The Candidates Tell Their Wants

BURTON G. HACKNEY ASKS VOTERS FOR PROMOTION

Burton G. Hackney

Burton G. Hackney, who has served Terry county very efficiently for the past three years as county attorney, is asking voters of the 106th Judicial District for promotion to the office of their District Attorney. This district is composed of the counties of Dawson, Gaines, Yoakum, Terry, Lynn and Garza. In view of the fact that these counties are showing a rapid growth agriculturally, as well as from oil, the work of the district attorney becomes greater, and will need a young and energetic attorney to keep up with this work.

Terry county has never had a district attorney nor district judge except for a short period when the late Judge W. R. Spencer was appointed District Judge of the then newly created 72nd district, but soon thereafter moved to Lubbock in order to be nearer the center of that district which was composed of about eight organized and three unorganized counties. Therefore the people feel that they are now entitled to have a representative for the first time in the 106th. We dare say that the people of the county will be almost 100 per cent for him, as well as representatives of the local bar.

Burton was born and grew up on a Hopkins county farm, and will be 33 years of age in August. He has been a resident of the district more than 14 years, having moved to Tahoka in 1925, finishing high school there in 1927. After that, he was employed for some time by the West Texas Gas Co., and as a clerk in a store. He finished his college education at Texas Tech and in 1934 received a license from the Supreme Court to practice law.

He opened his first law office in Seagraves in 1934, but moved to Brownfield in 1935, where he made the race for county attorney successfully in 1936. He found no opposition in 1938. Mr. Hackney states that he will make a formal statement to the voters of the district at a later date.

J. F. MALCOM ASKS RE-ELECTION

To the voters of precinct no. 3. I wish to announce that I will be a candidate for re-election to the office of county commissioner, subject to the action of the Democratic Primary.

You have been very kind to me in giving me the opportunity to serve you in this capacity during the past three years and I assure you I appreciate it very much. I have not been able to keep the roads as I would have liked to since we have had so much dry windy weather and the extra heavy traffic to and from the Hock-

ley County Oil Field. Working under these conditions I have done the best I could.

If I should be your choice in the forthcoming Primary, I will ever be grateful to you for the opportunity to serve. Your vote and support will be appreciated.

J. F. Malcom

TO THE VOTERS OF TERRY COUNTY

I take this method of announcing my candidacy for the office of County Judge of Terry County, Texas.

I feel that I am qualified to fill the office of County Judge, and if I am elected, I will do my best to fill it to the entire satisfaction of every citizen of this County both from an economical and administrative standpoint.

Thanking you in advance for any consideration you might see fit to give me, I remain

Yours very truly,

MARTIN ASKS FOR OFFICE ANOTHER TERM

I wish to take this means to announce to the voters of precinct No. 4 that it is my desire to be a candidate for re-election to the office of County Commissioner, subject to the action of the Democratic Primary.

It has been my pleasure to have served you in this capacity for the past 12 months and I appreciate the splendid cooperation you have given me throughout the past year. I have tried to give you the very best service possible with the funds available for me to use upon the roads of the precinct.

The experience attained in these 12 months that are past I feel will help me to render better service to the county and the people of my precinct should you be so kind as to give me the office for a second term. Your vote and support will be appreciated.

W. B. Martin

ASKS FOR OFFICE OF COUNTY COMMISSIONER

I wish to take this means to announce to the voters of Precinct No. 1, that I will be a candidate for re-election to the office of County Commissioner of Precinct No. 1. Subject to the Democratic Primary.

I have, for the past year been trying to serve you and the people of Terry county, to the best of my ability, in this capacity. I have tried to extend the services of the office to all the people alike, throughout the precinct, without prejudice or partiality. It is my desire to render the greatest services possible to you and I will appreciate your calling upon me at any time on matters over which I have any control.

The experience gained in the past year, I feel will help me, to be of greater service to you, should you see proper to give me the office for a second term. To this end I will appreciate your vote and influence in the coming July Democratic Primary.

T. D. (Tom) Warren

TO THE VOTERS OF TERRY COUNTY

May I take this means of announcing to the voters of Terry County that I am a candidate for the office of Tax-Assessor and Collector?

May I thank each and every one for the many courtesies shown me while I have been Deputy Tax-Assessor and Collector under Ches.

I have tried at all times to make him a hand and if you will promote me, I assure you I shall ever be grateful.

During the coming year I shall try to see each of you personally.

MRS. O. L. JONES ASKS RE-ELECTION FOR COUNTY TREASURER

Dear Friends of Terry County: Serving you as Treasurer in 1939, has indeed been a pleasure. I hope my work has been satisfactory. I appreciate the very hearty support you gave me in the last election, and am asking if you see fit, I would like very much to serve you in this of-

Local Hatchery to Install Another Machine

Operations started this week at the Chisholm Hatchery on the south side of the square, that when completed, means an almost complete remodeling job, and one has to see it to really appreciate what Joe Chisholm is doing. In the first place, he has built a nice, well-lighted office in the center of the building where he says he can loaf when he gets ready, and read some. The big 32,000 egg capacity incubator has been moved into the east room.

The small incubator has been sold, and a brand new twin of the large one is expected by February 1, and will be installed at the north end of the other. The one they now have is going at full capacity, and we understand they are expecting some baby chicks this week. If we are not mistaken, this will be the earliest hatch they have ever had. All wires that ramble around the walls and ceiling are being put in steel conduits which not only make for more attractiveness, but safety as well.

The feed and brooder department will be in the south end of the west building, where it will be handy not only to feed their baby chicks until they are sold, but feed will be handy for customers. As stated above, you'll have to see just what Joe is really doing.

In the front he has a full line of Philco radios, some with automatic record players attached, which sell for less than \$100. They are ready to install television, when and if that invention becomes practical. In Bob Spear they have one of the best radio and electric refrigerator men in this section, and Bob always has been reasonable in his charges.

R. D. Copeland had the Herald sent to his mother, Mrs. W. S. Copeland, Salinas, Calif., as a Christmas present.

W. J. Hight now gets his Herald at San Dimas, California.

He will be the next term.

Thanking each of you for the many past favors, and wishing for you a very happy and prosperous New Year.

Your very truly,
Mrs. O. L. (Oscar) Jones

ELDORA A. WHITE ASKS RE-ELECTION FOR DISTRICT CLERK

Dear Friends and Voters of Terry County, Texas:

1940 brings us to another election year, and I am asking for the re-election as your District Clerk; have enjoyed my work, and if you think I am the one for the office, I will appreciate your vote. Thanks to each of you for your many favors in the past, and wishing for each of you a happy and prosperous New Year.

Your friend,
Mrs. J. C. (Eldora A.) White

TO THE CITIZENS OF TERRY COUNTY

I am announcing my candidacy for County Attorney of Terry County subject to the Democratic Primary in July. I solicit your support and vote for this office because I feel that I am well qualified for the position. I am a native of the Plains, having been born and reared in Floyd county, am twenty five years of age and married. I came to Brownfield soon after finishing Law School and established my first law residence because I have faith in West Texas and want to make my home with the people of this section. I am now engaged in the private practice of law and am City Attorney for Brownfield.

I received my Law Degree at the Baylor University School of Law last August and will receive a Business Degree from the same institution in June. I shall greatly appreciate the support of the citizens of Terry County in this election and, if elected, I promise to perform the various duties of this office to the utmost of my ability, courage and strength.

Respectfully,
H. B. Virgil Crawford

Paul Muni Doffs Make Up, Beards, for Hilton Story

A "home grown" mustache and the customary grease paint comprise Paul Muni's sole make-up job Sunday at the Rialto.

After portraying Zola, Pasteur and Juarez, Muni found the abhor for his characterization of the Little Doctor of Warner Bros.' film version of the James Hilton Novel, "We Are Not Alone," open-

MUNI MAKES LOVE to Jane Bryan in "We Are Not Alone," his new starring picture which opens at the Rialto Sunday.

sense of character make-up both a relief and a challenge.

"I have always attempted to 'sell' characters, not my own personality," explained the star who won the Academy award for his portrayal of Louis Pasteur. "The closer I can come to making audiences forget Muni in the belief they are seeing and hearing the character I am playing the more successful I feel I am.

Naturally, it is easier to accomplish that when one is wearing definite character make-up. That's why the role of the Doctor in 'We Are Not Alone' offers a severe test and challenge. I'll be pretty much the Muni of real life in appearance, but I certainly don't want to be Muni in the role. I want to be the small town doctor James Hilton created in his novel."

Muni hasn't always worn make-up for the characterizations that have lifted him into a class by himself as a screen actor. In "I'm A Fugitive From A Chain Gang," one of his most successful pictures, he appeared "au naturel," and he has done other outstanding characters without so much as the benefit of the rather wide, close cropped mustache he'll wear in "We Are Not Alone." It appears, therefore, that he has little to fear from his new venture.

Bad Wreck Here Early Thursday

A Ford V-8 driven by Cecil Burnett, city, and a Seagraves Truck Line truck featured in a serious accident at the junction of Broadway and Highway 51, early Thursday morning. The truck was going toward Lubbock, while Burnett was coming down Broadway toward town.

The highway patrol had not been called when this was typed to place blame, if any, but the truck seemed to have passed clear over the car, and landed on its back. The truck seemed to have been empty, or practically so.

Luckily no one was seriously hurt; the truck driver being saved by a high bed or frame. Cecil was skinned up some, but otherwise seemed to be all right.

Cates Director of Census in Terry

We have it on good authority that Mr. P. R. Cates landed the job as director of census in Terry county, and understand he will start counting the folks at once.

At this time we have not learned who his staff will be composed of. Will probably see Mr. Cates and obtain that information for the next issue.

John Deere Demonstration the 18th

The Chisholm Hardware is already going ahead with plans to put on one of the greatest John Deere tractor and implement demonstrations that they or perhaps anyone else has ever put on in this section. In fact, they are preparing to stage a gala day for the farmers of this section, January 18, that will be both interesting and instructive.

Several factory men will be here for the day, and will be glad to point out the many interesting and helpful features of the John Deere line that has made the implement a household word in the farming areas since our grandfather's time. By dint of making a good implement or tractor, their line is just as popular today as they were when grandfather was a boy.

At the noon hour, refreshments will be served to all their farmer friends who attend and a picture show of an educational nature will start at the Rialto almost immediately following.

M. J. Craig Receives Painful Injury

M. J. Craig of Craig Motor Company happened to a very painful accident Monday afternoon when he tried to jump across a mud hole over near Bailey's Battery Station. His left leg seemed to give way on him and folded back, receiving the full weight of his body. His foot seems to be more seriously hurt at the ankle joint, being badly swollen, necessitating the use of crutches.

X-ray pictures are to be made to see if there are any bones broken.

Gaines Commissioner Offers Co-operation

Tom Warren and B. Martin, representing the southeast - southwest quarters of Terry county, respectively, were in to announce this week, and we asked how the road to Cedar Lake oil field was coming along. We learned that they had met with some opposition from one or two landowners in an effort to have the road widened, but they were feeling pretty well over the matter.

The road that runs by the old Sawyer ranch headquarters and the Foster gin is to be used. Messrs. Warren and Martin informed us that they are getting much encouragement from Commissioner O. P. Mercer of Northeast Gaines county, who promised to meet them at the county line with a road leading to the Gaines county road at Ashmore school house.

Mr. Mercer and others are promoting a town at Ashmore, we understand, and have much confidence that Cedar Lake will be a great oil field, and that Ashmore will make a good town.

To Organize Farmers of the Section

Mr. Tom Neeley, vocational agricultural teacher in the Brownfield school, was in this week, and said that he was very desirous of getting the farmers of the area organized, so that they might be of mutual aid to each other, and have some regular time to come together to discuss matters that vitally concern them.

Mr. Neeley stated that he had been working much in the rural communities as all in his class are rural boys, and that he has seen the need of some kind of a farmer's organization, the organization of which will likely take place around the middle of January.

A definite date will be set next week, so watch these columns. Mr. Neeley promises no long-winded speeches at the first meeting, but just a get-together and organization. We hope that Mr. Neeley not only has the co-operation of the farmers of the school area in this undertaking, but the business men of the city as well.

Local Hostess Reports 274 New Families

Mrs. James Parker Davis, Brownfield hostess representing the Chamber of Commerce, and whose job it is to try to get new folks settled, and welcome them to our city, reports to the Herald that 274 new families have settled in Brownfield since January 1, 1939, and including December, up to January 1, 1940.

Mrs. Davis took over the job April 1, this year, and month by month reports are as follows:

January, 21 families or couples; February, 10; March, 0; April, 23; May, 35; June, 35; July, 28; August, 21; September, 34; October, 22; November, 35; December, 20.

Of course all these people are not here now, as many of them were oil people who are here this month, and somewhere else the next. But many of these families are located permanently.

Union School Basketball Tournament

The Union Senior Basketball Tournament starts January 3 and continues through Thursday, Friday and Saturday nights. Ten girls and boys teams are entered. If you like good basketball games you can't afford to miss this tournament. Two of the games Friday night will be between Wellman and Union, these will be conference as well as tournament games. In addition to these games there will be two games between the winners of the Wednesday games. Trophies for first, second, and third place winners will be awarded. Sandwiches, hamburgers, and coffee will be served, candy will be sold. The gymnasium will be heated and comfortable, so come early and get a good seat.

Mr. and Mrs. W. D. Houpt and Darrell Welch of Midland were guests of Mr. and Mrs. Orb Stice New Year's day.

State Bank Installing Night Depository

Something new, at least in Brownfield, is being installed this week at the Brownfield State Bank, in the way of a night depository. The vault and work of installing will cost the bank in the neighborhood of \$500.00, but we believe it will be worth many times that amount to the bank and the city, especially the local merchants, for whom it is mostly intended.

Not only will it make funds that sometimes have to be carried over in the store over the week end safe from petty thieves, but it can be used by local jewelers as a week end depository for diamonds, as well as for bonds and other valuable papers. There are many uses that can be made of the depository, and any funds placed therein carry insurance the same as in any other vault in the bank.

The customer is furnished a leather bag about 6x12 inches in size with both a zipper and lock on it. No one else has a lock like this, and each bag is numbered. Say it is around midnight and you decide to make a deposit. You list your cash and checks as usual, put other valuables which are also listed therein, lock the little bag and approach the vault door on the outside of the bank, on the north side. You have a key that will open the outside door, you pull the lid back and deposit your bag. But be sure you have what you want to go in there, as the floor of the door is shaped like a feed bin, and before the door is ready to lock by six inches, the bag has slid down the incline into the main vault. Lock the door and be on your way.

The inside vault is, of course, heavy drill-proof steel, and encased in a heavy steel jacket which extends upward to the outside door. This space is filled with concrete. A light is always over the outside door at night for your convenience. Later, if we get city mail delivery, letters may be mailed above the outside vault door, but they will fall in a box on top of the vault.

Who Broke the Lock On Our Hen House Door?

Two of our Scalaway friends broke into our peaceful home during the absence of ourself and the wife this week, and both left spareribs, backbones and sausage. Must have had gloves on as they left no finger prints, but one scrawled "Andy Jack" on his package.

Now these guys think they're smart, and will have a lot of fun tempting us while we have no teeth, but we have a brand new set our dentist presented us last Saturday, and as quick as we get better used to manipulating them, we'll go after that meat in a big way.

Semester Examination Schedule Given

The semester exams for the high school (which includes the last six grade) will start Tuesday morning, January 9, and will run as follows:

Tuesday

From 9:00-11:00 exams for the first period classes.

From 1:00-3:00 exams for the second periods.

Wednesday

From 9:00-11:00 exams for third period classes.

From 1:00 to 3:00 exams for the fourth period classes.

Thursday

From 9:00-11:00 exams for the fifth period classes.

From 1:00-3:00 exams for the sixth period classes.

When students finish with any particular exam, they will be expected to leave the school and go home. Those who do not need to be at school for the purpose of taking an exam should stay at home.

Students will not come to school Friday, January 12.

 The Official Paper of Terry County and the City of Brownfield

We want and crave the help of some of our literary friends. We see the word or words "Weekend" used sometimes as two words, as "week end", then again as one word, "weekend", and occasionally some writer will use it as a compound word, "week-end." Who is right and why? A good penny pencil for the best solution. In case of a tie, will cut the pencil into. Now there is another hang-up, should we say cut "into", or cut "in two"? Maybe we'll give another lead pencil on the last one, also.

The Dallas News notes that Gov. W. Lee O'Daniell's pension plans are erupted for the time being at least, which however will not hinder in the least the governor's platform of industrializing Texas, and that the interim between this time and the time the next legislature meets can be devoted handsomely by Mr. O'Daniell to encouraging new manufacturing plants, and inviting idle capital in north and east to investigate Texas. But will he do it; or will he take the stump with his Hill-Billy Band for re-election? Time will tell.

The Herald had a jolly bunch of the newspaper fraternity over from Lamesa last Friday. Like us they got out a rather light paper for Lamesa, especially, and had several hours to rest, recuperate and visit other newspaper men of the area. They were Joe Alexander, publisher of the Journal, his editor, J. W. Smith, Jr., and small son; Bob Wade, foreman of the shop, and another young printer whose name we failed to get. The Journal is soon to put in one of the very latest type Linotype machines. Hurry back boys, we enjoy your visits, and like to talk shop with you.

Texas people who are old enough to have heard their forefathers talk, or who have closely read Texas history, are aware of the fact that Texans had just about as hard a time winning their independence and then maintaining it as the Finns are having against the might and strength of Red Russia. Then, it is no wonder that Texans are especially wholeheartedly for the Finns. But a mere wish for their success is not enough. Let us remember that rich merchants in New Orleans supplied cannon and ammunition to the Texas patriots, and that many others came from the older states with their squirrel rifles, plenty of lead and a full powder horn to help their brothers of the same flesh and blood. So, it now behooves the patriots of our state and nation to do something a little more substantial than sympathize with the Finns. Money, food and arms are all that Stalin and such ilk can understand. And men can fight on food and plenty of ammu-

munition. True, we are neutral, and many of us perhaps are half pacifist at heart. But the German and Russian nations have no such word as pacification in the vocabulary. You know that Christ once gave us a good example, not of war, but of the present condition of the Finns, when He stated the truth that by merely telling a hungry, cold man, to be warmed and filled, did not work. This writer has always tried to live peacefully with all mankind, but we do hate a bully above everything else, or an evil, overbearing person.

Printers have always thought the government unfair in printing envelopes for private citizens, but they are not by themselves now, as the government is now engaged in manufacturing some 250 articles of commerce and trade in direct competition with private capital. The irony of the whole thing is that one's taxes support the competition, and the government does not have to make a profit on anything, as any loss can be made up by reaching a little deeper into the taxpayer's pocket.
 —McClean News

Postmaster General James A. Farley pulled a fast one during the rush of Christmas. He sent out an appeal to people to use three cent stamps on all their Holiday greetings. But a check up revealed the fact that he used cent and a half stamps on his greetings. But this is typical of the run-of-the-mill big shots. The average patrolman who would slap a heavy fine on a speedster would think nothing of doing seventy or eighty himself. Or a large per cent of the officers, who would throw a bunch of kids in the jug for matching pennies, would not hesitate to make a big bet on a championship football game. Whatta world, whatta world consistency, thou art a jewel.
 —Meadow Star

"Boke" says in Anton News: "Uncle Sam pays me not to plant cotton, corn, wheat, etc. (And you cannot sell your cotton without a penalty unless you participate in the program and take the pay.—Review) Uncle Sam pays a man to teach me how to grow more cotton, etc. Uncle Sam pays me not to raise hogs, and then pays a man to teach me how to make hogs grow faster."

Well, it is encouraging that the laymen are taking some action about this injustice that has been thrust upon us, which injustice is but one way to prepare for the so-called bloodless revolution, which we believe would have already been on us if it hadn't been for the Dies Investigation Committee. But "Boke" could say more: That millions of acres of land have been taken out of production and thousands of farm hands thus turned out without a place to live; but millions of acres belonging to the wealthy are being placed under irrigation.—Yoakum County Review.
 Yep! We'd a had our so-called bloodless revolution back in 1933 if Hoover had stayed a month or so longer—long enough for the rest of the nation's banks to have gone broke. But we are persuaded that hungry and broke people would not stage a "bloodless" revolution. It would have been pretty red.

Editor Richards of the Meadow Star, was a pleasant caller at the Herald office, Wednesday. Stated the candidates were stirring around up there.

Mr. and Mrs. Charles Stahler and daughter Sandra Sue returned Saturday after spending a week in Roswell visiting Mrs. Stahler's mother.

—WE RESERVE RIGHT TO LIMIT QUANTITIES—

Nobody's Business

By Julian Capers Jr.

AUSTIN—Newest manifestation of the insatiable appetite of the Washington bureaucratic group for power to regulate the lives and habits of their fellow citizens is the drive to enact the Neely Bill, which should interest every Texas citizen. The Neely Bill, already passed by the Senate, and up in the House during the forthcoming regular session of Congress, proposes to "regulate" the motion picture industry virtually out of business, increase the cost of seeing the movies, reduce the expenditures of the theatres for newspaper advertising, and establish another Federal dictatorship which shall say what pictures the theatre-goers may see, and which ones somebody in Washington doesn't regard as suitable.

Reformers Misled

The motion picture industry, by long trial and error, has evolved certain methods of producing and distributing its product. That these methods are efficient and satisfactory both to the industry and the great majority of patrons is self-evident, since anyone living anywhere in the United States may see almost any motion picture that is produced reasonably soon after its production, and at a low price, in a comfortable, modern, well-equipped theatre. The citizen of the smallest town in Texas enjoys this privilege, along with the metropolitan resident. The Neely bill, by abolishing "block booking" and "blind buying", two well-established trade practices, would change all this.

"Block booking" means that a distributor sells a number of his pictures to exhibitors on contract, and "blind buying" means that production of the pictures is not necessarily completed when they

are sold. The Neely bill would prohibit an exhibitor buying more than one picture at a time, thereby multiplying by many times the selling cost. It would also prohibit for all practical purposes, the selling of any picture until it has been completed, exactly as if a law would prohibit Henry Ford from contracting to sell an automobile until it was actually off the assembly line, and the dealer could look at it.

Big Boys Play Safe

Reform organizations, women's

clubs and others interested in improving the morals of their fellow-citizens, have been misled into endorsing the Neely bill by statements from its sponsors that it would eliminate sex pictures. Actually, the bill makes no provision whatever that would have this effect. Indecent pictures are invariably made by small fly-by-night producers, and sold one at a time. The big production units, with huge investments, learned long since not to jeopardize these investments by producing pictures

which invite public condemnation. Texas citizens who enjoy the movies—and who doesn't?—ought to read the very brief Neely bill and let their Congressmen know what they think of it.
Garner Returns

Returning to Washington for the regular session of Congress, Vice President John Garner, only avowed candidate for the Democratic presidential nomination, left his Uvalde home this week end to plunge into national politics. Developments of the next few months will bring to a climax the preliminary sparring among potential candidates, and probably will bring an unequivocal statement from President Roosevelt as to his third-term ambitions. Newest Fortune poll, showing a stronger popular desire for Roosevelt in 1940 than for the next three prospective candidates, including Garner, may indicate how the wind blows. . . . Announcement of Candidates for State office which usually come after January 1, probably will be early this year, as long campaigns are indicated. Latest rumors mention Boyce House, former Fort Worth newspaperman and magazine writer, as a probable candidate for Land Commissioner against Bascom Giles. Bill McDonald, former Land Commissioner, is reported flirting with the idea of getting into the Railroad Commissioner's race, and Carl Nesbitt, ex-adjutant general, is also an avowed candidate for this job, now held by Lon Smith. . . . Harry Knox, Brownwood flour dealer who made good as adjutant general, moved up to a six-year appointment on the Board of Control, giving O'Daniell a majority of two out of three appointees on this important State purchasing unit. Col. J. Watt Page succeeds Knox as military head of the State. . . . Judge Edwin Lacy, Longview oilman and lawyer, veteran crusader for law enforcement, is newest member of the public safety Commission, succeeding Albert Sidney Johnson, of Dallas, who made a splendid record as chairman and organizer of the State Police, created during Allred's administration. Grover C. Hill, fat and affable cowman from Amarillo, is newest Assistant Secretary of Agriculture at Washington. Hill, manager of most of Ernest Thompson's political campaigns, knows his cows and politics, too, and numbers his friends in the thousands.

Basket Ball Tournament at Levelland

Levelland High School is sponsoring its third annual all West Texas Basketball Tournament, February 1, 2, 3, 1940. Arrangements are being set under way to make this tournament a peak in high school basketball in this part of the state.

Invitations have been mailed to approximately fifty high schools in West Texas and bordering towns from New Mexico. The drawings will be made for the tournament by Collier Parris of Lubbock, Texas, on or before January 10, 1940. To make it convenient for those who come a great distance, rooms will be furnished for teams and coaches. Awards will be made to winners of first, second, third and fourth place teams and to the individual team members. The coach of the best addressed team will also be given a special award.

All of these special preparations have been made to insure that this tournament, one of the largest in West Texas will also be one of the outstanding. Several schools have already signified their intention of attending and others are urged to get their entry blank in immediately.

Mr. and Mrs. George Warren and Mrs. J. C. White had as their guests for Christmas dinner, Mr. and Mrs. L. L. Nichols of Amarillo, Leland Warren and family and Miss Louise Baker of Gorman and Mr. and Mrs. U. D. Sawyer and daughters of Cross Roads, N. M., Gail Willis and grand mother Lewis.

POOL

There was quite a lot of visiting during the holidays. Also some moving.

Mr. and Mrs. J. M. Trussell and daughter, Leola, spent the holidays with Mr. Trussell's parents, Mr. and Mrs. J. M. Trussell of Grand Prairie, Texas.

Mr. and Mrs. Jack Brown and family visited Mr. Brown's mother and other relatives in Waco, Texas.

Mr. and Mrs. H. C. Zornis and family spent the holidays in Abilene, Texas, visiting their daughter and Mrs. Zorn's mother.

Mr. and Mrs. S. V. Newsom and family visited Mr. Newsom's sister and family, Mr. and Mrs. Mosier of Seymour, Texas.

Mr. and Mrs. J. J. Gunter and family spent the holidays in Terrell, Oklahoma, with Mrs. Gunter's mother and other relatives.

Mr. and Mrs. Otis Aldridge and son, visited Mr. and Mrs. W. C. Aldridge and family.

Melva Jo Waters spent Sunday with Dorothy Dean Newsom.

Rev. A. L. Hicks preached for us Sunday morning and evening.

Rev. J. M. Morrison of Posey, held a Watch Service which was enjoyed by all who attended.

Those visiting in the J. J. Gunter home Sunday were Mr. and Mrs. Sam Chambliss and sons, Mrs. L. D. Chambliss, Lois, J. W. Marcus, Mrs. Ona Belle Arnett and Mary Lou and Roy Chambliss of Lubbock.

Maude Alice Zornis spent Sunday with Leola Trussell.

Grandma Young is in Lubbock at the bedside of her son, who is seriously ill.

Mrs. J. J. Christman arrived last week from Mt. Pleasant, Michigan, to enter the Lubbock Sanitarium. She underwent an appendicitis operation Saturday morning and is getting along nicely. When she is able to travel, she will be accompanied home by her mother, Mrs. M. V. Brownfield of Levelland.

Grandmother Mary Lewis is quite ill this week.

Did you know that General Custer learned the sign language at the Texas State School for the Deaf? The cavalry leader of the Civil War and famous hero of the "Last Stand" was stationed in Austin shortly after Appomattox, research by District Judge Ralph Yarborough has disclosed, and his favorite ride was across the Colorado to the state school.

"There on the beautiful Texas hills by the river, Custer daily watched the children spell out messages on their fingers," Judge Yarborough relates. "With graceful gestures, they talked a silent language. Their supple wrists and marvelous speed fascinated the boy-general. (He was only 25). In turn, they came to love him and brought him their examples, maps and compositions for his word of commendation. The lessons he was taking in order to talk to the children he had learned to love were soon to come into use in camp-fire parleys with the red man, for the language he learned from the gentle children at the school enabled him to talk to the fiercest Indians of the Plains. . . The Plains Indians of all tribes understood the sign language."

An interesting footnote of Texas history.

In last week's resume of 1939, this commentator failed to mention the standout in Texas legislative circles—Senator Lanning, Young, and serving his first term in the upper house, he arose and mildly offered a series of amendments (which were in line with suggestions that "I Give You Texas" had previously made), and

Lanning thereby changed what was a land-grabbing bill in favor of foreign-owned oil corporations into a measure that actually protected the interests of citizens who were occupants of land in good faith, and at the same time, the Senator preserved the rights of the State Permanent School Fund.

The biggest flop among state officials for the year? No, it's not the one you're probably thinking about.

Mr. and Mrs. Paul McLendon returned home Sunday from Hamlin where they visited relatives.

Mr. and Mrs. Claude Cotten are visiting her parents in Erick, Oklahoma.

Mrs. J. J. McGowan and son, Bill, visited relatives in Quanah, Saturday.

Mr. and Mrs. Dube Pyeatt have returned from Dallas, where they visited her parents during the holidays.

Delores Gillham, daughter of Mr. and Mrs. J. O. Gillham was quite ill the first of the week.

Hospital Notes

H. A. Dean, 11-year-old son of Mr. and Mrs. Sewell Dean, was operated Thursday, December 28 following a ruptured appendix.

Mrs. F. C. Nelson entered the hospital, Tuesday for treatment.

Mr. and Mrs. D. A. Hulse announce the arrival of a daughter, Tuesday, January 2. Weight, 7 lbs, 9 oz. Mr. Hulse is a farmer in the Union community.

Born to Mr. and Mrs. W. D. Runnels, Route 4, a boy weighing 7 lbs, 11 oz., Tuesday, Jan. 2.

Mr. and Mrs. G. G. Kirby of Seagraves, announce the arrival of a boy, Wednesday, January 3rd. Weight, 8 lbs. 2 oz.

HARMONY

Wasn't the snow fine? Well, the holidays are growing to a close. We hope our editor and family including all the readers of the Herald have had an enjoyable Christmas. We were sorry our editor could not eat turkey. Maybe next Yuletide will find things different. We wish for you all a happy and prosperous New Year.

As some of these items are not very recent, they are not too old, as they have not been printed.

The following accident happened about two weeks ago, when Mr. C. A. Wilhite and Mr. Ocie Murry attempted to put carbide in the plant for lights during Sunday night preaching service. The explosion which occurred at this time hurt Mr. Wilhite and Mr. Murry and three young men, Wantee Riddle, Victor Fore and Pal Hargrove who were looking on. All were taken immediately to Brownfield for treatment. We are glad to report all about well except Mr. Wilhite who still has a badly burned hand.

Mr. and Mrs. John Garner and family, including Mr. and Mrs. Robert Garner visited relatives in Fort Worth, Stephenville and Sulphur Springs, while on this tour, they attended the 60th wedding anniversary of the father and mother of Mr. Garner at Stephenville. They reported a pleasant visit.

Mr. and Mrs. C. A. Wilhite visited relatives in Lubbock and Dallas during the holidays.

Mr. and Mrs. Clin Carter of Plainview were visitors during Christmas in the home of her parents, Mr. and Mrs. John Garner and family.

Mr. and Mrs. Vernon Bradley and little daughter, Norma Gall, were guests in the home of her parents and brother, Mr. and Mrs. Joe A. Davis and Mr. and Mrs. Harvey Davis and family during the holidays.

Rev. L. C. Morrison, Methodist minister who lives at Brownfield preached for us last Sunday. Sunday school was not as well attended as usual. Now, let's all come back resolving to make this the best year, for the Lord has been good to us.

About two or three weeks ago the home of Mr. and Mrs. Aubrey Riddle was destroyed by fire. All was burned, including his car.

The new highway which is under construction will shorten the distance to Brownfield two or three miles. It passes about one and a half miles east of the school house.

Mr. and Mrs. W. B. Whitefield visited relatives in Breckenridge, recently.

WILSON STATUE, 'EYESORE'

Germans are reported by a Polish news agency to have destroyed a statue of Woodrow Wilson in Wilson Park, Poznan (Posen), Poland. The statue, a work of Gutuzon Borglum, the American sculptor, is reportedly branded an "artistic eyesore" by the Germans.

A sign placed on the statue criticized Borglum's technique, saying the American had made Wilson's legs too short, his body too long, and his head too large, the dispatch states. It also quotes refugees as declaring that such an artistic eyesore cannot continue to stand in the city.

The statue was erected after the World War under the sponsorship of Ignace Jan Paderewski, pianist and first Premier of modern Poland. It was considered a symbol of democracy, and skeptics on this side of the Atlantic wonder if this is not the primary reason behind its destruction.

If dictatorship ever comes to the United States, the Statue of Liberty will probably be called a heathen goddess—and the 200,000 pounds of copper melted down for war materials.

Mr. and Mrs. Clyde Lewis and daughter and son, Deverelle and their house guest, Zeb Moore of Amarillo, went to Cedar Lake, Plains and Denver City, Monday.

Miss Sue Bynum returned to Abilene Monday, after spending the Christmas holidays here with her parents, Mr. and Mrs. Arnett Bynum.

Luce Bennet, of Bennett and Murphy Luna of Plains, were business visitors in the city, Tuesday.

U. of T. Professor Makes Startling Find

AUSTIN, Jan. 1.—Oldest traces of man's existence on the North American continent were reported last week by a University of Texas geologist to the Geological Society of America, convening in Minneapolis, Minn.

Dr. E. H. Sellards, director of the University's Bureau of Economic Geology, produced what he believes to be "ironclad" proof of man's habitation of this hemisphere at least 25,000 years ago—man-made stone images, the oldest trace of sculpture yet found on this continent, coupled with evidences of a pre-historic "elephant hunt."

He reported discovery near Beeville in South Texas of the fossilized remains of a Columbian elephant surrounded by 25 flint artifacts—spearheads, knives, and scrapers. A second excavation in the Texas Panhandle, he recounted, had given up remains of five elephants, three spearheads five inches long, and one flint knife—all within a radius of 40 feet. One of the spearheads was lodged within three inches of the elephant's vertebra.

Traces of both "elephant hunts" were approximately 25,000 years old, he said.

However, overshadowing the pre-historic "hunting scene" traces, Dr. Sellards pointed to his most recent discovery in East Texas—a 150-pound, egg-shaped, rust-colored, sandstone object, two feet in length and eighteen inches wide, with slant eyes, holes for nose, mouth and chin.

R. W. Carter was a business visitor in Dallas last week.

Mr. and Mrs. Harold Denton visited his parents in Trinidad last week. Mr. Denton has returned home but Mrs. Denton went on to Prescott, Arkansas to visit her parents, Mr. and Mrs. G. I. Nelson.

Mrs. Jake Hall has returned to her home in Littlefield after visiting her sister, Mrs. Troy Noel, and other relatives.

Holiday renewals, all having our thanks: Odell Fulton, W. B. Paschal, Bob Harriss, Earl McNeil, C. Sears, Lee Fulton, R. S. Swindle, W. E. Stone, R. O. Black, J. E. Gracey, Mrs. R. W. Scates, A. H. Herring, J. W. Lasiter, John Burnett for himself and son, at Wickett; L. Nicholson, Roy Draper, Lloyd Chambliss, J. E. Parish, city and routes, and J. L. Sims, Welch, Thanks, all.

Highway Vignettes

FROM THE PREHISTORIC PAST CAME THE MODERN HIGHWAY...

A curious link between modern America and the far off jungle world of prehistoric ages is presented in an Exhibit at the Los Angeles Museum of Natural History, which contains perfectly preserved skeleton remains of such extinct species as mastodon and sabre-tooth tiger. . . . Asphalt, a practically indestructible natural constituent of petroleum, preserved these primitive bones and is now the essential binder and preservative for four fifths of our modern highways, — thus turning to modern needs the same qualities of imperviousness and cementing strength which held the jungle monsters through deathless ages.

Chisholm Hardware to Bring Hollywood Picture to Brownfield

"Joel Gentry in Hollywood" to be Main Feature in Big Farmer Day Program January 18 at the Rialto Theatre, presented by Chisholm's Hardware, Local John Deere Dealer.

Chisholm Hardware, local John Deere Dealer, is sponsoring a big John Deere Day Program at Brownfield on January 18 for farmers and their families in this and neighboring communities.

According to Mr. Chisholm an all-Hollywood talking picture entitled "Joel Gentry in Hollywood" will be the feature attraction of the day. This appealing new picture was produced especially for farmers by the John Deere organization, and from all reports, it's a picture that will long be re-

membered for its rich sentiment... amusing situations and charming romance.

In the cast of Hollywood players are John King, Rosina Lawrence, Mary Knowlden, Gene Morgan, Sarah Padden, Robert Homans, Charles Judels, John Arthur, and many others.

The picture tells the story of Joel Gentry, a farm boy who wins \$1,000.00 and a trip to Hollywood. Joel's experiences in Hollywood and why he went back to the farm is a story every farmer will enjoy.

Four Other All-Talking Pictures

In addition to "Joel Gentry in Hollywood," four other all-talking pictures will be shown. They include: "Making Tractor History," an interesting picture on the development of the farm trac-

tor... "Horses and Mules for Sale," a picture that points the way to the elimination of animal power on the farm... "A Short Cut Through Harvest," an educational picture on the ability of the combine to save time, hard work, grain and money on both large and small farms, and a short newsreel on "What's New in Farm Equipment."

Chisholm's Hardware cordially invites every farmer, farmer's wife and farm boy in this area to come to this big farmer day program. He promises a good time to everyone who comes.

According to Mr. Chisholm admission to the John Deere Day Program will be by ticket only. Any farmer who has not received tickets can get them by inquiring at the store before the day of the show.

PARAMOUNT TIES UP WITH RAYON

Licked to a frazzle by cotton styles in Paris and New York last season, the synthetics are apparently pointing to a comeback via Hollywood.

Full page advertisements in national magazines of tremendous circulation are scheduled to carry their first blast in February. Paramount's actress, Mary Martin takes the role as saleslady for rayon, as attention getter for the statement that all costumes in her new picture "The Great Victor Herbert" are rayon fabrics.

Those familiar with advertising methods smell immediately a co-operative deal under which Paramount agrees to put in rayon costumes in return for page advertisements paid for by rayon manufacturers featuring "The Great Victor Herbert."

What Paramount appears to have overlooked, or at least to have considered more unimportant than the value of the space thus obtained, is the fact that 25 per cent of all the potential theatre-goers of the nation depend directly or indirectly upon cotton for their livelihood.

Paramount may not know of the new zeal with which cotton dependents of nineteen states have started out to market their product. Those dependents do not have the advertising budget with which to provide pages of paid publicity for a movie corporation, but collectively they hold a rather substantial balance of power over box office profits. There is logic in the expectation that the box office appeal of "The Great Victor Herbert" will not be helped in the Cotton Belt by glittering announcements that its costumes are made exclusively of synthetic fiber.

Mrs. LeRoy McCravey sends in her dollar from the A-ranch in old Yoakum for another year of the Herald, and wishes us health and prosperity for 1940.

S. H. Parrish of route 5, was in this week with a pocket full of old fashioned silver dollars, and paid two on the Herald and Farm News, we returning a half dollar in change. Don't see many of those "babies" now.

Mrs. R. E. Compton, city, is a new reader.

The Roy Ballard family will get the Herald throughout the new year.

H. B. Virgil Crawford, is now on our regular list.

Mrs. W. W. Ditto has ordered the Herald to her address at 2015 Broadway, Lubbock.

Roy Parker of Odessa, purchased a G. M. C. pick up; R. R. Barr of Denver City a Hudson Super two door and Fred Yaden an Olds '37 two-door from Ross Motor Co., this week.

Marner Price, son of Mr. and Mrs. W. W. Price, returned to College Station, Monday, after spending the holidays here.

Carbon monoxide poisoning is also attributable to worn-out hose or faulty connections to gas heaters. When using the hose type of connection, persons should make certain that no leakage due to wear and tear exist. A thorough investigation of such appliances each autumn to check the leakages and replace worn parts of gas appliances is indicated.

In short, carelessness is the effective weapon against carbon monoxide poisoning. Carelessness and indifference alone make it the killer.

Good Tax Collections Up to December

Deputy Tax-Collector and Assessor, Sam White, informed us this week that since the new Certificate of Title law on automobiles went into effect, they had registered 113 new automobiles and 31 new trucks.

The 1939 tax collections have been extra fine, he stated. October, November and December, the state and county collections totaled \$49,743.59. The independent school districts they collect for amounted to \$12,169.89.

Up to date, they have issued 681 poll taxes.

IT'S CHICK TIME AGAIN!!!

... And our hatchery is now in operation, and we have baby chicks for sale. Our first hatch was taken off on this past Thursday, January 4th. We would be glad to have you come around and see these chicks, also inspect our equipment, both incubators and brooders and brooding room. You will be impressed with the care and expense that we have gone to, in order to hatch a better chick for you this year.

And it is not only in equipment, incubators and brooders that we have gone to this expense.

... We have gone to one of the foremost breeders of White Leghorns in the United States to get cockerels to head our AAA flocks. These R. O. P. cockerels are out of 240 to 290 egg trapnested hens.

... EVERY BREEDER is carefully culled and every one is bloodtested for B. W. D. (Bacillary White Diarrhea).

Every breeder is properly fed to insure the maximum of vitality in our baby chicks.

These things with the added factor of proper incubation combine to give you the best in Baby Chicks.

AND THE PRICE IS RIGHT! Why not come in and see about your chicks NOW?

Man's Inhumanity To Man

"Man's inhumanity to man makes countless millions mourn."

So wrote the philosopher of old. And today man's conduct in society proves the point.

The good book declares that "Whatsoever a Man Sows, that he shall also reap."

That is as it should be. That is simple Justice in action.

It portrays a harvest of regrets should man sow his wild oats; it offers the comfort and consolation of heavenly benedictions should he plant a life of good deeds.

Yet, there are in this age and every age through which man has passed, a tendency on the part of the erring to reap the good where others have sown.

Rank injustice! Such a course. It bespeaks ingratitude of the basest sort.

In every community in Texas today may be found evidences of how and where and by whom, others have sought to reap where they have not sown. In a large number of instances, men and women who are benefactors to their communities are recognized and rewarded, but all too often outstanding accomplishments have been the work of individuals who have remained in the background, who have never been known for what they did, for others who did not sow saw the chance to reap the harvest and did so.

The hero of the American Revolution who financed the war with the Mother Country is seldom mentioned and little known.

The DOCTOR Says...

"Without painstaking care by a compounding pharmacist, a prescription would lose much of the medicinal value written into it by the physician."

We enjoy their confidence because our method assures absolute conformance with their specifications. Each weight and measure is made with utmost precision; each step is checked and re-checked; each ingredient is of the purest quality fresh and of standard strength.

J. D. BAILEY PASSES

Another kindly old man whom the whole town loved and respected has passed from this vale of tears to suffer no more the heartaches and trials of this old world. J. D. Bailey, 84, passed away at the family residence on east Cardwell, on New Year's day after suffering several weeks. He went through a severe illness about a year ago, but the infirmities of age were too much for him this time.

Mr. Bailey and family moved to Terry county in the early 20's, and for some time he engaged in the mercantile business, but his age required that he retire. Mr. Bailey was one of the two men we have met who was in the Klondike gold rush in Alaska in 1898. It was interesting to hear him tell of the trials of men that braved the rigors of cold in that section for the lure of gold. But with all the conditions under which he lived, we never knew a more jovial spirit. He was always optimistic, and always smiled and had a word of cheer for his many friends. He will be greatly missed, not alone by his family, but hundreds of close friends.

On account of the Baptist church being under construction, the Methodist building was used for the funeral at 2 o'clock Tuesday afternoon, with Rev. Avery Rogers of the Baptist church officiating. Burial in the Terry County Memorial cemetery, Brownfield, with the Brownfield Funeral Home in charge.

Survivors are his wife and five children: I. M. Bailey, Jack Bailey, Mrs. Dorothy Patterson, Mrs. Glen Webber, Mrs. H. B. Smith and grandchildren, Sandra Bailey, James and Vyrnell Patterson, all of Brownfield; a sister, Miss Maud Bailey of Lubbock, a brother, R. L. Bailey of Frederick, Oklahoma was unable to attend. Other relatives and friends were Mrs. John Bailey and son, Temple, of Altus, Okla., Lucille Thompson, Mrs. Elva Carlton, Claud Barton and Mrs. Bill Gore, all of Lubbock.

No 12th Night Pageant Saturday Night

Attorney E. S. Hurt, who was chairman on arrangements to put on a 12th night pageant here Saturday night, came in this week, and informed us that it had been definitely called off for lack of time for preparation.

He added, however, that such a pageant would be put on next year as there would be plenty of time for preparations.

Miss Mabel Whitney was a visitor over the week end with her parents at Valley Mills, Texas.

Cam Sears was in Monday, and apparently improving from a recent seige of rheumatism.

Winners of Holiday Decoration Prizes

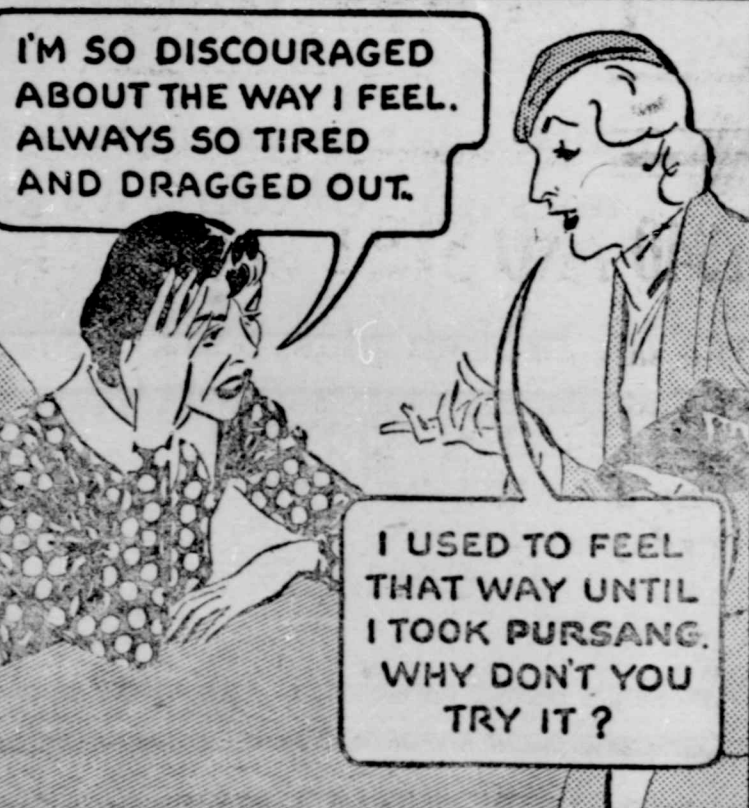

Those who won the three first prizes for having the most beautifully and artistically decorated home as judged by those appointed by the Junior Chamber of Commerce, were Mrs. J. L. Cruce, 1st; Mrs. Raymond Taylor, 2nd; Mrs. Clyde Cave, 3rd.

In the business section, Taylor's Men's Store got first, and Cobb's Dept. Store, 2nd.

Mr. and Mrs. R. O. Black visited relatives in Mineral Wells, last week.

Mrs. Carl Franks visited her mother, Mrs. Tankersley in Lamesa, Christmas.

MYRL SAWYER WEDS SUNDAY

Simplicity marked the wedding ceremony of Miss Myrl Sawyer, daughter of Mr. and Mrs. U. D. Sawyer of Crossroads N. M., to Jeff Good, son of Mr. and Mrs. P. J. Good of Big Spring, which took place Sunday Dec. 24 at the home of Mrs. Ben Warren in Lovington, N. M., Rev. Beauchamp, Methodist minister of Lovington officiating. An altar before the mantle was decorated with greenery and a large mirror hung above the fireplace. The bride, who was given in marriage by her father, wore a black wool costume suit with red fox trim and her accessories were black. Her corsage was of orchids. Only members of the two families were present. The bride is a graduate of Tatum High School and attended the University of N. M. at Albuquerque, where she was a pledge of Alpha Delta Pi sorority. Mr. Good attended N. M. M. I. at Roswell and Schreiner Institute at Kerrville. The couple left immediately after the ceremony for a wedding trip to Mexico City. They will make their home on a ranch near Big Spring.

SEAGRAVES GIRL WORKING THROUGH U. OF T.

AUSTIN, Dec. 31.—Helping keep tab of 775 newspapers is the job by which Mildred Peake of Seagraves earns her way through college. She is employed in the Students Clipping Bureau of the University of Texas, the only all girl organization of its kind in the United States.

Each week, the bureau's staff reads every daily, weekly, and semi-monthly newspaper published in Texas and mails out nine or ten thousand selected stories to subscribers, who can thus watch their personal stock rise and fall in the papers.

Operated as a division of the Public Relations Office of which Arthur L. Brandon is director, the bureau is a non-profit enterprise in which women students are employed. The only non-student is the manager, Miss Carolyn Malone.

R. M. Kendrick and W. R. McDuffie were business visitors in Denver City, Monday.

W. B. Tudor was a business visitor in Dallas last week and also attended the Lubbock-Waco ball game.

Mr. and Mrs. Earl Wilson had as their luncheon guests Sunday, Mr. and Mrs. Roy Collier and Children; Rev. and Mrs. Black and son, James F. Black of Abilene.

Mrs. J. O. Stockton is entitled to see "Rulers of the Sea" at RIALTO Fri.-Sat. (pass good for one only)

Joe Holt is entitled to pass to see "Renegade Trail" at RITZ, Fri.-Sat. (pass good for one only)

McLROY FAMILY HOLDS RE-UNION, DINNER, FRIDAY

Dr. and Mrs. T. A. McLroy, 1912 Texas Avenue, gave a dinner Friday night at 7 o'clock for members of their family who are here in Lubbock or are guests here. Four sons and three daughters were present. Maurice McLroy, another son and family of Galveston were unable to attend.

Those present were Dr. and Mrs. O. L. McLroy and family of Lamesa; Dr. and Mrs. Howard McLroy of Brownfield; Dr. and Mrs. C. H. McLroy and family of Slaton; Jack McLroy of Lubbock; Mr. and Mrs. Lewis Crow; Mrs. A. T. McGee and Mrs. Glenn Hancock of Lubbock. Misses Betty Hill and Juanita Landis of Lubbock were guests. — Avalanche-Journal.

LOCAL FELLOWS ATTEND LUBBOCK-WACO GAME

Tom May, Lee O. Allen, Troy Noel, R. L. Bowers, J. O. Gillham, G. S. Webber, Glen Akers and Homer Winston went by special train from Lubbock to Dallas last Friday and attended the Lubbock and Waco football game.

Carl Lewis transacted business in Denver City, Saturday.

BAPTIST CHURCH

Our attendance for the last two Sundays has suffered the holiday slump with some of our people visiting elsewhere and many staying away who no doubt should have attended and with only 242 in the Bible Study last Sunday morning.

It might be interesting to many to give some of the largest purchases of materials now being placed on the ground and settlements for which the following amounts of cash are immediately necessary.

Construction steel, \$3,000. Face Brick, \$1997.50. Finished Mill Work, \$2,800. Roofing material, \$2,100. Tile, \$1,000.

Without mentioning the expense of the concrete foundation, now finished, lumber on the ground and the expense of the daily payroll to be met and paid weekly.

This is mentioned in order to call the attention of everyone to the great task now going on and to call every member of the congregation to have a worthy part in it and with such a task before us, surely there is no place for idlers among us.

The normal attendance in every class as well as the preaching hour is expected next Sunday.

The W. M. S. will meet in circles next Monday at 3 p. m. as follows:

Lottie Moon circle with Mrs. Avery Rogers, Blanch Rose Walker Circle with Mrs. L. A. Greenfield, Lockett Circle with Mrs. Ame Flache, Young Matrons' Circle with Mrs. Nathan Evans.

All of the women will study the new 1940 "Things We Should Know", and credit will be given for this study if the proper time is given to it.

Let all the women of the church find a place in one of these circles and they will be informed on the work women are attempting during 1940.

The Master said, "The field is white unto harvest but the laborers are few" and it is true today as our field needs laborers and if you would find a place to work, come with us. Visitors are welcome in our services in the High School auditorium.

NORTHSIDE BAPTIST CHURCH

Our desire is that every one of our friends, and members particular, be present in the Sunday School and preaching services next Sunday, the first of the new year, and thus signify their willingness to be more helpful and faithful in building up the attendance and growth of this work of our Lord.

If there are those who are none too proud of their last year's efforts in Christian service, now is the time to begin upon a record of which you need not be ashamed at the close of another year. Next Sunday, all classes will study the fourteenth chapter of the Book of Matthew, and the sermon subjects for the day are as follows: 11:00 A. M., "Arise—Go Over This Jordan." 7 P. M., "Why Jesus Was Compelled to Die."

Evangelist Jno. R. Denning will be the preacher. Come and see.

SCOUT'S FIRST AID MAKES HEADLINES

Arlington, Va.—Saving lives and treating the injured through his knowledge of Red Cross first aid is getting to be a habit with Eagle Scout Richard Greenbank.

Returning home through a wooded section near here after attending a Red Cross class in nearby Clarendon, the 15-year-old scout stumbled over an unconscious youth suffering from shock and exposure. After administering preliminary first aid, Greenbank carried the victim to a nearby highway where a passing motorist took them to Emergency Hospital across the Potomac river in Washington.

At the hospital the stricken youth was identified and his condition was diagnosed by physicians as due to shock and exposure, illustrating that Scout Greenbank's judgment was excellent.

Less than two months ago his quick action made headlines when he applied a splint to the arm of an injured sandlot football star to ease the pain and prevent further injury while the doctor was on the way.

TEACHER BUSINESS

Snyder's school superintendent recently called his teachers into conference to speak frankly and honestly with them about a matter that strikes home to local merchants. Among other things, he said in effect:

"Snyder people make our jobs possible. Our salaries and equipment are provided principally by funds which these people, especially merchants of Snyder, pay in school taxes. They are entitled to every consideration we can give them, and the best way we can show our appreciation is by patronizing them. We owe our business to them as our tax to them. Let's buy everything we can from those who pay taxes for our schools."

A Snyder merchant related to a Times publisher that his Christmas business from teachers this year was the best his store had

Close Out!

FREDA ANN ANTHONY HONORED ON BIRTHDAY

Mrs. Earl Anthony, assisted by her sister, Mrs. Crede Gore, entertained Monday afternoon with a birthday party for her five-year-old daughter, Freda Ann at the Gore home. Games and story telling were enjoyed and refreshments of hot chocolate and birthday cake were served to the 17 guests. The honoree received a number of attractive gifts.

Miss Bernice Lane of Slaton, visited homefolks here the past week end.

Tom Cadenhead was in Dallas Saturday, to see the Lubbock-Waco ball game.

George Alexander of northwest Terry, was in after supplies, Wed.

OUR EXCUSES

By Emogene Fitzgerald
 The holidays ended Monday, January 1, 1940, and school began Tuesday morning, January 2. We have contributed very little to the "Cubs Den" this week due to the short time we have had to write. Of course, we did not take time to write during the holidays.
 Semester exams are coming up next week, and we have to "cram" for them, because we feel that we have forgot so much that we are supposed to know.
 We will try harder to have a more interesting "Cubs Den" after the new semester begins. The Press Club will elect an entirely new staff to give some of the other members an opportunity to try a different type of work in the club and become more experienced in writing and preparing the news for the offices.

We, as members of the Press Club, have enjoyed writing for the "Cubs Den" this past semester, and we are going to strive to do better next semester.

THREE THINGS FOR DAILY LIVING

- Three things to govern: Temper, tongue and conduct.
- Three things to cultivate: Courage, affection and gentleness.
- Three things to commend: Industry, thrift and promptness.
- Three things to despise: Cruelty, arrogance and ingratitude.
- Three things to wish for: Health, friends and contentment.
- Three things to admire: Dignity, gracefulness and intellect.
- Three things to give: Help to the needy, comfort to the sad, and appreciation to the worthy.—E. F. Hupp, Parkersburg, W. Va.

WHERE SOME OF THE STUDENTS SPENT HOLIDAYS

Vera Howell, Lovington, New Mexico; Charlotte Dial spent the holidays at Clovis, New Mexico; James Herbert Walker, Sudan; Charles Wayne Bandy, Breckenridge; Jack Mitchell, Sweetwater; Earl Wilson, Lubbock; Herbert Venable, Clinton, Okla.; Dortha Carter, Denver City; James Evans, Lubbock; Raymond Houtchens, Amarillo; David Nettle, Ralls and Gadley; Irby Cargill, Seagraves; Alfred Mangun, Brady and Bryan; Bruce and Dorothy Bea Smith, Tahoka.

THERE ARE 7 MISTAKES

"There are seven mistakes of life that many of us make," said a famous writer, and then he gave the following list:
 1. The delusion that individual advancement is made by crushing others down.
 2. The tendency to worry about things that cannot be changed or exchanged.
 3. Insisting that a thing is impossible because we ourselves cannot accomplish it.
 4. Attempt to compell other persons to live and believe as we do.
 5. Neglecting the development and refinement of mind by not acquiring the habit of reading.
 6. By refusing to set aside trivial preferences, in order that important things may be accomplished.
 7. The failure to establish the habit of saving money.

To do the right thing at the right time, and in the right way; to do some things better than they were ever done before; to eliminate errors; to know both sides of the question; to be courteous; to be an example; to work for love of the work; to anticipate requirements; to develop resources; to recognize no impediments; to master circumstances; to act from reason rather than from rule; to be satisfied with nothing short of perfection.—"The Marshall Field and Company Idea."

PRESS CLUB WELCOMES NEW MEMBERS

The Press Club wishes to welcome 3 new members. They are Jimmie Green, George Firth, and Jimmie Roddie.

LEAP YEAR

My Dearest and Respected Sir: I send this letter your heart to stir
 'Tis you I have chosen first of all, On whom to make a Leap Year call.
 I give you the foremost chance This was decided at a glance.
 Your heart and hand I ask in jest And hope that you'll grant my request,
 And send me back without delay, Your answer saying, "Yea" or "Nay."
 But if your heart does not incline, To my great, high-minded mind,
 Then Leap Year's Laws you must obey,
 And down with a thousand, I must say,
 And besides, Sir, a handsome dress I'll ask no more and take no less.

You may think this letter funny But I must have a man or money Sen me, kind Sir, your quick reply Let me be your wife until you die.
 Yours,
 Hope.
 P. S. If for me there is no hope Then send me a ten foot rope, But if you think that I'm a dandy, Just send me a box of candy.

LET'S BACK OUR BASKETBALL TEAMS!

We need enthusiasm! The kind of enthusiasm that can be generated only by our fans! Our basketball season has opened up in earnest, and the basketball program for January is completely full. Two games will be played each week by both boys and girls and at least one night per week will be seen two games on our home court. Both boys and girls have entered the South Plains basketball Conference which will be played off in three divisions. The division Brownfield is in includes Union, Wellman, Meadow, Ropesville and Wolforth. Some of the best trained teams in this part of the state are represented in this division.

A nominal sum of 10c per student and 25c per adult will be charged at the door. The sport of basketball is supposed to support itself and without the cooperation of the town, this will be impossible. New equipment has been purchased this year. New suits for the girls and new warm-up suits for the boys were used in the Union-Brownfield game, January 3, for the first time. The suits are scarlet and white and make the teams look flashy. You'll be proud of your home team.

Basketball is in its second childhood stage in Brownfield. At one time, it was a major sport, and it is the desire of the faculty and student body to bring it back. See these games!

OUR BOYS BASKETBALL SQUAD

Who said that Brownfield High School did not have a good boys basketball team this year? Just take a look at this bunch of boys who are coming out for basketball this year and who are already wearing new red and white "warm up" suits that have been purchased this year. Some of the boys have been playing good football this year, and they can play just as good basketball with a little more practice. Coach Tipps believes that they can soon throw goals skillfully, and that with practice they will win some, if not all of the games.
 They are going to Frenship Friday, January 5. Let's see them play, support and encourage them. The following boys are coming out for practice, including the possible starting line-up:
 James Bryan, forward; William Doyle Warren, forward; Pete Brown, forward; Winfred Doss, guard; Lewis Waters, guard; Alfred Gore, guard; J. L. Rogers, center; Bobbie Perry, guard; Buddy Rambo, forward; Monroe Rowden, guard; Billy Moore, forward; Sonny Walls, guard; Gene Hill, guard; H. M. Austin, forward; Spencer Murphy, guard; and Billy Redford, guard.
 Come to the basketball games and see the boys and girls play!

FRIENDLY ENEMIES
 Oldsters will recall that Mother Winslow's soothing syrup was sold from 1829 to 1906 as a panacea for baby's ills. Given infants, they almost immediately went to sleep. When the drug law known as the "Pure Food and Drug Law," fathered by Dr. Wiley went into effect in 1906, the syrup went out like Lottie's eye because it carried a charge of morphine that would kill a mule if given the contents of a tablespoon. Many poisonous cosmetics are on the market. Deaths from the use of certain eyelash and brow dyes have been too heavy. A new law will go into effect in January that may cause you to wonder what went with your favorite dope. A woman recently spent ten thousand dollars in an attempt to have her eyesight restored after she used a certain lash dye howled over the nation as the greatest

GIRLS' BASKETBALL NEWS

By Dorothy Sexton
 The girls' new suits have come in and will be worn at the game with Union in the local gymnasium, Wednesday, January 3, for the first time. They will also be worn at Frenship in a game there January 5. Let's all turn out to see these games.
 The new suits, which are ten in number, are scarlet satin with white knit inserts.
 A schedule has been worked out for the girls team for the entire season and let's all really back these girls. After all, they are playing for you, and Brownfield High School—Not for self glory.

The Girls and Their Positions
 The girls playing on the girls' basketball team this year are:
 Thelma Jean Moore is a forward on the Brownfield team. Thelma Jean showed wonderful work and marksmanship in the second game with Wellman a few nights before the holidays. Thelma Jean came from Harmony in 1938 and is a junior.
 Frankie Lou Ellis is probably the best forward and player on the team. She seems to be following in the footsteps of her sister, Othema, a Brownfield star last year. She has played good basketball in each game this season so far, and we hope that she will continue. She is a junior from Union.

Aline Locke played forward on the Plains team last year, and although she has not played very much on our team this year, she played excellent ball at Ropesville. Aline is a sophomore and is a quiet, new student from Plains this year.
 Billy Dean Lukor plays forward and her home is at Harmony. She came, however, originally from Union. Billy Dean is the smallest player on the team, but you should see the way she gets around with that basketball. She is a junior and will improve in her playing.

La Veda Montgomery is probably the best guard on the team. She is a junior and comes from Challis. She can really handle that basketball and the opponent girls too.
 Linnie Whisenhunt plays guard and is also a junior. She is from Tokio, and if you want to see a little roughness combined with basketball, come and see her play.
 Inez Irwin is a junior from Challis and plays guard also. She hasn't played much this season, but made a good showing at the first game at Ropesville.

Winnie DuBose is a senior this year and is very versatile in the game. She can either play as guard or forward.
 Iradell Claunch, who plays guard, is a junior and comes from New Home. More will be said later about her and some of the others.

Miss Phillips of Jefferson is the guest of her brother, Virgil Phillips.
 Byrl Gist, son of Mr. and Mrs. Brock Gist of Anaheim, California spent ten days here during the holidays with his grandparents, Mr. and Mrs. Noah Bell in the Needmore section. He was just a baby when they moved out there, but is 20 years of age now.

Chamber of Commerce Items

By J. E. Shelton, Secretary

It never rains but it pours; for the last several months this office has been working quietly in the construction of a modern Locker Storage plant and just about the time he was ready to shoot, an out-of-town bunch arrived and announced that they were going to build a plant, but it developed that the system would not be modern so our party decided to go ahead with his plans. However, right at this time, the Farmers Co-operative Society No. 1, announced their intention of building a thoroughly modern system so our party will probably abandon his plans. Of course two locker storage plants will not be profitable, provided that they are both modern. But we are glad to know that a local organization will own and operate and we know from investigation and inspection of plants in other towns that the town and county could not possess a more valuable asset.

The headquarters, or district office of the recently organized state health unit will be in Brownfield, as a matter of fact, they are already here and opened their offices Tuesday of this week. They will be quartered in the southwest ground floor building of the court house which has been occupied by the highway department. The unit is composed of Lynn, Dawson, Gaines, Yoakum and Terry counties. As a matter of fact we got in our application for the location of the district offices before representatives of other counties had thought of it and our application was approved by the state office several days ago. The location of the office here means that several thousand dollars will be expended in the town and county which would have not otherwise have been the case.

Mr. Glen Burgess, Manager of the Graham Chamber of Commerce and Mr. Ralph Duncan, Secretary of the Haskell Chamber of Commerce, were here for a conference Tuesday, which has to do, among other things, the re-routing of U. S. 330 from Asper-

mont to Fort Worth. If we succeed in getting this over it will mean a much better route to Fort Worth and other Eastern points and will relieve a traffic jam and hazard into Fort Worth as it traverses a much more level country than the one that is available to us now.

People are coming to Brownfield in such numbers since the first of the year that we are again confronted with an acute housing shortage and at this time, we have eleven families who desire to locate here and will probably be here for the remainder of the year except up to this time we have only been able to locate about half of them. There may be vacancies in the town but if so we do not know of them and would appreciate being advised of such. Please remember that the Chamber of Commerce rental service is free and we desire to make it as efficient as possible. However, to assist in making it so, it is necessary that we have co-operation of property owners who list with us, in this respect, that when a property is listed with us and afterwards rented, that we be notified of the fact in order that we may take it off the books and not continue to send people to inspect it. It frequently occurs that we send inquirers out with a list of houses or apartments that are still on our books and they report back that all of them have been rented or at least that some of them have. This of course is embarrassing to us and unsatisfactory to the would be tenant.

Mr. and Mrs. W. D. T. Storey of Littlefield, will spend Sunday here with her mother, Mrs. L. C. Wines.

E. C. Walker of the Johnson community was a pleasant call at the Herald office Tuesday.

Mrs. John Bailey and son Temple, of Altus, Oklahoma, Mrs. Carlson, Mrs. Lucille Sampson and Claude Barton of Lubbock, were here Tuesday to attend the funeral of Mr. J. D. Bailey.

Mrs. Bill Harrelston of Fort Stockton was the guest of her sister, Mrs. Sam Houtchens, last week.
