## Scrap For the Japs, Huns and Wops

### MAKING IT HOT FOR GRASSHOPPERS IS THE THEME SONG IN TERRY

**Big Concrete Mixer At West Texas Gin Turning Out Poison By The Ton. Only Cost To Farmers Or Ranchmen Is Cost Of Mixing.**

If you don't think the farmers of Terry county are getting ready to feed Mr. and Mrs. Grasshopper a sleeping potion from which they will never wake, just step down to the West Texas Gin some day and watch those men handle that concrete mixer, which is turning out poisoned bait by the ton. The mixture consists of cottonseed hulls, wheat bran, poison and water.

This mixture is then loaded on the farm car or pickup, and it is soon out on the grounds where it will do the hors de combat act to the pesky hoppers, which are the small Rocky Mountain type of migratory hoppers. Their papas and mamas came in last fall, but seemed to be harmless, as they possibly and their fill at some other seaport.

But the present boogers while quite small, not much larger than a large ant, seems to be ravishingly hungry. For awhile it seemed that the pests were confined to the north part of the county, but now they are appearing almost everywhere. Talked with two ladies, Mrs. Buster Allmon and Mrs. Roy Sparkman of the Scudday section in south Terry. They stated that he hoppers were confined at present to the pastures. They were in for their husbands, after 300 pounds to sow down their pastures and they hoped to stop the pests before the fields were invaded.

The government is furnishing the mixture, making only a slight charge of 20c per 100 for the cost of mixing. Farmers are required to bring in their own sacks. The time to get them is now, before they begin to fly.

**Caution:** It is advised to sow the mash preparation by hand, avoiding any lumps a cow or horse might pick up. Otherwise, it is stated that there is no danger in letting the stock run on the grass.

### Registration Of Sugar For Home Canning

Consumers who have registered for their individual sugar may now obtain sugar for their canning purposes. Registration will begin Monday, June 8, and will continue through Monday, June 22. Registration will be in the Rationing Office which is located in the Court House.

Consumers who register, may obtain sugar for canning or preserving fresh fruits for their own use in an amount of one pound per four quarts of finished canned fruit, and one pound each year per person for use in preparing preserves, jams, jellies or fruit butters.

Applicant should be able to furnish information concerning the number of quarts of fruit canned in 1941, number of quarts of fruit in possession, and the number of quarts of fruit to be canned during the period for which application is made.

One adult member of the family unit may register for the entire family, and be sure to bring with you each member of your families' War Ration Books. Kathleen Garner, Sec., War Price and Rationing Board.

### Miss Shirley Bond Seeks City Secretary Job

I take this means of announcing for the office of City Secretary. I have had several year's experience in work of this nature, and feel that I am qualified to fill the office. Any consideration given me will be greatly appreciated, and I will try to see everyone personally before the election.

Shirley Bond.

### Spence Makes "Who's Who In High School"

Mr. John Paul Spence, known as Jack Spence, a son of Mr. and Mrs. P. T. Spence of 711 E. Main, is an outstanding senior of Brownfield high school and graduated May 15. He is one of the students who will be listed in the 1941-42 issue of "Who's Who Among High School Students" in Texas, a publication published through the cooperation of the Texas high schools. The members of Who's Who are selected on the basis of the combined qualities of scholarship, leadership, character, sportsmanship, and extra-curricular activities by the high school authorities. It is the only book of its kind which gives recognition to outstanding high school students.

The purposes of Who's Who are to serve as an incentive to high school students, and to introduce these worthy students to the colleges and universities in Texas. Each college and university in Texas receives a free copy of Who's Who.

As a freshman Jack was president of the Student Council and radio reporter of his school's activities. He was a member of the boy's pep squad in his sophomore year, when he was a member of the boy's chorus and of the mixed chorus.

This past year as a senior Jack has been reporter and a charter member of the Dramatics Club, a representative of Brownfield High School in panel discussions, art editor for the high school annual, "La Memoria," and a library assistant. Because of his scholarship, leadership, good citizenship, and attitude he has won a B-award in Brownfield High School.

Jack is ambitious, conscientious, and likes art in which he is talented. He plans to attend Texas Technological College in Lubbock.

### Capt. Wilson. Banks Visiting Home Folks

Captain Wilson H. Banks, with the US Air Corps, now with headquarters in New York, is home this week on a furlough, visiting his parents, Mr. and Mrs. W. F. Banks of the Gomez community. While we did not ask him the direct question, and he probably knows no more about the matter than we, he is likely to be sent most anywhere on combat front with his squadron.

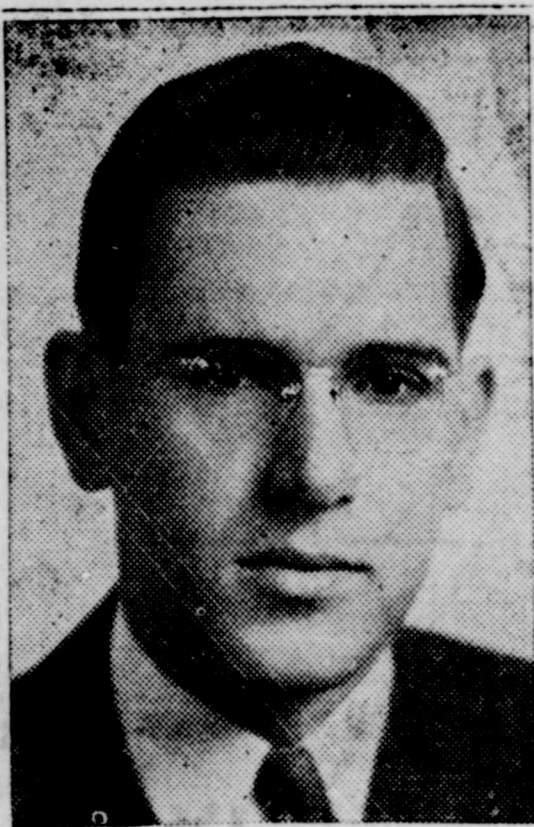

Wilson is looking fine, and seems hard as nails, but he carries that old smile he always had for his friends. He stated that he sure got to liking Puerto Rico, while stationed there, as it never gets very hot and never very cold there. The island is generally favored with a sea breeze, he stated.

### Jones' Grasshoppers All Disappear

R. D. Jones was in this week from the Johnson community, and stated to the Herald that his grasshoppers were as scarce as hen's teeth, although admitting that he twice had them. He stated that the first batch hatched out some weeks ago, and was fixing to come in after poison, but they soon disappeared.

Then about two weeks ago, another hatch came off, and he again got uneasy as his cotton was looking good and tender for the hoppers, but the big rain came; he saw some of them next day but again, they seemed to fold up. Jones says however, the pests will get a battle from him before he lets them eat up his cotton and feed.

### Local Boy Honor Graduate At Tech

SAM CHISHOLM

Photo courtesy Lubbock Avalanche

With a grade of 2.96 for his four year college work, Samuel Whitten Chisholm, son of Mr. and Mrs. G. W. Chisholm of this city, led the 16th graduating class of 350 seniors. This grade is just short of A for the four years work.

Sam (to home folks) made this grade for his degree despite the fact that he finished back in February and went to Corpus Christi Naval Training Station, where he is working toward a commission as Ensign. Other graduates of this area are mentioned in another article.

Sam Chisholm was born on the farm north of town on 14th day of January, 1919. We can remember this well, as he and our daughter Sallie, were born the same day. Therefore he is just 23 years of age, past. Unlike a lot of other young people, Sam has sown no wild oats; he is no nighthawk. Instead he put in his time on his education. We do not mean by that that he was a woman hater, but he just didn't let the girls help him waste time, nor boys for that matter.

As a grade school student, as a high school student, Sam led his class, and was valedictorian when he graduated from his school. In fact before him, his brothers and sisters were topnotchers in classes, beginning with Louise. The year the twins graduated, Jessie and Bessie, one was valedictorian, and the other salutatorian. So, as the east Tennessean would say, he came by his "larnin'" honest.

The Herald is glad to salute this smiling courteous youth, that we have called our friend since his childhood, and we feel that as a naval officer he will make equally good.

We might state here that Gov. Coke Stevenson made the commencement address Monday night, and that Sam was an "absentia" graduate, as he and several others of the class were in the service. The main theme of the governor's address was, "America, the Last Citadel of Democracy."

### Watch The Thermometer Go Up And Up

This week the Herald is starting a page ad undersigned by a number of patriotic business men who wish to see the sale of War Bonds and Stamps boosted.

In it, there is a good representation of a Thermometer, and as Terry County Climbs toward its quota of more than \$500,000 for 1942, watch the mercury climb in the tube month by month.

### Chambliss Visits Home Folks

J. W. Chambliss, who is now quartered at Camp Biggs, near El Paso, was home for the week end, visiting his mother, Mrs. L. D. Chambliss on the farm just north of town.

J. W., with the radio section of the army, was looking in the prime of health, and stated that he was liking the army and his work.

### Food Value Plue With Green Vegetables

Do you eat at least one green vegetable every day—more if possible? That's what the guide to good diet, drawn up by the nation's nutrition experts, says each of us needs. For green vegetables are rich in many of the food values we need to help keep us healthy.

Green vegetables have their place, too, in meals that taste good and look good. With their pretty green color and their nice fresh flavor they are perfect side partners for meat and potatoes.

The smart cook fixes vegetables for the table so they keep that fresh garden look and taste, along with the vitamins and minerals. To her it's a crime to overcook green vegetables or to pour down the sink the juice—the good old-fashioned pot liquor.

Use your green vegetables as soon as you can after they come from market or garden.

If you must keep them a day or two, store them in a cool place away from dust and flies.

Just before using, wash them quickly and thoroughly but never let them soak in water. You lose food value that way.

To get rid of sand and grit, lift the vegetable from a pan of water, rather than pouring the water off.

Salad greens keep crisp and crunchy if washed, wrapped in a clean cloth, and kept in a cold place.

### Rules for Good Cooking

Here are the rules for cooking and serving vegetables to make the most of what Mother Nature put into them:

1. Use little water slightly salted—cook a short time—never add soda to the cooking water. Soda destroys vitamins.
2. Have the water boiling when you put green vegetables on to cook.
3. Leaving off the lid helps to keep the green color. With leafy greens, use a lid at the start until they are wilted.
4. Serve all the juice with the cooked vegetable or use it in soup or sauce. That's being thrifty with the vitamins.

### N. (Slim) Chavis In Race For City Marshal

I take this means of announcing my candidacy for the office of City Marshal, and asking you for your vote and support in securing this office. I have been a resident of Brownfield for a number of years and know lots of you but invite every one who does not know me personally to investigate my reputation. I believe in a strict and impartial enforcement of all laws in cooperation with all other enforcement officers.

If I am elected your City Marshal I will do my very best, and I feel that I am qualified to do the job.

I earnestly solicit your Vote and Support and if elected your City Marshal I will be on the job and do my very best to prove myself worthy of your confidence.

Yours respt.  
N. (Slim) Chavis.

### A Fair Exchange We Call It

This week, large trucks came in with two combines and several row binders which were unloaded at the Chisholm Hardware, as they were of the John Deere make. When they left, they carried some steel wheel lug model tractors and equipment.

It was a John Deere dealer of Coleman, Texas, exchanging with Chisholm Hardware, stuff hard to Chisholm Hardware, stuff hard to sell here. The implements brought in were on rubber; that carried away on metal wheels.

After all is said and done—we keep on saying and doing.

### 3146 Scholastics In Terry County

Well, the school census is in, and while we may have lost some adults over a year ago to munitions, airplane works and other war efforts, not to mention army, navy and marines, we have evidently gained in scholastic population over last year, according to figures given us by Miss Thelma Lee, clerk at the County Superintendent's office.

Miss Lee stated that the figures had not been passed on by the state office, but she felt that it was approximately correct, with little if any variation either way. Miss Lee also stated that there were now only four school districts in the county, all independent. Foster was the last common school district to succumb to consolidation. Thirteen sections were given to Union, and the rest, some 17½ sections voted unanimously to consolidate with Wallman.

The following is the approximate number of pupils in each district:

Brownfield	1924
Meadow	507
Wellman	419
Union	296
Total	3146

### Price's Hat In Ring For District Judge

Judge W. W. Price of this city informed us this week that he had filed his name for a place on the ticket as a candidate for District Judge of the 106th Judicial District. He made a good race for the office four years ago, considering his acquaintance over the district.

Judge Price, who has served as both County Attorney and County Judge of Terry county, stated that he had been solicited by people all over the district to make the race. His formal announcement will appear in the newspapers of the district next week.

### Lee O. Allen Reports Little Replanting

Lee O. Allen, Mayor of Tokio, and proprietor of the only gin plant in that section of Terry and eastern Yoakum, is our authority for the statement that this far, Terry and Yoakum have the best stands of cotton up and growing and the least blowout for years, and Lee O. gets arounds and sees things, you can bet.

About the only thing we have to dread now is a belated storm, or grasshoppers, and the farmers are preparing to fill the hopper-hides so full of poison that they'll just keel over and give up the ghost.

### David Perry And Wife Visit Home Folks

David Perry and wife were home for a brief period the past week end, visiting with his parents, Mr. and Mrs. R. B. Perry, and her mother, Mrs. C. F. Holt, and other relatives David has been engaged in the construction of the huge munitions plant at Hooks, near Texarkana.

He stated, however, that his work was complete there and that they were now moving to McGregor, Texas, near Waco, where another similar plant is being built.

### Truett Flache Is Now A Lieutenant

Truett Flache, graduate of the A. & M. College, has taken special military training at Ft. Sill, Okla., of late, and has recently been made a Lieutenant in the regular army.

Congratulations, Truett. He and Mrs. Flache, nee Miss Queenelle Sawyer, also a Brownfield product, are living at Lawton, Okla., for the present.

Her parents, Mr. and Mrs. Arthur Sawyer are soon to visit Lieut. and Mrs. Flache.

### LET'S PUT THE COLD STEEL AND IRON TO THE JAPS AND GERMANS

**We Must Back Up Our Boys At The Front. Few Men, Ill Equipped, Has Meant Failure At Wake, Bataan And Corregidor.**

County Judge C. L. Lincoln and Mayor Jesse D. Cox jointly asked us this week to stress upon all citizens of the county the importance of getting their junk iron, steel and other essential metals in, so that they can be shipped to factories that are running low on iron ore. That pile of junk iron in your back yard is just a Dud as is, but put into bombs, tanks, airplanes and guns or other war weapons our fighting men so sorely need, it can perform a useful service. There is hardly a community in Terry county that does not have one or more neighbor boys in the service.

What was the matter at Wake, Bataan, Corregidor? We just did not supply our fighting men that we had there, and the men were too few, with the guns and munitions they needed. Folks, let's be reasonable—let's not let our boys, anywhere else, down without trying our dead level best to supply them with something to fight with. Also, let's not forget our brave allies that are also fighting the fight of freedom. Let's help them all we can.

Remember there is now a ceiling price on junk iron; it will not go higher, so the sooner you sell it or if you like, donate it, so much the better. Our scrap drive opens June 15th. Let's make it a great gathering of scrap metal that our nation and its armed men need so badly, and that is perhaps rusting out in your back yard, or around your barn. Every pound now counts. Let's get this metal where it is needed, and try for a knockout of the world desperados as soon as possible. The sooner the better.

Here's just a short story of what scrap metal will do in the war. A one ton bomb requires 500 pounds scrap metal. A 37 mm gun requires a third of a ton. A 75mm gun requires a half a ton, and a medium tank requires 18 tons of scrap metal.

Heading the drive for scrap metal will be Bob Bowers, R. N. McClain and C. T. Edwards, and these men will probably outline their plans for the drive in the newspapers next week. At that time, we hope to be able to give you a list of junk dealers who will buy your metal. In the meantime, there is not a thing against your bringing in your metal this week or next—the sooner the better.

We must all do our part without a moment's hesitation. The Herald has no junk metal, unless you would consider some of our old presses that we have to use, junk. But we are glad to help the committees and others interested in telling you about this drive. In fact, folks, if it meant winning or losing the war, we would without a qualm of regret sacrifice some of our presses, and risk the ability to replace them after the war.

How do you feel about the matter? Are you going to back up our noble and brave boys in the fight, or lay down on them? It is already history what happened to France when the leaders lay down on that unfortunate nation.

Bring in your scrap metals and let us continue to blast the hell out of Germany, Japan and Italy until they will wish they never heard of war.

### Neely Teaching Classes In Welding

Tom Neely, agricultural teacher in the local schools, is now engaged in teaching a large class in welding in the basement of the grade school.

This class of boys and young men are being prepared to take their places in war production plants.

### Naval Construction Officer To Be In Lubbock June 12

Neill Walker of the Navy Recruiting Station, Lubbock, Texas, who is in Brownfield on each Tuesday, stated today that a Construction Officer of the U. S. Navy would be in Lubbock on June 12th to interview applicants for the Navy Construction Regiment.

The Construction Regiment is for duty outside the limits of the U. S. The Navy as especially desirous of men skilled in one of the following trades: automotive mechanics; diesel and steam mechanics; carpenters; concrete workers; electricians; road maintenance men; labor foremen; metal smiths; shovel operators; painters; pipefitters; riggers; steelworkers; telephonemen; welders; and laborers. Men interested in this branch of the service should secure two letters of recommendation as to their particular ability and make application in Brownfield on Tuesday or in Lubbock any day. They must make application before they can be interviewed by the Construction officer. Salaries range from \$60.00 to \$99.00 per month depending upon the applicant's qualifications. \$34.50 per month is paid to dependents if applicant's rate is \$72.00 or higher.

The Navy also needs apprentice seamen to man the Navy's ever-increasing fleet. Applicants can qualify for this rating with no particular skilled trade. Young men that are interested in seeing their country and at the same time learn a trade should investigate the U. S. Navy today.

### Six From This Area Tech Graduates

LUBBOCK—Candidates for degrees at the annual commencement exercises at Texas Technological College June 1 number 364. The baccalaureate and commencement exercises will be held in the open on the Tech athletic field. Governor Coke Stevenson will deliver the graduating address Monday night, June 1, and President M. E. Sadler of Texas Christian University will preach the baccalaureate sermon Sunday night, May 31.

Among those from this area who received their degrees Monday night are: Sam Whitten Chisholm and Ora Vondree Lewis, city; Vernon Lee Bundrant and Thomas Darrell Verner, Meadow; Wilbert Millage Taylor, Plains; and Victor Harold McDaniel, Seagraves.

### Patriotic Mother Visits Herald Office

Mrs. J. H. Morris, our Plains correspondent, was in Monday, and visited this office. She stated that the Germans and Japs had to be whipped, and it would take American men to do the job in a big way.

She has three sons and grandson in the service or soon to be, and remarked that she told a grandson that she believed that Navy would be her choice, and advised him to get into that branch of Uncle Sam's fighters.

### Capt. Banks Talks To Lions Wednesday

Among the speakers at the Lions club at their regular luncheon Wednesday, was Capt. Wilson H. Banks, of New York, with the Army Air Corps.

Other speakers were O. D. Thomas, of Oklahoma City, former Cub football star, and Tom May and Homer Winston, local orators.

Ideas are obsolete little things. They won't work unless you do

The latest we have heard is, "do you know the color of Uncle Sam's underwear." "No, do you?" "No, the Japs are the only people who have ever caught Uncle Sam with his pants down."

Doolittle may be his real name. We are not disputing that fact. But what we are trying to tell you is that he did plenty to the Jap rats. And going a bit further, that lacked a Hellofaloat to what he and his men intend to do at some future time. Yep, Doolittle will Doagin.

The Herald congratulates Editor and Mrs. Mike Barrett of the Brownfield News on the birth of a daughter, Monday. We know just how the owners owe the News feel over their first born. But resorting to a bit of braggadocio, that is old stuff with the Herald. In fact, the Herald is grandpap to a five-year-old third edition of Jacks.

Rarely does an editor, or anyone else, for that matter, get to deliver his own commencement address. But that lot fell to the popular editor of the Amarillo Daily News recently. Editor John McCarty took journalism when attending West Texas State college at Canyon, and before receiving his degree, was offered a place on the Dalhart Texan as editor. Some time ago, he accepted editorship of the Amarillo daily, putting him within 17 miles of Canyon. So John commuted to Canyon and back in his spare time, and won his degree. Then he was chosen to deliver the commencement address to his graduating class.

We note that our daily editors visit Washington periodically, and perhaps that is reason that they get some government advertising while the weeklies get the propaganda. Suppose a bunch of us country hunks send a man up there to represent us, and let him whisper "gentle" words into the ears of the powers that be. Just tell them that we're getting fed up on holding the bag. None of us could afford the trip, but maybe all of us could donate on the expense. We have some very aggressive young editors that would delight to go and talk turkey with the powers that be. By the way, some at least in Congress are by some means waking up to the fact that the government has no more right to ask publishers to give their advertising space, the newspaper's stock in trade, than it has to ask anybody else to donate their goods, and one of them

is Senator Vandenberg of Michigan.

It seems that none but a few guys in Washington wants a general rationing of gasoline. Even President Roosevelt stated not since that he could see no use in rationing gasoline in places like Texas or the Los Angeles area, where they are almost drowning in the fuel, as he figured it would save little wear on tires. But his co-workers, such as Nelson, Ickes, Henderson and perhaps others, seem to will it otherwise. There is just about as much sense in rationing gas in Texas as it would be to ration spinach around Laredo, lettuce at Salinas, Calif., oranges in Florida, or grapefruit in the Rio Grande valley, just because some other section had to have them hauled in long distances.

Of course you recall that several months ago, the Roosevelt haters were calling him a would-be dictator, and stated positively that if we got into war there would be no congressional elections this year. It seems that the GOP politicians just can't get along without politics as usual. We are not only going to elect our congressmen this year as usual, but every other kind of official from Constable to U. S. Senator. The only request we have heard of being made from the White House is, "it does not matter so much what party the man you elect belongs to, but at this time, see that you elect men who will not hinder the war program" or words to that effect.

## Greatest Grasshopper Infestation Since 90's

**LUBBOCK**—An infestation of Rocky Mountain or Mexican grasshoppers in the largest numbers since the 1890's is threatening crops in an area extending from Lubbock County north to Goodwell, Okla. The insects, which are the smallest migratory grasshoppers, have been estimated at a thickness of 25 to 100 per square yard in the infested region.

To combat the insects, Henry P. Clay, of the agricultural engineering department of Texas Technological College, has constructed a machine for spreading poison. The spreader is constructed from materials easy to obtain and is simple enough to be made up by any average mechanic.

In construction of the frame and drive, a Model T automobile rear axle assembly was utilized, but any rear axle assembly having about the same gear reduction, 1.3/75, can be used. A braced pipe and wooden frame carries the bait supply in an oil barrel bolted to the frame platform.

Rate of feed of the poison is controlled by the speed at which the spreader is drawn and by a sheet metal slide valve which is adjustable up to 4 inches. A width spread of 50 feet was secured at a 10 mile per hour speed in a trial of the machine; however, distribution depends on the poison material used. A rotating disc attached to the drive shaft has arms connected to it which direct the materials with sufficient force to give the desired width of spread.

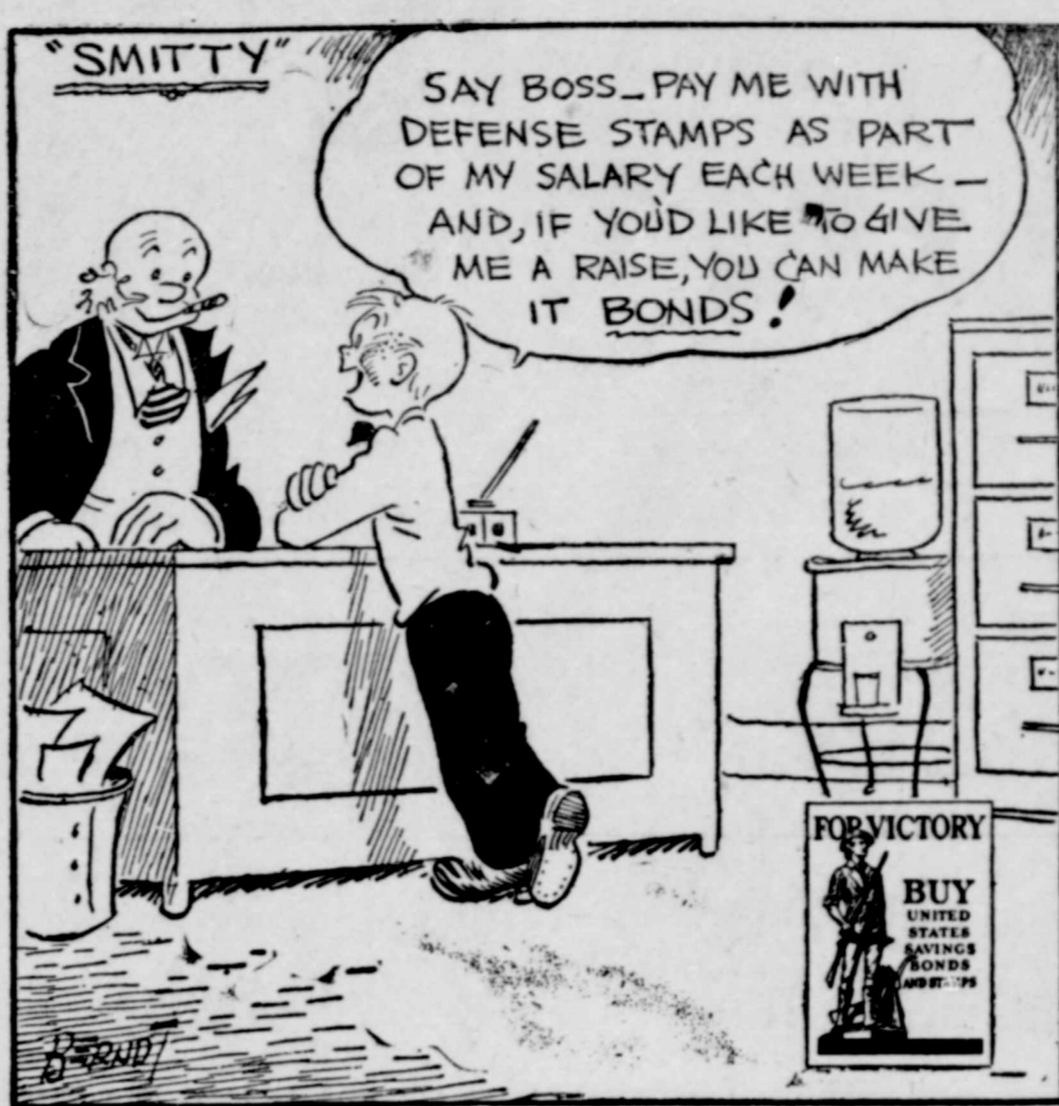

Poison bran bait is being furnished armers by the government, cutting eradication expense to the cost of mixing and spreading. The bait costs from 15 to 25 cents per 100 pounds. The mix used at Tech is 100 pounds of bran, 1 gallon of sodium arsenate and sufficient water to make the mixture cake.

Oil bait, made with oil instead of water, may be used in some cases. Two gallons of oil will wet 100 pounds of dry poison; however, if this type is used, the liquid sodium arsenate must be replaced by white arsenic. Oil bait is more expensive to mix but does not dry out for three to five days. It may be applied any time of day which makes it desirable for large acreage farms.

Grasshoppers eat the poison itself rather than the leaves the mixture contacts. The kill was estimated at 50 per cent after baiting a two acre plot of alfalfa in the afternoon. In the morning kill is from 50 to 90 per cent. Greater efficiency in the morning is probably due to slower drying out of the poison.

According to O. B. Howell, professor of horticulture at the college, the number of insects is increasing. For best results, he says, poisoning should be done before the first of June to reduce the number of eggs laid. The plant industry department is making plans for dispensing information concerning poisons and poison spreading.

Mrs. E. Martin of Tokio, was in shopping, Tuesday.

## Know Texas?

A reader of this newspaper can get the answer to any question of fact about Texas by writing A. Garland Adair, Curator of Patriotic Exhibits, Texas Memorial Museum, Austin, Texas.

IN RECOGNITION of Spain's influential role in the history of Texas, the Spanish flag of Aragon, Leon and Castile is displayed among the six flags of Texas on the east wall of the Great Hall of the Texas Memorial Museum, as well as the Spanish seal with the date 1519, inscribed thereon.

Q. Was any of Texas' public land ever given to soldiers for their services in the Union Armies during the Civil War?—J. F. A. Bascom Giles, Commissioner of the General Land Office, states that a law was passed granting Northern soldiers certain amounts of public land; but, as far as he knows, no such grants were ever made.

REMEMBER Pearl Harbor!

Q. Did the State of Texas ever have a department of weights and measures?—B. M.

A. Yes. Charles E. Baughman, now chief clerk of the Department of Agriculture, was the last commissioner of weights and measures which was a separate department until abolished and added to the Department of Agriculture. Mr. Baughman assisted in preparing the bill for the abolition of the department which he headed during Governor Pat M. Neff's administration.

HE FINANCED A WAR:—Thomas F. McKinney, member of the firm of McKinney and Williams of Galveston and Quintana went to New Orleans and borrowed on his own signature \$100,000 for the Republic of Texas. His note was regarded as worth more at that time than the struggling young government was worth. He was never repaid in full, and never has Texas conferred any honor upon him for his great sacrifices, although he died a poor man in Austin in 1873. Not even a county or city in the state is named in his honor.

Q. Did pneumonia claim many lives during the first World War?—D. C.

A. Pneumonia killed more soldiers than were killed in battles during the first World War. Meningitis was the next most serious disease.

NATIONAL GUARD:—The first unit of the 36th Division, Texas National Guard was first organized when Texas was still a Republic! The 141st Infantry, 36th Division, traces its history back to its forerunner, the old "Washington Guards" organized April 7, 1836. I. B. Chance was captain. This is the only unit of the Texas National Guard which can trace its history back to the days of the Republic.

Q. What was the cost in dollars and cents of the first World War to the United States?—E. Z., San Marcos.

A. The direct cost was two billion dollars plus nearly ten billion dollars in loans. The total cost to all nations was about 186 billion dollars, of which the Allies and the United States spent two-thirds and the enemy one-third.

Mrs. Bill McKinney was a Lubbock visitor Saturday.

## ARMY NURSES MUST OSTRACIZE PRIVATES

Josephus Daniels, who, as secretary of the Navy in the first world war, upset tradition by banning liquor from fighting ships, has gone gunning for another unwritten law forbidding buck privates to have dates with nurses who are commissioned as second lieutenants.

"The 'bunk' that such snobbery promotes discipline is absurd. Off-duty men are equals. On duty the orders must be obeyed and all privates are glad to render such obedience. They resent, and so does every red-blooded American, the so-called unwritten law of denial of fundamental rights."

The reason there is no written regulation on the subject, he charged, is that no general or secretary of War would have the nerve to sign his name to such snobbery.

"Off duty, a private and colonel either have the equal right of social foregatherings or our talk of a war for democracy is baloney," Daniels continued.

If enlisted men as good enough to fight and die for their country he wrote, they ought to be good enough to associate with the generals or with nurses.—State Observer.

And another thing, decency represents the term "buck private" applied to the three million of the nation's best and finest young men. If the mere fact that by going into the Army they are degenerated to where such useless slang is applicable, then there is some thing wrong with the Army. But that is not it. It is these upstarts who think it smart who most use the term.—Lorenzo Enterprise.

Mrs. R. M. Kendrick, Mrs. Orb Stice and Mrs. Burselson and children left Saturday for Utopia to visit Mrs. Kendrick's brother, Will Cunningham and family.

## CITATION BY PUBLICATION THE STATE OF TEXAS

TO: Lastella McRaven and her husband Haskell McRaven, Velma Lee Rhinehart and her husband Roy Rhinehart, GREETING:

You are Commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation the same being Monday, the 4th day of August, A. D., 1942, at or before 10 o'clock A. M., before the Honorable District Court of Terry County, at the Court House in Brownfield, Texas.

Said plaintiff's petition was filed on the 16th day of January, 1942.

The file number of said suit being No. 2740.

The names of the parties in said suit are: Jim Key as Plaintiff, and Lastella McRaven and her husband Haskell McRaven, Velma Lee Rhinehart and her husband, Roy Rhinehart as Defendants.

The nature of said suit being substantially as follows, to wit:

Trespass to try title involving all of the North 70 acres of the Northwest quarter of section No. 96, Block 4-X, Terry County, Texas. And Plaintiff alleges that in Cause No. 2359 in the District Court of Terry County, Texas judgement was rendered February 9th, 1940 partitioning to the defendants as heirs at law of this plaintiff the above described land and that said judgement found as a matter of law that this plaintiff was then deceased. The plaintiff was at that time, and now, living and residing in Honolulu, Hawaii and did not know of said proceedings. Said judgement partitioning the estate of S. H. Key and Lucinda Key, both deceased. Said judgement was in error in finding that this plaintiff was deceased and in partitioning his share of said estate to Lastella McRaven, and Velma Lee Rhinehart. Plaintiff is satisfied with the manner in which said estate was partitioned but the same should be set aside to this plaintiff's interest and not to the defendants Lastella McRaven and Velma Lee Rhinehart as his heirs. Plaintiff prays for title, possession, writ of restitution, rents, damages and costs.

Issued this the 18th day of May, 1942.

Given under my hand and seal of said Court, at office in Brownfield, Texas, this 18th day of May, A. D., 1942.

Eldora A. White, Clerk District Court Terry County, Texas.

**Boyce House For Lieut. Governor Adds Interest**

The entry of Boyce House this week into the Lieutenant Governor's race has added interest to the campaign for that office.

This is House's first race for any office, but he has a background of wide, varied and unusual achievements. He has written five books on Texas and has long studied the governmental affairs of the State.

In gathering material for his column, "I Give You Texas," House has traveled throughout the State, is familiar with conditions and problems of every section, and knows thousands of Texans personally.

Over a million people read his human interest column in more than 200 newspapers in the smaller cities and towns throughout Texas. House, 45 years old, lives in Fort Worth; has edited newspapers in Olney, Brady, Eastland, Ranger and Cisco; and obtained his education in Taylor, Brownwood, Uvalde and Alpine.

**Graduate From William Beaumont Hospital**

Mrs. L. O. Turner was in this week and informed us that their son, Lloyd Turner had graduated from the William Beaumont School for Medical Technicians, May 28th, with the rank of Corporal. Lloyd was in the Battalion Headquarters.

At the same time Merle Warren, son of Mr. and Mrs. C. C. Warren, also of Terry county, graduated from the dental section with a corporal's rank. There were 221 in the class.

**Frank Jordan Turns Farmer**

One of our newest business men to turn farmer is Frank Jordan of Jordan Motor Co. Frank stated to a reporter this week that he had one hundred acres of corn planted the 13th of April that was almost knee high, and that the balance of his crop would be planted this last Monday. Frank has a good farmer on his place but he goes out each day, and brings in several dozen eggs, milk and butter and help see after things in general. This he does in addition to his automobile and repair duties. He really is going into farming to live at home as his place is stocked with hogs and every animal to make an ideal farm.

Mr. and Mrs. Ernie Greenfield went to Dallas this week for their daughter, where she has been under treatment of a specialist. They will put her in a private school in Lubbock.

Mr. and Mrs. C. C. Primm are rejoicing over the arrival of little Miss Shelia Kay, Saturday, May 30th, weight 6 lb., 10 oz.

**Brass for the Kiss of Death**

THE lipstick case being held aloft by pretty Pauline Dechene of Ottawa, Canada's capital city is a pre-war model but it is first cousin to the .303 calibre cartridge she is holding in her other hand. Both are made of brass, which under wartime regulations can no longer be used for such decorative purposes as lipstick containers. Curtailing and banning civilian use of materials vital to the prosecution of the war, Canada is building a swiftly-growing machine to produce the weapons of war as part of its contribution to the United Nations program. In addition, Canadians are fighting side by side with their allies in the field, in the air and on the seas. An impressive part of the picture is the program of financial aid Canada is extending to Great Britain. It includes a direct gift of \$1,000,000,000 in munitions, raw materials and foodstuffs, plus an interest-free loan for the duration of the war of \$700,000,000. These measures, to quote Finance Minister Ilsley, "reflect the determination of this nation to contribute everything possible to the general cause."

**Art Goebel With Midland Flying Men**

MIDLAND Now that Major Art Goebel has reported for duty at this world's largest bombardier college, hopes are soaring high in the breasts of the budding "Hell from Heaven Men," who are being groomed for Uncle Sam's all-out aerial offensive against the Axis.

For Major Goebel perhaps knows as much about trans-Pacific flying as any man in the world and is especially familiar with the air waves around Japan and Japan is where the bombardiers expect to get in some telling blows in the not-too-distant future.

"Why, I'll even bet he knows where Shangri-La is," one of the bombardier cadets said.

If the Major does know the location of the mythical base from which his old friend, General Doolittle, based the first raid on Tokyo, he isn't telling. But he's ready and willing to impart all of the information at his command to the youngsters, who are now mastering the bombsight in anticipation of combat operations over the far reaches of the Pacific.

Mrs. H. B. Williamson of Oklahoma City is a guest of Mrs. Tarrington this week. Mrs. Williamson is a former Brownfield resident and will be remembered as Opal Herlacher.

Miss Sadie Mercer has returned from a visit with her father and mother, Mr. and Mrs. H. C. Mercer of Silvertown.

Buddie Rambo, who is in training at Kelly Field, San Antonio, was here a few hours Friday.

**Hot Topping Started On Lamesa Highway**

Material has been assembled here for some time for the double asphalt and gravel coating for highway 137 to the Dawson county line, and this week, Moore Brothers, El Paso, the contractors, got their machinery going toward the finish job.

It is pretty well understood here that as soon as Dawson county finishes their 8 or 9 mile stretch of uncompleted part of this road, the State Highway Department will take it over.

However, this may not mean that the state will keep up all the interest and principal payments, as the gasoline tax will be greatly cut this year on account of tire shortage.

**18-20-Year-Olds May Register June 30th**

President Roosevelt has set June 30 as registration day for men between 18 and 20 years of age. This will complete for the present the registration of the nation's manpower for both fighting and non-combatant war duty.

Men 18 and 19 years of age who will register between 7 a. m. and 9 p. m. on June 30 will not be subject to the military draft until they reach the age of 20.

Approximately 40,000,000 persons between the 20 and 65 have been registered in the four previous drafts.

The first, in October 1940, registered approximately 17,000,000 persons between 21 and 36. The second, in July 1941, listed about 750,000 who had turned 21 since the first draft the third, on Feb. 16, 1942, registered around 9,000,000 men between 45 and 65.

The President's proclamation called for registration on June 30 of all male citizens born on or after January 1 1922 or on and before June 30, 1924.

The Santa Fe system moved 32,208 car loads of freight last week compared to 29,249 the same week of 1941.

**MRS. W. J. MURRAY PASSES**

Mrs. W. J. Murray, 73, wife of the late W. J. Murray, who passed on some five years ago, died last Thursday, after an illness lasting some time. During the some 20 years we have known the Murray family, we learned to appreciate them very much as they were real pioneering people. We knew the family slightly in Jones county. Thus the life of another good lady who helped to make Terry county what it is, has gone on before; the silver cord has been

broken. She leaves behind to mourn her departure, eight children, three men and five ladies, besides a number of grandchildren. The children are: Mrs. W. A. Smith, city; Mrs. J. L. Milsap, Meadow; S. J. and O. H. Murry, city, and George of Rogers, N. M.; Mrs. W. H. Beasley, Odessa; Mrs. Alvis Black and Mrs. N. Chavis, city.

Funeral services were held Friday, May 29th, at 3 P. M. at the First Baptist church, this city. Funeral services in charge of Rev. Curtis Jackson, assisted by Rev. Avery Rogers. Burial in Meadow cemetery with Brownfield Funeral Home in charge of arrangements.

The flower girls were all granddaughters, and the active pall bearers were all grandsons, as follows: Ralph Murray, Harvey and M. D. Smith, J. B. Wayvel and Wastel Milsap, and Joe Davis Murray.

The honorary pall bearers were: G. W. Hicks, Jess Smith, T. C. Hogue, J. W. Hogue, Sam Murphy, C. Sears, L. R. Pounds, L. J. Dunn, sr., P. O. Corley, Terry Redford, W. A. Tittle, L. A. Rhyne, W. L. Bandy, Jim Draper, Les Newberry, J. E. Eakins, K. W. Howell and C. A. Wilhite.

E. E. McManis, of the Lakeview section of Lynn county, called this week to get the Herald started up to him. Said he had to get some kind of balancer for the Lynn County News, Eec Eye Hill's paper at Tahoka.

Mr. and Mrs. Card Heath and daughter Willene, of Amarillo, were here over the weekend with their son Ray and family.

Mr. and Mrs. Joe J. McGowan and Billie Joe spent the weekend in Ruidoso.

**STATE FAIR GROUNDS, BUILDINGS TENDERED GOVERNMENT**

DALLAS—There will be no 1942 State Fair of Texas.

Decision to forego the annual exposition, know as the "world's largest and most beautiful state fair," was reached by the board of directors after Harry L. Seay, president of the institution, made a report on his survey of conditions brought about by the national emergency.

Lack of transportation for both exhibits and patrons decided the issue. Tire shortage, possible gasoline rationing and a scarcity of shipping facilities influenced the decision. Many of the leading fairs of both the United States and Canada have been called off for the duration.

Grounds and buildings of the \$15,000,000 plant of the State Fair of Texas have been tendered the United States Government for whatever use it may see fit to make of them, Mr. Seay announced.

Mrs. J. H. McLeod of Lubbock was the guest of her daughter, Mrs. Jimmie D. Jones, over the week end.

Cpl. George Cartwright of Palacios, came in Tuesday on a furlough.

Among those spending the weekend in Ruidoso were Mr. and Mrs. Everett Latham and Bobby, Mr. and Mrs. Dick McDuffie, Christine and Sonny, Mr. and Mrs. Lee O. Allen and Mr. and Mrs. Clovis Kendrick.

Mr. and Mrs. Charles Moore, daughter Myrl, and Mrs. Wayne Daniel left today for Los Angeles and points in California.

**MRS. E. CLAYTON PASSES**

Mrs. E. Clayton, of Fresno, California, dropped in Tuesday to subscribe for the Herald. Mr. and Mrs. Clayton have been visiting Mr. and Mrs. J. H. McDonald, she and Mrs. McDonald being sisters.

L. L. Brock came in this week to get the Herald started to his son, Steve, of Las Cruces, N. M.

Mesdames Bertha Stahler and M. E. Hemphill were Lubbock visitors Wednesday.

G. W. Henson has moved on his place near Tokio, he informed us this week.

Ted Greenfield is now employed in a drug store in Midland.

## ORDER OF EASTERN STAR HAS PUBLIC INSTALLATION OF OFFICERS

### Candlelight Ceremony Honoring Outgoing Officers of 1941-42.

Officers of the Order of Eastern Star for the year 1942-43 were installed in a very impressive ceremony on Tuesday evening, June 2nd at the Masonic Hall.

Lillian Bernard of Lubbock, Associate Grand Conductress of the Grand Chapter of Texas, was the Installing Officer; Hinda Nabors Grand Representative from South Dakota to Texas, Installing Marshal; Alice Mae Stewart, Installing Chaplain; Lorelle Bailey, Secretary; Carolyn Ellington, Organist.

Officers installed were: Ione Turner, Worthy Matron; John R. Turner, Worthy Patron; Mollie Goodpasture, Associate Matron; F. M. Ellington, Associate Patron; Ethel Fulton, Secretary; Jessie Randal, Treasurer; Imogene Brownfield, Conductress; Mary Ellen Brown; Associate Conductress; Lela Toone, Chaplain; Ida Bruton, Marshal; Marcell Burleson, Organist; Ava McKinney, Ada; Margaret Sue Wilhite, Ruth; Fay Foote, Esther; Dorine Criswell, Martha, Allie Mae Cox, Electa; Viola Mae Barret, Warder; Nova Aven, Sentinel.

Mrs. Jessie Randal had charge of the program "Let Your Light Shine," honoring the incoming officers and Ione Turner presented Sister Ida Bruton with a Past Matron's pin in behalf of the chapter.

The refreshment table, laid with crystal service, was presided over by Lela Toone. Hostesses were Bertha Stahler, Lela Toone, Della Thompson, Margaret Sue Wilhite and Dr. and Mrs. Jno. R. Turner.

### BIRTHDAY PARTY

Mrs. Leo Holmes entertained Tuesday evening in honor of her daughter, Betty Jean's twelfth birthday.

After lawn games and contests were played, the hostess served ice cream, cake and mints to Norma Lee Johnston, Odell Quantie, Elinor Jean Miller, Robert Knight, Dickie Lees, Marion Wingerd, Delores Gillham, Judy Griffin, Irvin Nelson, Mary Ann Martin, Richard McDuffie, Jane and Nancy Wier, Jackie and Jerry Worsham, Dorothy Henderson, Elizabeth Jo Anthony, Janet Davis, Bobby Lines, Norma Cary, Arnold and John Earl Dalton, Jean Craig, Gail Walters, Vela Mae Dumas, Larry Rambo, Aurelia Ann Cobb, Gloria Jean Swan and Hazel Vernon.

### NOTICE TO RED CROSS WORKERS

Those of you that have out garments to make for the Red Cross, please try to return them by the first day of July. Thank you.

Mrs. T. L. Treadaway, Chairman, Terry-Yoakum Chapter.

### ROWE-GUNTER VOWS

Marriage vows were exchanged in a simple single ring ceremony between Miss Glennas Gunter and Billy Rowe, Saturday, May 30th at 8 o'clock at the home of the bride's parents, Mr. and Mrs. J. J. Gunter in the Pool community. Rev. R. C. Dyess, Methodist minister of Brownfield reading the ceremony. The bride was lovely in an all white ensemble.

Those attending were Mr. and Mrs. J. P. Rowe, the groom's parents, Mrs. L. D. Chambliss, Lois Chambliss, Mrs. Ora Belle Arnett, Mary Lou Arnett and Pfc. Roy C. Chambliss of the Lubbock Army Air Base.

They are at home to their friends on their farm in the Poole Community.

### OUT OF TOWN GUESTS OF O. E. S. HONORED

Dr. and Mrs. John R. Turner were hosts with a buffet supper on Tuesday night at 6 o'clock, honoring out of town visitors and elective officers of the Eastern Star.

The guest list included Mesdames Lillian Bernard, Hinda Jane Nabors and Alice Mae Stewart of Lubbock, Ida Bruton, Mary Ellen Brown, Imogene Brownfield, Mollie Goodpasture, Ethel Fulton, Jessie Randal, Nova Allen, all of Brownfield and Mr. and Mrs. F. M. Ellington of Tokio.

### MR. AND MRS. SLIM SCHELLINGER HOSTS

A delicious chicken dinner was served to five couples in the home of Mr. and Mrs. Slim Schellinger last Friday evening when they entertained with three tables of bridge.

High scorers were awarded Defense Stamps for prizes. Guests of the evening were Messrs and Mesdames Ted Hardy, Dick Chisholm, John Haynes, Lynn Nelson and Virgil Burnett.

### TOKIO H. D. CLUB

The Tokio H. D. Club met in the home of Mrs. W. B. Morton on May 26th. The house was called to order by the president at 2:30. Roll call was answered by ten members.

Mrs. Claude Merritt had charge of the program on "Advance News in Vitamins."

Miss Blanton was present and discussed "Insects, and How to Get Rid of Them." She also gave pamphlets on the subject.

Our club voted to cooperate with other clubs in a county-wide picnic. We also decided to meet in the afternoons since the afternoons are longer and we are able to have two meetings in one afternoon.

Mrs. Howard Hogue was called to Snyder Sunday where her father was quite seriously ill.

### CHRISTIAN CHURCH ENTERTAINS VISITING LAYMEN

Last Sunday evening the Christian Church was host to visiting delegations from Lubbock and Levelland who gathered to celebrate the anniversary of the church's re-opening. A picnic supper was served in the newly fitted basement. At 7:30 the laymen's meeting was held with E. G. Thaxton of Lubbock in charge. The ladies held a separate prayer circle and discussed the progress of the three churches.

At 8:30 the groups united to enjoy a stirring song service after which Brother Walker of the Presbyterian Church of Brownfield led in prayer. A beautiful lamp was presented Mr. and Mrs. C. S. Shaeffer who are moving to Monohans. Mr. Crawford Burrow gave a report of the sound financial condition of the church. The evening's service closed with a heart searching address, "The Twelve Commandments" by Grady West, court reporter in the District Court at Lubbock.

Next Sunday morning at 10:00 Mrs. Jack Hamilton will open the Sunday School with a devotional service. A sand box and toys have been provided in the basement for the little tots. Bring your child next Sunday.

### CHRISTIAN AID SOCIETY

The Ladies Aid Society of the First Christian Church met Monday for the study of the journeys of Paul, led by Mrs. J. A. Dennis.

Members in attendance were Mesdames A. A. Sawyer, Bedford Caldwell, F. E. Walters and R. N. McClain.

The society meets each Monday in the basement of the church for study.

### Hospital Notes

### H. D. COUNCIL REPORT

The Terry County Home Demonstration Council met at 2:30 in the Court House on May 30. Twenty-six members were present.

Ten clubs were represented, and a report given from each. Each club gave a list of mistakes made most often by their members in Parliamentary Procedure. Council voted to get a copy of "Langan's Parliamentary Law" for each club to study.

Mrs. Kelly Sears gave a report on "Land Use Planning Committee" what now is called the "Agriculture Victory Council."

A discussion was had on the possibility of getting a load of pineapple for the Home Demonstration Club members to can. If it is possible to do so, a Trainer's Meeting will be held on how to can the pineapple.

### GOMEZ HD CLUB

Mrs. W. G. Carter was hostess to our Home Demonstration Club Wednesday afternoon at 2:30 o'clock. The president, Mrs. Wes. Key presided.

Mrs. Kenneth Furr had charge of the program. The subject being Vitamins, and how to prepare foods to maintain the much needed Vitamins.

Mrs. W. G. Swain was elected parliamentarian for the club.

Nine members were present and 1 visitor. Most members brought their favorite pillow case and showed them to answer roll call.

Our next meeting which is scheduled in our year book to meet with Mrs. Hop Hudson on June 10th will meet with Mrs. Kelly instead. Mrs. Kelly lives 7 miles North of the Gomez store.

Due to the distance, we decided that all who did not want to drive that far to be at Gomez Store not later than 2:15 o'clock, and we would go in as few cars as possible to conserve our tires.

### McKINNEYS ATTEND UNDERWRITERS CONVENTION

Mr. and Mrs. Bill McKinney left Wednesday for Lubbock to attend the State Underwriters Convention, which lasts through today. Bill is on the entertainment-committee.

Bill told the Herald a lot of mean things he'd get into, but as the Little Woman is a long, we imagine Bill will be rather meek.

Dropped into the Toggery this week, being the first time we had ever visited the place, but we explained that we always felt like a bull in a china shop in a ladies ready-to-wear store. Mrs. Balfanz is a very friendly lady, and showed us some of the new wrinkles in ladies sports wear.

### "Please Call for my Summer Wardrobe"

You can bring out those hot weather fashions now, and have them dry cleaned to new, cool freshness. We do expert work on sheers, prints, and hard-to-clean fabrics. There is a Shortage of Metal - Please Return Hangers to Us.

CITY TAILORS

## PERSONALS

Two old time Terryites and ranch folks, U. D. Sawyer of Cross Roads, N. M., and Mrs. John Raymer of Lubbock, renewed this week. Both families still like to hear from Terry.

C. J. Richter of Los Angeles got his paper renewed this week for another year, for which he can thank his fine step-father.

V. L. Patterson, manager of Piggly Wiggly, wife and small son left this week for their vacation by visiting her folks at Roscoe, and perhaps his folks at Gunter, Texas. Paul Jones, second in command, is holding the fort.

City Carrier Terry Redford, turned in the subscription of T. M. Cargill, this week. Thanks a lot to both.

Good crowds greeted Evangelist Warren A. Henry at the church of Christ Sunday morning and night. He is a good preacher and story teller, but has a rather pronounced Scottish brogue, which is just a bit hard for strangers to get for a few moments.

S. R. Taylor, father of Mrs. Jack Stricklin, Jr., came in Tuesday from Denison. Mrs. Taylor, who has been here visiting will return with him next week.

Miss Elizabeth Ann Smith is the new bookkeeper at Cicero Lumber Yard.

Mrs. Jim Graves has accepted a position with the Texas Compress and Warehouse Co.

Mr. and Mrs. Jack Bailey and Mr. and Mrs. R. N. McClain went to Ruidoso, Thursday They are to be joined later by Mr. and Mrs. Troy Noel.

As representatives of the First National Bank at the banker's convention in Amarillo were Dick McDuffie, Orb Stice, Clovis and Spencer Kendrick.

Mesdames Dick McDuffie, Clovis and Spencer Kendrick and Everett Latham were Lubbock visitors Wednesday.

Lee O. Allen and Mrs. Allen were guests of Mr. and Mrs. A. D. Repp in Lubbock Monday

Mrs. Sullivan and daughter of west of town was in trading Monday.

Berry Black spent a few days at the C. T. Edwards farm this week.

Mr. and Mrs. Joe Price and children were in Lubbock Wednesday.

Mr. and Mrs. A. T. Fowler of Claude, were here the past week as guests in the Arch Fowler home. They all spent the week end at Red Bluff dam and report fish and sunbrun. A. T. will leave soon for Quantico, Va., where he enters officers training.

We note in the Ralls Banner that Blacky Bowns, former employee of the Herald, is now holding down a job as time keeper at a munitions loading plant near Amarillo.

Mrs. Lemmie McDaniel of Abilene was here the past week visiting in the home of her son, Paul McDaniel and her sisters, Mrs. Roy B. Collier and Mrs. Lee Orvil Lewis.

We've strewn the bridal path with real low prices for the home drugs, toiletries and accessories that should be in every new home to protect the health and happiness of the young couple. Every altar-bound young woman should march to the PALACE DRUG for a "bride's-eye" view of the dependable economy we offer every day of every week.

### WONDER WHAT A FRENCHMAN THINKS ABOUT TODAY

... as he humbly steps into the gutter to let his conquerors swagger past... as he works 52 hours a week, for 30 hours pay... as he sees all trade unions outlawed and all the "rights" for which he sacrificed his country trampled by his foreign masters... as he sees his wife go hungry and his children face a lifetime of serfdom.

What does that Frenchman—soldier, workman, politician or business man think today? Probably it's something like this: "I wish I had been less greedy for myself and more anxious for my country; I wish I had realized you can't beat off a determined invader by a quarrel, disunited people at home; I wish I had been willing to give in on some of my rights to other Frenchmen instead of giving up all of them to a foreigner; I wish I had known patriotism is work, not talk; giving, not getting."

And if that Frenchman could read our newspapers today, showing pressure groups each demanding things to be done for them instead of for our country, wouldn't he say to American businessmen, politicians, soldiers and workmen: "If you knew the horrible penalty your action is

bound to bring, you'd bury your differences now before they bury you, you'd work for your country as you'd never worked before, and wait for your private ambitions until your country is safe.

Lay up treasure for yourself today, buy Bonds. Lay up treasure for yourself tomorrow, buy Bonds. Help your country today and tomorrow, buy Bonds and Stamps. Remember Pearl Harbor, remember Singapore, remember the Philippines, remember General McArthur, buy Bonds and Stamps.

### CLUB BOYS INCREASING EGG PRODUCTION

College Station—About 8,000 4-H Club boys in 77 Texas counties are carrying on poultry work of some kind this year, according to a survey by L. L. Johnson, Extension Service state boy's agent. This represents an increase of 1,033 demonstrators over last year and involves 42,949 laying hens. On the basis of past performance these hens should lay about 644,235 dozen of eggs during 1942.

If the expected average price of 23 cents a dozen prevails, these eggs would have a total value of \$148,174, Johnson says. In addition, the boys have 577,961 chicks in their flocks, 80 per cent of which should survive with good feeding, management and sanitation practices.

"Assuming that the chicks divide about equally in sex, the cockerels sold as fryers at 20 cents a pound would be worth \$94,500, and the pullets worth \$1 each at

maturity would have a total value of \$236,000" Johnson says. "Taking the total value of eggs produced, pullets raised to maturity, and fryers disposed of the club boys have a business amounting to a grand total of \$478,674."

Although individual club members may not have a big business, Johnson points out that the joint output of all poultry demonstrators runs into a sizeable income. Many 4-H club boys are producing eggs and poultry for home consumption, he adds, but the government is as interested in having people on the farm eat proper diets as it is in having industrial workers and men in the armed forces receiving the right foods.

### U. Of T. To Give 107 Law Degrees

AUSTIN—After June 1, Texas will have 107 more lawyers, for that many University of Texas students will receive the bachelor of laws degree in June commencement exercises.

Probably less than that number will be on hand for the conferring of degrees, however, for a large number of law students have left for armed services within the past two months. Seniors who enlisted after April 1 will receive credit for their work and are granted their degrees in absentia.

Among the degree candidates is William Joseph McGowan of this city.

### AMERICANS FAST BECOMING DIET CONSCIOUS

Today, as never before, America is diet conscious—not in the sense of diets for certain special conditions. Today they have a very definite reason for insisting on a well-balance diet, fostered by the national nutrition program.

"Whether it be children, workers or soldiers, the first step toward a happy, confident attitude is an abundant supply of the right kind of food. On a foundation of good food, we can build almost anything. Without it we build nothing."

Wholesalers and retailers are cooperating with the Department of Agriculture and the national nutrition program in obtaining the widest possible distribution of fresh fruits and fresh vegetables, "protective" foods so essential to good health. Nutrition-wise consumers appreciate the importance of more fresh fruits and vegetables in the daily diet.

Fresh fruits and vegetables offer the most economical nutrition. Current best buys are those fresh fruits and fresh vegetables at peak production, such as Texas Tomatoes, new crop Pre-Cooled fresh green Corn, and Salinas Valley Iceberg Lettuce.

### TOWNS, AS WELL AS CITIES, HIT BY LOAN SHARKS

AUSTIN, May 18—Loan shark activities are not confined to the larger cities of the State but extend into smaller towns and cities as well, declares Assistant Attorney General Frederick Isely who has made an extensive study of the problem.

Cities in the 6,000 to 10,000-population class have usurers exacting their 240 per cent and higher a year, he says. Therefore rooting out the evil is a matter

## Official U. S. Treasury TEXAS WAR BOND QUOTAS FOR JUNE

WASHINGTON, D. C., June 1.—Henry Morgenthau, Jr., Secretary of the Treasury, today made known June War Bond quotas for the 3,070 counties in the nation to all State and County War Savings Staffs.

The June quota for the State of Texas is \$26,002,200. The county quotas, based upon a substantial increase over May quotas, are expected to reach ten per cent of income when the nation goes on a billion-dollar-a-month War Bond basis in July to help meet the war cost. "Everybody, every pay day, ten per cent," is the battle cry throughout the country. You can buy War Bonds at your Bank, Building & Loan Association, Post Office and at many department stores.

DONT LOOK FOR A SHORT WAR  
The President, Secretary Hull, Vice-President Wallace and other top-flight officials have warned the people not to become too optimistic—and to disregard the current crop of rumors to the effect that the Axis is on the verge of collapse. There is sound reason behind that warning. Nothing suits the Hitler-Hirohito combine better than unjustified optimism on the part of their enemies. Nothing is so fatal to a nation in modern war as complacency.

The newsmen who were recently released from Hitler's Europe brought some very interesting information with them. Axis morale, they say dropped when Germany and Italy declared war on us. But Hitler has most of the people sold on the idea that they must win or perish. They are doggedly determined to fight on to the very end. There are relatively few rebels—and the Gestapo is active and efficient.

ACUTE SHORTAGE OF MATH TEACHERS  
LUBBOCK—Facing an acute shortage of public school teachers for the coming year, Dean J. M. Gordon of Texas Technological College, held a conference recently with school executives. These facts are considered outstanding:  
In elementary school the shortage will be largely in public school music. The main shortage will likely be in high schools. This will include commercial teachers (acute shortage), teachers of natural science, coaches, band directors, choral club directors, and teachers of manual arts.  
It is agreed that the larger school systems will not suffer as much as the smaller schools, particularly those in the rural districts. Course offerings in the summer school at Texas Tech are designed to meet the needs of teachers who want to prepare themselves to fill expected vacancies.  
Mrs. Herman Edwards of the Hunter community was in town Monday.

### DEFENSE SAVINGS BONDS AND STAMPS

BANK WITH YOUR COUNTRY is the theme of this effective Defense Savings poster now seen in store windows and in the lobbies of buildings all over the country. Drawn by artist Henry Billings, of Rhinebeck, N. Y., the poster portrays the spirit of patriotism by investing in the United States Government through the purchase of Defense Bonds and Stamps. Stamps are priced from 10 cents to \$5; Bonds from \$18.75 to \$10,000.

that affects the welfare of the rank and file of people throughout Texas.

### STORED GASOLINE MIGHT CANCEL INSURANCE POLICY

AUSTIN — With indications pointing to a possible nationwide system of gasoline rationing, Marvin Hall, State Fire Insurance Commissioner warns against storage of gasoline at home.

"The storage of any quantity of gasoline at home," he said, "promotes extreme fire hazards. Gasoline, when stored and handled through the regular facilities of the oil industry and kept in standard tanks, is relatively safe as a result of safeguards incorporated in the design of equipment and the training of personnel over a long period of years. However,

gasoline is a dangerous explosive if kept in all sorts of cans and make-shift containers, stored in basements and garages, and poured from open containers."

Hall explained that gasoline vapor, produced when the fluid is exposed to the air, is highly explosive and can be set off by electric sparks or careless smokers. The vapor, heavier than air, may flow along the ground under buildings or into basements, to be ignited and flash back from a considerable distance.

"Fire insurance can be voided under the Texas Standard Fire Policies," Hall asserted, "if gasoline is stored on the premises without a permit of consent from the insurance company. Thus, if stored gasoline contributes to a fire destroying the property in-

**WAR WORKER GIRLS IN UNIFORM**—Eight young women employees of the Philadelphia Ordnance District Headquarters are shown in their new tan uniforms which they designed and purchased with their own funds. Wearing of the uniform is optional, but many girls prefer it because it is practical and military in appearance. Adoption of similar uniforms is considered by the thousands of women and girls in War Department Offices in Washington and elsewhere in the country. Overseas caps are Army type and the jackets are single breasted, have four buttons, epaulets and slit in back, similar to Army officers' blouses. Buttons are Army type. The skirts are flared, have deep single "kick pleat" in front and back, with zippered side fastener and a belt overlapping. Shoes are Army officer style with strap and buckle over instep and with spectator heels. Shoe color is "turf."

**I GIVE YOU TEXAS**  
by BOYCE HOUSE

We can and will win this war but—we won't win this war by whining about sugar. In the days of the Texas republic, people ate an average of 10 pounds of sugar a year; we have been eating 90 pounds a year.

Nor will we win this war by complaining about daylight savings time. Our good old daddies and mothers worked from sunup to sundown.

And we won't win this war by whimpering about automobiles and tires. Old Sam Houston never even owned a model T—and he got along alright.

And we won't win this war by repeating rumors and saying harsh things about our Allies.

We will win this war by continually finding fault with our leaders. Under our Constitution, Franklin D. Roosevelt is and will be President for the next two and a half years and we will fall or rise with Roosevelt. Of course we have a right to criticize things we consider wrong—but let's be sure that our criticism is constructive and not mere grumbling or nagging.

We will win this war by everybody—farmers, industry, business and workers—pulling together.

"Sing while you drive", suggests the Corrigan Press.

At 45 miles an hour, sing "Highways are happy ways". At 55 miles an hour, sing "Nearer my God, to Thee". At 75 miles, "When the Roll is Called up yonder, I'll be there". And at 85 miles, "Lord, I'm coming home."

And did you hear the story of the elderly lady who said to the misbehaving little boy, "Don't you know that, if you are naughty, you'll never get to be President?" and he replied, "That's all right; I'm a Republican, anyhow."

This beautiful little poem, by an unknown writer, appeared recently in the Cumby News. It's entitled "where were you?"

"I came to your church last Sunday,

I walked up and down the aisle, I noticed your seat was vacant," Said the Master, with a kindly smile.

"Yes, I was at home," I answered.

"Some folks from up Salem way Drove down for a week-end visit, So we stayed in the house all day."

Or, "We overslept that morning, But I go whenever I can."

"I went to a morning service, Not over two months ago, So much work must wait till Sunday,

There's no time for church, you know."

The Master gazed at me sadly, As He was about to speak.

"My child," He replied, "are there not

Six other days in the week?"

I saw I had grieved my Master, As slowly He turned away

And I vowed He'd not find me absent

Again on His Holy day.

Dr. and Mrs. R. B. Parish and two children accompanied by his sister, Marie, of Carlsbad, N. M., left this week for Houston, Minn., to visit the doctor's and Marie's parents. They will be away three weeks.

## GET YOUR COMBINE READY FOR HARVEST

Now is the time to start getting your combine ready for the harvest while parts are still available. Due to the large acreage and the scarcity of new machines, it's important to get the old combines fixed now. We have a few completely rebuilt harvesters for sale.

### Baptist Church News

The houses in town having been recently moved, and many having moved, some leaving town we desire to again take a religious census of the community going out at least one mile in each direction from town that we may get the location of every baptist who desire to cooperate with their brethren to serve the religious interest of the community as well as the missionary effort throughout the world through the Texas Baptist Convention as well as the Southern Baptist Convention who have sustained about all the missionary effort of the Baptist people for the last hundred years.

These conventions support about one thousand religious workers throughout the world preaching the gospel to many nationalities and furnishing them Bibles in their own language wherever they are located and ten per cent of all our receipts is forwarded to support this work and in addition special offerings are made from time to time as the need demands. We believe the Lord's command to "go into all the world and preach the gospel to every creature" is as binding today as when it was given and this method enables each individual of our church, however small their contribution to have some part in the observance of this command. Our missionaries are on the many fronts and can only be kept there by the support of our people. While we crave the cooperation of all Baptist, they need the fellowship of our church in the lives of their families and should not fail to attend the services of the church, "As the manner of some is".

We ask the general cooperation of the citizens of the community in this undertaking to find and develop people called Baptist and we know people of other faiths have all they can do to look after their own delinquents.

A cordial invitation is always extended to visit our church when convenient, if not a member.

Little Miss Martha Dell Swindle of Artesia, N. M., spent last week with her grandparents, Mr. and Mrs. L. L. Brock, while her parents were vacationing in Kansas.

O. L. Peterman and boys left this week for Red Bluff Lake where they will fish. Mr. Peterman is superintendent of the West Texas Cottonoil Co.

Editor A. E. Richards of the Meadow Star, was a caller Monday. Afton seems to be optimistic no matter how the world wags, and his breezy visits are always welcome.

### CARD OF THANKS

We of the Murry family wish to try to express our thanks to the friends and neighbors for their help and sympathy in the illness and death of our dear mother and grandmother.

The floral offerings were greatly appreciated.

Mr. Roy Collier and his helpers have our thanks for their kindness in the last sad hours; also to the faithful and patient doctors.

We hope we have not missed anyone in our thanks but words fail to express our thanks anyway. To all we hope such trying hours will not come, but if they come we are ready to help anytime.

May God's richest blessings rest on you.

The Murry Family

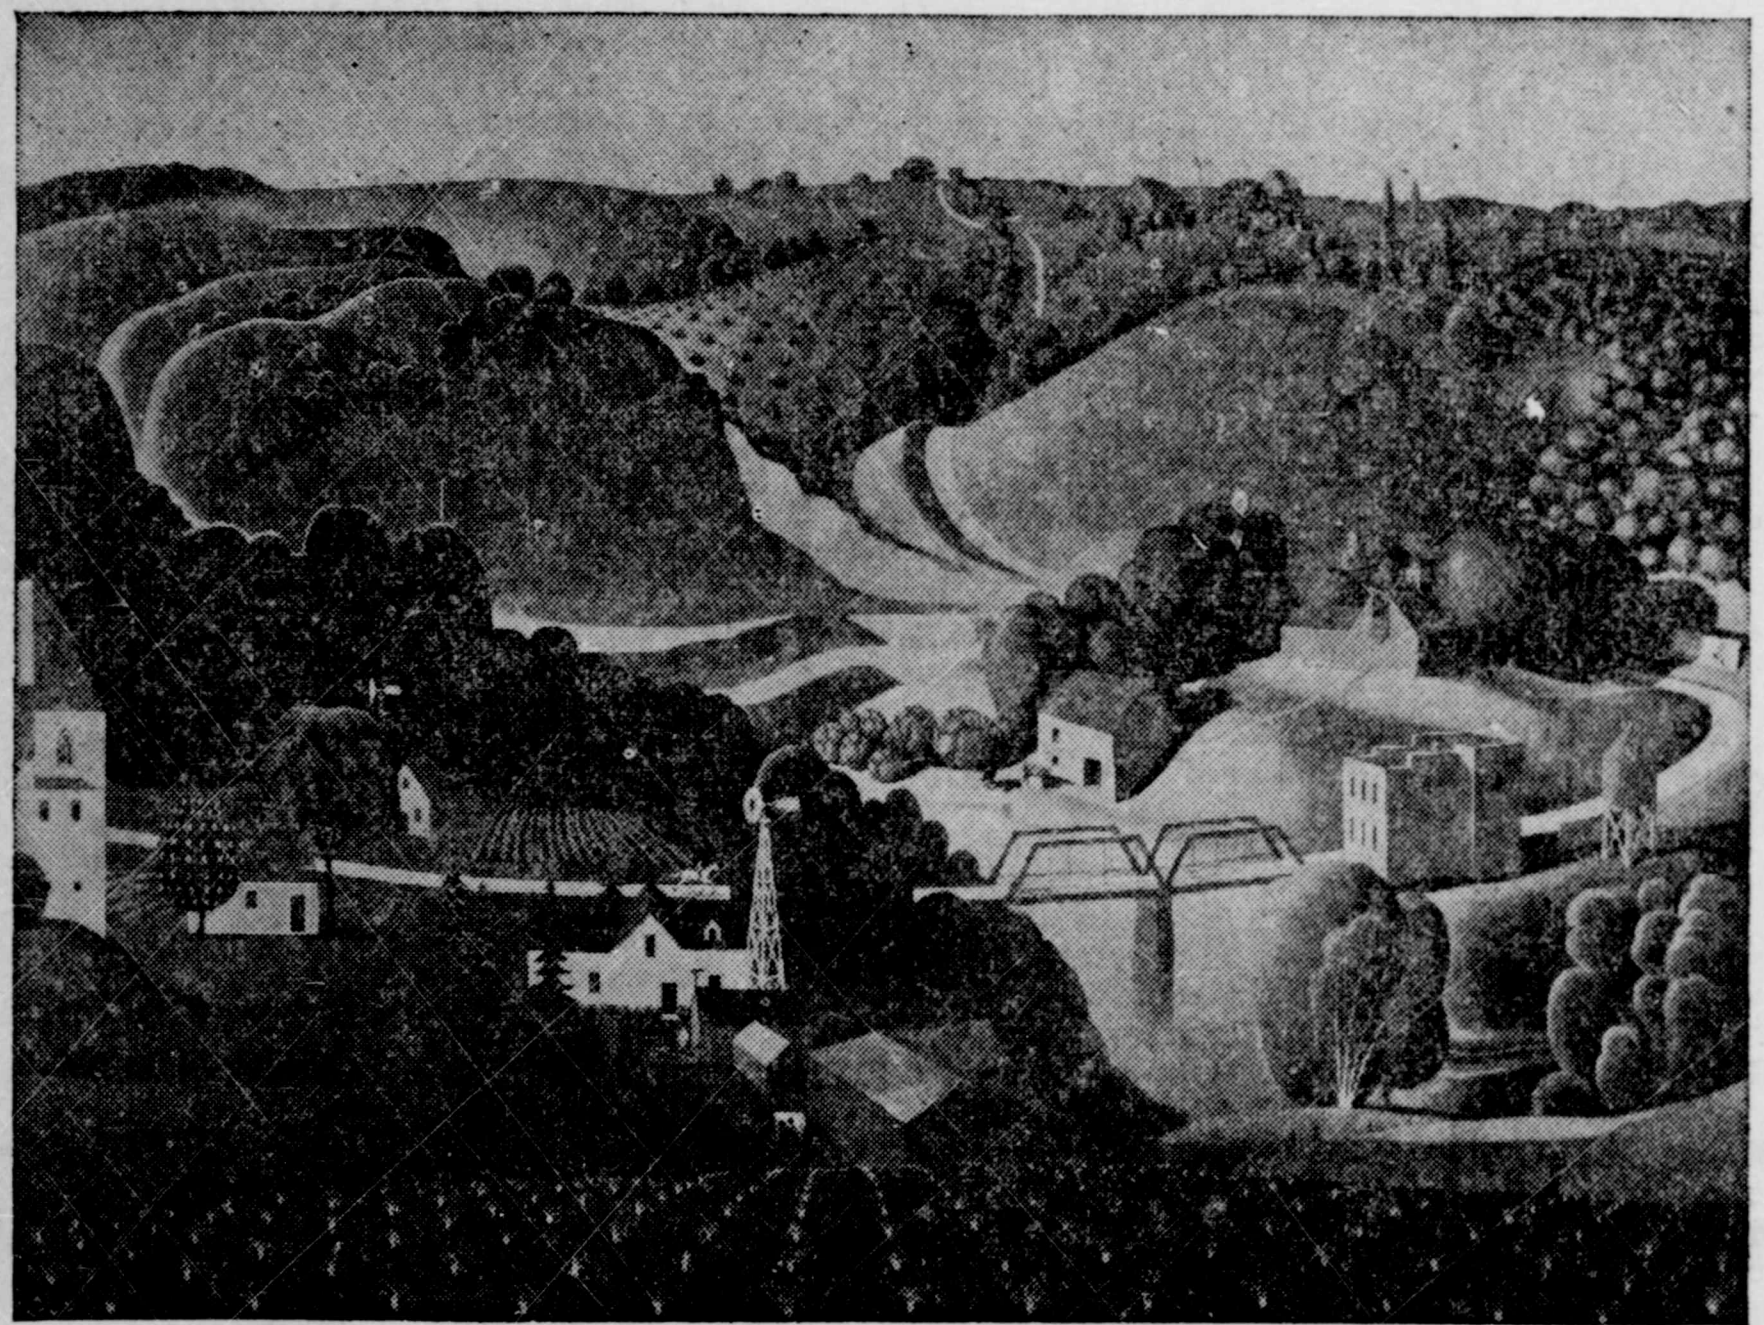

**FIGHTING HEROES** — James Cagney and Dennis Morgan are members of Canada's air force in the new Technicolor picture "Captains of the Clouds" that will open on Sunday at the Rialto.

Mr. Steve L. Brock of Las Cruces, N. M., spent the weekend with his parents, Mr. and Mrs. L. L. Brock.

Mrs. A. E. Underwood of Big Spring, was here last week, visiting her brother, Paul McDaniel and wife.

Mrs. R. J. Murray of Dallas and Mrs. Harold Crites of Nocona are guests of Mr. and Mrs. R. N. McClain. The ladies are sisters.

Dorothy Fouts of Haskell and Mary Margaret Tanner of Rule, neices of Mrs. A. H. Daniell, are her guests this week.

## VICTORY BEGINS RIGHT HERE

### What's Up to the U. S. is Up to Us

This war belongs to all of us—to fight, to finance, to finish! As the President has said: "We are all in it—all the way. Every man, woman, and child is a partner in the most tremendous undertaking of our American history." Your part is clear—to put every dime and dollar you can possibly spare into uniform—to buy U. S. Savings Bonds and Stamps regularly—so that our boys will have the guns and planes and tanks they need to put the enemy on the run. Take part of your change in U. S. Savings Stamps every time you shop—your 25-cent Stamp may buy the machine bullet that sends an enemy bomber crashing in flames. Turn Stamps into Bonds as fast as you can, that is the American way—the volunteer way—to preserve our freedom and safeguard your home, your family, and your future. Remember that you can start buying U. S. Savings Bonds for as low as \$18.75 (for the \$25.00 Bond) and Savings Stamps for as little as 10 cents.

**THIS SIGN** means "Defense Stamps sold here." There's one on each of our cash registers.

**Brownfield Has Another Veterinary Doctor**

Since the death of our old veterinary surgeon during the winter, the city and county has been without the service of such a much needed man. However, Tommy Black, secretary of the Terry County Board of Development, this week announces the location here of Dr. J. R. Saunders, a graduate of the A. & M. college in 1940.

Dr. Saunders worked for the San Antonio Meat Inspection Department, and also connected with the Colorado State College at Fort Collins, last year in the veterinary hospital. He will serve as meat inspector for Brownfield as well as his private practice. Dr. Saunders is married and he and wife live at 507 N. 5th St.

Business and agricultural leaders feel that this will mean a lot to the area, to help care for the increased livestock population, demanded by war. You may not realize how scarce real veterinary doctors are, the closest here being at Lubbock, Big Spring, Carlsbad and Roswell, N. M.

The scarcity of men of Dr. Saunders' ability makes us feel fortunate in having this type of man move here to make his home.

Max Perry, son of Mr. and Mrs. G. C. Perry, Rt. 4, received his rating May 20th at Camp Lee, Va. He was made a Technical Sergeant and transferred to Camp Gordon, Augusta, Ga.
