FIRST BAPTIST CHURCH OF BROWNFIELD THE PRIDE OF THE ENTIRE CITY

If You Have Not Inspected This Great Plant, Do So At Once. It is a Real Building, Erected to Take Care of the Future Generations Who May Worship Here.

In company with Rev. Avery Rogers, who very graciously consented to show us the new First Baptist church plant, Tuesday, we went, heard and seen. Object, to write a story of this great church plant. But a country newspaper editor, being devoid of the technical names of the architect and builder, has to depend on one cylinder words but after all, that is what the laity might understand better.

You, as well as the writer can see the beauty of the building from the outside. Its symmetry, and graceful outlines, as well as commodious appearance. But perhaps you have not seen the interior as yet, which while not altogether completed, shows plainly that the First Baptist people have a plant, that not only they, but the entire city is proud to possess, for any such building sets off the entire town. There has been much sacrificing on the part of some to erect this building, and there will still be more to meet the deferred payments, but people usually pay for what they love and respect.

Entering the large auditorium that seats some 1,000 people, one is enthralled by the beauty, utility of space and arrangement of the various sections. In the front, on each side of the main auditorium is a class room that can be used by overflow crowds, as well as they open directly into the auditorium. Then there are altogether nine class rooms on this floor, and the auditorium can be used for adult classes. The floors are hardwood, laid on another of pine. The pews are constructed of oak, well-polished, that fit the body of a person. In the back are racks for song books as well as individual communion cups.

The furnishing and furniture for the pulpit and choir are very beautiful. There are chairs for 36 members of the choir, and ample room on each side of the pulpit for the two pianos. In fact, if beauty and utility can add to the enjoyment of worship, there is

nothing left undone in the Baptist church auditorium to aid that. The windows are semi-art and the lighting is indirect.

But in the basement, one really finds the work rooms for the training of Baptist youth. In this department, around the walls of the building are arranged 24 class rooms, each with an individual heating unit, seated and equipped for work of teaching. In this department will be found rooms ranging from the cradle rolls to beginners, primary, intermediate, and seniors. The Sunday School is presided over by 62 teachers and officers, and we are told that this is the present arrangement, with an enlargement of about ten additional teachers soon.

In the middle of the circle of the four walls are three assembly rooms, which can be used individually, or all thrown together for larger church organizations, banquets or socials. Just north of these assembly rooms is a fully equipped kitchen. All Sunday School rooms will provide for at least 850 pupils. Chairs used in the auditorium of the old building will be used in the S. S. rooms and assembly halls. Hot and cold circulating water will be available throughout the building. Ladies and men's rest rooms are also in the basement.

On the corner stone of the building is the following wording: Rev. Avery Rogers, Pastor. Building Committee: W. W. Price, Chairman; C. E. Ross, Secretary; Tom Cobb, J. L. Cruce, K. W. Howell, Ralph Carter, I. M. Bailey, W. A. Tittle, W. A. Fulton, T. C. Hogue, Haynes and Strange, Architects; Ross Construction Co., builders.

This building has cost in the neighborhood of \$45,000 to erect. Recently Mr. Tule, of the Home Mission Board examined it and pronounced it one of the best buildings, cost considered, he had ever examined, and intimated that the church was getting a \$60,000 building for \$15,000 less money.

Scouts to Go to Encampment at Post

POST—Traditional Boy Scout Camp Post, two miles southwest of Post, will fling open its tents to the first Boy Scout encampment for the 1940 season this coming Sunday, May 19, Alex McDonald, camping chairman of the South Plains Council, reported today.

Boy scouts and their leaders from the southern division of the council will spend the week in the first period at Camp Post, beginning with registration at 2 p. m., Sunday. The first period will close at 2 p. m. Saturday.

Council staff leadership will be headed by H. F. Gilley, Field Executive, and others including Dr. E. L. Reed, Texas Tech, nature study; A. R. Millikan, Tahoka, handicraft and archery; E. J. Robinson, Post, canteen and mess hall; Larry Miller, Brownfield, bugler; Frank Emery, Meadow, swimming and activities; Sam Counts, Lubbock, swimming, and Clyde Hodes of Post, provisional Scoutmaster. Meals will be cooked and served in the mess hall by a professional cook. Physicians will check all Scouts and leaders into camp. A physical examination is required of all campers.

Fee this year is \$5.00 per Scout with tentage and \$6 without tents. Leaders come free with the Troop.

Tom L. Price Enters Race for Dist. Atty.

TO THE CITIZENS OF TERRY COUNTY:
After very careful thought, I have decided to submit myself as a candidate for District Attorney, subject to your action in the Democratic Primary in July. Some delay has been caused in making this announcement due to serious illness in the hospital, but my decision is irrevocable.

Tom L. Price

For the past few years, I have completely recovered, and I myself feel better than I have in a number of years. This makes me feel safe in asking of you this important office.

Most of the citizens of this County and District know me personally. Since the early part of 1925 I have lived in your District and of course practiced my profession, and during this time from 1927 to 1933 you permitted me to serve you as your District Attorney is a matter of record in every County in this District. During this time I, of course, prosecuted and secured convictions in many felony cases; among them being one death penalty case which was appealed to the Court of Criminal Appeals. At my own expense I followed this case and made oral argument before the Higher Court. This case was affirmed and the accused paid with his life. During this time I lost only 12 or 14 cases in the six counties in six years. Naturally, in the many felony cases I tried, I went up against many of the ablest and shrewdest lawyers of the State.

This experience, as well as a number of years as a defense attorney in both the State and the Federal Courts, I think will give me an opportunity to serve you better than before and enabled me to render you valuable service in this responsible office.

In this campaign I shall not undertake to secure your sacred votes by any schemes or misrepresentations, but solely and alone upon my merits and my record as your former District Attorney. I will not undertake to be elected on the demerits of any other candidate. I have no "axe to grind" nor any person to "get even with." My only desire is to put all my time on this job, using my past experience as your former District Attorney, and with your help and that of your officers to make this District a dreaded place for the professional criminal.

I found while serving you that the most common ways the criminals deplete upon your rights are by theft, burglary, and various modes of swindling including "Hot Check" writing. No excuse can be given for such crimes. With good roads and fast moving automobiles and trucks, we are facing a situation when our ranchmen, our farmers and our business men never know when the professional thief or burglar will, during the night, load his truck to the ground with your property and by daylight be far away or even in another State where apprehension is very difficult. If elected your District Attorney I expect, with the help of your sheriff and other peace officers, and the good citizens, to do all I can to stop some of this depredation upon your property. Another crime, one for which there is no excuse, is driv-

FDR Asks Red Cross Aid; Terry's Quota IS \$360.00

President Franklin D. Roosevelt issued the following statement concerning the American Red Cross War Relief Fund Campaign: "The American Red Cross has issued an appeal for a war relief fund of at least ten million dollars. I urge all Americans who have a feeling of deep sympathy for the peoples of those unfortunate countries who today have been added to the long list of those who are suffering the horrors of invasion and aerial bombardment respond quickly and generously to this appeal. The American Red Cross, our official national volunteer relief agency, is efficiently organized to answer such emergency calls. It is, therefore, the logical agency through which our citizens can express their compassion for the innocent victims of the wars that rage overseas. I am confident we will not fail them."

The honorable Norman H. Davis, Chairman of the American National Red Cross, broadcast the following statement over the NBC network:

"Our American Red Cross since the invasion of Poland has carried relief to Poland and to Polish refugees in Hungary, Rumania, Latvia, and Lithuania. It has rendered assistance in England and in France. It has helped brave, courageous little Finland. It has aided harrassed Norway. In so doing it has used its general funds, the results of its annual Roll Call, the contributions sent in voluntarily. It has made no appeal, no campaign for funds.

"It now must do so. The months ahead threaten and may demand all our resources. And so your Red Cross calls to all the country, to all the people everywhere, to give and to give generously.

"A minimum of ten million dollars must be had at once. Motorized mechanized warfare in all its fury sweeps across brave but little lands. Destruction is rapid. So also must be the response of those who would sustain the sufferers.

The quota for the Terry County Chapter of the Red Cross has been set at \$360.00. Any who desire to make a contribution may do so at the office of the county supt.

ing cars on your public roads and highways while intoxicated. Nothing is more dangerous to you and your family. Such practices should stop. Of course the crimes of personal violence such as murder and other personal violence should be prosecuted with severity, because if our citizens are not secure in their rights to life and liberty, the very foundation of our existence is threatened.

It will be impossible for me to see and talk with each of you personally, but if elected to this important office you will find my office door always open to you, and I will always be available to you when your rights in any way are being imposed upon by the professional criminal or crook.

If my work before you as a lawyer, and as your former District Attorney meets with your approval; then I welcome an opportunity to further serve you in this important and responsible office. Finally, when the time comes for me to hand back to you your Commission; I promise to hand it back to you as clean and white as when received; un-sullied and unstained by any corruption in office. The crowning glory of my life will be the realization that I have performed this sacred trust to your satisfaction and that you will feel that your votes for me were well cast.

Respectfully submitted,
Tom L. Price

Akers, Tankersley Brownfield Captains

M. J. Akers and Jiggs Tankersley have been named co-captains for the 1940 Brownfield High School football team, Coach Aub-

Pete Brown

ra Nooncaster announced this week at the close of Spring football training.

With the announcement came news also that Pete Brown, 1939 captain had been chosen as one of the several high school football players in this region to play in the East-West (Class A) game in Plainview next August. The tilt is an annual all-star game, played as the only pre-season activity in the region.

Prospects look good for the 1940 team, Coach Nooncaster said. Thirty-five boys took part in Spring training and the freshmen boys are particularly good material for the coming year, the coach said.

Be Sure To Visit the Sewing Project

Remember that the local WPA Sewing Project of the city of Brownfield and Terry county will hold open house next week in what is termed "This Work Pays Your Community" week, May 20-25th says Miss Evelyn Richter, district director, professional and service division.

To get an idea of how much raw material has been turned into serviceable garments by this division of WPA one will have to "be shown." And let us state right here that as much as you have heard about the men on WPA projects breaking shovel handles leaning on them, you have never heard any slight remarks about the Sewing Projects, or how the ladies break down the machines, sleeping on them.

Apparently the ladies put in good time during their hours of employment, making rapid improvement in their special lines of work, whether it is drafting, cutting or sewing, and make each minute of the day count.

MARSHALL KENDRICK PUTS THE LITTLE POT IN BIG ONE AT HIS PARTY

No Expense Was Spared to Lavishly Entertain the Hundreds of Old and New Friends of the Kendrick Family at the Yoakum County Ranch, Wednesday.

One of the biggest private entertainments we have ever witnessed was put on by R. M. Kendrick, President of the First National Bank, in Yoakum county, Wednesday afternoon. Five hundred invitations were printed, and we believe that every one of them was answered in person, with perhaps several personal invitations. The ranch headquarters are situated right in the heart of some 50 producing oil wells on the Kendrick ranch.

There was no particular class of people there. All were liberally represented, bankers, ranchers, oil men, farmers, newspaper folks, county and district officers and what have you. And they did not represent any particular area. They were there from Lubbock, Brownfield, Meadow, Plains, Denver City, Allred, Bennett, Seagraves, Seminole, Big Spring, Foran, and perhaps many others that we did not contact as we arrived after the eating started.

The bill of fare consisted of barbecue, cowboy style beans, "the gentleman from Odessa", onions, pickles, bread, coffee and other drinks. The barbecue was prepared by Sam Pyeatt, assisted by several of the good cooks and

waiters among the colored men in Brownfield, and everyone pronounced the menu par excellent. Everyone seemed to have a great appetite, even though it was some hours before most people partake of the evening meal.

Mr. Kendrick has been wanting to stage such an affair for some time, but the boys only recently consented to help their dad put it on. Music was furnished by Hop Halsey and his cowboy band. Burton G. Hackney had his public address system, and a number spoke, all highly complimenting the affair. Senator G. H. Nelson said he believed Mr. Kendrick should be sent to the National Democratic convention at Chicago. This was cheered to the echo, but Marshall put a damper on the suggestion, as he said they had met to have a good time and not to talk politics.

To try to name all who were there would be like trying to give the male portion of the population of the area. But we feel quite sure that all had the best time ever, and thank R. M. and the boys from the depths of their hearts.

A list of all the notable persons present will be given in these columns next week.

City Council to Receive Bids for Bonds

The city council will meet Friday, May 24th, at which time they will receive bids from bond buyers for \$90,000 of the city's revenue bearing bonds, which were authorized by the voters of the city at an election held two weeks ago. The money obtained by the sale of the short term bonds will be used in the purchase of a 1200 horsepower engine, and the construction of additional buildings at the plant site to care for future needs including the new engine.

These bonds are to be payable in six years, beginning in 1941, and ending in 1946, both years inclusive. The bonds will bear an interest rate of 3 per cent. With no more bonds than there are against the city, they should bring at least par, if not accrued interest. The statement of the earnings of the plant of the years 1935 to 1939 show a wholesome gain, as follows:

For 1935: gross income, \$35,368.72; operating expense, \$14,006.88; net income, \$21,361.84.

For 1939: gross income, \$65,889.38; operating expense, \$19,443.39; net income \$46,445.99. This shows more than 100 per cent gain in net income in five years.

To The Voters of Terry County:

Since my formal announcement several months ago for County Judge; unavoidable circumstances have caused me to be inactive politically. I have been working with the Bureau of Census since April 2nd. During this time I was not allowed to mix the job with any political activities, and had to withdraw my name from the announcements from the local papers.

I regret that I could not be at the pie suppers and socials which have been held over the county. Having now completed the job as enumerator I am at liberty to continue, and begin an active campaign. I will try to see each and every one of you in the near future in behalf of my candidacy as County Judge.

I want to say in all sincerity that if you see fit to honor me with this office I will do my very best to give you an economical and business administration.

Thanking you for any consideration you may have toward me in the coming primary.

Yours very truly,
C. L. (Abe) Lincoln

Spring Showing of New GMC Trucks

A nation-wide Spring Showing of GMC trucks—planned to acquaint truck operators with the exclusive GMC features available in the extensive line of 1940 models—is being held this week by General Motors Truck dealers throughout the United States.

Preceded by the mailing of localized invitations to truck operators, and accompanied by an elaborate display of window posters, this GMC showing is the most extensive of its kind ever held by GMC, it was announced by Ross Motor Co., today.

"This is our means of demonstrating to the truck user whether his needs call for a compact half-ton light panel truck or a giant 15-ton super-powered tractor-truck, he can find the right model for the job with his local General Motors Truck dealer.

"With the recent introduction of new delivery models, the GMC line today is the most complete in this company's history, and covers a wider range than that of any other truck manufacturer."

Included among the 1940 GMC models is a full line of Diesel trucks ranging from 14,000 to 37,500 pounds gross, equipped with either the three-cylinder, four-cylinder or six-cylinder General Motors Diesel engines, meeting virtually all the requirements in the medium and heavy-duty field.

Thus, points out C. E. Ross operators requiring an unusual brand of performance can now obtain for those more strenuous tasks—such as heavy highway hauling—a super-powered tractor-truck that features in every chassis detail the most advanced engineering design in the industry.

Craig Motor Company Has Nice Show Room

Since his leasing of the Conoco Station in the Spear Building, Mr. Craig has removed his repair department to the station, and is using the building that has always housed his business, just for Nash car display and parts. Mr. Craig has recently painted and remodeled the building and has a very attractive place of business. Mr. D. R. Arnett and Earl McCutcheon have charge of the filling station, and being old timers here, need no introduction to the public.

Mr. and Mrs. Bob Cobb and Mr. and Mrs. Carl Marse of Plainview, were guests of Mr. Cobb's wife and Mrs. Marse's mother, Mrs. Ann Cobb, Mother's Day.

Strange that none of the rulers, king, queen or president of the nations "protected" by Germany took occasion to take refuge in that country. Hitler must think the rest of the world is as ignorant and as easily led by the nose as Germans.

A glaring error: Last week we mentioned Messrs. Germany and Black in connection with an editorial opinion on the State Convention at Waco. We believe we wrote it "Black" in stead of "Black." Anyway that was what we intended. We know of no one by the name of Black very high up in Texas democracy.

Harry Hines, candidate for governor, says that Gov. O'Daniel is not the man to hold that high office in Texas with such a crisis as we now face with a wholesale war abroad. The governor being against an unbound legislature, a free press and radio, might undertake a dictatorship during such a time.

Some information worth passing on from Dr. Knight, superintendent of the large state hospital for tuberculosis patients near San Angelo. He says that climate has very little to do with tuberculosis, especially anywhere in Texas. He states that rest in bed with plenty of proper food, sometimes minor surgery to inflate the lung to let it rest, is the best cure for the white plague.

There is little excuse for a treeless plain out here now. Madam Editor had a small plot of ground, probably 15x20 feet spaded up

for flowers in the back yard shortly after the large Chinese elms at our home shed their blooms, and we are confident there are enough young elms from an inch to two inches high in our back yard to plant a section of land if properly spaced.

A good lady of this city informed us Sunday that she heard a radio announcer at Fort Worth talking about us that day. He had exposed the scheme of the cold check artist we wrote about in these columns, recently, adding that the article was from the Terry County Herald, whose editor was a pioneer newspaperman of this section. Next time we write a sensational article, we'll stay awake Sunday to see what radio announcers have to say about us.

Cleburne, Texas, has more drunken drivers than any city of its size in America, and we're willing to wager something on that. At least they have made more arrests than any place we ever heard of. We get the Cleburne Times, and it tells of anywhere from one to six arrests almost every day in the week, with more Saturday nights and Sundays, Cleburne is dry. Where do they get their stuff, at Fort Worth, or Glenrose?

About the biggest piece of inconsistency that we noted in any county convention, was hatched up in Hale county. They roundly condemned extravagance, but demanded adequate armies and navies to protect the Monroe Doctrine. In other words, the Hale folks want to eat their cake and have it. One bunch voted to condemn the Roosevelt administration, but were voted down. Perhaps the convention they were hunting for was in some other building, and were thinking about Philadelphia and not Chicago.

The newspapers of the good state of Louisiana are coming out from under censorship of the dictator governments for the past several years, and assuming their places as advocates for free speech, free press and freedom of assembly. Gov. O'Daniel of Texas, apparently wants to assume the position in Texas that Huey Long and his crowd had in Louisiana, as he wants to suppress the radios and newspapers of Texas, and wants the people to elect a "yes" legislature. Is Texas ready for a dictator?

Mrs. J. L. Barton and son Melvin, of Lubbock, visited their daughter and sister, Mrs. Earl Jones, Sunday. Mrs. Carleton, an aunt of Mrs. Jones' also visited with her.

Misses Beryl Chesney and Margaret Travis were Odessa visitors, Sunday.

Durward Moorhead of Lubbock, visited his parents, Mr. and Mrs. R. M. Moorhead, Tuesday.

Mrs. G. W. Graves plans to leave Sunday for Fort Worth, where she will visit her sister, Mrs. A. M. McLester.

Dr. S. E. Dennis of Plano, Texas, was a business visitor in the office of Dr. Argust Curtis, last week.

For Farm Kitchens

For the first time since the introduction of electric refrigeration, the farm kitchen now can have an electric refrigerator with equipment definitely designed to solve the problem of space for both normal food storage and safekeeping of large quantities of eggs, cream, meat and other farm items. Made by Frigidaire, this refrigerator is said to have all basic features of regular models and in addition is fitted with a set of special shelves which may be adjusted in a multitude of different combinations. One shelf combination shown above illustrates how provision is made for storing bulky items plus a wide assortment of foods for family needs. The basket shown holds 15 dozen eggs, while the cream can has a five gallon capacity. Included in storage facilities is a double-width freezer in which meats may be kept for long periods at temperatures below freezing. Other low temperatures elsewhere in the food compartment supply correct conditions for standard meat storage and preservation of all other perishables. This farm model Frigidaire has a storage capacity of eight cubic feet.

A nice Mother's Day program was rendered Saturday night. It was given Saturday night because of the Singing at Wellman.

Mr. and Mrs. James Trussell and sons of Lubbock, spent Mother's Day with James' parents, Mr. and Mrs. J. M. Trussell.

Mr. and Mrs. August Jones of Sundown visited Mrs. Jones' mother, Mrs. J. W. Young, Sunday.

Dorothy Zorns spent Sunday with Mary Ruth Dunn.

G. W. Gunter visited Talma Harben, Sunday.

Mrs. Doyle Waters' sister spent the week end with Mr. and Mrs. Doyle Waters and family, but we failed to learn the lady's name.

Some of those attending the singing at Wellman were, Mr. and Mrs. L. M. Waters, Mr. and Mrs. C. W. Dennison, Mr. and Mrs. B. W. Young and family, Foy, Flois and Glennas Gunter, J. T. and Nettie Jean Newsom, Mr and Mrs. J. P. Rowe, Billie and Henry Rowe, J. W. and Lee F. Young, O. B. Marchman, Charles Dunn, Marvin Huddleston and W. C. Aldridge.

'Know Texas' Winners In This District

According to information received from the Dallas Morning News, the winners in the "Know Texas" contest in this, the 2nd district are, Adam Sturges, 10th grade, Lubbock, and Robbie Gene Hunt, 7th grade, of the Woody school near Lamesa. They will join 40 other students in the 20 districts in a 1500 mile tour of Texas.

The contest was sponsored by the News and the News Almanac and Industrial Guide, and much of the information the students got for their contest was obtained for the Almanac. They will pass through Brownfield in large buses about the 2nd or 3rd week in June.

Mrs. Minnie Hughey and granddaughter, Helen Risinger of Sweetwater, are the guests of the former's sister, Mrs. Carl Lewis.

Mr. and Mrs. Marlin Davis of Fort Worth, visited her brother, W. R. McDuffie and Mrs. McDuffie the past week end.

Our school will be out this week. The closing exercises will be Thursday night, May 16.

FSA Is Helping Many West Texas Families

Farm families in the 47 West Texas counties with standard rehabilitation loans from the Farm Security Administration have increased their yearly income 103 per cent from \$329.62 to \$668.35, it is revealed by a nation-wide survey just completed in Washington and comparing FSA borrowers' 1939 status with their condition before coming into the program.

Results of the survey were received by Dennis Q. Lilly, county FSA supervisor, from Rex B. Baxter, state director of the FSA's rural rehabilitation program.

Purchasing power of 5,989 standard rehabilitation borrowers in West Texas included in the survey was increased by \$2,028,583.

The average net worth of these farm families above all debts was increased from \$901.68 before they came into the program to \$1,215.73 at the end of the 1939 crop year, a gain of 35 per cent.

The families have not only increased their net worth and annual income, but are making satisfactory progress in the repayment of their loans. They have thus far paid \$2,471,541 into the Federal treasury in loan installments out of a total of \$4,670,617 borrowed.

The average FSA farm family in West Texas last year increased the production of food for home consumption 224 quarts of fruits and vegetables, 580 gallons of milk, and 33.6 tons of forage under diversified farming. Mr. Lilly said this has meant a higher standard of living, a better diet, and usually a marked improvement in health.

Next in importance to rehabilitation loans, it was pointed out, was the tenant purchase program of the FSA, or making loans to tenants to buy their own farms. That program is limited to a few counties, but the survey showed 51 such loans, totaling \$465,485 have been made, and this year it is planned to make 10 additional loans in West Texas, which will total approximately \$100,000.

A scale-down of farmers' indebtedness, brought about through FSA-sponsored local farm debt adjustment committees, amounted to 36 per cent of original debts. Debt reductions totaling \$2,311,031, have been effected for individual farmers in the 47 West Texas counties. As a direct result of these adjustments \$70,464 in back taxes have been paid into local treasuries.

Efforts to secure better leasing arrangements, so that long-time plans for soil conservation and other sound farming practices can be made resulted in 17,038 tenants in Texas securing written leases in the place of verbal agreements.

Mrs. Jack Douglas of Lubbock, visited Mrs. R. N. McClain and Mrs. J. J. McGowan, this week. The three ladies are former Quana residents.

Wanda Joyce Walker, 13-year-old daughter of Mr. and Mrs. Lee Walker of Meadow, had the misfortune of breaking her collar bone Monday night. She and another child ran together at a school party, while playing.

5th Division American Legion Convention

The 5th Division of the American Legion, comprising the Panhandle of Texas, Eastern New Mexico, Southern Colorado and the Panhandle of Oklahoma, met in Amarillo May 11th, in convention.

Grand feature of the convention was the dedication of the new Veterans' Hospital. Dedication address was made by Ray Fields, of Guthrie, Oklahoma, candidate for National Commander of the American Legion.

C. T. Edwards of the local post, stated that it seemed everyone in attendance and the trend of the speakers was to furnish the Allies funds and resources to our utmost, but keep the war on European soil. He reported a grand gathering with three thousand in attendance; some real good addresses with Col. E. O. Thompson heading the list, and speakers from the other states or their districts.

Attending from here were C. T. Edwards, Glen Akers, Chris Quant, Bob Bowers, Tobe Howze and Mr. and Mrs. Money Price.

CRAWFORD TO ADDRESS WELLMAN GRADUATES

HARMONY

Next Sunday is the Baptist meeting day. Rev. Curtis Jackson, the pastor, will fill his regular appointment.

Sunday school was not so well attended last Sunday as many attended the singing convention at Wellman.

Miss Mona Ray Edwards of O'Donnell, visited her parents, Mr. and Mrs. Carroll Edwards, last Sunday.

Mr. and Mrs. Ervan Smotherman were dinner guests last Sunday of Mr. and Mrs. Joe A. Davis.

Mr. David Durham of Sweetwater spent the week end with his

mother, Mrs. Moss Durham and family.

We plan to observe Mother's Day and Father's Day jointly in June, the second Sunday. A good program is being planned.

The world is getting in such a turmoil, war strife and suffering, let us pray for peace in our nation.

Mrs. C. C. McComb returned from Houston county, where she had been with her parents and brother, who was ill.

Mrs. McComb reported them much improved when she left.

Mrs. J. E. Fitzgerald is visiting her daughter, Mrs. J. J. Pollard in Lubbock, this week.

WE'RE LOOKING for YOU!

We buy the best foods the markets afford, then cook and season them to the "Queen's Taste."

Why not bring the whole family down Sunday and try a real well-prepared meal, and see the low cost—and your wife avoids the heat of the kitchen. Just like an outing.

MR. AND MRS. HARRIS CELEBRATE ANNIVERSARY

On Sunday, May 5th, Mr. and Mrs. W. H. Harris of this city, celebrated their fiftieth wedding anniversary.

The occasion was a very enjoyable one, their children all being present excepting a daughter, Mrs. Millard Ellington of Clayton, N. M. Eleven grandchildren and one great grandchild were present.

Dinner was served on the lawn and their wedding cake formed a centerpiece for the bountiful meal.

A son, Lynn Harris, his wife and daughter from St. Cloud, Minnesota, were present. The sons and their families who live in Texas and were present were Messrs. Clyde, Roy and Glenn Harris, one son of Mr. and Mrs. Millard Ellington was down from Tech. The daughters who live here and were present were Mrs. Geo. Alexander and Mrs. Clifford Pray, with their families.

The couple received messages of congratulations from many parts of the United States. Also many pretty and appropriate gifts. It has been the writer's privilege to live near those people for years and knowing the following lines to be descriptive of the home-life of this esteemed couple. We lovingly dedicate them with our congratulations to Mr. and Mrs. Harris:

GOLDEN WEDDING

Together for year we have weathered each gale,
As we sailed over life's stormy sea,
And from this golden harbor,
Again we set sail,
True shipmates forever to be.
There were both clouds and sunshine
What voyage has not;
But your smile made the sun shine through

So anchors away, if God wills that I may
To the end of life's voyage with you.
There were riches untold in your treasures of gold
As we joyfully put out to sea
Though they changed through the years
Of smiling and tears,
Now there's wealth in their silver for me.
Your love is enough, though the sailing be rough
You have proved a good skipper to be,
So I fear not the tide if you're there by my side
In the port to strike anchor with me.

MISS BETTY SHELTON ENTERTAINS THE H. AND H. CLUB

Mrs. Thurma Parnell won second high and was presented with bath oils. Miss Wanda Graham won high and was presented with cologne.

Those present were Mesdames W. T. Ince, John Kendrick, Jr., Paul Jones, Tommy Moorhead, Odis Moore, and Misses Evelyn Jones, Mary Ballard, Kathleen Nelson, Wanda Graham, Ethelda May and Betty Shelton.

Refreshments were tuna sandwiches, potato chips, stuffed eggs, tomatoes, iced tea.

Mr. and Mrs. Wilson Collins visited his parents, Mr. and Mrs. W. B. Collins in Lamesa, Sunday.

JIM SHELTON GETS MEDAL AT A. & M.

Dear Folks,
"Sorry that I did not write sooner, but I was waiting until after Mother's Day, just in case I got the best drilled Sophomore medal and sure enough I did. I don't know whether you remember or not but they give a medal each year to the best drilled Sophomore in each outfit. I don't know how they happened to pick me. I am pretty proud of it though. I was scared to death this morning when they presented it to me. Everybody's mother and dad was grouped around, I don't know how I even got up there to take it. It is a pretty medal, gold, and they tell me that it cost \$14.00.

"The inscription on it was, 'Best Drilled Man in A. Battery F. A.' on the front and 'Presented by Captain Ray Caldwell to J. A. Shelton' on the back.

It was pretty hot during the review this morning; I saw six boys faint right on the drill field. Two of them were in our outfit and I got pretty dizzy myself.

"I wish you could have been here today; there were more people on the campus than I have ever seen before. As large as the mess halls are, some of the people had to wait until a second table could be made ready."

BRIDE-ELECT HONORED

Mrs. W. R. McDuffie and Mrs. J. J. McGowan are entertaining today (Friday) with a formal tea and shower to honor Miss Virginia May, who is to wed Bruce Zorns June 4.

LADIES OF THE CHURCH OF CHRIST MEET

Fourteen ladies were present at the Church of Christ, Monday afternoon, to study the 11th chapter of Hebrews. The group will study the 12th chapter of Hebrews next Monday.

On Friday of last week, 24 ladies of the church met at the home of Mrs. J. F. Black and quilted two quilts and made several garments, to be given to a family, whose home was recently destroyed by fire.

A work day has been planned for the second Friday in each month.

METHODIST M. S.

Both circles of the Methodist Missionary Society met Monday afternoon at three o'clock at the church. The "World Outlook" lesson was led by Mrs. J. R. Turner. Mrs. G. S. Webber led the devotional. Mrs. J. H. Carpenter and Mrs. Turner, spoke on Mrs. Luke Johnson, as an inter-racial pioneer.

President Mrs. E. G. Arnett conducted a business meeting at the close of the lesson.

There were 15 present.

PIE SUPPER

All candidates invited. At Tokio community auditorium, Tuesday, May 21st, 8:30 p. m. Proceeds for school trip.

BAPTIST CHURCH

The church will occupy the new building next Sunday morning, beginning with the school at 9:45. The Downtown class will meet in the new building. It is hoped a record attendance will be made in the school Sunday morning and all teachers will seek to have good attendance.

Sunday at 2:30 p. m. the cornerstone will be placed in the building, in which will be placed a Bible, short history of the church, with the names of the present enrollment, the names of all contributors to the building fund and the amounts given by each.

Pastor E. F. Cole of Lamesa is expected to bring the message of this hour on "Christ, the Chief Corner Stone."

All circles of the W. M. U. will meet 3 p. m. for Bible study. Visiting pastors are expected to supply the pulpit each evening next week at 8 p. m. and will bring Bible messages of interest.

While many nations of Europe are pouring out their treasure of money and men in a terrible war, we are seeking to pay for a place of worship to promote peace and good will among men and honor the Christ who gave everything for us.

If you have paid nothing to this building fund and will do so by Sunday morning service your name and the amount of your gift will be placed in the corner stone to remain as a message to future generations that you supported this worthy undertaking with your money.

Visitors are welcome in all of these services.

Mr. and Mrs. C. Baldwin of Lamesa, will be the guests of their daughter, Mrs. G. Z. Sherman and Mr. Sherman tonight, and attend the Commencement exercises in which their granddaughter takes a part.

Mr. and Mrs. Martin Line and sons, and Mr. and Mrs. Wayne Brown and son Wayne, Jr., spent Sunday in Seminole visiting Mrs. Line's parents, Mr. and Mrs. Simmons.

REA Projects to Serve Terry Gaines, Yoakum

The first step in the organization of the Gaines-Terry Electric Cooperative, Inc., a project to make electric energy available to some 400 to 500 rural homes in Gaines, Terry & Yoakum counties, was taken last Thursday night at Seagraves with election of officers and directors for the Cooperatives.

Officers and directors named at the meeting were: Morris Sander-son of Sawyer, president; C. J. Bonham of Willow Wells, vice-president; Charles McConal of Loop, Secretary; and J. Brown of Seagraves, J. E. Liles of Liles City, J. D. Mills of Loop, J. I. McCullough of Loop, Ed McDaniel of Loop and John Mathes of Well-man, directors.

The Cooperative was formed for the purpose of securing electric service for the proposed area of approximately a dozen communities in the three counties from a Rural Electrification Administration project. After members of the Cooperative have been obtained, a design showing the location of these members will be sent to the REA office in Washington for approval and the allotment required to serve the particular territory designated will be made.

R. A. Brister of Seagraves has been employed as Coordinator to guide and direct the development work of the Cooperative. Brister will also prepare designs of the proposed area to be served. W. A. Griffis, Jr., Seagraves attorney, has been tentatively employed, subject to approval of the REA office, to handle matters of incorporation and other legal matters pertaining to the Cooperative.

Membership application forms are furnished by the REA and no member will assume personal liability for the debts incurred by the Cooperative, Brister said in explaining its operation. Anyone interested in securing electric service through the Cooperative is urged to contact Brister or one of the officers and directors. Rapid development of this project is urged by the directors and prospective members are invited to attend any of the meetings that are being held in the proposed area to be served. No one can secure electric service through the Cooperative unless he is a member, Brister warned. "The Cooperative will be owned by the members and only members will be served," he declared.

A preliminary survey recently completed in the three counties to be served, revealed that the project would make electric energy available to more than 400 families and would require approximately 200 miles of line. Communities in the proposed area include Loop, Sawyer, Ashmore, Tokio, Willow Wells, Johnson, Harris, Happy, Turner, Gomez and Sligo.

Brister said Tuesday that the proposed area is well suited to development of a REA project and declared that the application for service would be approved as soon as the membership is signed up and submitted.

"If we get rapid development of the project, we can expect to have electric service in the proposed area by the end of the year" Brister said. "Progress depends entirely upon the time required to secure members in the proposed area," he declared.

At the first meeting held recently in Loop, approximately 20 of the 25 attending the meeting signed application for service.

Mrs. Everett Latham and son Bobbie, left Monday for Vernon, where they will visit her sister, Mrs. Earl Bristow. They will also go to Bowie and visit relatives. They were accompanied by Miss Ruby Beason who will visit relatives in Oklahoma.

Mrs. Pauline Whitaker of Levelland, visited Mr. and Mrs. Jack Benton and other relatives, Sunday.

Brownie and John Wall have a very nice, clean cafe. They have recently purchased the Tip Top Cafe, and say their menus must please their customers.

SOME TECH STUDENTS TO BE HONOR GRADUATES

LUBBOCK, May 14.—The words "with honors" will be written into the diplomas of five or six per cent of Texas Tech's June graduates this year, President Clifford B. Jones announced today. Names of seniors maintaining an A minus average throughout their college work will be so designated on the June commencement list and in the college catalog. A few will be graduated "with high honors."

List of candidates for spring graduation at Texas Technological college, subject to revision, includes 424 students, more than 25 per cent increase over last spring's graduating class of 333. Commencement service is scheduled for June 3.

Miss Katherine Underwood visited her parents in Lorenza, the past week end.

Warner Hayhurst of Plains, had the misfortune to get one bone of his leg broken recently.

Soil Conservation Dist. Vote on May 25th

Legislation that permits the organization of Soil Conservation Districts in Texas was passed by the legislature in 1939. This legislation was asked for by farmers (landowners) themselves. Soil Conservation districts are cooperative units, organized and managed by groups of landowners who face a common problem in conserving their soil and water resources.

A petition signed by the required number of landowners has been submitted to the State Soil Conservation board for the organization of a district composed of Cochran, Yoakum and Terry counties. The petition has been approved and election called for May 25th.

- Who can vote in the Election? Any landowner and his wife who own land in the district and have paid their poll tax.
- Anyone interested in an individual estate provided they are otherwise eligible to vote.
- A Corporation cannot vote.

The election must be carried by a two-thirds majority of all votes cast. However, if the state board decides that the vote was not representative over the district they may disapprove the district even though two-thirds of the votes cast were in favor of organization. After the district is organized it becomes a political subdivision of the state and the state board has no authority whatsoever over the district. The district when set up is governed or controlled by a board of supervisors. The board is composed of five landowners in the district. The board cannot vote bonds, or other indebtedness on the district. There is nothing compulsory on any landowner by the forming of a district.

If a district is formed there are some services that may be secured which otherwise the county could not procure. These are services offered by the Soil Conservation service, CCC Camps and other Governmental Agencies. These groups give technical service such as Soil Maps of farms, running of contour and terrace lines, recommending crop rotation, erosion resisting crops, etc.

There will be no free equipment such as tractors, graders, etc. The purpose of the district is not to get something for nothing but to enable landowners to cooperate on a common problem with the assistance and advice of the above mentioned agencies.

Be sure to vote on May 25th whether or not you are in favor of the district.

There will be five voting boxes in the county: One at Brownfield in the courthouse (All persons usually voting in Brownfield boxes 1-2-3 and 4 will vote in the one box.

One box in Union located at the gin for all voters in Precinct 1 other than those who usually vote in Brownfield No. 1.

One box at Wellman school house for all voters in Precinct 4 other than the ones who usually vote in Brownfield No. 4.

One box in Johnson school for all voters in Precinct 3 other than those who usually vote in Brownfield No. 3.

One box at Meadow school house for all voters in Precinct 2 other than those who usually vote in Brownfield No. 2.

All persons must vote in their respective boxes.

Meetings will be held to explain the program on the night of May 24 at 8 p. m. in Johnson, Union, Wellman and Meadow school houses.

WILL WOMEN WEAR 'EM?

College Station, May 14.—Cotton hose for women, which have been practically taboo in the U. S. for more than a decade, may come back again! That is, if Uncle Sam's interest in the matter is accepted by the feminine public.

Under recent legislation designed to stimulate the use of cotton in women's cotton hosiery, the Bureau of Home Economics of the USDA has already designed and released to the trade 56 types of full-fashioned hose. The hosiery industry, too, has shown its willingness to cooperate, and one or more of the bureau's designs are to be manufactured and placed on the market in the near future.

Mrs. Dora B. Barnes, clothing specialist for the A. and M. College Extension Service, believes that if cotton hose are as ultra-smart, as serviceable and attractive and comfortable as silk hose, there's no reason why the buying public shouldn't accept them.

The government designs submitted to manufacturers range from plain knits to ultra-smart designs with mesh heels and toes and other style features for wear with dress shoes and sandals. Some have two-way stretch welts, and all are carefully designed to insure trim fit and greater elasticity than the old cotton stockings. Many of these hose have already gone through laboratory tests for abrasion, stretch, elasticity, and tensile strength.

28 CHILDREN GIVEN SMALLPOX VACCINE

In the Health Round-up of pre-school children at the West Ward school building last Friday under the direction of Dr. W. S. Brumage, Five-County Health Unit Director, thirty-nine children were examined and twenty-eight were given smallpox vaccine.

Mr. and Mrs. Bernice Blevins, Pauline and Katherine Speed, Charles Blevins and Rubin Haynes visited the Carlsbad Caverns, Saturday.

Mr. J. E. Young of Scudday community was in Wednesday and reported a new grand daughter, born to Mr. and Mrs. C. P. Bullock of Post. Mrs. Young is there visiting the young lady.

LACK OF COURTESY ON HIGHWAYS

If the average driver and pedestrian would be as courteous in traffic as he is when entertaining guests in his home, the traffic losses could be cut in half, says traffic officers. Courtesy eliminates the road hog, the center-stripe drivers, the driver who cuts in and out of lines of traffic, the signal light "jumper," the hurry-up driver, and the fellow who fails to dim his lights for approaching drivers.

RAILROADS TO SELL TRAVEL ON INSTALLMENT PLAN; NO MONEY DOWN

Into the news this week comes an announcement that will bring cheer to the hearts of the legions of substantial Americans who want to travel but "can't spare the money just now." The announcement brings assurance to millions that the slogan, "1940 is Travel America Year," really means something after all. From now on, you can literally travel and pay later.

A Travel Credit Plan, sponsored by 66 great railroads, makes possible the purchase of railway trips and tours in the same manner you buy your car or radio—on convenient monthly payments. No collateral.

The plan, which becomes effective May 20, is exceedingly simple. The prospective user merely goes to the ticket office of the co-operating railway over whose lines he wishes to travel, or to a travel agent, and makes application for credit in the amount of the proposed trip or tour. If the routine credit inquiry indicates an ability to meet monthly payments, he is notified that his ticket is ready for him. The only contact in connection with the application is with the ticket or travel agent, just as though the ticket were being purchased for cash. The application is passed upon within twenty-four hours.

To Address Boy Scouts At Big Spring

BIG SPRING, May 7.—Rare is the opportunity awaiting West Texas youths who will march before their elders Friday, May 17, in Big Spring.

The Youth Americanization parade, a high spot in the West Texas Chamber of Commerce convention, will terminate in a patriotic mass meeting at the Big Spring Municipal Auditorium, at which a youth worker will be orator. He is Oscar H. Benson of New York City, national director of Rural Scouting, Boy Scouts of America, and founder of the national 4-H Club movement.

Benson is a native Iowan (Delhi); product of a prairie belt farm; author of widely used textbooks on agriculture. For ten years he served as member of the Boys' Work Committee of the Y.M.C.A., and for another ten was national director of the Junior Extension work and 4-H clubs.

TEXAS HAS NO ADVERTISING APPROPRIATION

All but nine of the 48 States have an appropriation for advertising their advantages in industry, commerce and tourist attractions. Texas is one of the nine without an advertising appropriation. The 39 States will spend \$4,400,000 in 1940 on local, regional or national campaigns in newspapers, magazines, bill boards and direct mails, says Editor and Publisher.

TEXAS AG. COM. URGES FULL PARITY PAYMENTS

AUSTIN, May 14.—Millions of dollars in additional revenue will accrue to Texas farmers and many farm mortgage foreclosures will be prevented if the United States Senate approves the house action of the past week in providing one hundred per cent parity payments on cotton, corn, wheat and rice, Commissioner of Agriculture J. E. McDonald declared today.

Commissioner McDonald for the past seven years has urged full parity payments as one solution of the farm problem facing Texas growers. For a long time it was practically a one man fight, until other agricultural states, hearing the Texas' program first hand, took up the campaign.

"The difference in the price that the producer has been receiving for his farm products and that which he has been forced to pay for the tariff protected industrial products is too large a hurdle for the grower to clear and consequently he is becoming more deeply mired in the financial morass.

INTERESTING FACTS ABOUT BEER AND BREWING

THIS IS WHAT BEER IS MADE OF... Sunshine, water, malted grain—and hops for flavor. Converted into beer by a simple natural process. Mother Nature brews beer—that is why it is so wholesome.

PROVIDED BY U. S. FARMERS— 25 BILLION POUNDS OF FARM PRODUCTS NEEDED BY BEER AND ALE. Since re-legalization, the brewing industry has bought this enormous quantity of produce from American farmers.

BEER AND ALE CONTRIBUTE \$1,000,000 A DAY IN TAXES TO LOCAL, STATE, AND FEDERAL GOVERNMENTS. Or \$400,000,000 a year! What would happen if there were no beer or ale to carry this enormous tax burden?

"THANKS FOR THE JOBI!"... say 1,000,000 people put to work by beer and ale since their return. More than 100 other industries benefit from the making and sale of beer and ale.

BEER CAME OVER ON THE MAYFLOWER— Pilgrim records tell how the landing of the Mayflower was hastened because the Pilgrims ran short of supplies, "especially beer."

Mahon Helps Jones' Agricultural Program

Gratification over the successful fight in which he had joined with Marvin Jones and others from agricultural areas seeking parity payments for farmers, was expressed by Congressman George Mahon last week as the House of Representatives approved an item in the Agricultural Appropriation bill providing \$212,000,000 for these payments. Continuing the fight begun when the bill was considered earlier this session, Mahon again made a plea to the House to accept a Conference Committee report including the \$212,000,000 parity payment item, which had originally been omitted by the House but approved by the Senate and again brought before the House Conference Committee Report.

Although final vote on the entire bill had not been taken at the time this story was written, Mahon said that the favorable vote on the parity payment item insured its being included in the bill and that final passage was assured. The farmers' disproportionate share of the national income, his need for an offset to the advantages held by industry through the tariff, and equal recognition of his problems with the problems of labor for whom minimum wage and hour laws have been enacted were cited by Mahon as justifying an appropriation by Congress for parity payments.

Mrs. Lovelace has as visitors last week her father, L. L. Swain of Van, Texas, a sister, Mrs. Cleora Sanders and baby Bobbie Lee of Grand Saline, Texas, and a niece, Mrs. C. H. Davis and baby Freda Joe of Alba, Texas. Mrs. Sanders is a former resident of Brownfield.

DAY DREAMING ON OUR BLUE MONDAY

For an hour we have been sitting in our cabin door watching the WPA men work on the clay park. With a gentle touch of spring fever, we are dreaming of our boyhood days down in the woods. Believe it or not, we have seen rail fences built, wells and ditches dug, homes and school buildings erected, and log-rollings topped off with a big free dinner.

We also managed to cut out roads so wagons could get over them. We drove careful in those days and kept casualties down to a minimum. We had no flagman, nightwatchman or time keeper; no project numbers, no "men working" signs up anywhere, during

our building booms. But of course we never did get any free commodities. —R. E. Shugart.

Think

By Capt. Chas. F. Lindsay
Texas Safety Council

When you have car trouble on the highway, push your car off the pavement to one side.

Death lurks for the occupants of a stalled car on the concrete slab.

We recently had an example of what could happen. On a heavily travelled highway on the outskirts of one of the State's largest cities, a car ran out of gasoline. While the driver was seeking a supply his wife remained in the car.

Along came a drunken driver and ran into the stalled car. He overturned it and penned the woman occupant beneath. Fortunately she was not killed, but this would happen in very few cases.

It is true the driver who collided with this car was said to be drunk. That aggravates the situation. But, especially at night, even a sober, careful driver might collide with a stalled car on the concrete, standing there without lights.

"It is not always the driver who runs into the other car who is to blame. The other driver also owes the obligation of driving safely, taking all precautions and observing the rules of the road, stated Pierce Brooks, President of the Council.

Texas must deal more severely with its drunken drivers. Their driver's licenses must be cancelled, and after an offense or two this should be permanent.

A fine will not suffice. The driver must be publicized in his own community. What could be more humiliating than to own a high-powered motor vehicle and be unable to drive it. What father would wish the idea of having his son for an enforced chaffeur, all because he had imbibed a little too freely and had caused an accident?

Max Minor of Tahoka, was the one-man athletic team at the Interscholastic meet in Austin, recently, and he came just in a few points of winning the state championship solo fashion.

Mrs. O. L. Chapman drew the Herald subscription at the Brownfield Ice Company's free show and came into have her name put on our list and to also send the paper to Mr. Chapman's father, J. R. Chapman at Ben Wheeler, Texas.

Tom Carter of Lubbock was here Tuesday, the guest of his brother, D. P. Carter and wife and nephew, Ralph Carter.

The State Game Department is urging all anglers who fish with an artificial lure to comply with the law which requires them to purchase a \$1.10 license.

In This Corner

The Treadaway-Daniell hospital looks cool and inviting since the recent application of white paint. Other businesses receiving paint in the interior are Kyles Grocery, Craig Motor Co., and Alexander Drug.

Home owners with rooms to rent in the east part of town think the oil public who have their rooms, deserve "orchids" in this column. Most of them take turns going in each others cars and instead of driving up and waking the neighborhood with their car horn, they give one soft short honk. This attitude is commendable as one group that was here recently awoke everybody in the neighborhood each morning where some of their crew stayed.

Our sister city to the northeast always tries to be ahead of us in all things, but we refuse to be jealous of their drug store cowboy or girl, as the case may be, soft drink order slang. Was up there a few days ago and a friend of mine and myself decided we needed something to pep us up, ordered a couple of coca colas when to our surprise the girl yells, "A couple of swine, a pair"—now both of us had been dieting and never, even before the diet started, thought we looked like swine. However, neither as yet have that perfect 36 we all hope to attain. Anyway, their old drinks were good and such a nice place to sit and relax that we will drop in again and see what they "yell."

The most useful candidate cards we have seen are those of Rollin D. McCord, candidate for District Attorney. They are purse size blotters.

We've always heard of swanky eating places, and when Repp and I visited the new eating establishment of Mr. and Mrs. Bruce Hancock, we decided it was everything the name implied—modernistic leather and brown colored furniture—pottery and water pitchers to match, draperies to blend with the color scheme. All in all it's one of the swanky places of the South Plains. Their private dining room isn't quite finished and when it is, they will have their formal opening.

Shoppers in this trade territory can now buy the much talked of Nylon hose, made of coal, air and water, by DuPont. They are lovely, look like and have the dull sheerness of the much lighter weight hosiery and just a little cheaper in their grade. The stores are reporting rush sales and if you get yours among the first ones you will have to hurry as each store is just allowed a certain number of boxes and the next shipment will be around the first. One store we were in sold eighty-three pairs the first afternoon. Of course when the supply gets large enough to meet the demand you can get them anytime, but you had better hurry.

HELP ELECT MRS. J. W. WALKER STATE PRESIDENT OF WOMEN'S CLUBS

PLAINVIEW, May 14.—Mrs. J. W. Walker of this city, candidate for the presidency of the Texas Federation of Women's Clubs, received the enthusiastic and unanimous endorsement of her district, the Seventh, at its meeting in Shamrock the first of the month.

Mrs. Walker, who has served as district president, and who is now serving with distinction as state treasurer, and finance chairman has received the unanimous endorsement of every club in her home town, and is now recognized as the Seventh district candidate. In addition to the official endorsement given her in a tremendous ovation at the district meeting, by both board members and delegates, Mrs. Walker has received the endorsement of clubs and individual club women throughout her district.

In nineteen years of loyal service to the Federation, Seventh district has never before asked for the state presidency. Now, by overwhelming endorsement, made by rising vote of the delegate body amid deafening applause, Seventh District has served notice that it feels that the time has come when the presidency should come to one of its women, and the district points with pride to the woman who has become its official candidate. Mrs. J. W. Walker, a native Texan with a background of education and culture, is an efficient club-woman and leader, church-woman, home-maker, wife and mother.

Club women throughout Seventh district are working for Mrs. Walker's candidacy and expect to see her elected. "A delegate from every club in Seventh District to vote for Seventh District's candidate" is now the slogan in the great West Texas district, which numbers its club women by the thousands.

BRIDE-ELECT HONORED WITH BREAKFAST

Mrs. W. B. Downing, Mrs. Roy Herod and Mrs. Boyce Cardwell of Lubbock complimented Miss Virginia May, bride-elect of Mr. Bruce Zorns, with a breakfast Tuesday morning at the home of Mrs. Herod.

Roses were used throughout the entertaining suite and were also used as centerpieces for the linen laid tables.

Plate favors were dainty pansies, pinks and baby breath corsages. Each guest brought the honoree two of their favorite recipes and Mrs. Herod presented her with a box containing seven aprons, one for each day in the week.

Guests were Mmes. J. J. McGowan, Clovis Kendrick, Jack Bailey, Jack Hamilton, J. L. Cruce, R. L. Bandy, R. L. Bowers, L. M. Wingerd, I. M. Bailey, Roy Ballard, T. L. Treadaway, W. R. McDuffie, Spencer Kendrick, Tom May and Misses Queenelle Sawyer and Louise Adams, house guest of Miss May. Mrs. Cardwell and Mrs. Downing are Miss May's aunts.

bers of the organization and of others who may be asked to assist him. And while not officially connected with the chamber of commerce, I expect to continue my interest in the development of Brownfield and its trade territory.

Keep in mind that Monday, May 20 is the opening day of "Cleanup" week and that all of us, organized or not, are expected to assist Mayor Coleman and members of the city commission in their effort to make a success of it.

May 17 through the 25th, has been designated as National Cotton Week and Gov. O'Daniel as well as many civic organizations including the local chamber of commerce have endorsed it. So all merchants of Brownfield, no matter in what line of business engaged in, are urged to observe

it by featuring cotton products during that period.

Don't forget that Saturday, May 25 is the day that landowners vote on the Tri-County Soil Conservation district and to adopt it would be of vast benefit to the section concerned. It does not call for any increase in taxes and compliance with the program is not compulsory. The taking of the Census is not yet completed in this county and a few people are calling the chamber of commerce office and leaving their names and they are being placed with the enumerators as quickly as possible after we receive them. Residents of both the town and county are urged to continue their cooperation as we desire to procure as complete a count as possible and if you do not leave your name with us please contact an enumerator. We gave the names of all of them in the local papers of May 3.

Petitions are in course of preparation and ready for circulation within the next few days in which the county judge and commissioner's court will be requested to order an election for the voting of a \$350,000 highway and lateral road bond issue, concerning which several articles have appeared in the local papers.

The chamber of commerce office called Mr. A. G. Beardson over the phone, Tuesday and asked him for a preliminary count upon Terry County and Brownfield, but was informed that he would not be able to comply before Monday, May 20th, but would undertake to do so at that time.

\$90,000.00 CITY OF BROWNFIELD, TEXAS ELECTRIC LIGHT SYSTEM IMPROVEMENT REVENUE BONDS

SEALED PROPOSALS will be received and considered by the City Council of the City of Brownfield, Terry County, Texas, at the regular meeting place of said Council in the City Hall in the City of Brownfield, Texas, on the 24th day of May, 1940, at 10 o'clock, A. M., for the purchase of the following described bonds of said City:

\$90,000.00
CITY OF BROWNFIELD, TEXAS
ELECTRIC LIGHT SYSTEM IMPROVEMENT
REVENUE BONDS

Dated _____, 1940

Consisting of 90 bonds, of the denomination of \$1,000.00 each, maturing serially \$15,000.00 on the _____ day of _____ in each of the years 1941 to 1946 both inclusive.

Said bonds shall bear interest at a rate of not exceeding Three Per Centum (3%) per annum, maturing semi-annually.

THE RIGHT is reserved to reject all proposals. Each proposal must be enclosed in a sealed envelope addressed to Clyde C. Coleman, Mayor, Brownfield, Texas, marked on the outside, "PROPOSAL FOR ELECTRIC LIGHT SYSTEM IMPROVEMENT REVENUE BONDS", and must be accompanied by a certified or cashier's check payable to the order of Clyde C. Coleman, Mayor, in an amount equal to two per centum (2%) of the par value of said bonds. Such proposals must be filed with the City Secretary of said City not later than 10:00 o'clock, A. M., May 24th, 1940, and will be opened and read before the City Council at 10:00 o'clock A. M., same date.

SAID BONDS were authorized at an election held in said City on the 29th day of April, 1940, for the purpose of improving the Electric Light System of said City; and the City Council is authorized to encumber the revenues of said System for the purpose of securing the payment of principal of and interest on said bonds, said encumbrance to be an exclusive first lien on and pledge of said revenues, after deducting reasonable expenses of operating and maintaining said System. Legal opinion supplied by W. P. Dumas, 705 Kirby Building, Dallas, Texas.

THE following schedule shows the gross income, operating expense, and net income of the City's Electric Light System for the years stated:

Year	Gross Income	Operating Expenses	Net Income
1939	\$65,883.38	\$19,443.39	\$46,439.99
1938	\$63,030.37	\$19,819.87	\$43,210.50
1937	\$51,595.93	\$17,138.45	\$34,457.48
1936	\$45,013.75	\$14,595.55	\$30,418.20
1935	\$35,368.72	\$14,006.88	\$21,361.84

THIS NOTICE is issued by the undersigned pursuant to a resolution and order passed by the City Council of said City, on the 10th day of May, 1940.

Roy M. Herod
City Secretary, City of Brownfield, Texas

R. E. McNeil Passes On

On May 5, 1940, one of the longest funeral processions in the history of Bridgeport, Texas, wended its lonely way to the last resting place of our long-time friend and neighbor, R. E. McNeil, Sr., of the Scudday community.

Born at Denton, Texas, on April 21, 1872, he moved at the age of sixteen to Bridgeport, where he met and married Miss Myra Eaton in the year 1893. Eleven children were born unto this union, ten of whom survived the deceased.

Mr. McNeil was converted in 1907 and joined the Pleasant View First Baptist Church of Wise county. He has led an active and beneficial life as an ordained deacon of his church and supt. of the Sunday schools. He moved with his family to Terry county in 1937.

He is survived by his wife, eight sons, Earl, Clyde, Roy, Harold, Claude, Tom and Bruce McNeil of Brownfield, and Lewie McNeil of Raton, N. M., and two daughters, Mrs. P. G. Beauchamp and Mrs. T. O. Miller of Brownfield.

Other relatives attending the funeral were four brothers, Wesley McNeil, Post; C. M. McNeil, Springtown; Gene McNeil, Bridgeport; Ben McNeil, Alvarado. One brother, A. M. McNeil of Royalty, could not attend. Two sisters, Mrs. Charlie Green, Bridgeport and Mrs. Tom Welch, Wilson, Okla., Mr. and Mrs. Jack Green, Brownfield, Mrs. Randall Ross and Mr. and Mrs. Rupert Green of Bridgeport, Noel Vassar, Bowie; Gordon Vassar, Stamford; Mrs. H. M. Eaton, Mr. and Mrs. W. L. Eaton, Mr. and Mrs. T. A. Eaton, Wichita Falls; Arthur Eaton, Southbend; Marion Eaton, Longview and W. L. Eaton, Levelland.

Out-of-town friends attending were Mr. and Mrs. Bill Brannan and Mrs. John Howard, Haskell; Mr. and Mrs. Calahan, Wichita Falls; Mr. and Mrs. Rube Faught, Mr. Ollie Gibson and R. G. Nutt, Brownfield.

Pastor Hicks of the Foster First Baptist church, assisted by Rev. Nee Smith and Rev. John Redell, both of Bridgeport, spoke beautiful words of consolation that help so much to lighten our burden and make our loss seem easier to bear.

R. E. McNeil, Sr., passed away May 4, 1940, at his home fourteen miles south of Brownfield on the old Wyndom ranch. He will be missed not only by his loved ones but by a host of friends here and elsewhere.

AARON SIMMONS, NEEDMORE, LOSES HOME IN FIRE

While away from home Sunday, Mr. and Mrs. Aaron Simmons' home in the Needmore community and the entire contents were destroyed by fire.

No one knows just how the fire started as Mrs. Simmon returned to the house after they were ready to leave to be sure the fire was put out in the oil stove and it was. Noah Bell was in Monday taking donations for the family. The Simmons are highly respected citizens of the Needmore section and have the sympathy of the people in the loss of their home and contents who will be glad to help them.

Mr. and Mrs. Leo Holmes and children spent Sunday with his parents in Seminole.

Dr. and Mrs. T. H. McIlroy visited his brother, Dr. C. H. McIlroy in Slaton, last week.

Miss Elizabeth Travis is confined to her home because of illness this week.

Mrs. Terry Noble of West Point in Lynn County, was a shopper here, Monday.

Plains Boy Accidentally Shot Last Thursday

Donald Carr, about 13, was accidentally shot in both legs last Thursday on a ranch near Plains, by another youth, Walter Lindley, using a .410 shotgun. Young Carr was brought to the local hospital, where he is resting as well as could be expected.

It is reported to us that the Lindley boy pointed the gun at Carr, thinking it was not loaded, saying he believed he'd shoot Carr and when he pulled the trigger, found the gun to be loaded.

Boys should be carefully taught by parents and others never to point or snap a gun, loaded or unloaded at anyone. It is positively taking a chance on life. We have often thought about the old yarn under such circumstances, which alleges that a gun is dangerous without lock, stock or barrel, for a man whipped his wife to death with the ramrod.

Let this be a solemn warning to the young people who read this. We are sure Walter did not aim to shoot his friend, Donald, but he did. Don't point a gun at anyone.

Mr. and Mrs. Boyd Moore went to Alvord, Texas, Sunday and returned Monday. They were accompanied home by Mrs. Una Burson, a sister of Mrs. Ruth Moore.

Mr. and Mrs. Guthrie Allen, Sr., of Lamesa, were guests of their son Guthrie Allen, Jr. and Mrs. Allen, Sunday.

Stop The Leak!

(By Bernice Weldon, D.C., Ph.C.)
If a water pipe burst you would have no doubt as to the proper measure of correction, which is to repair the break, stop the leak, and remove the cause. If an equally simple accident creates havoc within the body, are you as logical?

All dis-ease with which the human family is afflicted has a cause. Most dis-ease has a single, simple cause pressure upon nerves which prevents a proper flow of motive power to the various cells and organs of the body.

In case of nervous disorders the very nature of the trouble suggests that the trouble lies in the nerves, yet we find all sorts of remedies, tangles and otherwise, being applied to the removable of effects. Chiropractic spinal adjustments alone deal with the cause!

Miss Ovella Heath, daughter of Mr. and Mrs. H. F. Heath, Jr., of the Stanford Valley community in Yoakum county, was operated for appendicitis Friday afternoon at the local hospital.

Ed Turner was in from Yoakum, Saturday, and informed us he was in the race for County Commissioner of that county.

Mrs. Charles Hubby of Lubbock, is here spending the week with her brother, J. J. Youngblood and Mrs. Youngblood.
