BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY, APRIL 10, 1942

NUMBER 36

LARGE CROWD EXPECTED AT THE DEFENSE BOND RALLY

Splendid Speakers Of State-Wide Reputation To Be On Hand Tonight. See The Parade Put On By The Defense Guard.

Plans are practically complete for big defense bond rally at American Legion Hall tonight at 8:30 p. m., according to J. O. Gillham, County Chairman.

Besides several local speakers, Geo. Dupree, Chairman of Bond Sales for this Congressional District will be present to make the principal address. Frank Scofield, State Administrator, was invited to come but could not on account of a previous engagement.

Arrangements have been made with Capt. C. T. Edwards of the Texas Defense Guard to have a parade Friday evening, 5:00 p. m., and it is hoped that as many citizens as possible will avail themselves of the opportunity to see this fine organization.

Mr. Gillham is urging a large attendance at the rally in order that every citizen of the county will know about Defense Bonds and Stamps and will get behind this campaign to raise the Terry County quota.

Terry county must not lag. Our boys at the front expect every citizen here to do his duty. Don't miss this meeting.

Another Letter From Miss Runnels

Austin, Texas,
c/o T. S. D.,
March 30, 1942

Terry County Herald,
Brownfield, Texas,
Dear Home Folks:

Well, here I am again writing you some more news about the Texas School for the Deaf. I am still enjoying this school very much.

We are having nice rainy weather this month. It seems quite a change from the nice fair weather we have been having.

The school gave a benefit dance February 20. We all had a nice time.

Like all of the other schools in the United States, our school has changed to "War Time." Each one of us has been having a hard time getting our schedule straightened out. Our school paper, "The Lone Star States," that C. E. Ballard, a T. S. D. instructor, had quite a tale to tell about daylight saving time. It is as follows:

"In his apartment house at 1201 Rio Grande, all the accustomed procedure about setting the clock an hour ahead of time on Monday morning, Feb. 10 was duly observed.

"Sunday night a little girl living in an adjacent apartment set the clock an hour ahead of time. Her father, coming in a little while later, set the clock an hour ahead of time. A doctor, who owns the apartment house, came in later and set the clock an hour ahead of time. Came the morning.

"At three o'clock in the morning, the whole house was astir. With the clock two hours ahead of the daylight saving time, it is needless to say that everyone arrived at work with plenty of time to spare."

The girls in the clothing department have been learning to knit. They plan to make things for the Red Cross. Many of them have already made caps. They find that knitting is very interesting because it gives them something to do during their spare time.

The students have just finished taking their Achievement Test. This test is a very important one because it shows us how much we have improved in our school work during this year.

Most of our students went to see the movie Monday, March 2. This movie is very important for every army boy. We saw "Keep 'Em Flying," and enjoyed it very much.

I must close. Will write more again.

Your friend,
Miss Alva Lee Runnels.

Judges - Commissioners Meet In San Angelo

According to Judge C. L. Lincoln, the County Judges and County Commissioners of West Texas, had a great meet at San Angelo recently. They were not only well entertained, but there was a fine array of speakers on hand, including State officials, army and air corps men, and other influential citizens. The burden of a great deal of the addresses bore on defense and offense, as well as economy in county governments.

Judge Lincoln stated that one of the most appreciated addresses was made by Geo. A. Hight, chief accountant of district road indebtedness. His view was that inasmuch as the consumption of gas from which revenue to pay off road bonds, would be greatly retarded this year, that the counties might be called on to meet part of this burden.

Another good address was made by Dr. T. B. Knight, superintendent of the Texas Tuberculosis hospital at Sanatorium. He stated that some were moving to Texas in order to get their folks in the hospital, and advocated a law that people must be a resident of the state three years and be under sixty years of age. He recommended that patients be hospitalized for nine months.

The next meeting will be in Big Spring. By the way, Mr. Lincoln stated Terry county was better off by about \$20,000 than at this time last year.

A Letter From Eugene S. Hurt

Sunday Evening, March 29
Dear Friends:

For the first time since coming to this Port, I find that I have a few minutes leisure and know there is no better way of using it than writing to my friends.

The more I am away from Brownfield, the more I realize how fortunate I was and am to have so many fine people as my friends there. I consider the time I spent there as the happiest and most worthwhile period of my life and hope it isn't too long before I'll be on my way back home.

My work here in the officers Training School is very interesting and harder on my shoes and the knees, than on the seat of my pants. As a matter of fact I hardly know what a chair feels like and am only slightly acquainted with a bed. The study of the art of war is a far cry from the study of law, but I found them both very interesting. The use of a bullet instead of a word to persuade another to a different way of thinking is common sense at this stage of the game and I hope that we are furnished with plenty of bullets, the Japs can't and won't argue with a machine gun.

Incidentally, my class set a new record in machine gun marksmanship, scoring a class average of a full seven points higher than any previous officer's class. My experience with the machine gun has given me a healthy respect for them and I hope I never find myself on the wrong end of one.

This Infantry school is running in high gear and it is a great thing to feel that I am a part of such a great, vital machine that is the Army of the United States. My classmates are fine, healthy, serious minded and intelligent men and most of them will make fine officers. They miss their homes and their loved ones and are working fourteen hours a day on little pay to better fit themselves to be of service to the country of their birth and the country of their hearts Don't forget them.

As ever,
Gene Hurt.

Scouts Take Over Paper, Magazine Collection

The Boy Scouts of Brownfield took over the collection of paper on April 1. The Lions Club had been handling this for the past several months. All of the old paper which can possibly be salvaged is needed in the present War Emergency. A moderate price is being paid for this old paper making it a project which will bring some returns to the Scout troops. All money made from the collection of this used paper will be used in Scouting activities, and the people of Brownfield and surrounding territory are requested to cooperate in gathering all used paper for the Scouts to collect.

Pickup in Business District Each Day

Pickup of paper will be made in the Business District of Brownfield every day except Sunday. Business houses are requested to cooperate with the boys in placing the paper in convenient places for pickup. Soiled paper should be burned and not mixed with good paper as soiled paper cannot be used again. Whenever possible and if convenient the magazines and newspapers should be separated from scrap paper.

Pickup in Residential Section

People in the residential district are asked to save only magazines and newspapers. Scouts will not pick up paper in the residential district everyday. People are requested to collect their paper and hold until some boys call by for it. If the supply should accumulate and the person desires the paper removed just call some scout and not the Scoutmaster. Wire pins have been constructed at the back of the local Scout Hall to hold this paper, and anyone desiring to move the paper could bring it to the Scout Hall and place it in one of the pens. People who live in the rural section are requested to bring their paper to the Scout Hall and put it in one of the pens at the rear. Card board and card board boxes are needed also and people having them could save this kind of paper.

Terry County About 100 Short On Passenger Cars

According to Herbert Chesshir, assistant to Virgil Burnett at the County Tax Collector-Assessor's office, up to Monday morning they had only sold 2,145 passenger car licenses, which is a drop of about 100 from last year, he stated. Following is the classification of license plates sold:

Passenger cars	2145
Commercial Trucks	270
Farm Trucks	265
Trailers	100

Total 2780

Mr. Chesshir stated that the price on trailer tags ranged all the way from \$4.00 to 10.00 in this county, according to load capacity. On the face of this report, we are inclined to believe that many people did not believe their tires would stand up for the duration or even one year, and therefore ran them in the garage, or storage.

Naval Recruiting Officer Here Tuesday

Recruiting Officer, J. E. Galloway, of the U S Navy, was here this week and stated that he would be at the Postoffice in Brownfield each Tuesday, at which time those who wish to join the regular Navy or the Naval Reserve, would have an opportunity to contact him.

Enlistment for reserves is between the ages of 17 and 36, and this will include married men, if they can qualify by experience for positions that will pay sufficient to support dependents. This includes mechanics, clerical workers, etc., and the pay ranges from \$66 to \$99 per month.

Mr. Galloway can be contacted at the Federal building in Lubbock most any day. Those not 21 must furnish proof of place and date of birth.

Hackney Heads Committee For Navy Relief

Austin, Texas, April 2—The Navy Relief Society Citizens Committee in Terry County will be headed by Burton Hackney of Brownfield, Texas. This appointment has been announced by Attorney General Gerald C. Mann who is Texas chairman for the Navy Relief Campaign. Under Chairman Mann's direction every county in Texas is being organized for the purpose of raising funds for the families and dependents of men serving in the Navy, the Marine Corps and the Coast Guard. Texans are asked to contribute \$210,000 toward the national quota of \$5,000,000 for Navy Relief.

The Navy Relief Society campaign in Texas will be centered during the Navy Appreciation week, April 19 to 25th, which has been officially proclaimed by Governor Stevenson.

"This Navy Relief Campaign gives the people of Texas a chance to contribute directly to the welfare of the brave men who are fighting our nation's enemies in the South Pacific, on the Atlantic convoy lines and on the seas everywhere". Chairman Gerald Mann says, "The Navy at present is our front battle line. They are suffering casualties and their families must be cared for. The Navy Relief Society acts speedily and care for emergencies not provided for by the Government. This appeal is made in behalf of our own boys who are even now in the midst of battle. I know that Texas will not fail to respond generously to this request".

Contributions to the Navy Relief Society should be sent without delay to the chairman of each county organization.

Airman Dub Balfanz Reported Safe In Philippines

A. W. (Dub) Balfanz, Army Air Corps pilot in the Philippines is "safe and well," his mother, Mrs. A. W. Balfanz, owner of the Toggery Dress Shop of this city, was advised Tuesday by radiogram.

A. W. has been stationed in the Philippines since last June 21, and in the Air Corps since Oct., 1940. He was at Nichols Field, Manila, prior to the war's outbreak.

Shuck Pile Fire Saturday Night

A fire that created more smoke and excitement among fire goers was a pile of shucks near the Grady Goodpasture Grain Elevator Saturday night. So far as we could learn, no one knew how they came to be on fire.

Anyway the damage was slight, and the "fire fans" got a run for their money.

They're together again — the comic couple of "Wyoming" and "Barnacle Bill"—this time appearing on the Rialto screen in "The Bugle Sounds," new M-G-M drama of the U. S. Tank Corps, with Wallace Beery playing a hard-boiled sergeant, and Marjorie Main his light of love!

Cubs Begin Spring Football

Coach Noonca ster Has Great Faith In 66 Men Now In Training.

The Cubs are at it again! Last Thursday afternoon 66 husky boys turned out for the first workout of the Spring session. Coach Aubra Noonca ster stated that he was not at all pessimistic about the prospects for the 1942 season. In spite of the fact that the Cubs will be in deep water up to their necks in Class AA competition with Amarillo, Borger, Lubbock, Pampa, and Plainview, there are many who will tell you that "them Cubs" will still be there when the last whistle blows next season.

Out of the group of 66 boys there are 15 lettermen. They are: Harold Dalton, Deverle Lewis, Harold Walls, Edgar Self, Calvin Stevenson, Boyd Miller, Keith Mason, Spencer Murphy, Billy Greenfield, Erwin Moore, Neill Burnett, Richard Marchbanks, Bobby Jones, Harold Forbes, and Ladell Nelson. Six of these boys were starters last fall when the Cubs won 11 straight games to win the Bi-District Championship in Class A. Deverle Lewis, swivel-hipped halfback for the Cubs the past two seasons will probably be the spearhead of the Cub attack again next fall. Last season Lewis was one of the high scorers of the country when he unloosed his antelope legs for a total of 163 points. He was an unanimous choice for All-District honors in 1941. Harold Dalton, another unanimous choice for All-District honors last fall will be back again to try to close out his high school career with a good year. He is one of the most consistent players that the Cubs have ever boasted. His tackle position is always well in hand when he is in the lineup.

Spencer Murphy, who was rated as one of the best blocking backs in the Plains section, will be back again to lay 'em low for Lewis and the rest of the Cub backs. It is very seldom that a blocker ever gets any recognition but Murphy came in for a big share of mention last season as a Junior. The coaches are expecting big things from him the coming year.

Coach Noonca ster states that he has a number of bright prospects from last year's crop of reserves and from the Junior High squad of the past season.

Expects Typhus Epidemic In Texas

Austin, Texas April 6 — Typhus fever is fast developing into a serious health menace in Texas according to Dr. Geo. W. Cox, State Health Officer, who today issued an appeal for every Texan to cooperate in the prevention of this dread disease.

Last year, the greatest number of cases in the history of the state were reported, when there was a total of 733 cases of typhus fever in Texas. While there were only forty-six cases of typhus fever reported during the first twelve weeks of last year, during the same period of this present year, there have been 131 cases, Dr. Cox stated. With the peak of this disease occurring during August, if the present trend is continued we may expect serious conditions resulting from typhus by the end of summer.

The type of Typhus fever occurring in Texas is known as endemic or Brill's disease, and is transmitted to human beings from infected rats, by the means of the rat flea. The eradication of rats greatly reduces this health hazard, and a consistent program of rat poisoning, rat trapping, and rat proofing with aid materially in the control of typhus in Texas.

Dr. Cox stressed the fact that it is the patriotic duty of every Texan to cooperate in maintaining the highest possible health level, and the eradication of rats will reduce the typhus among our civilian population as well as our armed forces.

Mr. and Mrs. Roy Herod spent the weekend with relatives in Snyder.

HOT CONTESTS SEEN IN BOTH SCHOOL AND CITY ELECTIONS

This Was One Time The "Outs" Seem To Have Had The Most Votes. No Hard Feelings, But Both Sides Determined.

Cox Is The Next Mayor Of Brownfield

The citizens of Brownfield showed the greatest interest in their city election for many years, Tuesday, when, according to the total vote in the Mayor's race, 701 votes were cast. While a number of qualified voters did not cast their vote, a majority, perhaps, did.

The election resulted in the election of Jesse D. Cox as the next mayor, and Kyle Graves and W. B. Tudor succeed Tom Cobb and I. M. Bailey as councilmen. We understand that the new men will take their oath of office at the first regular meeting the first Tuesday in May. Holdover councilmen are Marion Craig, C. J. Smith and Herman Chesshir.

The following is the unofficial vote as handed the Herald:

For Mayor	
Clyde C. Coleman	227
Jesse D. Cox	336
Frank Jordan	138
Councilmen (two high men)	
Tom Cobb	246
Kyle Graves	340
I. M. Bailey	187
W. B. Tudor	313
R. L. Bowers	165
Rudolph Moorhead	69

Mr. Moorhead had announced in advertisements after the tickets were printed that he was not a candidate, but got a number of votes anyway.

It Rained And Sleeted And Snowed

An initial shower Sunday afternoon and Monday started the first April shower period, and up to this time the total rainfall, snowfall and sleetfall, all melted, has been 2.20 inches to Thursday morning, a doggone good season.

The unseasonably warm early April weather ended Monday, when the wind shifted to the east and then northeast. A hard wind from the north Tuesday night was believed to be the beginning of the end, but Mr. Pluvius had something else up his sleeves.

So, it rained all night Tuesday, and is still snowing as this is written at 2:30 Wednesday afternoon. And to add to the woes and other miseries, the Herald has a leaky, or rather pouring roof.

Suggestion

The biochemist, sociologist, psychologist, dietician and whatnot are all telling us what to eat to win the war. What they say may be alright, but those who stick to a goodly share of cornbread, clabber cheese and pure water won't go far wrong. Then mix in plenty of greens as spring opens up. Then try sweating a little along with this or any other diet. More people just rust out than wear out. Just what 'ology' or 'ism' sweating comes under will make little difference. It may be a social disgrace, but there is still something to the trite Biblical advice of "man earning his bread in the sweat of his brow," or something like that. If you don't like to sweat, try perspiring a little along. Many a pretty woman has ruined her complexion stopping up the pores of her skin with a high-priced daubing compound when the Almighty intended for her to exercise and sweat the pores out and keep her face clean—Clarendon Leader.

Notice To Parents Of Service Men

Parents of men in the service may obtain a U S flag free of charge by calling on Tom May, as he is really anxious for these parents to possess one of these flags. They are real nice, and make a fine present to anyone.

They have a rubber vacuum cup on them and may be placed anywhere in the walls or doors. Make Tom produce.

Since the Brownfield Consolidated Independent School District has stretched in a long gangling area a few miles over in Yoakum county, to the Lynn county line, some 35 miles by, we would say, a width of ten to fifteen miles, there are a lot of qualified voters in the district, and for some reason, all have to vote in Brownfield. But as elections are held on Saturday, as long as the auto tires are fairly good, that won't make a great deal of difference.

According to Fred Smith, presiding officer of the election, a total of 466 votes were cast, which was many more than ever voted at an election in the district, and as quite a bit of interest sprung up, they turned out well to give their poll tax receipts the first exercise of the year. At the time we cast our vote, we believe there were two ladies to one gent at the polling place, showing that the ladies are intensely interested in their school, and they want the best men they can procure to handle the thousands of dollars this district uses and to handle the affairs of this district.

The following is a decision of the voters, and of course, the seven high men are those elected:

W. R. McDuffie	373
C. E. Ross	337
Bruce White	332
J. D. Miller	302
Jim Langford	296
Kenneth Furr	291
Dr. R. B. Parish	262

Others receiving votes were:

H. R. Winston	186
Wood E. Johnson	186
B. L. Thompson	133
B. O. Black	132
W. E. Bond	124
J. M. Telford	107

Cecil Smith received one vote but his name was not on the ticket. On the county board, O. K. Tongate of Precinct 2, was elected, and J. R. Davis of No. 1, succeeded himself.

Old Time Yoakumite Dies At Dallas

W. H. Hague, 65, of Plains, died in a Dallas hospital, April 2. A hearse from the Brownfield Funeral Home went down after the body. Funeral services were conducted at the Baptist church at Plains Saturday afternoon at 3 p. m., by Rev. Holtzclaw. Burial in the Plains cemetery followed.

Mr. Hague served about 24 years as county and district clerk of Yoakum county, and was well known and highly respected by all who knew him. The writer counted him as one of his best friends.

He leaves a wife and several children to mourn his passing.

Bob Spear Home One Hour Saturday

Bob Spear, who was home for just one hour Saturday, looked quite natty in his Naval uniform. Bob is taking an advanced course in Naval Radioing at Stillwater, Okla.

Mrs. Spear carried him in the car as far as Amarillo in order to be with him as long as possible. Yes, Mrs. Spear, also, was tickled pink at Bob's attractiveness.

Don't Put Waste Paper At The Old Place

You were instructed several weeks ago to deposit waste paper near the old native elm tree at the northeast corner of the courthouse park. Don't do that anymore, as they will just blow over town.

The Boy Scouts are collecting waste paper, Dr. R. B. Parish, Scoutmaster of Troop 49, is giving you full instructions what to do with your waste paper in another article. Read it.

Mamie Drennan spent the week end with relatives in Hamlin.

Now that two hot elections have past and gone, let's get down to helping our government win the war.

Yep, April brought its showers, all right, and added a crazy quilt section now and then of sleet and snow. You that have read Mark Twain's description of New England weather, can wonder if Mark ever lived on the South Plains.

Texas voters in the fall election will have a chance to vote on a constitutional amendment that will eliminate deficits in the general fund, which is now around \$0 million dollars, by the insertion of a new section to Article 3, of the Constitution. If the amendment is adopted, future legislatures cannot appropriate money that does not exist, and the comptroller must furnish the legislature with a statement of the expected income. The only loophole in the amendment is a provision for an "emergency," and an appropriation for such an emergency must be passed by four-fifths of the legislature, which will be rather hard to do unless there is a "real emergency."

From April 25th to May 2nd has been designated as Boys and Girls Week, and we are not aware whether there will be any program here or not. If not, there should be one, and made to cover the whole area. Too many times, children are left by their parents to seek out their own methods of entertainment, and often the choice is bad. Parents now days seem too prone in seeking out their own entertainment to look after the children. The four-fold purpose of the Boys and Girls week is: 1st, to develop the potentialities of our boys and girls; 2nd, to acquaint the public with local boys and girls work; 3rd, to emphasize the importance of home, church and

school; and 4th, to emphasize the responsibilities of youth citizenship.

Roger Babson, statistician, says there is little likelihood of the government going bankrupt. Governments, unlike individuals and corporations, know no limits. They can issue more money when it is needed, and set a tax for its collection. Firms and individuals are limited to their own resource. As a matter of fact, we know that Germany was practically bankrupt, according to individual notion, when she started a great war four years ago, and has spent billions of dollars since. And Japan, according to private financiers, was insolvent 20 years ago, but is still spending billions and going strong.

MRS WILEY DAY PASSES

Mrs. Day, 47, wife of Wiley Day of the Foster community, passed away last Friday at the local hospital, after three weeks in that institution. Mrs. Day had been in bad health for several months.

Funeral services were conducted for the deceased Saturday afternoon at 3 o'clock at the Foster Baptist church, by Rev. W. G. Boyd of Wilson. Burial in the Foster cemetery.

Mrs. Day was born and raised to womanhood in Limestone county, where she married Mr. Day near Prairie Hill. The family moved to Terry county in 1935. Other survivors are, two sons and two daughters, Stanford, who is working in California, but attended the funeral; John Day and Misses Valentine and Georgia Mae, all at home. She is also survived by seven brothers and three sisters, all living.

PRESBYTERIAN CHURCH NEWS

Sunday School and Morning Worship will be held at the regular hours next Sunday. We had a fine time last Sunday with a real spiritual feast together. On Monday night we held our Annual Congregational meeting, having our meal together with the business coming later. Reports from the heads of the various departments of the Church were given. A building committee was elected to carry forward the work of remodeling our building and adding Sunday School rooms. This committee is: George Alexander, Albert Swanson, Mrs. Frank Weir, Mrs. Grant Winston, and F. A. Walker. If you have not made a pledge toward this please do so to Marshall Loyd when convenient.

We have had eight additions to the Church in the past week and expect a number to join Sunday. We invite those who have not a church home in Brownfield to worship with us.

Bill McGowan has received his degree from the University of Texas and has returned home to visit his parents, Mr. and Mrs. Joe J. McGowan before starting his training for the Air Corps at Kelly Field, San Antonio, next month.

Lee O. Allen, Everett Latham, Clovis Kendrick, Pete Tiernan, and Dick Brownfield left Sunday on a fishing trip to Old Mexico.

Mr. and Mrs. B. L. McPherson and Mr. and Mrs. Shorty Brown and children spent Sunday in Lubbock with Mr and Mrs. Barton McPherson and Mr. and Mrs. Homer Craig.

NEW OFFICERS ELECTED AT RANDAL P.-T. A.

The Jessie G. Randal Parent-Teacher Association met on Thursday, April 2, with Mrs. Frank Wier presiding. Mrs. Wilhite acted as program leader. Miss Viola Brown gave the invocation. The fourth grade pupils, directed by Mrs. A. L. Bruce, gave three folk games. Mr. Emmitt Smith led a panel discussion on "My Part in the National De-

fense Effort." Participating on the panel were Mrs. Lee Fulton, who discussed the homemaker's part; Mr. E. C. Buell, who discussed the school's part; and Mr. W. R. McDuffie, who discussed the business man's part. The members also participated in the discussion. Dennie Ballard, third grade, read an original composition on Clean-Up week. Posters and Rhymes made by pupils of the Randal school were exhibited.

At the business meeting, the members voted to send Mrs. Joe Shelton as a delegate to the P.-T.A. District Conference at Anson; to furnish a car to transport needy children to Lubbock for eye-fittings; to give a bean dinner at the school on April 24; and to change officially the name of the organization to the Jessie G. Randal Parent-Teacher Association.

The following officers were elected for 1942-43: Mrs. Joe Shelton, president; Mrs. James King, 1st vice president; Mrs. O. L. Peterman, 2nd vice president; Mrs. E. L. Struges, 3rd vice president; Mrs. Wilhite, secretary; and Mrs. Tom Black, Treasurer.

Mrs. Cates reported a total of \$93.00 in the Milk Fund.

The first grade Room-Mothers were hostesses at the social hour.

Baptist Church News

Sunday's services were well attended with 381 in the Bible study and large attendance at the preaching service.

Sunday evening the choir presented the cantata "Our Living Lord", which was well received by a vote of appreciation from the audience, after which five candidates were baptized.

The weekly teachers and officers meeting having taken the place of the devotional hour until those not being teachers and officers in the school, have quit attending, a motion carried recently to make the first 35 minutes of this service devotional and urge upon all to attend for at least this period after which the teachers and officers of the school resume their lesson study and preparation for the school on Sunday morning. It is desired to make this devotional period a worthwhile service of requests for prayer when the teachers and others may present objects of spiritual need and the spirit of prayer may predominate. This period is need in the church life and it is hoped that it may be largely attended and well received by many.

Spring is here and with the better weather and less sickness we expect our attendance in the school to be greatly enlarged.

The names of thirty or more men now in the service who are members of families represented in the membership of the church have been posted in the auditorium with their addresses where that is possible that the people may write them a line of encouragement which no doubt many of them need. We miss these service men and need new volunteers to carry on while they are

RELIEF CLIENT SLAPS JAPS

"I slapped another Jap today," his was a feeble voice made so by almost incessant illness of various forms during the past few years.

An empty sleeve dangled from his left shoulder. For more than forty years he managed to provide a livelihood under the handicap of only one arm.

Then came failing health. For ten years he endured the pains of a wrecked physical makeup, carrying on as best he could. Finally he was forced to retire, but only to find his finances so depleted that his only recourse was to ask to be assigned to the relief rolls.

During the past few months Frank Avery, well known local character and subject of this sketch, has purchased two small defense bonds as his contribution to defend his country. Already past "three score years and ten," his deepest regret is that he cannot do more for his country.

"It don't take much for me to live on, and every extra penny goes into defense stamps," he remarked in a tired and aged voice, as he massaged the side of a swollen face to relieve some of the pain.

Have YOU bought any defense stamps today?—Jayton Chronicle.

MEADOW PUPILS IN RECITAL REBEKAH SOCK SUPPER

Vida Jo Copeland, daughter of Mr. and Mrs. Floyd Copeland and David Turnbough, son of Mr. and Mrs. C. R. Turnbough, all of Meadow, were presented in piano recital by their teacher, Gertrude Rasco, last Thursday afternoon at the Meadow First Methodist Church.

Nineteen numbers were rendered during this recital. Refreshments were served.

The Littlefield CCC buildings are being torn down and moved to a location near Camp Bowie. It will be occupied by CCC boys from Coleman, who will terrace and stop erosion around Bowie.

Mr. and Mrs. Lal Copeland and son and Jane Brownfield visited relatives in Portales, N. M., Thursday and Friday.

The Rebekah Lodge Sock Supper was held March 30 at the I. O. O. F. Hall, and was well attended. Music and song was furnished by Mrs. Lois Harris and Miss Wanda Lee Clowers. Ida Bruton, Margaret Joe Wilhite and Lorraine Haynes were in charge of the games and Cornelia Moore was in charge of the cake walks.

We wish to thank Mr. Ed Evans for auctioning the socks.

Mr. and Mrs. L. Nicholson and son, Mrs. W. B. Nicholson, Mrs. Ray Hughes and daughter, Gloria, spent Sunday visiting relatives in Pampa.

Mutt Scudday of Denver City was a visitor here Thursday.

JESSIE G. RANDAL SCHOOL OBSERVES CLEAN-UP WEEK

Pupils of the Jessie G. Randal School observed Civilian Defense Clean-Up Week by making posters, and composing rhymes and essays on that subject. The best posters and rhymes were exhibited at the April 2nd meeting of

the Jessie G. Randal P. T. A., and Dennie Ballard read the following original composition:

Clean-Up Week
 "Why, hello, Granny and Big Boy. Did you come to visit us, and did you know that this is Clean-Up Week?"
 "No, I didn't," said Granny.

"What is Clean-Up Week?"
 "Well, you clean up papers and tin cans."

Big Boy asked, "Do you have it every year? And what good does it do?"
 "It is patriotic, and we have had it every year since 1917."
 "Well, how did it start?" Granny asked.

"The President of the United States decided that we should have a week to just clean up the town."
 "Well, good-bye. We sure did learn a lot," said Granny.
 "We were glad to tell you. Come back again."
 Some of the original rhymes were:
 Fire is a good servant
 But make it obedient.
 Fire serves you good
 When it cooks your food,

From where I sit...

by Joe Marsh

Best storekeeper I ever knew was a fellow named Sam Abernethy. Sam's specialty was to take over some run-down store that somebody else had given up as a failure. Then Sam would turn it into a gold mine.
 "But the most important thing of all," he used to say, "is to remember who's Boss!"
 "You may think you are Boss of your business . . . but you're not. The Public, your customers, are the real bosses . . . and you've got to run your business the way they want it."

That little statement of Sam's made a big impression on me . . . particularly since it certainly seemed to work so well in Sam's case.
 And Sam isn't the only one. I see the beer industry feels the same way . . . certainly, the brewers believe in running their business the way you and I would like to see it run.

Folks like us like to see beer sold in clean, quiet, decent places.

Joe Marsh

But it serves you ill
 When it burns your sill.

 I saw on my way to school today
 Some bottles, papers and cans
 Waiting for me to find a way
 To gather them up on Clean-Up Day.

 Clean-Up Week
 Is what we seek
 Destroy the weeds
 And plant the seeds.

Shirley, 4th Grade.

Posters exhibited were made by the following pupils:
 Florence Wilson, Wanda Mae Carter, Donald Wayne Andress, Barbara Ann Stice, Nancy Wier, Annie Grace Nicholson, Richard Rickli, and Lola Faye Blacksten, fourth grade; Dorothy Albert, second grade; Gary Doie Roberts, Althea Jacobson, Jo Ann Shelton, and Eddie Mac Brown, first grade.

Mr. and Mrs. Johnny Kendrick were in Seminole on business Friday.

WELLMAN H. D. CLUB

The Home Demonstration Club met March 24th at the home of Mrs. Clyde Heafner. There were twenty-five members present. Mrs. Sam Oliver and Miss Hollis Trotter joined the club. At present we have forty-three members enrolled.

Mrs. Gordon Mills had charge of the program. She explained the Home Nursing Course offered by the County Health Nurse, with the assistance of Miss Mills who is a graduate nurse.

Open discussion followed her talk and it was decided to meet each Wednesday at 2:15 p. m., for a two hour lesson. Mrs. Mills stressed the importance of full cooperation on the part of each lady contemplating taking the course.

Mrs. D. H. Griffin was elected delegate to the annual convention of Home Demonstration Clubs to be held in Lubbock April 10.

For recreation, Mrs. Griffin led a comical exercise song and also danced a jig to the tune of "Turkey in the Straw," played by Mrs. Heafner.

As Mrs. Bennett is unable to entertain the club in her home as scheduled it was decided to meet with Mrs. O. B. Trotter. Miss Blanton is to demonstrate slip covers. Please be present.

—Club Reporter.

WHAT DO YOU DO WITH YOUR Worn-Out Cows?

Sure, cows wear out when you keep them producing heavily and bearing calves unless you assure them the necessary elements which may be lacking in their everyday feed. Give them Watkins Mineral Compound for stock and they will be sure of those minerals as well as tonics and regulators so help keep them in top condition.

I'll be seeing you soon to tell you more about this money-saving product, as well as the other Farm Line items among the Watkins Products. I carry a complete stock of them and also can save money for you on household needs, such as extracts, spices and toilet articles.

Wait for my call—it will pay, or write, call or phone me to avoid delay.

How this oil with its modern synthetics—man-made betterments—triumphed in the Certified Death Valley Test. Why it out-mileaged five others more than 2 to 1 . . .

CONOCO Nth MOTOR OIL

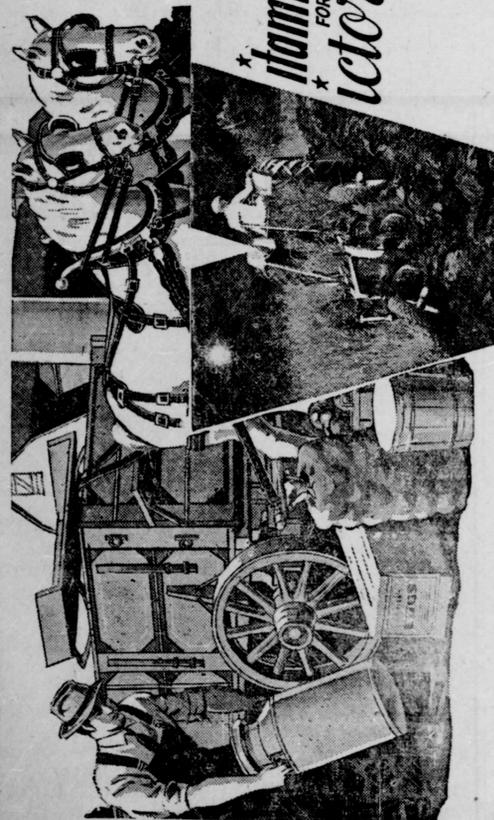

A PEBBLE starting an avalanche that wrecks a town can illustrate one big thing to you about getting full mileage from your oil change this Spring. (Spring change is a serious "must," all authorities warn you.)
 Now folks in the hills take care not to give pebbles any start. And by changing to Conoco Nth motor oil you are taking care not to let thickening mush get a start in your crankcase. The added modern synthetic . . . man-made Thialthene inhibitor in Conoco Nth . . . is aimed to inhibit or ward off the very start of bad "jelling" that often drags down mileage these days.
 And still another synthetic in Conoco Nth has long been noted for its magnet-like way of attaching OIL-PLATING to inner engine surfaces. OIL-PLATING isn't all constantly draining down. Then instead of plain fluid-type oil film alone, which comes and goes, your engine can have this steadfast OIL-PLATING besides . . . Oil film sliding between OIL-PLATED engine parts!
 What's gained in engine life and oil mileage? You can judge from the impartial Death Valley Test. Conoco Nth ran up more than twice the mileage averaged by five big-name quality brands—each by five big-name quality brands—each run till engine was ruined. Conoco Nth out-mileaged the next-best by 74% and another by 161% . . . certified.
 What's the best oil mileage you'd hope for in your own car? See if Conoco Nth doesn't deliver. Your Conoco Mileage Merchant knows your correct Spring grade. Change today. Continental Oil Company

I GIVE YOU TEXAS

by BOYCE HOUSE

Memories of a roving cowboy ar away from home: St. Paul, with its \$3,000,000 city hall and courthouse, 23 stories high—in the lobby a statue supposed to be an Indian God of peace but actually a monstrosity made of 60 tons of Mexican onyx, a beautiful mass of material that as been mutilated at a cost of 125,000 and which revolves almost imperceptibly so that two and a half hours are required for the heavy-featured, nightmarish figure to turn completely around. San Francisco, where a cafe is quaintly named "the Fable" and there is a cocktail parlor appetizingly called "the Pink Rat." Mexico City, where our little group were the only tourists in a theater where the mighty Chang, Chinese magician, presented his feats of magic, the climax being ghosts shrieking through the darkness and brushing against the patrons' heads.

Hollywood, where Sid Grauman's Chinese Theater is a show-place (literally and figuratively), the sidewalk bearing the imprint of the feet of many stars—Douglas Fairbanks, Bill Hart, Edgar Bergen, Janet Gaynor (to name a few) as well as the knee prints of Al Jolson (because of his position as the singer "Mammy" songs) and the outline of Harold Lloyd's glasses.

Showalter of Throckmorton and Editor C. C. Fadsell of Donna say they haven't either. . . . Former District Judge Ralph Yarborough is a profound student of law, literature and history but he likes to drop a nickel in a cafe music box—cowboy tunes are his favorites. . . . Has anybody seen a boxball alley lately? Last one I saw was across from the Southern Hotel in Brownwood in 1921.

A customer called to a waiter, "Say, is this an incubator chicken?" The waiter said, "I don't know." The customer said, "It must be; no chicken that had a mother could ever have got as tough as this one." Happening to land in Hawkins when the oil boom hit, a hitchhiker bought a lot for \$1,000.
