Work Progressing On Cotton Oil Mill

Mr. Horace Ballew, superintendent of the new West Texas Cotton Oil Mill under construction on highway 51, just north of the city was in Wednesday to get their name on our regular mailing list. He reported that building operations were progressing satisfactorily.

No idea has ever been given out that we know of just what the capacity of the mills will be when completed, but judging by the amount of juice that the plant will require, it will be a whale of a plant. It was our understanding from reliable sources that they wished to contract for 440 KWH of electric current from the city. That is just about as much as is ordinarily used in the city in daylight hours.

The city being unable to accommodate them, at present, the company then applied to the Texas Utility Co., we understand, to tap the line going to the chemical plant, but we understand that the Chemical plant as well as Seagraves and Seminole get about the capacity of that line. So, we understand the mill will put in its own electric plant.

It has been understood here for some time that the Texas Utility Co. was prospecting another line out of Levelland to run just west of Brownfield to take care of the oil fields and possible rural electrification in West Terry, Gaines and Yoakum counties, but there is nothing definite about that line as yet. Should it build soon, possibly the Cotton Oil people can tie on it.

Fourth Of July

Let's make July 4th 1940 a real celebration by closing all stores and shops and giving thanks that we have a day such as this in which to commemorate the memory of our forefathers who fought and died to establish the richest, happiest, freest and most tolerant nation on earth.

July 4th is the birthday of Americanism.--Chamber of Commerce.

Collins Puts On Mid-Season Sale

With thousands of circulars and a double page spread in the Herald, the Collins Dry Goods Company opens their annual summer clearance sale of all seasonable goods, which is a general run of the entire large and well sorted stock.

Hundreds of quotations are made in this circular of standard, and in many instances nationally advertised dry goods and wearing apparel. Why not buy your needs at these greatly reduced prices?

Lubbock Man Heads V. F. W.

GALVESTON, June 19.—Tom H. Carter of Lubbock Wednesday was elected commander of the Texas Veterans of Foreign Wars at the final session of the organization's convention. He succeeds D. A. Dulavey of Port Arthur.

Mrs. Nell Moody of San Antonio was chosen president of the women's auxiliary, succeeding Mrs. Irene Dodd of Dallas.

Jean Parker Uses Many Film Props To Furnish Home

Jean Parker confessed to one of the most unusual and at the same time useful fads among motion picture players while working in Zane Grey's "Knights of the Range," which opens Friday at the Ritz Theatre, with Russell "Lucky" Hayden, Victor Jory, J. Farrell MacDonald and Britt Wood featured with Miss Parker.

When producer Harry Sherman created a pretentious hacienda for background shots, Miss Parker purchased several "props." It seems that she has her house furnished with props which she has accumulated during the making of several pictures. They include old style beds and foreign as well as early American furniture, pottery, lamps, dishes, candlesticks, oriental rugs and kitchenware.

Her most prized possession is an Italian shrine made on mosaic tile. From the "Knights of the Range" set she obtained four beautiful Spanish vases to add to her collection.

Miss Parker's home in Whitley Hills, Hollywood, is a combination of English, Italian and Spanish design and her favorite color is purple, a tint which predominates in its decoration and in the flowers in her garden.

In "Knights of the Range" Miss Parker is seen as a lovely, spirited half-Spanish girl who brings about the reformation of an outlaw by her great love and trust in him.

Believes All Fireworks Should Be Banned

AUSTIN, June 25.—It is pretty grim patriotism to kill and injure Texans on a holiday celebrating our independence, Marvin Hall, state fire insurance commissioner, reminded today as he issued a plea to city officials to adopt emergency measures banning the promiscuous sale and use of fireworks in all forms on the Fourth of July.

"We must not make it easy for the saboteur to gain possession of quantities of explosive material," the Commissioner said. "It doesn't make sense to guard our armories and sources of raw materials, all the while permitting this orgy of noise and hazard to continue."

He said that approximately one-third of the total United States population is protected from injury due to fireworks because of state legislation and city ordinance.

Good Delegation At Permian Basin Meet

Brownfield was quite well represented at the Permian Oil Basin meeting at Odessa last Friday and Saturday, especially Friday, as many especially wanted to hear the address of Elliott Roosevelt, which was scheduled for Friday afternoon. The following are listed as having attended, others may have attended and were not reported: J. O. Gillham, J. M. Welborn, Joe Cobb, Vernon Brewer, L. Nicholson, Jim Miller, M. R. Hemphill, Tom May, R. L. Bowers, Robt. L. Nobles, J. M. Teague, Jack Bailey, A. J. Stricklin, Jack Stricklin, Jr., T. L. Patterson, Clyde Lewis and daughter, Elray, and Horace Beck.

Thousands of people from all over the Permian area thronged the Ector county oil town for the two days; the town that has grown from 2,407 to more than 9,000 in the past ten years, and which has a large oil field, beginning right at the northwest edge of the city. There are some 72 oil field supply houses in the city. In other words, oil has made Odessa. Few people knew anything about the town in 1920, as it was unorganized, and the whole county to had only 760 people that year.

To handle visiting oil men, chamber of commerce secretaries, newspaper men, radio men, etc., as well as other business men and bankers in general, four banquets had to be held, one in each of the basements of the Baptist, Methodist, Presbyterian and Church of Christ. But they were all fed and highly entertained, or we were at the Methodist church, with good eats well prepared, and some very fine entertaining features of special music, among them being the Tucker Twins, and a little ten-year-old lady of Odessa. This last individual had been hard hit by infantile paralysis, but that disease had failed to get her voice or her million dollar smile.

Following the banquets the visitors had about an hour to visit, and this was put in by visiting with friends and acquaintances of other days. Personally we called on Lloyd Ledbetter, formerly with the school faculty here, as well as Jack Collins, formerly of Coahoma, now prescription man in one of the Odessa drug stores.

The huge municipal auditorium, which is said to seat 2600 people was literally packed, and many standing, to hear the son of our President, Elliott Roosevelt of Ft. Worth, address the meeting. At first, his address was to follow the general lines of the oil industry and what it means to Texas, but with his consent, he switched to conditions as they exist today, and preparedness to meet any conditions that may come in the near or distant future. We only wish more people could have heard it. There was nothing radical about the address, but he did stress the importance of getting our nation on a defensive footing against any dictator or combination of them. His speech was calm and free from the jittery attitude. Once in a while, a word or phrase would escape him that reminded one forcibly of FDR, but Elliott has been in Texas so long now that his pronunciation is very southwestern. He stressed the propriety of having confidence in our leadership at Washington, and felt sure that they would keep us out of war if humanly possible.

Preceding his address, a very fine selection of patriotic airs were played by the Odessa High School band, which was last year the official West Texas chamber of commerce band. Following the address, Mrs. Roosevelt, a native Texan, and daughter of a West Texas ranchman was introduced and cheered almost as much as her husband. The crowd then scattered and took in the oil well machinery and supply division, which was housed in a long building near the auditorium. We didn't know there was so much oil well machinery of all kinds in the world.

Miss Mattie Jo Gracey is visiting a school friend in Marlow, Oklahoma.

To Receive Eagle Scout Award Friday Night

Billy Hinson and Larry Miller, who will receive their Eagle Scout award tonight.

Billy Hinson, 15-year-old son of Mr. and Mrs. D. L. Hinson, and Larry Miller, 15-year-old son of Mr. and Mrs. J. D. Miller will receive their Eagle Scout award at the Court of Honor, Friday night. Both boys have been active in troop 49 for more than three years, taking an active interest in all troop activities in camp at Post and New Mexico.

At the recent camp at Post, Larry and Billy were elected to receive the first degree of the Order of the Arrow, a national honorary camping society for scouts and scouters. For the past two

years, Larry has been selected as camp bugler at Camp Post, besides serving as camp scribe and troop bugler. He is a Junior in high school, and an active member of the high school band, and an honor student.

Billy has been patrol leader for the Indian Patrol for the past two years. He is also a Junior in high school, and rates in high third of his class in scholarship. Both boys are now qualified for senior scout work, and will go into the patrol for advanced scouting.

Co-ordinated Defense Committee Appointed

Committee for industrial and national defense coordination organized at a meeting of the Chamber of Commerce, Junior Chamber of Commerce, Lions Club, Rotary Club and the American Legion.

Central committee composed of 5 men was elected. C. T. Edwards, Chairman, R. A. Simms, Secretary, W. R. McDuffie, H. R. Winston and Burton G. Hackney as Vice-Chairmen.

Short talks were made by J. O. Gillham, W. R. McDuffie, C. T. Edwards, Clyde C. Coleman, H. R. Winston, Elder James F. Black, T. L. Patterson acted as temporary chairman.

This committee nominated the following men to serve on the various committees:

Aviation, John Christman; Civic Affairs, C. C. Coleman; County Affairs, R. A. Simms; Education, Lee Fulton; Finance, J. O. Gillham; Medical, Dr. Jno. R. Turner; Military, J. D. Miller; Manufacturing, Herman Chesshir; Housing, C. L. Aven; Labor, Jack Hart; Natural Resources, Tom May; Press, Bob Shelton; Radio, M. G. Tatpley; Public Affairs, H. R. Winston; Retailers, Everett Latham; Social Welfare, Rev. James F. Black; Utilities, Herman Heath; Veterans, Chris Quante; Wholesalers, Bruce Knight; Agriculture, L. D. Hamm.

The duties of the central committee are: (1) to act as intermediary between our community and the constituted authorities of our State and Federal Governments, (2) to deal with any subversive activities that may occur, (3) to act in case of possible mobilization of the National Guard or other units and (4) for any emergency as may or may not arise.

The various committees named will be responsible to the central committee. The officers of the central committee are empowered to name additional members to the committees as they chose.

Mr. and Mrs. Bruce Zorns, Mr. and Mrs. Richard Ferguson, Mrs. Tom May, Mrs. Herman Heath and son Robert were among those who attended the Lamesa-Lubbock polo game at Seagraves, Sunday.

Cherry Foster, B. E. Needles of Lubbock and several other tire dealers of this section enjoyed a trip to Estes Park, Colorado, last week.

A. L. Baker Shows Sample of His Plums

There are plums and plums, but A. L. Baker of the Wellman area brought in a bunch about a foot long from his trees late last week that have everything in the way of plums skinned we have ever seen. In fact the twelve-inch twig looked more like a bunch of grapes than anything we can describe. No use to try to count them without pulling them off the twig, as they were simply packed on top of each other.

Mr. Baker, who is an old time Parker county fruit and truck grower, as well as a good producer of other crops, states they bear the name Opato plums, and are perhaps by-bred of a large variety of plums and cherries, as was the compass cherry, except these are much larger and darker in color. He has 13 trees of them that are so loaded that the limbs are now dragging the ground.

Davis Warns On Use Of Red Cross Name

WASHINGTON, D. C.—Chairman Norman H. Davis of the American Red Cross issued the following statement in connection with fund-raising activities of the German Relief Fund, Inc.:

"My attention has been called to a news item to the effect that the German Relief Fund, Inc., with offices in New York, is raising funds to be transferred to the German Red Cross either through the American Red Cross or the Federal Reserve Bank.

"It is not the policy of the American Red Cross to act as a mere money transmitting agency, and inasmuch as the American Red Cross is not carrying on any relief work in Germany, there would appear to be no reason why such a transfer of funds as that indicated should not be made through ordinary banking channels. Furthermore, an Act of Congress prohibits within the United States the use of the Red Cross name and emblem by an organization for fund raising purposes except by the American Red Cross."

Terry Countians Preparing for Service

Not a few of the young men of the county just out of school find themselves without jobs of any kind, and so some of them are gradually trickling into the service of the United States, army, navy, marines or air corps. From week to week we have mentioned some of them. Two others are reported this week.

Gorge L. Jenkins has recently enlisted in the United States Army, and is now located at Fort Bliss with the 82nd field artillery.

L. M. Keith is among the forty odd young men of West Texas who are taking training at the Texas Tech air field, learning the art of flying.

These boys may have to defend the country some of these days, and at least will be prepared. The youth not prepared when and if we are invaded, will be handicapped, as they will have to be the privates, no matter how things go.

The boys who receive training, will at least have a chance to be a petty officer with better pay.

4 Brownfield Youths Join U. S. Army

Three young men of Brownfield enlisted in the U. S. Marine Corps at the Dallas Recruiting Office on the 17th of this month. The men, Dewey Fannin Murphy, Jr., Foster Raymond Hinson and Terrell Frank Fowler were transferred to the Marine Corps Base at San Diego, California, for training prior to active duty with the Marines Buster Holder also enlisted.

All of these young men attended high school in Brownfield and due to the educational opportunities offered by the Marine Corps

Fireworks Should Be Handled By Experts

AUSTIN, June 26.—Looking ahead to the approaching observance of the Fourth of July, Dr. Geo. W. Cox, State Health Officer, warns against the irresponsible use of fireworks and other explosives.

Dr. Cox pointed out that the celebration of the Fourth of July has associated with it inevitable increase in hazards to life and limb; auto accident increase in the added traffic congestion; an undue number of drownings occur, chiefly affecting non-swimmers in places lacking adequate safety supervision; and a great many injuries and not a few deaths are directly attributable to fireworks. The past several years have seen the introduction of municipal ordinances to prevent the indiscriminate and immoderate use of fireworks, particularly the more dangerous types, and this has to some degree reduced the hazard associated with their general use.

However, it must not be inferred from this that the risks to health and life from fireworks have been eliminated completely. Temporary stands inside city limits make explosives accessible to the Independence Day celebrators, while the large majority of Texas communities have as yet adopted no regulations barring them. Non-thinking parents still permit thousands of children to use this dangerous method of celebrating the Fourth, with the inevitable result that some of them find their way to the hospital, and others to an undertaker's establishment. Tetanus always is in the shadow where high explosives are being handled for amusement by amateurs.

Taking Men For Nearly All Services

Unmarried men between the ages of 18 and 35, who are citizens of the United States of America, are urged to join the army now. The Lubbock Recruiting office is sending men to Field Artillery, Cavalry, Infantry and the Coast Artillery Corps located in Texas, California and Utah. You can make your choice of the above branches and stations or others expected in the next few days and rest assured that the opportunities of advancement will be good because of the large expansion all over the Army. All interested should arrange to call immediately for information at the Recruiting Office in Lubbock of the nearest branch office located at Plainview, Amarillo and Childress, Texas. Just received a number of openings in the Air Corps.

Old Rambler Gets Dust In His Eyes

The old Rambler, Mrs. Rambler and Miss Martha McClish were the past week end visitors in Snyder, to visit with our son-in-law, Herman Trigg and wife, Sallie. Found some of the territory between Tahoka and Post with insufficient rain up to that time, but crops still growing. A dry hail hit that section a while back, causing much replanting.

Found the children well, and busy, which perhaps is just as well or better than idleness. Got caught in the dust storm returning Sunday afternoon about five miles east of Tahoka, and was it rough? Ran into rain just before reaching Brownfield, which was better.

Virgil Bolles, shop foreman in the Teague-Bailey Garage was in Lubbock Tuesday night, to attend a service manager's council meeting.

Institute, they will have the chance to keep on with their studies at no cost to themselves, the institute offering more than one hundred and seventy courses.

Upon completion of their training, these men will be further transferred to other stations, such as battleships, Navy Yards, foreign posts, aircraft groups and on land with artillery and infantry units.

Congress has authorized expenditures for the mightiest fleet on earth, which will include 200 fighting ships of all classes and cost four billion dollars. This in addition to billions already authorized for national defense, and brings the total to over 5 billion dollars. When this program is completed, Uncle Sam will have a fleet that will be the superior of all combined fleets of other nations.

Apparently our south and central American neighbors, as well as Mexico are waking up to the fact that their Uncle Sam is really the best neighbor they have, and the only one with a sizable army and navy that is not coveting anything they have except to trade with them. It is also believed that with aid of finances of their wealthy neighbor in North America, they can and will prepare to help meet and defeat any dictators in Europe or elsewhere that tries to get a foothold on this continent.

Writers who know their way about in Austin, are of the opinion that the promise of candidates about old age payments or any other pension scheme is all as "love's labor lost." What with national and state defense propositions that are going to require billions of dollars, with a great hike in Federal taxes, the taxpayer is going to have just about all on his hands he can think about and take care of without further pension taxation. In other words, people who are going to dig deep to help Uncle Sam prepare for any eventuality, are going to demand of the Texas legislature that it go slow with hiking

Notable for its clever advertising as well as homespun philosophy is the following, lifted from a recent edition of the Lewisburg Tribune: "He came in the office and slammed down one dollar. 'Last week,' says he, 'I asked a man how his wife was getting along and found out that she had been dead two weeks. Day before yesterday, I drove six miles to see a fellow and found out that he had moved away. I need a gasoline engine and one was advertised, and sold at one-third of what I will have to pay now—SEND ME THE TRIBUNE!'" —Lewisburg (Tenn.) Tribune
And that condition applies just as much here in Terry county as in Tennessee. The local weekly is the cheapest source of information to be obtained, and one should not bother other people by borrowing their paper each week.
To hear some of the larger Texas dailies and their columnists bleat about the expenditures of the government each week, one would naturally conclude that the billions of dollars spent in the last seven years was simply poured down a rat hole. Some of them never think about the six billion the last four years of Republican rule that put the national debt up from 16 to 22 billion, when the New Deal came in in 1933. Let us see some of the things we have obtained under the New Deal, things that are still with us, and that the people of all walks of life are enjoying:
Highways and streets, \$4,173,000,000; Sewers, waterworks and public utilities, \$1,328,000,000; Educational buildings, \$921,000,000; Public buildings, \$951,000,000; Engineering structures \$269,000,000; Conservation, flood control, reclamation, rivers and harbors, TVA, etc., 4,308,000,000; Aviation facilities, \$145,000,000; Parks, playgrounds, gymnasiums, and other recreation facilities, \$972,000,000; Public housing, \$364,000,000; Rural electrification, \$124,000,000; National defense, \$4,688,000,000; Total, \$18,233,000,000.

Brownfield Gets \$116,000 In Life Premiums

Residents of Brownfield received cash life insurance payments in 1939 equivalent to \$60.82 per capita, according to an estimate made by the Lincoln National Life Insurance Company of Fort Wayne, Indiana.
Total payments to policyholders and beneficiaries of Brownfield were \$116,000 as reported in the life payments number of the National Underwriter. In commenting on the survey, Arthur F. Hall, chairman of the board of the Lincoln National Life, said: "The size and growth of life insurance in the United States is definitely a source of national economic strength. In life insurance, America—more than any other nation—has a bulwark of economic defense."
In 1939, life insurance companies put \$3,107,947,049 into circulation, or more than \$350,000 for every hour of the day. Life payments for this state in 1939 were \$73,400,000.

J. W. VENABLE PASSES

ADVERTISEMENT FOR BIDS
(Legal)
NOTICE TO BIDDERS

Sealed proposals, addressed to Clyde C. Coleman, Mayor, of Brownfield, Texas, for the construction of Power Plant Building and Fire Station, for the City of Brownfield, Texas; hereinafter called "Owner", in accordance with plans, specifications, and contract documents, prepared by and which may be obtained from French & Pruitt Company, Engineers, will be received at the office of the City Secretary of the City of Brownfield, Texas, until 2:00 P. M., July 5th, 1940, and then publicly opened and read aloud. Any bid received after closing time will be returned unopened.
A Cashier's Check, certified check or acceptable bidder's bond payable to the Owner, in an amount not less than five per cent (5%) of the largest possible total for the bid submitted must accompany each bid.
Attention is called to the fact that there must be paid on this project not less than the general prevailing rate of wages.

In case of ambiguity or lack of clearness in stating prices in the proposal, the Owner reserves the right to adopt the prices written in words, or reject the proposal.
The Owner reserves the right to reject any and all bids and to waive any or all formalities.
Plans and specifications may be examined without charge in the office of the Engineer, and may be procured from The City Secretary, Brownfield, Texas, upon a deposit of \$5.00 as a guarantee of the safe return of the plans and specifications, the full amount of which will be refunded to each actual bidder, upon the return of the plans and specifications within ten (10) days after receipt of bids. Additional sets of plans and specifications may be procured from the above upon a deposit of \$5.00 each, as a guarantee of their safe return within thirty (30) days from date of opening of bids, in which event \$5.00 (amount of deposit less actual cost of reduction) of the deposit will be returned.
No bid may be withdrawn after the scheduled closing time for receipt of bids, for at least thirty (30) days.

DEMAND FOR DRAFT TEAMS DESPITE TRACTORS

AUSTIN, June 17.—Proof that the livestock industry of Texas is fully awake to the possibilities and future demands, resulting from the European war and this nation's own defense program, was cited today by J. E. McDonald, State Commissioner of Agriculture, in revealing an unprecedented number of requests for leasing of state owned jacks and stallions.

"Texas bred mules and horses have always ranked at the top in both peace time and in war, and as a result of the present domestic and foreign conditions, this demand is increasing rapidly.

"With July 1 as the deadline for new annual leasing contracts, the list of available jacks, state owned, has already been exhausted, while there are only approximately 50 stallions remained unleased for next year. In this class are saddle, draft, morgans and thorough bred stallions, and with last minute applications this number is expected to be quickly exhausted.

"Since the state launched the program for leasing jacks and stallions to farmers and ranchers in 1934 under provisions of the racing statute, the value of livestock in Texas has been increased by \$3,500,000.

"While motorized blitzkriegs have taken a prominent part in present war maneuvers reports received from the battle front show the draft animal is carrying his part on a major scale. The same is true along the domestic front where the tractor is used for large scale farming, but with

Misses Elray Lewis, Queenelle Sawyer, Ruby Nell Smith and Doris Lee Gore attended the wedding of Miss Margaret Ann McGlasson and Mr. Jim Norman, Saturday night at 8 o'clock in Plainview. The girls are school friends and all are members of the Ko Shari social club at Texas Tech.

Lorn Gordon Walters went by bus to Fort Sumner Wednesday to visit his aunt, Mrs. Pete Kyle for two weeks.

MRS. C. T. PENDERGRASS CLAIMED BY DEATH

Mrs. C. T. Pendergrass of Meadow passed away Monday, July 24 at the hospital following several weeks illness. She was 73 years old.

Funeral services were held at the Church of Christ in Meadow, with Elder Ribble of that church officiating, Tuesday afternoon at 4 o'clock. Mrs. Pendergrass is survived by her husband and several children and numerous other relatives and friends to mourn her passing.

Burial was in the Meadow cemetery with the Brownfield Funeral Home in charge.

the horse and mule in increasing demand for small farm operations," McDonald concluded.

STATE T.B. SANATORIUM HAS LOW PER CAPITA COST

SANATORIUM, June 24.—Young Hugh Davis of the State Tuberculosis Sanatorium has figured out why the large hospital has one of the lowest monthly per capita costs among institutions of its kind in the United States.

"It's a vicious cycle that saves money for the taxpayers," observes Davis, whose home is in Rankin. "First, we eat fine foods produced at little cost to the State by the Sanatorium's own farm, dairy, garden and poultry farm, and by the canning and meat

Mrs. Marie Williams and Hubert Gantt of Seagraves spent last week end with the Harry Longbrake family, who were vacationing in Ruidoso.

packing plants of the Texas Prison System. Next, our scraps are sterilized and fed to the swine at the Sanatorium's hog farm. Finally, when the hogs are properly fattened, we eat them too."

The 1,000-bed State Sanatorium, which has a monthly per capita cost of only \$41.41, also operates a laundry, power plant and other departments that supply necessary services at minimum cost.

BAPTIST CHURCH

Attendance in Sunday School was not quite so good last Sunday so we still have the goal of four hundred present next Sunday. Brother Carey spoke twice Sunday in the absence of the pastor and three members came into the fellowship of the church.

The pastor and family have been vacationing down East Texas way and are expected back before next Sunday and it is hoped they may not bring back any East Texas ticks.

The new district missionary, brother Ponder is expected to be with this church next Sunday and preach his first sermon here and it is hoped that we may have great congregations both morning and evening.

We are glad to announce the successful financing of our church indebtedness which becomes due and payable in six months installments for ten years and every dollar that we owe will be paid except this loan which will be paid as it matures by the liberality of the membership.

Stoves for the winter have not been purchased and other inside improvements and painting which will aggregate fifteen hundred dollars extra needed before fall for this and we are depending on pledges that have been made in good faith and parties have not as yet paid but we confidently expect that they shall and many have so given expression.

The fine cooperation of the church for the successful conclusion of this task is expected and every well wisher in the community have our gratitude, and we ask that you worship with us and may all of us keep humble in this trying time in the history of the world.

ship. The pastor, Sister Irene Lee will bring the message. Subject of sermon, "Days Journey Without Jesus."

Sunday 7:30 p. m. Young people's service. Bro. Wilson will be speaking in this service.

Sunday 8:15 Evangelistic service.
If you have any unsaved friends bring them out. Everyone welcome.—Pastor Irene Lee.

BUSY BEE CLUB MEETS WITH MRS. HULSE

The Busy Bee club met with Mrs. Norvell Hulse June 18, quilting and embroidering was the diversion of the afternoon.

A refreshment plate was served to Mmes. Hugh Hulse, Jim Webb, Les Newberry, Capshaw, Ferris Gresham, Lansin Hulse, F. M. Corneise, E. M. Grindstaff and Miss Elma Lois Hulse.

The next meeting will be with Mrs. E. M. Grindstaff July 2 and we urge that each member be present for a business meeting.

FORRESTER HOME DEMONSTRATION CLUB ORGANIZED

Forrester's Home Demonstration club met Monday, June 24, at the home of Mrs. G. M. Thomason with Miss Marietta Holloway, the County Demonstration Agent, to discuss club work.

As most of the members are new at this type of club work Miss Holloway's discussion and explanation on the subject were enjoyed by everyone present. A few minutes recreation spent in a game learning more about Texas was very enjoyable and educational.

Mrs. O. G. Lewis will give a salad demonstration at the next club meeting. This will be at the home of Mrs. J. G. Cabe, 2:30 o'clock, July 10, and everyone interested is invited to attend.

Officers elected are, Mrs. Elmer Edwards, president; Mrs. G. M. Thomason, vice president; Mrs. Alex Reid, secretary-treasurer; Mrs. J. G. Cabe, reporter and Mrs. Johnie McDonald for council.

REYNOLD-DEES NUPTIALS READ AT PINEVILLE

Miss Mildred Dees of Beaumont, daughter of Mr. Calvin B. Dees of Pineville and Mr. Digsby K. Reynolds, son of Mrs. Stella Reynolds of Gorman were married on Monday, June 17, at the home of Rev. J. M. Schwitter, Baptist minister in Pineville at 5:00 p. m. The bride wore a powder blue frock and accessories of navy, her corsage was of sweetheart roses. Only members of the bride's family witnessed the exchange of vows.

Immediately after the ceremony the couple came to Brownfield to make their home. They are living at the Brownfield Apartments. Mr. Reynolds is an employee of the Honolulu, Oil Co.

Home Economics

After a couple of weeks vacation from regular meetings the girls in the Summer Home Making classes resumed regular work last week. The group projects are nearing completion as new curtains are finished for the clothing department at school and a rag rug is almost completed now made from the old curtains and scraps left in the department. These will lend a new atmosphere to the home economics rooms next fall when school opens.

The girls in the Brownfield group at the clothing lab Tuesday morning met in a joint meeting to work and make plans for a picnic and field trip next Thursday to Post lake in the morning and go through the Garza sheet factory in the afternoon. The mothers are invited to go along as this trip is for all the girls in the Summer home making classes in Brownfield, Tokio, Gomez, Pleasant Valley and Pool communities.

The Pleasant Valley group met at the home of Juanita and La Neta Lanious last Friday afternoon and worked on the rug for the department. Some nice clothes protectors for the closets have been made also. Lovely refreshments were served to all members present and when the group adjourned they made a tour from house to house to see what each girl was working on in her own home. Some nice improvements in bedrooms and closets, kitchens and yards are being made by the girls.

Billy's Hairdress

This newly created hairdress is worn by Billy Burke in "Irene," RKO Radio's film-musical, in which she supports Ann Neagle and Ray Milland, the co-stars. Billie's whimsical bangs and brushed out curls at the ear are a new note; the sides are brushed-up and terminate in soft ringlets, on the parted side, and in large backward rolls on the other side. At the back, sweeping waves are brushed into a neat knot which Miss Burke wears low on the nape of her neck. "Irene" shows tonight and Saturday at the Rialto.

Careers in Engineering

By R. T. Strohm

Dean, International Correspondence Schools

THE engineer has a most important place in industry. Today sixty per cent of all engineering is in manufacturing or governmental work. The bulk of engineering work, therefore, is not in the production of new things, but the enlargement and adaptation of existing mechanisms, factories and public works. A new battery of machines is added to the production line, a factory wing is enlarged or built, the capacity of a plant is increased; all these projects are directed by the engineer.

The past 100 years saw the great development of the civil engineer. The machine age has made greater and greater demands upon the engineer. The marvelous development of engineering in this period has grown beyond the work of the military or civil engineer until now there is a need for a wide variety of engineering specialties.

The hand of the engineer is to be seen in many places. From coal, air and water he produces the thread of nylon, finer than silk and more durable. Out of giant retorts he builds dazzling colors; from resins or skimmed milk he fashions new plastics. With corn-husks and sugar-cane stalks he renders buildings more livable in winter and summer, conquering weather. From by-products such as sawdust and beet pulp he creates cattle foods. These are but a few instances of his handiwork, but the list grows endlessly. The engineer's future is as brilliant today as it ever was.

Mr. and Mrs. W. P. Norris returned Friday from visiting relatives in East Texas, Arkansas and Louisiana. Mrs. Norris's brother, James Taylor of Eldorado, Ark. returned with them for an extended visit.

MA ASKS O'DANIEL

O'Daniel says that he will approve any tax law that the legislature will pass. He, therefore surrenders his official liberty, and we then ask: What protection has the taxpayer against an extravagant legislature? Does he mean that he will approve a 5 per cent sales tax? Or a 10 cent tax on oil; or does he mean he would approve the repeal of the homestead tax exemption law? Or does he mean that he will forget his veto powers and leave the people without a governor who is not afraid to protect them?

Group Hospital Service Popular

Not long ago a Texas youth was stricken in emergency in Calgary, Canada. Another, under similar circumstances, was taken to a hospital in Boston. In each instance, the patient was able to get quickly the hospital service he needed because he was a member of Group Hospital Service, a non-profit organization authorized by the State of Texas. For a low monthly fee, this body offers prepaid hospital care to a membership that has now reached 56,654 and is increasing rapidly.

Bryce L. Twitty of Dallas, administrator of this organization, reports that it is currently paying to hospitals more than \$25,000 a month, which shows rapid growth since the beginning of operations last August. For 1,678 patients up to April 1, the average bill paid to the hospital by Group Hospital Service was \$40.82. The average patient remained 6.6 days, at an average daily cost of \$6.19.

This prepayment service helps both hospitals and patients. The hospital receives its payment promptly and is not tempted to turn the member away because of his credit rating. The patient is freed from financial worry by obtaining hospital service when he needs it, without concern about the bill. On an average, he pays his own bill, but he pays it painlessly in advance. If he goes long without need of the hospital care which his monthly payments assure him, he considers himself lucky and has no complaint. He knows his money has given help where it was needed—and he cannot be sure that he will not need hospital service the next day.

Success of this and other plans for insured hospital care has given rise to similar plans for prepaid medical care. Both plans, separately or in combination, help to lighten the financial burden of the many for whom prospective doctor's and hospital bills are a source of worry.—Dallas News.

Texas Wildlife Is Valued At \$94,350,394

AUSTIN, Texas, June 25.—Texas continues to lead the nation in the value of its wildlife resources, according to figures assembled after surveys were made by the federal government and forwarded to the executive secretary of the State Game Commission. Not only does Texas lead the nation, but its wildlife resources are worth approximately three times as much as those of the second leading state.

Wildlife resources in Texas are valued at \$94,350,394 by federal experts. This takes into consideration the value of insectivorous birds to the farmer, of game and the amount of money spent by hunters it brings the land owner, hotel owners, stores and tourist camps; the value of the fur crop in the state and a myriad of other ways in which game is of actual monetary value to the Lone Star State.

About a half-inch rain fell here Sunday night, which added to that of last week gave us about two and one half inches.

Why Nervousness Is An Enemy to Health

(By Bernice Weldon, D. C., Ph.C.)

Nervousness is an enemy to health because it prevents rest and relaxation. Nervous people cannot sit still, and therefore do not get the rest they should from a sitting position. Nervousness prevents sound sleep and it is equally guilty of preventing concentration, or the ability to hold the mind on a given line of thought for any length of time.

Nervousness is caused by irritating pressure on spinal nerves. This pressure is caused at the spinal nerve opening by displacement of spinal bones from their true alignment. The correction of this defective alignment lies solely in the hands of the chiropractor, whose science teaches him how to detect such points of pressure and how to make the proper adjustments to start the displaced bone back into proper position. There is no better method of overcoming nervousness than by chiropractic spinal adjustments.

Mr. and Mrs. J. H. Fisher of route 5 had as their over night guests Mr. and Mrs. J. M. Davis of Abilene, sister of Mrs. Fisher. Also Mrs. Maruin Fisher and son Delton visiting them for the last 10 days from Plainview. Mrs. Fisher, formerly Miss Ruth Dye from Tokio, wife of Mariun Fisher, youngest son of Mr. and Mrs. J. H. Fisher. He is pastor of the Plainview circuit of Plainview Texas and is now attending Pastor's school at S.M.U. in Dallas. He is expecting to be here Friday night, where he will accompany his wife and son to their home in Plainview.

Mrs. Luther Harrell and Mrs. Lanes Williams of Seagraves visited relatives here Saturday.

The T. E. L. class of the Baptist church will have their quarterly social at the home of Mr. and Mrs. D. P. Carter, Thursday.

Register Aliens In Texas Says Thompson

Gubernatorial candidate Ernest O. Thompson, in addition to coining that now-famous phrase, "Where were you, Wilbert?" has offered a sound and practical procedure in his proposal that all aliens resident in Texas be registered and fingerprinted.

He proposes that Texas cities and towns enact ordinances requiring all aliens to register with the local police, who would fingerprint them as a matter of course, both for local filing and for the federal bureau of investigation's national files.

"With all aliens registered," said Col. Thompson, "we can see quickly who is in our state and what they are doing here. If we do not do this we may be sorry when it is too late."

There he hits the nail on the head. Mass hysteria about "fifth column" danger can accomplish nothing. All it can do is harm. But orderly and intelligent registration of all aliens can accomplish something. We need to know all we can about those who may be enemies within our midst.

The Telegram recommends Col. Thompson's proposal to Temple and to all other Texas cities and towns.—Temple Telegram.

Mr. and Mrs. J. A. Roberts of Coahoma, accompanied by their daughters, Mrs. Archie Thompson and Miss Letha Nell, were up Tuesday to see their brother and uncle, Luther Holden and Mrs. Holden of California, who were visiting just a brief time in the home of Mrs. Stricklin, sister of Mr. Holden.

Mrs. C. W. Jones, route 2, city, underwent surgery at the Treadaway-Daniell hospital Wednesday afternoon.

Mrs. J. W. Nelson and daughters Peggy and Donna Sue spent Wednesday with Mrs. Nelson's sister, Mrs. T. Cowan in Tahoka.

WELLMAN HOME DEMONSTRATION CLUB

The Wellman Home Demonstration club met with Mrs. T. A. Wartes Tuesday, June 18. Our new agent was with us to help finish organizing our club and also gave a brief outline of our work, which was very interesting.

Our regular meeting dates are every first and third Tuesday of each month. Our next meeting is July 2nd, and will be with Mrs. W. B. Bennett and a green vegetable salad will be demonstrated. Every lady is invited to come.

Iced tea, sandwiches and cookies were served to about thirty.

TOKIO HOME DEMONSTRATION CLUB

The Tokio Home Demonstration club met Thursday, June 20, at the home of Mrs. W. B. Martin. The meeting was called to order by Mrs. Earl Bond, president. All members answered the roll call by a statement of what they would like to get out of the future club work.

Miss Holloway, county demonstration agent, gave an interesting discussion of the hopes and aims of the club. Details of organization and the responsibility of the agent to the club were explained. As well as the work of the demonstrator, which is a person who develops better ways of farming and homemaking.

After the discussion and appointment of various committees, the agent tested a pressure cooker gauge and spoke on how important it is that it register correctly.

Salad making will be demonstrated at the next meeting, to be held at the home of Mrs. Earl Bond, Tuesday, July 9, 2:30 p.m.

VIRGIL LITTLE PASSES

Mr. Virgil "Jack" Little of El Centro, California passed away on Tuesday, June 18 in the Imperial County Hospital of El Centro. He had been in the hospital since May 26 receiving treatment for an abdomen wound.

Mr. Little was born in Knox City, Texas November 19, 1908 and was 31 years of age when called by death.

He was the son of Mr. and Mrs. B. F. Little. He moved with his family to Wellman, Texas in 1924. He attended the Wellman schools.

Early in life he was converted to the First Baptist church and was a member of the Wellman church.

He had a charming personality and all who knew him loved him.

In 1933 he was married to Miss Juanita Smith of Brownfield. To this union was born 4 children. Jackie Evelynne 5, Laura Lee 4, Vivien 1, and Ben Herbert 2 months, all of whom are still living.

In 1935 they moved to El Centro where Mr. Little was employed by three different bottling works concerns. At the time of his death he was employed by the Dr. Pepper Bottling Works of El Centro.

He was a member of the Order of the Eagles Lodge of El Centro. Funeral services were conducted by the Rev. Virgil Lorraine of Slaton in the First Baptist church of Brownfield with interment in the Brownfield cemetery. The body was sent to Texas by B. E. Lemons, El Centro mortician. Roy Collier of Brownfield Funeral Home took the body in Lubbock and had charge of burial in Brownfield.

He was survived by his wife, Mrs. Juanita Little, 3 daughters, Jackie Evelynne, Vivien Duane, a son Ben Herbert. His mother Mrs. Paralee Little of Wellman, a sister Mrs. J. D. Casey of El Centro, California and six brothers, Robert of Seeley, Calif., J. C., Floyd, Earnest and Lester of Wellman.

He also leaves a host of other relatives and friends.

Those from out-of-town attending the funeral were Mrs. Ramon Horton, Mrs. W. H. Teel, Mrs. J. D. Nordyke and Mr. Elmer Smith of Melrose, N. M. They were his aunts.—Contributed by a friend.
