FOR JUSTICE OF PEACE Pct. 1
W. H. Dallas

Tuesday the 21st, was the 106th anniversary of Texas, as a free nation, and a free state of a free nation. On that day the pioneers of this state tied into a superior number of would-be dictators. We know the result. May the God of Heaven that looked down on and blessed those rugged pioneers who were farmers turned into an army, look down on and bless the efforts of our nation and other free nations who are this day struggling with tyrants.

At least 42,000 Texas farmers will go through the season this year without the fear of bugs and worms that destroy crops, nor will they cringe when a hail looking cloud looms on the horizon. These farmers have all risk insurance with the UDA that covers every phase of their risks, and can be sound sleepers at night, come what might. Of this number, 147 are Terry county farmers, according to the information obtained from the office of the county agent.

Benarr McFadden, a splendid writer, whose hobby is physical culture says, "our stupidity can lose us the war." He laments the fact that after President Roosevelt was astounded that 50 percent of our young men were unfit for military services, that of the hundred billions of dollars allowed for mechanical equipment, 100 thousand dollars is being begrudged if given at all, for physical culture among young people in the adolescent stage of development. McFadden states that for two generations, Germany has been training her youth, and that is the reason they have been able to crush every army except Russia.

In our article about the Panhandle Press meet last week, we mentioned several from the South Plains who were absent, but none of those present. Among the

number present were Mr. and Mrs. Chas. Dial, of the Ralls Banner, former publishers of the Brownfield News. Also, Forrest Weimhold of the Levelland Herald. The latter delivered a very fine address that was much appreciated by all, especially in this day when the editor's table is laden each day with hundreds of free publicity seekers from the four corners of the United States and Canada.

Several years ago, we heard much about the encroachment of the chain stores, and drastic laws to handle them were discussed. Since that time, much of this talk has ceased. The independents have met the chains on their own grounds, and in 1939, the last year of record, the independents did 74 per cent of the business in the USA. Reason: they cleaned up their stores, they modernized, they advertised and delivered what they advertised. Some refused to modernize and went the way of all flesh. Others, plenty of them, are here to tell the tale, and doing a good business at the old stand. And they can thank, not curse the chains for showing them the way.

The war department states that as the crimp on private building for the duration has released a lot of carpenters and building mechanics of various kinds, these men between the ages of 18 and 35 may enlist in units for construction purposes, their wages ranging from \$66 to \$35, with \$34.50 allowed each month for housing. These men, if to be used overseas, must drill, and learn to use a bayonet, rifle and tommy-gun. Their insignia is a bee as mad as a hornet, grasping a wrench, a hammer and a spitting tommy-gun. Like the old Israelites that returned to rebuild Jerusalem, they are taught to work and fight. They are also allowed medical and dental expenses.

During the Panhandle Press Association at Amarillo last week, Major Ruggles, editor in chief of the Dallas Morning News in civilian life, but as a reserve officer, was recently called into the service with headquarters at Camp Bowie, was on the program Friday P. M. His present status is as publicity man for Bowie, yet technically not called by that name. However, his subject was on just how much publicity a newspaper might give about troops, movements of them, or how many registered at a certain time, or how many left for camp, etc. After his address, he permitted questioning, and at the end, some editors, this one included, was left in doubt. It seems that some county boards permits mentioning of names and numbers that left for what camp or fort; some do not. In the majority of counties the name and numbers of registrees was printed, in some they were not. In other words, publishers are kinder left up to a tree what to do or what not to do.

Charges are easy to make and sometimes hard to substantiate. There is much talk of war profiteering and of this and that that should not be. The heart of America is torn by the news from Bataan Peninsula, and mishaps of all kinds have been taking place since December 7. Accordingly, we are vulnerable, wide open mentally, ready to believe any story we may hear of misdoings of Labor or Capital or of this highly placed. Listening to these charges do not come to the conclusion that the world has degenerated or that human nature has degenerated since the American revolution. We have recently read an article which tells some of what was happening to the men at Valley Forge in the darkest winter of the revolution.

Their paper money in Philadelphia stores and shops had little standing and they could buy little while their British opponents, paid in gold and living in comparative ease, were the toast of the town. They "made business good" that long, mean winter we read about when patriots walked barefooted in the snow to keep the spark of freedom alive. The love of money is wholly impersonal. It was always and always will be.—Floydada Hesperian.

WHY WE MUST WIN

Do you enjoy your Lions Club? Remember there are no Lions Clubs in Germany and will be none in all the world if Hitler wins this war.

Do you love your church? Remember that if Hitler wins this war there will be but one church in all the world and Hitler will be its god.

Are you a Freemason, or a Knight of Columbus, or an Odd Fellow, or a Knight of Pythias, or an Eagle or an Elk, or a member of any of the other fraternities? You will not be if Hitler wins this war.

Do you believe in the sacred character of marriage? Remember that in Germany Hitler has ordered all women to bear as many children as possible whether married or not. Your wife and daughters will be subject to his orders if he wins this war.

Do you value your right to choose your vocation, work where you please, change employers at pleasure, bargain with your employer for wages, live as a free and independent citizen? If Hitler wins this war you will stay where he tells you to stay, work at what he orders, accept the wages he apportions you, lose every vestige of your independence.

In Hitler's land there will be no individualism—nothing but the state, which will order every detail of the life of every person.

All right then. You know what to do. The Lion Magazine, March 1942.

Notice In Probate

No. 124.
To the Sheriff or any Constable of Terry County—GREETING:
YOU ARE HEREBY COMMANDED to cause to be published once, and said publication shall not be less than ten days before the return day hereof, in some newspaper published in Terry County, the following notice:

THE STATE OF TEXAS
To All Persons Interested In Estate of B. F. Whitaker and wife, Mattie Whitaker, Deceased:
J. M. Jackson, the Administrator of the above named Estate, has filed in the County Court of Terry County on the 20th day of April, 1942 for consideration and approval his Final Account and report of his administration herein, showing the present condition of said Estate, the indebtedness yet unsatisfied against the same, and also showing those entitled to said Estate, and asking that the real estate belonging thereto, which is shown to be all the assets of said estate remaining in the hands of said Administrator, be sold for the purpose of paying all claims, court costs, expenses of administration, yet unsatisfied, and the further costs of winding up said administration.

Which said application will be heard by said Court on Monday the 11th day of May, A. D., 1942, at the Court House of said County, in the city of Brownfield, at which time all persons interested in said Estate are required to appear and answer said application, should they desire to do so. Herein Fail Not, but have you before said Court at the time aforesaid, this writ with your return thereon, showing how you have executed the same. Witness my hand and official seal, at Brownfield, Texas, this 20 day of April, A. D., 1942.
H. M. Pyeatt, Clerk, County, Court, Terry County, Texas.

HOME DEMONSTRATION CLUB WOMEN AT DISTRICT MEETING

The district meeting of Women's Home Demonstration Clubs which met in Lubbock Saturday April 11, was attended by some 215 women from 17 counties according to reports. Terry county was well represented, there being 8 club women and the Home Demonstration Agent in Attendance.

Elected delegates attending the meeting were: Mrs. D. L. Griffin, Wellman; Mrs. Hardin Joyce, Johnson; Mrs. Kenneth Furr, Gomez. Others attending were: Mrs. Clyde Heafner and Mrs. Karl Giffith, Wellman; Ms. L. M. Lang and Mrs. R. E. Townzen, Harmony; Mrs. G. R. Gandy, Pleasant Valley; and Dorothy Fay Blanton.

The meeting, which was held in the First Baptist Church, was presided over by Mrs. O. R. Cope land of Lubbock county, District President. Mrs. W. G. Kennedy of Littlefield, State President, was the chief speaker of the luncheon in the Lubbock Hotel at noon.

In the Parliamentary Quiz, conducted by Mrs. Morris of Lamessa in the afternoon, Mrs. Hardin Joyce took part. Mrs. Joyce also gave a report on outstanding accomplishments in Terry County Home Demonstration Club Work in 1942.

HEAR THE WORLD'S YOUNGEST EVANGELIST

Billy Knight, eight year old child, who is known as "The World's Youngest Minister" and "The Walking Bible," will preach at the Brownfield Foursquare church, located on the corner of Lubbock road and Ripley street, Monday evening, April 27 through Thursday evening, services beginning at eight o'clock.

The young preacher began his career in the pulpit at the age of four years, and has appeared before large congregations over the country, as well as over the radio.

Rev. Viola Hunt, pastor, invites all to hear this wonderful messenger of God.

Come early, we expect a packed house each night he is to be with us.

TRAFFIC TOLL FOR 1941

Final count showed that 1,979 persons were killed in automobile crashes in Texas during 1941. This was the highest toll of any year on record except 1937, when 2,043 traffic victims perished. Cities reflected a 11 per cent increase in fatalities; small towns a 1 per cent increase, and county roads a 7 per cent increase.

Fertilizer a year old is as good as that newly made, say Extension agronomists. It may cake in storage and have to be broken before use.

Who Pays The Bills? You, Mr. Taxpayer

An incident took place in a small western town recently, that contains food for thought.

A farmer went into the local pool hall and found a number of shipyard workers playing pool on a week-day holiday. The question arose as to why they were not working and they told him it was because they could not get double-time pay. The farmer "blew up" and told them what he thought of such demands in this emergency.

They seemed surprised, and said: "What do you care? It doesn't cost you anything. The government pays the bill."

This brings up the question of who pays the factories and workers producing wartime equipment. No one but the hard pressed tax-

payers, including men and women in every walk of life—even the shipyard workers themselves.

Government has no money to pay anybody anything until it first collects it from the people. Government is merely an agent of the people. Every bit of waste by government, industry or labor, comes out of the pockets of the people.

It is a pity that any person thinks government pays for waste or exorbitant charges of any kind—the people pay through the Industrial News Review. nose in higher and higher taxes.

As you will note in his article this week, Wilson H. Banks, son of Mr. and Mrs. W. F. Banks, of the Gomez community, has been promoted to Captain in the U. S. Army Air Corps, and stationed in Puerto Rico. Congratulations are in order.

TIN SMELTER ENLARGED

The War Production Board will greatly enlarge the capacity of the tin smelter now under construction at Texas City, on Galveston Bay, it was announced by J. S. Knowlson, director of Industry Operations in the WPB.

Mr. and Mrs. Richard Kendrick spent several days in El Paso this week.

LET YOUR GOVERNMENT CHECK HELP SECURE OUR NATION

A-ABUNDANCE
A-AMERICAN
A-AIRPLANES

AAA checks represent aid which the Government extended to farmers in their hour of peril and need.

Now our Government is facing a grave hour of peril and need. This great Government which is the guarantee of all our rights and privileges is calling on us now to reciprocate—not with donations—but with loans secured with bonds. These bonds are good investments—the best you can get at this time. For instance, a bond costing \$75 now is worth \$100 at maturity.

The very least we can do on the Home Front is buy bonds to equip our boys on the Fighting Front. The fall of Bataan was a tragic example of what inadequate equipment means to our forces—it must not be repeated.

DUST BOWL RENAMED

DALHART, April 15.—Clyde L. Leighton's "Beef Bowl" has won the nationwide cash award contest to rename the old Dust Bowl, which last year harvested the biggest crop in history.

His entry, one of several hundred from more than 30 states, has been chosen by a committee of pioneer Texas Plainsmen. The 54-year-old stockman lives near Clayton, N. M.

The Dalhart Texan made the award. The two biggest international registered Hereford bull shipments in history have been made from Dalhart. One was 254 in 1930 by Coon & Culbertson, of Dalhart, then the biggest registered Hereford breeders in the world. The other was 250 this spring by W. O. Culbertson & Sons who now have the Coon & Culbertson herds. Both went to the Palomas Land and Cattle Co., in the State of Chihuahua, Old Mexico.

Beef cattle income in the 80 counties of the old Dust Bowl is now 23 to 36 million dollars yearly. Wheat payroll, next biggest, is 24 million dollars.

CONSTANCE BENNETT STARS AS WESTERN GLAMOR GIRL

When clothes horses turn to horse operas, Hollywood history is usually made. Marlene Dietrich rode back into the cinema spotlight on an open-air opus known as "Destry Rides Again."

Irene Dunne's first smash hit was "Cimarron," a tale of wide open spaces in the days when men were men and women were supposed to be glad of it.

Jean Arthur, a smart looking modern gal with rings on her fingers and gay hats on her head, donned chaparrals, boots and sombrero for "Arizona." This picture was in the nature of a come-back for Miss Arthur, too, for she had willfully remained off the screen for more than a year waiting for the right role to come along.

And now Constance Bennett, recognized the world over as the smartest of fashion plates, goes western for Warner Bros.' "Wild Bill Hickok Rides," a blustering horse opera of 1871 cattle thievery, dastardly villains and straight-shooting heroes. The picture opens today at the Rialto.

WHEN HITLER PHONED FOR HELP

Author Unknown

Old Hitler called the devil Upon the phone one day, And the telephone girl listened To all he had to say. "Hello," she heard old Hitler's voice, "Is old Satan at home? Just tell him this is Hitler Who wants him on the phone."

"Hello," the devil said to Hitler, And Hitler answered, "How are you?"

I'm raising here, a hell on earth, So just tell me what to do."

"What can I do," the devil said, "My dear old Hitler pal, If there is a thing I can do Then help I surely shall."

Old Hitler said, "Now listen, And I will try to tell The way I am running On earth a modern hell."

"My army went through Belgium, Shooting women and children down, We shot up all her country, and Blew up all her towns.

"My submarines are devils, You ought to see them fight, They go sneaking through the seas, And sink a ship on sight."

"I was running things to suit me, Until a year or so ago, A man named President Roosevelt Wrote me to go slow."

"To him I didn't listen, And he's coming after me, With a million U. S. soldiers From their homes across the sea."

"That is why I called you, Satan, For I want advice from you, I knew that you would tell me Just what I ought to do."

"My dear old Adolf Hitler, There is not much for me to tell, For the U. S. will make it hotter Than I could for you in hell."

"I have been a mean old devil, But not half as mean as you; And the minute you get down here, I'll give the job to you."

"I'll be waiting for your coming, I'll keep the fires all bright, I'll have your room all ready When the U.S. begins to fight."

"The boys from U. S. will get you, I've nothing more to tell— Hang up your phone and get your hat, And meet me down in hell."

BLUE-BACKED SPELLER SHOULD BE USED SAYS EDUCATOR

AUSTIN—The father of the 12-grade system for Texas schools believes the "blue-backed speller" should be an accompaniment for school children from the second through the eighth grades.

Dr. Fred C. Ayer, professor of educational administration at the University of Texas, who was one of the earliest advocates of a 12-grade system, declares organized spelling classes should be a part of school work through the eighth grade. His opinions are carried in a current issue of the Texas Outlook, publication of the Texas State Teachers Association.

The things we stub our toes on today are the ones we laid around carelessly yesterday.

DALLAS WINS SAFETY AWARD

Because the traffic death rate per 100,000 population was 10.5 lower than that of Houston, Fort Worth and San Antonio, Dallas won the Texas Safety Association's grand award for big cities last year.

From where I sit . . .

by Joe Marsh

VERY OFTEN these days, I get to thinking about the soldier boys at camp. And the sailors, too.

What worries me is . . . what happens when they get a day off after working their heads off all week? They go to town . . . and what then?

What happens? The answer is . . . mostly nothing! Because most towns near army camps just don't have nearly enough entertainment facilities to take care of the soldiers on leave. So the boys just stand around, leaning against lampposts or sitting on doorsteps. And sometimes, the local townsfolk find themselves wondering what's changed the town . . . instead of pitching in to help the boys have a good time in decent surroundings.

In many towns, however, the situation is better. Many towns have nice, community places where a soldier can go sit down and "chew the fat" and enjoy some cake and milk, or maybe a good glass of beer. The boys like that. And they're not likely to get in trouble . . . because common sense tells you

nothing can be wrong about a couple of glasses of beer.

There's another reason, too. The beer industry is cooperating with the army and with the law-enforcement officers to help keep the places where beer is sold, clean and decent. The brewers don't want their beer sold to soldiers in places where bad conditions exist . . . and they're right.

Seems to me that we Americans ought to get together and do everything we can to make things pleasant for the boys who are in training. They're doing their duty . . . maybe we have some duties, too, in this direction.

There are lots of ways of helping. We ought to support them all. All of us have our part to play in winning this war . . . and making life a little easier for the boys in camp is something we all can do something about.

Joe Marsh

I GIVE YOU TEXAS
by BOYCE HOUSE

San Antonio is the most romantic of all Texas cities. In fact, take the word of one who has roamed amid the vaunted splendors of Los Angeles, the quaintly beautiful city of the Alamo is more picturesque—and it's not 1,200 miles away.

"A foreign land at home," somebody has described San Antonio. An old Mexican playing a harp almost as big as he is, a singing blind man being led by a little daughter, a withered brown crone begging pennies, dark-eyed beauties with flashing teeth and wearing bright colors and gleaming jewels—these are sidewalk dramatic personae.

Then there is the old Menger Hotel, once the Mecca of the cattle kings of the Southwest, and still a busy place, with its rotunda that gives the visitor of the marble and gold of the balustrades for three floors above, and you will see a bronze plaque commemorating Sidney Lanier—for the great Southern poet spent a winter at San Antonio and stopped at the Menger.

Sunshine, palm trees, flowering

shrubs of exotic coloring and pungent aroma, soft Spanish syllables—manana, amigo, hasta la vista—and from somewhere the faint strains of a guitar and a tenor voice rendering "La Paloma"—such is San Antonio.

Then there is the mission of San Jose with its famed window, a blossoming in stone that was carved by a Spanish artist whose fingers have been dust for centuries, and the bell-tower with its winding stairs hewn from logs.

And the old San Antonio River, its water a beautiful blue, winding through the center of the city, spanned by a score of bridges, its banks a smooth slope of green—memories of O. Henry and Brann the Iconoclast, for both these great writers lived here; memories of Robert E. Lee and Albert Sidney Johnston; memories of the war-shouts, "Who will follow old Ben Milam into San Antonio?" and "Remember the Alamo!"

Not to have seen San Antonio, to have reveled in its magic, to have thrilled at the spot where Bowie and Crockett and Travis died—one who has not felt these kindling emotions has not truly known Texas to its fullest.

JIM GRAVES, Owner

Yes, vaccine prepares you to beat trouble... now how does this oil work that principle?

Like a plague, modern driving conditions are widely attacking motor oil—wasting it away. Nature can't modernize her oil. And the best refining even weakens certain natural "immunities"...

BUT CONOCO Nth OIL makes it all up—and then some—with its modern man-made preventives. They get the credit for its healthy record of more than twice the mileage averaged by five other fine oils in a Death-Test lasting till engines burned up.

The rival oils, in identical cars, under impartial observation, braved blistering Death Valley with a strict 5-quart fill apiece and no more. One gave out when Conoco Nth was still more than two-thirds up! None came closer than a bare 58% of Conoco Nth mileage!

Get this same Conoco Nth oil for the Spring change that your engine must have. You'll be getting the added modern synthetic, *Thialkene inhibitor*, to forestall the fouling attacks of highest engine speeds and pressures. Instead of breaking down into so-called varnish, gums and worse obstructions, your Conoco Nth oil can stay more like its own good self—to help your mileage stay up.

The out-and-out Death Valley victory proved it—and proved once again that an

OIL-PLATED engine lives long. OIL-PLATING, a recognized Conoco advantage through the years, comes from the other great synthetic in Conoco Nth. This exerts magnet-like action to envelop inner parts in close-bonded lubricant that doesn't all quickly drain down. Instead it stays plated in place—much as any other plating—and that's what the conventional movable oil film slides on!

You're one more remove from excess wear—from the hazard of repairs and delay these days. You're up to the Nth degree of oil mileage for your car. Change now at Your Mileage Merchant's Conoco station. Continental Oil Company

Baptist Church News

The pastor preached in the meeting with the Gomez church last week which closed Sunday evening with twelve added to the membership, ten by baptism. The attendance in the school Sunday morning was 387 which is building up again and a large attendance at the preaching hour. We are not pleased with the attendance Sunday evenings as too many people only attend church once each Sunday.

Dr. Edward B. Jenkins, now of Abilene, but a world traveler, preacher and lecturer who has visited 26 foreign mission fields and made pictures of places of interest in those countries will preach next Sunday morning and at 8:30 P. M., will show his pictures and give his lecture on the foreign mission fields. His subject will be "The Crisis in Foreign Missions" and his sermon will be of especial interest to all people who believe the church should endeavor to do what Jesus commanded, "Go into all the world and preach the Gospel to every creature," and we predict that he

will have a large hearing.

A conclave will be held Friday of this week with the New Home Church for boys 9 to 17 known as the Royal Ambassadors and will continue from 7:30 p. m., until Saturday noon and we are interested to have all boys in this age limit attend this meeting Friday evening.

Dr. Jenkins mentioned above will be present with the boys and give his lectures and lecture Friday evening and your boy should be present. Few people who were informed on conditions in Germany and Russia were surprised when they overthrew Catholicism in these countries and many of them went to the other extreme of atheism seeing the unreasonable and superstitious claims of that organization and many believe when the war and religious freedom has been won, as it will be won, that the worlds greatest missionary opportunity will open. Be sure to hear Dr. Jenkins if possible.

Soybean Contest Sponsored By Cottonoil Co.

This contest is to promote the planting of oil bearing varieties of soybeans to determine if such a crop can be produced economically in the counties of the Cap Rock of Texas.

Any member in good standing of a duly organized 4-H Club or F. F. A. Club in the counties participating will be eligible to enter this contest.

A minimum of six contestants in a group will be required in a county for the county prizes to be given. It is not required that there shall be both dry land and irrigated land contests in a county, but may be one or the other or both. However, if there are not the required number of six in a county for a contest, those who want to participate may compete for the Grand Prize.

Contest winners will be required to submit a complete history of their experiments, stating the variety of soybeans grown and harvested, the cost and yield per acre, and something about the cultivation and harvesting. A copy of this history must be certified for correctness by the County Agent and furnished the sponsor of this contest.

Only oil bearing varieties of soybeans will be recognized in this contest. Grades of soybeans must be No. 2 Grade Yellow Soybeans or better as described in the Handbook of Official Grain Standards of the United States, U. S. Department of Agriculture.

Contestants must harvest a minimum of one acre of soybeans in order to be recognized in this contest. There is no limit to the number of acres a contestant may plant.

The soybeans must be harvested with a machine and not by hand. Yields are to be reported in pounds per acre.

The Certifications of production as signed by the County Agents must be in the General Offices of the West Texas Cottonoil Co., Abilene, Texas by Dec. 30, 1942. These certifications are to become the property of the sponsor.

Prizes in each County will be for the first, second and third largest yields per acre of the grade required. There will be a contest in each county for those who produce without irrigation and those who produce with irrigation.

	Dry Land	Irrigated Land
1st Prize	\$20.00	\$20.00
2nd Prize	\$15.00	\$15.00
3rd Prize	\$10.00	\$10.00

The Certification of Yields of all Contestants from all the Counties will be tabulated, in order to find the two highest yields. When these are known, two Grand Prizes will be given as follows:

Grand Prize No. 1 of \$50.00 will be given to the Contestant with the largest yield on dry land.

Grand Prize No. 2 of 50.00 will be given to the contestant with the largest yield on irrigated land.

Youngsters Have The Choice Of Service

A War Department announcement will be welcome news to the young men of 18 and 19 years of age who wish to get in the Army and have a favorite branch in which they wish to serve.

The West Texas Recruiting & Induction district has been allotted quotas of enlistments for the Air Corps, the Armored Forces, the Coast Artillery Corps, Cavalry, Field Artillery, Engineers, Signal Corps, and Infantry, exclusively for men who are not yet 20.

Enlistments of men who are 20 and over, and are therefore of draft age, are welcome in the Army of the United States, Unassigned. Their preferences are followed whenever possible. But only men of 18 and 19 years of age are allowed the preference of enlisting direct into the branch in which they wish to serve. 18 and 19 year old men should see the Army Recruiting Service to day.

Four men returned Saturday from Old Mexico, where they caught a nice lot of fish. Those in the party were Ed Newsom, Kenneth Furr, Johnnie Baggett, and Ches Gore. Friends and neighbors enjoyed a fish fry Sunday at the Newsom home.

Lose Boys In Bataan But Welcome Flyers

LUBBOCK, April 20—The saddened city of Carlsbad, N. M., whose National Guard Unit was last heard of on Bataan, put away its tears last week end and gave a rousing send-off to a graduating class Air Corps aviation cadets from the Lubbock Army Flying School here.

It was a "coming-out" party for the Lubbock twin-engine school's first class of cadets, scheduled to receive the silver wings and gold bars of flying officers April 29. Upon graduation they will be ready for active duty wherever needed in the war effort.

In their honor the people of Carlsbad put on their glad rags and for a time tried to forget that the state's entire National Guard, including 100 of their sons and brothers, had been in the Philippines with Generals McArthur and Wainright until the end just a week before.

There was a two-day celebration. Saturday the cadets paraded through the city, rode companies, and roped calves and goats, were guests at a Western "son-of-a-gun" chuck wagon supper and danced an old-fashioned Western dance. Climax of the visit was a tour through the famous Carlsbad Cavern Sunday Morning.

On hand through the week end was John Florea, crack photographer for Life Magazine, after pictures for the magazine's "Life Goes to a Party" section.

Gay as the celebration was, however, Carlsbad couldn't quite forget. Everywhere cadets heard the same thing from dads, mothers, brothers and sisters of Bataan's lost fighting men:

"When you get there give 'em hell for us, boys."

OBITUARY

As stated last week, the Herald gives a bit more about B. W. Stinson, that owing to the nearness of press time we were unable to give. Uncle Bart Stinson was born in Louisiana, but migrated to Texas early in life. The Stinson family came to Terry county about 1918, from Paducah, Texas, and the Stinsons had been pioneers of that county the same as of this one.

The writer has had much dealings with deceased, much time in conversation, and always found him one of the most agreeable of men. If he ever spoke in a disparaging way of an absent person to us, we do not remember it. He usually could find some good in all people, and played up their good points. He was a faithful husband, a kind and generous father, and a friend and neighbor to all.

Enlarging a bit on what we knew of the funeral at press time last week, will state that active pall bearers were H. M. Pyeatl, Ike Bailey, Irvin Rambo, Slim Schillingler, Lee Fulton, and Tom Cobb.

The honorary pall bearers W. A. Bell, J. L. Cruce, Tom May, A. J. Stricklin, Jim Miller Pat Brothers, R. H. McCormick, G. C. Aschenbeck, Jno. S. Powell, W. S. Daniell, Seminole, Geo. E. Tiernan, H. H. Longbrake, Geo. W. Neill, R. M. Kendrick, Dick McDuffie. He was a member of the Brownfield Masonic Lodge.

Mrs. Stinson having passed on about two years ago, the following children survive: Mrs. Knox Doyle, Dallas; Dick of Paducah; Sid, of Dallas; George, of Alaska; Kenneth of Deming, N. M.; Hugh, City; and Mesdames Virgil Bynum and M. E. Brown, both of this city. Neither Sid, George nor Kenneth were able to attend the funeral.

GREETINGS FROM FORT CLARK, TEXAS

We wish to express our thanks and appreciation to friends and relatives of the Gomez community for all the lovely gifts.

We regret very much we could not be present at the shower but circumstances would not permit.

Again we wish to express our thanks. May God bless each and every one.

Mr. and Mrs. J. T. Berryhill.

BANQUET CARDED FOR MONDAY NIGHT

The Brownfield Junior Chamber of Commerce will have a banquet at the Bond Cafe, Monday night, the 27th. Officers and five directors will be elected for the coming year.

At this time, plans will be made for the regional meeting here in May.

Those attending the Bankers Convention in Lubbock Tuesday were Messrs and Mesdames, J. O. Gillham, R. M. Kendrick, W. R. McDuffie, Bud Gillham, Milton Bell, John J. Kendrick, Clovis Kendrick, Spencer Kendrick and R. V. Moreman.

Mrs. Tom May, Mr. and Mrs. Roy Ballard and daughter, and Ida May and Johnella May, spent Monday in Amarillo, where they visited with Murphy May who was pending the day there.

Mr. and Mrs. Jack Bailey and Mr. and Mrs. E. V. Tarbuton left Wednesday for Old Mexico on a fishing trip.

Mr. and Mrs. Orb Stice and children visited relatives in Midland Tuesday.

Mrs. John B. King was wearing a bluebonnet this week they raised at the nursery.
