# The Terry County Herald

A BOOSTER FOR TERRY COUNTY FOR THIRTY-FIVE YEARS—"BELIEVE IT OR NOT."

PRINTED IN TERRY COUNTY, ON THE SOUTH PLAINS, THE IDEAL DIVERSIFIED FARMING SECTION FOR THE FEEDER-BREEDER OF LIFE STOCK—WHERE THE ANIMALS AND ABUNDANCE OF FEED CONVERGE

VOLUME THIRTY-FIVE

BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY, January 12, 1940

NUMBER 23

## The Candidates Tell Their Wants

### TO THE CITIZENS OF TERRY COUNTY:

In announcing as an applicant for the office of County Attorney, I am making my first effort to secure a public office. I use the word "applicant" advisedly, because I am of the opinion that you, as voters and citizens, are hiring an employee when you elect a person to public office. As employers I believe that it is to your interest to hire a capable, honest and qualified man.

Many Texans claim to have cut their teeth on a Colt .45; I claim to have cut my teeth on a law book in my father's law office and my earliest recollections are as-

### G.M. (MAC) THOMASON CANDIDATE FOR ASSESSOR-COLLECTOR

I wish to take this means of announcing myself as a candidate for the office of County Tax Assessor and Collector for Terry County. I have been a Tax Paying resident of Terry County for 19 years and feel that my record will show that I have tried to stand for the things that are best for Terry County and its citizenship. I feel that I know the property values and can perform the duties of the office and if elected I will be on the job at all times and will render fair and impartial service to all alike.

It is my intention to try to see every voter before the election and assure you that I will appreciate every kind word and bit of assistance given me.

Yours truly,  
G. M. (Mac) Thomason

### COX SEEKS OFFICE OF COUNTY JUDGE

In making my announcement as a candidate for the office of County Judge, I wish to say that I have never before asked to be elected to any office in this or any other county in which I have lived. I have been a citizen of Terry County since 1925, except four years during which time I lived in Lubbock.

I believe I am fully qualified to fill the office and if elected, promise to give the best service that I am capable of rendering.

All I ask is that you give me your full consideration and if you think I am the man for the office, VOTE FOR ME.

Jesse D. Cox

### LUTHER JONES SEEKS OFFICE OF CONSTABLE

Luther Jones, who is too well known to need any introduction from us, authorizes us to announce him as a candidate for the office of Constable of Precinct 1, which includes the city of Brownfield. Mr. Jones made a good race for this office two years ago, being defeated by only a few votes.

He states that if elected he will make the very best officer possible, and will consider the office a public trust at all times, and try to enforce the law without partiality.

### TO THE VOTERS OF TERRY COUNTY:

I take this means of asking for the nomination to the office of Tax Assessor and Collector of Terry County, Texas.

I believe I am well qualified for the job and if elected will give the people the best service I can. I am going to try to see each of you personally, and if you don't know me, ask some one who does. I will certainly appreciate your vote and influence in the coming primary, July 27.

Respectfully,  
Jewell Bell

### TERRY COUNTY SING SONG NEXT SUNDAY

Malcolm Thomason was in one day this week and informed us that the regular session of the Terry county Sing Song would meet Sunday afternoon at the Forrester school house. Everyone cordially invited.

### H. M. PYEATT ANNOUNCES FOR RE-ELECTION FOR COUNTY CLERK

I wish to announce to the voters of Terry County, my desire to

Terry Redford and family are entitled to a pass to the—  
**RIALTO THEATRE**  
—to see—  
**Drums of Mohawk**  
Compliment: Rialto and Herald! Be sure to present this clipping at the box office at the Rialto Theatre.

## Ginning Figure Shows Decrease in Area

Ginning reports from 19 South Plains counties as of December 13 last, showed a decrease of 127,879 bales of cotton from the comparative reports for the 1938 crop, according to a U. S. Bureau of the Census statement.

With ginnings virtually over before the holidays, the 317,118 bale total is not expected to be greatly increased by subsequent reports. Five counties, Castro, Lamb, Lynn, Farmer and Terry, show increases over the 1938 figure. Terry county showing an 8,000 bale increase. Other counties showed losses.

State total was 2,667,168 bales as compared with 2,934,621 for the same date a year ago.

Parmer county more than doubled its ginnings for the previous season.

Ginning reports for the mid-December date, with comparative figures from the previous year:

COUNTY	1939	1938
Bailey	13,017	13,889
Briscoe	2,987	5,905
Castro	2,756	2,051
Cochran	3,741	6,388
Crosby	22,650	38,436
Dawson	30,783	38,538
Dickens	10,805	36,370
Floyd	9,587	19,394
Gaines	1,089	1,401
Hale	21,063	24,597
Hockley	30,808	35,660
Lamb	41,765	39,252
Lubbock	58,305	63,984
Lynn	57,866	54,615
Motley	6,675	13,502
Parmer	5,372	2,362
Scurry	18,547	27,052
Terry	19,122	11,242
<b>Total</b>	<b>317,118</b>	<b>444,997</b>

## 2 Seriously Injured In Wreck Monday

There seems to be no dearth of wrecks in this section the past few days, and if we go on the way we have started in 1940, the good record we made in 1939 will go for naught. Sunk Bennett and a Mexican woman, Mrs. Suzie Hernandez, were injured badly early Monday morning south of the city, at the juncture of the Lamesa road and a cross road that runs to the Perkins' Dairy.

It seems that neither party saw the other until too late to stop or change course. Sunk was alone, in a new Ford V-8, the other car being occupied by the Mexican, his wife, two daughters and another woman. Mrs. Hernandez is still in the hospital. Sunk had ligaments torn loose in his leg, and will likely have to content himself in a wheeled chair for a while. Sunk's car was badly wrecked.

## Hopes to Start City Park Improvements

Mayor Clyde C. Coleman informed the Herald Monday afternoon that they hoped to get a WPA grant in the near future, which would be used in improving the city park. The land was purchased last year, but so far nothing has been done toward improving it.

Mayor Coleman is very anxious to get trees out this week, and grass started as soon as possible this spring. The city will pipe water to the park for that purpose.

I'll ask no more and take no less.

### TO THE VOTERS OF TERRY COUNTY:

I have decided to make the race for sheriff again. I certainly appreciate the wonderful cooperation the citizens of Terry County have given me in my work. I know without the help of the people there is no one who can fill the sheriff's office and I will greatly appreciate your vote and influence in the coming election.

C. D. (Ches) Gore

Graham Smith has authorized us to place his name in the announcement column this week for Assessor-Collector of Terry county but was too late to get in his formal statement. Watch for it next week.

## Two Youths Injured In Auto Accident

Two Brownfield youths were injured, neither critically, when the car in which they were riding struck the rear of a pipe truck about midnight three miles southwest of Wolfthorpe.

Lad Brownfield, 20, son of Mr. and Mrs. A. M. Brownfield of Brownfield, suffered a deep laceration of the right leg and a forehead laceration. He was treated at West Texas hospital for the injuries and extreme shock.

C. D. Thomas, 21, remained in Lubbock Sanitarium after treatment of lacerations of the scalp and forehead. He is the son of Mr. and Mrs. L. T. Thomas.

The youths had visited Wednesday night in the home of Mr. and Mrs. Joe Bailey of 1141 Eighteenth street and had left there about 11:15 o'clock, said relatives. Brownfield is a brother of Mrs. Bailey.

Sgt. C. E. Tabor and D. O. Wilkerson of the Texas Highway patrol were investigating the accident. Driver of the truck had not been learned here early today Thomas said he was driving the car.

—Lubbock Avalanche.

## Sheriff One Office; Assessor-Collector Another

The present law which counties operate under, and with the taking of the census this year, I feel that the office of Sheriff-Tax Collector and Assessor will be divided in this county beginning with 1941. The division of this office is required when a county has 10,000 or more population according to the last Federal Census.

It seems to me, that it would be proper and right for those interested in serving these offices to become a candidate for the same, bearing in mind that if elected to said office, they will be sworn into the same should the census show us to have the required population. You will of course have to take this chance in announcing for this office.

This statement is made due to a number of requests having been made in regard to this matter. You see we had back in 1930 as shown by the Federal Census, 8,685. At that time we had more people living in our rural communities than today, but the growth of Brownfield has more than doubled in the past ten years and I feel that will make up for the loss in the rural part of the county and have the extra 1,115 people of which we were short under the 1930 census.

Raymond Simms,  
County Judge

## Postal Receipts Fall Short of 1938

In conversation with James H. Dallas, postmaster, he informed us that the postal receipts for the city fell a few hundred dollars under that of 1938 on account of the first half of the year being light.

However, he stated that the last half, and especially the last 3 months was the best in the history of the city. He stated that there never was a better holiday business than this past year.

## Collins Dry Goods Putting on a Real Sale

With a double-page ad in this issue of the Herald, and the whole area coated down with thousands of circulars, Collins Dry Goods Co., is putting on one of their successful semi-annual sales, that are always a huge success. One reason for this is the store behind the sale, and that means a lot when it is all figured down.

There are not just two or three dozen items from their big store in their ad and circulars, but literally hundreds of them with amazing reductions on seasonable goods, right when you need them. The winter is just now here, but you will find a vast saving on winter dry goods.

Drop in before the stock has been picked over, before sizes and styles are broken, and pick your choice. Today will mark the first day of this gigantic sale. Be sure you are there the first day.

The Collins store does not run a so-called sale half the time that means nothing except to entice customers. They have about two a year that really mean something to themselves as well as to the community.

## H. D. Woods Makes an Interesting Address

H. D. Woods, of Lubbock, was on hand last Friday to address a joint session of the Rotarians and Lions and the Wines Hotel, and despite the inclemency of the weather, a good crowd was on hand to hear the speaker, not only members of these civic clubs, but a few visitors as well.

Mr. Woods went immediately into the details of group hospitalization, and from the number of questions asked him when he had concluded his address, many were interested. The fact that the biggest hospitals in Texas are backing this plan, as well as a majority of them, proves that it can be depended on to carry out their part of the contract to the letter, and people need not be afraid of it. The cost is nominal.

So far as local physicians know, Mr. Woods has not made appointment of a local solicitor and policy writer in Brownfield as this is being written.

Mr. Wood later informed us that Graham Smith had been chosen as local solicitor for group hospitalization. If interested, see him.

## Farmers Meeting Definitely Set For 17th

Prof. Tom Neely, instructor in vocational agriculture in the local schools, informed us this week that next Wednesday night, January 17 had been definitely set as the first meeting night of farmers of this area, at which time there will be little speechmaking and oratory, but organization the principal theme.

The farmers of this section, and especially those who have boys taking vocational agriculture are invited to attend and help out the program, but all farmers, whether their children attend Brownfield schools or not, are invited.

Mrs. T. E. Hobbs and Mrs. John Garner of Harmony were visitors here, Tuesday.

## Brownfield Banks in Darn Good Shape

Probably the heading of this article will not comply with the very best of social conversation, but to say the least it is impressive, and brings out the point we wish to emphasize. The resources, the liabilities, and the deposits are higher than they have ever been in the history of the city, but it seems that the cash and quickly available funds on December 31, 1937, were a bit higher than now after the biggest cotton crop in history, 57,000 bales.

But we have a grand statement from the two banks at the present, and something to really be proud of. We want you to read the statements of the two banks in next issue and ponder the fact that we have two great financial institutions in our midst, and that they are really trying to take care of the financial interests of the community. For instance you will note that the combined loans of the two banks are \$124,223.57 higher than a year ago, but they have the cash and resources to easily take care of that and more. Here 'tis for you to look over:

Combined resources \$1,787,124.29  
Last year ----- 1,478,177.63  
Gain ----- 308,946.66

Combined cash ----- 1,262,952.61  
Last year ----- 1,076,220.36  
Gain ----- 186,732.25

Combined deposits ----- 1,628,104.56  
Last year ----- 1,330,790.84  
Gain ----- 297,313.72

Combined loans ----- 488,667.77  
Last year ----- 364,444.20  
Increase over last year 124,223.57

## Those Dollars Rolling In This Week

Folks, here's a list of people, some of whom have been reading the Herald for twenty to thirty years, and they have never asked us to sell it for less than a dollar. If they did not think the Herald worth the money, many of them would say so, for they are just about as plain-spoken as ye editor:

W. H. Hill, T. I. Miller, J. A. Nelson, H. L. Holleman, H. N. Key, Annie Watkins, W. P. Forbes, J. W. Spear, W. R. Gandy, Walter Gracey, O. E. Pollock, T. C. Garner (2 years), W. R. Lanier, Era Moorehead, city and routes.

W. C. and S. W. Welcher, Wellman; Mrs. LeRoy McCravy, Plains; A. Y. Edwards, Tokio; W. E. Patton, Meadow; J. A. Forrester, Midland; J. R. Garrison, Rt. 1, Seagraves; J. C. Beasley, Meadow.

We appreciate the interest of these readers and expect a host of others this week end.

### CALLED MEETING OF CHAPTER AN COUNCIL

According to Jesse D. Cox, the Royal Arch Chapter and Council Masonic bodies had a called meeting last Thursday night, at which time three persons were initiated into these degrees.

Visitors were L. W. Dalby, Post, Grand visitor and several members from Tahoka.

## 3 Ropes Students Killed; Others Injured

One of the worst wrecks in this section, happened slightly after midnight Sunday morning, as some five Ropes young people started to Lubbock for the midnight show and had a head-on collision with a heavily loaded Seagraves truck, coming this way. The collision happened this side of Wolfthorpe some four miles.

Three persons were killed outright, their bodies being badly mutilated; Omega Murphy, 17; Beulah Katherine Lewis, 18; James Snyder, 19. The bodies were brought to the Brownfield Funeral Home where they lay in state until the triple funeral at Ropes. The caskets were not opened by request of the parents and in respect to the dead students, one of whom was decapitated, Roy Coiler stated, Tuesday morning.

Seriously injured were; Billy Gibson, 19, Ropes, concussions and compound fracture of right arm; Bob Warden, 20, of Lubbock. He had a broken neck and mild concussions. Both in Plains hospital, at Lubbock.

Johnny Ellis of Seagraves is in the Treadaway-Daniell hospital in this city suffering with cuts and bruises and severe shock. The writer saw where the wreck occurred early Sunday morning, and the pavement looked like a slaughter pen, with part of the pavement and shoulders torn up.

It was considered one of the worst collisions ever to happen in this country. So far as the Herald has learned, the blame for the accident has not been placed by the Highway Patrol.

## Harmony to Have a Country Store

Mrs. T. E. Hobbs and Mrs. T. C. Garner of the Harmony community were in this week to inform us that they would put on a real "Country Store" at the Harmony school house on Wednesday night the 17th, at which everyone will be cordially invited to come and have a night of real fun and entertainment.

Much of the stuff for the store has been donated by local merchants and people of the Harmony community, many of the articles, they stated, being worth two or three dollars. They have not decided whether to auction off the merchandise or just sell it over a counter.

Further entertainment will be provided the community and people from other communities when the Burleson Quartet, the Stephens Quartet, and the Campbell Quartet, visit that community, Friday night, the 19th for a program of good music. This entertainment will be free and every one invited and urged to come and hear some good singing.

## Building Permits \$154,309 For Last Year

Roy Herod, city secretary, informed us this week that the building permits for 1939 were \$154,309. In view of the fact that this represents dwellings almost exclusively, it is a pretty good showing at that.

No business buildings were constructed in 1939, a few only being remodeled but it is expected that some business houses as well as a number of other residences will be constructed in 1940, putting the permits much over that of last year.

### CARRIED TO AIRPORT IN AMBULANCE

R. E. Young of this county, who is very ill, was carried to the airport at Lubbock in a Brownfield Undertaking Co. ambulance Tuesday morning, where he took a plane for Eureka Springs, Ark.

He was accompanied by his wife and brother, Rev. Jess Young and it is hoped the waters and the change of climate may save the sick man.

Mr. and Mrs. J. M. Welborn attended the funeral of Mr. B. C. Rhone in Fort Worth, last Saturday.

## "DEAD END" KIDS IN THE ARMY NOW! !

AND IS THE NAVY HAPPY! Put 'em all together and there's plenty of excitement with the Dead End Kids "On Dress Parade" at the Rio, where they appear Tuesday and Wednesday and the army wishes they had never arrived.

- FOR DISTRICT ATTORNEY  
Burton G. Hackney
- FOR COUNTY JUDGE  
W. A. Tittle  
Jesse D. Cox
- FOR COUNTY ATTORNEY  
H. B. Virgil Crawford  
E. S. Hurt
- FOR SHERIFF  
C. D. (Ches) Gore, re-election.
- FOR ASSESSOR-COLLECTOR  
Sam C. White  
Jewell Bell  
Graham Smith  
G. M. (Mac) Thomason
- FOR COUNTY CLERK  
H. M. (Dube) Pycatt, re-election
- FOR DISTRICT CLERK  
Mrs. J. C. (Eldora A.) White, re-election.
- FOR COUNTY TREASURER  
Mrs. O. L. (Oscar) Jones, re-election.
- FOR COMMISSIONER PRE. 1  
T. D. (Tom) Warren, re-election
- FOR COMMISSIONER PRE. 3  
J. F. Malcolm, re-election.
- FOR COMMISSIONER PRE. 4  
W. B. Martin, re-election.
- FOR CONSTABLE PRE. 1  
Luther Jones

Manufacturing is soaring above anything it has done in years, but retail sales are reported just a bit above last year, but getting better. The seasonal let up, after the biggest holiday business in years is to be expected.

It is entirely too late for us to advise early Christmas shopping, but we will advise early payment of your poll tax. You know dog-gone good and well you want to vote this year, and you know you can't without a poll tax receipt, here in Texas.

The dean of law, Cambridge U., after exhaustive examinations and study, has decided that Harry Bridges is not a member of the Communist party, but just an every day, bell-weather radical. But sometimes just a radical is a dangerous person, and since Bridges is a resident of Australia and not the United States, we believe that the authorities would be in the bounds of reason to ask him to return home.

Some of us are inclined to think that the guy who has a pecan orchard is in hog heaven and only has to let nature take its course. But our brother down in old Johnson county has another idea. In 1938, his paper shelled trees produced some 3,000 pounds of fine nuts, but this past year, 1939, they produced 20 pounds. What was the matter? Local county agents and horticulturists didn't seem to know. But he said they just didn't have any blooms at blooming time. Our supposition is that they were winter killed.

The political year 1940 is starting off with a bang, despite the freezing weather. As the summer advances, we guess the old pot will begin to simmer and then boil. Anyway, we'll get more glad handshakes this year than for some time, accompanied by a big, broad smile, whether it be real or affected. But don't be too hard on the candidates for they are the salt of the earth. They'll buy your poor pies and sorry cakes for twice what they are worth. They'll tell you that your ugly brat is the best looking infant in kingdom come, and that your old lousy sow is the best thing in the pork family they have ever seen. But as

long as they spend \$10 per with us, we should worry what they tell you.

Elsewhere in this issue you may find an article that gives many reasons why it is great to be an American. But let us compare our fatalities during the holiday with the western war front. In the U. S. 1000 persons were killed in car wrecks and collisions during the holidays, and on the western front exactly (0) zero. Yet we brag about having no blackout. In the past three days, five lives have been snuffed out right here in our own vicinity. Isn't it time we begin to think some and do something about this killing of innocent and unarmed men, women and children?

We have had a great number of farmer friends call this week and sit by our fire and talk for a while, but none of them were bemoaning the weather. All expressed themselves that we had one of the prettiest and clearest falls we ever had here, giving them ample time to clear up their work and they had no mean words for the weatherman. Some people think the farmer the most unreasonable creature on earth, and is a person that expects more than anyone, but we have found that the majority of them are more reasonable in their expectations than the majority of other callings. There is less radicalism, bolshevikism, and communism in one hundred farmers than any like amount of people on earth. God bless the tillers of the soil.

The Chief family acknowledges with thanks a quart can of pure ribbon cane syrup as a Christmas gift from Leon Kinney of Marshall, Tex. The syrup was made at Lufkin in deep East Texas and the flavor is as fine as any we ever lapped our tongue over. Many, many thanks, Leon.—Miami Chief.

Did you have some good country butter and hot biscuits to go with your licks?

They had a special election up in the Knoxville district in eastern Tennessee a few days ago to elect a successor to a Democratic congressman who had died. John Jennings Jr., a Republican, was elected. We wonder if that has any nationwide significance. Republicans and moonshiners have always been strong up in the mountains of East Tennessee. The moonshiners are supposed to be Democrats but this election makes us wonder if they have turned Republican. That Knoxville country is where old Sam Houston grew up too, and where he became one of the chief lieutenants of Old Andy Jackson. Both Jackson and Houston were strong Democrats but both believed in a strong government at Washington and took no stock in "secession". Our friend Andy Jack Stricklin of the Terry County Herald also hails from East Tennessee and he's an Andy Jackson Democrat of the first water. So strong that we sometimes doubt if he ever heard of one Thomas Jefferson, who was a "states righter" from away back. —Tahoka News

Editor Eee Eye Hill is usually very accurate, but he made a bust on the above. We are a west Tennesseean by birth. The closest we ever were to east Tennessee was Nashville, and in all the years we have known the old Volunteer State those two east Tennessee districts have always elected Republicans.

**Editor Heads Finnish Relief Fund**

At the request of Ex-President Herbert Hoover, made to a large number of newspapers in the U. S., and relayed through Capt. J. F. Lucey, prominent Texas independent oil operator, The Herald will participate in the sponsorship of a nationwide move to raise funds for the relief of Finland. Mr. Hoover's request that A. J. Stricklin accept the local chairmanship was received here yesterday. Capt. Lucey was associated with Hoover in the Belgian Relief Drive in 1914 and advises that plans similar to the Belgian Relief Program will be used in raising funds for the present campaign.

The Herald will receive and acknowledge contributions from its readers and forward such contributions once each week to the Finnish Relief Headquarters for Texas, which Capt. Lucey has opened in the Baker Hotel, Dallas. Funds so secured from all over the state, will be forwarded from the state headquarters to the national headquarters of the Finnish Relief Fund in New York.

**HENRY CHISHOLM**

SPECIALS FOR FRIDAY-SATURDAY, JANUARY 12-13

**Raisins** 4 lb. Pkg. **28c**

—WE RESERVE RIGHT TO LIMIT QUANTITIES—

Those desiring to contribute through the Herald are requested to address their contributions to Finnish Relief Fund, care of The Herald, Brownfield. All contributions will be acknowledged in the columns of The Herald.

The first contribution of \$25.00 from the local Rotary Club, was sent in this week.

**The District Health Unit in Operation**

The Herald is glad to state that the District Health Unit, with headquarters here, is now in operation, but of course as the officials and staff get more used to their territory, the machinery of the organization will work more smoothly. Brownfield is proud to be designated as headquarters of the five county unit, composed of Terry, Lynn, Dawson, Gaines and Yoakum counties. The district headquarters are in the southwest part of the courthouse on the ground floor, formerly occupied by the highway department.

The staff consists of Dr. W. S. Brumage, Director; Mr. William E. Roberts, Sanitary Engineer; Miss Marguerite Cunningham will be the nurse for Terry county; and Miss Evelyn Henson will be the chief clerk of the district. There will be three other nurses, located at Tahoka, Lamesa, and Seminole.

A definite program has not yet been outlined, but will consist of health education, control of communicable diseases, improvement of school hygiene and improvement of sanitary conditions. The members of the staff will be available at any time to discuss with the members of Terry county the health problems.

**Two Killed in Level-land Car Collision**

One victim of a Monday night accident on the outskirts of Level-land remained in serious condition this morning and funeral arrangements for two were pending.

Clarence Wooten, about 30, and his 6-year-old daughter, Faye were fatally injured in the collision.

Glenn Jackson, 23, employee of Motor Fuels Corporation in Level-land, remained unconscious this morning in the Phillips Dupre hospital. He suffered fracture of the right knee and probable concussion. He remained in state of shock today.

Wooten was driving north on an unpaved road and Jackson was going west on highway 24 when the accident happened on the north edge of the town about 6:30.

**Notice to Parents**

A number of smaller boys that have airguns and slingshots have been shooting out the street light globes, and this must be stopped. Some weeks we have had as much as about thirty (30) per cent of our street light bulbs broken. All parents of boys having airguns are requested to admonish their children about shooting light bulbs. If it is not stopped we will have to arrest all offenders and prosecute them for malicious destruction of property, and our city officers are so instructed.

By order CITY COUNCIL 24c

**Notice to Car Drivers**

Notice is hereby given to all drivers of automobiles and trucks in the City of Brownfield that the city ordinance speed limit is twenty-five (25) miles per hour within the city limits. A number of our citizens, men, women, boys and girls, have been disregarding this

speed limit ordinance and traffic lights which have caused wrecks, more or less serious, endangering life and property, and it must be stopped. All city officers have been instructed to enforce this ordinance to the strict letter of the law and to arrest all violators, and if they are unable to arrest them at the time of the violation to get the car number and bring them in later. All cars and trucks are obliged to stop on streets intersecting highways.

By order CITY COUNCIL 24c

**SHERIFF'S SALE**

THE STATE OF TEXAS, }  
COUNTY OF TERRY }

NOTICE IS HEREBY GIVEN That by virtue of a certain execution and Order of Sale issued out of the Honorable Justice Court of Precinct No. 1 Terry County, on the 4th day of January 1940, by J. W. Oliver, Justice of the Peace of said Precinct No. 1 for the sum of One Hundred Twenty Three & 90-100 Dollars and costs of suit, under a judgement in favor of J. M. Welborn in a certain cause in said Court, No. 840 and styled J. M. Welborn vs. M. C. Coleman and Francis Coleman, placed in my hands for service, I, J. D. Stafford, Constable of Precinct No. 1 Terry County, Texas, did, on the 4th day of January 1940, levy on certain Real Estate, situated in Terry County, Texas, described as follows, to-wit: Beginning at the N. W. Corner of the W. R. Bridges 100 acre tract in Section No. 112 Block T, Terry County, Texas, thence south, following the west line of said tract, 114 Yards; Thence East 48 Yards, for the place of beginning;

Thence South 12 1/2 yards, thence west 16 yards; thence south 11 yards; thence east 214 yards; thence north 23 1/2 yards; thence

west 198 yards to the place of beginning, and levied upon as the property of M. C. Coleman and Francis Coleman and that on the first Tuesday in February 1940, the same being the 6th day of said month, at the Court House door of Terry County, in the City of Brownfield, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said execution and order of sale I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said M. C. Coleman and Francis Coleman.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Terry County Herald, newspaper published in Terry County.

Witness my hand, this 4th day of January, 1940.  
J. D. Stafford  
Constable Precinct No. 1  
Terry County, Texas 25c

**Notice**

TO THE OWNERS OF THE PROPERTY ABUTTING UPON THE HEREINAFTER MENTIONED PORTIONS OF STREETS, AND TO ALL OTHERS AFFECTED:

The City Council of the City of Brownfield has heretofore ordered that the following portions of streets in the City of Brownfield, Terry County, Texas, be improved by raising, grading and filling and paving and by installing concrete curbs and gutters on Unit Six and otherwise, to-wit:

Second street North from North side of Bohanan Addition to Story Street.

Hill Street from center of Blk. 8, East Add. to B. Street.

Tate Street from C. Street to D Street.

Fifth Street from Broadway South to Buckley Street.

Lake Street from 5th. Street East to Second Street.

Second Street from Main Street South to Cardwell Street.

Eighth Street from Main South to the South Lines of Blocks 64 and 65, O. T. of Brownfield.

First Street Curb and Gutter from Tahoka Highway to South line of Block 86, O. T. of Brownfield, and arrangements for the making and construction of such improvement with pavement with concrete curb and gutter, Caliche crushed rock and hot top has been made and entered into by the City of Brownfield and Rolls or statements showing the proposed amounts to be assessed against abutting property and the owners thereof have been filed with the City, such Rolls or Statements showing other matters and things, and have been approved, and the City Council of the City of Brownfield has fixed a time and place for hearing to the owners of property abutting upon said portions of streets and to all others affected, at which hearing amounts to be assessed against the respective parcels and abutting property and the owners thereof for improvements in the units upon which the particular parcels of property abut the amount of benefits to the respective parcels of property by means of said improvements in the unit upon which the particular property abuts, the regularity of the proceedings with reference to said improvements, the apportionment of the costs of such improvements and other matters and things will be determined, and after such hearing assessments by Ordinance will be made and levied, and such hearing will be had and held by and before the City Council of the City of Brownfield, Texas, in the regular Council meeting room, in the City Hall, in the City of Brownfield, Terry County, Texas, on the 24th day of January, 1940 at 10 o'clock a. m.

The Rolls or Statements showing the proposed amounts of such assessments are on file in the office of the City Secretary of the City of Brownfield and copies thereof in the offices of the City Engineer and open to inspection of any interested party at any time, and of all said matters and things all such owners of property, as well as any and others in any wise affected or interested, will take due notice.

Done by order of the City Council of the City of Brownfield on this the 11th day of December, 1939.

Roy M. Herod  
City Secretary of City of Brownfield, Texas 25c

## District Health Unit Is In Courthouse

For the past week we have been very busy about the court house, making room for the District Health Unit, which has been moving in and setting up their office to take care of Dawson, Gaines, Lynn, Terry and Yoakum counties. It is proposed under this program that there will be a special trained Doctor as head of the work throughout the district, a Sanitarian who will inspect the way milk is prepared for market and check up on the slaughter of beef and hogs which come to our tables for food and numerous other sanitary matters; a nurse each for the counties of Dawson, Lynn and Terry and a nurse for Gaines and Yoakum counties.

This health district has been made possible by the cooperation of the counties above named working together with the state and federal government. It will cost about \$19,000.00 to operate per year of which \$6,000.00 will be paid by the local units of government. In our county it is proposed that the City of Brownfield pay \$750.00 and the county \$750.00 per year. This arrangement seems to be also followed up in Dawson and Lynn counties or in some cases the independent school districts are helping the share a part of the expense.

It would be impossible for me to give you a full account of the workings of the Health unit and of the good we may expect from it in the years ahead but as the doctor, nurse and sanitarian once get the matter of public health in hand throughout this district, we will in some measure begin to realize the benefits that are ours as we become successful in preventing sickness and disease instead of having to receive treatment for sickness and disease.

Some weeks ago it was my pleasure, in company with Lee Fulton our County Superintendent, to visit the county health unit of Nolan County. This unit has been operating for a number of years. It being first established by the county and city of Sweetwater, with a special grant by the Rockefeller Foundation and now supported by the City of Sweetwater, Nolan County and the Federal Government. An accurate record is kept of each child in the county as to the various serum given with dates of each, of inoculations given, condition of eyes and teeth, each child having been tested for tuberculosis and other public health matters. With the adults of the county, social diseases are treated in some cases as recommended by the medical society of that county and in all cases health certificates are issued by the Doctor of the health unit to all who handle food in any manner. In talking to the average citizen on the street, it seemed to me that they thought more of this unit of public service than any other part of their city or county government. The doctor has just completed his record of a certain part of his work for the year as touching health certificates and your attention is hereby called to the report. The conditions found in this West Texas city is perhaps in line with that in all of our cities of like size.

It is hoped that this Health Unit will have the full cooperation of the citizenship of all these counties involved and the help of the very fine staff of doctors and nurses in this Medical Society district. Some of the hospitals may have equipment they could share with the doctor for a time which would aid in getting off to a good start.

It will take perhaps a few years to build up this district health unit to the place of that occupied by the one herein referred to but it is not too much to expect. The doctor, sanitarian and staff of nurses are now on hand and will be working throughout the district from this time on. May we expect each to join with them in an effort to make our cities and farms a more healthful place in which to live. raymond Simms

**NOTE**—Dr. W. S. Brumage will be the doctor in charge of the District health Unit. He has recently completed a post graduate course at the Vanderbilt University school of medicine. Miss Margaret Cunningham of Fort Worth arrived last week as supervisor of nurses for the five counties. Miss Evelyn Henson will be clerk and secretary for the unit. William E. Roberts is the sanitarian.

Tabulation of the number of cases of disease found in the examination of food handlers and

### TERRYS HAVE LEASED ALGERITA HOTEL

Mr. and Mrs. W. W. Terry, hotel and cafe people of this city, have leased the Algerita Hotel at Post, which is being done over from top to bottom by the owners, who are spending much money in the remodeling and redecorating.

Mr. Terry stated that they would remain residents of Brownfield, but that he expected to be in Post two or three days a week, and Mrs. Terry one or two days, to supervise things and get their help started.

Mayor Clyde C. Coleman made a business trip to Odessa, Tuesday.

L. F. Hudgens of Lubbock, visited his daughter, Mrs. Kyle Graves, Sunday.

### DID J. F. MALCOLM A DIRTY JOB LAST WEEK

As long as we have known J. F. Malcolm of Commissioner's Precinct No. 3, we made his announcement "Malcolm" last week instead of "Malcolm", leaving out the last "L" in his name. But so far, J. F. has made no complaint.

Fact is, some others in the shop read the proof last week that contained his announcement. Believe we would have caught it. Anyway, bet there were few people in his precinct that did not know who it was and perhaps a lot didn't notice the incorrect spelling.

Mrs. Bill Eubanks is in the Lubbock Sanitarium for treatment. She is reported doing nicely.

Mrs. Ray Brownfield, Mrs. Bit Copeland and Mrs. W. B. Tudor were Lubbock visitors, Monday.

### J. W. MANN GIVEN LIFE SENTENCE IN MORTON MURDER CASE

After several hours of deliberation a 72nd district court jury at Morton found J. W. Mann guilty of murdering Deputy Sheriff D. T. Smith of Morton and sentenced him to 99 years in the penitentiary.

Judge Daniel A. Blair presented the charge to the jury late Thursday morning and the jury returned the case late Thursday.

The State had asked for the death penalty.

Homer Craig has been confined to his home, suffering from chicken pox.

Mrs. E. A. Key of Clovis, visited her father, A. P. Moore here this week.

household servants from December 9, 1938 through November 17, 1939, was made this week by Dr. George A. Gray, director, Sweetwater-Nolan County Health Unit. The list follows: Syphilis, 103 cases; gonorrhoea, 16 cases; diptheria carriers, three cases; trench mouth, 34 cases; tuberculosis, two cases; Amebis dysentery, one case; and Flexner dysentery, one case. No cases found on second examination have been included in this list unless they escaped notice at the first examination, stated Dr. Gray.

Every possible effort has been made to get these cases treated so that they will not menace the public health in the future. The cooperation of all concerned, including the most of those so infected, in the proper carrying on of this good work, is gratefully acknowledged, concluded Dr. Gray.

### NAVAL OFFICERS TO TOUR SOUTH

According to information released by the Navy Department a Board of Naval Officers from the Naval Air Station, Pensacola, Florida, will tour the Southern States starting in February, for the purpose of examining and selecting candidates for Naval Aviation training. This Board is headed by Lieutenant A. Laverents, wartime aviator, with long experience in training and selecting aviation students. He is accompanied by Lieutenant Commander W. W. Davies, a foremost authority on aviation medicine, who conducts the physical examinations.

Successful candidates will be sent to Miami, Florida, for one month's preliminary training, after which they report to Pensacola for the prescribed Naval Aviation course. Upon graduation, these students are commissioned as officers in the Naval Reserve and sent to active duty with the aviation squadrons of the U. S. Navy. Accepted students will receive full pay of their rank and travel expenses.

To be eligible for this training, candidates must meet the following requirements:  
 Be American citizens between the ages of 20 and 27.  
 Be unmarried.  
 Be at least 5 feet, 6 inches tall, and weigh between 132 and 200 pounds.  
 Be in sound physical condition. Have at least two full years of college education.  
 Due to the immediate expansion of Naval Aviation, Lieutenant Laverents states that all candidates who can meet the requirements have an excellent chance of being ordered to this duty. He

strongly urges any one interested in this aviation opportunity to write to the Senior Member, Naval Reserve Flight Selection Board, at the U. S. Naval Air Station, Pensacola, Florida.

R. W. O'Neal of Morton, visited his sons, Cecil O'Neal and Ansel O'Neal and their families this week.

Mr. and Mrs. W. E. Fields and son of Avoca and Mrs. Melvin Ray of Odessa visited in the home of Mr. and Mrs. Ray Swindle over the week end.

### TRAP 264 ANTELOPE

Antelope trapping in round-ups staged by the Texas Game Department near Sterling City are faring well in the more than 20 localities in which they were transplanted, according to reports to the executive secretary of the Department.

Should the majority of 264 antelope trapped without a loss through injury of less than 3 per cent continue to thrive it will not be many seasons until Texas can have a limited open on the fleet animals, the executive secretary said.

## PASTOR IRENE LEE TO BE HOME SUNDAY

Members of the Four Square Gospel Church informed us this week that their pastor, Miss Irene Lee, will be home Sunday from Los Angeles, and will start a revival at that time.

She will be accompanied by Mr. and Mrs. Warren Johnson, who presumably will assist her in the revival.

## SHOWER GIVEN FOR MRS. HOMER NEWMAN

The West Ward School Faculty honored Mrs. Homer Newman, the former Miss Wynona Burnett, with a miscellaneous shower at the home of Mrs. Emmitt Smith from 3:00-5:30 p. m. Saturday.

Orchid and white sweet peas and pink candles formed a center piece for the lace covered table. Beautiful bouquets of snapdragons and roses were placed in the living room.

The hostess presided at the tea service. Refreshments of sandwiches, butter cookies, spiced tea and mints were served to the many guests.

## RECENT BRIDE HONORED

On Wednesday afternoon of last week, Mmes. Wayne Brown, W. L. Mandy and A. Flache, honored Mrs. Jack Omer, recent bride, with a miscellaneous shower and a come-and-go tea, at the Brown home.

Mrs. Omer was Miss Lurline Broun before her marriage in November. Miss Laverne Mullins presided at the tea table.

Refreshments of cakes, spiced tea and mints were served to the thirty guests.

## MRS. PAUL LAWLIS ENTERTAINS I-DEAL CLUB

Mrs. Paul F. Lawlis was hostess to members of the I-Deal Club Wednesday afternoon at her home. Mrs. Tom Anderson received a Roseville pottery vase for high score and Mrs. E. G. Akers two guest towels for second high.

The traveling prize, a box of candy, went to Mrs. W. R. McDuffie.

Refreshments of chicken salad, hot rolls, potato chips, individual cheery pies and coffee were served.

Guests were Mmes. E. G. Akers, Lee O. Allen, Clyde Cave, James H. Dallas, Roy Herod, J. J. McGowan, W. R. McDuffie, R. R. Taylor, T. L. Treadaway, A. A. Sawyer, R. L. Bowers, Tom Anderson, R. N. McClain, G. L. Daugherty, Ray Christopher and L. Nicholson.

## DINNER PARTY

Mr. and Mrs. Jim Graves entertained Wednesday evening with a dinner, when they had as their guests Messrs. and Mesdames W. R. McDuffie, Spencer Kendrick, Clovis Kendrick, A. D. Repp, Wilson Collins, Lee O. Allen, Orb Stice, J. J. McGowan and Everett Latham. Following the dinner, table games were enjoyed.

Mr. and Mrs. O. W. Stice attended business matters here Tuesday and visited Mr. and Mrs. Orb Stice.

## CIRCLE MEETS

The Lois Glass Circle met Monday afternoon with Mrs. Nathan Evans. Mrs. Auburg taught the lesson, "Things We Should Know" in our missionary work. Refreshments were served to Mmes. Auburg, Wayne Mullins, Gladys Green, Wayne Tipton, Ted Hardy, Ray Swindle, Ora Belle Arnett, Weldon Moore, Virgil Crawford, Jack Omer, and the hostess, Mrs. Nathan Evans.

Mr. and Mrs. V. L. Patterson spent Sunday in Roscoe, visiting her mother.

## EVANS-MOORE NUPTIALS

Miss Irene Evans and Kenneth Moore were united in marriage, Wednesday 3:30, at 10:30 p. m. at the Baptist parsonage, with Rev. Avery Rogers officiating. The bride wore a black crepe dress, bustle back. Her accessories were American beauty and blue. The bride is the daughter of Mr. and Mrs. Carl Evans of Colorado City and was a former student of Brownfield high school.

Mr. Moore is the son of Mr. and Mrs. Charlie Moore, 1108 E. Broadway and is a graduate of Brownfield high school.

The bridegroom is associated with his father in the contracting and building business.

## FAREWELL TEA GIVEN FOR MISS MAIZE

Misses Jewel Edwards, Eleanor Gillham and LaVerne Collier entertained Friday afternoon with a tea at the Collier home, to honor Miss Lucille Maize who has resigned her position in the Brownfield schools to accept a similar post at Borger. Miss Elizabeth Smith presided at the guest book. Miss Beth Hamilton presided at the lace covered table which had for its centerpiece a pink crystal bowl of stock and yellow candles in pink holders. A lovely shower of gifts were presented the honoree.

Miss Maize, one of the most capable and popular teachers, has taught here for the past four and half years.

## MRS. EARL ANTHONY ENTERTAINS BUEN AMIGAS CLUB MEMBERS

A meeting of the Buen Amigas club was held Thursday afternoon at the home of Mrs. Crede Gore when her sister, Mrs. Earl Anthony was hostess. Mrs. Clovis Kendrick scored high and Mrs. L. M. Wingerd second high. Both were given gifts of pillow cases.

Refreshments of mock chicken legs, hot biscuits, congealed salad, nut covered fig bars and coffee were served. Other guests were Mmes. Jim Graves, Wilson Collins, Tom Anderson, R. N. McLain, W. R. McDuffie, Jack Stricklin Jr., J. M. Welborn, Orb Stice, Troy Noel, R. L. Bowers, Grady Terry and Vance Glover.

## ACE-HI CLUB MEETS WITH MRS. GRAVES

Mrs. Jim Graves entertained members of the Ace-Hi Club Friday afternoon at her home.

A pottery vase was given Mrs. J. R. Turner for high score and Mrs. E. G. Akers received stationery for second high. Table cuts went to Mmes. W. R. McDuffie, L. Nicholson, Ray Christopher and R. M. Kendrick.

Refreshments of creamed tuna on toast, radishes, potato chips, date pudding and coffee were served. Other guests were Mmes. Clyde Cave, J. J. McGowan, James H. Dallas, Roy Herod, G. L. Daugherty, A. A. Sawyer, H. F. Heath, R. B. Parish, Ned Self, Mon Telford and Clovis Kendrick.

J. B. King and son Don, of Lubbock, were business visitors in Monohans last week.

Mr. and Mrs. G. Z. Sherman and Mr. and Mrs. Gay Price spent Sunday visiting Mr. and Mrs. Murphy Luna, near Plains.

## MRS. JIM GRAVES ENTERTAINS BUEN AMIGAS CLUB

Mrs. Jim Graves entertained the members of the Buen Amigas club and several guests Wednesday morning with a breakfast. Mrs. W. R. McDuffie scored high and was given Old Spice perfume. Mrs. Orb Stice was given Coty perfume for second high and Mrs. Clovis Kendrick was given Old Spice perfume for high score in a bingo game. Mrs. Jack Bailey received Coty perfume for cut prize. Other guests were Mmes. Spencer Kendrick, Wilson Collins, R. R. Taylor, Earl Anthony, J. M. Welborn, Lee O. Allen and Troy Noel.

## DR. AND MRS. McILROY ENTERTAIN WITH "42" PARTY

Dr. and Mrs. T. H. McIlroy entertained Monday evening with a "42" party. B. Stice scored high for men and Mrs. Stice scored high for the ladies. Refreshments of sandwiches, potato chips, olives, coconut cake and coffee were served. The guest list included Messrs. and Mmes. B. Stice, B. S. Morse, Charles A. Winn, Buck Address, Bill Aschenbeck, and Ernest Alexander and Miss Mary Hancock.

## MRS. W. A. BYNUM HOSTESS TO CEN-TEX HARMONY CLUB

The members of the Cen-Tex Harmony club enjoyed a very instructive meeting in the home of Mrs. Arnett Bynum, Tuesday afternoon, January 9, with the president, Mrs. W. H. Dallas presiding.

Officers nominated for the club year 1940-41, to begin serving the first of May, were: President, Mrs. E. D. Jones; Vice Pres., Mrs. J. M. Teague; Recording Secretary, Mrs. W. A. Bynum; Corresponding Secretary, Miss Viola Brown; Treasurer, Mrs. L. Nicholson; Parliamentarian, Mrs. John R. Turner; Choral Director, Mrs. W. H. Dallas; Publicity, Mrs. A. J. Stricklin; Historian and Special Collector, Mrs. Joe Price.

The following program on Chamber Music was given: Voice, "My Mother Bids Me Bind My Hair"; Hayden, Donna Huff, Piano Duet, "Sonata in A Major"; Mozart, Mesdames Herod and Turner; "Who Is Sylvia"; Schubert, Mrs. Lindsey Bruce; "The Lotus Flower"; Schumann, Mrs. W. H. Dallas.

The next meeting will be with Mrs. A. J. Stricklin on January 23 and the lesson will be on Beethoven and Brahms.

Present were: Misses Viola Brown, Dunn, Maudie Jo Fields, and Mmes. C. T. Edwards, Roy Herod, John R. Turner, Bruce, A. J. Stricklin, Money Price, L. Nicholson, R. B. Parish, J. M. Teague, Ellison Carson and Mrs. W. H. Dallas.

## ASSEMBLY OF GOD CHURCH E. L. DORRIS, Pastor

This will invite you to our regular weekly services. Sunday School 10 a. m. Young People's Services Wednesday night, 7:30. Sunday night, 7:30.

My friends, you who are not saved (born again, John 3:3) it is time you should awake to the fact that we are about to wind up this age. Timothy 3:2. Parents, where are your children? It is time you were knowing. Ecclesiastes, 12:1.

## BAPTIST CHURCH

A good many new faces in the audience here last Sunday and we hope if you are a new citizen of the community that you will receive a personal and cordial invitation to attend church from some of your neighbors and no doubt you will be cordially welcomed in any of our churches if you do not hold yourself aloof.

Our attendance is not up to average because many stay away if it is cold or disagreeable weather, but they all seem to be able to be ready for business and school Monday morning. Three were received into the fellowship of the church last Sunday.

Resolutions are being made to invite all the people to study the Bible with us and less than five hundred present will be a disappointment as soon as we can get into the new building and we have room for them at present in the school building.

Work on the church is progressing as fast as the weather permits.

There are a great many people who consider the church a great necessity in the community who never use it except on rare occasions and are always willing for other people to support it without their aid, forgetting that it requires substantial support by its membership if it shall be respected in the community.

The W. M. U. will meet in circles next Monday for their industrial evening, places not known by the writer.

The men's Downtown Bible class taught each Sunday morning by the pastor could be enjoyed by many not attending. The men greatly appreciate the use of the Rialto for this purpose as it is a handy and comfortable place to meet regardless of the weather, and they are always on hand.

If you are a stranger among us and have been of service as a worker in other fields make it known to us as we need workers in the church life and have a place for you.

Church Reporter

Sunday School 10:00  
James H. Dallas, Superintendent  
Morning Worship 11:00

J. T. Bowman was a Lubbock visitor Sunday.

Mrs. T. A. Proctor and son-in-law, B. D. Rowe of near Tokio, were shopping here Tuesday.

Mrs. Clarence Byers of Seagraves, was the guest of Mr. and Mrs. Madison Weaver, Sunday.

## JUNIOR MAIDS AND MATRONS MEET WITH MRS. C. C. PRIMM

The Junior Maids and Matrons met Tuesday afternoon at the home of Mrs. C. C. Primm. After the reading of the minutes by the secretary, Mrs. Cates was elected first Vice President. Three new members were voted into the club they were Mmes. Arlie Lowrimore Paul Jones and Miss Mabel Whitney. After roll call the members enjoyed the following program.

Biography of Loyd C. Douglas by Mrs. P. R. Cates. Historical and Geography of Dr. Hudson's Secret Journal, by Mrs. Grady Goodpasture. Mrs. Elmo McCook reviewed the book, Dr. Hudson's Secret Journal.

At the conclusion of the meeting the hostess served refreshments of fruit cake topped with whipped cream and coffee. The next meeting will be January 23, at the home of Miss Virginia May.

There 159 marriages, 235 births, 27 divorces and 58 deaths in Terry county for the year of 1938, we learned this week by checking the courthouse records.

## NORTHSIDE BAPTIST CHURCH

Were you in Sunday School and Church last Sunday?

This church and pastor desires to do its part, working together with other Christian forces rather than against them, toward the Spiritual uplift of Brownfield, and we urge that everyone be regular in their attendance to the church of their membership or choice, and thereby more loyal in service to the Christ who saved you.

And if you are not regularly attending a Sunday School and church, then we are sure that both you and your children will be pleased and helped by worshipping and studying with us next Sunday. And you will also find that you cannot depart without a warm handshake and a word of welcome.

Next Lord's Day, at ten o'clock, all classes study Matthew 15 on "The Commandments of God vs. The Traditions of Men". The pastor, Evangelist Jno. R. Denning, will preach at both services.

At 11:00 a. m., the subject is: "The House of God—A Spiritual Habitation".

At 7:00 p. m. he will use as his sermon text, "What—Could Ye Not Watch With Me One Hour?" We shall be so happy to have you with us. Come and see.

## SOCIETY EDITOR'S VERSION OF THE FIRE

A brilliant fire was held at high noon today at the home of Mr. and Mrs. Smith, No. 376 Dast St., says a writer in Behemian. A large number of persons were in attendance. Mrs. Smith made a charming escape in one of the season's latest kimonas. It was of pure China silk, with a pretty flower effect, ankle length and gored in the back. It can be made with slight expense and is very pretty. The Smiths had a lovely home, and it is too bad that it was burned so badly. The weather was delightful for an affair of the kind. The efforts of a big man with a horn was a pleasing feature. Mr. Smith was not present. He is in New York City, as was mentioned in our coming-and-going column today. There was lots of excitement. After a while the fire was put out. Because of the fire, Mrs. Jones of No. 734 Dash Street opened her house to Mrs. Smith and her two children, one a bright little boy of eight and the other a lovely girl of five. The expression was heard upon all sides that it was a most successful event. Somebody said that the affair would cost \$2,000.—Exchange.

County Supt. Lee Fulton attended a banquet and meeting of the Supervisory District, No. 2, County School Superintendents at the Mexican Inn in Lubbock, Monday night. Twelve counties out of the sixteen belonging to the organization were represented.

## Hospital Notes

Lewis Weldon Northam, age 5 years, underwent an appendicitis operation Saturday. His home is in Ropes.

A. L. Andrews underwent minor surgery Wednesday morning.

Mr. and Mrs. Virgil Phillips announce the arrival of a daughter, weight 7 pounds, 10 oz. The father is a Magnolia Co. employee.

A Mexican woman died Tuesday from insufficient nourishment and perhaps tuberculosis, according to local physicians. She was to be buried here Wednesday afternoon.

## School Lunch Room a Success

Mrs. Frank Wier reports that the school lunch room project was well supported Monday, the opening day. Two hundred and fifteen children were served.

Monday's menu consisted of creamed potatoes, blackeyed peas, cole slaw, bread, cookies and hot chocolate. A Well balance meal will be served daily.

## Mr. and Mrs. J. J. Whitley have returned from a visit in San Bernardino, California.

Mrs. Joe Bailey Whitley and Mr. and Mrs. Jack Parnell of San Bernardino returned with them for a visit with relatives here.

## NEW YEAR'S RESOLUTION

With the advent of 1940, the Texas Tuberculosis Association urges this resolution for the New Year: "I will look up my Christmas Seals and send my contribution."

"There are a number of Seals unaccounted for," H. A. Wroe, Treasurer of the Association said. "A complete list is kept of every name to which Christmas Seals are mailed and of the number sent. In this way the Association is able to account for every Seal."

"Before we can complete our records, we must account for every seal mailed out. We know that a number of seals are probably mislaid and have been forgotten in the Christmas rush. We urge those who can make a contribution for anti-tuberculosis work to do so at once. Those who cannot afford to keep their seals are asked to help the Association complete its work by returning the seals sent to them."

"The Texas Tuberculosis Association has important work to be done this year and every cent we can afford is needed so that our program will not be at a still."

Mr. and Mrs. Ralph Carter were Seminole visitors Sunday.

**The Fashion Frock Of The Week**

**A VERY FLATTERING STYLE as worn in Hollywood by JUNE LANG**  
Charming Screen Actress

Worn in Hollywood and decreed by Paris is just about the last word in style. When these two fashion centers combine forces and agree, there just isn't anything further to add. Such is the story behind this week's fashion. The highlight feature of this smart dress are the gores. There are sixteen gores that sweep down the lovely trim skirt. A self collar encircles the throat. Four large fabric covered buttons in a contrasting shade go down the bodice, with one on each side of the bodice pockets. Fullness from bands of yoke gatherings flow to the waist, where it is caught up again. A self belt fastens around fabric covered rings matched to the buttons. This is the kind of a dress that makes up well in an inexpensive fabric. Miss Lang wears hers of Spun Rayon Acetate in rose with violet trim.

As worn by June Lang

### MORE DEER KILLED

AUSTIN, January 12.—Despite the unseasonably hot weather which prevailed during most of the hunting season, more deer were killed in Texas during 1939 than in 1938, early reports to the executive secretary of the Texas Game, Fish and Oyster Commission indicate. However, the kill will not reach the estimate of

45,000 made by the Game Department prior to the opening of the season, but probably will be approximately 40,000.

Hunting was slow during the early weeks of the season, the deer staying deep in the brush during the hot days. However, the cold wave which marked the closing week of the season brought on the best hunting Texas has known in many seasons and highways leading from the counties with heavy populations of deer were filled with motor cars bearing one or two bucks.

Every early report to the executive secretary from game wardens and game managers show their checks on the deer kill indicate as many bucks brought down his year as last and many of the reports show an increase in the kill.

## Behind the Scenes in American Business

By John Craddock

New York, Jan. 1.—LOOKING BOTH WAYS—This first month of our year is named January after Janus, an ancient Roman god who, as deity over gates and doors, was represented with two opposite faces. So at the new year it's quite in order to look both backward and forward, a practice that has become traditional with business and industrial leaders who at this season sum up the old and forecast for the new years.

Throughout the year this column endeavors to interpret the business news trends, week by week, month by month, as they may be expected to effect prospects of the butcher and baker, the dry goods merchant, the furniture men, the farmer, the auto salesman and other units of the economic life of the American community. But since the prosperity of all these is indisputably governed by the outlook for the major industries—the economic laws regarding buying power being what they are—let us summarize some of the year end statements of leaders in key industries.

STEEL—Walter S. Tower, Executive Secretary, American Iron and Steel Institute:

"During the closing months of 1939 the production of steel in the United States rose to new heights for all time. For the year as a whole the output is estimated at 46,800,000 gross tons, compared with 28,200,000 in 1938 and 550,318,000 gross tons in 1937 . . . While the average rate of operations for the first two quarters was little better than 50 per cent of capacity, it rose to 62.2 in the third quarter and to an estimated 91.2 per cent . . . The war exerted only an indirect influence on the expansion of steel production . . . Two specific causes of rise was great volume of automobile production in the last quarter, and the unexpectedly large demand from railroads . . . No evidence has appeared that inventories of steel are being increased beyond reasonable levels relative to current uses . . ."

CHEMICALS—Langbourne M. Williams, Jr., president, Freeport Sulphur Company:

"For the new year there are indications that chemistry's impressive showing of 1939 will be surpassed. It is estimated that expenditures for new plants and plant extensions in the chemical industry will total over \$100,000,000 in 1940, a 100 per cent increase over 1938.

## Check Exhaust System For Monoxide Poison

To minimize the danger of carbon monoxide poisoning during winter weather, motorists are urged by Dr. George W. Cox, State Health Officer, to check up now on the exhaust systems of their automobiles for defective connections and leaks.

Cold weather, which necessitates driving in closed cars, is the time of the year when carbon monoxide finds most of its victims. The poison seeps inside the car from leaky connections and overwhelms occupants of the car.

Carbon monoxide is colorless, odorless, and tasteless; when in the air, it gives no sign of its presence and is taken into the blood instead of oxygen. Suffering or collapse results from lack of oxygen.

## AN AMERICAN

He is an American.

He hears an airplane overhead, and if he looks up at all does so in curiosity, neither in fear nor in the hope of seeing a protector.

His wife goes marketing and her purchases are limited to her needs, her tastes, her budget, but not by decree.

He comes home of an evening, through streets which are well-lighted, not dimly in blue.

He reads his newspaper and knows that what it says is not concocted by a bureau, but an honest, untrammelled effort to present the truth.

He has never had a gas mask on.

He has never been in a bomb-proof shelter.

His military training, an R. O. T. C. course in college, he took because it excused him from the gym course.

He belongs to such fraternal organizations and clubs as he wishes.

He converses with friends, even with chance acquaintances, expressing freely his opinion on any subject, without fear.

He does not expect his mail to be opened between posting and receipt, nor his telephone to be tapped.

He changes his place of dwelling and does not report so doing to the police.

He carries an identification card only in case he should be the victim of a traffic accident.

He thinks of his neighbors across international borders—of those to the north as though they were across a state line, rather than as foreigners—of those to the south more as strangers since they speak a language different from his and with the knowledge that there are now matters of difference between his government and theirs, but of neither with an expectancy of war.

He worships God in the fashion of his choice, not with let.

His children are with him in his home, neither removed to a place of greater safety, if young, nor, if older, ordered ready to serve the state with sacrifice of limb or life.

He has his problems, his troubles, has uncertainties, but all others are not overshadowed by the imminence of battle and sudden death.

He is a fortunate man.  
He is an American.  
—New York Sun.

Dr. Cox pointed out that warming up a car in a closed garage is a frequent cause of carbon monoxide deaths. It follows that if one plans to run the automobile engine for any purpose inside the garage, the door should be thrown wide open immediately, and this irrespective of outside temperature.

Leaks from manifold connections, cracked manifolds, defective mufflers, leaks from loose muffler connections and leaks from hot air motor connections are potential sources for release of carbon monoxide and should be checked. Pay particular attention to these items and remember that proper carburetor adjustments causes minimum production of carbon monoxide, and that the highest proportion of the gas is produced by an idling motor.

Dr. Cox pointed out that headaches which occur during long drives may indicate that carbon monoxide has been leaking into the air. Sleeplessness, dizziness, fatigue, and extreme cases of paralysis are other symptoms of carbon monoxide poisoning. "Truck drivers making long drives in cars with defective exhaust systems are particularly vulnerable," he said.

OIL

Leasing and Exploration or Oil and Gas Production

## A Year 'Round Cash Crop for Every Section of Texas

Twenty years ago only 30 counties in Texas produced oil. TODAY OIL AND GAS ARE PRODUCED IN 147 COUNTIES! Ninety-eight additional counties are receiving the benefits of leasing and exploration activities.

Thus in 245 of Texas' 254 counties, business, government, tax collector, wage earner, farmer and rancher receive their part of the oil man's expenditures every month in the year.

Even the dry holes (52,000 drilled to date at a cost of a billion dollars) contributed their share of employment and wide distribution of money.

Last year land owners received 50 million dollars in lease rentals and bonuses alone.

In many counties where oil is a major factor, local government receives as much as 90% of its total tax revenue from the oil business.

Then, too, the State collects 45% of its tax money (exclusive of the gasoline tax) from the oil man. In 1938 this was 32 million dollars.

EVERY BARREL OF OIL PRODUCED IN TEXAS IN 1938 PAID AN AVERAGE OF 9.3 CENTS TAX.

### THE PRICE OF LIBERTY

A short time ago Joseph Stalin, dictator of Communist Russia, was re-elected to his seat on the Moscow municipal soviet. His majority was exactly 100 per cent—every vote was cast for him. According to the press dispatch telling of this, it was obvious that the most strenuous methods were used by officials to get out the largest possible vote.

Those who have watched the technique of dictatorship can judge what those methods were—you support the man in the saddle "or else". And this little event, while it didn't make the headlines, is a biting commentary on what happens when the people surrender their rights and liberties to iron-clad political rule. No one attempts to stir up the opposition by argument, as in a democratic nation—after all, machine guns, exile and brutal persecution are temporarily more effective instruments for keeping in power. The man who raises his voice in dissent gets short shrift indeed.

Here in America we pride ourselves on the fact that we still speak our minds—that no man is master of our destinies—that the forces of dictatorship have been kept firmly in leash. But pride in this is not enough. It cannot too often be repeated that the price of liberty is eternal vigilance at home. We can unconsciously sur-

### FOX COMMITS "SUICIDE"

A red fox, a rare animal in the area surrounding Gonzales, Texas, met an untimely end recently, apparently hanging himself in the fork of a tree. The animal was found by E. H. Menking on the Wallace place south of Gonzales. It is believed the fox accidentally caught his neck in the tree fork and could not free himself. The bark on the tree was torn by the claws of Sir Reynard in his frantic efforts to get loose.

### WHY COLLEGE STUDENTS FAIL

"Lack of sufficient training in high schools, lack of ability or willingness to apply themselves and difficulty in adjusting themselves to college life are the main reason students fail in college," Dean E. N. Jones of Baylor University has cited.

Dr. Jones pointed out that from his experience at Baylor he has learned that many of the failing students, the majority of whom are freshmen, drop courses or fail at the end of the term because their background served them in poor stead as college men and women.

"This situation is not to be charged against high school administrators and faculties," Dr. Jones continued, "but is a problem to be handled primarily by the students themselves."

"The high school program as a whole must be designed to equip students for non-college careers as well as for further training in college," the Baylor dean pointed out. "Thus the student planning for a higher education should take it upon himself to study a bit more thoroughly in high school."

"Giving the students most trouble in college because of lack of sufficient early training are English, mathematics and foreign languages—subjects not exactly necessary for non-college careers but of prime importance in college.

"Outside duties", Dr. Jones asserted, "also contribute largely in the student's failure for best work in college." He recognized that many students are forced to work their ways through college, but emphasized it is important that not too much be contracted to crowd out the primary task of studies."

The dean compared unequipped freshmen trying to make good in college to a model-T Ford attempting to climb a steep hill. "The car motor must be 'tuned up', and so must the students be prepared for self management in the discovery and overcoming of deficiencies."

### HONOR SOCIETY NEEDED

Wouldn't you, as students of Brownfield High School, like to have an Honor Society? Many schools are connected with the National Honor Society which is composed of students of highest ranking in school from the standpoint of Leadership, Character, and Service. The "B" awards, which have been given in the past at the end of school, have been based on some of the qualifications of an honor society. Who could become members of an Honor Society based on the following qualifications?

#### A. Service.

1. Willingness to render any service to the school when called upon.
2. Willingness to do committee

or staff work.

3. Willingness to represent the school in inter-class or inter-school competition.

4. Willingness to render worthwhile service to the school and to the community.

5. Readiness to show courtesy by assisting visitors, teachers, and students.

#### B. Leadership.

1. Show leadership in class room or home room.

2. Show leadership in promoting school activities, clubs, etc.

3. Successfully hold school offices or positions of responsibility.

4. Contributes ideas which improve the civic life of the school.

5. Exerts the type of leadership which directly influences others for good.

#### C. Character.

1. Meets individual pledges and responsibilities promptly to teachers and school.

2. Shows highest standards of attitude toward honesty and reliability.

3. Constantly shows the desirable qualities of personality, (Cheerfulness, friendliness, neatness, poise, and stability).

4. Cooperates by complying with the school regulations (concerning books, property, program, office, halls, lockers, etc.)

5. Upholds all the principles of morality and ethics.

### THE G. O. CLUB MEETS

By Etta Lou Miller

The G. O. Club met January 5, and the minutes were read and approved. The following good citizens were elected: Charlie Mae Howell, Eva Jeter, Mary Nell Hanks, Alvis Bradley and Helen Wright. We heard the reports of the committees. On the program Fannie Ruth and Dorothy sang "Scatterbrain", Helen Wright sang "Man With a Mandolin", Dorothy Green gave a riddle, Dorothy Copeland told a story, and Sugar Hamilton gave a poem.

### TEACHERS RESIGNED

We were sorry that Mr. and Mrs. G. G. Griffin, who went to

### THE VELVE HAMMER

Our Seniors

#### LETA ZAE MCKENZIE

Leta Zae is the daughter of Mr. and Mrs. R. L. McKenzie. She was born May 7, 1923 at Childress, Texas. She first attended school at Tecumseh, Okla., and began when she was six years old.

She moved to Brownfield when she was a freshman and intends to graduate this year. Leta Zae is known for her quiet, friendly ways and her friendly smile. She is always willing to do what she can, and B. H. S. will miss a good citizen when she leaves. She is an active member of the Press Club this year, and in other outside activities. She played baseball when she was a freshman, and was in the Glee Club when she was a sophomore.

Her hobby is playing tennis, and ice cream is her favorite dish. To play the piano well is her greatest ambition.

### SCHOOL LUNCH ROOM IS OPENED

The lunch room in the Brownfield High School gymnasium was opened Monday, January 8, sponsored by the West Ward and High School P.-T. A. organizations with Mrs. Earl Wilson, manager of the lunch room. The first day was a success with over 200 children served with a good hot lunch. The cooperation of the parents of those children, the donations, of food, etc., and the help of many of the ladies who came in voluntarily were all greatly appreciated.

Mrs. Wilson stated that very little food was left after the children were served, and that the children seemed to enjoy their meal. Children, who have good hot lunches, should be able to do better work in school after lunch.

Ft. Stockton for the holidays, did not return, and that Mr. Griffin resigned as Industrial Arts 6th grade teacher to become a ranchman.

We are also going to lose Miss Maize, who is resigning to teach in Borger again.

### ARE YOU?

By Roberta Underwood

A student who is always talking and whispering in classes when you should be listening? If so

A student who cheats on tests and makes a grade from your neighbor's paper? If so what do you gain by it?

A person who thinks you have to have your way about everything, and if you don't, you get mad? If so, what does it get you?

A person who thinks you are better than anyone else? If so, are you after all?

A person who runs after some one else when they don't like you and had rather not keep company with you? If so, what do you gain by that?

A person who brags all the time, and when you get something that someone else doesn't have, give them "digs" about it? If so, do you have more friends by doing that?

What kind of a person are you? Stop and analyze yourself and think.

### TELL ME WHY

The Press Club has had some talkers rather than writers this past semester.

Boys are so worrisome? Some students never obey at all without having to be made to do so.

Students skip classes and offer all kinds of slim excuses.

Students chew gum in classes when they know better.

Some people are so ungrateful and inconsiderate.

Some people are always happy and cheerful, and others not happy at all.

### HERE AND THERE

We are sorry to lose some good students who are moving to other towns to make their home. Juanita Cranford, a good sophomore student who has been in the Press Club the past two years and who has contributed much to the success of the club, has moved to Longview, Texas to make her home.

Stephen, a senior, and Glen Zentner, a sophomore, are moving to Seagraves to make their home. Some others have moved or will move soon, and we will put their names in later.

### ASSEMBLY NEWS

At assembly in the high school auditorium Friday, January 5, Rev. Black of the Church of Christ gave a very interesting and instructional talk to the students and they enjoyed it all the way through. We hope he will return with another one soon.

After his talk, Superintendent Smith asked the student body how many wanted High School Annals this year. A large per cent held up their hands, and we hope that a large number of the annals will be sold.

### COME TO THE BASKETBALL GAMES!

In the local gymnasium on Friday night, January 12, 1940 the local boy's basketball team will play Meadow.

Paced by former football stars such as William Doyle Warren, Pete Erwin, Winfred Doss, and James E. Yan, the local quintet is becoming one of the fastest teams in their circuit. With more practice they are improving their eyes for the basket and are planning trouble for the Meadow team.

All the local fans are urged to attend all the local games. A good night of entertainment is promised to all, and the price is very low.

The girls' basketball team will play the Meadow girls also, and both games should be very interesting. Come!

### PARENT-TEACHERS MEET

The West Ward Parent Teachers met at their regular meeting January 4, at the High School auditorium. The West Ward School children sang some New Year's songs. Mrs. Emmitt Smith gave an interesting talk on children properly clothed. There was a good reception.

### LEVELLAND SCHOOL HEAD QUILTS TO GET HIS PH. D.

Levelland, Jan. 6.—Buford F. Minor, superintendent of schools here for the last five years, has resigned to complete studies for a doctor of philosophy degree. No successor has been chosen.

John Cocanougher of Lubbock, visited his sister, Mrs. Bob Patterson, Monday.

Let's Help

## FINLAND

HELEN HAYES, one of America's foremost actresses, posed for this poster to aid the Finnish Relief drive headed by former president Herbert Hoover.

C. C. Primm was a business visitor in Dallas, the first of the week.

W. W. Mangum of Dallas visited his parents, Mr. and Mrs. W. R. Mangum, recently.

L. L. Blackstock has moved from his farm in the Gomez community to Brownfield, and has purchased the D. B. Gordon home.

Mrs. J. O. Gillham left Lubbock by train Tuesday afternoon, for Trinidad, Colorado, where she was called by the critical illness of her sister-in-law, Mrs. Gabriel Upton.

Mr. and Mrs. David Perry visited Claude Bryant at Stamford the first of the week. Mr. Bryant is in the hospital there for treatment, having suffered severe burns in an accident which occurred several months ago.

Mesdames R. M. Moorhead, W. Daniell, Sid Cowan, Bernard Evans and Miss Gertrude Brown attended the funeral of the accident victims in Ropes, Monday.

### HAS 3-HORNED BUCK

Bryon Skelton of Temple boasts an unusual trophy of his hunt near Ozona, Texas. It is a three-horned deer. Mr. Skelton shot a big buck with an unusually large set of well-shaped antlers, but was surprised, upon examining the head closely, to find the animal also sported a spike nearly six inches long growing out of the center of its forehead.

### ELK STRAY INTO STATE

The Trans-Pecos region of Texas has approximately 400 elk, but reports of two elk in the Panhandle have been received recently by the Game Department.

A cow elk was sighted east of Wellington and the Game Warden Captain of that region has in his possession the head and antlers of a bull elk killed by a Knox county rancher. These big game animals are believed to have drifted into Texas from the Wichita Game Preserve in Oklahoma.

**Dallas-Stricklin at Jackson Dinner**

James H. Dallas, local postmaster, could think of no one Monday afternoon who would appreciate a Jackson Day Dinner (supper) more than the old he, since we were from Tennessee, and that our name happened to be Andrew Jackson Stricklin. The old he was left an orphan at ten, but our oldest sister once told us that we were named before our birth. Have forgotten what it was to be if we'd been a gal.

Anyway, James H. invited us, and we both thought of the next best Democrat in town, R. M. Kendrick, and called him up, but he claimed advancing age as the reason he did not want to drive 40 miles to celebrate the victory of Old Hickory over the British, after the war of 1812 was over. But us two Demeys went and had a hellacious time, if you understand, with a bunch of hard tails (donkeys) from Lubbock and various and sundry other towns of the south Plains.

Had some good eats at the Hilton hotel, heard some good talks from Lubbock Democrats, such as J. Doyle Settle and that old steady, J. E. Vickers, who has never scratched the ticket—he voted for Al Smith, who took a walk four years later.

By the way, didn't see old Charley Guy or his right hand bower, Sam Lewis. Guess they were too busy writing anti-administration dope to attend. Those two guys ought to be sent to school for a few years, and learn the first principles of democracy.

**School Dining Room Opened Monday**

Had you seen the smiles on the faces of the two hundred and fifteen children that attended the initial opening of the P. W. A. dining room located in the school gym, Monday, you would have had no doubt about it going to be a success.

Not only were the underprivileged fed but a great number of children whose parents will donate food or pay the ten cent lunch charge. Several mothers were heard to remark that it cost them more to go after and take back their children than the meal would cost, and too, if the meal wasn't ready, that the child would worry for fear that he would be late in getting back to school. One mother who just had one child in school remarked that he was such a light eater that she thought the association with other children at meal time might encourage him to eat more, and we believe there is sound logic in this.

Twenty-seven quarts of black-eyed peas, nineteen lbs. of slaw, fifteen gallons of cocoa, several gallons of creamed potatoes and 240 large cookies and loaves and loaves of bread were served at the first meal.

Miss Evelyn Rictor, head of W. P. A. dining room division, with headquarters at Lubbock, was unable to be here on the opening date, but there were plenty of members of the local P. T. A., who are sponsors of the work, on hand to get things started, and serve the initial meal.

Mrs. Earl Wilson is supervisor, buyer and manager of the dining room. She will be allowed a trained helper for each twenty-five children. These helpers will be supplied by the local food and clothing divisions of the W. P. A., Mrs. Blackstock is in charge of this part of W. P. A.

There is quite a bit of work to be done yet at the building, such as making the tables stationary, more kitchen table room and other minor details to be worked out as the work gets underway.

They could use a lot more plates and soup bowls and cooking utensils. Be sure they have no cracks in them for if they do they are useless. These dining rooms are on regulations that prohibit the use of cracked dishes as they harbor germs and the kitchen will be kept as clean as your own home.

The local school board and P. T. A. sponsors are to be commended on this civic undertaking as it will fill a long felt need in our school system.

This food is well cooked and seasoned and that served Monday was good for we ate at the dining room. There will be a different menu for each day and all meals will constitute a well balanced diet.

**PLAINS**

Mr. and Mrs. Albert Anderson have moved from the Webb farm to town. Mr. and Mrs. Bill Harris have moved there, also.

The infant son of Mr. and Mrs. Ralph McCullen is on the sick list this week.

Mrs. Johnnie Robertson, Mrs. J. H. Jost and Mrs. Mollie Smith were shopping in Lubbock, Friday.

Grandmother Lynn of Guthrie, visited her son, Jas. H. Lynn and family, Christmas.

Mr. and Mrs. Warner Hayhurst and son and Jack Albright returned home last week from Oklahoma, where they spent the holidays.

Mr. and Mrs. J. L. Cleveland and Marie, from Canadian were visiting in Plains last week.

Buck Morris left last week for Alamosa, Colorado where he will work.

O. A. Bell of Long Beach, California, who has been visiting his sister, Mrs. Mary Lackey, left Friday to visit a brother in Waco, Texas.

One of the new Honorable Mention buildings in Plains, Texas is the new Methodist church. Several weeks ago the old building was torn to the ground and the new building is being built the same size as the old one, using the best of the old lumber in the new building. The new building is practically completed and will probably be ready for use next Sunday. This is a great advantage to the Methodist church and the town as a whole is very proud of this improvement as it shows their desire for better things in religion.

The old building was built some 30 year ago so the new building

**Fair Store to Continue to do Business**

In conversation with Joe Safady of the Fair Store this week and he stated he didn't intend to leave Brownfield, but would continue to run the Fair Store, which he will restock with a new line of spring merchandise.

His part of the store was the men's furnishing and he will restock with a high class line of ladies ready-to-wear to supplement the gents furnishings when Mr. Hameed sells or removes his ladies ready-to-wear to his big store in Roswell.

Mr. Safady stated he likes Brownfield, the county and its people and likes to do business in a farming area, and appreciates the patronage given him in the past and promises you a bigger and better Fair Store. He asks the continuance of your business.

He and his excellent family will move over from Lovington, N. M., where he also conducts the Hub, a gent's furnishing store, soon.

**SMITH BUYS REGISTERED JERSEY**

Two registered Jerseys have been purchased by D. D. Smith of Tokio, according to The American Jersey Cattle Club.

A cow, Volunteer Leda Bonny Rose 1219762, was purchased from Junior White of Meadow. Fay's Sybil Prince 404925, a herd sire, was purchased from S. W. White, also of Meadow.

Mrs. J. T. Vernier was in Monday from the Meadow section, complaining that she did not get her Herald last week with the specials offered by our merchants. She got a copy, got into her car and went over them. Mrs. Vernier was very complimentary to us for making it possible for Meadow and meadow route people to get the Herald Fridays instead of Saturday.

**DON'T INVITE PYORRHEA**

Do your gums cause you discomfort? Druggists will return your money if the first bottle of "LETO'S" fails to satisfy.

Nelson-Primm Drug Co.

**SLATONITES VISIT WITH THE HERALD, SATURDAY**

M. F. Klattenhoff and son, Ben, of Slaton were pleasant callers at the Herald office Saturday, as they had been over to look at their Terry county farm. They reported considerable snow in that section, but not sufficient, as the ground was too dry to be penetrated easily.

We have talked with a number of farmers this week over the future corn situation. T. C. Garner was one of them, but he informed us that he had quit trying to raise corn, and would stay out of the business until we got rid of borers.

**POOL**

Everything was quiet over the week end.

Rev. L. C. Morrison preached for us Sunday morning.

Curtis Trussell spent Sunday with Vernon Aldridge.

Billy Rowe visited Foy Gunter on Sunday.

Maude Alice Zorns spent Sunday with Thelma Sterling.

Nettie Jean and Dorothy Dean Newsom visited Flois and Glennas Gunter, Sunday.

Mr. and Mrs. S. V. Newsom and sons visited Mr. and Mrs. G. B. Sterling, Sunday.

Mr. and Mrs. H. C. Zorns visited in the Sterling home, also.

There is some moving in our community. Several new families moved in. But we have not learned their names yet.

There will be singing at Pool next Sunday afternoon. Everyone is invited to attend.

Mr. and Mrs. Richard Meil had as their guests on Sunday, Mrs. Meil's mother and brother, Mrs. Lyles and Rober of Meadow and Mr. and Mrs. Collins and family of Brownfield.

wasn't built any too soon.

Another honorable mention new building is the new high school building which has a big gymnasium and auditorium which is nearly completed and will be moved into in about ten days or two weeks.

It is just east of the old building and is a cream-colored brick with a tile roof.

Ralph McClellan is in the Canyon hospital and is reported improving.

**P. R. Cates To List Manufacturing Census**

The Business and Manufacturing Census, which is a part of the regular 1940 decennial Census, got under way in Terry county Tuesday morning, January 2. Phillip R. Cates of Brownfield has been appointed enumerator for the Business and Manufacturing Census in Brownfield in Terry county. The enumerators to take the Business and Manufacturing Census in the nineteenth district, which is composed of twelve counties, are announced as follows: Corbin B. Sumner, Lamesa, Texas, Byrle M. Harne, Seagraves, Texas, Rex Everett, Post, Texas, Lawrence A. Deason, 801 Alyford Street, Big Spring, Texas, Lee D. Harris, O'Donnell, Texas, Eldridge O. Green, Colorado City, Texas, Micajah W. Clark, Snyder, Texas, Philip R. Cates, Brownfield, Texas, and J. S. Lamar, Stanton.

The Business and Manufacturing Census is scheduled to be completed by March 31, and on April 2 a regular Population and Agricultural census will be started. It is estimated that approximately one hundred enumerators will be used in this district for the Population and Agricultural Census. However, enumerators for this work will not be appointed until after March 1.

Information obtained through the Business and Manufacturing Census covers a period of business operations from January 1, 1939 to December 31, 1939, and is a vital part of the 1940 Census. It will provide a wealth of facts of great value to the management, promotion, marketing, and financing of the more than three million business enterprises in the United States. This information will be available in statistical form to the general public as soon as final compilation of the facts can be made by the Bureau of Census at Washington, D. C. The facts make it possible to predict what the future may hold for government and business. This, of course, is made possible, since the Census will reveal the present trends. Every business enterprise in the United States can profit by this information.

It must be noted that a report from every business establishment in the country is required by an act of Congress. This act also provides that all information obtained on any individual or establishment is to become the property of the Bureau of Census and will never be revealed to any other department of the government or to any individual other than general statistical information. Only sworn employees of the Bureau of Census will have access to the reports and heavy penalties are imposed upon all who may reveal any of the facts. It is also noted that from the information secured on any business establishment, it is not possible to determine if the business operates at a profit or loss, since the cost of merchandise and other incidentals is not included.

All business men in the district are requested to cooperate with their enumerator and have the necessary information available as soon as possible.

Mr. and Mrs. J. H. Carpenter and Misses Jewel Edwards and Lucille Maize visited Mr. and Mrs. Dave Glassford in Lamesa Sunday.

**I GIVE YOU TEXAS**

**BOYCE HOUSE**

Every once in a while, some politician rises up to remark that the press is "unfair". By unfair is usually meant that the papers, in their mission of printing the news, published something that placed the politician in an unfavorable or ridiculous light. Such criticism of the press ignores the fact that the newspapers didn't commit the act that put the politician in an embarrassing situation—they just recorded it.

Such critics never object to favorable news about themselves, so they ought to be willing to accept the bitter along with the sweet. If they aren't sports enough to be able to "take" it, they ought

to get out of public office—and such individuals usually are retired via the ballot box.

Truth of the matter is that most newsmen "lean over backward" in their desire to be fair.

Did you ever stop to think how much Texas would lose if the State were deprived of the intelligent, public spirited, patriotic services of many editors and publishers?

There's Amon Carter of Fort Worth, the biggest private citizen in Texas; and over at Corsicana is Lowry Martin, pioneer leader in the good roads' movement and the man who launched the idea of a Texas Centennial. Then there are such publishers as Pat Mayse at Paris, Col. Tom Perkins at McKinney and Gene Howe at Amarillo. The last-named, famed as "the tactless Texan", writes a "column" every day and he enjoys it so much (as do his readers, too) that lots of time it fills nearly two columns. He likes to deflate "stuffed shirts" and takes joy in finding some boy's lost dog.

You'd have to hunt a long time to discover more "colorful" men than some of the members of the Fourth Estate—Col Carl Estes, Longview firebrand; genial Fred Massengill of Terrell; individualistic Lon Boynton of Paris.

I can remember—and it doesn't seem so very long ago—When Dorrance Roderick and Charles A. Guy started in the evening field when they were just out of college. Roderick has had a meteoric career in Lubbock, has carved out a big niche.

Houston Harte of San Angelo and Herb Hilburn of Plainview; Col. T. W. Spears of Graham, owner of a dozen papers; Rufus Higgs of Stephenville; Sam Braswell of Clarendon; R. K. Phillips of Weatherford; R. L. Scott of DeLeon; Harry Schwenker of Brady; Sam Fore of Floresville; L. A. McDonald of Denton and Joe Leonard of Gainesville—these are just a few newspapermen who make me proud that I belong to the same calling they do.

# PIGGLY WIGGLY

The pioneer woman knew no easy shopping way like you find today at Piggly Wiggly. As short a time as 23 years ago self-service was unknown until Piggly Wiggly pioneered along this line. It's the favorite shopping method of America today, and to this trail-blazing system can be traced the sanitary packaging of many products that once were sold in bulk. Today, as always, Piggly Wiggly stands for the best in modern, sanitary, time, money and labor-saving shopping methods.

BROWNFIELD FRIDAY—SATURDAY TEXAS

R. C. Cox, who has been in Terry and Yoakum counties for the past several months looking after business, left this week for Ruby, Arizona, where his family is located at present.

Mr. and Mrs. Woodrow Scuddy and Mrs. M. M. Hines of Forsan, visited relatives here last week end.

Mr. and Mrs. Clifton Jones, who have been living in Paducah, are here visiting his mother, Mrs. Oscar Jones.

Mr. and Mrs. Paul McLendon and small daughter visited relatives in Lubbock, Sunday.

Earl Denton was able to be back at work at Knight's Hardware, Tuesday, after several days absence because of illness.

S. W. Welcher says there are just two things for Terry county farmers to do: Stop raising corn or destroy the borers. He had more than 100 acres of corn this year that will pay him less than a dollar per acre, but had 30 acres of maize that will pay him around \$200 if we did not misunderstand.

O. E. Pollock was in this week to hand in the long green again for his Herald, and informed us that he was done with the 1939 crop except hauling his bundles in. A son from California visited him Christmas, and of course O. E. had to hear about the Golden State.

Mrs. Harold Denton returned Tuesday from Prescott, Arkansas, after visiting her parents, Mr. and Mrs. Nelson.

Mr. and Mrs. R. M. Kendrick and Mr. and Mrs. Joe Lane of Roswell, plan to leave this week for an extended sight-seeing trip. They expect to go to Florida and possibly on to Cuba.

Mrs. Bob Patterson had as her guests yesterday her parents, Mr. and Mrs. Cocanougher of Idalou.

Mr. A. E. Richards, who edits the Meadow Star, came over last night to help the Herald force.
