CANDIDATES MAKE WANTS KNOWN

Lawrence L. Barber Announces for D. A.

Lawrence L. Barber, Seagraves lawyer and city attorney for his home city, has authorized this newspaper to announce his candidacy for District Attorney of the 106th Judicial District of Texas. Counties include Dawson, Gaines,

Rollin McCord Asks For Office of D. A.

Rollin McCord, of Tahoka, was over this week and placed a brief announcement, stating that he would have more to say when he had time. In the meantime, he wishes to be considered, and will try to see all voters before the

Lawrence L. Barber

Yoakum, Terry Lynn and Garza. Barber is 42 years of age and has been in public life since 1919. He joined the United States Army in 1917 and served overseas for 13 months. During that time he took part in five engagements of the war.

Barber is a member of the American Legion and is chairman of one of the important state committees. He is a member of the Woodmen of the World, a Rotarian, a member of the highway committee of his home Chamber of Commerce, an active member of the Baptist church and a member of the Texas Bar Association, and a college graduate.

"If the people of this district see fit to elect me as their district attorney," said Barber, "I shall employ the experience which I have gained through being associated with the courts for many years

"I shall vigorously prosecute those who openly defy authority. I do not believe that any person should be allowed to impose upon those about him. There is a place for that kind of people.

"On the other hand I do believe that many times we find the youth of our land caught in the meshes of the law when tolerance, kindness and an explanation of the obligations of society would save breaking some mother's heart and save a wayward boy for a useful existence

"I believe in the old adage that 'An ounce of prevention is worth a pound of cure,' and I shall endeavor to so conduct the office of District Attorney that justice shall be the part of all.

"I do not believe that the office of the District Attorney is a 'Persecutors' office but should be the guiding hand for the dispensation of justice to all who shall be brought before the courts.

"The citizens of this district shall never be able to have cause to regret that I am their District Attorney," said Barber.

Mr. Barber is married, and has a daughter and two sons, one of whom is a freshman in Tech at Lubbock.

Mr. Barber will endeavor to see all the voters in the district before the election.

Texas Oil Business Means Big Income

DALLAS, Feb. 13.—Texas oil reserves are the main collateral for living of more than one million Texans who get their livelihood from the State's petroleum industry, Captain J. F. Lucey, Dallas independent oil operator, told the Texas Bankers' Association at its East Texas district meeting here, Monday morning.

Each year the Texas oil industry spends more than \$750,000,000 in payrolls, lease payments to Texas farmers, taxes and other operating expenses and plant investments, Captain Lucey reported. Any industry which spends three-fourths of a billion dollars a year in Texas is bound to bring profound economic benefits to the entire state and its citizens, he declared.

"As a matter of fact," the speaker said, "the Texas oil industry has spent altogether about \$600,000,000 more in Texas than it has ever got back. Official facts show that for every dollar's worth of crude oil produced in Texas in the past fifty years, the oil industry has spent \$1.10 here.

"Yet the bankers who have supplied the Texas industry with the borrowed capital necessary to carry on our great industrial development are not alarmed by this excess. They know that they have a margin of safety in the great underground reserves of recoverable oil which constitutes a valuable form of collateral.

"The men, women and children of Texas making up more than one-sixth of our population who depend upon the petroleum industry for their immediate and future livelihood, also have come to look upon the oil reserves as their margin of safety. Oil is the bulwark of their present needs and for their future existence. With oil likely to be found and produced in Texas for the next 100 years or more, certainly these million Texans should be able to view their future with confidence."

Junior Chamber of Commerce Banquet

The Junior Chamber of Commerce entertained their wives with a banquet Tuesday, February 13, at Terry's White Kitchen. American flags were used as decorations in observance of "Americanism Week" which the Junior C. of C.'s throughout the United States observe, beginning February 12 and ending February 22. James Harley Dallas acted as master of ceremonies.

Binford Arney, Executive Vice President of the Texas Jr. C. of C. of Amarillo was the principal speaker and was introduced by county attorney Burton Hackney. Mr. Arney's subject was "Americanism." Group singing led by E. S. Hurt and with Mrs. Herod at the piano, was enjoyed. A vocal trio, consisting of Emmitt Smith, Dennis, Smith and E. S. Hurt sang three selections and Mrs. Ray Christopher gave a reading.

A barn dance will be sponsored by the Junior Chamber of Commerce at the Venetian Auditorium, February 22. Hop and his Drug Store Cowboys will furnish the music. Tickets will be on sale downtown and everybody is urged to attend.

Clyde Perry Jr. Recovering from Infantile Paralysis

According to the Lubbock Avalanche, Mr. and Mrs. J. C. Perry have returned from the Scottish Rite Hospital at Dallas, where they have had their son, Clyde Jr., a victim of infantile paralysis. After two months' treatment there, this 12-year-old boy was much more active than for two years.

Clyde will be carried back to Dallas in six months to undergo further treatment. The Perrys have two other children, Travis, 8, and Sybil, 3, the latter accompanying her parents to Dallas after Clyde. In returning, they spent the night in Lubbock.

Phillips 66 Highway Hostess Visits Here

"You take the high road and I'll take the low road"—but whichever way you go, you'll eventually meet this young woman, or one of her colleagues—for the Phillips 66 Highway Hostess takes them all.

Miss Betty Woodruff, Registered Nurse, is one of the girls sponsored by the Phillips Petroleum Company. The name Highway Hostess implies her many duties, for she is truly a welcome sight to the weary traveler.

She has been driving the highways and byways of most of the middle western section of these United States every day since last May. She has the pulse of the American traveler, and she knows his likes and dislikes.

If she would talk she might tell why he chooses this highway rather than that one. Why he stops at one hotel in preference to another. Why this restaurant has a reputation for being The place to eat in that town. Why many travelers go out of their way to come through our city because of a certain department store, whose buyers sense the kind of merchandise their wants require. Why traffic policemen can bring in or drive away business for the cities in which they serve. What and where travelers eat, where they sleep, where they find recreation, where they go and where they're from.

Miss Woodruff whose ability as a nurse gained her the unique job of greeting travelers, drives a special car, fully equipped to meet the emergencies of the road. If it's a flat tire or motor trouble she offers drinking water and lends tools to help the motorist so unfortunate as to have trouble away from a station or garage. If it's a wreck she gives first aid and can assist the doctor if the injured, are seriously hurt.

In addition to traveler's aid, Miss Woodruff says her chief duty is to inspect the Certified Rest Rooms of Phillips Service Stations. She was in Brownfield last week calling on the Phillips dealers here.

Tulsa People Lease Hotel Brownfield

Mr. and Mrs. F. E. Hudson, of Tulsa, Okla., have bought the Hotel Brownfield furnishings and also the coffee shop and took charge the 14th. Hotel and cafe business is not new to Mr. and Mrs. Hudson, having conducted first class places in Hobbs, N. Mex., and St. Elmo, Ill.

The new owners state that it will be some six weeks before the work of remodeling and decorating will be finished, and this will be a real thorough job. Mrs. Marion Norris will be in charge of the coffee shop. She has had wide experience, having been in the Hudson employ, before.

They have two boys now in business, who are graduates of Oklahoma U., with which Mrs. Hudson was connected three years. Mr. Hudson is now connected with Gibbons and Heasley Oil Co., of Odessa and Midland.

Mr. and Mrs. B. C. Hancock, who have been owners of the hotel for some time, will take a vacation, for the time being visiting their son, George, and family at Altus, Okla., and daughter and husband, Mr. and Mrs. H. C. Shively at Beavers, Okla. Resumption of business will be indefinite.

FORMER BROWNFIELD LADY PASSES

Friends here will be grieved to hear of the death of Mrs. John Houston (nee Mary Hudson) in Glendale, Calif., Feb 7th. Mrs. Hudson is a former Brownfield girl and attended school here, living with the O. T. Hawley family. She had taught in the Beverly Hills schools the past fifteen years.

She leaves her husband and daughter, Cathleen.

Mr. and Mrs. W. D. Christopher and daughter Willene, of Amarillo, and Mr. and Mrs. McGibbon of Perryton, were guests of Mr. and Mrs. Ray Christopher, this week.

Lunch Room Running Satisfactorily Now

The lunch room project at the Brownfield Public Schools has been running smoothly since the recent WPA change in procedure from the donation plan to the pay plan. Some 200 children are being served daily. It is the desire of the sponsors of the lunch room program to popularize the lunch room facilities to the parents of those children who bring sack lunches to school.

A certain number of paid meals must be maintained before the lunch room can be operated satisfactorily. Below is the menu for next week. All parents are invited to look these over and make arrangements for their children to eat. Meals are 10c per day. Weekly meal tickets may be purchased for 50c from the child's teacher.

School Lunch Room Menus for Week of February 19th to 23rd.

Monday, February 19.—Escaloped potatoes with cheese, carrot and raisin salad, whole wheat muffins and cocoa.

Tuesday, Feb. 20.—Liver loaf, creamed potatoes, plain muffins, Indian fruit pudding.

Wednesday, Feb. 21.—Mashed potatoes, spinach, corn bread muffins, butter, fresh apple cobbler.

Thursday, Feb. 22.—Hamburger chowder, plain muffins, butter, fruit cookies, cocoa.

Friday, Feb. 23.—Cream of vegetable soup, crackers, baked spiced apples.

Ballet Russe Coming to Lubbock Feb. 19

LUBBOCK, Feb. 14.—High point of interest in Artist Course programs at Texas Technological college for a number of years will be the appearance of the famed Monte Carlo Ballet Russe February 19, Monday, matinee and night, at the Lubbock High school auditorium. The company comprises 125 members, 64 of whom are dancers, traveling in a special train.

Other Texas engagements on this tour are at Dallas, San Antonio, and Houston. It is probably the highest paid group of any nature ever to have an engagement in Lubbock. This same company appeared for three weeks last fall at the Metropolitan Opera House in New York.

Reserved seat tickets are on sale at the Tech Bookstore or may be had by addressing Prof. R. A. Mills, Chairman Artist Course Committee, Tech College. Prices are \$1.25, \$1.50, and \$2.00.

L. Nicholson Has New Insurance Partner

Mr. and Mrs. L. Nicholson returned home Sunday from Fort Worth, Texas, and were accompanied home by a little foster son, David Lawton Nicholson, age 16 days.

The Nicholsons have no other children and this tiny mite is quite fortunate in being adopted into this excellent home and they are very happy in giving him a good home, and offering him every advantage a child should have.

Collapse of Drilling Tower Proves Fatal

Most of the readers are aware of the calamity that befell two men in the Yoakum county field last week, when the collapse of a drilling tower killed two men and seriously injured a third. Yet it is not too late to comment on the dangers of this life in many pursuits other than drilling for oil.

We don't know whether such collapses are frequent or infrequent—we know little about oil fields. But we do know that in drilling wells to the depth of those in the Yoakum county field, there is a great amount of weight on the tower. Should there be a weak brace or upright, or some bolts not sufficiently tight, might give enough slack to start a debacle of the tower. But the Herald is not saying that either happened.

Then the same week came, to us the information that a young lady at Anton lit a butane stove that had gone out and still was hot, which blew here against the opposite wall, tore up the stove and a gas refrigerator and blew three windows out of the room. Not only butane, but any other kind of gas in dangerous under like conditions.

It seems that the lives of people are in danger almost day and night these days, and about the only thing we can do to save ourselves and others indoors, as work or driving is to be just as careful as possible.

City Well Represented At Legion Convention

Those who attended the District 19 American Legion convention at Big Spring from Brownfield and Terry county were: Tobe Howze, Glen Akers, D. F. McNutt, Ed Evans and wife, C. B. Quante, Bill Schrader of Wellman, Chas. Leonard, C. T. Edwards, local post commander, D. L. Henson, C. L. (Abe) Lincoln.

In reporting the affair, Mr. Lincoln stated that while much of the time while he was there was put into business meetings, the entertainment and luncheons were fine, with no bib and tucker to bother. The next meeting will be held at Seagraves, and the local post hopes to get it here two years from now.

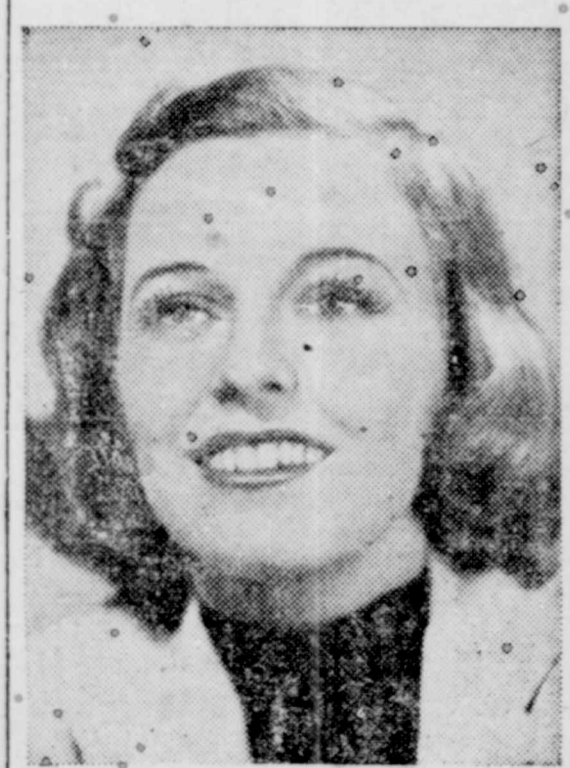

Chris Quante was elected chairman of district entertainment committee, and Mr. Lincoln was elected district service officer.

Many New Farms to be Put in This Year

A local real estate man is the authority for the assertion that he has sold much land in Terry and adjoining counties this year, land that could be taken possession of by new buyers. He believes that at least a thousand new acres of land will go in cultivation by people to which he has sold.

New dwellings, barns, wells and windmills have gone up on these lands, as well as fencing and other improvements. He announced that he was receiving inquiries daily from people that live far and near about this section, that almost always makes a normal crop with little rainfall.

Courthouse Bunch Pulls Fast One on Burton Hackney

Being a candidate for District Attorney, Burton G. Hackney is being carried rather high by the courthouse gang, and Burton has to appear to appreciate all their "vile" jokes. But Burton is a good sport, being hard to head in a joking matter, even if it sometimes is of the old rough and tumble style.

Burton, it seem, has put out some large placards over at the courthouse with his likeness thereon. So, one of the guys over there, who imagines himself quite an artist, drew a little Hitler mustache under the nose of Burton's picture. They do tell us that the picture now would answer for a very popular daily staff correspondent of this area. We'll not tell you his name, but his initials are J. Sam, he is rather portly, and works for the A-J at the "Hub City".

Now here's a warning, Burton being a county attorney is permitted to carry a "rod" and we have seen him do some rather good shooting. It is also reported he helped chase down a Dallas negro here a few weeks ago; that Dallas officers, who came for him pronounced him bad. Burton very likely will pass the matter up if elected, but if he should happen to be defeated, woe be to our budding artist.

Thompson Gives Us More Fresh Meat

Ed Thompson of the Gomez community came poking in Saturday afternoon with a sack of fresh sparebones and backribs of a potker he had butchered that morning. Made us sorter mad, but we took them home and as luck would have it, we had considerable company Sunday and the stuff sure came in handy, along with some slicks, (dumplings to you perhaps, or maybe sinkers.)

By the way, a traveling salesman from San Angelo, who runs advertising matter in the Herald, either to make us feel good, or just liked to talk, informed us recently that the Herald was one of the few weeklies he received that he really read, other than to just check to see that his ad appeared. This fellow says he got a great kick recently when we printed the piece headed "who broke the lock on our henhouse door," and slipped meat into our kitchen.

Well sir, we have just about located the two guys that broke into our house with that meat before Christmas. If we had some half dozen guesses, we'd say one of them was L. L., sometimes referred to as Mr. Brock, and the other was generally called Edgar Allen Poe Thompson by this writer.

However, in neither instance, we didn't miss a thing from the house, as luck would have it.

Rural Market Still The Best in U. S. A.

The American Press, house organ of the American Press Association, in a late edition sums up pretty well a comparison of the trade area of the United States, classing all rural areas with cities of less than 10,000 population. In this area, there were 758,458 stores doing an annual business of \$10,132,503,000 (billion dollars.)

The second trade area is classified as cities from 10,000 to 100,000 population; with 342,135 stores and an annual business of \$8,330,212,000 (billion). The third area is cities from 100,000 to 500,000, with 235,192 stores, doing an annual business of \$6,422,062,000 (billion). The fourth area consists of 318,175 stores, doing an annual business of \$8,276,499,000 (billion).

From time to time, we shall give the readers more statistics along this line. In the meantime, if local merchants have any trouble with their jobbers in getting them to help out on advertising of nationally advertised products they handle, the Herald will be glad to supply you with copies of these papers.

Joe Louis had the battle of his life last Friday night. He met a young man who was not afraid of Louis' dynamite. In fact a lot of the Louis dynamite is fast going, and in just a few more years, perhaps months, and Louis will be a has-been.

In 1938 the Herald told you so, but you didn't believe it. We said then that you had better vote for an old standby you knew, C. V. Terrell for rail commissioner, as we believed Sadler would favor the East Texas fields, and along with Lon Smith would out vote Ernest O. Thompson. We hope you have learned your lesson.

The New York Sun, speaking of Candidate Frank Gannett for the Republican presidential nomination, says we need a newspaperman in the office as president. Oh, yeah! We had Warren G. Harding in there and he wasn't so hot. We like our fellow publishers, but some of them would make poor presidential timber.

Cattle men and ranchers who have followed the history of the Texas Longhorn from the time Gregorio Villalobos, governor general of New Spain, brought the first cattle to this continent to the time the longhorn played such a prominent part in the development of the Southwest in the quarter century following the Civil War will be amazed to learn that fewer than 250 specimens of the Texas Longhorn are now alive. The federal government, almost too late, is now mapping out plans that will result in the preserva-

tion of this former standby of Southwestern ranges that at one time numbered 30,000,000 head. The National Park Service, for instance, is considering a plan to preserve the few Longhorns that are left in the proposed international park along the Mexican border in the Big Bend country. The Longhorns, behind whose thundering hoofs the hardy pioneers rode to civilize the "Texas border," may stage a comeback on their proposed Chisos Mountain range that will give future generations a first hand glimpse of the animal that gained for Texas its name as a cattle empire.—Snyder Times.

Recent dispatches tell us that Plainview was the smallest city in the state with dial system phones. Now comes Hale Center, a town of less than a thousand in the same county, Hale, claiming that honor. The dial system may be the cat's ankle, but we have an idea that it throws two or more girls-out of a job in most towns.

According to State Supt. L. A. Woods, as well as County Supt. Lee Fulton, the state department of education is soon to start a radio "School of the Air", which may be heard by any school sporting a radio. There was a considerable article about the matter, but we imagine most schools have the data by now. Anyway, radio being a direct competitor of newspapers, it should not expect a great deal of free advertising from that source. While the Herald has mentioned this and that programs being put over the Lubbock station many times, and we have noted the same in our nearby exchanges, how many times have you heard KFYO mention the Herald, or any other newspaper on the South Plains, aside from the Ayalanche-Journal which owns the station? If radio is such a whiz-bang advertising medium, they'll tell the schools. The press asks nothing of radio.

Boyce House, who writes a column occasionally for this paper, as well as hundreds of others in Texas, is said to be considering running for some state office, but so far has not announced which one. Boyce is like the little boy who could not decide on pink, red, green, blue or yellow lemonade at the county fair, who just had a nickel to spend.

Rather early for storms, but Albany, Ga., got a foretaste of a bad one last week, that killed and maimed lots of people. It seems that the old states are of late years coming in for their full share of twisters that formerly were confined principally to the southwest. Coming during the night probably saved many around the business district, but likely was more disastrous to the residential section.

We don't believe the Dies Committee on investigation of foreignisms in the United States appreciate the apology and praise of Will D. Pelley, who was brought before them to testify about his nazi connections. Anyway, we probably won't hear much of Hitler's representative for some time, as he was arrested immediately after leaving the stand for breaking a prison parole in North Carolina.

That old discussion about what is causing the lack of rainfall in the West for the past few years is up again. Some say radio interference; some say ungodliness, when neither perhaps, is in a mile of the truth. Rain has always come in cycles, especially in the semi-arid West. For a few years we have plenty, then there is a cycle of drouths. As for ungodliness, perhaps there is no more of such in this section than there is in parts of India where an annual rainfall of 75 inches would be considered a drouth, and 120, the average. Some folks don't think much less reason.

Good Will Trip and Other Matters

By J. E. Shelton, Secretary

That long proposed "Good Will" trip through the oil fields of Yoakum and Gaines Counties was finally pulled off last Thursday with about ten cars and forty or fifty people composing the party. We left Brownfield at around 10 o'clock, drove over to Plains, stopped a short time and visited with old friends and then on to Allred where we stayed about thirty minutes. It was about this time that we got news of an accident that was fatal to two members of

a drilling crew and the critical injury of another, caused by the collapse of an oil derrick, and several of our party drove out to the scene of the accident and others went on to Denver City where we had lunch and stayed until 1:30 visiting among the residents of that city and of course marveling at its rapid growth since the town-site was opened up a few months ago. At this period, some of the boys wanted to drive over to Seminole and others wanted to drive directly to Seagraves, so we split up and united again in the latter city. During the interim between our separation at Denver City and meeting again at Seagraves, some of the boys sighted a "Lone Wolf". Don't know whether it was a coyote or Lobo, but any way they undertook to run him to cover and from all accounts they were successful and were only a little late in joining the crowd. I believe that every one enjoyed the day, although it was a little too cool for comfort. At Seagraves some of the crowd wanted to make a day of it and drive over to Cedar Lake, but others did not, so we comprised by coming on home. Our crowd was smaller than we hoped to have but this is accounted for by the fact that we had made several efforts to go on the trip and each time the weatherman exerted himself to give us a cold day and that was about what all of us expected to witness last Thursday and did not miss it by far.

Commissioners to Visit Seminole

Wednesday, unless the weather is too bad, the county judge and all members of the commissioners court as well as a committee out of the chamber of commerce, will go to Seminole to inspect the highway that Gaines county is constructing to Denver City. We are making the trip at the invitation of the Engineer in charge of the work and further our officials desire to inform themselves upon the type of roadbed and construction costs as it is very possible that we will be called upon to attempt something similar in the not too distant future. The writer hopes that the weather will not prevent us from going as he is looking forward to the trip. Anything that has highways connected with it certainly gets his attention.

Scouts in Control—Violate Law

The Boy Scouts were in control of all law enforcement agencies of the town and county on Monday of this week and did a pretty good job of it and if they could stay on the job for several days they would likely do a fine piece of work in getting Brownfield on the map as a well educated city on traffic violations. The writer of course got in bad, by running a red light, on foot, of course, but paid his fine willingly. However, during the day he noticed that some of the boys, themselves, consistently violated one of the ordinances, which is the one that prohibits the riding of bicycles on the sidewalks and I am told that it applies to officers as well as the "common herd". They did this throughout the day, especially around the courthouse square. I had in mind to file some complaint against them but knew if I did that they would catch me in a dozen different ways so I kept my own council.

Band Clinic Here

The chamber of commerce, joining with other civic organizations, is sponsoring a "Band Clinic", which is expected to be staged within the next few weeks and it is hoped that we will be able to have every band in this territory in attendance. Emmitt Smith, Superintendent of schools is in charge of the affair.

The annual banquet of the chamber of commerce has been tentatively set for Tuesday night, March 5th, at the high school gymnasium and will be put on by the West Ward Parent-Teacher Association. The date however, is tentative, and we are undertaking to get an outstanding speaker and may have to change the time to suit his convenience. The chamber of commerce year will close March 1st and ballots for voting on directors will be mailed to all members during the present week and all of them are urged to cast their vote promptly in order that the new year can be started off on time and not be delayed as was the case last year.

DEAR DIARY—IT WAS SPRING WHEN WE MET...

and every day seemed lovelier than the one before. We drove through the Park, walked and danced and talked... together. How fortunate it was that I had such lovely clothes, and so many new Queen Quality Shoes. He admired my "pretty feet," but I'm sure it was the shoes that won him. I wore BARSTOW with my tweed suit that weekend in the country at his Mother's, and JONGUIL for the luncheon his sister gave. And when we went apartment-hunting, he loved the way I looked, he said... I wore FAYE with my new coat. I bought a pair called CHARMER for my trousseau, they're elasticized and fit divinely. And when we flew West I wore my new patent and gabardine (MOSELLE). Oh diary dear... it isn't a secret! Any girl would want to wear Queen Quality Shoes this Spring!

Bearded Quintet to Invade City

Those sky-scraping, beard-raising, ball juggling basketeers from the House of David, are due to invade our city on Friday night of this week at eight o'clock. An attempt to halt these invaders in this undeclared war, will be made at the local gym.

Coach Tipps, head of the local forces, has gathered three different squads to throw into the fray, and if one squad isn't enough, to stop the onslaught, he plans to place all of them at once. The squads are drawn from the local high school basketball team; a faculty team, and an aggregation of all-stars.

The public may obtain front line seats to see this momentous battle for the nominal sum of 20c and 40c, children and adults respectively, proceeds to go to the Cub basketball war chest.

Hospital Notes

Miss Nola Mae Laster had an appendectomy Friday, Feb. 9.

Mr. and Mrs. E. P. Stanford of Plains, were admitted Saturday for medical treatment. Both are influenza victims.

Mrs. G. S. Webber, who was admitted Sunday, after several weeks illness, is improving.

James Cook of Lovington, N.M., underwent major surgery Tuesday, Feb. 13.

Billy Gene Allen, seven-month-old son of Mr. and Mrs. E. S. Allen of Seminole, entered Saturday for treatment. He is suffering from pneumonia.

CORRECTION

You will find the Frigidaire display at Knight Furniture store instead of Knight Hardware as stated in last week's paper. They really have a nice display of the latest boxes with the newest features, see them.

We are glad to make this correction, it was our mistake. Read their display ad in this issue.

Support Given Judge Allison in Senate Bid

LEVELLAND, Feb. 9.—The citizenship of Levelland and Hockley County strongly aligned itself tonight behind the candidacy of Alvin R. Allison for the Texas Senate when near fifty businessmen and other citizens met and organized an Allison-for-Senator Club.

An organization was perfected that will carry Allison's campaign to every nook and cranny of the 24 counties in the 30th Senatorial District. Officers chosen were: Ray Watson, Levelland merchant, president; R. H. Hester, secretary-treasurer; and J. P. Shofner, merchant, vice-president.

NORTHSIDE BAPTIST CHURCH

Our Sunday School attendance last Sunday was the largest in several weeks, and we also were pleased to see many new faces in the congregation at all services of the day. The night service closed with another conversion—that of a mother. This is the third consecutive Sunday that the Lord has blessed the Church with additions and conversions. To Him be all the praise. Next Sunday we hope to have the largest attendance in Sunday

School during the present ministry. Bring your children and enjoy the study of Matthew 20 with us. At eleven o'clock Rev. Jno. R. Denning will continue his series on Bible Baptisms with the subject: "Who Was John the Baptist, and What is Christian Baptism?" The night service begins at 7:30 o'clock with singing. An evangelistic message by the pastor will follow. Have you visited us yet? Come and see. Try a Want Ad for Results

Mr. and Mrs. Bynie White of Vincent, spent the week end with her parents, Mr. and Mrs. Amel Flache and other relatives. Miss Frances Carpenter of Lampasas, Texas has accepted a position with the Sandra Sue Beauty Shop.

F. F. A. NEWS

The local chapter of Future Farmers are doing various things to raise money in order to give a banquet soon. Starting this money raising campaign we are selling garden and flower seeds. Every member has been given twenty packages which will sell for five cents each. These seeds contain several varieties such as beet seed, cabbage seed, cucumber seed, tomato seed and many different kinds of flower seeds. These seeds are selling rather fast, but there are still plenty left. If anyone wishes to get some of these seeds inquire from an F.F.A. member as to the whereabouts they may be obtained. The F. F. A. members will appreciate your patronage.

SEVENTH GRADERS BACK IN SCHOOL

The Seventh Grade wishes to welcome Dorothy Jean Wylder and L. G. Moore Jr. back to school this week after their operations which have kept them from school several weeks.

WHAT SEVENTH GRADERS ARE DOING IN CLASSES

In Math we are studying Geometric figures and measures. In Social Science we are studying what the early settlers did. In English we had some interesting current events and announcements given last Thursday and Friday which were different from the regular grammar work. In art we are studying famous artists, their masterpieces, and making scrap-books. In Music we are studying Music Memory. In P. T. we are studying the digestive system.

The West Ward Parent-Teachers' Study Group met February 8 in the high school auditorium. Rev. J. F. Black reviewed an article on "For the Want of a Nail". There was a good reception.

Mr. and Mrs. Jack Bailey visited Mrs. Ralph Bailey in Tahoka, Fri.

CHOOSE WELL!
CHOOSE "AMERICAN"
FOR GIFTS

Hundreds of thousands of "American" pieces in the best of American homes are proof of the beauty, the durability of this popular Fostoria crystal-ware pattern.

It is designed for those who are sympathetic to the charming traditions of the early American vogue; an authentic interpretation of colonial simplicity. "American" is a pattern that one never grows tired of. Its crystal gleam displays luxurious taste on any table. Its occasional pieces are shining proof that regal beauty need not be expensive. In fact, some "American" pieces cost as little as 50c each. Come in to see our displays. There are many items for your selection. You will be proud to give "American" to your nearest kin or to your best friends.

Initiated into Order of the Boot

Pappy Johnny Powell on Monday the 14th called at the Herald office and conferred the degree of the "Ancient and Honorable Order of the Boot" on Mrs. A. J. Stricklin, presenting her with a lovely hand carved miniature cowboy boot in form of a pendant, made of cedar, highly polished with inlays of hearts and diamonds.

Pappy Johnny has quite a collection of hand carvings he has made of mesquite and other wood, also things made of nuts and kernels of fruits. He is quite an artist in this line as well as one of the best taxidermists in this section of the state and is always busy on one or the other of his hobbies. He has done taxidermist work for sportsmen in several of the adjoining states and in Texas Tech college.

1ST PRESBYTERIAN CHURCH

Fred A. Walker, Pastor.

Sunday School 10:00 o'clock
Morning Worship 11:00 o'clock
Evening Worship 7:30 o'clock

Subjects for the sermon Sunday are "Contrary Winds", and "Losing and Finding." You are invited to all services.

The Women's Missionary Society met on Monday at the church. The men of the church enjoyed a Fellowship Dinner last Wednesday. Brother Hanks was our guest speaker.

BAPTIST CHURCH

There is still sickness in many homes but more than three hundred registered for the Sunday School hour last Sunday and one hundred per cent class, which is unusual. The grade of each class should be shown clearly each time as an incentive to better work as improvement is never accidental.

The W. M. U. reports 26 to have finished the mission book, "Give Ye Them to Eat" and the study of this book precedes the week of prayer for home missions. There will be a catch up class for those who desire to finish the book which requires three hours time and Mrs. Auburg can give the information. The women meet next Monday 3 p. m. in circles for their industrial day. The Blanche Rose Walker, with Mrs. C. E. Ross, and Lockett, with Mrs. Jess Smith and others to be announced Sunday morning.

An interesting meeting of men from several churches met Monday, 7:30 at the high school building at the call of the District missionary, Mr. Huff, when several matters of interest to the men were discussed and they adjourned to meet again 7:30, Friday of this week. All men are invited and urged to attend this meeting. The duties of deacons and what should be done with them when they fail or refuse to carry the responsibilities of their office? Missionary Huff desires to see men take their places in Christ's church after the apostolic manner and you will be well repaid for your attendance.

Much progress is being made in the new building and additional cash is now needed to keep the work in progress as cash on hand is all required for material, and the payroll is heavy each week. The shingles not yet arrived will take \$2100 and many other items and these things are mentioned that money promised may be paid and that others who have waited to see if the building would be built may now decide to help.

Especially do we urge people not now in attendance at other churches to be with us as we are endeavoring to do a great work to honor Christ and your welcome will be cordial here.

The regular meeting of the

BURNETT-PARKER RITES READ WEDNESDAY NIGHT

A ceremony that came as a surprise to their many friends was solemnized at the Baptist parsonage Wednesday evening, when Miss Shirley Burnett of this city and Homer Parker of O'Donnell were married.

Mrs. Parker is the accomplished daughter of Mr. and Mrs. John Burnett and for the past several months has been city hostess to newcomers to Brownfield.

Mr. Parker is the son of Sheriff and Mrs. B. L. Parker of Tahoka, Texas.

The young couple will make their home in O'Donnell, where Mr. Parker is employed by the O'Donnell Implement Co.

MAIDS AND MATRONS HAVE LUNCHEON TO HONOR DISTRICT PRESIDENT

The Maids and Matrons and the Junior Maids and Matrons clubs honored Mrs. J. M. Rutherford, president of the 7th district Texas Women's Federated clubs, of Childress with a luncheon Wednesday at the Brownfield Hotel Coffee Shop. Huge red Valentine hearts and red candles were attractively arranged on the table and cupid in candy hearts were place cards. Mrs. L. M. Wingard was hostess for the occasion.

Mrs. Ruth Moore, president of the senior organization introduced Mrs. Rutherford who spoke on Club Women in America and in Foreign countries and their work. Following her talk a round table discussion of club work was held. Mrs. Pat Patterson, president of the Junior Maids and Matrons expressed the club's appreciation for Mrs. Rutherford's visit.

Miss Gertrude Rasco played two miramba selections which were greatly enjoyed. There were 46 ladies present.

BIRTHDAY PARTY

Jacqueline Thompson, daughter of Mr. and Mrs. H. B. Thompson entertained at her home on East Cardwell Street. Celebrating her fifteenth birthday. Various games were enjoyed throughout the evening and prizes were won in "Find the Sweets", by Bobbie V. Bowers and Tommy Hicks, and Charlotte Dial and M. J. Craig Jr. Pimiento cheese sandwiches, tuna fish salad, hot chocolate, cake and heart favors were served to the following: Bobbie Virginia Bowers, Tommy Hicks, Emma Jean Coleman, Helen Gillham, Deverelle Lewis, Cecil Ross Smith, Claudie Gore, Larry Phillips, Lyndal Odell Reed, Vernyl Patterson, Billy Phillips, Travis Pharr, LeJune Lincoln, Patsy Ruth Ruth Lewis, Harold Simms, Ted Greenfield and the honoree, Jacqueline Thompson.

BRIDGE PARTY

Miss Evelyn Jones entertained with a bridge party in her mother's home Wednesday afternoon.

Miss Irma Smith won high score and Miss Wanda Graham second high.

Refreshments of tuna sandwiches and coca cola were served to the following guests: Mmes. Paul Jones, Harold Carpenter, Otis Moore, Richard Ferguson and Misses Wanda Graham, Ethelda May and Irma Smith.

SOME ARE INTERESTED

In checking the lists of the entries in the Interscholastic League activities so far, we find that quite a few of the Brownfield High Students are interested, ambitious and are entering as contestants in the following activities:

In Declamation with Miss Edwards as coach, 14 are entering; in typing with Mr. McBrayer as coach, six are entering; in ready writers with Miss Fields as coach 3 are entered. More will enter next week, they have said.
In Arithmetic 2 have entered, with Miss Montgomery as coach. In Choral singing with Miss Daugherty as coach, 34 have entered. In spelling with Mrs. McCooke as coach, 13 have entered. In one-act play with Miss Tittle as coach, 14 have entered.
25 have entered in track and field.
There are 74 boys coming out for base ball. 27 are playing tennis, and 24 out for volley ball.
There are 12 girls now coming out for baseball and others to come out next week.

VALUE OF PUBLIC SPEAKING

By Minnie Lee Walton

Since the purpose of speech is to convey a message, it is necessary to learn to speak correctly in order to win the desired response from your audience or from the person with whom you are conversing. One of the best ways to gain this ability is to take a speech course which may do any number of things to help you, if you are willing to cooperate with your teacher.

Some objects of this course are to give you social ease and poise, to help you talk more easily with others, to give you self-assurance while speaking before an audience and to rid you of stage fright. Perhaps the last object is the most important, because when that is mastered, the others are comparatively easy. To conquer stage-fright, you must gain self-assurance and confidence. This may and can be overcome by knowing your speech well, having a large variety of words at your command, and using your will power. All these things and others are important in speaking. You can readily see the value of good speech when you realize that it is important not only in the classroom, but also in business, social and political circles of life.

BAND MOTHERS ENTERTAIN BAND

By Emogene Fitzgerald

The members of the high school band and some of their guests were entertained by the band mothers who gave them a banquet Friday night, February 9, at Terry's White Kitchen. The program was as follows: Eddie Helms was master of ceremonies. The opening number, "America" was sung by all attending, and that was followed by the Invocation by Ray Elliott. A welcome speech was made by Mrs. Miller, president of the Band Mothers' Club, and a response by Bobbie Virginia Bowers. The band members and directors were introduced, and the speaker of the evening was Prof. D. O. Wiley, the Texas Tech band director. The closing number, "Beautiful Texas" was sung by all present.
The menu consisted of fruit cocktail, turkey and dressing, potatoes and peas, valentine salad, ice cream and angel food cake.
The table was centered with flowers surrounded with red hearts and the place cards were attractive valentines of drummers. About 50 were present and enjoyed the banquet very much.

WHY WE PLAY FOOTBALL

Football is an American sport or game for the benefit of youth. This game promotes citizenship and team work, and helps to build your body physically, and mentally. Therefore you may see the opportunities that football provides for you, and you, and you can and may realize what it will mean for you in the future. But every boy does not have the opportunity, to play and to profit by football, because of some minor defect of the body which may hinder him. Then he has to play in the band or do something else. So for the benefit of those who have played football by all means do not rate yourselves above others. I do not remember who the poet of this saying was, but you may have heard it more than once. May I remind you of it? "What you are speaks so long as I can not hear what you say."
