Brownfield Expects School Children

SANTA CLAUS WILL BE GUEST OF SCHOOL CHILDREN NEXT WEDNESDAY

A Great Time Is Promised Santa Claus Fans, Such As Parade, Gift Treats, Free Picture Show and What Have You. Be Sure To Come.

Next Wednesday, the 18th, is the date set by the Chambers of Commerce as well as the various civic organizations here to entertain Old Santa Claus as well as about 5,000 children, who will receive presents, see their much beloved Santa, and have free access to a very appropriate movie complimentary of Mrs. Ethel Jones of the Jones Theatres.

Arrangements are going forward as fast as possible in order to make it one of the greatest days in the

history of the section, from the point of view of children under 15 years of age. All are invited, and trustees are urged to close school throughout the area for that day in order that the children may be able to attend.

Thousands of letters in the holiday colors, red and green are this week being prepared for distribution to the children of the entire section. In this letter, Dear Santa is hoping that each of you meet him, and that you have the most wonderful Christmas of your young life.

Line of parade will form on the north side of the high school building on Main street not later than one o'clock, and get ready to march behind Santa's Chariot, and participate in the free distribution of presents. The colored school children will participate again this year. The theatre will open at 8:30, A. M. and run continuously except during the distribution of presents, in order that all children may see the show.

Let us state right here that the Junior Maids and Matrons club has agreed to solicit funds for the occasion, and when they call on you be just as generous as possible.

Cotton Quota Gets Overwhelming Approval

WASHINGTON, Dec. 9.—Almost complete returns from Saturday's cotton referendum showed Monday that 92.7 per cent of the growers whose votes have been reported favored use of marketing quotas for the 1941 crop, the Agricultural Adjustment Administration said.

All farmers who produced cotton were eligible to vote in the referendum. Marketing quotas have been in effect for three years. Returns from 19 States showed that of 844,856 votes reported, 783,054 favored marketing quotas and 61,802 opposed them.

The AAA said that the remaining votes, estimated at 50,000 to 70,000, might not be reported for several days.

Texas cotton farmers voted 117,897 for and 16,415 against the quotas.

The Terry county vote stood 368 for and 49 against according to County Agent McClain.

Mr. and Mrs. Lynn Nelson and Mr. and Mrs. Harold Denton were Lubbock visitors Sunday.

Terry Sixth In South Plains Ginnings

For the first time this season 1940 cotton ginnings exceeded those of 1939 for the corresponding date, when totals up to November 14, showed 322,157 bales compared to 315,808 for last year. Hockley county leads the area with 45,893 bales; Lamb county is a close second with 41,174 bales and Lubbock is third with 39,036 bales.

Eleven counties in this area show increases over 1939; Bailey, Briscoe, Cochran, Dawson, Floyd, Gaines, Hockley, Lamb, Motley, Scurry and Terry.

Lynn county ranks fourth in the area; Dawson fifth; Terry sixth and Bailey seventh. All of these counties ginned more than 20,000 bales.

A higher portion of cotton now being ginned is going into the open market, as rains have reduced grades to below that acceptable to the Commodity Credit Corporation except with a penalty that puts the loan below the open market.

Ginnings on the South Plains prior to November 14, compared with 1939 are:

County	1940	1939
Bailey	20,082	8,672
Briscoe	3,592	2,292
Castro	1,517	2,338
Cochran	11,996	2,122
Crosby	16,419	20,219
Dawson	26,659	26,462
Dickens	9,280	9,374
Floyd	8,577	7,950
Gaines	1,821	797
Garza	3,619	9,614
Hale	14,220	18,857
Hockley	45,893	23,713
Lamb	41,174	33,667
Lubbock	39,036	54,428
Lynn	27,662	53,825
Motley	8,290	4,988
Parmer	3,081	4,332
Scurry	17,406	15,192
TERRY	21,883	16,307
Total	322,157	315,808

It's a race across half the world before Ray Milland wins Claudette Colbert in "Arise, My Love," which comes Friday and Saturday to the Rialto Theatre. It's a tie, with both getting what they wanted most.

Time Extended On Decoration Contest

Burton G. Hackney, director of the Christmas decoration contest which is being sponsored by the Junior Chamber of Commerce, asked us to inform our readers that the time for the closing of the contest has been extended from Dec. 10 to Dec. 14th.

It is hoped by the sponsors that this will inspire more people to enter. The response has not been as great as the committee would like for it to be up to this time.

Merchants Please Take Notice

Reliable information has been received that a gang of forgers have had some 1200 checks printed at Houston, Texas this week on various oil companies, Gulf, Texas Co., Humble Oil & Refining Co., Eastern States, Standard of N. J. and others. These are pay checks and show a place for number of hours worked, rates, S. S. deduction and Social Security number.

Merchants are urged to make sure before cashing any of these checks. The forgers will probably work in various towns on Saturday afternoon after banks have closed.

Be sure that you know any person for whom you cash any check similar to the above mentioned.

A Good Country Weekly Runs Itself

J. F. Winston, who has been taking and paying for his Herald going on 32 years, was in this week to jaw and jower with us and renew again. He stated that the Herald was the best country week-ly he ever saw without an editor.

It does look like these old timers after handing us the lemon for the past 30 years, would get rid of the sour grapes, and occasionally hand us a sugar coated morsel. But most of 'em are too confounded contrary to get along with themselves.

Brownfield Becoming Great Grain Center

We have noted on occasion before that while no grain of the wheat and oat variety was grown here to amount to anything, that nevertheless Brownfield was and is the greatest initial grain market on the south Plains. There is some millet raised here but not a great deal. But as far as corn, kaafir, maize, higeri and feterita is concerned, there is no larger or better market.

A gentleman walked into our office recently. He had just returned to Brownfield from Arkansas to make his home here again. The day before he had hung around just one of the several grain firms and elevators here in town and watch the selling and buying of grain. At that one place that day he affirmed that he saw \$6,000.00 worth of grain change hands from the producer to the elevator man. Now, says he, that much grain is not sold in a whole county in west Arkansas in a month.

There is said to be a daily average of from 500,000 to one million pounds of grain sold here, depending on the weather at the present time, and the harvest and sale will go well into next month. While the acreage was light, the corn crop is one of the best in years, with less borer sign than usual. The corn harvest, however, will not really get under way until after the holidays.

While Terry county does not produce a lot of cotton, it has a nearer average crop of it years by year than most any south Plains county. But year in and year out, there is grain to be had in "THE EGYPT" of the south Plains. No wonder that many farmers are turning their eyes toward the land of promise, and are purchasing farms for homes as well as an investment.

A Car of Feed Shipped To Orphan Home

Farmers of the Wellman, Gomez and Johnson communities recently loaded a car of grain out at Brownfield for Tipton Orphan Home at Tipton, Okla. They made very little crops in that section of Oklahoma this year, and as the home has quite a dairy herd to supply the children, the feed will be worth much to them.

Willie Winn, who participated in the loading of the feed, stated that while the Home was under the supervision of the Church of Christ, that all the feed donated in the car was not by members of that church, but that many Methodist, Baptist and other church people donated a load or two.

This shows a good community spirit, and also shows that people of all faiths love to help the helpless.

Truett Flache Here On Furlough

Lieut. Truett Flache, son of Mr. and Mrs. A. Flache of this city, is here on a ten day leave of absence from Fort Sill, Okla., where he has been for some time attending a field artillery school. At the close of his schooling, Truett was made a member of the teaching faculty of the school.

Truett graduated about two years ago from A. & M. college of Texas, where he was a prominent member of the Cadets, and figured among the leaders of the military section of the State school. His company was usually among the winners of honors in drilling and maneuvers.

The Herald congratulates this fine home boy in his rapid promotion in his chosen vocation, the army.

Mr. and Mrs. Jay King and Mrs. Queenelle King were business visitors in Abilene the first of the week.

Christmas Party For School Children

School children under age of 15 years, will be invited to a Christmas party in Brownfield on December 18th. The high school band will lead a parade from the Brownfield high school down town about noon. Santa Claus will bring presents of candy to the children at about 1:30 P. M.

Mrs. Earl Jones has arranged to give a free show starting at 8:30 A. M. Children from the rural schools will be invited and asked to attend the morning show. Those attending the Brownfield schools will attend the afternoon show. The Boy Scouts will assist the city police department in handling the crowds. Children are asked to form lines leading into the theatre on the side walks. Two lines are to be formed leading into the two front doors.

The Junior Maid and Matrons rural schools in Terry County and the following: Newmoore in Lynn County, Dawson Rural High School (Welch), Loop, Denver City, Plains and Allred.

Officials of the Chamber of Commerce urge those attending to form the lines at the theatre and at the gift stand and to keep the lines formed in order that each one may be served.

A Letter From Old Santa Claus

Had a letter this week from Santa Claus via Pennsylvania, and we have a suspicion that the real writer is a Republican or an Anti-New Deal Democrat. Anyway as letters we print are mostly to and not from Santa Claus, it is news, like the man biting the dog instead of the other way about.

And, we'll bet a jill of butter-milk against a doughnut, that the writer for Santa has received more off his land in Terry county under the New Deal than he did under the administration of Hoibert Hoover? The letter follows:

I'm sending this message to greet you and say
The New Deal has taken the things I most needed;
My work shop, my reindeer, my sleigh.
Now I'm making my rounds on a donkey,
He's old and he's crippled and slow;
So if I don't see you on Xmas,
You'll know I'm out on my ass in the snow.

MR. AND MRS. BALDWIN CALLED THURSDAY

Mr. and Mrs. W. J. Baldwin, former owners of the Hockley County Herald at Levelland, but more recently owners of a paper at DeLeon, Texas, were pleasant callers at the Herald office last Thursday night for a few minutes' chat. They have recently sold the DeLeon paper, and of course wanted back on the South Plains.

Mr. Baldwin stated that he thought it was about time for him to retire from the newspaper business, and while he did not state any future expectations, figuring between the lines, he wants to buy a small ranch somewhere in west Texas or New Mexico.

ERROR

Under the section of the McWilliams Furniture Co., page ad, there is an item that quotes Jenny Lind Bed Room Suites at \$7.25. A portion of that section of the paper was run when the error was caught. The item should read "Jenny Lind Bed-room Chairs" instead of Suites.

TEAGUE-BAILEY LETS CONTRACT FOR NEW BUILDING ON BROADWAY

Good Chevrolet Dealers to Have One of Largest As Well As Most Beautiful Automobile Buildings On South Plains, Built For Utility.

What is considered to be one of the largest as well as most modern buildings housing an automobile agency on the south Plains, is now under construction at the corner of Broadway and Fourth streets in this city, by Teague-Bailey Chevrolet Co. This building when completed will be a credit to any city. Contractor is E. S. James, who has erected buildings all over west Texas.

The full size of the building is to be 60x140 feet. The main building is to extend 100 feet back from Broadway which it faces, along Fourth street 100 feet, with an L of 25.40 feet. In this section will be housed the body, paint and repair departments. In front of the L, if we understand aright, will be a brick constructed fenced-in-place for used cars. A space 40x60 feet in front will be the display room, offices, etc. The south and east wall of this beautiful building, will be of light buff brick with neat colored glass tile to really set off its appearance.

There will be a large balcony in the office section for the parts department, and the firm intend carrying one of the largest parts stock on the south Plains, as Brownfield will soon be literally surrounded by oil fields, and the demand will be great. There will be two modern glassed-in clothing rooms, and one glassed-in conference room, where prospective customers may have absolute privacy in dealing with the members of the firm or salesmen. In this section will also be located the book-keeper's office.

A large pit has been dug so that a number of cars can be oiled and greased at the same time. Foundation is nearing completion, and it is believed that concrete can be poured next week. The firm believe that with the usual open winter, the building will be ready for occupancy by the first of March.

Two Hurt In Car Wreck Near Wellman

Two car salesmen from Lubbock, Messrs. C. E. McFarland and M. L. Williams, featured in a serious car wreck at the railroad crossing Saturday night, when their car failed to negotiate the curve. They were brought here to the Treadaway-Daniel hospital, where they remained until Sunday, and were carried to a Lubbock hospital. Eye witnesses say their car turned over five times.

McFarland seemed to have been the most seriously injured, with a concussion of the brain and hemorrhages of the brain. He had other bruises. Williams, less seriously hurt had many bruises and abrasions. Both were reported still under care of physicians early this week.

MRS. SEARS ENTHUSED OVER BABY BEEF TURKEYS

Mrs. Kellie Sears of the Gomez community, was a pleasant caller at the Herald office Tuesday of this week, and was giving us some idea of the fine dressed turkey show recently held at Plainview. She stated that an expert on the baby beef type turkeys was on hand from the state of Washington, and added much to the instruction they received.

She stated that the baby beef type was bred to be broad all over, and not necessarily with long gangling legs, and especially the elimination of the narrow breast. She stated that the dressed baby beef type looked more like a turtle than a turkey. As we get it more good meat and less bones.

Mr. and Mrs. E. C. Throop visited in Lubbock last week end.

Farmers Enjoy Showing of "This Land Of Ours"

The Brownfield Implement Co., together with the personnel gave the farmers of this section a real treat last week with a demonstration of what M-M machinery and tractors can actually perform under all conditions. Following the parade, the movie-talking picture, "This Land of Ours" and "Guernsey Ilse" were shown.

The crowd then repaired to the farm of J. M. Telford near the city for the demonstrations, and where sandwiches and coffee were served. The Banner Cream Co. furnished cream for the coffee. Among the field-men present were, Frank Langhan, Kansas City; Mr. York, Lubbock, and Les Tryan of Amarillo.

Cox Moving Ranch To New Mexico

F. M. Cox was over this week from the Yoakum county ranch and announced that he was moving to New Mexico where there was plenty grass and water. Now there is plenty water in New Mexico—and other drinks, but we have seen the time when there was very little grass.

Howsoever, this is hoping F. M. and his fine bunch all the success and happiness that they deserve. But we hope he leaves directions about finding his place in case we get hungry.

BROKE, BUT STILL WANTS THE HERALD

J. H. Killion, Monahans, erst-while minister of the local Church of Christ, sent in a contribution, the first perhaps of a series, in lieu of \$150 per year he didn't have. Perhaps Lou got his money too.

Anyway, he wants to be our staff correspondent until the \$150 is paid, and we bite. However, the bankers may feel inclined to be peeved at Killion's putting the Lord as the banker, instead of Kendrick, Gillham, Holmes and McDuffie. If so, let them cast their stones Monahanward.

A SMALL FIRE MONDAY AT TEAGUE-BAILEY'S

The fire department was called out Monday afternoon in answer to an alarm at the Teague-Bailey Chevrolet building, repair department.

It was just a small oil fire, and was under control before all the firemen got there. Building damaged some with smoke.

TILSON AND NOBLE GET THEIR ELK

Bill Tilson of this county, and Terry Noble of Tahoka, returned last week from Colorado, where both men were lucky enough to bring down a fine elk.

We think Bill aims to have the head of his kill mounted to point out to future generations.

While the Herald regrets very much the non-appearance of the Hardin-Simmons quartette last Sunday as per schedule, we are not responsible for it. We received the mat for the cut and the reading matter by special delivery very late last week, but managed to squeeze it in. Neither are the Baptist people here responsible for their non-appearance.

A business man said to us at Lubbock Sunday: "No wonder you people are always so prosperous down in that section. You do not always make a lot of cotton, but it seems you have feed and corn to sell every year, and your farmers never have to buy feed." Yes, that is about right, and a lot of other people who used to poke fun at our sandy lands, are now just about the biggest boosters we have. Come to Terry, Yoakum and Gaines.

Editor Chas. A. Guy in his Plainsman column this week took Lubbock merchants somewhat to task for their delinquency in holiday window decorations, with but a few exceptions, some of which he noted. He also stated that some of the smaller cities in the section could give Lubbock merchants, or some of them, needed lessons in the art. Whether he was talking about Brownfield, Littlefield, Levelland, Tahoka, or all of them, we know not. But we can truthfully say that many of the stores in Brownfield, and some of them are not so large, have as nice window decorations as one wants to look at. Take time out some night and parade the business district, and see just what your friendly home merchant and his staff have done to make the little city have a real holiday appearance.

Some here who attended the lecture of one H. R. Knickerbocker, foreign correspondent of the Hearst papers, seem greatly disturbed over the lecture, and think we will and should be in war against Germany in the next minute or two. In the first place, let us remember that it was the propagandizing of Hearst papers that proved a great help in getting us into the other war as soon as we did. And, second, after we did get in and spent billions and half starved ourselves, the same old thing is being repeated over there as it has been for the past 1500 years. In the third place, we are bearing heavy taxes for money we loaned those fighters, and they don't even pay us any interest. The Herald is for helping England every way possible short of war, but let it be in the form of a donation, for we'll never get anything back. And we hope never to see another American soldier leave our shores for an European war. We are for the protection of American shores however from Newfoundland to Cape Horn.

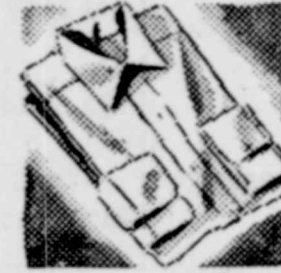

The down state dailies are all coming out against the road bond issues that are being voted in this section of west Texas with the expectation that the State legislature will vote to assume them when they meet in January. Just as long as we were helping to pay for the assumption of their bonds with our 1c gasoline tax, (Terry pays about \$14,000 annually) it was ok by the east and central Texas papers. But as soon as we wanted in on it, and some good roads to travel over, they object. Well, Terry has been paying for the past ten years, and so has a number of other west Texas counties that had no road tax. Turn about is fair play.

WOULD MOVE IF COUNTY FURNISHED GROCERIES

County Judge Charlie Sullivan has decided to quit trying to solve the world's troubles after January 1. He had a hard one put to him Thursday. A woman was seeking aid and especially groceries for another. Said she had been turned down by the County Welfare and wanted a reference from him. Asked where she lived and informed 30 miles from Big Spring he advised she was seeking aid from the wrong county.

She then wanted to know if she moved to Big Spring would this county supply her with groceries. His answer was an emphatic no. He said he could increase the population by many thousands if he agreed to feed everyone moving here.—Big Spring News

Candies At Christmas

Popcorn balls tied in colored cellophane do look pretty hanging from anybodys tree, and how good they taste after all the presents are distributed and there's nothing to do but feel happy all over again because of the joys we've brought and the joys we've received. Yes, freshly made popcorn balls make an easy to serve and easy to eat after-the-tree refreshments, and with no dishes to wash!

Popcorn Balls—Some Like Them Light:
1 cup sugar
1-3 cup white corn syrup
1-3 cup water
1-4 cup butter
3-4 teaspoon salt
1 teaspoon vanilla
3 Qts. popped corn

Put sugar, corn syrup, water, butter, and salt in a sauce pan and cook, stirring until the sugar is dissolved. Continue cooking without stirring until syrup forms a brittle ball in cold water. Add vanilla and stir only enough to mix through the syrup. Pour cooked syrup slowly over the popped corn which should be kept warm in the oven while the syrup is being made. Mix well and shape into balls. It is well to wet the hands slightly to keep the mixture from sticking. Makes 12 medium sized balls.

Popcorn Balls—Some Like Them Dark:

1-4 cup molasses
1-4 cup corn syrup
1-4 cup sugar
1-8 teaspoon soda
4 quarts salted popped corn
Boil molasses, corn syrup and sugar until it hardens when tested in cold water (not brittle). Add the soda. Pour syrup over popped corn and mix thoroughly. Form into balls. Makes approximately 14 balls.

Then, what is more acceptable than a box of home made candies—really the answer to "What on earth can I give? They already have about everything that I could afford to buy, yet I do so want to remember them in some way."

Try several different kinds of candy in one box. Wrap the pieces individually in colored cellophane paper, then just before you put the lid on the box, sprinkle in a few hard candies, such as satin pillows with filled centers, gay with colors and different in tastes; you know the kind—comes in 5c-10c sacks for the kiddies at Christmas. It will give your package a professional look.

Sure to turn out good:

Peanut Brittle
2 cups sugar
1 cup light corn syrup
1-2 cup water
1 teaspoon salt
1 teasp. soda, scant
2 Tbls. butter
2 cups raw peanuts

Put sugar, corn syrup, water, and at same time pour boiling water over the peanuts and let stand till the syrup mixture boils; then drain water off and add peanuts to syrup and cook slowly. Also add butter. Cook slowly and stir until when tested in cold water, mixture crackles and will not stick to teeth. When at this stage, remove from fire and add soda. Stir quickly and spread brittle real thin on well buttered surface, such

LUBBOCK MAN ELECTED PRESIDENT TSTA

Dr. William B. Irvin, superintendent of schools at Lubbock since 1937, was chosen president of the Texas State Teachers Association to succeed Charles H. Tenyson of Wichita Falls.

The theme and discussion at the meeting was "education for National Defense," and many outstanding speakers from various parts of the United States were on the program.

Such educational leaders as A. J. Stoddard, superintendent of the schools of Philadelphia, Pa., and W. A. Sutton, superintendent of the schools of Atlanta, Ga., gave interesting and enlightening discussions.

Nut Clusters

Add nut meats to melted sweet or dripping chocolate. Mix lightly and drop by spoonful on to a buttered surface. For something different, try in the place of nuts or in addition to the nuts, crisp post toasts or rice crispies. You will be surprised at how good and easy this is.

Pancho

1 1-4 firmly packed brown sugar
1-2 teaspoon salt
1 Tbls. light corn syrup
1 Tbls. butter
1 Teaspoon Vanilla
3-4 cup broken nut meats
Combine sugar, salt, milk, and corn syrup; cook slowly over low heat, stirring constantly until sugar is dissolved and mixture boils. ANOTHER CHAIN LETTER

LUBBOCK, Dec. 9 — College youth worry about the draft and amusement. Here is a sample of the latter, from the resourceful brain of some Tech collegian.

"Dear Friend:
This chain letter was started at Texas Tech in the hope of bringing happiness to all tired business men. Unlike most chains this does not cost any money. Simply send a copy of this letter to five male friends; then bundle up your wife and send her to the fellow who heads the list. When your name works up to the top, you will, in return receive 15,176 gorgeous girls. Until then you can rest in peace. HAVE FAITH. DON'T BREAK THE CHAIN. One man broke the chain and got his wife back."

Sears Killed The Old Red Rooster And Goes To Houston

DEAR FRIENDS:

I will now pen a few lines for the Brownfield News and give a history of my trip from Brownfield to Houston. We left Brownfield November 24 at 3:30 with 29 bales of cotton and made our way across to Tahoka. The wind was so strong from the northeast that we had to turn south and went by way of Lamesa and Big Spring.

Three miles from Big Spring on the highway Bill Broom, the truck driver, and I ate our supper of chicken sandwiches and milk. (The sandwiches were made from two old red roosters born under the hog pen last June 1.) We made our way on to Austin, and on the outskirts I washed Bill's feet and put him to bed. While he was sleeping I went out to a filling station to hear a broadcast of our governor. After an hour and a half I went back and woke Bill up and we started again to Houston. When we got nearly to Hemp-

stead, which is the county seat of Waller county, we drove into a people were on both sides, wanting to cross. We stayed there an hour swollen stream where over 1500 and a half and finally got the big truck ready to cross. The stream was a quarter of a mile wide. Bill stepped out and took off the fan belt from the engine, and patted the big Chevrolet on the head, buttoned his coat, and got in the cab; pulled both doors to, and then rolled down the windows. A highway cop with two big six-shooters then got on top of the cotton to keep it from floating off. Water in this stream was up to the seat of my pants and everybody knows that's high water.

We landed safely on the other side and made our way on to Houston. We got there and unloaded about 5 o'clock. Streams blockaded every highway at midnight out of Houston.

At 10 o'clock Monday morning we took samples and went to the 14th floor of the Cotton Exchange building. While waiting for our grade on the cotton one of the members of the commission took us for a ride. He carried us to the San Jacinto monument, where we

spent an hour and a half at the bottom. We pressed a button and down came the elevator from the top of that great monument. We got in and went all the way to the top—572 feet. Bill reached out his hand to shake hands with his dear old mother but she was gone from home. I too looked out and called to my wife, but she didn't answer. I guess she was in the kitchen cooking the rest of those roosters.

We went back down to the bay where a big meeting was being held. Bill professed religion and joined the church. Someone sent for a preacher to baptize him. I asked the preacher what denomination he was, and he said, "Campbellite." I knew then that is he carried Bill to the middle of the bay he'd hold him there so long he'd drown so I told the preacher we'd wait until next summer and let a Methodist do the baptizing, because he doesn't use so much water.

Well, we made our way to the Cotton Exchange, where we found we had a bid of 10 cents a pound on the open market, and our government bid as 10.03 as a loan. I decided to set the cotton back awhile and not sell for 90 days.

We left Houston Tuesday morning at 10 o'clock, and stopped in Austin awhile to see the city. Then we went on to Big Spring where I put Bill to sleep for an hour and a half. Then we drank a cup of coffee and made our way back to the South Plains to Brownfield in good old Terry county.

Bill and I certainly were happy to get back. If you don't believe Bill will put a load in Houston for you right quick then give him a load and turn him loose. If you have only one bale and want to hitch Tom and Jerry to the wagon, take it to L. R. C. Toles and he will meet you with a smile, sell the bale, your wagon and team, and send you home happy.

We certainly do enjoy The Brownfield News. We think it's fine and we think lots of the Sheltons, especially those twin baby girls. We know they're good looking and bound to take after their mother.

Then there is the Terry County Herald. We've taken that paper 22 years and they have always been nice to us. We think lots of them, especially their son-in-law, Herman Trigg, who always has a smile and uplifted hand. We think he is one of the best band directors Brownfield ever had. When we began taking the Herald it was only two sheets. That was in 1918. As the world wagged by and cotton and corn grew the Herald grew

RECORD CHRISTMAS SEAL SALE EXPECTED

AUSTIN, Dec. 9.—A new record for anti-tuberculosis Christmas Seal Sales may be reached this year if early reports from over the state are a true indication. H. A. Woe, veteran Austin banker reported to state headquarters here this week.

Thousands of volunteer workers augmented by support of the Texas press, radio and officialdom have not only publicized the Christmas Seal campaign but have stressed the lowering death rate, the clinic and child health work the Texas Tuberculosis Association has helped achieve to create wider interest in the pressing problem of combatting tuberculosis in Texas, Wroe stated.

President Roosevelt's endorsement of the anti-tuberculosis drive and Christmas Seal Sale was echoed in Texas by a proclamation by Gov. W. Lee O'Daniel last week and 100 percent cooperation by other state officials as well as civic and professional leaders throughout the state.

Miss Margaret Bell of Lubbock spent the past week end in the home of her parents, Mr. and Mrs. W. A. Bell.

TEXAS STANDS SIXTH IN BIG GAME

AUSTIN, Dec. 9.—Texas is the sixth leading state in big game, a report to the executive secretary of the State Game, Fish and Oyster Commission from the U. S. Fish and Wildlife Service reveals, and leads in one species, the javelina. Thus the Lone Star State retains the rank it held last year, with Michigan, Pennsylvania, Wisconsin, California and Minnesota, heading the list in the order named.

Surveys reveal that Texas has a total of 35,100 javelinas or peccaries and is well out in front in this game animal, which is attracting more attention annually, especially from out-of-state nimrods. Arizona is second in jav-

elinas with 14,300 and New Mexico is listed as having 400 of the animals.

The grand total of big game animals in Texas, the survey reveals, is 301,822, but figures for the antelope, of which it is believed Texas has more than 7,000, are not included. The Lone Star State has a total of 238,565 white-tailed deer and 117,553 mule or black-tailed deer.

That big game is still well scattered throughout the United States is shown by the facts that white-tailed deer are found in forty-four of the forty-eight states; mule deer in seventeen states; antelope in sixteen states; black bears in thirty-three and elk in twenty-eight states.

Dear Santa,

I am a little girl five years old, and I have been a good little girl. I think, don't you?
I don't want very much, just a doll with sleepy eyes, a doc-

tor's set, and a drum. Also some fruit, nuts and candy.

Remember all the other little girls and boys too. I thank you Santa.

With love to you,
Melva Jane Ray

"This Land of Ours" Highly Appreciated

Farm families of our community enjoyed a real treat when they saw "This Land of Ours", a movie production sponsored by Brownfield Implement Co., the Minneapolis-Moline Dealer. The large, enthusiastic audience travelled far and wide through our great land, enjoying its places of beauty and interest on the screen in their natural color and splendor. Our beautiful national parks, canyons, waterfalls, forests and highways passed before them in review. In addition, they saw how farmers in other sections of our country reduce cost and live better using modern MM machinery.

"This Land of Ours" was a

timely and worthwhile attraction. It impressed all who saw it with the great natural blessings which our great country enjoys, its many places of beauty and its great resources. It left in the minds of the audience a deeper pride in our great land and a thankfulness for the blessings we enjoy. Old and young alike found "This Land of Ours" interesting, educational and inspiring. Brownfield Implement Co., the Minneapolis-Moline Dealer, and the Minneapolis-Moline Power Implement Company are to be congratulated on developing the outstanding industrial film of the year.

Farmers also enjoyed hot coffee and doughnuts at the J. M. Telford farm where a demonstration of 9 Minneapolis-Moline tractors was held.

The Club voted to help the Chamber of Commerce and merchants to have Santa Claus day for the children of Terry county, by collecting the money from the merchants and business men.

A Nomination Committee was appointed by the president, Mrs. V. L. Patterson, to nominate officers for next year. The committee is composed of Mrs. Arlie Lowrimore, Mrs. Emmett Smith, and Margetta Montgomery. They are to give their report at the first meeting in January.

A very interesting book review, "For Whom the Bell Tolls" was given by Mrs. Emmett Smith. Mrs. Lynn Nelson gave the historical background and the life of the author, Ernest Hemingway.

The next meeting is to be a formal dinner party at the Skyroom of the Hancock Cafe on December 18, at 7:30 P. M. Hostesses for the occasion are: Mabel Whitney, Mrs. Lynn Nelson, Mrs. Virgil Keys, and Margetta Montgomery. Each member is to bring a small gift for the Christmas tree.

Refreshments of sandwiches, potato chips, date nut pie with whipped cream and coffee were served to the 17 members present. Visitors were Mrs. Herman Heath, Mrs. Davis and Mrs. Dickson.

D. A. RIDGWAY PASSES

Mr. D. A. Ridgway passed away Friday evening at eight thirty o'clock, Dec. 6, 1940 at the home of his daughter, Mrs. B. L. Thompson, East Cardwell Street. He was born Aug. 15, 1854, in Jasper County, Mississippi. He was married to Sallie Darden on Nov. 1, 1877 in Falls County, and to this union was born three children, one grandson who was reared by them. He joined the Presbyterian Church in early life. Was an active member for many years. In later years was united with the Methodist Church.

Mr. Ridgway was a shut-in for several years and was bedfast for two weeks.

Funeral services were conducted at the Methodist Church Saturday afternoon at four o'clock. Rev. H. W. Hanks, pastor of the Methodist Church, officiated. The body was laid to rest in Brownfield cemetery.

He is survived by one son, two daughters, R. B. Ridgway of Austin, Texas; Mrs. B. L. Thompson, Brownfield; Mrs. R. R. Barnes, Ft. Worth. He is also survived by twelve grandchildren and nine great grandchildren.

Mr. and Mrs. Ed Thompson and son, Phillip were in from the farm the first of this week in order for the Mrs. to get some dental work done. Since it has turned cold, we have been hoping that Ed would kill a hog—or some other farmer friend would kill one and whack up.

Postal Receipts Show Big Gain Over 1939

As stated in these columns some time ago, the receipts at the local postoffice have already passed the figures of 1939, with the holidays to show a still greater increase over receipts of last year. In comparison of the months of November, for instance, last year they were \$1,668.60; this year \$2,075.25, a gain of \$406.65.

The postal money orders for the month of November were \$31,810.00. We do not know how this compares to the same month last year, but we feel that it is much greater. Anyway, if you really wish to please the postal force, MAIL EARLY!

In three weeks get on the scales and see how many pounds of fat have vanished; notice also that you have gained in energy—your skin seems clearer and eyes brighter—you feel younger in body and keener in mind.

Get a bottle of Kruschen Salts—plain or new effervescent—sparkling—pleasant, at leading druggists everywhere; lasts 4 weeks and is inexpensive. NELSON-PRIMM DRUG CO.

Lentheric Says— "Giving Goes Quaint"

LENTHERIC'S "Family Album" revives the quaint charm of a daguerrotype collection with perfumes for portraits. It revives, too, the spirit of old-fashioned giving.

Victorian elegance is evidenced in the brilliant cerise, the sentimental dove motif, the luxurious bow of blue velvet encased on the cover, and the elaborate scrollings.

The perfume portraits are of "Little Tweed", "Baby A Bien-tôt", and "Baby Conjetti", each set into a deep frame and decorated with a tiny bow of ribbon. All three will be cherished by those who receive the LENTHERIC "Family Album".

BAPTIST CHURCH NEWS

Some were disappointed last Sunday in the failure of the Hardin-Simmons University Men's Quartet to appear as was announced and the reason for their failure to come is not yet known, but no doubt others were not in the least disappointed as the pastor was given a good hearing in his discussion of the "Christian as a steward of his possessions as well as of his talents, time and opportunities for service."

The total number registered in the Bible School was 381 and it does appear that with an enrollment of 670 as many as five hundred could be present some time. The teachers of the school held a conference Thursday of this week for an intensive study of the best methods in this work as well as the best manner of securing the hundreds of adults, young people and children, who pay as little attention to the claims of God's Word on them as do the Chinese who have never read or heard of the Bible, but these are right here in Brownfield and surrounding country, and they are our responsibility, as Christians and as a church.

We are busily engaged just now in getting subscribed our budget for the coming year and some may read this who are unable for some reason to attend the services and every one should know that regular systematic giving is a command of God's Word and is not to be lightly set aside by anybody, and the first installment note on our new building matures January 1st, 1941 and if you will assist in its payment mark your check "building fund."

Provision has been made here

for you and your children to study God's Word under comfortable conditions with teachers interested in the spiritual development of every one and we would have it understood that none are too poor to be welcome and that all have our urgent request to come.

Behind The Scenes In American Business

By John Craddock

NEW YORK, Dec. 9.—BUSINESS—Trial balloons on the question of extending credits to Great Britain for furtherance of her war efforts are popping up all around. Predictions as to what will be done are pretty useless, as the picture may change vastly from one day to the next. But it is certain that if credits were extended to embattled Britain it would promptly stimulate a terrific volume of plant expansion here for British armaments manufacture—in addition to what we are already doing in forging arms for Uncle Sam's own use. British war orders with American industry right now amount to \$2,500,000,000. Since production of aircraft and ships, obviously England's most vital needs, can be stepped up materially only by increasing productive capacity, expansion of aircraft plants and shipyards here for that purpose would be certain if any sort of credit deal is worked out. It would mean a big speed-up in training of more skilled workers, and intensify the demand for a longer work week.

WELLMAN

Mr. R. F. Mobley has purchased a new wind charger to furnish lights and radio for his new modern home near Wellman.

We will have a community Christmas tree on Christmas eve at the Baptist Church. Santa will be present with a big bag for every boy and girl under twelve.

Jake Roberts who was in the hospital at Seagraves with pneumonia was brought home last Saturday.
