

## Is Terry County Striking For 40 Hour Week

Recently the Rotary Club of Brownfield appointed a committee to address a letter to the President, our Senators and Representatives, asking that they do something to eliminate the "Forty Hour Week" and "Strikes" in Defense Industries. The letter drew favorable and encouraging comment from all parts of the nation. This move on the part of the Rotary club was patriotic and commendable, but, let's take a look at our own war efforts.

We have been asked by the Treasury Department to purchase during 1942, out of current income, \$54,000.00 in War Savings Bonds. Our quota for the first three months on this basis was \$138,500.00. There were actually purchased during the first quarter of 1942, in Terry County, \$56,000.00 worth of bonds, or 41% of our quota. These facts cast a shadow on the record of Terry County when you consider these questions:

Can the United States win this war on a 41% Production Basis? Likewise, can the United States win a war with only 41% of the money needed to execute the war to a final victory?

The only answer to both is NO. DEFINITELY NOT.

Then what are we going to do with the "Strikes" and "Forty Hour Weeks" that have developed in the purchase of "War Savings Bonds" throughout Terry County.

Think it over.

## J. Ross Bell Candidate For Appeals Court

Among the prominent visitors to our city this week was J. Ross Bell of Childress, Texas, who is seeking the office of Chief Justice, Court of Civil Appeals, Amarillo. This is the 7th Supreme Judicial District of Texas, and this court passes only on civil cases.

Judge Bell is not unknown to a lot of Terry county people who were here ten or more years ago, as he frequently visited in the home of Mr. and Mrs. Earl Alexander. Then too, he served several years as District Judge of the 50th district, which included the counties of Baylor, Knox, Cottle, King, Dickens and Motley, and many Terryites came from these counties.

Judge Bell spent some 20 years as a resident of Paducah, before moving to Childress 14 years ago. He is a man of pleasing personality, and is said to be a very deep student of law and evidence.

The Herald is pleased to present to the voters of Terry county, this fine, clean, judicial gentleman.

## Car License Receipts Slightly Less Than 1941

Tax Collector Virgil Burnett stated to a reporter this week that the receipts for car and truck license in Terry county this year was \$39,674.08, and was slightly under the amount received in fees last year.

However, he stated that it was really some \$5,000.00 above what was expected when the collections began. He believes that receipts will fall from this on, as few new cars will be sold. All this money remains in Terry county to be used for road work.

## Mayor Evans Of Union Up Tuesday

Mayor Ed Evans of Union, was a caller at the Herald office Tuesday to renew, and stated that he took office when George Wade moved out in the suburbs and became disqualified to hold the office.

We made the threat to run our car through the town at 60 miles per hour some day, when we get new tires, with our honker wide open. Whereupon, Ed promised us a berth in his ice box as punishment.

## Fourth Registration On April 27th

On Monday, April 27, 1942, by a Proclamation issued by the President of the United States, all male persons who were born on or after April 28, 1877 and on or after February 16, 1897 will be required to register.

The local board has arranged to have registration booths set for the fourth registration in the offices of the first floor of the court house in Brownfield, Texas, the gymnasium of the Wellman school district and the Gymnasium of the Meadow school district at Meadow. You will register with any of these as you care to choose.

The registration booths will be opened up at or near 7 a. m., and you are urged to come throughout the date mentioned as it is convenient for you. If you are an employee you may come early and everything possible will be done to rush your registration along and if you are not an employee, please delay coming till up in the day.

The Commissioners Court and County Judge have declared a holiday for county officers and employees for April 27 and you are urged if you have any official business with these offices to attend to that before April 27 and if not to delay the matter till April 28.

Tom May, Chairman,  
Terry County Local Board.

With Norma Shearer and Melvyn Douglas co-starred for the first time by M-G-M, "We Were Dancing" opens Fri. at the Rialto Theatre as a bubbling and frothy modern comedy of two professional houseguests who played around with millionaires but didn't have a dime to dance on! The picture is based in part on Noel Coward's "Tonight at 8:30," and was directed by Robert Z. Leonard.

## Chief Williams To Teach Local Firemen

Local fire chief, Eunice Jones was in this week and stated that next Tuesday night, April 21, at 8 p. m., Chief Frank Williams will conduct a firemen's training school. He also stated that Seagraves and Denver City firemen had been invited to meet here at the same time.

Chief Williams has had a lot of experience with fires, and of late has had much training in stopping incendiary bombs. Eunice also stated that the general public is invited, as Williams will have some valuable information for air raid wardens, civilian defense workers and auxiliary firemen.

The session will be held in the district courtroom. Chief Williams has an itinerary that will carry him over most of the western part of the State, and as far south as Taylor. One day is all the time allowed at one place.

## Hancocks Sell Out, Take A Vacation

Mrs. B. C. Hancock stated this week to the Herald that they had sold their cafe.

Mr. and Mrs. Hancock will take a long vacation in California, visiting their son George Bruce at San Diego.

Tom Toombs of north Terry, was in on business, Monday.

## April 17th Named By FDR As "Victory Book Day"

In a recent press conference, President Roosevelt named April 17th as "Victory Book Day." Americans all over the U. S. A. are urged to give as many books as possible on that day to swell the libraries of the boys in training at various points in the nation, and this will include soldiers, sailors and marines either at home or overseas.

While practicing and getting ready to fight, these boys will have some time on hand for recreation, and a good book is not a bad entertainer to say the least. They have their games in the recreation centers, as well as shows, but a good book is always acceptable.

Col. E. O. Thompson illustrated this point well at the Panhandle Press Convention at Amarillo last week. In the regiment he helped to train in Louisiana this past summer, he stated that they had a large scroll for each man to sign if he was ready to fight anywhere for human freedom. All signed it, he stated.

On the other hand, in the last war, he had a regiment he went over with, and was with the Army of Occupation in Germany. Four hundred of that number was willing to sign, but couldn't write or read. The others signed. He gave this illustration to show the educational progress in the past 24 years. And he stated that while the 1917-18 boys were good fighters, they weighed 16 pounds to the man less than the men he trained this summer, showing what physical culture, balanced ration, dental and medical attention was doing for the men.

The majority of the men who are now fighting or preparing to fight for this nation, draw only \$21 per month. After their necessary expenses are met, this leaves them little or nothing to buy books and magazines with. So the people at home are called on to supply these books. Even if a soldier seldom reads, when he sees the effort of the people back home to supply him with these essentials, it braces his morale. The "Victory Book" campaign is being sponsored by the American Library Association, American Red Cross and USO. It is their suggestion that the interest of milk companies, grocery stores, bakeries, etc., be enlisted in town, and that they collect the books on their rounds and deliver them to the receiving book depot.

The Herald suggests that Mrs. Randal and others in charge call up these delivery men today and enlist their help in collecting the books, today.

## H. D. Council Holds Session

The Terry County Home Demonstration Club Council met in regular session the last Saturday of March with the Chairman, Mrs. Hardin Joyce presiding. As the roll was called each club reported on their years work.

Mrs. Reginald Martin was elected Parliamentarian. The Victory Demonstration campaign was discussed.

The District Meeting of Texas Home Demonstration Association will be held in Lubbock on April 11, 1942. Delegates to this meeting are: Mrs. Hardin Joyce, Mrs. Kenneth Furr, and Mrs. Griffith.

Mrs. R. D. Jones, Council Reporter.

## Ray Brownfield Takes Cattle Off Wheat

While in Amarillo the past weekend, Ray Brownfield informed us that he had to take his cattle off the wheat, as the owner wanted his wheat to stool and crop ready to make heads.

Ray says the steers are in fine shape, and he figures after a few weeks of grain and roughness they will be ready for market.

The War Dept. has authorized the construction of a five million dollar air school at Hobbs, N. M.

## Banks Deposits Exceed Two And Half Million

While the seasonal expectations show a slight fall from the bank statements as of December 31, 1941, they nevertheless show a slight plus of \$88,479.00 over the call as of the same date last year, both calls being approximately for April 1.

At the time of this call, April 4th, the combined deposits of the two banks, Brownfield State and First National, was \$2,549,298. The resources are also upped \$130,231.73. Cash and available funds show a slight minus of \$39,936.38. This happens partially due to the fact that the loans are \$160,926.19 higher than at the same time in 1941.

Below we give you the combined deposits, loans, cash and resources as of April 4th this year and last:

Deposits, 1942	-----	\$2,549,298.84
Deposits, 1941	-----	2,460,819.84
Plus		88,479.00
Loans, 1942	-----	\$1,028,003.70
Loans, 1941	-----	867,077.51
Increase		160,926.19
Cash Avail., 1942	---	\$1,707,861.43
Cash Avail., 1941	---	1,747,824.81
Minus		39,936.38
Resources, 1942	-----	\$2,779,099.23
Resources, 1941	-----	2,648,867.50
Plus		130,231.73

The statements are being printed in this issue for your close inspection, and in full, showing every detail. Read them.

## Newspaper Men Have A Great Convention

Admittedly the session last Friday and Saturday of the Panhandle Press Association held at the Herring Hotel, Amarillo, was one of the best yet. This was the 33rd annual convention, and the association is still going strong despite the tire shortage.

Secretary Clyde Warwick stated that for years he had been looking for one to be a flop, and this was anticipated this year on account of priority on so many things. For a good, wholesome, instructional and entertaining convention, we have never attended a better, and there was quite a good attendance.

The South Plains section was very shy on attendance, the Hills at Tahoka; John Price of Littlefield; Chas. Guy of Lubbock; and Homer Steen of Floydada all being absent. Price and Steen were on the program. Well, boys, you missed a swell affair.

## Yes, He Did Have Time On His "Hands"

I notice where Jack Stricklin sez in his Terry County Herald that a farmer in that area raised 1,700 acres of corn and gathered it in his spare time.

The man must have had a lot of time on his hands.—Seagraves Reporter.

Amos in his Seagraves Reporter possibly understood what we meant better than he wants to admit. In fact, Mr. Harper, the man lives just about as close to Seagraves as Brownfield, but does most of his trading and banking here.

This man, single handed would never have been able to cultivate and gather 1700 acres in corn, not to mention the other crops he had. His children are all grown and gone, so he has to have hired men and renters to cultivate his large farms.

What we meant to convey was this: The farmer mentioned above did not have to send off to South Texas for Mexicans or East Texas for negroes to gather his corn crop. Now, if you don't get that straight, Amos, we'll have to accuse you of pretending to be as hard to straighten out as Editor Hale.

Mr. and Mrs. Jimmy German and baby have returned from a visit in Kentucky where they spent two weeks visiting his parents.

## Be A Victory Demonstrator

For a number of years people working with County Extension Agents have set up what they term Demonstrations. A demonstrator is a person who develops a demonstration of better farming or homemaking, following principles recommended by the Extension Service for the purpose of meeting the needs of the family.

The Victory Demonstration is the War Time Activity of the Extension Service of Texas A. and M. College and will last for the duration of the Emergency. Any rural person, man, woman, boy, girl, or family who desires to become Victory Demonstrators may do so by indicating his interest to the County Extension Agents and by developing a Victory Demonstration.

A Victory Demonstrator, doing his best to win the war, will produce food, feed, and fiber for home use and for distribution to meet war needs. America has an abundance of good food for the present at least there is no shortage of any important item of food for our normal diet. That statement can be made in no other country in the world today. In other countries at war, even in the case of our allies, inadequate diet of the war workers slows the production effort and contributes to sickness and disease. It is our duty and responsibility as farm people, and small community people, to convert the abundance of Americas farms and reserves into the properly balanced diets that will give every one of our 130,000,000 the maximum in energy and vigor.

A Victory Demonstrator will take good care of his farm and home equipment, buildings, machinery, furnishings, and clothes. Farmers have been asked to check their equipment and to order needed repair parts, or repair parts they anticipate will be needed, at once and to get their machinery repaired and adjusted, well before it is needed.

A Victory Demonstrator, doing his best to win the war, will purchase necessities wisely and eliminate unnecessary buying, he or she will purchase Defense Stamps and Bonds. They will do their part in other war time activities where they are needed.

A Victory Demonstrator, doing his best to win the war, will conserve human and natural resources by good farm and home management and by cooperating with others. He will understand and help others and understand the "why and how" of adjustments rural people must make to war-time situations. He will help build the kind of family and community life which is worth defending, which will maintain morale, and which meet the difficulties of post war reconstruction. Family security is needed in war time.

We hope that through Victory Demonstration we will create and interest will result in better nourished people—people with Sound Minds and Bodies—winning a successful Peace.

Dorothy Fay Blanton,  
Home Demonstration Agent.

## Low Water Rates Now In Effect

Retiring Mayor, Clyde C. Coleman put the summer water rate in effect before he retired from office, in order that people might start their Victory Gardens as early as possible, as well as get their flowers, shrubbery and lawns started. As luck would have it, the big rain and snow of last week will put a damper on watering for quite some time.

However, when it was inaugurated the first of this month, or rather with your meter reading toward the end of last month, it was everything but wet on top of the earth, and getting dryer.

As usual, the first 5,000 gallons will cost you \$1.50, the minimum rate; the next 10,000 gallons will cost you 15c per 1000 and above that, the rate will be 10c per 1000 gallons.

Noah Bell was in Tuesday with his usual beaming smile.

## I Am An American Rally To Be Held May 1

An open air "I Am An American Rally" honoring young citizens of Terry County who are voting this year for the first time is to be held on the evening of May 1st on the court house lawn.

A group of patriotic numbers is to be played by the High School band, the Defense Guard of Terry County will parade, and a song of well known patriotic numbers will be led by Supt Emmitt Smith.

An outstanding speaker has been secured for this occasion, and Certificates of Citizenship will be awarded to the young honor guests.

This affair is being sponsored by the Maids and Matrons Club, assisted by other civic organizations of the town, and it is hoped that a large number will attend.

A detailed program will be presented in next week's papers. In the meantime, if you know of any young voter in the county who is casting his or her first vote this year, will you help by sending or giving the name to Mrs. L. M. Wingerd or Mrs. J. M. Teague of Brownfield.

## B. H. S. Seniors Only

Aren't you just aching, throbbing, moaning and groaning to have a good time? One that will make you forget that there are such things as troubles, and help you realize that there is still joy in the world? If not, then don't read this. On Friday night, at the Recreation Hall of the First Baptist Church there is going to be a "Senior Jamboree" that will make your very being tingle at the thought of being present. There will be plenty of fun and frolic, and some food, too. No long dresses, no stiff collars, and no fancy ties. Just fun and frolic with no one present except those who wish to have a good time. Plenty of jokes, songs, and laughter. No long winded speakers. The "Jamboree" will begin promptly and end promptly. The time is 8:30 p. m., 'til 10:00 p. m. If you are prepared to come and enjoy yourselves, you are cordially invited and even urged to come and help others enjoy themselves. You will always regret it if you miss this "Senior Jamboree" at the First Baptist Church Friday night, April 17th at 8:30. Remember, ONLY SENIORS.

## County, District Singers To Meet At Wellman

Mack Thomason was in this week to tell us that next Sunday, which will be the 19th, the Terry County Singing Convention will be held in the school auditorium at Wellman. Not only that, but the Six County Convention will meet with them. These six counties other than Terry, are Lynn, Yoakum, Gaines, Dawson and Andrews.

Mr. Thomason says that he is expecting a great crowd, and it will be up to Terry people, not just Wellman, to care for these singers, and show them a big time. So, bring an extra well filled basket.

Mack also stated that a lot of real good singers are expected and that everyone is cordially invited.

## Thanks Friends Who Remembered Her Boy

Brownfield, Texas  
April 14, 1942

Terry County Herald:  
I want to thank each and every one for the birthday gifts and cards they sent my son, Raymond DuBose, who is stationed at Ft. Lewis, Wash. Raymond said the good people in the Johnson community did not know just what it meant to a lonely soldier boy to be remembered by friends. Raymond asks me to thank you all for him, as he did not think he would have time to answer all personally.

Remember Raymond and all of our boys in your prayers.

## FSA Families Contribute To Victory Production

Contributions to the Nation's war effort being made by farm families cooperating with the Farm Security Administration in Terry and Yoakum Counties can not be measured in amounts of Defense Stamps and Bonds purchased by these low-income farm families, in the opinion of Miss Myrlene Cannon, Home Management Supervisor for the FSA.

"Few farm families being assisted by FSA are financially able to invest greatly in bond and stamp purchases," said Miss Cannon. "Yet these people are making many sacrifices and they are contributing very materially to their nation's all out program to blast the dictators."

"By producing greater quantities of foods, and by building up their own strength, security and physically well being, they are 'the men behind the men behind the guns'."

"War-time shortages are not entirely new to these people, because they seldom have experienced abundances of anything. And yet, they are learning and striving to conserve for the war effort," Miss Cannon explained the FSA calls for helping farm families contribute to civilian defense by wise use of money and time, avoidance of waste of resources.

A homemaker, for example, who makes over an old dress, who repair old furniture, who makes curtains and wearing apparel from low cost material, who buys wisely and practices the common-sense economies known to our pioneer grandmothers is making a contribution to victory.

"Money can be more skillfully used if farm families learn thrifty buying practices, keep and analyze records, and buy cooperative whenever possible. Better use of farm-grown foods, satisfactory storage space and careful cooking and use of waste fats for soap are examples of some economies that can and are being made by farm home-makers."

America has become alarmed because so many of its rural youth was found unfit for military service, very largely because of dietary conditions.

"These," she said, "are among the conditions the Farm Security Administration is working to correct. Adequate nutrition through home production and preservation of an all-year food supply, and economical planning of wholesome meals, are of major importance," she declared.

"When we know the facts about the incomes of these small farm operators, often as low as \$600.00 a year, including everything used and sold, it is obvious they cannot invest much money to help win the war. But on the other hand, they can and they are, producing greater quantities of food for the United Nations, building up their own strength, and helping make rural America strong enough to take the offensive against the aggressor nations."

## Considerable Road Work In The District

Frank Ogle, resident highway engineer, located in the courthouse of this city, stated recently that bids were being advertised in the Lynn and Garza county papers for new topping on US highway 380. This topping is to extend from near Tahoka to Post.

He also stated that work on the Dawson county part of 51, from Pumpkin Center to the Dawson-Terry line, a distance of about eight miles, would begin about May 1. The contractor was supposed to have started the work March 28, but did not for some reason, and has 100 days from that time to finish the work.

It is believed that there will be some other topping jobs in the area this summer, as some of the highways are becoming a bit worn. The Terry county part of 51 from Brownfield to the Dawson county line will receive a double asphalt coat as soon as warm weather arrives. At present it only has a seal coat.

Poor old France, and darn her betrayers. No matter which way the war goes, and we still think we'll dictate terms of peace, France will be rated a second and perhaps a third class nation. Her collaboration with Hitler will lose her the respect of the United Nations, and her voice in the peace conference will be weak indeed.

The Texas fire insurance department tells us that 130 Texans have lost their lives in fires the first three months of the year. Forty-eight were burned to death the first ten days of 1942, seven in one fire. These horrible deaths are in most instances needless, and many are the result of carelessness. Why tolerate fire hazards?

Perhaps many Terry county farms have trouble keeping their land sweet through the heat of summer, when it is inclined to get rancid in large, metal containers. The extension department of A.&M. recommends that the lard be put in gallon friction top buckets, or No. 3 cans are still better, they say, and seal over with paraffin. It is stated that lard will keep much longer thus treated.

Russia must be kept in the war. So far, it's the only nation that has been able to stand flatfooted and battle Hitler's hordes to a standstill. Therefore, the United States and England must give them all the aid and materials possible. As David Lawrence puts it, "as horrible as it sounds, the loss of the Philippines may be necessary for us to concentrate with Russia and England until the No. 1 enemy, Adolph Hitler is put out of the way." Then it will be just a breakfast spell for the United Nations to put a deep crimp in the style of the little yellow devils, and learn them a lesson they will

not be able to forget for centuries. Lots of times farmers in our different communities meet with their plows, hoes, etc., and plant or cultivate the crop of a sick neighbor. This good neighbor policy has been carried out recently by newspaper men, when Afton Richards of the Meadow Star and Troy Morris of the Ropes Plainsman went over to Tatum, N. M., after getting out their papers, and issued the Tatum News for the latter's brother, Nyles Morris. Editor Nyles is in poor health, and has been confined to his room of late, and the Herald hereby hands Afton and Troy a great, big bouquet for their thoughtfulness in helping a fellow publisher out when he really needed a friend.

The columnator will even agree not to extend his remarks in the Congressional Record.

**Memories That Return**

If the investigators will pardon the personal reference involved, the columnator can enlighten them at long range, without ever going to Washington at all, as to how some individuals down here in Texas got hot and bothered about soldier boys without the guns they ought to have while Washington allows free-born Americans to be charged from \$25 to \$150 for the right to work on a cantonment or to haul brick from a Texas brick yard to a defense plant.

In 1917 a skinny collegian with a hard head and a roving Adam's apple went to the First Officer's Training Camp and came out a ninety-day wonder with the gold bars of a shavetail. From that day in August, 1917, until after November 11, 1918, that lad in the uniform of a soldier of the United States of America wore AN EMPTY PISTOL HOLSTER because his government could not furnish him with the pistol that belonged in that holster. That soldier was not allowed to buy a pistol to put in that holster. There simply weren't enough pistols to go around.

The columnator was that soldier. Talk about disarmament—he was disarmed by his own country's HELPLESSNESS TO ARM HIM! Mr. Investigators, if you had been through that experience, while your buddies were dying in France, what would be now YOUR reaction as the same damnable helplessness threatens to keep YOUR son unarmed while blood pours out in Bataan and the stains the waters of the seven seas? Mr. investigator, if you can't get the idea back of these mass meetings out thisaway, the columnator will be happy to come up thataway and inform you. And the Good Lord have mercy on your souls.—Dallas Morning News of March 24, 1942.

**As to Investigation**

Gentlemen at Washington are said to be anxious to investigate the columnator, The Dallas News, the Daily Oklahoman and Times of Oklahoma City, Radiator Kaltenborn, Westbrook Pegler, Henry McLemore and the Dallas mass meeting.

The tone of the announcement in Washington indicates that Washington supposes that an investigation would terrify this goodly company of Americans. The columnator has reflected upon the prospect—and he isn't terrified.

General Electric men and women—thousands of them! Four typical scenes show the spirit with which they are tackling the grim job of producing for war!

1. Thousands of employees, only ten days after war declaration, gathered in mass meetings in most major G-E plants to pledge all-out war effort!

2. Almost 85 per cent of all General Electric employees signed up to buy U. S. Defense Savings Bonds totalling more than \$20,000,000 a year!

3. A sign chalked by a G-E workman on a big machine being built for war. The sign carried this challenge to fellow workers: "Remember Wake Island!"

4. And day and night—around the clock—G-E workmen keep steadily at the most important job of building weapons and supplies for U. S. fighting men!

This column seldom indulges in personalities—locally. When he "makes" this column, there must be real merit behind that individual. Comes now one Mike Stricklin, home reared, who really gets the job done as game warden. Educated, trained to the range by cowboy experience, diplomatic, courteous, firm and intensely loyal to his high sense of duty, the Panhandle has just pride in having Mike Stricklin on the job. Our game must be protected. Mike does just that, and in a very unpretentious manner. As one old timer, thanks a lot to Mike, and hundreds of others have the same idea. If a fellow goes wrong, no one but Mike Stricklin, game warden, is more likely to happen upon him at the critical moment. It's embarrassing all-around, too. Obey the law. That is the easiest plan to follow, and by far the safest. If you are caught, blame your judgement. It is Mike Stricklin's duty to arrest game law violators, not that he finds any pleasure in it at all. In fact he doesn't. He's your best friend if you will stand for it.—Clarendon Leader.

**TOM KING'S SUGGESTION**

Tom King, former State Auditor and Efficiency Expert, has an idea for conservation in this emergency. His proposal is that we do away with men's coats in the summer-time. This would save a great deal of material and certainly the coats aren't necessary. Mr. King's idea will endear him in the hearts of every true son of this great—but-hot-in-the-summer-State.

### Why Farmers Should Plant Their Full Allotted Cotton Acreage

Secretary of Agriculture Wickard has called upon the cotton growers to plant their full cotton acreage allotment—4,000,000 acres more than was planted last season, because the United States vitally needs more of the products of cotton and cottonseed.

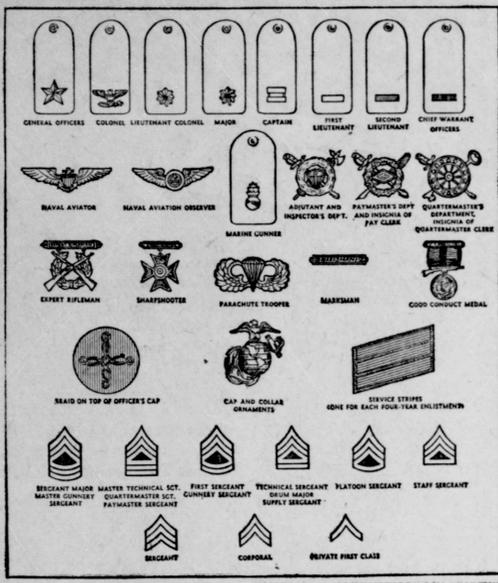

Many farmers under-plant their allotment from 1 to 3 acres, figuring that this small reduction does not amount to anything. Now figure this in a county where there are 2,000 farms, each farmer underplanting his allotment 2 acres makes a total of 4,000 acres in the county. If the cotton produces one-half bale per acre that means 2,000 bales of under-production.

Out of this 2,000 bales of cotton there could be produced 800 tons of cottonseed.

From this 800 tons of cottonseed there could be produced 200 bales of cotton lint for munitions; 240,000 pounds of cottonseed oil (2 tank carloads) for food; 360 tons of 43 per cent protein cottonseed cake; 200 tons of cottonseed hulls for livestock feed.

Now multiply this by all the counties in Texas that produce cotton. Of course many of them do not have as many as 2,000 farms that plant cotton, but many of them have more than 2,000 farms with cotton planted on

### U. S. Marine Corps Insignia

them. Anyway you can see that if every cotton farmer would plant his full cotton allotment, even though it is only 2 or three acres per farm increase, when it is all added up it amounts to quite a volume of cotton, and the products, especially the lint, the cottonseed oil, and the livestock feed will be needed, and doubtless the cotton itself will be needed, since as of August 1st there will only be a carryover of

10 million bales of cotton. May we urge every farmer to give serious consideration and plant his full cotton acreage allotment, which will be a great assistance to the National Defense, as well as profitable to yourselves and your country at large.

### Divide And Conquer

Fifteen Nazi propaganda objectives in the United States are disclosed in a documented pamphlet entitled "Divide and Conquer," released today by the Office of Facts and Figures, Washington, D. C. The pamphlet describes German propaganda methods in continental Europe and warns that the United States is being subjected to a "total barrage of the Nazi strategy of terror."

For the first time the government lists the Nazi propaganda objectives by stating, "Hitler wants us to believe that:

"Democracy is dying; our armed forces are weak; the 'New Order' is inevitable; we are lost in the Pacific; our west coast is in such grave danger that there is no use in fighting on; the British are decadent, and 'sold us a bill of goods'; the cost of the war will bankrupt the nation; civilian sacrifices will be more than we can bear; Stalin is getting too strong, and Bolshevism will sweep over Europe; our leaders are incompetent, our government is incapable of waging war; aid to our allies must stop; our real peril is the Japanese, and we must join Germany to stamp out the 'Yellow Peril'; we must bring all our troops and weapons back to the United States, and defend only our own shores; the Chinese and the British will make a separate peace with Japan and Germany; American democracy will be lost during the war."

"To spread these and other lies, Hitler will pull every trick in his black bag. But Americans will not be fooled."

"Divide and Conquer" warns, however, that Hitler's strategy "will follow no set pattern. One line will be pursued today, another tomorrow. But always his broad aims will be the same: to separate us from our allies by arousing distrust of them; to create friction within the United States in order to divert us from our true enemy—the Axis; to paralyze our will to fight."

The O. F. F. pamphlet is documented, listing its source for each statement of fact. The pamphlet is illustrated by D. R. Fitzpatrick of the St. Louis Post-Dispatch as a contribution to the war effort.

### HIS QUALIFICATIONS

"You say you've never had any experience selling in our industry?"  
 "That's right."  
 "What selling experience have you had?"  
 "None, sir."  
 "Have you ever studied advertising or salesmanship?"  
 "No, sir."  
 "Then why did you come in here and ask for a salesman's job?"  
 "I've got a brand new set of tires."  
 "Why didn't you say so in the first place. When do you want to start? How would West Texas suit you?"

### JOHNSON H. D. CLUB

The Johnson Home Demonstration Club met April 7, 1942 at the school house for an all day meeting. The house was called to order by the president, Mrs. C. D. Parker, with the roll call and the Secretary's report was read and approved. The council report was given by Mrs. Parker.

There were eleven members present. Miss Blanton met with us and gave an interesting demonstration on Fruits in Salads in the morning and in the afternoon she gave a demonstration on Slip Covers.

We surely did have a nice dinner. All club members are urged to come to the next meeting in May.

Mrs. R. D. Jones, Club Reporter.

### WELLMAN H. D. CLUB

The Wellman Home Demonstration Club met April 14th at the home of Mrs. O. B. Trotter with 16 members and Miss Blanton present.

Roll call was answered with "Helpful Hints on Household Cleaning."

Mrs. C. H. Heafner gave an interesting report of council and also gave an interesting report on the District Convention held in Lubbock April 11, as Mrs. D. H. Griffin, the delegate, was not present at the club meeting.

Those attending the convention from our club were: Mrs. Karl Griffith, Mrs. Heafner and Mrs. Griffin.

Miss Blanton demonstrated Slip Covers.

The next meeting will be at Mrs. J. J. Woodard's.

**Judge E. L. Pitts Seeks Office Of Chief Justice**

E. L. PITTS

District Judge E. L. Pitts of the 99th District Court at Lubbock, has announced for the office of Chief Justice of the Court of Civil Appeals, 7th District, to succeed Chief Justice M. J. R. Jackson, who retires voluntarily next January 1.

Judge Pitts is 53 years old, a native Texan, born in Fannin County. His parents moved to West Texas when he was a child; and he grew to manhood in Palo Pinto County, where he resided until he moved to Northwest Texas some years ago. Judge Pitts' education was received in the public schools, East Texas Normal College, Commerce, Texas, and the University of Texas. Subsequently he taught school; and then he entered the law profession. Before his election as District Judge, he served as County Judge of Lubbock County.

Friends of Judge Pitts are convinced that his education, training, natural ability and twenty years experience as a trial judge qualify him exceptionally well for the position he now seeks. They point out that in his judicial career he has had come before him almost every conceivable type of case; and that he has conducted his courts to achieve prompt, impartial, courteous and satisfactory settlements of the issues involved. Attention is also called to the much study he has given to the new rules of procedure for the Texas Judiciary, and his conviction that the proper application of them will expedite trials to the end that justice will be better served.

Judge Pitts has a record for having participated wholeheartedly in varied civic affairs; and if he has a hobby, it has been in working and counselling with young people, particularly boys and girls.

Based strictly upon his record, Judge Pitts solicits the support of all voters in the forty-six counties comprising the 7th District, Court of Civil Appeals of Texas, subject to the Democratic Primaries.

Don Hudgens of Lamesa, well known former resident of this city, is now in training in the officer's school and will probably be located at Randolph Field. Mrs. Don Hudgens has returned to California to stay with her parents for awhile.

Mr. and Mrs. J. M. Welborn have returned from a trip to Ft. Worth and Alvarado. Mrs. Welborn also visited her brother who is a radio technician at Camp Barkley.

**MR. BABSON WRITES WITH A FORCEFUL PUNCH**

Roger W. Babson writes a column that is printed in many newspapers over the United States, read by millions of people. Mr. Babson knows what he is writing about, is frankly fearless, and puts a punch in what he has to say.

This paragraph appeared in Mr. Babson's column recently: Remember France as well as Pearl Harbor

Let us not forget that one of the things which paved the way for the defeat of France was the insistence, just before World War II by the pro-labor Blum government, that French workers should retain their so-called "social gains." This was the crazy attitude of the French government and of the French workers even in the face of the gathering storm.

Those same French workmen are today laboring 70 and 80 hours a week at a mere pittance of a wage turning out Hitler's war production. Were those laborers able to speak to the millions of members of the CIO and AFL, what would be their message today? Those attending were Peggy Lewis, Patsy Lewis, Wanda Joyce Finney, Carolyn Harris, Francis Rambo, Minnie Lee Walton, Emma Gene Coleman, Helen Gillham, Charlie May Harold, Joyce Evelyn Duncan, Barbara Taylor, Nita Jean Worsham, Jenelle Turner, Jeanette Edwards, Viralyn Patrick, Patsy Frank Ballard, Jean Goin, Ida May May, Betty Hughes, Jacqueline Thomas and Glynn Faye Ross.

A salad plate, cookies, and iced tea were served.

Defense stamps were awarded to Jean Goin who scored high and Peggy Lewis who scored second high.

Friday afternoon the club entertained rushees with a picnic at the road side park. Hot dogs, cookies, and soda pop were enjoyed by all, and then everyone hiked to a lake nearby.

Helen Gillham, Jean Knight, and Minnie Lee Walton were hostesses at a tea given at the home of Miss Gillham from 3 to 5 Sunday evening. Misses Gillham, Walton and Knight were in the receiving line and Emma Gene Coleman poured tea. Punch, cookies, and mints were served to about 25 who called during the afternoon.

### PANEL DISCUSSION BETWEEN LUBBOCK AND BROWNFIELD HIGH SCHOOL STUDENTS

Another panel discussion is being planned for you—parents of school children. It will be by Dean Dan Powers, dean of boys in Lubbock High School, and will include four Lubbock students and four Brownfield High School students, namely: Jacqueline Thompson, Jack Spence, James Regan, and Larry Miller.

This will be in the high school auditorium, Wed., April 22nd at 4:00 p. m. Everyone is invited and urged to attend. A similar program last year proved to be one of the most interesting programs of the year.

The topic to be discussed will be on "Need for Vocational Guidance."

### PIANO RECITAL AT MEADOW

Frances and Mattie Sue Bell were presented in Piano Recital by their teacher, Gertrude Rasco, Thursday evening, April 16, at the Meadow Methodist church. David Turnbough who was ill last week, played his program at this time. Each pupil gave 10 solos from memory. Later, the State Examiner will hear these students in private examination.

### LAS AMIGAS MEETS WITH MRS. McDUFFIE

Mrs. W. R. McDuffie was hostess to the Las Amigas Club at her home Thursday afternoon. Members and guests present were Mesdames Clovis Kendrick, Everett Latham, Grady Terry, Spencer Kendrick, Orb Stice, Roy Ballard, Wilson Collins, Joe Coursey, Mike Barrett, Roy Herod, Roy Wingerd, and Joe Henderson. Mrs. Richard Kendrick was a tea guest.

The hostess served potato salad, ribbon sandwiches, and chocolate nut roll to those attending.

Defense Stamps were given for high and second high score. The table cuts were colorful ivy bowls, and the bingo prize was a Mexican blown glass bowl.

### REBEKAH LODGE HAS REGULAR MEETING

The Rebekah Lodge had a stated meeting at the I.O.O.F. Hall Monday night, April 13th, with Cornelia Moore, Noble Grand, presiding. The by-laws were read for the third time. The lodge deputy, Mrs. Jessie G. Randal, who has been appointed by the new president of the Rebekah Assembly of Texas, was present. Honors were extended to her by the members, after which Mrs. Randal made an interesting talk. Sandwiches, cake and coffee were served by Julia and F. T. Grayson.

### MRS. ALLEN HONORS NEW RESIDENT WITH PARTY

Mrs. Lee O. Allen honored her niece, Mrs. Joe Coursey, who has recently moved to this city, with a bridge party at her home Friday afternoon. Those attending were Mesdames Dick McDuffie, Ray Christopher, C. C. Primm, John L. Cruce, Garrett Daugherty, Clovis Kendrick, Mike Barrett, F. A. Scott, Roy Wingerd, T. L. Treadaway, Sawyer Graham, Roy Herod, Bruce Zorns, and Roy Ballard.

Mrs. Herod scored high and Mrs. Ballard second high, and each were given a pair of hose. The hostess presented a bottle of cream sachet to the honoree.

A salad plate and ice tea was served to those present.

### LADIES AID SOCIETY MEETS WITH MRS. HEMME

The Ladies Aid Society of the First Christian Church met Monday, April 13 with Mrs. E. S. Hemme in Meadow. Mrs. R. N. McClain gave the devotional, and the study of the first five chapters of Acts was led by Mrs. J. A. Dennis.

Members present were Mesdames S. P. Veasey, A. A. Sawyer, Crawford Burrow, R. N. McClain, W. R. McDuffie, and J. A. Dennis. The next meeting will be with Mrs. R. M. Kendrick.

### IDEAL CLUB MEETS WITH MRS. PYEATT

Mrs. H. M. Pyeatt was hostess to the Ideal Club at her home Wednesday afternoon. A delicious salad plate and tea was served to Mesdames Glen Akers, Lee O. Allen, Ray Austin, J. H. Dallas, W. R. McDuffie, Meyers, A. A. Sawyer, O. L. Peterman, Tom Black, Roy Ballard, Herman Heath and T. L. Treadaway.

Defense stamps were awarded those scoring high and second high.

### "SERVICE" IS THEME AT CHRISTIAN CHURCH

Next Sunday morning at the Christian Church the minister will continue the quest for the Holy Spirit, speaking on "Serving Others." Can we expect the gift of the Holy Spirit in these days? If so, how may we attain this gift?

### ODELL QUANTE CELEBRATES BIRTHDAY WITH A PICNIC

Mrs. Chris Quante honored her son, Odell with a picnic lunch and played games at the roadside park. Those staying to spend the night with Odell were Sonny Repp of Lubbock, Sonny McDuffie, Alfred Bond, and Roland Treadaway.

Mrs. J. T. Gainer spent a few days last week with her friend, Mrs. Jess Smith of near Challis. She reports that she was well entertained, as the Smith family knows hospitality from A to Z.

Cecilia Parker returns to the Hardy Family fold after a year's absence in "The Courtship of Andy Hardy." Again she plays Andy's sister, Marian Hardy, and this time she's involved in a romance with William Lundigan in which she learns it doesn't pay to be too modern-minded! Coming to Rialto, Saturday night pre-ue, Sunday and Monday.

### Presbyterians Remodeling Building

Work was started this week on the Presbyterian Church building and extensive remodeling is planned. The building will be lengthened and a vestibule entrance will be constructed. A Sunday school addition will be built at the rear and extended east forming an ell.

Committees have been working for several weeks raising the needed funds. If the committees have not approached you it will be appreciated if you will voluntarily make a contribution. Marshall Loyd and James H. Dallas will receive your pledge or money. And who care to donate labor can come to the Church any day and work will be assigned.

The services of the Church will be held as usual in the Church. There will be a slight inconvenience but we think it best to use the Church rather than try to move elsewhere for a few weeks. We will need you in Church Sunday.

Wayne Yeiser, youngest son of Mrs. Etta Yeiser of the Pleasant Valley community, came home last week for the funeral of his grandmother, Mrs. M. E. Kinard. Wayne is a fine looking young man, and has a job with North American Aviation Corp., at Los Angeles. He left for home Tuesday. His elder brother is in the Navy.

Mrs. Arthur Sawyer, accompanied by her sister and little son, Mrs. Queenelle King and Robert, left this week for Lawton, Okla., where they will visit Lt. and Mrs. Truett Flache. Lieutenant Flache is giving lessons in gunnery at Ft. Sill, where he is stationed. Mrs. Flache is the daughter of Mrs. Sawyer.

The Santa Fe railroad moved 29,035 cars last week compared to 27,877 same week last year.

We note from reading the Tatum, N. M., News, that Uyles Sawyer has been drafted by his friends to make the race for Commissioner of Precinct No. 2, Lea county, New Mexico. Rah! for Uyles.

**B. W. STINSON PASSES**

As we prepare for press we learn that B. W. Stinson (Uncle Bart) as he was familiarly known, passed away at the home of his daughter, Mrs. Virgil Bynum, Wed. night at 10:30, of a malignant disease from which he had been suffering for two or three years.

Funeral today at 2:30 p. m. from the First Christian church of which he was an officer and member for several years, with Rev. J. A. Dennis, pastor, in charge. Burial in the Brownfield cemetery with Brownfield Funeral Home in charge.

Look for further details of the life of this fine citizen in next week's Herald.

Mr. and Mrs. Marlin Hayhurst and baby of Seminole spent the weekend with Mr. and Mrs. Jim Graves.

Mr. and Mrs. Spencer Kendrick and children and Mrs. Daniel Davis visited relatives in Brady over the weekend.

Mrs. Elwin Edwards left Friday for Brownwood to join her husband who is stationed at the army camp there.

### TIRE THIEF LEAVES POEM

Roy Wimberly, of Italy, (Ellis county), found the tires stripped from his car. Suspended from the door handle was this note: "You're big and stout and full of vim— We'll take your tires and leave the rim."

Johnny Kendrick, R. V. Morman and Queenelle King were Lubbock visitors Friday.

W. J. Ely was elected to head Texas gingers at their recent meeting in Dallas.

Pat Patterson and Joe Blair of the Lubbock Flying School were the weekend guests of Mr. and Mrs. R. N. McClain.

**TYPHOID UNNECESSARY AND PREVENTABLE**

AUSTIN—"If you have not been vaccinated against typhoid fever within the last two or three years, go to your doctor and be protected against it," Dr. Geo. W. Cox, State Health Officer, advises prospective campers, Boy and Girl Scout, summer vacationists, and all other users of the open road—whether for business or pleasure—as the out-of-doors/season approaches.

"Typhoid fever," he continued, "is unnecessary and preventable. Every case is due either to community negligence or to the ignorance or carelessness of some individual."

"A carrier is a person who has had typhoid at some time and who even after recovery carries the germs in the urine and the discharges from the intestinal tract. Carriers who are careless with their personal habits are likely to infect any food they handle with unwashed hands. Some of the most serious and far reaching outbreaks of the disease have been caused by drinking milk or eating foods that have been handled by carriers. Persons may be carriers without knowing it.

"Typhoid germs are hitch-hikers. They are picked up and spread from person to person by water, milk, flies, fingers, food. Every case of typhoid is contracted by way of the mouth and the digestive system. The State Department of Health and the local health departments can be depended upon to continue their fight against the disease, but there will still be sources of infection that can be warded off only through the protection afforded by vaccination against the disease."

**POLITICS THIS SUMMER**

There may not be much political talk in Texas this summer. Any way, you can safely say there won't be so much political activity as in former years. Already many county candidates in many counties have agreed not to hold political gatherings and political speakings.

It takes money to have political gatherings. It takes tires, cars, etc., to attend these gatherings. Candidates feel that by eliminating these meetings, they will be aiding national defense.

The Tribune hopes that the people will not lose too much of their interest in the campaign of 1942. We believe that it is good for the people to be interested in

their candidates. We believe that the people have better county, state and national governments when they are interested in the various persons seeking office.

The old time political gathering was all right—it still is, and although we agree it's perfectly all right to do away with these gatherings this summer, and perhaps in 1944 if conditions are as they are today, we hope it won't be necessary to do away with these gatherings and speakings very long. We believe they are good for the voters, good for the candidates, and good for the country as a whole.

And this thought while passing. The American people expect their officeholders to buckle down and

**TREASURE HUNT FOR METAL**

A new job has been taken on by local Boy Scouts who have begun collecting empty brass razor blade cartridges. In order to help conserve this metal, men are being urged to save the cartridges which encase Schick Injector razor blades. Users of these blades are asked to notify local Boy Scout Headquarters when they have empty blades. A Boy Scout will be glad to call and pick them up.

This move, according to the Schick Injector Razor Company, is expected to conserve a considerable amount of metal. Although the amount of brass used in each razor blade cartridge is not much, the total which the Scouts should be able to collect is expected to make very real savings in this commodity.

**ANOTHER PIONEER GONE**

While her death was not unexpected as she had been in poor health for several months, nevertheless the passing last Wednesday of Mrs. Mary Elizabeth Kinard, 72, was a shock to her many friends, especially among the old timers. Funeral services were held at the First Baptist church last Thursday afternoon, by the pastor, Rev. Avery Rogers. Burial followed in the Brownfield Cemetery beside her husband who passed on 35 years ago.

Mrs. Kinard was a fine neighbor and friend, and those who knew her best loved her most. She was born in Missouri in 1870; came to Texas and was married to Mr. Kinard in 1887. They then moved to Fisher county, and on to Terry in 1905, one year after its organization.

Five children survive, as follows: Mrs. Preston Abbott, Lubbock; Mrs. Pearl Allen, Plainview; Mrs. Etta Yieser, City; Mrs. Edgar Holt, Tatum, N. M.; and one son, Virgil of Terry county. Eleven grandchildren and four great grandchildren also survive.

A large number of out-of-town old friends and acquaintances attended the funeral. A brother of her husband, J. A. Kinard and wife of Big Spring, also attended the funeral.

**SHOWING SOMEBODY UP**

It was a convention of civic minded people and the man who sat at what seemed to be the head of the table looked like a solid and kindly citizen. Anyway, he took the check from the waitress as the two men and their wives started out of the coffee shop toward the lobby of the leading hotel in one of Texas' largest cities. They had just had a late cup of coffee with cakes and pie.

As we came up, the cashier, a pleasant woman of about forty, was reminding him that the check was for seventy-five cents and he had only given her sixty-five. "I gave you the right amount," he said, and made as if to move off, though he wouldn't have for anything.

The cashier then showed him the sixty-five cents in her hand and the check for seventy-five in the other. "It's ten cents short," she said.

"Add it up," he said, so very, very sanctimoniously.

The cashier added the several items and they came to only sixty-five. "The girl made a mistake," the cashier said, "I'm sorry."

"But she didn't get away with it," he returned, still, very, very sanctimonious and much satisfied with himself.

Little acts in little men will crop out. The strange thing about it is that it happens most often when the little man thinks he is being very, very smart.—CAPS and lower case.

do more work today, with less foolishness, than ever before in the history of this country. They should not be disappointed. We know the office holders of Texas have it in them to face this emergency and we believe they are doing this very thing right now.—Plainview Tribune.

GADGETS GALORE  
When this war is over, and that could be sooner than many people think, there will swarm over this country an army the like of which has truly and literally never been seen before. It will be an army of gadgets.

New materials, the accumulation of ideas, the need for getting something new, the availability of factories hunting marketable products, all will combine to develop many contrivances designed to make living easier and more comfortable.

There may be problems of economic stability and international amity requiring long months of discussion. Taxes will be heavy and certainly there will be unemployment. But even if it should be harder to make a living, the mere act of living itself, is going to be easier. "Sit down. Cer-

**LEADS IN NEW OIL DISCOVERIES**  
Texas, with 1,007,000,000 barrels of new oil, led the nation as of January 1, and had reserves of 11,123,875,000 barrels, or 57 per cent of the nation's proven unproduced oil supply, the Oil Weekly announced. The discovery rate declined, with 7,147 dry holes being drilled, 377 more than in 1940.

No romance and fun to getting out a weekly paper?

I remember when I used to write all the news for the daily paper in Eastland, then take off most of one day each week to go over to Ranger and help Rip Galloway get out a small weekly he was issuing in competition with the Ranger Daily.

Never will I forget the night when we put out an "extra" on the second Dempsey-Tunney fight (the battle of the long count) That afternoon, Rip had gone through

**"...and put some teeth into it!"**

ONCE UPON A TIME, car owners were merely urged to use good oil, to change it regularly when worn, to adopt a regular schedule of lubrication service.

Now, in the new era filled with priorities, with the manufacture of new automobiles absolutely cut off, real teeth have been put into the idea of caring for a car in order to lengthen its life.

One of the most useful precautions you can take to preserve and protect your motor is to use good oil. But which oil is good? The following facts should help you decide:

Phillips, one of the great independents of the petroleum industry, with a fine reputation for giving greater value, makes this simple, straightforward statement: If you want our best oil, remember we specify that **Phillips 66 Motor Oil is our finest quality**... the highest grade and greatest value... among all the oils we offer.

Every time a new 1,000-mile mark clicks up on your speedometer, play safe with your motor, and play fair with your budget, by draining and refilling with Phillips 66 Motor Oil.

LIBERTY SHIPS BEING FITTED OUT AT A BETHLEHEM YARD PREPARATORY TO SEA SERVICE. THE YARD IS PRODUCING A CONTINUOUS STREAM OF VESSELS OF THIS TYPE.

Bethlehem ship production this year will represent the greatest all-round shipbuilding output by any company in the history of the country.

Speed, speed and more speed is the constant objective; and always speed with quality, for a jerry-built ship is virtually useless in the grim tasks of maritime war.

The first Liberty ship which recently discharged supplies at a Red Sea port was built in a yard that was virtually non-existent a year ago. A tanker was delivered in 100 days from laying of keel. A battleship will be delivered 14 months ahead of schedule.

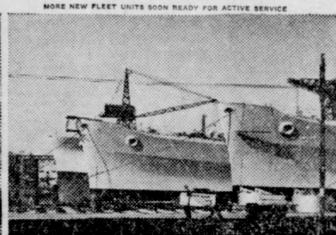

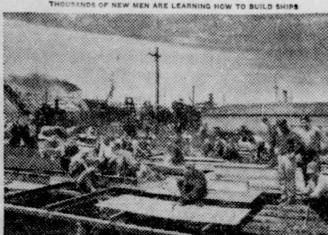

Cargo ships are being built in less than one-half the time

required in the first World War. Comparable speeding up has been achieved on other types of ships and the schedule is being constantly stepped-up.

Expanding old yards, building new ones, tripling employment in a year's time, training thousands of new men, putting every effective facility to use, adopting pre-assembly and mass production methods—all these spell tonnage and more tonnage, a steadily-mounting output of ships from Bethlehem yards.

All hands are doing their utmost for Victory, working to achieve the maximum for the U. S. Navy and the U. S. Maritime Commission, so that the "bridge of ships" shall be maintained and steadily enlarged.

favorite form of humor. Here's one that sounds new:

There was a young man of Fort Worth,  
Who was born on the day of his birth.

He was married some say,  
On his wife's wedding day,  
And he died when he quitted the earth.

An idea is when you need for success.

This observer has known Victor Cornelius quite a few years, beginning away back when Cornelius was painting signs in Eastland—where he still lives. But now he's making around a thousand dollars a month—and all because he thought of constructing napkin-holder's with a slot in the side into which can be slid a card telling what's new at the picture show. Now the service has spread to almost every state in the Union your columnist saw his napkin holders and cards on restaurant and drug store counters, even in Hollywood.

Incidentally, I've been working on an idea for years: rubber dishes. The advantage is that when you drop one, it won't break but will bounce right back into your hand. I had the thing just about all worked out—and then came the rubber shortage.

Matt Moore of the DeLeon Free Press is responsible for this:  
My tank is gasless,  
My crankcase is oilless,  
I'm getting more driveless each day;  
My wheels are all tire less,  
My radio's wireless  
They all have been taken away.  
My driving's suspended,  
My walking's beggined,  
I don't know just what war is fit fer,  
But they say it takes walking,  
To conquer the Hun they call Hitler.

Choice thoughts from old Tom Carlyle:

Man's unhappiness comes of his greatness; it is because there is an infinite in him.  
No man who has once heartily and wholly laughed can be altogether irreclaimably bad.  
Wonder is the basis of worship; the reign of wonder is perennial, indestructible in man.

Rightly viewed, no meanest object is insignificant; all objects are as windows through which the philosophic eye looks into infinity itself.

Produce! Produce! Were it but the pitifulest infinitesimal fraction of a product, produce it, in God's name! 'Tis the utmost thou hast in thee: out with it, then. Whatsoever thy hand findeth to do, do it with thy whole might. Work while it is called To-day; for night cometh wherein no man can work.

Pastor Rogers is doing the preaching this week in a meeting with the Gomez church and they are having good attendance.

The Brotherhood of our church will have their regular monthly meeting at the church Monday evening at 8:30 and thence are asked to attend, coming just as they are from their work to hear and assist in the monthly program. Men have a reputation for being hard to do much with in church work and no doubt deserve it by their indifference. Let us improve it.

The attendance last Sunday was good at the preaching hour but the Bible study period was down to 345, many not arriving in time for Bible study. We attend everything else on time, why not be on time Sunday morning for the study of God's Word? Excuses are out at the window for the duration of the summer as there is no good reason for failure to attend.

An offering was made for war relief especially in China where many are starving to death and it is claimed that one dollar in rice will feed one for a month. An offering marked for relief in the collection plate here will be promptly forwarded for that purpose, without a cent for expenses. A cordial invitation for you to worship with us.

### TEXAS SCHOOL CHILDREN BOOST NAVY FUND

Dallas—Over one million and a half school children of Texas will be asked to contribute to the Navy Relief Society fund on Navy Day, a date to be announced by L. A. Wood, State Superintendent of Schools. Wood, who has been appointed chairman of the school committee of the Navy Relief Society by Attorney General Gerald C. Mann, State chairman, asks the cooperation of the 1500 school superintendents of Texas in observing Navy Day during the Navy Appreciation Week, April 19 to 26.

"The fund for the Navy Relief is one which is close to the children of Texas. Our state has sent more boys into the service of the Navy, Marine Corps and Coast Guard than any other. These are the fathers, brothers and friends of the school children," said Wood.

The quota for Texas toward a \$5,000,000 national campaign for the Society is \$210,000. The money is to be used to help the families of men in the services, while they are on duty and in case of death or disability.

Kathleen Hardin of Albuquerque, N. M., is visiting her parents, Mr. and Mrs. W. G. Hardin.

Mr. and Mrs. Everett Latham and Bobby visited in Lubbock Sunday.

Mr. and Mrs. Earl Denton and family have returned from a trip to Arkansas.

Mr. and Mrs. Oscar Sawyer have moved to Fort Worth where Mr. Sawyer will be employed in a defense plant.

Mrs. Doc Palmer and children of Tacoma, Washington are visiting, Mr. and Mrs. J. W. McCraw.

Pete Tiernan and Lad Brownfield left Sunday on a fishing trip to Mexico.

Dorothy Blanton attended a Home Demonstration Meeting in Lubbock Saturday.

### Notice Of Election

THE STATE OF TEXAS  
 COUNTY OF TERRY  
 CITY OF BROWNFIELD

Notice is hereby given that an election will be held on the 29th day of April, A. D., 1942, at the City Hall in the City of Brownfield to determine whether or not a majority of the legally qualified, resident voters of said City of Brownfield desire that the offices of City Secretary and City Marshal of the City of Brownfield be elective offices.

J. D. Miller has been appointed presiding officer for said election and he shall select two judges to assist him in holding the same, and he shall within five days after said election has been held make due returns thereof to the City Council of the City of Brownfield.

All persons who are legally qualified voters of this state and who are resident voters in said City of Brownfield shall be entitled to vote at said election, and all persons who are qualified voters who favor the proposition to elect a City Secretary shall have written or printed on their ballots the words:

"FOR THE ELECTION OF A CITY SECRETARY" and those opposed to the proposition to elect a City Secretary shall have written or printed on their ballots the words:

"AGAINST THE ELECTION OF A CITY SECRETARY"

All qualified voters who favor the proposition to elect a City Marshal shall have written or printed on their ballots the words:

"FOR THE ELECTION OF A CITY MARSHAL"

and those opposed to the proposition to elect a City Marshal shall have written or printed on their ballots the words:

"AGAINST THE ELECTION OF A CITY MARSHAL"

Said election shall be held in accordance with the election laws of the State of Texas, and the polls shall be opened at 8 o'clock A. M., and closed at 6 o'clock P. M.

Said election was ordered by the City Council of the City of Brownfield, by resolution made on the 13th day of April, A. D., 1942, and this notice is given in pursuance of said order.

Dated this 14th day of April, A. D., 1942.
