MANY REASONS WHY VOTERS SHOULD OK \$125,000 SCHOOL BONDS MONDAY

No Hike in Taxes Expected by the Issue, and Bond Buyers Have Already Made an Attractive Offer For Them. With New Oil Pools in Area, Will Be Needed.

ANNUALLY, the people in the United States spend approximately 13½ billions of dollars for the maintenance of our prison systems, or correctional institutions, and other institutions which deal with crime.

ANNUALLY, the people in the United States spend approximately 2½ billions of dollars for the maintenance of our educational systems.

We have heard economy talked for years in connection with every tax supported public institution, and this should be talked, but is it not time we people of the United States talked a little about false economy? When we spend less than one fifth of the money to maintain our educational systems that we spend to maintain our penal institutions, aren't we, after all, on the verge at least, of practicing some false economy?

The very life blood of democracy is an educated people. Let us not forget that a man or woman who is to choose wisely must be wise, and that in a democracy the entire direction of our country is left up to the choice of the people. An educated people represents our first line of defense.

Do we spend too much on education in Terry County? Last year we spent approximately 30c per day on each of our school children in Terry County in an effort to give them education. Is that an extravagant sum? How does this figure compare with the average smoker's cigarette bill per day? How does that compare with what we term our daily "luxury expenditures"?

The people in the Brownfield Consolidated Independent School District will go to the polls next Monday, June 16th., to vote for or against a \$125,000.00 bond issue which if it carries will improve our school situation in a great measure. It will make it possible for this district to have constructed a sixteen class-room (with assembly and work rooms) primary building fully equipped with primary furniture; a bus barn which will house 14 to 17 busses, equipped with tools; a vocational agriculture department, and a large band practice room equipped with instrument lockers; it will make it possible to repair and add equipment to the two outlying elementary school buildings, the high school, the gymnasium and the east elementary building in

Brownfield; and in addition to this will completely remodel the west elementary building making it safe and comfortable for teaching and learning.

The State Laws of Texas require that 50% of the local tax income be equal to or above the entire yearly payment on bonded indebtedness in any school district. Last year the territory now known as the Brownfield Consolidated Independent School District had a total valuation of approximately \$4,250,000.00. 50% of the tax income from this valuation would be \$2,125,000.00 which according to the laws of our state can be used for paying bonded indebtedness. I have prepared an annual payment schedule for your investigation. This yearly sum includes principal and interest payments on the proposed total indebtedness of this district including all old bonds and this new \$125,000.00 bond issue. You will notice that at no time in the duration of the bond issues does the total payment run as much as \$21,250.00 or 50% of last year's total tax income, which makes the bonds salable and insures the public that bonded indebtedness will not cause a rise in valuations.

TOTAL ANNUAL PAYMENTS FOR ALL BOND ISSUES

1942	\$17,465.90
1943	19,346.00
1944	17,850.50
1945	17,994.00
1946	17,705.00
1947	17,384.00
1948	16,785.50
1949	16,926.50
1950	16,140.50
1951	16,256.50
1952	16,850.50
1953	17,009.00
1954	17,180.50
1955	17,259.00
1956	16,400.00
1957	16,469.00
1958	19,595.50
1959	16,509.00
1960	15,613.00
1961	15,244.00
1962	15,748.00
1963	13,744.00
1964	13,898.00
1965	13,929.00
1966	14,033.00
1967	13,581.00
1968	12,525.00
1969	13,095.00
1970	9,630.00
1971	9,315.00

Inspection Officer Makes Good Report On Company D

324.5 Texas Defense Guard Brownfield June 9, 1941

Subject: Report of inspection Company "D", Thirty-fourth Battalion, Brownfield, Texas.

To: The Adjutant General, State of Texas, through the Assistant to the Adjutant General, Austin, Texas.

1. In compliance with inspection letter No. 33, amended, inspection was made of Company "D," Thirty-Fourth Battalion, at Brownfield, Texas on June 7, 1941.

2. The Battalion Commander of the Thirty-fourth Battalion provided every possible courtesy and convenience to the inspecting officer.

3. The inspector collected together and audited all original TDG forms, and these have been handed to the Adjutant General's Department at Austin.

4. This unit is adequately and very capably officered, and the Company Commander and his staff are to be complimented on the fine state of training and the morale of the men under his command.

5. It was ascertained that the appropriate city and county authorities, and civic leaders in Brownfield are solidly behind this company, and moral as well as financial support is being furnished as the company commander needs it.

6. This company has its own bank account, and the journal was audited and found to be complete and satisfactory.

7. It is recommended that this company be accepted immediately, and that permanent commissions be granted to the officers as shown on TDG forms 9.

8. Copy of this report is being directed to the Battalion Commander and to Captain Edwards, so that they may know that this unit as inspected has a rating of "very satisfactory."

George D. Thomas
Major, Infantry, T. D. G.
Inspector.

Did You Happen To Visit The "Texan" Home?

The writer had the pleasure last week to visit the "Texan" home just completed by the Cicero Smith Lumber Co., in the southeast part of the city. If you failed to visit this truly model and modern home, you missed a treat. Everything that the most exacting might desire in a small, modern cottage, was built into this medium priced home.

Visitors were greeted at the door by Miss Elizabeth Smith, daughter of the manager of the company, Fred Smith, where one registered. Many had registered before us. Miss Smith took visitors through, showing them the modernistic and pleasing arrangements of the home. Many were heard to say that it was the most beautiful home they ever saw.

The home had been completely furnished by the McWilliams Furniture Co., of this city, and we wish to add that they had really done a job of it. We feel sure that some family will enjoy this home to the limit, as it is pretty and convenient inside and out.

County Offices Open For Registration On July 1st

Notice is hereby given that since the President of the United States has issued a proclamation requiring that all male citizens who have become 21 years of age since October 16, 1940 to register for military duty on July 1, 1941 and since the offices of the courthouse will be needed to provide registration places for these men, you are given this notice that all county offices will be closed on July 1, 1941 for the transaction of County business.

SIGNED: C. L. Lincoln,
County Judge, Terry County

Mrs. John J. Kendrick of Seminole visited her son and wife, Mr. and Mrs. John Kendrick, here Tuesday.

Farmers Asked to Help Carry Burden

Dear Mr. Farmer:
You are probably aware that we farmers are to receive 85 percent parity on our 1941 cotton that is placed in the Government Loan. This will amount to approximately \$828,000.00 on the basis of what we made last year, to Terry County farmers over and above what we would have got had the "parity bill" not been passed. Did you have a part in getting this (our) bill passed? No, I'm sorry to say, a large majority of Terry County farmers had nothing whatsoever to do with it.

The Farm Bureau Federation through its organization played a very important part in the passage of the bill. If you are not a member you probably had no active part in helping us get this extra money for our cotton. Bringing the thing down to Terry County alone there were slightly over two hundred of us who made it possible for this increased income. Are you one of these two hundred? If not, it seems to me that you should stop and think just why you are entitled to this extra twenty-three dollars per bale for your cotton. You would lighten the load on your horse before breaking his back so why not help us lighten our load by giving us your membership dues for this year. It is not the \$2.00 we want, it is active membership. Without an organization we would not have had this bill passed; without a stronger one we may lose it. Why not do your bit by joining this organization and sharing the load and responsibility that a few have carried for so long. Without organization and cooperation we have to take what someone wants to give us, with it we can demand and get what we want. Our National President, Mr. O'Neal, requested each county to send our representatives in Congress telegrams urging passage of our bill. So on April 22nd, when said bill came up for consideration in Congress, I contacted several of our business men in Brownfield and requested that they send telegrams, along with several of us farmers urging passage of our bill giving us 85 percent parity along with our conservation check which makes up 100 percent prices on cotton, wheat, tobacco, and other major crops, which is 15 percent more than we received last year.

They, the business men, responded in a wholehearted manner, and we helped to get the job done. Mr. Kendrick of the First National, and Mr. Gillham of the Brownfield State Bank headed the list of business men who spent their time and money on telegrams helping to fight your battles for better prices, and here may I, in behalf of our organization thank you so much for this assistance in this matter.

As this parity price has not been made permanent, we will be obliged to carry on from year to year until Congress does pass a law that will protect Agriculture like it has Industry and Labor. So we hope that when you farmers begin to reap this fall, the benefits of this Farm Organization together with the assistance of the business men of Brownfield, that you will not only join with us to carry on, but will let the mail order houses take a rest and patronize the business men that helped you. So, Mr. Farmer, please go by the County Agent's Office and leave your membership the next time you are in town.

Respectfully,
L. L. Brock, President

See The New Six Cylinder Ford

A representative of this paper saw the new six cylinder Ford for the first time last week. Those who have ridden in the car say it really has a pickup and gets off down the road. The engine is rated at 90 hp.

At first the six was confined to trucks and pickups; but recently the Ford Motor Co. has added them to cars. They are slightly cheaper than the V8, a salesman informed us at the Tudor Sales Co.

Mr. and Mrs. R. M. Kendrick are vacationing in Corpus Christi.

Continental Hikes Ad Appropriation

Continental Oil Company started last week one of the largest newspaper campaigns in its history to introduce the company's newest product, Conoco Nth Motor Oil.

According to Will A. Morgan, advertising manager, newspapers throughout the most of the United States, including The Herald, will receive the major portion of Continental's advertising budget to present Conoco Nth Motor Oil to the public. More than a million dollars will be spent by the company in newspapers alone during the next six months.

Continental's claims for its new oil include motor wear, Oil-Plating, more miles between quarts, and a decided improvement in the reduction of lacquer and sludge, accomplished by the discovery in Continental laboratories of a new synthetic, Thialkene Inhibitor.

Proof of these claims was dramatically illustrated by a daring destruction test carried out in Death Valley, where the hottest temperatures in the United States have been registered. Five identical stock cars, each lubricated with five quarts of a different well-known motor oil, and a sixth car, filled with Conoco Nth, were all run over a course in Death Valley until each of the six engines was wrecked. The test was run under the impartial supervision of Prof. H. M. Jacklin, who during the academic year is Professor of Automotive Engineering at Purdue University.

At the end of the test, the car lubricated with Conoco Nth had run 13,398.8 miles on one crankcase full of Nth oil—73.67 per cent more miles than the closest competitor—161.17 per cent more miles than the first car to fail—and 111.29 per cent more miles than the average of all the other five cars.

The entire story of the Death Valley test will be told, with many illustrations, in the series of advertisements which will appear in this newspaper.

Judges Appointed For Registration July 1st

At a meeting of the Local Board of Terry County, meeting June 10, 1941, it was decided that all men who have become 21 years of age since October 16, 1940 will be required to report at the Court House in Brownfield, Texas, to register in response to a proclamation issued by the President of the United States. Said registration to be on July 1st, 1941.

The Local Board respectfully appoints H. M. Pycatt as presiding officer for Precinct No. 1; Herbert Chesshir as presiding officer of Precinct No. 2; J. D. Miller, presiding officer of Precinct No. 3; and Lee Fulton, presiding officer of Precinct No. 4.

These officers will maintain their offices as follows: Precinct No. 1, in the County Clerk's office, Precinct No. 2, in the County Tax Assessor & Collector Office; Precinct No. 3 in the County Judge's office and Precinct No. 4 in the office of the County Superintendent.

R. A. Simms, Clerk,
Terry County Board.

Four Draftees to Leave Monday For Fort Bliss

Terry County is furnishing four draftees Monday, none of which are volunteers to be inducted into the service of the army for one year at Fort Bliss, El Paso. Their names are, Horace Beck, J. A. Turner, George Cartwright, Jack Lasiter and Christoval Vargas.

Beck and Turner will leave from here by bus. Lasiter, who has moved to Vernon will leave by bus from there, and Vargas, a Mexican cotton picker who registered here last fall, will leave from San Antonio.

This call was a Jonah for the Herald. Beck is the floorman of the Herald, and in the same call, Gaines county is calling Roger Curry, our linotype operator.

Mr. and Mrs. R. M. Kendrick are vacationing in Corpus Christi.

A TERRY COUNTY OIL POOL INDICATED IN THE NORTHWEST PART OF THE COUNTY

Many Are of the Opinion That S. T. Murphy No. 1, Drilled By The Texas Co., Will Be a Producer. It Is Ten Miles From the Nearest Producer in Slaughter Pool.

MIDLAND, June 7—Prospects of the first pool in Terry County were indicated Saturday at the Texas Company No. 1 S. T. Murphy, section 22, block K, ps1 survey, wildcat test in the West Central portion of the county.

While the wildcat indicates the first pool for Terry, there already is production in the northwestern part of the county, being the southeast extension of the Slaughter pool of southwestern Hockley and southeastern Cochran counties.

The No. 1 Murphy was cored from 5,252 feet to 5,272 feet, recovering four feet, of which the 3½-feet was brown crystalline dolomite showing oil and saturation. The bottom six inches was anhydrite. Operator bottomed the test at 5,272 feet to run 5½-inch casing. Approximately 80 feet of broken saturation had been encountered in carrying the test to 5,272 feet.

The completion of drilling of the above well has created no little excitement here where people have become used to wells being brought in. The above appeared in Sunday Star-Telegram, and the report accurate up to that time. Tuesday afternoon Lubbock Evening Journal gave more news of the cementing, which we produce below:

Terry Producer in Slaughter Pool

Four producers were completed in the Slaughter pool and casing was cementing in a prospective pool opener in western Terry county to feature oil activities Monday in the North Permian basin.

The Terry prospect, Texas company No. 1 S. T. Murphy, cemented 5 1-2-inch casing at 5,166 feet with 150 sacks and is waiting for cement to set. Total depth is 5,272 feet in dolomite, which carried oil and some porosity over the bottom 93 feet. The well, located 660 feet out of the north-west corner of section 22, block K, public school land, is conceded a good chance of attaining commercial production.

Flow of 1,539

In the northwestern Terry portion of the Slaughter field, which also extends into Cochran and Hockley counties, Gulf Oil and Cattle company established a daily potential flow of 1,539 barrels of 32-gravity oil with gas-oil ratio of 720-1. It topped pay at 5,000 feet, is bottomed at 5,025 in lime and was acidized with 10,000 gallons.—Evening Journal

It is reported on good authority that those with leases in the vicinity of the new well in west Terry are being offered good profits on them. One, holding 40 acres is understood to be offered \$65.00 per acre for his lease.

Even if the well does, as the Star-Telegram states, probably open a new pool, there will not be any boom here, as Brownfield is destined to grow, oil or no oil, being in one of the farming sections of Texas, but it may mean we will get several new oil field supply houses.

Company D To Parade In Lubbock Sunday

The local Defense Unit has been invited to take part in the parade at Lubbock Sunday which is part of the program of the fifth division and 19th district conventions of the American Legion and auxiliary.

Parade forms at 1:00 o'clock. Each squad leader should arrange for transportation for his squad and Platoon Sergeants will check and see that arrangements are satisfactory. This will be classed as a mobilization drill for our company, testing ability to assemble at a designated place as a unit.

Units from Lubbock, Crosbyton and Slaton will also be in the parade.

Company D Bulletin Board

Company D passed the induction inspection in grand style last Saturday night. Major George D. Thomas, commanding the 4th Battalion, was the inspecting officer. Others in the inspection party were: Major A. B. Knickerbocker, Odessa, Commanding Officer, 34th Battalion; Captain Neill, Commanding Officer, Company A, Odessa; Captain Anderson, Dental Officer; Lieutenants Brown and Pyron from Battalion Headquarters and the 1st Sergeant of Company A. Visitors were: Captain Simmons, Lieutenant Morris and Sergeant Webb, of Company C, Seagraves.

County Judge C. L. Lincoln, Mayor Clyde C. Coleman and other local dignitaries were present at Saturday night's Induction Inspection.

Company D passed the inspection with a V. S. (very satisfactory) rating. Only one other company, located at Lockhart, Texas, made an equal rating. Major Thomas passed some very flattering compliments on the company.

Captain Edwards attended the Induction Inspection of Company A, 39th Battalion, at Lubbock Monday night.

Despite the fact that Pvt. Bynum had known his Corporal the past twenty years, his name slipped Private Bynum's memory last Saturday night when asked for it by the Inspecting Officer.

Sergeants Black and McClain, Corporal Graham and Pvt. 1cl. Patterson, drilled Company C at Seagraves Monday night.

The Company will parade in Lubbock at the Legion convention next Sunday at 1:00 P. M.

Drill period for Friday, June 20 will be held in Plains. Yoakum County is co-sponsors of Company D and at this time they will be given the opportunity to see what they are supporting.

Both Platoons are rapidly learning that it does not always pay for one group to give the other the "horse laugh." The old saying, "He who laughs last, etc.," still holds true.

The Terry County Commissioners Court has voted to place \$750.00 more at the disposal of the Company. This will be used to purchase additional uniforms, ammunition, tear gas bombs and other required supplies.

An armory for the safekeeping of Company D supplies is being constructed in the Courthouse.

New Wildcat Oil Well Four Miles from Town

Cellar and pits were dug this week, and a water well started by the Anderson-Prichard Oil Corporation of Oklahoma City, and the Osage Drilling Co., of Tulsa, for a 5,500 test on a 20 section block of the ranch of the late M. V. Brownfield estate. The test will be four miles southeast of Brownfield, section 49, Block T. It will be known as the Frances Brownfield Chrestman No. 1.

Principal owners of lease acreage are Brownfield heirs, here and Lubbock, together with J. M. Welborn, Osage Drilling Co., and several others with lesser holdings at Fort Worth, Tulsa, Midland, Odessa, Lubbock and perhaps other places.

This will be the first test in that immediate section. However, there was one drilled a few miles further south and east that had a good showing, but sulphur water could never be shut off.

Brother, Sister Operated on Same Day

It is not so unusual for two people who are related to be operated on at different places the same day, or to even be married the same day, but to be brother and sister and operated on at the same hospital the same day for the same disease is rather rare, we imagine.

Last week end, Coleman Hudson, son of Mr. and Mrs. Carl Hudson, who live north of Plains, came in from New Mexico, where he works, ailing with appendicitis and announced he was going to have an operation. His sister, Sadie Lee, ten, had been having chronic appendicitis for several years. So, both were brought in Monday and the operation was performed at the Treadaway-Daniell Hospital Tuesday morning.

Both were doing nicely Tuesday morning. They are grandchildren of Mr. and Mrs. A. C. Copeland of Yoakum county, and I. H. Hudson of this county.

JUDGE AND MRS. OLIVER TAKE A LONG TRIP

Judge and Mrs. J. W. Oliver have just returned from a long vacation trip that took them 1700 miles over Texas highways, ending at the old home town of Gilmer, where they visited relatives.

Judge Oliver, Justice of the Peace here, says that they had a delightful trip with no accidents, and a very pleasant time with relatives and old friends.

Local Men Attend Lions Convention

Six local representatives of the Lions club attended the annual District Two-T convention in Amarillo Sunday, Monday and Tuesday.

The convention was held in conjunction with the State convention. This district comprises the Panhandle, South Plains and extreme Southwest Texas areas.

H. C. Pender of Lubbock was elected as governor-elect for the district for next year. Odessa was named the 1942 convention city.

Burton G. Hackney was chairman of resolutions committee for the district convention.

Local people attending the convention were Dennis Lilly, Homer Newman, Bill McKinney, Hackney, Mr. and Mrs. Frank Jordan and Mr. and Mrs. Herman Heath.

Visits Brother At Camp Bowie

Mrs. Joe Brown was in this week and informed us that she and husband visited her brother, Pvt. K. R. Howard, at Camp Bowie, Brownwood, about the last week in May. He is the son of Mr. and Mrs. John Howard of the Needmore community.

Mrs. Brown says she found her brother weighing several pounds more than he did when he enlisted, and that he was really liking army life. She showed us pictures of some of the boys, and they confirmed what she said about their looking well.

Dr. John R. Brinkley has withdrawn from the U. S. Senatorial race and announces that he will support Gov. O'Daniel. Sure, why not? They are both from Kansas, which in itself is not bad, but both were likely good Republicans up there before they came to Texas.

Several of our early risers have told us about what the commentator of radio station, KFYO had to say about us one morning this week. Others add that a song was dedicated to us. But as we are always enjoying our beauty nap at 6:30, we failed to hear it. Thanks a lot, anyway.

More and more the year 1941 turns out to be the very unusual. Most every county and community in west Texas has suffered from floods this spring, which in many instances took tolls of life, some like Plainview and Albany can be mentioned, and in many sections, farms, highways and business houses have been badly damaged. Then, too, there has been some tornadoes of small area covered, but nonetheless destructive, such as northwest of Plainview a month ago, Kress and Clarendon and some lesser ones. The oldest inhabitants can't recall such a previous year, west of Weatherford.

Not so many years ago, the heads of big business used such expressions as: "let the buyer beware," and "the public be damned." That kind of stuff is all out now. If a firm wants to lose its business real fast and furious, just let some of the higher ups use such expressions. The more modern expression, and it has been used recently, is, "the customer is boss." In traveling through one of the old southern states recently, we got off our route through some of the towns, as the highways were not very well marked through some of them. Sometimes we would have occasion to ask directions, and if the party happened to be bewhiskered "gentlemen" with frock tails and top hats, they would give us a contemptuous stare as if to say, "I don't believe we have been formerly introduced." Probably a colonel, a judge or country squire of the southern aristocracy. Well, that klan too, is dying, and deserves to do so. If, on the other hand, the one addressed happened to be a business man, we got a very civil and courteous answer, and put on our road.

W. P. Norris attended the funeral of his brother in El Dorado, Ark. this week.

Adams Family Has Re-union at Lubbock

Members of the Adams family in Terry county and the surrounding country held a re-union Sunday in MacKenzie Park at Lubbock, in honor of Mrs. Orel Adams and son, Theo, of Washington, D. C.

Mrs. Adams and Theo have been visiting relatives in Brownfield during the last week. Theo is connected with Civil Service in Washington.

Members of the Adams clan present were Mr. and Mrs. W. M. Adams and children, Irene, Mildred, Mary Nell Adams and Tom; Mr. and Mrs. Kyle Adams and son, Bill; Mr. and Mrs. Enoch Hunter; Mr. and Mrs. Frank Jordan; Mr. and Mrs. Raymond Simms and children, Harold and Mary Ray; Mr. and Mrs. Raymond Adams and children, Queenelle, Ray Lee, Odell, Eugene, and Donald Wayne; Mr. and Mrs. Bruce Dillard of Lubbock; Mr. and Mrs. Leroy Adams and daughter, Barbara Joyce, of Abilene; Mrs. B. F. McPherson and son, Ulee; Mr. and Mrs. J. W. McPherson and daughter, Gwendolyn; Mr. and Mrs. Shorty Brown and children, Eddie Mac and Kay Frances, Seminole; Mr. and Mrs. Barton McPherson; Mrs. C. F. Hamilton and children, Charles, Beth, and Mildred Irene; and Mr. and Mrs. Winston Reeves of Lubbock.

Guests were Mrs. Dillard of Lubbock and Mrs. Shorty Woods.

LAND OWNERS CANNOT CHARGE CASH

Land owners cannot charge cash rent for government acres or sudan, if they rent the rest of their farm on a third and a fourth rent, Walter Y. Wells, county Agricultural Adjustment Administration secretary said Monday. A complaint had come that a tenant claimed he was forced to pay cash rent for sudan on neutral acres after he had rented land on the accustomed schedule. —Abernathy Review.

J. W. Abbott of Olney is visiting his cousin, J. D. Kee in Brownfield this week. Abbott returned with Kee from a visit in Olney Saturday.

School-Boy Invasion Of Oil Fields

School-boy got you? School-boy got you yet? That is the question that has been asked continually in every cafe and on every street-corner for the past two weeks as scores of college boys pour into West Texas to take the jobs of roughnecks who have worked faithfully for their companies all winter on five-day weeks and a bare living wage.

Dozens of the men of your community are hitting up every driller and tool-pusher they know, asking for work, only to receive the same answer given until it is well memorized. "Sorry, but the company sent me a bunch of school-boys too. Got to use them."

It all seems very noble, on the surface, this scheme to give the college boy employment during the summer, but do you know . . .

That one oil company drilling in your field has imported 40 Oklahoma University boys? That every driller working for this company is forced to take out one or more of these boll-weevils on his crew and let a man go who may have been working with him all winter? Do you know that the presence of one inexperienced man (or boll weevil, as the roughneck calls him) endangers the life of every man on the crew? Do you know that the citizens of your own community are being rooted out of their jobs and their homes by boys who come here, not to spend a dime for the good of your community, but to take all they can back with them to other communities and other states?

All winter the roughneck has worked for poor wages, short weeks and no over-time. Within the past month, due to greater demand and war scares, most of the companies have gone back to the seven-day week and are again paying over-time. Now the men of your community who have been working for a bare living wage all winter could earn a living. Now your neighbor could come out of that financial discomfort he has felt for months, but what happens?

A school-boy gets his job. A school-boy who will work here during the summer and carry his money with him this winter to other states or other parts of this state. A school-boy who will contribute nothing to your local organizations, but will likely patronize the honkey-tonks and encourage the bootleggers. A college boy who is certainly not here with the interest of your community at heart, but here for his own personal gain.

Is it right to have the men of your own community pushed out to make room for boys who are strangers? Do these college boys need jobs as badly as your family man? Isn't your own government begging for them? Are you going to help them escape the service as long as possible by giving them jobs? Are these boys being loyal to themselves, to you, or to the country that bore them?

The time has come when we must look at all things with reason, or we are lost. We do not dislike the school-boy, certainly. We only want justice for the families of our own communities. Can not the men above draft

Firemen Attend State Convention

The following local firemen left early this week to attend the three day convention of Texas Voluntary Firemen which is being held at Wichita Falls this week:

Eunice Jones, chief; Shorty Forbus, Frank Ballard, Adrian Stewart, Jim Cousineau and C. C. Primm. We feel sure these boys will have a good time, as well as learning all that is latest in fire fighting equipment, and how to use it.

Mrs. Spencer Kendrick and Mrs. Daniel Davis are visiting Mrs. T. C. Boucher in Abilene. Mrs. Boucher is a sister of the Mrs. Kendrick and Mrs. Davis.

Brownfield Edwards, teacher in the public schools of Vernon, is working in the Treadaway-Daniel hospital this summer. He is driving to and from Texas Tech, also.

Mr. and Mrs. Herbert Bell and son, Alfred, of Marshall visited Mr. and Mrs. W. A. Bell last week. Herbert Bell lived in Terry county until 1915 when he moved to East Texas. Alfred is a senior in the Baylor School of Law.

age work the oil fields? Could a married man support a family on \$21 a month if he volunteered to the service.

Weigh the matter in your own mind. Are you sure this situation is not affecting you? Have you stopped to think that the house you rented to that roughneck and his family all winter might soon be vacant? Or that the house he built on that property you sold him will not bring in taxes this summer, if he has no work. Can you expect to build better schools if the people of your own community have to leave because they cannot pay taxes? Are you going to get your streets paved by putting the money of your community into the hands of someone who will carry it to other communities or states to spend it?

Did you ever see a boy who had come to live in your community for three months build a house, plant a tree or a shrub or do anything for the betterment of your community?

Did you ever stop to think what the college boy's taking jobs from your own men is costing your city, your schools, your merchants, your banks and your government?

Are the oil companies who import school-boys to your community every summer fair to their old men? Are they being fair to a nation begging for its youth?

Let the older man with the family stay at home and keep his job. Has he not shown his ability to take care of the oil field? Is the young-manhood of our nation so self-centered as to take the jobs of men with families to support, while they themselves evade the service of a nation that is soliciting their aid in this time of peril?

Surely our youth is built of sterner stuff than that!

Aggie Grads Endorse Gerald Mann

Three of the twenty Texas A. & M. cadets who signed a telegram to Gerald C. Mann, candidate for the United States Senate, are pictured above, just before their class was graduated early in order to enter the armed forces of the United States. They thanked Mann for his stand on behalf of making the American soldier the best equipped on earth, and endorsed his candidacy for the Senate. Left to right in the picture are Capt. Bob Little, Lieut. Jerry Mann, a cousin of the candidate; Capt. Bob Langford.

Farm Bureau Federation Gets Fine Results

WACO, Tex., June 4—Old Man Texas, whose eldest and most valuable child—agriculture—has just been given long-promised parity by Congress, is looking forward to the most prosperous farm season in more than a decade.

From the Panhandle to the Rio Grande Valley, and the Piney Woods of East Texas to the Western Plains, farmers were jubilant last week as Congress finally passed, and the president signed, the measure fixing government loans on major farm products at 85 percent parity.

Passage of this legislation, mainly through the efforts of the American Farm Bureau Federation, which has led a three-year fight in its behalf, means that farmers will receive full, 100 percent parity on current production this year.

Producers of the basic crops who cooperate in the AAA program will receive at least 85 percent of parity in the market place on their 1941 crops. The remaining 15 percent will be made up by conservation and benefit payments. Parity is a price designed to give farm products the purchasing power in terms of other goods they had from 1909 to 1914.

Loan value on cotton, which was nine cents per pound last season, is set at 13.5 cents under the new plan, an increase of 4 1/2 cents.

Just what this \$23 per bale increase will mean to the Lone Star State, business and professional people as well as farmers, is well known to anyone who has ever been in Texas when the fleecy staple starts rolling to town in the fall.

It means, in round figures, that Texas' 3,000,000 bales will put some \$200,000,000 into the channels of trade this fall, or between 60 and 70 million dollars more than last season.

Wheat presents a parallel instance. The state's annual crop of between 30 and 40 million bushels will have a value of at least 96 cents per bushel against 63 cents last year. Price of oats, barley and other grains, always affected by the price of wheat, will be correspondingly higher.

Officials of the American Farm Bureau Federation, which has made the parity measure its major legislative project since last December, hailed the recent overwhelming vote in Congress as one of the most notable victories it has ever won for American agriculture in its 20-year battle to give the farmer a fairer share of the national income.

The Farm Bureau is universally credited with being a major factor in the measure's enactment. The vote in the House was 275 to 63, and in the Senate 72 to 2, showing, Farm Bureau officials said, that Congress at last realizes that the American farmer is entitled to some of the price protection that has been so long given to labor and industry through the protective tariff.

The Farm Bureau is an organization of farmers, with nearly 500,000 members in 42 states. Besides the parity bill, it has to its credit a long list of other legislation beneficial to agriculture.

J. Walter Hammond of Tye, president of the Texas Farm Bureau Federation, who probably had as much to do with getting the measure passed as any other man in this state, pointed to it as an example of what farmers can do if they will only organize to make their voices heard.

Hammond, a practical, successful, Taylor County farmer, made three trips to Washington this spring to join other Farm Bureau leaders in urging Congress to pass the bill.

"If, with only a small percentage of the farmers organized, we can get Congress to do this much for agriculture, just think what we could do if we were fully organized," he said.

"We must not forget that this parity measure is for one year only," he pointed out. "With industrial prices constantly rising, increasing the cost of things the farmer must buy, the need will probably be even greater next year. We must make Congress realize that justice for agriculture should be placed upon a permanent basis.

Claims by industrial interests that the slight boost in prices of raw products will materially increase living costs were most vigorously refuted by the Texas farm leader.

"A dollar shirt, for example, containing less than a pound of cotton, should cost the consumer

DUCKS SHOW SOME GAIN

Austin, June 9—While estimates of the U. S. Fish and Wildlife Service, as reported to the executive secretary of the Texas Game, Fish and Oyster Commission, show there are approximately 70,000,000 ducks on continental North America, a gain of 5,000,000 over last year, it is not likely that there will be any liberalizing of the restrictions on shooting next fall, it is believed in the Game Department office.

Dr. Ira N. Gabrielson, chief of the U. S. Fish and Wildlife Service, points out there has been a leveling off of the steady increase in ducks since the federal government placed fairly strict regulations on hunting several years ago. In 1935 there were only 35,000,000 ducks on the continent.

This leveling off, according to Dr. Gabrielson, indicates that present regulations came perilously close to resulting in a complete

BIRTH ANNOUNCEMENTS

A seven pound, five ounce girl was born to Mr. and Mrs. L. B. Covington of Plains on June 6 in the Treadaway-Daniell Hospital. The girl was named Patricia Ann.

Dr. and Mrs. T. L. Treadaway were in Bandera this week to visit Mrs. Treadaway's mother, Mrs. Thallmann. They returned with their two sons, Rowland Turner and Roscoe.

Misses Jane Brownfield and Earline and Evelyn Jones left yesterday for a vacation in Corpus Christi.

harvest of last year's crop of ducks. That may be a surprise to hunters in many sections of the United States which had poor shooting weather during the season, as was the case in much of Texas during most of the season.

Too, Dr. Gabrielson points out, there are nearly twice as many hunters in the field now than there were in 1934, when 635,000 federal duck stamps were sold. There were 1,200,000 sold last year.

LOOK OUT WASHINGTON here we come

Governor O'Daniel minced no words in telling Texas and Texans Monday night that he not only was going to enter the race for the U. S. Senate, but that he was already as good as elected, and his plans were already made for moving to the nation's capitol, and for taking the children out of Texas college, and finishing their education in the east. But some of those unminced words, in our opinion were a bit mis-chosen if not inappropriate.

Further, he announced he is taking the Ten Commandments and the Golden Rule with him, giving at least the impression, that it might be difficult to find a copy of either in official Washington. The Governor seemed to be in the best of health, and suffering from no vocal or throat ills, and certainly is not suffering from any loss of ego.

He modestly declared that in accepting the office he would also accept a salary cut of something like \$2,000, but was already resigned to that fate, as the legislature had unanimously willed and legislated that he save the Nation, just as he has already practically completed the job of saving the State.

He took up a half hour of time only about 3 cents more unless industry uses this as an excuse to boost its own margin of profit excessively," he pointed out. "Likewise the rise in the price of bread should be less than one-half cent a loaf."

"Balance this against what the \$23 per bale increase in cotton and the 33 cent per bushel rise in wheat will mean to Texas' half million farm families and to everyone else in this state dependent upon agriculture directly or indirectly for a living."

telling his army of supporters, what should, and easily could have been said in five minutes, and to us at least, the extra twenty-five minutes of words were rather a nuisance.

There are many reasons why the Governor should be a candidate for the office; there are countless precedents for a Governor advancing to the U. S. Senate. And there is plenty in the Governor's make-up and actions, to hint that he also might make an excellent Senator.

But isn't the same true of some of the others who have announced. Or has Texas really become a one-man state?

Admittedly, there are few men in Texas who could garner more votes than Governor O'Daniel, but the use of that word "garner," reminds that there is at least one,

KIDNEY STAGNATION IS WORSE THAN CONSTIPATION!

Because We Treat Constipation at The Onset, While We Neglect Our Kidneys indefinitely

No other organ in your body is of more importance than your kidneys. For in your kidneys there are nine million tubes which must work day and night to filter the fluids and keep the system free from wastes, acids, poisons which, if permitted to remain, may cause serious kidney and bladder trouble.

It is no wonder then that Nature often calls for help to clean out the kidneys. So if you are troubled with Getting-Up-Nights, Leg Pains, Backaches, Nervous Headaches, Distines or Loss of Energy, due to functional kidney disorders, try KIDANS, the famous kidney remedy, which aids Nature to flush out the kidneys to filter all wastes, to prevent kidney stagnation.

KIDANS is Safe and Reliable. Thousands report entire satisfaction. Takes according to directions. KIDANS will give splendid results. Try KIDANS, Buy it at our Special Price Offer on two boxes. Use one box. If not satisfied, return unopened box and GET YOUR MONEY BACK.

If your local druggist cannot supply you, send \$1.00 to the The Kidans Company, Atlanta, Georgia, for two full-size boxes on a money-back guarantee.

equally loved, who might.

The chances, however, are a hundred to one that Garner went, and such being the case, Washington had just all well get itself ready for the regular Sunday morning broadcast—and the hill billy band.

MRS. AKERS PLACES HIGH AT IDEAL MEET

Mrs. Glen Akers scored high at a meeting of the Ideal club Wednesday morning at the home of Mrs. Roy Herod.

Mrs. L. Nicholson placed second.

A salad plate was served to Mrs. Joe J. McGowan, Mrs. Nicholson, Mrs. Akers, Mrs. Dube Pyeatt, Mrs. Ray Christopher, Mrs. James Harley Dallas, Mrs. Arthur Sawyer, Mrs. Wilson Collins, Mrs. Spencer Kendrick, Mrs. W. R. McDuffie, Mrs. Edd Evans and Mrs. R. L. Bowers.

Did you know that Magnolia Petroleum Co. spent with Brownfield firms last month \$22,178.89, besides their pay-roll.

Mrs. Mary Latham is a new reader.

War On Cotton Insects To Be Waged

The threat of the Flea Hopper and the boll weevil to destroy as high as 20 percent of the current Texas cotton crop is so serious as to arouse farm leaders, oil millers and ginners alike to action this year.

Bailey B. Ragsdale, President of the Dirt Farmers Congress, today announced that plans have been perfected to launch an effective insect-control campaign throughout Texas within the next week with the cooperation of the South Texas Cotton Oil Co., who also view the threatened curtailment of production with grave apprehension.

In outlining the proposed program, Mr. Ragsdale pointed out that no stone would be left unturned to appraise not only cotton farmers, but all allied interests of the absolute necessity for immediately waging a widespread, and thorough war upon this "enemy of the cotton industry" which has already begun to invade the cotton fields of this state in unusually large numbers due to the wet season. The active interest and support of the local bankers, Vocational Agriculture teachers, newspaper men, oil mills, gins and merchants will be sought to furnish all possible aid to A. & M. college and the county agents who are on the front firing line in this "battle with the insects."

MEDICAL SOCIETY MEETS WEDNESDAY

Members of the Five-County Medical Society met Wednesday evening at Hancock's cafe in regular session.

Those present were Dr. and Mrs. A. H. Daniell, Dr. and Mrs. E. C. Davis, Dr. and Mrs. M. E. Jacobson and Dr. W. C. Hill.

T. R. Black, local wholesale distributor for Standard Oil products, was elected secretary of Terry County Board of Development to succeed T. L. Patterson on July 1. Five applications were received and considered by the board of directors at a special meeting on Thursday. Mr. Black is selling his wholesale oil and gas agency to take his new position.

We Shuffle On Down To Corpus Christi

By the Old He

The whole party having taken dinner (supper to us) at the home of our niece, Mrs. Don French and her family, Don, Sr. and son, Don Thomas, we lit a shuck for the city of Corpus Christi by the sea side, traveling over the new highway between the cities of San Ann and Corpus. Along about bedtime, we decided to tie up at a small place called Mathis, to our regret later, as the place was alive with mosquitoes. The whole face of that country was at that time a pond or lake, with river out of banks or just gone down inside the banks.

Up betimes Thursday the 8th and on the road. The Nueces River was two miles wide, but not near up to the levees and bridges. Breakfasted at Corpus, and hunted up the home of Mr. and Mrs. Donald Hill. Mrs. Hill is a daughter of Mr. and Mrs. E. Brown, having been our nearest neighbor here for years in Brownfield, they would not hear to us going to a cabin or hotel. Therefore the Old He and lady domiciled in their home, while Joe and Rosetta lodged in the home of Donald's parents. All had lived in Brownfield and Meadow, and of course had many questions to ask not only about the folks, but all the old timers in the two places. Of course we insisted on sharing the grocery bills to some extent which they hesitatingly accepted. Suffice to say that it saved the touring party a gum of money, as Corpus Christi certainly has its sights raised high on prices of places to stay. In fact a week there will cost as much as two weeks in Galveston or New Orleans.

While we visited many of the interesting places, including the new \$30,000,000 naval base, parks, etc., in day time, generally carrying a lunch to eat in the parks, we took in the beaches at night, where one could put on his best glasses and see quite a bit. Some of the drive-in place girls were real stunning. The wemin folks, Rosetta, Texie and Myrl had quite a bit of fun at the expense of Joe at some of these places. They accused him of looking over, under and through his glasses and adjusting them rapidly, and Myrl says he even had his tongue lolled out at one place. Joe came back, however with a dull remark that they had on "too much clothes."

Our most interesting trip, however, was Friday to the lower Rio Grande Valley. We took the Hug-the-Coast route down via Kingville and Raymondville, breaking the trip at the beautiful city of Harlingen, thence up this fruitful and beautiful valley to McAllen. At this place we spread our lunch in a beautiful little park, and after a brief rest, went across the line (river) into Reynosa, Old Mexico. Let us try to draw a comparative picture of the two lands that the Rio Grande separates. On this side, the countryside is a bower of blooms, vineyards, citrus orchards, palms and beautiful country homes, and well paved highways. The cities and towns, as thick as ants and as modern as are found in the whole world. The people appear prosperous, well fed and educated, and even the Mexican population looks happy, well clothed and fed. There were no beggars that we saw.

Now let us cross the river. The buildings are old, dilapidated and most of them adobes. What streets are paved, are mostly cobble stone, and rough. There are a dozen beggars to the block from 6 years old to 100 perhaps. The stores appear to be 300 years behind those on this side. Meats are laid out on tables unprotected and flies swarm over everything. To be quite frank, the whole atmosphere is wholly disgusting. There is hardly a smile, except a wane one when a "neekle" is given. The nickel seems to be as high as their financial mind runs. Man, it makes one proud to be an American.

Returning, we came from Pharr via Edinburg, Falfurrias and Alice. By the way, one passes through Ben Bolt, the lad that "Remembered Sweet Alice," just before reaching Alice, where we took No. 44 to Robstown and Corpus Christi. Our only unpleasant experience was with a hard-boiled immigration man this side of the Rio Grande. It seems that the bridge belongs to some company and they exact 60c per car going over and 45c coming back. Then, you tie into the immigration "gentlemen." People who live far from the border are unwise to a lot of the laws, and the ladies had bought a half bushel of oranges at Pharr. Well, we told them the truth about having fruit, and although the

Admiration Winner Remembers "Hubby"

Mr. Bailey may not be present on this trip—but he surely is being well taken care of. Mrs. Bailey selects a "new suit for Eugene" and listens attentively as Turpie Slade explains the fine points of workmanship in one of the suits in their stock.

Mr. and Mrs. S. G. Shaffer of Dallas are here visiting their daughter and son-in-law, Dr. and Mrs. Brumage.

Miss Marilyn Claibourne of Lubbock is visiting Miss Juanda Ruth Turner in Brownfield this week.

Mr. and Mrs. Jim Graves and Mr. and Mrs. L. Nicholson are leaving tomorrow for a Rotary club convention in Denver, Colo.

Mr. and Mrs. Ray Christopher are leaving Saturday for the National Junior Chamber of Commerce convention in Minneapolis, Minn. They will take a special train from Dallas.

Mr. and Mrs. Jack Benton are building a two-room addition to their home on North Fifth street.

Pique For Dinner

Miss Martha Brothers of Greenville, S. C., wears a dinner dress of flowered pique which she modeled in a recent country club style show at Greenville. The h. g. roses on the very full front-pleated skirt are typical of the trend to large floral designs this season. Adding a pleasing touch of contrast are the white v-shaped collar and belt. The National Cotton Council reports that cotton piques will reach new heights of popularity this season.

brand of the firm we purchased from was on the sack, they have fruit flies over in Old Mexico—none on this side, as they can't fly across the river, we presume. Well, that outmoded human talked pretty ugly to us, but let us by finally. On the Mexican side, the officials greeted us and hoped we had a good time in Reynosa.

Further up the road toward Falfurrias, we struck some other U. S. officials, who seemed to be more interested in finding smuggled Mexicans than fruit. He peeped into the car, remarked that all of us appeared to be good Americans, and said, "go ahead." We thanked, and told him that he was a real contrast to the other guy, whereat he remarked that the other guy's dinner might not have agreed with him.

We were accompanied on this trip to the Valley by Mrs. Donald Hill, and her two sweet children, Rita and Donald, Jr.

To Have Part In Woodmen Circle Meet

A prominent part in the National Institute of the Supreme Forest Woodmen Circle, when it is held in Omaha, Nebraska, June 22 to 26, will be taken by a Taylor, Texas woman, Miss Bessie Dolan, a member of the society's national legislative committee and

MISS BESSIE DOLAN

state manager for Southwest Texas.

Miss Dolan will arrive in Omaha June 19, for the two-day sales clinic planned for all state managers of the society. She will join other state managers, and Mrs.

MRS. JEANIE WILLARD

Jeanie Willard, of Denison, Texas, national vice-president of the society, in welcoming the Texas delegation attending the National Institute, when it arrives Sunday morning, June 21. According to Miss Dolan, more than 500 Texas members of the Woodmen Circle will attend the National Institute, and the celebration of the organization's Golden Anniversary. The society was founded in Denver, Colo., in 1891.

Since that founding, the society has grown in membership to a present total of more than 132 thousand, and insurance in force with the Woodmen Circle now totals more than 105 million dollars. Officers of the society point to the fact that nearly 44 million dollars has been paid by the society in benefits since its origin, and that assets in the Woodmen Circle now total more than 35 million dollars.

A colorful pageant dramatizing the society's growth and its services to the communities in which it is located has been planned as one of the highlights of the convention. Other spectacular events include a mile-long parade, with 1500 white-robed marching members, bands, drill corps, drum and bugle corps, and drum-majorette squads. Many luncheons and

At Lorenzo, there is a "tensorial salon."

A dollar ad in the Moore County News sold \$2,500 worth of property.

A tourist camp near Sweetwater claims, "Best in the West—10,000 miles to our equal."

And a tourist camp close to Abilene has a sign, "Everybody welcome but Hitler."

Looking at a display of Delicious apples, a negro in Lodi (near Jefferson) said, "Gimme one of dem Malicious apples."

Lloyd Glover's one-man crusade in the Pharr Press for a bank in that Lower Rio Grande city has been crowned with success—deposits the first day were \$291,000.

My friend, R. T. Craig, editor of the Athens Review, has been appointed by Governor O'Daniel as a member of the board of regents of the state teachers' colleges.

Do you like autographed books? Dudley Dobbie, San Marcus bookseller who specializes in Texas titles, has some autographed copies of that very fine volume, "The Longhorns," written by his kinsman, J. Frank Dobbie.

The most brazen act in connection with the 1941 Legislature was the forging of the name of a member of the House at the instigation of the bold and powerful loan shark lobby. Judge S. J. Isaacks of El Paso, one of the ablest and most highly respected House members, is the author of a bill that makes provision for an added penalty so as to provide for an adequate attorney's fee when a victim sues a usurious lender. Difficulty had been experienced in getting a quorum of committee and a meeting was set for the close of the House session one day recently. Judge Isaacks, who does not hear perfectly, nevertheless heard his name called and, upon inquiry, found that the reading clerk had read a notice which had been handed in, bearing Judge Isaack's name, announcing that the committee meeting had been called off. Isaacks took the floor, denounced the forgery and the committee met, with the result that the bill received a favorable report by a big majority.

They have a new system of deciding who will pay for the mid-morning coffee in Austin — it's breakfasts honoring pioneer members of the society have been planned.

Lower Draft Ages Okayed

WASHINGTON, June 6—Legislation authorizing President Roosevelt to defer the induction into the armed forces of selective service registrants who have reached their twenty-eighth birthday was approved today by the Senate military affairs committee.

Scheduled for consideration in the Senate next Tuesday, the measure would permit the president to narrow the service age limits so that only men from 21 through 27 years old would be called up, instead of the present bracket of 21 through 35.

Approval Sought
Sponsors said the measure would not affect men 28 years old or older who already have been inducted into the armed forces, nor, they added, was it to be considered a permanent exemption for other men in this age bracket, since they would be liable for service any time the president chose to order selections in their group.

called "Honest John." If you say, "I haven't heard of that," someone will explain, "It's decided with matches; each man gets five matches" and he starts counting them around. You count yours and exclaim, "Wait a minute, I have six" and they all yell, "You're Honest John; you get to pay the check!"

Final Date To Get In Supplementary Cotton Program

College Station, June 2 — June 14 is the last day on which Texas cotton farmers planning to earn cotton order stamps can sign their intention-to-participate forms.

B. F. Vance, state AAA administrative officer in charge, points out that producers failing to sign will not be eligible to earn cotton stamps or to earn food production and storage payments under the AAA program, he said.

The supplementary cotton program, a joint effort of three agencies of the United States Department of Agriculture—the Texas A. and M. College Extension Service, the Surplus Marketing Administration—is designed to encourage voluntary reduction in the acreage planted to cotton in 1941 by payment of cotton stamps to farms on which such reduction is

Mr. and Mrs. J. B. Knight and Mr. and Mrs. W. H. Collins took Jean Knight to Camp Waldemar in Kerrville last week-end.

Mary Marguerite Nobles and Mr. and Mrs. Ned Herr and daughter, Ruby, of Hamlin, were Sunday visitors of Warren Nobles.

For Job Printing Try The Herald

made. The stamps can be exchanged for finished cotton goods. Under the supplementary program, farmers on those farms qualifying for cotton stamps, can each earn an additional \$3 payment for meeting specified food production and storage practices.

No extension of the closing date will be made, Vance said, since, by that time, most of the cotton in Texas will have been planted.

INFANTILE PARALYSIS

AUSTIN, May 26 — "Infantile paralysis can be expected to occur more frequently during the next three or four months," declared Dr. Geo. W. Cox, State Health Officer. "This disease is always more frequent during the hot months.

"The germ responsible for infantile paralysis is so small that it escapes detection even with the most powerful microscopes. The first symptoms are usually vomiting, headache, fever, stiffness of the neck, pain in the legs, irritability and drowsiness. Complete recovery may follow such an illness. In more severe cases, the germ penetrates the nervous system, resulting in paralysis of nerves controlling one or more groups of muscles. Some remarkable recoveries have been noted.

"Flies or other insects have not been demonstrated to play a part in the spread of this disease. Infection spreads from person to person with the droplets attending coughing and sneezing. Children and grown people who are healthy may be carriers of the germs. When present in epidemic form, about one child in each hundred is likely to suffer an attack.

"Early recognition and diagnosis are essential. The use of immune serum may be a factor in preventing paralysis. A period of complete rest is essential for muscles that are affected. If parents note any symptoms of illness in their children, the family doctor should be consulted at once."

Mr. and Mrs. R. E. Jones had visitors from Lamesa last week-end.

HERE'S SPEEDY RELIEF FOR Tender, Aching Burning Feet

Your feet may be so swollen and inflamed that you think you can't go another step. Your shoes may feel as if they are cutting right into the flesh. You feel sick all over with the pain and torture; you'd give anything to get relief.

Two or three applications of Moore's Emerald Oil and in fifteen minutes the pain and soreness disappears.

No matter how discouraged you have been, if you have not tried Emerald Oil then you have something to learn. Get a bottle today—all druggists.

OUR FLAG GIRDLES THE GLOBE

Old Glory, proud symbol of our country, will celebrate its 164th anniversary on June 14, the date of its official adoption in 1777. Like the British Empire, which takes pride in the fact that the sun never sets on its flag, we Americans may also claim that in some part of the world our National Flag is always floating in the breeze.

We may have fewer far-flung possessions than some of the older nations, yet Old Glory is known in every clime and place. For example, it is the custom of the U. S. Marines to raise our flag every morning at eight o'clock. It remains flying until sunset.

Three hours after the Marines at naval stations along our eastern seaboard have raised the flag, their comrades at other posts along the west coast salute the colors as they are hoisted briskly to the top of the flagstaff.

About two and a half hours later the ceremony is repeated in the Hawaiian Islands. More than five hours will have elapsed before the flag is raised by the sea soldiers in the Philippines. At virtually the same hour, the Marines hoist the flag in China, at Peiping, Tientsin or Shanghai.

Several hours later the westward march of daylight catches the fluttering folds of the Star-Spangled Banner flying over American Consulates and Embassies in Europe, and soon after the sun has passed its zenith in the Old World it is again flung to the breeze on the Atlantic seaboard.

Thus the Stars and Stripes, beloved standard of a free nation, makes its appearance in the early morning hours and remains flying until the sun disappears over the horizon.

Maury Maverick has been defeated as mayor of San Antonio after giving one of the best administrations the city has ever had. Voters seem to know his worth, but do not like him personally and would evidently rather vote for someone with a more pleasing personality. It is ever thus; we like to vote for our friends, and no matter how efficient a man may be, if we do not like him, we do not support him.—McLean News

Mrs. Earl Jones and daughters, Earline and Evelyn, and Jane Brownfield were in Dallas the first of the week.

G. R. Day has purchased a farm seven miles east of Brownfield where he plans to build a home and start farming.

A PEEK INTO THE FUTURE

Two paragraphs appearing in Victor Hugo's "Les Miserables," written many score years ago about another dictator who sought to rule the world seems to hold a prophecy of the future of our time. Here they are:

"Was it possible that Napoleon should win this battle (Waterloo)? We answer no. Why? Because of Wellington? No. Because of Blucher? No! Because of God! For Bonaparte to be conqueror at Waterloo was not in the law of the nineteenth century. Another series of events had long been announced. It was time that this vast man should fall. The excessive weight of this man in human destiny was upsetting the balance. The individual, by himself alone, counted more than the Universe. These plethoras of all human vitality, concentrated in a single head—the world mounting to the brain of one man, would be fatal to civilization if they should endure. The moment had come for incorruptible supreme equity to look to it. Probably the principles and elements upon which regular gravitations in the moral order as well as in the material depend, began to murmur. Reeking blood, over-crowded cemeteries, weeping mothers,—these are the formidable pleaders. When the earth is suffering from a surcharge there are mysterious moanings from the depths which the heavens hear.

"Napoleon had been impeached before the infinite and his fall was decreed. He vexed God. Waterloo was not a battle, it was the change of front of the Universe."—Clarendon News.

We thought that National Defense was the very important problem in the United States until we heard Governor O'Daniel make his announcement speech for the Senate. The Governor stated that Social Security is the major problem in this nation. He proclaims that regardless of whatever else may happen, we shall pay big pensions and other benefits. If the Governor would take a look at Europe and see what Hitler is doing to the 14 nations which he has overrun, he certainly should realize that until Hitler is whipped there is no security for any class of people in the world. Hitler is killing old people and others who are not useful to his war machine. Hitler is making slaves of all who will not do his bidding. But what could you expect of O'Daniel? He has taken no part in public affairs until he decided to run for Governor; he paid his poll tax once—in order to vote for Hoover;

Romance Brings Blushes

Linda Darnell really is the sweet young lady she appears to be on the screen. The beautiful raven-haired Texan, who shares top-featured billing with Rita Hayworth in the 20th Century-Fox

LUSCIOUS

Raven-haired Linda Darnell is featured in "Blood and Sand" with Rita Hayworth. The 20th Century-Fox Technicolor hit stars Tyrone Power.

Technicolor Film, "Blood and Sand," starring Tyrone Power, still blushes every time she goes into a romantic scene in the movies.

In "Blood and Sand," coming Sunday to the Rialto Theatre, which was produced by Darryl F. Zanuck, she had plenty of occasion to blush, for she had seven very, very romantic scenes with Tyrone. One of her kisses lasted ten seconds, which is a long one for Hollywood these days.

Despite the fact that she shied away from love scenes, Linda has nevertheless become one of the top romantic stars of the 20th Century-Fox lot. The studio is

well aware of this and is gradually easing her into romantic roles.

Whatever quails the lovely star experiences each time she goes before the camera are not in evidence in her acting. Her performances in "Day-Time Wife," "Chad Hanna," and "The Mark of Zorro" were flawless exhibitions of poise.

Linda's irresistible charm and beauty have even won over the sophisticated University of Michigan student body. Richard C. Ar-buckle, one of the leaders of the J-Hop, the university's principal social function of the year, recently wrote to Miss Darnell to tell her that she had been voted the most beautiful young woman in the nation, and invited her to reign as queen at their dance.

This isn't the first time that Linda's outstanding beauty has won popular acclaim. Just before she appeared in motion pictures, she was the official greeter for Dallas, Texas, at the time the Pan-American Exposition was meeting there.

She wasn't chosen for her beauty alone, but also for her intelligence and charm. She was one of the top-notch students of the Dallas High School, and won several prizes for history. She is also a talented artist and can discuss Surrealism and Van Gogh with as much facility as she can turn in a good acting performance.

In "Blood and Sand," she has had all the inspiration a young actress can hope for to do her best. Her supporting cast includes such names as Nazimova, Anthony Quinn, J. Carrol Nash, John Carradine, Lynn Bari, Laird, Cregar and Vicente Gomez.

Rouben Mamoulian directed from the screen play by Jo Swerling which was based on the famous novel by Vicente Blasco Ibanez.

SPEED LAW SAID TO BE INVALID

Bill McGowan is attending the summer session at the University of Texas.

he has paid no attention to foreign problems, even refusing to speak for the Democratic ticket last fall. The Governor is bursting with ego. He states that he, the great W. Lee, has accomplished everything worth while that there is in Texas, and now will move to Washington to show them how to run things.

His deference to President Roosevelt as an old friend should be resented by every good Democrat in Texas who has been on the firing line of Democracy while W. Lee built a fortune selling flour and refusing to even support his government to the extent of poll tax payment.—Canyon News.

According to the Attorney General, the caption of the new measure referred to the wrong law in repealing the speed laws of the past, and so they still stand.

On the motion of Representative James Stanford of Austin, the House took action to correct the condition.

OUR WEAKLY POME.

I met him in a dance hall
Where I really shouldn't go.
It's not the place for gals like me
And he soon told me 'so.
But then, I got to wondering
And honestly, I swear,
I can't see for the life of me
What he was doing there.
—Clarendon Leader.

R. L. Clay and James Bowers left this week for an army camp in Springfield, California. Both boys volunteered for service. Clay will be in the signal corps.

Mr. and Mrs. R. L. Bandy and son picknicked in McKenzie State park in Lubbock Sunday.

Mr. and Mrs. Joe Price went to Gainesville Monday to take two delinquent girls to the reformatory there.

NOTICE TO TAXPAYERS

A new law, House Bill No. 76, passed recently by the legislature, and duly signed by the Governor, and now in effect, RELEASES INTEREST AS WELL AS PART OF THE PENALTY ON STATE AND COUNTY TAXES, which were delinquent on or before July 1, 1940. The bill was approved May 22, 1941, and became effective when signed by the Governor on May 26.

This is to advise that if You Have Any delinquent taxes, either state or county, or both, YOU MAY TAKE ADVANTAGE OF THIS NEW REMISSION LAW NOW by paying ALL of your taxes which are delinquent. For instance, if you have TWO or MORE years delinquent taxes ALL must be paid, to get the benefit of this new law. The law and remission offer will expire on November 1, (this year) 1941. Please be sure to bear in mind that this law DOES NOT AFFECT 1940 TAXES and on these the usual Penalty will be collected for delinquent taxes for the year 1940.

As an example, and to show and illustrate your savings under this new law—suppose a person has delinquent taxes for two years, as follows:

Year	Amount	Usual Penalty	Present Penalty	Savings
1934	\$100.00	44%—\$44.00	6%—\$6.00	\$38.00
1938	\$100.00	20%—\$20.00	6%—\$6.00	\$14.00

Penalties that are usual and would customarily be collected (before this law was passed) were: 1934 and all prior years, 44 percent; 1935-38-percent; 1936-32-percent; 1937-26-percent; 1938-20 percent; 1939-16 percent. Under the new penalty remission law, only 6 percent interest is now to be collected, if paid prior to Nov. 1, 1941, for each year. The penalties are remitted.

All 1940 state and county taxes carry the usual penalty which at this time amounts to 7½ per cent, and on July 1, 1941, a penalty of 10½ per cent will be due on all delinquent 1940 taxes.

PLEASE NOTE—That you MUST PAY ALL years taxes delinquent and that they must be paid before Nov. 1, 1941, to get the benefit of the above discount. If not fully clear, or for further information see your county Tax Collector, at Brownfield, Texas.

J. V. BURNETT

Tax Collector, Terry County

Q. Where's the best place to choose your new car?

A. ON THE ROAD!

WELL MATCH the "showroom value" of the Ford with anyone... but if you want to know how great a car this is, take one out on the road!

TEST THE PERFORMANCE... IN ACTION. There never was another low price engine like this 90 horsepower Ford V-8. Take it out in traffic—then step out on the open road—challenge the toughest hills. Draw your own conclusions!

TEST THE RIDE... IN ACTION. Ride on the pavement, then ride the roughest road you know. You'll find the new Ford ride is the kind of ride you like. Smooth where the going's good. Soft and steady over the bumps.

TEST THE ROOM... IN ACTION. Measurements show this Ford greatest in its whole field in actual passenger space. A ride will show what this means. Bigness counts and here it is!

TEST THE VALUE... IN ACTION. Stop with the biggest hydraulic brakes anywhere near the price. Rest your toe on the pedal of a fine-car type of semi-centrifugal clutch. Flick through the gears with the easy, silent kind of finger-tip shift that high-priced cars use.

90 HORSEPOWER — V-8 SMOOTHNESS

FORD HAS THE QUALITY FEATURES

V-8 POWER—90 smooth horsepower. There never was a low price engine like this before.

NEW BEAUTY—When you look at the smooth flowing lines you see one of the few cars with really up-to-date styling this year.

A NEW RESTFUL RIDE—On the new Ford "Slow Motion Springs." A soft, quiet ride wholly new this year.

EXTRA VALUE—New ease of control with positive mechanical, fine-car type shift—extra-big hydraulic brakes—and the famous Ford semi-centrifugal clutch.

Assembled in Texas by Texas Workers

LET US PUT UP YOUR CAR

Motorists—summer highways call you to enjoy good driving! But first you must condition your car, so it's trouble-free.

POOL

There was a large crowd at the Community Social Friday evening. Mrs. J. P. Rowe is some better at this writing.

Mr. and Mrs. C. L. E. Meil and family of Meadow visited their son and family, Mr. and Mrs. Richard Meil Sunday.

Mr. and Mrs. Leslie George and son visited Mrs. George's parents, Mr. and Mrs. J. L. Grissom.

Mrs. Hazel Harris spent the past week with her sister and family at Meadow, Mr. and Mrs. Leslie George.

Mrs. Herman Rowe spent the past week with Mr. and Mrs. J. P. Rowe.

Mr. and Mrs. Jack Brown and family and Mrs. J. M. Trussell, Victor, Curtis and Leola Trussell visited relatives at Dixie Sunday.

Mrs. J. W. Young and little grandson, Harold Gene, visited relatives in Sundown over the week-end.

Mr. and Mrs. S. V. Newsom and Alfred Terrell visited Mr. and Mrs. Ed Newsom and family of the Gomez community Sunday.

Thelma and Maureen Ticer and Nettie Jean and J. T. Newsom visited the Redding family Sunday.

Mr. and Mrs. J. J. Gunter entertained the young-people with a party Tuesday evening. Refreshments were served to about 35 young people.

Dorothy Dean Newsom spent Sunday with Nita Harben.

Billic Rowe is at Hereford where he went to be best man at the wedding of his brother, Henry Rowe, who was married June 1, to Miss Olivia Benson of Hereford.

ANCIENT TRUCK RETIRES AFTER 21 YEARS

Twenty-one years of service for a Model-T Ford truck came to a close recently, when the Leachman's Laundry of Dallas retired the venerable truck. Driver Joe Adams, who ran the Model T out of the garage, brand-new, 639,600 miles ago, hated to leave the old relic to the company, which plans to preserve it, with its record painted on the side.

"This old car has bought me a good home, made me save some money, raise a family, and put my boy through college," Mr. Adams said. "Feel like the car is one of my family."

Jerome Cowan, Helen Parrish and Rudy Vallee in Universal's "Too Many Blondes."

DRYING OF FOOD ADVOCATED

College Station, June 9—Texas will do its part in a large-scale food drying program to concentrate much of the nation's food-stuff in convenient form, Extension Service workers said after returning from the White House Nutrition Conference. Mildred Horton, vice director and state home demonstration agent, and Jennie Camp, specialist in home production planning, attended the meeting.

Food preservation experts at the conference pointed out that mass food processing of this kind would save millions of bushels of grain now being eaten by rodents or allowed to rot in granaries. The drying program would also be designed to save huge quantities of fruit and vegetables which in the past have been allowed to spoil on the ground since low prices would not justify their harvest.

Mrs. W. H. Dallas and granddaughter, Miss Mary Jean Lees, are leaving Sunday for California where they will attend the National Federation of Music clubs in Los Angeles. They plan to visit relatives in California, too.

Mr. and Mrs. L. O. Greenfield, Jr., were in Borger Sunday to visit Mrs. Greenfield's brother, Clyde Eicke. Mrs. Greenfield remained in Borger.

POOL H. D. CLUB

The Pool Home Demonstration Club met June 4, at the Pool School House, with Mrs. Leroy Fincher acting as chairman, as both the president and vice president were late.

Plans were made for the community social for Friday evening. After the business meeting we practiced on a program for Friday evening.

Several new members joined the club that afternoon. They were Mrs. Opal Martin, Amy Redding, Glennas Gunter, Mary Ruth Dunn, Nettie Jean Newsom and Thelma and Maureen Ticer. That brings our membership to 29 members.

The old members present were Mrs. H. H. Harben, Mrs. Redding, Mrs. W. E. Pool, Mrs. R. H. Hudleston, Mrs. Effie Martin, Mrs. Clota Waters, Mrs. L. M. Waters, Mrs. Thelma Rock, Mrs. Cassie Mae Rock, Mrs. Alice Rock, Mrs. Bob McLeRoy, Mrs. Homer Dunn, Mrs. Richard Meil, Mrs. Carol Shults, Mrs. J. J. Gunter, Edna Redding, Mrs. Leroy Fincher, Mrs. S. V. Newsom, Flois Gunter and Mrs. W. C. Denison.

The next meeting will be held June 18 at the schoolhouse with Mrs. Homer Dunn as hostess.

—Club Reporter

PREDICTS RISE IN TIRE PRICES MUST COME

Mr. A. A. Garthwaite, President of the Lee Rubber & Tire Corporation, has just reported to stockholders that the company's sales for the six months ending April 30, 1941 were the largest first half sales in Lee history.

Sales for the six months totaled \$7,514,203.22 and represented an increase of 20 percent over the corresponding period last year. Net profit, after reserve for taxes, was \$450,704.33, equal to \$1.68 per share as compared with \$1.70 per share for the first half of the 1940 fiscal year.

A. D. Repp was in town Monday on business.

"THEY CALL ME 'DOC'"

Certified: 13,398 MILES ON ONE 5-QUART FILL OF THIS NEW OIL

5 OTHER GOOD OILS
OUTDISTANCED 74% TO 161%

Impartial test in Death Valley Desert.
279 ft. Below sea level.

6 cars Destroyed to give you
Economy data beyond any Quibbles.

U. S. Patent No. 2,218,132 tells exactly what is new about the new Conoco motor oil named

CONOCO Nth MOTOR OIL

5 quarts of this same new Conoco Nth oil that you can buy today, lasted 13,398.8 miles in a stock coupe—under lock and under scrutiny every minute.

13,398 miles up and down Death Valley. Sand and sagebrush. Lowest land and highest extremes of heat in our U. S. A.

5 other well known oils got the same chance as new Conoco Nth oil. 6 identical new cars were used. Tune-ups, tire pressures, speeds, and all other factors were the same for all—impartially. Engines were under lock. Qualified authorities eyed everything.

The test was simple and stern... Each car got its 5-quart fill of some one competing oil and was run at a 57-mile speed, without added oil, till the engine smashed up. *New Conoco Nth motor oil went 13,398 miles. Certified.* Not another oil came within 5,683 miles of that and one was outlasted 8,268 miles by new Conoco Nth oil. *Certified.*

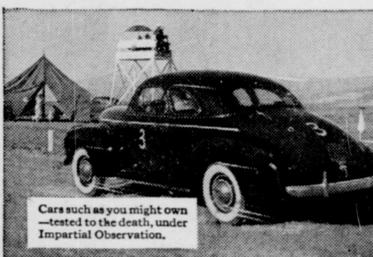

The reasons are straight and simple... New patented Conoco Nth motor oil contains *Thialkene inhibitor*, a new synthetic... man-made by Conoco.

exceed the recommended distance between crankcase drains. But knowing that new Conoco Nth oil lasted 74% to 161% longer than other oils tested, see how seldom you add a quart. At Your Mileage Merchant's Conoco station today change to your correct Summer grade of popular-priced new Conoco Nth oil. Continental Oil Co.—Pioneers in Bettering America's oil with Synthetics

OIL-PLATING, too! Long the keystone of Conoco success, OIL-PLATING comes from another Conoco synthetic... (U.S. Patent 1,944,941). Magnet-like action bonds OIL-PLATING to engine parts, so it can't all drain down—not even overnight. While you use Conoco Nth oil, this OIL-PLATING stays on guard against wear in advance! By OIL-PLATING the engine and inhibiting the worst effect of oil pollution, one fill of new Conoco Nth lasted 13,398 miles. *Certified.*

You'll not put your car through such a third-degree—any more than you keep starting in high gear just because you could. You'll certainly never want to

Cars such as you might own—tested to the death, under Impartial Observation.

CERTIFIED I hereby certify that the Death Valley Test and related work were thoroughly and fairly conducted. Engine Destruction occurred in each case at the mileage stated.

Just give it Air— and it'll give you Action

MAYBE you didn't know that an efficient gas mixture for your car has about 9,000 parts of air by volume for every one part of gasoline.

That being so, you can see how important air-handling capacity is to your power plant.

Take this stunning Buick FIREBALL straight-eight, with Compound Carburetion stepping up its horsepower.

Ordinarily, this engine purrs along sweetly with only one of its two carburetors functioning.

But step down on the gas treadle and what happens?

A second carburetor opens up. Doubles the air-handling capacity. Steps up power, lift, life, action. You

go swooshing off like a scared boy with a bee behind him.

Would feeding more gas accomplish the same result?

After a fashion, yes—but why bespendthrift? *Why feed your engine gasoline when what it wants is air?*

Why not enjoy power as you want it and when you want it—plus gas economy that runs as high as 10% to 15% over last year's Buicks?

For that matter—why get less room, less style, less comfort, less value than Buick offers at such little prices?

See your nearest Buick dealer now—and at least get the delivered figures.

\$930

for the Business Coupe (illustrated above) including Compound Carburetion,

delivered at Flint, Mich. State tax, optional equipment and accessories—extra. Prices and specifications subject to change without notice.

CHAS. RANDAL PASSES

Seymour and west Texas lost a valuable citizen last Wednesday evening in the passing of Charley Randal, at 6:15, only about two hours after being stricken by a heart attack. His death was not entirely unexpected, as he had been suffering some two years. The writer had met Mr. Randal a number of times during his visits here with his brothers, Horace, and the late J. L. (John) Randal, pioneer druggist of this city.

John and Charley Randal married sisters, daughters of the late Mr. and Mrs. P. M. M. Schrock of Palo Pinto County. Mrs. John Randal and Horace of this city, as well as Mrs. Gaster Spencer, daughter of Mrs. John Randal of Lubbock, attended the funeral Friday morning, at the Seymour Methodist church. Rev. T. C. Willett is said to have made a great talk, which was in a way easy, considering the exemplary life of the deceased, and the esteem in which he was held by his fellow citizens. He was 79 years of age.

Mr. Randal has land holdings in this county, was for many years a prominent hardware merchant of Seymour, and connected with one of the Seymour banks. It is good to know men of Charley Randal's calibre. His body was laid to rest in the Seymour cemetery.

Immediate survivors are his wife and two children, a daughter, Mrs. A. B. Hoosey of Waco, and C. M. Randal, a son, who is mayor of Seymour.

Assessed \$100 Fine, 1 Year Suspended

Young man was arrested Monday night, and a 50 gallon still and 19 1-2 gallons of whiskey in fruit jars seized by the Lamb County Sheriff's Department five miles east of town. Deputy Sid Hopping made the arrest and seizure.

The man was lodged in jail, where he remained until Wednesday afternoon, when he appeared at 2 o'clock before Judge S. A. Doss, in County Court at Olton. He was assessed a fine of \$100.00 and a one year suspended sentence.

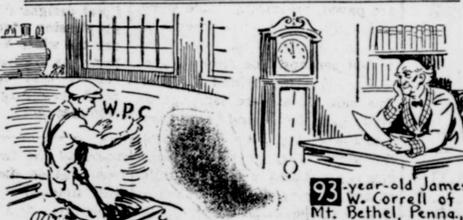

In reporting the arrest and seizure, Sheriff Sam Hutson and Deputy Sid Hopping said that heavy fines would be imposed on all violators of the law.—Lamb County Leader.

A. C. Copeland of Plains dropped in this week to renew.

A Five Hundred Mile Spin Taken Sunday

Added to some more dope about our tour, here, there and yon, our readers who can take it on the chin will have another article to worry about this week, if they happen to read the Herald from "kiver to kiver." You that have read these series of tirades perhaps have learned that we brought a nephew home with us, and we wished to show him about some in the real west.

So, Sunday morning, while honest people were getting ready for Sunday School, this Stricklin household, including the boss and wife, the sub-boss, wife and brat, and Neal Stricklin, the nephew, were getting ready to go to Roswell, we thought, to see the bottomless lakes. After they were "seed," we then decided to go on up to Ruidoso, so the nephew could write back home that he'd seen snow in the summer time. At Bronco, he saw his first buffalo quietly grazing with the cattle, and between Roswell and Ruidoso the first deer and antelope.

Funny part of the scenes at Ruidoso, was the pine. While back in Tennessee, some of the kin, carried us over in McNary county to see some big pine. (You ex-Tennesseans thought we were going over there after moonshine, didn't you? But you got fooled.) Well, old McNary county is famous for its mountain dew as well as pines. Anyway, our nephew saw pines at Ruidoso that would make the Tennessee pines look like sapplings. Saw the Bill Smith family, Mrs. Smith being a former Terry-tie, and she went with us on our sight seeing around the area.

Returning to Roswell, there was still an hour before sunset, and as the Old He had never been down the Pecos valley to Artesia, we took that longer route to that city, then to Lovington, Tatum and home at 11 P. M. And so to bed, just before we fell to staves.

LAS AMIGAS GIVE PICNIC WEDNESDAY

Members of Las Amigas club entertained Wednesday evening at the roadside park with a picnic for their husbands. Barbecued chicken was served. Couples present were Mr. and Mrs. Wilson Collins, Dr. and Mrs. W. S. Brumage, Mr. and Mrs. Jack Bailey, Mr. and Mrs. Earl Anthony, Mr. and Mrs. Troy Noel, Mr. and Mrs. W. R. McDuffie, Mr. and Mrs. Orb Stice, Mr. and Mrs. Jack Stricklin, Jr., Mrs. Spencer Kendrick and Richard Kendrick.

Jack Johnson left Tuesday for Kansas City where he will spend the summer with his father, J. D. Johnson.

MISS GLYNN ANDERSON IS MARRIED TO LIEUT. LANCE TURNER SUNDAY

Ceremony Performed In First Baptist Church Of Plainview

Miss Glynn Anderson, daughter of Mr. and Mrs. Elmer R. Anderson of Plainview, and Lieut. K. Lance Turner, son of Mr. and Mrs. A. W. Turner of Brownfield, were married at 8:30 o'clock Sunday morning in the First Baptist church of Plainview with the Rev. L. B. Reavis, pastor, officiating.

White candles in graduated sizes burned on the choir rail which was centered with a spray of white gladioli. The altar was flanked by white tapers in candelabra and palms. A bowl of white carnations rested on the piano and the reserved pews were marked with white ribbons.

Mrs. Mildred Myers, organist, played "Claire de Lune" (Debussy) before the traditional "Bridal Chorus" from "Lohengrin." The recessional was Mendelssohn's "Wedding March."

The bride was given in marriage by her father. She wore a white suit of imported basketweave crepe and white bakur straw halo hat and other white accessories and a corsage of white roses and lilies of the valley.

Miss Marie Anderson of Dallas, cousin of the bride, was her only attendant. She was attired in a rose crepe dress with white accessories and had a corsage of white rosebuds and blue delphinium.

Best man was Gordon Shackelford of Lubbock. Ushers were Clarence Symes, Jr., and Robert Sorrels, both of Lubbock.

Following the ceremony a reception was held at the home of the bride for the wedding party, family, and out-of-town guests. In the receiving line were Mr. and Mrs. Anderson, Mr. and Mrs. Turner, Miss Marie Anderson, and the bride and bridegroom.

Assisting with the serving were Miss Rena Beth Anderson, sister of the bride, Mrs. Rager Jones of Dumas and Miss Juanda Ruth Turner, sister of the bride-groom.

The bride took the Bachelor of Arts degree with a major in commercial art from Texas Technological college in August, 1940. There she was a member of the Engineering Society, Gargoyles club and Alpha Chi, honor scholastic society. She was graduated with honors.

Lieut. Turner received a Bachelor of Science degree from Texas Technological college June 2 and at the same time received his commission as second lieutenant in the quartermaster corps. He was president of the rifle team, a member of Torch and Castle, military social club, and belonged to the Engineering Society.

Following a short wedding trip, Lieut. and Mrs. Turner will report to Camp Berkeley, Abilene where he will do temporary duty. Later they will go to Philadelphia, Pa., where he will attend quartermaster's school.

Mr. and Mrs. A. W. Turner and Juanda Ruth were the only Brownfield people present. High rains kept others from attending the ceremony.

Miss Mildred Adams New Society Editor

Miss Mildred Adams, daughter of Mr. and Mrs. W. M. Adams of this city, is now on the staff of the Herald as Society Editor. She will also do some feature

MISS MILDRED ADAMS

writing. Miss Adams took her degree recently at Baylor University.

Miss Adams was a writer on the Lariat, official publication of Baylor during the years she attended that school. The last year she was there, she became its editor, being the first woman to ever fill that place.

She also did special work for the Daily Bulletin of Odessa, summer before last. The Herald is rather small fry for the training and capacity of Miss Adams, but she remarked that for the time being she had rather stay at home and write for the home town paper.

FIRST CHRISTIAN CHURCH ORGANIZES BIBLE SCHOOL

Last Sunday morning the Bible School of the First Christian Church met for organization. Mrs. Jack Hamilton was elected secretary-treasurer. Mr. Dennis will act temporarily as superintendent.

Three classes were formed, with Mrs. Korth teaching the smaller children, Mrs. Dennis the juniors and Mrs. Holgate the adults. Other classes will be formed as the need arises. It is hoped to soon have a class of young people.

Out of town visitors at the morning worship service were Mrs. Holgate and her niece, both from San Angelo, the Ferguson family of Union, and Mr. and Mrs. Leo Slusser from Edinburg, Texas. At the evening service Mrs. Barney Holgate united with the local church.

Next Sunday morning at 10:00, Sunday School for all ages. Morning Sermon at 11:00, "Lights Out." Evening Sermon at 8:30, "Can You Take It Straight?" Come and join us in worship and in singing the old time hymns.

HD CLUB MEETS WITH MRS. PARKER

The Meadow Home Demonstration club met Tuesday afternoon, June 3, in the home of Mrs. G. F. Parker with Mrs. Parker as hostess.

Meeting was called to order by Vice President, Mrs. R. R. Richey. After roll call by Mrs. Parker a song was sung by the club.

An interesting report from Council was given by Mrs. Jim Finley.

Two games were played and the winning side sang a very lovely and beautiful song.

Salads were studied, put on exhibition and then served to all present.

BAPTIST CHURCH NEWS

Attendance in the Bible Study period ran a little under the four hundred mark with good attendance at the preaching hour last Sunday and small attendance at the evening hour, account of the rain. Great numbers walk to the church and rain is always a serious handicap for them. Mr. Horn begins his leadership of the choir and will soon present the orchestra after some practice and it is hoped that singers interested in good church music will give him their cooperation. Four members came into the fellowship of the church Sunday.

The pastor reports more than one thousand preachers present last week in the conference at Ft. Worth, who rededicated themselves to the task of conducting evangelistic meetings all over Texas and may many people who are lost be brought into the Kingdom.

Father's Day next Sunday and the service will give special consideration to the burdens that father carries and the help he needs to enable him to be what he should be. Many fathers have been shirking their religious responsibilities failing to lead the family religiously as God commanded they should and trying to put that leadership on the mothers. The Kingdom of God has been retarded because the men have been failing religiously, and they are admitting it, and may they come next Sunday in great numbers.

Next Monday evening, 8:15, is the regular meeting of the Brotherhood of this church which should mean every man of the church and the regular program for the evening will be carried out, and in addition to the program layman, Mr. Lyman Wren of Snyder, Texas has been invited to bring the message of one layman to another and we much desire the attendance of the men for this meeting. Mr. Wren was here on a former occasion but many were not present then and they should be present Monday evening. Visitors are welcome at all the services of this church.

GOMEZ NEEDLE CLUB MEETS IN BROWNFIELD
Members of the Gomez Needle club met Thursday in the home of Mrs. Charlie Moore in Brownfield to play forty-two.
Mrs. Tommy Key won high for the afternoon and Miss Merle Moore placed low.
Visitors were Mrs. Wayne Mullins, Sr., and Mrs. W. B. Brown.
Pink roses and field flowers were used in the house.
Members present were Mrs. Lee Fulton, Mrs. Tommy Kelly, Mrs. Ruby Kelly, Mrs. Wes Key, Mrs. Hosey Key, Mrs. T. W. Bruton, Miss Merle Moore and the hostess.

JUNIOR C. OF C. TO SPONSOR JUKE BOX DANCE

An informal dance under the auspices of our local Jaycees will be at the American Legion Hall this Saturday Night, June 14. No one is expected to dress or even so much as wear a coat, the theme being "Come as you are." The object of the affair . . . merely an opportunity to have fun. If you are a stranger or newcomer in town, just come on out and there will be a special committee on hand to see that you get acquainted and have a good time with the rest of the guys and gals. Time of the dance: nine o'clock 'til . . . Admission at the door: 1 dollar plus federal defense tax making a total of \$1.10. Those who wish may reserve a table; advance sale of tickets at Nelson-Primm Drug and later at the boxoffice at Legion Hall.

METHODIST SOCIETY MEETS MONDAY

The Woman's Society of Christian Service of the First Methodist church met in the home of Mrs. Jewell Johnson Monday afternoon. Mrs. Hanks and Mrs. Foote led the year book program.

Other members present were Mrs. Akers, Miller, Johnson, Cook, Fitzgerald, Lloyd, Linville, Cotter, Carter Thompson, Carpenter, Arnett, Webber, B. L. Thompson, and Longbrake.

The society will go to Lubbock for the next meeting, Monday, where they will hear Miss Flora Forman, a returned missionary.

NEXT COMMUNITY DINNER TO BE AT FOSTER

Preparations are now under way for the next community dinner, in which local business men visit rural communities for their dinner, at which the farmers of the community are their guests, will be at the Foster school house ten miles southwest of the city, June 25th.

The hostesses for the occasion will be the Foster Home Demonstration Club. The time is 8 P. M., and every business firm in the city is expected to have a representative there.

PLEASURE CLUB MEETS WITH MRS. BALLARD

Members of the Pleasure club met Wednesday afternoon in the home of Mrs. Roy Ballard.

Cut flowers were used as decorations.

Those present were Mrs. Bruce Zorns, Mrs. R. L. Bandy, Mrs. Jimmy German, Mrs. Bill Ed Watson, Mrs. Black, Mrs. Davis, Mrs. J. B. Huckabee, Mrs. C. C. Primm, Mrs. Jack Hamilton, Mrs. Roy Herod, Mrs. Herman Heath, Miss Queenelle Sawyer, and the hostess.

STRICKLIN'S HONOR H. BECK AND R. CURRY

As a farewell courtesy to Horace Beck and Roger Curry, employees of the Terry County Herald, Mr. and Mrs. Jack Stricklin entertained with a picnic supper in their back yard Tuesday evening.

Those present were Mr. and Mrs. A. J. Stricklin, Beck, Curry, Miss Mildred Adams, Neal Stricklin of Tennessee, the host and hostess and son, Jack Taylor.

PASTOR JNO. R. DENNING RETURNS SUNDAY

After an unavoidable absence of several weeks, Evangelist Jno. R. Denning will return next Sunday to the pulpit of the North Side Baptist Church, and hopes to greet every member and worshiper at the ten o'clock Bible Study period.

At eleven o'clock there will be held a special Father's Day service and the membership is requested to see that every man and boy possible be urged to attend, particularly those who have known the blessing of being called "Father."

At the night preaching service Rev. Denning will bring a message of keen interest to every close observer of the world war trend. His subject will be "The Present War in the Holy Land, and Its Prophetic Significance."

The entire Church is humbly grateful for the many blessings experienced and the pleasing growth of the Sunday School under the able ministry of its co-pastor, Arnes J. Franks, during the past several weeks. His mid-week services at the County Jail have resulted in four conversions.

We shall be happy to greet YOU with a cordial hand-shake next Sunday morning.

MRS. PARNELL HIGH SCORER AT H. AND H. CLUB MEETING

Members of the H and H club met with Mrs. John Kendrick last Thursday afternoon at the weekly bridge meeting.

Mrs. Roy Parnell won high score for the afternoon.

Members present were Mrs. Tom Neely, Mrs. Parnell, Mrs. Bill Anderson, Miss Queenelle Sawyer, Miss Earline Jones, and the hostess.

The group will meet with Mrs. Parnell next week.

MARRIAGE LICENSES

Marriage licenses have been issued to K. Lance Turner, Glynn Anderson; Buford Taylor, Nellie Ann Hitt; Amalio Garcia, Consension Martinez; Jose Ma Mauricio, Juanita Perez, according to County Clerk, H. M. Pyeatt.

The Rev. Fred Walker, Dean Alexander and Leonard Ellington are in Buffalo Gap this week attending a Young People's conference. Rev. Walker is instructor in two Bible courses.

MRS. FERGUSON HONORS MRS. LANG

Mrs. Robert Lang of Los Angeles, Calif., was named honoree at a bridge party given by her sister-in-law, Mrs. Carlos Ferguson, in Mrs. Ferguson's home on Broadway Tuesday afternoon.

A color scheme of blue and white and red and white checks was carried out in all the decorations. Tallies were made of blue and white and red and white checked terra cloth. Napkins were washcloths in the same design. They were presented to each guest as a favor.

Mrs. R. N. McClain was high scorer for the afternoon. Second prize went to Mrs. Bill Jennings, and a guest prize was presented to Mrs. Lang.

Women present were Mrs. Dave Evans, Mrs. Glen Akers, Mrs. McClain, Mrs. Jennings, Mrs. Dick Myer, Mrs. R. L. Bowers, Mrs. Roy Burke, Mrs. E. C. Davis, Mrs. W. R. McDuffie, Mrs. Horace Belew, Mrs. J. T. Akers, the guest of honor, and the hostess.

MRS. W. A. BELL GIVES LUNCHEON FOR NEPHEW

Mr. and Mrs. W. A. Bell entertained last Thursday with a luncheon in honor of their nephew, Alfred Bell, of Marshall.

Alfred, a senior in the Baylor law school, has been visiting in the Bell home during the last week.

Those present were Mr. and Mrs. Herbert Bell of Marshall, Mrs. W. B. Toone, H. B. Virgil Crawford, Miss Mildred Adams, and Mr. and Mrs. Bell.

BIRTH ANNOUNCEMENTS

A seven pound boy was born to Mr. and Mrs. Truman Pickett at their home Monday at 2 o'clock.

Mr. and Mrs. Clovis Kendrick, Mr. and Mrs. W. E. Latham, and Mr. and Mrs. Lee O. Allen left this week for Corpus Christi.

McILROY'S HAVE FAMILY RE-UNION

Dr. and Mrs. T. H. McIlroy were hosts at a family re-union of the Zachary family in Brownfield Monday night. They gave a barbecue supper at their home.

Mr. and Mrs. E. W. Foreman of Laredo were honor guests.

Other members of the family were Mr. and Mrs. C. V. Binnicker and family of Lubbock, Mr. and Mrs. B. G. Zachary and family of Lubbock, Mr. and Mrs. Frank Zachary and family of Lubbock, Mrs. B. G. Zachary, Sr. of Lubbock, and Mr. and Mrs. T. A. Zachary of Brownfield and Dr. and Mrs. McIlroy and children.

CAROLYN JONES GIVES ICE CREAM SUPPER

Miss Carolyn Jones was hostess to a group of young people Tuesday evening at her home. The occasion was an old-fashioned ice cream supper.

Guests were Bud Patterson, Miss Valdene Dumas, Woodie Inman, Miss Thelma Lee and Vance Smith.

WILMA, EDITH WALKER HAVE BIRTHDAY PARTY

Mrs. Fred A. Walker entertained Monday afternoon with a birthday party for her two children, Wilma, who was six June 8, and Edith, who was two June 7.

Children attending the birthday party were Eileen Jacobson, Don and Marian Rogers, Nancy Sue King, Carol Dallas, Judy Winston, and Lejuana Bryan.

1ST PRESBYTERIAN CHURCH Fred A. Walker, Pastor

Sunday school, 10:00 a. m. Junior Christian Endeavor 6:45. There will be no regular church services Sunday due to the absence of the pastor. Mr. Walker and two delegates are attending the Young People's Conference at Buffalo Gap.

Most Artistic

Singing her way to recognition, Miss Virginia Halbedel of San Antonio won the Leman Award at Texas State College for Women commencement exercises June 2. Presented annually by Dr. L. H. Hubbard, president of the college, the award goes to the student in each graduating class who has made the outstanding artistic contribution to the college during her four years in school. Miss Halbedel won distinction as a singer and composer.

MR. JAMES PASSES

J. H. James, who passed away last Wednesday evening at the local hospital was nearly 90 years of age. He had been a citizen of West Texas and Eastern New Mexico for 29 years, he and family coming to Brownfield in 1912 from Madisonville.

The body was carried to Tatum for burial, services being held at the Methodist church in that city, as he had been a member of that church since boyhood.

His wife passed on ten years ago. Living survivors were three boys, Howard and Tom of Tatum, and Robert of Corpus Christi, Texas, and three daughters, Mrs. Walter Gainer, Kenna and Mrs. Gus Foreman, Tatum, N. M., and Mrs. Bert French, Sunray, Texas.

The proposed extension of powers to the president should be no matter for overwhelming concern. Already he has what power is necessary since his proclamation of unlimited emergency, together with his being the commander-in-chief of the army and navy. But if we were going to come unglued about the proposed act of congress, I'd try to find out how Mr. Hitler and Mr. Mussolini and a few of the other international thugs liked the idea. If they didn't like it at all, then I would be pretty sure that would be a good thing for the United States. — Jimmie Rankin, in the Ralls Banner

The most sickening bit of political news I ever read was in Ray Tucker's "The National Whirligig" last week when he said the suspicion has arisen that John L. Lewis looks forward to the vice presidential nomination in 1944 on a he-kept-up-out-of-war platform, with Burton K. Wheeler as a possible presidential candidate—Abernathy Review.

Misses Irene and Mary Nell Adams left Sunday for Albuquerque where they will attend the summer school session of the University of New Mexico.

WINS TOP RACE AS SAFEST TRUCK DRIVER

AUSTIN, June 4—Five drivers competing to be selected as Texas' Safest Truck Driver reported a total of 2,030,861 accident-free miles covering an aggregate of 60 years. John Odom topped the list with 1,450,000 miles. Arno Schuck of Dallas was second with 707,200 accident-free miles during the past 8 years.

Other competing drivers in the top flight were E. A. Holder, E. W. Claunch and Ray McIntire. All of these drivers will receive Certificates of Award from the Texas Motor Transportation Association in recognition of their splendid records, according to Ed Spoles, newly elected president of the association.

Mr. and Mrs. Ted Hardy and Mr. and Mrs. Johnny Haynes spent last week-end in Ruidoso.

Mr. and Mrs. Raymond Speegle and daughter, Shirley, of Denison are visiting Mrs. Queenelle King and Mr. and Mrs. Arthur Sawyer this week. Mrs. King and son, Robert J., and Mr. and Mrs. Speegle spent Wednesday and Thursday in El Paso.

OVERTOWERING GREATNESS—

Greatness . . . of its star . . . Tyrone Power—of its superb cast—of its stirring story—of its inspired creation under the leadership of Darryl F. Zanuck—of its direction by Rouben Mamoulian—of its blazing romance—magnificent spectacle and stunning, colorful pageantry!

Tyrone Power

It's Among The Best Pictures The Rialto Theatre Has Ever Presented!

Lubbock Legion To Entertain Buddies

LUBBOCK, June 10—Preparations are complete for joint conventions of the American Legion and auxiliary of the Fifth Texas division and the 19th congressional district to which Lubbock's Allen Bros. post will be host Saturday and Sunday, June 14 and 15, according to Chas. Whitacre of Lubbock, 19th district commander.

Registrations are to begin at noon Saturday in the Legion home, 910 Texas Avenue. Members of the 40 and 8, fun organization of the Legion, are to frolic Saturday afternoon and will stage their "wreck" at 8 p. m. Business session of the 19th district is scheduled Saturday night at 7:30 o'clock, when a commander and vice commander are to be elected. John W. Scott of Plainview is the present vice commander.

Business session of the division convention is to be held Sunday morning at 9:30 o'clock, with Charlie Maisel of Phillips, the commander, presiding. A free barbecue at noon will be followed by a joint business session in the afternoon.

Two dances Saturday night will be the entertainment feature.

Officials predict that attendance at the meetings will exceed that of any other Legion gathering in Texas this year with exception of the state convention. Among those who have accepted invitations to attend are Charles Morgan of Artesia, N. M., the New Mexico state commander, and Raymond Fields of Guthrie, Okla., past commander in that state.

Division president of the Legion auxiliary is Mrs. John Deaver of Memphis. District president is Mrs. Elmer Anderson of Plainview.

Politics has a wonderful power over some people, it makes them hate whom they once loved and love whom they once hated. Never before he became a candidate for the U. S. Senate did Gov. O'Daniel speak a kind word for President Roosevelt. But since he became a candidate and it is his interest to do so, every other word is followed with "our great president, Franklin D. Roosevelt." In all of his public life he has been strictly anti-Roosevelt. His appointees have been either dyed-in-the-wool Republicans, or anti-New Dealers. His henchmen were leaders in the unsuccessful fight to defeat Roosevelt here in Texas last summer and his buddy, Hal Collins, made such a violent attack on the national administration in a speech at the State Convention that loyal democrats booed him down and the President's son was brought in to reply to the attack. A vote for O'Daniel is a vote against the Administration and one for the republican cause, which has always worked against the South.—Anton News.

My Week by Eleanor Roosevelt

RESPONSIBILITY

The flags of all the Americas decorated one end of the East Room of the White House and were draped over the room's main door. It gave me a curious feeling to sit there and watch the President at his desk, faced by all the microphones.

I felt as though all the newspaper photographers in the world were grinding and clicking in front of him. The atmosphere in the room was one of suppressed and intense excitement. Diplomats are trained to observe the amenities, no matter what they feel, but everybody's face showed some emotion as the evening progressed.

I felt strangely detached, as though I were outside, a part of the general public. I represented no nation, I carried no responsibility, except the responsibility of being a citizen of the United States of America. Then I looked at the President, facing representatives of all the Central and South American countries, Mexico and Canada. Like an incoming wave, the thought rolled over me:

"What a weight of responsibility this one man at the desk facing the rest of the people, has to carry. Not just for this hemisphere alone, but for the world as a whole! Great Britain can suffer and defend herself in equally heroic fashion, but in the end, the decisive factor in this whole business may perhaps be the solidarity of the hemisphere and, of necessity, the President of the United States must give that solidarity its leadership!"

If we all preserve our freedom, it must be accomplished because we believe in each other, because we want to go forward with the democratic processes, no matter how far short we may be today of perfection. We can only do this if we work together.

Then the President began to speak. For three-quarters of an hour he told us what conditions existed, what obligations lay before us and, finally, what his present step to meet those obligations was to be. More must follow, and day by day each one of us is going to realize that his life is changing, that he has an obligation to perform.

In my capacity of objective citizen, sitting in the gathering, I felt that I wanted to accept my responsibility and do my particular job, whatever it might be, to the extent of my ability. I think that will be the answer of every individual citizen of the United States, for which all is said and done, it is our freedom to progress that makes us all want to live and to go on.

NUTRITION CONFERENCE

The closing session of the National Nutrition Conference for Defense was most interesting to me. I heard Dr. Thomas Parran, of the United States public health service, speak, and Mr. M. L. Wilson, director of extension work in the department of agriculture, present the recommendations which came as a result of the various group meetings and from the conference as a whole.

This seems to me to have been a very valuable meeting. It brought together not only the people, like the home economic experts who have studied nutrition for years, but the educators, doctors, parent-teacher groups, business and professional women etcetera. All possible groups must be interested if a program of education is really to be carried on throughout the country.

I returned to the White House to see a number of people at tea, and to shake hands with the little Girl Scout, Beatrice Vlach, and another very charming young girl, Dorothea Bock, both of them winners in contests which provided as a prize a trip to Washington, D. C.

In the evening, I went to my local Newspaper guild meeting. Then I found a basket of mail awaiting me, but even with this to do, I did not have to sit up very late. It is becoming easier to get through the work, though I must say the days seem to be filled. I don't believe that the time will ever come in Washington when we can sit down and say: "There is nothing left which we ought to do."

We arrived in Hyde Park the next night just 15 minutes after my husband reached home, which shows that there are some advantages to flying, for I left Washington three hours later than he did! He insists, however, that he accomplished a great deal more work on the way, and I haven't a doubt that is true.

Miss Thompson and I motored up from LaGuardia field, and it was quite evident that a holiday crowd was wending its way up the Parkway. We passed one accident, but no one seemed to be seriously hurt.

GASLESS SUNDAYS

I see that Secretary Ickes is suggesting that we have gasless Sundays and universal daylight saving, thereby saving power. The gasless Sundays and less rapid driving might not only save gas and rubber, but a considerable number of human lives. The power, however, if it means fewer lights, will be hard on me, because I have acquired the bad habit of working late at night. When I don't do that, the temptation to read is hard to resist.

I. A. Lowe and wife have returned from El Paso, where they visited several weeks.

FIRST GRAND PRIZE WINNER—(\$1,000.00)

Mrs. Eugene Bailey, 512 Oak Street, Longview, Tex.

Of course the grocer who sold her the Admiration Coffee that entered her in the contest must be told about the award! Albert Latham, owner of the Latham's Food Market, was happy to extend congratulations to his "lucky customer" (remember she won a previous prize of \$100 in this same contest and bought that Admiration Coffee from him, too!)

Mr. and Mrs. Clyde Washington and Mrs. Ira Gordon of Lubbock and Mrs. Clyde Macfarlane of Idalton spent Wednesday with A. P. Moore and Mrs. Charlie Moore and family.

Mr. and Mrs. J. H. Rambo and children, Larry and James Clinton, visited Mr. and Mrs. Wayne Tipton in Graham last week end. Mrs. Rambo's mother, Mrs. Tipton, left for Lake Charles, La., Monday.

MAIL BOXES

High in Quality—Low in Cost

We have a large stock of genuine Fulton Mail Boxes. Each box is rust resistant and equipped with a good lock. They come in several attractive styles. We also have a visible box made of glass.

All Boxes from 50c to \$2.95

House Numbers

It is necessary to number our houses now that we are getting free mail delivery. You'll find just what you need among our large stock.

BROWNFIELD FRIDAY — SATURDAY TEXAS

Beldon Poll Gives Mann A Clear Lead

Fredericksburg, June 12—Attorney General Gerald C. Mann was campaigning in South and West Texas this week with a clear lead over every opponent in the United States Senatorial race, as established by the accurate Beldon Poll at Austin.

This state-wide, scientific poll of the campaign which Time Magazine has called "the biggest United States political sideshow since the presidential campaign last fall," show the standings of the candidates now to be:

Gerald C. Mann	27.0
W. Lee O'Daniel	25.6
Martin Dies	23.7
Lyndon Johnson	19.4
Others	4.3

Thursday Mann spoke in Brady, Mason, Taylor, Rockdale, Cameron and Temple in addition to his speech here. In the seven weeks of the campaign he has covered approximately 190 counties. He has made 260 speeches and has visited 750 Texas towns, large and small.

As the nation was swept with headline after headline of strikes in defense industry, Mann lashed out angrily at the men responsible for those strikes and shouted:

"The president should use his emergency powers to see that the wheels of industry continue to turn. I predict that he will do this."

"Strikes in defense industries must be stopped. We must have action in stopping them. They imperil the very freedom which has made it possible to strike in this country. A defense strike is a blow at democracy."

"I urge Congress to pass the bill I have advocated. It will prohibit strikes and at the same time guarantee labor fair mediation and retroactive backpay when labor's cause is just."

"I shall draw this bill now and make it available for Congress. My Congressman opponents are welcome to have it."

"And I repeat, until a bill such as mine is passed, the President should, and I am sure will, use his emergency powers to see that the wheels of industry keep turning."

Thirty of the 48 entries in Terry County's first call show at Brownfield in April were taken to Kansas City for marketing in a consolidated shipment from 10 other counties. R. N. McClain, county agricultural agent, reports that the average selling price of \$87.71 for each calf was enough above the local market to pay the expenses of the eight 4-H Club boys making the trip.—The Extensioner.

Night Policeman Houston Hamilton attended the West Texas Peace officers convention at Lamesa, Tuesday. He stated that the Dawson county officers sure did entertain. A calf was barbecued, and one hundred pounds of as good fish as he ever ate, were served, he stated.

Mr. and Mrs. J. E. Shelton and daughter, Betty, and Mrs. Corkran of Alpine visited Jim Shelton in College Station last week. Jim is in camp near San Antonio for six weeks this summer.

Mesdames Grady and Roland Brown and their children were here this week visiting their parents and grand-parents, Mr. and Mrs. E. Brown and family. Grady and Roland live at Dumas, where they own a cafe.

The Texas-New Mexico Utilities Co. is building a huge generating plant at Denver City, of 14,000 horsepower capacity, to supply that section of oil field towns. Natural gas will be used as fuel.

Mrs. E. G. Akers and Mrs. W. R. McDuffie shopped in Lubbock Monday.

Tight Graham has been named recreation director at Camp Wallace at Palacios.

Twilla Graham is enrolled in Texas Tech for the summer.

Mrs. Roy Ballard and daughter, Deenie, returned Saturday from Oklahoma City.

Mr. and Mrs. Tom May returned Sunday from Little Rock, Ark., where they attended the funeral of May's brother, Dr. J. R. May.

Mrs. H. B. Virgil Crawford is visiting her mother, Mrs. J. M. Howell, in Jasper this week.

Bill Bryan Price and Neal Stricklin took in a rodeo at Lamesa Tuesday.

The Plains-Bronco highway is a peach. We tried it Sunday.

Lynn Landrum On The USO Cause

Following are excerpts from Lynn Landrum's column which appeared in the Dallas Morning News on May 22.

"Mr. America is rather proud that Son is in uniform and called into the service of the flag. Mr. America remembers back pretty nearly a quarter of a century ago and he figures that a taste of discipline will harden the boy and make a man of him.

"But Mrs. America is worried about Sonny Boy. Sonny Boy is a strapping six-footer with a voice like a foghorn and a footstep like a barrel of bricks falling down a wooden stairway. But he is still Sonny Boy to Mrs. America. She worries about his feet and his sinuses and his diet and his leisure hours around camp.

"Mrs. America has heard stories about the terrible things that can happen to a young boy away from home. She doesn't know what they are, but not knowing gives her all the more room to worry in. So she worries. You can't blame a mother for that. All mothers worry . . .

"Mrs. America deserves a hearing on this matter of wholesome recreation for soldiers away from home for the first time in their lives.

"Mrs. America thinks there ought to be a clean, decent place where a home-sick soldier boy—or sailor boy, too, for that matter—can go to write a letter or sing a song or get sight of a decent woman once in a while. Mrs. America has an instinctive feeling that no matter how rough and tough Sonny Boy gets to be, he's got to stay clean on the inside, or he won't be good for anything at all.

"There has to be, then, some

agency to supply the moral atmosphere and the moral leadership which young soldiers and sailors need during their first hitch away from home.

"Well, there is such an agency. You will hear more about the United Service Organization for National Defense, Inc. It is a co-operative enterprise involving the YMCA, the National Catholic Community Service, the Salvation Army, the YWCA, the Jewish Welfare Board and the National Travelers Aid Association. This corporation, with these welfare groups guiding and directing its program, will provide the personnel in charge of these home-atmosphere soldier-and-sailor centers which will be out of the camps and downtown or near the camps.

"Frankly, the plan of these centers is to compete with saloons, dives and houses of prostitution. The competition is between good and evil. United Service Organizations believes the good can be attractive and appealing. USO aims to make it that way.

"Uncle Sam will pay for the buildings. But you, Mr. and Mrs. America, are asked to chip in to pay for the personnel in charge. Uncle Sam lets USO direct the program, confident that it will provide the right sort of environment for the soldier in town on leave, so that when Sonny Boy gets back to camp he will come back to his company, instead of to the guard house, or, if he be a sailor, that he will be back on shipboard in good shape, instead of languishing in jail or brig.

"You will want a part in this provision for the service men who are away from home as guards of the rights of us all. Presently you will have your chance to have that part."

Did you know that Magnolia Petroleum Co. spent with Brownfield firms last month \$22,178.89, besides their pay-roll.

Several from here attended the Lyndon Johnson rally at Lubbock Wednesday night, at which time he addressed voters in the interest of his candidacy for U. S. Senator. A buffet luncheon was a feature of the rally.

Mr. and Mrs. Richard Chisholm and Mr. and Mrs. Slim Schellinger are vacationing in Ruidoso this week.

Mr. and Mrs. W. P. Norris have purchased the Arthur Sawyer house on East Hill street.

Peggy Lewis is visiting Mary Jewell Jones in Nashville, Ark., this week.

Mr. and Mrs. Red Newton were in Lubbock this week to see his brother off for camp.

Lyman Blackstock, teacher in the Odessa public school system, is in Brownfield for the summer.

Mrs. Floyd Roe attended the funeral of her sister, Mrs. Alvin Gidson in Coleman Saturday.

Mrs. George Carter and granddaughter, Miss Nettles of Ropes, were shopping here Monday.

Mac Herod is visiting his grandmother in Snyder this week.

Listen, Contributors: Don't send in late items and expect them to be printed.

Ginnings BY COTTON JOE

Used to be the rich man's wife wore silk because it was smart 'n' the pore man's wife wore cotton because she could afford it. Nowadays they both wear cotton because it's smart 'n' they are too.
