BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY DECEMBER 5, 1941

NUMBER 18

WELCOMEMERKELBADGERS

Cubs To Play Merkel Here Today

Well, the Cubs went over to Littlefield the last Thanksgiving in November, and took all the turkey away from the Littlefield Wildcats to the tune of 34 to 6.

So, that is what made the wild cats wild. The Littlefield boys however fought every minute of the game, but the Cubs were never in danger of losing.

Which might make the old he, who is far from a football expert remark that the north half of 5A did not have the material we have in the south half. The Cubs had harder games with Seminole, Tahoka, Seagraves, or even Denver City, than it had with either Levelland, which they beat 38 to 0, Slaton 38 to 0 and Littlefield 34 to 6, the first four mentioned being in the south half and the last three in the north half the first two north half games being non-conference.

But they say the Cubs are going up against a team that like themselves have not been licked this year. So, the game today promises to be a stemwinder. If the Cubs win it will be their first bi-district win. Heretofore, in such games, the Cubs have had few reserves, and generally the main team has been badly crippled. There will not be any such alibis this year, however. If they are downed, it will be because Merkel has the best team.

By the way, while we are playing sport writer this week in our own invariable way, we might mention the fact that Floydada like to have tore up the town last week when their football team won the district for the first time since 1926. The Cubs have become so accustomed to district honors that a mere parade of the team in buses and "peppers" around the square was all one heard from them last Thursday night, as "it was all in de bag".

And Floydada has not forgotten that they were in sight of another championship in 1932, when Jim Neill and his gang of Cubs tore down their playhouse at Floydada to the tune of 19 to 0. The Floydada Hesperian called him Jim Neely, but we know who they meant. And Jim after entering Tech college showed a lot of competitive college teams that he was a mean rusher and passer. We saw him beat Sammy Baugh at his own game one night when Tech played T C U.

We feel sure after the above effort that some of the metropolitan dailies will call us to head their sport section.

COMPANY D BULLETIN BOARD

Heretofore, indoor activities of the Company have been devoted largely to technical talks by various officers and non-commissioned officers of the unit. Tuesday night however, this routine was temporarily departed from, when the Company was assembled in the main auditorium of the Legion Hall and was shown movies of the Armistice Day parade. Scenes from Mexico were also shown. All were in color. The entire showing was filmed in color. Dr. Davis, who is incidentally one of the best amateur photographers shot the scenes and operated the projector during the program. At the conclusion of the film program coffee and doughnuts were served to the gathering. Out of doors drills was carried out in the usual manner.

Gloves were issued the Company Tuesday night.

Mr. and Mrs. Terrell Isbel and son of Galveston, Texas and Mrs. George Hunt spent the week end with the ladies sister, Mrs. Weldon Ridgeway and Mr. Ridgeway.

The Kind Of Man Everybody Likes

A fine man visits the Herald office occasionally, and he never leaves a bad taste after his visits. This is Cam Sears, who lives a mile northwest of town. He comes in with a smile and leaves one. He comes to encourage and leaves the impression that he is still for you 100 per cent if you deserve it in the least. There is in the bosom of this man a heart that pounds in sympathy for all humanity.

You've seen men and women in your lives that liked babies, young folks, middle aged, or perhaps their sympathy ran more to the aged. Cam Sears likes all, encourages all, laughs and jokes with all. We don't believe we have ever seen a man who has more ambition to help young people advance in their studies, music, farm or other work. He remarked to us on a recent visit that "he didn't care if a girl had but one dress and a pair of stockings full of runs, he was for them, if their aim was upward".

There is not a man in the county that will do more to encourage boys and girls in their 4-H club or Future Farmer work than Cam Sears, and its not all just words, he will plank down the cash if necessary. Back during the depression, when we were trying to get a band started in high school, and there was insufficient funds in the school budget, he was one of several that gave a stated amount monthly to keep it going, and he paid it.

He loves the people, the schools and churches. He has given his own children a chance to make good; he is a real citizen in every respect.

Twelve Additional Uniforms Ordered By Band Mothers

Due to priority given to the Defense Program in the Uniform Company that supplies the band uniforms, the company has had to postpone the delivery of uniforms the third time. These uniforms were ordered September 16 and ordinarily they are shipped within three weeks and a delivery in six weeks is guaranteed. However, under the stress of conditions this year, when the company was unable to fulfill their original contract, the uniforms were scheduled to be shipped Oct 31, then November 15, and last Nov. 30.

Not only is the factory being used to put out government uniforms, etc., but also the material needed for our band uniforms is the same quality whipcord that is used by the government for officer's uniforms. The company has written that they have finally secured a shipment of undyed material and are dyeing it as needed. They also advise that material needed for next year fill have to be bought now as there will be no more available.

The company is not taking on new accounts, and is merely trying to supply its old customers.

The band mothers thank the Junior Chamber of Commerce, the Senior Chamber of Commerce and the School board for making possible the ordering of these uniforms, have been shipped and will be here in time to be used in the parade and at the game Friday.

The judges of the bands to be here are: Charles Eskridge, director of the Lubbock high school band, and D. O. Wiley, director of the Tech Band.

Mr. and Mrs. Delbert Swindle of Artesia, N. M., were over for Thanksgiving visiting her parents, Mr. and Mrs. L. L. Brock. The main attraction for Mrs. Swindle was her new niece, born to Mr. and Mrs. Monk Parker. Mrs. Swindle and Ms. Parker and twins.

Cubs Defeat Wildcats 34 - 6

By James Bryan
"Them Cubs" did it again. Littlefield was the victim, and with the 34 to 6 victory over them the Cubs won their 4th district championship in five years and the right to meet Merkel for the Bi-District title on Cub field today at 2:00 P. M.

Deverelle Lewis and Jiggs Tankersly were the ball carrying heroes, as usual, but the outstanding play of the linemen was the deciding factor.

Harold Dalton, Monroe Rouden, Travis Pharr, Billie Redford and Calvin Stevenson ripped the Wildcat's line into shreds with body-crushing blocks that sent the backs into the clear time after time. The Littlefield line had yielded only 19 points to 9 previous opponents this year. They gave up 34 last Friday and were set on their heels time after time by the lighter Cub forward wall.

The Cubs first score came on a 61 yard gallop by Lewis the first time he got his hands on the ball. The second came as Tankersly blasted away around right end behind the deadly blocking of Little Spencer Murphy. The third touchdown was on a beautiful 25 yard pass from Greenfield to Tankersly. It was the first time the Cubs have scored through the air all season.

The last two tallies were added by all-district Deverelle Lewis, one over the middle from the 1 yard line and the second on a snaky 39 yard broken field jaunt. Littlefield, who won the right to play the Cubs in a district committee room, scored on a short pass from Hammond to Beyer after the Cubs had tallied twice. Their only threats were by aerials from the hands of Hammond, who turned in an outstanding game for the losers.

Dalton, adding 4 points and playing a bang-up defensive game and Lewis, Tankersly and Greenfield were the standouts for the Cubs.

Murphy, Pharr and in fact the whole Brownfield crew played well.

Today at 2 P. M. the Cubs pile into a heavy-weight crew of Merkel warriors. Both teams are undefeated and the game is rated a toss-up.

Building Finance Committee Appointed

At the mass meeting Sunday afternoon two committees were appointed. A building committee to work out the perfection of the plans and also a finance committee which will begin work on raising money for the completion of these plans. We are hoping to begin some definite plan of completing a new building soon. Your assistance is needed and solicited. If you are a member of the church of Christ it is your duty to help, so come on and let's put the great work over. We extend a hearty welcome to everyone to come and worship with us.

Band News

The band will be busy being host to the twenty-odd bands that are expected today for the marching contest. Although the local band will not compete for the prize they will lead the parade. Of course our band does not intend to be "shown up" so they will be in their finest marching form.

Besides all this the band will perform at the half of the football game, and with some of the best bands in the state watching from the sidelines the local band will be expected to do double good.

LETTERS TO SANTA CLAUS ON TAP NOW

For the past several weeks we have been getting a few Santa Claus letters from the kiddies hereabouts, but as we do not publish them generally until the first week in December they were carefully laid aside to await this week's issue. In the meantime, others came in, and so we have a batch to start off with this week. Our issue of December 19 will be the last one in which they will appear.

There was one youngster that sent a humdinger and got by with it over at the post office. It was sent in an envelope like those used by little folks in inviting friends to parties. It was scratched out on paper of the same kind. We'd give a ginger cake to be able to fathom what that youngster wanted. For a stamp, he or she used a Anti-Tubercular Christmas Seal. Something was also scratched on the envelop, and the kind post office force dropped it in our box.

The mind of some little tot, perhaps unknown to his dad and mother did all this to get in touch with the kindly old man at the North Pole. Don't you know they got a real kick out of composing that letter? However, whatever he meant to say, we hope that dear old Santa fits him or her out in just what they want.

Kids are the greatest blessing the human race has. They are the balance wheel of the family that lots of times keeps the parents from going stale and hateful to each other and also to everyone else. They say a lot of cute things; they do a lot of cute things, and some not so cute, but the general mixture makes a good leaven. It is therefore fitting that we humor some of their whims.

At this time of year, the youngster has a hankering to address his wants over dads and mom's heads direct to St. Nicholas, just as the grown ups have an urge to visit the seaside and mountain in summer, or Hawaii in winter. So, let's not cramp their style. Let 'em write.

But the Herald wonts only real kid letters, and will not print others if we know it. No child that has become "wise" to Santa are asked to write. We want the real, genuine articles or nothing.

Mr. Santa Claus
North Pole

Dear Santa:
I am a little boy 8 years old. Please bring me a Lone Ranger Cowboy suit with the Chaps and also pistol. Also please bring me ice skates, ring, nuts, candy and fruit, also a football suit.

Lots of love,
Jack Greenfield

Mr. Santa Claus
North Pole

Dear Santa:
I am a little girl 6 years old. Please bring me a doll bed, suit case full of clothes for my doll, ice skates, tin dishes, doll buggy, a washing machine, a parasol for myself. Also please bring candy, fruit and nuts.

Lots of love,
Ellen Faye Greenfield

Dear Santa Claus:

We are four little cousins, Boby Joe, Bettie Sue, and Patsy Ann Jowers. We all have been very good. I, Boby Joe want a pop gun a football and a red wagon. I, Eugene want a wagon and a big red ball. I, Bettie Sue want a doll and a set of little dishes. I, Patsy want a doll and a little rocking chair, and please Santa Claus don't forget our Mother and Daddy.

Open Letter From Farm Bureau To Sec. Of Agriculture

Honorable Claude R. Wickard
Secretary of Agriculture
Washington, D. C.

Dear Sir:
We are greatly concerned in Texas about the "Food for Defense" program. All agencies of the United States department of Agriculture have put forth every effort to enlist our farmers in this great and necessary campaign. Mr. R. M. Evans made an eloquent address at Waco on November 4, in its behalf.

Since the beginning of this campaign I have traveled in more than half this state talking to farmer groups. Without exception the farmers' attitude is that we must defeat Hitler but at the same time he is asking why builders of warships and warplanes, makers of munitions of war, and members of the labor unions should be allowed to make large profits, and high wages, while the farmer is asked to increase the production of food for defense with no assurance that he will receive a living wage for his work.

Mr. Wickard, too many Texas farmers are losing confidence in our government and its promises to protect their right to make a fair living. Our farmers are patriotic. They are not on strike. They will not strike but they want proof that our government will see that they get the same sort of treatment that other groups are receiving in this great struggle.

Our farmers cannot understand why certain cabinet officials are so much concerned about non-defense spending but never seem to object to the unfair profits that are being made on many defense contracts.

Texas farmers are willing to produce their share of food needed for defense but they are not going to be satisfied to do so and take all the risk themselves. As a farmer, you know that farmers are generally opposed to inflation but they do insist on a fair price for their efforts.

Respectfully yours,
E. R. Alexander
General Manager.

Good Crowd Attends Chisholm Demonstration

Despite busy times, a large delegation of farmers were in Monday to attend the feed cutting and crushing demonstration given by Chisholm Hardware, local John Deere dealers. It was a pretty day, and the writer was surprised at the number in attendance.

But the farmers like other people cannot afford to let the press of business stand in their way of learning something new that will stand them well in the future. Experts in handling the machinery to be demonstrated were sent here by the John Deere Company.

Some four hundred farmers were served with sandwiches and coffee at noon, and probably more than 500 attended the free show given at the Rialto in the afternoon. Mr. Chisholm expressed himself as well pleased with the day.

Penn Talks Before Rotarians

Local and visiting Rotarians adjourned last Friday with a different attitude toward Thanksgiving after listening to a talk on the subject given by M. L. Penn, formerly of the local school and now connected with the National Youth Administration. Mr. Penn told his audience of the many privileges enjoyed by the American people, but far too often taken for granted.

With Mr. Penn was Jack D. Wester, also formerly connected with the local schools.

One Killed In Wreck Sunday Night

Sheriff Joe Price and Deputy Mon Telford, Police Chief, Roy Moreman and Patrolman Houston Hamilton and possibly other city officials examined the wreck that occurred here about 6:30 Sunday night in the draw near the west city limits on U. S. highway 380. The evidence that they gathered was turned over to highway patrolmen, Thomas C. Laws and Jerome Wright.

From what we can gather, A. N. Moore with his wife and children had turned into the highway in their truck from what is known as the cemetery road. They were struck by a car driven by Fred Phillips of Sundown, who died soon after reaching the Treadaway Daniell hospital. He was accompanied by L. D. Phillips, who was said to have been no kin, who suffered skinned areas and bruises. Bith were oil field workers of the Sundown area, and it is believed the L. D. will soon be normal.

The car was badly wrecked, but the truck fared better. Moore was uninjured; his wife, 34, had a collar bone broken; a daughter, Marie, 5 had a broken left arm; a daughter Laverne 10, and a son Marvin, had cuts and bruises.

Just where the blame of the mishap will be placed by officers we have not been able to learn, as their reports are more or less secret, especially if they have to go to court.

Lewis Newberry Now In Army Air Force

Fort Bliss Reception Center, November 25.—Lewis O. Newberry son of Nute Newberry, Route 2, who was inducted into the army of the United States under the Selective Service and Training act on November 17, has re-enlisted for three years' service in the Army Air Force, according to Reception Center Officials.

Newberry formerly manager of a service station in El Paso, will leave Fort Bliss Reception Center on December 2, for Kessler Field, Biloxi, Mississippi. There he will be trained for a technical job with the Air Corps at the Air Corps Replacement Center.

Boy Scout District Changes Its Name

The southwestern Boy Scout district changed its name to the Comanche Trail district Monday night at the annual banquet in the American Legion hall here.

Principal speaker was Rev. H. G. Gantz, pastor of the First Christian church in Lubbock. Dick McDuffie was toastmaster. Approximately 50 scouts attended.

Members named J. M. Moxley chairman and James Harley Dallas vice chairman. Both live here. In retiring as chairman, L. C. Heath, submitted district reports. Jack O. Stone south Plains council executive, paid tribute to scoutmasters and cubmasters.

Guests were introduced by Clyde C. Coleman.

Hancock Cafe Is Newly Decorated

The private banquet room at Hancock cafe on the hi-way, has recently undergone complete decorations, and is now even more outstanding than ever. The walls have been finished in a three tone orchid, and the ceiling finished in cream with silver stars. The hardwood floor has been re-varnished.

Both the banquet and main dining room has received beautiful new window draperies, and the main dining room has had its floor finished in block linoleum. This makes the cafe one of the most lovely in the entire section.

Bi-District Championship Game Follows Parade Of High School Bands

Our Bi-District game between the Brownfield Cubs and the Merkel Badgers will be played in Brownfield, December 5th, at two o'clock, P. M.

For this occasion we are planning a contest between all of the High school bands from this section of the country. Those towns which have been invited to participate in the Band Parade are Levelland, Slaton, Post, Tahoka, Lamesa, Seminole, Seagraves, Denver City, Snyder, Wink, Plains, Littlefield, Olton, Monahans, Odessa, Kermit, Big Spring, Midland, Sweetwater, Merkel, Colorado City, Lovington, N. M., Hobbs and Eunice N. M. These bands will compete for the prizes which are being offered; First prize \$35, second prize \$25 and third prize \$15. In addition to the above prizes all other bands participating will receive a cash award of \$10. The Brownfield High School Football Queen, will lead the parade, but will not be eligible for any prize. Judges will be the directors of the Texas Tech and Lubbock High School Bands. Judging will be based on the marching and music as the band passes the Judges who will be placed on the North side of the square.

The parade will form at the High School building under the supervision of the Parade Marshall, and will start promptly at eleven o'clock. They will march from the school building to the square and circle it and then disband at the South east corner. Rooms will be provided at the school for the storing of band equipment during the game.

A number of bands have sent word that they will participate. In order to be eligible for the prize we must be advised not later than Thursday noon that your band will be here.

Terry County Board of Development. T. R. Black, sec.

The Renewals Are Really Rolling In

Part of the time this week, the good people of the trade area have almost kept one hand busy tending to the mailing list receiving new and renewal subscriptions. The following are the new ones: Mrs. J. C. Rhader, Monahans; Chas. R. Barrett, Rt. 4; Honolulu Oil Corp., Midland; Val Garner Rt. 1; Rev. Ed Tharp, Ralls, Texas and Vaughn White, city.

The renewals are L. L. Brock, D. C. George, C. Sears, Clyde Bond, Elco Evans, J. H. Eubanks, C. W. Phillip, Dick Chisholm, S. R. McLeroy, K. W. Howell for himself and three sons, Horton at Post; Weldon at Amarillo and Harlan at Midland, W. W. Marsh-banks, Brownfield and routes.

Delbert Swindle, Artesia, N. M.; J. F. Reed, Tahoka; W. T. Gold-ston for her son John at Fort Bliss; Troy Noel for his mother at Dublin, and Kyle Graves for dad at Stephenville; Mrs. J. K. Griffith Rt. 1 Seagraves.

Several of the above took advantage of our attractive clubbing rate with the dailies.

Amarillo Firm Gets Highway 51 Work

Bell & Braden, Amarillo contractors, submitted the low bid Tuesday for paving the state highway 51 gap in Dallam county.

The bid of the Amarillo firm was \$156,963 for the 14 1-2 mile construction job. This includes grading, drainage structures, flexible base and topping.

Mr. and Mrs. Will Fitzgerald spent Thanksgiving in Fort Stockton.

ing for. Caps believes in doing whatever it takes to preserve this American heritage, whether the victory has to be won on foreign soil or on the corner lot. The rights of free men are definitely at stake in the world today. —Caps and Lower Case.

DRIVE THE LABOR BOSSES OUT

When Attorney General Mann declared in an address last week that, "labor bosses" must be driven from their position of power in the labor unions of America, he may have been speaking with an eye to the political situation of tomorrow, but, nevertheless, he proclaimed a doctrine so soundly American that it should have the enthusiastic applause of every thoughtful citizen.

There are those who will say that "bosses" in every area of national life should be included in the list to be exterminated, and they are right, provided they are not so saying for the purpose of diverting the public mind from the direful situation most needful of immediate attention.

If America is to be snatched from some of the conditions that brought about the sudden defeat and humiliation of France, selfish and disloyal "bosses" in the ranks of labor must be eliminated.

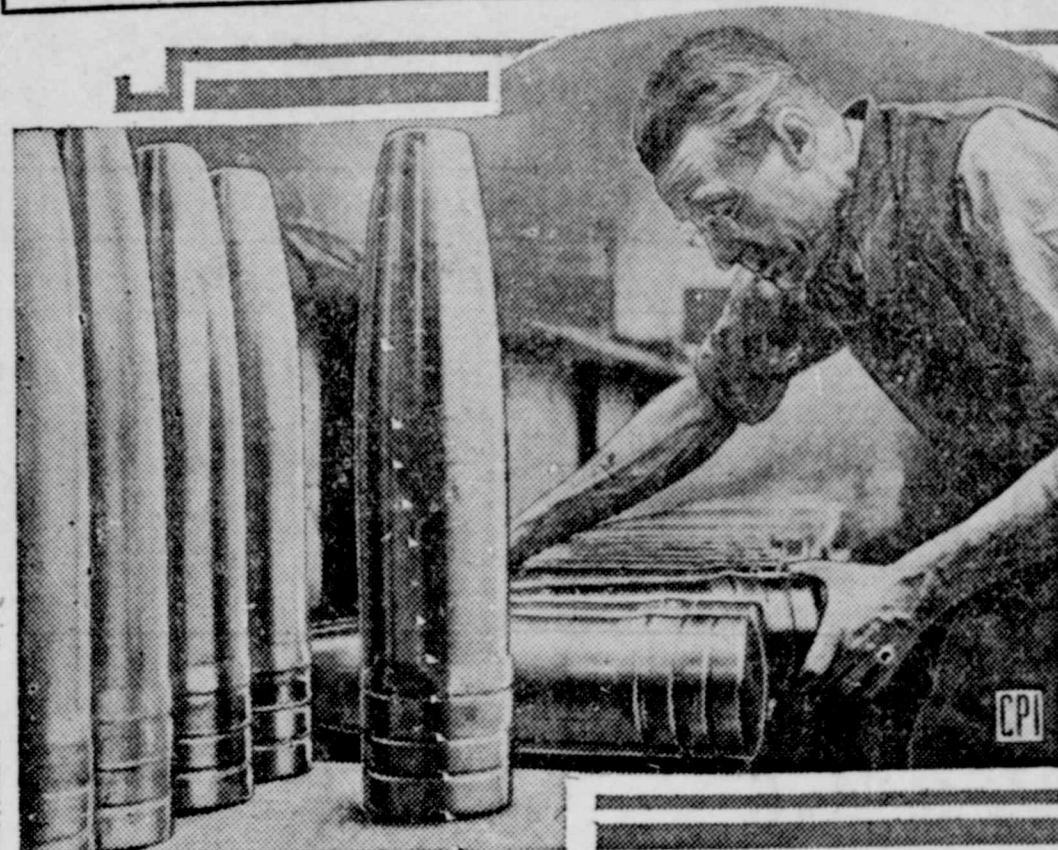

Any law congress may pass to prevent strikes in defense industries, that fails to dislodge "bosses" largely fails in effectiveness. —Clarendon News.

THAT RESEARCH MAN AGAIN

What is there left to invent? Chances are that if you had been asked that question at the beginning of the year, you certainly would not have figured there was an opening in the chicken picking business for a new method.

Yet, a couple of men in the petroleum industry found out recent-

FINAL INSPECTION

Passed by Censor.

UNDER the impetus of war Canada has become a vast arsenal of which millions of rounds of ammunition and vast quantities of explosives are being poured annually. War expenditures will cost the Canadian people about 40 per cent of the national income, a sum which in terms of comparative population and income would be the equivalent to an expenditure by the United States of about \$35,000,000 in a single year. Besides equip-

ping and completely maintaining its own forces at home and in the field, Canada also is supplying Great Britain with \$1,500,000,000 (\$23,000,000 would be the American equivalent) to help her make her war purchases in Canada. In the present fiscal year Canada's war purchases in the United States will amount to about \$500,000,000. These purchases will be paid for in cash as Canada is not taking advantage of the Lend Lease Act for war supplies bought on her own account.

ly how to pick, and pick perfectly five hundred chickens an hour—and that is a lot of feathers.

According to our informer "Oil" is not done with mirrors but with a defeathering wax which makes a dressed chicken cleaner, smoother, and plumper, as well as more palatable, than it ever was possible with the old fashioned kettle of boiling water.

Poultry now travels on an overhead conveyor from the killing room to a hot bath of 128 degrees Fahrenheit. The birds are then dipped into the 130 degree wax, to which resin, gum dammar or other aids to feather removal have been added. The wax penetrates to the skin of the fowl, but does not adhere to it. After the wax has been solidified by a cold water dip it is peeled off neatly, bringing feathers, pins and whatever. A cool dousing is all that is needed before the fowl is ready for most minute inspection in the show case.

Ninety-five per cent of the wax can be used again after it has been heated to melting point and the feathers strained out. —Caps and Lower Case.

WHY THE STARS IN OLD GLORY

A few years ago a subject of a European nation came to America seeking a new life and a new citizenship. Being of high ideal and noble purpose, this emigrant saw in America a way of life which many of us have regarded lightly, or even forgotten.

As he pledged allegiance to the flag of his newly adopted country, he looked at that flag, flying high in the breeze, the Stars and Stripes. The stars seemed very significant to him, and he wondered what special symbolism they held.

His friends explained, "There is a star for every state in the union and there are forty-eight states".

"But why the stars?" he asked, and they looked puzzled as people will when pressed for an explanation of something they think they have always known.

Finally he sought out in the public library a scarce used book. These are the words he found in the book: "The reason why our forefathers placed stars in our national emblem is given in the Congressional Act of June 14, 1777 which adopted the flag, and which prescribed, "that the Union be thirteen stars in a blue field, representing a new constellation—symbolizing stars in the heavens, signaling to mankind the birth of the first nation on earth dedicated to personal and religious liberty; a sanctuary to which men and women the world over, oppressed because of religious and other beliefs, might take refuge and enjoy life, liberty, and the pursuit of happiness". — Abilene Times.

ANALYZING THE VOTE ON THE NEUTRALITY ACT

An analysis of the House of Representatives' vote in the scrapping of the Neutrality Act shows: For repeal: 22 Republicans; 189 Democrats.

Against repeal: 137 Republicans; 53 Democrats.

Some of the Republicans may have voted against the measure in order to force President Roosevelt to take a firmer stand against strikes in defense industries. A few democrats are believ-

AROUND THE CORNER

The boy at the corner parking station got fired the other day. The owner said he persisted in jamming on the brakes and sliding the tires. The patrons didn't like it.

The job wasn't much, the boy wasn't ambitious and the proprietor wasn't unduly exacting, but a little principle is involved in the two months' employment—a principle that has all the leading powers of the world now engaged in a titanic struggle on the very edge of a gigantic cliff.

The principle revolves around this simple point: Are men to be able to use their initiative in working out their salvation or are all men to be treated as having only equal ability and equal rewards? The preamble to our

constitution states that "all men are created equal". This does not mean they must remain equal. And that is the difference between a democracy on the one hand and nazism, facism and communism on the other.

Now, suppose the parking station boy had worked for a chain of parking stations. And there was a union. And collective enforcement. Under such a set-up the courts of the United States might have held that the owner had no right to fire him. The boy could slide the tires of the cars of the patrons just as much as he pleased and the fewer patrons the fewer cars to park—the way he figured it.

The right of personal initiative and the privilege of private enterprise is something worth fight-

The Purchase Of Farm Machinery

With farm machinery becoming more difficult to purchase because of the defense program and in view of increased costs, farmers in Terry and Yoakum counties are being urged to consider the plan of joint purchase and ownership of equipment that has aided many small operators in this area, according to Dennis Q. Lilly, rural rehabilitation supervisor for the Farm Security Administration.

This plan it was said is in line with a suggestion made recently by Secretary of Agriculture Claude R. Wickard encouraging both the practice of custom work and the joint ownership of farm machinery to insure maximum use and efficiency of operation.

Under the Farm Security Administration's program of assisting farm families, community and cooperative service groups have been established and are operating successfully. Joint purchase and ownership of expensive machinery makes it possible for small operators to have the use of the labor-saving devices at a cost within the ability of the small farm unit to pay.

Mr. Lilly said it has been estimated that farmers next year would buy, if it were available, 40 per cent more machinery than they purchased in 1940 but that it was probable only 90 per cent of the 1940 amount would be available because of the shortage of metals.

There will be no editorial this week as it was around the first and Christmas advertising started with a rush. Hope you don't bawl too much about it. We have a full package of cleanex handy, if the tears are too brisk. Beside, we had a dandy front page Christmas editorial, and nearly a half column of sport stuff. Boy! we've been through the mill.

Mr. and Mrs. Tom May were Post visitors Wednesday.

HOW TO MEET DRIVING EMERGENCIES

When a tire blows out, if a tire bursts, do not apply the brakes nor throw out the clutch until car has almost lost its momentum. A front tire blowout may cause you to lose control of the steering wheel unless you are holding it firmly. In the case of a blowout of a rear tire, a sudden application of brakes at high speed, may cause the car to turn over.

When right wheels strike a soft shoulder—In this emergency a fast moving car is likely to swerve and turn over. The driver should hold the steering wheel tightly, remove his foot from the accelerator, and allow engine to reduce the speed of the car to a safe point before he applies the brakes, throws out the clutch, or attempts to steer back onto the hard surface.

When going too fast around a curve—Every time a curve is rushed, centrifugal force acts to push the car off the road. When the driver realizes he is going too fast, his first thought is to apply the brakes. This is dangerous and makes the care more difficult to control. The brakes should be used before reaching a curve.

When going down a steep hill—Before starting a dangerous descent, a car should be put into second, or if the hill is long and very steep, into low gear. If further retardation is necessary, apply the brakes intermittently. To stop a car on a steep grade the brakes should be applied gradually up to the point of locking the wheels.

Mr. J. A. Dennis is visiting her daughter in Iowa.

Mr. H. H. Longbrake is visiting her sister and brother George McPherson and Mrs. W. C. Mathis in Lubbock this week.

Sue Stewart of Seminole spent the week end with Dorothy Blanton.

The local vocational agriculture classes have been studying and practicing the following things: Going to farm to cull hens and judge calves; visiting produce firms to learn to test cream, pruning the trees at the school house, balancing rations for boys who have calves, pigs or milch cows as projects, and making ropes in the industrial arts room.

Farm Income Expected To Be Near 1929 Peak

Kansas City, Mo., Nov. 29—Cash farm income for the United States this year is expected to be nearly equal to the 1929 peak and the net income for farmers is expected to be the highest since 1920, the Federal Reserve bank of Kansas City said today in its monthly review of business and farm conditions.

October rainfall damaged some late crops severely, the review said, but in western Kansas tests showed soil moisture at a depth of 44 inches, compared with 28 inches a year ago.

GAME VIOLATIONS DON'T PAY

Back in December, 1940, a Missouri business executive and two friends came to Texas for a deer hunt. They didn't buy non-resident hunting licenses, which cost \$25 each, but instead bought the regular \$2 resident hunting licenses required of those who hunt outside of the County of residence.

But the Missourians couldn't beat the game laws of Texas. It took a year to do it, but the business executive from Missouri the other day paid fines totalling \$411 for himself and his friends, according to the Dallas Journal. The charges were pressed in justice court by the Game Supervisor for the Dallas area, who handled all details of the case.

The non-resident licenses would have cost the party only \$75. There's quite a little difference between \$75 and \$411.

DAIRY PRODUCTS SHOW GOOD INCREASE

Austin, Texas, Dec. 1, Manufactured dairy output in Texas during October showed material increase over the same month for last year, reports the Bureau of Better Business Research at the University of Texas indicate.

Ice cream production was up 39.1 per cent, American cheese 37.6 per cent and creamery butter 3.3 per cent over production figures for the same month last year, the Bureau reported.

The News had something to say last week about men getting released from the army. Many of those who are seeking release are not assured of permanent jobs. One thing most of these boys do not realize is that when released they must either sign up with their local Selective Service boards and be subject to re-induction when their number is called; or if they are released from Selective Service they are subject to call at any time within 10 years. Before requesting discharge, boys and their parents should take all these facts into consideration.—Canyon News.

Baptist Church News

All members of this church are interested or should be in the reduction of the indebtedness on the building which is now \$17,000, and the deacons have recommended that \$5,000 be paid on the debt Jan 1st. and an offering will be taken Sunday morning which will be cash or promise to pay by Jan 1st. The presence of every member will greatly help and no one is expected to do the impossible but certainly almost everyone can have some part in this worthy task. Many have given nobly already and will not fail to do so again but some who have been unable to help much in the past may now be able to do so and all will write their names on a building fund envelope and place therein their money or promise to pay by Jan 1st. when the payment will be made. If this task can be accomplished we will be fortified against any depression that may come a few years later and Christ will be greatly honored in our midst as some have predicted we would never be able to pay this debt. If you are unable to be present Sunday morning send your offering or promise to pay that none may be able to say you purposely stayed away.

On Dec. 11 th, Thursday of next week there will be a Sunday School conference in our church and the presence of every teacher and officer is much desired as we will have for that meeting W. J. Lites, assistant to secretary Hopkins, Rev. P. D. O'Brien pastor at Stamford and a specialist in this work, and a visiting district missionary Rev. W. C. Harrison and others who are authority on the best methods now in use.

These men are being sent to us by the Sunday school board to help make our own school more efficient and if our people are

not present they will be unable to help us.

If you would assist in having a school of first rank attend this conference and you will be greatly helped.

Our attendance should go beyond 500 in Bible study next Sunday.

Visitors welcome.
Maurita Bell is working at the Sandra Sue Beauty Parlor where she is a beauty operator.

Jim Lane who attends A & M college spent Thanksgiving with his parents Mr. and Mrs. Bill Lane.

Miss Joy Sawyer of Fort Worth spent Thanksgiving with her parents Mr. and Mrs. Oscar Sawyer.

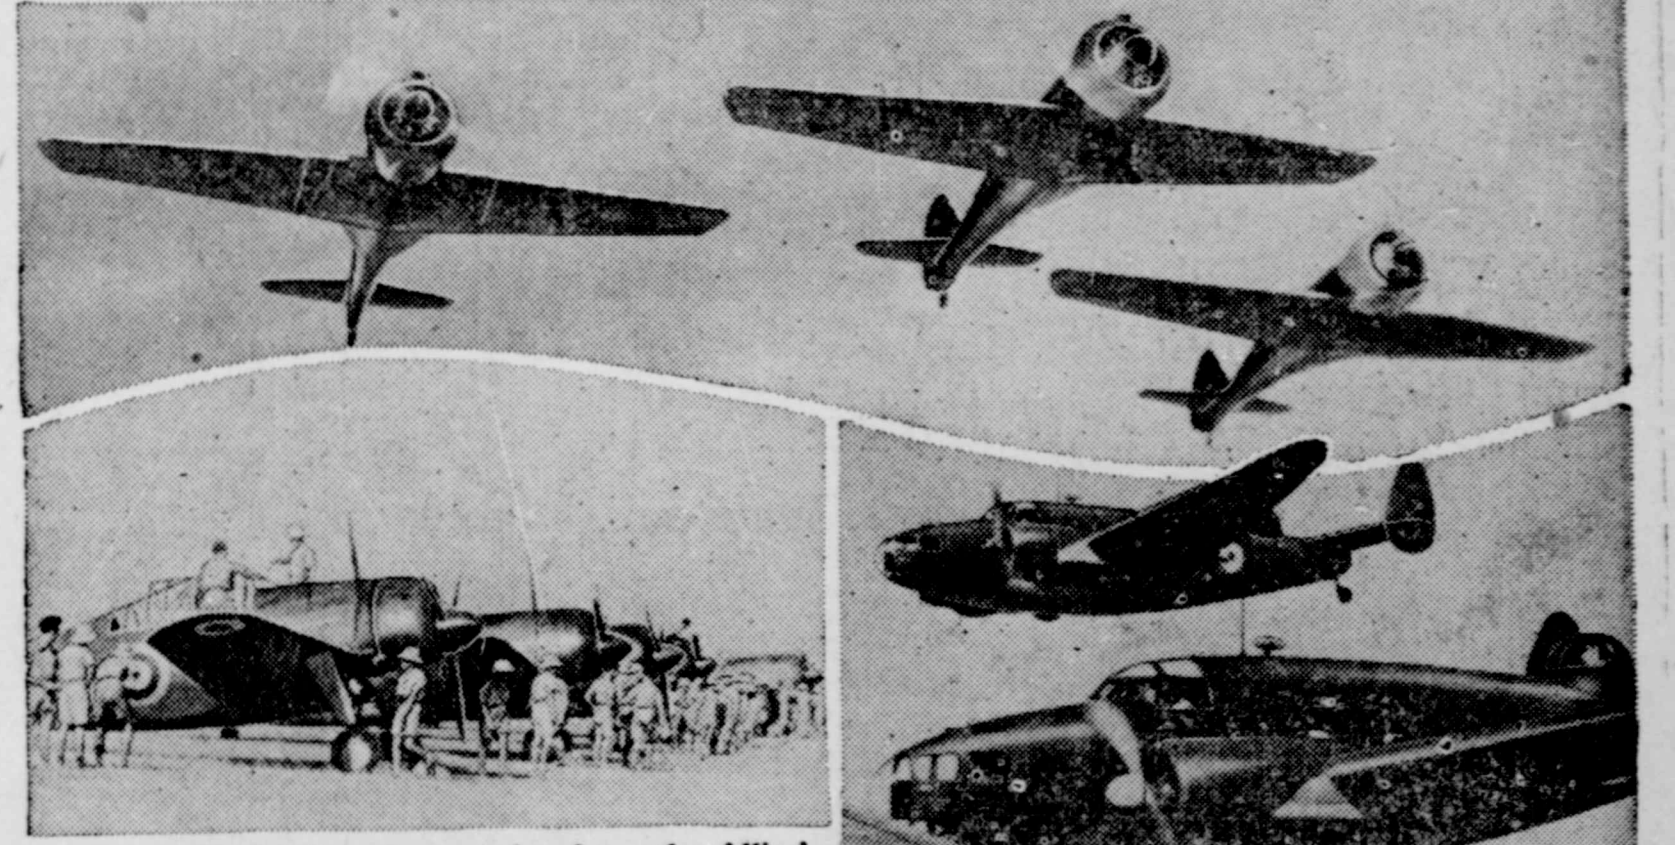

Two hunters, R. J. Purcell and Ross Black, returned from a days deer hunt and brought back two choice buck. Most of the hunters have returned empty handed.

Kenneth Moyer spent the week end in Fort Worth visiting his mother.

Mrs. Ada Howze who has been quite ill in a hospital in Dallas was able to be brought to her home here last week.

Mr. and Mrs. W. S. Patrick have moved from Littlefield to make their home in this city. Mr. Patrick is with the United States Soil Conservation.

U. S. Wings for Pacific Defense

AMERICAN fighting planes today form the Allies' first line of air defense from Australia to the Netherlands East Indies and on to Singapore and Malaya. When war broke out, only Australia in this part of the world had a small aircraft industry of her own. This has since been expanded and now turns out hundreds of bombers and trainer-reconnaissance planes. There is also a new accessory industry in the East Indies, and the region is dotted with new assembly plants and repair shops. But even today, local industries can supply only a small part of the area's defense needs, and although not all of the U. S.-built planes so far delivered are of the latest types, it will depend on them and on the men who fly them—Australians, Dutchmen, British, Indians and Japanese—whether or not an Axis drive into the South Pacific and South Asiatic zones could be successful.

Shown in these pictures are: (top) Curtiss interceptor planes of the Royal Netherlands East Indies Air Force, manufactured in St. Louis, Mo., and similar to a type that has been standard in the U. S. Army; (left) Brewster "Buffalo" pursuit ships being serviced at a landing field near Singapore; and (right) Lockheed "Hudson" medium bombers of the Royal Australian Air Force during a patrol flight over the South Pacific. In recent months, a number of 20-ton Consolidated "Catalina" flying boats—similar to the one that helped locate the Bismarck—also have reached Australia and the Netherlands East Indies from the United States.

There's Got To Be A Santa Claus

By Channing Pollock
(In the December Rotarian Magazine)

When she was very a little girl my daughter asked, "What would you do if there weren't any trees?" "Why," I answered lightheartedly, "We'd have to invent some. We couldn't get along without trees."

The are quite a lot of things—food, shelter, clothing—we couldn't get on without, and a number of wise men have made the suggestion—we'd have to invent them. We must have even more than these are food for the mind, shelter for the spirit, that which clothes the nakedness of mere animal existence, and gives warmth to human contacts.

We celebrate Christmas as a religious festival, but a Christmas was celebrated hundreds of years before Christ. The ancient people of the Angli, in what is now Britain had in December a Modranecht, or "mothers night". There had been a day set aside for kindness and generosity, and remembering those we love, and those less fortunate.

Before and since Dickens wrote his immortal A Christmas Carol, there have been a few scrooges who have cried of Christmas Bah, humbug! I have heard modern Scrooges call it shopkeepers' holiday, and a nuisance, but for the overwhelming majority of us, as for Scrooges nephew, it is "a good time; a kind, forgiving, charitable, pleasant time; the only

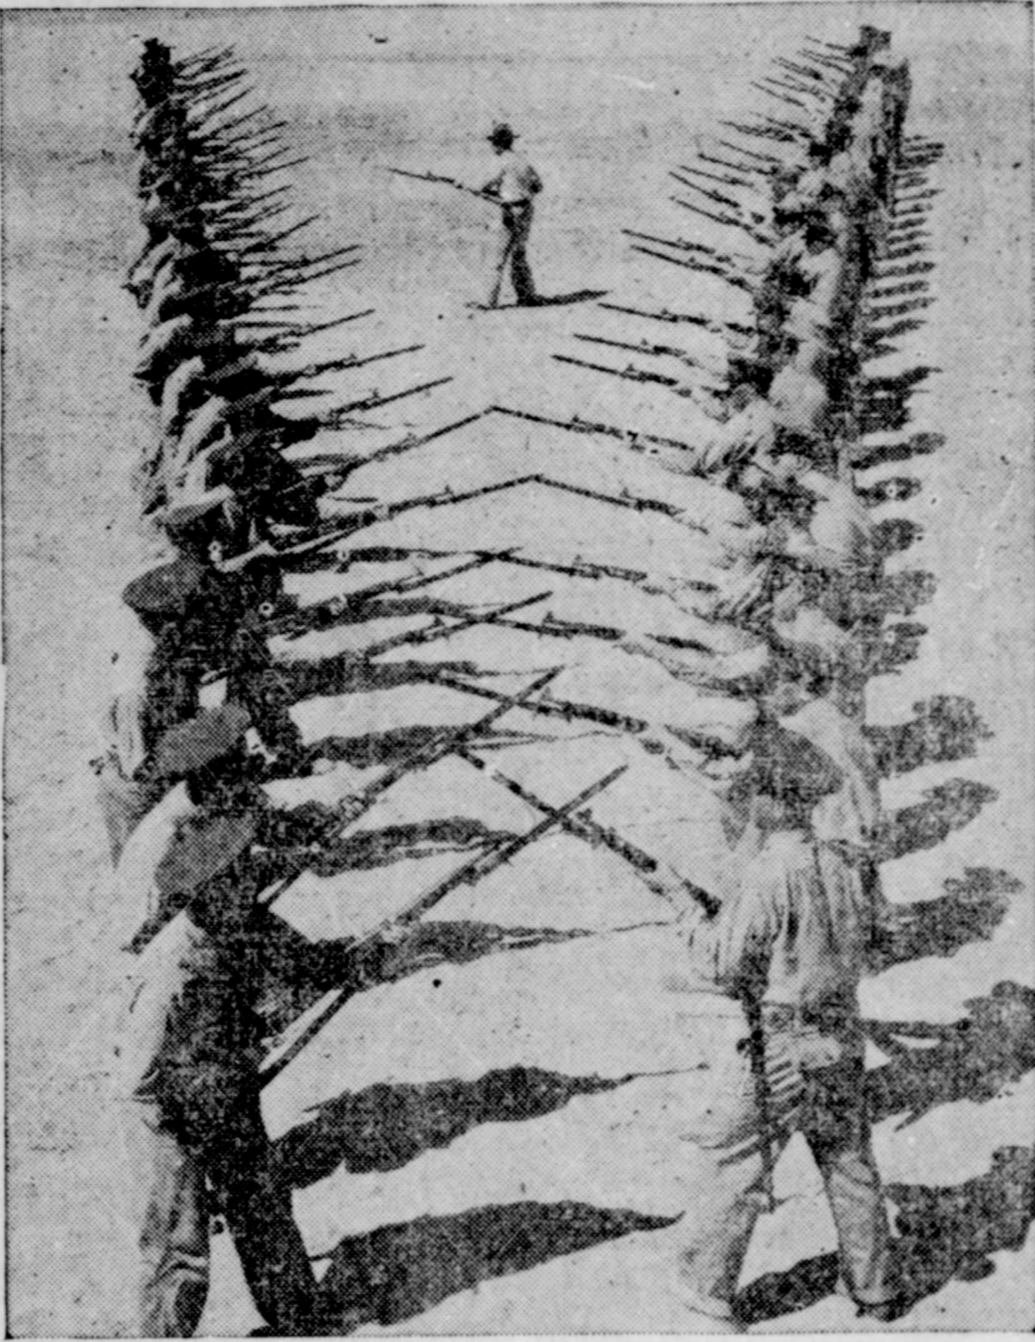

time I know of in the long calendar of the year when men and women open their hearts freely I say God Bless It!"

There is a certain magic in a day when even strangers bid us be merry; when the mail and telephone and telegraph and all means of communication commonly devoted to business bring cheery wishes for "Merry Christmas". Shopkeepers' holiday? Bah humbug. It isn't a necktie or a dollar bill that we slip into the hand of the janitor or the postman; it's good will and thank you for a year of service. It isn't a toy train that we put under the tree for Junior, or a muffler that we wrap in red tissue for Aunt Julia, but the knowledge that Junior has always wanted a train, and Aunt Julia has needed a muffler, and the loving desire that, just this one day, they shall have what they want and need, and that we shall see the pleasure in their eyes, and feel the warmth of their joyful kisses.

Believe it or not, and smile if you like, but, at—well say 60, my wife and I still hang up our stockings. What a lot of love and laughter and tenderness goes into the trifling gifts we select for those symbols. We trim our little tree with bright stars and tinsel, and for days ahead, in secret we write messages, and wrap things in gay paper, hide them from one another until the morning or mornings.

Shopkeepers' holiday! Was it only a shaving kit that I could have got for myself that went into that starry package, or was it my daughter's heart that remembered the time, ages ago when I said "Damn that old ra-

Marines Get Bayonet Fundamentals

SAN DIEGO, Calif.—Platoon Sergeant "Tex" Walters, instructor at the Marine Corps Base Recruit Depot here, teaches new Leathernecks the fundamentals of the bayonet. These men are in their third week of training. After four more weeks they will become full-fledged Marines and will be sent with an active unit to one of the many colorful Marine stations.

zor! Some day I'm going to have one that fits my hand properly!" What about the crate of oranges that comes every Christmas from a colored elevator boy in Florida!

I can buy better oranges, but I can't buy what comes with these. We dine every day, but there is only one Christmas dinner. For years that was a family festival, with all our dear ones about the table. Most of them are gone now, and our Christmas guests are people, who whatever their means have no home of their own. Why? Well when I was 19, and away from my home for the first time at Christmas, a very lonely lad, the mother of a chap employed in the office asked me to her home. I never saw her again; she has been dead nearly 40 years, but she and that dinner live in my memory.

Last Christmas my wife and I had half a dozen old actors, forgotten now, and we talked of the great days in the theater, and lived them again until long after midnight. Irene Franklin, who had been the idol of vaudeville, sang several of her best songs to us, and a very old Shakespearean actor repeated—and how!—the soliloquy from Hamlet. It took Christmas to restore their heyday for an hour or two, and that memory goes on our golden pile of Christmases.

During a radio broadcast not long ago, I met the middle-aged woman who, as a child of 8, wrote to the New York Sun, "Please tell me the truth, is there a Santa Claus?" Every year the Sun reprints the reply it made editorially in 1897: "Yes, Virginia, there is a Santa Claus. He exists as certainly as love and generosity and devotion exist. There is a veil covering the unseen world which not the strongest men, nor even the united strength of all the strongest men could tear apart. Only faith, fancy, poetry, love, romance, can push aside that certain and view and picture the supernatural beauty and glory beyond. Is it all real? Ah, in all this world there is nothing else real and abiding.

Of course there's a Santa! And if there weren't he would be the very first of things we have to invent. Life must have love and a little childlike faith to be enduring; and the year must have at least one day when we are more conscious of faith and love than of business and bombs and all the realities nobody doubts—and no body wants!

HOME OWNERS FORUM

By ABNER GORDON

ADEQUATE ventilation is as essential in an unexcavated or partly excavated cellar as one containing the laundry, playroom or heating units. The free circulation of air is advisable at all times, as isolated areas void of ventilation facilities inevitably create damp and unhealthy conditions in the home.

Channels of ventilation may vary from full-sized windows to grill slits, while adequate openings can usually be made in solid partitions, following construction at reasonable cost.

Q: How can I frost a kitchen window facing the street to insure privacy?

A: Durable frosting for glass is readily prepared at home by brushing on soft paste white lead reduced with turpentine to a thin paint, to each gallon of which is added a pint of hard drying, light enamel varnish to promote adhesion.

Several coats of this extra-thin formula are preferable to one of normal consistency, as thick paint tends to peel from glass.

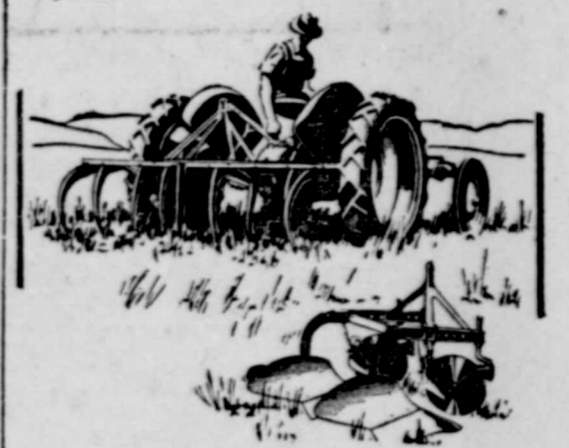

Spread the paint on rapidly and evenly, allowing plenty of time for each coat to set-up firmly before the next is applied.

Q: Will plaster adhere to wood paneling?

A: Since plaster will not adhere to a smooth surface, it will be necessary to affix metal or wood lath to the panels or install a base of plaster or insulating board. Plaster does not stick to a surface but is secured by penetration of the openings in the lath or board foundation, hardening there to form a firm bond.

Apply the first coat with sufficient pressure to force the plaster between and behind the base opening.

Implements On or Off in less than a minute

with FORD TRACTOR Ferguson System

• With the new Ford tractor, Ferguson system, you waste no time in making lengthy implement changeovers. For Ferguson wheel-less implements, including the row-cultivator, may be attached or detached by one man in less than a minute without the use of tools. Front and rear-wheel tread adjustments also a simple, one-man operation.

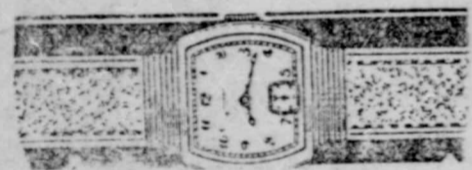

There are other things about the new Ford tractor with Ferguson system of hydraulically controlled wheel-less implements that will amaze you. Come in and see it. Demonstrations gladly arranged. Don't miss this chance to see the really new mechanized farm equipment.

"Never Give A Sucker An Even Break"

THURSDAY

THURSDAY

How Methuselah could have lived 960-odd years without the solace of tobacco—or why he would have wanted to—is beyond me.

And how did the world get along until 1492 without sweet potatoes, "possums," coons, roasting ears, Irish potatoes, turkeys or watermelons?

Payments amounting to hundreds, and even to several thousand dollars, on an original loan of a trivial amount have come to the attention of the Better Business Bureau of Dallas, declares William Collier, executive vice president, in discussing the loan shark situation.

Here are a few typical, not extreme cases: A sporting goods company employe borrowed \$40 because of illness in the family. After he had paid \$283, the loan company tried to get him fired claiming he still owed the principal.

A taxicab driver borrowed \$25, paid \$169 and the loan shark claimed the borrower owed \$26.40—in other words that he still owed \$1.40 more than when he started. Even worse was the experience of a postal employe who borrowed \$25, paid 448.50 and yet owed \$28.75, according to the loan company. An elderly garbage wagon driver had to have \$20 because of family illness. He paid and paid till he had been bled for \$672 and the concern claimed he still owed the original amount.

That the evil is widespread and is not confined to the co-called underprivileged groups is shown by the fact that complaints have been received from employes of almost every business and industrial firm in Dallas and, Collier continues, "from many of our professional, educational, governmental (federal, state, county and city) and religious groups". Have a smile: An excited citizen said to a

candidate, "I wouldn't vote for you if you were the Angel Gabriel". The office-seeker replied, "If I were the angel Gabriel, you wouldn't be voting in my precinct".

Similar is the story of the two farmers who fell out over a boundary matter. Brown said, "I'll sue you in county court". Smith answered, "If I lose, I'll appeal to district court".

"And if I lost there, I'll fight you in the court of appeals".

"Well, I'll be there".

"And then I'll take the case to the supreme court".

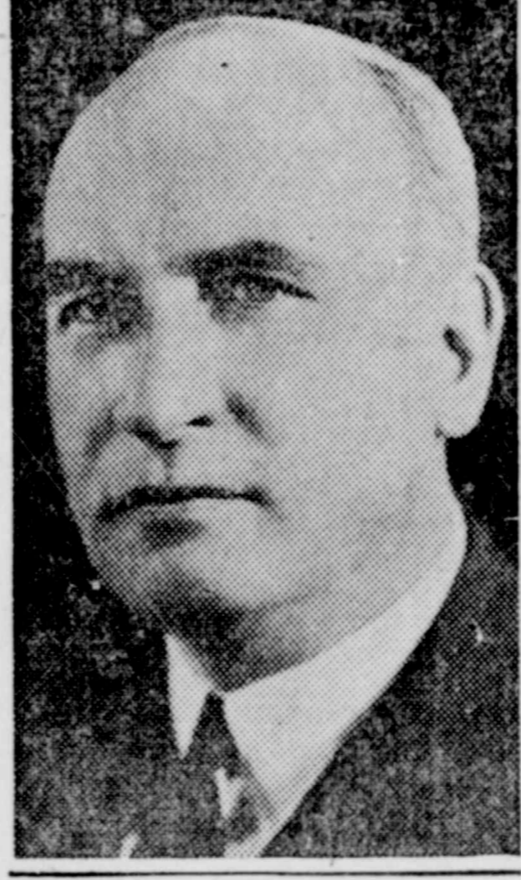

All right, I'll be there too, "Then I'll fight the case plumb into h---".

"My lawyer will be there".

The nation's machinery for producing all other natural resource

INDUSTRIALIST CLAIMS TEXAS CAN GROW RUBBER

William O'Neil Says Guayule Will Meet U. S. Needs.

WILLIAM O'NEIL

Farmers in California, Texas, and Arizona can grow enough rubber to supply the defense and commercial needs of the United States within two years, at no greater price than is currently being paid for rubber from the far east.

This was the statement today of William O'Neil, president of the General Tire & Rubber company, in urging that immediate consideration be given by Congress to subsidizing farmers in these states and financing rubber extracting machinery.

The plant from which the rubber may be obtained is guayule, a native shrub of the high plateaus of Mexico, which has been imported to this country and raised successfully in the area around Salinas, California, in Arizona, and in Texas.

Farmers are able to grow this shrub and produce real rubber at from 15 to 19 cents a pound, O'Neil said, as compared to the 22 1/2 cents a pound now being paid for plantation rubber. "It is easy to see that as an emergency measure, the growth of guayule in the southwest has many advantages over the synthetic rubber development," said O'Neil. "For instance, the same machinery can be used in working guayule as is used with plantation rubber. Guayule may be used for all purposes for which far eastern rubber is used and this is not true of synthetic products.

Defense Bond Quiz

Q. I am a machinist in an airplane factory. When the war is over I may be laid off. How can I prepare for that time?

A. Make systematic and regular purchases of Defense Savings Bonds. They will give you a substantial reserve which you can fall back on in the period of readjustment after the emergency.

Q. To what very large group of Americans does the government look particularly for extensive buying of Defense Bonds and Stamps?

A. People in the lower and middle income brackets, where many of the most rapid increases in national earnings have taken place. This immense part of our population can be especially effective in reducing national purchasing power by buying Bonds and Stamps, thus aiding the country's defense program, while helping to keep down the cost of living.

Mrs. Price of Estelline visited her daughter Mrs. Durwood Moorhead during Thanksgiving.

Mr. and Mrs. C. M. Corkran of Abilene spent Thanksgiving with Mr. and Mrs. J. E. Shelton.

Bill Donald of Mineral Wells visited Mrs. Earl Jones Sunday.

Evelyn Jones who attends Tech was home for the week end.

Delbert Roundtree, Alpha Butler and Vernon Address of Hamilton spent Sunday with Mr. and Mrs. J. J. Address.

James Welborn and Lee Brownfield went deer hunting at Fredericksburg last week. They bagged one deer and one turkey each.

Mr. and Mrs. Kyle Graves attended the Red and White Grocery convention in Abilene Monday and Tuesday.

Mr. and Mrs. George Bruce and daughter of Lubbock visited Mr. and Mrs. George W. Neill Sunday.

Mr. and Mrs. Clovis Kendrick, Mr. and Mrs. Everett Latham, and Mr. and Mrs. Lee O. Allen were Lubbock visitors Sunday afternoon.

Miss Edna Brock visited in Abilene over the week end.

materials and commodities needed for defense is being overhauled and retooled for greater output while oil—the most war need of all—is being held down to the same sort pinched in flow that was resorted to nearly a decade ago to bolster crude prices through scarcity," says the Houston Post, editorially.

Sufficient oil should be produced and ready to meet whatever call the emergency may create. Holding down production to boost prices would be as patriotic as a plow-under policy to make the prices of farm products higher or to curb steel production for the same purpose; whereas the Department of Agriculture itself is sponsoring a vast nationwide program to whip farm production up to the very maximum and every effort is being made to in-

crease the steel output".

Mexican sayings: Nothing is easier than to cheat an honest man.

He who has drunk his fill soon turns his back on the fountain.

The man who eats his chicken alone must catch his horse himself.

If you would know the value of a pesa, try to borrow one.

He who makes more of you than he used to either would cheat you or needs you.

The creditor always has a better memory than the debtor.

ALWAYS BE CAREFUL WITH FIREARMS

Austin, Texas Nov. 24.—A timely and urgent warning against the careless handling of firearms during the hunting season was issued today by Doctor Geo. W. Cox, State Health officer.

During the year 1940 a total of 179 deaths occurred in Texas as a result of firearm accidents, by far the majority of them due to hunting activities, said Dr. Cox. A hunter's loaded gun when out of safety is a menace to himself and to everyone within firing range.

Doctor Cox pointed out that while hunting is one of the nation's most enjoyable outdoor sports, this deplorable toll of human lives goes on annually due almost to carelessness. Many men go hunting year after year without harm to themselves or their companions because they handle a gun cautiously and with good sense, he declared.

There is little excuse for the brand of carelessness of clumsiness that kills. If each hunter will use precautions to go through the hunting season without accidental injury to himself of his hunting companion the death toll in Texas from firearm accidents will be reduced nearly seventy-five per cent, Doctor Cox stated.

GIVING MAY MAKE A RACE OF GIMMES

After it has been tried for several years we still think the good old-fashioned plan by which each one through thrift and work and self-denial, looked out for himself and his own, a better plan than the tax-financed scheme in vogue today. There was a pride about independence in those days that is fast ebbing out of society. We

KEEP THE GOOD GAS MILEAGE

EVERY FORD is built to give

Have your Ford serviced by men who know Ford cars best!

Your car's fuel efficiency can be greatly lessened by inferior parts and service. That's why it pays NOW to take your Ford to your Ford Dealer. Expert Ford mechanics... genuine Ford parts... Factory approved tools and equipment. For best service—at low cost—take your Ford "back home."

GET RID OF RATTLES—Bring your car in for a complete tightening job by our trained Ford mechanics. You'll prevent unnecessary wear, and get rid of annoying squeaks and rattles.

QUICK STARTING SPECIAL—Now's the time to get your car in shape for the colder driving weather ahead. Our Quick Starting Special is a ten-point tune-up, including check-up and adjustment of parts important to easy starting, proper cold weather performance and top gasoline mileage. Ask for our special combination price on this complete ten-point check.

WHEEL ALIGNMENT is important if you want top tire mileage. If a wheel is not in alignment, the tire is "dragged" sideways, scraping off rubber with every turn. Have your wheels checked every six months for longer tire mileage.

OUR FORD PARTS EXCHANGE PLAN saves money for you. When your distributor, carburetor, or other assemblies become worn from long service, you'll often pay less for a Ford Exchange Assembly than you'd pay for a complete overhaul of the part.

can't help but think that the old plan built a stronger, sturdier people because they made their own way through the world and stood on their own feet. The easy way of life never built a sturdy people. These things all have a way of adjusting themselves in nature. When a people give way to easy living they are brushed aside one day and their place is filled by a race that has chosen to live the nearest to the natural way. The law of the jungle still is in operation, whether we like to think it or not. The elemental law of life is struggle and in the struggle the fittest only survive.

ADDITIONAL SCHOOLS NEEDED AT LUBBOCK

Lubbock Nov. 24.—Voters in the Lubbock Independent School district are to go to the polls Saturday, November 29, to decide on the proposed issuance of \$350,000 in bonds for the first major building program in the district for several years.

Election call was issued by the school board, of which Dr. J. T. Hutchinson is president, after receipt of definite commitment from the Public Works Authority on a grant of \$121,600 to be used in enlarging three elementary buildings and for an addition to the high

school. The grant was made to care for the anticipated increase in enrollment due to children of Army personnel to be located at the Air Corps Advanced Flying school here.

This would provide for the addition of twenty classrooms, of which six would be at high school and the others at three elementary schools.

The supplemental bond issue of \$350,000 would care for larger additions to elementary schools, more than double the addition at new elementary building in the northwest part of the city.

Present enrollment is more than 7,100, an increase of 709 over enrollment at end of the first two months last year, with the probability that enrollment will reach 8,500 at the end of the school year.

If It Was Really Child's Play

GOOD POLITICS VS GOOD GOVERNMENT

The fact that government non-defense spending is holding to depression levels at a time when employment and national income are approaching record highs, is a biting reflection on Congress.

It will be remembered that Secretary Morgenthau said some months ago that the normal cost of government could be cut by one billion a year. Other authorities have estimated that reductions of \$2,000,000,000 or more are possible and practical.

The difference between government non-defense economy and continued prodigality, may prove to be the difference between a solvent and bankrupt government in the future. Is Congress so pre-occupied with "good politics" that it has totally forgotten the meaning and obligations of good government?

PAPER FAILS IN HUNT FOR AUTHOR OF DUST BOWL

Dalhart, Nov. 15 — The clever man who first called this once-dry region the dust bowl will for the time retain his anonymity.

The Dalhart Texan announced Saturday that it has not been able to find conclusive proof of the corner of the expression. Its \$50 reward will be presented to the Last Man's Club, a group of men who pledged themselves to be the last to leave the plains during the black dusters of six years ago.

Presentation will be made to John McCarty, Amarillo editor, club president and founder at a party here Tuesday night.

The Texan said it would continue its search for the corner of the term and posted a \$25 reward for the man who offers the best phrase describing current moist conditions on the plains.

MODERN BANKS ARE FINANCIAL STORES

An advertising executive recently commented on the immense changes that have taken place in the nation's banks in the last 25 years. As he pointed out, the joke books used to be full of cracks at the coldness of bankers, and the "I dare you to make me smile attitude", which many of them maintained toward the public.

Now all is different. As he said,

"Not only has bank advertising greatly increased, not only do banks maintain public relations departments, but such advertising as they do is, for the most part, utterly lacking in that cold austerity which characterized the service to the public.

The banks, in other words, are actively seeking business, rather than waiting for business to come to them. Equally important, the typical bank is as much interested in making a small loan to a responsible borrower as in making a large loan to a big corporation. And interest rates were never so favorable to the customer.

Now the banks are unleashing billions to help finance defense factories. They are working in full cooperation with the government, and they have won the praise of such high officials as Secretary Morgenthau for their defense activities. There's no "financial bottleneck" here.

Two scientists at the Texas College of Arts and Industries report their experiments indicate that blue bugs may play a role in the transmission of fowl paralysis.

Duce Made It — Anzacs Shoot It

THE SIEGE OF TOBRUK, Allied desert stronghold on the coast of Libya, is past the sixth month, but its out-numbered garrison of Anzacs (Australians and New Zealanders), Poles, British and Indians is holding as firm as ever. Inside the besieged area, which is about the size of Manhattan, life goes on in a primitive way, with much ingenuity in improvising arms and equipment. These men, for example, are members of the new Anzac "bush artillery", formed from infantry men armed with captured Italian guns and munitions. The boys have never learned the professional way of handling their cannon—they aim it by sighting through the hot barrel and working the whole gun until it points at the target—but the "bush artillery" is plenty effective, as testified by the failure of every Axis assault on the thinly-held defense lines.

Scientific Feeding To Get More Milk

Denison, Texas, Dec. 1.—Two factors — scientific feeding and strict observance of Federal and State sanitary regulations as they apply to the Dairy Industry will determine the success and profit with which Texas dairymen meet the national demand for increased milk production.

Commenting on these two vital points, A. J. Riddle, President of the Texas Dairy Products Association says, to obtain the 14 per cent increase in milk asked by the government it will be necessary for Texas dairymen to give more thought to scientific feeding than ever before. You can feed a profit into a dairy herd, but you can't starve one into it. The maxim of the Texas dairy cow might well be, "I'll give, if I get". Starving a dairy cow does not necessarily mean depriving the animal of sufficient forage and water to cause death. It means through lack of proper concentrates and balanced rations the starving of the sensitive organic structures with which she produces milk.

For these reasons the dairyman should check carefully and scientifically the rations on which the dairy herd will go into the barn on this winter. The tremendous crop of home grown grains and ensilage are but a portion of the dairyman's answer to his feeding problem. To constitute a profit-

Survey Gives Soldier's "Rules" For Good Morale In Army Camps

HERE are the American soldier's own specifications for good army "morale":

1. Fair treatment.
2. Complete "freedom and variety" when on leave.
3. Decent, hospitable attitudes among local townspeople near camps, making him feel he's "as good as anyone else."
4. First class training and straight talk from his superiors on what the war is about, so he can feel he's getting something tangible out of his experience in the army.

These "rules" are based on findings made in a dozen training camps and all sorts of places outside by Alden Stevens, widely experienced sociologist and writer. His report appeared in Survey Graphic.

"The building of army camp morale calls for positive action now," Stevens declares. "You have to provide the conditions that make for good morale—then you will get it. No mere words cooked up in Washington are going to be effective unless the fundamental requirements for good morale are present."

able dairy ration these must be fortified with proteins and minerals, the better and more varied, the more certain the result.

On the other hand it is folly to increase production and then thru lack of proper sanitation have the milk turned down at the receiving station. This practice has already cost Texas dairymen untold num-

bers of dollars. Our Association is urging that dairymen study all bulletins and literature issued on dairy feeding and consult their County agent freely. We are also urging that they give the same attention to sanitary regulations and close observance of the rules set out for the handling of milk. These things call for serious thought on the part of the Texas dairyman if he is to enjoy to full advantage and meet the required contribution to National Defense.

There are two sets of factors bearing on morale, Stevens finds: 1—camp and training; 2—recreational. A number of things enter into the latter "and one of them is simply the relative sizes of the camp and the nearest town."

"Most men want to get away from any planned recreation," Stevens says, "and anything with a welfare or social work tint is unpopular. The only group of people who have furnished the army with something else to do are the private operators of tent-shows, carnivals, roller-skating rinks and, most of all, the juke joints."

"There is no more thoroughly American institution than the juke joint, with its freedom, complete informality, and democratic camaraderie."

"Some of the juke joints need control. The United Brewers Industrial Foundation... the beer manufacturers' conscience... which is running a nationwide campaign for moderation, especially near camps, is serving to keep many of the proprietors within proper bounds, and to improve local regulation where it has been slack."

My Week by Eleanor Roosevelt

NORTH CAROLINA

We arrived in Wilson, N. C., en route to a lecture at Greenville, N. C., and were met by Dr. Leon R. Meadows, president of East Carolina Teachers college. The state highway patrol preceded us on the 30-odd mile drive to Greenville. They had evidently decided that I was an old lady with nerves and did not like to be driven at more than 30 miles an hour, so we drove at a snail's pace. I was about to ask what was the matter, and then decided that it was not up to me to ask questions and I had better take advantage of the opportunity to look at the countryside.

I remembered well that this is the part of the country which had been hardest hit when the war closed its tobacco markets, because of the sudden decision by Great Britain that it could not buy tobacco over here. Almost 50 per cent of the tobacco raised here, used for cigarettes, had been sold in England. Before the Japanese-Chinese war, much of it was sold to China.

The government helped the planters over this period. In one way it has had a beneficial effect, for through their state agricultural college, they have received assistance in establishing a more varied agriculture. You now see fields of corn, a little cotton and gardens. Mayor Sugg of Greenville, who drove over with us, told me he had attended a meeting recently on home canning, which had really been inspiring.

I was glad to hear of this, for it seems that the nutrition program is working. I feel that if we can establish community planning for specific purposes during this period, we shall have a stronger instrument with which to meet any problems which face our communities in the future.

V.F.W. RADIO PROGRAM

On the eleventh day of each month, the Veterans of Foreign Wars of the United States have established a radio program to which more than 425 radio stations are contributing time. They call their program "Speak Up for Democracy." I have had the privilege of looking over some of their material, and I want to congratulate them on the service which they are rendering to the cause of liberty.

GERMAN FREEDOM

One night I attended a dinner in New York city for the American Friends of German Freedom. As usual, Dr. Frank Kingdon was a delightful chairman. It was encouraging to find that people, who had recent contacts with Germany, felt that there were many people there waiting, longing and working for freedom from Nazi rule.

Early the next morning, we motored up to Hyde Park and, in spite of the fact that the trees there are bare and the color was gone, it was a very lovely drive and the country was still beautiful.

After lunch, I went down to listen to some of the speeches and discussions at the conference at Vassar college on morale in the army camps and the colleges' responsibility. The conference was held under the auspices of the Vassar Political association and the International Student service.

RED CROSS

May I remind you that the American Red Cross is now having its annual roll call and that their objective is to double the membership. They are going to try "to see all the people," but if they don't happen "to see" you, be sure that you see them, for the work that they are doing is needed all over the world.

NEW YORK BY PLANE

I left Washington on the four o'clock plane one day, flew to New York city to attend a meeting in the evening, after which I spent some hours going over all the mail which I had not succeeded in doing earlier in the day.

The trip up on the plane was particularly pleasant because Mr. Edward J. Flynn, the chairman of the Democratic National committee, was with me and talked on many subjects of mutual interest. When I did take to reading my papers, which I had been carrying around with me all day, it was an added interest to be able to comment on various matters and to ask questions of my well-informed neighbor.

At 9:30 next morning, a Boy Scout, rather breathless because he had been delayed in arriving, a Sea Scout and a Cub Scout were at my door. A truck half piled up with papers stood outside. I took out a stack of old newspapers and we all faced the camera men together.

I had to beg them to hurry because I found the papers heavy. When they were taken over by the Boy Scout, I realized that he must find them just as heavy. Finally, they were safely on the truck. After signing three autographs, everybody departed happily.

After that I did a variety of things, and since variety is the spice of life, it was a spicy day.

"Bundles for Britain" has a most enchanting "All America" shop, where I am sure many people will find unique Christmas gifts.

BROWNFIELD, TEXAS

Texas School Lunch Program Expanding

College Station, Dec. 1.—Undernourishment of Texas school children is being ameliorated by expanding the community lunch and increasing the participation of pupils in it, according to Mildred Horton, vice director and state home demonstration agent for the A. and M. College Extension Service, chairman of the state nutrition committee.

Miss Morton quotes L. J. Cappleman of Dallas, regional director of the Surplus Marketing Administration, that in September, 1940, 110,884 Texas school children were receiving school lunches.

By September 1941, the number had increased to 171,394 or an additional 60,510 pupils receiving an attractive, well balanced school lunch each day. Effort is being made this year to reach about six million of the nine million American school children who are undernourished.

The people of Texas, recognizing the problem of malnutrition among school children, are working closely with the government to wipe out this evil, according to Cappleman.

Just Try Some Good Eggs

Austin, Texas, Dec. 1.—Believing that the rest of the nation needed a chance at some of their good eggs, Texans shipped six times as many carloads of eggs out of state in October as they did in October, 1940, according to the University of Texas Bureau of Business Research.

Shipments increased from 120 carloads last October to 720 carloads in October, 1941. This includes, in both cases, shell frozen and dried eggs, reduced to shell equivalents.

Dressed poultry shipments main-

tained their normal October pace, the Bureau reported.

Five carloads of chickens and four of turkeys were shipped from Texas points during October, as compared with nine cars of chickens shipped in October, 1940. There were no car lots of turkeys shipped last October.

Mrs. W. M. Collins, Mrs. Aggie Thornton, Mrs. W. A. Tittle, and Mrs. J. L. Cruce were Lubbock visitors Monday.

Mrs. Spencer Kendrick and Mrs. Daniel Davis visited their sister in Tahoka Sunday.

Mrs. R. M. Kendrick, Mrs. Clovis Kendrick, Mrs. Orb Stice, and Mrs. Richard Kendrick spent Saturday in Lubbock.

Brownfield - Union Consolidation Election Tomorrow

An election which will determine whether or not the Brownfield Consolidated Independent School district and the Union Independent School district will consolidate for school purposes will be held in each district involved on December 6, 1941. The election in the Union Independent School District will be held in the school house. The election in the Brownfield Consolidated Independent School district will be held in the County Judges Office in the Court House.

This election is to be held in each individual school district and could be termed a "straight consolidation" election. It is not to be confused with what is known as the "grouping type" of election. When schools vote to consolidate, the votes are counted separately by districts, and each district must carry separately for the consolidation to become effective. When the school vote to group for high school purposes, the votes are pooled, and if the majority in both districts counting them together vote for the grouping, the election is successful.

The Brownfield Consolidated Independent School District has been based upon common understanding and a common purpose—that of creating a proper basis for a progressive school system which will serve the school needs of this entire area. No district has been forced into this program. In each case, as in the case with Union, the district involved had to vote its way in. This is a pure, democratic procedure.

Should the consolidation election carry in the Union Independent School district and in the Brownfield Consolidated Independent School district, this organization of schools in this area would be set up. An eight grade

Texas Merchants Enlist For National Defense

Sixty thousand Texas merchants have been asked to sell defense savings stamps to six million Texans—and they have responded with a campaign designed to put defense stamps on sale at retail counters in every store in the state. Representatives of retail associations in all branches of the industry met in Austin to chart the program, which will be directed by the Texas Retailers for Defense committee. In the picture, left to right, are: Charles T. Lux, Austin, secretary of the Retail Merchants Association of Texas; H. E. Dill, Dallas, secretary of the Retail Furniture Association of Texas; Frank Scofield, Austin, State Administrator of National Defense in Texas; Albert L. Walters, Dallas, secretary of the Texas Chain Stores Association, committee chairman; Dr. W. J. Danforth, Fort Worth, secretary of the Texas Pharmaceutical Association; and Roger Q. Flournoy, Dallas, secretary of the Texas Retail Grocers Association. Other members of the committee are P. D. Moreland, Austin, secretary of the State Restaurant Association of Texas, and J. H. Calvert, San Antonio, representing the Texas Retail Dry Goods Association.

elementary school would be maintained in the present Union School plant. This elementary school would be operated in a similar fashion to that elementary school in Tokio and Gomez. A principal would be in charge under the administration of the Brownfield School Administration system. The same course of study as used in other elementary schools in the Brownfield District would be used. A proper teaching force would be chosen upon the grounds of qualification for the particular job.

All high school students will be allowed to enroll in the Brownfield high school and will be transported back and forth from school. The Brownfield high school will offer 42 affiliated credits of high

school work next year. These courses involve several fields of learning. The commercial field of study in thoroughly covered; the department included typing, stenography, short-hand, book-keeping, commercial law, salesmanship, commercial mathematics, and junior business training. The Vocational Department includes industrial arts, vocational agriculture vocational homemaking, and a course in trades and industries has already been approved for next year. Public speaking, dramatics, instrumental music, vocal music and many other courses are offered outside of the regular college entrance courses offered in all fully accredited high schools in Texas.

A sufficient number of buses will be stationed in the Union

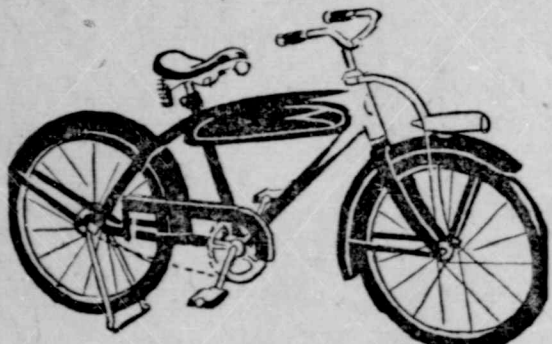

to Brownfield. The buses will operate out of Union as a central station, alternating when bringing the high school students to Brownfield. The buses will be serviced out of the central bus barn in Brownfield. All repair work will be done in the central bus barn by the school district bus foreman.

The same proposition as was offered to the nine districts which now make up the Brownfield Consolidated Independent School district will be offered to Union and the Brownfield Consolidated District in case of consolidation in regard to tax equalization. 1941 taxes, of course, have already been assessed, and remain as they are.

In 1942, a representative of the Union Independent School district

as it is today will sit with an equalization board made up of the representatives of each original district and equalize the valuations in the original Union district upon the same basis as is established in the Brownfield Consolidated Independent School District.

The present average rural valuation in the Brownfield Consolidated Independent School district is \$11.40 per acre. This average valuation includes both real and personal valuation. The present average rural valuation in the Union Independent School district not including the Arizona Chemical Plant, is approximately 40c lower than the \$11.40 mentioned above. This would amount to 64c less tax money to be paid in 160 acres of land. In other words the present valuations of the two districts are virtually the same, and very little equalization would be necessary.

SAM CHISHOLM JOINS NAVAL INTELLIGENCE SERVICE

Sam W. Chisholm, son of Mr. and Mrs. G. W. Chisholm of this city, who is taking a degree in business administration early next year, has been accepted as a yeoman in the U. S. Naval Intelligence Service.

The folks here are not sure whether he will graduate in January or February. His position in the navy will be clerical we understand. Sam in a fine young man, was a good kid and lad in his school days, and we feel sure that Uncle Sam will not regret taking him.

Graders are busy this week grading the streets through the Neill gardens subdivision, east of town. We learn several have already purchased lots and acreage there and planning building soon.

WHAT'LL THEY THINK UP NEXT ?

Ordinary water may prove a satisfactory answer to the cheese producers' most baffling problem, the packaging of natural cheese. Experiments conducted by the Wisconsin College of Agriculture show that natural cheese will keep in good condition if sealed in small, water-tight packages and stored under water at temperature of 40 to 60 degrees.

First plastics came out as a substitute for wood and now they are treating wood with plastics. It's called plasticized wood, if you're interested, and if you don't like that one they'll offer you "compregnated".

A skin full of vitamin C strengthens healing wounds by 400 per cent and speeds their recovery, says a report to the American College of Surgeons. This "skinful" is easily obtained by eating extra amounts of the vitamin. Both human and guinea pig tests were reported.

SANTA FE CARLOADINGS

The Santa Fe System carloadings for the week ending Nov. 6, 264 for the same week in 1940. 29, 1941, were 22,435 compared with 17,460 for the same week in 1940. Received from connections were 8,026 compared with The total cars moved were 30,461 compared with 23,724 for the same week in 1940. The Santa Fe handled a total of 30,679 cars during the preceding week of this year.

THE HUB DEPARTMENT STORE

No Silk Worms In The United States

College Station, Nov. 24, The current shortage of silk brings to mind the fact that Cortez imported silkworms and mulberry seed into Mexico back in 1522. Nothing much came of it.

Attempts have been made to start a silk industry in the United States since the days of the first settlers. The U S Department of Agriculture carried on experiments in silk production for some years but discontinued them in 1908 when the venture failed to show promise.

Brazil has had some success in producing silk but even there the production is far below domestic needs.

The main barriers to silk production in the United States are the large amount of hand labor required in caring for silkworms and the expense of the reeling process by which the cocoons are unwound and the strands blended to form threads.

Increase use of cotton and of the silk substitutes, such as rayon and nylon, are expected to take the place of silk in the domestic field. So far no substitute has been satisfactory for para chutes and powder bags for large calibre guns.

GOMEZ GOSSIP—

The Gomez P. T. A. will meet, Tuesday night, December 9th at 7:30 P. M.

You are urged to attend this important meeting as plans for the Christmas tree will be discussed. Also a good program is in store for you.

The program is as follows: Songs, "Keep Your Eyes Upon the Objects" and "America the Beautiful".

Education at the crossroads, to be discussed by Mrs. Hazelwood. "Not of Bread Alone", talk by Rev. R. C. Guest.

A social hour with refreshments will follow. We also want to mention about the Parent-Teacher procedure course which began Tuesday night of this week with 8 members present.

If you are interested in P-T A. work this is a good chance to learn more about it. The next procedure course meeting will be Tuesday night Dec. 16, from 7:30 to 9.

County Council H D Club Meets

The meeting of the Terry county home demonstration council reached a near party stage Saturday November 29, when Miss Blanton entertained a group of

22 in the home of Mrs. Hayden Griffin.

The whole wheat educational program was postponed; the exact date to be set later. However, the whole wheat gingerbread brought by Mrs. Greathouse and the whole wheat cookies made by Mrs. Wes Key were greatly enjoyed by everyone present.

There will be no regular meeting of council in December, but at 3:30 P. M. of the last Saturday in January, Mr. A. R. Osborne will show in the District Court room some pictures of the Lang farm home and the improvements made there recently. All members are urged to be present at 2:30 so that the necessary business can be taken care of before the picture show begins. Everyone is cordially invited to attend.

J. O. GILLHAM FAMILY PLANNING NEW HOME

Mr. J. O. Gillham, active Vice-President of the Brownfield State Bank has recently sold his acreage and residence in the northeast portion of the city, on the Tahoka highway, and has purchased lots on east Tate Street, near the Moxley residence.

A Lubbock architect is now drawing plans and specifications for a new modern seven room residence, to be constructed of brick and tile, and which will be announced here by Red Cross officials.

ROSCOE CASTLEBERRY BURIED AT MEADOW

The body of Roscoe Castleberry, 53, Meadow farmer, was buried at Meadow Monday, following services at the Methodist church. He had been in the local hospital about a week. He had lived in the Meadow section several years. His brother, R. H., informed us that early last week Roscoe had a stroke at his place while working near the house. R. H. was harvesting feed, and Mexican laborers told him that his brother had been calling for help. This was near dark, and getting real chilly. R. H. hurried over where his brother was batching, and found him not only paralyzed, but almost frozen. He rushed him to the hospital at once.

He is survived by four brothers, Bob and R. H. of Meadow section; Clyde of Los Angeles, and W. H. of Seagraves; a daughter, Mrs. Willie King of Goose Creek, and a sister, Mrs. Margaret Sublett of Ennis.

BRITISH RELIEF FROM U S HITS PEAK MONTH

London — A total of 32 ships brought \$2,040,032 worth of American Red Cross relief supplies to Great Britain during September the highest monthly shipment since operations started, it was announced here by Red Cross officials.

Included in the month's shipments were 40,000 pairs of shoes for men, women and children in bomb and evacuation areas. They were sent partially to fulfill a request by the Women's Voluntary Services for 250,000 pairs. The remainder are being purchased and shipped as rapidly as possible, 40,000 more now being enroute. The American Red Cross previously had brought over 328,697 pairs of shoes and boots for children and adults.

The months shipment of 58,757 blankets for civilian use makes a total of 690,795 blankets now in Great Britain for use during the blitz nights of winter.

Medical and hospital supplies totalling \$241,624 were received in September by the British Red Cross. Included were 10 fracture tables, 363,010 items of enamelware, cotton wool and gauze, 9,000 hot water bottles with covers, 84 inhalation sets, 120 obstetrical units, 598 oxygen units, 25 sterilizers.

Among the garments received were 194,000 sweaters, 39,000

UPPER—New Hill car "floats" on rails as Santa Fe Railway puts newest passenger equipment into service. Car is fluorescent lighted with foam rubber upholstered chairs and linoleum covered walls.
LOWER LEFT—Almost conventional in appearance, this new Santa Fe passenger coach represents a revolutionary step in car building. It "banks" the curves like an airplane due to its pendulum-like suspension.
LOWER RIGHT—The secret of easy riding is in the radically new design of this set of trucks. Instead of resting flat on top of the trucks, the new car body rides on these tall coil springs attached up well past the center of gravity.

Uncle Sam Farmers' Best Customer; 30 Marketing Centers Established

Uncle Sam, the American farmer's best individual customer, spends \$750,000 a day every day in the year on foodstuffs for his army.

To afford the best possible facilities in handling these immense sales, it is announced that 30 regional marketing centers are being established throughout the country where producers may sell direct or through community or farm co-operatives. In this manner the Quartermaster Corps bought 750 tons of turkey together with all the trimmings for the soldiers' Thanksgiving dinner, and just now Uncle Sam is stocking up for the Christmas holidays and all the hearty meals that will come in between.

Through the marketing centers it is declared that Uncle Sam and the millions of American farmers will get better acquainted. Uncle Sam will get fresh produce of the highest quality and the farmers will get higher prices. An example of the volume of goods taken by the army is reported in recent requisitions for rations during the

autumn maneuvers in the Carolinas where the purchases in Columbia and Wellington marketing centers included: 2,600,000 dozen of eggs, 1,600,000 pounds of butter, 420,000 pounds of cheese, 315,000 pounds of turkey and 704,000 pounds of chicken.

At the same time a program has been announced for the purchase of a large part of the seasonal output of local canneries, smaller industries situated in the various fruit and vegetable growing regions. These district purchases will augment the recent buying of 126,000,000 cans of vegetables through the Chicago Quartermaster Depot.

Of the 50,000 horses and mules doing their bit in the army the great majority of these equine recruits were brought from the farms within the last few months, the purchases amounting to \$239,372. The spring program calls for a still greater number of riding horses and draught animals.

From all sections of the country come reports that Uncle Sam's marketbasket is a symbol of prosperity on the farm.

PATTERSON HEADS LEGAL AID CLINIC

Austin, Texas, Dec. 1—W. W. Patterson of Austin has been appointed director of the University of Texas Legal Aid Clinic, it is announced by Dean Charles A. McCormick of the University's Law School.

Mr. Patterson replaced Edwin G. Moorhead who has been called into the U. S. Navy service. He graduated from the Law school in 1936 and has been employed in the office of the 53rd district attorney here since.

WHY AID TO RUSSIA

The other day the Secretary of State of the United States was asked by a senator to justify our giving aid to Russia. His reply was: "The answer to that depends on how anxious a person is to stop and destroy the march of Hitler in his conquest of the world. If he were anxious enough to defeat Hitler, he would not worry about who was helping to defeat him"—Roosevelt Navy Day Speech

Marriage Licenses

Marriage license were issued the past week to: Lloyd Titsworth and Bernice Irene Blocker; Wilmoth Wilson Watkins and Jimmie Flemings; George E. Hatley and Ruth C. Huffman.

Mr. and Mrs. Money Price spent the week-end in Amarillo.

Jimmy Lydon, Paramounts new Henry Aldrich, goes in for high school politics in the latest Aldrich family picture, "Henry Aldrich for president" which opens Sunday at the Rio Theatre.

TEA GIVEN IN HONOR OF JONELDA MAY

Athelda May gave a tea at her home Friday afternoon her daughter Jonelda on her fourth birthday.

A miniature table was covered with a beautiful white net cloth over satin and surrounded by a flounce which dropped to the floor. A pink satin ribbon hung in scallops from the table and was tied in a large bow at each end. The center-piece consisted of pink and white bon bons set on a blue reflector. Four candles were set in side the center-piece and burned throughout the tea.

Pink and white flower cookies, open face snack and cheese sandwiches, mints, and punch were served in miniature dishes. Flags set in gumdrops were party favors.

Jonelda wore an evening gown of sky blue taffeta trimmed with pink rosebuds. Her corsage was of pink carnations.

Dennie Ballard, cousin of the honoree, poured tea. She wore a royal blue taffeta evening gown trimmed with pom-poms. Her corsage was of pink carnations.

About forty seven children called and presented gifts to Jonelda.

Dr. M. C. Bell and daughter Maurita of Quenado, New Mexico are visiting friends here this week.

MRS. HORN IS HONORED WITH SHOWER

Friday afternoon from 3 to 6 o'clock Mrs. R. L. Bowers, Mrs. Clovis Kendrick, Miss Ruth Huckabee, and Mrs. Thomas Cadenhead honored Mrs. Clifford Horn, a recent bride, with a miscellaneous shower at the home of Mrs. Bowers.

Mrs. Kendrick, Mrs. Jack Holt, Mrs. Bowers and the honoree were in the receiving line. Mrs. G. W. Graves presided at the brides book, and Mrs. Graham Smith and Mrs. Jim Graves poured tea.

Bobbie Virginia Bowers, Mary Ballard, and Genevieve Murphy were in the house party and served guests in the dining room.

A pink and white color scheme was carried throughout. The centerpiece was of pink and white carnations in which a large heart was placed. A miniature bride and groom were set in a plaque of pink carnations on the buffet.

Refreshments of cake, mints and tea were served.

Approximately eighty guests called during the afternoon.

LIONS CLUB HAVE BUFFET SUPPER AND LADIES NITE

The Lions club had a zone meeting at the Wines Hotel Wednesday night. Representatives from other districts were present. Following the business meeting, ladies night was held at the Legion hall where a buffet supper was enjoyed by all.

MRS. WELBORN IS HOSTESS TO LAS AMIGAS

The Las Amigas met with Mrs. J. M. Welborn Wednesday afternoon. Members present were Mesdames W. R. McDuffie, Orb Stice, Spencer Kendrick, Clovis Kendrick, W. G. Terry, Wilson Collins, W. S. Brumage, F. A. Scott, W. E. Latham, Troy Noel, and Jack Bailey. Mrs. R. L. Bowers was a guest.

The hostess served chicken salad potato chips, apple pie and coffee.

Roseville pottery was given for first and second prizes.

LADIES AID SOCIETY OF CHRISTIAN CHURCH MEETS

Monday December 1st, the Ladies Aid Society of the First Christian church met in the home of Mrs. Ed Ballard. Mrs. R. N. McClain gave the devotional and the study of Luke 19-24 was led by Mrs. F. E. Walters.

Members present were Mesdames C. A. Veasey, C. F. Shaffer, Crawford Burrow, W. R. McDuffie, Bob Helm, R. N. McClain A. A. Sawyer and M. E. Brown. The next meeting will be with Mrs. Bob Helm Monday December 8th.

BAPTIST W M S

The Bagby Circle met Monday with Mrs. L. P. Dunn, with 6 members present in Bible study. Next Monday they will meet with Mrs. Flache and have their week of Prayed program on Palestine.

The Lunsford Circle met at the church in Bible study with 5 members present. Next Monday they will meet at the church and have their Week of Prayer Program on China.

The Christene Chenn Circle met with Mrs. John Allridge with 8 members present. Studying their Bibles, next Monday they will meet with Mrs. Gordon Alexander and have their Week of Prayer Program on Latin American countries.

The Lena Lair Circle met with Mrs. W. M. Adams last Monday with 5 women present. Next Monday they will meet with Mrs. E. Hunter for their Week of Prayer Program on Africa.

The Lucille Reagan Circle met with Mother Green last Monday with 8 women present. Mother Green taught their Bible lesson. Next Monday they will meet with Mrs. D. P. Carter, for their week of Prayer Program on Africa.

All circle will meet at 3 P. M.

P W S G MET MONDAY IN REGULAR MEETING

Eleven ladies met last Monday for the Presbyterian Women's Service Guild. The meeting opened with each lady using a scriptural quotation with which to answer roll call. Mrs. John King reported on the contents of the ten generously filled Thanksgiving baskets that the Guild distributed this year. Mrs. Frank Wier, who had charge of the devotional spoke on several scriptural teachings concerning citizenship. Mrs. James Harley Dallas presided over the main program which started with her talk on the "Connection of Democracy and Christianity". Mrs. Ferguson spoke on what Christ said concerning the worth of the private individual. The program ended with some comments by Mrs. Clyde M. Dallas on "Christian Citizenship Through Voting" and presenting some questions for meditation.

The next club meeting will be after Christmas.

ACE HIGH MEETS WITH MRS. WINGERD

The Ace High Club met at the home of Mrs. L. M. Wingerd Friday afternoon. Fruit cake, ambrosia, and coffee were served to Mesdames R. N. McClain, R. B. Parish, O. L. Peterman, A. A. Sawyer, J. R. Turner, Ned Self, W. H. Collins, R. M. Kendrick, Mon Telford, A. J. Stricklin, Glen Akers and L. Nicholson. Mrs. Parish won high, Mrs. Nicholson, Mrs. McClain and Mrs. Peterman won table prizes.

Bobbie Virginia Bowers was home from Texas Tech over the week end.

For Job Printing Try The Herald

RECITAL TO BE GIVEN BY MRS. CARSON

FUTURE HOMEMAKERS CLUB

The Future Homemakers Club met Tuesday night, November 25 at 7:15 with the president, Earlene Guest presiding. The minutes were read with approval. The roll call was made, and the new business was planned for a Christmas party. The President appointed a committee to work on the project. They were Margaret Howell, Jean McComb, Juanda Ruth Turner, Joyce Duncan and Beatrice Pharr.

Most of the old members were present and several new members attended.

For the program Juanel Jones reported the trip to Lubbock. Six girls and Mrs. Gore attended the Area 2 meeting of Future Homemakers Club at Lubbock, November 15.

The next club meeting will be after Christmas.

DELTA A' HAND CLUB MEETS WITH MR. AND MRS. LATHAM

The Delta A' Hand bridge club met Wednesday night at the home of Mr. and Mrs. Everett Latham. Those present were Messrs. and Mesdames Joe McGowan, T. L. Treadaway, R. L. Bowers, L. Nicholson, Jim Graves and the host and hostess.

CELEBRATES FIFTH BIRTHDAY

Teddy Jo Hardy celebrated his fifth birthday with a party Monday afternoon at the home of his grandmother, Mrs. George Neill. About twenty children were there and enjoyed ice cream and cookies.

MAIDS AND MATRONS MEET WITH MRS. PARISH

The Senior Maids and Matrons met at the home of Mrs. R. B. Parish Tuesday afternoon. A very interesting program was given with Mrs. L. M. Wingerd as chairman. It was decided that a Christmas party would be given at Hancock's Cafe Tuesday night, December 16th.

Those present were Mesdames J. R. Turner, Carlos Ferguson, Money Price, L. M. Wingerd, M. G. Tarpley, L. Nicholson, Joe McGowan, Grady Goin, Redford Smith, W. A. Bell, Lal Copeland, W. B. Toone, E. C. Davis, Lee Brownfield, Herman Heath, M. E. Jacobson, Tom Cobb, Lou Miller, Olga Fitzgerald, W. M. Adams, Leo Holmes, Ike Bailey, Ruth Moore and the hostess.

Refreshments were delicious chicken salad sandwiches, fruit cake squares, and coffee.

METHODIST CHURCH

We had a good day Sunday. Our new conference year starts off fine. We want to make this year better than last year. We are all proud of our new church and new furniture. God blessed us in a wonderful way. So let us each show our appreciation by being more loyal to Him.

Sunday school at 9:45. Preaching at eleven. Subject—"When God Forgets."

The Young People meet at 6:30. Preaching at 7:15. Subject—"Meeting Life Fearlessly."

This is the time we send our offering to the Orphanage. So please let each one bring a substantial offering next Sunday for this very worthy cause. The Home is asking this congregation for one hundred dollars. We should pay that and more. So in addition to our regular church offering, come bringing a splendid offering for our Home at Waco.

Sincerely,
H. W. Hanks, Pastor.

NEEDLECRAFT CLUB MEETS WITH MRS. WHITLEY

The Needlecraft club met at the home of Mrs. J. P. Whitley with Mrs. Art Mills as co-hostess.

Refreshments of fruit cake and coffee were served to the following: Mesdames Frank Hathaway, O. W. Proctor, Kenneth Long, John Blair, Bill Johnson, Bob Wright, Jim Williams, Bill Goss A. V. Clarke, T. J. Harris, S. M. Eltoft, John Collins and Joe Havener, jr.

MRS. NELSON HONORED WITH SHOWER AT GOMEZ

Mrs. O. B. Nelson the former Miss Geraldine Key of Brownfield, was honored with a bridal shower at the home of Mrs. Kenneth Furr Thursday afternoon. Mrs. Nelson received many nice and useful gifts. Dainty refreshments were served to about 35 guests. Mrs. Nelson is the secretary of Mr. Ross Black of this city.

DELTA A' HAND CLUB MEETS WITH MR. AND MRS. LATHAM

The Delta A' Hand bridge club met Wednesday night at the home of Mr. and Mrs. Everett Latham. Those present were Messrs. and Mesdames Joe McGowan, T. L. Treadaway, R. L. Bowers, L. Nicholson, Jim Graves and the host and hostess.

CELEBRATES FIFTH BIRTHDAY

Teddy Jo Hardy celebrated his fifth birthday with a party Monday afternoon at the home of his grandmother, Mrs. George Neill. About twenty children were there and enjoyed ice cream and cookies.

IN BROWNFIELD HAMILTON IS THE WATCH

People in this vicinity seem to know good value. Perhaps that's why so many of them come in and ask to see a Hamilton. It's America's Preferred Gift Watch.

LETTERS TO SANTA CLAUS

(Continued From Front Page)

Dear Santa Claus:
I want a Red Rider B B Gun and a red wagon.

Please do not forget my little sister, Nancy Sue. She wants a sink and a ice box.

I live three miles on the Sea-graves highway.

Jerry King
Brownfield, Texas

Dear Santa Claus:
We are four little cousins. Bettie Lee May, Joice May, Leroy King, and Ruby Pearl King. We have been very good. I, Bettie Lee want a doll and doll buggy. I, Joice want a doll and doll bed. I, Leroy want a pop gun and a wagon. I Ruby Pearl want a doll and a little rocking chair, and please do not forget our little brothers and sisters. We want candy, nuts and everything nice.

Miss Maudie Jo Fields visited her father and sister in Brownwood this week.

Mrs. Ed S. Turner and Mrs. D. D. Smith of Plains were in town shopping Tuesday.

Mr. and Mrs. Ulyess Sawyer and daughter Fern from Crossroads, N. M., are here visiting relatives this week.

Mr. and Mrs. George McPherson of Lubbock visited Mr. and Mrs. B. L. McPherson Sunday.

Dr. and Mrs. W. S. Brumage spent Sunday with friends in Post. Mr. and Mrs. Johnny Kendrick visited his parents in Seminole Monday.

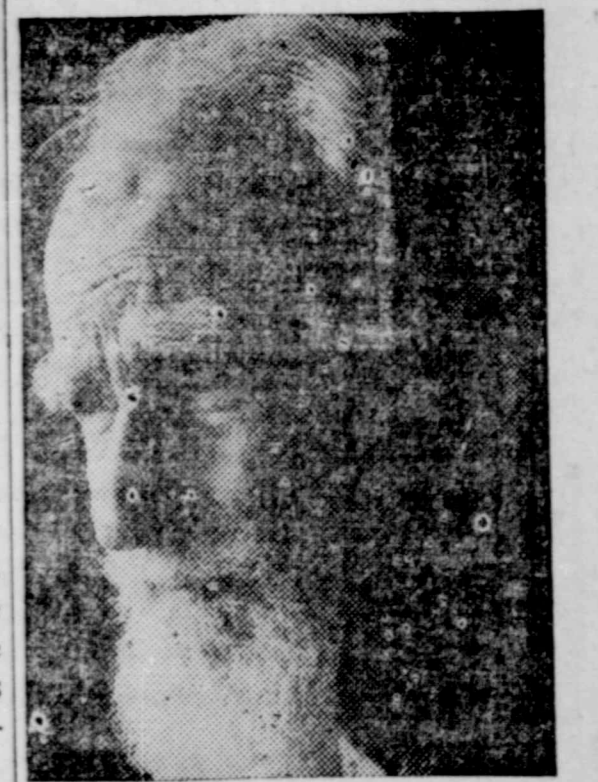

Ms. Spencer Kendrick and Mrs. W. R. McDuffie spent Tuesday in Lubbock.

If we have left out anything this week, cuss us, as a bit more misery heaped upon us won't count for much.

We tried isolationism in peace and lost the peace. Some would have us try it in time of war at the risk of losing the war. The President's leadership has skillfully turned the face of America away from this folly. But after the war, what then? This will be a complex, difficult undertaking to be sure. For the United States to disclaim responsibility in this task would be to repeat the folly of the past, to pave the way to new Armistice Days to be observed in the midst of new wars through infinite years to come.—St. Louis Star Times (Ind.)

Bobbie Virginia Bowers was home from Texas Tech over the week end.
