## PARENT-TEACHER CONFERENCE FOR 14th DISTRICT TO BE HELD HERE NEXT WEEK

School Leaders Representing Some 22 Counties in West Texas Will Come to Brownfield Next Thursday, Friday and Saturday. Record Attendance Expected.

"The Home as the Threshold of Democracy," as the Theme of the Conference, will be uppermost in the minds and hearts of the delegates this year.

Conference headquarters will be at the First Baptist Church where also the General Sessions will be held. Plans are under way for a record-breaking conference here in Brownfield.

State-known authorities in various fields of parent-teacher work will lead conferences and discussions in a program well organized by our 14th District President, Mrs. H. G. Stinnett, Jr., of Plainview, Texas.

Every association that sends delegates to Brownfield will find all branches of its work enriched by the contacts made with men and women who are at the peak of the Parent-Teacher movement and men and women who are eager to learn how to promote its program more fully.

### General Sessions P. T. A. Conference

General sessions of the Parent-Teacher Conference to meet here on April 24, 25, 26 will be held at the First Baptist Church and the public is invited. These sessions are outlined briefly:

- Friday, April 25**
- 9:00 A. M.—Band Concert. Formal opening of Conference.
  - 11:00 A. M.—Main Address: "The Parent-Teacher Way," State Vice-President and other participants.
  - 1:45 P. M.—Music by Floydada P. T. A., "Life Membership—What It Means."
  - 3:00 P. M.—Panel Discussions by high school students from Lubbock and Brownfield.
  - 4:00 P. M.—Symposium: "Building a Democratic Society," superintendents of five schools.
  - 7:30 P. M.—Music by Brownfield Choral Singers, Men's Chorus, Women's Chorus, Mrs. Dallas, Mr. Horn. Main Address: "Mental Health in a War World," Mrs. J. W. Hathaway, Science Research Association.
- Saturday, April 26**
- 10:20—Music by Brownfield Band, Addresses by well-known P. T. A. Workers; Question Box; Adjournment.

### Breakfast to Be Served to Delegates

Breakfast is to be served to members of the Board of Managers on Friday morning by the Band Mothers. Breakfast will be served Saturday morning to the entire delegation by the Women's Federated Clubs of this city. These courtesies will be appreciated by the delegates and especially by the local Parent-Teacher units.

### Special Request

The committee on General Arrangements for the Parent-Teacher Conference in our city on April 24, 25 and 26, is asking that the people of Brownfield open their homes to the delegates who come to our town from the 24 counties of 14th District.

Mr. and Mrs. Ed Stewart had as their guests this week his mother, Mrs. A. F. Stewart, her mother, Mrs. C. F. Burton and Mrs. Stewart's sister, Mrs. Wilma Elledge. The visitors were from Graham.

## Guard Unit Enlists Required Number

Company D, 34th Infantry Battalion, local unit of the Texas Defense Guard, had at the last report already enlisted enough men to meet requirements. A guard unit must have at least 63 enlisted men and not more than 75.

While Captain Edwards, commanding officer of the local unit,

**CAPT. C. T. EDWARDS**  
Capt. Edwards is shown dressed as First Lieutenant in World War.

expects the company to be at full strength in the very near future he urges all those interested but are unable to enlist due to lack of vacancies, to come on out and drill with the company as vacancies will occur in the company when guard members holding low draft numbers are called into the regular army and replacements will be made as the vacancies occur. Only obligation of those not enlisted but attending drills place themselves under is that they observe the same discipline as the regular guardsmen while attending drill.

### North Side Baptists Plan Revival

On next Sunday, April 20th, will begin a two weeks series of revival meetings at the North Side Baptist Church, with Rev. H. S. "Red" Hinson, of Stamford, Texas bringing the messages.

A number of Brownfield residents will remember Rev. Hinson as the speaker who presided over the unique and much discussed midnight "Buzzard Roost" session which was held at the church several months ago. Equally as unique is this minister in his delivery of the evangelistic messages, and every service promises to be "in demonstration of the Spirit, and with power."

In the absence of the regular pastor, Jno. R. Denning, who is compelled to be away from the city for a few weeks, the ministry and the work of the Church is in charge of Rev. Arnes Frank, its co-pastor, who will work with the evangelist in daily visitation and in arranging the daily prayer meetings in connection with the revival series.

All churches and pastors are cordially invited to attend and give their prayerful support to help make this one of the most fruitful soil winning campaigns. Likewise, each and every member of the church is hereby enjoined to loyal and faithful attendance and prayerful cooperation.

Mr. and Mrs. Ed Tracy and daughter, Joan, of San Diego, California, recently visited her mother, Mrs. C. W. Hicks. The Tracy's were enroute to Maryland and other eastern points.

Mr. and Mrs. Lewis Havron and James Ellison spent Sunday in Hobbs.

Mr. and Mrs. Leo Holmes and children spent Sunday in Seminole visiting Mr. and Mrs. R. B. Holmes.

## Seven Named For Consolidated District

We think, and so does County Supt. Lee Fulton, that the county trustees did a whale of a good job in appointing trustees for the newly consolidated Brownfield district, comprised of Brownfield, Gomez, Johnson, Harmony, Happy, Challis and Pleasant Valley. They are all good school men, and we think fairly represent the district.

They are, J. M. Telford, Bruce White, A. E. Cary, C. E. Ross, E. C. Willis, B. O. Black and Wood E. Johnson. Mr. Fulton stated to a representative of the Herald that \$7,268.00 had been approved by the State for transportation, had been approved, or we believe about 50 percent of the desired amount.

At this time E. Eston Day, deputy State Superintendent, is here making a final check up on the schools of the county and is expected to finish Thursday of this week.

Supt. Fulton also stated that the Foster school was being dismissed Friday of this week, having run out of funds.

### Grand Master of I. O. O. F. To Be Here

Mr. J. R. Ogle, Grand Master of the Texas Grand Lodge, Odd Fellows, will be here next Wednesday, April 23, for an address at the American Legion Hall, better known perhaps as the Venetian Auditorium. At the same time, motion pictures will be shown of the Orphans home at Corsicana, states Judge R. A. Simms, prominent local Odd Fellow.

Judge Simms also stated that there would be a program put on by local people that would be good and well entertaining, and as this will be an open house meeting everyone is cordially invited to attend. Refreshments will be served.

Mon Telford has corn coming up, we understand.

## Monday A Busy Day With Commissioners

Beginning a long grind early Monday morning, with a half hour out for lunch, the Commissioners Court of Terry county, probably spent one of the busiest days in its history, closing late in the afternoon of that day. In the first place, it was the monthly payday, and all the checks on the county for the past month had to be checked over and ok'd, together with approval of bills.

Then there was the matter of the Lamesa highway. All the payments for right-of-ways and three culicite pits, bar ditches, and what have you, had to be approved and paid for. Let us state just here that all the blue prints of grades, cuts, fills and curves have been approved, and the advertisement for bids on this road may appear not more than 20 days away.

Last but not least, the Commissioners Court had to canvass every school election held in the county April 5th, and not only that, but one for consolidation held in seven districts last Saturday. Then in the afternoon, they appeared before the Commissioners of Yoakum county, with others, asking that they grant an election to Yoakum county voters in the Harris community to consolidate with the Brownfield Independent School district.

Judge Lincoln mentioned several other things, but they were so numerous that we have forgotten what they were. But we'll bet one said county judge and four Terry county commissioners did not have to be rocked to sleep that night.

### One Inch of Rain Sunday Night

There was an inch rainfall here Sunday night, or rather after midnight Monday morning. The hardest rain seemed to have been here in town. Very light out north and west of town.

It tried to repeat Monday night, but failed, with a display of lightning and thunder.

## SCHOOL CONSOLIDATION ISSUE PASSED BY HUGE MAJORITY IN SAT. ELECTION

Brownfield Independent School District Adds Several Hundred Sections of Land, With addition of Six Other Districts. Issue Gets a 6 to 1 Majority.

While probably not more than a fifth of the qualified voters took the trouble last Saturday to visit their polling places and register their votes for or against consolidation of the Brownfield Independent school district, enough did turn out to ok the proposition by a strong majority. The great majority of those who did not have enough interest to vote, probably were not against it or they too, would have voted.

The unofficial vote handed us Monday by Supt. Emmitt Smith, who spent much time and hard work in putting over the proposition, is given below. Will state that we found that the official count by the commissioners court Monday changed that vote little or none:

School	For	Against
Brownfield	123	2
Harmony	20	6
Johnson	35	20
Gomez	29	4
Happy	9	4
Challis	29	7
Pleasant Valley	30	3
Total	275	45

All districts had to be for it in order that the election carry, so you will see that Johnson came nearer turning the soap bucket over than any of the others. Harris and Brownfield will both vote on consolidation, May 5. Harris, while a small district in northwest Terry in both area and population, has no bonded indebtedness, but with oil getting so near them may be worth millions in valuations some day. It partly lays in Yoakum county, and separate petition had to be circulated in Yoakum county, and presented to the commissioners of that county. All three petitions were gotten up, presented and approved Monday. Some swift work!

## Deposits of Two Banks Near 2 1/2 Million

The two banks of Brownfield are in most excellent condition. Of course the deposits are off a bit from the call the first of the year, the exact amount being \$175,221.58, which is seasonal. There is not as much coming in to farmers this time of year as there is around the last of December or January 1st. At the same time, there is a big difference in the deposits of March 26, last year, and April 4, this year. At that time there was on deposit at the two banks \$1,668,828.91, and this year \$2,460,819.84, a difference of \$791,990.93, or over three quarters of a million dollars.

We might also state that there is more money on deposit in the two local banks than in any city on the south Plains outside of Lubbock, and Big Spring, if the latter is considered on the south Plains; likewise Midland and Odessa, all three oil towns. Financially, this area is in better shape perhaps than any farming section of Texas, and we are including the whole south Plains in this area, as the banks all over the south Plains are in fine condition, and growing rapidly.

Noting the calls as printed in this issue of the Herald by order of the Comptroller of Currency, we find the combined Resources, Cash, Loans and Deposits to be as follows:

Resources	\$2,648,867.50
Cash and Available	1,747,824.81
Loans	867,077.51
Deposits	2,460,819.84

Mr. and Mrs. Bruce Hancock were Lubbock visitors Tuesday.

## Keen A Hustler Among Automobile Dealers

We are pleased this week to present a likeness of J. R. Kee, who recently took over the Nash agency in Brownfield. You will no doubt say that J. R. is not so doggoned pretty, but you'll have to acknowledge that he is going right down the line with the best of them as either a new car salesman, or used car dealer.

Mr. Kee has spent the best of

J. R. KEE

the past five years in Brownfield, and recently stated to us that unless he was led to the edge of town and told to get, he would be here the next five years and longer, as Brownfield is home to him. We believe that J. R. was reared down somewhere in the vicinity of Olney, from whence he came here.

J. R. Kee has been a great friend of the Herald and its force ever since he came here. He likes to laugh and josh, and that is sorter down our alley, too. He is an excellent family, and is a splendid addition to our city, ready to boost for this area; ready to help in every worthwhile move.

If you don't rise early and stay on the job late, you are likely to see J. R.'s smoke as he passes by you.

## Mahon Favors National Defense Plan

The following is a two-minute speech delivered by Congressman George Mahon, April 3. The speech gives Mr. Mahon's ideas on some matters directly affecting defense:

Mr. Mahon: Mr. Speaker, this conference report provides for more than \$4,000,000,000 additional for national defense. I think the appropriation is in the public interest and I am for it. And I am for such taxes as may be necessary to raise all or part of that sum. However, I share the view of the overwhelming majority of the members of this Congress when I say that I want this money spent right and without waste or graft, and spent promptly for the defense of this country.

I believe the American people are tired of having their pleas for action in regard to the slow-up of the national defense answered with the statement that the situation is being investigated. The patience of the people is about exhausted. What the people of the nation want is action—and action now.

I say that this hold-up of our national defense is nothing short of an outrage against the public welfare of our nation. I hope the Mediation Board will act and act with increasing firmness and promptitude. As for myself, I am ready for the Congress to supplement investigation with action—and action now—for the defense of our country.

In my opinion, the overwhelming majority of the laboring people, in both the organized and unorganized groups, share the views which I have expressed.

Mrs. Blue Graham and children visited her mother, Mrs. Charles Quinn in Eunice, N. M., Easter.

Mr. and Mrs. Donald Peachee and baby of Decatur visited her parents, Mr. and Mrs. J. H. Griffin, recently.

## CO-OPERATIVES HOLD THEIR ANNUAL GET-TOGETHER AND BARBECUE TUESDAY

Local and State Speakers Held Platform at Morning Session. Large Dividend for the Society Announced. Great Barbecue Dinner Served at Noon Hour.

There is one event that many farmers of the Brownfield section look forward to every spring, and that is the annual meeting of the officers, directors and stockholders of the Brownfield Co-Operative Society No. 1, together with their families, as well as a host of invited friends. There were to be two directors elected to the board this year, J. S. Smith and Hugh Hulse being the retiring members; both were re-elected.

The meeting began at ten o'clock Tuesday morning in the district court room, with Roy Phillips, manager, acting as master of ceremonies. President J. S. Smith welcomed the stockholders and visitors and announced that quite a nice dividend melon was to be cut this year, amounting to \$23,000 for the gin and filling station. The locker plant, installed about a year ago, failed to pay a dividend, which was hardly expected the first year.

The crowd of several hundred was addressed by J. O. Gillham, Vice-President of the Brownfield State Bank, and by Spencer Kendrick, assistant cashier of the First National Bank. Each pointed out the advantages of cooperation, and expressed the appreciation of the banks for the business the Co-Operatives do through their banks. Bill Tilson then addressed the audience, but his was rather a report of the State Convention at Houston. Bill gave much information about the convention, and how well they were entertained, and related some pretty funny stuff, but did not commit himself too far.

One of the best lessons to farmers we have heard in some time was delivered by T. S. Day, formerly of Plainview, but now with the Agricultural Adjustment Administration, headquartered at College Station. We wish that more farmers could have heard this address. He was followed by Homer Winston, who always makes a fine address on any occasion, and always gets the kick to his listeners.

The crowd then repaired to the American Legion Hall where one thousand pounds of Crede Gore's prime beef had been barbecued at the Cary Bakery, under the supervision of Sam Pyeat, not to mention "the gentleman from Odessa," bread, pickles, onions, coffee, salads and other things that go with a real first class barbecue. There was also plenty ice cream and cake as well as lemonade. Between 600 and 700 people registered for the feed.

In the afternoon a fine address was delivered by Mr. Jaynes, of College Station, who is connected with the extension work of the A. & M. college. Among other prominent visitors were, Mr. Campbell, superintendent of the Co-Op Oil Mill at Lubbock, and Mr. Donaldson, with the gins at Tahoka, and Doug Morrell, head of the Co-Ops at Post.

### Large Crowd Attends Football Banquet

Some two hundred people were in attendance at the football banquet which was held in the gym Tuesday night. Postmaster Jas. H. Dallas was master of ceremonies. Program was opened with talks by Coaches Noonester and Barrett. Clovis Kendrick presented the District Championship trophy to Co-captains Tankersley and Akers, and this was followed with talks by Burl Huffman, backfield coach, and head basketball coach at Tech; Morris Strickland, representative of a sporting goods house and Dell Morgan, head coach at Tech and principal speaker of the evening. Pictures of the Brownfield-Colorado game was the last event on the program.

M. C. Chambers was in from the farm in the Foster community Tuesday and stated that he was then planting sudan and corn, and would start planting cotton later in the week.

### Results Of The Trustee Election

With the exception of those districts which voted for consolidation last Saturday, we are giving the newly elected trustees. In the consolidated district, the county trustees appointed trustees for the district, as will be noted elsewhere in this paper:

Tokio: J. A. Parks and W. E. Bond.

Poster: M. B. Childress and T. A. Caudle.

Scudday: Earl McNeil.

Meadow: C. E. Hicks and Scott Walker.

Wellman: L. D. Hamm, J. R. Thomas and Sewell Deah.

Lahey: J. F. Thomason, W. J. George and T. A. Gresham.

Union: H. H. Harred and J. C. Bass.

Harris: F. M. Ellington.

Results in the county trustee election was as follows:

W. A. Tittle, re-elected trustee at large.

J. O. Wheatley, re-elected trustee of Com. Pre. No. 3.

Lee Lyon, elected trustee of Com. Pre. No. 4.

### McBride Purchases Ross Motor Co.

The junior member of the Herald has had the pleasure of meeting the new owner of the Ross Motor Co., Mr. K. N. McBride. However, the senior member has called but did not find Mr. McBride in at that time. However, we understand that he is from Lubbock, and is moving his family to Brownfield.

From what we can gather from some of the employees, most all if not all of which were retained from the Ross personnel, they think Mr. McBride is a very fine man, and a great addition to our city. We welcome he and family to our city.

It is our understanding that Mr. Ross retained the Buick agency, which will still go under the name of Terry County Motor Co., while the new firm, with the agency of the Oldsmobile and Hudson cars, will be known as the Brownfield Motor Co.

### Just Arrived On The Herald List.

New readers are always appreciated, so are old ones. A good newspaper expects all its new readers to become old ones. Here is the list that has been added in the past two weeks:

Mrs. G. Z. Sherman, city; Barbara Garrett, Rt. 4; Mrs. J. S. Brazeele, Kosciesko, Miss.; J. A. Fox, Rt. 2; Looe Miller, city; Mrs. C. J. Richter, Los Angeles, by mother here; Mrs. O. F. Peebler, Omaha, Nebr.; Edgar Richardson, Rt. 4; Lazelle Huckabee, Hagerman, N. M.; Edwin Sumrow, O'Donnell, Texas.

C. T. Shaffer, city; E. R. Hutson, city; T. P. Oliver, Rt. 2; Chas. Quinn, Eunice, N. M.; Ben F. Lee, city.

### Formal Opening of Chevrolet Later

In view of the fact that one of the partners, Buddy Teague, was out of town, the other partner, Jack Bailey, decided to defer the opening to a later date. But, say, boy, they sure have a swell place. In the meantime, Mr. Bailey would have their customers know that they are now located and ready for work in the new building, corner Fourth and Broadway, and that they are open day and night.

O. F. Krueger was in from his farm seven miles north of town, Tuesday and stated that he had corn coming up and was busy planting cotton at that time.

Judge R. P. Moreland was a visitor from Plains Saturday.

Some "dip" has said that everything that a man desired was either illegal, immoral or fattening. A local loafer says that the above just about catches 90 percent of the men in this old town.

Editor Henderson Shuffler of the Odessa American called on the Herald recently when he brought his wife up to review a book. Henderson is really an enthusiastic newspaper man, and believes in his profession.

And the question arises what we'd do with the CIOers should we arrest them that hung around the factories and refused to work themselves, or let others work? We would have to board and clothe them, wouldn't we? Or have we enough rock piles to go around? We know what they would do to them in Italy, Germany and Russia—yep, Japan.

One of our local farmers who helped to hold one of the consolidation elections last Saturday, asked the Herald man Monday why the local printers could not print the election tickets. Will state that the Herald was ordered to print 1500 tickets and did so, but they were never called for. We guess someone thought that a "furn" ticket would be more legal. Farmers are often taken to task for ordering stuff out of town themselves, and naturally they notice when town people ape them.

We hope that Hop Halsey, Lubbock, state representative of this the 119th district, succeeds in getting his redistricting bill through, as we have not had a redistricting since the early twenties. If the bill finally passes and is signed by the governor, the present district with some 130,000 people will have three representatives instead of one, as follows: Lubbock one of its own, and another jointly with Cochran, Hockley and Crosby counties. The third man would represent the rest of the district, composed of Yoakum, Terry, Lynn Dawson and Gaines, with Andrews county, now in another district, added. We could then be on a par as to representation with other Texas counties.

The Herald and perhaps others here are circulating a petition to be presented to Gov. O'Daniel, asking him to appoint Attorney General Gerald Mann U. S. Senator, to fill out the unexpired term of the lamented Morris Sheppard. Some people seem to think we should send up some old worn out warhorse like John Garner, but we believe that it would be a better idea to send a brilliant young man of the Gerald Mann type. The job of attorney general of Texas was none too big for him, and he will soon hit the stride if elevated to the U. S. Senate. He has made one of the best attorney generals Texas has ever had; he will make us a great U. S. Senator. And he has his career before him. He is not a worn out old man.

The Hamlin Hatchery Stork we believe is even more punctual than that one that is supposed to visit families on occasions. It is here on the hour and minute every Monday and Thursday to deliver baby chicks to our farmers.

Mr. and Mrs. Bill Tilson and Mr. and Mrs. Terry Noble returned this week from a trip to Houston, Galveston, San Antonio, and other South Texas cities.

**GOVERNOR MAKES GOOD**

If Gov. O'Daniel never does another thing, he has accomplished one of the most valuable things for Texas of any governor for many years. I refer to the Anti-Strike Bill. That law does not take any rights from a union labor man. Not at all. But it will protect him, as well as the public, from the racketeering practices of the so-called labor leader. It is an All-American law. Every one who believes in the American way of life and a square deal for both labor and capital, will agree with the purposes of this new law. And again, thousands are praising the Governor's logic, his will to do and the fact that he put forward this all-important measure and brought pressure upon the lawmakers and made them get busy on the job. We only wish that we had space to print the law in full.

Just why should any group who knows nothing about industrial management; who has no capital, invested in industrial plants; who has no responsibility for the loss which might be involved; who has no worries as between the management and the government; who does not have to satisfy a critical public; just why this group thinks that it is capable of running any business is hard to say. Yet this is exactly what the CIO leaders are attempting to do—to dictate the entire operation policies of every large industry in the nation, as well as many of the smaller ones. This policy will lead to the wreck and ruin of any industrial the entire operation policies of responsibility simply will not work in any line of operation. Those who are boss must feel and exercise the responsibilities which go with any successful enterprise. The CIOers are willing to boss the works, and allow the owners to pay the penalties if and when mistakes are made. You cannot wonder why business men fear the future of America when such labor leaders are in authority and are able to tell members of their unions to do the things which the men know is wrong to do. The whole CIO setup is doing violence to the future of America as a world power. —Canyon News.

**RECRUIT'S BIG FEET  
A RED CROSS PROBLEM**

DENVER—Private Herbert Tiger of Lowery Field is wearing holeless socks again.

Tiger had worn out his supply he brought when entering the Army as the Army was unable to find any big enough. The quartermaster was even hard pressed to find shoes size 15AAA.

But the Red Cross heard of his plight, bought plenty of yarn, and members sat down and knitted Tiger two pairs.

**SUPT. SMITH ATTENDS  
SCHOOL MEET IN TEMPLE**

L. A. Woods, State Supt. of Public Instruction, called a meeting of school representatives from all sections of the state Thursday, April 10, at the Municipal Auditorium in Temple. He reports that the meeting was called in regard to the installation of the 12 grade system to replace the 11 year system which has been in effect for years in this state.

There were approximately 1000 in attendance and it was voted almost unanimously to recommend the immediate installation of the 12 year system to the state board of education beginning the next school year. Supt. Smith stated to a representative of the Herald that in the local schools the plans for making the transition from the 11 grade to the 12 grade system are already complete.

A 12 grade course of study has already been edited by the Brownfield faculty and will be available to all teachers next year.

A LITTLE RUN OUT IN THE FARMING SECTION

Took a little spin out Sunday afternoon with the Mrs., not that we wished to "spark" as in days of yore, but just wanted to see 1st, how the contractors were getting along on the Levelland road, and 2nd, if any crops were being planted. Found that the caliche job on the road was completed, or just about, and the fine rains we have been having saved the contractors oodles of expense in hauling water. It is expected that as soon as the bed settles a bit more, the job of hot topping will start.

While practically all the land is up over the territory we covered, we found little sign of planting, but we understand that many planters were started Monday all over the county, and with pretty weather the rest of the week, many seeds will be in the ground by Saturday. We went the new Levelland road to one mile north of Needmore, and east to Meadow.

Stopped at Copeland Drug store in Meadow for a coke. Floyd stated that while business was still fair, it had fallen off some. However, we noted that there were a good many people in and around the store, and he seemed to be doing a business as usual. Saw several that we personally knew, among them Art Names, the showman, taking a lean on the sunny side of the drug store. He seems to be a real fixture in Meadow.

Coming down the highway, stopped off at the Money Price farm for a short time. Saw capons taking care of baby chicks in action for our first time. Also saw some good horses, cows and calves cut on that farm, as well as pigs of all sizes. They have just about all the fowl families coming down the pike, including geese and peafowl.

And so to home, the rocker and the old pipe.

SANTA FE CARLOADINGS

The Santa Fe Railway System carloadings for the week ending April 12, 1941, were 20,744 compared with 17,658 for the same week in 1940. Received from connections were 7,117 compared with 5,498 for the same week in 1940. The total cars moved were 27,861 compared with 23,156 for the same week in 1940. The Santa Fe handled a total of 27,456 cars during the preceding week of this year.

W. P. Brigance was in after supplies Saturday, and handed in another dollar on the Herald. Mr. Brigance is one of our most successful farmers.

## Formby To Support Omnibus Tax Bill

Declaring that he believed it is necessary for the State to raise at least \$20,000,000 to \$30,000,000 to meet its social security obligations, Senator Marshal Formby of McAdoo, Senator of this District, said this week he intended to vote for the Omnibus Tax bill, soon to be voted on by the State Senate.

"The last Legislature did not raise any money," Senator Formby said, "and it is up to this Legislature to see that a sufficient amount is raised to pay the aged citizens, the dependent children, the blind, and to match the school teacher retirement. We also need about two million dollars to build new structures for our State Hospitals," he added.

Recently the Senate voted an appropriation of more than \$60,000 for new buildings at the Big Spring State Hospital. This bill has not been acted on by the House yet. Hundreds of insane persons in Texas are today sleeping in County jails, or on the floors of hospitals, it is pointed out, and the new buildings at Big Spring will help take care of these patients.

"I have always been opposed to a sales tax," Formby said this week, "and I think we can raise this money by a fair tax upon natural resources and upon other taxable products. We have already disposed of one big issue when we raised the truck load limit," Formby pointed out.

Senator Formby expressed satisfaction with the Senate confirmation of Reuben Williams as Highway Commissioner, saying that he believed Mr. Williams would make an outstanding Commissioner and would truly represent West Texas. Mr. Williams formerly lived in Big Spring, in the 30th Senatorial District.

Mr. and Mrs. Ed Crow of Abernathy were guests of her brother, Ed Stewart and Mrs. Stewart Tuesday.

## Stewart Once Stage Manager For Jane Cowl

Won The Academy Award For 1940 In "Philadelphia Story"

One of Hollywood's most versatile stars, James Stewart, has been given another highlight comedy role, teamed with Cary Grant and Katharine Hepburn, in the production of Philip Barry's New York comedy stage success, "The Philadelphia Story," which opens Sunday at the Rialto Theatre for an engagement of two days.

Stewart was born in Indiana, Pennsylvania, May 20, and became interested in acting at Princeton University, playing the accordion and singing in college musicals. Educated to be an architect, he changed his mind and his aim in life when he played summer stock at Falmouth on Cape Cod.

It was Stewart's good fortune to have a bit role in "Goodbye Again," a play which was tried out at Falmouth and was then taken to New York. Stewart became stage manager for Jane Cowl's production of "Camille," and then obtained minor parts in "Spring in Autumn" and "All Good Americans." His big chance came in "Yellow Jack," followed by such hits as "Divided by Three" and "Page Miss Glory," which won him a screen test.

His first picture was "Rose Marie," and from then on his progress was rapid in such films as "After the Thin Man," "Navy Blue and Gold," "Made for Each Other" and "It's a Wonderful World." In the past two years Stewart has gone from one hit to another in "Mr. Smith Goes to Washington," "Destry Rides Again," "The Shop Around the Corner" and "The Mortal Storm."

One of Hollywood's most eligible bachelors, Stewart's name has been coupled with Hollywood's most beautiful women, but so far he hasn't made a choice. His hair is brown, his eyes gray. His greatest fear is that he won't gain weight. His pet aversion is singing barbershop harmony. Flying is his greatest hobby.

## Is Asking Aid for British Children

R. L. THOMAS

The school children of Texas are asked to aid the school children of England, who are suffering sorely as the result of German bombing, by R. L. Thomas, Dallas banker and former school teacher. Mr. Thomas has been named chairman of the Young America Wants to Help Campaign by National Chairman Mrs. Kermit Roosevelt. Young America Wants to Help is a division of the British War Relief Society. Mr. Thomas is urging the school superintendents and teachers of Texas to take up collections of pennies, nickels, dimes or quarters from their pupils to be used in aiding homeless and suffering English youngsters who are undergoing the ordeal of intensive bombing. State Superintendent L. A. Woods is Chairman of the Executive Committee under Mr. Thomas and leading educators of the state are members. Money collected in the schools should be sent to Eugene McElvaney, treasurer, vice president of the First National Bank in Dallas.

"Army purchase of percale in connection with defense program makes it impossible to secure percale in needed quantities for making of comforters under the government mattress-comforter program," is the information recently received from the administrative officer in charge. This will result in a limited number of comforters being made by families applying or none at all being made in the county. This will bring disappointment to many families who anticipate receiving comforters but all must begin preparing themselves for some of the difficulties and sacrifices that are being put before all at this time.

### Ginnings BY COTTON JOE

Other day when teacher asked Willie Hanks what a surplus was, he said, "Well, Pa's always telling us a surplus is what happens when he raises cotton to make money for the rest of the family to spend on cotton substitutes at the store."

### THE TOMATO

Use a different way everyday. Serve a glass of tomato juice for breakfast. Cocktail for dinner, cream of tomato soup for supper. Tomatoes are used in salads, in main desserts and in cocktails.

The tomato has a past that it has lived down. It is America's contribution to the world. Early explorers carried it back to Europe with other "nuggets of gold" where it was regarded first as a curiosity, then as a poisonous plant and finally as the "love apple." Italy first recognized the tomato as a prized food and it has grown there for nearly three centuries before it came back to America, to be claimed instead of dispised. Since 1835, it has had a permanent niche in American gardens.

Each individual needs tomatoes or citrus fruits daily and that, in the course of a year means around 75 to 120 pounds. Children need more.

About one-fourth ounce of tomato seed for a family of five should be sown in the seed bed eight to ten weeks before transplanting to the open garden. This amount of seed should produce 8 bushels. The Porter, Marglobe, Earliana, and June Pink varieties of tomatoes are preferable.

Mr. and Mrs. Weldon Ridgeway spent Easter with her sister, Mrs. Hunt, in San Angelo.

### DUCKS SURVIVE CIVILIZATION

Stories of two ducks which had contact with civilization, but which escaped have reached the Game Department office. One duck was seen waddling down the main street of Aransas Pass and was captured by two women. However, they decided they were unlawfully in possession of the fowl and released it. They found it had been slightly injured, which accounted for its inability to fly. When last seen the duck was waddling contentedly down the street.

Mr. and Mrs. Reece Hodges, Guy Shults and Mrs. J. D. Tipton of Post were guests of Mr. and Mrs. J. S. Tipton Sunday.

drake, apparently mistook Highway 87 northwest of Dalhart for a river and landed on it with a bump which must have jarred his ancestors, as the editor of the Matador Tribune puts it. A light snow had fallen, but had not remained on the highway, although covering the countryside. The sheen of bright moisture probably made the road look like a river and the mallard dived onto it. However, he was able to crawl off into the weeds and disappear.

### LAHEY

Miss Winona Thomason spent Saturday night with Miss Gladys Webb. They went to the carnival with the Webb family.

Mrs. Dennis Vest spent part of last week with her mother, Mrs. J. C. Cravens while Mr. Vest was away on a fishing trip. We, the people of the Lahey community, wish to express our sympathy to Melton Briscoe and family in the loss of their home by fire. They lost many precious things but may they soon get most of them replaced.

Mr. Clyde Cravens of Martin visited his parents, J. C. Cravens, Sunday.

Marvin Smith and Junior Briscoe accompanied Rufus Dill of the Scudday community to the show Sunday afternoon.

Laveda Montgomery, Alvin Kelley, Meridith and Stewart were visitors of Christine's in the home of J. T. Thomason Sunday evening.

Mrs. Lucille Sampson of Lubbock visited her brother, Ralph Bailey and Mrs. Bailey, Sunday.

### U. OF T. HAS NEWSPAPER PRINTED ON WALLPAPER

AUSTIN, April 14—One of the greatest rarities of American journalism—an original copy of the Vicksburg Daily Citizen for July 2, 1863—has found its way to the University of Texas library here.

Printed on flowered wall-paper because of the scarcity of newspaper, this issue of the Southern newspaper was written by a Confederate proprietor but actually printed by Yankee soldiers after the city of Vicksburg fell before Gen. U. S. Grant's soldiers on July 4.

One of three known copies of this original edition—identified by the misspelled name "Daily Citizen"—this copy has been verified as a genuine original by the Library of Congress. The famous edition has been reprinted more than 30 times, University Librarian Donald Coney explained.

The newspaper came to the University Library as the gift of Mrs. E. C. Barker of Austin.

Charley Green visited his brother in Canyon the first of the week.

### ENGLISH AS SHE IS SPOKE IN TEXAS

By Jeanne McDonald  
 LUBBOCK, April 14 — "Sure 'nuff, you-all" may be such a common expression in Texas that people think it is the backbone of the King's English, but Texas Tech students found themselves self-consciously repeating it for the credulous ears of girls from northern and western states who were delegates to the Intercollegiate Association of Women Students' conference on the campus last week.

Other words which the visitors could not understand or which they wanted to hear again and again included "howdy" and "hustle." The word "carry" used in the sense of taking or transporting people places was novel to most of the out-of-state girls. A "walk" from class, when the professor does not come or dismisses it, was unheard of among some delegates.

One girl inquired if all cowboys were named "Hi-pockets" after meeting Elbert "Hi-pockets" Overton, student who led a cowboy band at the chuck wagon supper which was a highlight of the conference. Another admired the "cute" words he used in calling square dances which were demonstrated at the supper, and wondered how he made them all up as he went, until she was informed that they were customary.

The Texas "Boys or dates" rather than "fellows" caused much comment between the groups of girls who were accustomed to one or the other. "Snaking" as a term for going out with someone besides one's steady boy friend needed much explanation to the visitors.

Anklets were known as "bobby" socks to the out-of-staters who "put up their hair" instead of rolling or pinning it up at night.

Mr. and Mrs. Earl Bristo and children of Vernon visited her sister, Mrs. W. E. Latham and Mr. Latham last week end. On Sunday both families went to Post to visit relatives.

Mr. and Mrs. P. R. Cates were guests of her sister, Mrs. Butler and Mr. Butler in Lubbock Saturday evening.

**Why does a Golf Ball bounce?**

EVER notice that a golf ball, when you drop it, bounces higher than something hollow, like a tennis ball? That's partly because of internal pressures, which also have so much to do with Buick's extra FIREBALL power.

Rubber threads inside a golf ball are packed tight, highly compressed. When flattened against a hard object, like a sidewalk, they come back harder, with more push, and so the ball bounces higher.

A similar thing happens inside a Buick FIREBALL straight-eight cylinder. Fuel compression pressures are higher here than in any other standard-production automobile engine. So when the spark jumps in the tightly-packed, fuel-fat ball of gas-mixture at the top of the stroke—the Buick piston goes rushing down with more push, more shove, more power than the same amount of fuel gives up elsewhere.

Result: every Buick engine travels farther per gallon this year than the same-size engines did last year, while Compound Carburetion\* with Buick FIREBALL design gives as much as 10% to 15% more miles per gallon.

In fact, if you're buying any car this year, it's pretty important to see and drive a Buick before you're through; it's Number One in smart engineering as well as Number One in solid, rock-bottom, all-round VALUE!

**WATCH DAIRY COWS' FEED IN THE SPRING**

College Station, Apr. 14—Spring is the season when dairy cows normally are in best production. But to get top production it is necessary to watch the cows' rations.

E. R. Eudaly, extension dairyman, says that green grass is much higher in protein than dry grass. Protein is the element that stimulates milk production, and green grass is high in minerals.

Many good cows do not produce as much in the spring as they could even though they produce more than at other periods of the year. The reason, the specialist says, is that protein in the grain mixture is not kept in balance with that in the grass. There should be enough protein to supply the cows' needs for maintenance and milk production, but too much protein should not be fed. Feed that is too high in protein is bound to be low in carbohydrates, and a cow must have sufficient carbohydrates to furnish the energy to walk, digest her feed and produce sugar and fat in the milk.

A cow might get enough protein to produce five gallons of milk and only enough carbohydrates to produce three gallons. In that case she can produce only three gallons after she has drawn upon her body for the carbohydrates required to

**SHELTERBELT TREES SURVIVE**

College Station, April 14—About three of every four trees planted in Texas shelterbelts under the Prairie States Forestry project during the 1940 season have survived, according to the Forest Service. The average survival in Texas was computed at 76 percent.

Trees and shrubs which continue to show the highest survival in the shelterbelt plantings include the green ash, cottonwood, American and Chinese elms, hackberry, black and honey locust, osage orange, native wild plum and choke-cherry, caragana, Russian mulberry, desert willow, catalpa, black walnut and cedar.

"make the extra two gallons. As young, tender grass is high in protein and low in carbohydrates the cow should be fed a grain mixture high in the latter and low in the former.

"When we get the protein in the mixture in balance with that in the roughage (hay, grass and silage) we find that if we add the percent of crude protein in the grain mixture to that in the roughage it always makes 27," Eudaly says. "Therefore, if you will subtract the percent of crude protein in the grass from 27, you will know what you want in the grain mixture."

**My Week**  
by Eleanor Roosevelt

**'Young America'**  
We had a smooth flight from Mobile, Ala., to Greensboro, N. C., the other day but I must say that getting up at 4:45 a. m. seemed a trifle early! I was much impressed to be greeted at the Hotel King Cotton by the proprietor and his daughter, who allowed us to go to bed for several hours.

The poor secret service man, however, who had met us and arranged to motor us to Fayetteville, said he had had no sleep because everyone was telephoning him to find out if we could drive 30 to 50 miles off our route to see some point of interest.

We proceeded leisurely by motor to Fayetteville and as we went through Fort Bragg we picked up Maj. Eugene Harrison, one of our former White House aides who is now aide to General Devers.

When the President's train pulled in, we had a few minutes before he got off and I had a chance to admire the tan acquired by all the fishermen of his party. The President looks not only tanned but very much rested and is in fine spirits.

The governor of North Carolina and Mrs. Broughton came in his car soon after the President arrived. Then Mrs. Broughton, Miss Thompson and I, with Major Harrison got into one car while the President, the governor, the mayor and General Devers headed the procession.

The drive through Fort Bragg was extraordinarily interesting. They have expanded rapidly. In fact, I heard the general say they put up a building of some kind every 32 minutes!

The camp stretches 25 miles in length and 11 miles across. The equipment is adequate for training, so the men are kept very busy. A great effort is being made to provide occupation at the camp for them during leisure hours. There is an athletic program, and a group of hostesses plan entertainments in the recreation rooms. In addition, there are three movie theaters running two shows a day.

Fayetteville is a comparatively small city and this sudden addition of 65,000 men certainly has strained every facility they have. The officers at the post, however, say that everyone in the city has co-operated marvelously and the efforts they have made to provide living quarters for the families of the non-commissioned officers, as well as for the officers' families, while keeping the rents at a reasonable level, are very much appreciated.

On the whole, the health of the boys seems to be about normal. When they were living in tents it was a trifle better than when they moved into barracks, but that is almost always true. We drove slowly, watching them perform their usual tasks. I could not help being impressed by "young America."

**PRESS CLUB DINNER**

I have not yet told you anything about the annual dinner given by the Woman's National Press club. This is a most entertaining party and if I weren't called upon to make a speech at the end, I should enjoy every minute of it. Last year I promised myself that if I were able to attend the party this year, I would not be sitting at the speakers' table. I would be completely carefree, with perhaps a little sense of superiority towards those who carried the responsibility of speaking before this gifted group of women. But here I was again, listening intently to everything said on the stage, knowing that at the end I had to answer the best I could what quips or friendly jibes had been made at my expense!

Despite this sense of responsibility, I really enjoy this party very much and look forward to it from year to year. The imposing list of honor guests shows that many other people do too.

We had several ladies staying with us and I think the gentlemen of the household felt rather relieved when they found that their only obligation was to entertain us for a brief moment before dinner. Then my husband, Mr. Hopkins, and Jimmy had dinner alone and a chance afterwards to work or to talk as they saw fit.

**NEW YORK**

The other morning I left Washington for New York city to keep a dental appointment at noon, followed by the luncheon of the Women's division of the American Jewish congress. In the afternoon I spoke to the Open-Air Classroom Teachers association of the New York city department of education. Then I had the pleasure of a visit with my mother-in-law.

I always think when I come up to New York that I am going to have ample time to do a great many things which I should like to do, such as seeing art exhibitions and really getting a chance to talk with some of my old friends. For the most part, however, in the end I find myself doing many semi-official duties and thrusting personal affairs into the background. Some day all this will be changed and I only hope that my personal friends will have the patience to bear with me during the interval and will not forget old ties.

The lady with the flirtatiously inviting eyes is Paulette Goddard, starred with Fred Astaire in the Paramount swing comedy, "Second Chorus," which arrives today at the Rialto Theatre, featuring Artie Shaw and his band and Burgess Meredith.

## Food Map of Europe as of Today

The starvation areas of Europe can be seen at a glance, above. This map will now darken from month to month as, in many countries, the last remaining food stocks reach exhaustion.

New York (Special) — All Europe is on short rations. Only tiny Portugal still commands a normal food supply. Before the first of the next harvests can be reaped, five months must elapse. In some countries, remaining food stocks will have been exhausted long before, when conditions of slow starvation which already exist will become actual famine. Moreover, in several European countries the harvest covers only a few months consumption.

The above map has been drawn to bring the threatened areas into relief. As may be seen at a glance, the British Isles, Germany, Italy and the Balkans, although all on rations, are not in danger. But the little, western democracies, always dependent on overseas supplies and now cut off by the blockade, are already on a semi-starvation basis. Darkest, immediate spots in the picture are Belgium and Poland (the latter because of war devastation and partitioning). Here, actual famine already prevails. People are dying of sheer hunger. But Spain, France, Holland, Nor-

### NORTH AFRICAN CONFLICT RECALLS TRIPOLITAN WAR

The recent conflict between British and Italian troops in North Africa has thrust the little town of Derna into the limelight. Normally, the fortified Libyan stronghold is rarely mentioned in the news.

Yet the same Derna, or Derne, as it is sometimes called, was a focal point in the struggle between Americans and Tripolitans at the beginning of the last century. The capture of that city in April, 1805, was a noteworthy triumph for the American Navy. America balked at paying tribute to the Barbary pirates as the price of our freedom on the seas. William Eaton, naval agent to the Barbary States, planned to depose the governor of Derne and to place in power a ruler more friendly to the United States. His military leader was Presley N. O'Bannon, of the Marine Corps.

With the handful of American forces at their disposal they knew that this could not be accomplished. At Alexandria, Egypt, they organized an expedition composed of Greeks, Turks, Arabians and the polygot dwellers of northern Africa, headed by a few Marines, and they set out for the Tripolitan stronghold. On their march of nearly 600 miles across the desert the Americans met with revolt, dissension and open mutiny among their followers, while the lack of food and water added to their woes. Only the firm attitude of Eaton, supported by O'Bannon and his Marines, brought the expedition to a successful climax.

At Derne, the overland party was reinforced by the crews of three American gunboats. The surrender of the town was demanded. It was refused. The Americans and their allies swept forward, captured the fortress and turned its guns upon the enemy, while Lieutenant O'Bannon of the Marine Corps, and Midshipman Mann, of the Navy, tore down the Tripolitan standard and flung Old Glory to the breeze.

This was the first time the Stars and Stripes had ever flown over a fortress of the Old World.

Homer Nelson, who has just returned from his nativity—grand old Arkansas—says that old state is wet in more ways than one. Just swimming in water, he stated had too much rain.

## BAPTIST CHURCH NEWS

The goal set for last Sunday in the Bible School was attained with 401 registering in time and some coming late and preaching attendance was large.

Beginning next Sunday a campaign to increase attendance in churches over the Brownfield Association for Bible Study will begin in which this church will cooperate with W. J. Lites of Dallas as campaign manager. The reason for this campaign is that so many families do not study the Bible at home with their children or send them where they can learn the Bible and the objective is that every family in our territory shall be urged to attend the teaching of God's Word each Sunday morning and if you are one of such families you are urged to cooperate, and not allow your children to grow up in ignorance of the world's greatest book.

The churches at Gomez and Johnson held a baptizing service at our church last Sunday afternoon baptizing fourteen young people and we were glad to be able to render them the accommodation of our beautiful baptistry.

The Easter Cantata was rendered by the choir Sunday evening with a church almost filled to capacity and many expressions of appreciation were heard of this effort on the part of the choir to depict the last events in the life and resurrection of our Lord.

The pastor is in attendance this week at the Sunday School State convention being held at Dallas but is expected to be present next Sunday morning with renewed aspirations for our work here.

A large number of people visit our church each service and we extend to many that privilege who have not done so.

## WOODMAN CIRCLE NEWS

When the Woodman Circle met last Wednesday and Thursday, Mrs. Janie B. McCanlis, district manager of the circle, of Cisco, was here to help drill the team, in preparation for the district convention which is to be held in Lamesa April 25. The Brownfield Circle has been invited to participate although they are not in the Lamesa district.

On April 10 the Circle met at the I. O. O. F. Hall for a covered dish luncheon and quilting day. On April 15 they met with Mrs. Addie Hogue for a sewing day and covered dish luncheon.

Those present at the latter meeting were Mmes. May Cook, Helen Mangum, Lura Brown, Cornelia Moore, Faye Mullins, Mary Howell, Paulette Howell, Mrs. Elva Benton was a special guest.

## TOKIO H. D. CLUB

The Tokio Home Demonstration Club met on April 8 in the home of Mrs. Clay Henson.

An interesting program was given on "Eating Vegetables Every Day," with Mrs. G. C. Perry as program leader. Plans were discussed for earning more money for the club.

Six old members and one new member were present.

## MRS. JONES HOSTESS TO MUSIC CLUB

The Cen-Tex Harmony Club was entertained recently with Mrs. E. D. Jones as hostess.

As greetings were paid, beautiful Blue Bonnets peered from crystal vases, adding a spring welcome to guests.

Mrs. Jones, president of the club, after having a brief business session in which Mrs. Tommie Black was named delegate to the State Convention at Dallas, April 16-19, with Mrs. Grady Goin alternate, gave the leader charge of a highly interesting and entertaining program. Mrs. D. P. Carter, giving a brief message on the theme, "Two Great Instruments of Music," read the program as follows:

Piano: "Danse Rustique," Wm. Mason, Mesdames Herod and Black.

Piano: "Nocture in D Major," Huntington, Mrs. H. R. Belew.

Piano and Accordion: "Melody of Love," Engelmann, Piano, Mrs. Carson; Accordion, Mrs. Herod.

Piano: "Les Gotes De Eau," (Drops of Water), Ascher, Mrs. W. H. Dallas.

Vocal: "When April Sings," Robert Stov., Mrs. Tyson.

Special guests, all members of Levelland Music Club, were Mrs. Rex Hudson, Mrs. Basil Webb, Mrs. A. R. Tunnell, Miss Laura Lee Jones. Other guests were Mrs. Redford Smith and Mrs. Tarpley. Club members attending were Mesdames Bruce, Rommel, Webb, Carson, Teague, Turner, Hardin, Belew, Hoard, Goin, Carter, Price, Walker, Dallas, Noble, Black, Parish and Misses Brown and Fields.

Mrs. Black will accompany Mrs. Dallas, State Endowment Chairman and 4th Vice-President, to Dallas, leaving Tuesday noon. Mrs. Dallas is to attend Board Dinner April 16th at Hotel Adolphus, which honors state officers.

Mrs. Jones, the clever and charming hostess, accented the Easter theme in reverie of colors on the delicious salad plate.

The club will be co-hostess with the Maids and Matrons Club and Junior Maids and Matrons Club when a breakfast will be served guests during the Parent-Teachers District Association late in April.

## MRS. KENDRICK ENTERTAINS H. AND H. CLUB

Mrs. J. J. Kendrick was hostess to the H. and H. Club Friday afternoon in her new home. In the game Miss Twilla Graham scored high and was presented with a box of bath soap.

The hostess served cherry pie a la mode and cokes at the conclusion of the game to Misses Twilla Graham, Wanda Graham, Earlene Jones, Ethelda May, Sue Jones and Mary Ballard. Mrs. Basil Reynolds, sister-in-law of Mrs. Kendrick, of Monday, was a special guest.

## O. E. S. MEETING

The O. E. S. had their regular business meeting Tuesday night. Mmes. Mary Ellen Brown, Jean Brownfield and Ida Bruton served refreshments of chicken salad sandwiches, pickles, potato chips, cookies and coffee to the 30 present.

The order will not meet here May 6 but will go to Lubbock for a school of instruction.

## 3-Way Plan Aids Many Groups

More cotton clothing, less cotton in the warehouse, more food on the pantry shelf — those are the aims of the new Supplementary Cotton Program of the U. S. Department of Agriculture. Not only farm people, but also merchants, manufacturers, laborers, and others who help turn cotton into finished goods will be assisted by the three-fold plan. Under this program, farmers who make a further voluntary reduction in their cotton acreage in 1941 may earn cotton stamps, which they can use in their local stores to buy cotton goods. A special \$3 payment also will encourage home food production. Symbolic of what the program offers are the cotton coat and dress worn by the farm girl above; the row of cotton bales, of which there is a surplus of more than 10 million; and shelves of home-canned food direct from the family garden.

**WILL DO YOU UP BROWN!**

The background color in these shirts closely resembles the soft shade of brown found in paper bags... hence the name Paper Bag Brown. On it is woven rich contrasting stripes in vivid colors. It's way out front as the season's smartest brown. There's a specially designed Arrow tie and handkerchief also. A shirt as good-looking as this deserves both, and a pair of matching shorts that have no seams where you sit down. The shirts and shorts are Sanforized-Shrunk (fabric shrinkage less than 1%).

**OLD GAGS THAT FIND NEW VICTIMS**

Jimmy, the new office boy, never saw type lice. He was curious to know what they looked like. So one of the printers fixed up a galley, with two blocks of type on either end. In between the two blocks of type was a puddle of ink water. When Jimmy's face was bent over close to the galley, so that he could get a good look at the type lice, the printer quickly pressed the two blocks of type together, squirting the mess into poor Jimmy's face. It's been years since that gag was first pulled, but its just as effective today as it ever was.

Jimmy's discomfiture reminded us of tricks like that pulled over and over again, on countless apprentices and office boys. Perhaps the most famous is the one in which an apprentice is sent scurrying all over the plant in search of a left-handed monkey wrench. There are a dozen versions of the left-handed gag — left-handed tea cups, left-handed canoe paddles, left-handed saws.

The boys who are now starting army camp life will be sent chasing around the camp in search of a bucket of salutes. Countless others have searched high and low for buckets of steam, or for buckets of striped paint.

Grocers' clerks have been trapped by innocent requests for vanilla-flavored apple butter. Apprentice meat cutters have spent hours in search of meat-augers, with which to cut holes in a side of beef so it can be hung up on a meathook.

When a new usher starts to work in a theatre, the older boys always send him about to find a curtain-key. They tell him the show can't go on until the curtain is opened, and the key has somehow been lost. Greatly excited, the new boy will spend an hour in search for the key.

Every trade has its own little gags. It's all in fun. The little tricks serve as ice-breakers, and the newcomer who takes it good-naturedly is a favorite with the

**Peanut Marketing Quota Referendum**

April 26 has been set as the date on which the Marketing Quota Referendum will be held. Marketing Quota provides the means by which each farmer may receive his share of the available market that is, the amount of peanuts which can be sold for cleaning and shelling at reasonable prices. Quotas will be in effect only if approved by two-thirds or more of the farmers voting in the referendum.

**The Wheat Marketing Quota**

According to present indications, the Nation wheat growers will be asked to vote May 31 on a wheat marketing quota plan for handling their 1941 crops. A simple explanation of the situation that may lead to wheat marketing quotas is this: A record carryover and another big crop are on the way. We will enter the new marketing year with a wheat supply of more than a billion bushels, nearly enough to last two years without growing another crop.

**This Week In Defense**

President Roosevelt, in a press conference, said that although the U. S. rearmament program is being greatly accelerated, he is still not satisfied with the rate of production.

Director General Knudson of the Office of Production Management said that "during the last seven months we have actually started, and more than 60 percent completed 784 new factories," employed thousands of contractors, commandeered all existing shipyards and ordered seven new ones. He itemized progress and needed production increases as follows:

30 cal. machine guns, "ahead of schedule," need 500 percent increase; 50 cal. machine guns, "9 percent ahead of schedule," need 1000 percent increase; 13-ton tanks, "fair rate," need 100 percent increase; 26-ton tanks, "production deliberately held up" by the Government; powder production and TNT, "on schedule;" rifles, "ahead of schedule," need 100 percent increase; machine guns, "ahead of schedule," need 500 percent increase; aluminum, "production increased from 25 million pounds a month a year ago to 40 million pounds a month," need 70 million pounds a month; magnesium, "production doubled," need six-fold increase; supplies and equipment, "satisfactory;" Army and Navy housing, "construction over half completed," need 44,500 buildings and 95,000 tent frames.

**THE METHODIST CHURCH**

In order to make plans for the Vacation Bible School the children's workers division will hold a zone meeting here Friday in the basement of the Baptist Church. It opens at ten o'clock. Mrs. O. P. Clark and Mrs. John E. Eldridge, District and Conference Directors, will conduct the meeting. All interested are invited. There will be a covered dish luncheon.

Last Sunday was a great day with us at the Methodist Church. The auditorium was full of our folks and visitors, all of whom we were happy to have. How glad we are to have Easter Sunday. Had it not been for the first Easter Sunday our hopes would be in vain. About forty percent of the benevolent offering was paid and Bro. Hanks expresses his thanks for this; he also urges that we pay the balance next Sunday so our quota will go in on time.

We are expecting next Sunday to be a great day too. The pastor's subject will be "Power of the Gospel" for the morning service. For the evening service the young folks will present a pageant directed by Mr. Foote who has presented it before at various places and he says it is good indeed.

A welcome sight to us is the progress being made on our building. The framework is up, the basement floor run so it is looking fine. The speed of the work depends on the pledge made. Let's all pay ours so the work can go on.

A special invitation is extended to all to come worship with us.

## Hoover Presents New Plans to Save Hungry in Europe

Asks British and Germans to Try Soup Kitchens in Belgium as Military Test

Chicago—(Special) New plans to save the inhabitants of the occupied democracies in Europe from starvation were presented by former President Hoover at a mass meeting, held in the Opera House Auditorium here last Sunday night. In expressing his appreciation to the two thousand public bodies who have supported this movement to aid these unfortunates, and the sixty thousand who have written letters of approval, Mr. Hoover explained the purpose of the Committee was to expose to the world the facts of the food situation and to raise a voice in behalf of those tens of millions of innocent men, women, and children, now suffering from want of nourishment.

Speaking as Honorary Chairman of the Committee on Food for the Small Democracies, he made public the proposals, submitted to the British and German governments a few weeks ago, to establish Soup Kitchens in Belgium as an initial experiment to test out whether these people can be saved without military advantage to either side.

There is nothing new in this war "March of Hunger," Mr. Hoover told his audience. The consequences of great wars are always famine and pestilence. The World War of 25 years ago brought hunger to three hundred million people. In the present conflict it is coming faster and with more violence. Today nearly three hundred million people are on rations more drastic, except in Germany and Great Britain, than at the end of the third year in the last war. In this creeping famine the most immediate danger and greatest suffering is among the seventy million people in the democracies which have been overrun by the German armies.

Two weeks ago the Committee's American experts in Belgium reported that within a month the city and town population consisting of over eight million people would be without food unless supplies were brought in somewhere, somehow.

### NEW PROPOSALS

In presenting the new proposals, Mr. Hoover said, "You are aware that this Committee has made proposals to the belligerent governments that completely organized food control should be set up for the peoples on the lines of the last war. Those proposals would have given time to organize prevention. They are the ultimate necessity. But a distracted world is slow to believe, and we were reluctantly compelled to conclude that it must be confronted with ghastly reality before action could be hoped for. That ghastly reality has arrived in Belgium. Furthermore, while I do not agree to the grounds for the rejection of our previous proposals, yet if these people are to be saved, we must seek to meet those objections by proving our case in action.

"Therefore a few weeks ago, we held before the British and German Governments the following suggestions:

"First: That we make an initial experiment in Belgium to test out whether these people can be saved without military advantage to either side.

"Second: That this test comprise feeding only through soup kitchens, where the people come to get their food and thus there can be no question of feeding Germans.

"Third: That at the beginning we provide for one million adults and two million children; the adults to receive half a pound of bread and an allowance of soup, the children to receive special food in addition, including preserved milk. This would require about 50,000 tons a month, of which about one-half would be breadstuffs and one-half meats, fats, and food for children.

"Fourth: That the German Governments agree there is to be no requisition of native food.

"Fifth: Both Governments to give Relief ships immunity from attack.

"Sixth: The whole to be under the supervision and checks of some neutral body.

"It is my belief that the Germans should cooperate to secure some breadstuffs from continental sources. But for meats, fats, and food for children there are no sources of supply on the Continent. That must come from overseas,—and that requires cooperation from the British to pass the blockade.

"If we can make this experiment work in Belgium then such a plan can be extended to the other democracies. It is primarily devoted to saving the unemployed destitute and the children.

"These Governments have this plan under consideration.

Mr. Hoover was of the opinion that the relief of these countries would not prejudice the British and would be of no gain to the Germans. The countries benefited are not seeking charity, and would defray all expenses. The amount exported from America would simply use our surplus food.

"To those who say it cannot be done," said Mr. Hoover, "the reply is simple—at least let us try it and if we fail that ends our effort."

The Quilting Club met in the home of Mrs. A. V. Taylor on April 3.

One and a half quilts were quilted during the afternoon.

The club was glad to have back with them Mrs. Garrett, Mrs. John Day and Mrs. Bill Wauson.

During the discussion it was decided that the club would quilt some quilts for Mrs. W. B. Martin's mother, Mrs. Stewart, from California, who is unable to quilt.

The money will go to the home demonstration club. It was also decided that each member should pay their monthly dues the first of each month, which is only five cents per month.

Twenty-three members and three visitors were served delicious iced punch and cookies.

Mr. and Mrs. W. C. Smith had as their guests Easter their children and their families, those present were Mr. and Mrs. Adolphus
