W. B. Martin, re-election.
J. L. (Lee) Lyon
- FOR CONSTABLE PRE. 1**
Luther Jones
- FOR JUSTICE OF THE PEACE**
J. W. Oliver, re-election.

FOR CITY OFFICES
We are authorized to announce the following candidates for city offices of the City of Brownfield, for the election on the first Tuesday in April, 1940.
FOR MAYOR, City of Brownfield
Clyde C. Coleman, re-election.

Down in old Fisher county, the newspaper have laid a trap to catch all the candidates who patronize the "mail order" printers for their cards. Many times solicitors will tell candidates they can deliver a whole routine of votes for his card order, when as a matter of fact, they may not have a vote themselves. The Fisher county printers will put this on all the cards they strike: "Printed in Fisher County." Local printers in all counties should adopt the same rule.

We find that we are going to have to restrict some of the candidates for district offices on the amount of their propoganda in order to be fair and just to their opponents. One in particular seems to have a "journalistic student" press agent who not only sends in a column or two each week on the comings and goings of his boss, but lays out our headlines "neverthing." As long as we have to meet the bills and payroll of this sheet, we suggest to the young Horace Greeleys that they let us write headlines as we wish.

The Herald learns with regrets the passing of H. C. Crie, of Albuquerque, N. M. Mr. Crie began the publication of the Lynn County News at Tahoka a few months

before the birth of the Terry County Voice, at Gomez, predecessor of the Terry County Herald, and was editor and publisher of the News 31 years ago, when we came to Terry county, which was then our nearest newspaper to swap shop talk with. Later he sold out to R. B. Haynes, who in turn sold to E. I. Hill, who has published the News for the past 20 years.

Editor Hill of the Lynn County News says tobacco is a filthy weed, so we suppose all who use it are filthy. Tobacco is just a vegetable of the narcotic order like lettuce, only stronger, and seems to be harmless to most persons. It can be used decently or otherwise, just as Popeye sometimes eats his spinach. Indeed we have seen some persons in our time that we believe the odor of tobacco would have improved their breath. However, Hill's tirade reminds us of an old friend back in Tennessee, who all of his life had fought tobacco and snuff. Late in life he put in a large country store, and informed his customers, "Gentlemen, I have a good stock of all the favorite brands of tobacco and snuff." Just owing to whose ox is gnored.

Governor O'Daniel is quite a David Harum when it comes to Politics. Naturally he would not desecrate the Sabbath by making a political announcement on his Sunday morning broadcast. But he can tell his listeners about the letters which he has received from Texas citizens asking him to run for a second term, and tell how much he enjoys getting such letters. Of course his listeners would not write political letters on Sunday, but the Governor and his listeners can suppose that it is Monday when they write, and all will be fine and lovely. In the meanwhile giving the other politicians blistering hell on Sunday is a most charitable act on the part of the Governor.—Canyon News.

We hate to jump on Eee Eye Hill twice in one issue, but he was palvering about corn and what could be made from it in his own "colyum" last week, and mentioned some of the corn states, and backfired about Terry's corn crop, and mentioned the writer as the braggadocio of the crop over here. Well, Eee Eye, since the borers struck this our corn acreage and yield has been on the toboggan, and this year not more than 250,000 bushels has been sold on the local market, where a few years ago, a million bushels (that's some corn even in west Texas) was the average crop. Many farmers have at least temporarily quit trying to raise corn, until the borers are under control. As to the makings, there has been little cornfield licker offered on the market here since 18th amendment days. The officers have not brought in a home made "still" in years that we know of.

Every once in a while we thank God for the Constitution and the statute book. Under the law of the state, the Board of Control cannot fire employees of the state who are hired for a definite term, and the Board cannot extend its control beyond the head of any department for the purpose of removing those the members dislike or wish to remove for the purpose of giving jobs to friends. The constitution provides that appointed employees of the state may be removed only thru impeachment charges that is right and in order, and the Board of Control should not be so presumptuous as to believe that it could fire heads of departments by hatched up schemes. The second instance, if this board could fire state employees out of any department without the permission of the heads of these departments, then the axe would be on the neck of every person connected with the state government, and the will of any two members of the Board could cut off their heads. This O'Daniel board showed no respect for the constitution or for statutory law in its determination to replace state employees with those of its own selection.—Canyon News.

Actually seen after the snowstorm: Dr. Alfred Daniell of the local hospital, next door to the Herald office, clearing his sidewalks of snow. When asked the wherefore, he merely patted his tummy, which like our own, is pooching out a bit. Hence the vigorous exercise.

Mr. and Mrs. J. B. Huckabee were Lubbock visitors, Sunday.

POOL

There was not much visiting in our community this week, as nearly everyone was snowbound. There are still some people on the sick list but everyone is better now.
Mr. and Mrs. W. C. Aldridge and family spent Sunday with Mr. and Mrs. S. V. Newsom and family.
Mr. and Mrs. H. C. Zorns and family, also Dorothy Dean Newsom and Geneva Aldridge visited in the Trussell home, Sunday.
Wanda Faye Aldridge spent Sunday with Melba Jo Waters.
Mrs. S. V. Newsom gave a social for the Epworth League, Tuesday night. All attending reported a good time.
Frank Cave of Plainview was here Monday, looking after business interests. He recently purchased his brother Clyde Cave's interest in the Cave Variety and is now sole owner of the store.

PLAINS

Frank Ferrell and W. B. McAllister visited in Abilene over the week end.
We are glad to report that Ralph McClellan is doing fine.
Mrs. V. L. Wheeler and children of Odessa visited in the J. H. Morris home, last week end.
Rev. Morrison filled his regular appointment at the Methodist church Sunday and Sunday night.
Mrs. W. L. McClellan is on the sick list this week.
A large crowd enjoyed the ball game played last Thursday night by the House of David and the Plains boys.
J. H. Morris and J. S. Webber spent a few days in Plainview last week, visiting Mr. and Mrs. Sanford Webber.
Mrs. Mosier and sons, James and Bennie Martin of Pleasant Hill, visited their daughter and sister Mrs. Jesse Criswell, Saturday night.
Mr. and Mrs. Roy Elmore and Mrs. John Smith and children of

MRS. W. A. TITTLE
LOSES MOTHER
Mrs. W. A. Tittle received word that her mother, Mrs. J. M. Reeves had passed away Friday morning at 3 o'clock at her home in Knox City, following a two weeks illness. She was 79 years old. Funeral services were held in Merkel at the Baptist church Saturday afternoon. Mr. and Mrs. Tittle and son Alfred Tittle attended the services.
Fred Smith was called to Hollis Oklahoma Monday because of the serious illness of his sister, Miss May Smith who is suffering from intestinal flu.
Gene Kessinger, of Corsicana, visited his aunt, Mrs. G. S. Webber and Mr. Webber this week.
Mr. and Mrs. Wendell Smith of Lubbock spent the past week end here with his parents, Mr. and Mrs. Fred Smith.
Seagraves, were visiting in Plains Sunday afternoon.

West Texas Teachers Meet At Plainview

"Measuring and Evaluating Educational Methods in Texas" is the convention theme of the meeting of the West Texas Teachers Association which is to be held in Plainview on March 8 and 9. With the completion of the program, Dr. W. B. Irvin, superintendent of the Lubbock schools and president of the association, is urging all teachers and administrators of this section to make plans to attend the meeting and make it the largest in the history of the association. Teachers from 25 counties will attend the meeting. Counties making up District Four of the Texas Teachers association are: Andrews, Bailey, Cochran, Cottle, Crosby, Dawson, Dickens, Floyd, Gaines, Garza, Hale, Hockley, Howard, Kent, King, Lamb, Lubbock, Lynn, Martin, Mitchell, Motley, Stonewall, Terry, and Yoakum.
General session speakers for the convention include Dr. Willis A. Sutton, superintendent of schools, Atlanta, Georgia; Dr. Clair V. Mann, professor engineering drawing, Missouri School of Mines and Metallurgy, Rolla, Missouri; Mr. Donald McKay, president of Eastern New Mexico Junior College, New Mexico; and Dr. J. L. Henderson, professor of education at the University of Texas.

Death Takes a Real Old Timer

Grandpa L. T. Baldwin, 94, a real pioneer of at least four states, passed to the great Beyond last Friday night at 7:25. Grandpa Baldwin was born in the state of Ohio, but migrated to Illinois as we understand in young manhood, and thence to Missouri, where his family was reared, and from thence to New Mexico, and to Terry county in 1917, settling soon thereafter in the Forrester community.
Many years ago, his wife passed on, and since coming here, made his home with his son W. J. and family, until his death in 1938, and since then with his son's wife. While the infirmities of age have been creeping on him for many years, he was quite active, many times starting to walk the 12 miles to Brownfield, but has for several weeks been confined to his bed, as had a slight stroke.
Grandpa was a member of the First Christian church. Funeral services were conducted at the Forrester Methodist church, Monday afternoon by the pastor, Rev. Marston. Burial in the Forrester cemetery with Brownfield Funeral Home in charge. Survivors are, A. R., E. A., sons; Mrs. W. J. and Mrs. T. D. Baldwin, daughters-in-law, and Mrs. D. F. Mathis and Mrs. Bertha Lindley, daughters.

Only the following birds are unprotected by law in Texas: English sparrows, crows, ravens, vultures or buzzards, rice birds, roadrunners, goshawk, Cooper hawk or blue darter, sharpshinned hawk, duck-hawk, jaybirds, sapsuckers, black-birds, starling, woodpeckers, butcher birds or shrike and the great horned owl. Canaries and parrots, as domestic pets, are unprotected.
Coyotes are now found in nine eastern states.

THINKS AMERICAN IDEA NEARER RIGHT

LUBBOCK, Feb. 20.—Americans are interested in formation of character, while European schools are preoccupied with culture, says Dr. Ezio Levi D'Ancona, visiting foreign language professor at Texas Technological college. He is a member of the University of Naples faculty.
"Education here is not measured by the books a man owns but by his personality," Dr. D'Ancona said. "American education has the old idea of fitting a man for public life while in Europe there is too much specialization; it has its value but a man is likely to think only of his specialty and lose sight of the relations and contacts with of the relations and contacts with

New Arrivals Daily in Men's Department
THE HUB DEPARTMENT STORE

Spencer Kendrick and Richard Kendrick were in Lubbock on business, Tuesday.

Marshall Scudday of Denver City was a business visitor here, Monday.

Sewell Dean has moved from the Wellman section to the Willow Wells community.

Mrs. Sam Tankersley is having the Herald sent to her mother at Beaumont, Texas.

Conoco Ads to Help Service Station Men

PONCA CITY, Okla., Feb. 13.—“Newspaper advertising to assist the local bulk plant and service station operator constitutes by far the greatest single item in Continental Oil Company's 1946 advertising budget,” A. J. Rabe, Continental advertising manager, said here today.

“Continental's entire campaign is designed this year to help the local distributor of Conoco products to increase his business.

“Although the campaign will include almost every kind of successful advertising medium, our unusually successful marketing record last year, when newspapers formed the backbone of our campaign, was largely responsible for the bulk of our very large budget being spent for newspaper advertising.

“Small town newspapers, incidentally, will share in this plan as extensively as the larger metropolitan dailies. The campaign will include more than 1,300 papers throughout the United States and is expected to reach more than 33,000,000 readers.

“As in the past, this year's campaign will be devoted to Conoco Bronz-z-z Gasoline and Conoco Germ Processed Oil, and all advertising will be done in the name of the company's local “mileage merchants.”

Mrs. R. P. Carruth of the Pleasant Valley section, was in shopping, Tuesday.

Mrs. J. H. Ticer and son Eugene, of the Lahey community, were visitors at the Herald office, Wed.

The many friends of Warner Hayhurst in this county, will probably be surprised as well as pleased that he has offered as a candidate of Precinct No. 1, Yoakum county, which is the southeast precinct. We note that lawyers and others of Denver City will mix it with the county seat this year on county candidates, one already being out for County Judge.

CARD OF THANKS

We take this means of thanking our neighbors and friends for their help and words of sympathy during the last illness and death of our beloved husband, father and grandfather. Also for floral offerings. May God bless each of you.

Sincerely,
Mrs. J. W. Lasiter, children and Grandchildren.

We neglected to mention last week that J. E. Harred of the Union community, had the Herald and Farm News sent to his father, T. J. Harred, who now resides at Elkins, Arkansas.

WE WANT YOU TO FEEL AT HOME wherever good beer is sold

The Brewing Industry realizes that decent, respectable people prefer to patronize decent, inviting places.

And we agree with them.

That is why we are taking action—in cooperation with law enforcement authorities—to “clean-up or close-up” beer retail establishments that disobey the law or permit anti-social conditions. To do this we have instituted a new

self-regulation plan now in operation in a few states and being extended as rapidly as possible.

We think you will be interested in knowing something about this program. May we tell you about it in an interesting free booklet?

Write to the United Brewers Industrial Foundation, 19 East 40th Street, New York, N. Y.

BEER...a beverage of moderation

MRS. TOM HOWARD HAS MAJOR OPERATON

Mrs. Tom Howard of north of town underwent major surgery last week and her many friends will be pleased to hear she is doing nicely.

WHEN FIRE ENGINES PASS

Few of us ever get over that juvenile urge to follow the fire engines. It's a thrill to hear the sirens, and see the great red wagons clang by.

But that thrill wouldn't last long if the fire engines led to your house, and you found it in flames. And the surge of excitement would die an early death if the fire razed the factory or store in which you worked.

Every fire, great or small, brings trouble to some one. And a high percentage of fires leave stark tragedy in their wake—loss of life, loss of employment, loss of possessions which never can be replaced. There are no mitigating qualities in fire. It is the great destroyer.

More than that, the effects of fire are exceedingly widespread. A fire of which you never heard may deprive you of an opportunity for doing business. It may raise

Travis Bynum and family have moved to Cove, Arkansas, from their former Arkansas address, and want the Herald changed. Sure do like there and Travis says bring the Mrs. this summer and we can fish and bathe in his “crick” Will we need a bathing suit?

Mr. and Mrs. T. H. Anderson left Tuesday for Lubbock to make their home. Mr. Anderson has been with the local highway department. Mr. Ogle of Lamesa has arrived here to fill the place left vacant by Mr. Anderson's transfer.

Mr. and Mrs. Clovis Kendrick, Mrs. R. M. Kendrick, and Mrs. Wilson Collins visited in Big Spring, Thursday.

Mrs. I. M. Bailey and Mrs. John R. Turner were in Lubbock, Wednesday night to hear Gladys Swarthout sing.

Well, Folks:

Did you know that there are only three reasons why people buy Life Insurance? First, to build a cash reserve for use in case of financial difficulty.

Second, to provide an income to family in case they do not live long enough.

Third, to provide an income for themselves in case they live too long.

When you think of Insurance think of—

NEW LYNN COUNTY BUILDING FOR COUNTY OFFICES

TAHOCA, Feb. 10.—Contract was let by the commissioners court to Higginbotham-Bartlett Co., for an extension of the former Security State Bank building which the county bought some months ago.

Extension will be 26 feet long by 25 feet wide. It will be of the same design as the original building. Contract price was \$5,049.50.

When completed the county extension and AAA set-up will be moved into it. Farm Security administration and other government agencies will be located in it also.

DeWitt L. Knapp, Lubbock architect, drew plans.

STATE FINAL FOOTBALL EARNINGS

The State final high school football game between Waco and Lubbock at Dallas, December 30th, drew a gate of \$22,055.50. This represented a paid attendance of 18,832. Total attendance was around 21,000. Each team received \$10,158.

Nearly 50,000 Visit Road Builders Meet

Washington, D. C.—The 37th annual Convention and Road Show of the American Road Builders' Association, recently held in Chicago's International Amphitheater, was, in the words of association Engineer-Director Charles M. Upham, "the largest and most significantly successful in association history." The conclave attracted 47,300 delegates from 48 states and 36 foreign countries. Approximately 300 exhibits of road-building machinery and materials, valued at \$5,000,000 were on display. It required 600 freight cars to bring these exhibits to their destination.

Hal G. Sours, assistant director and chief engineer of the Ohio department of highways, was unanimously elected president for the next two years. He will take office at the May business meeting in Washington, D. C.

The American Road Builders' Association convention resolved that all highway-user taxes, except normal exemptions, be used for highway purposes; that Congress be petitioned to make financial provisions in 1940 to begin the development of a system of national Interregional highways; that Congress be urged, at this session, to enact legislation authorizing such assistance, upon appropriate application through the Reconstruction Finance Corporation and the Public Roads Administration for securing necessary land by or for the state highway departments, representing "the states, counties and municipalities, under appropriate agreements that will assure repayment to the federal government over a long period of years, and the endorsement of the plan presented by Louis Montes De Oca, president of the Pan-American Division of the association and director-general of the Bank of Mexico for financing the completion of the Pan-American Highway. Senor De Oca proposed the immediate flotation of bonds by an international bank to bear the cost of the highway's construction.

Sales as a direct result of the Road Show were officially estimated as surpassing \$10,000,000.

Typhus Fever—Its Cause

AUSTIN, Feb. 13.—Typhus fever, transmitted to humans by the common rat flea, showed increase in prevalence to 538 cases in 1939 over the 497 cases previously reported to the State Department of Health during 1938, according to Dr. Geo. W. Cox, State Health Officer.

"Old World typhus fever has a high death rate, while the type we have in Texas (endemic typhus) sometimes called Brill's disease, has a much lower mortality rate. The incidence of typhus in Texas is highest among those persons who work or live in rat-infested buildings. It was the observation of this fact that led to the discovery that rats are carriers of typhus. It appears that the rat suffers attacks of this form of typhus fever and that the fleas harbored by the sick rat bite man and thus human infection results.

"Aside from the public health problem caused by rats, it has been estimated that the rodents annually cause twelve to fifteen million dollars worth of damage to Texas property.

"Although typhus is not commonly fatal, it cannot be considered lightly. Typhus fever generates intense headache, high fever, and great mental depression in the average patient. As in sea sickness, the patient's greatest fear is that he is not going to die. The illness generally lasts about two weeks.

"Control of typhus is made difficult, since it depends upon extermination of rodents, and that is no easy matter. Trapping and poisoning help, but the best results are obtained by starving the rat. This can be done by having all buildings in an area where food is stored, rat-proofed. The State Department of Health and the U. S. Department of Agriculture will be glad to assist the various communities in their program for the extermination of the pest."

Members of the deer family such as elk, moose and reindeer have antlers and shed them regularly. Cattle, buffalo and antelope have horns.

Lad Brownfield went to Lansing Michigan this week, to drive home a new car. He purchased an Oldsmobile coupe.

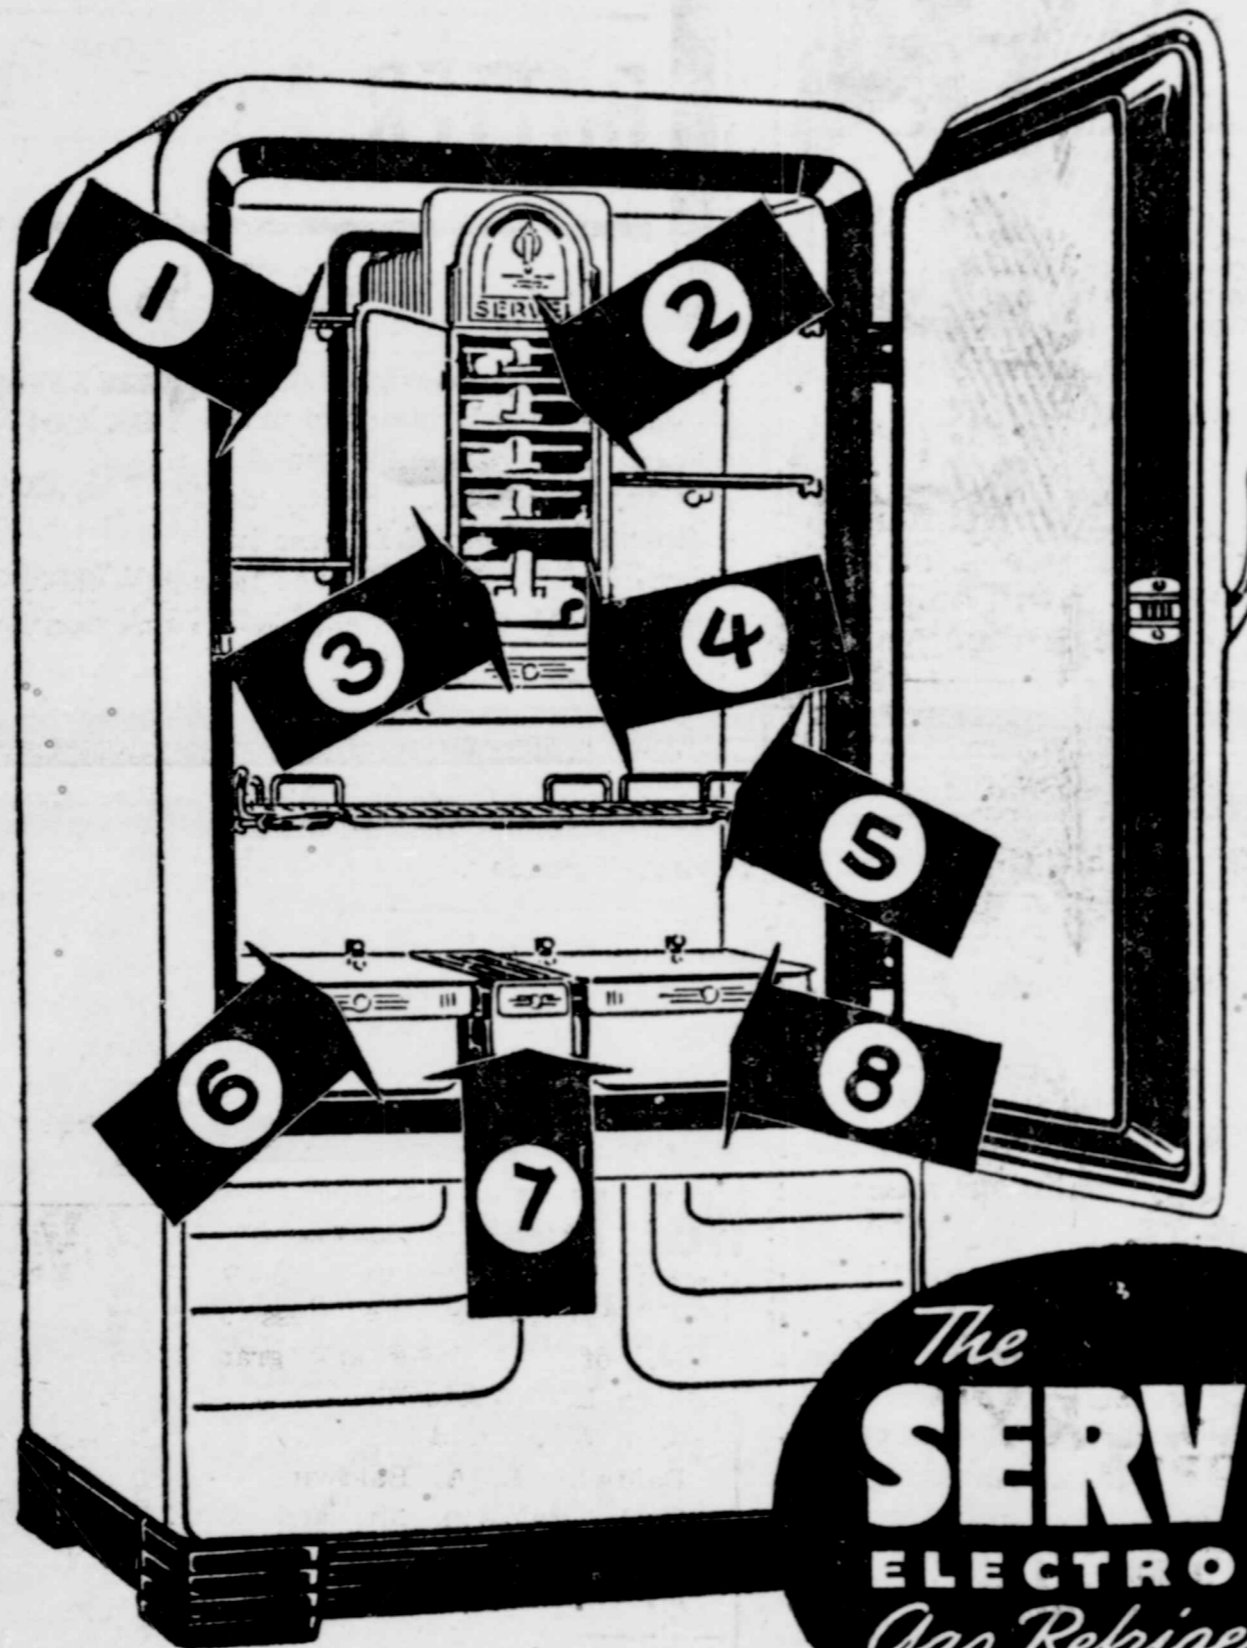

J. B. KNIGHT HARDWARE & FURNITURE CO.

at Brownfield — has "PLENTY TO CROW ABOUT"

Yes, sir, a SOLID CARLOAD! That's a lot of refrigerators. The J. B. Knight Hardware & Furniture Company of Brownfield is unloading a solid carload of the new 1940 Servel Electrolux at Brownfield this week. That's "plenty to crow about!"

And the folks into whose kitchens these beautiful new Servel Electrolux refrigerators will be set—they'll also have "plenty to crow about." For Servel Electrolux is the one really modern refrigerator—the one automatic refrigerator with NO MOVING PARTS in its freezing system. Nothing to wear; to make noise, to cause costly repairs and increased operating cost.

And any home, anywhere, can enjoy it. Servel Electrolux operates on natural gas, butane, bottled gas or kerosene. Visit your Servel Electrolux dealer today. Learn how small a down payment it takes to put one in your home—and how savings can pay for it. But don't put it off—come today!

DRY COLD ... MOIST COLD ... and every modern convenience

According to U. S. Government reports, some foods require moist cold, some dry cold, for proper preservation. Servel gives both! And such a host of conveniences besides!

1. Special storage space, tall bottles.
2. Trigger-release on ice-cube trays; flexible grids release cubes in an instant.
3. Deep tray for ice cream or frozen desserts.
4. Dry or moist meat storage.
5. Three-position sliding shelf; easily moved up or down with a turn of the wrist, even loaded with 30 pounds.
6. Dew-action vegetable fresheners.
7. Handy storage place for eggs.

Evidence that Texas should close the fishing season January 1 instead of March 1 is piling up in the office of the State Game Department. Stomachs of four out of five female fish taken in mid-winter contain eggs.

Aristotle, naturalist and philosopher of ancient Greece, was the first to discuss bird migration.

The incisors, or gnawing teeth of beavers, continue to grow as long as they live to take care of the wear on them. The molars and other teeth do not grow.

Mr. and Mrs. Guthrie Allen were Seagraves visitors Sunday.

Mr. and Mrs. Sam Price of Tahoka, visited relatives here, Wednesday.

Mrs. G. B. McIlroy of Lubbock, recently visited Mrs. Herman Chesshir.

T. B. Woods says his steers that he's feeding three miles east of the city, are coming along real nicely, and will soon be ready for the market.

The eight-year-old son of Mr. and Mrs. R. S. Bearden, is ill of

pneumonia, at the home of Dr. and Mrs. E. C. Davis.

Mrs. John Raymer of Lubbock, has ordered the Herald started up to her address. Mrs. Raymer was among the early settlers here and has many old friends she wishes to keep up with.

W. A. Robbins of Lubbock, special representative of the Western

Reserve Life Insurance Co., of San Angelo, was down last week, making the rounds with Abe Lincoln, local representative.

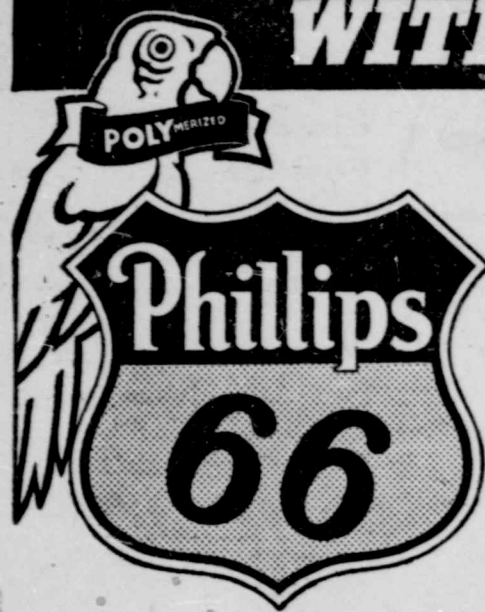

Mrs. Bob McDonald came in Tuesday evening for a visit to her parents, Mr. and Mrs. George Warren. Mrs. Warren and Ima George met Mrs. McDonald at Lubbock.

"My Skin Was Full of Pimples and Blemishes" says Verna S.: "Since using Adlerika the pimples are gone. My skin is smooth and glows with health." Adlerika helps wash BOTH bowels, and relieves temporary constipation that often aggravates bad complexion. E. G. Alexander Drug Co., Palace Drug Store, Nelson-Primm Drug.

Try a Want Ad for Results

Now NEW PHILLIPS 66 gives amazing
EXTRA ANTI-KNOCK
WITHOUT EXTRA COST

HOW fast will your motor start in below-zero weather?

You may never know until you try a tankful of NEW Phillips 66 Poly Gas . . . because this sensational winter gasoline is way out in front for starting icy motors with amazing speed.

This is why. The one quality in gasoline, above all others, upon which speed of starting depends is volatility (or high test). Accurate laboratory research proves that you get more volatility per dollar in Phillips 66 than in any other gasoline.

This extra volatility, so important

for fast starting, costs you nothing extra . . . because Phillips is the WORLD'S LARGEST PRODUCER of natural high test gasoline. And you get extra anti-knock, too, without extra cost. The octane rating of NEW Phillips 66 is so high that it practically gives premium anti-knock performance.

Try a tankful. You won't have to fight the choke or baby the clutch. You will get instant starting every time your toe taps the button. You will quickly feel that dramatic difference which has won for Phillips 66 the ever-increasing patronage of millions of economy-minded motorists.

Phill-up with Phillips for Instant Starting

TWO SAFEST CITIES

Amarillo and Beaumont won the title of the two "Safest Cities in Texas" in 1939. Amarillo's traffic death reduction rate from the previous year was 71.43; Beaumont 66.67.

Red Tudor was a business visitor in Dallas this week.

SI PER CAPITA FOR FIRE LOSS

More than \$1 will be charged against every Texan in 1940 as his or her share of fire losses, Fire Insurance Commissioner Marvin Hall predicted.

your taxes and your insurance rate. It may adversely affect your future life and income.

Here in America fire destroys some \$300,000,000 worth of property directly each year. The indirect loss is estimated at close to \$2,000,000,000. There can be no excuse for that waste, no alibis. Nine fires out of ten are the result of human ignorance, human carelessness, human thoughtlessness. Nine fires out of ten could have been prevented—had some one not failed to take simple precautions that will checkmate most fires.

Think of this next you see fire engines go by or smoke and flames rising from a home or a building. Then ask yourself if fire prevention is worth while.

TRUCK INDUSTRY PAYS MILLIONS IN TAXES

AUSTIN, Feb. 13.—The Texas trucking industry in Texas last year paid taxes in Terry county amounting to \$22,560.55, Lynn B. Shaw, general manager of the Texas Motor Transportation association, reported today.

Shaw said the amount represented \$15,347.02 for highway construction and maintenance, and \$7,213.53 for the public schools of Terry county. For each scholastic in the state, the truckers last year paid \$2.49.

The total amount of taxes paid

W. O. W. LIFE INSURANCE SOCIETY MEETS IN AMARILLO

From all over the state, field men of the Woodmen of the World Life Insurance Society gathered in Amarillo on February 12, to discuss plans for the Society's nationwide "Golden Anniversary" campaign for new members.

The campaign will mark the 50th anniversary of the founding of this great organization, which now has nearly 400,000 members in 48 states. It will run from now until June 6, the anniversary date.

O. S. Decker attended the conclave from this city. The meeting, he said, was under the direction of R. E. Miller, national promotion director of the Society, and Orson Stiles, organization department head, both of Omaha, Neb.

"The Woodmen of the World Life Insurance Society is today the world's strongest fraternal benefit society," he quoted Mr. Miller as saying. "On June 6 we will commemorate the 50th anniversary of its organization, but field representatives even now are embarking on the greatest drive for new members in the history of the Society. Here is a challenge and an opportunity for loyal Woodmen to extend the fraternal services of the Society into additional thousands of American homes." On March 28, all members are invited to attend a log roller's association meeting to be in Seagraves, Texas.

Mr. and Mrs. Jim Graves spent the past week end with her parents near Ninnekah, Okla.

Remodeling and redecorating is now going on at the First National bank. They will have a swell home when the job is finished in the next two or three weeks.

Mrs. M. W. Luna of Plains was the guest of Mrs. John Randall, Wednesday.

in the state by the truck operators during 1939 was \$15,388,004.78.

How To Relieve Bronchitis

Bronchitis, acute or chronic, is an inflammatory condition of the mucous membranes lining the bronchial tubes. Creomulsion goes right to the seat of the trouble to loosen germ laden phlegm, increase secretion and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding that you are to like the way it quickly allays the cough or you are to have your money back.

AROUND THE KAMPUS

The library books in the junior high library have been moved into the senior high library. New shelves have been made in the senior high library and when the chairs and other furniture for the library are installed, we will have a good and adequately equipped library.

Many bus students were unable to attend school Monday on account of some of the roads still being impassable. Wasn't the snow fine? There was still enough of it on the ground to throw snowballs Monday.

Five members of the Tahoka typing team and their instructor came to Brownfield High, Thursday, February 15 to take speed tests with the Brownfield High team composed of Jewell Mack Joyce, Terry Lou Morehead, Louise Mason, Jimmy Green, Lois Chambliss, Troy Marshall, and Joy Lee Gordon. The Brownfield team with Mr. McBrayer as coach will repay the visit to Tahoka next week. The purpose of the visits is to eliminate nervousness before the contests for the county meet.

Isn't the County Interscholastic League going to be at Brownfield the last of March? Why don't the Brownfield High students realize that they do not have always to practice and start to work and get busy? Then the District meet will be just around the corner next week. What kind of a showing is Brownfield going to make, if the contestants don't get busy.

Who is going to see Birch, the master magician, and his company perform Tuesday, February 27? If you don't see that show, you'll miss seeing the vanishing pony, the famous Hindu rope trick, and other thrilling illusions. You'll fail to hear the special music feature, Mable Sperry, the xylophone artist, and other interesting things. The Athletic Council and Lions' Club are sponsoring the show and will appreciate your patronage. You will be entertained. Come!

F. F. A. PROGRESSING

The local chapter of Future Farmers are progressing nicely, although the weather has prohibited any field work. Several members have taken the contour instruments home with them and did some contouring. Most of the contours look very nice, too.

We are going to have an F. F. A. meeting Thursday night at seven o'clock. The meeting will be over at about eight o'clock and all members will go to the gym and have a few games of basket ball or boxing. This will be the ninth meeting of the Chapter.

Mrs. Carl Kitchen, who has been quite ill with bronchial pneumonia, is improving.

Bobby Lewis, Misses Mary Jean Lees, Vondee Lewis and Zeb Moore, of Lubbock, recently spent the week end in Amarillo, visiting Mr. and Mrs. Zeb Moore Sr.

Mrs. R. L. Bowers is entitled to see "RAFFLES"

at RIALTO Fri.-Sat. (pass good for one only)

Kenneth Furr is entitled to pass to see "Taming the West"

at RITZ, Fri.-Sat. (pass good for one only)

SENIOR ACTIVITIES

What are the seniors doing? Don't they know? Where is the senior dignity that is usually apparent about this time of the year? Do the seniors remember that they do not have but three months to finish up their work?

February 15 was the deadline for ordering senior invitations. Are all of the seniors going to need their invitations?

March 4 will be work day for the seniors. Are all going to work? What are they going to give the school this year?

April 19-20 will be the time for the senior trip. Where are they going? Do they know? When will they decide?

On April 25-26 measures for the seniors' caps and gowns will be taken. How many will be sure that they will need caps and gowns?

The senior examinations will begin May 6. How many will be ready? How many will have to be making up their work the last week?

The Baccalaureate sermon will be preached May 12 at 8:00 p. m. and the Commencement exercises will be May 17 at 8:00 p. m. When are the final plans going to be made?

THE B. B. CLUB

The BB club met Friday, February 16. The club was called to order, and reports were given by the chairman of each group. The Good citizens of the week are: Estella Butcher, Winford Shoemaker, Howard McIlroy, Alvis Bradley, and Mildred Irene Hamilton. With Winford Shoemaker in charge of the program Fannie Ruth Vernon and Mildred Irene Hamilton sang "Oh Johnny". Winford Shoemaker and Gerald Perry told jokes.

TRACK NEWS

There are approximately fifteen boys who have signed up for track and more are expected to enter after the basketball season is over. Mr. McCook has charge of the track team. He stated that there would not be any real work outs until the latter part of February, but all should be practicing now. All participants and the contests they plan to enter will be given later.

BASKETBALL IS OVER

One of the best basketball thrills this season in Brownfield was seen Friday, February 16, when "The House of David" played our own boys and some of the ex's and teachers. This was interesting and unusual in basketball. There was a fair crowd present in spite of the bad weather.

SEVENTH GRADE NEWS

The seventh grade is very sorry to lose Dorothy Jean Wylder. She was an active student of Brownfield High and a great favorite of the seventh graders. She has moved to Oklahoma, and we wish her much success in the future.

The seventh graders and all of the friends of Allen Freeman, who was called home Tuesday, February 20, wish to express their sympathy to Allen in the loss of his father who died leaving him young without a father to help him through life.

CITIZENSHIP CLUB MEETS

The Citizenship Club in 5B had a Valentine party February 14, in their room. A very interesting program was rendered by the entire group. When the Valentine box was opened and every one received a bounteous share, after which refreshments were served by Ima Gertrude Akers, Pauline Mullins, Marion Wingerd, and Dorothy Henderson.

The five best citizens elected for this week were: Billy Rowe, Olene Goldston, Buckley Anderus, Jewell Benson, and Clem Bolles.

Mr. and Mrs. Clyde Lewis visited Misses Vondee and El Ray Lewis in Lubbock, Monday.

Elder James F. Black and Mrs. Black were in Abilene this week, to attend Lecture Week at ACC.

Carl Kitchen and Delbert Norris visited relatives in Lorena, Saturday.

Mrs. T. L. Treadaway was in Lubbock, Monday, to attend the Ballet Russe.

Game birds cannot be taken in Texas by use of nets or traps.

Buy Where Millions Are Buying

9,262,068 people bought Used Cars and Used Trucks from Chevrolet Dealers during the last six years.

BROWNFIELD TEXAS

LEAP YEAR CHILDREN

The Brownfield schools have 3 children who might be called Leap Year babies since they were born on the 29th of February.

The oldest of these is Berlon Lincoln, the second son of Mr. and Mrs. C. L. (Abe) Lincoln who was born February 29, 1924 at Ralls, Berlon, who will be 16 is a freshman in high school. He has two brothers and a younger sister. In spite of this being only his fourth birthday, Berlon feels a little elderly for a party, but I imagine he's still young enough to eat a piece of birthday cake.

Then we have two eight-year-old girls whose birthdays are on the 29th. Barbara Nell Harold, the daughter of Hr. and Mrs. Bill Harold who was born in Brownfield. She is the younger of their two daughters and is in Mr. Brewer's second grade room at school. Barbara Nell is planning to celebrate her birthday with a party.

The other girl, who this year celebrated her second real birthday is Nancy Underwood, the

daughter of Mr. and Mrs. R. L. Underwood. Nancy was born in Ardmore, Oklahoma in 1932, and like Barbara Nell she is the younger of their two daughters. She is in Mrs. Fitzgerald's second grade room. Nancy is also planning to have a party with cake, candles, and all the trimmings.

VALENTINE PARTY
Mrs. Rentro's room met in a special class party Wednesday, February 14, and had a Valentine party. The room mothers came. We had a program and the ones participating were: Dwight Moore, Jerrell Price, Cora Brogden, Edwin Bryant, Jack Fitzgerald, Carl Thomas, Elmer Evans and Albert Nicholson. We had a nice time.

Mrs. W. R. McDuffie visited her sister, Mrs. Fred Youree in Lubbock, Wednesday and Thursday.

Mrs. Floyd Copeland and Mrs. Zachary of Meadow, were here Tuesday, to attend the tea given for Mrs. Alton Webb, a recent bride.

Found old Brit Clare hanging around a local grocery where they grind a lot of fresh roasted coffee for customers. Said he likes the odor of fresh roasted and ground coffee Same here, old timer.

A CHECKUP OF SOUTH PLAINS BEET CULTURE
LUBBOCK, Feb. 20.—Final results of sugar beet production in northwest Texas for last season aroused hope that acreage allotment for sugar beets in Texas might be granted by the U. S. government, according to H. M. Bainer, general agricultural agent for the Santa Fe railway company.

Acreage allotment each year of the three-year experiment, conducted by cooperative arrangement among farmers, a national sugar company, county agents and Bainer, has been borrowed from Colorado's allotment since Texas is not recognized by the U. S. Department of Agriculture as a sugar beet state.

Acres harvested last season totaled 101.8; tons harvested numbered 1,036; and sugar content averaged 17.8 per cent. Yield of the Texas Technological college experimental plot of 3.6 acres was 39.55 tons, with an average sugar content of 18.06 per cent.

Durward Moorhead, Miss Winona Price and Mr. and Mrs. Tommy Moorhead of Lubbock, visited Mr. and Mrs. R. M. Moorhead Sunday afternoon.

TWO 160 acre tracts unimproved, well located tight land, \$13.50 per acre, \$400.00 cash, terms on balance.

320 ACRE well improved farm, on pavement five miles from Brownfield, \$25.00 per acre. Possession for 1940. Terms.

180 ACRES Well improved, modern conveniences in house, seven miles from Brownfield, \$30.00 per acre terms. Possession for 1940.

640 ACRES red catclaw land well located unimproved, \$18.75 per acre, terms.

HAVE Several nice residences for sale in Brownfield, priced to sell, also some nice residence lots priced to sell.

BROWNFIELD FRIDAY AND SATURDAY SPECIALS TEXAS

FIGTING THE HONEST WORKER

A strike of shipping clerks on the San Francisco waterfront has just ended. The strike went on for 53 days and cost the clerks and their fellow workers some \$1,400,000 in lost wages.

Just how necessary or justified the strike was is aptly illustrated by a statement made shortly before it way called by Dean Wayne L. Morse, the labor mediator and abiter, who has gained the almost universal respect of both workers and employers for fairness and lack of prejudice. Dean Morse said: "There is not a single issue now pending between the unions and the ship owners that cannot be settled without resorting to strike or lockout." But extremists in union officialdom thought otherwise, and called the strike.

Commenting on the strike, the San Francisco News said, this: "It did the cause of labor and the commerce and reputation of San Francisco incalculable harm . . . 'The men on the waterfront, their wives and children, must be fed up on strikes that get them nowhere . . .

"What San Francisco's waterfront and maritime labor needs is the kind of intelligent management that is enjoyed by many unions throughout the country under seasoned and wise leaders, who know how to get maximum benefits for their members without crippling the industries which provide their livelihood and without damage to the communities in which they live."

When an unjustified strike is called, the working man is the principal loser. Every facility has been provided by governmental and private agencies for arbitrating legitimate industrial disputes. But that doesn't seem to please the labor racketeers, who will go to any ends to keep themselves in power—and their names in the headlines. How long will it be before the working man will realize that the fight of the radicals against employing industry is in reality a fight against his own livelihood and security?

The Passing of J. W. Lasiter

In the passing of J. W. Lasiter, 68, Terry county loses another prominent and highly respected citizen, who always stood for the forward movement of his community, and the county as a whole. The writer has known Mr. Lasiter intimately for the past twenty years, and if we ever had a better friend during that period, we can't remember them.

Mr. Lasiter served a number of years as Commissioner of Precinct No. 3, and was always on hand at his post of duty. Not a dollar was ever spent during his incumbency that he did not think the county and his precinct were getting 100 cents for each dollar spent. He was also a help to his community, the Johnson section, in many ways.

Deceased was born at Joplin, Mo., in 1871, but he lived in north Texas a number of years before coming to Terry county to make his final home. He leaves a wife, three sons, George, Homer and Tom; three daughters, Mrs. C. C. Wardlow, and Mrs. R. D. Helms of Brownfield and Mrs. A. W. Willett, of Bowie, as well as 10 grandchildren and 3 great-grandchildren to mourn his passing. All children were present at the funeral.

Mr. Lasiter was a member of the Baptist church, but as the Baptist church here is under construction, the Methodist church building was used for the funeral, with Rev. Avery Rogers, Baptist pastor officiating. Burial arrangements in Brownfield cemetery under the direction of Brownfield Funeral Home.

FOR BABY'S COMFORT

McGee's Baby Elixir is intended for minor upsets of the stomach and bowels that result from over-eating, improper foods, or temporary over-acidity of the stomach. A bottle of McGee's Baby Elixir costs only 35c.
