VOLUME THIRTY-SIX

BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY, MAY 30, 1941

NUMBER 43

AND THE RAINS CAME TO TERRY, SUCH AS NEVER WITNESSED BEFORE

Whole Countryside Flooded Last Week With Ten Inches Of Water. Many Highways Blocked; Motor Boats Brought Out of Storage. Much Replanting Expected.

"Water, water, everywhere!" That is about the way to express the size of the floods that have visited this section the past week. Not in the history of the county has anything like this visited this section. At no time have rains fell in such abundance before, that it would hold the rains of last week a light to see how to flood by. The local rain gauge recorded some over ten inches last week, and the average here is around 18 inches on a ten year basis. To date, some 23.50 inches have fallen, and the first five months this year.

There are lakes on farms here where water never stood before. The lake or rather natural depression in the north part of the city had several motor boats on it last week, with several persons on water skis trailing. We understand that seven motor boats were seen on the K. W. Howell lake just out of town on the Tahoka road at one time. Where did the boats come from? You like to have asked us too soon. We did not know they were here either until the floods came. But they belong to local fishermen who make frequent trips to rivers and lakes to fish.

A large lake between Meadow and Ropes got so high, that traffic to Lubbock from here has been routed via Tahoka since the rains, and was still some three feet over the highway Monday. If there are no more rains, it is believed that the highway will be opened for traffic some time in the next few days, maybe by Wednesday this week. Highways between Slaton and Lubbock were also blocked by lakes, and traffic to Post was routed by Tahoka.

To give just one close call to a Terry county family, we mention that of Mr. and Mrs. Bruce Bailey, who live on one of the Sawyer places south of town some eight miles. There must have been a regular waterpout at their place. Somewhere about 2 a. m. Friday morning, Mr. Bailey decided to get up and look after his stock, but it was raining so hard he laid down again. Later, Mrs. Bailey heard some young chickens she had brought in the house cheeping, and got up to find water ankle deep in the house. By the time they could get clothing on and wraps, it was almost up to the door knob. There is a natural depression where they live, and it is said that water got eight feet deep where their house stood.

This young couple has worked hard and accumulated some nice furniture, including an electric. All their furniture was ruined; they saved 12 hens out of 200; about 20 young chicks out of some 600; several pigs, and four calves were drowned; their bundle stuff was floated off in the lake, and their maize covered with water. They managed to get to a nearby home that was on high ground, where they took refuge for the rest of the night. It is believed they were the hardest hit of any family in Terry county.

We have quizzed a number of those who were here before the county was organized, and all agreed that nothing like this had ever happened here. The writer is no newcomer, having been here 31 springs now. While we have had some hard rains in small areas, fall in a short time, nothing like this has ever been seen.

If there is anything humorous about the matter, the joke is on the editor of this sheet. A nephew of ours, Neal Stricklin, who had been ordered to quit work by his doctor on account of a weak heart, came home with us from Tennessee. We had insisted that this was a HIGH, DRY, climate and might help him. Neal says: "Uncle Jack, this may be a high county in altitude, but it likes a lot of being dry."

Mrs. Jim Graves is visiting her parents in Rush Springs, Okla., this week

Company D Bulletin Board

Major T. N. Carswell, Abilene, will inspect Company D sometime after June 3. Exact date has not as yet been determined. Since the Major must verify each enlistment, it would save the major no little trouble and the guardsman no little embarrassment if all guardsmen are present at the inspection as the Major will then personally interview all those absent.

Members of the second platoon experienced rather mixed emotions when they discovered that one or more individuals in that group are improvising a new Manual of Arms. The new manual invariably has one more count to the execution than the one prescribed by the U. S. Army. According to the company officers, it is "most unlikely" that the new drill will be adopted by the unit. On the contrary, sentiment among the officers seems to run more toward suppressing it.

Promotions:
Corporal Rufus N. McClain to Sergeant. Pvt. 1st. Class Rufus J. Purtell to Corporal.

Officers and men of the Company regret that Sergeant Henry Chisholm has been advised by physicians of the Veteran's Hospital at Amarillo to give up his duties with the company.

Since the President's speech last Tuesday night, a number of individuals have expressed a desire to join the company. The company is now at FULL STRENGTH, but any person wishing to do so WILL BE DRILLED with the company. Drill periods are held Tuesdays and Fridays of each week at 8:00 p. m., either at the Legion Hall or the football field, depending on the weather.

Side-Lights Of The Rain

A local man who was used to hearing frogs croak, and see water dogs wobbling across the sidewalks, after a rain, only wondered where they came from, but last Friday evening when he saw motor boats racing in the city limits he rubbed his eyes, and said, "I'll never take another drop."

We hear that K. W. Howell is attaching a cultivator to a motor boat to replant his crop.

Several ranchmen were in this week offering their windmills and wells, cheap.

A move is on to get some Naval plane bases designated here. They can have their choice of several good lakes.

Their Car Takes Refuge Under Truck

Three of our local youths, while out driving recently are said to have tried to take refuge under a truck when a hard rain came up, by running their car down "T" under the truck. Nothing more than several skin abrasions and black eyes resulted.

By the way, Cye Tankersley and several other kids are noticed lately having a time in a car of the vintage of 1903. By setting up a stake you can tell that it moves.

Boy Drowned Here Last Friday

Johnnie Lewis, colored, 17 years of age, was drowned while with other companions in swimming in one of the pit silos near the Babicora feed pens, here last Friday evening. It appears he had gotten into deep water, not being able to swim and had drowned before help reached him. He was buried here Saturday.

Yes, sir! Brownfield and area is a wet section so far as water is concerned. This scene is a lake or natural depression in the Santa Fe addition or north Brownfield. This depression had more water in it than anyone has ever seen in the past 40 years, so far as we can learn. While this picture shows only one motor boat, several were seen on it at another time.

—Allen Studio

Junior Chamber Sponsors Playground

A supervised playground, sponsored by the Junior Chamber of Commerce, will open at the high school gymnasium on Monday morning, June 2nd, at nine o'clock. The playground will be under the supervision of Mr. and Mrs. V. N. Keyes, who were teachers in the Brownfield school system during the past school year.

Community leaders in the towns and cities are increasingly recognizing the importance of providing recreational opportunities for their children. Through physical education, music, art, and the other departments of the public schools, children are given many opportunities to take part in games, music, drama, and other play-motivated activities. It is equally as important that they have facilities and opportunities for continuing these interests outside of school hours and after they leave school. Leadership is just as important in after-school and summer play as in the classroom.

To make this program a success it is essential that everyone in the community do all they can to arouse interest in it. The parents are invited to visit the playground to see for themselves the benefit and the good such a program can accomplish. Keep the children out of the alleys and the streets and away from those things that lead to juvenile delinquency.

This supervised playground will last for ten weeks and during that time the child will be directed in all kinds of games and sports, handicraft, drama, or any other activity in which the children show an interest. There is no cost to the child for coming to this playground. Every child in the community that is of school age is eligible to attend and is urged to be there. Five hours each day, five days each week will be devoted to the supervised playground—nine to eleven in the mornings and two to five in the afternoons.

Many awards will be given during the program, and these awards will be made in such a manner that children of all ages will have a chance to win one or more. See that your children are there and let them enjoy a summer of supervised recreation.

REPPS TO ATTEND NAT'L COMPRESS CONVENTION IN NEW ORLEANS

Mr. and Mrs. A. D. Repp and Dudley left Tuesday for Quanah, Texas where they will join Mr. and Mrs. Jack Wilson and son to New Orleans to attend the National Compress Convention. They plan to be gone several days and upon their return will move to Lubbock where Mr. Repp will still be associated with the Texas Warehouse and Compress Co.

Mr. and Mrs. Faut Barrier of Lubbock were week end guests of Dr. and Mrs. Brumage.

The Long Winding Trail Has Ended

Lacking from Saturday to Monday of this week, the Elder Stricklin and wife have just completed a trip of more than 3,000 miles, that took us into four states other than Texas. Some in Tennessee and a few here have asked that we tell—the truth—about what happened on this trip in a series of articles. We are aware of the fact that many here perhaps have been over the same trail, or part of it. So they need not read these homely written series of articles for that reason, or any other reason, nor are you obliged to listen to others read them. Tell them to shut up.

Around six o'clock, Monday, May 5th, the Old He and wife spun off the first one hundred miles of the trip from here to Coahoma in Howard county. The following day, in company with Mr. and Mrs. J. A. Roberts, sister and brother-in-law of Mrs. Stricklin, we hit the trail south and spent the first night out at historic old San Antonio. From there we went to Corpus Christi for a few days, with a side trip to the lower valley via the Hug-the-Coast new highway to Harlingen; then up to McAllen, across the Rio Grande at old Reynosa, Old Mexico, and back to Corpus via Falfurrias, Alice, etc. Left there for Galveston the first Sunday out, spent two days there, a day and a half at Houston and then to New Orleans, where we remained until the following Saturday.

About the longest stretch we made on the entire trip was from New Orleans through Jackson, Miss., to Middleton, Tenn., about 450 miles in one day, as we were out for no speed records or long, tiresome, day drives. We stopped where we wished to do so, and traveled likewise. We were on a vacation and in no particular hurry. But we had precious little time to visit in the homes of several hundred of the writer's kin in West Tennessee, just from Saturday night to Thursday morning, when we loaded out for Brownfield and home, accompanied by a nephew who had never been far west of the Mighty River.

Spent the first night out at Texarkana, on the Texas side, as our nephew insisted that we spend the first night on Texas soil. The next night was spent on the farm of our brother near Grandview, Johnson county, after a slight diversion off our highway to Waxahatchie to visit another nephew and his wife.

A slight stop was made at Fort Worth to briefly visit another brother and wife, and headed west where it begins. Ran into Coahoma about five P. M., and after another brief rest and some food, lit a shuck for Brownfield, arriving here between sundown and dark. Thus in the first article, we have merely given you our route. In the next we will try to tell you what we saw, heard and smelled.

Civic Leaders To Receive Questionnaires

If you are a city or county official, head of a service club, prominent in chamber of commerce or other civic affairs, you will likely be handed a questionnaire concerning your opinion of the Texas Defense Guard.

A summary of the questions you will be asked is given below: Do you think there is a reason for and are you in favor of the Texas Defense Guard? What should some of the functions of the Guard be? In what way are you co-operating with the T. D. G. As a member? Financially? Socially? Publicity? Have you attended any of the drill periods? Who is the commander of your local unit? Where and when do they drill? If you have not attended a drill period will you do so? What have you heard from the man on the street in regard to your local unit? What will you do personally to help the local unit?

Another Golf Meeting Called

Due to the fact that so few were in attendance at the last meeting, little or no action was taken. However, several interested parties are now mapping out plans that will eventually lead to the construction of grass greens. These plans will be laid before the golfers and would-be golfers at a meeting to be held next Monday night in the offices of the Cicero Smith Lumber Company. Hour set for the meeting is 8 o'clock.

Newcomers and old-timers alike are urged to be present at this meeting. Efforts are being made to personally contact all new-comers interested in the game, but if you are a newcomer and have not been contacted, do not let this keep you from attending the meeting as you were not overlooked purposely.

Who Said It Was A Dust Bowl?

Recent heavy precipitations have made Terry county seem more like the coast country than the so-called semi-arid area that it is often referred to as being.

According to records kept by J. W. Oliver we have received 23.77 inches of rain in Brownfield since January 1st. The average rain fall is about 19 inches.

Up to May 1st we had received 11.52 inches and from May 1st to May 24th we had received 12.25 inches.

We expect to see a number of "No Fishing" signs go up soon.

H. AND H. CLUB

Miss Twilla Graham was hostess to the H. and H. Club last Tuesday afternoon at 3:00 o'clock. In the games Mrs. Bill Anderson was high scorer, receiving cognie. Refreshments of date nut pie and coca cola were served to Mesdames Anderson, Graham, Neely, Kendrick, Parnell and Miss Earlene Jones.

COMMISSIONERS COURT LETS CONTRACT ON LAMESA HIGHWAY FOR \$140,000

To Be a Complete Turnkey Job From Grading And Draining to Finishing of All Weather Top. Work To Start This Week; Finished by October.

Gene Gives Readers Another Episode

Reception Center
May 21, 1941

Hello Folks;

I used to think that Terry County sand storms were the worst in the world, but am finding that the Ft. Bliss variety can give yours a head start and still come out far ahead. This reception center is located in a natural funnel created by the nearby mountains and the wind has claimed it for a natural playground. We live in tents and they are far from being wind or dust proof.

When the dust starts rolling we all crowd in bed, drag three or four army blankets over our heads and pray for rain. The dust has been blowing for the past three days and nights and an average Terry County farmer could raise a good crop of cotton or maize in the dirt now in my tent.

A few days ago James Heartsill and the Ely boy were shipped to Ft. Leonard Wood in Missouri where they are assigned to an engineer replacement center. In all probability they will be there about three months for their primary training and then will be sent somewhere else to complete their year's training.

Several men from the Panhandle country arrived at the Reception Center today, and we are expecting large numbers of men in the next few days.

Consensus of opinion among the selectees now in service is that we will not be discharged from the army at the end of our year's training. That opinion isn't based on any secret or private source of information but is a reflection of the general feeling. Most men aren't bitter over the prospect at all but have taken the healthy attitude that what must be, must be.

We have one very interesting and unusual chap in our company. For fear of causing injury to him or to his parents I shan't give his name. He is a German of pure stock, born and raised in Germany. A graduate of a fine German university law school and a man who has traveled much. He was in France at the time of the Munich crisis and in London for several months immediately afterwards. He has been in this country for quite some time and was working in Houston when he was drafted.

I have had several interesting conversations with him and find him to be violently opposed to the Nazi government and everything it stands for. His mother still lives in Germany and he lives in a constant state of worry over her welfare. On several occasions he has stated to me that he will not have stated to me that it is not only Hitler who is to blame for the present mad state of the world, but that much of the blame belongs to the German people; that, he says, is because of their blindness and avarice and greed. For many years the Americans were the laughing stock of Germany because of the way in which American money was used to rebuild Germany's economic and industrial system and to pay the German indemnity to Great Britain after the first World War. As the Germans used the Yankee money they laughed at our stupidity in thinking they had any intention of paying the money back. Incidentally, it has never been repaid. Ask men who are still holding German Republic bonds.

This chap believes that Hitler's one great fear is that the U. S. A. will enter the war before he is ready to take us on. My German friend, and I do consider him a friend, says he is afraid we will wait too long before acting. I would take offense at the statement from most Germans but he is no longer a "German." He is

The Lee Moor Construction Co., of El Paso, received the contract for a turnkey job of the Brownfield-Lamesa highway here last week for the sum of \$140,644.15. Work was to have started this week, but owing to the flooded condition of the country work had to be deferred until the weather became dryer, which may be the latter part of this week.

The Commissioners Court had obtained the deeds for the right-of-way, which makes almost an airline toward Welch just over in Dawson county, where the highway will make connection with the Dawson county end. The Texas State Highway resident engineering department here had surveyed and blue printed the route and grades. The Commissioners Court had also obtained three good caliche pits, according to County Judge C. L. Lincoln, which were turned over to the contractors. Many here believed that this job would cost around \$200,000.

This stretch of highway is 17 miles in length, and the contractors will grade, drain, put on some six or eight inch coating of caliche, and hot top. In other words it will be a complete job and the contractors hope to be able to turn the completed road over to the Commissioners by October 1, and they in turn to the State Highway Department. The Level-land road has already been accepted by the State.

In the meantime, it is hoped here that Lamesa and Dawson county will complete their end. They already have some ten miles completed out of Lamesa this way, and the other seven or eight miles graded and drained. It is hoped that this part will get a hot top by the time ours is completed. Hockley county is now working on their end of the road.

Youthful Burglars Go On Trial Tuesday

The writer was over at the courthouse Tuesday morning and found that several young people of the Meadow section were on trial before County Judge C. L. Lincoln, accused of a series of burglaries at Meadow recently. They were being prosecuted by County Attorney Virgil Crawford.

The sad part of the matter is, or to make bad matters worse, some of the accused were girls, we were told. The Herald does not accuse the youthful law-breakers' parents of neglect of duty. Perhaps some of them or all for that matter have had good training in the home.

Sometimes bad company outside the home leads boys and girls in the wrong direction. And sometimes, young people get an idea that the world owes them a living without laboring themselves. At least parents should know where their children are spending their time after dark.

CHURCH MEETING IN JUNIOR HIGH

Members of the Church of Christ who have been meeting in the Christian Church building are now meeting in the Junior High School building and will continue to do so until their building they propose to build is completed.

An American soldier and one of my fellowmen, ready, willing and able to fight for what he considers right, just and decent.

Our country has always been called a melting pot. We should all thank God that it still is a melting pot! A melting pot, where human beings, regardless of race, creed or color are ready to put aside their petty differences and base schemes so they might be forged into one mighty weapon, a weapon to curb and defeat those who would change our melting pot into a . . . (censored).

Adios,
Gene Hurt.

The Official Paper of Terry County and the City of Brownfield

MEMBER:
Nat'l. Editorial Association
Panhandle Press Association

Our editorial efforts are going to be very slim this week as we have not "rested up" from our vacation. Our friend, R. M. Kendrick, truthfully says that any one who takes a vacation, should have at least a week to rest after their return home. It is a mighty test against the grain of a mere human to have to go to work after "towing" the country a few weeks. Ho, hum!

We will say however, that FDR talked pretty plain Tuesday night, and called a spade a spade, frequently personating Adolf Hitler and his Charley McCarthy's. Perhaps ninety percent of the people of the United States agreed with his talk—more than that in this section of the country. A few people of the Wheeler-Lindburgh type of course think we should lay supinely on our back until we are tied up into slavery.

And before we stop this painful effort, we might drop you a hint that the race for the seat in the United States Senate of the late lamented Morris Sheppard is going to get mighty warm this coming month, and before two weeks of gentle June has passed, some bitter words will be enunciated from the platform and stump, and if the good people who can spare the time from the fields will get to yell, "pour it on." Well, the office is seeking some 18 good and tried, perhaps, so get your pencil sharp.

SINCE 1883
Ballard's Snow Liniment has been an inexpensive aid in relieving the discomforts of Muscular Congestion that accompanies Sprains, Strains, Bruises, and Muscular Soreness from over-exertion or undue exposure. In 30c and 60c bottles.

CITATION BY PUBLICATION
THE STATE OF TEXAS,
To the Sheriff or any Constable of Terry County, Greeting:
YOU ARE HEREBY COMMANDED to summon W. A. Melson, Mrs. Jessie Johnson, B. J. Johnson, Doss Windham, Clariet Melson, and the heirs, and legal representatives of each of said defendants, and also the heirs and the legal representatives of Mrs. E. N. Windham, and of the heirs and legal representatives of Mrs. E. N. Windham Melson, to be and appear before the Honorable District Court of Terry County, Texas, at the next regular term thereof, to be held at the Court House in Brownfield, on the Fourth Monday in August, 1941, the same being the 25 day of August, 1941, then and there to answer the Plaintiff's Petition, filed in a suit in said Court on the 2 day of May, 1941, wherein P. C. Stacy and Irma Stacy husband and wife are Plaintiffs and W. A. Melson, Mrs. Jessie Johnson, and B. J. Johnson, Doss Windham, Clariet Melson, and the heirs and legal representatives of each of said defendants, and also the heirs and legal representatives of Mrs. E. N. Windham, and the heirs and the legal representatives of Mrs. E. N. Windham Melson, are Defendants. File number of said suit being No. 2683.

The nature of the Plaintiff's demand is as follows, to-wit:
That heretofore on the 1st day of May, 1941, Plaintiffs were lawfully seized and possessed of, and did own by fee simple title, that certain tract or parcel of land, situated in Terry County, Texas, and being lot number two (2) of Block Number One (1) of the East Addition in the town of Brownfield, Terry County Texas. That on the date aforesaid, the defendants unlawfully entered upon said premises, and ejected Plaintiffs therefrom, and do continue to withhold from them the possession thereof, to their damage in the sum of \$5000.00.

That the defendants and each of them, are or may be asserting or claiming some adverse estate or interest in and to the real estate, determining such estate, or interest and cancelling and removing of same, and granting the title and possession to Plaintiffs.

Prayer that all defendants be cited, and that Plaintiffs have judgement for the title and possession of the land for all costs of suit, and all other relief, to which they are entitled, including a decree for removing and cancelling all adverse estate or interest of the defendants, to said land, and each of them.

HEREIN FAIL NOT, but have you before said Court, on the first day of the next term thereof, this Citation, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Brownfield in the County of Terry

POOL
We have been having real East Texas weather for the last ten days. Not much visiting as most everyone is water-bound.
The Pool Home Demonstration Club did not meet last Wednesday because of the rain.
Rev. L. C. Morrison failed to fill his appointment Sunday because of the condition of the roads.
There was a small crowd at Sunday School Sunday. We had some visitors from the Harmony community. They were Mr. and Mrs. Hobbs and daughters.
Herman Rowe has been visiting his parents the past week, Mr. and Mrs. J. P. Rowe.
Mrs. Rowe has been real sick the past three weeks. She seems to be some better at present.
Mr. and Mrs. L. M. Waters, Sr., spent most of last week in Lubbock visiting Mrs. Waters' mother.
Quite a number of people in the community attended the graduation exercises at Meadow Thursday night, although some of them did not get home until Friday.
A number of folk also attended the seventh grade graduation exercises at Meadow Wednesday night.

Misses Larue, Olivia and Katherine Barrier who have been attending Texas University at Austin, came in Monday and are guests of their grandmother, Mrs. M. B. Sawyer and other relatives. They plan to enter Berkeley College at Berkeley, Calif., for the summer session.

(SEAL)
ELDORA A. WHITE, Clerk District Court, Terry County, Texas. 43c

Over the hill trailed a man behind a mule drawing a plow. Unexpectedly the plow hit a root; the mule stopped and the man began to grumble as he fixed the harness:
"Bill, you are just a mule, the son of a jackass, and I am a man made in the image of God. Yet here we work, hitched up together year after year. I often wonder if you work for me or I work for you. Verily, I think it is a partnership between a mule and a fool, for surely I work as hard as you do, if not harder. Plowing or cultivating, we cover the same distance but you do it on four legs and I on two, therefore I do twice as much as you.
"Soon we will be preparing for a corn crop. When the crop is harvested, I give one-third to the landowner for being so kind as to let me use a small speck of God's earth. One-third goes to you and the rest is mine. You consume all of your portion except the cobs while I divide mine among nine children, six hens, two ducks and a banker.
"If we both need shoes, you get 'em. You are getting the best of me and I ask you, is it fair for a mule, the son of a jackass, to swindle a man, the lord of creation, out of his substance?
"Why you only help to plow and cultivate the ground and I alone must cut, shock and husk the corn, while you look over the pasture fence and hee-haw at me. All fall and most of the winter, the whole family from the baby up picks cotton to help raise enough money to pay taxes and buy a new set of harness and pay the mortgage on you. And what do you care about the mortgage? Not a thing, you ornery cuss. I even have to do the worrying about the mortgage on your tough, ungrateful hide.
"About the only time I am your better is on election day, for I can vote and you can't. And after election I realize that I was fully as big a jackass as your papa.
"And that ain't all, Bill. When you're dead, that's supposed to be the end of you. But me? The preachers tell me that when I die I may go to hell forever. That is, Bill, if I don't do just as they say. And most of what they say keeps me from getting any fun out of life.
"Tell me, William, considering these things, how can you keep a straight face and still look so dumb and solemn?"—(Quoted from Lon Boynton's Lamar County Echo).

Miss Twilla Graham will enter Texas Tech for the summer term, beginning June 6th.

PLAINS—
Elmer Cross and family was called to Knox City Monday on the death of his father.
Joe Dickson McLaren has been ill with strep throat this week.
Mutt McClellan who is in training at San Antonio is home for a few days.
Mr. and Mrs. Kit Morris and Mr. and Mrs. H. B. Horn attended the show in Denver City last Friday night.
Mrs. V. L. Wheeler and children of Levelland were visiting in Plains Saturday night and Sunday.
Mr. and Mrs. Clyde Perry and children left last Wednesday for Los Angeles, Calif., to spend two weeks.
Mrs. Hamilton is on the sick list this week.
Supt. and Mrs. Roy Elliott are visiting in San Angelo and other points.

FOSTER H. D. CLUB
The Foster H. D. Club met Wednesday, May 14, at the home of Mrs. C. C. Warren. There were 13 members and one visitor present. A program on landscaping the home grounds and flower gardening was enjoyed by everyone present. Club members brought many different plants to exchange and everyone went home with flowers to set out.
A large crowd is expected next meeting day, May 24, when Miss Holloway will tell us about "Casserole Dishes."
—Reporter

Mr. and Mrs. Arthur Sawyer have returned from Chickasha, Okla., where they were called on account of the serious illness of an uncle of Mrs. Sawyer's.

OVER 175,000 BENDIX OWNERS PITY YOU!

BENDIX AUTOMATIC HOME LAUNDRY
WASHES—RINSES—DAMP-DRIES ALL AUTOMATICALLY!

THIS DIAL DOES ALL THE WORK!
WASHES—Automatically lifts and drops clothes through suds, scrubbing them gently by a "tumble" action.
RINSES THREE SEPARATE TIMES—Clothes are automatically rinsed 3 times in clean, fresh water—flushing out all dirt.
DAMP-DRIES—Clothes are whirled damp-dry automatically—ready for hanging on the line.
CLEANS AND STOPS ITSELF—The dial automatically flushes out the Bendix—and shuts it off.

On your very next washday—when you're in the laundry-room bending over set-tubs—or lifting loads of soggy clothes—or seeing your hands get red and water-roughened—think how pleasant it would be to wash your clothes the Bendix automatic way! Over 175,000 homemakers today enjoy a holiday every washday. Their clothes are spick and span—last longer. They save on water, soap, medical bills and beauty aids. They enjoy the freedom and convenience of automatic home laundering—with the Bendix eliminating all the drudgery!

TRADE IN YOUR OLD WASHER!
IT MAY MORE THAN COVER THE DOWN PAYMENT . . .

CICERO SMITH SHOWING "THE TEXAN" HOME

Plans for local observance of Texas Home Building Week are complete and construction is virtually finished on the exhibit home which will focus this city's attention during the week of June 1, according to an announcement made here today by Cicero Smith Lumber Company.

A state-wide radio broadcast beginning at 2:45 o'clock Sunday afternoon will inaugurate the week's activities which will be highlighted by the formal showing of "Texan" homes in more than 140 Texas cities and towns.

Actual opening of the homes themselves will occur during the broadcast. Deputy Federal Housing Administrator, Lawson M.

Watts, of Washington, will speak briefly on the state's housing program and then will declare the homes ready for formal showing. He will speak from Dallas where the Texas Home Building Week broadcast will originate.

Quite apart from its importance as a demonstration to the entire nation of co-ordinated effort in the development of modern, low-cost homes, Texas Home Building Week will bring home to the potential home buying group here, the fact that fine, modern, small homes are within easy reach of average income and that these homes are the most striking examples of good design and construction.

All homes described as "Texans" are eligible as security for FHA insured mortgages and may be paid for at less than a dollar a day on the FHA plan.

Mr. Fred Smith announced that their exhibit home here will be furnished to enhance its appeal and to give home buyers a view of the home as it will be when ready for occupancy. Officials of the company will be on hand to answer question regarding designs and construction of the home and to aid those home buyers who are seeking information in connection with the insured mortgage plan of home financing.

Miss Doris Sherman is expected home from John Tarleton this Sunday to spend her vacation with her parents.

Mr. and Mrs. Lal Copeland visited in the home of friends, Mr. and Mrs. Joe Bailey of Lubbock, Monday.

Sheb Treadaway of Abilene spent Monday night here visiting relatives.

Mrs. Jack Bailey and Buddy Teague were in Lubbock on business Monday.

Levelland Highway Completed To Line

Some two weeks ago, the Levelland highway in Terry county was completed, receiving the hot top, and the Republic Construction Co. moved on to another contract. Apparently they did a good job, as the state has already received the stretch of some 18 miles for maintenance.

We understand that Hockley county commissioners, who are building their own road connecting with our road at the Terry-Hockley line, is making fair progress, considering the weather, and will likely be open for traffic within the next month or two.

Mr. Kyle Graves and his mother visited Mr. and Mrs. Akens in Seagraves Sunday.

KIDNEY STAGNATION IS WORSE THAN CONSTIPATION!

Because We Treat Constipation at The Onset, While We Neglect Our Kidneys Indefinitely

No other organ in your body is as important as your kidneys. The kidneys filter out the waste from your blood. If they stop working, the waste builds up in your system, causing various ailments. It is no wonder that Nature calls for help to clean out the kidneys. So if you are troubled with Getting-Up-Nights, Leg Pains, Backache, Nervous Headaches, Dizziness or Loss of Energy, due to functional kidney disorders, try KIDANS, the famous kidney remedy, which aids Nature to flush out the kidneys, to filter all wastes, to prevent kidney stagnation.

KIDANS is Safe and Reliable. Two hands report entire satisfaction. Taken according to directions, KIDANS will give splendid results. Try KIDANS. Buy it at our Special Price Offer on two boxes. Use one box. If not satisfied, return unused box and GET YOUR MONEY BACK.

If your local druggist cannot supply you, send \$1.00 to The Kidans Company, Atlanta, Georgia, for two full-size boxes on a money-back guarantee.

MISS SUE BYNUM TO RECEIVE DEGREE

Abilene, May 26—Sue Bynum, daughter of Mr. and Mrs. W. A. Bynum of Brownfield will receive a Bachelor of Arts degree from McMurry College, Abilene, at the Commencement exercises which will be held Thursday morning, May 29, in the Radford Memorial Auditorium.

Miss Bynum is an English major, minoring in Second Year Education. An outstanding student, she has been active in many fields, being a four-year member of the Chanters, a choral organization; reporter on the college newspaper, the War Whoop; member of the T. I. P., girl's social club; member and secretary-treasurer of the Dormitory Council, chairman of social service work in the Student Council of Religious Activities, vice-president of the Voluntary Mission Band, and member of the Forty-Niner's Club, and the Press Club.

Outside her many school activities, Miss Bynum has been a social worker at the Grace Church at Abilene for three years and now serves as head of the Junior Department. After graduation Miss Bynum plans to be a school teacher.

RED CROSS SEWING ROOM MOVED

Mrs. T. L. Treadaway, head of the local Red Cross sewing room, asked us to announce that the sewing room is now located in the building formerly occupied by the Cowart Auto Supply, on east Main. Everyone that can sew are urged to come and help.

Elmer Moser and wife of Big Spring spent the week-end here with his mother, Mrs. W. A. Moser and sisters, Miss Vivian Moser and Mrs. Dick Chisholm.

Ladies to Attend Woodmen Institute At Omaha

Ten Brownfield members of Brownfield Grove No. 462 of Supreme Forest Woodmen Circle have already registered for the trip to Omaha, Nebraska, for the Society's National Institute, to be held there June 22 to 26 inclusive. More registrations are expected before the Brownfield delegation leaves for Omaha on June 21.

Brownfield delegates will join with those of Cisco, Tahoka, Slaton, and O'Donnell, and go to the Institute by special bus, arriving in Omaha June 22.

The National Institute will also be a celebration of Woodmen Circle's fiftieth anniversary. Founded in Denver, Colorado, in 1891, the society now numbers 132,000 members in 45 states. In the fifty years of its existence, it has paid benefits to members totaling nearly forty-four millions of dollars. Insurance in force totals 105 millions of dollars, and total assets are nearly 35 millions of dollars.

Reports received from the Omaha national headquarters of Woodmen Circle indicate that the Brownfield delegation will be part of a gathering of more than 2,500 attending the Institute, including many of the nationally prominent leaders of American fraternalism.

Mrs. David Stanbro, Lovington, N. M., was operated at the local hospital Tuesday. Mr. Stanbro reports lots of rain in the Lovington section.

THE METHODIST CHURCH

Our services will be held again Sunday and for several Sundays to come at the high school, the morning and evening services at the regular time.

As slow as the work has been we can see progress all along on our church and one cannot walk through the building without feeling a bit of pride. It makes us feel good to know, too, that the folks in the other churches are interested and want to help us.

Since we have been meeting in the school building our attendance

has decreased. Now of all times our church needs us, our boost and our presence. We want all who will to come and be one of us. One of the best customs anyone can establish in their life is that of going to church and worshipping regularly.

Mr. and Mrs. D. P. Carter accompanied by Mr. Carter's father of Anson, Texas, are planning a trip to Los Angeles, around the 20th of June, to visit their son, Otis, who is an optometrist in that city.

Bring Your FIRST - LADY

PRESBYTERIAN CLASS NO. 4 ENTERTAINED

An "in-door" picnic was enjoyed by the class No. 4 of the Presbyterian Sunday School, at the home of Mrs. W. H. Dallas Monday afternoon.

Guests brought sandwiches and a gaily program preceded the feast. "A trip to the country, alphabet game, afforded merriment. Mrs. Dallas, teacher of the class and hostess prepared drinks and fruit.

Members of the class are Eleanor Miller, Frances Jane Weir, Ima Gertrude Akers, Christova Akers, Ramona Kroth, Lois and Helen Golston, Marie and Mildred McIlroy, Julia Kathrine Griffin, Marie Alexander, Voncene Kissinger, Christine and Alton Martin, Dickie Lees, Marion Wingerd, Robert Jay King and Marion Smith.

Second Annual Oil Show At Odessa

ODESSA, May 26—The second annual Little International Oil Show, to be held in Odessa, June 21-22, will be the largest oil show in the nation this year with more than three times the amount of space sold to exhibitors over that of last year's first exhibition.

Four weeks in advance of the opening of the Little International Oil Show 88 supply and equipment firms have signed for space totaling 29,000 square feet. Inside space available for the second annual show has been trebled through the construction of two new buildings on the grounds.

The unqualified success of last year's show brought immediate requests from oil field supply, equipment, and servicing firms for additional facilities.

The demand has been met through improvements costing more than \$150,000. They include the two additional exhibit buildings, a well-lighted midway, two miles of hard-surfaced roads within the grounds, and complete stage furnishings for the spacious auditorium located on the grounds.

Of the hundreds of exhibits that will be in the buildings and on the grounds of the Little International Oil Show more than fifty-five percent will be motorized, moving units in actual operation. All displays will have highly trained and experienced personnel present to demonstrate and explain the devices to oil men and to oil show visitors.

The Little International Oil Show is a non-profit organization, headed by a committee composed of men in the oil field supply, equipment, well servicing, and production. Dick Atkinson, superintendent of Phillips West Texas-New Mexico division, is chairman of the show. Other members of the committee are: R. E. "Cy" O'Donnell, Halliburton Oil Well Cementing Co., Midland; W. R. "Bert" Wheeler, American Iron and Machine Works Co., Monahan; Theo. B. "Doc" Suddreth, Me-Tex Supply Co., Hobbs, N. M.; J. H. "Huey" Rives, Atlas Supply Co., Odessa; and M. B. "Tommy" Thompson, Hinderliter Tool Co., Odessa, Texas.

According to communities, the mattresses may be grouped:

FIRST CHRISTIAN CHURCH OPENS SUNDAY

The First Christian Church of Brownfield will reopen Sunday, June 1st, under the leadership of Mr. J. A. Dennis who has recently moved to this vicinity after having served as minister of the First Christian Church of Edinburg, Texas, for the past four and one-half years.

Sunday morning 11:00 there will be communion and preaching service. Sermon subject, "Why Am I Here?"

At 6:00 P. M. Church laymen from Lubbock and other churches of the Plains district will meet with the local members and friends of the church for a picnic supper. Bring your dish or basket. Local ladies will furnish iced tea for all. At 7:00 there will be a "men only" meetings, followed by preaching service to which all are invited.

If you are not affiliated with some other church, come and worship with us.

SURPRISE BIRTHDAY PARTY

Marion Wingerd and Dudley Repp, Jr., were guests of honor at a surprise birthday party given Monday, May 26, for Marion on her twelfth birthday by her aunt, Mrs. I. M. Bailey, assisted by Mrs. Roy Wingerd. Dudley, who is moving to Lubbock, was presented with a picket knife.

House and yard games were played. The lovely birthday cake with decorations of twelve candles, ice cream, sandwiches and sodas were served to Betty Jeanne Holmes, Gloria Swan, Dorothy Henderson, Adelaide Zenter, Glenna Fay Winston, Ima Gertrude Akers, Sanda Lynn Bailey, Sonny McDuffie, Dudley Repp, Alfred Mangum, Alfred Bond, Odell Quante, Morgan Copeland, Robert J. King and Arnold Dalton.

DANCE

There will be a dance next Saturday night at the American Legion Hall at 9:00 p. m. A string orchestra has been engaged for the occasion. Admission will be 60¢ per couple.

Mr. and Mrs. Richard Kendrick are visiting and Hempstead and Houston.

Patterson Resigns As C. of C. Secretary

Directors of the Terry County Board of Development in a special meeting Thursday, May 29th, accepted the resignation of T. L. Patterson as secretary, effective July 1st.

Pat expressed his sincere regrets in leaving Brownfield and extended his appreciation to the directors, members and the citizens of Brownfield for their kind consideration and cooperation during his tenure of office. He has accepted a position as co-superintendent of the Union Compress and Warehouse Company at Littlefield.

MANN DECLINES UNEARNED PAY

Attorney General Gerald C. Mann has set an example for all office-holder candidates for all time to come in returning his salary to the state during the period of his campaigning for the United States Senate.

He thereby acknowledges a situation of which everyone is aware, but about which little has been done in the past. He knows, as does everyone, that he can't give value received to the people of Texas as Attorney General while he is campaigning for another office. So he is declining the salary that he will not earn. He is not attempting to make the people of Texas pay the expenses of the effort he is making to gain a promotion.

If more office-holder candidates follow his example, then it won't be necessary to waste time in a proposed law now receiving serious consideration which would require the holder of an office to resign upon announcing his candidacy for another. However, if there is not more general inclination to follow the Attorney General's example, agitation for the proposed law almost certainly will continue until something in the nature of the plan now considered is adopted.

—Lubbock Avalanche-Journal

Do you run out of things to do on the hot summer nights? Do you like to sit outside and let the cool evening breezes blow around you? You have that chance of sitting in the open and enjoying some top-notch entertainment at the same time. The Lions Club of Brownfield is sponsoring a softball league that will have in it some of the best softball teams in the country. For two or three hours, four nights each week, you can let yourself go,—enjoy yourself to the limit.

The games will start at a very early date—watch for announcements concerning them. Whoever plays, you can be sure of enjoying the game, for the teams will be evenly matched and out to win. There will be a small admittance charge to all adults which is to meet the expenses of the league. There will be no charge for children; so get the children together and come out to the high school football field and enjoy an evening of good clean fun. Don't forget, watch for an announcement concerning the softball games.

Mrs. Bernadine Lange To Review Books

Mrs. Bernadine Lange, professional book reviewer of Los Angeles, will be presented by the High School P. T. A. at the First Baptist Church, 3:00 o'clock on Thursday, June 5. Her reviews are designed to stimulate interest in the books and create in the audience a keener desire to read them.

It is a varied program and will include a diary, a novel, an historical novel and anthology of letters.

The following books will be discussed: "My Sister and I," by Dirk Vander Heide; "Random Harvest," by James Hilton; "My Theodosia," by Seton; "Treasury of the World's Great Letters," by Lincoln Shuster; "Trelawney," by Margaret Armstrong.

Mrs. Lange is a graduate of Oklahoma University, has special training at the Theodore Irvine's School in New York and studied under Beulah Wright Comstock in Hollywood.

Special musical numbers will be arranged. Admission will be twenty-five cents.

Recent newcomers to Brownfield are Mr. and Mrs. Lanis Gross, who have moved here from Pleasant Valley. They are occupying the house vacated by the Jack Hamiltons who are now in their new home.

Cheesy McSpadden is in Austin visiting her sister, Mrs. Jim Flavin and Mr. Flavin.

Ladies of the Senate
Lunching with the ladies of the senate the other day was very pleasant. I particularly enjoyed having in front of me a most beautiful centerpiece of magnolia blossoms, white against their dark green leaves. At the ends of the table were vases with white Easter lilies and snapdragons, but it seemed particularly beautiful to me to look into those cup-like magnolia blossoms.

The District of Columbia librarians came that same day to look at the books which the American Book-sellers have presented to the White House library. Then they joined my garden party on the lawn. It was the first garden party we have had this year and an almost perfect day. Now and then the wind would take a lovely lady's hat and she would have to clutch it, but otherwise it was neither too warm nor too cold.

The Marine band played delightfully and, in listening to them, I forgot to be tired. The grass was particularly lovely, and so I appreciated the desire of the gardener to keep me moving just a little so the long line of guests would not wear a path across the lawn.

Later I received the Hungarian minister and his wife for the first time since their arrival. Then I had guests from California, Dr. and Mrs. Remsen Bird, who came to spend the night. We had a very pleasant dinner and were much interested in seeing some photographs which Mr. Thomas Campbell brought back from his stay in England.

I am trying to catch up on what seems like an almost unending amount of mail. There are also a good many things which must be read. The President sounded quite cheerful and very busy this morning, and I think everything is progressing well with him.

PICNIC LUNCHEON

The next day the cabinet ladies and I gave our annual picnic luncheon for the ladies of the senate and were fortunate in having a beautiful day. We recalled last year that several showers disturbed our lunch, but this year the only thing that disturbed us was speculation as to what was the real explanation of Mr. Rudolf Hess.

I surmise that there are few people in this country who have not speculated on that subject during the last few days. The writers of mystery stories must agree that reality has outdistanced almost any plot in fiction.

A number of people came to tea and in the evening I went to hear All-American Youth orchestra. The program was beautiful and one could not have wanted a more finished performance. Everyone with me enjoyed every minute of the evening.

After coping for some time now with almost perfectly straight hair, for I wanted to wait as long as possible before having a permanent wave again, I went in the morning and spent three hours and a half at the hairdresser. I always feel as though it is a terrible waste of time, but this morning I accomplished much reading, which otherwise would have remained undone on the bench beside my desk. Incidentally, my hair will be easier to deal with for some time to come.

Somewhat late and somewhat breathless, I arrived at the luncheon given by the ladies of the Seventy-sixth congress. They were so kind about my delay that I recovered very quickly from the apologetic state of mind in which I arrived. I enjoyed not only my neighbors, but the lovely table decorations and the Marine band's music.

Afterwards, I went to see the exhibition of water colors at the National Gallery of Art. From 10,000 water colors sent in from the United States, Hawaii and the District of Columbia, 300 were picked out for a federal hospital in Louisiana. The variety of subjects is entertaining, and I think the water colors will add immeasurably in color and interest to all the rooms in the hospital.

It is interesting to find that most of the painters exhibiting are under 30 years of age and come from 27 states, Hawaii and the District of Columbia. There are 51 women and 103 men represented. I think everyone will find this exhibition enjoyable.

FRIENDS FROM ARGENTINE

One afternoon I had the pleasure of having Madame Ruiz-Guinazu, wife of the Argentine minister of foreign affairs, her two daughters, and Madame Espil, wife of the Argentine ambassador, have tea with me.

Madame Ruiz-Guinazu was fairly exhausted by the amount of sight-seeing which they had done, but everything was of great interest to her. She spoke with enthusiasm of the National gallery and of the beauty of our capital city. Then she told me at length of her interest in the Congressional Library, particularly the collection of books in braile.

Her son is in charge of this work in the Argentine. Having become blind himself at the age of 17, he evidently determined to lead a busy, useful and, therefore, happy life.

MARTHA SCOTT is seen as a young Austrian who finds romance in exile, in Columbia's "They Dare Not Love," which co-stars George Brent at the Rialto Theatre.

OUR CHOICE FOR UNITED STATES SENATOR

The last of June the voters of Texas will go to the polls and make their selection of a man to represent the state of Texas in the U. S. Senate, to take the place of senator Sheppard, deceased.

At this time there are 18 announced candidates but we had just as well forget 14 of them as they will not more than be classed as "Also rans."

The four left are Gerald C. Mann, the present Attorney General of Texas; Lyndon B. Johnson, at present a congressman; Hon. Martin Dies; Congressman, and last but not least Gov. W. Lee O'Daniel. The choice of the people of Texas will certainly be one of these four. The two congressmen are doing good work in their present positions and for the life of us we can see no reason for placing either one of them in the senate, so we are going to forget them. That brings us down to O'Daniel and Mann.

Of the two we prefer Mann. Not that we believe O'Daniel would not make a good Senator, but that we believe Mann will make the better Senator. Mann has the background. He has the ability, he has what it takes from every view point. A genuine born and reared Texan, as clean mentally, morally, and politically as a voter can demand. We can vote for him without one single doubt but what he will serve his state and nation with the same ability and honor as he has served Texas as the Attorney General and that's saying enough. At this time and in the years to follow Texas needs a MAN like Gerald C. Mann in Washington.

So friends we say to you "Vote your honest sentiments, but take it from us you can't do better than vote for Mann, and you might and may do worse." — Jayton Chronicle.

JEWISH RABBI TO ADDRESS ROTARIANS

Local Rotarians announce that Rabbi Garsek, of Lubbock, will address the Rotary Club today.

His subject will likely be "Preparedness."

Mrs. Jake Gore is visiting relatives in Decatur, Texas.

Brownfield To Have New Directory

Representatives of Loyd's National Directory Co., of Oklahoma City, are here this week and have made arrangements with city authorities to issue a complete directory of the city, including the location of oil fields and camps in the area.

All houses are to receive correct numbering, and the city will place names of streets at all corners by order of Mayor Clyde C. Coleman, according to Mr. Loyd, who is here personally to direct the work.

The Herald will carry an article next week fully explaining the extent of the directory.

Accute Shortage Of Boat Builders

Mr. Sam G. Wynn, manager of the Lubbock office of the Texas State Employment Service stated today that he has requests for workers experienced in the building of wooden and steel boats and ships. Many boats of varying design and size are being built in Texas for National Defense. Mr. Wynn said that the employment offices are unable to locate sufficient experienced workers for this type of construction. Any person who has had experience in the building of boats or ships and interested in working in one of the Texas shipyards should make application at the Texas State Employment Service located at 1207, 13th St., Lubbock, Texas.

A representative of the Service visits Brownfield each Friday afternoon between the hours of 1:00 and 4:30 P. M. for the convenience of those people residing in Terry County. He may be contacted in the County Courthouse. Information regarding available jobs, their location and pay may be secured there.

Planning To Plant Early Pastures

Practically all farmers and ranchers in the Cochran-Yoakum-Terry Soil Conservation District are making plans to plant temporary pasture crops within the next few weeks, according to E. R. Steen, Acting District Conservationist of the Soil Conservation Service. Temporary pastures of Sudan grass may do much toward permitting a decrease in the grazing load on permanent pastures and in addition will furnish green forage to livestock during the usually dry summer months, he says.

"Overgrazing and misuse of native pastures of the District in past years often have resulted in thin stands of grass, usually being replaced by weeds, and in many instances have caused severe erosion of the land itself. Heavy grazing throughout the growing season and especially during the drought periods that often occur in July and August may cause serious damage to pastures," Mr. Steen points out.

"Rest is just as important to grass as it is to a growing child. Without rest, neither will make much growth," he continued. Supplementary pastures are a good way to provide rest for native grass pastures. They are almost essential if the stand of grass on permanent pastures of the farm or ranch has been depleted or if the pastures are over-stocked during the current season. Farmers and ranchers who have watched the come-back of grass on protected areas realize how readily most pasture grasses respond to the rest treatment.

BAYLOR UNIVERSITY TO AWARD DIPLOMAS

WACO, May 26—Baylor University at Waco and Dallas will award 484 diplomas to graduates in the June 2 commencement exercises, President Pat M. Neff said.

This is the largest class ever to graduate from Baylor.

In the Waco schools, 10 will take the master of arts degree, 21 the bachelor of laws, 235 bachelor of arts, 67 bachelor of business administration, nine bachelor of music, five bachelor of science and two bachelor of science in home economics.

In the Dallas schools, 64 will receive the doctor of medicine degree, 25 the doctor of dental surgery and 46 a diploma in nursing. Practically all the Dallas graduates will be absorbed immediately in the defense program.

The graduates come from 15 states and three other nations. Represented are Alabama, Arizona, Arkansas, Colorado, Florida, Illinois, Kansas, Kentucky, Louisiana, Minnesota, Mississippi, Missouri, New Mexico, Oklahoma and Wyoming, and Brazil, China and Mexico.

Included on the tentative list of candidates is Stella Mildred Adams, of Brownfield, seeking the bachelor of arts degree.

Miss Margaret Bean, nurse at Treadaway-Daniell hospital, was a Carlsbad visitor Sunday.

Hospital Notes

Births: Mr. and Mrs. Sam Adair, a girl, the 27th.
Mr. and Mrs. David Stanbro, Lovington, N. M., a boy, 27th.
Crede Gore and Dad Tudor, both with broken limbs, are doing nicely.
Mrs. A. M. Brownfield is a medical patient.
Mrs. Robert B. Smith, major surgery, 27th.
Margaret Howell, appendectomy, 27th, doing nicely.
Don Smith, medical patient, improving.
J. H. James, Tatum, N. M., for medical treatment.

LAS AMIGAS CLUB MET THURSDAY

Mrs. Grady Terry was hostess to Las Amigas in her home last Thursday. She had as her guests the Mesdames Clovis Kendrick, Wilson Collins, Lee O. Allen, Pete Tiernan, Spencer Kendrick, Orb Stice, Troy Noel, W. S. Brumage, Bob Bowers, Vance Glover, Earl Anthony and Jack Stricklin, Jr.

A delicious salad course, peanut parfait and iced tea were served following the game.
Mrs. Brumage held high score and received a lovely white and blue milk glass vase. Mrs. Bowers was awarded a flower basket in the same kind of glass for second high.

POST RODEO BOOSTERS HERE TUESDAY

Coming in two special busses, some 40 or 50 boosters of the Post Stampede and Rodeo, to be held in that city June 6-7, were here for a brief stop, late Tuesday afternoon. Stopping on the west side of the square, a loud speaker was set up, so announcements of the events could be heard. An especially good girls' quartette sang several cowboy songs.

This is an annual event with our neighbors to the east, and they are especially fitted to put on a good rodeo, being on the dividing line of a good farming section on the Plains, and an equally good ranching section east of them. Some \$1,300 in prizes has been offered in the two day events, and apply both to the professional as well as the amateur.

Such events as calf roping, wild cow milking, bronc riding, steer riding contest, cowgirl calf penning contest, and a Garza county contest for cowboys over 50 years of age. A big parade each day and dancing, both modern and square at night.

The Redford Smiths have returned from a southern jaunt that took them through Louisiana, Mississippi, Alabama, Tennessee, Georgia and other southern states. Will try to get a feature article about this trip as they were to visit several historic centers of the south.

J. D. Williamson, Roy Bennett and son, Roy, Jr., enjoyed a fishing trip down at Hamlin Lake, a few days last week. They report fair luck.

STANOLIND WILL BUILD PIPELINE TO CEDAR LAKE

Stanolind Oil and Gas company announced Wednesday that it was building a 4 1/2 mile pipe line from the Cedar Lake area to connect with the Texas-New Mexico Pipe Line Company carrier running from Midland, across Western Dawson County, to the Slaughter pool in Hockley, Cochran and Terry Counties.

The oil will be taken by the Texas-New Mexico for a delivery to the Atlantic Refining Company at its Midland station.

It is the first pipe line for the Cedar Lake area, which the Stanolind discovered last year. Since its discovery, the oil has been trucked, with delivery being made to the Basin Pipe Line Company, which serves the Cosden Petroleum refinery at Big Spring.

Miss Lily Smith, Mrs. Bryan Nell and her daughter, Wanda Fay, all of Hollis, Okla., are visiting in Brownfield this week. Miss Smith is Mr. Fred Smith's sister, and is visiting in his home. Mrs. Nell and Wanda Fay are guests of Mrs. Eugene Francis in the Beryl Hahn home.

Have Your Cattle Tested For "Bangs Disease"

AUSTIN, May 26—Have any of your cows lost a calf this year? If so, have your herd tested for "Bangs Disease" at once, advises a University of Texas bacteriologist.

Although there are other causes of abortion in cattle, explains Dr. Norman McCullough, this is one of the few ways in which "Bangs Disease" makes its presence known, and as the infection spreads very quickly it is imperative to detect it at once and remove the infected animals.

The organism is often found in the milk of the animals during the early stages, Dr. McCullough said. If the raw, unpasteurized milk is drunk by human beings, it may cause undulant fever.

"People often contract this disease without knowing they have it, thinking they are just tired or in a run-down condition," he pointed out.

Sixty per cent of the cows infected with "Bangs Disease" lose their first calf, he said. Nearly all cows are susceptible, dairy cattle being more susceptible than beef cattle.

To have your herd tested for this disease, Dr. McCullough said, you should have blood drawn by a veterinarian in a sterile container. Send it to the Livestock Sanitary Commission in Fort Worth, which, in cooperation with the Bureau of Animal Industry of the U. S. Department of Agriculture, will test and report on the blood of any animal sent to them, he explained.

Relief from the ravages of Brucellosis — scientific name for "Bangs Disease"—is the objective of a new laboratory opened last week at the University.

BILLY BARTY and his RYTHM IN YOUTH REVUE
A stage show at the Ritz Sunday and Monday With No Advance in Prices.

Mr. and Mrs. Homer Craig and baby of Plainview spent the weekend in the Lester McPherson home.

Mrs. Oral Adams of Washington, D. C., came in Saturday to visit her son, Raymond, of the Union community and other relatives. She was accompanied here by her son, Willie and wife of Ranger, Texas.

Miss Mildred Adams and brother, Tom, left Saturday evening for Waco, where she will be a member of the graduating class of Baylor University. Miss Adams finished at mid-term. Tom will visit in the home of his uncle, Dale Adams.

Mr. and Mrs. Will Adams and daughter, Miss Irene, have gone to Waco to attend graduation exercises at Baylor University.

Mr. and Mrs. Raymond Barrier came in Sunday from Denver, Colo.

Thomas Cadenhead and Red Tudor were in Dallas the first of the week.

Mrs. Jess H. Harris of Comanche, Texas, is here visiting her two daughters, Mrs. Roy Collier and Mrs. Lee Orvil Lewis.

Miss Sue Jones and Mrs. Roy Parnell left this week to visit their relatives. Miss Jones will visit her mother in Arkansas and Mrs. Parnell will visit her mother in Mallickoff, Texas.

EX-STUDENTS OF TECH TO MEET MAY 31

The Alumni and Ex-Students' Association of Texas Technological College will hold their annual banquet in the Men's New Dormitory on the Campus, Saturday night, May 31st at 7 p. m.

All those interested in attending are asked to secure tickets from T. L. Patterson or James Harley Dallas.

Important business of the association will be discussed and all former students are urged to attend.

Election of new officials of the association will be held at this time.

This Week In National Defense

Maj. Gen. Hershey, Selective Service Deputy Director, speaking in Lafayette, Ind., said that misguided patriotism of employers was allowing many men to be drafted who are more useful in industry. Employers and registrants should not hesitate to appeal classifications, he said.

"All of us should carefully consider where we are best fitted to serve," Gen. Hershey said. "It is certainly neither desirable or necessary that each man dedicate himself to a future in the armed forces."

Selective Service Headquarters directed classification of the 10,000,000 remaining registrants in order to obtain complete data on skilled workers and potential soldiers, and amended its regulations to permit induction of some of the registrants previously barred because of comparatively minor criminal records.

Gen. Hershey proposed amendment of the Selective Service Act to Congress to allow deferment by age groups so that those selected are of an age that will permit them to serve effectively in the reserve forces for ten years, as now required. He said only 11 percent of the men inducted before March 1 were from 31 to 36 years and the greatest number were from 18 to 27.

Labor Training

President Roosevelt asked Congress for \$158,000,000 to train 3,000,000 additional defense workers of which 268,000 would be trained in engineering, 10,000 in chemistry, physics, and production supervision, and 500,000 in courses teaching rural youths industrial skills.

Defense Plants

OPM announced the Government, up to March 30, committed itself to pay for 331 new defense factories, costing an average of \$5,750,000 each, and estimated the number of new privately financed defense plants reached 904, costing an average of \$729,000 each.

Sub-Contracting

Francis J. Trecker of the Defense Contract Service, speaking in San Francisco, said that not more than 50 percent of the nation's machines are being used in defense production. He said if contractors do not voluntarily farm out their orders, sub-contracting would be made mandatory because there is so much work to be done all machines must be used.

Labor Disputes

The Defense Mediation Board announced settlement of 5 strikes, including controversies involving 61 plants and 160,000 employees of the General Motors Corporation and 8,100 employees of the Bendix Aviation Corporation. The U. S. Conciliation Service reported settlement of 33 strikes.

Agriculture

The Department of Agriculture, in a general crop report, said conditions indicated: (1) a winter-wheat crop of about 653,000,000 bushels, larger than 25 of the last 30 years; (2) a good, but not exceptional, rye crop, about 12 percent above last year; (3) a hay crop, probably larger than last year; (4) better pasture conditions in 43 of the 48 States; and (5) milk production and egg production per animal at new high records as a result of higher prices, an early spring, new grass and liberal feeding.

The Commodity Exchange Administration requested exchanges to study additional curbs on speculation in all agricultural commodities. Price Control Administrator Henderson asked for four commodity exchanges to confer with him regarding prevention of undesirable speculation in cocoa, pepper, rubber and coffee.

Air Progress

Maj. Gen. Arnold, Chief of the Army Air Corps, speaking in Washington, said the air force "is well on its way and will be ready when called on." The war Department announced the first 21 of a larger number of "flying fortresses" had flown to Hawaii to strengthen the island defense.

The Navy asked Congress to enact legislation permitting training of Reserve enlisted men as pilots. The President asked Congress for \$61,800,000 to expand the Civil Aeronautics Administration landing field program from 250 to 399 projects.

Army

The War Department announced that it has selected the location of camp sites needed for "possible expansion of the Army" and is ready to start work on the new camps immediately if necessary. The Army announced its anti-aircraft strength had been more

WELLMAN 4-H CLUB

The Wellman 4-H Club met Wednesday, May 28 at Ada Sue Dean's home. Miss Holloway met with us and she discussed "A Place to Put Our Clothes." She explained about the short course at A. and M. this summer. Our next meeting will be with Glenna Smith at 10 o'clock a. m. on June 4th.

than tripled in the past year and a large portion of anti-aircraft regiments are equipped to transport every gun and every man in one movement.

The Army announced it will construct five new recreational camps in the South Atlantic States. WPA announced nearly 1,100 WPA library employees are assisting in the operation of libraries serving the Army.

Navy

The Navy commissioned the 35,000 ton battleship "Washington." The Navy announced it acquired 26 auxiliary vessels during April at a total cost of \$11,750,000.

The Department directed that men enlisting in the Naval Reserve be released from active duty after the emergency regardless of the length of their enlistments.

Ships

Maritime Commission launched six new cargo ships and asked operators of American inter-coastal vessels for 40 of their 108 ships for the 2,000,000-ton shipping pool for national defense and aid to Britain. The Commission also conferred with Great Lakes ship-building companies regarding the construction inland of sea-going vessels which could be moved to the Atlantic via the Mississippi.

The Senate passed and returned to the House for concurrence in amendments a bill authorizing the President to take over foreign ships in U. S. ports.

Foreign Relations

President Roosevelt, notified of voluntary French collaboration with Germany, issued a statement that "it is inconceivable" the French people would collaborate with a power seeking "utter destruction of liberty, freedom and popular institutions everywhere." At the same time the President ordered 13 French ships in U. S. ports taken into protective custody—including the "Normandie."

The President told a press conference that Germany's proclamation of a combat area in the Red Sea presents a question of German ability to make a blockade effective there. He recalled the U. S. has fought two undeclared wars to maintain freedom of the seas—against Barbary pirates in the Mediterranean and against British, French and Spanish privateers in the West Indies.

TEXAS DAIRY INDUSTRY ON A BOOM

AUSTIN, May 26—The Texas dairy industry went on a boom during April, with production of three major commodities—cream, butter, ice cream and cheese—shooting well above April a year ago and exceeding the usual seasonal gain from March to April. The April output of butter was up 32 percent over April, 1940, ice cream up 23 per cent and cheese up 8 percent, the University of Texas Bureau of Business Research reports.

Production of butter climbed to an estimated 4,148,000 pounds—more than any April in the last ten years and 42 per cent above March. The normal seasonal gain over March is 32.6 per cent.

Marion Wingerd was the guest of Adelaide Zenter in Seagraves Saturday and Sunday. Adelaide returned home with her and stayed until Tuesday.

Mr. and Mrs. I. M. Bailey and Sandra were business visitors in Lubbock Tuesday.

W. E. Henson, Jr., formerly employed at the Corher Drug Store, signed up for the Navy and left Saturday for Amarillo. From there he will be placed in some branch of the Navy.

Bill Ed Watson, Dudley Repp and Pat Patterson were business visitors in Lubbock Monday.

J. T. Pippin was called to Dallas Sunday night on account of the serious illness of his brother. He was accompanied by his daughters, Mesdames R. L. Bandy, John L. Cruce and Mrs. Paul Young. They returned Tuesday.

Mrs. Roy (Boots) Moreman and son, R. V., spent a few days last week at Sweetwater and Albany visiting relatives.

With the coming of summer months the social calendar waxes with most everyone planning a vacation or just coming from one and needing a few weeks' rest.

Mr. and Mrs. L. E. McClish are visiting relatives in Electric, Texas. They plan to fish in Lake Kemp while there.

Miss Evelyn White is spending a few days in Abilene visiting friends.

Mrs. George Downs of Tuttle, Okla., sister of Mrs. Fred Smith, came here Sunday to be with Mrs. Smith who has been confined to her bed several months on account of paralysis.

Democracy in Action Farmers to Decide Quota Question

One of the foundations of democracy is the right of people to share in national decisions affecting their everyday lives. Although many other parts of the world are under the heel of dictatorship, here in America farmers are strengthening democracy by putting it into practice in their AAA marketing quota referendums. The Secretary of Agriculture has proclaimed a wheat marketing quota for 1941, subject to approval by farmers in a national referendum on May 31. When farmers vote in the referendum on that date, they will be exercising a fundamental privilege of citizens in a democracy.

Leora Proctor Becomes Bride Of R. D. Miller

Announcement is made of the marriage of Miss Leora Proctor, Berger, daughter of Mr. and Mrs. Frank Proctor of Brownfield, to Robert D. Miller, Berger, son of Mrs. Elizabeth Miller of McLean. Vows were exchanged May 5, at 3:30 o'clock in the Calvary Baptist church at Tyler, with the Rev. A. L. Turner solemnizing the double-ring ceremony. For her wedding the bride wore a navy and blue ensemble, the bodice of angel crepe, and the double-layered skirt of white organza over blue organza. Her accessories were navy and white. The couple was unattended. Following the ceremony the newlyweds enjoyed a wedding trip embracing interesting points in the

Pauline Shoolroy Will Wed G. Graham This Spring

Mr. and Mrs. C. S. Shoolroy announce the engagement of their daughter, Pauline, to Gilliam Graham, son of Mr. and Mrs. E. A. Graham of Brownfield. Date for the wedding, which takes place this spring, has not been announced definitely. Miss Shoolroy attended Texas State College for Women, where she received her degree in interior decoration. While there she was one of 10 girls selected to design and execute the "chapel in the woods" which was dedicated by Mrs. Franklin D. Roosevelt. Miss Shoolroy also attended the University of Texas and was a member of Alpha Delta Pi sorority. She was a bluebonnet belle and was the only girl member of the student council during her student year. Mr. Graham will receive his degree in physical education in June from the University of Texas. He is at present employed by the Intramural department. Mr. Graham holds many track records and among them are included: National A. A. U., Drake, Kansas, Pennsylvania Relay, Border Olympics, Pan-American and Texas Relays. He would have been a member of the 1940 Olympics had the games been held in Finland.

Bryant Patterson of Duncan, Oklahoma was a guest in the J. D. Bailey home last week, visiting his children, Vyrnell and James. Vyrnell returned home with him for a two weeks visit.

Ike Bailey was in Lubbock attending to business Tuesday.

south and east parts of the state. Mrs. Miller attended Brownfield high school, Texas Technological college at Lubbock, and, prior to her marriage owned and operated Ruth's Beauty Shop. She will continue to be a member of the salon's personnel.

Mr. Miller attended McLean high school, and is now employed by Warren and Bradshaw Drilling Co. of Tulsa, Oklahoma. Mr. and Mrs. Miller are at home at 212 N. Main, Berger.

Miss Graham Weds William K. Amo With Noon Hour Ceremony

Miss Wanda Graham, daughter of Mr. and Mrs. E. A. Graham of this city and William Knox Amo of Plainfield, N. J., were united in marriage Friday, May 23 at the noon hour at the bride's home. Rev. Walker, Presbyterian minister, officiated in the ring ceremony. Only witnesses of the ceremony were the bride's immediate family and grandmother, Mrs. M. B. Sawyer. The bride wore a purple sheer dress trimmed with white lace, and with white accessories. She wore a corsage of white gardenias. The bride's going away suit was of beige Rhombers cloth with green accessories. The couple left immediately after the ceremony on an extended trip through Austin, Louisiana, Florida, Washington, D. C., and the eastern route to New Jersey. The couple will be at home at 139 Summer Ave., Plainfield, N. J. Mrs. Amo is a 1937 graduate of Brownfield High School and attended the University of Texas for two years. Mr. Amo is a graduate of Texas Technological college. He was the physical education instructor of Brownfield High School this past year.

Junior Maids, Matrons Club Have Dinner

The Junior Maids and Matrons club held their formal dinner in the dining room of the Wines Hotel on May 27, 1941, honoring the retiring president, Mrs. V. L. Patterson.

A brief report of the District Convention which was held in Amarillo was given by Mrs. Bill Ed Watson and Mrs. Virgil Crawford. Mrs. Patterson presided over a very beautiful installation service, installing the following new officers for the next two years: President, Mrs. Bill Ed Watson; 1st Vice-Pres., Mrs. Lee Brownfield; 2nd Vice-Pres. Mrs. Jack Hamilton; Recording Secretary, Mrs. Virgil Crawford; Corresponding Secretary, Mrs. Burton Hackney.

The table was very beautiful with garden flowers and white candles in crystal holders.

Mrs. Watson, President-elect, gave a "pep" talk to the members and read the following appointed officers and committees for the next two years:

Reporter, Mrs. P. R. Cates; Historian, Irene Adams; Critic, Mrs. Virgil Keys; Parliamentarian, Mrs. Sturges; Fine Collector, Mrs. Arlie Lowrimore.

Committees: Program—Mmes. B. G. Hackney, Emmitt Smith, Virgil Crawford and V. L. Patterson.

Membership—Mmes. P. R. Cates, Sturges, Virgil Keys, Grady Goodpasture.

Finance—Mmes. Jack Hamilton, Roy Ballard, Lee Brownfield, Virgil Keys.

Civic—Mmes. Lee Brownfield, Lynn Nelson, Miss Marietta Montgomery and Miss Irene Adams. Constitution — Mmes. Sturges, Arlie Lowrimore and Miss Montgomery.

Publicity—Mmes. P. R. Cates, Lynn Nelson, W. S. Brumage.

Social—Mmes. Arlie Lowrimore, Grady Goodpasture, Jack Hamilton.

Welfare—Mmes. Virgil Crawford, V. L. Patterson, Jake Gore and Homer Newman.

The club has enjoyed two years of success, and according to the History read by Mrs. Lynn Nelson, has done quite a bit of good for the community and town. It is believed that the next two years will be just as good and we hope will accomplish more.

The two honorary members, Mrs. L. Nicholson and Mrs. Buddie Teague, were present and expressed their desires for the club.

The members attending were: Irene Adams, Mesdames V. L. Patterson, Virgil Crawford, P. R. Cates, Grady Goodpasture, W. S. Brumage, Roy Ballard, Virgil Keys, Emmitt Smith, Arlie Lowrimore, Lynn Nelson, Bill Ed Watson, Jack Hamilton, Lee Brownfield, Burton Hackney and Homer Newman.

The club presented the retiring president, Mrs. V. L. Patterson, with several pieces of Duncan Crystal in appreciation of leadership and work with the club for the past two years.

Among the first cowgirls to enter Post Rodeo's Sponsor's contest was Miss Fern Sawyer of Crossroads, New Mexico. Miss Sawyer, widely known in rodeo circles, is rated as one of the best riders in this section. Last September she rode in Madison Square Garden during the New York City rodeo along with six other Texas ranch girls. Last summer she won a

two-horse Hobbs trailer at the Midland rodeo and three summers ago a fine saddle at the Stamford Cowboy's Reunion. She has also won several prizes at the Ft. Worth rodeo and this year entered the cutting horse contest. She will ride her fine dunn pony, "Tony," in Post rodeo events and street parades.

Birthday Surprise For Mrs. Ethel Jones

Ushered into the sky-room with banquet table spread with services for eighteen and the room profuse with flowers sent by business firms of the town, was the lovely birthday beheld by Mrs. Earl Jones when she was escorted by the employees of the Rialto and Ritz theatres to Hancock's Cafe Tuesday night, or rather Wednesday morning at 'twelve-thirty.

The occasion was Mrs. Jones' birthday and the nineteenth anniversary of the picture show in Brownfield.

This was a complete surprise to Mrs. Jones, who having gone home early from the Rialto as her sister, Mrs. Charles Davis and Mr. Davis of San Antonio, had just arrived.

After the show, Mr. Roy Parnell and Mrs. Parnell went by and insisted that she go and have a bite to eat or coffee, which she very reluctantly did, not wanting to leave her guests. A lovely corsage of orchids was presented the honoree by the host and hostesses, Mr. and Mrs. Pete Tiernan, Mr. and Mrs. Pedro Zant, Mr. and Mrs. Roy Parnell, Mrs. Christine Akers, Misses Betty Shelton, Earlene Jones and Hester Johnson, Tommie Reeves, and Sammie and Bobbie Jones.

Guests were Miss Vivian Mosier, Fobe Gillham, Bill Donald and Warren Noble.

Class Holds One O'Clock Luncheon

Fidelis Matrons Sunday School Class of the Baptist Church held a one o'clock luncheon Tuesday, May 27th, at the church. Committee on arrangements was composed of Mrs. Carlos Ferguson, Mrs. H. R. Belew and Mrs. Earle Davis.

Luncheon table decorations carried out a summer vacation theme with centerpieces of miniature garden and tools, fishing pool, beach, swings, and teeter totters.

The programs was as follows: Invocation, Mrs. T. G. Sexton; Piano Solo, Barbara Belew; Accordion Solo, Patsy Ruth Carter; Reading, Yvonne Clark; Piano Solo, Juanda Ruth Turner.

Those present were Mmes. T. G. Sexton, J. S. Tipton, J. M. Teague, Glenn Akers, J. W. Nelson, G. S. Neal, Bill Eubanks, H. F. Hux, W. M. Vernon, D. W. Pyeatt, McLaughlin, Sam Chambliss, Roy Brashear, Grady Goin, Marvin Langham, Guy Nowlin, E. C. Davis, H. R. Belew, Carlos Ferguson, A. B. Buchanan and Walter Hord.

Roy-Burnett Wedding Announced

On Saturday evening of May 24, Miss Virginia Roy, daughter of Mr. and Mrs. W. O. Roy of Port Arthur, Texas, became the bride of James R. Burnett of this city. The vows were exchanged before an embankment of sweetpeas, lilies and larkspur. The bride was attractively dressed in a chalk blue ensemble. Mr. S. W. Berryman, pastor of the Baptist Church, united the couple in a quiet single ring ceremony in the home of the bride's parents. Only the family and close friends attended.

Mrs. Burnett attended Stephen F. Austin college at Nacogdoches and Abilene Christian College. James Burnett graduated from Brownfield High School after which he received his Bachelor of Science degree from Abilene Christian College of Abilene.

After spending a few days here with his parents, they will leave for California. They will be at home in Burk Burnett, Texas after September 1, where James is physical education director and head track coach in the Burk Burnett school system.

Hunter-Hulse Nuptials Read In Lovington

A marriage ceremony for Mary Ann Hunter, daughter of Mr. and Mrs. B. C. Hunter of Union community and Curtis Hulse, son of Mr. and Mrs. Lee Hulse of Lahey was performed at 8:00 o'clock May 23 at Lovington, New Mexico. They were married by the Church of Christ minister of that city.

The bride was attired in black and white sheer chiffon frock with black patent accessories. Her corsage was of pink carnations. For "something old" she wore a cameo necklace.

The bride is a recent Texas Tech student but is employed in the Brownfield State Bank.

Mr. Hulse is a prominent and promising young farmer. They plan to make their home in or near Brownfield.

Baptizing as usual each first Sunday evening and it is hoped that all candidates approved will make a special effort to be present next Sunday evening for that purpose. It is difficult to think that any Christian should not wish to be baptized as Jesus was.

We always have a large number of visitors and we appreciate them very much and hope they enjoy the worship.

MRS. R. M. KENDRICK HOSTESS TO ACE HIGH CLUB

High scorers were Mrs. L. Nicholson and Mrs. Ned Self when the Ace High Bridge Club was entertained last Friday by Mrs. R. M. Kendrick. Prizes were sashed.

A salad plate and strawberry mousse and cake was served to Mesdames Collins, Daugherty, Foster, Heath, Bechtel, Self, Telford, Parish, Nicholson, Sibley, Turner and Wingerd.

Mr. and Mrs. Lee Orval Lewis and baby and R. L. Lewis visited Mrs. Lewis' sister and brother-in-law, Mr. and Mrs. Branden in their home in Breckenridge last week. They brought James Branden, their nephew, home with them for a short visit.

INCREASING DEMAND
FOR TEXAS EGGS

AUSTIN, May 26—Texas eggs are in increasing demand as April shipments to other states almost doubled those of a year ago, the University of Texas Bureau of Business Research reports.

Interstate shipments in April numbered 224 cars, compared to 117 a year earlier. Total rail shipments, including intrastate and interstate movement, were 354 carloads, compared to 201 in April a year ago.

Movement of poultry remained about the same as a year ago—53 cars compared to 55 in April, 1940. Forty-three cars of the total were chickens, the remainder turkeys—all dressed. Bulk of the shipments continue to go to New York, 20 cars, and Massachusetts, 12 cars.

Mrs. Mike Brenaman left Thursday for her home in Paris, Texas.

This is a picture of a man pretending to be crazy. William Powell is the man, and he's putting on the crazy act in order to prevent Myrna Loy from divorcing him. That's one of the things that happens in "Love Crazy," latest of the Powell-Loy marital mixups, which opens Tuesday on the Rialto screen for a 2 day showing. The hilarious action was directed by Jack Conway, the supporting cast features Gail Patrick, Florence Bates and Sidney Blackmer, and the picture is hailed as the funniest thing to come out of Hollywood in years!

Five More Men
Called for June 16th

The local draft board stated this week that Terry county would be expected to supply five men on June 16th to go into a year's training in the army.

Judge R. A. Simms stated that it might just be possible that there would be enough volunteers among young men who have no permanent jobs and would like to go on and get their year of training, without taking any man away from a job just yet where his services were necessary to the business he was working for, with reasonable pay.

If there are such who may read this, they may apply to Judge Simms for further instructions.

That truth is more strange than fiction and that a good live newspaper affords more thrilling entertainment than any periodical dealing in "make believe stories" was demonstrated this week when Rudolph Hess, third ranking Nazi, flew across and landed in Scotland. It would be hard to envision a more surprising event. He has acted as Hitler's closest advisor for many years, back even before Hitler came into power, in fact, he spent many months in prison with Hitler. Now for him to quit and fly over into enemy country is as astonishing a fact as Ripley ever set out in his "believe it or not" column. It will go down in history as one of the world's greatest surprise events. Just why did Hess take that step? What is his mission and what will he tell, are among the hundreds of questions that are being asked. That he holds all the Nazi secrets and if he sees fit to tell them the importance of the revelation to the British can not be over estimated. It would be equal to a whole string of victories. The blow to Hitler is a very hard one.—Anton News.

G. W. HICKS
LOSES SON

Mr. and Mrs. G. W. Hicks, Mr. and Mrs. L. J. Dunn, Sr., and Mrs. L. R. Pounds came in Sunday from Ft. Worth where they attended the funeral of L. W. Hicks, son of G. W. Hicks, and a brother of the ladies. Mr. Hicks passed away in California Saturday, May 17th, and was buried Saturday, May 24.

Mr. and Mrs. Carl Lewis and Mr. and Mrs. Douglas Lowe were guests of Mr. and Mrs. Ulysess Sawyer at their ranch home near Cross Roads, New Mexico, over the week-end.

Mrs. Chad Tarpley of Abilene was here last week visiting her parents, Mr. and Mrs. M. G. Tarpley and sisters, Mrs. Jack Bailey and Mrs. O. D. Huckabee. She returned home Saturday.

O'Daniel Signs New Law For Legal Publishing

Gov. W. Lee O'Daniel affixed his signature to the new newspaper publications' law in Austin Wednesday. Both the House and Senate had passed the measure in reasonably quick order.

The new publications law is to regulate publications of legals, thereby causing widespread publicity of legals, many of which have heretofore been posted where only a few persons might see them.

Any newspaper which has failed to be published every week for a period of one year prior to the appearance of the legal is deemed not a proper medium for the printing of legals.

The law is very strict relative to any newspaper missing an issue.

We had a letter from State Senator Marshall Formby, stating that he supported the above bill, and we also feel quite sure that State Representative Hop Halsey did like wise. Formby stated that there was quite a bit of opposition from lawyers in the legislature. It seems that some—not all—of the legal profession feel that they are entitled to all the fees that are derived from lawsuits, and some act quite selfish about the matter.

Some of the law profession still want to paste legal notices on an old board that litters up the courthouse lobby where no one but a few men who have nothing else to do but loiter, read them. Working men nor ladies ever read notices on bulletin boards. Modern newspapers are read by the people, and since the people pay taxes to maintain courthouses and courts, they have a right to read at their leisure what is going on at their courthouse.

MEADOW H. D. CLUB NEWS

Meadow Home Demonstration Club met Tuesday, May 20th, in the home of Mrs. Earl Norman. 13 members and two visitors were present. Mrs. G. B. Jones, the president, was absent, so Mrs. Bob Richey acted as chairman.

Miss Holloway met with us and gave a talk on planning meals, and making casserole dishes.

Our next meeting will be June 3rd, in the home of Mrs. G. F. Parker. The subject will be on making salads.

The many friends of Mrs. Bruce Hancock will be glad to hear that her condition is no worse and that the doctors think that she will be strong enough to stand her second operation some time soon. Her daughter, Mrs. Harold Shively, of Wheeler, has returned home. She had been here the past three weeks.

Mr. and Mrs. Nelson Smith returned Sunday morning from their vacation spent in Yellowstone National park.

Buick SPECIAL 6-passenger
Sedan, \$1006. White
sidewall tires extra.*

YOU slip into this trim Buick's seat
— and right off the bat you know
you've found something.

The cushions fit—the wheel nestles
in your hand—the whole blessed
beauty seems to say, "Welcome, friend!
Where've you been?"

Then you seek out an open road where
you can really try Compound Carbure-
tion†—and press down your right toe!

Instantly there's a rush of power, as if
an extra engine had gone to work.

Fact is— one has.

Under your bonnet a special, second
carburetor has cut in, opening up a
fresh reservoir of power not to be
found in any other engine.

Most of the time that extra carburetor
is idle. Your car operates solely on
the small, frugal forward carburetor.
But any time you need or want power
— press down your toe and away you
go, with two fuel mixers working!

Thrilling? You bet. But by actual test
and experience, also more thrifty—as
much as 10% to 15% more thrifty
than previous Buicks of like size.

Only Buick can give you Compound
Carburetion—and even that is only
one of Buick's many desirabilities.

There's great size—lush comfort—the
smartest of style—solid Buick good-
ness—all at prices
that spell an unmis-
takable bargain.
Why not ask your
Buick dealer, "How
much?"

BROWNFIELD FRIDAY — SATURDAY TEXAS

Consolidated District To Vote On \$125,000 Bond

The Board of Education of the Brownfield Consolidated School District composed of Earl Cary, president; C. E. Ross, secretary; Wood E. Johnson, B. O. Black, Bruce White, E. C. Willis, and J. M. Telford, met in session in the Brownfield High School building on May 28th at 8:00 p. m. for the purpose of discussing and setting the amount of the bond issue which shall be presented to the people on June 16th for their decision. All members of the board were present.

Some discussion had preceded this meeting concerning what should be done in the way of building and building repair this year. From the beginning of the consolidation movement the people have been told that a \$75,000.00 elementary building would have to be erected. This still holds true and that amount will take care of that building. The Board of Education felt, however, that an additional sum with which much needed repair could be given to all of the old buildings in the school plant would be a desirable feature in this coming bond issue.

In accordance with the desires of the Board of Education Superintendent Emmitt Smith made a study of the proposed school plant and its needs, keeping in mind the most economical repair job which could be done and at the same time be durable for many years to come. As a result of this study, the following plans were submitted to the board for their consideration:

Number I An elementary building fully equipped \$75,000.00
Number II An elementary school fully equipped plus a measure amount of roofing, repair, painting, etc. \$85,000.00
Number III An elementary school equipped, plus much needed equipment in many departments, bus barn, vocational shop and band room, new roofing, normal amount of repair on all old buildings, purchase of school site, stage equipment, etc. \$100,000.00
Number IV All of Number III plus a complete remodeling job on what is now called West Ward. This remodeling job will completely fire-proof the basement and the corridors in the second and third floors; it will include a new roof for the building, new hard wood floors for all class rooms, cel-o-tex ceilings in all class rooms, a new electrical system, a paint job inside and out and all other necessary repair.

This job will leave this building as good as new in as far as durability is concerned and can be done for \$25,000.00 as compared to the \$85,000.00 that would be necessary to replace the building. This additional amount would make Number IV plan \$125,000.00.

The Board of Education, after thorough study, chose by unanimous vote the Number IV Plan to submit to the people. After thorough study, they found that this issue would be more economical than the \$75,000.00 issue which had previously been discussed in the consolidation program. They found that this \$125,000.00 bond could be voted with our present valuation, as could the \$75,000.00 bond. This means that the total valuation of the district will be the same should the \$125,000.00 bond issue carry as it would have been if the \$75,000.00 bond issue had been presented and carried. It will be extended over a 30-year period with a large majority of the bonds carrying a call option. The board also found that the present price of money is far less than ever before and in this way, their decision on the larger issue was strictly economical.

The Board of Education as well as the Superintendent of Schools is very anxious that every person in the district study the possibilities of this bond issue. With this in mind all who are interested in discussing the issue are cordially invited to come to the office of the superintendent located in the high school building at any time which is convenient for them. A more detailed discussion of this coming issue will be found in this paper next week.

Mr. and Mrs. M. G. Tarpley visited their children in Abilene this week.

Harold Denton and Lynn Nelson went to Arkansas after their wives last week end.

Mr. Clyde Cave is back in Brownfield for a few days after spending some time in Goldthwaite and Graham, Texas.

U. OF T. FINDS GOOD CHINAWARE CLAY

Austin, Texas—Possibility of a large scale Texas industry manufacturing fine chinaware looms in current research by University of Texas chemists.

The State school's Bureau of Industrial Chemistry has just completed experiments proving that abundant volcanic ash deposits throughout Texas yield a porcelain china three times as strong as ordinary china and of a whiteness unequalled for producing fine china.

"Our findings prove conclusively that the snowy-whiteness of the baked products—demanded of all the better grades of chinaware—is of a higher quality than any on the market today," F. K. Pence, University ceramic research expert, declared.

Pence believed the bureau's discovery may open up commercial production of chinaware suitable for fine tables, or of products tough enough to stand army kitchen use.

ONE FORM OF SABOTAGE

The Coatsville, Pennsylvania, Record recently published a letter written home by a young man who had been taken into the army under the selective service act. He said: "We give up a year of our lives, the comforts of homes, and countless other things for barracks, hard work and duty from sun-up to sun-down. We do our part and do it harder than anyone at home, and yet it's the people at home who are doing the kicking and squawking.

"They kick about wages and squall about hours, strike, threaten to strike, tie up machinery, and there you are . . . The people wanted soldiers—millions of them. Yet every day it's becoming apparent that many of these same people think more of a few cents an

Bob Patterson of Duncan, Okla., spent two days with his cousin, Bob Patterson, this week.

Vyrnell Patterson left this week to spend two weeks with her father in Duncan, Okla.

We are sorry to report that little Gilbert Sherman has a bad infection in his right hand.

Jack Tiernan of the Alexander Drug Store is working in Plainview with Mr. Alexander until about the fifteenth of June. He came home Sunday and spent the day.

Mrs. Otis Pavialle and daughter, Donna Ray, have returned home after a visit with relatives in Tipton, Okla.

Mrs. Everett Latham left Thursday of last week for a visit in Vernon and Dallas.

Mrs. Anderson of the Classique Beauty Shop came home Thursday of last week after spending a few weeks in Fort Worth, Dallas and Greenville.

Mr. and Mrs. Roy Collier and daughter, Wanda, went to take Mrs. Collier's mother, Mrs. Harris, who has been visiting here to her home in Comanche. They will go from there to Abilene to get their eldest daughter, La Verne, who has been attending Abilene Christian College.

hour than they do of their own children and relatives."

It is interesting to know what young men who are serving their country in the army for less than a dollar a day think of the highest paid workmen in the world who threaten to block defense production unless they are paid still more. How much longer will the American people stand for this form of sabotage?—Winkler County News.

NEW PLASTER HARD AS CEMENT PERFECTED

AUSTIN — University of Texas chemists have perfected a new gypsum plaster, hard as cement and triple the strength of ordinary plasters.

The patented process was perfected in the laboratories of the State School's Bureau of Industrial Chemistry by Dr. E. P. Schoch, director, and William A. Cunningham, research technologist.

Indication that the discovery may greatly expand Texas plaster manufacturing came with the University scientists' announcement that the product can be manufactured commercially at only 25 per cent above ordinary plasters.

Main use of the new plaster will lie in the manufacture of tile, wall board and casts—either factory or surgical—where great strength is needed, Cunningham predicted.

Mrs. Bertha Stahler accompanied Beverly Hemphill to Glendale, California where he is to start to work. Mrs. Stahler is visiting her son there and will probably stay about ten days.

Mr. and Mrs. G. R. Day are in Palestine, Texas, visiting friends and relatives.

Weldon Gordon and D. B. Gordon are in Old Mexico for the week.

Mrs. Sam Kirschner is visiting her daughter, Mrs. Sidney Rudin, in Texas City.

Mr. and Mrs. Ralph Bailey were Tahoka visitors this week.

Mrs. Kyle Graves is able to be up after an illness of mumps.

Mrs. Charley Green visited her folks in Plains this week.
