NUMBER 33

Arlie W. Moore In Sioux Falls Technical School

Heard from Arlie Moore this week, he is in Sioux Falls Army Technical school, attending Radio school, and says with luck he will finish in ten more weeks, and then will be assigned to a bomber squadron.

Arlie says the Sioux Falls people are nice and they think the Texas boys are grand, but that he will be glad to get back home, they are having so much cold weather up there.

He wants to hear from his friends, write him, Pvt. Arlie W. Moore, 811 T.S.S. Bk., 1326, Sioux Falls, South Dakota.

Graduates From Keesler Field's Bomber School

KEESLER FIELD, Miss., March 15.—Cpl. Clarence Henderson son of Mr. and Mrs. J. Henderson, Brownfield, Texas, Rt. 1, was graduated as an airplane mechanic today from Keesler Field's B-24 (Liberator Bomber) School, a unit of the Army Air Forces Technical Training Command.

Corporal Henderson has just completed the 17-week course, which is divided into 14 phases including specialized training in B-24 maintenance, hydraulic systems, engines, electrical systems, fuel systems, structures, instruments, propellers and inspection.

The last phase of the course is an eight-day training period under simulated battle conditions in the open. The graduate must know how to apply what he has learned in school, how to camouflage his plane, and even to provide his own shelter against attack, as no buildings stand in the training area.

Today's graduates soon will be assigned to tactical units of the Army Air Forces where their job will be to keep the huge four-engine bombers in the high state of mechanical perfection required for long-range bombing. The Liberator is the largest bomber in active use by the Air Forces today.

Orvas Mackshan Pickett In Pilot Training

Maxwell Field, Ala., March 10.—Orvas Mackshan Pickett son of Mr. and Mrs. W. I. Pickett of 720 W. Broadway, Brownfield, Texas, is now enrolled as an aviation cadet in the Army Air Forces Pre-Flight School for Pilots at Maxwell Field, located on the outskirts of Montgomery, the capital of Alabama.

Here the new classes of cadets is receiving nine weeks of intensive military, physical and academic training preparatory to beginning their actual flight instruction at one of the many primary flying schools in the Army Air Forces Southeast Training Center.

Cadet Pickett is a graduate of Brownfield High School and was a student at Texas Technical School, Lubbock, Texas, when he entered the U. S. Army on November 25, 1940, where he served as an enlisted man until he was appointed an aviation cadet in the Army Air Forces on October 9, 1942, at Camp Edwards, Mass. Cadet Pickett began his pre-flight course at Maxwell Field, Alabama, on March 1, 1943.

Sgt. Eldon Brewer left Saturday night to rejoin his command in California, after spending a furlough here with his wife. They returned last week from a visit at Cleburne with his parents. After reading the Herald a few months, Eldon's dad sent in his renewal. Seemed to kinder like our way of "bulling 'em along".

Gets Foot Crushed In Tractor Break Wheel

Arlie Day, who lives 15 miles west of Brownfield in the Tokio section got his foot badly crushed last week in a tractor break wheel. The instep is badly torn but no bones broken. After a few days in the hospital he was carried home but comes in occasionally to have his wound dressed.

It seems the brake wheel turns backward instead of forward, and some farmers have an attachment welded on it to pump poison in spraying leaf worms. If one is not careful he may get a foot into this attachment and get badly hurt.

School Children Will Be Given Typhoid Protection

Typhoid protection will be given at the Jessie G. Randal School next Wednesday, March 24, 1943, at 10 a. m. Typhoid protection is given in three injections, each a week apart. Because of war conditions people are encouraged to have this protection.

Staff Sgt. Vance H. Spears Gets Award

For meritorious achievement in the South Pacific, Staff Sgt. Vance H. Spear was awarded the Air Medal, the war department announced the 10th of March. He is a member of the Army Air Force. Young Spear was educated at Wellman and after enlistment spent two years at March Field, Calif. He has made two trips to England, seven to Newfoundland and has been practically all over the U. S. A. on flight trips.

"Staff Sgt. Vance H. Spears, Wellmar, was awarded the Air Medal, for meritorious achievement on an air combat mission against the enemy on Sept. 25, 1942. Sgt. Spears, as crew member on an airplane proceeding on a search mission, participated in an attack on an enemy force of 15 vessels sighted in the mouth of Tonolei harbor. An immediate bombing run was made on a heavy cruiser, resulting in a direct hit on the stern. During this action, Sgt. Spears, and others of the crew, were subjected to attack by 15 enemy planes, two of which were destroyed and another probably damaged. The citation added that "Sgt. Spears and other members of the crew performed exceptionally meritorious service on this mission in the face of vastly superior enemy force, and their performance reflects high credit on the military service."—Lubbock Avalanche.

Ration Books May Be Secured

Brownfield and Terry County people who still lack War Ration Book 1 and War Ration Book 2, may register for them beginning this week.

Those who register for War Ration Book number 2, must have their number 1 book with them, and those who do not have War Ration Book number 1, must make proof why the first ration book was not obtained.

Summer Water Rates Now In Effect

According to Mayor D. Cox, the summer water rates are now in effect. Since so many people already have their gardening program under way and since the gardening over the city as a whole will be greatly increased, it was thought best to put rates into effect at this time.

Also in connection with this, Mayor Cox wishes to remind all chicken owners that there is a city ordinance regarding the penning up of chickens and that all owners should see to it that their chickens are not allowed to get into his own or his neighbors garden. The Mayor stated that a few complaints in this connection had already been received but since it is not the wish of the city to be party to any unpleasantness, he asks that all chicken owners see to it that their birds are securely penned up at once.

Soldiers Visit Relatives Here

Joe Davis Murry and wife of El Paso, and Ralph Murry of Amarillo, visited home folks and relatives at Brownfield, Saturday. The boys are in the armed forces. Harvey Smith, who is stationed at Ft. Sill, Okla., was expected, but from some cause didn't get here.

Pvt. T. J. Luckie Jr., who is stationed at the Army Air Forces Advanced Flying School, Pampa, Texas, spent several days last week, with his parents, Mr. and Mrs. T. J. Luckie Sr., of Brownfield, Route 2.

West Texas Teachers Convention

West Texas Teachers of Hockley, Terry, Garza, Yoakum, Gaines and Lynn counties, will convene here Tuesday, evening March 30th, at the First Baptist Church at 8 p. m.

Instead of its annual Spring Teachers Association is bringing its program directly to the teachers and people over the twenty-eight counties of this area. This plan will eliminate most of the travel for the teachers and give more school-interested people an opportunity to share its benefits. By bringing the convention to the teachers, some help can be given the new teachers. Since the schools constitute the strongest line of civilian defense during these critical days, the officials of the Teachers Association feel that this is the time to strengthen this line.

This organization has secured the services of one of the most outstanding speakers and school men of the nation, Dr. Willis A. Sutton, Superintendent of Schools, Atlanta, Georgia, who will speak at eight places over the West Texas District. Dr. Sutton is an inspirational speaker who can help teachers and patrons solve the war problems now confronting education. All teachers, trustees, and friends of the public schools should hear this man.

Dr. Sutton's itinerary will include: March 29, Big Spring, 3 p. m.; Odessa, 8 p. m.; March 30, Lamesa 3 p. m., Brownfield, 8 p. m.; March 31, Spur, 3 p. m., Lubbock 8 p. m.; and April 1, Littlefield, 3 p. m., and Plainview, 8 p. m. Each of these places was selected on the basis of location in the District, availability to other schools, and sizes of the school where meeting will be held.

School located near one of the places where an afternoon meeting is scheduled will find it profitable to dismiss school during the afternoon so that their teachers may attend at least one of these lectures.

O. C. Thomas, President of the West Texas Teachers Association and Superintendent of the Spur Schools; and Charles A. Tennyson, Director of Public Relations for the Texas State Teachers Association, will accompany Dr. Sutton.

Old Man River Keeps Rolling On

By Geo. W. Neil

With the bureaucrats telling us what to do, and the Bullocks telling not what to do; Rationing bearing down; Manpower being shouted from house to House and Senate too; Absenteeism, Essentials, Bungling Blackmarkets, Senate debates; Yanks in Tunisia, Congress in Annesia, Slap the Japs, and the President too. Post mortem agreements, new words air. Enemies to the East of us, Enemies to the west of us, and in our midst, may not be too free, it is remarkable to see the old farmer goes plodding along, the rancher tending his flocks and herds, the wheels of industry are turning, the mills grinding, trains keep running, more boys answering their country's call, with hands and not tongues, and time is bringing the 'teen ages on the spot, we are buying bonds, paying taxes, and keeping 'em flying. Yes Old man River just keeps a rolling along.

Interesting old River. It was rolling along when first we seen it and will be rolling a long after we have floated out our course. It has source in the highlands, of pure deals and noble ambitions, but after the tributaries, contribute theirs, its a muddy mess that regiments into the sea. Yes it has a big mouth, continually murmuring. Sorry, but it has lots of crooks in it. Runs fast at times, then stops in deep eddys to consider, before rolling on. Its still waters are the deepest. Its shallowest waters makes the most noise. There are a variety of fishes in it, including suckers, and turtles. The big ones eat the little ones. Sportsman catch 'em within the law. Hoarders would seine 'em out in piles. Some would change the rivers course, to run near their own. Some would try to run it up hill, while others want to limit its flow to 40 hours a week. Our richest verdus grow along its banks. It feeds its own and others too. Politicians will throw a public or mudballs upon its placid bosom, a little splash, a ripple, and then flowss on as usual. They may divert it to nourish the farm lands, or dam it to run the mills but it will go on and on, as its waters daily reaches its Oceans grave, they can swisper to the waves, there is more where we came from.

A peaceful, fruitful, clear flowing river, when let alone, but when it gets filled, it can go on a sweeping and despoiling all before it.

Yes, an interesting Old River, is the American public, and just must keep rolling along.

Red Cross Donation Nearing Goal

Red Cross donations to the combined "Annual Red Cross and War Fund Drive", have been coming in, in substantial amounts, according to Virgil Crawford, who is Public Chairman for the Terry and Yoakum County Chapter. Total amount deposited up to March 17, 1943, was \$3,987.06, and there are yet some donations which have not been deposited.

The citizens, as a whole have made worthy offerings this year to the cause of the American Red Cross, many giving two and three times as much as in 1942. There are some who have not made their contributions as yet and those who have not are requested to contact some of the community Red Cross workers and make their contributions immediately.

The hearty response of the citizens of our chapter is evidence of the fact that we are behind the war effort and want to do our part in any and every way possible. The people who contributed can rest assured that their offering will be used and spent wisely in one of the many channels of Red Cross service.

The success of the Annual Red Cross War Fund Drive can be attributed to two factors, first, the hearty response of the citizens,

Messages Accepted For Far East Camps

WASHINGTON — Cable messages for newly announced American prisoners of war and internees in the Far East are being accepted by the American Red Cross through local chapters.

Because international communication facilities must be reserved for vitally important matters, Red Cross limits at this time the number of messages which may be sent—one for each prisoner or internee. In the event of serious emergencies involving "life or death" the agreement provides for additional cable service.

The messages may be accepted for prisoners of war only when there has been official notification of imprisonment. They will be also accepted for any civilian "presumed to be in the Philippines."

and second, the untiring work of these in charge of the drive. Mrs. Henry Bates, as general chairman of the drive, did a commendable job in organizing and conducting the campaign. Credit is also due the local workers in each community who unselfishly gave their time and efforts in our drive.

Again it is urged that all who have not made their contributions to the Red Cross do so immediately.

Virgil Crawford, Chairman of Publicity, Terry-Yoakum Chapter Am. Red Cross.

Law Enforcement Officers To Meet In Lubbock

The Federal Bureau of Investigation at Dallas announced today that conferences have been scheduled with law enforcement officers for the entire North Texas area. Meeting closest to this part of the State will be held March 25th, 2:00 p. m. Lubbock, District Court House.

The FBI pointed out that with the ever present threat of sabotage to our War Production that no more vital work exists in the field of law enforcement than that of combating the efforts of the Axis powers to disrupt our production schedules. Consequently in the closed conference to be attended by police officers, the entire discussion will be given over to that relating to sabotage and sabotage methods. The case involving the landing of the eight sabotage agents along the Eastern Coast by means of German submarines will be discussed in detail with the officers since this case serves to demonstrate the lengths to which the Axis powers will go to disrupt War Production. The sabotage program, including the recruiting campaign as revealed by the eight saboteurs will be discussed with the officers in order that their store of knowledge regarding sabotage possibilities will be increased. Slides and actual demonstrations will be given depicting the sabotage devices smuggled into the country by the saboteurs at the time of their landing. It will be recalled that the eight saboteurs when them T.N.T., blasting caps, detonators, incendiary pencils,

Bootlegging Negroes Get Heavy Fines

Judge C. L. (Abe) Lincoln, County Judge, is distantly related to the Civil War president, but C. L. is a Democrat. Both believe in justice for all, whether white or black, rich or poor, and the writer doubts seriously if President Lincoln was any more in favor of social equality of the races than is our County Judge. In fact, here in the south, it has been found that Negroes rather dominate and manage their own churches and schools than have white folks tell them just when to say Amen! Separation of the races in the south has always proven satisfactory unless agitated by some outsider.

What we started out to say was that a vast majority of our negro population here in Brownfield is law-abiding. They attend to their own business, and many of them are acquiring homes in the colored addition in north Brownfield. About the only trouble develops when strange negroes come here in the fall from Central and East Texas to pick cotton.

But of late, according to Judge Lincoln, some half a dozen of the male negroes have developed a tendency to bootleg liquor instead of doing an honest days work, and that is where they are meeting their Waterloo. Recently liquor enforcement men and local officers have snooped down on the "heights" (in most towns its the flats) and arrested several, and confiscated considerable "drinking whiskey" and the possessors hailed into court.

Judge Lincoln stated to the Herald that he no more had it in for a negro bootlegger than a white one, but continued; "I made it plain to this half dozen negroes that we had a war on to win, and that bootlegging is nonessential to winning the war. I gave them heavy fines and jail sentences, remitting liquor enforcement men and local officers have snooped down on the "heights" (in most towns its the flats) and arrested several, and confiscated considerable "drinking whiskey" and the possessors hailed into court.

Judge Lincoln is right. Everyone should work. But where one finds a bootlegger there are always some customers. One can't exist without the other.

Following Information Has Just Been Received From College Station

By Looie Miller

Texas '254 county USDA War Boards were handed the job this week of assisting in the selective service classification of agricultural registrants.

County war boards were asked by Secretary of Agriculture Claude R. Wickard, to make requests immediately for the deferment of registrants who are necessary farm workers and farm operators not now in Class 11-C or Class 111-C and whose deferment has not been otherwise requested.

To be eligible for Class 11-C or 111-C, a registrant must be necessary to and regularly engaged in an agricultural occupation or agricultural endeavor essential to the Food for Freedom program.

"The young men of Texas who are producing Food for Freedom are serving their country as loyally as though they were in the Armed Forces," B. F. Vance chairman, Texas USDA War Board, said and added that "The farm boy's overalls are his uniform, and it's an honor to wear them."

At the same time, he appealed to all Texas farmers and ranchers to plan for maximum war production this year, despite the shortages with which they are confronted.

Basis for recommending deferment of farm workers will be data taken from the 1943 farm plan sheets, which now are being signed throughout the state, and from the farm manpower inventory, a part of the production plan sheet.

Although county USDA War Boards will make recommendations, the final decision for classification of an agricultural registrant will be made by local selective service boards.

Reports from the first tabulation of the farm plan sheets of Texas indicates a shortage of farm labor as a limited factor in production of Food for Freedom.

Despite the labor shortage, however, counties reporting indicated war crop goals would be met, and in most cases exceeded under this year's agricultural program. Principal warcrop goals tabulated included grain sorghum, soybeans and peanuts.

Machinery shortage was also listed as an obstacle to maximum production in most counties.

Counties from the South Plains era, in which Terry County is located, are being asked to grow more than three-fourths of the state's 75,000 acres of soybeans. This area reports that soybean goals will be met. Increased planting of grain sorghum are reported.

In other section of West Texas reports indicate that all live stock goals would be exceeded regardless of labor shortages and the apparent shortage of protein feed.

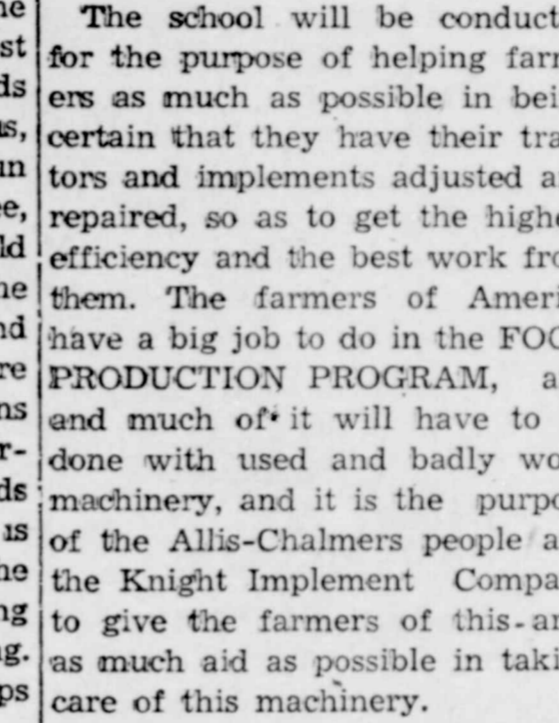

Approximately 12,000 community leaders are assisting producers in the sign-up campaign which calls for maximum production from Texas' 418,000 farms and ranches. The sign-up campaign, which is operating at full speed in all counties, is expected to be complete in a few days. Terry county's 30 committeemen have signed up about 90% of the farms in Terry County and those farmes who have not met their committeemen should call at the AAA office within the next week and sign their farm plan sheets.

The farmers and ranchmen of Texas are being asked to produce more pork, beef, eggs, milk, poultry, soybeans, peanuts and grain sorghum under the Food for Freedom program. Are you producing to the maximum on your farm?

and numerous other cunningly contrived devices to assist them in their bold campaign. Their efforts were frustrated, however, when all eight were arrested within seven days following their landing, subsequently tried by Military Tribunal resulted in the conviction of all. Six were executed, one received a life sentence and the other received a 30-year sentence.

Coming to the Rialto Sunday

Screwier than "Singapore!" The funniest "Road" show of 'em all, starring Bing Crosby, Bob Hope, Dorothy Lamour, "ROAD TO MOROCCO". 4 Great song hits!

We've All Got A Job To Do ---- GROW VICTORY GARDENS

Here's the most important community job outside of our War Bond drive that we've undertaken since the war began. It's our big community Victory Garden program. We're all putting our shoulders to the wheel. Our goal is a Victory Garden for every family.

Everybody must cooperate in this vital work. Plan your garden now. Make them as big as you can handle efficiently. If you had a Victory Garden last summer, have a bigger and better one this year. You'll be doing the patriotic thing and you'll

cut your food bills too. You'll have fresh vegetables for your table all summer and food stored away for winter.

Victory Gardens mean Health, Economy, and practical PATRIOTISM.

This year everybody will be gardening. We're all working together to produce enough food so nobody in this community will go hungry.

Have a Victory Garden, for your family, for your country.

If you have a vacant lot you want some one to work we will be glad to print your name and address in the HERALD — In letting someone Garden your surplus lots, you will be helping in the FOOD for VICTORY PROGRAM — by raising your own Vegetables it leaves more canned goods for our ARMED FORCES.

Vegetables Suited For Plains Area

LUBBOCK, March, 19th — Inquiries relative to gardens are pouring into the department of plant industry at Texas Technological College.

A list of 40 vegetables has been prepared that may be grown more or less successfully on the high plains. All of these, depending upon seasonal rains, will need additional irrigation for the best result. Out of the list of 40, the following are recommended as desirable:

Asparagus, beans, beets, carrot, canteloupe, corn (sweet), cucumber, Irish potato, lettuce, mustard, okra, onion, pea, radish, spinach, squash, tomato, turnip, sweet potato.

Asparagus tolerates alkali and is recommended for every garden. Two or three years are required to get a good start. Mary Washington is the recommended variety.

Recommended varieties of beans are: (snap) giant stringless green pod, dwarf horticultural, Kenney's stringless refugée; (pole) blue lake, Kentucky wonder; (lima) Burpees fordhook bush lima, Henderson's baby potato lima; (cow-pea) Dixie sugar crowder black-eye.

Canteloupe varieties: hearts of gold, powdery mildue resistant No. 45, golden beauty casaba (winter melon), honey dew (winter melon).

Sweet corn: honey June, ioana. Cucumber: green prolific, arlington white spine (for slicing), Colorado, straight eight, Show's perfection picking, West India gherkin.

Irish potato: cobbler. Soil requirements: well prepared seed bed, medium to sandy texture, fertile, plenty of water, plenty of organic matter. Potato seed: use northern grown seed preferable where possible. Most growers treat seed with corrosive sublimate after cutting to prevent spread of disease by knife. If whole seed are used treatment is unnecessary. Amount of seed: 12 to 15 bushels per acre.

Time of seeding potatoes: March for early planting, late June or early July for fall crop. Cover seed about 4 inches deep, in loose sandy soil 5 to 6 inches may be necessary. Spacing should be 36 to 40 inches between rows and 12 to 15 inches apart in row. Potatoes should be watered each week.

General rules for irrigation of gardens: have soil well watered before planting; plan irrigation, plan irrigation before planting; have garden arranged to water between rows, not down rows. Some plants do not like water around them and diseases may be spread from plant to plant by water. Water frequently or continuously during hot dry weather.

Fertilizer: most plains soils are low in organic matter after they have been farmed a few years. additions of well rotted barnyard manure, plowed under in the fall will help. Ten to twelve tons per acre is about right. A field which has been seeded to alfalfa for several years makes a good garden if thoroughly plowed in the early fall.

Think You're Busy? Take A Look At This

DUBLIN, Ga.—One volunteer's production record reported by the Dublin and Laurens County Red Cross Chapter deserves a special citation of merit. Miss Claude Martin, retired school teacher, made 268 garments for the Red Cross in 1942, and pieced two quilts.

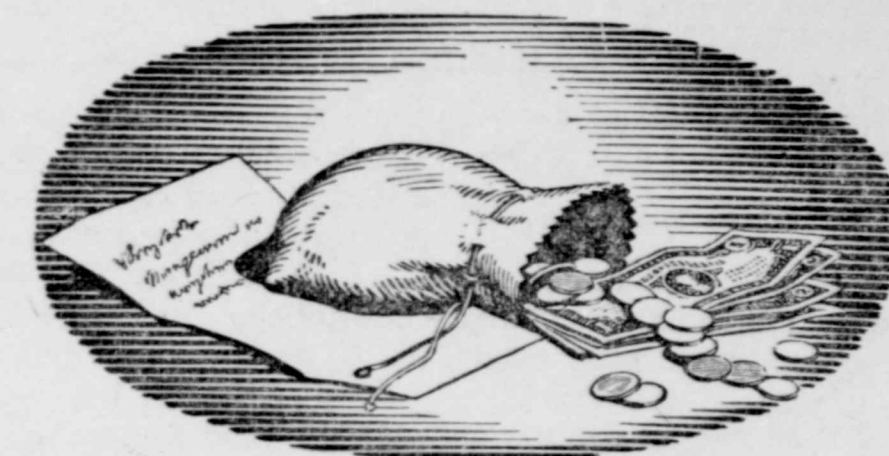

Living on a big farm, she does her own laundering, cooking and cleaning, milks the cows, feeds the pigs, tends the garden, cans fruits and vegetables, hoes and picks cotton. She also finds time to attend church regularly and meet with her circle every Monday.

Mrs. Frank Weir and children and Mrs. E. L. Sturgis and children spent Saturday in Lubbock.

Mrs. J. T. Auburg, was a Lubbock visitor, Tuesday.

"First in the South" is now the ranking of adult education library of the University of Texas. The Works Project Administration's collection of books, pamphlets, manuscripts, and films on Texas adult education was recently given to the University's Extension Division, bringing its collection of such materials from first place in Texas to first in the entire South.

Mr. and Mrs. Pete Baum from San Angelo visited, Mr. and Mrs. S. H. Holgate and the Jack Hamiltons, over the weekend.

Seed Money

There's only one thing more foolish than killing the goose that lays the golden eggs. That's living up the money that has been put away to buy the seed for next year's crops.

Although G-E turbines and lamps and refrigerators don't grow from any seed you can buy at a seed store, yet any manufacturer — no matter what he makes — has a seed problem just the same. For next year's models, and improved designs, and new products—all these cost money. Money for research, and engineering, and new tools, and advertising to tell the public where a product can be obtained, and how much it will cost.

And the only place this money can come from is out of past earnings, or borrowing on the promise of earnings in the future. In other words—from seed money.

From the seed of research and engineering, planted in years past by General Electric, have come some pretty amazing crops. Incandescent lamps five times as efficient as Edison's, vacuum tubes that made radiobroadcasting possible, refrigerators for the home and electric machines for industry to make important jobs easier.

Right now the crops we're growing are all of the "Victory Garden" kind—weapons that are serving with our armed forces on land and sea and in the air.

But we mustn't neglect the seed money for the future. We're looking forward to the continuance of the industrial system that will allow us to open up and cultivate other new and promising fields. So, tomorrow, look for important developments in television, fluorescent lighting, plastics, electronics. These will be familiar words in the post-war world. GENERAL ELECTRIC COMPANY, SCHENECTADY, N. Y.

GENERAL ELECTRIC

Mrs. Henry Bates, Chairman of the Red Cross drive, in Terry and Yoakum counties, has been asked to address a Red Cross Rally in Denver City, Friday evening at 7 o'clock. The Rally will precede a public dinner.

Mrs. and Mrs. Logan Redford of Carlsbad visited, Mr. Redford's mother, Mrs. E. L. Redford and friends over the week-end.

Lewis Haveran of the City Tailors, has been in Monday to see his father, who has been and is yet, quite seriously ill.

Mr. and Mrs. Noble De Vane and children were Lubbock visitors, Saturday.

Mrs. Macom Simpson and daughter June, have moved to Brownfield. Mrs. Simpson is the daughter of Dr. Thena Robinson.

War Prisoner Pays Tribute To Red Cross

WASHINGTON—Remain calm and trust the Red Cross. That's the essence of letters Captain Joseph S. Frelinghuysen, Jr., son of the former senator from New Jersey and now a prisoner of war in Italy, wrote his mother.

Captain Frelinghuysen, captured by the Germans in November while on a reconnaissance mission, writes: "I am in a transient prison camp in Italy. See the Red Cross about my address. Can receive mail and parcels. Please don't have a fit. I'm much better off than you might think. Don't forget your contribution to Red Cross."

Again, after telling how the study of French and Latin reduces the monotony at camp, he writes: "Red Cross food packages are extremely welcome. They are being received weekly. Please send me some toilet articles and some wool clothing. I'm sure the Red Cross will tell you the details about the

WELLMAN H. D. NEWS

Wellman H. D. Club met March 9, in the home of Mrs. Smith.

Miss Blanton were present and gave a demonstration on reseating old chairs.

Refreshments were served to eighteen members.

Next meeting will be March 23, with Mrs. A. L. Christopher.

Even the preachers went armed in the early days of Texas. A recent gift to the University of Texas Memorial museum is the bowie knife carried by Rev. Robert F. Bunting while he was serving as chaplain in Terry's Texas Rangers during the Civil War.

size of the box," and in a subsequent letter "our choir progresses fairly well without even tuning fork or a pitch pipe."

In his last letter to his wife, Captain Frelinghuysen, who was awarded a silver star for gallantry in action when landing at Aran, says "Things are going generally well. I hope you are still working for the Red Cross."

State Interscholastic School Meet In Austin

Austin, Texas, March — Preliminary plans for the annual state interscholastic League literary and track and field meet, to be held at the University of Texas, May 6-8, have been completed. League officials have announced.

Success of the basketball tournament held here the first weekend in March indicated widespread participation in the literary and field events. County and district meets this year have been eliminated in order to reduce travel to one pre-state meet contest for each school. Regional meets will be held on April 24, and winners there will be eligible for state competition.

"Princesses of Posture" at the University of Texas this year are Emily McKellar of Forney, Norma Niemeyer of La Porte and Marilyn Row of San Antonio, chosen for top rating in the annual Posture Parade conducted by the physical training department. They outranked 300 other contestants.

New Words Soon

Austin, Texas, March — Think Russian words are un-pronounceable? Then you'd better start practicing on them, for at the rate the war is going, a good many Russian words will probably be absorbed by the English language, a University of Texas linguist predicts.

The first two years of the war, nearly all the new words added to the language were German—such as "blitzkrieg," "gestapo," "ideology," and "furcher." These words all trace the rise of totalitarian government, and are now a part of the average American's vocabulary. Dr. E. B. Atwood, professor of English, points out.

But now that the tide of the war has turned, it seems likely that a new group of words will be added to the language, this time coming from the allied nations, such as Russian and Chinese names and terms.

Mr. and Mrs. Pete Baum from San Angelo visited, Mr. and Mrs. S. H. Holgate and the Jack Hamiltons, over the weekend.

I GIVE YOU TEXAS-

By Boyce House

The late Hick Halcomb, a picturesque individual if there ever was one (and a good friend of mine), used to tell about a candidate for district attorney who came to him for advice in a hard fight campaign. Hick said, "Why don't you ask your opponent where he was on the night of March 19, 1936?" The candidate inquired, "But where was he?" Hicks replied, "Thunder, I don't know—but he wont remember, either."

Nomination for the world's worst joke:
He was a musician—but his monkey died.

The loan shark problem in Texas is nearer solution as the result of a unanimous report by a House of Representatives committee in favor of Rep. W. W. Bridgers' constitutional amendment giving the legislature authority to pass a statute regulating the small loan business. Most States have enacted such a statute but a constitutional amendment here is necessary first. Then individuals needing small, personal loans will not have to pay 240 per cent interest or more to foreign-owned chains that drain Texas of \$30,000,000 a year in extortionate interest. Soldiers, sailors and war plant workers are being victimized and sentiment is strongly in favor of ending this vicious, unpatriotic racket.

Buck Bailey is, and has been for years, line coach of Washington State. When I knew him, he was a young athlete, starting as catcher for the Brady baseball team a long time ago. Managing the club was Bert Maxwell, who had pitched for Brooklyn. Naturally all the players had a profound respect for the ability of the former big leaguer—but Buck went beyond this and believed implicitly anything that Maxwell might say so long as the manager kept a straight face.

More than 400 sawmills were operating in East Texas in 1940, according to the Texas Forest Service. Eleven of the Sawmills produced hardwood lumber; the rest cut pine.

Herald Subscription List Grows Fast

Usually at this time of year a country newspaper does well to hold its own, if it does not actually lose a few readers. The Herald for the past several weeks has had a steady growth in subscriptions, when fall of the year is usually the time an increase is to be expected.

A vast majority of the new readers at present are new comers, but many are old readers that have dropped out the past few years for one cause or another. All are very, very welcome among our readers.

Week before last some 24 new subscribers were added and 14 last week. This week the list at an early period gave promise of keeping our circulation around 4000.

Of course many are renewing that have been on our list from one to 38 years. We don't have a reader more than a month in arrears.

Thanks a lot, folks.

About 42,300 new freight cars now are "on order," but included in that number are 18,500 which are "frozen" by reason of the fact that WPB has not as yet authorized allotments of material for their construction. The 23,800 released for building includes about 4900 cars remaining to be delivered under 1942 car-building programs. Tentative building schedules for the 20,000 new cars authorized by WPB for the first six months of 1943 however now call for delivery of only about 12,800 new cars by July 1st.

VETERINARIAN DRUGS AND SUPPLIES

We have all veterinary supplies to help keep animals healthy. All drugs and anti-toxins are tested and approved, assuring you of good results. Fresh preparations always on hand or specially prepared.

Library Receives Donations

The Brownfield High School Library received more than 50 books that were donated by Mrs. M. V. Walker of this city. The list included a ten volume set of the Complete Works of James Whitcomb Riley, a set of Junior Classics, 6 books by Booth Tarkington, 5 by Curwood, 5 of Shakespeare's play, 3 books of poems, and several fiction books, all of which were greatly needed and are very much appreciated. The Junior Classics are excellent for the Jessie G. Randal School, and they will be loaned to that school for the present. The librarian reported that many more books could be used in the school libraries, if they are not wanted in the homes, and that all donations are appreciated.

A great number of magazines were donated recently by Mrs. O. L. Walden, some by Mrs. Fred Walker, Mrs. McClain, and by Mrs. Pritchett. All are interesting and useful in the library and are very much appreciated. Most people do not like to burn good magazines that can be used by others, and they are always read in the school libraries until they are worn out completely. Thanks were expressed for all.

Maudie Jo Fields.

A Balanced Diet With Rationed Foods?

Sure it can be done! And it's a cinch if you use plenty of good, wholesome milk. You cannot obtain richer, purer, butter milk than Banner Pasteurized Milk. If you are not already getting Banner Milk, phone 101 today.

With the coming of warmer weather, you will want more ice. We are ready to give you the very best service possible under the present conditions.

Victory Concert Friday, March 19th

Brownfield High School Auditorium

Presenting The High School Band, The High School Chorus and Gerre Hancock.

Royal Palm Overture, Band, Pompous Major March, Band, Pocahontas Overture, Band, Blue Danube, Chorus, Beautiful Dreamer, Chorus, Jolly Molly Pitcher, Chorus.

For Me and My Gal, Gerre Hancock.

We Must Be Vigilant, Gerre Hancock, And According to your Pleasure.

Men of Ohio, Band, Star Spangled Banner, Band.

The program was planned short in order that anyone who wished to see the show down town, could have time to see the second show after the concert. Should anyone become bored, buy a hundred dollar war bond and we'll agree to stop the annoyance.

H. E. Williams.

MRS WINGERD HOSTESS TO ACE HIGH CLUB

The members of the Ace High Bridge Club spent an enjoyable afternoon in the home of Mrs. Roy Wingerd, Wednesday, Mrs. Tommy Zorns scored high, Mrs. Roy Herrod second and Mrs. L. Nicholson received Bingo prize.

Mrs. Wingerd carried out the St. Patrick theme in her decorations and refreshment plate. Guests were Mesdames Dick McDuffie, Lee O. Allen, John Turner, A. A. Sawyer, Ray Christopher, Ned Self, R. M. Kendrick, Vance Sibley and Joe McGowan.

PERSONNEL OF STATE BANK HONORS BUDDY GILLHAM

The personnel of the Brownfield State Bank honored Buddy Gillham and his wife with a dinner at the Wines Hotel Monday night. Mr. Gillham was presented with a gladstone bag as a parting gift from the personnel of the bank. Mr. Gillham is leaving soon to enter the service of his country.

A large Irish hat flanked by crystal candelabras holding green candles formed the centerpiece for the table.

Nut baskets in the shape of three leaf clovers served as place cards and plate favors.

At entertainment Mrs. Roy Herrod played several selections on the piano and Pappy John Powell played his violin. Mr. Gillham and his wife had the pleasure of selecting the pieces Mrs. Herrod and Mr. Powell played.

Guests were: personnel of the bank and their husbands and wives and Mr. and Mrs. Roy Herrod, Mr. and Mrs. Crede Gore, Mr. and Mrs. Johnny Criswell, and the Misses Betty Jean Holmes, Dolores and Eleanor Gillham.

Mrs. G. V. Boyer of Route 5, was a caller at the Herald office, Saturday.

MARIAN WINGERD NAME EMMA JO STINNETT HONOREE

Miss Marian Wingerd honored Miss Emma Jo Stinnett, a new member of the Phi Beta Craesus club, with a party Wednesday night, at the Wingerd home. Games of Hearts and Bingo were played throughout the evening. To carry out the St. Patrick, theme clover leaf tallies and score cards were used.

Grneuphnc and vbqqsAboo Green Punch and White Cakes were served to Club members and their dates at the conclusion of the games.

MRS. BILLY AUSTIN HONOREE AT PARTY

Mrs. Grace Martin named Mrs. Billy Austin honoree at a bridal shower given in the home of Mrs. Noah Laster. Mrs. Austin was Miss Irene Thurman. Her husband is in the air corp and is stationed in South Dakota.

Hot cocoa and cookies were served to the following guests: Mesdames Arthur Sawyer, J. R. Kee, Hadley Kern, B. G. Green, W. C. Carter, J. E. Thurman, Arthur Green, Marion Stone, and the Misses Arleno and Hazel Ball. Several guests that sent gifts were unable to attend.

METHODIST WOMEN'S SOCIETY OF CHRISTIAN SERVICE MEETS

The Methodist Women's Society of Christian Service met at the Church Monday for a study lesson. Mrs. G. S. Webber assisted by Mrs. Harry Longbrake conducted the study. The last chapter of the book "Will a Man Rob God" was the topic.

Those present were: Mesdames M. T. House, Spencer Kendrick, W. H. Culver, H. W. Hanks, J. H. Carpenter, Andrew Lloyd, Judson Cook, W. E. Henson, Cleve Williams, G. S. Webber and Harry Longbrake.

JANE GRIGGS CELEBRATES HER BIRTHDAY WITH PARTY

Little Jane Griggs celebrated her sixth birthday with a party Monday afternoon in the home of her parents, Mr. and Mrs. Jack Griggs.

For amusement the little guests planned tails on a rabbit while they were blindfolded. A great deal of fun was had by all when they chose sides caught play fish from a play pound.

After blowing out the candles on her birthday cake Jane helped her mother serve ice cream to the following of her friends: Fay Owens, Peggy Davis, Mary Ann Duke, Charles Gunn, Glenna May Blake, Linda May Best, James Dell uke, Jack Taylor Stricklin, Don Tankersly, Mike Brogden, Ronnie Swan, Jimmie Mathews, Teddy Joe Hardy, Emma Noel Jackson, Jo Ann Cave, Jonelda Edwards, Jerry White, John Morse, Baby Lynn Milner, Ann and Jack Allen Griggs, Adults Nelson, Garland White, Johnny Best, Estelle Brown and Howard Dell Jones, Jack Taylor Stricklin, Blake and Ginger Gunn.

DELTA HAND BRIDGE CLUB ENTERTAINED

Mrs. Joe Shelton was hostess to the Delta Hand Bridge club in her home Thursday afternoon. Matched kitchen sets of tea towels, pot holders and dish cloths were given as high and second high prizes.

Apricot sherbert and Devils food cake were served to the following club members and guests: Mesdames Mike Blair, Crawford Burroughs, Jack Benton, Wayne Brown, Burl Hahn, E. L. Sturgis and Jack Hamilton.

SENIOR MAIDS AND MATRONS MEET

The Senior Maids and Matrons met in the home of Mrs. John Turner, Tuesday afternoon. Mrs. Ralph Ferguson as chairman, directed the program which was on Tustria and Czecho-Slovakia.

Mrs. John Turner described Salzburg and Salzkammergut and also gave a brief history of Vienna. Mrs. Roy Herrod talked of the Art Treasures of Vienna. Mrs. Holmes traced briefly Bohemia's Struggle for Freedom and told of the Charm of Prague.

Those present were Mesdames W. H. Adams, M. J. Akers, E. C. Davis, Roy Herrod, Holmes, Looie Miller, Lawton Nicholson, Money Price, A. R. Smith, J. R. Turner, L. M. Wingerd and Ralph Ferguson.

GINGER GUNN CELEBRATES HER 6TH BIRTHDAY

Mrs. Gene Gunn honored her little daughter Ginger, with a party Monday afternoon, to celebrate her 6th birthday. The guests enjoyed games and toys out of doors from 3:30 until 5:30.

Delicious homemade ice cream and birthday cake were served to the following children Joanne Carter, Charlotte Smith, Barbara DeVaney, Jane Breedlove, Jane Griggs, Ann Griggs, Emma Noel Jackson, Jack Taylor Stricklin, Don Tankersly, Jimmy Mathews, Teddy Joe Hardy, Ronny Swan, Mackie Brogden, Charles Gunn and the honoree.

PRE-EASTER SERMONS AT FIRST CHRISTIAN CHURCH

Next Sunday the minister will begin a series of pre-Easter messages on the Christian Church. The first sermon will be on the subject, "Believe, Repent, Confess." The spiritual revival that the world needs and for which we pray can never come until we believe that Christ is the only way, we Repent of our sins, and Confess our failures.

Remember that each Wednesday night at 8:30, we are praying for you, for your loved ones, and for peace. You are welcome at the Christian Church.

PRESBYTERIAN WOMEN'S SERVICE GUILD MEETS

The Presbyterian Women's Guild met at the church Monday noon, for a covered dish luncheon.

Those enjoying the affair were: Mesdames C. M. Chapman, L. L. Bechtel, Buster Moxley, James King, Fred Walker, Mary Ellen Brown, H. Pickett, E. L. Sturgis and Miss LaVerne Perry.

TERRY COUNTY SING SONG

The Sing Song will be at Johnson, Sunday afternoon, March 21, all gospel singers are cordially invited to come.

LAS AMIGAS CLUB ENTERTAINED

The Las Amigas Bridge Club was delightfully entertained Tuesday night, with Mrs. Dick McDuffie as hostess.

At the conclusion of the games, Mrs. Ray Christopher scored high and Mrs. Jack Bailey second high. Those receiving bingo prizes were Mesdames Mike Barrett, Orb Stice, Slick Collins, and Troy Noel.

Pressed chicken, angle food pie and cokes, were served to the following: Mesdames Orb Stice, Clovis Kendrick, Spencer Kendrick, Everett Latham, Troy Noel, Slick Collins, Jack Bailey, Ned Self, Mike Barrett, Ray Christopher, Bedford Caldwell, James Applewhite, Tommy Zorns, R. A. Crosby, Earl Anthony, and Ike Bailey.

Mailable Packages To Soldiers Overseas

For the benefit of parents having sons overseas we print the latest regulations from the War Department and Postoffice Department. We have been asked several times recently just what could be sent, so we are passing this information on to you, however Mrs. J. H. Dallas, local postmistress, said this does not apply to sailors and Marines.

OVERSEAS PACKAGES RULE

The enormous amount of shipping space consumed by packages sent to soldiers overseas, and the fact that they frequently contain objects already supplied by the Army in compact bulk shipments, have impelled the War Department, in cooperation with the Post Office Department, to issue new regulations. No package may now be sent to a soldier overseas unless it contains an article requested by the soldier, and the request has been approved by the commander of his battalion or similar unit. The package will not be accepted by the post office unless the written request, bearing the commanding officer's approval, is presented. Packages will be limited to five pounds, and may not be more than 15 inches in length and 36 inches in length and girth combined. The order became effective Jan. 15.

Packages not exceeding 8 oz. in weight can be sent to army personnel overseas, but you must pay first class postage rate on the package. (No written request is required for the 8 oz. package you may wish to send.)

In connection with the above, if your son was not taking the Herald when he went overseas we are not allowed to send it to him UNLESS he asked for it. This does not apply to sailors and Marines. A paper sent by any other person than the publisher, will not reach your soldier son overseas. Papers sent by the publishers have wrappers in conformity with P. O. D., Order No. 19637" without the publishers and those without the publishers wrapper will be turned back. Renewals for papers do not have to have commanding officers approval, as it will be considered as a continuation of the present subscription, regardless of whether or not the renewal has been specifically requested in writing by the addressee.

EASTERN STAR HOLDS MEETING

The Eastern Star held its regular meeting Tuesday night.

Worthy Matron, Mrs. John Turner presided. A Memorial Service was given.

Thelma Chesshir, Ethel Fulton and Margaret Sue White, served refreshments to 18 members and 1 visitor.

Beginning with the next meeting, the time will be 8 o'clock instead of 7:30, as it has been.

D. P. and Ralph Carter have moved their Realty office to the lobby of the Brownfield Hotel.

Rationing Calendar

FOOD RATIONING — Canned foods and juices coming under the point system of rationing March 1, hereafter will be purchased with stamps from War Ration Book No. 2, the stamps, to be surrendered at whatever rate of point value the scarcity of the food may govern. Drug stores dispensing baby foods will accept stamps the same as food stores. point values may be studied and food budget prepared by the householder after studying the printed forms appearing in newspapers, and which must be posted in all food markets. War Ration Book No. 1 will continue to be in service by everyone for purchasing sugar, coffee and shoes.

Rationed Food Commodities

SUGAR—Stamp No. 12 in Book No. 1 good for 5 pounds until midnight May 31.

COFFEE—Stamp No. 25 (for those 14 or older on the date the book was issued) good for 1 pound until midnight, March 21.

MEAT — Rationing of meats, edible fats and oils, including butter, and cheese and canned fish will open March 29, Red Stamps in War Ration Book No. 2 will be used in the meats rationing program.

MILEAGE RATION BOOKS—Books A, B. and C. used for passenger car gasoline; E and R books for non highway uses; D, for motorcycles; T for trucks and commercial vehicles.

Mileage Rationing

GASOLINE — Value of each coupon in A, B. and C books is 4 gallons. Second 8 coupons in A Book are good until midnight March 21, 1943. Those who think they are eligible for supplemental rations should see their local ration board.

TIRE INSPECTION—All "A" book holders must have first official tire inspection by March 31, 1943. Subsequent inspection for A book holders will be once every six months.

SHOES—Stamp No. 17 in Book No. 1, good for 1 pair of shoes through June 15.

Eligible purchasers needing new automobiles, typewriters, rubber footwear and other commodities on which sales might be restricted should see their local ration board.

TIRES—If tires inspector recommends a replacement, see the rationing board with inspector's certificate. If inspector recommends recapping, it is not necessary for owner to see ration board. Tires are recommended only on basis of rationing quotas for the country.

Mrs. Leon Morgan and daughter Nancy from Santa Anna, spent the weekend with Mr. and Mrs. J. J. Gaston.

Mr. Plummer and family have moved to Brownfield from Muleshoe. Mr. Plummer has taken over the management of the St. Clair variety store.

Marriage license were issued in Lubbock last week for Levi C. Crawford and Mrs. Myrtle R. Gabbert. They gave Brownfield as lobby of their home.

STATEMENT OF MRS. HENRY BATES CHAIRMAN OF AMERICAN RED CROSS DRIVE TERRY-YOAKUM CHAPTER

As chairman of the American Red Cross in Terry and Yoakum counties, I wish to take this means in thanking each and everyone of you that so wholeheartedly helped in the drive.

Each community in Terry county, more than raised their quota, showing the chairman all did excellent work and you responded nicely with your donations.

While we have not reached the quota as a whole, we will have until March 31st to raise the balance, and to you that have not turned in your donations, I ask you to please do so at once, take money to L. Nicholson, next door to Greens Jewelry Store.

As the war expands more, the Red Cross will be put to one of the greatest tests in being "The Greatest Mother on Earth" Our Quota was set at \$7,250—We are short of this goal. If you wish to donate more take it to L. Nicholson. This work and sacrifice seems so little for us to do compared to what our boys are doing, in giving their lives. Don't you want even a very small part in this work of helping to supply help to suffering humanity. Who knows but that some loved one of yours may be benefited directly by the Red Cross. We have Red Cross nurses on all our battle fronts as well as taking care of unfortunates here at home.

Mrs. Henry Bates, Chr. Red Cross Drive, Terry - Yoakum Counties.

SURPRISE BIRTHDAY PARTY FOR MRS. BROWN

Mrs. Grover Perry honored Mrs. Estelle Brown with a surprise birthday party, in the form of a luncheon at her home near Tokio, last Thursday.

After lunch a pleasant afternoon of chatting was enjoyed by the following: Mesdames E. N. Cain, Henry Fugate, J. H. Griffin, J. C. Bond, Jack Griggs and the honoree and hostess.

W.M.U. MET MONDAY

The Women's Missionary Union of the Baptist Church met at the church last Monday afternoon. A Royal Service program was given, after which a box for Buckner Orphan's Home was packed.

Miss Estelle McNeil of the Cinderella Beauty shop, left this week for Austin, to visit relatives.

Uncle Dad Tudor is again confined in the local hospital, visitors to see him Sunday were his sons and families, Fred from Slaton and R. H. From Lubbock.

Family Reunion In W. A. Smith Home

Guests in the W. A. Smith home Sunday for a family reunion, were George Murry and family, Tom Emmerson and family, all of Rogers, New Mexico, Miss Joyce Beasley of Odessa, Smith Murry and family, Ocie Murry and family, Slim Chavis and family, Dot Oliver and family, all of Brownfield.

Mr. and Mrs. Les Newberry were afternoon guest. All report a nice time, and a good dinner.

Mrs. C. Sears came in Saturday and had the Herald sent to her daughter, Mrs. O. L. Cahpman at Richmond, Calif. She was accompanied by Mrs. J. E. Eaken of north of town and Mrs. J. E. Murry of Rogers, New Mexico.

Mrs. V. R. Gressett of Brownwood, came in Saturday on a visit to her parents, Mr. and Mrs. W. M. Goldston of the Tokio community and to her sister, Mrs. Harley Moore, here in town.

Mr. and Mrs. Adolphus Goodpasture of Slaton, were here Sunday, visiting.

Mr. and Mrs. A. W. Turner were called to Odessa Sunday, because of Mr. Turner's sisters death. Mrs. Everett Latham accompanied them.

Mrs. Walter Teer visited her mother and aunt in Dallas over the weekend.

Mrs. Grady Goodpasture is visiting, Mrs. Oscar Duncan in Weatherford, Oklahoma.

Mr. and Mrs. Tight Graham, was here visiting his parents, Mr. and Mrs. E. A. Graham, over the weekend.

He is holding a government position at Texas City.

Mr. and Mrs. G. S. Webber were called to Waxahachie last Tuesday. Mrs. Webber received word that her brother had died suddenly.

Charles and Ginger Gunn had their tonsils removed in the Lubbock General Hospital, Tuesday.

Mr. and Mrs. A. D. Repp of Lubbock, were in Brownfield Sunday, visiting friends.

Terry Lou Moorhead of Lubbock, and Mr. and Mrs. Duward Moorhead of Pampa, spent the weekend in the R. M. Moorhead home.

Mr. and Mrs. Ansil ONeal were in Brownfield shopping Wednesday.

Spring

AND WE ARE READY

Our store is full of New Spring Merchandise for every member of the family. Beautiful New Dresses in Prints, Solids and combinations. Frilly Blouses in Sheers; Silk Blouses in solids Stripes and Pastels. Hats in new Straws and Felts.

Our men and boys department is complete with Dress and Work Cothes. We also carry several styles of Coveralls for Ladies.

Engineering Show Cancelled At Tech

LUBBOCK, March. — The annual Engineering Show at Texas Technological College, a spring feature since 1929 has been cancelled for the duration, officials in charge announce.

Kenneth E. Robbins, Dallas petroleum engineering senior, manager this year, said the show was called off mainly because time of students must be concentrated on the war program and it was thought funds required to stage the affair might be used better elsewhere. Students in the past have exhibited work and laboratory methods to the public as show features.

Hitler is a hard man to reach by telephone these days. And even if you could pick up the phone and dial Berlin, he probably wouldn't understand you because he doesn't talk our kind of language.

Hitler is an easy man to reach by way of the grapevine of rumor and loose talking. And when his agents overhear you talking shop, you may be talking a language that Hitler understands. Don't let Adolf's stool-pigeons tap in on your conversation. And just to make sure that you don't spill the beans around the wrong guy, don't talk shop. That's the best way to short-circuit Hitler's party line in America.

To preserve vitamin C content, use a sharp knife instead of a grater to cut fruits and vegetables for salads, University of Texas home economists advise. The more the foods are bruised or exposed to the air, the greater the loss of vitamin C.

Judge Says:

By Geo. W. Neil
If Hitler could see one of our income tax forms, he'd learn something about, schedules.

The Allies are now saying to Rommel; "Take that, and that, and that." He is having difficulty in finding one of them prepared positions.

Every night this month, the German Radios, have suddenly "sighted-thirty" and went off the air. They are the only ones, to sigh, when the R.A.F. goes on the bomb.

Our Airforce is learning them Jap seaman, other things, than sons, fall out of Heaven.

The political controversy between them French Generals Giraud, and DeGaulle, shows they are Democrats alright.

Hitlers' silence, makes one think, that gab about: "Right in der Feuhrers Face," may have actually happened.

Those little dittys "I make the thing that hold the spring, that runs the jig a may bob", and "The man behind the man behind the gun" make us wonder if the Old Maids Union isn't behind the senators behind the move to conserve man power.

Anthony Eden, British Statesman, with the others are in Washington, conducting post mortem agreements.

Arthur Green was in this week and had us send the Herald to his son-in-law and daughter, Mr. and Mrs. David Mitchell, at Niagara Falls, New York.

YOUR JOB AT HOME

HOME accidents are a sabotage! They affect the war effort by keeping men and women from work, demanding "at-priority" medical attention, wasting money. Do away with hazards in your home—avoid carelessness that leads to accidents!

Carelessness causes fires, cuts and bruises. Never keep matches where they can be reached by small hands. That goes for sharp knives and scissors, too. Be careful in your methods of using household tools. Wrong handling of kitchen utensils can result in serious injury.

Neglecting to invest a small sum in a stepladder for the home is a dangerous economy. But if you must use chairs for climbing, be sure they form a solid base of operations!

Inadequately-lighted stairways and cluttered steps lead to many a broken leg—and head! And are indications of poor housekeeping. That, coupled with haste, can lead to critical injuries to members of the family.

Just as carelessness is the big cause of costly home accidents, so too can carelessness in cooking rob you of precious and priceless food values! Remember that, when preparing your daily ration of coffee! Measure water and coffee accurately, and don't waste a precious bean by trying home-made experiments with fillers and substitutes. You can't reuse coffee grounds and still get good coffee. You only ruin what new coffee you add! And if you pour coffee through the grounds twice you actually get less coffee than if you only do it once. Some of the good brew stays in the beans the second time through!

Don't be careless when shopping for coffee, either! Read the label! Be sure you get all coffee, not part adulterant!

Importance Of Rationing

LUBBOCK, March — It is vital that all of us understand the importance of rationing, says Miss Jonnie McCrery, professor of foods and nutrition in the Division of Home Economics at Texas Technological College. Then she says:

Numerous factors are behind the program which may not be apparent to the average consumer. First, our fighting men must be fed at any cost. The American soldier eats one-fourth more in quantity than he did in civilian life. This amount of food must contribute twice as many calories and twice as much protein as that of the civilian. Our fighting men are the best fed in the world. This gives them the strength and stamina to ensure ultimate victory. They also need to be well fed to overcome wounds, sickness and disease.

Secondly, we need to send food to our allies both for their armed forces and for their civilian populations. Many of the civilian allies have been deprived of their possessions and their facilities for production. Contributing this food to our allies is not charity, but helping ourselves, since this food is serving to weaken the enemy so that peace may come sooner. This may save thousands of lives.

Thirdly, American production is not adequate to meet present day needs without careful planning. Because of the increased demand and decreased production, civilian supplies are reduced, rationing is the only way for everyone to get an equal share of the food.

The demands for individual foods differ, therefore, the point values have been set so as to balance demand and supply. The soldiers like certain foods better than others, having expressed preferences for such things as prunes, peas and canned fruits. These articles, therefore, have

MRS. C. D. HENDERSON PASSED AWAY, FRIDAY

Mrs. C. D. Henderson passed away at 11 o'clock, Friday, March 5th, at her daughter's home, Mrs. G. B. Lindly. She died with heart attack. She had been ill three years. Her survivors are: Husband, Mr. C. D. Henderson, of Brownfield, Texas, Route 2. 5 sons; Frank Henderson, Happy, Texas, Pvt. Jack Henderson, Childress, Texas, Corp. Herman L. Henderson, Gallup, New Mexico. 3 daughters; Mrs. G. B. Lindly of Brownfield, Texas, Mrs. L. L. Watkins, Gallup, New Mexico, Mrs. R. M. Bagley, Brownfield, Texas. 2 sister; Mrs. Dee Henderson, Tahoka, Texas, Mrs. Grace Woody Goldthwaite, Texas.

And a number of other relatives.

E. A. Cary stated this week following the ban on slicing bread, that the operation of slicing with machinery took very little extra time. Mr. Cary operates the local bakery bearing his name.

Mr. and Mrs. C. J. Bonham was up Wednesday from Willow Wells community, as their daughter, Mrs. E. E. Ellard was to undergo an operation at the local hospital. Mr. Ellard is an employee of West Texas Cotton Oil Co.

been given a high point value to discourage civilian consumption. Civilians are asked to buy local foods difficult to preserve and to transport. Whereas, those in more compact packaging are rationed at high point values. Furthermore, the government is reserving enough food so that a balanced diet may be secured for our fighting men. Foods high in nourishment or in certain specific nutrients are given to the armed forces to assure optimum health at all times. These are also high in point value.

There are many unrationed foods of equal nutritive value which we at home can use. Every time you go to buy a can of food you don't need, think of a soldier.

Baptist Church News

As the number of hours in the daytime are increasing an increasing number of people are deciding that they can again attend the teaching of the Bible at ten o'clock Sunday morning. We are creatures of habit and once we have decided there was not time enough to do the necessary chores Sunday morning and attend services it is difficult to again acquire the habit of attendance but this is of more than passing importance as each one have an influence over their fellows and if you do not attend why should your neighbor?

God said, "forsake not the assembling of yourself together as the manner of some is?" and this command of the Bible inspiration speaks to each of us today. There is no doubt that some of those early Christian did not like the preacher and refused to hear him as the Bible records that "Some said they were of Appollos' but they were commanded to be present.

Preachers make quite a lot of complaint about some of their members, in the churches but if they could listen in and know what some of the members think of them, they would no doubt say less about it than they do.

Baptist are essentially a missionary people as were the New Testament churches and our church gave more than two thousand dollars last year to outside causes but this writer would call to the attention of our church two opportunities of assisting needy people right here in Brownfield which we have largely overlooked. The Mexican Baptist people here joined our own church until such time as they could secure a place to worship and have been meeting in one of their homes for Bible study and we have promised them as much as one hundred dollars when they can build a place of worship, and the Negro Baptist church here needs our assistance and encouragement and we should find ways to assist and can do so if we will. Let the W.M.U. who are more missionary than the men give this their earnest thought that something may be done.

Mr. and Mrs. Bruce Zorns not only have about the fattest baby, but one of the prettiest in the city.

Mrs. J. J. Gunter, of Pool, was in Tuesday shopping.

Mr. and Mrs. J. S. Dixon were in from their Yoakum county ranch, near Plains, Tuesday, visiting their daughter, Mrs. Red Tudor.

Service Man In Pacific Lauds A.R.C

CAIRO, Ill.—What American Red Cross service means to the American fighting man stationed in far places is vividly conveyed in a letter from an Air Service Command lieutenant on duty in the South Pacific to a friend here. After recounting his observation of Red Cross activities before going overseas, this officer writes:

"Now I am at the other end of the world, and the A. R. C. is filling a large job here. In almost every town and city over here is found a unit of the Red Cross. At headquarters he will find a good meal, a hot shower, a comfortable bed to sleep in, and, what is more amazing, a bed with real honest-to-goodness sheets, fresh clean sheets! Next to home there isn't a place in the world where a soldier feels as near to heaven as experiencing the above comforts after a couple of months out in the bush.

"The Australian ladies who work in these A. R. C. canteens certainly are wonderful. They have made and are making so many sacrifices. In addition, they are spending their time waiting on us Americans, trying to make us comfortable. Looking back at what I have written, I don't seem to have expressed very vividly or clearly just how swell a fellow feels when he walks up to a place 10,000 miles from home, sees a sign 'American Red Cross' and knows that inside he will find the friendship and comforts of home. "All of the boys here seem to understand that we have a job to do and want to do it. I haven't run into a single American (from a general down to and including a private) that I have not though was a well guy. Just send them the things to fight with, a few cigarettes, and a lot of letters—and we'll give 'em hell."

DO YOUR BIT IN THE FIGHT

KEEP YOUR RANGE IN FIGHTING TRIM

1. Wipe top burners with damp cloth after meals.
2. Use mild cleaner only for enamel, aluminum and chromium burners. Rinse with clear water, dry thoroughly. (Removable top sections, when so equipped, should be removed or bolted back firmly in place.)
3. Should burner ports ever need cleaning, use stiff wire brush or gently insert small wire to remove food particles.
4. Gas range burners last for years. Star shaped burners of even the oldest ranges can generally be kept working like new by occasionally boiling in solution of one tablespoon of sal soda to each three quarts of water. This should be followed by a rinse in hot soapsuds and clean water. Burner rods can be removed and cleaned at same time. Replace in exact original positions.

Knitting Needles Taking To Cotton

Boston—Knitting needles are thoroughly at home today in cotton as conservation-conscious homemakers busy themselves with the hundred and one pretty things to be made. They're turning out smart-looking, comfortable-feeling jackets from the bright, flaming rug yarns to transform summer dresses. They're producing cotton open-work sweaters that need only a skirt to form a youthful evening outfit. And they're fabricating finely-knit gilets to tuck into new low vee dresses or to wear with sheer summer frocks.

Mr. Lee O. Allen is a business visitor in Dallas this week.

Mrs. Jess Ferguson has returned from the hospital and improving.

Miss Glenna Faye Ross spent the weekend with her sister Le Rue, who is a student in Tech.

Mrs. Doyle Schillingburg and Sue spent last week in Lamesa, visiting her mother.

Mr. and Mrs. Richard Kendrick, from Brady visited in the R. M. Kendrick home over the weekend. Mr. Kendrick is in the Air Corp and stationed in Brady.

Daniell Davis from Bryan spent a few days in Brownfield visiting his wife. Mr. Davis is in the Air Corp.

Hospital Writing Is Right Difficult

About all you know is what others disclose accidentally while visiting you, and then if you try to get them to further elucidate, they usually close like a clam. So you have to guess at the rest, and nine chances to one you guess wrong.

The burden of most of the conversations, however, prior to the 15th, was that income tax blank. Some had finished and made the first or all the payments, still others were still figuring. They did not want to cheat Uncle Sam or to be cheated. Even one of the local men that helps others to figure it all out, seemed to breathe easier after it was all over, and was really glad to think of something else for a change.

They call one form "A 1010" or some other number, the "simple" form. But there just aint no such animal. Some one suggested a simplified direct tax. But there also isnt any such thing as a simplified tax. Even the Victory tax has to be figured out by the employer, taken from the wage of the employee, blanks filled out to the "Infernal" Revenue Collector, a check or money order attached and sent in with the fond hopes that its right and you wont be called up over the block for mistakes.

Other Air Grievances

One lady reported to us that while she had to work, neighbors children would go to her home, tear things topsy turvy, let the stock out and play hell in general. People should keep their children at home, even if they have to chain them to a gallery post. Ramsacking other people's home is trespassing and a violation of the law. Some one got into this writers home lately while the madam is taking our place at the office, and lifted a pound can of coffee. We have a sneaking idea, however, that the liftee was no child. Grown people have no more business to enter people's homes than children.

Neighbors have also missed coffee. Our idea is that those at home should watch the neighbors home, and if anyone is seen entering or leaving, report to them when they come home. If things are missing, officers should be notified.

All Get Same Treatment

Last week we gave the reader just a bit about a Mexican citizen of the Meadow section who was caught in a feed crusher belt. His arm was broken in two places, bruised and the bone, thrust through the flesh. He had several bruises about the head, one ear being almost torn off. An effort was made by physicians to save his arm, but after a few days, it was seen that this was impossible. His arm was then taken off at the shoulder. Gangren set in the same day and he passed on.

The doctors and surgeons did what they could to save his arm and his life. He was a big, husky fellow, but the cards of fate were stacked against him. He had an off color from most Americans. His name did not sound like Smith or Jones or Brown. He and family perhaps spoke Spanish more than English. But he was a loyal American, his doctors hated

Farmers Need 600,000 New Tractors

Schenectady, N. Y., March — Declaring that the 1,900,000 tractors American farmers now have are worn out or nearly so, Robert H. Reed of Philadelphia, editor of the magazine Country Gentleman, said in a General Electric Farm Forum address here tonight that "more than 600,000 new tractors will be needed in 1943 and 1944 to replace the worn-out ones, to make up lost workstock and to offset labor shortages."

"These new tractors would save farmers approximately 300 million man-hours of work," Mr. Reed continued. He pointed out the gigantic production job of the farmers is an astronomical total of 23.3 billion man-hours of labor for this year, but that there will be a shortage of 2 to 2½ billion man-hours because of labor shortage.

"With implements and equipments, excluding tractors, farmers now have about 3 billion 700 million dollars worth — again astronomical figures — but they need an additional 900 million dollars worth to bring them up to par in work capacity," added Mr. Reed, who was brought up on a 240-acre alfalfa farm in western Kansas. "All in all, this total complement of machinery and equipment would cost the farmers a great sum, but the important thing that it would save them more than 2 billion man-hours of labor — almost bridging the gap left by departed workers."

Tractors in Britain

Mr. Reed also cited the fact that at the start of the war Great Britain had 30 per cent more tractors per 1000 acres of crop land than the United States, and she still has 30 per cent more today, despite a 75 per cent increase in crop land.

Regarding the amount of equipment on American farms, Mr. Reed stated:

"The real truth is that in comparison to the size of the farmers' current job, they have a fourth less machinery than they had during the first World War."

"Many have the impression that farmers are getting enough new machinery to provide needed replacements. The fact is that today farmers are getting only one half the needed replacements, to say nothing of needs for other purposes."

"It is getting late, but not too late, if we as a nation face the realities. We cannot gamble with our food supply; we must win this battle of food," Mr. Reed warned.

to see him go, and so expressed themselves. Sometimes it is hard to understand why a weak, puny person will stand such a shock better than the vigorous. But sometimes such is the case.

Amateur Tree Surgery

SCHENECTADY, N. Y., March — Amateur tree surgery is justifiable at present because there is a shortage of men skilled in tree care, Ray R. Hirt of Syracuse, associate professor of forest botany and pathology, New York State College of Forestry, declared in a General Electric Farm Forum address.

"This situation has been aggravated somewhat by the large amount of wind, snow and ice damage that our shade and ornamental trees have recently suffered," said Professor Hirt. "About the only help the layman can give to these trees is proper pruning and treatment of the resulting wounds."

In order to do work of this nature satisfactorily and with reasonable safety, certain equipment is essential, according to Professor Hirt. The workers will need at least one or two saws; preferably a three-foot cross-cut saw for large branches, and a small hand cross-cut saw for small branches. Both saws should be sharp and have a rather wide set in order to cut green wood. A sharp knife, a chisel and some kind of mallet are also desirable. If large branches are to be removed, a rope or two should be available; and, of course, the worker needs the ability to climb and not get dizzy, because from the top of a tree the ground seems to be a great distance below.

The following precautions ought to be emphasized, Professor Hirt said:

If you contemplate getting a neighbor to help you, remember you will be responsible for his safety, and it is well to check your insurance policy to see whether it covers such situations.

Not every one can climb trees safely. If one becomes dizzy when at distance above the ground, it is just good sense to keep out of trees.

When working in trees, tie yourself in properly and securely. Do the same with your tools so that they will not fall upon someone working or passing beneath you.

Be sure that the branches you cut from a tree do not fall so as to damage other good branches and make sure that falling branches will not injure nearby trees or buildings.

Do not work trees when they are wet or icy. It's hard enough for most of us to keep from falling under the best of conditions.

"Our Federal Government, through the National Park Service in the Department of Interior, has issued a number of very fine pamphlets on tree care, two of which should be of special help to the amateur in pruning storm-damaged trees," Professor Hirt concluded. "You may order these from a Superintendent of Documents at Washington, D. C. at a cost of 10 cent each. The pamphlets are entitled SHADE TREE PRUNING, and SAFETY FOR TREE WORKERS, and are Tree preservation Bulletins Nos. 4 and 8. I'm sure you will find them helpful."

ODD REQUEST

Lubbock, (Special) — A new twist was given furlough request at South Plains Army Flying School this week.

Lieut. Charles D. Higby, Jr., of Arkansas City, Kan., is a student officer at SPAFS. He was informed that his father, in a letter, had requested permission for his son to attend his graduation from Officer Candidate School at the Quartermaster school at Camp Lee, Va. At the present Lieutenant Higby outranks his father, but "he still giving me orders, Lieutenant Higby remarks.

R. R. Benton of Route 5, was a business visitor here, Tuesday.

T. H. Shelby, dean of the University of Texas Extension Division, has been appointed a regional vice president of the Department of Adult Education, National Education Association.

Mrs. Ed Thompson sent the Old He a jar of buttermilk, Monday. Thanks.

Money To Loan

On West Texas farms and Ranches. Cheap interest. Long term loans.

West Side Square

WHAT ABOUT THE INSIDE?

Sure! We all realize that our cars must last for the duration. We now have our tires checked periodically; we religiously watch our speed, taking care not to exceed the 35-mile-per-hour speed limit; we see that the motor is kept in good condition, and that it has an ample supply of oil and that the oil is changed regularly. BUT, what about the inside of the car? If we would get the most pleasure out of our cars, we must be sure that the upholstery lasts as long as the rest of the car. We have seat covers to fit 'most any make or model car and in several grades. We're sure to have the very cover for your car and at the price you want to pay. Drive around today.

Need a battery? We now have one of the largest stocks in town. Our advice is to get yours now as the demand on these batteries is sure to be great and any delay on your part may be too late.

HAHN MOTOR COMPANY

Women Can Get Into War Effort

LUBBOCK, (Special) — The chance that thousands of American women have been waiting for—to actually get into the war effort 100 per cent — is being offered to them this week in the South Plains area with a recruiting drive by the WAAC.

The auxiliary corps not only offers women between 21 and 45 years of age a chance to help in the war effort but it offers free instruction in many crafts and occupations. By filling in armymen in the organization.

Let's OUTSMART the Farm Machinery GREMLINS

Be Our Guest at the **FARM COMMANDO TRACTOR SCHOOL**
In Charge of Factory-Trained Men
DATE, MARCH 16th, TIME, 8 P. M.

You are cordially invited to be our guest at the Farm Commando tractor school, dedicated to the boys in the service from this community.

Let's get our farm equipment Ready to Roll and keep it that way. That's the theme of the Farm Commando School. Food is a vital weapon; our boys and their allies on the fighting fronts need every pound we can send them. To do it, we've got to lick the "gremlins," those little snipers that threaten to sabotage overworked farm equipment. Factory-trained men at the Farm Commando School can show you how to head them off, how to get more work out of your A-C tractor and keep it rolling on to Victory.

Everyone interested is welcome. We suggest that you bring several from your neighborhood in your car — save gas and tires. It will be a golden opportunity to get together... perhaps locate the help or machine you have been looking for.

We hope you will accept our special invitation to attend. It will be interesting, entertaining and you will enjoy every minute of it!

This red-white-and-blue emblem FREE for every machine inspected and approved by your Allis-Chalmers dealer.

It takes **MEAT** and **MILK** and **MUNITIONS** TO BEAT THE AXIS!

- COTTONSEED CAKE for more MEAT—
- COTTONSEED MEAL for more MILK—
- COTTONSEED OIL for more FATS—
- COTTON LINTERS for more GUNPOWDER—

Make COTTON A VITAL WAR CROP for our great war offensive

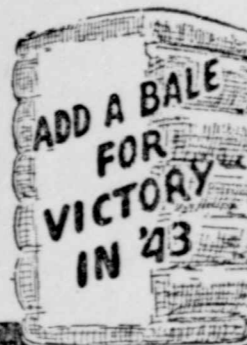

Besides feeding and supplying our own soldiers and war workers, America is sending vast quantities of Milk, Meat and Ammunition to our Allies all over the world.

To supply the increased demand for Meat and Milk production, stockmen need all the COTTONSEED CAKE AND MEAL—America's greatest single source of rich PROTEIN—we can produce.

By growing more Cotton this year, Cotton farmers will help to beat the Axis. Add at least one extra bale for Victory in 1943!

One Cooperative Town Farm Started Mon.

There has been at least one town cooperative farm started as a partial result of our article last week along that line. On our block there is some vacant lots 140 x 175 feet, belonging to W. A. Bell, who donated the lots to be worked for a victory garden to Mrs. Stricklin, and who in turn, asked other residents of the 100 block on East Bowdoy, to help cultivate. The weeds were burned off Monday evening, then Tuesday morning a tractor was brought in from the Hayden Griffin farm, from west of town (Mr. and Mrs. Griffin to be co-workers of the plot) and plowed by Mr. Griffins tenant.

Farming this "estate" will be besides the Stricklin's Jr., and Sr., will be the Griffins, Mrs. Brown and Mrs. Bond.

This soil is very rich, a rank growth of weeds having rotted on the plot for the past several years. If we have a normal amount of rain, well and good.

The Old He is betting plenty, however, that it is not going to be any picnic to keep weeds from taking charge again. These town farmers are taking this opportunity to thank Mr. Bell for his interest in the matter of raising more food. Victory Gardens instead of weeds.

What we want to see now is more of these vacant plots plowed up and put in cultivation. Have a get-together meeting on your block, if there are vacant lots on it, and get going. If there are none, see if there are some in the next block or at least close by, and contact the owner.

Food can win or lose this war. Let's not be just eaters. Let's produce part of what we eat. The farmers will have their hands full providing food for our nation and millions of fighters.

Thompson Dairy To Sell Grade A Raw Milk

Mr. and Mrs. R. E. Thompson of Meadow are new comers to Brownfield, having purchased the Brownfield Dairy from C. P. Henderson.

This Dairy herd consists of forty-five high grade cows and Mr. Thompson stated to a Herald representative that there being a shortage at the present time of Grade A raw milk, that he believed he would be able to supply you, all you wanted.

Mr. Thompson will sell sweet milk, buttermilk and cream and will start his milk wagon on delivery, Monday, March 21st. Read his ad in this issue of Herald.

SPECIAL SERVICE AT ASSEMBLY OF GOD CHURCH

There will be a special service at the Assembly of God Church this week end. Beginning this Friday night and continuing through Saturday and Sunday nights, Rev. Spell of Ponca City, Okla., will be preaching each evening. There will be violin and accordion music with good singing.

For those who remember, Bro. Spell, conducted a revival here about four years ago.

Our Sunday school is well attended with much interest in the classes.

New Mexico Ranchman Died Tuesday

Mr. Aniel F. Hight, 57, of near Gladolia, N. M., died at the Treadaway-Daniel Hospital, Tuesday, after a brief illness. Mr. Hight was born in Calahan County, Texas, and had been a ranchman all his life.

Funeral services will be held at the home in Gladolia, March 21, at 2 o'clock, New Mexico time, Burial in King cemetery, with Brownfield Funeral Home in charge of arrangements.

Mr. Hight is survived by his wife and two sons and two daughters; A. F. Hight, Jr.; Mrs. R. E. Brittain, Monahans; Sgt. Walter S. Hight, and Mrs. W. H. Rodgers, Clovis, N. M.

There are more ways of killing a cat than choking it on butter, and University of Texas drama students have "sold" their recent show, "Forty-Three-ers Revue" to an Austin movie house for a four day run. Proceeds will be used to provide transportation for the show to tour Texas army camps.

Senator Moffett And Formby Sponsors Cotton Research

Continued research for new uses of cotton and cottonseed is being strongly urged by Senators George Moffett of Chillicothe, and Marshall Formby of McAdoo and Plainview, both of whom successfully sponsored similar legislation two years ago.

Moffett is chairman of the Agricultural Committee in the State Senate, and Formby is a Member of the Committee.

Considerable research has been done in the laboratories of the Texas A. and M. College, Texas Tech at Lubbock, and the University of Texas, during the past year, and considerable headway has been made in finding new uses for cotton and cottonseed.

As a result of this research, it may soon be possible to feed hogs and poultry unlimited amounts of cottonseed meal, something which has not been thought safe in the past.

At Texas Tech encouraging progress has been made in the direction of discovering uses for the cotton fiber in connection, wallpaper, etc. Also experiments are being made in making plastic building materials out of cotton burs.

At the University of Texas a process of chemically treating the cotton fiber has been developed whereby the strength of the cotton yarn is increased by approximately 40%, thereby making West Texas short staple cotton equivalent in spinning strength to Mississippi Delta cotton.

Moffett and Formby are requesting the present Legislature to continue appropriation for this deserving research work. Both pointed out that if these experiments had been in progress for the past twenty years, there would be no surplus of cotton lint on the market today.

Dr. "Buster" Gives Banker A Job

The writer kinder acted as a go between for Dick McDuffie and Dr. "Buster" Treadaway, recently. Now, if you are not an old timer that was here when Dr. T. L. Treadaway was a kid, and generally known as "Buster" instead of Lester or T. L., you'd better not call him that. An old timer can sorter get by with it, because the Dr. knows they are not trying to kid him.

Anyway, Dick was a caller at our hospital room Saturday and of course got to looking out of our south window at a row of large Chinese Elms. Now these trees are some six years old; have never been trimmed, and there are limbs, some as large as your arm within three feet of the ground. Say Dick: "You tell Lester that I said for Pete's sake, have those trees trimmed."

As a faithful Herald of information, the message was delivered as per requested. Says Dr. Buster: "You tell Dick if he wants those trees pruned up, to get down here and get on the job. But I'm not going to pay anyone 80c per hour to do it."

We wonder if Dick really wants the job.

Chick Brooders Fire Hazard

AUSTIN, March — Fire, says Marvin Hall, State Fire Insurance Commissioner, can defeat the purpose of the program to supplement our meat supply with poultry unless adequate safeguards are adopted to prevent fires from chicken brooders.

Hall noted an increase in the number of fires reported as a result of carelessness in operating baby chick brooders. Not only the loss of chicks and brooder equipment has been reported, but in most cases additional property loss has occurred.

Because they must be operated continuously, the very nature of chicken brooders make them a special hazard. Therefore, he cautioned, special care should be used in their operation.

"Whatever Type of brooder equipment may be used," said Hall, "It is wise for us to observe the fundamental principle of cleanliness as an aid to fire prevention. Trash and combustible litter around any brooder, whether it is an oil or kerosene burner, electric, gas, or other type, invites the outbreak of fire."

The Commissioner suggests a frequent check of heat regulating devices, as well as careful handling and storing of all liquid fuels used for heating brooders.

Navy New V-12 College Training Porgam

Austin, Texas, March — Administration of qualifying tests for 17-20 year old men interested in enlisting in the Navy's new V-12 College Training program in Texas, Arkansas, Louisiana and Oklahoma, will be, under direction of Dr. H. T. Manuel, University of Texas education professor.

The tests are to be given on Friday, April 2, Dr. Manuel has announced, and officials of all colleges, high schools and preparatory schools in Texas have been given information about the program.

"The purpose of the V-12 program is to produce naval officers," Dr. Manuel explained. "High school seniors, high school graduates, and college students who appear to have potentialities for ultimate selection will be chosen for college training, of active duty, in uniform, receiving pay, and under general military discipline."

Mr. and Mrs. Voris Myatt and son Max of Lubbock, spent Sunday in Brownfield, visiting Mr. and Mrs. L. R. Pounds.

Mrs. Bertha Stahler left Thursday for El Paso to visit her son, Major Charles Stahler.

Hospital Notes

Surgical patients this week are: Mrs. Kirk Williams of Meadow, Mrs. Roy Boucher of Brownfield, Darlene Thornton of Brownfield, Mrs. E. E. Ellerd of Brownfield and Mrs. R. H. Ellis of Welch, Texas.

Births

Mr. and Mrs. C. L. Eastwood of Meadow, have a 9 pound, 3 oz. baby boy, born March 15.

Mr. and Mrs. J. V. Gilliam of Brownfield are the parents of a 8 lb. 3 oz. baby boy named Virgil Ray. He was born March 16th.

Mr. and Mrs. Homer T. Sudarthern of Brownfield, have a baby girl born March 13th.

Water Tender 1st Class, Tiny Nelson, came in this week on a five days furlough to visit his family and parents. He is located at Gulf Port Miss.

Mary Nel Adams, a senior in the University of New Mexico, in Albuquerque, visited her parents, Mr. and Mrs. W. M. Adams over the weekend. Miss Adams is majoring in Home Economics and will spend a week in Clovis, N. M., practicing teaching as a part of her University training.

Miss Lora Mae Burney is the new stock girl at Piggly Wiggly.

PFCS' Bryan And Henry C. Sandage

Jacob Sandage received a letter dated February 17th from his son Pfc. Byron Sandage, who was wounded in action January 31st. He is in North Africa and states he is getting along fine, that he and the other soldiers are sleeping on the cold ground, with the stars and skies as the ceiling. He also stated the soldiers got a thrill when they read newspapers from the states and learned that some of the "softies" here at home were bellyaching about hardships.

Bryan mailed his parents his Purple Heart medal, which is awarded to those wounded in action.

Pfc. Henry C. Sandage, their younger son, a military police at Harrisburg, Pa., visited them over the week end. He attended High School at Seagraves and on the football team.

A group of Girl Scouts accompanied by Mrs. J. O. Gillham, Mrs. Frank Weir, and Mrs. Hayden Griffin attended the Girl Scout Court of Awards in Lubbock Friday night.

Co-eds studying interior design at the University of Texas got their first job recently when they were asked by post officials from the Del Valle Air Base to design the decorations for the Officers' Lounge at the Base.

Santa Fe System carloadings for the week ending March 13, 1943, were 20,420 compared with 21,825 for the same week in 1942. Cars received from connections totaled 11,968 compared with 8,686 for the same week in 1942. Total cars moved were 32,388 compared with 30,511 for the same week in 1942. Santa Fe handled a total of 32,368 cars in the preceding week of this year.

From the college stage to a professional role is the "leap" made by Robert Harris, February graduate of the University of Texas, Harris tried out with the company of Ethel Barrymore, now on tour in "The Corn is Green," when the show was in Austin, and a few weeks later received a call to join the company.

J. E. Sims, of the Loop section, was in Tuesday shopping.

Lecturers brought to Texans this spring by the University of Texas' Hogg Foundation are being sent to college campus' all over the state. D. R. L. Sutherland, Foundation director, has announced. In addition to appearances at the University, lecturers are booked to speak to students of at least four of the state teachers colleges, Southwestern University, Southwestern Methodist and the College of Mines.

MOVED

We are pleased to announce that we are now in our new location across from the Rialto Theatre.
