Jack Douglas In Race For Legislature

Jack Douglas, vice president and general manager of the South Plains Automotive Club, local affiliation of the American Automobile Association, operating in 59 counties in Texas, announced his candidacy for representative to the Texas Legislature from the 119th District comprised of Gaines, Dawson, Lynn, Terry, Yoakum,

ern University and since his coming to Lubbock, Douglas has been active in business and civic affairs, particularly safety education and driver training in the elementary school system of Texas, as well as a number of colleges where safety efforts were installed through his efforts.

Douglas is the past president of the Lubbock Young Democrat Club.

World's Fair Ambassador

In 1939 Douglas was honored with the distinction of being chosen

Back-to-School Night Entertainment

A combination Back-to-School Night, Exhibit, Political Rally and old fashioned Box Supper, will be held in the Brownfield Public School plant on the night of April 22nd. The high school and west ward buildings will be open to the public at 7:00 p. m. Samples of work done in all departments from the first grade through the eleventh will be on display in those two buildings. All teachers will be present to meet the patrons of the school, get better acquainted with them, and discuss problems for the common good of all school children. At 8:30 p. m. or thereabouts, the crowd will go to the auditorium in the high school building, and all candidates for public office who care to present their platforms for election will be given that opportunity. Candidates who care to take advantage of this occasion, will please register with Eleanor Gillham, President of Student Council in the Brownfield High School, by letter, telephone, or in person before 5:00 p. m. on April 22. She can be reached by telephoning number 157 from 9:00 a. m. until 4:00 p. m. on week days; by telephoning number 23 on Saturday and Sunday, or can be contacted at her desk in the high school on the evening of the 22nd.

Immediately following the political rally, the boxes will be auctioned off. All ladies, young and old, in the entire community are invited and urged to bring a box and participate in this part of the evening's program. Proceeds of the box supper will go to the Student Council and to a fund to improve the libraries in our schools. If you don't care to bring a box, will you bring a book to add to the library, or the price of a new book? An effort is being made to build our libraries in our schools to the standards set by the Southern Association of High Schools and Colleges. The Brownfield High School Parent-Teachers Association has been sponsoring the improvement of library conditions this year and will continue to sponsor this work next year. There will be a booth in the main hall of the high school building, at which all patrons and friends of the school are invited to visit. You are welcome to join the P.-T. A. for next year at that booth on the night of April 22nd. You will have the privilege of voting on next year's officers in the high school organization. A ballot will be prepared for your use with the names of the people who will be recommended to hold office next year by the nominating committee recently appointed by this year's president, Mrs. C. C. Coleman.

All in attendance will have this opportunity to hear the platforms of our candidates for public office. Hop Halsey and his Drug Store Cowboys will be here; all candidates for county, district, and state offices are invited to be on hand. A time limit will be set by the chairman to be determined by the number of candidates to speak.

Mr. W. O. Daniels, advertising man for the West Texas Gas Co., Lubbock, piloted by Herman Heath, local manager, was a pleasant caller at the Herald office last week. Mr. Daniels is trying to line up a real advertising schedule for the company, and was of course contacting users, newspapers and others with that end in view.

Mr. Daniels is of pleasing personality, and we predict will hit on some really worthwhile advertising for the company. He stated that it was their intention to carry at least 400 inches in the Herald this year.

Grapes of Wrath Stars

1939 Texas Traffic Death Map Received

The Herald has received from the Department of Public Safety, Austin, a copy of the 1939 Texas Traffic Death Map. There were 12 counties in the state with over 20 fatal accidents, as follows: Harris county headed the list with 111; next was Dallas county with 97; third, Bexar with 66. Tarrant county had 52, Jefferson, 32, El Paso, 34, Gregg 32. Harrison, Travis, and Nueces each had 26, Hidalgo, 28.

Coming to our own section of the state, Lubbock county had 14, Howard and Midland each 15, Gaines had 3, Dawson 2, Garza 2, Lynn 1, Terry 2, Yoakum 1, Cochran 1, Hockley 4, Crosby, Bailey and Borden each had a white record (no deaths), Lamb 3, Hale 3, Floyd 5. The state, 1583.

The department of Public Safety is doing everything in its power to educate the people in safety measures, in correct driving, and seeing that brakes and tires are in proper condition for quick stops; that in themselves will not cause accidents.

Won't you do your part the rest of this year to keep down as many accidents as possible?

West Texas Gas Co. Advertising Man Here

Mr. W. O. Daniels, advertising man for the West Texas Gas Co., Lubbock, piloted by Herman Heath, local manager, was a pleasant caller at the Herald office last week. Mr. Daniels is trying to line up a real advertising schedule for the company, and was of course contacting users, newspapers and others with that end in view.

Mr. Daniels is of pleasing personality, and we predict will hit on some really worthwhile advertising for the company. He stated that it was their intention to carry at least 400 inches in the Herald this year.

So far as we know, and we are in pretty good position to hear complaints, the West Texas Gas Co., is giving satisfactory service in every way here, and a new company that tries to get a city franchise would receive little encouragement, to our notion.

Muldrow Down Looking After Farms

A. M. Muldrow, of Lubbock, who with two associates own nine sections of land in the Pool section, was in the Herald office the past week end after legal blanks. He informed us that they already had in several hundred acres in farm, and were putting in more as they could get to it.

Mr. Muldrow also stated that he might move to Brownfield as soon as school is out, so that he could be nearer his work of looking after the farms. Anyway, he says that Lubbock is getting to be too much of a city for a country boy.

Mr. Muldrow, who is from Oklahoma, says that Brownfield is large enough for him, having all the city conveniences, and he believed the people next door still knew each other in Brownfield.

Hollis, Okla. Minister Preaches Tonight

James F. Black, local minister of the church of Christ, informed us Tuesday that B. U. Baldwin, of Hollis, Oklahoma, will fill the pulpit here tonight, Friday 19.

Mr. Baldwin is said to be a fine speaker and a rare Bible student and reasoner. You are invited to hear him.

Sewerage Extended Across Railroad

Sewerage extension was made under the Santa Fe tracks on West Broadway recently, in order that the several business institutions over there might enjoy the privileges and advantages of sewer connections.

With the recent building of the cold storage locker plant across the track, it became very necessary to make the extension.

Renewals Are Still Rolling In

We don't know where these Terry county people are finding their dollars, but they have been rolling in at a brisk rate the past two weeks. We thank the following:

Martin Line, M. Simpson, W. P. Brigrance, Roy E. Moore, Kellie Sears, C. A. Stockton, J. D. Roberts, P. B. Brothers, Clyde C. Coleman, H. N. Key, and Sam Pyeatt, city and routes.

N. Bell, Meadow; J. O. Hobbs, Meadow; LeRoy Bingham, Meadow (4 years); W. J. Moss, Meadow (2 years). The following by local people to relatives: Mrs. R. M. Kendrick to sister, Mrs. Scud-dy, Forsan; Mrs. Wilson Collins, to dad Charles Brown, Hickman, N. M.; Collins D. G. to Collins D. G., Lamesa; Kyle Graves to dad at Stephenville; J. B. Knight to dad at Graham; Mrs. Earl Jones to Mrs. B. Tidwell, Quemado; Mrs. L. E. Tankersley and Mrs. Mae Williams, Roswell, and Douglas Jones, Amarillo; Troy Noel to mother, Dublin.

The following out-of-county renewals: Dr. H. A. Castleberry, Ben Wheeler; Mrs. Chas. Randal, Seymour; Ben Hurst, Wellington; James M. Whately, Paducah; Pete Pope, Alvarado; M. L. H. Baze, Monahans; E. G. Alexander, Plainview; Omer Stice, Oakland, California; Frances E. Housman, Akron, Ohio; James F. Hannan, Bladen, Ohio; Honolulu Oil Corporation, Midland.

We still have room for several other dollars from local people or one-fifty to out of area folks. So come on with the coin.

Pontiac Finishes Record 6 Months

In completing the best first six months of any car model year in history, Pontiac Motor Division provided more than one million additional man hours of employment for its factory workers and produced more cars during six months than it did during the entire 1939 model run, according to D. U. Bathrick general sales manager.

Retail deliveries from October 1 to March 31 were 107,849 which is an increase of 50.5 per cent over the 71,668 cars sold during the first six months of the 1939 model year.

Deliveries during March just closed were 21,710 which is 49 per cent above the figure of 14,576 for March 1939 and 48 per cent greater than the 14,661 February deliveries this year.

EYES FRONT!

The nurses in the local hospital had a letter dated the 12th from Mrs. C. L. Lincoln, who is with her son, Berlon, in Baylor hospital at Dallas, where a bone specialist is trying to save Berlon's mangled arm, which was injured in a wringer at a local tailor shop about two months ago. A few extracts from the letter will be of interest to friends here.

The doctor had scraped the bone and taken out all the decayed flesh, irrigated the arm, and gave a blood transfusion. At the time Mrs. Lincoln wrote, Berlon wrote, Berlon seemed to be resting well and had no fever. The arm was draining well. No effort to connect the bones will be made until the flesh heals.

Of course they are kinder lonesome, and a card shower would, we know, be appreciated. In case you wish to write Berlon or his mother, you may do so by addressing "cheering" messages to them at Baylor Hospital, Ward 474, or Mrs. Lincoln's at her apartment house at 3308, Junius St., Dallas.

Is Nominated

Congressman Marvin Jones, for many years representative of the Plains country in the lower house of Congress, last week was nominated to the United States Court of Claims. His confirmation by the Senate is expected. He lately has been chairman of the House Agriculture Committee, and as such has wielded a large influence in shaping agriculture laws of the last few years.

Johnson to Stage Play at Union Tonight

We have been requested to announce that the Johnson P.-T. A. play, "Samantha Rules the Roost" will be staged at Union tonight, Friday 19.

These visiting school people hope to have a good turnout at Union.

Mrs. Gene Warren and children of O'Donnell spent Friday with Mrs. George Warren.

Wildcat Staked in South Terry

New wildcat test for Southwest Terry county has been staked by the Denver Producing and Refining Company of Oklahoma City, it was learned Friday. The firm will drill its No. 1 Ima Lewis, 330 feet from the south and east lines of section 62, block D. D., John H. Gibson survey, 15 miles northwest of the Cedar Lake area in Northeastern Gaines Co., and northeast of the Wasson pool in the same county.

The wildcat, which will be drilled with rotary, is contracted to 5,500 feet, unless production or sulphur water is encountered at a lesser depth.

The new test is nine and one-half miles west and two miles north of the Tide Water Associated Oil Company No. 1 Buckner, section 3, block C-37, psl survey, which is bottomed at 4,442 feet, in lime, waiting for cement to set after recementing split 5% casing.

No tests have been drilled in the vicinity of the Denver location.

Two Other Wells Nearing Completion

Livermore No. 1 Jacobson in Terry county, three-quarters of a mile south & slightly east of Livermore No. 1 Glimp, had drilled to 4,870 feet in lime. It topped the solid lime at 4,220 feet. Tide Water No. 1 Buckner, wildcat on the south line of Terry county, in the southwest quarter of section 3-C37-psl, halted at 4,442 feet in lime and anhydrite for the fourth cementing of a split in 8% inch casing believed to be at around 1,850 feet.

New Tire Firm Doing A Nice Business

Jack Hamilton, of the firm H. R. Wiston-Jack Hamilton Tire Co., was in to see us this week and informed us that they were going right down the line with tire sales of the famous Dayton Tire Line. While this tire may be a bit new in Brownfield, they have been on the market for quite a while, and have established an enviable reputation wherever introduced.

One good thing about this tire is that one need not shell out the entire cash as the purchase price, at once. In fact one has five months in which to pay if they wish, with a very low carrying charge.

Berlon Lincoln Doing Nicely Now

The nurses in the local hospital had a letter dated the 12th from Mrs. C. L. Lincoln, who is with her son, Berlon, in Baylor hospital at Dallas, where a bone specialist is trying to save Berlon's mangled arm, which was injured in a wringer at a local tailor shop about two months ago. Judge Alvin R. Allison Was Here Monday

Judge Alvin R. Allison, of Levelland, our present State Representative, and a candidate for the State Senate to succeed Senator Nelson of Lubbock, was a visitor in our city this week, contacting the voters. While here Mr. Allison was a pleasant caller at the Herald office.

Judge Allison is not making any great or rash promises if elected, but says he will make the people a hand to the very best of his ability. Having served as representative, he believes gives him a lineup with the powers that be at Austin that will help him as senator.

He stated that Mrs. Allison, who was seriously hurt in a car wreck several months ago, when her car got out of control between Lubbock and Levelland, is gradually improving. Their small child was killed in the wreck.

Cochran, Hockley, Crosby and Lubbock Counties. He is the second announced candidate for the district post.

Jack Douglas is well known over the South Plains, having lived in various cities throughout his territory for the past eleven years. According to his national office in Washington, D. C., he has done an outstanding job in building up a very fine membership in the Automobile Club, of more than 3500 members from the time he began pioneering in 1929, and at the present time the Club maintains seven branch offices, besides the one located at 1020 Main St., Lubbock, Texas, and is known to motorists everywhere as the A. A. A.

Douglas' business for the AAA extends over the entire South Plains and his concern for public interest is therefore not confined to any one county or locality and as a legislator he intends to visit and study the needs of each county in the district repeatedly. He is a graduate of Northwest-

ern University and since his coming to Lubbock, Douglas has been active in business and civic affairs, particularly safety education and driver training in the elementary school system of Texas, as well as a number of colleges where safety efforts were installed through his efforts.

Douglas has been active in highway and motor tax legislation through his organization for the past fourteen years in as much as the A. A. A. is the only active representative in legislature both state and national, taking a stand in the interest of the automobile owner.

Interested in District

Mr. Douglas said that he was vitally interested in the district and in as much as he was not depending on the remuneration offered through the office of representative, he will spare no effort in presenting legislation which will be beneficial to the district. He plans to make an active campaign for the office.

Takes Compress Superintendents on Trip

Arch S. Underwood, of Lubbock and Athens, owner of a string of compresses in this section, took all of his superintendents to Houston by train from Lubbock, Sunday, where they will remain until Tuesday this week, as guests of the Houston Compress Co. They are to study warehouse decking and loading methods while there.

They were royally entertained and taken for a boat ride to the San Jacinto battle field park near Houston. A. D. Repp, local compress superintendent, was among those who enjoyed the trip.

Lee Brownfield Starts Building

Lee Brownfield, son of one of our pioneers, A. M. (Dick) Brownfield, and one of our coming young builders, is having the foundation dug this week just east of the Co-op Cream Station on east Main, for a building 25x80 feet.

As we understand it, his brother-in-law, Roy Wingerd, is the contractor, and the building will be rushed to completion as soon as possible. The material will be brick and tile, we understand with a nice front.

We have not learned who the leasee is, but we feel sure that if it is not already leased, it will be by the time the building is completed.

Candidates Invited

All the candidates are cordially invited to a pie supper at the Wellman Gym, next Thursday night at 8:00 o'clock.

Mrs. E. G. Akers and daughter, Tony, plan to leave Saturday for Yuba City, California, for an extended visit with the former's mother, Mrs. Rich Bennett.

We are authorized to announce the following candidates for city offices of the City of Brownfield.
FOR MAYOR, City of Brownfield Clyde C. Coleman, re-election.
Did you know that 20,000 insurance companies, corporations and large farm owners received soil conservation payments of \$1,000 or more each, in 1937? The average payment to 3,750,000 farmers amounted to \$75. The top payment to any one firm was \$257,495.64 to the Metropolitan Life Insurance Co., the King Ranch of Texas received \$112,140.04. More of the AAA money should be diverted from the rich firms and paid to the small farmers.—Big Spring News.

There is plenty evidence on hand that the local Jaycees had a great time at the state meet at Galveston, enjoyed the sessions and their visit to our greatest Texas seaport. And there is plenty evidence that the Junior Chambers of Commerce of Texas found out that there is such a place as Brownfield in West Texas, and that it is an up and going place. El Paso gets the 1941 convention, and an Amarillo man was elected president.

This patient typewriter puncher failed to make the grade in attendance at the Panhandle Press Association for reason best known to us, and not because we did

not want to go. We missed the hearty handshakes of the brethren of the press, their fine programs, as well as their banquets and other hours of fun. We don't even know what happened, who was elected, or where the association will meet next year, as none of the dailies we get mentioned the affair. Guess we'll have to subscribe for the Amarillo daily from now on. This time, however, we'll have to wait till our weekly exchanges come in to find out what really happened.

While we have heard much praise of Postmaster General Farley of late, his graciousness, and never fading smile and general optimism, we have read some pretty severe criticism of his operation of postoffices too, and especially in the smaller cities and towns. This criticism has come, not alone from newspaper editors, but from "People's Columns" in the larger dailies. One of the things he is most criticised for is the closing of the postoffices at noon Saturdays, the day of days when rural people come to town and have business with the postoffice. Many of them state that if it were not for the accommodating drug stores that keep stamps and sell them at cost to customers, it would certainly work a hardship on the people. While some of these critics maintain that it would hurt no one to work six days a week, others say that a half holiday any day other than Saturday would be more acceptable to them.

The waste in stamps and paper each year runs into the millions of dollars for purely propaganda purposes. This propaganda comes not alone from those seeking offices, but from private firms, colleges, schools, and last but not least, our own Uncle Sam, perhaps the worst offender. Some of these days we are going to save all the propaganda that comes to our office in one week, weigh it, and count up the postage, and see just what the waste amounts to. To give you a fair sample, only this week we received two sizable pamphlets from the A. & M. College, one discussing "black tips on rice," and the other, "chemical composition of the grasses in the timber of East Texas." Now, a grammar school boy could tell you that not one grain of rice is raised in this section, and as for East Texas grasses, they are of no more interest to a West Texas farmer or ranchman than a hula hula skirt would be to a Laplander.

In conversation with Supt. Emmett Smith of the Brownfield schools this week, he informed us that a mighty effort was being put forth, and would be continued until the Brownfield schools are recognized or affiliated with the southern colleges and universities. It seems, according to Mr. Smith, that our greatest hindrance toward that aim is an insufficient library, but there are other minor deficiencies. Therefore a series of entertainments and programs are being arranged to make up for the lack of these things. Other towns in the section, including Tahoka, Levelland, and others he mentioned are already affiliated. Mr. Smith hardly hopes to get lined up this semester, but is working toward that end for next term without fail. The first of these programs is announced in this week's issue of the Herald. Read it. Brownfield deserves, and should rank with the best schools of the land. It is not that our pupils don't know what they have to know to go over on entering colleges or universities, but in a way they are handicapped on entrance to them, as compared to students from affiliated schools.

JOHN GARNER

Terry County Herald (Brownfield): Senator Morris Sheppard of Texas, recently spoke for John Nance Garner for the presidential nomination. If there is a person on earth who really knows the qualification of Garner, it is Morris Sheppard, who has worked with him in the national legislature some thirty years. And if there ever was a dry, Senator Sheppard is one, being the author of the Eighteenth Amendment. Yet, he thinks of John Garner as something more than a "poker playing, whiskey drinking, evil old man."

State Press: Senator Sheppard probably knows Mr. Garner as thoroughly as any man in Washington knows him—or any man in Texas, for that matter. Nobody has ever called Senator Sheppard a poker playing, whiskey drinking, evil old man. Nor is it likely the Senator would support for the na-

tion's office any man he knew to be evil. The only serious charge against Mr. Garner is that he is not a young man. How young does a seasoned statesman have to be? Certainly John N. Garner is in full possession of his faculties, and it might be added that he has possession of more faculties than some of those half his age. It isn't likely that Mr. Garner is about being president. It is more likely that he had the courage to avow himself a candidate to meet the challenge of those who wished him ill, who feared him because he had never catered to them. His popularity with his constituents, and the esteem in which they held him, was attested by his repeated reelections. His elevation to the vice-presidency were results of the popularity and confidence which John Garner inspired.

PATRIOTIC SERVICE

Terry County Herald (Brownfield): Gov. Wilbert Lee O'Daniel broadcasts over one of the Mex-

ican stations down on the border that he has so little confidence in the press of the state that he is establishing his own paper. Like Mr. William Randolph Hearst, Editor W. L. Daniel can now interview Gov. Wilbert Lee O'Daniel, weekly, if he likes.

The Governor's estimation of some newspapers probably is about the same as some newspapers' estimation of politicians. Governor O'Daniel is a drastic critic of politicians, but inasmuch as he seems in a fair way to become a politician himself it would be kind of him to begin viewing the despised tribe in a more kindly light. In having a newspaper of his own, the Governor will have certain advantages not vouchsafed to the common run of gentlemen in politics. The Hon. J. E. Ferguson could tell him that, for was not the Farmers' Forum, in its living day, a powerful pillar in support of the Ferguson regime? But running a newspaper is a costly exercise of patriotic urge. Costly even when the contents of same are procured free, gratis and without price. No

experienced journalist envies a public man who owns and edits a personal organ. Unless extremely vigilant he will misquote himself from time to time, or at least print oral statements in amended form. No great harm in that, except that inconsistency is not a virtue. One consolation may be had by any public man who publishes his own house organ—he need have no fear of being compelled to defend himself in a libel suit against himself. If State Press were feeling free to offer advice to any new editor it would be to look for his reward in the consciousness of duty done and country saved.—State Press in Dallas News.

MUST ELECT HARMONIOUS GOVERNOR, LEGISLATURE

"Off Side" by Editor Richards in the Meadow Star often has something really good and wholesome; the following from that column was no exception, and with which we can thoroughly agree:

From the personality side of it, everyone else is after the Governor, and he is after everyone else, including the papers and radios. He is after most of the legislators and most of the legislators are after him.

Persons, when they get ready to pick their man should forget all the fussing and pick the person they think can better carry out the plans and ideas they are in favor of.

We should send some one to the Legislature this time who are men enough to get in there and work for the people, and cooperate with those they must work with, and quit acting like a bunch of kindergarten kids; we should elect representatives and senators who are thinking of the people back home and not of the city slickers at Austin, or about going contrary to some one they do not like.

We should also elect some one as Governor who will get in and work with other state officials, and be a public servant instead of trying to be a dictator over the Legislature and other state departments, and work with them instead of trying to cram something down their throats.

Government officials are like mules, in that they cannot pull while kicking, neither can they kick while pulling.

Mrs. Dell Smith and daughter of Seagraves visited her parents, Mr. and Mrs. R. L. Graves and Mr. and Mrs. W. C. Smith the past week end.

TRUCKERS TO TAKE FIRST AID COURSE

AUSTIN, April 14.—An advanced course in first aid for Texas truck drivers will be offered through the cooperation of the Red Cross, and instructors for the drivers will be available in every city where there is an operator, it was announced today by officers of the Texas Motor Transportation Association.

When drivers complete the first aid course and meet the requirements, they will be allowed to carry first aid kits, wear a Red Cross chevron and display the Red Cross mobile unit first aid marker on their trucks.

BEAVER MAKING COMEBACK?

The Game Department has not planted any beaver in Rusk County, but one was found there during the hunting season. As far as is known, it is the first beaver seen in that section in more than thirty years. The Department is making an investigation to determine whether there are additional beaver in that section. The beaver was found in Marten Creek, which runs into the Sabine River.

MR. AND MRS. ROY HEROD ATTEND FUNERAL OF GRANDMOTHER

Mr. and Mrs. Roy Herod were called to Snyder Monday because of the death of his grandmother, Mrs. Martin.

Mrs. Martin, who had been ill for some time made her home with her daughter, Mrs. M. C. Herod of Snyder. Funeral and burial services were held at Southland.

Mrs. Gus Shi of Stratford, Oklahoma, arrived Monday for a ten days visit with her sister, Mrs. W. C. Smith.

Mr. and Mrs. John L. Cruise and Mr. and Mrs. R. L. Bandy visited Mr. and Mrs. F. L. Ledbetter in Odessa, Sunday.

BAPTIST CHURCH

Our goal of four hundred was not reached in the school Sunday morning as the attendance record showed 370 present, but the teachers are admonished to seek full attendance next Sunday and the goal should be exceeded. All teachers should encourage their classes to remain through the preaching hour, but they cannot do so without remaining themselves. Only two more Sunday services at the school building and we hope to have good attendance at each.

Progress is steady on the building but funds are coming in slow to finish and seat it for which \$4200 more cash should be paid in before we have the first service. There are those who have indicated that they would contribute and have not done so and no doubt others who have not indicated have it in their hearts to have a worthy part in finishing this task successfully.

Five people were received into the fellowship of the church last Sunday, all new people in the city, and we welcome them and invite all Baptists moving in town to make their church home here. Good weather should bring a greatly increased attendance to every service and a warm welcome awaits all visitors.

The W. M. U. will meet next Monday at 3 p. m. in business and mission study and a full attendance will add very much to the interest of that meeting.

PREVENTING MISTAKES

As any insurance expert can tell you, it isn't just the amount of life insurance you carry that matters. The kind you carry is equally, or more important.

And that's the reason arguments in favor of over-the-counter life insurance selling, which would eliminate the commissions paid the agent, fall of their own weight. Not one layman in ten thousand is in a position to select a plan, without expert aid, which gives him maximum protection at minimum costs.

J. O. Gillham, W. E. Latham and C. E. Ross spent the week end at Buchanan Lake near Austin, fishing.

Mrs. Boucher and children of Abilene visited her sister, Mrs. Spencer Kendrick, last week.

G-MAN SAYS CRIMINALS ARE GROWN AT HOME

Criminals, like honest and law-abiding citizens, have no mysterious origin, but are "home grown" charges J. Edgar Hoover, America's No. 1 G-Man, who fixes responsibility for crime within the family circle in his current Rotarian magazine article on juvenile delinquency.

"Character, good or bad, gets its original 'set' at the dinner table, in front of the living-room fire, in the basement workshop or playroom, even perhaps in the woodshed—wherever parents and their children meet, live with one another, react to one another," Hoover tells Rotarian readers. "Very few parents consciously and willfully instill criminal ideas in their youngsters, he says, but criminal tendencies are picked up outside the home because of improper background training."

CHEVROLET'S Exclusive VACUUM-POWER SHIFT

-easiest of all gearshifts to operate...

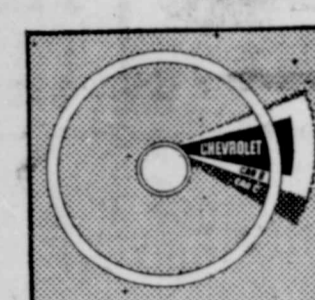

80% Automatic... Only 20% Driver Effort!

because **ITS ACTION IS EASIEST!**

Tests prove Chevrolet's to be the easiest steering column gear shift to operate. Compared with the two cars next in sales, Chevrolet requires only 2.8 ft.-lb. effort, Car B 8.5, Car C 14.8.

because **ITS LEVER AND ITS "THROW" ARE SHORTER**

Chevrolet's lever and its travel or "throw" are the shortest, and that means the quickest shift. Length of Throw: Chevrolet, 4 1/4"; Car B, 7 1/2"; Car C, 10 3/8".

because **IT'S EFFORTLESS IN TRAFFIC**

Stop and Go—Red and Green—Halt! Start! That's traffic. And that's where Chevrolet's easy shifting is appreciated. Vacuum does 80% of the work; only 20% is done by the driver. No tugging, no shoving!

"CHEVROLET'S FIRST AGAIN!"

Eye It... Try It... Buy It

The 1940 Chevrolet gives higher quality at low cost!... Low Prices... Low Operating Costs... Low Upkeep.

Adolphus Judd Passes

An old time Lubbock friend of the writer, A. Judd, 75, passed on last Thursday of a heart stroke at 8 o'clock at the family residence just outside the Lubbock city limits on the Slaton highway. We had known Mr. Judd for thirty years.

Mr. Judd was prominent in Odd Fellow circles, as well as in his church, the Cumberland Presbyterian. He was also a great hand to attend sacred Harp and other singing conventions.

One thing that made our acquaintance closer was the fact that his son married Mrs. Stricklin's youngest full sister. The son was killed in a car-trolley collision back in 1917 at Denver, Colorado.

Mr. Judd's first wife died several years ago, and he then married a Miss Ward, of this city.

Surviving are his wife and small son, two daughters and a son by his first wife.

J. W. Hogue dropped in Tuesday to tell us that he met our mutual friends, the Tom Thompson family while visiting in Houston recently.

Mrs. Walter Gracey is visiting her daughter, Miss Mattie Jo at Stillwater, Oklahoma, where she is a student at Okla. A. & M.

Change now to OIL-PLATING... and "the old gray engine seems more like she used to be"

At birth her cylinder walls were almost like mirrors. The more of that polish you want to keep, the more you want your engine OIL-PLATED by changing now to patented Conoco Germ Processed oil.

OIL-PLATING in your engine, like chrome-plating on bumpers, stays constantly PLATED UP. For an apparently magnet-like attraction comes to Germ Processed oil from its man-made extra ingredient, so that engine parts are surfaced with their close-held shield of OIL-PLATING... drain-proof.

Remaining fully PLATED UP in the highest-speed engines, OIL-PLATING plainly keeps Wear from doing Summer "business as usual." Wear once thrived during starting periods, but now before the starter ever starts, your OIL-PLATED engine is ready-lubricated—a positive step toward preserving the old gray engine... or a new one. OIL-PLATED cylinders long keep the roundness of youth, and that makes your Germ Processed oil keep. Change today—to Your Mileage Merchant's Conoco station. Continental Oil Co.

Trench Silos Becoming Popular Feeding Fad

Back some 35 years ago, a number of steel silos were built in Terry county. These silos cost from \$750 to \$1500 to build, and then the feed was a job to get in and out of them. So, while the farmer, ranchman and feeder liked ensilage, the cost of the silos, and the trouble they gave with elevators and hoists discouraged their use. It was a happy day for the farmer of limited means when some one happened to remember that in preparing for drouths the Egyptians stored feed in the ground, and why won't it work just as well today? They tried it, and its success was a surprise in the cost to prepare, as well as easy access when feeding them started.

However, at that time, no one dreamed that such feed would last as per the seven years drouth in Egypt. But now, it is proven that feed thus stored has kept ten years and longer, and seemingly good and wholesome as the day it was stored. Another score for the ancients under Joseph's direction.

Here in Terry there has been a radical increase in trench silos from year to year. In 1938 there were only 45; by 1939 they had increased to 93, and with those built last summer for 1940 feed. During the same period they have increased in Texas from 9,483 in 1938 to 28,831 in 1940.

Of course it is a bit early to talk trench silos for this coming year, perhaps, but it would be a good plan to ask your neighbor about them, and prepare to get in on the feeding this coming winter. No one will buy a poor animal now days. Two men, C. J. McLeroy and K. Sears came in this week to advertise prime beef ready dressed, if you want to fill your locker. This beef has been fed out by these two gentlemen, and as fine beef as you will get from any packing company and cheaper.

Mrs. Robert Graves and daughter, Mrs. Sol Lockett and small son Robert, of Brownwood, and Mrs. Herman Trigg of Snyder, were guests in the A. J. Stricklin home over the week end. Mr. Graves was up Saturday for the day.

SEMINOLE TO HAVE NEW NEWSPAPER

Seminole is to have another newspaper in a few days. D. L. Watson, of Wister, Okla., has leased a building from J. B. Airhart and printing equipment is being installed this week. Mr. Watson states that his mechanical and editorial crew will arrive in a few days to begin publication of the paper.

The location is in a new building recently constructed on the northeast section of the court house square. A part of the building will house an auto supply store.—Seminole Sentinel.

SCOUTING NEWS

By J. R.
Have you driven by Scout troop 45 headquarters lately? They have improved by planting shrubs, trees, and grass. What used to be more or less a sand dune is now an oasis ascending to the surrounding grounds. We invite you, the citizens of Brownfield, to visit our meetings and to inspect our grounds Tuesday afternoon at 8 o'clock.

We want Brownfield to know that troop 45 is behind you 100 per cent. Are you behind them?

Glamour Girl Wins Screen Test

The secret ambition of every girl was realized by Beryl Ann Longino, Lufkin sophomore at Texas State College for Women, when she was named Denton's Glamour Girl and the winner of a trip to Hollywood, screen test with Warner Brothers, and a three-day visit in the home of Ann Sheridan, Denton movie actress. A tall, slender brunette of 18, Miss Longino is a dramatics student at TSCW and won her title in a contest open to every girl in Denton, including students of the two colleges.

I Give You Texas

By Boyce House

The race for governor has gotten away to a flying start, with W. Lee O'Daniel announcing for re-election one night and dynamic Jerry Sadler meeting the challenge the following night in a speech in which he came out against any form of sales tax (including O'Daniel's transaction tax) because such a levy would tax milk, bread, overalls, gingham dresses and work shoes. Instead, Sadler proposes to finance adequate old age pensions with a tax on natural resources which, the points out, are consumed out of the state to the extent of 80 per cent and, therefore, the tax would almost entirely be paid by people living outside of Texas.

That the campaign will have plenty of action was indicated by Sadler's charge that his opponent wants to set up a dictatorship in Texas as autocratic as Communist Russia, the Railroad Commissioner asserting that O'Daniel wishes virtually to do away with the Legislature by having it composed of "yes-men." Sadler defended Texas newspapers and radio stations, and hitting at his opponent for using a Mexican radio station for Texas voters, predicted that O'Daniel will change his appeal from "Please pass the biscuits" to "Please pass the t-males."

SPRING TRAINING STARTS

Brownfield's football hopefuls were seen in their first preview Monday when the spring training session got under way.

Thirty-one hopefuls reported, among them six starters of last year's line. They are Gene Hill, Lewis Waters, M. J. Akers, Earl Burnett, Bobby Lewis and James Bryan. Other men who are expected to be great assets to the team are Deverelle Lewis, Travis Pharr, Spencer Murphy, Odell Spears, Billy Greenfield, Sonny Walls, Jack Hodges and several others.

The first few days will be devoted to fundamentals and ball handling. Coaches Nooncaster and Tipps are planning frequent scrimmages for their charges, and most work is expected to be accomplished this spring.

FFA ATTENDS CONTEST

By Odell Spears

Several members of the local chapter attended the FFA contest in Tahoka. This contest was held Saturday, March 30. The Brownfield chapter entered in a chapter conduction contest and did very well. This team consisted of Claudie Gore, Bobbie Lewis, La Gene Erwin, Keith Stewart, Mr. Neely, Garland Freeman, Jessie Kelley, Aubrey Jones, Louis Waters and Royace Davidson. Other demonstrative teams from our chapter were also there. Almost every member, who went, entered in some contest.

FOOTBALL

By J. R.

As each football season comes and goes, We look forth to our young heroes. When through a mistake there's a fumble Through the crowd there ripples a rumble. When it comes to the last down And it seems impossible to gain ground, When it seems the line is slack, There's only one solution, you can't Hold a good team back.

Seminole Buzzes With Activity

Seminole, April 6.—First oil is flowing from the Seminole area into adequate storage, and a pipeline of Magnolia nad-Atlantic to a connection with the Atlantic line from Hobbs, N. M., to Midland will be completed this week.

Two ice plants, six lumber yards, five supply houses, four food stores, an electric and tin shop, a newspaper, three machine shops, several filling stations, a new dry goods store are numbered among recent construction completions.

A 17-room apartment house, six news business buildings and six townsite additions are getting attention. Town lot sales are reported brisk, by A. J. Payne, manager of the chamber of commerce.

The Riley and Lindsey additions are restricted and have been approved by FHA.

It is estimated that 100 houses have been built or moved here in the last two months, said Payne.

IF I POSSESSED A STORE

(Swiped).
If I possessed a shop or store, I'd drive the grouchers off my floor.
I'd never let the gloomy guy offend the folks who come to buy.
I'd never keep the boy or clerk With mental toothache at his work Nor let the man who draws my pay Drive customers of mine away.

I'd treat the man who takes my time And spends a nickel or a dime With courtesy and make him feel That I was glad to close the deal.

Because tomorrow (who can tell?) He may want the goods I have to sell

And in that case how glad he'll be To spend his dollars all with me.

The reason people pass one door To patronize another store, Is out because the busier place Has better silks or gloves or lace,

Or lower prices, but lies In pleasant words or smiling eyes. The greatest difference, I believe Is in the treatment folks receive.

VINCENT NEW SANTA FE GENERAL FREIGHT AGENT

The appointment of H. C. Vincent as general freight and passenger agent of the Panhandle & Santa Fe Railway Company, succeeding Elmer B. Johnson, also promoted, was announced today by officials of the Santa Fe System at Chicago. The changes were effective April 1.

Johnson has been head of the freight and passenger department of the P&SF since last September when he arrived in Amarillo to take the post vacated by promotion of M. C. Burton as general freight agent of the Gulf, Colorado & Santa Fe, at Galveston.

Johnson again follows Burton and will assume his post at Galveston, while the latter will go to Topeka as assistant freight traffic manager, succeeding R. G. Merrick, retiring.

Johnson has made many friends among the shippers and traveling public in the few months he has been in the Southwest. He has served with the Santa Fe for approximately 30 years, most of that time with the freight traffic department in California.

CONTESTS IN HOMEMAKING CLASSES FOR DELEGATE TO STATE RALLY

The last eliminations in the homemaking classes were made Wednesday afternoon at the Brownfield High school gym to determine the girls who would win the trip to the State Homemaking Rally which is to be held in Dallas, April 24-27. The girls have been given tests and tryouts along during the year in order to have as near an all-around representative as possible of all the phases of the home making units during the year.

The contests Wednesday afternoon were held to select the winner in the different sewing classes. The first group to model was the third year class. This consisted of afternoon and evening dresses. The first four places in the afternoon dresses were won by Mary Marten, Eleanor Gillham, Katherine Ince and Dorothy Chisholm; Mary Jean Lees won first in the evening dresses and Grace Tarpley second.

The next contest was held for the second year sewing classes. This group consisted of street or sport dresses made of silk or wool materials. The winners from the class this semester were Emma Gene Coleman, Mary Martin, Eldora Lewis, and Minnie Lee Walton. The winners from the class last semester were Martha Dean Jackson, Jimmie Jackson, Virginia Stroup and Jewel Mack Joyce. The ones chosen from the eight winners are as follows: Emma Gene Coleman, first; Mary Martin, second.

The next contest was for the first year sewing class. This group consisted of cotton print school dresses. The winners from the class this semester were Mary Raye Simms, Nedra Jones, Evelyn Seale and Louise Foster. The girls who won places last semester were Reba Wayne Milner, Margaret Howell and Tenny Grouls. The delegates chosen

MEMBER OF OLD TIME FAMILY PASSES

Mrs. Geo. W. Gould, (nee) Jessie Randal, one of the twin Randal sisters, Jessie and Bessie, died suddenly at Ysleta, a suburb of El Paso, Sunday morning. She was the daughter of Mr. and Mrs. Horace Randal, early settlers of Lynn and Terry counties. Her father and daughter, Mrs. J. B. Echert, and Mr. Echert and daughter left for that city immediately after hearing the sad news.

SPECIAL PROGRAM GIVEN

On Tuesday morning, April 16, at assembly, the Spanish 1 class and friends who had had Spanish staged a pageant celebrating Pan-American Day, which was proclaimed by our President to be April 14. The pageant was entitled "Greeting From Pan-America", and each student represented one of the 21 Spanish speaking American countries. The music for and characteristic of each country was played by Minnie Lee Walton, and each student with the name of his or her country and bearing that country's flag came to the front of the stage to tell what that country had contributed to the world. The program was sponsored by Miss Fields, who teaches Spanish.

LAHEY

Tuesday night a shower was given for Mr. and Mrs. Powell, who recently married. They received many nice gifts.

Friday night the club women of the community entertained the community with a carnival and cake walk. Everyone had a nice time.

Mrs. W. T. Briscoe won the quilt top that was given away Friday night.

Rev. L. C. Morrison was unable to be with us Sunday morning but Ray Elliott, a very young man, filled Rev. Morrison's place. It was Bro. Elliott's first sermon and was enjoyed very much.

Those visiting in Malcolm Thomason's home Sunday were Mr. and Mrs. Henry Clark, of Wellman, Misses Winona Thomason, Juanita Green, Robby Cravens, Mavis and Mazie Starnes, Maureen Ticer, Ruby Bently and Mr. Wallace Cox, Deward and Ray Lambeth, "Fat" Hodges and Embury Hulse. Mr. and Mrs. Charlie Roland were visitors in the home of Mr. and Mrs. Horace Fox.

Lebert and Aubrey Thomason and M. L. and Don Blevins visited John and Eugene Ticer, Sunday afternoon.

"Here Comes Charlie". Yes, that's the name of the play scheduled to be given April 26 at Lahey. Come one and all. It's to be presented by the young folks of the community.

LOST—A winsome smile from the handsome face of little Sonny Repp, over the disappearance of his pony, Champ, which strayed away from his home some two weeks ago. If you want to make someone happy and have seen or heard of this horse, please notify his father, A. D. Repp. It's a dark brown mare with black mane and tail, and is the idol of this little boy's heart.

One who has never been absent or tardy at Brownfield High this school term is "Brown" a brown and white spotted half-breed cur dog. Bill Byron Price tells us that the dog belongs to no one in particular, he just loves the boys, who buy him hamburgers or share their lunches. He usually spends the week end with the Lewis boys, Deverelle and Leon.

Most every yard has one or more lilacs in lovely bloom. The thirty-year-old bushes at the home of Mr. and Mrs. W. G. Hardin are a beautiful sight to behold—a half dome of lovely orchid blooms and the bushes cover at least eight sq. feet. Mrs. Redford Smith has some lilacs that she has divided to her friends that were her mother's, the late Mrs. S. A. Daugherty's favorite flower. They grow some two or three feet high and have giant blooms of palest pink into white. These are not in bloom just now but are worth your time to see a little later on.

A very lovely visitor in Brownfield over the week end was Mrs. Beulah Scudday, and while now a grandmother, she has retained that most wonderful of personalities which she has always had since we old timers knew her in high school days. She was accompanied by her very pretty daughter, Mrs. Roy Primm and son, Mickey. They were the guests of Mrs. Scudday's aunt, Mrs. John L. Randal.

In the morning performance of "Gone with the Wind", were seen quite a few men which is "kinda" unusual for Brownfield, as most men seem to think day shows are for women and children. Quite a few people saw the show for the second time and said they enjoyed it the second time as much as the first.

Salesladies in the department stores report many sales to out-of-town customers during the "Gone with the Wind" show at the Rialto Theatre, last week.

STUDENTS ENJOY SANTA FE TRAIN TRIP

110 first grade pupils, accompanied by Mrs. P. R. Cates, Mrs. Emmitt Smith and Mrs. Patterson, primary teachers in the Brownfield school and a number of the mothers of the pupils went by train to Lahey, Wednesday of last week.

The group enjoyed a picnic lunch at noon and made the return trip at 2:30 o'clock in the afternoon. This trip is taken each year by the primary pupils and is greatly enjoyed, many of the students traveling by train for the first time.

The Santa Fe inaugurated this service several years ago and Mr. Harriss, the local agent of the Santa Fe tells us that in each state the Santa Fe extends this service to school children.

FLOWER EXCHANGE A SUCCESS

Hundreds of people visited the flower exchange sponsored by the Maids and Matrons club, on last Saturday in the Randal building. It is hoped that next year will see several thousand more plants donated. The club is truly helping to beautify the county as they have sponsored flower exchanges for years and have had people from the adjoining counties and New Mexico call for plants.

"AMERICAN" by Fostoria

"AMERICAN" FOR GIFTS
So Easy To Give... So Nice To Get

There are many ways to settle your difficult gift problems. But none easier than selecting "American." For here is a crystalline pattern that has fascinated many generations. It sparkled once upon a time in ancestral homes. Recreated, by Fostoria, it sparkles again in modern homes which are sympathetic to colonial traditions. Rightly, "American" has proved to be America's most popular pattern. Its fascination derives from sheer simplicity of design; and its jewel-like capacity for reflecting light and color. You will be proud to give "American" gifts to everyone. Prices are exceedingly attractive; some individual pieces costing as little as 50c each. And, in our displays, you will find a great variety for your selection.

MUSICAL PROGRAMS
Gertrude Rasco will present 3 six-year-old pupils, Murpha Dean Ballard, Scharilyn Daniell and Cynthia Tankersley in private recital at the Venetian Auditorium Wednesday, April 24.

They will play solos, two-piano numbers and a trio. These little tots are quite talented and have done nice work in piano this year. Mr. Adair of the South Plains Music Company of Lubbock, will furnish two lovely pianos for this recital.

Music on Mozart
Later a musicale on Mozart will be given by pupils of Gertrude Rasco's class on the lawn of Mrs. McGowan's home. Time and date will be given later. All pupils are working hard and it is going to be difficult to choose winners of the first and second place medals which are given each year by the Musical Friend, Mrs. J. J. McGowan.

The class and teacher appreciates these lovely rewards and it promotes better work among the students.

TO ATTEND WEDDING

Mr. and Mrs. M. G. Tarpley, Mrs. Bill Gore, Miss Grace Tarpley and Mr. and Mrs. Jack Bailey will leave Friday for Wichita Falls, where they will attend the wedding of Miss Mary Valta Covington and Mr. Robert Rathgaber. It will be held at St. Paul's Lutheran church Sunday evening at 7:30 o'clock.

The bride-elect is the sister of Mrs. M. G. Tarpley. Mr. and Mrs. Bailey and Miss Grace Lenore Tarpley will be attendants in the wedding.

Miss Edith Thames of Lubbock visited friends here Sunday.
