. If a student is transferred from a district where his grade is taught, the pupil is not entitled to free transportation to the school district transferred to nor does the state allow any transportation aid on that student.

3. A student who is transferred is not entitled to free tuition in the receiving district except for as long as the scholastic apportionment will operate the school, which is approximately 4½ months on an average. If pupil is legally transferred from a district that is eligible for state aid, then the state will pay the high school tuition.

4. The applications for transfer must be signed by the parents of the pupil to be transferred between the first and last days of the month of July. Those wishing to be transferred should get them at the county superintendent's office.

Signed,  
Lee Fulton

### New General Manager Of the Santa Fe

J. A. GILLIES

The appointment of John A. Gillies as general manager of the Santa Fe Western Lines to succeed H. B. Lutz, Amarillo was announced today by W. K. Etter, vice president in charge of operations. Lutz succeeds Frank A. Lehman, who is retiring on his own volition after more than 50 years of loyal and faithful service. The appointments are effective July 1.

### Another Mistake

We stated last week in the writeup about Bruce Hancock that he leased the Hotel Coffee Shop. This was an error. He bought the cafe outright, including all fixtures, but of course leased the building.

This in justice to Mr. Hancock, whose many friends, after reading the article, stated to him that "they thought he bought the cafe." The cafe has been leased so many times, that we just decided it had been leased again.

Clay Garner of the Harmony community had the misfortune of getting two fingers badly cut on barbed wire last week. Fearing blood poison, he came in to have the wounds dressed by a physician. This is the safety first method.

Try a Want Ad for results

### The Herald Receives An Unsigned Letter

Some well-wisher of the colored citizens of the city has written in an unsigned letter to the effect that the colored settlement north of the city, is not receiving its share of water extensions. Usually we pay little attention to unsigned letters for the reason that such citizens want us to pull the chestnuts out of the fire, and take what blame that might be coming for something they said. We believe that all citizens have a right to express their opinion, vocally or written, but they should be willing to put their John Henry on the dotted line, so people would know who they are.

We agree with the writer who, who seems to know us well, as he calls us Jack, that the negroes should have water without having to pay two bits a barrel for it, and as we suggested maybe they would take a bath, at least semi-annually. Not many baths, however, will be indulged when water costs 25c the barrel. The writer of the letter suggests that Tahoka, Post, Levelland and other towns have provided water for their colored residents.

In conversation with Mayor Clyde C. Coleman, he informed us that such a project as that was in the mind of the city council, and is possibly would be undertaken at a later date. But first, let us business people figure a bit. The negroes selected a site outside the city limits for their section, and the city is under no obligations to pipe water to them, no more limits. In the first place they pay no taxes to the city, and in the than a farmer outside the city second place, two or three meters would probably be the limit taken, which would not pay for the cost of piping meters in many, many years. The others would use water through these two or three meters. In fact, that would be about all that would be able to pay for the connections.

Let's reason things a bit before we put the city to expenses that are not necessary and expedient.

### Herald Receives Oil Map of the Area.

Complimentary of the Chamber of Commerce, the Herald has a very complete as well as unique oil map of this section. This map is drawn to scale, giving all proven fields and their exact size in blue with prospective future fields of pools in blue circle lines. It was drawn by M. R. Hemphill, local lease and royalty agent.

This map includes what is known as the Permian Basin, and includes the fields in Rotan, Dickens, Garza, Scurry, Howard, Andrews, Gaines, Dawson, Borden, Yoakum, Terry, Cochran, and Hockley counties. It includes such fields as the Howard pools; the Means and Mathis in Andrews; the Seminole and Wasson in Gaines; the Denver, Allred and Bennett pools in Yoakum; the Slaughter and Duggan in Hockley and Cochran counties.

These pools show Brownfield practically surrounded by some of the best pools in this section, and with our good road progress, it is no wonder that many major companies now have their eyes on Brownfield as the oil field center city of the region.

The thing to do is give these new people the glad hand and think two or three times before going up on rents. These people like Brownfield with its pretty homes, well kept lawns, good school, churches, business houses and well paved streets; but we can run them off by excessive rents.

We need these people. They draw good wages, and they are good spenders. Let's give them the square deal under the new deal.

### OUR COUNTY CLERK HAS CALLED TERRY COUNTY HIS HOME FOR 36 YEARS.

The Story of a Young Citizens that Has Made a Rapid Rise in the Years That He Has Been Living in Brownfield and Terry County. Making Good at His Job.

This week we are taking on one of the "Courthouse Gang" again, and to use the expression of the Bowery, we may almost "moilder" him before we are through, as we have known the lad for better than 30 years. At the time we arrived in this city of some 200 souls 110 miles from a railroad back in January, 1909, our victim for this week, H. M. (Dube) Pyeatt was going around with one hand all tied up from the effects of a giant firecracker during Christmas, just a few weeks beforehand, from which he came near losing his hand. Maybe, folks who don't know wonder why they call him Dube—so do we, as we never learned the reason. But here is a little story we'll repeat.

About 30 years ago Dube was making a hand at the Hill Hotel and attending school. There was an elderly ranchman from Yoakum county that frequented the hotel for days at a time. This old cattleman thoroughly hated to be disturbed when sitting down, and especially despised to answer a telephone. But no one was near the office one day when the telephone rang, and the old gentleman had to answer. A sweet young "chicken" with a very sweet voice asked if Dube was in. "Dube! Dube!" he exclaimed, who in h-l is Dube? The little frying size at that time, hung up.

Dube was born near Waco, Texas in 1894. At the age of nine or 1903, the family consisting of Uncle Bill Pyeatt, wife and four children, now Mrs. A. R. Brownfield, Sam Dube, and Mrs. Morgan Copeland moved to Terry county, settling at Gomez. Dube attended the first school at Gomez that year, and attended the first school taught in Brownfield the next year. There was no Brownfield until after the county seat election in June, 1904. He graduated about the year 1912, and attended Metropolitan Business college at Dallas in 1913. Finishing school, he entered the service of the auditor's office of the M. K. & T. railroad. He held this position until 1917 when he volunteered his services to his country, and

entered training. He was a member of Battery B, 133 Field Artillery, 36th division, made up mostly of Dallas men, who trained at Camp Bowie, Ft. Worth. It was July 1918 when he went overseas, but never got to the front line trenches, as the war ended in November that year. He was returned home in March 1919, and again went to work for the Katy railroad. He came home six months later to accept a position with the Brownfield State Bank as bookkeeper. This position he held until 1925, when he entered the employ of Holgate-Anderson Hardware and worked for them until January 1938, when they closed out their business.

At the time, he entered the race for County Clerk, with a field of opponents worthy of his metal. At the contest of ballots in July he was well out in the lead for the runoff and easily defeated his opponent, who is a mighty good man. Well qualified to hold the office. Dube is proving himself to be one of the most efficient officials that we have ever had in that office, and we have had some cracker-jacks to say the least. He succeeds a mighty good one. Dube never loses his balance or good humor when crowded with work of his constituency, but is ever willing to go into the minutest details with them on business they have at the office. In this, he is assisted by a fine, pleasing and accommodating young lady, Miss Shirley Bond, daughter of Mrs. J. C. Bond. Both always strive to please.

Dube was married to Miss Virgie Lewis in January, 1927, and they have a nice home on east Tate street. Dube dearly loves to hunt and fish, and his favorite game is baseball. However, he likes football, although Brownfield did not play that game when he attended school. Dube is a fine fellow, but he could hardly be otherwise as he had one of the best old pioneer dad and mother a youth could have who reared him and started him off right.

### "THE OKLAHOMA KID" HIMSELF!

Who better than James Cagney have been stirringly recorded on film? "The Oklahoma Kid," a two-gun triggerman of the early west, whose deeds, good and bad, Friday at the Rialto.

 The Official Paper of Terry County and the City of Brownfield

Noting that the names of donors; the amount they set forth in front of their names; their prestige in the business world, to the National Republican and Democratic committees, will show one better than he can be told that the monied interests are still on the Republican side. In their last report, the list contained some 13 of the nation's captains of industry, and well known on Wall street, who each gave \$4,000, which seems more like an assessment than just an accident that all gave the same amount. All donations to the Democratic party was \$25 and \$10 and even lower. All of which goes to show the common people can run one, and the capitalists man the other.

The Fair Trades Act went the same way as the so-called barber bill, as it evidently conflicted with Texas Anti-Trust or price fixing laws, according to our

young Attorney General, Gerald Mann. And what a man! He was no fear on the football field. He had the intestinal fortitude to work his way through Harvard U. law department, and he still is not the least bit afraid to conflict with the opinion of the special interests and organized groups. Evidently many members of the legislature, most of which are lawyers, believed that both the barber bills and fair trades acts would not stand up, but rather than face disappointed constituents they passed the buck to Mann and Gov. O'Daniel. The latter being no lawyer, passed the bill on to Mann, who promptly declared the bill void.

To say the past session of the legislature did nothing, is a stretch of imagination. If they had done nothing other than stop land grabbing "vacancy" hunters, who when they found that oil was in certain sections, grabbed off the so-called vacant land to the annoyance of peaceful settlers, who perhaps had been in possession of the land for years. The oil lobby was, you'd be surprised, backed by the powerful school lobby, who were afraid the school fund would lose a few thousand dollars from oil royalty interests. The fight for the bill was led by Harry Ford, who stands to lose \$75,000 royalties to land grabbers in an oil field section of Harris county. Ford has been stung, and he fought like a wildcat to keep other land owners from suffering the same kind of a grab.

A man informed us recently that there was a good lady in a neighboring town who was going to write us a letter soon that would "burr us up." This was occasioned by something we had to say in an article about that city re-

cently in which we stated that a five thousand dollar residence in the same block with trailer houses did not give a town a good appearance. Now, this lady either misread the article, or someone gave it their version to her in a very garbled manner. We stated plainly in the article that the trailer house resident might be the peer in morals to the one in the five thousand dollar house, but that neither added to the beauty of the other when closely mixed. In fact, no one that builds a fine new home wants some one to buy an adjoining lot and erect a barn. There are other things other than harmony and contrast to be considered. It is a well known fact that trailer houses are not connected with sewerage disposal. Something must be done with the garbage, not to mention the human excretions that should be disposed of through the sewer. Therefore a nice residence that had provided such disposal would not appreciate a next door neighbor that heaved such out the back door. Would you?

"Little words are impressive; little charities the most helpful; little lakes are the stillest; little hearts are fullest, and little farms are the best tilled. Little books are read the most; little songs the dearest loved. And when nature would make anything especially rare and beautiful, she makes it little—little pearls, little diamonds, little dew-drops. Life is made up of littles; death is what remains of them all. Day is made up of little seconds, little minutes, little beams of light, and night is glorious with little stars." —Burlson News.

Time was when everything of major importance was accepted without question. People went to church, because they considered

it their duty. Now the world is asking, why go to church? Time was that going to school was taken for granted. A lot of young people are asking now, why get an education when so many college graduates are out of jobs? Time was when most young men looked either to the farm or the business house as a certain means of livelihood, and future independence. Now they are asking why go into business when 93 per cent of all business people eventually fail; and the government has to help the farmer make a living? Most young people have one idea get hold of a car, drive like hades, have a swell time, and let the government look after you in your old age. Living under these cockeyed conditions of the past few years has made most people wonder just which way is the right way. But after all, straight living, honesty, thrift and economy will win, regardless of what may happen in between times.—Canyon News.

**Taft's Alma Mater Spurns His Demand for Reaction**

A New Haven dispatch in the G. O. P. New York Herald Tribune reports that after Senator Robert A. Taft, Republican Presidential aspirant, had portrayed to the Yale Political Union his conviction that "continuation of the Roosevelt policies is demoralizing to the economical and political life of the country," the Union voted 53 to 44 against the "more mildly put" question: "Resolved that the election of a Republican President in 1940 is essential to the best interests of the country,"

Mrs. George Brown left last Sunday night for her home in Boonesville, Miss., after two weeks' visit with her cousin, Mrs. J. W. Ball and family of route 4.

**NOTICE OF DISSOLUTION OF PARTNERSHIP**

Notice is hereby given that the partnership between R. K. Wootten, Effie D. Wootten, J. W. Simmons, Rebekah Simmons, G. A. Simmons and T. B. Simmons (or any of them) under the firm name of Quannah Cotton Oil Company, was dissolved on May 31, 1939. The business will be continued in the name of Quannah Cotton Oil Company, a Texas corporation. All debts and obligations owing to the partnership should be paid to the partnership at Quannah, Hardeman County, Texas. All debts and obligations owing by the partnership should be presented to the partnership at Quannah, Hardeman County, Texas. This notice is published once each week for four consecutive weeks in each of the counties where the partnership has a place of business, as required by Article 6132 of the Revised Civil Statutes of Texas. Dated at Quannah, Texas, May 31, 1939.

Quannah Cotton Oil Company, a partnership, By J. W. Simmons, Rebekah Simmons, G. A. Simmons, T. B. Simmons, Surviving Partners: John B. Wootten, Executor and trustee of the estate of R. K. Wootten, deceased. Effie Wootten Siddons, Executor and trustee of the estate of R. K. Wootten, deceased, and as executor and trustee of the estate of Effie D. Wootten, deceased. Annie Victoria Durand, Executor and trustee of the estate of Effie D. Wootten, deceased. 47c.

**CITATION BY PUBLICATION**

The State of Texas, To the Sheriff or any Constable of Terry County—Greeting: YOU ARE HEREBY COMMANDED to summon W. A. Melson, Mrs. Jessie Johnson, B. J. Johnson, Ray Johnson, Doss Windham, Clariet Melson, and the heirs and legal representatives of each of said defendants; and also the heirs and legal representatives of Mrs. E. M. Windham, and the heirs and legal representatives of Mrs. E. M. Windham Melson; by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, in the nearest County where a newspaper is published,

to appear in the next regular term of the District Court of Terry County, to be holden at the Court House thereof, in Brownfield, on the fourth Monday in August, A. D. 1939, the same being the 28th day of August A. D. 1939, then and there to answer a petition filed in said Court on the 16th day of June, A. D. 1939, in a suit numbered on the docket of said Court No. 2527, wherein Jesse Ferguson and Leah Ferguson, husband and wife are Plaintiffs, and W. A. Melson, Mrs. Jessie Johnson, B. J. Johnson, Ray Johnson, Doss Windham, Clariet Melson, and the heirs and the legal representatives of each of said defendants, and also the heirs and the legal representatives Mrs. E. M. Windham Melson are Defendants, and a brief statement of the plaintiff's cause of action, being as follows:

That, heretofore, on the 1st day of June, 1939, they were lawfully seized and possessed of, and did own by fee simple title, that certain tract or parcel of land situated in Terry County, Texas, being Lot 6, in Block 1, of the A. M. McBurnett Subdivision of part of Block 6, of the East Addition to the town of Brownfield, in Terry County, Texas; that on the date aforesaid the defendants unlawfully entered upon said premises and ejected said plaintiffs therefrom, and do continue to withhold from them the possession hereof, to their damages, \$5000.00.

That the defendants, and each of them, are or may be asserting or claiming some adverse estate or interest in and to the real estate involved in this suit, and this suit is brought for the purpose of determining each estate or interest and canceling and removing the same and granting the title and possessions to plaintiffs.

Prayer that all defendants be cited and that plaintiffs have judgement for the title and possession of the land, for all costs of suit, and all other relief to which they are entitled, including a decree for removing and canceling all adverse estate or interest of the defendants, and each of them, in and to said land.

HEREIN FAIL NOT but have before said Court, at its next regular term, this writ with your return thereon, showing how you have executed the same.

GIVEN UNDER MY HAND and seal of said Court, at office in Brownfield, Texas, on this 16th day of June, A. D. 1939.

Eldora A. White, Clerk, District Court, Terry County, Texas. 49c

**THE LADY AND THE ROUGHNECK**

SHE SAID SHYLY, "Couldn't I take a peek?" He said bashfully, "Er-r lady, you can try." He was a roughneck, which is the regular name for a worker like him in the oil fields. She was a dear, with two little grandsons back East whose lips would round as she told of looking down the world's deepest hole . . . down well-nigh 3 miles . . . down the famed 15,004-foot Conoco oil well in California. You too are invited to see it. Of course, as the lady knows now, you can't squint so awfully far down a 3-mile bore. But if you could only get a squint into the 3-inch bore of your motor car's cylinders! . . . if you could only watch patented Conoco Germ Processed oil give your engine wondrous OIL-PLATING! Then you'd see those precious working parts not merely oil-splashed and oil-smearred but OIL-PLATED with a perfect skin-fit—as

bumpers are chromium-plated. Chromium-plating surely doesn't thin out, fry up, or drain down; and neither does OIL-PLATING. So it stays clear up to the cylinder head despite 400 or 500 miles a day; despite 4 or 5 hours' parking—and longer. Then all your Summer starts and spurts will be wear-proofed by slippy OIL-PLATING that's never all gone. Beats any mere on-again-off-again oiling, particularly when you tote up all your miles between quarts! Change to your correct Germ Processed oil today at your Conoco dealer's—Your Mileage Merchant . . . his middle name's Mileage! Continental Oil Company

be "strongest with those countries whose commerce interests this country's economy."

Since Bolivia has been engaged in barter negotiations with Germany, it would appear that her ties with the Reich are tightened. Furthermore, the Bolivian Minister to Italy and the Japanese brother-in-law of President Musch have asserted that Bolivia would join the totalitarian bloc of Powers.

Bolivia, following Mexico's example, has seized foreign-owned oil properties and intends to turn them to national advantage. German emissaries are said to be working overtime to make Bolivia, politically as well as economically, a Nazi outpost in the New World.

If Nazism were to gain a foothold in Bolivia the danger to all the Americas would be obvious. Other states in Central and South America might be expected to adopt the same course. Argentina has banned Nazi Bunds and Chile has deported Nazi propagandists. But if Bolivia were to introduce Nazism on a large scale, it is a question whether some other South American countries would resist.

The destiny of the Western Hemisphere should lie in the development of Americanism. The solidarity of the Americas should leave no room for foreign "isms." —Philadelphia, Pa., Inquirer—May 21.

**PLAINS—**

Mrs. H. F. Williams, Mrs. W. A. Jones of Lubbock, and Johnnie Marie, Dorothy Fae and Wanda Ray Millwee of Rising Star, Texas, visited their sister and aunt Mrs. J. H. Morris and family Wednesday.

J. H. Lynn, Joe Dixon and Leslie McClaren visited in Mineral Wells last week.

Mr. and Mrs. Lad Webber and children of Jal, N. M. visited in the J. S. Webber home last Sunday.

Mrs. W. R. McInturff and son visited relatives in Lubbock over the week end.

Mr. and Mrs. Anderson of Ranger, Texas are here visiting their sons and families.

Miss Doris Liles of Lovington is visiting her sister, Mrs. Albert Anderson.

Mrs. J. S. Pride is visiting relatives in Louisiana.

Mrs. Arthur Cotten and boys were in Lubbock Friday purchasing a new car.

Mr. and Mrs. Aaron Mooris visited in Seagraves Sunday.

Mrs. Bill Blankenship and Billie; Mrs. Bettie Criswell and Mrs. Mary Lackey were Lubbock shoppers Saturday.

Mr. and Mrs. Allen Black attended church in Bennett Sunday afternoon.

Mr. and Mrs. John McKee, Eloise and J. D. attended the show in Brownfield Saturday night.

Mrs. Earnest Hale was a Lubbock shopper Monday.

Mr. and Mrs. Rubin Show and children of Pampa visited Mr. Show's sister Mrs. Gertrude Taylor and Boys Monday.

**EGG MENU CONTESTANT MAY WIN \$1,000**

"Some Texas housewife may win \$1,000." This announcement was made by Ethel Bob Mantague, manager of the John Tarleton College Dining Hall, Stephenville, Texas, who has been

appointed chairman of the Texas Egg Menu Contest. This contest is being promoted by the Seventh World's Poultry Congress and Exposition to be held in Cleveland, Ohio, July 28 to August 7. Miss Montague will select the best menus submitted in Texas. These will be entered in a national contest for a grand prize of \$1,000 and numerous other prizes.

**MAY CAR SALES 50 PER CENT OVER MAY 1938**

Austin, June 26—Automobile agencies sold 50.7 per cent more new passenger cars in Texas during May than in May last year, and commercial car sales climbed almost as much, the University of Texas Bureau of Business Research announced today.

Reports to the Bureau from fourteen representative Texas counties showed registrations of new automobiles totaling 16.1 per cent over April of this year, while new commercial motor vehicle registrations dropped 5.9 per cent.

Commercial car sales for May were 46.7 per cent over May, 1938.

Mrs. Jack Stricklin, Jr. and son, Jack Taylor are expected home this week from Denison, Texas, where they have been the past month visiting her parents.

Miss Ethel Echart, who has held the position of dietician at the Treadway-Daniell hospital for the past several months, has resigned her position effective July 1, and after visiting relatives in South Texas will make a trip to California.

**HAY FEVER SEASON**

AUSTIN, Texas, June 30—"It will not be many weeks until a large number of Texans will be sneezing, wheezing and in many other ways evidencing that they are victims of so-called hay fever. Many of these persons, either because of ignorance or carelessness, will endure their affliction, bolstered only by the distant hope of the "fall frost" which will mark the end of their ordeal for this year. On the face of it, these allergies have a rather hard row to hoe. However, for many of them, this situation could be altered most favorably," prophesies the Texas State Health Department.

"Indeed, science has developed a successful method of combating many forms of this seasonal affliction. For persons who possess this unusual sensitiveness to the pollens of certain plants, weeds, grasses, and trees, serums have been developed to counteract it. "Before this type of treatment can be effective it is essential that the particular pollen causing the disturbance be discovered. Guesswork plays no part in this investigation. The physician will make simple and painless tests with extracts of pollen which are suspected of causing the trouble. By means of a needle prick a portion of each of the pollens under suspicion is placed under the skin. And that extract which generates a slight local reaction points to the offender. Inoculation of that type of serum is then administered.

The potency of this treatment depends upon its prior use to the pollen season. Immunity must be established early. Bodily reactions to this type of therapy are slow. In fact, several months, involving several treatments at intervals, are required.

While this preventive is not effective in all cases, the percentage of successes has been sufficiently high for every hay fever sufferer to give it a fair chance. In some patients, the result while not totally satisfactory, has noticeably reduced the suffering.

Recommended for immunization of suffering is cutting of ragweeds from locales where hay-fever sufferers frequent. Vacant lots are a potent source of the ragweed and should be included in preventive measures against the disease.

**LAHEY**

Showers of the past week have been appreciated but we need a good general rain.

Mrs. W. M. Thomason spent the week with her sister, Mrs. J. M. Walker of Ropesville.

The Daisy Bee Sewing Club met at the school house on the 20th with Mesdames H. M. Thomason and Milton Briscoe. After quilting two quilts a business meeting was held. Refreshments of iced tea, sandwiches, and cookies were served to 14 members and 3 visitors. The next meeting will be

July 6th with Mesdames J. L. Newberry and Norval Hulse.

Mr. and Mrs. Hulse, together with Mrs. W. O. Lambeth visited in Anton and Littlefield Thursday and Friday of last week.

In order to obtain money to build seats for the church room of our school house, we will present the play, "Here Comes Charlie" in the near future. Be sure to watch for the date, and plan to come. A big evening of fun for little cost.

Mr. and Mrs. Alvin Smith and family of Eunice, N. M. and Mr. and Mrs. Kenneth Purtell of Lubbock, visited in the A. C. Holcomb home over the week end.

On Thursday night of last week the young people went on a hobo party, honoring Connel Roberts, after visiting in the homes of George Jenkins, George Bentley, and Fred Corneise. We gathered in the home of Otis Lemley for supper.

Mrs. Jodie Attaway left last week to visit her parents in East Texas.

Mrs. Jim Webb had Mr. and Mrs. Clem Mensch and Miss Prebble Thomason as dinner guests on Sunday.

Mr. and Mrs. Joe Patterson of the Club Cafe have as their guest, Mr. Patterson's mother, Mrs. John T. Patterson of Lubbock.

**Local Duck Pinsters Win Over Post**

By turning back two of the three teams from Post, the Brownfield bowlers won in their first attempt at match play in this sport against outside competition. Matches were played off last Tuesday night at the Brownfield Bowling Alley.

The Brownfield Fire Department and Nelson-Primm Drug teams were respective victors over the Post Fire Department and the Warren Bros. Drug of Post. The local Piggly-Wiggly team suffered defeat at the hands of the Post Piggly Wiggly.

Standings of the local bowling teams are listed below:

Wayne Tipton had his appendix removed Monday.

Mr. and Mrs. Lester McPherson accompanied by Mr. and Mrs. Shorty Brown and children and Mr. and Mrs. J. W. McPherson, will leave Saturday on a two weeks vacation up in cool Colorado and other points.

Mr. and Mrs. E. C. Roberts of Seagraves and Miss Maurine Roberts of Coahoma, were visitors in the A. J. Stricklin home, Saturday evening.

F. H. Carpenter was in Monday from the Welch section and reports crops pretty badly damaged by the wind last Tuesday afternoon and night. But he reports that he still has about all the cotton allowed him.

**TECH SUMMER SCHOOL FOURTEEN PER CENT GAIN**

LUBBOCK, Texas, June 30—Total enrollment figures for the first term of the Summer session of Texas Technological College discloses a substantial increase over figures for the same term last year. The division of graduate study with an increase of 14 per cent shows the largest increase in number of students enrolled. Thirteen hundred undergraduates have registered and 352 are taking graduate work. In the various division attendance is as

follows: agriculture, 149; engineering, 141; home economics, 181; arts and sciences, 1181.

All the members of the Kyle Grocery seem to have gone 'House of David'. Could not find out if it was for some special occasion, but they look as handsome as some of our favorite movie actors.

The fire alarm that you heard Wednesday night was turned in by the night police when they discovered fire coming out of the top of the Hotel Brownfield Chimney. Just during the soot out of flues.

**ONLY SLOW-MOVING THING ABOUT OLDS!**

**RECORDS SHOW THAT OLDSMOBILE IS ONE OF THE EASIEST CARS ON GAS!**

How's your gas mileage? Does the needle on your gauge seem to hurry from "Full" to "Empty"? If it does, you ought to own an Olds. For here's one car that steps right out—gives you pick-up, pep and brilliant action without penalizing your pocketbook. Olds is an economical car to drive, in every way. You pay a low price to begin with—you get good value when you trade it in. It saves you money every mile on gas and oil—saves on tires and maintenance, too. You can check these facts by talking with Oldsmobile owners. Or you can look at the record—Olds took first place in its class in 1939 in the famous Gilmore-Yosemite Economy Run, averaging 21.4 miles per gallon. Olds is a big car, a luxury car—built to quality standards through and through. Come in and see us today. Drive an Olds. You'll be amazed at the value a low price buys in Olds!

**YOU'LL GET A BETTER DEAL FROM OLDSMOBILE!**

The car you are driving will never be worth a dollar more than it is today. Why not trade it in while you can get top value, and enjoy all the advantages of a brand new Oldsmobile during the summer season? Come in and we will gladly make an appraisal without obligation on your part.

**\$777 AND UP**

Delivered at Lansing, Mich. Prices include safety glass, bumpers, bumper guards, spare tire and tube. State and local taxes, if any, optional equipment and accessories—extra. Prices subject to change without notice. General Motors Installment Plan.

THE CAR THAT HAS EVERYTHING

**ROSS MOTOR Co. Brownfield, Texas.**

**Behind the Scenes in American Business**

By John Craddock  
NEW YORK, June 26.—BUSINESS—Good news prevails over the bad in domestic business. With the two mid-Summer months just around the corner, manufacturing and mining industries are showing an improvement unusual for this time of year. Reflecting this steady output of raw materials and merchandise, rail carloadings rose a bit more last week. An upturn in business in England and France promises renewed export

demands for American automobiles. No seasonal decline is evident in the shoe industry. May output was 32,000,000 pairs. With abatement of fears over federal competition, a number of utility companies are planning expansion programs to cope with rising power usage which promises to reach a new peak in 1940. This should create a great deal of employment. The only really disturbing news comes from the Far East. Japan now controls the entire Chinese coast, seriously threatening established British and American rights there. Business, which is just getting over the European

war scares, may get the jitters all over again as a result of this new turn in the Sino-Japanese war. **More Spending** WASHINGTON.—As predicted a month ago, President Roosevelt called upon Congress last week for a new lending-spending drive of gigantic size. Over and above WPA, PWA and other relief appropriations, the plan envisions outlay of \$3,860,000,000 in self-liquidating loans for non-federal public works, express highways, rural electrification, rail equipment, farm tenant aid and foreign credits to promote U. S. trade. It is expected Congress will consider this broad proposal immediately. The record speed, however, with which the tax bill was passed—less than two weeks, compared with an average time of 90 days required for enactment of revenue bills of other years—indicates that Congress is in no mood for such a protracted session as undoubtedly would be required to enact the President's entire program. The major part of it, therefore, probably will be shelved until 1940. The last letter from the Arthur Sawyers was that they were in the French speaking section of Canada and were having quite a time understanding the natives. They report New England very beautiful. They will re-enter the U. S. through Michigan. **DON'T INSULT INDEPENDENT MERCHANTS** It's about time the old, fallacious argument that "chain stores are driving the independent merchant out of business" was relegated to the obscurity where it belongs. For, as statistics prove, progressive independent store owners have thrived in the face of chain competition—and it's an insult to their abilities and intelligence to say they can't meet it. The years from 1929 to 1935 were years of deep depression. Yet, according to U. S. Government figures, the number of independent stores increased by almost 100,000 in that length of time. And, going by the latest complete figures available, independent stores do close to 75 per cent of all our retail trade. Local studies have been made in 453 typical American commu-

nities—ranging in size from hamlet to metropolis—to find out just how independent stores are faring. Result—there are as many independent stores, and in some cases more, in proportion to population than there was before chains existed.

This doesn't mean independent stores don't fail. Thousands of them do each year—and so do many chain systems. And the reason for failure, believe it or not, is rarely competition. According to the U. S. Chamber of Commerce 37.2 per cent of retail failures are due to insufficient capital; 31.4 per cent due to incompetence; 15.6 per cent to such exigencies as floods and other natural disasters; 4.9 per cent to inexperience—and only 3.9 per cent to competition! It doesn't take an economist to realize that the underfinanced, inexperienced, and inefficient store isn't long for this world—irrespective of whether chains operate in its locality or not.

Smart independents give the chain many a headache—by putting into effect novel selling ideas, personalizing service, and thinking up new attractions for the consumer. The independent store operator is far from being the stupid oaf, bewildered and frightened by competition, the politicians would have you believe.

**E. L. REDFORD PASSES**

One of the most prominent and highly respected citizens of Brownfield passed to his reward while still in bed last Sunday morning, in the person of E. L. Redford, 61. Mrs. Redford stated that just before day, Mr. Redford awakened her, and stated that he was cold, and asked if she wished the sheet pulled up on her. She soon fell asleep, but was awakened by his unnatural breathing. Mr. Redford never spoke again.

E. L. Redford was born in the vicinity of Fort Worth in 1878, but moved to Wilbarger county, from where he came to Terry county some 20 years ago. He has been a very successful farmer, having a very fine farm north of the city one mile, but had a town residence under construction in the east part of the city. He was one of the leaders of the Baptist church here, and took great interest in the local schools, having served several years on the school board. Everyone who knew Mr. Redford spoke in the highest terms of his usefulness to the community.

The body was prepared by the Brownfield Funeral Home, and the funeral was held Monday afternoon at 4 p. m. The large crowd that attended attested the esteem in which he was held. Burial followed in the new cemetery, his body being the first to be laid to rest in it.

He leaves a wife and three sons, Terry, Logan and Billie to mourn his passing. He was a loving husband, and a kind father, who gave his children the very best chance in his power to make good and highly respected citizens.

**SANTA FE CARLOADINGS**

The Santa Fe System carloadings for the week ending June 24, 1939, were 28,992 as compared with 24,159 for the same week in 1938. Received from connections were 4,993 as compared with 4,467 for the same week in 1938. The total cars moved were 33,985 as compared with 28,626 for the same week in 1938. Santa Fe handled a total of 27,739 cars during the preceding week this year.

**AGRICULTURAL SHORT COURSE AT A. & M.**

College Station, Texas, June 20.—Between five and six thousand farm people will visit the Texas A. and M. campus during the Short course period of July 5-14, H. H. Williamson, director of the Texas Extension Service, estimates.

Accommodations have been provided for 2,500 boys and girls during the 4-H Club Short Course of July 5-7, he said. Around 200 boys are expected to "camp out" and another 500 will be housed under the stadium, while the girls and the remainder of the boys will have dormitory rooms.

Registrations of farm and ranch men and women at the July 12-14 Farmer's Short Course is expected to reach 2,500. In addition, a number of special groups will meet at the same time. These include the Institute for Cooperatives, the Texas Agricultural Workers, Texas Agricultural Writers and Texas Horse, Jack

and Mule Breeders' Association. County Agricultural and home demonstration agents will gather July 10-11 for their annual session between the two Short Courses, as will workers of the Texas Agricultural Experiment Station.

D. L. Weddington, in charge of arrangements for accommodations, said rooms and meals would be available in excess of the expected attendance. "No one who wants to attend the Short Course need stay away," he pointed out.

**Put the Milk Pitcher Back on the Table**

Put the milk pitcher back on the table! It is now an authentic antique and worthy of a place of honor; it is the aristocrat of the table. Whether placed there by style or taste decree, it is mighty good nutritional advice. Drinking milk with meals is good, sound, nutritional practice.

Milk is a food and should be treated as one. Drink it slowly and enjoy every mouthful. With the milk pitcher on the table, easily reached by all, the whole family can drink their fill.

Milk is as nearly perfect food as there is. It is one of the best all-round body builders. It is palatable, nutritious and economical. It combines the essentials of erect bearing obligations at less nutrition in the most readily available form. One quart of milk furnishes more than half of the nutritional needs of the day. It furnishes about one-third of the protein requirement, nearly all of the phosphorus and calcium, one-eighth of the iron, adequate amounts of most of the vitamins, and about one-fifth of the entire energy requirements for the day.

Milk supplements other foods. The proteins of cereals are poor in growth factors but supplemented with milk, they produce maximum results. A bowl of cereal with fresh fruit, whole milk and a little sugar constitutes a "hurry-up" meal that is nutritious and quite palatable. It is readily and easily digested and will therefore not "stick-to-the-ribs" very long. To stave off hunger until the next meal, we need some more fat such as a slice or two of bread and butter.

Milk has no affinities. It goes with any food or any kind of a meal. Often we hear the remark that fish and milk or ice cream must not be eaten at the same meal. This is a fallacy. Any of the natural foods may be used together. It is the man-made mixtures that offend.

Some of our most delicate fish dishes are made with milk. While there are a few people who are allergic to fish and have to avoid all of the sea foods, the majority can safely eat them. The question is not one of combinations, but of the condition of the food. If the fish is not fresh, it will cause sickness if eaten in any way.

An often heard excuse for not drinking milk is that it is constipating. This is another fallacy. It is readily and easily digested and because of this, leaves no residue. The balanced diet furnishes bulk in the form of fresh fruits, vegetables and cereals for well-being. Milk is a vital part of this balanced meal.

Not long ago a food quack went around this part of the country preaching that milk and citrus juices must not be taken at the same meal because the fruit juices curdled the milk. This is another ridiculous fallacy. The curdling of milk in the stomach is the first step in the digestion. Fruit juices aid in the digestion by helping to form a softer curd. The same reasoning applies to buttermilk.

**LEADING REPUBLICAN ORGAN SCORES GOP IN CONGRESS**

"It must have been embarrassing for the strategists at Republican headquarters," the Republican Washington Post remarks, "when as an ironic afterthought to the oratory of National Debt Week, the utterly irresponsible and hopelessly extravagant Townsend proposal drew its chief strength from the Republican members of the House of Representatives. . . . Instead of being a powerful buttress against spending, as any opposition party, the Republican party has displayed more faith than those it condemns for believing in pots of gold at the end of the rainbow."

"Nor is the vote on the Townsend bill the only occasion on which this tendency has been

manifested. Votes on the farm bill and several others suggest that much of the Republican dislike for spending and huge national debt is pure talk. Unless the party can make a more effective Congressional record than it has to its credit now, it is going to give the 1940 platform makers the jitters before their ask begins."

Elder Jas. A. Fry, of Pecos, former minister of the Church of Christ, this city, was here Monday; stated that he had visited the Canyon, Texas church over the week end, preaching there Sunday. His little daughter, Jean remained here as a guest of little Miss Jean Knight while her father was at Canyon.

The many friends and well wishers of Elder J. H. Killion will be glad to learn that he has recovered sufficiently to be removed from the hospital to his home at the parsonage, and that he is convalescing nicely.

J. O. Whealey was in Wednesday from the Johnson community and reported rain rather shy out there.

**Hiway Deaths Show 13 Percent Decrease**

Eighty lives were saved in Texas during the first five months of this year, Brady Gentry, chairman of the State Highway Commission, said today in announcing that motor vehicle fatalities for the period of January 1 to May 31, 1939 as compared to the same period in 1938 showed a reduction of 13.44 per cent.

The toll of lives taken by traffic accidents the first five months of this year was 567, whereas for the first five months of last year the number was 655. Cities of over 2,500 population had 21 less traffic deaths, a reduction of 12.28 per cent, Mr. Gentry stated, and towns of under 2,500 population had a reduction of 12.50 per cent, a saving of five lives.

Deaths on the highway system were reduced by 72, or 18.80 per cent. On country roads there was a fatality increase of ten, or 16.39 per cent.

Of the total traffic fatalities during the first five months of this year, 54.8 per cent occurred on state highways, while 58.41 per cent of the total for the same period of 1938 were on highways, the Highway Engineer said. For the entire year of 1938, highway deaths accounted for 61.5 per cent of the total traffic toll. "This five months reduction and the progressive campaign being conducted in the state stimulate us to redouble our efforts to drive and walk safely," Mr. Gentry said. "We can make Texas one of the safest states in the nation."

**WORLD'S WATER POWER INCREASES 180 PER CENT**

According to the U. S. Department of the Interior, the world's

water power has increased 180 per cent in the past 18 years, the most of this has been in the United States. There was 23,000,000 horsepower in 1920, and 64,000,000 at the end of 1938.

The ten countries leading in developed water power and the installed capacity, in horsepower, of water power in each, according to these estimates were as follows: First, United States, 17,949,000; second, Canada, 8,191,000; third, Italy, 6,000,000; fourth, France, 5,400,000; fifth, Japan, 4,800,000; sixth, Germany, 4,000,000; seventh, Norway, 3,000,000; eighth, Switzerland, 2,800,000; ninth, Sweden, 2,200,000; tenth, Union of Soviet Socialist Republics, 1,630,000.

**LESS OFTEN BUT HEAVIER**

COLLEGE STATION—Watering flowers a little every night may be fun, says J. F. Rosborough, horticulturist of the Texas A. and M. College Extension Service, but the flowers will do better if they are watered thoroughly once a week and allowed to dry out somewhat between times.

A summer mulch of peat moss or similar mulch will prove more than worthwhile in holding back weeds, keeping the soil cooler, and reducing surface evaporation. A more robust plant and larger, brighter flowers will result.

Some plants will do better if they are pinched back when they are six to eight inches high. Such plants as the zinnia will develop into a bushier plant if this method is used.

Another pointer listed by Rosborough is the removing of blooms. As blooms reach their prime they should be removed before they have a chance to go to seed. This will not only result in more blooms, but a longer blooming period.

"Our Flowers to the Living" this week are for Mrs. T. L. Treadway...

She is as nice and considerate to the very lowliest as to those who consider themselves the highest...

VACATIONERS

Many of the vacationers have returned and others are homeward bound, while others are planning on leaving soon...

Mrs. Sawyer stated that they had the pleasure of seeing the Quints while at Collander, Canada, and they were darlings and very beautiful...

Cards from the Herman Triggs who are on their way to Chicago to attend Vandercook School of Music for the next six weeks...

Miss Margaret Bell and Mrs. A. E. Newell of Ft. Worth are leaving Thursday for a two months vacation to be spent in Calif.

Mrs. W. B. Toone has as her guest this month her daughter-in-law, Mrs. Terrell Toone and son of Panama, Canal Zone.

Mr. and Mrs. H. H. Longbrake and Henry are leaving today for Skellytown to spend the night with their son, Otis Longbrake...

Mrs. W. H. Dallas is on the sick list this week.

Mrs. R. F. Quinlan and two adorable children of Lubbock are the guests of Mrs. Quinlan's parents, Mr. and Mrs. W. A. Bell, this week.

MAKE 4TH 'SAFE AND SANE'

Wherever you go on this Fourth to have a rip-roaring good time be ever mindful of the highway safety slogan, "Let Us Be Alive This Fifth."

A nation and a people fought for Independence—they won—and for 163 years that independence has been kept secure.

COME TO THE FELLOWSHIP BIBLE CLASS

For good fellows who have not been attending Sunday School anywhere.

Meets at Mrs. Shelton's Dining Room in the Wines Hotel each Sunday at 9:30 a. m.

J. O. Gillham, Teacher. M. J. Craig, Treasurer.

DELTA-DEK BRIDGE CLUB

Mrs. Jim Graves entertained the Delta-Dek Bridge club on Friday night.

A delicious dinner was served the guests when they arrived at 8 p. m. After dinner, bridge was enjoyed until a late hour.

High scores went to R. L. Bandy and Mrs. Christopher.

MAIDS AND MATRONS CLUB

The Maids and Matrons club, of Wellman met Thursday, 15th with Mrs. Schroeder. After playing Bingo for awhile, we had a program on Texas...

The next meeting is June 29, at the home of Mrs. Wartes. We would like to see all the ladies present.

PATSY CARTER ENJOYS SUMMER VACATION

HUNT, Texas, June 30 (Spl.)—Summer camp activities for Patsy Carter at Camp Waldemar, near Kerrville, have included a variety of things this week...

Field day events were scheduled for Monday but because of rain were postponed until Thursday.

Patsy Ruth represented the Tejas in the balloon race in the swimming meet. Climax of the day was the exciting war canoe race in which the crews of the Comanche and Tejas tribes displayed their best in canoeing skill.

Patsy recently passed the canoe test and is now entitled to go on the water in one of the camp's large fleet of canoes.

MISS COLEMAN WILL WED MR. BURNETT

MONOHANS, June 24—Mrs. W. B. Andrews entertained with a waffle breakfast and swimming party Tuesday morning to announce the engagement and approaching marriage of her daughter, Miss Jane Coleman...

The WMU met at the church at 2:30 instead of the time appointed because of the funeral of our brother, E. L. Redford...

Reagan with Mrs. A. C. White, Annie Long with Mrs. J. C. Green; Lockett, with Mrs. Ame Flache and Lottie Moon with Mrs. Claude Henderson.

The pastor accepted the urgent invitation of the church at Honey Grove, Texas to conduct a meeting at this time and left Monday evening for that point and will not be in the services here next Sunday but has asked Rev. A. C. Huff, the general missionary of District 9 to be present...

Miss Coleman was graduated this year from Monahans High School and was elected the class favorite. She played the lead in the senior class play and the one-act play, and is a charter member of the dramatics club.

Mr. Burnett was graduated from Brownfield High School and attended Texas Technological College for two years.

Miss Coleman is the niece of Mesdames H. F. Stubbs, George W. Brewer and Voyle Vaughn of Lubbock.

WEBBERS ENTERTAIN AT THEIR COUNTRY ESTATE

Last Friday evening at their country home north of Brownfield, Mr. and Mrs. G. S. Webber were hosts to a number of friends and relatives with a pork barbecue cakes, pies and salads.

Those enjoying the hospitality of this gracious couple were Mr. and Mrs. Glen Noble Webber; Mr. and Mrs. Henry Bates; Mr. and Mrs. Cook Pruitt; Mrs. Kathleen Kessinger and two children of Corsicana; Mrs. Ruby George, Seagraves; James Patterson of Duncan, Okla., and Kathleen Jane Akers of Hereford.

TWO NICELY furnished bedrooms for rent. Phone 161

Shower Tea

Mrs. Tommy Moorhead was honored with a lovely Shower and Come and Go Tea in the beautiful new home of Mrs. Jim Graves.

Co-hostesses for the occasion with Mrs. Graves were Mesdames E. B. Thomas, Lester Treadway, and Miss Betty Shelton.

Mrs. Lester Treadway presided at the Tea Table. Miss Irma Smith presided over the bride's register.

Lovely bouquets of sweet peas in pastel shades and shaded lights made a beautiful setting for the many attractively groomed guests who called during the hours from four until six p. m.

The guest of honor was presented with many useful gifts.

MISS WHITNEY ATTENDS HOME EC. MEETING

Mabel Whitney, Home Management Supervisor with the Farm Security Administration, returned Saturday from San Antonio where she attended the 32nd Annual meeting of the American Home Economics Association.

The program for the meeting included a wide range of topics ranging from the Federal low-cost housing program, public health, and educational objective to school lunch projects, consumer education, and family nutrition.

BAPTIST CHURCH

Attendance was fair at all services but not large and gave indication of visiting and automobile trips on the part of members of the church and their friends who visited them and kept them from their services.

The old cemetery could be made with a lot of work, a very restful looking place, of course it would be out of the question to put out grass or low growing shrubs on account of sand, but there could be a lot of leveling up done and it could be bordered with trees...

There are a lot of people in Terry county that have loved ones buried there and that will want it kept up and will see that it is. There is a man employed full time to care for the old cemetery and will be as long as needed.

Mr. and Mrs. Paul Taylor, of Lubbock; Miss Mary Helen Marchbanks of Brownfield accompanied by Mr. Carl Watson of Lubbock, visited the Carlsbad Caverns the past week end and reported a lovely time.

Since the pastor is away from town this writer feels justified in saying that we appreciate the invitation extended to him to return to his old home town church where he grew up and accepted the call of the Lord to the ministry, and praying people will use him in winning for Christ many of his acquaintances and boyhood friends.

It is hoped that the absence of the pastor may be an added reason that all teachers, officers as well as members of the church shall be in their places next Sunday that Christ may be honored by their faithfulness.

METHODIST CHURCH

The pastor left last week to attend the pastor's school in S. M. U. Dallas. This lasts two weeks. It brings several hundred pastors together for fellowship with one another and instruction in class rooms by some of our best teachers. It is a refreshing sort of experience. The pastor will be in his pulpit at both hours next Sunday. Church school runs at its usual hour.

The subject of the sermons are to be, "Christianity is More Than," and "Is God Responsible?" You'll remember the pastor is bidding for you at night services through timely discussions and helpful treatment of subjects.

Mrs. Donald Hill and two children of Corpus Christi, Texas, spent from Saturday to Monday afternoon with her parents, Mr. and Mrs. E. Brown.

FOURSQUARE CHURCH

Services as follows: We are having a special service Saturday, July 1 at 8:15 p. m. We are to have an outstanding guest with us who will be bringing the message at that hour.

Sunday, 10:00 a. m. Sunday School; Sunday 11:00 a. m. morning worship. Sub., "Anointed for his Burial."

Sunday, 7:15 p. m. Young People's service. Sunday 8:15 p. m. Evangelistic service. Sub., "What it Means to be Ready."

Quite a bit of discussion has been going on regarding the new cemetery and what would be done to the old one, in which the most of us are vitally interested.

In conversation with L. E. McClish, Secretary of Brownfield Cemetery, this week, and he stated that the old cemetery would be cared for in the future as though there was no other cemetery here, that it would not be abandoned in favor of the other one and that there would be just a few bodies moved, or at least he had heard of just a few.

The old cemetery could be made with a lot of work, a very restful looking place, of course it would be out of the question to put out grass or low growing shrubs on account of sand, but there could be a lot of leveling up done and it could be bordered with trees...

There are a lot of people in Terry county that have loved ones buried there and that will want it kept up and will see that it is. There is a man employed full time to care for the old cemetery and will be as long as needed.

Mr. and Mrs. Paul Taylor, of Lubbock; Miss Mary Helen Marchbanks of Brownfield accompanied by Mr. Carl Watson of Lubbock, visited the Carlsbad Caverns the past week end and reported a lovely time.

A letter and remittance for the Herald same last week from Omer Stice, at Oakland, California. Omer says he is thankful to get the Herald each week.

PLEASURE CLUB

Mrs. Guthrie Allen entertained the Pleasure Club at her home Wednesday 28th at 3:30.

Delicious congealed salad, chicken salad sandwiches, apricot whip and pineapple beverage was served to Mesdames:

John L. Cruce, R. L. Bandy, James P. Davis, C. C. Primm, Wilson Collins, Sawyer Graham, Dell Smith, Spencer Kendrick, Jim Graves, Dick McDuffie and Everett Latham.

Guest high, a pleated, blue organdy apron, was presented to Mrs. Spencer Kendrick. Club high, a lovely pair of embroidered pillow cases, was presented to Mrs. Dell Smith.

LAMENT OF A 'FELLOW TRAVELER'

Karl Marx and Veblen I Salute Earl Browder I'll defend; John Reed and I were bosom pals, Cardenas is my friend. To Russia I would make a loan, For Spain I'm a loyalist; Perhaps I've Leftist tendencies. But I'm no Communist. For business men I have no use; I'd tax them to the wall, And use the proceeds of this scheme To subsidize us all. I'd close the New York Stock Exchange; It never would be missed. But don't insult me to my face And call me a Communist. I'd liquidate the blue and white From the Flag 'hat made us free, So what remained would symbolize Utopia's final spree. (The banks are on my list) But only Tories would contend That I'm a Communist. I'd legalize the sit-down strike, And if the bosses kicked I'd confiscate their equities To show them they were licked. Against the rich I'd press my grudge; My plans they can't resist. But Sherlock Holmes himself can't prove That I'm a Communist. —Contributed in Abilene Times

SCUDDAY SEWING CLUB

Members of the Scudday Sewing Club met in the home of Mrs. Stephenson and quilted two quilts Friday afternoon, June 16.

Refreshments of punch and cake were enjoyed by Mesdames Beauchamp, Golden, Gibson, Victor Herring, Howard Hill, Claude McNiel, Stella Miller, Stephenson, Snow, Sudderth, White, and Misses Nutt, Stephenson, McNiel Snow, with Miss Morris as a visitor. The club meets at Mrs. Victor Herring's, Friday evening June 30.

Another card from Jim Burnett says that they kinder had a scrap over the first Herald to arrive at El Centro, all wanting to read it first. Elvin is up now and about, and Jim is stuffing himself on melon, cantaloupes and fruit. Says that they have overproduced and much fruit and vegetables are being hauled to the dump ground.

A letter and remittance for the Herald same last week from Omer Stice, at Oakland, California. Omer says he is thankful to get the Herald each week.

A letter and remittance for the Herald same last week from Omer Stice, at Oakland, California. Omer says he is thankful to get the Herald each week.

Lonnie Zant, and employee of the Onyx Oil Company of Homely, Texas, visited his brother, Pedro Zant and family the first of the week.

TEXAS HOME OWNERS SAVE \$12,209,000 IN INTEREST

DALLAS, Texas, June 17—Over forty-four thousand Texas home owners with H. O. L. C. loans have saved at least \$12,209,000 in interest payments during the last six years, said J. C. Anderson, Jr., State manager of the H. O. L. C., on the occasion of the sixth birthday of the organization, celebrated this month. The amount represents the difference between the interest paid at the H. O. L. C. five per cent rate and the higher interest being paid when the loans were refinanced.

Mr. Anderson stated that a remarkable payment record has been established by Texas home owners. In six years, \$23,666,376 has been repaid—22.4 per cent of the principal of H. O. L. C. loans in Texas.

Of the original loans, 2,113 have already been paid in full, though most of them had 15 years to run. At present 32,352 home owners in Texas have either paid out their loans or else are maintaining their loans in good shape and are well on the road to completely owning their homes.

Some 1000 young men of north Texas and Oklahoma will attend the Citizens Military Training Camp at Ft. Sill, Okla., from July 3 to August 1. The age range is from 17 to 29.

Mrs. Bill Battle and children from Big Spring have been visiting her parents Mr. and Mrs. Sam Lamar.

# NOBODY'S BUSINESS

By Julian Capers, Jr.

AUSTIN—Holding the line until fall of the final gavel, the minority anti-sales bloc in the House of Representatives finally defeated the submission of a sales tax constitutional amendment in three attempts made to pass it on the final day of the session. The 48th Legislature's regular session ended without any revenue-raising legislation.

Although it raised no new revenue, and left the state in a pre-

Tom May, Agent

carious financial condition due to the large deficit in the general fund, and the extraxagant liberality with which the solons voted tax remissions, pension liberalization and other costly services, the session can by no means be designated as a "do nothing" session or a complete failure. There were more than 1600 bills introduced, and a larger percentage than usual were finally passed. The session broke all records, lasting 163 days—the last 43 days of which the members drew only \$5 per day, as contrasted with the \$10 they got during the first 120 days.

Cost of the session was \$850,000—another record.

### Some Good Legislation

On the credit side of the ledger, however, the solons enacted many needed laws. They put an end to the flagrant abuses by some mutual assessment life insurance associations, providing stringent regulation. They ended much of the evil of the "vacancy hunting" racket, which has been an open scandal for years. They brought substantial tax relief to counties by enacting the road bond assumption act, authorizing use of one cent of the gasoline tax to retire bonds issued by counties for building lateral roads, as well as for building roads that are now part of the state system. This legislation, however, will probably have to undergo a court test, so far as the principle of the State assuming county debt is concerned.

Legislation virtually guaranteeing a per capita apportionment of rural aid money of \$22.50 per pupil was enacted, ending a long controversy and establishing definitely a state aid policy. The liberal solons donated to the counties an additional \$4,500,000 a year with a general tax remission bill, remitting half the ad valorem taxes for five years, which the Governor is yet to act upon. It liberalized the pension law to eliminate consideration of children in determining the need of applicants, but until the Board of Control works out details of its regulations under the

new law, and gets an opinion from the Federal Social Security Board on Federal participation, no estimate can be made of the effect of this act. Some authorities have estimated it will add 80,000 oldsters to the pension roll, and not a penny of new revenue was added. The Board of Control will continue to administer the pension law until September 1 after which the newly created State Department of Welfare, administering all of the State's social security program, will take over. As with pension financing, nothing was done to raise money for the blind, dependent children, and teachers' pensions.

### Political Effects Uncertain

What will be the political effect of the session cannot be determined with any accuracy until some of the new laws are applied and the reaction of the people ascertained. O'Daniel partisans were quick to claim that the governor "is stronger with the people than ever before," and that "he has put the buck on the Legislature's back." The Governor bumbled on the success of his plan—one long sought by the wealthy special interests—to submit a sales tax to the people, containing a protective clause limiting taxes on natural resources for social security purposes. He lost, being unable to muster the two thirds majority in the House. He used the radio, abused the legislators, turned every manner of pressure known in Austin, and some new ones, on the minority. He made bitter political wounds, which will be slow to heal. He has virtually committed himself to the task of defeating those who wouldn't see it his way. That he may find a difficult task. Albert Derden, Judge S. J. Isaac, Leighton Cornett, Harvey Riviere, and a dozen others who are recognized as among the ablest men in the House. The members enacted much beneficial legislation which their constituents wanted. O'Daniel may find that in addition to reflecting himself, he may have bitten off more than he can chew if he attempts to participate in 56 other political races next Summer. Others have tried it, and failed. But O'Daniel, he it remembered is a political phenomenon, the like of which has never been seen before in Texas.

### No Special Session

The Governor has made it clear that he will seek re-election, and that he does not intend to call a special session of the 46th. Opinion here is almost unanimous, both among his friends and foes that he will change his mind about that, as he has about so many other issues. Pressure from the old folks and other groups, when the pension question is shaken down and the new laws applied, will undoubtedly be strong and constant. It may be found necessary to revise the "liberalized" pension law, to prevent loss of \$10,000,000 year of Federal contribution.

### Lobby Probe Fizzles

A 48-hour sensation was created when County Attorney Paul Holt, of Travis County, convened a court of inquiry in a local justice court, and summoned 20 prominent lobbyists for an investigation of lobbying. Holt was generally credited with having been induced to call the court by Senator Joe Hill, who wanted to prove that Gov. O'Daniel's ridiculous charge that the sales tax amendment was being opposed by the special interest lobby, was untrue. Holt got "cold feet" however, and called off the investigation before it started, announcing that he didn't have sufficient evidence to proceed, and requesting an indefinite postponement. Rumor was that Holt got strong and unfavorable reaction from his own constituency in Austin, where the lobbyists spend a good many thousands of dollars with local hotels, restaurants, merchants, etc. The serving of summons for the inquiry, however, did have the effect of relaxing the pressure for passage of the sales tax resolution on the final day, as the nervous lobbyists scurried for cover.

### DUMAS

We are still having dry, windy weather. Had a few light showers the past week end. Most of the crops have been blown out; some have replanted, but mostly too dry to plant.

Mr. and Mrs. J. W. Roberts visited in the Wright home, Thursday.

George Wright and family, H. W. Schultz and family, of near Wellman, went to the oil fields Thursday.

The writer spent a while with Mrs. Elmore Friday.

Mrs. Rose Smith spent a while with her mother Saturday.

Mr. and Mrs. J. W. Elmore spent Sunday afternoon with Mr. and Mrs. Rylie Smith.

Several from this community were Seagraves visitors Saturday.

### GOMEZ

Everybody is wearing a smile now because it rained at Gomez.

Mrs. Wayne Rutherford was the recipient of a miscellaneous shower, given Thursday, June 22, at the home of Mrs. H. N. Key. Quilting on two quilts featured the afternoon's entertainment. Prizes were given to the person quilting the most and also the one doing the neatest work. Mrs. A. A. Harkins received the prize for doing the most quilting. It was a lovely small picture. Mrs. Rutherford received the other prize which was a beautifully decorated basket filled with lovely gifts. Refreshments of iced punch and cookies were served to about 20 guests.

Mrs. Frank Fletcher and children of Southland and Mrs. Lloyd Clark and daughter of Needmore, visited Mrs. Kenneth Furr last Wednesday afternoon.

Mrs. J. T. Trolinder and Mr. Heartill left Monday morning for Mena, Arkansas for a few days visit.

Mr. and Mrs. J. W. Rose spent Sunday in the A. E. Lee home.

Mrs. W. B. Paschal and sons, Cecil and Vernon left Friday to attend the funeral of Mrs. Paschal's sister, in Snyder, Okla.

Mr. and Mrs. W. G. Swain and family visited Sunday in the R. A. Whitley home.

Misses Geraldine Key, Lois Daugherty and Jewell Decker visited Miss Lucille Walker, during the week end.

Mr. and Mrs. F. G. Moore and Mr. and Mrs. L. G. King visited in the Wayne Rutherford home Sunday.

Last Friday night at the local Baptist church, approximately 75 members of the B. T. U., big, little, young and old engaged in a very enjoyable social hour, under the direction of Mesdames Kenneth Furr, W. G. Swain, and R. A. Whitley. A Bible Sword drill featured the evening's entertainment, with the losing side entertaining the winning side with an amateur program. After the program, everybody enjoyed delicious homemade ice cream and cake.

Mrs. A. P. Daugherty and daughters visited in the Drury Mayfield home at Lahey, Tuesday.

Gomez softball team won a game from Union Sunday afternoon, 10 to 2.

Misses Estelle Swain, Louise Daugherty and Maxine King were guests in the T. S. Doss home Sunday.

You are invited to attend services at the local Baptist church, our goal is 100 this Sunday. Had 93 present last Sunday.

### HARMONY

We are glad to report a nice shower for our community Tuesday morning. Crops will be refreshed, but not enough in some places to finish planting.

Misses Louise and Wanda Jean Vestal are spending this week with Misses Barbara and Claudine Garrett.

Miss Dalphine Hyles and Mr. Aubrey Riddle of our community were married June 14. The many friends of these young people wish for them joy and happiness as they sail the matrimonial sea of life.

Mr. and Mrs. Joe A. Davis were guests in the home of Mr. and Mrs. W. C. Thompson last Sunday.

Charles Wayne Garrett, little son of Mr. and Mrs. C. G. Garrett had a birthday party June 17. A number of his young friends attended.

Mr. and Mrs. Harvey Davis and children visited in the home of Mr. and Mrs. J. B. Burk of Gomez last Sunday afternoon.

Mr. and Mrs. Harvey Davis with his parents visited in the home of Mr. and Mrs. J. E. Eakin recently.

### POOL

Mr. and Mrs. J. P. Rowe and family were called to the bedside of Mr. Rowe's mother, at Amity, Arkansas. She passed away Friday. Grandma Rowe fell about two weeks ago and broke her hip. Mr. and Mrs. Rowe returned home Sunday night.

J. W. Chambliss spent the week end with his nephew, Foy Gunter.

Mrs. Lyles and son Robert visited Mr. and Mrs. Richard Meill and son.

J. J. Gunter visited his mother and other relatives at Terral, Okla., the past week.

Mr. and Mrs. Carol Shultz and daughter and Mr. and Mrs. Harben, Maxine, Talma and Nita

spent Sunday in the S. V. Newsome home.

A. L. Waters and LeRoy Fincher have returned from a fishing trip in South Texas, Monday night. They reported a nice trip and fishing was good. Mrs. LeRoy Fincher and son visited Mrs. A. L. Waters while the men went fishing.

Foy Gunter and J. W. Chambliss spent Sunday afternoon with J. T. Newsom.

J. A. Chambliss is spending a few days in the home of his aunt, Mrs. J. J. Gunter.

Rev. Jack Cleveland preached at Pool Sunday morning.

J. E. Smith had the misfortune to get some hot lead in his eyes last Monday. He is doing nicely now, as his eyesight was not affected.

Dorothy Dean Newsom spent Sunday with Wanda Fae Aldridge.

Flois Gunter spent Thursday with Mrs. A. L. Waters and daughters, Mary and Melva Jo.

Mr. and Mrs. Sam Chambliss and sons visited in the Gunter home Sunday.

Mr. and Mrs. H. T. Bartley of Littlefield, spent Sunday with Mr. and Mrs. Sam White.

### FISHERMEN CATCH 6-FOOT ALLIGATOR

How'd you like to catch a six-foot forty-eight pound alligator on your trotline? That is just what a party of four Belton fishermen did on the Lampasas river, Bell county south of Belton did recently, State Game Warden K. S. Hull reports.

The alligator, far from its natural habitat, which in Texas is deep east Texas, became entangled in the fishermen's lines and had drowned when the four anglers pulled it from the water.

'Gators' are occasionally found in Central and North Texas, but they are not native and generally escaped from pens.

Rev. Avery Rodgers left Monday night after the Redford funeral to hold a ten day meeting at the Baptist church at Honey Grove, Texas, old home town of the minister. It speaks well for a pastor when he is asked to return to the old home town for a revival meeting.

Mr. and Mrs. Mon Telford have had as house guest, Miss Ouida Merle Butler of DeKolk, Texas, a niece of Mr. Telford.

# BUY NOW AND SAVE FOR YEARS

The New 1939  
**SERVEL**  
ELECTROLUX  
Gas Refrigerator

**FREEZES WITH NO MOVING PARTS**

- No Moving Parts in its freezing system
- Permanent Silence
- Continued Low Operating Cost
- More Years of Dependable Service
- Savings That Pay For It

**YOU SAVE MORE** . . . for more years . . . because Servel Electrolux is the *only* automatic refrigerator that can offer you the advantages of freezing with no moving parts.

Most obvious of these is that where parts don't move, there can be no wear to increase the low operating cost.

Through better food protection, you save, too, with less spoilage, keeping leftovers fresh and quantity buying.

Get the facts about Servel before you make *any* decision—and save more for more years.

FRIDAY                      SATURDAY                      FIRST MONDAY

Editor A. E. Richards of Mead was a visitor in the city Saturday, and paid the Herald a short call. Editor Richards is getting out a newsy small town paper, and the Meadow merchants are holding up his arms by supporting his endeavors.

Our old time friend, O. H. Garner, of the Union Community, was in this week, and informed us that while it was pretty hot and dry, they have as nice crops as they ever had here at the time of year, both feed and cotton. They are not putting in a big corn acreage this year, as they are afraid of borers. Mr. Garner is afflicted with failing sight and hearing, but has not let that fade that ready smile he has for his friends.

Fred Smith of Cicero Smith Lumber Co., made a business trip to Amarillo this week and reports all the lakes full of water between Lubbock and Amarillo. Some wheat ruining because they can't get in the fields, they are so wet.

Jim Lindley and wife have returned from a vacation. Mr. Lindley has signed up with E. C. Roberts of Seagraves to run the Sinclair Service Station, corner of Hill and Highway 51. We understand Jim will be checked in some time this week.

The Hotel Coffe Shop has its air conditioner installed.

Geo. Alexander reports that he hasn't had much rain this week out in the Harris community, but he got a rather good rain out of the same cloud that contained the storms northeast of here last week.

C. Sears was in the small hail belt of a few weeks ago, just north of the city, but saved most of his crop that was up, but not enough moisture to replant up to the rains of this week. Just a hail, he said, with very little actual moisture.

Mrs. W. A. Bell has as guests Mrs. Lee Scribner and two children of Eagle Pass, Texas.

J. D. Roberts was up from the Wellman section this week. He had a smile, as it had rained.

Friends have heard from the Dr. Daniells' at Los Angeles.

Atty. Burton G. Hackney and wife, and Misses Shirley Bond and Elizabeth Travis have returned from the World's Fair at San Francisco, and other places of interest in the northwest. They report a very fine time and lots of sights to see.

The last letter we had from Mr. and Mrs. Herman Trigg was written from Bardwell, Ky., where they spent the night with Dr. Harrell, a cousin of Herman. They aimed to be in Chicago Saturday night.

Not a few of the citizenship are taking vacations, which can be readily discerned by visiting any church on Sunday. However, this loss is partially made up by visitors from other sections attending church where they happen to be on Sunday.

### District Court Has a Busy Session in Yoakum Co.

District court is grinding away on big cases this week after disposing of smaller ones last week. There is a mighty host attending the trial from Fort Worth, Houston and the north plains. Prominent lawyers distinguished for their service to the state are here representing their clients in the case of B. G. Miller vs. J. A. Whittenburg estate. The case went to trial Wednesday, June 14, 1939.

The Plaintiff consumed the greater part of the week, and as this goes to press the Defendants are closing their evidence.

The Plaintiff, B. G. Miller, is an old settler in this country as he came here many years before oil was ever thought of in this country, while the Defendants are the descendants of J. A. Whittenburg millionaire oil and cattle man of Amarillo.

The suit involves the old Miller 3-section ranch in the south part of the county, and is very valuable at this time because of the oil.

The Plaintiff is represented by Judge Walter A. Nelson, and H. T. Lattermore of Fort Worth, and Attorney R. P. Moreland of Plains while the defendants are represented by Scott and Sanders of Amarillo, and Attorney McGowan of Brownfield.

Whittenburg foreclosed on Miller in 1932 and Miller claims he retained his half of the royalties in case oil should be discovered on the land, and it is this over which the legal battle is at present time being waged. It is certain that it will run far into next week.—Yoakum County Review.

The county Sing Song met at Wellman Sunday afternoon, there was a large crowd present and a good singing. It goes to Chalis next Sunday.

W. W. Terry, proprietor of the Terry White Kitchen, underwent major surgery at the local hospital last week, and is reported to be doing nicely.

We are glad to see Uncle Joe Bryant up and on the streets again after quite an illness. He has been staying with his daughter, Mrs. Cleve Williams during this illness, but thinks he can go back on the farm with his son, Joe, soon.

Mrs. Wylie Brown has been visiting friends in Dallas the past two weeks.

Mrs. Clyde Cave, accompanied by Mrs. Ben Phipps of Amarillo and her mother, Mrs. Patterson of Plainview left Sunday for a month's vacation in California.

Mrs. G. G. Gore was in town Monday and reported that rains had passed them up so far. But they still had hopes.

What is American music? If you think you have the right answer to that question you'd be wise to listen to Phil Spitalny's network program on Mondays to see how you can enhance your bankroll by writing a letter which will be instrumental in determining what type of tunes we enjoy most in our country.

### WTCC 39-40 Program Issued Herewith

ABILENE, June 26—Copies of the work program of the West Texas Chamber of Commerce for 1939-40, listing many constructive, far-reaching activities, have been mailed to directors of the regional organization in 180 affiliated towns and cities.

The program is made up of resolutions adopted at the 21st annual convention held in Abilene last month and includes the following planks:

Establish bureau for overcoming discriminatory freight rates and permanently organize Freight Rate Equality Federation.

Seek State appropriation to prosecute case against discriminatory freight rates.

Seek cotton ginning and fibre laboratory.

Seek tariffs to protect West Texas raw materials.

Seek state school apportionment on attendance basis.

Seek re-districting of state to give West Texas equitable representation in legislative bodies.

Seek organization of soil and water conservation districts on county basis.

Seek fair and equitable cotton and wheat allotments for West Texas.

Establish cotton rehabilitation committee.

Organize central and local public expenditures and taxation committees.

Seek governmental purchase of American beef.

Cooperate with All State Council.

Seek increased truck load limit.

Seek oil conservation and support Connally Hot Oil Act.

Several planks in this work program are already being carried out and all are being studied and plans are being mapped to execute the mandates of the WTCC directorate, officials say.

All of the activities are designed to aid in prosperity, growth and

development of the entire West Texas region and the program will mean much to the welfare of this part of the state, it was pointed out.

### LEVELLAND LEGION POST LEASES COUNTY FARM, PLANTING CROP

LEVELLAND, May 6 — The William E. Evans post of the American Legion has leased from the commissioner's court the county farm, west of town, on highway 24.

Members who own farm machinery have contributed of their time and equipment in preparing the land and in planting the crop.

Post officers announced they would farm it this year. The post needs money with which to build a new home. R. M. Crabtree was chosen by the post as head of the farm project.
