BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY FEBRUARY 6, 1942

NUMBER 27

## Deputy Internal Revenue Collector Here Feb. 16-17

Terry County Herald:

The Revenue Act of 1941 reduces the personal exemption allowed a single person to \$750, and a married couple, on individual income tax returns filed for 1941. In addition, increased surtaxes have been levied upon all net income exceeding exemptions in addition to the regular normal tax. This reduction in personal exemption will require many thousands in this District to file income tax returns who have never been required to file before. This office is anxious to aid all taxpayers who desire assistance in preparing their returns.

For this reason, a Deputy Collector of Internal Revenue will visit your city to assist your citizens with their income tax problems. Existing laws do not impose this duty upon us or our employees, but we feel obliged to assist wherever possible. The Deputy's advice and assistance is extended purely as a courtesy and without cost to your citizens.

Deputy Collector Burl Bedford and Delmar King, will be at U. S. Post Office, Brownfield on February 16th and 17th, 1942, from 8:30 A. M. to 5:00 P. M., to render assistance with income tax problems to any who desire it. This will be the only visit that can be made to your city before the end of the current filing period on March 15, 1942.

Respectfully yours,  
W. A. Thomas, Collector of Internal Revenue.

## Places Announced For Feb. 16th Registration

The new registration as required by the Selective Service Act will be held on February 16th 1942. Young men who reached their 20th birthday on or before Dec. 31st, 1941 will be required to register. Young men who became 20 after Jan. 1 1942 will not have to register. However those who have become 21 since the last registration will also register. Individuals not previously registered who have not reached their 45th birthday on Feb. 16th will be required to register.

R. A. Simms, Secretary of the Terry County Selective Service Board, stated this week that he supposed the registration would be similar to the previous ones. However, the Board will meet Thursday of this week, and more information will be given in our issue of Feb. 13th.

## Old Razor Blades Tooth Paste Tubes Wanted

Lynn Nelson stated this week that a barrel had been placed on the courthouse square by the Junior Chamber of Commerce to collect all old discarded razor blades and any kind of collapsible tubes, such as toothpaste tubes. Those having such about their places are requested to bring them and put them in this barrel.

Old razor blades are known to be the best steel known to steel manufacture, and they are worth much to the government.

Also, all collapsible tubes are almost pure tin, which is becoming scarce and precious. The government needs them to build airplanes and such.

## Several Attend Scout Banquet At Lubbock

A number of the scoutmasters and leaders, as well as those interested in scout work, attended the banquet at Lubbock, Tuesday night. Texas Attorney General Gerald Mann spoke on the subject, "Scouting, The Fundamental Basis of Peace". Mann was formerly a Scout.

Dr. R. B. Parish of this city who has always taken a leading part in scouting, and Geo. S. Link of Spur, were given the Silver Beaver award. Some 250 attended the banquet.

## Good Fights Seen At Gloves Tourney

A success from every standpoint except attendance, the local Golden Gloves tournament closed last Thursday night after some of the best fights ever seen in this locality having been staged.

While the attendance was disappointing, the program went over without a hitch, some of the best fighters in this section having participated in the event. The tournament was sponsored by the Junior Chamber of Commerce and under the direction of Red Stewart.

Champions in all but the light heavyweight division were crowned as the tournament ended.

Derwood McClintock of Tahoka won the flyweight title with a decision over Leroy Thomas of Brownfield.

Bantamweight title went to Billy Henson of Brownfield, who outpointed Doyle Proctor of Brownfield in the finals after gaining a semi-final win over Billy Knight of Tahoka.

G. W. White, Tahoka, slugger continued his string of victories with a championship win in the featherweight division, defeating Edd Morgan of Alpine with a third round knockout.

The lightweight title went to Wayland Hughes of Tahoka in a decision over Duboise Huckabee of Brownfield.

Howell Steen, twice District Golden Gloves champion making his first appearance of the year, defeated Kelly King of Tahoka for the welterweight title.

Melvin Hargrove of Seminole, who had defeated a former District champion, James Stotts of Slaton, went on to win the middleweight title at Brownfield with a third round knock out against Warner Schaffner of Tahoka.

Elwood Wright of Lubbock outstanding heavyweight of these parts won a decision over Ed Warren for his fifth heavyweight championship in as many tournaments.

## Gets Five Years For Poisoning Husband

Motion for a new trial was filed yesterday afternoon by counsel of Nancy Lucille Edge, 49, who was convicted Wednesday in 72nd District Court of poisoning her husband, Dr. C. L. Edge, on June 21.

Mrs. Edge was sentenced to five years in the penitentiary by the jury in the case, after they had found her guilty of the charge.

The state's case in the trial was based on the testimony of George Hardin, 51, who admitted from the stand illicit relationship over the years with Mrs. Edge and related he had seen her mix strychnine in the physicians paragon.

Also on the stand for the state was a state chemist who said he had found strychnine in the doctor's viscera and neighbors who had heard Mrs. Edge threaten to kill her husband.

The jury was out one hour and 22 minutes. The defendant calmly worked a cross-word puzzle while she awaited the verdict. She listened unmoved to the jury's report to Judge Daniel A. Blair.

## High School P-TA To Celebrate 45th Birthday

The High school P-TA will celebrate the 45th birthday of the beginning of Parent-Teacher work in the United States Feb. 12th at 7:30 in the high school auditorium. All parents and friends of the school are cordially invited to this meeting.

The following program will be given: Tribute to Founders and Early PTA workers, Mrs. Homer Winston; Playlet of the Early 1900's, The Start of PTA - Characters, Mrs. Harris, Mrs. Davis, Mrs. Sawyer, Mrs. Holmes, Mrs. Sxton, Mrs. Green, Mrs. Wier, Mrs. Daniell and Miss Doyle. Song "A Bird in a Gilded Cage - Mrs. Wingerd; Social and refreshments.

Ned Self and son Jack visited relatives in Melrose, New Mexico Sunday.

**THUMBS UP FOR BONDS AND STAMPS!** This war poster, illustrating how Americans can help the air forces to victory, is being displayed in the windows of 500,000 of the Nation's retail stores where Defense Stamps—in denominations from 10 cents to \$5—are being sold. This is one of a series of human-interest posters being prepared to remind the public of its part in the war effort.

## Leave Your Paper At The Parked Trailer Honor Roll Of Terry County Herald

The local Lions and Boy Scouts after two weeks of gathering up paper in the city, find that the expense of making calls at the residences, where in many instances only a few pounds of paper was found, was prohibitive. Therefore a better plan has been hit upon.

A trailer has been parked near the big native elm tree on the northeast corner of the courthouse park. This trailer will be plainly marked by signs, and people, both town and rural are asked to put their waste paper in this trailer. This will include old newspapers, magazines, cartons, etc., using the carton to put the paper in at your home.

Most of us drive the car to town once or twice a day, and it will be an easy matter to put the paper in the car and bring it. It would be better if possible to tie the paper with a string, as we will have high winds from this trailer or usually do. When the trailer is full, it will be carried to the warehouse, where paper is being stored.

Do your part in conserving the paper supply by saving and depositing your waste paper.

## Boiler Blows Up In Tailor Shop

The American Tailor Shop happened to the misfortune of having its boiler explode early Monday morning. As luck would have it, only one of the employees was there, and he was not too close. However, he was knocked down by the shock of the explosion.

The most serious damage was of course to the boiler and things near it. So far as we can learn, explosions of such boilers is extremely rare. We are truly glad that Vance Glover, owner and his personnel were not injured.

## President's Celebration Nets Near \$200

J. O. Gillham, vice-president of the Brownfield State Bank, and chairman of the President's Birthday celebration here, stated early this week that while all bills in connection with the affair had not been paid, he figured that around \$200 would be the net results of the celebration in Brownfield.

It will be remembered that half of the net amount will remain in Brownfield to help care for children disabled by infantile paralysis in this area.

Well, we had quite a nice response the past week end and up to Wednesday, but want others to come in. One lady said she didn't understand what the figures following her name meant until she saw it explained in the Herald. So, we will repeat it. Suppose the name and figures on your paper are:  
John Doe Jan 42  
That simply means that if your name is John Doe, which it isn't of course, his paper expired on the first day of January 1942. Simple, isn't it? Now look on your paper this week and see how you stand. In the meantime we are adding a lot of new readers as we go along, since last report being:

W. G. Carter, Ruben Bingham, R. E. Carouth, this county; J. B. Kirby, Plains, one each on California and El Paso mentioned elsewhere, and Joe D. Pollitt Bladen Ohio, G. B. Swan, Amarillo; J. F. Thomason, Rt. 2 and Clifford White, Polleson, Ariz.; Complimentary of his mother.

The renewals were: Mrs. E. A. McBroom, E. J. Hubbard, B. H. Jenkins, H. L. Holleman, W. H. Hare, Mrs. C. J. Burgess, E. R. Huston, Mrs. C. F. Holt, Hubert Henson, Margaret Travis, H. Harris city and routes; B. I. Hobbs, Meadow, F. H. McCormick, Columbus, Ohio; G. Aschenbeck, Baltimore, Md., by his father G. C. here; W. A. Hinson, Meadow; Private Curtis Bass, by his father of the Union Community. Keep 'em rolling in, folks. You may not think so, but it takes a "goodeal" of money to run a country newspaper.

## The Old Tires Are Now Showing Up

Saw a fellow Monday morning changing a tire on a pick-up and noting that he was a service station man we remarked: "The old tires are beginning to show up, aren't they?" "Yep" says he, "and I'll have to take off one on the other side that is about down. This makes about six I've fixed this morning". That was about ten o'clock.

A few minutes later saw a colored service man taking off a wheel half a block from the other job, and asked about it. "This makes the 16th we have fixed this morning. Maybe it was just an off day on old tires, as we have not seen one down since."

## Lubbock Leads State In Cotton Ginnings

From Lubbock Evening Journal

South Plains cotton counties are headed for a near record of production, it was indicated by a summary of the Bureau of the Census report of cotton ginned prior to Jan. 16, which shows 519,354 bales, an increase of 104,352 bales over the corresponding date in 1941 for the 1940 crop. A year ago the total was 415,002 bales.

State total was announced as 2,465,796 bales, compared with 3,015,576 bales a year before.

### Eleven Show Increase

Eleven of the 19 counties included in the report show an increase over the 1940 figures. Weather conditions had a deteriorating effect upon yields in a number of the counties.

Lubbock county leads the state by a substantial total of 76,830 bales, with Lynn second with 61,987 and Jones third with 60,916 bales. Nueces is fourth and Dawson fifth.

Other South Plains counties ranked in the state as follows: Crosby 10th; Lamb, 13th; Scurry 15th; Hockley, 17th; Dickens, 25th; Terry, 33rd and Hale 34th.

### Another Increase Expected

Present indications are that the next report, in March, will show a substantial increase, probably to bring the total somewhere near the 600,000 bale mark. Ginnings for the month between Dec. 13 and Jan. 16 approximated 100,000 bales.

Counties showing increases in ginnings over the corresponding date of the previous crop included, Briscoe, Crosby, Dawson, Dickens, Gaines, Garza, Hale, Lubbock, Lynn, Motley and Scurry.

### Ginnings By Counties

Ginnings by counties with reports of the previous season, were:

County	1941	1940
Bailey	14,672	24,881
Briscoe	6,260	4,897
Castro	1,316	2,373

Motley	14,593	10,955
Parmer	1,147	5,269
Scurry	39,761	21,868
TERRY	27,412	32,140
Total	519,412	415,002

## COMPANY D BULLETIN BOARD

The Company has again taken up Interior Guard Duty after a lapse of several months. The next several meetings will be devoted to this type of work.

Ask Pfc Bynum how it feels to be guarding a post without arms or ammunition and then have an officer ask you what you are doing.

Time for Tuesday and Friday night drill periods is to be changed. Exact time will be set when it is determined what the town intends to do about daylight saving time.

## Two Old Timers Renew For Herald

Had the annual communication from J. E. Michie, McAlister, Okla., this week, along with his usual check for \$1.50, to keep the Herald prowling around his grocery store for another year. J. E. admits that his business has been good the past year, and that he is looking for a continuation.

All the family are now scattered abroad, some of them married and some in the army and governmental work. The Michies still like the Herald, but says there are many names mentioned now days that they never heard of when they lived here seven years ago. Michie hopes we are not getting any older or uglier. Many returns of the same compliment.

Then there is another from Mr. and Mrs. Joe A. Davis, at Plainview who lived in Terry county for many years, and are missed greatly by the good people, especially so of the Harmony community. They state that it is a great joy every Monday to get the Herald and read about the old home people. But, says they, there is a bit of the sad mixed with the articles that cause pleasure. They wish all the Herald readers a happy and prosperous new year.

## Boy Scouts To Rule City Today

In an election held among the Boy Scouts of the city the following were elected to hold the city and county officer Friday. Sheriff, Mon Telford, jr., Judge Larry Miller; County Attorney, Edgar Self; County Superintendent Myron Harris; Commissioner Pct. 1, Buddy Baer; Commissioner Precinct 2, Sammy Jones; Commissioner Pct. 3, Billy Fry; Commissioner Pct. 4 Leroy Thomas; County Clerk, Bobby Mason; Tax Assessor & Collector Pat Harris; Mayor, James Evans; Fire Chief Jackie Barral and Harold Jones; Chief Police, Long John Clark; City Marshal, Alfred Bond; Justice of the Peace Odell Quant; City Secretary Marion Bowers; Council, Dale Hill, James Walker, Andy Griffin, Don Cates and Charles Bandy. The election was under the supervision of a student council.

The following is the program the Scouts will observe Friday:

9 A. M. Friday Feb. 6, 1942. All Scouts will gather in the District Court room in the Courthouse for a general session and opening of program.

9:30 A. M. Scouts will be taken through the Courthouse offices and this will include a visit to the County Jail.

10 A. M. Everyone invited to be present in the District courtroom for a Mock Trial which will be conducted by the scouts.

12:00 Noon—Lunch served to all scouts on Courthouse lawn.

1:30 to 4 P. M. All Scouts will be taken on a tour of Brownfield and will visit different places of interest.

Sunday Feb. 8, All Scouts in company with the scoutmasters will attend church at the Methodist church in Brownfield.

## Missionary To Speak At Tokio

Rev. H. A. WEIESE  
Rev. H. A. Weiese, missionary to China, recently returned to America, will be at the Church of the Nazarene at Tokio, Texas for a service next Sunday night Feb. 8. He has been a missionary in China for seventeen years and saw the war.

He will tell of remarkable incident. His message is thrilling from the start.

Don't miss this great service. Sunday 7:30 P. M.

Sunday school at 10 A. M. Regular morning worship at 11 A. M. Everybody invited. Bring your friends.

## District Firemen To Hold Convention Here

Local firemen, to use the familiar expression, are putting the little pots in the big ones, getting ready to entertain the Permian Basin Firemen here, Thursday February 19th. And anyone that has ever attended one of the sessions of the annual feast of local firemen, can guess what that means. No time, money or anything will be spared to make the visitors feel at home, and they'll not soon forget Brownfield after they leave here.

Among the entertainment features will be a barbecue as only an old time cowhand knows how to prepare it, with that good old stew we call "The Gentleman from Odessa" when in polite society. There will also be a dance and plenty entertainment for visiting firemen's wives and children.

The following is the program for the business and social sessions.

### Program For The Day

## To The Voters Of Pct. No. 2 Terry County

After careful consideration, I have decided to enter the race for Commissioner of Precinct No. 2 Terry County. I have lived in the Pleasant Valley Community for the past 13 years and feel that I know a large majority of the people of the precinct.

I own the farm upon which I live and have been in the farming business all my life. I feel that I have made average success as a farmer and that I have had ample experience in a business way to enable me to take care of the business of the County in a manner in which it should be carried on.

It is my desire that you make a careful investigation of my character and of my ability. If after such investigation you think I will make you a good officer, I will appreciate your vote and influence.

I will undertake to see each of you before the July Primary.

Respectfully Submitted,

Some 2700 People Qualify As Voters

Tax Collector Virgil Burnett informed us this week that he had already issued around 2600 poll tax receipts, and had the mails to work up yet, as well as exemptions.

It will be some ten days before the final check can be made, he stated. Perhaps next week we can give the exact figures.

Pat Patterson of O'Donnell spent the week end with friends here.

**FOR MAYOR**  
Clyde C. Coleman

One of the most interesting small town papers that comes to our desk, is the Ropes Plainsman, edited and published by our good friend, Nyles Morris. It has some peculiarities, however, not often seen, being an eleven "M" line instead of the standard 12, and has five columns. Thus one might say it is the most tabloid of the tabloids. It usually has from six to eight pages, brim full of purely local news. Indeed it has more local news than a lot of papers in some of our more pretentious cities, and by that, we mean towns with many times Ropes' population.

Along with other editors including this one, and some humans, perhaps, Bro. Frank Huntsucker of the Cochran County Headlight, is missing his cokes these days. According to Frank, the other well labeled, nationally advertised and appealing looking drinks just don't hit the spot where plenty coke has found lodgement, heretofore, until Mr. Leon Henderson suddenly decided to put the brakes on our sugar rationing always hits your favorite food or drink. They are even talking of taking all the mountain dew away from our Smokey Mountain ancestors, and that will make them so dinged mad at Hit, Muss and Heri, that they had better watch their steps.

The groundhog in this section, if any, gave no aid or comfort to our enemies Monday, nor for that matter to ourselves. He could have prowled around all day within sight of his shadow. Two of the little rascals were brought here a couple of years ago from Pennsylvania, but they escaped confinement, and the owls might have gotten them. It may not be any of our business, but if we have to have these animal prognosticators, why can't our prairie dogs act as "stand ins?"

According to Holy Writ, way

back after Joshua crossed over and took possession of the promised land, two tribes got into war. One of them began filtering into the lines of the other as ancient 5th columnists, but there was one word they could not pronounce like the other tribe, the word being "shibboleth" we believe. Now they say the Jap cannot pronounce the letter "P" and over in the Philippines, the suspects are asked to give the pass word, "lollapalooosa". It is stated that the Japs stalls, and is penned for the duration.

From the sidelines it looks like the British and German of north Africa are getting a whale of a lot of cinder path practice, and after the war, many of them should qualify as sprinters. For long distance contests with the usual soldier equipment, at the first Olympic meet after the war, these armies should furnish a lot of the contestants.

The Herald has not been working cooperative ads on this and that of late, for the reason that some of the business men have gently hinted they are getting fed up on so darn much of it. So, we decided to let the other fellow do that. Most business men are convinced that advertising pays, nowadays, but they find that their advertising appropriations just about meet their own private needs. They believe that fires ought to be prevented, that we should have a Scout week, a milk week, a football team, and what have you. But with us at least, they seem to be getting tired of these "we the undersigned ads."

**PUBLIC WASTE MUST BE STOPPED**

The most telling criticism of the newly proposed Federal budget deals with projected expenditures of non-war activities. The budget calls for a cut of about \$1,000,000,000 a year in this direction. Many economists and high government officials are convinced that a reduction of at least double this amount can be made.

The taxpayers are being called upon to accept a financial burden unparalleled in our history. Last year's record-breaking income tax bill is supposed to produce an increase in tax revenue of some \$3,500,000,000 a year. This year, plans call for another bill to produce around \$9,000,000,000 additional. Every possible source of revenue will be tapped to the limit. With such a staggering sum to be raised for the nation's protection and survival every conscientious citizen should protest the spending of a solitary tax nickel for any non-defense purpose which can be eliminated or deferred.

We are still spending hundreds of millions each year for "relief" at a time when the national income, because of the war boom, is at record levels, and an acute labor shortage is imminent. We are spending more millions for a long list of "social" projects which divert money and energies

from the grim job of winning the greatest war history has known. Throughout the county waste of public funds continues. Congress must learn that the era of "spending as usual" must come to an end.

**EDITOR OF LEVELLAND LEADER SAYS THINGS ARE GETTING WARM**

Grover C. Lee, editor of the newly established Levelland Leader, a weekly newspaper, published in Levelland says that things are getting a little warm around his stomping grounds.

It seems that somebody has been getting under Mr. Lee's skin and he shows his fighting spirit and determination by telling every one about it in his column "Between Us", Mr. Lee says as follows:

"My but it's getting warmer these days . . . We haven't talked with the weather man, either, but we're managing somehow to continue. And—quote me if you wish—we are going to continue next week the week after that and for many more weeks.

We are going to continue to publish a newspaper. And we are going to do this in spite of the fact that our columns are just filled with "propaganda".

In short, good people, you shouldn't even be reading this newspaper. It's lousy, it's no good. It's rotten to the core. It's owned and controlled by a big corporation which is just using it as a propaganda organ. (That's why I'm so fat. And listen, you oughta see my bank account!)

If you're reading this column you ought to be very, very ashamed of yourself. The bird who writes it, (Man, how I hate to Confess) has a screw loose. Or, in other words, good people, I reckon I'm just plain insane.

Yeah, insane—with a wicked imagination.

That is to hear some folks tell it". Levelland Leader. We will admit that it does get a little warm in this section of the country sometimes Mr. Lee, but don't worry the heat is always the hottest at the point of its origination. — Cochran County Headlight.

**RETAIL OPPORTUNITY IN 1942**

Advertise during 1942. That is the advice of nationally-known business analyst to the retail dealers of America. This authority, whose writings are syndicated widely by newspapers in all sections of the nation, points out that new and heavier taxes, defense bond purchases, and relative scarcity in many retail lines are all factors to be considered by the merchant in mapping his course in 1942.

There are other factors. One of the most obvious is that at least two important everyday items—automobiles and tires—will be very difficult to obtain. Indeed one might say that the supply of new tires and automobiles has been cut off entirely—as far as the average consumer is concerned.

This points to a couple of other very obvious facts: Consumers will have more money to spend for other retail items—food clothing, furnishings for the home, and other items, notwithstanding that they will have to pay war prices for many of them.

There will be more trading with home merchants. This will be a great tendency regardless of the amount of advertising the home merchants do. But the home merchants, knowing that out of town retailers draw trade out of town by extensive and intensive advertising campaigns carried on with clock-like regularity, know that they will be expected to do the same in this new situation that the war has thrust upon us.

This year will be a hard one to most of us. It will be a year of sorrow and blood, sweat and tears to many of us.

The phrase "business as usual" is now regarded as unpatriotic. But trade must continue, subject to the prime consideration of winning this war.

There is another phrase that can be used wisely and not unpatriotically by the merchant during the coming year. And that is: "Advertise—as usual"—Clarendon News.

**Static Ban Of West Texas Ginners**

Lubbock, Feb. 2.—Static electricity causes enormous losses annually to the 700 cotton gins in one of the greatest cotton producing areas in the United States of which Texas Technological College is in the center. A practical method for the elimination of static electricity, sandstorm electricity and dust explosions in West Texas gin plants is being sought by research under the direction of C. M. Stanley, head of the Texas Tech textile engineering department.

Static causes the cotton to stick to the machinery, resulting in chokings, time loss, friction fires and machinery damage. It also causes dirt and foreign matter to stick to the cotton which gives a bad sample. Cotton which is charged with static becomes fluffy and difficult to pack, and the fibers become brittle and are broken in process until the staple length is sometimes shortened and the grade lowered as much as two grades.

Static sparks sometimes cause fires and dust explosions in gin plants. Power loss, worn machinery and increased wear of belts, gears, shafts and bearings are results of the action of static as a brake on revolving machinery.

The research work is progressing under the plan of learning by experiment every possible detail of the causes and characteristics of static. Harold McDaniel of Seagraves, senior textile engineering student, is employed as student assistant to conduct experiments under faculty direction. The problem is now being approached with the idea of a low cost humidifying system for West Texas gins.

**Students From 17 To 20 May Enlist**

High school and college students between the ages of 17 and 20 may now enlist in the naval service and finish the current term of school unless military situation necessitates the Navy Department calling them to active duty, recruiting officers at Lubbock announced today.

Navy recruiting is expected to continue on a strictly volunteer basis and many students may volunteer immediately under this order without fear of losing scholastic credits for the current year by enlisting in Class V-1 of the Naval Reserve, Navy Recruiting officials said.

Enlistment for immediate active service are also being accepted in the regular navy and other classes of Naval Reserve. Age limits are from 17 to 36 for unskilled men, and to 50 for skilled men. The Navy is now operating 72 trade schools in which thousands of recruits are being trained to become highly skilled mechanics.

**TEXAS HENS ARE ON THE JOB**

Hens on Texas farms stepped up egg production 11-fold during December, the University of Texas Bureau of Business Research reported. During the month 830 carloads of eggs were shipped from Texas stations, as compared with only 75 carloads the December before.

### Down In Texas

By Edmunds Travis

Comparative little attention was paid at the time to the Congressional action which resulted in sending to President Roosevelt's desk a proposal to pension members of Congress upon their retirement—voluntarily or involuntarily. But here in Texas at least, the people are beginning to talk about it. No gift of prophecy is needed to forecast that Congressional pensions will be one of the issues in our Congressional campaigns this year.

Under the terms of this proposal, a Congressman or Senator who can manage to hold his job for five years can qualify for some sort of pension, and if he holds on long enough he may draw \$4,000 a year on quitting or being defeated. Those members who voted for it justify on the theory that Congressmen are just as much entitled to pensions as civil service employes, but Mr. Average Voter may take another view of it.

Civil service employes are under strict rules and regulations, devote all their time to their jobs and work for salaries fixed by others. Congressmen have no rules that they do not make for themselves, devote as little or as much time to their jobs as they may please and fix their own compensation. In the last-men-

tioned respect they have done rather well for themselves. Each Congressman now has a salary of \$10,000 a year and receives up to \$15,000 for office expenses.

As a matter of fact, a Congressman isn't, in any sense, a government employe. He is a representative of the sovereign people and enjoys all the rights of an average citizen, including the right to carry on any trade or business he may choose while serving in Congress. He is the "boss" of everyone in every other branch of the government and no one is his "boss". His status more nearly resembles that of a juror or a delegate to a constitutional convention than that of any officer of the executive or judicial branch of government.

Texas' two senators are in the clear on the Congressional pension matter. Tom Connally spoke and voted against pensions for ex-members, while W. Lee O'Daniel was absent when the vote was taken. The record shows 42 senators voting for the proposal and 24 against it. At the moment, we do not have the House record at hand. And that is well enough. The task of looking up his own Congressman's vote on this question should be an interesting one to the average citizen. Meantime, it would not hurt to have a few letters to go to Washington asking for explanations.

There is something downright shocking in the spectacle of the

Blondes mean trouble to Dana Andrews in the new 20th Century Fox hit, "Swamp Water" and Virginia Gilmore is no exception. Walter Brennan, Walyter Huston and Anne Baxter are also starred in the unusual picture set in the wilds of dread Okefenokee, coming to the Rialto Friday and Saturday.

Nation's lawmakers, in a time of National stress, displaying a degree of self interest which would be unbecoming at any time.

#### PLAINS SCOUTS AFTER 20,000 POUNDS OF PAPER

Scoutmaster Clyde Perry of Plains Boy Scouts, was a visitor here last week, and informed us that his boys were making an effort to get at least 20,000 pounds of paper in their area. At that time, he stated that they already had around 6,000 pounds.

We would suggest that any of our readers in their area notify the Plains Scouts if they have a lot of old papers and magazines. More, it would not be much trouble for you to tell your neighbor about the matter and have them save their paper for the Plains Scouts.

#### FORMER TEACHER DIES

Many will remember G. Dallas Waters who taught school here several years ago. More recently he has been connected with the Rochester, Texas schools.

According to the Rochester Reporter of last week, Mr. Waters aged, 36, passed away at his home in Crane, Texas, Jan. 23. He had a stroke about a year ago, from which he never recovered.

Thursday the 27th, the F F A boys gave a party entertaining the Home Economics Clubs. The boys on the entertainment committee were: Deward Lambeth, Henry Lindley and John Matthews. Many games and races were enjoyed by all, after which refreshments were served to about 80 boys and girls.

Both classes have started an enterprise on running terrace lines for the farmers of this community and soil erosion.

The boys leading the pest Eradication Contest are Marvin Duncan, J. J. McDonald and Cecil Thomason, which have 2,000 points.

We are looking forward to our Father and Son banquet on Feb. 26th.

Errol Flynn as General George Custer in his newest film, "They Died With Their Boots On" coming to the Rialto Sunday.

**Bob Spear To Join Naval Technicians**

Bob Spear has sold his radio and electrical repair business on the west side of the square and is leaving this week for Dallas, where he will be assigned to duty with the U. S. Navy, as electrician and technician, having to do mostly with radio and other communication.

We have heard many times, that if anything got the matter with your radio, electric motor, refrigerator, or anything else electrical, just call Bob, and he'd fix it. To say the least, he was about the best in his line in this section.

We understand that Mrs. Spear will maintain this as her home while Bob is away. Bob stated to the Herald that it was getting increasingly hard to get supplies and repairs, was one reason for his decision. But, he stated, I am cutting no bridges, and may return to Brownfield after it is over, over there.

Practicing fire prevention is an act of patriotism.

**Some 2100 Federal Car Tags Sold Here**

Postmaster James H. Dallas announced this week that the postoffice had sold about 2100 Federal car stickers. They will continue their sale this month, as those who use cars must have them. There is a maximum fine of \$25 and 30 days in jail not to have them. They cost \$2.09.

These are good until June 30, when one costing \$5 must be purchased, to last the entire fiscal year. Cars in garages and not in use, or dealers having either new or used cars not being used do not have to buy stamps until these cars are put in use.

**PREBBLE THOMASON ENROLLS AT McMURRY**

Prebble Thomason from Brownfield is enrolled in the new defense course at McMurry college in Abilene.

This new course is being offered at McMurry this semester in cooperation with the governments desire to speed up education. It is a four and one-half months course in typing, shorthand, speed writing, and adding machine technique which will give the student one years college credit in typing and shorthand.

**MARRIAGE LICENSES**

J. A. Cantwell and Billye Dean Luker; Wayne Williams and Naomi Rodgers.

Mrs. I. M. Bailey and daughter, Mrs. Roy Wingerd and daughter, James Patterson, Mrs. M. E. Jacobson, Mrs. J. R. Turner and Mrs. Rudolph Lewis attended the Ruth Draper program which was sponsored by the Civic Music Association in Lubbock Monday night.

Maxie Felts of Fort Worth spent the week end with Jane Brownfield.

Johnny Kendrick visited relatives in Colorado City Sunday.

The First Christian Church had a covered dish supper at the church Monday night for new members.

Mrs. R. M. Kendrick and Mrs. Orb Stice and children spent the week end with relatives in Fort-

Mr. and Mrs. Joe. J. McGowan took Bill McGowan to Big Spring Sunday where he left for Austin.

Mr. and Mrs. Wilson Collins and Mr. and Mrs. Richard Kendrick visited in Big Spring and Lamesa Sunday.

Fire prevention is an individual responsibility.

Roy Collier returned Tuesday evening from Fort Worth and Dallas where he spent several days at market. He invites the public in to see the lovely new furniture he purchased for the store.

Mr. and Mrs. R. S. Miller and son spent the week end in Plainview.

Bob Brewer took Scout Troop 95 to Fort Stockton over the week end where they took part in a swimming meet.

Fire losses now are a handicap to national defense and every fire prevented helps to speed war effort.

Mrs. Gladys Green has recently undergone a major operation at the Lubbock Sanitarium, according to Uncle Jimmie, her father-in-law. Gladys and family now live at Crosbyton.

The Lubbock Sanitarium has recently changed its name from that to Lubbock General Hospital Clinic, which more nearly conforms with the modern understanding of a hospital and clinic.

Jim Miller spent last week in New Mexico visiting his parents.

Mrs. Everett Latham and Mrs. Clovis Kendrick were Lubbock visitors Wednesday.

**RURAL PEOPLE AND RATIONING**

Recently I attended a dinner given by Dr. Louise Stanley of the bureau of home economics in the department of agriculture for the members of the conference on extension services. This conference is a yearly event and people come to it from many states. This year some of them came from Wyoming and many midwestern states.

Miss McGeachy of the British embassy spoke on some of the problems confronting rural women in England. I asked her to tell about her plan for rationing clothes, since I was sure that these were the people who would really be able to appreciate the ingenuity which turns candlewick bedspreads into fashionable evening coats.

Of course, their objective in rationing clothes was to put more workers into defense industries and fewer into producing consumer goods, and to preserve certain materials for vital war needs.

We may find ourselves doing the same thing. Miss McGeachy's remark, that it was only a hardship on people who had no margin of supplies in their homes, reminded me of something said by an Englishwoman, who came to see me a few days ago. Extra coupons, she said, were given to people who were bombed out or lost all their possessions in a fire.

However, even with extra coupons they could not hope to supply themselves with an adequate amount of clothing. One pair of shoes, two dresses, three pairs of stockings, and one set of underclothes is all the usual coupon will buy for about a year. Men are worse off, because their clothes are sold according to weight and weigh more than women's.

I always feel that rural people are better prepared to meet these adjustments than urban people, because in cities it is easier to buy and very little thought is given to making up new materials or making over old garments at home, a practice which still prevails in many country families.

**LATIN-AMERICAN FAIR**

In New York city one evening, I went to a very charming dinner, given before the opening of Macy's Latin-American fair. Even during the dinner, the stage was set, for we were delightfully entertained with music and dancing, performed by artists from our neighboring republics.

At the fair, I could not help but be impressed by the architecture of the buildings and the charming arrangements of flowers and merchandise. There will be music and dancing and food served during this exhibition. You can buy groceries, fruits, and handwork as they come from these neighbors of ours. Their designs and skills are also adapted to modern needs. Some of the leather work and rugs, and much of the glass and pottery, make you want to furnish a house at once.

After I left the fair, I stopped for a minute at a weekly dance given by Miss Anne Morgan's committee at the Henry Hudson hotel. Here, a crowd of boys in uniform, belonging to both services, were having a good time with some very charming girls.

On my arrival, they released some balloons from the balconies and I was told the boys and girls caught these. In two of them, lucky numbers were found, which entitled a boy and girl to a prize. I presented these prizes, but the boy who found the lucky number for the girl's prize, had lost his girl, so we had to send him scurrying, box in hand, to find her in the crowd.

**CIVILIAN DEFENSE ACTIVITY**

I reached my office next morning at nine o'clock and was sorry to bid good-bye to Miss Eloise Davison, who has been assistant director of civilian defense, in charge of group activities, under Mayor LaGuardia. The New York Herald-Tribune lent her for a part-time job, which took up all her time. She feels she must return to her job in New York city. Miss Davison hopes to be able to help civilian defense, however, by working in New York city on some special assignments for the mayor.

That morning was spent largely with Dean James Landis at OCD, though I saw two or three members of the staff. The entire afternoon was taken up with appointments of various kinds. Mayor Cain of Tacoma, Wash., lunched with me and I was happy to see him again. I remembered how much impressed I was by the way in which he was taking hold of his job in the hectic week after the attack on Pearl Harbor.

**CIVILIAN DEFENSE RADIO BROADCAST**

On one afternoon, I talked on a local radio station with Mr. John Kelly, head of our physical fitness program; Dr. Dearing, of our OCD medical group; and Dr. Gwynn, head of the District of Columbia Medical association, who has inaugurated this series of broadcasts. He tries to interest the general public in keeping itself well and in doing the things which will be a help to the medical profession.

Our regular club meeting, met in the home of Mrs. W. G. Swain Wednesday afternoon, Jan 28 at 2:30 o'clock.

Our subject was, The County Land Use Planning Committee and it's work. Mrs. Kelly Sears had charge of the program. Mrs. Sears has had quite a bit of experience in this phase of work. She has met from time to time in Farmers meetings under the direction of our County Agent and other agents. She gave several plans for conserving our soil, which would be very beneficial if they were carried out.

Those present were Mesdames Key, Sears, Swain, Carter, Robbs, Cornelius, Furr, Grant and Miss Marie Carter.

Our recreation leader, Mrs. Furr furnished games for entertainment.

Our next meeting will be Feb. 11th in the home of Mrs. A. B. Buchanan.

Miss Dorothy Fay Blanton will meet with us. Everyone is invited. Minnie Lou Walton attended the Civic Music program in Lubbock Monday night.

## MAIDS AND MATRONS ARE FIRST TO BUY DEFENSE BONDS

The Maids and Matrons Club will be the first organization in Brownfield to buy Defense Bonds. The club's building fund will be used for this purpose which at the present is approximately \$1,000. Each member of the club pays \$10.00 each year toward the club house and library. The club's Defense Bond committee is Mesdames Jacobson, Moore, Holmes, Miller and Copeland, who gave their report to the club Tuesday when it met at the home of Mrs. A. J. Stricklin. They stated that the bond would be purchased this week if possible.

The theme of the program at Tuesday's meeting was "Where the Law Ends and Tyranny Begins", with Mrs. Mon Telford as chairman. A Bible reading was given by Miss Olga Fitzgerald; "Footprints of the Trojan Horse" was given by Mrs. Joe J. McGowan and then a round table discussion was held.

Those present were Mesdames L. Nicholson, Carlos Ferguson, Herman Heath, M. E. Jacobson, Tom Cobb, E. C. Davis, Mon Telford, Money Price, Joe J. McGowan, Roy Wingerd, J. M. Teague, R. B. Parish, J. R. Turner, Jim Miller, Moore, Foote, Smith, Ike Bailey, Grady Goin and Miss Olga Fitzgerald.

Miss Maude Bailey of Lubbock fell and broke her arm one day last week. She is a sister-in-law of Mrs. J. D. Bailey and has many friends here.

Mrs. Dewey Campbell sustained a broken rib Sunday morning when she fell in the Sweet Shop. She is convalescing at her mother's home in Lubbock.

### JAMES H. LYNN PASSES

Again we are called upon to mourn the passing of one of our oldest citizens, James H. Lynn, who died at the hospital in Lubbock, Tuesday, January 27th. He would have been 73 years old the 28th, which was the day he was buried.

His parents moved from Jack county to King County where he was nine years old and he and a sister were the only children in that county.

Mr. Lynn began the practice of law after he had a family. He was County Judge of King county. In 1916 they moved to Yoakum County to the old 76 ranch. They lived there until 1923 when they moved to Plains and he was elected County Judge in 1928.

Funeral services were held Wednesday afternoon in the Methodist church here by Elder J. A. Dennis, pastor of the First Christian Church of which denomination Mr. Lynn had been a member since early life. Burial was made at Plains under direction of the Brownfield Funeral Home. At the church Mrs. Jones at the piano the choir sang "Abide With Me". The scripture reading was read by Rev. W. E. Anderson of the Methodist Church, who gave the invocation. Another song by the choir and a prayer by Mrs. R. P. Moreland at the request of the family. Mrs. Scott sang "Rock of Ages".

In his sermon Elder Dennis stressed the charitable disposition of Mr. Lynn but that he gave his alms in secret.

He is survived by his widow, three daughters, Mrs. E. Miller of McLaren, Mrs. Sallie V. Forrest of Plains; Mrs. J. C. Futeb of Guthrie.

Thirteen grand children and 3 great grandchildren and a step-mother Mrs. Sallie Lynn of Guthrie.

Active pall bearers were D. B. McGuinty, G. F. Pendery, Ray Lackey, Joe Ellison, J. P. Romertson, Frank Forrest. Honorary pall bearers were Bud Arnett, Marion McGinty, George Bartlett, F. M. Cox, sr., F. G. Ward, W. M. Luna, C. T. Bedford, J. O. Jones and Jack Blankenship.

Out of town friends were Ella Gainer of Spur, Mary Keith of Matador, Hamp Collett of Lubbock, J. C. Feetch and family, Mrs. Addie Frazeer, Frank Forrest and family, Mrs. Sallie Lynn T. C. Sporks, Mrs. Hurces of Guthrie. Mr. and Mrs. F. M. Cox of Lovington, N. M., H. L. Hutch and family of Dickens. A number of people from Brownfield attended.

Blanton gave an interesting demonstration on Grape Cuttings. Several took cuttings home with them.

Due to the tire rationing, our club will meet only once a month. The meeting will be all day and on every Fourth Tuesday of each month. The Club will do Red Cross work. Two quilts have been quilted for the Red Cross in this community.

Mrs. Kyle Graves has been seriously ill this week.

### DICK LINDLEY PASSED AWAY MONDAY

After years of poor health following infantile paralysis at the age of four years, Dick Lindley, 33, passed away at 10:24, Monday at the family residence in the southeast part of the city, near Coleman Park. Dick, as he was known to his friends and the old timers, was born at Stephenville, Texas, August 13, 1909.

His parents moved here when he was just a small child. As is frequently the case, infantile paralysis not only paralyzes portions of the body, but many times affects the heart. He had been suffering with heart ailment for a long time, as well as being handicapped by paralysis of the body. But Dick was always cheerful.

Funeral services were conducted at 2 P. M. Tuesday at the Baptist church, with Rev. Avery Rogers, pastor, officiating. Burial followed in Terry County Memorial cemetery under the direction of Brownfield Funeral Home.

Dick is survived by his parents Mr. and Mrs. J. R. Lindley and two sister, Mrs. Byrl Hahn and Mrs. Tom Cadenhead, all of this city. Other relatives attending the funeral were, Mr. and Mrs. J. A. Lindley, Tulsa; D. C. Lindley, Littlefield; Mr. and Mrs. Henry Lindley, Hobbs N. M. uncles and a cousin, W. Lindley, and wife Plainview.

### Say Colleges Should Continue Athletics

Lubbock, Jan 26, —President Clifford B. Jones of Texas Technological College said today he believed colleges should put more emphasis on their major and minor athletics during the world war instead of curtailing or abandoning their sports programs.

President Jones said he favored and hoped all colleges would emphasize not only major but conditioning sports more than ever, since so many youngsters have been found unfit for Army and Navy Service. He said that big intramural competition programs were being arranged for Texas Tech students, programs which will carry special body-building exercises.

Discussing the future of college sports, President Jones said: "I believe that this college should continue with its regular football programs. In time of stress such as the present, it is essential that we maintain insofar as possible a sane and reasonable perspective."

"Unquestionably colleges should stress to a greater extent than heretofore their athletic programs both major and minor, in order that students may develop a maximum of physical efficiency."

"INVEST IN REST"

Cary Grant, easy-going man of the world, charming and heedless has captured the fancy of Joan Fontaine a quietly bred and more demure product of the English countryside. In "Suspicion", in which these two are co-starred by RKO Radio, an abiding love takes possession of this pair, and drama flows from their different upbringing. Alfred Hitchcock directed the significant drama.

### It's Your Life!

How high do you fly when driving? What's your altitude? Silly questions? Well, not so silly as they sound. The Texas Safety Association asks you to suppose your car were to shoot straight up into the air at the speed at which you travel. How high would it go before starting to fall? At 30 miles per hour it could rise 30 feet; at 60 it would go up 120 feet!

And when it hit the ground in coming down it would be going just about the same speed as when it started up—30 miles per hour from 30 feet, 60 miles per hour from 120 feet—but the crash on landing would be no more than hitting another car head on, a train, a bridge, or rut, or any other 'fixed' objects at such a speed. A little slip in steering at 60 miles per hour may be pretty much the same thing as a crash from a plane up 120 feet. The chances of broken bones and torn bodies would be about equal.

When driving you might think of yourself as hovering over the road (at a height which depends upon your speed) with any accident resulting in a crash from that altitude. You might even think of your speedometer as an 'altimeter'. When the indicator needle points to 50 don't think 50 miles per hour but 80 feet up.

### WELLMAN H D CLUB NEWS

The club met at Mrs. W. M. Schroeder's Jan 13th. There were twenty members and one visitor present.

Miss Blanton showed a new method of planting grape cuttings.

The club donated \$10.00 to the Red Cross and had \$58.75 in the treasury at the beginning of the year.

Mrs. Sewell Dean was selected to be food demonstrator and Mrs. W. B. Bennett bed room demonstrator.

Jan 27th the club met with Mrs. Alvy Christopher with twenty three members present. Nine ladies joined our club this month making a membership of 46.

Mrs. C. H. Heafner was program leader at this meeting and gave an interesting talk on the county Land Use Planning Committee and it's work. Her talk was followed by a round table discussion of various community projects and activities and better way of improving our club.

The next meeting is to be at Mrs. J. R. Garrison's Feb. 10th. The subject has not been announced, but Miss Blanton will be there with a program worthwhile I'm sure. All the Wellman ladies are urged to come to these meetings.

A. E. Morgan, jr., who has been visiting his aunt, Mrs. A. J. Stricklin, sr., and sister, Mrs. Don Hornborn, who is here from Long Beach, Cal., left Monday for his home at Lampassas.

## Baptist Church News

Attendance was good Sunday morning but the services are never well attended in the evening. There was once a time when the evening services were well attended and it was the best hour for an evangelistic service and this service should have the support and attendance of the people and it can be so again when the people and preacher make it so and may we improve it in this church.

Some years ago Southern Baptist depended upon a great collection for their general mission work and times came when these offerings from the churches allowed large deficits which were borrowed by the Southern Board from the banks and debt were accumulated until the entire system was changed and a pay as you go system was substituted but it left indebtedness at one time of more than six million dollars which has been reduced to about two million. It is now proposed to pay off this debt which requires interest and is a handicap to the work of missions. As Baptists we are having some part in this debt payment but it should be paid before the war is over as the entire world will be a mission field at that time including Russia and Japan and we should be ready for it. Volunteers are asked to pay regularly to erase this cumbersome obligation which was made before we learned better, as we borrow no more money for running expenses.

Organization is as necessary in religious work as anywhere else if it is to be effective and successful and we invite all Baptists who are missionary to become members of our church.

The Bible is distinctly a missionary book and we want several hundred more people to study it with us each Sunday morning.

### THE SUNDAY SCHOOL

The Sunday School is improving in all phases of the work. Attendance of 392 last Sunday gives us a good start for February. 31 officers and teachers were present at the officers and teachers meeting Wednesday evening. We are ready to apply for the Standard of Excellence and will have a pennant soon.

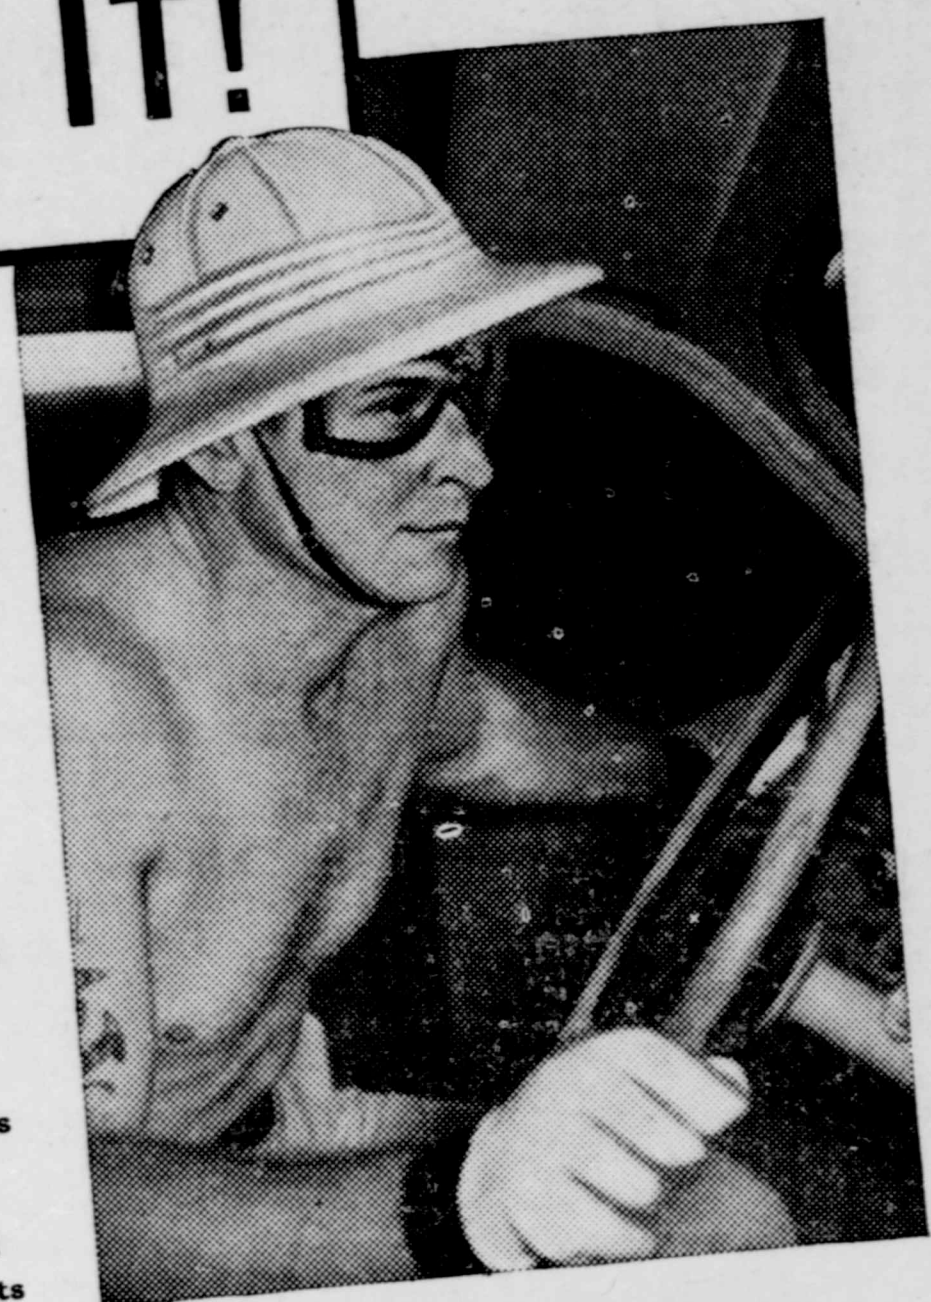

We have set several worthy aims for the month of February which are listed below. These aims are to help us to continue to improve the work.

### Aims For February

1. Increase average attendance of Sunday school to 400.
2. Increase No. of Bibles brought to 300.
3. Increase No. of Prepared lessons to 325.
4. Increase the average attendance of officers and teachers at the Weekly Wednesday night meeting to 20.
5. Increase the average attendance of officers and teachers at the

## Throop To Go To Goose Creek Location

E. C. Throop, who has been here for several years as District Manager for Southwestern Associated Telephone Co., as well as the local manager, is leaving soon to take work with the company in the Goose Creek, area as engineer. That smiling countenance and hearty greeting of E. C. will be missed greatly by his many friends here, who hope for he and the wife the best of good luck and health in their new home.

One of the cracks that he made was that he was afraid he would have to go to work down there, but admitted that he would receive a better salary as engineer and draftsman. Throop was reared in the near sea level area of Lake Erie shores in Ohio, but says he feels better in a high altitude, and don't know just how the sea level of the gulf area is going to suit his constitution.

Mr. Mills Roberts and family of Guymon, Okla., are coming here as the district manager. E. C. says Mr. Roberts is a regular guy, and we'll all like him.

## Hoarding Sugar Sure Way To Scarcity

If I have any gumption the sugar rationing business is going to wind up like the gasoline scare started by Ickes did.

The south can produce much more sugar than it can sell. Cuba, our neighbor, only sixty miles from Miami, Florida, has suffered for years because we would not buy more of her sugar and strung all through the north are sugar beet mills which have been closed down, some of them for years because they could not profitably operate to produce beet sugar.

At Lamar, Las Animas, Lajunta, Rocky Ford, Swink and other Colorado cities were sugar mills which ground sugar from beets raised in the Arkansas valley by local farmers. These mills have been closed because they made more sugar than was needed.

I don't know what the score is, but it sounds queer to me.—Seagraves Reporter.

Amos Harper, gets off some pretty good things and we believe the above is one of them. However, they are saying now that it isn't the scarcity of sugar that is bringing on the rationing, but to keep down hoarding. Hoarding will make an article scarce much quicker than actual consumption.

## We Can Ill Afford Destructive Fires

Austin, Feb. 2—Reports of fires during January to Texas Fire Insurance Department, described as revealing a serious increase in the number of fires, prompted Marvin Hall, State Fire Insurance Commissioner to issue an appeal for greater individual effort in fire prevention.

"Fires constitute one of our most serious threats to national defense and our nation's all-out war production, he asserted. As an individual contribution to our own welfare, as well as the welfare of our country, it behooves each of us to assume more personal responsibility in fire prevention now.

At a time when all material resources are so vital to our nation's industrial production we can ill afford to allow any of it to be destroyed by fire because of carelessness. Any destruction of our resources, whether it be food, clothing, raw or manufactured materials, homes or other property, places an additional handicap on wartime effort. We must curb the economic toll exacted by fire.

Hall, who is also Fire Defense Coordinator of the National Defense Committee of Texas, added, there is no better fire defense at home than the constant practice of fire prevention.

Citing indiscriminate storage of waste paper as creating an extreme fire menace to almost every home and place of business in Texas, the Commissioner recommended immediate removal of accumulated paper to places where the hazard will be lessened.

It is suggested that individuals or local groups sponsoring the collection of waste paper remove it to buildings isolated from the business section and residential areas of the city to avoid fire spreading to adjacent property should it break out in stored paper.

Above all, Hall cautioned, avoid accumulation of waste paper in the house. The application of a few simple rules of fire prevention will add to our safety and safety of our property at a time when it is most needed.

## Insurance Takes Guess Out Of Farming

College Station, Feb. 2—The guess has been taken out of cotton farming this year, according to Frank B. Seale, state AAA committeeman and Robertson Co. cotton farmer.

Heretofore, we've planted cotton and hoped to see it through to harvest, but with insurance it'll be a different story this year, Seale said in pointing out that Federal Crop Insurance protects the potential crop against insect infestation, flood, drought, storms and all other unavoidable hazards.

Insurance does not mean that farmers can plant cotton, let the grass and weeds take it, and sit back and wait to collect, the committeeman said, since insurance does not protect crops against loss caused from poor farming practices or use of inferior seeds.

Landlords, tenants and sharecroppers having an interest in a 1942 cotton crop may insure either 50 or 75 per cent of their average production. Each interest may be insured independently of the other, the committeeman said. Amount of premiums will vary since they are based on actual risks of growing cotton on individual farms.

Insurance is money in the pocket whether a boll is picked or not. It's just another method Texas farmers are using to get their financial house in good shape, the AAA official said.

Premiums for insurance are due at approximate ginning time and may be paid for in cash, cash equivalent, loss payments, if any are made, cotton loans, if available, or from AAA checks.

Farmers who need cash to start cotton crops can use their insurance contracts as collateral because 50 or 75 per cent of normal production is already on the dotted line", Seale said.

## SIMS SHOE SHOP OPENS THIS WEEK

The Sims Shoe Shop opened this week on the west side of the square in the Randal building, with a full line of repair stock and up-to-date machinery. Mr. Sims, the proprietor is not

unknown here, and has run and worked in boot and shoe repair shops for several years. Call on him.

The protection of life and property against fire is important at any time. It is vital in war time.

A BOND OF UNITY.—The handclasp of sincerity and partnership is used by artist John C. Atherton, of Bridgefield, Conn., to depict the close cooperation of the American people and their Government in financing the Defense Program through the sale of Defense Savings Bonds and Stamps.
