City Officials To Gather in Lubbock

LUBBOCK, Mar. 4.—City officials from 54 counties over the plains are invited to meet in Lubbock, Friday, March 7, at 10 a. m. to discuss gross receipt rental taxes upon public utilities companies for use of streets and alleys and a number of other matters, according to R. L. Brown, Mayor of Muleshoe.

Brown was named chairman at a recent conference in Canyon with C. H. Jarrett of Canyon and C. C. Coleman of Brownfield, members.

C. C. Crutchfield and E. E. McAdams of the League of Texas Municipalities will present up to date information on legislation now pending and advise in regard to the formation of a regional organization.

Soil Conservation Checks Come In

A visit to the County Agents office this week revealed the fact that soil conservation checks for Terry county farmers in the amount of \$67,422.17, were received last week.

Mr. Miller of that office promised us a full report next week of all monies received for compliance in any way by Terry county farmers and ranchmen during 1940.

R. D. Jones and Family are entitled to a pass to the—

C. of C. Banquet Pronounced Success

The Chamber of Commerce banquet, or more properly speaking now, the Terry County Board of Development banquet is history. And T. L. (Pat) Patterson is at ease, and a little bit less nervous than a bunch of jack rabbits in a net wire pen, for the folks hereabout have told him the affair was a success. In all some 200 plates were served, there being representatives from Lamesa, Seminole, Seagraves, Levelland, Lubbock and Wichita Falls. One delegate from each town was allowed three minutes, and the time was well put in by the speakers.

There was not too much speaking so as to make the affair monotonous, and it was interspersed with some good singing by Ellison Carson, accompanied on the piano by his wife, Dick McDuffie introduced the new and old directors of the Board of Development, who will serve Brownfield and Terry county this year. And including Terry county, we were especially glad to see a number of Terry county farmers on hand. Homer Winston was master of ceremonies, and the target of a number of speakers, who told jokes on Homer, many of them said to be of legal coinage.

The main speaker of the evening was a fine citizen of Lubbock, Lloyd Croslin, who served Congressman Geo. Mahon very effectively as clerk during his first three terms. Lloyd is now a practicing attorney at Lubbock, and we predict great things for this rising young man. He could not help pay his respects to his chief for six years. After the usual preliminaries of jokes, many of them on locals, such as Homer Winston, and James H. Dallas, the speaker buckled down to a fine address on "The Washington Front."

In this, he succeeded splendidly in making the audience see that we are in danger of being drawn into a war, no matter which course we may take, and that President Roosevelt and Secretary of State Cordell Hull, know a lot more about the aims of the dictators than the general public suspect. He also stated that FDR had any more ambitions to become a dictator than he, the speaker, or anyone else present. He complimented the town of Brownfield and the section in general on the fine progress they are making.

Last but not least, we think it a great thing that the Baptist people allowed the use of their fine banquet room and kitchens in which this affair was staged, and that the Brownfield Coffee Shop and their cooks and waitresses did a fine job. The menu was well cooked, seasoned and served, being far above the average banquet menu.

Murphy May Is Sweetheart of Whole Cheese

The writer learned this week that Murphy May, son of Mr. and Mrs. Tom May of this city, who has the agency of Magnolia in Seagraves, has recently been selected "Sweetheart" of the Lion, Rotary and Chamber of Commerce, and in fact all the clubs in Seagraves.

We always knew Murphy was sweet and had a big heart, but until now doubted that he would be able to cover so much landscape at one time.

Physician To Remain With His Practice

It was rumored here the past week that Dr. A. H. Daniell of the Treadaway-Daniell Hospital had been called to service with the aviation corps, in which he was a reserve lieutenant.

After the head of the medical corps heard of the investment the doctor has here and the number of patients depending on him, he was allowed to resign, and will remain with his practice.

Dr. Daniell stated that he was informed that the army lacked 5000 physicians at present.

Sheriff Price Cracks Down On Thieves

Our new Sheriff, Joe Price, assisted by his well experienced deputy, Mon Telford, as well as officers from three counties, cracked down on a ring of cattle thieves this week, and four are said to be in jail here with bonds hanging over them of from \$1000 to \$4000 after a preliminary trial before Justice of the Peace J. W. Oliver. Three of them live in Terry county, and one at Barstow, it is said, and one was foreman of a ranch in east Terry. All signed statements, it was said.

For some time ranchmen have been missing fine young Hereford calves and yearlings, and a check up on the sales at Lubbock, Big Spring and other places, revealed the fact that too many yearlings were coming from this section, and being delivered by these men. Some of the carcasses also were found in locker plants here and other places, and the meat returned to owners.

We have predicted all along that Joe Price, who is given chief credit for this haul, would make Terry county a great officer. We still feel the same way, and if you are ungodly enough to want to take other people's property, Joe and Mon will get you as sure as God made little peaches.

A good citizen informed us just this week that there was less selling of illegal liquors in the outskirts of the city than he had ever seen since he had been here, which shows that the county and city officers are on the job.

New Physician Locates in Brownfield

We are pleased to announce that Dr. Wayne C. Hill, a native of the state of Tennessee, has decided to locate in Brownfield, and has formed a partnership with Dr. M. E. Jacobson, and will be located at his offices, rear of Palace Drug store. Dr. Hill came to Taboka about four months ago, taking over the practice of a physician there, but the opportunity came to make the move to Brownfield, which he accepted.

Dr. Hill is a graduate of the medical department of the University of Tennessee, Memphis. He served one year internship at Gallinger Hospital, Washington, D. C., and one year at the Baptist Hospital, Birmingham, Ala., in medicine and surgery. He is secretary-treasurer of the local medical society.

Brownfield Bread Contains Vitamin B1

There is no use sending off to Ingworth or Monkeysears, or to any place, firm or corporation for Bread with that newly discovered vitamin B1 that there is so much talk about. In fact there is no use buying bread made anywhere outside Brownfield if you are looking for that.

Both bakeries, the Dixi-Star and Cary's are now supplying the local trade with that bread, now much in demand. If you buy from them, or any of the local grocery-men, just say you want Vitamin B1 bread, made by either Cary or Johnny Haynes.

They'll be glad to supply you, and the quality is just as good as any outside bread. What builds Brownfield builds all of us.

Housing-Rent Problem In Brownfield

By T. L. Patterson

Through the housing bureau of the Terry County Board of Development we have been able to locate around 1200 people since last July. Many of these have only stayed in Brownfield for a short time and then moved to some other place, but there is still a shortage of desirable living quarters.

Naturally being in contact with these people we are confronted with many problems. The most outstanding one of these is rents. There have been any number of cities and towns that have been hurt because of high rents. It would seem to us that it would be better to have a good tenant stay month after month for a reasonable rent than to have them moving in and out every first. Brownfield has a wonderful opportunity to become a focal point in the development in this section in agriculture, ranching and oil.

It behooves all of us to bear this in mind and to remember that there isn't any particular group that can afford to live in any place where the bare necessities of life take their entire earnings. Of course we would all like to realize the maximum profit from our investments, but don't you think it would be better to have a steady return, though smaller than we had anticipated, coming in from these investments than to have the investment lost entirely?

We have talked to a number of the oil field workers and now that they are on the 40 hour per week basis, their income has been cut to such an extent that their average wage is in the neighborhood of \$125.00 per month. They have the expense of traveling from where they live out to the fields twice each day and this soon runs into a nice sum, which must come out of their own pockets.

Something Unusual On Our Streets

It is nothing unusual to see farmers sell melons on our streets, and even string beans and snap peas, roasting ears and fryers, along with the feed and cotton crop. One in awhile you will see a farmer selling some sweet potatoes he has raised on the farm.

But for the past week or two, L. B. Peugh, who has a big irrigation well just east of Meadow has been selling some nice, red, Irish potatoes on the streets here. And he is running an ad this week to sell seed Irish potatoes.

In another column in this issue is an article by Dennis Lilly. It is kind of an ad we admit for one of the government projects, but it tells farmers just how they can manage for plenty water whereby they can have all the vegetables they want themselves, and even some to sell.

Branch Loan Office Open At Brownfield

A. E. McGinty, formerly of Plains, has announced the opening of a Brownfield branch office of the Lubbock Production Loan association.

McGinty is well known to farmers and stockmen of this section. He worked for seven years for the AAA and was secretary of the AAA in Yoakum county until he accepted this job. The local office will serve Terry, Yoakum and Gaines counties.

Dick has opened offices just across the street west of the post-office in the Winston building, where his many friends will find him.

The writer has known the McGinty family for about 30 years—Dick since he was just a lad, and we feel sure he is the man for the place.

W. H. Collins transacted business in Lamesa Tuesday.

Much Accomplished By C. of C. in 1940

On the programs printed this week for the banquet Tuesday night, aside from other information, the folder contained a lot of information about their actual accomplishments in 1940, as well as giving projects that are on tap for this year. We must say that it all read mighty good to us, and we hope the C. of C. will be able to accomplish as much this year as last.

Among the most important projects accomplished or sponsored last year were, a Soil Conservation district; sponsored road bond issue; assisted in securing Magnolia district offices; the location of some 1400 people with housing bureau; clean up campaign; assisted in locating five county health unit; attempt to secure CCC camp; helped in location of West Texas Cotton Oil Co., promoted get-acquainted party to new comers; assisted in securing cotton pickers.

Aided in securing NYA project for local schools; co-operated in securing landing field; sponsored project of air school; sponsored organization of Terry County Fair Association; contacted oil companies and others toward promoting industrial development; assisted the Terry county exhibit at the South Plains Fair, and a number of others.

The program for 1941 is a hotel; airport improvements; Air school; community farm dinners; county fair; civic and industrial development; agricultural improvements; rural electrification extensions.

While the above list is far short of the accomplishments of the past year, if we get these things over, it will be something to crow about. And you can bet your bottom dollar that plenty other things will pop up before the year ends. We keep busy if we'll keep our eyes open.

To Hold Classes In Better Retail Selling

Miss Laura J. Wilson, district co-ordinator with the division of Extension, University of Texas, will hold meetings in the courthouse each day if that place is satisfactory. Miss Wilson will teach better retail selling. This extension work is approved by Supt. Emmitt Smith of the local schools, and the local Board of Development.

The first meeting of the members was held Thursday, at which time plans and schedules was made for the course next week, beginning Monday. Detailed information may be had from T. L. Patterson, secretary of the Terry County Board of Development.

Community Farm Supper At Gomez On Night of March 27

The Brownfield Chamber of Commerce and the Gomez Home Demonstration Club will be co-sponsors at a community farm supper at the Gomez school building on Thursday night, March 27.

Every man in the community is invited to come and we urge you to give one of the food committee your name by Saturday, March 22, as we need to know how many plates to prepare.

The food committee is Mrs. A. L. Tittle, Mrs. D. A. Kelly, Mrs. K. Furr and Mrs. Wess Key.

To Appear Before Legislative Committee

Judge C. L. Lincoln, a director of Texas Highway Improvement Association and J. E. Shelton, a director in the Texas Goods Roads Association plan to attend a hearing before the legislative committee on the various assumption bills that will come up before legislative committee in both the house and senate, in Austin, Mar. 10 and 11.

Rev. Avery Rogers is conducting a two weeks revival at Quitaque.

Negro Kills Wife Here Monday Night

Troy Fennell, about 30, porter at the Parker and Blair Barber Shop, was charged with premeditated murder by Judge J. W. Oliver here early Tuesday morning, and was remanded to jail without bond. He was charged with the fatal shooting of his wife at a house in the negro section. She was shot twice through the body, one bullet piercing the heart, according to a physician.

According to the testimony of Fennell, who came straight to the courthouse to surrender, his wife, Ruth, 24, had been keeping company with another colored man, and that he had sent her away some time ago, telling her that he would kill her if she came back to Brownfield. She returned Sunday. Fennell stated that he was at a cafe in the colored district Monday night, when a hamburger was ordered for his wife. He followed the messenger.

Knocking on the door of the house, he stated that the door was slightly cracked open by a negro man, but not the one that he suspected. It was his aim to kill both, but spared the negro man when he found he was not the one he suspected. He found his wife sitting on a bed, he stated, and got up and called him an ugly name, he fired the first shot that took effect in her breast, passing through her. She then cringed behind a door, when he fired the second shot through the door. Fennell stated that all the time he was watching the negro man, but he left post haste when an opportunity presented itself.

The negro woman was found just outside the door, Judge Oliver stated, where she probably scrambled in dying agony, where the inquest was held. Fennell surrendered a 45 six shooter to County Judge C. L. Lincoln. Burial of the woman was to take place here Tuesday.

Lou Costello and Nat Pendleton in Universal's "Buck Privates." Showing at Rialto Sun. and Mon.

Public Meeting To Be Held in Tokio District

A public meeting of all taxpayers, patrons and other friends of the Tokio Independent School District has been called by the Tokio Board of Education for Friday night, March 7th. This meeting will be held in the Baptist church building and will start at 8:00.

Emmit Smith, Superintendent of Schools, in Brownfield, Texas, will present the proposed consolidation program for the consideration of all present. During the evening's discussion all people who wish to speak will be allowed to do so and the meeting will be conducted in a round-table manner. Similar meetings have been held in Gomez, Harmony, Happy, and Johnson communities.

LOCAL SALESMEN TO ATTEND STOCK SHOW

W. B. (Red) Tudor of the Tudor Sales Co., accompanied by his salesman, Carl Lewis, Lucky Pace and Lefty Kizer, will leave Sunday for Ft. Worth to attend the stock show. They are to be the guests of the Dallas branch of the Ford Motor Co.

Terry Families May Have Plenty Water

Dennis Q. Lilly, rehabilitation supervisor and Dorothy M. Whitney, Home Management Supervisor for the Farm Security Administration in Terry County have returned from a District meeting in Lubbock where they attended a district meeting to discuss the FSA's Water Facilities program.

Mr. Lilly said that he had received additional authority to recommend for approval Water Facilities applications for farm families in all parts of the county.

"Funds in the form of loans to farm families are available" Mr. Lilly said, "for the installation of facilities for farmstead and livestock water developments."

Facilities which may be installed, repaired or developed," he continued, "are cisterns, wells, ponds, tanks, springs or seeps."

Appurtenances for the use of water, such as windmills, stock trough storage tanks, bathroom fixtures (including minor house repairs), sinks, pipe, towers, necessary labor, garden fences, wind-break tree planting, milk troughs, and so forth are also included.

It was emphasized, however, that no irrigation system, other than the one acre maximum per farm unit, are authorized, except in the Rita Blanca Drainage, Coldwater Palo Duro Watershed and Mustang - Monument - Seminole Area.

Mr. Lilly said he expects stores of farm families in Terry County will improve their water facilities as a result of this program. Farmers and farm women interested in obtaining complete information about this program should immediately contact Mr. Lilly or Miss Whitney at the County Farm Security Administration office in the Brownfield Building.

Tank Company Builds Warehouse Here

Black, Sivalls and Bryson, Oklahoma City tank and separator company have bought a site on the Brownfield-Levelland highway, and are building a warehouse, office and bunk-house. Work is progressing rapidly on the tank and separator racks. S. J. Davis who moved here January 1st from Louisiana will be in charge of the local store. The north Permian Basin will be served from Brownfield.

As we understand it, the tank company will employ several men to build the tanks, and the separators are used by drillers and oil men generally to separate water, mud, etc., from the oil. Now you know as much about the matter as we do.

Wilson H. Banks Promoted to 1st. Lieut.

Lt. Wilson H. Banks, son of Mr. and Mrs. W. F. Banks of Gomez, has recently been promoted to First Lieutenant in the U. S. Army Air Corps. He is with the 25th Bombardment group of Barquent Field, Puerto Rico. Lt. Banks grew up in this community and Brownfield and Gomez are equally proud of his achievements.

P. T. A. SCHOOL OF INSTRUCTION HELD

Mrs. Mary Stinett of Plainview, president of the 14th District of P. T. A. held a School of Instruction in the district court room Saturday afternoon. A very interesting and worthwhile class was held. Gomez, Wellman, Harmony, Lahey, Ropes, Brownfield High and Brownfield West Ward were represented.

SEAGRAVES GETS EDUCATIONAL BUILDING

Work is expected to begin soon on a new industrial education building in Seagraves. It will be used to train students in vocational agriculture, manual training, auto mechanics, and metal work. Final approval of the NYA project was given last week by Paul V. McNutt, federal security administrator.

MEMBER:

Nat'l. Editorial Association Panhandle Press Association

While the University of Texas statisticians predict that dollar sales will reach all high proportions in 1941, they also assert that there is not much danger in a great increase in the cost of living. Reads mighty good to us.

The general column corner of the Abernathy Review, "All About Nothing," gave way last week for an article about the welcome moisture, which "Is Something." Our relatives in Tennessee used to wonder why the Herald reported every shower and its extent. If Tennessee had an average of about 18 inches of rainfall annually instead of 60, they'd report the showers as well as the gully washers—if any.

A veto of part of the appropriation for highway patrolmen two years ago seriously effected the efficiency of that body of much needed men. It perhaps contributed a great deal to the big increase in highway deaths last year, and entirely eliminated the safety lane this year. As a comparison, Pennsylvania has one highway patrolman to every 17 miles of its highways; California has one to every sixty miles, while Texas has to do on one to every 120 miles of its highways.

And so, we have been right in our contentions all along. A Tech professor says so. We have repeatedly stated that seedling peaches were stronger and more prolific than the budded variety. Prof. W. W. Yocum, head of plant industry up at Tech is the agreeing member, and states the seedling peach should be planted in this section, as they produce more crops. Out of eight years of bearing age, we got six crops from seedlings, and a crop about every four years out of some budded peaches we use to have in the western part of the city. We have had many dispute our statement.

A patron of the local schools, and a former trustee stated to us recently that the underpass under first street and highway 51 was not being used as much as it should, especially by younger children. He gave us some reasons. One that small boys kept the lights shot out with their negro shooters. Another was that some of the more careless or indifferent stopped to deposit their offal in the underpass, making the odor down there so offensive that it was not being used. Plitty that some of the smart ones cannot be caught and punished, as this underpass was built at great expense to preserve the life of

Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION for Coughs, Chest Colds, Bronchitis

little tots. Yes, "old" Jack Stricklin still wants the hat, this in answer to a crack that Bob Haynes made in his Chief last week. However, we don't think we are so very much older than a certain guy we know up Miami way. Unlike the lazy fellow we heard of back in Tennessee, or maybe it was some other state, that was being carried out to be shot as he would not support his family. A kind neighbor offered him a bushel of corn, but when the condemned found that it was not shelled he ordered the executioners to drive on. We might be induced to take a cheaper hat than a Stetson, but a Stetson was specified and we are a sticker for specifications.

The Texas Digest is our authority for the assertion that Main Street didn't die, after all, despite all the prophecies and lamentations of the Elijahs and Jeremiahs of a decade ago, when they stated that the small town and city was doomed in favor of the metropolis. On the other hand, while the cities of Texas were making a combined gain of only 7.9 percent, the towns of 2500 and less, the "Main Street" towns were going it at a rate of 14.5 percent. Of course the small town gained mostly at the expense of the agricultural section around them, caused as stated by the Digest from loss of foreign markets for cotton, wheat and other farm products, but a lot of loss in this section can be more directly traced to wholesale farming operations with machinery.

This paper is of the opinion that the present as well as past Railroad Commissions have done a whale of a good job, not only in railroad commissioning, but in the gas and oil division as well. We may be wrong, as what we know about the oil and gas business will not hurt anyone, but we think that the creation of another commission would be just another salaried group with a herd of appointees to draw pay. The bunch now in charge, it seems to us have done a mighty good job at prorating and conservation of the vast oil and gas resources of Texas. In fact, it is stated that with a quarter turn of the gauges on the wells of Texas alone, we would be able to meet most any eventually our nation might have in its defense program. Why not let things remain good while they are that way?

The Dallas Morning News seems to have raised that age old question again about capital punishment, perhaps from recent utterances of Gov. O'Daniel and others favorable to its abolishment, who maintain that the death penalty is no deterrent to crime. Aside from any argument pro or con, let us give you just a few figures about murders, of which that is one thing in which Texas leads that we are not a bit proud of. From the years 1933 to 1938, inclusive, Texas had a total of 5,309 homicides. New York, which we love to connect with gangster killings and stranglings, and with a population twice that of Texas, had only 3,427 murders; Illinois, many less. In six states in which there is no death penalty, Main Michigan, Minnesota, North Dakota, Rhode Island and Wisconsin, with twice our population, had only 2,075 murders during the same period. Is that the fault of capital punishment or the fault of the judiciary and procedure of Texas? Do your own figuring, but don't you think it about time we were cleaning up our own back yard?

1936 CHEVROLET 2-door standard town sedan. It's one of the cleanest in town. Priced right, easiest of terms.

JORDAN MOTOR CO. So. E. Corner Square Phone 345

We thank Mrs. Sam Tankersley for renewal of the Herald, going to her parents at Baumont.

Terry County Herald (Brownfield): It seems that Abilene union plumbers are charging new members \$100 for initiation fee, and the secretary in a statement to one of the Abilene papers stated that he had no apology to make, intimating that the prospects got their money's worth. In other words, if a man wished a job on the new Army cantonment, or other buildings around that city, it is no union—no job. While the Abilene Times stated that it employs union labor, it thought the charge exorbitant, and that and other things unions have practiced the past few months were not making friends for them—fast.

State Press: If the fact was as stated, the idea behind it was that the plumber who paid \$100 to get in on the government work was getting a bargain, like getting in on the ground floor of a sure investment. If the union had obligated itself to return the entrance fee in the event of the initiate's failure to get work it would have appeared like a sincere offer to be helpful. The government jobs appear to be in the hands of union workmen, which means that the union has secured a monopoly on war work. Monopolies usually are right good things for the monopolists but not always so good for outsiders. The federal authority in fact has been making war, cruel war, on monopolies and asking for general applause. The President has called certain important industrialists economic royalists, on the theory that they had a monopoly on economics like the Kings have on royalty. But monopolistic unions are not economic royalists, we must believe, because the government favors them. The situation is somewhat puzzling, but the answer may be that there is a difference in monopolies, some of them being good. This might be disputed by some 'sputers' were it not that the government itself makes the differentiation.

How to Earn Cotton Order Stamps

II. AND H. CLUB MEETS

On Wednesday afternoon Mrs. Roy Parnell was hostess to the H. and H. club. Table cuts went to Misses Ethelda May, Wanda Graham and Twilla Graham. Mrs. J. J. Kendrick scored high. A refreshment plate and coca colas were served to Mmes. Bill Anderson, Paul Jones, J. J. Kendrick, Tom Neely, E. A. Graham, Misses Wanda Graham, Twilla Graham, Ethelda May, Virginia Dysart, Earline Jones, and Queenelle Sawyer.

Mr. and Mrs. Lee O. Allen will spend this week end in Ft. Worth attending the Fat Stock Show.

Farm Program News

By Looe Miller

Pointing out the benefits to be derived by individual farmers from the new supplementary cotton program and the special home food conservation program to be administered by the Agricultural Adjustment Administration, Looe Miller, Administrative Officer of the AAA in Terry County this week begins a series of question and answer articles on the program.

"Now that the war has closed many foreign markets, the need for holding down the already huge surplus of cotton continues to be acute," the AAA official said. "With this reduced outlet for cash crops, it is more necessary than ever that farm people produce more food and feed for home consumption."

The supplementary cotton program puts added emphasis on the efforts to reach the objectives of the national farm program through special payments. A total of \$25,000,000 worth of cotton stamps will be made available by the Surplus Marketing Administration for distribution by the AAA to cooperating farmers. In addition, \$3,000,000 in cash payments will be added to encourage additional food production and storage for home use.

This week's question and answer article seeks to show how to earn the cotton order stamps which will be issued farmers for voluntarily reducing their cotton acreage. These stamps can be exchanged at local stores for cotton goods and clothing.

How to Earn Cotton Order Stamps

1. Q. How will cotton farmers be compensated for making an additional voluntary acreage reduction in 1941? A. They will receive cotton order stamps, which can be used to purchase cotton goods. These stamp payments are in addition to the regular payments provided for under the 1941 Agricultural Conservation Program.

2. Q. Will underplanting of the 1941 cotton allotment affect the farm cotton allotment in future years? A. No. Underplanting of the cotton acreage allotment on any farm in 1941 will not affect the cotton acreage allotment for that farm in 1942 or subsequent years except in case no cotton is planted in 1941 on a farm on which no cotton was planted in 1939 and 1940.

3. Q. Does participating in the Supplementary Cotton Program affect payments under other phases of the Triple-A Program? A. No. The Supplementary Cotton Program provides for additional payments and does not affect payments under other phases of the AAA Program.

4. Who is eligible to participate in the Supplementary Cotton Program? A. Any farm owner, operator, tenant, or sharecropper entitled to share in the 1941 cotton crop on any farm for which a cotton allotment was established for 1941, provided cotton was grown on that farm in 1940.

5. How may a farmer earn cotton stamps? A. By planting in 1941 an acreage of cotton less than the 1941 farm cotton acreage allotment or 1940 measured acreage for the farm whichever is smaller.

6. Q. Is there any exception to this provision? A. Yes. If the County Agricultural Conservation Committee finds that the acreage of cotton as measured in 1940 was reduced because of drought, flood, hail, insect pests, or any other natural cause beyond the control of the operator, the 1941 cotton acreage allotment shall be used to determine the acreage voluntarily reduced under this program.

7. Q. Is it necessary for every farmer to give advance notice of his intention to participate in this program? A. Only the operator of a farm, on behalf of himself and all others interested in the cotton crop, must sign a prescribed form before June 15, 1941, showing the number of acres he intends to take out of cotton production as well as other pertinent information. (To Be Continued)

CHURCH OF CHRIST LADIES MEET

There were 26 present when the ladies of the Church of Christ met at the church to study the sixth chapter of Romans, Tuesday afternoon. On Friday, March 7, (today) we will meet with Mrs. Charley Moore for our monthly work day. All members are urged to attend.

SINCE 1883 Ballard's Snow Liniment has been an inexpensive aid in relieving the discomforts of Muscular Congestion that accompanies Sprains, Strains, Bruises, and Muscular Soreness from over-exertion or undue exposure. In 30c and 60c bottles.

JOIN THE ADMIRATION HAPPINESS CLUB

13 Big Weekly Contests and a Grand Prize Contest 503 PRIZES EACH WEEK

1st Prize... \$100.00 Happiness Certif. 2nd Prize... 50.00 Happiness Certif. 3rd Prize... 25.00 Happiness Certif. 500 Prizes... 1-Pound Admission Coffee

THREE GRAND PRIZES 1st Grand Prize... \$1000.00 Happiness Certif. 2nd Grand Prize... 500.00 Happiness Certif. 3rd Grand Prize... 250.00 Happiness Certif.

Everybody has a happiness story... you have a happiness story, so join the Admiration Happiness Club now and share in the happiness prize awards. HERE'S ALL YOU DO: Just write your happiest moment (in fifty words or less) to the Admiration Happiness Club. Your happiness story doesn't have to be fancy or dramatic... just a few lines in your own words will do. For example, your happiest moment may have been in: your romance, your wedding, the baby's first word, an achievement... just any of a thousand happy memories. It's easy... just think of your happy moments—just one down—and join the Admiration Happiness Club today. It may win as much as \$1000.00 in Happiness Certificates for you!

★ RULES:

- 1. Simply complete this sentence. "My happiest moment was..." in fifty additional words or less. Write on one side of a sheet of paper. Print plainly your name and address... you may use a "Happiness Club Membership Blank" if you wish. 2. Mail to Admiration Happiness Club, Box 2079, Houston, Texas. You can enter these contests as often as you like, but each entry must be accompanied by a coupon from Admiration Coffee (or facsimile). 3. Prizes in all contests will be awarded in "Happiness Certificates" which will be redeemed at full face value for any purchases at any food store. Grand Prize winners will be selected from the first prize winners in the thirteen weekly contests. 4. There will be thirteen weekly contests, each with a separate list of prizes. Entries received before Saturday, February 22, will be entered in the first week's contest. Thereafter, entries will be entered in each week's contest as received. Entries for final week's contest must be post-marked before midnight, May 15. 5. Decision of the judges will be final. No entries returned. Entries become the property of the Duncan Coffee Company. All winners will be notified by mail. 6. Entries are eligible from any place where Admiration Coffee is sold and contest is subject to Federal, State, and local regulations. Anyone may enter except employees of the Duncan Coffee Company, their advertising agency, and their families. 7. Mail your contest entry blank today. Learn how you may get a copy of the popular song—"Happiness Melody," plus a beautiful Rose Gold Happiness Club pin. In addition you may win as much as \$1000.00 in Happiness Certificates. Enter today!

Our Parking Problems Are Critical

Numerous complaints are heard every day and especially on Saturdays from the shoppers that they can not find a place to park when they come down town.

Just as a suggestion, wouldn't it be a good idea if all the clerks in the business houses down town park their cars on the side streets, or even facing the court house.

This would leave the parking space in front of the stores open for those that would like to park near their favorite shopping places.

Of course there will be some that will leave their cars in these select places a half day or maybe the entire day and it may be necessary to set up parking zones or time limits.

Another thing that hinders traffic is the long trucks and trailers that are parked on the main thoroughfares. They are extended out so far that traffic has to swing out to the center or farther in order to get around them.

If any one has any suggestions to offer as a solution to this problem, the Terry County Board of

M. L. PENN RESIGNS POST — M. L. Penn, one of the well known South Plains school men, has resigned as high school principal to join the field staff of National Youth administration.

BIBLE IS STILL GAINING IN POPULARITY IN U. S.

WASHINGTON, Mar. 4 — The Bible, perennial best seller, is still gaining in popularity. The Census bureau said today that the output of fiction declined sharply during 1939, but the publication of Bibles and Testaments rose from 5,579,317 in 1937 to 7,927,848 in 1939.

We regret to report that Mrs. Fred Smith had another stroke Tuesday. Mrs. Smith has been in poor health for more than a year.

Mrs. Gertrude Lees of Littlefield spent last week end here with her parents, Mr. and Mrs. W. H. Dallas, and her children, Mary Jean and Dickie Lees.

Development would be glad to hear from them.

Stardom For Eddie Albert In New Film

At last Warner Bros. have starred Eddie Albert—he plays the title role in "The Great Mr. Nobody," which opens at the Rialto Friday.

Eddie Albert through reams of story material for a suitable role. The studio and Albert agree that the choice is perfect for the player. The character is so much like Albert himself that it is hardly necessary for him to act to put over the part.

A day-dreaming, idealistic person himself, Eddie plays "Dreamy" Smith in the film—an out-of-the-world idea man who hates his job of selling newspaper advertising.

DR. WAITS TO RETIRE AS T. C. U. PREXY

FOR TWORTH, Mar. 4 — Dr. Edward McShane Waits, who has guided the destinies of Texas Christian University through its period of greatest growth, will retire from the presidency as soon as his successor can be chosen, he announced Feb. 20 at the annual meeting of the school's Board of Trustees.

The white-haired president, who this year is rounding out a quarter-century as head of the university, says he will serve as long as necessary, presumably until the close of the present school year.

Trustees, in accepting his retirement voted to make him "president emeritus," in a capacity described as "ambassador of good will," thus maintaining his connection with the school.

"In a short time I shall have reached my seventieth birthday," Dr. Waits told the board. "I have given 25 years of service to T. C. U. After the stress and storm of 45 years of public service—including my 20 years in the ministry—when a man has done his stint, he deserves a few years of tranquility and of lessened responsibility."

TUBERCULOSIS STILL CAUSING MANY DEATHS

AUSTIN, Mar. 4—"Tuberculosis, like cancer, may be called an undercurrent disease. Its ability to harm and kill is based on the amount of time it has at its disposal to undermine the system before it is discovered. This factor, which only in part can be influenced by public health measures, is one of the biggest stumbling blocks in a further drastic reduction of tuberculosis deaths," states Dr. Geo. W. Cox, State Health Officer.

Formerly, tuberculosis occupied the unenviable position of number one in the causes of death. Through the years it has gradually relinquished its preeminence, and in Texas now is in sixth place. However, between the ages of 14 to 45 it still holds first place. Even at that, this means that during 1939, latest year on which complete Texas mortality figures are available, 3,911 persons in the State were its victims; and this, despite the fact that never before has science been so well equipped to fight tuberculosis successfully as it is today.

The majority of persons suffering with undetected tuberculosis usually have themselves to blame for their ignorance of their illness because, despite consistent loss of weight, faulty digestion, poor appetite, and loss of strength or the existence of a tired feeling in the afternoon, they fail to bring their condition to the attention of a physician. Not only is early detection the best guarantee of arresting the disease, but it also serves to protect others in the family by removing the dangers surrounding the unrecognized contact case.

AMHERST COMPRESS

AMHERST — Construction has been started on an 18x42 sheetiron building which is to house a compress plant being installed by the Amherst Farmers Co-op gin.

INFORMATION ON DRAFT AGE RULINGS

All men who have passed the age of 36 since last October 16, are still eligible for military service, but those who have reached the age of 21 years since that date cannot be drafted under the present selective serviv act.

Mr. and Mrs. Harold Shively of Wheeler and his sister, Mrs. Mable Barrett and son of Denver, Colorado, were recent guests of Mrs. Shively's parents, Mr. and Mrs. Bruce Hancock.

John Litel and Billy Dawson as they appear in "Father's Son," which shows at Rialto Tuesday and Wednesday.

PLAINS

Supt. and Mrs. Roy Elliott, Virgie Strawn and Frank Ferrell visited in Trent over the week end.

Mr. and Mrs. Warner Hayhurst and Jack Albright were called to Oklahoma last week on the illness of Mrs. Hayhurst's grandfather.

We are glad to report D. B. McGinty, who is in a hospital at Denver City, recovering from injuries.

Mrs. E. J. Cobb and children of Andrews is here visiting her parents, Mr. and Mrs. L. D. Camp.

Mr. and Mrs. Arthur Davis left Monday for a three weeks visit in California.

COUNTY OFFICIALS STRESS FARM-TO-MARKET ROADS FOR DEFENSE

—Photo by Highway Information Service.

Importance of farm-to-market roads to national defense was highlighted by deliberations of County Highway Officials at 38th annual "Roads for Defense" Convention of American Road Builders' Association in New York City, January 27-31. Left to right, above, are L. V. Belknap, president, ARBA County Highway Officials' Division and engineer-manager, Oakland County Road Commission, Pontiac, Mich.; Paul B. Rynning, Jackson County, Medford Ore., engineer; N. P. Lowrey, vice-chairman, Board of County Commissioners, Miami, Fla., and Manton Hannah, McLennan County, Waco, Tex., engineer, division vice-president. Belknap said, "No army, no navy can move without food and supplies. Roads are as necessary to national defense as guns and ammunition. We need roads to the farms where the food is produced. We need roads so our defense forces can be transported wherever and whenever needed."

Mr. and Mrs. I. T. Graves and daughters of Crowell were guests of Mr. and Mrs. Kyle Graves Sunday. He is a brother of Kyle.

J. E. Smith, Texas Tech student, spent last week end here with his parents, Mr. and Mrs. Jess Smith.

Mrs. Jake Hall of Littlefield visited her sister, Mrs. Troy Noel, this week.

Mr. and Mrs. Homer Winston were recent Dallas visitors.

N. D. Rentfro of Arch, N. M., sent in his renewal recently.

HANDS AND NAILS MUST BE CLEAN

San Antonio News: "If troops of the Thirty-Sixth Division, Texas National Guard, want to get a fair shot at 'chow' with the rest of the men, they had better have clean hands and fingernails. Maj. Gen. Claude V. Birkhead, commander of the division, has ordered all officers to inspect the hands of their men before each meal. Gen. Birkhead added: 'Death and disease follow imperfect sanitation. Anything less than perfect hygiene and sanitation if a failure.'"
 Forgot to mention last week that our old friend, C. L. Polk of Clarendon, was a caller, while up here visiting his daughter, Mrs. Clay Newberry of the Union community. He is just as noisy as usual, and still don't seem to have much in common with the new deal. We hope to convert that old guy, yet, some day.

The farmers of Post are this week opening a locker plant. Locker plants along with rural electrification are the biggest steps forward for the farm population in a century.

• Supreme in Circulation

Mrs. Sam Kirschner has returned from the spring markets in St. Louis and Kansas City.

John Ross Holmes is visiting his grandparents, Mr. and Mrs. R. B. Holmes in Seminole this week.

Miss Virginia Dysart of Columbia, Mo., is the house guest of Mrs. Money Price and Mr. and Mrs. C. O. V. Wood.

Mr. and Mrs. Walter Bond of El Paso were guests of his mother, Mrs. J. C. Bond, last week end.

Mr. and Mrs. Ray Brownfield were in Amarillo Tuesday to attend the Amarillo stock show.

Miss Jewel Edwards visited her mother in Lubbock Sunday afternoon.

Mr. and Mrs. James King and Mrs. Harold Carpenter were Lubbock visitors Monday.

Mr. and Mrs. Orb Stice and children spent last week end with friends in Lovington.

Mr. and Mrs. J. J. McGowan spent last week end with their son, Bill, at Austin.

Dr. and Mrs. W. S. Brumage spent the past week end with friends in Lubbock.

Mr. and Mrs. E. G. Akers and Tony will leave Friday for Ft. Worth to attend the Fat Stock Show.

Mr. and Mrs. Spencer Kendrick had as their dinner guests Wednesday evening Mr. and Mrs. F. E. Calvery of Tahoka and J. K. Woosley of Lubbock.

Mr. and Mrs. W. R. McDuffie and children will spend this week end with his sister, Mrs. Fred Youree and Mr. Youree. Mr. McDuffie will go from there to Dallas on business, Monday.

Mr. and Mrs. H. F. Heath and Mayor and Mrs. Clyde C. Coleman attended the Chamber of Commerce banquet in Seminole Thursday night of last week.

The telephone company has received an excessive amount of material, including a huge roll of cable. Let us hope it is to be used to rebuild the Brownfield outside plant.

Two main greeters of Lloyd Croslin here Tuesday night, were Mr. and Mrs. J. L. Simms of the Loop section. Mrs. Simms had the honor of instructing Lloyd while in grade school. Lloyd also seemed equally tickled to once again greet his teacher.

KILLS STRANGE DUCK

A rarity among wild ducks, a hybrid, was killed during the recent hunting season by Porter Loring of San Antonio. Shooting at the St. Charles Club near Rockport, Loring dropped a bird which appears to be a cross between a mallard and a sprig. Wild ducks and geese often mate with tame varieties, but for two species of wild ducks to mate is extremely unusual, according to Texas Game Department biologists.

The duck killed by Loring has a mallard breast and a tail half pintail. It's head is brown with a reddish cast.

HOME OWNERS FORUM

By ABNER GORDON

WINDOW shades when styled with paint add to interior decorative treatments. Colored or stenciled to blend with mural designs, shades become decorative features rather than drab, blank areas devoid of interest. Paint for shades must be very thin and form a highly adhesive film, sufficiently elastic as well to prevent cracking when rolled.

Experience has proven that best results are obtained by adding a small amount of good, hard-drying varnish to soft paste white lead which has been reduced with turpentine to an easy flowing mixture. Add colors-in-oil to obtain the tint desired.

Stretch the shade out taut on a level surface before flowing the paint on evenly with a wide, soft brush. The paint must be absolutely dry before the shade is rerolled.

Q.—Last winter we had trouble thawing frozen pipes. What method do you suggest?

A.—Before applying heat to frozen plumbing, shut off the main water supply to prevent flooding should cracks or spread joints be found due to water expansion upon freezing. Follow by opening adjacent faucets, so the water will flow off freely as the ice melts.

Although the blow torch is the most efficient medium for thawing pipes, some form of electric heat is preferable, as an open flame is a fire hazard even in expert hands. An electric heating appliance held close to the frozen section generally proves effective. Considerable care should be taken that the appliance does not contact the piping.

Apply heat starting at the faucet end and work toward the source of water supply to assure drainage as thawing progresses.

When exposed pipes are adequately insulated, freezing will not occur.

LITTLE RED SCHOOL HOUSE DISAPPEARING

Austin, Tex., Feb. 11 — The "Little Old Red School House" with its single room, ily-heated and lighted, and its poorly-trained teacher — is disappearing from Texas, a University of Texas public school expert claims.

"We are building tomorrow's schools today in Texas," declared T. H. Shelby, dean of the University's extension division.

"Building construction in Texas has become an exact science that other states might follow," he said. "Architects are now considering factors which were unheard of in the days of 'the little Red School House'—size and shape of rooms, seating arrangements, color of room finishing to avoid glare, lighting, fire - proofing, playgrounds, sanitation and so on."

Though Texas is still behind many other states in her educational program, this progress in building construction — coupled with improved standards for teachers—marks a vast improvement over a few years ago, Dean Shelby pointed out.

Despite lower salaries, Texas is able to have a better-trained teachers than formerly because living costs are not as high here as in other states, he added.

"The majority of Texas' public school teachers are now college trained," he said.

BUG CARRIES EQUINE SLEEPING SICKNESS

College Station, Feb. 10—Dr. C. H. Kitzelman of Kansas State College reported recently to the American Association of Economic Entomologists that a bloodsucking insect that feeds on horses, mules and other animals in the west carries equine encephalomyelitis, or horse sleeping sickness. The office of information to the United States Department of Agriculture quotes Dr. Kitzelman that this constitutes the first case in which neurotoxic virus had been isolated from an insect in nature.

In experiments, Dr. Kitzelman said, numbers of the insect which had been captured in pastures where horses had died of the sleeping sickness were ground up and a filtered, germ-free extract from their bodies was injected into guinea pigs. The guinea pigs developed symptoms of encephalomyelitis and died. The virus able to cause the disease in other guinea pigs was isolated from their bodies. The insect is known in Kansas as the "Mexican bed-bug."

MUSTA BEEN AMARILLO

A tourist asked a Texas hotel manager what attractions the city offered.

"A helium plant," replied the hotel man; "the only one of its kind in the world." The tourist thanked him and said, "I hope it is in full bloom." — Santa Fe Magazine.

Misses Cleo Chambers and Mamie Drennen were Lubbock visitors Tuesday afternoon.

Mr. and Mrs. James King moved to their new country home on the Seagraves highway Saturday.

Mrs. J. A. Tate and Mrs. T. J. Lamar and baby visited friends in Duncan, Oklahoma this week.

Miss Gertrude Jones of Seagraves spent Sunday here with her sister, Miss Sue Jones.

Miss Billie Dockray of Tahoka visited friends here Friday.

WORK STARTS ON O'DONNELL CITY PARK

First work on O'Donnell's new city park was started during the past week when workmen began tearing down old fences on the property at the junction of the "Y" north of town.

The plans for the park, which is sponsored by the Rotary club, city and other organizations, call for the removal of the old auction barn, for which bids are now being received by Mayor B. M. Haymes.

Chris Hafer and Namon Everett, Rotarians, were in Brownfield Tuesday inspecting tree stock. No purchases have, as yet, been made, but the park will be landscaped for trees and shrubbery by a Lubbock firm.—O'Donnell Press.

There are approximately 33,200 freight and passenger trains in operation daily on railroads of the United States.

The vitamin A content of butter varies with the diet of the cow which produced the cream.

Corned beef is a beef pickled with salt, saltpeter, and sugar. The salt and saltpeter cure the meat, and the saltpeter gives the reddish or pink color to the meat. The sugar is for flavor. It cuts the harshness of the salt.

Cream containing 30 to 35 percent milk fat is ideal for whipping. "Coffee" cream, with 18 to 20 percent milk fat content is not suitable for whipping, but may be found satisfactory if whipped when cold and at least one day old.

Meat scientists report that frozen lamb will keep successfully at a temperature of 19 degrees Fahrenheit or lower, but that the ideal temperature is from zero to 10 degrees below.

Quoting the magazine Pathfinder, the Department of Agriculture says farmers in Northern Maryland raise wormwood seed for profit—\$4 a pound for the distilled oil. The yellowish green weed when processed gives out ascaridole, a drug capable of ridding livestock of hookworm.

REUNITED AFTER 42 YEARS

IT'S EASY TO SEE WHY

Phillips 66

STARTS

cold motors faster

You Don't Have To Be a College Graduate to understand why Phillips 66 Poly Gas starts cold motors faster. It's as simple as ABC.

A. It is a scientific fact that quick starting in cold weather depends directly on the high test (volatility) of the gasoline.

B. It is a scientific fact (revealed by our latest available full-year study of gasolines; June 1, 1939 to May 31, 1940) that:

The **HIGH TEST RATING (Volatility Number)** of Phillips 66 Poly Gas is nearly 50% higher than the average high test rating of 19 premium price motor fuels.

C. See for yourself, if Phillips 66 isn't the greatest self-demonstrating cold-weather gasoline you have ever used. You ought to get at least one trial tankful at regular-price because you simply cannot get such high test in any other gasoline at any price.

This extra high test costs you not a single penny extra, since Phillips is the **WORLD'S LARGEST PRODUCER** of natural high test gasoline.

Drive in and get that trial tankful at the first Orange and Black 66 Shield.

Phill-up with Phillips for Instant Starting

Mrs. Jack Hamilton and son and Mrs. Barney Holgate and baby spent last week end in San Angelo with Mr. and Mrs. S. H. Holgate.

James Neal Cain, two year old son of Mr. and Mrs. E. N. Cain, is rapidly recovering from a mastoid operation which he underwent at the West Texas Hospital in Lubbock recently.

Mr. and Mrs. J. O. Gillham and daughter, De Lores, were in Amarillo on business last week end. They were accompanied as far as Happy by Mrs. Etta Gillham who visited her daughter, Mrs. McCeehee.

Mr. and Mrs. Marlin Hayhurst of Seminole were week end guests of his sister, Mrs. Jim Graves and Mr. Graves.

Berlon Lincoln left Wednesday for Dallas where he will enter Baylor Hospital to have some bone grafting done on his left arm which was seriously injured months ago, in an accident.

Miss Vivian Moser was able to return to her duties at the Cinderella Beauty Shop Monday after several days absence with a throat infection.

LAHEY

Miss Gladys Webb and Winona Thomason spent Saturday night with Miss Prebble Thomason of Brownfield.

Reverend Jackson preached here Sunday. There were several out and it was an interesting sermon.

Mr. Lee Hulse and family are moving back into the old home this week. We welcome them back.

Wharton Smith and family are moving to Brownfield this week and are taking over Hanks Hot Dog stand. We hate to lose them.

SELLING RING

A ring of deer meat sellers which has been operating in South Texas was broken up recently by wardens and a game warden captain of the State Game Department. Five men were convicted of selling deer meat and were fined from \$25 to \$100 each. Several were convicted on more than one count and paid heavy fines.

Market hunters, who kill most of their game at night which is illegal, do more damage to the deer crop in Texas than hunters, the executive secretary of the Game Commission said recently. The Department is constantly on the alert to break up rings of deer sellers.

CROSBY COUNTY VOTES DOWN SALE OF LIQUORS

CROSBYTON Mar. 4 —Crosby county is virtually certain to remain dry as the result of a liquor election today, it was announced at 9 o'clock tonight by Emzy Pieratt, county clerk.

Votes were running approximately 3 to 1 against sale of intoxicants, with a total of 440 against and 175 for sale. Seven boxes had been brought in.

The election grew out of discovery that election results were not properly published after the county's last liquor election in 1893. The county has always been considered dry, however.

Guthrie Allen who has recently accepted a traveling job with Behren Wholesale Drug Co., with headquarters in Childress, spent last week end here with Mrs. Allen.

WASHINGTON'S BUSINESS WAS FARMING

George Washington not only was first in war, first in peace, and first in the hearts of his fellow-countrymen, but also he was one of the first Americans to practice and preach soil conservation, according to E. R. Steen, Conservationist of the Soil Conservation Service.

"We hear George Washington eulogized as a great general and a great statesman, but seldom do we hear it mentioned that his real profession was farming," Steen said. "He was a farmer before he became a general and he was a farmer after he had retired as President of the United States. During his two terms as President, and the years that followed, he was very much concerned about soil erosion on his estate at Mt. Vernon, and about the depletion of the soil in the coastal states in general."

Many of Washington's letters now on display in the library of Congress indicate his interest in farming and soil conservation. Just a few days before he went to Washington, D. C., to become the first President he wrote a letter to Mr. Arthur Young, an English agriculturist, in which he told Mr. Young about how he was trying to follow Young's recommendations in improving his methods of farming, and he closed the letter with the following statement: "I hope in the course of a few years we Americans shall make a more respectable figure as farmers than we have hitherto done."

All the time that George Washington was President he retained active management of his estate at Mt. Vernon. He wrote many letters to his nephew during that time, telling him how to run the farm. In one of these letters he writes as follows: "The gullies in these fields previous to their being sown with grain and grass seeds, ought invariably to be filled up." He advocated the growing of cover crops to protect the land. Just four days before he died he wrote final instructions to his overseer at Mt. Vernon, in which he told him how to fill up the gullies and stop soil erosion and keep the farm productive.

At one time George Washington had the negro slaves on his farm carry erosion debris that had washed down onto a good bottom-land farm, back to the hillside from whence it had come in baskets.

Washington's erosion control measures, while not exactly in line with the modern methods, were fundamentally correct. The importance of maintaining a plant cover on eroding lands, the conservationist points out, is the important point in the present control programs, just as it was in Washington's time.

SUNDOWN SCHOOL WORK

SUNDOWN — The Sundown High School now has 15 units of credit with the state department of education, as the result of a visit to the school of E. Esten Day, deputy state superintendent. Six and a half additional credits were given: Commercial geography, half credit; economics, half; biology, one; American history, one; world history, one; English, III, one; English IV, one; community civics, one half.

PRIMITIVE MAN LEAVES HISTORICAL DATA

100,000 years ago there lived in Henderson County near the Trinity River slant-eyed primitive men who carved their own images in stone. These figures were discovered by Dr. E. H. Sellards who offered proof of their validity to substantiate his thesis, proffered to the Geological Society of America meeting at the University of Texas, that our ancestors inhabited the Western Hemisphere then.

TRY TO MAKE PRISON SYSTEM SELF-SUSTAINING

Adoption of plans whereby the Texas Prison System would be made self-supporting—saving the State a million and a half dollars a year—was proposed to the Legislature by Governor W. Lee O'Daniel on Thursday, February 27.

The Governor's program calls also for the enactment of laws to strengthen the management of the Prison System along lines suggested by the Prison Board.

Further industrial development at the Prison was proposed as a result of a survey recently made by Texas A. & M. College, at the Governor's request.

Mrs. Roy Boyd of Slaton visited her brother, Madison Weaver and Mrs. Weaver, Saturday.

Get in on the

BIG DEAL

you can make on the Big New Ford right now!

YOU HAVE TO GET two things to complete a really good "deal" when you get a new car — and your Ford dealer would like to have you try him out on both! First, you want a good allowance for your present car — and all he asks is a chance to make an offer! And next, you want a lot of value in your new car — and that means a Ford this year more clearly than ever before!

This is the biggest Ford and biggest value in all Ford history. Its passenger room exceeds anything else in its field. Its soft and quiet new ride is one of the motor year's most talked-about improvements. Its engine is a smooth V-8, which you enjoy at no extra cost for either gas or oil. And its bodies and style are really new this year, all the way through.

If you're trading cars this year and want to be sure you make the most of your trade... the man to see is your Ford dealer. Now is the ideal time.

STEPHENS' new Drapery and Interior Decorating Department ...

The first and so far as we know the only Department Store on the South Plains, to offer you Interior Decorating Service, with an unlimited choice of every need, at low prices that are at Department Store levels. We have at the services of the people of Lubbock and the South Plains, two Women, experienced in their art. Mrs. Martha Morgan, and Mrs. Marjorie Woodward are in our employ to help you with their experience in your every decorative problem.

Our Stocks are complete, but should there be needs other than those in our stock, we have connections whereby we can supply you at the same low prices. Bring your problems to us... we'll gladly strive to please you.

- "Victoria" Double Life Curtains
- Scranton Lace Panels • Slip Covers Yard Goods

DRAPERY Piece Goods
We have perhaps the largest stock of Drapery Piece Goods to be found anywhere on the South Plains. Colored Marquisettes and Sheers, Daxites and Rough Textures, Glo-shen, Plain and Printed Satins, Damask, Silk Failles and Upholstering materials.

We offer you a complete Custom-made Drapery and Slip Cover Service... no job is too large for us, and no job is too small. Let us be of service to you.

HIAWATHA NEEDLE POINT AND YARN

Included in our service is a Cut Order Sample service, to supplement a large stock.

MRS. MARTHA MORGAN
Mrs. Martha Morgan, pictured above has many years experience in Lubbock, and on the South Plains, and is in charge of our drapery and interior decorating department for us.

COMPLETE LINE OF KIRSCH Drapery Hardware
First in every drapery job is the way they are put up... for this job we are thoroughly prepared, with Kirsch Drapery Hardware.

STEPHENS' On Balcony, 903 Broadway LUBBOCK, TEXAS

HONKY-TONK TAX BILL OFFERED

A bill to license and regulate road-side "honkytonk" dance halls in Texas was introduced in the Texas Senate by Senators T. C. Chadick of Mineola and Marshall Formby of McAdoo last week.

The bill provides that "honkytonks" inside the city limits of a corporate city shall be regulated by city officers, and those outside of the city limits be regulated by sheriff's officers.

A fine of \$500 per day for each day of operation without a license would be imposed, Chadick said.

Chadick added that the bill was directed to clear up "many places that have become public nuisances."

Under the bill, "honkytonks" could be closed down upon the affidavit of an officer that the places were nuisances.

Carelessness is the mother of catastrophe.

SWEETWATER CURBS THE HOUSE-TO-HOUSES

Cities and towns of Texas that have been having trouble with itinerant peddlers, and which of them has not, might get those troubles mitigated, lessened or completely done away with if they would take a tip from the City of Sweetwater, and pass an ordinance like that city has written upon their law books dealing with the problem of peddlers of all classes and kinds.

In a nutshell, when a peddler or house-to-house canvasser arrives in that city, before starting out on his rounds he is required to do several things.

The first is to go to the City Hall where he is finger-printed and photographed. The photo and fingerprints are sent to the Federal Bureau of Investigation for a report, and if there is no record against the solicitor on file with that department, he is permitted to start on his house-to-house, or

MORE DUCKS IN TEXAS

Many hunters who returned home with empty or near-empty bags during the last duck season won't believe it, but careful checks by Game Department biologists reveal that more ducks and geese wintered on the southeast Texas coast than have for ten years. These same biologists list as some of the reasons for poor kills: limited permission to hunt of large land holdings; roads impassable to autos when wet; an unusually large supply of rice left in the fields to the mallards, pintail and teal, where 98 percent of the feeding was done at night, and finally, an unusually heavy rainfall, which created an open lake on the coastal marsh. From daylight until sunrise wave after wave of pintails and mallards could be seen coming from the rice fields and stopping on the marsh for a long day's rest.

store-to-store selling campaign.

However, the process of taking the identifications, prints and photos, the sending of them to F. B. I., and their return from that Government agency takes some time. Several days would have to elapse, and rather than stay idle for several days, most of the itinerants move on to some other town where the pickings might be no less easy, but where the restrictions are not quite so tough.

Beyond the shadow of doubt, Sweetwater folks are deprived of the opportunity of buying a lot of peddled merchandise and racks, but they are also deprived of a lot of after-headaches.

We wouldn't go so far as to suggest that the Littlefield City Commission should do the same thing—we would go so far as to suggest, however, that they inquire into how it works—and get a copy of that ordinance.—Littlefield, County Wide News.

FAR EAST COLLABORATION

Harry Hopkins, President Roosevelt's special envoy to England, brought home startling information from Prime Minister Winston Churchill. London revealed that the special envoy brought home a proposal to stifle the shipment of war supplies to Japan.

Observers were unaware of this information until an English spokesman announced the developments yesterday. The exact plans were not announced, but it was indicated that the English and the Americans are to collaborate in bringing pressure on Japan, which has started a move to the south in what is called its "new order for the Far East."

When the announcement of the cooperative plan was made, only a handful of men knew the seriousness of the situation in the Far East. Most of the American people were looking for some startling statements in regard to cooperation in Europe. But the message brought home the fact that America will look to the Far East as the most likely spot in which the U. S. will become embroiled in the conflagration.

Should the United States and Britain collaborate in stifling the accumulation of war supplies by Nippon, Japan would be forced to obtain all supplies from the axis partners or Russia. Germany and Italy are not in a position to flood the arsenals of Japan with supplies. At present the Japanese are having difficulty in carrying on the war with China, and the stopping of war materials shipments to Japan would strain the war reserve of that nation.

Such collaboration on the part of England and the U. S. would certainly bring about a break between the Far East and the democracies, but it would cut short

Publicity and more publicity for affairs that are public is needed in Texas. Not that anybody is dishonest, but that anybody who handles public funds should give a public accounting, in the public prints, of how much they spent of it and what for, and how much they have left. This is one of the biggest weaknesses in the setup of Texas' public affairs, meaning the State of Texas and all the taxing subdivisions thereof. Believe it or not, men who handle public money cannot do themselves a greater injustice than not to insist on an ample, complete and thorough airing of all their acts that have to do with other peoples' money. And in simple fairness to the man who is taxed the same should be done. Newspapersmen who see this so plainly and every once in awhile insist on due publicity in public matters get credit for wanting to feather their own nests at the expense of the public. The complete answer to this insinuation is that practically very person who reads this suggestion can call to mind taxing subdivisions—possibly his own city, county or school district—that would be immensely better off financially if there had been complete publicity at the right time. If one feels the newspaperman would make too much money out of it there is nothing to keep as many more as feel like printing a newspaper getting some type of aid ink and a press and setting up in business. — Floydada Hesperian.

Seaman Jones: "My Scotch girl friend sent me her picture today." Seaman Smith: "How does it look?" Seaman Jones: "I don't know yet. I haven't had it developed."

any violent gestures against the democracies unless the axis could supply Japan. This would be difficult as U. S. naval power is concentrated in the Far East. — Cleburne Times-Review

TOO MUCH WHEAT CANADA'S PROBLEM

"While Europe queues up for bread, the best hard wheat in the world dams up in Canada," writes John MacCormack, author of "Canada: America's Problem," in the current Rotarian magazine.

"The World War was the great day of the Canadian wheat farmer," he recalls, but hastens to add: "The new world war is not the old one."

The 1940 crop of 561 million bushels is just a trifle under the 1928 record, writes this Canadian journalist, and to this must be added the carryover of 273 million bushels. And though the American farmer has, like the Canadian wheat grower, felt the pinch of drought and the increase, last year, through good rains, 85 percent of his crop is consumed in the country of origin, whereas over 75 percent of Canada's crop is exported.

Granaries are bulging with the grain, and though about half is sold to Britain, most of it is still stored in Canada. Of the wheat importing nations of the Continent which used to take 400 million bushels, only Spain and Portugal will this year be allowed to get any.

Thus, the problem is not only one of what acreage of wheat to produce, but of storing the surplus as well. The increasing industrialization of the United States has removed it from a serious competitor in world markets; and it is probable that Russia will follow the same path, MacCormack indicates.

What will happen after the present war in anybody's guess, Canada will still have to compete with Australia and the Argentine in world markets, and though the

THEY PLANTED STRAWBERRIES

If you are interested in planting strawberries, yet are waiting to see them proven in Terry County, keep an eye on George Gore's Strawberry patch, Johnson community. He has filled his 5 x 45 feet frame garden with plants, planting the strawberries the last week in January. Claude Merritt, Tokio, has had his strawberries cut since the middle of December in his 5 x 30 feet frame garden. Both Mr. Gore and Mr. Merritt have made another frame garden for supplying the family's vegetable needs when open gardens are out of the question because of winds and cold weather.

QUICK WATSON:

"I can't diagnose your case. I think it must be drink." "All right, Doctor. I'll come back when you're sober." Santa Fe Magazine

Continent of Europe will need about 400 million bushels a year and the United Kingdom another 225 million bushels, the outlook for complete consumption of an unlimited crop is none too happy. And in the meantime—the Continent cannot be reached.

So Canada has wheat, wheat and more wheat — and a new crop growing. Mr. MacCormack poses the problem, but he does not attempt to answer it, though as he concludes: "The whole world will be affected by the solution men work out."

Two good mixers are better than one

THERE you sit, watching the long road ahead as it dips and rises.

Under your feet there's a quiet whispering, to let you know that all eight able Buick cylinders are happily on the job.

You're giving not a single thought to what's happening under that long bonnet nosing out in front, but here's what's going on:

Instead of the single, compromise-size carburetor you find on most cars, this Buick FIREBALL eight with Compound Carburetion* has two good mixers on the job.

A single one of them—the front one—keeps

you rolling smoothly, easily, quietly, on the very minimum rationing of gasoline.

But the other carburetor is alert and ready for any sudden need. Just tramp down on that accelerator pedal—it goes into instant action, giving you more fuel and more power for any emergency purpose!

It's almost like having two engines—one to handle normal requirements thriftily, another to team up with the first for extra oomph and wallop when you want it.

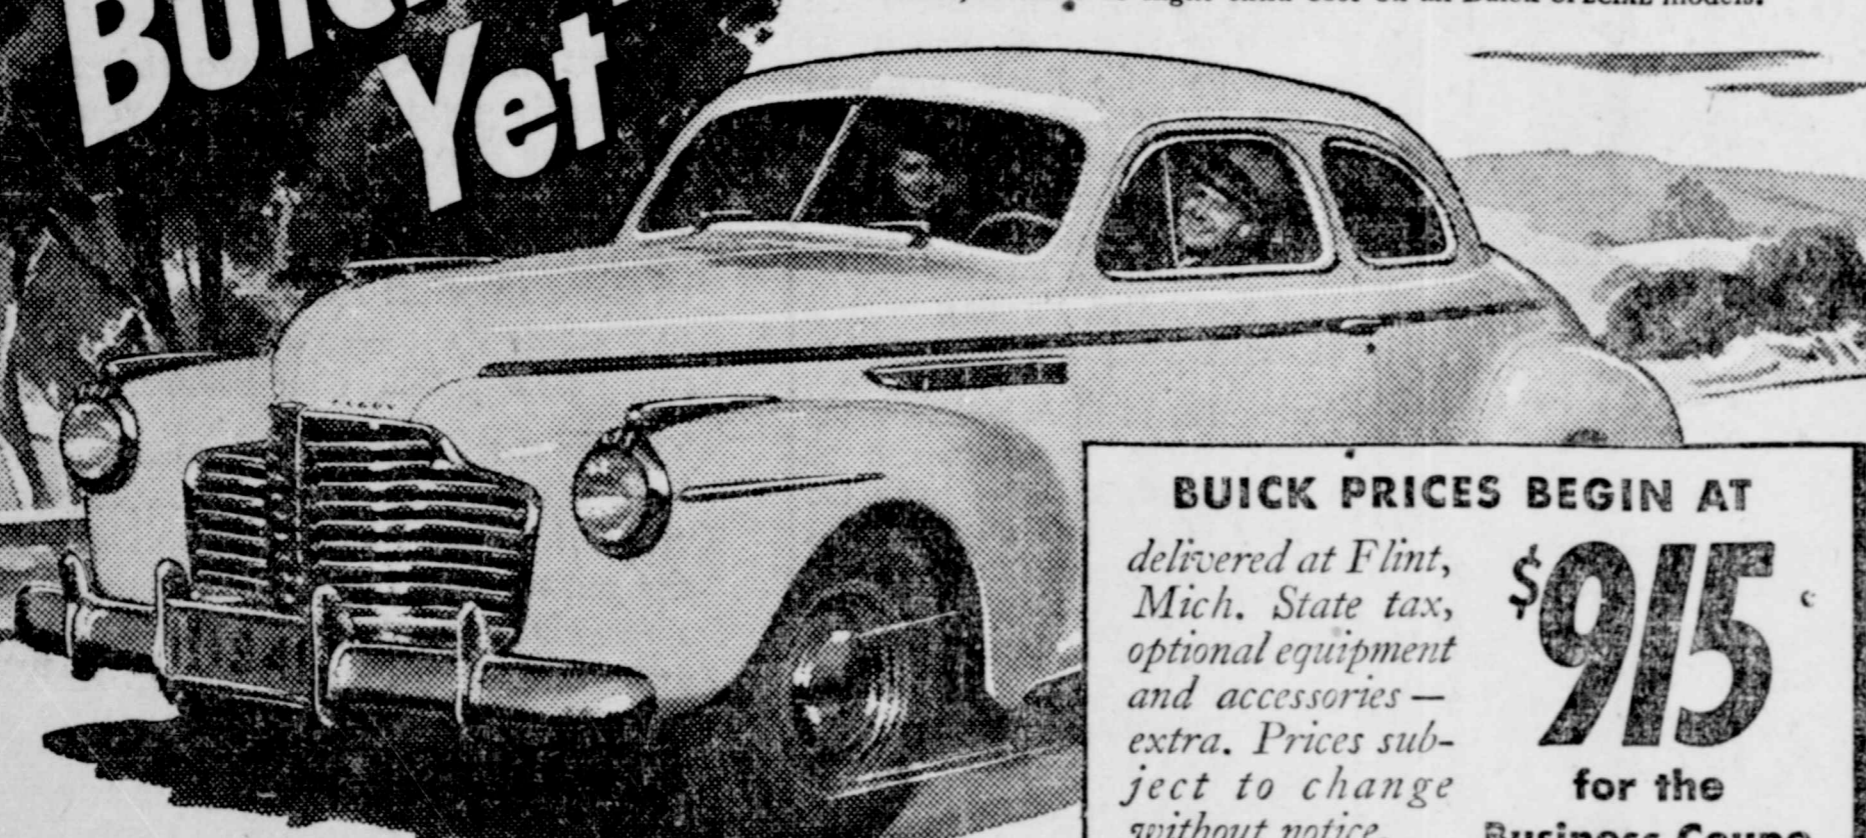

That kind of teamwork pays.

And owners by the thousand will tell you it's more economical too—as much as 10% to 15% more economical.

If you haven't experienced what it feels like to have that under the bonnet of your automobile, better go have that Buick demonstration now.

*Standard on all Buick SUPER, CENTURY, ROADMASTER and LIMITED models, available at slight extra cost on all Buick SPECIAL models.

Housewives Support Resources Tax

Mumford, Texas, Mar. 4—Acting as chairman of the Women's Economic Policy Committee for Texas Mrs. Jud Collier of Mumford, Texas, leader of a group of "embattled housewives" who have announced that they "will listen to no nonsense about a tax on our homes when the wealth of Texas resources owned by New York and Pittsburg escape fair taxation," today released to press and radio a letter stating the group's bitter opposition to any compromise with supporters of a "tax on bread."

The letter is in reply to a recent inquiry received by Mrs. Collier from an opponent of the transaction tax asking her reactions to the idea that the only way to get rid of the issue is to let the tax be passed and let the common people who will bear the brunt of the tax find out for themselves how they have been betrayed.

Mrs. Collier's letter of reply follows: "The delay in replying to your letter is occasioned by my feeling that I must read it over several times to make sure that you have actually said the amazing things I see there. Never before in my life have I come across such strange reasoning."

"Since you asked me what my 'reactions are to this idea' I will tell you frankly that I am strongly opposed to it. And that I will do everything I can think of to prevent such a thing happening. If at any time there seems to be the slightest—faintest possibility of the bread tax passing, the women of Texas will come to Austin and march through the corridors of the capitol with a loaf of bread in one hand and placards denouncing the plan in the other.

"If in spite of us it passes I have no hesitation in saying that more than a thousand women will meet any man who votes for it on the stump, if, and when he ever runs for another office in this state.

"We mean it when we say we are tired of nonsense. Our country is in great peril. It is a shame that we women have thus to waste time which should be spent working for national unity. But when men would tax the bread of the poor of their own state in order to spare the tender pocketbooks of Wall Street millionaires, we know there can be no national unity built on such a foundation. So here we must work.

"You say, 'It would be a terrible thing for the State of Texas.' The men of the Alamo died, rather than submit a terrible thing for the State of Texas.' We women believe that they have spiritual heirs. And we will call on them to rally and fight with us to prevent this terrible thing."

The group of housewives supporting Mrs. Collier's statement has proposed a natural resources tax as "a price for proration." Texas people have given the oil companies the protection of proration laws—the difference between 10c and \$1.10 for a barrel of oil—and other protections to the natural resources producers statements of the Women's Economic Policy Committee for Texas point out, and it is only fair that these corporations enjoying special protection and special privilege should return the favor by protecting Texas homes from a tax on bread.

Mr. and Mrs. L. E. McClish spent Sunday in Lovington visiting his parents and Mrs. McClish's sister.

Elder Black of Denver City was a visitor here Monday.

Fred Rennels

B. F. Vance

A.A.A. OFFICIALS ASSUME NEW POSITIONS—B. F. Vance, administrative officer in charge of the Agricultural Adjustment Administration in Texas, and Fred Rennels, assistant administrative officer, assumed their new duties on February 1 when E. N. Holmgreen resigned to become business manager of Texas A. and M. College. Vance formerly was Holmgreen's assistant; Rennels had charge of the range conservation program in Texas.

HELP US WITH THE NEWS

Every newspaper realizes that it is obligated to give its community news, and has to get the information some way, no matter how difficult that may be. This paper has often suggested to readers that they turn in information about visitors at their homes and other personal items, but perhaps not enough stress has been laid on the importance of reader co-operation in the matter of items of larger importance.

There are two kinds of items that the Banner has always wanted to handle better than anything else, and these have to do with deaths and marriages. Certainly, a person who has lived a life of usefulness, adequate mention made of his record, and his family and friends are reasonably expecting a public tribute in keeping with the life that has been lived. And a wedding is the biggest thing in the life of the young people involved.

Besides that, nearly everyone is interested in weddings. And, of course, there are many other things that almost must go in the paper, and it is a certain reflection on any publication when it fails to carry news that is rightfully expected.

But the average person would be surprised how difficult it is sometimes to get the needed information about any certain item. Sometimes we wonder how as many facts are secured as you see in the paper, and long ago we ceased expecting that any issue would come out without a few errors creeping in. In order to get everything positively right it would take a Dies committee investigation on every fact reported, in order to be sure of its accuracy.

So, a general invitation is extended to our readers to help us whenever they can. Don't ever imagine that we will be thinking that you are trying to push yourself forward or blow your own horn. We just want this information, and have to have it; and whenever you can quietly hand us the facts we need, you'll be surprised how much we appreciate it. —Seymour Banner.

What is said to be one of the highest awards that Lions Clubs hand out, was given Robert Bowers, Cub Pack member of the Scouts, recently. The Herald congratulates our youthful friend for his endeavors that merited this gift.

We believe this will be an incentive for other boys in the pack and elsewhere to go forward and develop into strong, manly men.

For Job Printing Try The Herald

FROM THE DEPTHS: WOMEN TO WOMEN

The most heart-rending appeal yet to come out of war-torn Europe, from the countries already conquered, is not an appeal for funds, even coming from Poland, where famine and misery stalks—it is an appeal from the women of Poland to the women of America to do everything they can to speed the day when they can be delivered from under the German heel.

It was released, and sent to editors throughout the United States by the Committee of Polish-American Women.

Excerpts from the letter smuggled out of Warsaw, which could be exaggerated, but probably are not read like paragraphs from the history of the dark ages:

"Our husbands — our brothers and fathers — perished in mass murders which wiped out tens of thousands. They die slowly in dungeons or perish from starvation and cold in ward prisoners' camps.

"Our sons—the future pride of the nation—either perish like their fathers (as boys of 12 and 14 years of age were by no means lacking among those who were shot), or are registered and taken away to alleged labor camps in Germany whence there is no return.

"Our daughters—our little girls, the dearest joy of our lives—are being apprehended on the streets or abducted from their homes under cover of night, imprisoned in company with prostitutes and deported to German brothels. And there are among us mothers who, no longer are able to shed tears, ask God for one thing only:—that their daughters might die."

The most we in America could do, would be far too little, but the prayers of those women in Poland will not go unanswered. The way to answer them, will be found, because it must be. Justice will balance the scales, and we in the United States are seeking the ways and means to do our part. The appeal by the women of Poland to the women of America has not been made in vain nor does it go unheeded or unheeded. — County Wide News. (Littlefield)

SEMINOLE TO GET GIN AND FEEDING PLANT

A transaction has been consummated for the erection of a modern cotton gin and feeding plant just outside of the city limits of Seminole. W. A. Campbell, a veteran ginmer of Wellman and his son, presently of California, will begin assembly of the machinery, April 1.

The plant will be located on a six-acre tract just east of the city on the Lamesa highway and will mark the first gin in this locality in over a score of years. It is the plan of the Chamber of Commerce to follow through on a vast rehabilitation program of hundreds of acres of Gaines county land which is producing oil under the cultivatable top surface—Seminole Sentinel.

Mr. and Mrs. R. Q. Reed and daughters spent Sunday in Big Spring visiting relatives.

Miss Mauretania Cox is a new nurse at the Treadaway-Daniell Hospital, having begun work there February 23.

Among the visitors here last week to get Dick McGinty started out right with the Lubbock Production Credit Association, were the assistant manager, W. E. Melton, and chief field man, Harris Pool, both of Lubbock. They were pleasant callers at the Herald office.

Classification of Married Men Left to Judgment of Board

Draft boards Tuesday were notified by State Selective Service Director J. Watt Page they must use their own judgment about classification of married men, under varying conditions.

It is not the purpose of the selective draft law to place all married men in deferred classification, they were advised by Page, nor is it the intent "to suspend the institution of marriage" or "to disrupt family life."

Married men who have children dependent upon them for support should be deferred, boards were advised, also married men whose wives are in fact dependent upon them.

Married men who are separated from their wives and who are not supporting them should not be deferred, the notices said. A man who married for the purpose of evading the draft should not be deferred.

Warning was given that each case must be decided on its own conditions and that a classification is subject to change when conditions are altered.

Formby Popular Member of Senate

A young West Texan who used to walk nearly three miles to a three-teacher country school has been named Chairman of the highly important committee in the Texas Senate to handle the \$16,000,000 Rural Aid bill for 1942 and 1943. Senator Marshall Formby, of McAdoo, of this senatorial district, is Chairman of the five-member sub-committee which will handle the bill in the Senate to dish out about \$8,000,000 per year for the next two-year period.

Senator A. M. Aiken, Jr., of Paris, also appointed on this Committee Senators Clem Fain of Livingston, Claude L. Bell of Rockwall, Vernon Lemens of Waxahachie, and R. C. Lanning of Jacksboro.

It is reported that all appropriation bills will be passed out of the Senate almost two months earlier than usual this year. The appropriations for the Judiciary already are ready for passage in the Senate.

The date has passed for introduction of bills in the 47th Legislature without special permission. The remainder of the Session will be taken up with consideration of the bills already introduced. More than 200 bills have been introduced in the Senate, and more than 600 bills in the House.

PLAN POTATO CROP

LOCKNEY — Approximately 1,400 acres of irrigated land here will be planted to Irish potatoes this season, farmers estimate. Sixty-five per cent will be planted to early potatoes and the rest to a late crop. Potatoes have been grown here for several years. A large acreage was harvested last season.

Harold Carpenter announces that he is now wholesaling the entire output of milk and cream from the Carpenter Dairy to the Banner Creameries. The Banner Co. is continuing Harold's retail routes over the city, as well as delivering his milk to stores.

Mr. and Mrs. Paul Jones spent Sunday in Lubbock with Mr. and Mrs. Otis Moore and Mr. and Mrs. W. T. Ince.

Governor Asks For Board Consolidations

Reorganization of agricultural and related activities of the Texas State Government was proposed by Governor W. Lee O'Daniel in a special message to the Legislature last Thursday.

Control of the State's agricultural program would be placed in the hands of a five-member "State Board of Agriculture," to be selected by the farmers themselves.

Five existing departments of the State would be abolished and their functions handled by divisions under the new Board. The agencies which the Governor proposed to consolidate are: State Department of Agriculture; State Board of Water Engineers; Livestock Sanitary Commission; Game, Fish and Cyster Commission; and the Soil Conservation Board.

While not suggesting any connection between the control of the A. & M. College and the State Board of Agriculture, the Governor expressed the opinion that the new State Board of Agriculture should be housed in a building to be located at College Station, "where farmers who visit the State Board of Agriculture would have the opportunity of contacting those who head our A. & M. College."

"Money can be saved to the State by this consolidation," the Governor said, "and much more service can be rendered."

CARD OF THANKS

We wish to express our thanks to each and every one who was so kind in helping with kind words, flowers and trays in the illness of our husband and father, May God's richest blessing be with each and every one of you. Mrs. C. F. Hamilton, Mr. and Mrs. Winston Reeves, Charles Hamilton, Beth Hamilton, Sugar Hamilton.

Mrs. Joe Safady of Lovington is here visiting Mr. Safady this week.

CARS TAKE LESS TOLL

Possibly the campaign of the State Game Department to get motorists to be more careful when driving in game country is having some effect. At any rate, the warden for Gillespie county reports that the known kill by cars in his county during 1940 was 57 deer and 4 wild turkeys. In 1939 the same warden reported 76 deer slain by automobiles and 9 wild turkeys.

WHITE DEER ON REFUGE

Employees of the Game Department trapping deer on the Aransas Refuge in South Texas report seeing a white deer. It was not captured. Whether it was a true albino was not determined. True albinos have pink eyes. The Game Department trapped and transported to areas which have a thin population of deer a total of 511 bucks and does.

WHITNEY-NEVELS WEDDING ANNOUNCED

Announcements were received here this week of the marriage of Miss Mabel Whitney of Brownfield to Mr. Roger Nevels of Levelland on Friday evening, February 28. The wedding took place at the home of the bride's parents, Mr. and Mrs. Charles M. Whitney, at Valley Mill, Texas. The double ring ceremony was read by Rev. Jack Shelton of Bruceville, Texas.

The bride wore a black and white redingote ensemble with black and white accessories and a shoulder corsage of red rose buds. For "something old" she carried a white linen handkerchief which her mother carried at her wedding. For "something borrowed" she wore a gold bracelet belonging to Mrs. Arlie Lowmore. For traveling she wore a rose wool suit with matching accessories.

Mrs. Garner Moreman, sister of the bride, played the wedding march and "I Love You Truly" during the ceremony. Wedding guests were the bride's immediate family.

Mrs. Nevels is a graduate of Valley Mills High School and of North Texas State Teachers College at Denton, Texas. For the past two years she has been employed by the Farm Security Administration as Home Management Supervisor for Terry and Yoakum counties.

Mr. Nevels is the son of Mr. and Mrs. Allen Nevels of Fayette, Miss. He is a graduate of Fayette High School. After graduating from high school he spent four years in the United States Marine Corps. For the past year he has been employed by the Magnolia Petroleum Company and at present is stationed in Levelland, Texas.

After a trip to Mississippi to visit Mr. Nevels' parents they will be at home in Brownfield.

Mr. and Mrs. Tommy Moorhead of Lubbock visited his parents, Mr. and Mrs. R. M. Moorhead, last week end.

Cheezev McSpadden, "Busy Mill Wheel," Jesse; "Uncle Rulfe's Trombone," Mattingly; "Child's Goodnight Song," Spaulding.

Two pupils from Meadow are: Vida Jo Copeland, "Parade," Harding; "March of Wee Folk," Gaynor; "Jack Be Nimble," Burnam.

Eva Ruth Turnbough, "Arabesque," Burgmuller; "Circus Mule," Koehler; "Little Nigar," Debussy; "By the Roadside," Rodgers.

FIRST PRESBYTERIAN CHURCH

Fred A. Walker, Pastor
Sunday School—10 a. m. Morning Worship—11 a. m. Junior Christian Endeavor—4 p. m. No Vesper Service this Sunday.

The Pastor will be out of town Sunday afternoon and night when he will preach at Jayton and Post. There will be no Vesper Service this Sunday. The subject of the morning sermon will be, "Overcoming Evil with Good." Special music. You are cordially invited.

Mr. and Mrs. Guthrie Allen are the parents of a 7 pound, 2 oz. son born at 10:10 p. m. Tuesday, Mar. 4, at the Treadaway-Daniell Hospital. The baby has been named Frederick Guy.

Mr. and Mrs. J. M. Telford were in Big Spring on business Tuesday. Mrs. Telford visited Miss Anna Martin while there. Miss Martin taught school here years ago. She is now the County Superintendent of Howard County.

Mr. and Mrs. J. M. Telford were in Big Spring on business Tuesday. Mrs. Telford visited Miss Anna Martin while there. Miss Martin taught school here years ago. She is now the County Superintendent of Howard County.

PARTY GIVEN FOR MRS. BOST

On Monday afternoon Mmes. Walter Gracey, Vernon Brewer, Emmitt Smith, W. M. Vernon and Tom Neely complimented Mrs. Johnny Bost, with a pink and blue shower at the Gracey home. The afternoon was spent in playing games and in contests.

Mrs. Neely and Mrs. Smith presented the honoree with a huge basket of gifts. Plate favors were tiny blue candles tied with pink ribbon and filled with pink mints. The hostesses served a refreshment plate of sandwiches, potato chips, olives, cookies and spiced tea. Thirty one called and 17 others who were unable to attend sent gifts.

Mr. and Mrs. Bill Collins and Mrs. Collins' nephew, Charles Louis Strehli of Lubbock were guests in the W. H. Collins home Sunday.

ST. PATRICK PARTY GIVEN BY MRS. BOWERS

The St. Patrick motif was carried out in the party given by Mrs. R. L. Bowers at her home Thursday afternoon. At the conclusion of the game refreshments of shamrock molded ice cream, angel food squares, shamrock decorated, and salted nuts were served.

The guest list included Mmes. L. Nicholson, Grady Terry, Ray Christopher, W. S. Brumage, Roy Ballard, R. L. Bandy, W. R. McDuffie, Lee O. Allen, Dick Cowart, W. H. Collins, Horace Belew, J. M. Telford, Earl Anthony, Jr., G. L. Daugherty, Bill Ed Watson, Orb Stice, R. M. Kendrick, V. L. Patterson, J. R. Turner, J. L. Cruce, Jack Bailey, Miller, Jake Core, A. J. Stricklin, J. J. McGowan, Clovis Kendrick, L. M. Wingerd and Mrs. Calvin Peguise of Odessa who was a special guest.

BAPTIST CHURCH NEWS

Some departments of the Bible school were overflowing last Sunday with 396 registering and the Training Union has doubled in attendance in the last few months and hopes to double again in the next few months. Here is a great opportunity to study the Bible under good supervision and to learn the elements of Christian service needed by every Christian and very many of our own church are not enlisted and we are after them.

Two were received for membership Sunday evening and two were baptized.

The W. M. U. are observing their week of prayer for our Home Mission work which covers the southern states and Cuba, where more than 400 missionaries are working among the Indians, Mexicans, Germans, French and other nationalities, making christians and organizing churches among them and they call this work the Annie Armstrong offering named for Miss Armstrong who was a great missionary to some of these groups.

Missionary Baptist people support this work believing the gospel to be for these groups as well as others and much success has attended their effort in the last fifty years and our church supports all the work of the southern Baptist Convention.

The pastor is with the church at Quitaque this week in a meeting and Rev. J. Lowell Ponder, the missionary for this district, is expected to be present and fill the pulpit next Sunday morning and evening. A good congregation is anticipated and visitors are always welcome at these services.

WELLMAN H. D. CLUB

The club met with Mrs. Heafner with eleven members present. After filling out the year books they went into the program which was on "The Child from One to Six." Mrs. Riney spoke on the food a child should eat. We had a round-table discussion on growing children.

The next meeting which is the second Tuesday in March, will be with Mrs. T. A. Wartes. The program will be on "Refinishing Furniture." The meetings are now on second and fourth Tuesdays.

Refreshment cocoanut and devils food cake, coffee and cocoa were served.

The club has invited the Brownfield Chamber of Commerce to visit the community in April. The next meeting will be with Mrs. Cecil Peek, Friday, the seventh.

—Club Reporter

MRS. TREADAWAY ASKS FOR RED CROSS WORKERS

Mrs. T. L. Treadaway has been appointed production chairman of the Red Cross work in Brownfield. As yet the group do not have a building in which to meet but expect to have soon. Mrs. Treadaway has asked the Herald to inform our readers that sewing machines are needed and that everyone who has one to loan please contact her. When a building is secured the organization plans to meet every day except Saturday and Sunday.

All women of the community are urged by Mrs. Treadaway to come and help with this worthwhile work.

THE METHODIST CHURCH

Last Sunday collection was taken for the fund which goes to help the starving people in the war zones and also to carry on Christian services for our boys in training. We need \$31.00 to finish our quota so any contribution brought next Sunday will be appreciated. The Brownfield Circuit was asked for \$38.00 and they gave \$42.00.

The summary of the pastor's morning sermon was "The value of healing and serving the ones who need." Two people were taken into the church.

The pastor's text for next Sunday morning will be taken from 1st Kings, 22:48 with "It Was A Great Disappointment" at the theme. The night service will be of special interest to the young people.

The choir meets each Tuesday night at 7:30 for practice. Come and help with our song services. On the fourth Sunday night of March we'll have quarterly conference. Dr. O. P. Clark will conduct the service. Be present.

MEADOW PIANO PUPIL TO GIVE RECITAL

Joe Burleson, age 10 years, will be presented in a recital at Meadow Methodist Church by his teacher, Gertrude Rasco, next Tuesday evening, March 11th, at 7:30 o'clock. He will give the following program:

"Busy Mill Wheel," Jesse; "March of Wee Folk," Gaynor; "Cherry Tree," Chauncey; "Andante," Hayden; "Three Blind Mice," Lemont; "Circus Clown," Eckstein; "Soldiers on Parade," Loyd; "Merry Frolic," Arant; "Allegretto," Beethoven; Valse "Frisite," Sibelius.

THE PLEASANT VALLEY H. D. CLUB

We met the 21st at Mrs. Cullen Forbes' home. There were eight members present. Mrs. Lloyd Dawson made a very interesting talk on "The Child from One to Six." Because there has been considerable discussion of the hot school lunches at Pleasant Valley, Mr. Grass dropped in and explained this subject.

Refreshing cocoanut and devils food cake, coffee and cocoa were served.

The club has invited the Brownfield Chamber of Commerce to visit the community in April. The next meeting will be with Mrs. Cecil Peek, Friday, the seventh.

—Club Reporter

ENTERTAINED FOR GENE HURT

Mr. and Mrs. L. L. Brock of Union honored Gene Hurt with a dinner Wednesday evening before leaving Friday for army training. Along with Gene came Miss Frances Estes and Mr. and Mrs. Wayland Parker of Brownfield. Gene being president of our Terry County Sing Song and a good leader, a few neighbors were invited in for the occasion, also several from Hockley County among which included five Campbell songsters, the well known Campbell Quartet of three brothers and a sister with another sister at the piano.

FOSTER H. D. CLUB

The Foster H. D. Club members brushed up on their spelling in a new and different game Wednesday, February 26, at the home of Mrs. Herman Edwards.

Miss Holloway, in charge of the program, discussed spring and mattress covers and protectors. Everyone was intensely interested in the hob-nail breads in the making, which were exhibited.

A new president, Miss Gladys Scales, was elected, after the resignation of Mrs. Elmer Edwards. There were ten members present, and Mrs. Floyd Reeves was a most welcome visitor.

Next meeting, March 12, at the home of Mrs. Alex Reid. The subject "Safety in the Home."

WOMAN'S SOCIETY OF CHRISTIAN SERVICE

Mrs. Cook led the 3rd chapter of "Jesus and Social Redemption." Members present were Mmes. Foote, Rives, Carpenter, House, Lloyd, B. L. Thompson, Glenn Harris, J. F. T. Cox, Reynolds, and Longbrake. Next week will be the year book program led by Mrs. Glenn Harris.

FOSTERS RETURN TO BROWNFIELD

Mr. and Mrs. Cherry Foster have returned here from Plainview, to make their home. Mr. Foster will be manager of Gunn-Hinerman store on West Main.

Miss Elouise Sanders, Foreman of the Home Aid room at the W. P. A. spent last week with her father in Oklahoma City.

MR. AND MRS. ANDRESS ENTERTAIN WITH FORTY-TWO PARTY

Mr. and Mrs. Buck Andress entertained Wednesday evening with a forty-two party at their home. At the conclusion of the game refreshments of openface sandwiches, peach salad, cake, coca colas and coffee were served to Messrs. and Mesdames Mike Blair, B. Stice, Orb Stice, Ed Mayfield, Dewey Murphy, B'Il Aschenbeck, Red Newton, Foster Winn, Dr. and Mrs. T. H. Melroy and Mrs. Chock Winn.

FORMER RESIDENT NAMED NAVAL SUPERVISOR

We have recently learned that Henry D. Clark who made his home in Brownfield two years ago and we employed by the Shell Petroleum Co., has been made senior supervisor of one of the United States Naval bases in South America. He is in Corpus Christi now but will leave for South America at an early date.

Lynn Nelson and Frank Jordan attended the Lion's luncheon in Snyder Tuesday and attended some business for the local club.

ROBERT HEATH HONORED ON BIRTHDAY

Mrs. H. F. Heath entertained with a party for her son, Robert, Wednesday afternoon, to celebrate his sixth birthday. The affair was held at the Methodist church and members of Robert's Sunday School class and several additional guests were present. Games and contests were enjoyed and toy butterflies made of gum drops and balloons were favors.

Refreshments of birthday cake and pink ice cream were served to the 26 little guests. Mothers attending were Mmes. Heath, V. N. Sibley, Bill Hefflin, Charley Green, Jack Oldham, Ray Burt and O. V. Newton.

HEIRLOOM LOST

Mrs. L. M. Wingerd has lost a ladle to a punch bowl set which was an heirloom in the Brownfield family for one hundred and fifty years. Mrs. Wingerd has loaned the bowl and ladle frequently to organizations and individuals and someone has failed to return the ladle. If you have it wont you please return it, and make Mrs. Wingerd happy.

COUPLE MARRIED IN AMARILLO

Announcement of the marriage of Mrs. Marie Williams and Mr. Hubert Gant has been received here this week. The couple were married in Amarillo Saturday, March 1. Mrs. Gant was cashier at the local telephone office for several years, having resigned in December of this year. The couple are at home in Pecos where Mr. Gant is manager of the Foxworth-Galbraith Lumber Co.

S. S. CLASS MEETS

The Young Business Women's class of the Baptist church met at the home of Miss Ethel May Tuesday night for a business meeting. There were 8 present. At the close of the meeting Miss May served refreshments to the group. Mrs. Robert Nobles is the teacher.

VISITOR HONORED

Mrs. Ruth Moore entertained, with an informal supper Thursday night of last week at her home to honor Mrs. P. E. C. Cowart of Silverton, who has been a guest of her son, Dick Cowart and Mrs. Cowart. Other guests were Mmes. J. L. Randal, W. H. Dallas, Bertha Stahler, Louie Miller, M. R. Hemphill and Dick Cowart.

Mr. and Mrs. W. B. Collins of Lamesa visited their son, Wilson Collins and Mrs. Collins, and Mr. and Mrs. W. H. Collins Sunday.

Miss Mary Nell Adams will be home this week end from Baylor, where she is attending college.

Mrs. Calvin Peguise of Odessa visited Mrs. L. M. Wingerd and Mrs. I. M. Bailey this week.

Mrs. Dennis Lilly is visiting her mother in Abilene this week.

INTERNATIONAL GOOD WILL THEME OF MAIDS AND MATRONS CLUB TUESDAY

Mrs. Lal Copeland was hostess to the Maids and Matrons club Tuesday afternoon at her home, when "International Good Will" was the topic studied. Mrs. M. G. Tarpley was program chairman.

Roll call was answered with "Ways of Promoting International Good Will." "America's Foreign Policies" were discussed by Mrs. Ruth Moore. "Our Achilles Heel," "The Panama Canal," Mrs. Copeland, Mrs. L. M. Wingerd talked on "America of Yesterday Teaches America of Today."

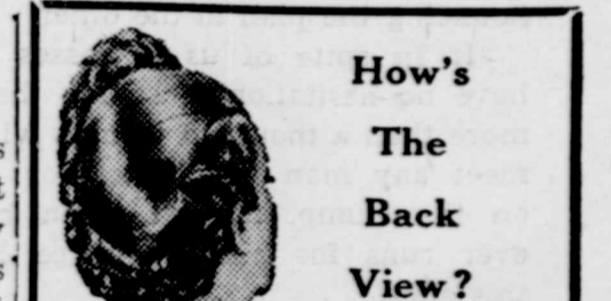

At the close of the program refreshments of sandwiches, cookies and coffee were served by the hostess.

THE PLEASURE CLUB MEETS WEDNESDAY

Members of the Pleasure Club were entertained by Mrs. J. M. Moxley Wednesday afternoon at her home. Mrs. Roy Ballard scored high, Mrs. Ed Stewart second high and table cut went to Mrs. Bill Ed Watson.

Refreshments of chicken salad, wafers, potato chips and angel food squares topped with crushed strawberries and whipped cream were served. Other guests were Mmes. R. L. Bandy, J. L. Cruce, C. C. Primm, J. B. Huckabee, Jack Hamilton, Orb Stice, Jimmie German, Bruce Zorns and Walter Hoard.

Sammie Kendrick, small son of Mr. and Mrs. Spencer Kendrick, has the measles.

LAHEY H. D. CLUB MEETS

The Lahey Home Demonstration club met Thursday, February 27 with Mrs. R. J. Rowden. The meeting was called to order by the president and opened with "A Woman's Creed." The roll call was answered by each member present with a statement concerning a child's care.

After the minutes were read

"MAN AGED 94 walks to town most every day" says Oklahoma druggist. "Used ADLERIKA last 15 years." ADLERIKA contains 3 laxatives for quick bowel action, with 5 carminatives to relieve gas pains. Get ADLERIKA today—Nelson-Primm Drug Co., Alexander Drug Co., Inc., and Palace Drug Store.

various reports were given on the council meeting and other committees.

After discussion of all business Mrs. Briscoe, Mrs. Cornibise and Mrs. Fox gave interesting talks on "Child's care from one to six."

The meeting was adjourned and refreshments served to eight members. Mrs. Stuart was a new member. Next meeting will be held March 13 with Mrs. Richard Finch. We invite all ladies of this community to join our club.

LAHEY H. D. CLUB MEETS
(Delayed)

The Lahey H. D. Club met Thursday, Feb. 13 at the home of Mrs. Norvell Hulse. The meeting was called to or-

der and roll called. After the minutes were read the house was open for discussion of new business, there being no unfinished business. Miss Holloway gave a very interesting demonstration on "Essentials of a good Bed," which was also beneficial.

The program was adjourned and refreshments served to all present.

Lucky Persons Pay Income Tax

In a few weeks some lucky citizens of the United States will be figuring up the amount of money they will have to pay the United States Government under the income tax laws.

We call their attention to a comparison recently made by Secretary of the Treasury, Henry Morgenthau, who told members of Congress that a British family with \$5,000 income now pays \$1,196 income taxes, while a similar family in the United States pays \$75.

With \$10,000 incomes, the British family pays \$3,451 and the American family, \$440. With an income of \$100,000 per year, in case you are interested, the British family pays taxes of \$76,276 and an American family, with the same income, pays \$42,948.

These figures show how lucky the Americans are.

TSCW Tunes for National Defense

Testing one of the transmitters at W5AAN, Texas State College for Women's amateur radio station, Dorothy Cobb, junior student from Denison, prepares to talk to another "ham" or amateur radio operator as a part of her laboratory work in a new course in radio at TSCW. Offered to students for the first time this semester, the course will train women for all types of radio service in the national defense program.

GOMEZ H. D. CLUB

"The Child From One to Six" was the subject of the program given to 17 members and one visitor at Mrs. Richard Whitley's on February 26.

A special council report was given by Mrs. Kenneth Furr.

After adjournment of business a few games were conducted by Mrs. Grant.

TOKIO H. D. CLUB

The H. D. Club met on February 25, in the home of Mrs. P. W. Smith.

Miss Holloway was present and discussed the "Essentials of a Good Bed."

The members chose Mrs. Smith to be the "Home Foods Demonstrator" of their club. Only five members were present.

SIXTH GRADE NEWS
(Delayed)

Thursday the 13th, 1941, the Sixth Grade organized a home room club. Mrs. Peacock took charge of the program. We elected for President, Alfred Bond; Vice-President, Ramona Heath; Secretary, Patsy Ruth Greenfield; Program Committee, Ima Gertrude Akers, Charles Gorman, Dorothy Nell Brownlee, Robert King; Chief of Police, Mrs. Peacock; Policemen, Vaudeen Davidson, Jewel Benson, Oscar Jones, Jack Chambliss, L. G. Chambliss; Reporters, Charles Ray Gorman, Arnold Doyle Dalton.

Friday, 14th, 6A and 6B had a Valentine party. Tuesday best citizens were Dorothy Henderson, Arnold Dalton, Vadcan, Jack Chambliss, Jerry Cook.

All children go under underpass.

—Reporter

SIXTH GRADE NEWS

Tuesday, March 4th the Sixth Grade home room meeting was called to order by the president, Alfred Bond. The minutes were approved as read. Then best citizens were elected. They were Oscar Jones, Dorothy Henderson, Patsy Grenfield, E. J. Gorden and Tom Adams. A play was presented by the program committee. We pledged allegiance to the flag. The meeting was then adjourned.

Connally Urges Lease-Lend Bill Passage

Senator Tom Connally in his speech in the Senate last week in favor of the Lease-Lend bill, called upon Congress to present a united front to those who would destroy democracy and free government, and a united front to those who were rallying and defending and fighting for their lives and for free governments.

Speaking as a majority representative of the powerful Foreign Relations Committee, Senator Connally said, "Powerful and militant forces now arrogantly decree the extinction of freedom and democracy wherever their armies of conquest and plunder can march, wherever their navies can float, and wherever their swarming fleets of the skies can fly.

"The dictators, Hitler and Mussolini, and their totalitarian governments, after conquering peaceful and neutral nations in Europe and enslaving their people, whose only crime was that they had possessions and they had freedom, have proclaimed their determination to establish a "new world order."

"The dictators speak of democracy and free government with scorn and arrogant contempt. That attitude reflects what they will do when and if they feel their arms strong enough to reach into the western world.

"Great Britain, with superb gallantry, is pouring out the blood not alone of her soldiery but of her civilian population in stemming the tide of world dominion and establishment of a new world order.

"The pending bill proposes to furnish supplies and munitions but not men, to Great Britain, and the other free governments which are resisting the aggressors."

Senator Connally in analyzing the bill disproved the contention that the bill establishes a dictator. He pointed out that the bill (1) does not deprive any citizen of any of his American liberties, (2) it limits the actions of the President to defend the national defense of the United States, (3) it continues the control of the purse in the hands of Congress, and (4) it sets the termination date of the bill on June 30, 1943, or sooner if Congress so desires.

"We cannot be indifferent to the fate of other nations," continued Connally. "Every time a free nation goes down in ruins the repercussions cross the ocean and beat upon our own shores. Every time liberty in a nation is destroyed it weakens the fabric and the ability of every other free government to advance democracy and to defend itself. I hope Senators by supporting the bill will present a united front to those who would destroy democracy and free government."

BLANKENSHIP SEEKS LOAN SHARK FIGHT

Rep. Dallas Blankenship of Dallas last week urged all anti-usury committees in Texas to consolidate their forces and support an effective bill against loan sharks.

Blankenship, recently named chairman of the Dallas County Bar Association anti-usury committee, said that "there have been a number of anti-usury bills introduced both in the House and the Senate at this session, and from these bills I am sure an effective measure can be written to stop the charging of exorbitant interest."

Mr. and Mrs. W. T. D. Storey of Littlefield visited her mother, Mrs. L. C. Wines, Sunday.

JOHNSON

Once again the men of the Johnson community are offering an evening entertainment at their own expense. "The Womanless Wedding" is being staged here Wednesday night, March 12, at 8:00 P. M. and 27 men of various sizes and ages are taking parts in the wedding party. If you want to laugh and forget your worries for one hour, come out and be witnesses to this ceremony.

Another attraction on the evening's program will be a return basketball game between the "fat" and the "lean" ladies of the community—after the wedding ceremony. The "fats" were defeated in a like game last year, and they are out for revenge! These events are being sponsored by the P. T. A. and the Ladies H. D. Club. Don't forget the date. A small admission charge will be made but your money back if you are not satisfied.

CHARLES F. (CHOCK) HAMILTON PASSES

In the passing last Wednesday of Chas. F. Hamilton, more generally known by friends as well as his family as (Chock) the community and county has lost a fine citizen. His wife has lost a devoted husband, and the children a kind, considerate and loving father. Slightly before midnight last Wednesday, Feb. 26th, all that was immortal of this fine friend, passed to the great beyond to be judged in that Great Day.

Chock had been in ailing condition for more than a year, about a year ago he and wife making a trip to Rochester, Minn., to go through the Mayo Clinic. But it seemed to no avail, as a head tumor had already developed, that finally sapped his life. All that loving hands of home folks, as well as his good neighbors could

do, was done to alleviate as much as possible his long suffering days and nights.

The writer has known the deceased intimately for the past 31 years, having lived a close neighbor of the Hamilton family during his high school years. We can truthfully say that Chock led an exemplary life, and was considered one of the most moral young men in this section at that time. Some 25 years ago, he married Miss Cemmie Adams, daughter of the late Mr. and Mrs. H. F. Adams, another pioneer family of Terry county. He is survived by his wife and three daughters, Misses Beth and Sugar, city, Mrs. Winston Reeves, Lubbock, and one son, Charles, at home. Also a brother, Jesse, of Plainview, three sisters, Mrs. Ann Hunt, San Angelo; Mrs. Terrill Isbell, Houston, and Mrs. Weldon Ridgeway, city, as well as a host of other relatives.

Funeral services were conducted Friday at 4 P. M., by Rev. Avery Rogers at the First Baptist Church. The large crowd of people as well as floral offerings attested the friendship in which deceased and family were held. Burial in Terry County Memorial Cemetery, city, with the Brownfield Funeral Home in charge of arrangements.

Mr. and Mrs. Delbert Swindle of Artesia, N. M. visited in the L. L. Brock home Sunday.

Mr. and Mrs. Harvey Gage had as their guests Sunday her sister, Mrs. Earl Chester, Mr. Chester and also Mrs. Gage's mother, Mrs. Billings, of Whitharrell.

County Supt. Lee Fulton has asked us to announce that the West Texas Teachers Association will meet in Big Spring March 14.

D. P. Carter was in this week and remembered his father's family landed in Texas from Tennessee about 50 years ago.
