## Permian Basin Ass'n Meets at Odessa

ODESSA, June 10.—Program arrangements for the Second Annual Convention of the Permian Basin Association which is to be in Odessa on June 21st and 22nd are rapidly being completed. Outstanding leaders in the oil industry have accepted invitations to attend and take part in the meeting, said Jerry Debenport, general manager of the convention, today.

Among the men outstanding in the petroleum industry scheduled to appear on the convention's program are J. S. Bridwell, independent oil operator and president of the West Texas Chamber of Commerce; J. C. Hunter of Abilene, general manager of the Mid-Continent Oil and Gas Association; D. G. Gray, executive vice president of the North Texas Oil and Gas Association; and J. C. Watson of Abilene, executive secretary of the West Central Oil and Gas Association.

### Record Attendance Indicated

The sale of registration badges for the PBA Convention opened in Odessa Tuesday morning with a campaign aimed to secure 2500 registrations two weeks in advance of the opening convention, including four big dances—two each night of the meeting—and a mammoth barbecue to be served by the Odessa Chuck Wagon Gang on Saturday afternoon, June 22.

The Midland Chamber of Commerce, through John W. House and Bill Collins, president and manager of the organization, placed an initial order for 250 registration badges for the Permian Basin Association convention.

J. L. Greene, Midland, president of the PBA, announced that he believes the largest crowd to attend a meeting in West Texas this year—including the annual meeting of the West Texas Chamber of Commerce—will be in Odessa on the dates of June 21st and 22nd for the Oil Show and Permian Basin Convention.

## Odessa Man Killed Here Thursday

Thursday morning about 2 o'clock, O. C. Steed brought a man to the local hospital, which he said he ran over at the juncture of the Lubbock and Levelland roads, one mile north of the city. The man hardly breathed after being brought in. He was about 35, and weighed around 160, had blue eyes and blond hair.

Sheriff Ches Gore believes the man had run out of gas as his car tank, further up the highway, was found to be empty, and that he had started back to town after gas when hit. Mr. Steed says he did not see the man until he was right on him.

Papers in the car lead officers to believe he was W. L. Neese of Odessa, and phone calls to that city completed the identification. Gore stated that the man's father from Oklahoma City was reported to be coming after the body.

## Homer Nelson Down In Arkansas

Homer Nelson, the smiling and accommodating druggist who is the front end of the firm of Nelson-Primm, left last week unbeknownst to the general and sundry for the old native state, "way down in Arkansas." Of course he took his wife and children with him, and his brother Lynn hinted that he might have took his hook, line and sinker.

## We Take Another Weekend Ramble

Having come in possession of a new 'Shivverleigh' car by hook or crook, and desiring to show it off to our "poor" kinfolks, the Old Rambler, Mrs. Rambler, the Junior Rambler, wife and Little Rambler took a jaunt off down Fort Worth and Cleburne way the past week end to visit. The object was the home of eldest living brother, Tom, and family of Fort Worth and Meeks and family who live partially in Cleburne and the balance, Meeks nad daughter out on the farm 11 miles southeast of Cleburne, and three miles from the little city of Grandview.

Crops are about equal all the way down, and we found most of the section recently supplied with showers. The cotton here on the average is about like it is here until you really get to central Texas, and there it is somewhat more advanced in places. The feed is larger on the average in most places. Returning home Sunday afternoon, we found that Jones and Fisher counties had had very heavy rains, and in places, especially on slants, badly washed, and in low places covered with water, which will probably necessitate replanting in places. This rain fell Saturday night.

Tom had challenged the wife to a fishing contest last Christmas, and they hiked out early Saturday morning. Tom won, having caught one perch about two inches in length. Textie got a few nibbles. Tom said the barometer or sumphen was wrong for fishing. Us, why we just lay around the house which is well out in the sticks near the Masonic home. We watched the birds, jays, reds, doves, mocking, etc., flit about after worms and building material, and even took a nap. The fishermen came in about noon, "regusted" with their lone two-ouncer.

In the afternoon, Tom, Sr. and Jr. herded Jack III and the two beautiful little grand daughters of Tom to the zoo at Forrest Park. They certainly have a great collection of animals and the feathered tribe, as well as reptiles out there, and in the most natural surroundings one could imagine. Deep down on the Trinity river bottom, with heavy timber and huge bluff that makes an ideal setting for the rear end of the animal cages and dens, you can hardly imagine you are really surrounded on all sides by heavily populated residence sections, a half mile from you. Between showers, when we had to get in the car, we took in different sections of the zoo, and at last the merry-go-round as the children had to ride.

Our little Junior has never seen many animals outside his picture books, and did his eyes bug out? It was just about as amusing to watch him watch the animals, as to take in the trained swinging ape. Finally the rain started like nobody's business, and we headed for Tom's home, clean across the city. Saw some more of his daughters and in-laws, had supper, and headed for Cleburne. As time was limited we had to make each shining moment count. Reached Cleburne around sundown, and found the home of our nephew, Benton Stricklin, who has but recently took unto himself a Tennessee wife, the former Miss Hazel Rodgers.

They had supper, dinner to you perhaps prepared, but we had already et. So, as soon as they finished their meal, we made a bee line out to the Meeks' farm, where he and daughter Violet still live. Meeks had the misfortune to lose his wife about a year ago. They were looking for us, and conversation, latest yarns and war was the talk until a late hour, when the younger couples returned to Cleburne for the night. Master Jack Taylor Stricklin got a great kick next morning watching the chickens, turkeys, horses and cows. But the greatest came when he and the writer were taken in Meeks' model T whoopee over to the north pasture to see the sheep. His uncle told him if he could catch one of the lambs he

## Flag Day to Be Observed Here

Friday will be the 163rd birthday of Old Glory, and a short but appropriate ceremony has been arranged by the Junior Chamber of Commerce, which will take place at the Federal Building at 7:30 a. m. to honor the birthday of the Stars and Stripes.

The American Legion, assisted by the Boy Scouts will have charge of the celebration. An effort is being made to get Hon. Louis P. Reed, district judge, who is holding court at Plains, to make the principal address.

At the closing of the program, the flag will be raised to the top of the mast, and the crowd will salute. Be sure to be on hand and show the world that you are for freedom, free speech, free press, and the right of free assembly.

## Last Day of Filing For Office June 15th

The deadline for filing for county or precinct offices is rapidly approaching, the law providing that none may file after June 15th this year.

Nominations for state offices closed June 3, and 51 names were filed and paid the filing fees.

Bub Smith, son of Mr. and Mrs. C. J. Smith is visiting relatives in Amarillo this week.

could ride it. He did his best, but the three-year-old boy was no match in speed for the spring lambs.

Found that Meeks has almost quit cotton on the farm, although he has a few acres of his best bottom land in cotton. He goes mostly to feed. His large grove of pecans are getting into good bearing. He estimates that his crop of papershells will run around 8,000 pounds this year. His old natives along the creek were top worked by his son Alton, who now lives in Tulsa, Okla., several years ago, and they too, are now bearing only the best papershells. He sold around 500 pounds to Brownfield merchants a few years ago, and they found them the best they bought, and want some more of them this year. In fact, we imagine he could sell his entire crop on the South Plains.

The big finale of the trip was a church dedication at Burleson, just over in Johnson county from Tarrant. The first sermon was preached, and was followed by a huge dinner on the ground, and did those Johnson and Tarrant county ladies have the grub? Enough for three such crowds. This weak congregation was put on its feet by some strong churches of Johnson county and the some twenty in Fort Worth, who also helped them pay for their small but very neat building.

Had the pleasure of a few minutes with Mrs. J. Y. Benton, mother of Meeks' wife, who lives near him on the old Benton homestead with some of the children still at home. Mrs. Benton was like a mother to us when we came out to Texas, a 20-year-old lad, and orphaned at 10 years of age, to make our home with Meeks and family. Mrs. Benton would feel hurt if we did not visit her while down there, even if but for a few minutes and we would not think of missing the pleasure of seeing her.

Tom loaded us up with a large sack of vegetables from his garden, including Irish potatoes, carrots, beans, onions and chard. So we are fixed up to live in style for awhile. Traveled in rain most of the way home, sometimes in showers, and sometimes so hard we could not see thirty feet ahead. But we made fair time, leaving Fort Worth at 2 p. m., and arrived in Brownfield at 10:15. Stopped in Post for a late supper, and found the rain had ended between that place and Clairmont.

Gosh! we succeeded in filling a lot of space, didn't we?

## DICKIES' COWTOWN BAND WILL PLAY IN BROWNFIELD JUNE 21ST

Above is the famous Dickies' Cowtown Band which will play in Brownfield Friday, June 21 from 3:30 to 4:30 ON THE NORTHWEST CORNER OF THE SQUARE. They have a wide reputation over Texas for their musical ability and entertaining ability. The band is under the direction of Earl Millhorn, who is also well known for his ability as a master of ceremonies and announcer. This band is supported by the Williamson-Dickie Manufacturing Co. of Fort Worth, who manufacture Dickies' Work Clothing. Their line in Brownfield is handled by Collins Dry Goods Co., who has featured them for many years.

## Park Named in Honor Of Clyde C. Coleman

A committee from the Junior Chamber of Commerce met with the city council Tuesday night,

CLYDE C. COLEMAN  
Mayor of Brownfield

and requested that they be given the privilege of naming the city park started this year in the southeastern part of the city. The request was granted, and the Jaycees announced that it would be given the name of the present Mayor, Clyde C. Coleman, and be known as Coleman Park.

The Juniors also requested that the city council erect an arch over the entrance to the park on which will be inscribed the words, "COLEMAN PARK." Mr. Coleman has put in many hours of hard work to get this, our first real park under way. It has really been one of his pet hobbies, and it was a very sensible thing for the Junior Chamber of Commerce to suggest that the park bear his name. In other words, they believe in "flowers for the living."

Much work has been done by WPA on the park this spring and with good rains, as well as plenty of city water at hand, it will not be but a very few years until it will be a thing of beauty and a joy to the town. It is believed that most all shrubbery and trees will live and grow this year. If anything is lost, it will be a few of the evergreens.

### TWO NEW FIRMS ON WEST SIDE SQUARE

Two new firms are now holding forth in the Randal building on the west side of the public square. They are Cherry Foster, with his splendid Auto Supply stock and Raymond Taylor with a good line of gent's clothing.

They have divided the 25x100 foot building equally, and have installed in many instances entirely new fixtures, bringing both stores right up-to-now.

The Terry Co. Sing Song meets at Lahey on the afternoon of June 16th. Come and bring new books.

Attend the Jaycee Inaugural Ball Saturday, June 15th at the Venetian Auditorium.

### Soil Conservation District Approved

County Agent L. N. McClain has been informed that the State Soil Conservation Commission, which met in Temple, Texas the first part of last week, has approved the district voted on by Terry, Yoakum and Cochran counties, May 25. Mr. McClain also stated that he presumed that the force to carry on the office work would be here by about July 1, and would likely have offices in the old American Legion Hall, which has lately been purchased by the County-City governments.

Mr. McClain stated that the official vote on formation of the district was changed some when the official vote of Cochran county came in. The vote of Terry and Yoakum was the same as the unofficial county but the Cochran county vote was slightly different.

County	For	Against
Yoakum	64	19
Cochran	88	10
Terry	144	25
Total	296	54

### Ross Motor Co. To Move to Highway

Carpenters are busy this week erecting a huge store room and display rooms for the Ross Motor Co., near the junction of highways 51 and 380, on Lubbock Avenue that will house the offices, display rooms and show rooms for Ross Motor Co., agents for Oldsmobiles, Hudsons, and General Motor Trucks in this section.

The building is to be stucco finish, 40x100 feet, and will probably be ready for occupancy by the first of July. He recently completed the mechanical department in the rear of his lots, 36x40, giving ample room for the wrecking yard department to operate and store their parts.

Mr. Ross has purchased sufficient space along Lubbock Avenue to take care of the parking of all his used cars, and at the same time give ample room for customers to park their cars.

HERALD ADS GET RESULTS

## Not a Dadblamed Bit Of News This Week

Unless there is a break for the better further on this week, the Herald will be just about as blank as one could make it. There isn't anything new, and the trouble last week with religionists seems to have settled down to watchful waiting.

Of course we could go on to tell you what we think of the war situation, but you probably have your own ideas that might be better than our own. At the final wind-up, we might agree with each other, shake hands, and go back to work and await the next batch of war news over the radio, or in the evening or morning paper.

We might vie with each other as to whom could call Mussolini and Hitler the dirtiest names, and tell each other how we'd like to boot their hindends, and the harder the better. But the Signor and the Herr are a Long Way From Tipperary—and the further the better.

We might even start to discuss farm prospects and what the farmer will get out of it—if anything—this fall. We might tell each other that the rains and showers have been nice and gentle, and at regular intervals. But is that news?

There have been no murders, suicides or robberies in the immediate vicinity. The ice man has not eloped with the rich man's daughter. There have been no rich scandals that we have heard of, so what is a poor country editor to write about?

Nevertheless, you'll have to admit that we killed a lot of space with this article.

### Mr. and Mrs. Citizen of Terry County, Texas

Dear Folks:  
For two reasons I am not making a house-to-house canvas of the county in my race for County Attorney. In the first place I haven't the car nor the money with which to do so and the second is that I don't want to disturb you at this busy season.

Won't you please consider this letter as my personal call on you

in your homes and as my request for your vote and support. I may fail to give you a card and ask you personally for your vote, but that doesn't mean that I don't want you to vote for me. I want and need the job and sincerely hope you will hire E. S. Hurt as your next County Attorney. It won't hurt you to hire Hurt but it will hurt Hurt if you don't.

Very truly yours,  
Eugene S. Hurt

### To Take Finger Prints Here Saturday

It was announced this week by Atty. E. S. Hurt that people who desired to do so might have their finger prints taken Saturday afternoon on the lawn just east of the court house. Nothing compulsory.

People who aim to behave themselves have no fear of fingerprinting. But it is the best method of identification of those mangled or badly burned known. After Saturday, others may have their finger prints taken at the sheriff's office.

These will be filed in the vaults for reference if needed in the future.

## Quarter Inch Rain Fell Sunday Night

The rains that fell over most of West Texas Saturday night and Sunday missed this section, except light scattered showers, but a rain that covered three-fourths of Terry county, according to reports at the County Agent's office, fell Sunday night after midnight.

The gauge at the court house measured a quarter inch. The rain was much heavier southwest, west and northwest of Brownfield. However, most all sections, except the southeast got showers.

Several farmers informed us that they got good rains, and some reported good showers, but most stated that they had enough for the present. "Sam Miller reported "just what I wanted." His cotton, planted in April, has squares.

At the present time, crops are perhaps more advanced in Terry county than for years.

## Barber Shop Burglarized Saturday Night

Reed's Barber Shop on the west side of the square was rifled of a few dollars in silver Saturday night some time, and was investigated by officers, according to the manager, Mr. Blair. Finger prints on the cash box were not plain enough to do much good.

The colored porter and an itinerant barber that blew in late last week both had keys to the shop, and the burglary lay between them, it was believed, but the porter stayed in town, while the barber beat it. So, the porter has been eliminated from suspicion.

It was stated that the barber in question was rather highly polished on whiskey Saturday night, and it is supposed he ran short of his own funds and pilaged cash.

### Home of Lubbock Judge Dynamited

The home of District Judge E. L. Pitts of Lubbock was dynamited at an early hour Wednesday morning, causing great damage to the front of the house, but not hurting any members of the family, except being greatly shaken up. Officers believe it the work of bootleggers who have had pretty heavy fines of late from Judge Pitts. The residence of the District Attorney was also recently dynamited. Bootleggers are being rounded up and questioned. Also dynamite purchases are being traced.

Such gentry as that are not needed, if they don't like the officers, let them come to their face and tell them. The officer's family had nothing to do with the matter, but their lives are also endangered.

### Red Cross Meeting Called For Monday

County Supt. Lee Fulton has called a meeting of the people, whether they belong to the Red Cross or not, to meet in the District Court Room next Monday afternoon at 3:30 p. m.

With the war spreading in Europe, the civilian population of the war torn area will not only need food and medicine, but clothing as well.

One of the objects is to explain the needs along clothing lines, and ladies who sew or knit are urged to attend this meeting.

### Delegation to Attend Seminole Celebration

T. L. Patterson, secretary of the Chamber of Commerce informed us that some twenty people had already agreed to accompany a caravan to Seminole, Friday, for the opening day of their big Third of a Century Celebration and Rodeo. Others indicated they might go.

Seminole is pulling a big party Friday and Saturday that will include a free barbecue the first day. Many other entertaining features are on tap, including a big parade Friday.

Those who go, will meet in front of the Chamber of Commerce office at 8:30 a. m.

The poor candidates are sure going to have a hard time rising any steam this year. In fact, it looks like a little perspiration and no sweat at all will be the limit, unless the war in Europe calms down a bit. With all the bull fiddles and all the banjoes, with all the yodeling that Leon may have in stock, it looks like a dud. Even the national conventions may have to take the second or third page, and make the radio when the news is not on. It is downright disheartening to the poor candidates. If the news broadcasts get a bit more frequent, most of us may forget that it is election day on July 27th.

**An Exchange: Fifth Column**  
When the Fascists were approaching Madrid, Spain, in the war in 1936, a General said, "We have four columns of soldiers approaching Madrid and the Fifth Column will rise up from within Madrid to help us." That's where the phrase "Fifth Column" came from. A report coming to America from one who resides in Holland is to the effect that for months preceding the time Germany invaded Holland and Belgium, large posters advertising a brand of coffee were placed all over these two countries on billboards, houses, barns and other places where such advertising is usually placed. When the "parachutists" arrived and landed the first thing they did was to go to the nearest coffee sign. When the advertisement was taken down by the German parachute units on the back of it was a diagram and the map showed exactly the location of the nearest German sympathizer. Names and addresses were given on the backs of these posters.

Some time ago a laboring man was asked why he did not attend church. "I have reasons which are satisfactory to me. One is I have not the money to buy clothes to match the ones my neighbors and friends wear to church on Sundays. Nor have I the money to meet the appeals made for the various causes the church is sponsoring. It is embarrassing to me to appear in everyday clothes when others have on their Sunday clothes. And it humiliates me to have the collection plate passed in front of me and not contribute something when others do. These are some of the reasons why I don't attend church. It takes about all I can make to feed and clothe my family." Without raising the question of right or wrong in his statement and reasons, we are bound to admit that there are many cases similar to the one stated above. Many ladies have stayed away from church because they didn't have a new spring or fall hat like other ladies had. Many boys have stayed away from Sunday school and church because they did not have new suits like other boys. Many men have stayed away from church because they did not have Sunday suits to wear, and did not have money to put in the collection plate.—Rochester Reporter.

Despite the fact that there is war and rumors of war, new homes are started almost daily in Brownfield. Maybe the men folks want a place for the wife and children to keep the home fires burning and a place to come back to if they have to come back from over there, which we sincerely hope will not happen. Preparations are also going forward to build more street paving, and to make the town more beautiful and more healthful to live in. Come what may, we hope the old town never loses its sense of civic attractiveness, and that while the building may have to let up a bit with the pressing of war preparedness, this will be no sign that we can't go ahead with planting trees, shrubs and flowers, and in keeping our homes bright with paint when needed.

That a great majority of people in this section were with President Roosevelt in his speech, cannot be denied, for most of them expressed themselves in no uncertain terms that their sympathy goes to the democratic nations in this hour of sore trial, and that our people are in favor of supplying them with war needs of every kind that we may have or make without stint or limit, pay or no pay. Our people have come to realize that sooner or later we will have to take on the beasts of Berlin and Rome, perhaps single-handed, and the worse the totalitarian nations are worn down, the longer we will have to be prepared to meet their thrusts, for it will come as sure as little peaches if Berlin and Rome win. We have found that all of them, including Russia and Japan are in the same boat, and when we are attacked, it will be by all of them. It may be all right to warn people not to get jittery, but we should be jittery enough to plan for the day when it comes, and be prepared and ready to blast any number of bombs and bums out of the sky.

**POOL**

Everyone is very thankful for the nice rains we have received in the last few days.  
We are happy to announce that Mr. and Mrs. A. J. Ticer are the proud parents of a little girl, named Roberta Dolores.

**MRS. MYRTLE STOCKTON DIES AT BROWNFIELD**  
CROSBYTON—Mrs. Myrtle M. Stockton, 56, Crosbyton resident 24 years, died at 3:30 o'clock June 5 at the residence of a son, Charles Stockton, in Brownfield. She had been ill several weeks.  
Funeral services were conducted at 2 o'clock Thursday afternoon in Crosbyton Methodist church. Curry funeral home directed burial in Crosbyton Cemetery.  
Surviving are two other sons, Royce of Lubbock and Troy of Bonham; two daughters, Mrs. J. McDuff and Mrs. Zola Edwards of Crosbyton; a brother, John Johnson of Hereford and Mrs. Arthur Musick of Welasco.

**THE POOR EDITOR (Author Unknown)**  
Consider the editor! A child is born unto the wife of a merchant in the town. The physician getteth 10 plunks. The editor writeth a stick and a half and telleth the multitude that the child tippeth the beam at nine pounds. Yea, he lieth even as a centurion. And the proud father giveth him a five-cent cigar.  
Behold, this young one groweth up and gradueth. And the editor putteth into his paper a swell notice. Yea, a peach of a notice. He telleth of the wisdom of the young woman and of her exceeding comeliness. Like unto the roses of Sharon she is and her gown is played up to beat the band. And the dressmaker getteth two score and four iron men. And the editor gets a note of thanks from the sweet girl graduate.  
And the daughter goeth on a journey. And the editor throweth himself on the story of the farewell party. It runneth a column solid. And the fair one remembereth him afar with a picture postal card that costeth six for a jitney.  
Behold, she returneth, and the youth of the town fall down and worship. She picketh one and lo, she picketh a lemon. But the editor calleth him one of our promising young men and getteth away with it. And they send to the editor a bid to the wedding, and behold the bids were printed in a far city.  
Flowery and long is the wedding notice which the editor publishes. The minister getteth 10 bones. The groom standeth the editor off for a 12-month subscription.  
All flesh is grass and in time the wife is gathered unto the soil. The minister getteth his bit. The editor printeth a death notice, two columns of obituary, three lodge notices, a cubit of poetry and a card of thanks. And he forgetteth to read proof on the head and the darned thing cometh out, "Gone to Her Last Roasting Place."  
And all that are akin to the deceased jumpeth on the editor with exceeding great jumps. And they pulleth their ads and cancelleth their subscriptions, and they swing the hammer even unto the third and fourth generations.  
Canst thou beat it?

**ORDINANCE PREVENTING DOMESTIC FOWLS FROM RUNNING AT LARGE WITHIN THE CORPORATE LIMITS OF THE CITY OF BROWNFIELD.**  
BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BROWNFIELD:  
(1) This ordinance is intended to affect and apply to those persons residing or living within corporate limits of the City of Brownfield and all additions that may be added to said City in the future.  
(2) It shall be the duty of any person, firm or corporation in the City limits of said City owning or having within their management or control, any chickens, turkeys, geese or other domestic fowls to keep the same enclosed upon their own premises in such manner that same cannot go upon the public streets, highways or alleys or park-ways of the City, or upon the private property of others.  
(3) It shall be unlawful for any person, firm or corporation owning or having under their control or management any chickens, turkeys, geese or other domestic fowls to allow same to run at large, either upon the public streets, alleys, highways or park-ways, of the City of Brownfield or upon any private property other than that upon which same are kept within the City.  
(4) Any person who shall violate any provision of this Ordinance shall be deemed guilty of misdemeanor and shall be punished by a fine of one dollar. Each and every violation of any provision of said Ordinance shall constitute a separate offense, and each day that any fowls are allowed to run at large in violation of this ordinance shall constitute a separate offense.  
(5) It shall be the duty of the Chief of Police to enforce the terms of this Ordinance. If at any time fowls are found running at large in the above described limits of the City of Brownfield and the owners of same be not known, then it shall be the duty of the Chief of Police to impound and advertise the same for sale for five days (the day posting being included in the five days) by posting two written notices, one at the Court House, and one at the City Hall, which notices shall describe and give the marks and class of said fowls, and state that the same will be sold on the fifth day after the date thereof, unless reclaimed. At any time before the sale of any fowl the owner thereof shall have the right to reclaim the same on proof of ownership and on paying the Chief of Police fifty cents (50c) for posting same and twenty five cents (25c) per day for the expense of keeping such fowls.  
(6) The owner of any fowl so sold shall, within thirty days after such sale on proof of ownership to the City Council receive the amount for which the same was sold, less the amount allowed for taking up and posting same for the expense of keep.  
Passed and Approved this the 11th day of June 1940.  
Clyde C. Coleman, Mayor  
Attest: Roy M. Herod, City Secretary

**HENRY DEAR IS EATING CROW**  
since I got him a MILE-DIAL...FREE

"Just like a man—with his superior air—he'd keep telling me any gasoline is the same as any other. But I argued there couldn't be much to lose, as long as they give you the Conoco Mile-Dial perfectly free.

"They certainly wouldn't tease you to take a thing that strictly counts up the mileage from their own gasoline, unless they're awfully sure of themselves. So I steered to the first Conoco station and in half a second the Mile-Dial was on the dash. Looks smart. Free, too.

"The total mileage on your speedometer goes on the Mile-Dial, so you know the start of your test. And you know the amount of your gasoline, by starting with just a full tank of Bronz-z-z. Then going along buying your 10 gallons more, or maybe 8, or 15 let's say, your Mile-Dial keeps count.

"Let's look. I'm up to 53 gallons. And... wait a second... it's 928 miles since starting this test of Conoco Bronz-z-z. Now watch this

flip of the Mile-Dial. There!—it says better than 17½ miles from a gallon of Bronz-z-z, with a car this big. And do I hear any pooh-pooh?

"Even Henry won't say it's just luck any more, after all the different driving tests he's kept doing with this Mile-Dial... Luck?... It's just bad luck using mixed breeds of gasoline when Conoco Bronz-z-z is game to let you dial its true mileage. A smaller car like yours might even beat 17½.

"If you're a consumer that wants 36 inches in a yard, and real facts on everything, you certainly want the true count of mileage from your open-face Conoco Mile-Dial..."

Get your own certified Mile-Dial today at Your Mileage Merchant's Conoco station... FREE. There's a heavy demand—go now. Continental Oil Company

TRUCK OWNERS who lack fancy cost-systems find Conoco's Mile-Dial the best thing yet.

**'SING A PSALM OF SIXTY'**

A Colorado minister makes the following suggestions to motorists: At 25 miles sing, "I Am But A Stranger Here, Heaven is My Home." At 45 miles, "Nearer My God To Thee." At 55 miles, "I'm Nearing The Port and Will Soon Be Home." At 65 miles, "When the Roll is Called Up Yonder, I'll Be There." At 75 miles, "Lord I'm Coming Home."

Well, we had another short summer. Monday and Tuesday were both pretty chilly to the thin blooded, and the shower that blew up from the north like a ton of brick felt like a great air conditioner had been turned on the outside. So, after this week's winter is over, perhaps it will turn summer again for a few days.

**TWO SIDES TO QUESTION**

College Station, June 13.—The designation of June as National Dairy Month brings out the point that dairymen have an obligation to consumers of dairy products. "The idea back of the proclamation, of course, is to increase milk consumption", E. R. Eudaly, dairyman of the Texas A. and M. Extension Service, has pointed out in a letter to dairymen and county agricultural agents. "I would like to add that the whole aim and object of any dairy program should be the production of good quality milk."

On January 1, 1940, there were 25,534,000 milk cows on United States farms, with 5,533,000 heifers coming on. That is an increase of 246,000 cows and 308,000 heifers over totals of a year ago.

"If all people in the United States used as much milk and milk products as recommended for an adequate diet there would be a shortage of milk instead of a surplus," Eudaly added.

**Want to Know How Candidates Stand**

MUMFORD, June 10.—Determined to get a definite commitment from every legislative candidate on the question of natural resource taxes to pay social security obligations, the Women's Committee on Economic Policy for Texas today laid down the first barrage of a drive for fulfillment of its legislative program. Mrs. Jud Collier of Mumford, chairman, announced.

Instructions have been mailed to 1,000 Texas women leaders, asking them to get frank, unequivocal statement from all legislative candidates as to whether they favor an increase of natural resource taxes to pay old age pensions to the needy and to finance the teachers' retirement program. Mrs. Collier declared.

"We have prepared a special questionnaire which these women leaders will have all candidates sign, and these signed forms will be returned to state headquarters for compilation," she pointed out. "We are standing by our motto, 'We are Tired of Nonsense.' We mean business in this drive for just taxation. We think our own social security needs should be financed by reasonable taxes on our natural resources which today flow in an unending stream to other states and to Germany, Italy, and Japan."

With Mrs. Collier as chairman and Mrs. Margaret Reading of Waller as secretary-treasurer, the Committee consists of leading women who are pledged to the group's tax-social security program.

**Col. Thompson Trains Guns On O'Daniel**

AUSTIN, June 10.—Colonel Ernest O. Thompson, machine gun officer of the 90th Division during the world war, came out fighting in his opening radio address in his campaign for Governor of Texas with a blistering attack on the war record of Gov. W. Lee O'Daniel.

"Let's see who did the fighting and who did the singing," Thompson shouted.

The war-time colonel explained he had not intended bringing up O'Daniel's war record but said the issue was forced on him by an editorial in the W. Lee O'Daniel News of June 3 in which O'Daniel's own newspaper termed Thompson a "mouth patriot" because he urged a special called session of the legislature to deal with un-American activities.

"I am the one he refers to as a mouth patriot because I am the only one who asked him to call a session to show the President of the United States that we down here in Texas mean business and are behind him."

Thompson said when O'Daniel called him (Thompson) a mouth patriot, he called every man and woman who wore the uniform or otherwise served his country in time of war a mouth patriot.

"Wilbert Flour Sack O'Daniel has started something but I'm going to finish it," Thompson said. He continued:

"What I want to know from you Wilbert O'Daniel, is where was our great flour salesman who sings of the sons of the Alamo when the fighting was going on in 1917 and 1918. Where were you Wilbert?"

"Is it possible that you are the same man who is said to have painted his auto red, white and blue and rode up and down the streets of a little Kansas town singing 'It's a Long, Long, Way to Tipperary'? Was the greatest enemy you faced the desultory traffic of this little Kansas town? I'm willing to match war records with you Wilbert O'Daniel."

Thompson said he enlisted in the first training camp, went to France and saw many months of front-line fighting with the 90th Division and directed the greatest machine gun barrage ever laid down.

"What division did you serve in Wilbert?" Thompson asked. "What front did you serve on O'Daniel. What kind of a barrage did you ever put over except a barrage of hillbilly music and newspaper smokescreen called the W. Lee O'Daniel News in which you call soldiers mouth patriots." Thompson charged O'Daniel had

Thompson said the voters of Texas would defeat O'Daniel in July and "show the world that the spirit of Bowie, Crockett, Fannin and Sam Houston still live in the Lone Star State."

# ONE MILLION Texans

One million Texans would have to find other means of livelihood if the Texas petroleum industry were to shut down tomorrow.

Steady employment, good working conditions, reasonable working hours and fair wages are the industry's responsibilities to its workers and their families—a million Texans in all.

It must maintain production, find and develop new fields, meet competitive markets for its products and pay its total expense bill of 750 million dollars a year, which includes its payrolls.

The Texas petroleum industry now has to pay 97 million dollars a year in taxes to Federal, State and local governments before it can consider wages and employment.

*When expenses must be cut to satisfy increasing tax demands, employment suffers, and with it, the buying power that employment creates in our State.*

### KING COTTON COMES INTO ITS OWN

College Station, June 10.—Cotton comes into its own this summer. It has received the coveted nod of those who dictate the styles and will be the most popular fabric on the market.

Seersucker has gone "high hat" and, with chambray and gingham, will get most of the fashionable play, but voiles, batiste, chintz and organdy will also be favorites.

Plaids and checks are vying with solid colors for first place in popularity.

The increasingly large part cotton is playing in the women's shops of America is due largely to new processes which prevent undue fading and special finishes which make the materials keep that "new" look indefinitely.

Cotton will not only be stylish but, points out Mrs. Dora Barnes, clothing specialist of the Texas A. and M. Extension Service, it is the most practical and durable of all summer materials, and there are weaves to fit every pocket-book.

The sheer voiles, organdies, and batistes are seen in the dressiest styles, says a fashion note, with many "tiny buttons, yards of lace, and skirts that fairly blow away in the breeze."

Mrs. Barnes more or less seconds that with the remark that cotton is a very flattering material. "Such little touches give the feeling of luxuriousness and of youthfulness to the wearer which is oftentimes impossible to achieve in the heavier and more costly fabrics," she said.

### 'THE AMERICAN CREED'

"I believe in the United States of America as a government of the people, by the people, for the people; whose just powers are derived from the consent of the governed; a democracy in a Republic; a sovereign Nation of many sovereign States; a perfect Union, one and inseparable; established upon those principles of freedom, equality, justice and humanity for which American patriots sacrificed their lives and fortunes.

"I therefore believe it is my duty to my Country to love it; to obey its laws; to respect its flag; and to defend it against all enemies."—William Tyler Page.

Mrs. Bill Burson of Maria, Texas, who is attending the summer session of Texas Tech was a guest in the Money Place home the past week end.

For better and sweeter music, give your phonograph records a bath now and then, using warm water and a mild soap.

if a man does not like this government under which he lives and enjoys the blessings of freedom and liberty which is guaranteed him by its laws, he ought to go where Hitler and his mob live and not remain here to give comfort to those who would rob and enslave us.

I dread the approach of the impending crisis. The enemy from within is to be feared as much as the invader without. The enemy within will be made to suffer first. All hell couldn't save him after he is detected. You can't restrain the people whose lives and property are threatened. They will do things to some that they ought not to do. Now is the time to be loyal to your country and not to utter a word that might enthrall your existence later on.—Uncle Billy, in Sterling City News-Record.

### OVERRUN WITH SPIES

Mexico and the United States are suspected of being overrun by Russian and German spies and traitors.

These snakes in the grass are called the "Fifth Column." These boys are being watched and when one is caught, he will be fingerprinted and placed where he can do the least harm. This is a matter of public safety, because we have seen the work of the "Fifth Column" in the fall of several nations of Europe. We would be a bunch of nuts to tolerate the semblance of the works of the Fifth Column.

The man whose sentiments are for Hitler and his mob of cutthroats and bandits who are threatening the whole world including the United States should leave the country and go where his sentiments are appreciated or else keep his head closed.

Every man and woman in America is guaranteed by the constitution the right of free speech so says what it pleases him to say, but there is a string to it that makes each one responsible for what he says. If he gives comfort, indorsement or encouragement to those who seek to overthrow the government of our United States by law, he is guilty of treason whose penalty is death.

In these crucial times one may "hell" for Hitler and do other things that would render him accountable for what he says and does. I have in mind things which a man might speak that would be answered by a blow. Red blooded Americans consider that

### DIES VINDICATED

What have certain high-placed New Dealers to say now about Congressman Martin Dies of Texas? Not many months ago they were smearing him none too gently as a reactionary Red-baiter whose only objective was to win personal publicity and embarrass the Roosevelt Administration politically.

The story is a familiar one. As chairman of the House committee investigating un-American activities, Congressman Dies has in the past been subjected periodically to bitter attacks launched by a number of people close to the White House. Indeed, the President himself has on more than one occasion applied a figurative hot-foot to the big Texan, once saying, for example, that the Dies committee was guilty of a "sordid procedure."

But what about now? However grudgingly they admit it, many New Dealers today feel differently about Dies. As for the President, although seemingly half-reluctant to say so, he suggests that the record of the Texan's committee is well worth reading as a source of important information on the Fifth column and its activities in America. In short, to put it mildly, recent events have made a lot of people shame-facedly eat words they directed at Dies only a short time ago.

For the Fifth Column threat has suddenly become immediate enough to make it clear that his inquiry has been making sense all along, while its more violent critics have been able to do nothing better than smear it.

It is true, of course, that the inquiry has at times violated the proprieties of evidence-taking—and this department has criticized it more than once for that reason—but such peccadilloes fade into insignificance when measured against the great amount of actual good accomplished by the committee. Long before his New Deal critics woke up to the fact, Chairman Dies was busy warning the country that a Fifth Column existed here. And to his credit—despite many attempts to block him from getting Congressional appropriations, he kept pounding away at the threat by exposing the subversive techniques being applied by America's vicious Communist, Fascist and Nazi elements. As a result, Dies and his committee colleagues have done much to put the nation on guard.

And because this is true, Chairman Dies has triumphed completely over all those self-styled liberals who once so recklessly slung mud at him. Under the circumstances, he should have the full backing of Congress in his latest effort to continue the life of his committee, for the marching Fifth Column has real reason to fear Dies.—Pathfinder.

### WHY AMERICA HAS A FARM PROBLEM

SUBMARGINAL AND EXPLOITIVE FARMING HAVE IMPOVERISHED BOTH LAND AND PEOPLE

One reason why America has a farm problem is that too much land that should never have been farmed has been put into cultivation and too much land has been farmed under practices that mine the soil of its fertility.

As a result, about 50 million acres of American farm land are now worthless, and another 50 million acres border on abandonment.

Conservation of the Nation's soil resources is one of the first steps in solving the farm problem. In Texas, more than half of the cropland has been protected by soil

and water conserving practices and the work is spreading to include pastures and rangeland.

The state soil and water conservation district law gives farmers and ranchers a tool whereby they can cooperate to speed up their conservation work. Assistance from many sources, including county agricultural agents, teachers of vocational agriculture, the SCS, CCC, FSA, and NYA is available, and the first purpose of the AAA program is to encourage use of practices which build fertility and prevent erosion.

### DID YOU 'ATE', 'ET', OR 'EAT' OUR DINNER?

AUSTIN, June 11.—If everyone in your community says "I et my dinner", don't frown down your academic nose at them, urges Miss Katherine Wheatley, University of Texas linguist and diction expert. "Et" is as correct as "ate"—if you live in England or in certain sections of the South, she explained.

"Speech is standard according to good usage rather than according to the dictionary pronunciation," she said. "Good diction varies with time and place."

In America we are not justified in being dogmatic, she declared, citing American scholar George Krapp, who defines speech as standard "when it passes current in actual use among persons accounted representatives of the approved social traditions of a community."

Mrs. Basil Webb and son and Miss Kathleen Hardin of Levelland visited their parents and grandparents, Mr. and Mrs. W. G. Hardin, Saturday.

# 8 POWERFUL ARGUMENTS FOR CHOOSING A FORD!

Built in Texas by Texas Workers

A few minutes in this year's Ford will open your eyes to a lot of good things! To roominess and a big-car ride that's a real discovery in low-priced money's worth. To economy that's really amazing. To hydraulic brakes that are the biggest ever used on a low-price car. To easy finger-tip gear shifting of the sort the fine cars use. To roadability and handling ease that make driving lots of fun.

But you'll find the mightiest arguments of all in the 8 fine cylinders under the hood. As 6 million Ford V-8 owners now know, only a Ford adds V-8 performance to low cost and thrift.

Drive a Ford V-8. Before you pick out your new car, let the world's most famous "8" tell you its own matchless story... on the road!

Your Ford Dealer wants your deal... See him today!

### BEST GAS MILEAGE, TOO!

The 85 h.p. Ford V-8 gave most miles per gallon of all standard-equipped cars in its price class in the 1940 running of the famous official and impartial Gilmore-Yosemite Economy Run. Also... Ford owners are reporting that the efficient, precision-built Ford engine requires no oil added between regular changes!

### Aged Pioneer Passes

Elder J. C. Lewis, aged Primitive Baptist minister passed Mon. at 1:30 p. m., after having reached the ripe old age of 89 years. Elder Lewis came to Terry county about the time the county was organized in 1904 and settled south of Gomez. About the time the railroad came, he sold that land, and built a new home about two miles west of town. However, in the 20's he sold that and purchased property just outside the city limits on the Tahoka road, where he died.

Mr. Lewis was born in Illinois in 1851, but moved the Texas in early manhood. He married Miss Emily Tate in the State of Illinois, who preceded him in death exactly 18 months to a day. Deceased had been in poor health for several years, and almost bed-fast for the last year or two. He was always regarded as one of our best and most substantial citizens, keeping that good tenet of the old Baptists of paying all debts promptly. He and Mrs. Lewis is journeyed along the road of life together for a period of 68 years, and never tired of each other.

Funeral services were conducted Tuesday at 6:00 p. m. at the First Baptist church by Elder Ballinger of Cone, Texas. The body was laid to rest in the Terry County Memorial cemetery. The Brownfield Funeral Home was in charge of arrangements.

Survivors are: T. D. Lewis, Clovis, N. M.; Mrs. Minnie Ingram, Shamrock; Mrs. A. S. Taylor, Ft. Worth; Mrs. T. E. Taylor, Tatum, N. M.; Mrs. C. C. Short, Broadview, N. M.; Grover Lewis, Wellman; Maury Lewis, city; Mrs. T. A. Boone, Hot Springs, N. M.

Mr. and Mrs. Lewis were the parents of 11 children, 8 of whom attended the funeral; there were 120 grandchildren, great grandchildren and great-great grandchildren.

Mr. and Mrs. J. H. Carpenter returned Saturday from Bonham, where they were called by the death of Mr. Albert Jones, half brother of Mr. Carpenter. Mr. Jones died of a heart attack.

Mr. and Mrs. W. P. Stevens have returned to their home in Bisbee, Arizona after visiting her parents Mr. and Mrs. J. E. Shelton.

Misses Dorothy Chisholm and Virginia Stroup visited their sisters, Mrs. Luke Harrell and Mrs. Starke in Seminole this week.

### MRS. H. D. HEATH PASSES

The reaper has overtaken the home of Rev. H. D. Heath by taking from him his life companion who departed this life Tuesday about noon at the home of her daughter in Olney.

Mrs. Heath was 72 years old—years full of service to her church, state and community. With her preacher husband she had nearly always lived in parsonages as her husband pastored various churches in the state.

Later years of this church service was devoted to that of mission work in the state where he abounded with the aid of his faithful companion.

Retiring from this work with her husband, Mrs. Heath came to Yoakum county about fifteen years ago and settled upon raw land in the northeast part of the county. Here she labored to make a home for her declining years. But misfortune about six years ago came when she fell and broke her hip leaving her almost helpless as far as doing any work was concerned.

Yet she kept up her spirit and never gave way to her condition as she was planning her home. It was not until the summer of 1937 that her ambition was reached when the fine home was completed and the last dollar of indebtedness paid.

"And is it mine now?" she exclaimed when she was told that all was clear. But she did not live long enough to enjoy it all. Nor while she lived did she have an opportunity to enjoy it so much as she was sick so much of the time. About two months ago she was taken more seriously ill than usual and she went to Olney where she could be near her old family physician.

At Olney it was learned that she was suffering of gall stones, heart trouble, slight paralysis of the upper lungs and stomach disturbance. Vomiting caused her no little worry. This condition at times was accompanied by pain and to relieve this she had to be kept under influence of opiate.

But time has healed all and now she has gone and left her whole family except a daughter who passed away several years ago.

Those remaining are her husband, H. D. Heath, five sons, L. C., of Brownfield; Duncan, of Austin; Dick, of Carlsbad; H. H. and H. D. Jr., of Yoakum county and Mrs. Boyd of Olney; fifteen grandchildren and a great grandchild.

Funeral services were held at Olney Wednesday and burial was made at Decatur, Rev. J. E. Anderson officiating.—Yoakum Co. Review.

Miss Edna Brock attended the wedding of Miss Ruby Hill and Mr. John C. Porter in Lubbock, Saturday.

We are very sorry to report that Mrs. Bob Shelton of the Brownfield News became too ill to continue work on the editorial department of that paper for the time being. She was carried to Wichita Falls, where she is resting in the home of her husband's mother, and under the treatment of the old family physician. Bob said the last letter from there was to the effect that his wife was improving.

Miss Fern Sawyer, who was Miss Brownfield for 1939 will attend the Stamford Rodeo this year but will not be one of the contestants. Miss Sawyer is the daughter of Mr. and Mrs. Ulysses Sawyer of Cross Roads, N. M. and the granddaughter of Mr. and Mrs. M. B. Sawyer of this city.

M. R. Hemphill is in Haskell, Forth Worth and Wichita Falls on business this week.

M. R. Hemphill is in Haskell, Forth Worth and Wichita Falls on business this week.

In This Corner

**OUR PLEDGE**

We pledge allegiance to the Flag of the United States, and to the Republic for which it stands; One Nation, indivisible, with Liberty and Justice for all.

The best definition of father we know is "He's the man that goes off to work each morning and comes home to his newspaper and pipe in the evening."

Just a few more days and you will see busy fingers knitting, making hospital garments, bandages and other supplies that the war-torn Allies need. Show your patriotism by being if possible at the district court room Monday at 3:30 p. m. Mr. Fulton, president of the Terry County chapter has a vital message for you from the National headquarters and he will also tell our quota in these needed things. If you can't come in yourself, send someone. The quota has to be filled by September 1st.

We hope when we get as old "if" as Mrs. J. T. Gainer, we will be as jolly and pert as she, always smiling, a good word for everybody and she gets around as well or better than those half her age, which is 79. She will celebrate her eightieth birthday in August and has been spreading sunshine in Terry county for 35 years.

Hadn't realized until lately anyone enjoyed this corner but Repp and I, in writing it, but we have had calls about writing more about antiques or heirlooms, so if you have anything very old or unusual in this line give us a call. Think it would be so nice if we could arrange a booth at our fair this fall with these unusual pieces.

Gracing the lawn at the home of Mr. and Mrs. Homer Winston is an old fashioned well, boxed up with rustic hewn log siding with the bark left on. The well, placed beside their pond, makes a very pretty picture.

We just wonder how many people enjoyed the sunset Sunday. We believe it was one of the prettiest we ever beheld, with its rays of silver and gold and the clouds forming a natural bridge spanning two mountains of clouds.

Rev. and Mrs. Douglas Carver, of Harlingen, Texas were here Tuesday visiting friends. Douglas, a former resident of Brownfield was on his way home from Shamrock, Texas, where he had just closed a meeting. He is pastor of the First Baptist church in Harlingen.

The Junior Chamber of Commerce will sponsor a dance at the Venetian Auditorium, Saturday night.

Lawrence Woodard, popular employee of Chisholm Hatchery, was a business visitor to Meadow, Sunday.

**H. AND H. CLUB ENTERTAINED**

Mrs. Richard Ferguson entertained the H. and H. Club Tuesday afternoon, June 11th.

**TOKIO HOME DEMONSTRATION CLUB**

The Vacation Bible School commencement was held Sunday evening with a good attendance to witness what can be accomplished in a ten-day period of Bible study.

Nearly 300 were registered in this school which was much larger than the last school conducted. The goal for next Sunday's attendance is 400 which should and will be easily reached in an especial effort in each class, but the final goal of 500 present each Sunday morning in this Bible study period.

Remember please that the criminals of a few years hence are not attending a Bible school now but are receiving different training.

The Southern Baptist Convention is in session this week in Baltimore, Md. This is the greatest cooperative missionary body in the South and conducts the most successful missionary work in America and this church is a part of this great convention, believing that by cooperation only can churches accomplish the task left them by the Master, and observing that churches who all the time discuss methods fail to do what the Master commanded.

The pastor and family had planned a vacation for a short period but have been detained and will be present next Sunday morning.

Twenty members have come into the fellowship of this church since the opening of the new building and if you believe in promoting the cause of Christ in this war torn world and are missionary at heart we invite you to come with us as a laborer in His vineyard.

**BRIDE-ELECT HONORED**

A tea and shower were given Saturday afternoon from 4 to 6 in honor of Mrs. Bill Tankersley in the lovely new home of Mr. and Mrs. Homer Newman.

Lamesa Boosters Here Tuesday

The Lamesa Boosters were very much in evidence here Tuesday afternoon, advertising their rodeo. There were some two dozen cars in the caravan, with their gaily dressed cowboys and cowgirls, not to mention their stretch organ, which seemed to be in the hands of an expert.

Around 100 people were here with the caravan. Raymond Lee Johns, secretary of the Lamesa Chamber of Commerce was the announcer. The visitors were heartily welcomed to Brownfield by Secretary T. L. Patterson of the local chamber of commerce in a few well chosen words.

The Lamesa Rodeo, which will be the 19th and 20th, will give away about \$600 in prizes each of the two days.

LAHEY

The Busy Bee Club met May 21 with Mrs. W. T. Briscoe. We quilted the quilt top Mrs. Briscoe won that the club gave away.

A dainty plate of iced drink was served to seven members and three visitors.

Mrs. Fred Corneise was hostess to the Busy Bee club June 4. We quilted a while and a salad plate and iced drink were served to the following members and guests: Meses. Copshaw, Powell, Walker, N. Hulise, Webb Hulise and Grindstaff.

The next meeting will be with Mrs. N. Hulise, June 18.

Stomach Health Is Reason For Joy

(By Bernice Weldon, D.C., Ph.C.)

The ability to eat without being reminded of the fact by stomach pains or other discomfort is one of the joys of life. This does not imply that a man must live to eat. It simply means that the man or woman with a good stomach is fortunate. Food can be enjoyed and forgotten, while other activities of life are carried forward.

There are many forms of stomach trouble, some of which are not due to stomach weakness, but to the weakness of other organs in the alimentary tract, which includes the liver and other intestinal organs. When any of the alimentary organs are out of order, it may effect the stomach.

A.F. & A.M. ELECTS OFFICERS FOR ENSUING YEAR

The Brownfield A.F. & A.M. Lodge, No. 903, has elected officers for the new year, beginning June 4 as follows:

Lee Brownfield, W. M.; John L. Cruce, Jr., Senior Warden; Spencer Kendrick, Jr. W.; B. N. Burroughs, Tiler.

W. R. McDuffie as Treasurer, and J. D. Miller, Secretary, were holdovers.

These officers will be installed at a public installation at the High School Auditorium June 24 at 8:15 p. m. All lodges of the 94th District are being asked to participate and bring their officers to be installed at the same time. Terry Redford is District Deputy Grand Master of the District.

The District is composed of Yoakum, Hockley, Cochran and Terry Counties.

Slaton to Stage a Rodeo June 28-29

SLATON, June 12.—With completion of chutes and arena, preparations for the South Plains Roundup June 28 and 29 are going forward at top speed.

C. F. Anderson, president of the rodeo association, reports that the grounds committee has just finished a 6 foot wire fence surrounding the playing field of the local football plant. Chutes and pens have been built on the south end of the field with the catch pens on the north end. The bleachers, grass and lights of the athletic field will add to the pleasure and comfort of all spectators by affording good seats, clear lights for the night performances and elimination of dust.

Bill Lyons of Petrolia, Texas, outstanding rodeo producer, is furnishing the stock to be used during the two day celebration.

IN LOVING REMEMBRANCE OF NITA BESS BRISCOE

A sweet young life with all its care has departed. God has reached down from on high,

Left their hearts bleeding and broken Took their loved one back to the sky.

Life will seem sad and empty Their house, so lonely, and still A place in their home is vacant That never can be refilled. And oh! how they will miss that dear sweet face,

And her kindly smiling eyes. We cannot see just why it is That Death must sometimes come And take from us our dearest one. God alone knows how they loved her.

But then he loved her more, And always doing best he took her on before.

And oh! their hearts are sore and sad. No one can take her place, No one can hear her voice again Or see that smiling face. They have lost their darling "Nita" Bess.

She has bid them all "adieu" And her form is lost to view. Oh! that dear one how they loved her. But an angel came down for her, And removed her from their flock. She was their sweetest treasure. She was their pride and joy. They loved her oh! perhaps too well.

For soon she left and died. All is Dark within their dwelling Lonely are their hearts today. For the one they loved so dearly, Has forever passed away.

FAVORITE SON GARNER

Texas' delegation of forty-six will cast a "favorite son" vote for John Nance Garner of this state for the Democratic nomination for president of the United States at the coming convention.

This was assured at the state convention last week after many word battles and actual fist fights; and after all the hullabaloo all it means is that a complimentary vote will be cast for the vice-president as a tribute to his distinguished service for this state as a member of the Congress as vice president.

There will never be such a test and therefore not much use in saying it, but we can't help but feel that if it were left to the rank and file, President Roosevelt would have the Texas delegation by five or six to one, if he wanted it. Other democratic states, where they had no favorite son, largely have gone on record for Mr. Roosevelt for a third term, for he now has nearly six hundred delegates, whereas Mr. Garner has less than fifty.

It was a fine gesture nevertheless, for the Texas delegation, to be instructed for the vice president. It was though, we repeat, a gesture. Texas will support the Democratic party nominee, regardless of who he may be; but if Mr. Roosevelt will serve again, that suits the vast majority of Texas voters. Of this we are certain. —Plainview Community Weekly

An Invitation from the NATIONAL FARM YOUTH FOUNDATION

Every young man in this vicinity who is living or working on a farm, and who is between 18 and 25 years of age, should get from us at once a copy of the book, A New Career.

It tells the whole story of the opportunities offered by the Foundation: The education, training and experience offered without obligation of any sort.

It tells about the special La Salle Extension University Course in Farm Engineering and Management, about the training classes, and the experience you will get in sales and demonstration work.

It tells, too, about actual salaried jobs to be won, right in this general area. No young man who is ambitious to succeed should fail to get, and read this book.

Then, right away, we are ready to take your application for membership. Come in now, because classes start very soon.

BROWNFIELD FRIDAY-SATURDAY TEXAS

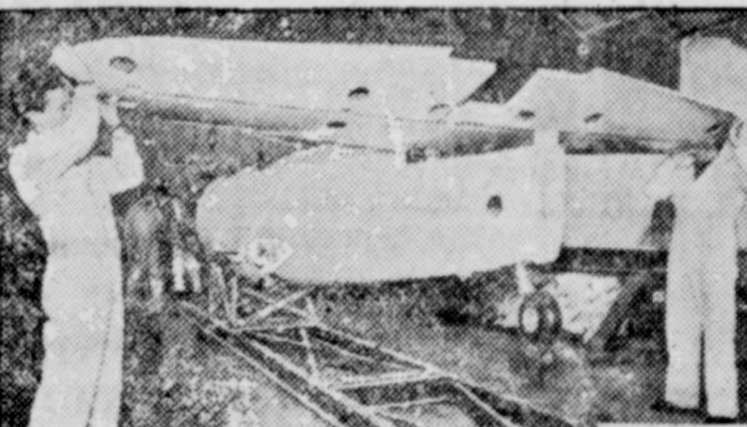

## People, Spots In The News

**REFLECTING THE SEASON**... Dan Cupid keeps busy with bow 'n' arrow, especially around June. Here's a double vision of bridal loveliness reflected in this polished plate glass mirror. The classic gown is of silk Chantilly lace.

**FOR AIR DEFENSE**... More planes, more air-dromes for defense of all the Americas were urged by Cornelius Vanderbilt Whitney, former World War flying instructor and pioneer in inter-American commercial aviation. He urged President Roosevelt to forge a strong link between U. S. air defense plans and those of Pan-American nations.

**OVEN-BAKED PLANE**... All-plastic airplane, discussed for several years as future possibility, arrives ahead of time with this job, of molded phenol-formaldehyde wings and fuselage, being fitted together at Van Nuys, Calif. As final step it's baked in oven to fuse sections together without rivets.
