VOLUME THIRTY-SEVEN

BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY FEBRUARY 20, 1942

NUMBER 29

Men And Boys Crowd Registration Places

The writer took a stroll over to the courthouse Monday morning about the time they were getting under way registering men and boys from 20 to 44 years of age. We feel sure that of this number there were some fathers and sons that both registered. Then there were white men, black men and Mexicans. They were all there and ready for the registration.

Secretary R. A. Simms, of the Terry County Draft Board stated Tuesday afternoon that the final check after all reports were in gave Terry county 733 in this last registration. Some perhaps failed to register, which is a heavy fine and jail sentence, unless it is done through ignorance, the local draft board being judge of the matter, of this number 44 were from other counties.

A local officer stated to us Tuesday that he had caught at least two men who should have registered heretofore, but had failed to do so. We asked what was to be done with them. He stated that he had turned their names over to the local draft board, and that it was their final say what should happen to them.

One of the amusing incidents was that of a local colored boy, very tall and very black. He stuck his head in at the county clerk's office, and a registree yelled, "You're next!" "Ise done done it," replied the darky. To say the least, colored troops did some mighty good fighting in the last world war, not to mention the many good fighters from the sons of Montezuma.

School Time Too Early For Little Fellows

Supt. Smith and the school board, after a week's try of the new time, have we understand set up the "books" time a half hour, making it 9:30 instead of 9. It was stated that was hard not to have tardies with that early hour, right here in town, not to mention the rural areas where students have had to meet the bus at a very early hour.

In fact, some of the little fellows, it was reported to us, had to be drug from their beds long before daylight in order to have breakfast, dress for school, and meet the school bus. And, some of the farm families were complaining. We believe the half hour set up will help matters wonderfully.

Maybe we are not as patriotic as we should be, but after a week's try, we have seen no advantage to this section at least, in a time change. In fact, we are now burning the "candles" at both ends, whereas we were not. Or at least those who didn't get up until about eight o'clock, old time.

But, if we are not as bright as some of the "time saver" boys up at Washington, we just can't help the matter. You just can't take the country out of this old boy, no matter how hard you try. Geddup! Kate.

THE BRANCHES MOVE BACK FROM OREGON

Sam Branch was in one day recently to have his paper changed to Brownfield, and handed us two Salem, Oregon papers to read, and particularly an editorial opinion of one of the editors on Charles Lindberg. We'll say that his and our opinion of that guy runs in exactly the same channel.

Sam stated that he thought he had a section of land leased south of Brownfield, but that he and family would live in town.

Sgt. Wm. H. Copeland, son of Mr. and Mrs. Harry Copeland of Ropes, and Miss Nina Marie Hamilton of Wilson, were married Feb. 10th.

A grass fire was quelled Sunday by the fire department, as it was getting close to the school bus barns.

"Sky Pilots" Give Brownfield A Call

Many of us knew as early as last Thursday afternoon that Lieut. Murphy May and two other pilots with their bomber planes were to be over Brownfield about three P. M. Friday, but of course the censor forbids any publicity about the movements of U. S. army planes. But from one to another a lot of people were expecting them, and when the 3 big planes roared over the town the sidewalks as well as the yards in the residential section were crowded to watch them.

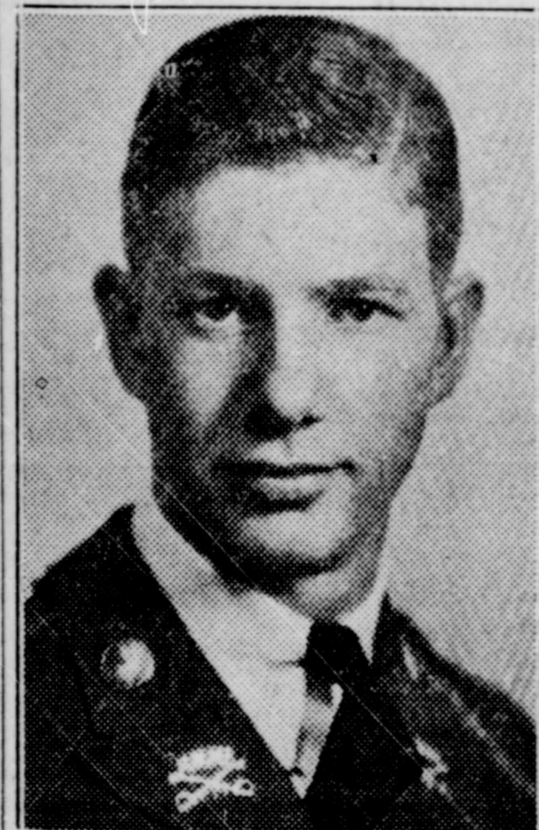

Well, they gave us a real blitzkrieg by climbing and diving with a fearful scream. No wonder armies dread the dive bombers. The noise alone is nerve racking.

LIEUT. MURPHY MAY
Togged as a bomber pilot

This maneuvers went on for several minutes, long enough had they been enemies to wreck the town. It seemed that they would get low enough at times to take off the tops of the chimneys but of course one on the ground is a poor judge of the height of a plane. Never saw planes that could climb as fast as these.

Then the three planes headed for Big Spring where they were to be located for the night. Roy Ballard, brother-in-law of Murphy was in that city, and was to bring the three boys here for the night, but one of the planes had trouble with the oil line, and it was carried on to Midland for repairs. Slightly before dark, neighbors and old friends, many that had known Murphy since he was a baby, began to call. His parents, Mr. and Mrs. Tom

must have prepared a barrel of punch and enough coffee, cakes and sandwiches to feed an army, for the calls continued well into the night. With Murphy was a Lieut. Peterson of Oakland, Calif., a mighty nice man. We failed to learn the name of the one who had to go on to Midland. Murphy had charge of the Magnolia wholesale station at Seagraves before he left, and which is still being looked after by his father. The Lions club of that city to which he belonged kept calling for him, stating they would stay in session until he came. He finally went and was given a rousing welcome there. There was no sleep in the May home Friday night, as there was too much to be said and heard, and visitors called until near midnight.

Lieut. May was a favorite with his playmates, with his

Well, there are still a few loose batskins in the country that some one else hasn't cornered, thank goodness. Some of them are rolling into this cump to help matters very much. But there are still others in the RED. Come on, we'll aggravate you till you do.

One man said "here is that dollar; between you and my wife I have no peace at home." We hear that plaint often. On the other hand, a good lady dropped in with the dollar, and allowed as how that friend husband had been "ribbing" her to pay up. That seldom happens. Here's the HONOR ROLL since last week:

Jesse Ferguson, J. A. Rushing, J. C. Herring, J. E. Shelton, B. L. McPherson, W. L. Bandy, W. P. Brigance, J. H. O'Connor, Miss Bernice Weldon, O. L. Walton, W. H. Hight, Geo. W. Chisholm, R. W. Glover, R. A. Buckner, C. W. Collins, J. A. Bost, Bernard Evans, W. W. Waddell, J. W. Hogue, I. M. Smith, Arthur Green, Mrs. Roy Brashear, W. P. Morris, W. H. Key, Glen C. Mason, C. D. Moore, city and routes; W. S. Crowder, Wellman, Mrs. J. T. Verner, Meadow; Howard Guffin, Meadow; L. D. Hamm, Wellman; Juanita McLeroy, Plainview; G. C. Jordan, Meadow; Ben Hurst Wellington.

The new readers are: W. E. Goldston, city; Dick Ragan, city; Fancher Gaston, Rt 2; Mrs. L. L. Bechtel, city; Velma Squires, San Diego, Calif.; J. C. Jones, City; Joe Patterson, city; Mrs. Etta Gillham, city; Claude Garrett, Rt. 4. Three were sent to soldier boys in the service, whose names and addresses we are not allowed to make public. Thanks a lot folks, and we'll expect a lot more to crowd in on us this weekend.

National Dairy Association National Honor Roll

THE NATIONAL DAIRY ASSOCIATION awards this DIPLOMA to:

A. B. BUCHANAN and adds the name to the NATIONAL HONOR ROLL in recognition of the achievement of developing a herd of 22 cows to a yearly production average of 333 pounds of butterfat for year ending April, 1940.

By authority of the Board of Directors.

Charles L. Hill
PRESIDENT

The above diploma has been presented to Mr. Buchanan for outstanding results achieved by his herd of Guernsey cattle. This record is approximately double that of the average Texas herd. This would be a good record in a "dairy country" and Mr. Buchanan is to be congratulated.

County Agent

BAND BANQUET

The Band Mothers are entertaining the members of the band and their guests with a patriotic banquet at the Legion Hall Wednesday night, Feb. 25.

Mr. Chas. S. Eskridge, director of the Lubbock band and state president of the T. M. E. A. will be the principal speaker and his subject will be, "Music For Victory."

Mr. and Mrs. J. A. Nelson and son Dell visited their son, Guy T. and family in Seminole Sunday. They were accompanied by Mrs. Hamilton who visited her daughter, Christine, who is teaching school at Seminole. Miss Irene Adams returned home with them after spending the weekend there.

schoolmates and college mates, and later with his business associates. The town is proud of his accomplishments, and showed it by turning out to welcome him. Murphy is a graduate of New Mexico Military Institute, Roswell, and after graduating, spent several months at Fort Bliss in actual Army training. He received his wings on the coast about a month ago, as a bomber pilot with the rank of Lieutenant.

Independent Basket- ball Tournament Here Tonight And Tomorrow Night

Starting this evening at 6:00 P. M., the Brownfield Official Championship Amateur Basketball Tournament will get under way. The finest teams from this section of the country will participate. Approximately ten teams are expected to take part.

The tournament is being directed by Curtis Barrett, Assistant Coach of the Brownfield High School. The proceeds of the meet go to the High School Basketball fund.

A tall trophy will be awarded the first place team, and a similar award to the second place team. The Consolation winner will receive a beautiful 17-inch trophy. Awards will be given to the All-Tournament team and to the best individual players on the teams which lose the first time they play. Also, there will be awards for the first, second, and third most valuable men in the meet. The manager of the winning team will receive an award.

The player who makes the most spectacular shot will receive a nice award. The individual players on the first, second and third teams will each receive a miniature trophy.

An award will be made to the player who makes the most points in the entire tournament. A like award will be given to the player who makes the most points in one game.

Everyone is urged to attend this tournament both nights. There will be a small admission fee.

Did You Get By Friday 13th Ok?

Americans as a rule don't think they are very superstitious. However, all whites will maintain that negroes are. Just the same, most of us, white or black, red or yellow, have a certain amount of superstition. It is not confined to any certain section. Be it blacks in the deep south, or the Hex people of the north, it is there.

Many too, have their own little overshadowing of horrors, and refuse to walk under a ladder, step over a broom, and many other trifles we could mention. We had a close friend that believed that by standing his mare in running water it would dry up her milk after the colt was weaned. Others have done the same thing to cure the "founders" or indigestion in animals.

Well, we got out the paper last Friday morning after the 13 had arrived with just one broken tape on the folder. Of course that was laid to the door of it being the 13th, and Friday.

Sen. Connally To Speak On Masonry

On Washington's birthday, next Sunday, the 22nd, Senator Tom Connally will speak over the Columbia broadcasting system on the subject, "Washington and Freemasonry." The time here will be at 6:15 P. M.

The above is a subject of a wire received by Tom May, from E. A. Wells, of the Scottish Rite Temple, El Paso. You are invited to listen in.

Time To Plant Frame Gardens

Now is the time to plant frame gardens. A frame garden can provide a continuous supply of fresh vegetables of the quick growing, hardy type. Frame gardens are especially adapted to this country since wind, sand, a shortage of moisture, extreme summer heat or winter cold are the limiting factors to successful home gardening.

The desired size of frame gardens is five foot wide and 20 foot long. If a larger area is desired, make two frame gardens rather than enlarge the size. The side walls of the frame are usually 12 to 18 inches high. The frame is covered with muslin with 1 inch strips nailed across the frame every five feet to support the cover. The muslin cover should be tacked securely on one side of the frame. Some means of holding the cloth down over one end and other side should be provided.

You may plant spinach, mustard, lettuce, beets, carrots, English peas, parsley, radishes, and in order to have your frame garden before the first of March in order to have your fram garden in production early.

Every farm family in Terry county should have a frame garden. Instructions for making frame gardens may be obtained from Myrlene Cannon, HM Supervisor for FSA located in the basement of the Post Office or from Dorothy Faye Blanton, Home Demonstration Agent, located in the Court house.

Rotarians To See Boys Off To Camp

Realizing that the big send-off given the first group of boys who were inducted into the Army has been unfair to the boys who have gone since then, the local Rotary Club has decided to do something about it.

The Club has been divided into four teams, one of which will be on hand when a group leaves. These teams will notify the citizens when a group is leaving. Let's all try to be on hand when a bunch of boys are leaving and try to show them that we appreciate them just as much as we did the first bunch.

Special Session Of District Court

Judge J. E. Garland of Lamesa is holding a special term of district court here this week. A murder case from Lynn county was to have been tried, but by agreement the case was continued to the August term.

As this is being written some cases are being tried. A jury is now on the case of a local man who is alleged to have been responsible for a serious wreck on the Lubbock highway last fall. A verdict had not been reached at this time.

GIRL'S 4-H CLUB NEWS

On Friday, Feb. 13th, the girls of Gomez met and organized a 4-H club. Miss Blanton acted as chairman and the following officers were elected to serve the remaining part of this year:

President, Dixie Jean Redford; Vice President, Mildred Dubose; Secretary, Earline McClintock; Reporter, Avenol King; Sponsor, Mrs. Blackstock.

This year we are going to raise chickens and improve our bedrooms.

We hope to have a successful club.

J. D. STAFFORD HERE FROM CALIFORNIA

J. D. Stafford, formerly constable of this precinct, but now with a large aircraft manufacturer of Calif., was here this week shaking hands with old friends. J. D. stated that he and family, and all Terryites out there so far as he knew, were doing well.

Mr. Stafford is here on a very sad mission. His sister, Mrs. Coor is in a Dallas hospital with chances very much against her final recovery. He drove through from San Diego to Dallas.

Planting High Germinating Cotton Important

That cooperative ad in these columns last week signed by the two banks of the city, were not altogether selfish, or from a selfish viewpoint. The banks of the town, along with the other business community, are interested in the prosperity of the farmers of the trade area. It was for this reason that the ad, advocating high germinating cottonseed was paid for last week by the banks.

We have never tested any cotton or any other kind of seed that we remember, but those who have tell us that just by looking at them you can't for your life tell whether 80 percent of them will germinate or whether not more than 20 percent will come up. It is not a matter of looks but we had so much rain last year in these parts about maturing time, that people who study the matter, became suspicious of the seed, and colleges as well as individuals tested them, and found most all seed very low in germinating ability.

Therefore it behooves all farmers, if they have the least bit of doubt about their cottonseed to bring them in to County Agent McClain, who will send them to Tech College for tests. Get at least two pounds, from a cross section of your seed bin, top, side, bottom and middle.

Cotton will be valuable next fall, no doubt, and the banks as well as all your friends wish you to have a good stand of cotton in order to reap a good harvest from your crop. As we stated above, this is just a bit of selfishness, but your bank and others want to see you make money... not a failure.

Man Here From General Land Office

Mr. H. Lee Richey, representing Commissioner Bascom Giles of the General Land Office, at Austin, was a visitor here last week and paid the Herald a short visit. He was in this section in the interest of considerable state land that is coming on the market April 7th. Most of this land is in what is known as the Big Bend section, but there are small amounts in counties from the Panhandle to the gulf, and from the Piney woods of east Texas to El Paso.

This land may be purchased at the minimum price, although some of it may be bid in slightly higher. Tracts less than 80 acres are cash. Terms on larger tracts of one-fifth down, and 49 years on balance. Near us is the following:

Dawson county: 2 small tracts. Gaines county: 4 tracts of 368 acres; one small tract in Hockley county; 1031 acres in five tracts in Lynn county; 2080 acres in 5 tracts in Terry county. No Yoakum county land was listed.

Ross Motor Company To Have Free Show

The Ross Motor Co. will have a free show and lecture on the Ford Tractor Monday night, Feb. 23, at 8:00 o'clock.

All tractor owners are invited to attend this free talking movie. It will explain to owners the proper care, lubrication and servicing of their Ford Tractor. Everyone is invited to attend.

FORMER GIN MAN HERE DIES AT WACO

S. L. McDonald, about 65, who built and operated the Farmers Gin here for several years in the twenties, before selling out to the Farmers Co-Operatives, passed away at Waco at an early hour Monday. Mr. McDonald had been in poor health for some time.

Mr. Mack, as he was called by his friends here at that time, had a host of friends. He later owned a gine at Rule, but has been living at Waco since his health failed.

He is survived by his wife and one son, Bob, of Levelland, and Mrs. Ross Sams of Waco.

CITY OFFICES

We are authorized to announce the following candidates for Brownfield city offices, at an election to be held the first Tuesday in April, 1942, which will be the 7th day of April, 1942.

FOR MAYOR

Clyde C. Coleman

Brother, sister, if you have been hoarding sugar, you stand to be caught up with soon. When the

new rationing cards are issued you are going to have to swear that you have a certain quantity in your home, and coupons for this will be torn from your book. If you certify falsely, and are caught with the goods, the fine can be made rather heavy, a matter of \$10,000.00 and ten years in prison. So, it is best to come clean.

Your retailer is really trying to help you, says the Industrial News-Review, by doing his best to keep down climbing prices, which is pure inflation at its best. It is an admitted fact that retail prices have not kept in line with wholesale prices, thanks to retailers. And by the way, the same source says that independent dealers are more than holding their own with chain competitors. In 1933, they sold 71.3 percent of merchandise, and the last year of record, 1939, they sold 74.7 percent. They are learning to keep their stores just as neat and clean as the chains, and giving equally good service.

Experts in aircraft design and manufacture tell us that while we think of the big 2200 horsepower bombers as the height of perfection, we can in the next few years expect great super-dreadnaughts of the air with as much as 8,000 horsepower, and carrying not only tons of bombs but large cannon as well. They state that a convoy of these bombers would wreck 200 towns like Coventry, England, in the same time that it took the present German planes to wreck one. Their mileage range would be immense, perhaps half around the earth. Well, we hope no one but our side gets them.

All or part of an editorial taken from the Post, Denver, Colorado, was read over the radio recently. The Post was at the time of the Pearl Harbor incident and before, one of the most isolationists of our daily papers. Now, like a mad wasp it turns on the president and senators and congressmen that have been trying to get the nation on a war footing, although greatly hampered in their efforts by such

papers and by Senator Wheeler and his stripe of senators. Even old Wheeler is hollering his darned head off now, about eighteen months too late. The above mentioned paper sends a pre-dated Sunday edition here every week, we'd do without reading matter some time before we would buy one of them. And if we were a news dealer, we'd stop that paper now—cold.

Why don't some of our anti-administration daily papers let up on Mrs. Franklin D. Roosevelt, who is admittedly patriotic, and pour it on Mrs. Roosevelt Longworth, daughter of the great Teddy, for a while? They know and we know, and the people are aware of the fact that she and her brother, as well, were leaders of the now disbanded and discredited America First, organization, to which such personages as Senator Wheeler, Lindberg, not to mention some bundsmen at heart belonged. Yet they hold their fire on such people and pour out their acid on Mrs. FDR. Most dailies and their writers are so danged prejudiced that they had rather traduce the good name of a real patriot, who belongs to another party, and play mum on birds of questioned patriotism. Thank goodness, we have one daily in Texas that has the guts to defend Mrs. Roosevelt, the good old Fort Worth Star-Telegram. It is a Democratic paper with a capital D; most others pussyfoot here in Texas.

Back in 1917-18, when the boys were registered and called up, we were personally acquainted with a majority of them. Monday we visited the courthouse where hundreds were registering, and there was few of the young men we knew. Probably we know their dads, maybe their mothers, but there are too many young fellows here now to try to remember as they grow up so fast. Might be sorter like a drunk we once knew. He'd size up a fellow on the street whether he knew him or not, and remarked, "I ought to know you; your face looks familiar, but your feet have grown out of my knowledge." This we can say, however. While we don't know the first name of many of the young men being called up today, they are just as nice looking and will make just as brave fighters as the Terry county boys of two decades ago.

It is none of our business what another paper runs, but we just measured up space in some "ready print" sections of our exchanges the past week, and found that they had 155 inches of foreign advertising, based at 30c per inch would have amounted to the cold sum of \$46.50. On top of that the publisher paid the ready print syndicate some 40c per hundred and freight on those papers, and ran this advertising free. These syndicates go to national advertisers and offer to carry their ads at a certain price, and perhaps claim they reach all rural readers. They make this claim stick, and thousands of other papers that do carry these ads haven't got a chance to get it at 30c or 40c per inch. Therefore, papers that carry ready prints not only knock themselves out of this advertising, but all other weekly papers as well. One time for about a year, the Herald carried a ready print in the old days when one could get an "ad-less" ready print. We quit, and decided that if our business did not justify but four pages, we'd print that and let it go. Well, sir, despite what the salesmen told us, the readers never said anything when we were running it, nor commented when we quit. They just want a home town paper.

Mahon Fights to Hold War Costs Down

A copy of the Congressional Record recently received for January 23rd, quotes Hon. Geo. Mahon's speech on the House floor on that date, in a vein that will find favor with all West Texans—should find favor with patriotic citizens everywhere. He is a member of the powerful appropriations committee. In his talk, in midst of debate, he deplored the high costs of many things, among them planes and radio costs. He brought out that despite the fact that we are going into mass production of planes, the unit cost was steadily rising, and stated further that the war department estimated that they would not come down for two years—deplored the high costs of delicate radio equipment, and deplored the fact that there was little competition in the production field. He prefaced his remarks, that

he, and the people whom he represents, are for all-out defense production, regardless of cost—but warned that Congress must enact laws to safeguard against profiteering—legislation which was considered by Congress before the war, which seem to have stalemated. He noted that the British were producing planes at half the cost of those produced here.—Littlefield Leader.

commentator used to eat in cub reporter days. The sign read, "Stir like h—we din't mind the noise."

Had the pleasure a few days ago of handing to Governor Stevenson an invitation to the Fat Stock show in Fort Worth, of which your columnist is "good will ambassador". The message, signed by President John Burns and manager John B. Davis, stated:

"We feel that Texas is indeed fortunate in having as chief executive a man who is a ranchman—one who has known the glow of the campfire and has unrolled his bedding many a night and go to sleep beneath the flickering stars, and who thinks there is nothing sweeter than the low of cattle, the bleat of sheep and the whinny of a horse."

Governor Stevenson will ride a horse in the parade on the afternoon of Friday, March 13 and will formally open the Fat Stock show that night. Old Horace sang: "Lord of himself that man will be And happy in his life away Who still at even can say with free, Contented soul, 'I've lived today'".

"Are you the girl who took my order?" asked an impatient customer in an Austin coffee shop. "Yes, sir", said the waitress. "Well, I'll be darned", he exclaimed. "you don't look a day older."

When it comes to man-to-man campaigning, Ralph Yarborough is one of the best. In one of his races, a big merchant was against him. Knowing this, Yarborough entered at the alley door, shook hands with each employe and, at the front door where the proprietor was standing to greet customers, the candidate came up behind him, handed the startled storekeeper a card, smiled, shook his hand and departed. The businessman, when he had recovered his composure, was so impressed by Yarborough' energy and cordiality that he wound up by voting for him.

Old Mother Hubbard Went to the cupboard To get her poor dog a bone; And when she got there, The cupboard was bare— And was her face red! More Mexican wisdom: Of the great speak neither well nor ill, for if you speak well you lie, and if ill, you place yourself in danger.

Of safe courses, the safest of all is to doubt. The majesty and the grandeur do not lie in being a lord but in being acknowledged one.

Congressman Clifford Davis, an old schoolmate, read the comment in this column recently about the excessive deliveries and waste of bread—and took the

matter up with Price Administrator Leon Henderson, who is conducting a study of the subject. . . . Not even the dead are safe from Texas loan sharks. A widow was called upon to pay off a loan which a usurer claimed to have made to her husband. Experts pronounced the purported signature a forgery. Thus it seems that the sharks, in their greed, will invade even the grave.

Newspapers get along better than they used to with each other. There was nothing much more bitter than a feud between two newspapers in the same town or in rival towns.

In an east Texas town, one journal announced that it had purchased a new, high speed press. The announcement continued, "The press being installed in the basement in such a position as to be visible from the sidewalk. The press can print 10,000 papers an hour and it will make its first run next Tuesday afternoon at 2:30 o'clock."

The rival paper printed this comment: "Yes, and you want to be on hand promptly because, at exactly 2:35 o'clock, the entire circulation of our competitor will have been run off the press."

And quite a bit of excitement was created before the recent Dallas blackout when a report got started that all baldheaded men would have to wear skull-caps.

TOO MANY JAPS

Henry McLeMore in Dallas News LOS ANGELES, Jan 28. — Speaking strictly as an American, I think Americans are nuts.

Twenty-four hours of Los Angeles have convinced me of this. We are at war, California is our key state, not only because of its airplane industry, but because its shores offer the most logical invasion point.

So what does the government do about the tens of thousands of Japanese in California? Nothing. The only Japanese apprehended have been the ones the FBI actually had something on. The rest of them, so help me, are as free as the birds. There isn't an airport in California that isn't fanked by Japanese farms. There is hardly an airfield where the same situation doesn't exist. They run their stores. They work in stores. They clip iawns. They are here, there and everywhere.

You walk up and down the streets and you bump into Japanese in every block. They take the parking positions. They get ahead of you in the stamp lines in the post office. They take their share of seats on the bus and street car lines.

Doesn't Make Sense This doesn't make sense, for half a dozen reasons. How many American workers do you suppose are free to roam and ramble in Tokyo? Didn't the Japanese threaten to shoot on sight any white person who ventured out-of-doors in Manila?

So, why are we so beautifully courteous? I know this is the melting pot of the world and all men are created equal and there must be no such thing as race or creed hatred, but do these things go when a country is fighting for its life? Not in my book. No country has ever won a war because of courtesy and I trust and pray we won't be the first one to loose one because of the lovely, gracious spirit.

Everywhere that the Japanese have attacked to date, the Japanese population has risen to aid the attackers. Pearl Harbor, Manila. What is there to make

MORALE IS A WOMAN'S BUSINESS

Every time you listen to war news on the radio, you think "How can I do more to help?" You go to First-Aid classes, you spend hours at the Red Cross, and still you feel a little apologetic because you're only a woman. You even feel guilty when you take time off for feminine things, like buying a new hat or getting your hair done. But, have you forgotten that small, terribly important word "Morale"? Have you forgotten that morale is a woman's business, now, more than ever? The way you look affects so many people around you, your family, your friends, even strangers who pass you in the street. To them, a woman's beauty stands for courage, serenity, a gallant heart, all the things that men need so desperately these days: so the time spent in your favorite beauty salon every week isn't selfish or frivolous. It's part of your job of Morale. It's a woman's way of saying "we won't be beaten".

the government believe the same wouldn't be true in California? Does it feel that the lovely California climate has changed them and that the thousands of Japanese who live in the boundaries of this state are all staunch and true Americans? Wants Them Boved I am for the immediate removal of every Japanese on the West Coast to a point deep in the interior. I don't mean a nice part of the interior either. Herd 'em up, pack 'em off and give 'em inside room in the badlands. Let 'em be pinched, hurt, hungry and dead up against it. Sure this work an unjustified hardship on eighty percent or ninety percent of the California Japanese. But the remaining ten or twenty percent have it in their power to damage—great damage

to the American people. They are a serious menace and you can't tell that an individual's rights have any business being placed above a nation's safety. If making one million innocent Japanese uncomfortable would prevent one seeming Japanese from costing the life of one American boy, then let the million innocents suffer. In an earlier column I protested against American soldiers in Honolulu giving a military burial to a Japanese soldier. There were some readers who kicked me around in letters for such an attitude. There are sure to be some Americans who will howl and scream at the idea of inconveniencing America's Japanese population and espionage. Facing All-Out War Okay, let them howl. Let them howl timber wolf type. Our government has told us we face war. All-out war. It has told us that we are up against the roughest days in our history. It was demanded of us sacrifice and sweat and toil and all of the other of Mr. Churchill's graphic words. That's all right, we will answer. But let us have no patience with the enemy or with any one whose veins carry his blood.

Let us in this desperate time put first things first. And who is to say that to the men and women of this country there is anything that comes above America? Personally, I hate the Japanese. And that goes for all of them. Let's quit worrying about hurting the enemy's feelings and start doing it.

CURTIS-THOMPSON VOWS READ IN LUBBOCK

The marriage of Miss Sidney Bill Curtis, daughter of Mrs. Leila Pelfrey of Lubbock, and Lieut. D. A. Thompson, son of Mr. and Mrs. B. L. Thompson of this city, took place Saturday afternoon at 3 o'clock in the First Presbyterian church in Lubbock. Rev. Jack M. Lewis, pastor, officiated with a double ring ceremony.

The bride wore navy blue crepe frock with skyblue and black accessories. Her corsage was of tea roses. Mrs. Russell Fulton, sister of the bride, was bridesmaid. She wore a black dress with gold accessories and a corsage of roses.

Mrs. Thompson is a 1941 graduate of Lubbock High School and was a student at Texas Technological College. Lieut. Thompson, senior ROTC student, was a civil engineering student, a member of Torch and Castle society. He has received his commission recently and will be stationed at Fort Leonard Wood, Miss.

Following the ceremony, a re-

WOODMAN CIRCLE LADIES MEET

The Woodman Circle Ladies met with Mrs. Effie Smith Wednesday, February 11, and quilted a quilt for the hostess. At noon all enjoyed a covered dish luncheon. Those attending were Laura Brown, Addie Hogue, May Howell, Cornelia Moore, Helen Mangum, June Black, Stella Jackson, Thelma Blair, and the hostess.

MRS. STRICKLIN HONORS MRS. HERBORN WITH SHOWER

Mrs. Don Herborn was honored with a shower at the home of her aunt, Mrs. A. J. Stricklin from 3 to 5 on Thursday afternoon. Guests enjoyed playing bridge, and the honoree received many dainty gifts. The hostess gave pink party bath powder to those scoring high and second high in bridge.

Reception was held in the home of the bride's mother. The couple left for a short honeymoon in Fort Worth and Dallas.

My Week by Eleanor Roosevelt

DELIGHTFUL STORY Mr. Rex Stout has sent me a delightful story, for which his sister is responsible. I am going to give it here, exactly as he has written it to me:

"Jim, the young man who used to sell me eggs, dropped in last evening and I asked him how he was making out in his new job at the tool factory. 'Fine,' he said. In spite of the expense of the baby he and his wife were saving money every week.

"I said: 'Of course, you're buying defense bonds with it?' 'No,' he said, 'guess I ought to, but with the baby to think of—such a responsibility, our first baby—we just feel we can't afford it until we've got maybe a thousand dollars put away—then we can start buying defense stamps every week.'

"And Jim isn't dumb by any means, he's a very intelligent young man. I wonder how many Americans have the same understanding, he had—thinking that when they buy defense bonds or stamps, they are giving something, making a contribution? I explained to Jim that defense bonds are the safest investment in the world today—the best and safest way for people like him and his wife to save money."

REAL OBJECTIVES FOR YOUTH

In spite of rather gray looking skies, I left Washington one afternoon, hoping to land in New York about 6:45. But we came down at an unfamiliar airport, and I found we were in Philadelphia and the flight was cancelled. I drove to the station and caught a train almost immediately and reached my house at 9:15, so I might just as well have taken a five o'clock train out of Washington.

I talked to some army boys on the way over, who had just had their orders. One youngster in a sailor's uniform sat just a few seats ahead of me. When he turned around, I felt sure he must have added a few years to his age, for he looked 14 instead of 18. They tell me that the boys coming over here from England to get their training in flying, are very young, ranging from 16 to 20.

Some of our own pilots are 20 to 22. It is a curious thing to me, that older people seem so often to accept with complacency these young armies. I rebel, and yet I know an army must be young.

I have a great desire to see our fighting forces organized in the most efficient possible way, by putting each individual in the place where he will serve best, because only in that way shall we shorten the horrible period through which we are living. I want to see everyone in civilian life at the present time, doing the job he is best able to do, and doing it as well as he possibly can.

If women are able and skillful enough to go into factories, I hope they will. I hope that all men, young or old, who work in factories in defense industries, will do the most efficient job that can be done. Whatever the jobs are that people are doing, I want them done by the right people and in the best possible way, because that is the way to win this war.

Every day that goes on, means more young men in every land are dying. I am confident that our cause is just, but I want to see youth free again to fight a different kind of war, a war to find a way by which we all live more decently and happily together.

All of us know that, at the end of this war, that other war has to be fought, and we shall need youth to fight it. I hope that, in every factory today, and in every service camp, young people are discussing the kind of a world they intend to build after the fighting is over.

It may not be the kind of a world in which my generation has lived, but if it achieves the ends for which we are fighting—real freedom for every individual regardless of race, creed or color, economic freedom for every individual who is willing to put his capacities to work of some kind—then these horrible days will have obtained good results. We have to live through them and I accept the necessity, but at the same time I hope we do our share in civilian life to prepare for a different and better future world.

U. S. AIR PILOTS AND THEIR JOBS

Traveling by airplane these days is extraordinarily interesting, because there is nearly always a quota of pilots aboard returning from having ferried planes to some place. Some of these men are doing a great many hours of flying, more hours than we would have thought constituted real safety in ordinary times. I wonder if, in our communities, people are aware of the fact that these boys from all over the country, are dropping in and out, delivering planes or picking them up.

FARMERS ASKED TO SAVE BURLAP AND WIRE

Burlap and baling wire are the latest additions to the materials which farmers are being asked to use sparingly.

Imports of burlap from India have been drastically curtailed by the war, B. F. Vance, chairman of the Texas War Board, pointed out in urging Texas farmers to make every possible effort to extend the life of their burlap sacks. Two-thirds of the burlap still being imported is being taken by the government for military purposes.

Vance urged farmers to refrain from ripping their burlap sacks when opening them, to use no hooks, and to hang the sacks in dry, protected places for later use.

As for the baling wire situation, Vance declared that farmers could make a direct contribution to the war effort and protect themselves from possible shortages by using as sparingly as possible. U. S. Department of Agriculture estimates indicate that farmers will need between 90,000 and 100,000 tons of wire for baling hay, straw and other forage crops in 1942. The steel shortage makes it imperative that farmers draw upon products made from steel as little as possible.

BUT THE HORSE SAID "NAY"

A farmer had an old blind horse which had outlived his usefulness. One day the horse fell into a well and the farmer found him there standing knee deep in water. There was no way to get him out and as both the horse and well were useless, the farmer decided to fill up the well and leave the horse buried in it.

He shoveled dirt into the well as rapidly as he could. But the horse was not ready to be buried alive. When the dirt began to pour in on him, he shook it off and kept treading on the dirt under his feet. Gradually the well filled up and the horse at the same time rose higher and higher, until he was able to step out and walked away to the pasture.

The moral? Oh yes, it is this: None of us can be buried under hard times, discouragements, and worries unless we are willing to be buried.—Chevrolet News.

 You will note the change in the time for evening services since last week, but in adjusting ourselves to the new time it has been necessary to try more than

one time of meeting. We believe that it will convince more to have the service at 8:00 than later as we did have the services. If this time is unsatisfactory to the majority we will try and work out a better time. We had fine services last Lord's Day with one being baptized and one restored. You are always welcome to attend the services at the Church of Christ. Remember that the Sunday morning Bible Study begins at 10:00 Standard War Time. Be there on time.

The Women's Guild met last Monday at 3:00 o'clock in the church with Mrs. Ralph Ferguson leading an interesting missionary study. Those present were Mesdames Bechtel, Chapman, Ferguson, McIver, Swanson, Walker, Wier, Winston, Troy Griffin, C. A. Jacobson, James King, and J. H. German. The meeting next Monday will be the monthly social and will be at the home of Mrs. Jimmy German, 709 Broadway.

We urge all women in the community to attend the Special World Day of Prayer Service to be held at 2:00 o'clock at the Methodist church today. (Friday).

METHODIST CHURCH

Subject for the morning services at 11:00 o'clock: "The Challenge of Christianity."
 The young people will meet at 7:00.

Brother Clark will preach Sunday night at 7:45. He will hold a business session of the Second Quarterly Conference after the evening service.

On the evening of April 5 the choir will present an Easter Cantata, "He That Liveth". Until that time the choir will meet twice a week to practice: Monday and Wednesday evenings, 8:00 to 9:00 o'clock.

The change in time has necessitated an adjustment in the time schedule for the church. Remember the hours of services will conform to "War Time" schedule. Every department of the church activities will be one hour earlier. If our boys can so willingly give their all, surely you and I can move up an hour to help meet the great emergency in our National Defense. Be on time and give your best to our great program of enlargement.

We extend a cordial welcome to all who do not worship elsewhere in our city.

Let us give ourselves to prayer and earnest effort for His Kingdom during these days of great moments.

Baptist Church News

There was a good attendance at last Sunday's morning services with 376 in the Bible study but confusion relative to the war time induced the definitely setting of the time at 9:45 for Bible study hereafter. A little girl made a speech saying that "she had been starting to school before daylight and that she could be at church at 9:45" and the congregation voted almost unanimously for the period and if we all have the spirit of the child we will no doubt be on time and we will see next Sunday.

The war clouds are heavy and we feel their effect in our services in the loss of the men who have gone out from us but we may as well determine to carry on without them for several years. The church misses most of all their presence and fellowship and they also feel the loss of at least \$50.00 per month which they contributed to the work and here too others will of necessity assume heavier responsibility. We trust their stay in the army will not hurt their spiritual lives and may we remember them daily in our prayer that God who knows what is best for all of us may use them where they are, to accomplish his purpose. This war has been forced upon us by the forces of evil but we expect the mto be overcome after great trial and the world made a safer place for mankind to live in peace.

The Brotherhood meet each 3rd Monday evening of each month and their studies and discussions are very helpful to the men and all of the men of the church would be greatly benefited if they would be present each meeting.

We urge every family of this community to attend worship and Bible study each Sunday. Visitors are always welcome here.

Our aim of an average of four hundred at Sunday School during February is still within reach, we need to have four hundred and twenty-five next Sunday to reach this worthy goal. This can be done only if we work hard to see that every member of every class is in attendance.

We will begin our week of study next Monday morning at 9:00 o'clock war time. There will be a total of six different books taught, in the mornings at 9:00 Rev. Rogers will teach "The Thrift of the Gospel", and in the afternoons he will teach "The Moral Dignity of Baptism". At 7:30 a book from each of the diploma groups will be taught, "The Sunday School Officers and Their Work", "The School in Which We Teach", "Outlines of Bible History", and "Looking at Learning". All workers are urged to take at least one of these books.

NORTH SIDE BAPTIST CHURCH

Everybody is cordially invited to attend Sunday School beginning at 10:30 and enjoy the blessings from the study of God's word. We teach the Bible in all classes, old and young are taught the unadulterated word of God, "come unto me all ye that labor and are heavy laden, and I will give you rest. (Matt. 11:28). Now is the time to proclaim the word of God as never before. Come and enjoy the blessings of God next Sunday.

Preaching services at 11:30 a. m. and Bible at 7:45 p. m., followed by the regular preaching service, also a jail service at 3:00 Sunday afternoon.

You who missed the fellowship day the past Sunday, missed a great blessing, particularly the spiritual messages brought to lost souls to lighten their burdens, also to help the Christians carry on God's work.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. WELLMAN F. F. A. NEWS

The Wellman F. F. A. Boys have decided to have a barbecue instead of a banquet and have it on April 17th. The Pest Eradication Contest is still going on. There has been 343 sparrows killed, 195 wheat birds, 45 rats, 365 mice, 10 hawks, 8 jack rabbits, 32 cotton tails and one badger. The leading group are J. J. McDonald, Cecil Thompson and Marvin Duncan.

The school boys have elected a chapter sweetheart from each class in high school. The girls are Joyce Trotter, Jeannie Boe Trigg, Geraldine Lindsly, and Wilda B. Benne.

A meeting was called by our President Tuesday. Our business was properly attended.

"COMMON PEOPLE" THEME AT CHRISTIAN CHURCH

Sunday morning at the First Christian church the minister will portray the "Christ of the Common People." Lincoln remarked that "God must have loved the common folk, because He made so many of them." Jesus, born in a stable, giving up His home crucified as a criminal, and buried in a borrowed tomb, knew more seeking baptism. The hope of the common man. And He has the solution to the common man's problems, the victory for his life.

Last Sunday Miss Ida Gaston came confessing her Lord and seeking baptism. The hope of the church and the world of tomorrow is in our Christian youth. May we strengthen their faith by our lives.

Our services begin with Sunday School at 10:00 daylight saving time. Let us come promptly. Some folks will be late at St. Peter's gate. Jesus rose up "a great while before day" to pray.

NOW! You Can Have a "QUICK CASH" Pre-Arranged Funeral Payment Plan

WHEN DEATH COMES there is an immediate need for cash to cover the cost of Funeral and other "Last" expenses.

THIS "QUICK CASH" (Pre-Arranged) Funeral Payment Plan, which we now offer you, provides the immediate cash when it is most needed.

WE HAVE ADOPTED THIS PLAN and now earnestly recommend it for your consideration, because—

- 1st. IT IS A CASH PLAN—one that will permit you to call the Funeral Director of your choice.
- 2nd. IT IS PAYABLE TO YOU ANYWHERE IN THE GOOD OLD U. S. A.
- 3rd. IT IS AN EASY MONTHLY PAYMENT PLAN—within the means of every family.
- 4th. IT IS AVAILABLE TO FAMILY GROUPS OR INDIVIDUALS—without medical examination.

The West Texas Burial Association was organized by a group of Funeral Directors in West Texas for the purpose of offering to their friends a Safe, Dependable, Low-Rate protection that all could afford. This is not a so-called "Service Policy," but a CASH POLICY—one that you may spend part or spend all with the one you wish to handle your loved ones whenever or wherever the Death Angel may call

We invite you to visit our office in the Knight Furniture Store, first door west of the Brownfield State Bank. We will be glad to give you any further information regarding our plan.

Sure we can do it!

Old Man Texas has sharpened his pencil. There's a job to be done. Uncle Sam has a war to win and it will be paid for by you and me.

Our big job is to meet rapidly increasing federal taxes and buy defense bonds. And added to these are the costs of our local and State governments, including bond issues. The money to pay for them must all come out of the same pocket.

To make the bill fit our pocket, we're going to have to cut out some of the things we can do without. Among these are new bond issues, new State and local taxes and nonessential spending in every branch of government.

Old Man Texas is looking to taxing officials all over the State to be on the alert to effect economies.

Every local tax dollar saved for Texas taxpayers is another dollar available for victory.

NEW SCHEDULE OF SERVICES AT FIRST BAPTIST CHURCH

The following services of the First Baptist church are based on war time.
 Sunday School.....9:45 a. m.
 Training Union.....7:00 a. m.
 Evening Preaching service.....8:00
 Young People (Mon. 7:00 p. m.
 Mid-week service.....7:30 p. m.

Clay Newberry has sold his splendid farm in the Union Community to G. D. Wade, owner of the Union store. Clay and family have moved to town.

No more gal car hops with just a few stitches of clothes on as possible, says the Texas Liquor Control Board. Tavern owners will have to dress 'em up or else.

J. C. Herring and small son were in Wed., with some coyote hides they caught with hounds. They get \$1. each for ears here, and J. C. says they then get from \$2 to \$5 each for the furs in St. Louis.

W. O. Walton and family are moving to San Benito for the next few weeks, he stated last week. He has been here several years with the biological section of the department of agriculture.

Bill Fulton was mixing with the crowds here Saturday.

G. D. Wade was in one day recently but forgot to bring his skids to move the courthouse.

Will Adams is having his recently remodeled and stuccoed home painted, which adds much to its looks.

Say, that norther Tuesday night was a humdinger while it lasted. We failed to learn just how cold it got, but there was plenty overcoats in evidence Wednesday.

We hemmed up Tom Tombs of Meadow in the Nelson-Primm drug this week and got a dollar off him. His daughter, who teaches at Lamesa, gets a great kick out of the comings and goings of the Old He, says Tom, so he takes the paper. But for the next year, maybe longer, most of our commutings will be between the home and office. Not much rambling now.

Minnie Hazel Gore visited in Monahans Sunday.

Mr. and Mrs. Ray Brownfield have returned from visiting their son and family in Ft. Sill, Okla.

Mrs. Regis Quinlan and children are visiting her parents Mr. and Mrs. W. A. Bell.
