# The Terry County Herald

Your Home Owned and Home Managed County Paper — Where Farming, Ranching and Oil Fields Bring Prosperity to Terry County People

VOLUME THIRTY-EIGHT

BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY, MARCH 26, 1943

NUMBER 34

## Ollie Warren Lands Over In Old Miss.

Fearing that he would be without his Herald for a few weeks, Cpl. Ollie Warren wrote in almost as soon as he landed at Kessler Field, near Beloxi, by the way, we would like to know how they pronounce Beloxi, like its spelled, or is it given a French accent?  
Ollie is taking to the air like a duck to water, and one of these days may be sent forward to soften the hard heads of Hitlerites, or the Suns of Hea-hell.

## Wants Her Son To Have The Herald

Had a letter recently from Mrs. E. R. Norton, of Capitan N. M., requesting that the Herald be sent to her son, Chas. N. Norton, who is serving with a U. S. Calvary division.

Thanks, Mrs. Norton for the \$1.50, and we'll try to get each issue to your son.

## Bowers Family Doing War Work

From out of Oakland, Calif., last week, came a request for the Herald, enclosing a dollar to go as far as it would (8 months, Mrs. Bowers) as she stated that she wished to keep up with old "Brownie" and the section in general. She stated that she could not figure out a better way than to take the Herald.

Both Mr. and Mrs. John Bowers are doing war work in that section of the Golden state, and have good jobs, she stated, but they long for the day to come when they can return to old Texas, and Brownfield in particular. Of course, as most people here know, their son, James is in the service, and is now somewhere in England.

## Kenneth Lanse Turner Promoted To Captain

Kenneth Lanse Turner, stationed at Ogden, Utah, son of Mr. and Mrs. A. W. Turner, has been given a promotion to Captain. Capt. Turner is a graduate of Tech College, where he took R. O. T. C. and received his 2nd Lieutenant commission.

Captain Turner was the youngest in officers training to be made Captain and he was one of the three in seventy-five recommended to go to Camp Lee, Va.

## Loyd Rea Jackson Training For Navy

Farragut, Idaho, March 19 — Reporting to the U. S. Naval Training Station this week is Loyd Rea Jackson, son of Mrs. A. B. Conner, Rt. 5, Brownfield, Texas.

This future Bluejacket who has begun his recruit training here, will be instructed in the fundamentals of seamanship as well as undergo a thorough physical training program which will make him into a seasoned sailor, ready to join the hardest hitting Navy in the world.

On graduation, he will be given an opportunity to qualify for one of the many Service Schools available for Navy enlisted personnel where he may receive additional training in a specialized field, or be assigned to one of the units of the fleet for action against the enemy.

## 2nd Lt. Gerald W. Herron Visits Father

A recent visitor here was 2nd Lt. Gerald W. Herron, son of W. A. Herron of the Herron Grocery. He is stationed in Ft. Estes, Va., in the Anti-Air Craft Division. Another son of Mr. Herron's in the service is Owen D. at Shepherd Field, Wichita Falls. He has one son in the ship yards at Houston.

## Terry Well Represented In Armed Forces

We are not allowed to give exact figures on the number of men from Terry county in the armed forces of Uncle Sam, but we can state the approximate number. With but 11,000 population at the beginning of the war, and the number in the service fast climbing toward the 1000 figure, we consider that a good indication of whether or not Terry is doing its share.

There are approximately 700 in the army; 130 in the navy; 25 marines and 2 or three coast guardsmen. There are also several WAACS and Waves from Terry county.

We are furnished a list this week by Mr. R. A. Simms, secretary of the Terry County Draft Board, containing 181 names, for reclassification, 20 odd of which were put in A1, and will likely be in the next call. We understand that the board is to meet again soon for re-classification of others. It is believed that men with children will be called this summer, but so far, we understand that men with wives only, or with children born after a certain date in 1942 have been called. Some with children volunteered.

## 12 Men Left Wed. For Induction Camp

Twelve Terry county men left Tuesday for an induction camp, possibly at Fort Sill, Okla. A large crowd of relatives and friends, as well as other interested parties gathered in the district courtroom, where a program was carried out before the bus arrived.

Some very appropriate strung music and songs were rendered by the Borough family. An address was made by H. B. Virgil Crawford, county attorney, and Mayor Jesse D. Cox presented each man with Certificates of Award from the city of Brownfield.

Each man, who did not already have a New Testament, was presented one by the local Federated Missionary Society. The following is a roster of the inductees:

Jesse Elbert Gillham, Carl Adolphus Rogers, B. H. Borough, Billie Joe Hinson, Aubrey Winder Jones, Earl Burton Holly, Guffy Graham Stinnett, John William George, Albert Henry Holder, E. P. Smith, Jr., Denzil Eugene Castleberry, Clyde Raymond Lewis.

Delmar West and Grady F. Cook, will also leave some time this week.

## Notice To Dealers In Livestock, Butchers, And Slaughter's

Steps are being taken to curb "Black Market" operations in meats and to keep livestock and meats flowing through legitimate channels.

Under food Distribution Order No. 26, effective midnight March 31st, 1943, every livestock dealer and agent, butcher or slaughterer who buys livestock for resale is required to obtain a permit in order to continue operations. The keeping of adequate records is required to comply with the order.

This permit can be obtained at the U.S.D.A. War Board office, in room No. 2 in the AAA Building. Mrs. Mon Telford will assist you in making out your application for this permit and will also advise you about the records to be kept.

Signed, Pearce Warren, Chairman Terry County USDA WAR BOARD.

Mrs. Tobe Helms is spending this week with her daughter, Mrs. Chester Sudden and Mr. Sudden. The Sudden baby has been quite ill. They live in Portales.

Mrs. John Givens came in this week and had the Herald sent to her son, M. J. Akers, who is in the Navy, and located at San Diego.

## Our Forgotten War Front In Aleutians

An article in the current issue of Colliers by Carey Ford, entitled "Forgotten Front," is the most interesting magazine article we have read in some time. We wish all home front people could read it. It would do a lot of good for a lot of our rationing gripers to read it.

We are in the habit of reading about the North African front, and the South Pacific front, and generally, considerable about our Chinese airforce, but we get mere dribbles of news about our forgotten front in the Aleutian islands, which many claim to be our best route for the invasion of Japan.

These frozen, fog-bound and barren island swinging away from Alaska proper like Uncle Sam's flowing beard, and few of us realize that Dutch Harbor out 500 miles from the mainland is as far west as Hawaii and that their western tip, now held by Japs, is within 700 miles of a large Jap naval base, and from this spring board Japan could easily be bombed.

Just what are our men on these bleak islands up against? As stated above, almost perpetual fogs, cold and loneliness. There is not one day in 30 when a pilot is able to see his gunner or the plane in front of him. There is nothing else to do but wait for the weather to clear. Often they take off when ice covered mountains cannot be seen 100 yards and we have perhaps lost more men and planes on these icy cragis than we have to the Japs. And when the Japs positions are reached, it is difficult to see what they wish to bomb. The Japs are hid in foxholes and tunnels in the mountain sides. However the Japs have plenty aircraft guns and use them. What our men need is more and more big bombers when the weather gets better this summer.

While you enjoyed your turkey, and all the trimmings Christmas, just guess what our boys had for dinner that day at advanced bases on these bleak islands. According to Mr. Ford, who was there, no supplies or mail had reached these men in three months. So, they had bread, some stewed tomatoes, and for meat they opened cans of viena sausages.

He described a smallish lad from Tennessee, whose uniform and boots were too large for him, that had lay on his cot and read and re-read a three months old letter from his mother until folding and refolding had worn the pages into the middle.

We, the people of Brownfield and Terry county can not well imagine what these boys are going through with. At our worst, we'll live like kings and queens beside those boys. Yet, Mr. Ford tells us they joke and play indoor games as if they were safe at home in mother's parlor. And when the weather reports come in that "it will be unsafe to fly that day" their feathers drop, from the highest in command to the privates.

If Germany and Japan think they have a licking laid up for men of this calibre, they have another think coming.

## City Election Tues., April 5th

There will be no mayor elected this year at the city election coming up Tuesday, April 5th, as Mayor Jesse D. Cox holds over for another year, as does Kyle Graves and W. B. Tudor, councilmen.

The councilmen whose times expire, are Bob Bowers, M. J. Craig and Cecil Smith. We do not know at this time whether the three men whose times expire will offer for re-election or not, or for that matter whether there will be other candidates.

As our city marshal, Roy Moremen was elected last year, he also has another year to serve, as also Mrs. Jewel Graves, City secretary.

Dolphus Goodpasture, who is now employed in a Slaton grocery store, is visiting friends and relatives here for a few days.

## Teague-Bailey Get Back In Business

The business and professional men of Brownfield, as well as their many friends and customers throughout the area, were pleased last week, when it became known that Teague-Bailey Chevrolet Co., It would do a lot of good for a lot of our rationing gripers to read it.

**Buddy Teague**

have a fine business home corner Fourth and Main.

Admittedly, the boys got a bit glittery last spring when practically everything they sold was frozen. They sold their new cars and parts to a Lubbock firm. After due consideration, and in order

**Jack Bailey**

to be on the ground floor when the war is over, and car sales unrestricted, these popular men decided to get in and stay in.

The government, which took over some 240,000 new cars last year as a precautionary measure, now find that the swift manufacture of light trucks and jeeps has practically eliminated the need for these cars in the movement of troops and supplies, and the cars are gradually being released for sale. That is not a lot of cars for the whole United States, but we understand that they will be prorated according to population, or should we say, prewar demand.

When down at their place Tuesday, they had most of the front display room littered with boxes and unpacking of new parts for Chevrolet cars and trucks. Jack informed us that after establishing their priority, the stuff rolled in like nobody's business.

It is their intention to have an announcement this week if they can get time between receipt of parts and unpacking. If not, look for it next week.

## Army Air Forces Technical School

Scott Field, Ill., March 12, 1943. —Pfc. Bob D. Brewer, son of Mrs. L. B. Brewer, Brownfield, Texas, has just been graduated from the parent radio school of the Air Forces Technical Training Command, according to an announcement by Col. Wolcott P. Hayes, post commander.

During the intensive training period here Bob D. Brewer received instruction in radio operation and mechanics and is now qualified for duty as a member of a fighting bomber crew.

Since Scott Field, part of the vast network of the Technical Training Command schools under Maj. Gen. Walter R. Weaver, is

## Victory Garden No Competition To Farmer

Someone suggested to us recently that Victory Gardens over town, might be considered a competition to local farmers. But we have an idea, even if Victory Garden are all that may be expected of them, will cut little or no figure in the outlook of an unprecedented demand, as never before, for all the farmers may produce. Even if every Victory Garden in America takes on the growth and productivity of the famed Jack's Bean Stalk — and they won't — they will no more than meet the current season demand of the family producing it, with perhaps a small amount to can, or a dry windy year would erase them entirely.

The American farmer, on the other hand, faces the supreme task of feeding, not only his own family and livestock, but at least two men in the Armed service of the United Nations, not to mention food for civilian via the lend-lease route in Countries like England, Russia and China, where almost all their best agricultural land has been overrun by the enemy, or where a great majority of their people are under arms as in England. The later country has never been able in modern times to supply its own wants in the way of food and feed, even in peace times, but has depended on imports from its colonies and the United States and other countries.

Even if every Victory Garden in America and elsewhere produce to the maximum. Even if there are no hails, droughts, worms and bugs to molest them, there will perhaps be a dearth of food supplies and rationing may have to be tightened. According to those in the know, there can be no such thing as overproduction of food supplies in the United States this year. Even with 20 or 25 percent increase over last year, will not greatly release food shortage, and this takes in vegetables, fruits, etc., as well as meats, eggs, cream and butter. If every town family raises a small flock of chicken, poultry and poultry products will still bring the farmer a good price.

We know of a number of families here in town that have been hit really hard on rationing of canned goods. Instead of going to the farms last summer and fall and buying or begging tomatoes, okra, beans, peas, corn, etc., to can, some ladies, as usual had depended on their grocer's shelves. They are caught in a pinch, for the point system just does not do the job, according to the American standard of living.

On the other hand, the town ladies who went all out last summer on home canning, and has from 100 to 400 jars of fruits and vegetables to supplement what they can purchase with points, are living pretty well. Likewise, those who back in the fall picked beans and peas, are not greatly worried about rationing.

Many of us Old Hesses have been just a bit disgusted last summer when friend wife spent the forenoon in a friendly farmer's field picking peas and beans. Spent the afternoon shelling or stringing them, and half the night processing them with a pressure cooker, and putting them in cans. Yep, many times the meals were light or late. But you get a thrill looking at the rows of canned stuff in the shelves these days.

No, the farmer will not have any trouble selling all he has to spare this year.

## Have you been to the Red Cross room this week?

devoted solely to radio, the destination of Pfc. Brewer, may be a more advanced radio school, a gunnery school, or an operational training school, where he will receive instructions as part of a bombing "team". His actual designation, however, Col. Hayes said, is a military secret. Transferred to: 922nd Boat Co. Avian. Q. M. Corp. Mac Dill Field, Fla.

## Jaycees Honored Buddy Gillham

The local Jaycees honored their President, Buddy Gillham, with a banquet Monday night, at the Wines Hotel, as he was leaving for induction in the army Wednesday. It was also ladies night. Dick McDuffie acted as toastmaster.

The honoree was given a \$25 war bond by the Junior Chamber of Commerce. It was presented to him by school superintendent, E. E. Hancock, after a few well chosen words. Fifty plates were served.

Mr. Delbert Downing, of Midland, regional representative, delivered the principal address of the evening. His subject was "Psychology." Three other Midland Jaycees were with him, being Messrs. Sandusky and McKinnon. We failed to learn the name of the other gentleman.

## Dr. Fuller May Be Heard Sunday

Local Baptist are requesting that not only their own members but members of other churches, or of no church, listen Sunday morning at 7:30 (CWT) to Dr.

**Dr. Ellis A. Fuller**

Ellis A. Fuller, of Louisville, Ky. Dr. Fuller will bring to close three months of the Baptist Hour over radio. He may be heard here over WFAA at Dallas.

Dr. Fuller is president of Southern Baptist Seminary, and former president of Southern Baptist Home Mission board, and "Making America the Arsenal of Spiritual Democracy", will be his subject. Hear this interesting speaker.

## Screen Tribute To Red Cross Will Be Shown Here Soon

A special screen tribute to the work of the American Red Cross will be shown on every program at the Rialto Theatre during the week April 1st to 7th, inclusive, it was announced yesterday by Mrs. Ethel Jones, manager of the theatre.

The showing of the tribute will be a feature of a week-long celebration at the Rialto Theatre honoring the Red Cross in conjunction with similar celebrations being held by the nation's 17,000 motion picture theatres during the week, Mrs. Jones said.

The work of organizing the theatres for the week was done by the War Activities Committee of the Motion Picture Industry which was organized after Pearl Harbor to aid in the nation's war effort. To date the organization has assisted in such activities as scrap collections, War Bond and Stamp Drives, United Nations Week and the March of Dimes.

Don't you think the legislature ought to do something about there being so many legal holidays in war-time? Banks, for example, besides being closed on Sundays and also on Saturday afternoons, are required by law to observe a flock of other days.

If you can't cash a check and put through a 'business deal on a Tuesday just because it happens to be Lincoln's birthday, then your making a living is interfered with—and that slows down your ability to pay taxes and buy war bonds.

## Hear Dr. Sutton Next Tuesday Night

As was stated in these columns last week, a regional Teachers Institute will be held here Tuesday night, next week. Instead of the usual meeting of the 28 county West Texas Institute, in order to save gas and tires, the Institute has been broken up into a number of regional meets, as centrally located as possible, and easily accessible by paved highways. Brownfield has been selected as the meeting place for five counties of Lynn, Hockley, Yoakum, Gaines and Terry.

The principal address of the evening will be delivered by Dr. Willis A. Hutton, superintendent of the Atlanta, Ga., school system. Dr. Sutton is not only an outstanding educator, but a fluent speaker, and will be a great help and inspiration to teachers and patrons on how to carry on with our schools during a world war. Supt. Hancock invites the general public to hear Dr. Sutton's address at the First Baptist church auditorium at 8 p. m., Tuesday.

New officers were elected this year by the House of Delegates, Supt. E. E. Hancock, stated, but he failed to get a complete list of them. However, he stated that the Vice-President and Secretary were re-elected. Old officers of the organization who will retire after the institutes, are, Supt. O. C. Thomas, President, of Spur school; Supt. W. T. Hanes, Secretary, of Tahoka schools, re-elected; Mrs. Bonnie K. Dicer, Vice-President, of Tech college, re-elected, and Supt. E. E. Hancock, this city, Treasurer.

Mr. Hancock said he would like to stress the fact that some had failed to turn in their scholastics, and that April 1, is the deadline, and scholastics rendered after that time cannot draw the state per capita appropriation. All who will be 6 years old before Sept. 1, as well as all who have not passed their 18th birthday at that time, should be enumerated.

Folks, this is important.

## Star Tire Store Install Recapping Machine

The Star Tire Store installed one of the latest model recapping machines this week, and it is now working fine. You no longer have to see a tire rationing board to get recaps. If you need them, your local man will do the work as fast as he can get to them.

L. E. McClish and Arlie Lowmore are the proprietors of this establishment. Mr. McClish has been in business for more than 20 years in Brownfield, and they will make every piece of work they do, please you. Arlie is now working in a defense plant, but Mack has some good helpers.

Drop around when convenient and see this new machine at work, making old, slick tires look like new. Don't send your tires out of town until you have a talk with Mr. McClish.

## Mistake In Farm Machinery Repair Ad

The Herald is sorry that an error crept into the Farm Machinery repair ad of the Knight Implement ad last week. The writer on the first page was correct, being Friday night, March 26th, at 8 o'clock, but the ad said the 19th. We are generally very careful of dates and prices in ads, and a correction was marked in this ad, but the linotype operator failed to see it.

This repair demonstration is a joint presentation of the J. B. Knight Implement Dept., and the Allis-Chalmers Manufacturing Co., and the central idea is to give the farmers of this section as much information as possible about the repair and maintenance at this time when machinery of all kinds is hard to get.

Remember the lessons are absolutely free, and that this firm cordially invites you to come and get this needed information. To be able to do all your minor repairs is half the battle in more food for victory.

Although the newspaper business is classed as an essential occupation to carry on the war program and those engaged in the profession are exempt from selective service, thousands and thousands of printers and newspaper employees are enlisted in all branches of the Army and Navy, regardless of being eligible for exemption. The printing industry is suffering from a labor shortage all over the entire nation.—Miami Chief.

Uncle Charles Armour Guy, whose other name is The Plainsman, has found himself a spot to light, when and if Lubbock ever kicks him out on his ear. The chosen site is a little city of 5,000 by the name of Dennison, Ohio. Charley is to make this his second choice after Lubbock, because the Salvation Army lassies serve refreshments of doughnuts and coffee to soldiers and train-crews passing through that city. We never thought that Charley would ever turn his back on the south Plains. Why, bless your little heart, CAG, we believe that Post or Takoha, Lamesa, Levelland or Littlefield would agree to fill you up in case of hunger. In fact, there is nothing in the record to indicate that the Buckeye town caters to others than men in uniforms—no civies. We are not sure, but we have an idea that even in Brownfield, some good samaritan might be found that would give Charley a doughnut, mostly all hole, sans Arbuckle. If you do leave, Charley, don't forget your longhandles and blanket.

Mesdames M. B. Sawyer, E. A. Graham and Tom May, attended a funeral in Big Spring, Friday.

The Herald has almost always supported Jimmie Allred in his quest for office, the only exception being the time he and Tom Hunter ran for governor. As usual we got licked. Last year, we supported him for the U.S. Senate in preference to Pappy Lee O. At that time there was much talk about another job being in wait for Jimmie if defeated. O'Daniel won by a small majority, and Jimmie, to all intents and purposes went back to private practice of law. But about six weeks ago, we begin to hear of him being appointed to an other Federal Judgeship, and was bitterly opposed by O'Daniel and supported by Tom Connolly for confirmation by the senate. Here, the appointment seemed to have met a stone-wall, and for the present at least is a dead issue. In the meantime, the campaign stuff came to life that President Roosevelt wanted to see Pappy defeated, and promised another federal job if Jimmie was defeated, and the accusation, even if not true, smells like something decayed in Denmark, and leave both the president and Jimmie wide open for criticism by friend and foe alike. The court in question being a five state affair, and Louisiana having no man on the court, both senators from the state bitterly opposed the appointment, and proclaimed that there had been a deal made last summer. In the meantime, Jimmie has let himself down with lifelong friends, and the best thing he can do is return to Texas and enter private practice until such time as this incident may blow over, and be forgotten.

For Job Printing Try The Herald

**Senate's Hasty Action Condemned By Parr**

B. T. Parr, president of the Nueces County Farm Bureau Federation rapped senate knuckles last week for that body's adoption of a resolution asking the Federal government to lift cotton planting restrictions.

Read to the senate at the request of Rogers Kelly, letter of criticism said in part: "If Texas senate had nothing more to do than to meddle in something that it seems they know so little about, it would be a real saving to the taxpayers to make them adjourn and go home for the duration and raise a victory garden instead of raising hell.

**Hasty**

"I condemn this hasty action without first giving the farmers a chance to be heard. Cotton producers voted 85 per cent market-ing quota in December, 1942. Such action as this can only cause confusion and disgust among the farmers.

"Farmers are up in arms about this movement of special interests to wreck a balanced farm program it took 10 years to build up." Parr quoted a telegram from Wickard, U. S. Secretary of Agriculture, in which the national figure said cotton farmers could not harvest greater acreage because of the labor shortage.

There was no comment on the letter from the floor of the senate.

**FORMER REPORTER**

Once upon a time sports writer for the Amarillo News Globe, Lt. W. K. Britton is now fighting the Japs — and has been doing pretty well. He has been awarded the air medal for meritorious achievement in sinking of a cruiser of the Aleutians last fall.

What will the war bring to us next? This week it is used tires, those "idle tires" the OPA told us to sell a few weeks or months ago. OPA or who ever bought them from the users is distributing them back through the tire companies, after inspections, vulcanizing, et cetera. Looks like to us, and doubtless will be found to be that way after all is said and done—looks the very most wasteful (in money and effort and storage) way the job could have been done. Many a man who had an extra tire or two that had five to ten thousand miles left in them, sold to the government for 20 cents apiece and now will buy them back at the least possible price the government can let them go at. But the folks must keep in mind that these very estimable gentlemen who are handling OPA and all the other alphabet things never fought a war before nor attempted an all-out offensive against a powerful enemy. In their zeal and hurry they have done some powerful unwise things and are still piling them on. The folks are going along with them wonderfully, not assuming they know too much, and hoping the patriotic citizens who do assume to know do actually know. However, from this long distance from Washington, it is most difficult to see how it will all add up to advantage. That's what many of the folks are thinking. — Floydada Hesperian.

**What Has Become Of Cottonseed Products**

Cottonseed Meal and Cake

EDITORIAL OF THE WEEK

L. E. Newton, manager of the Rotan Cotton Oil Mill, states that he is confronted daily with the question, "Where have all the cottonseed meal, cake and hulls gone to?" and give the following facts in reply to this oft-repeated question:

The stock of cottonseed meal, cake and hulls has been fed locally to the vastly increased herds of beef and dairy cattle, sheep, swine and poultry. There is no veiled mystery to be guarded or kept from the public concerning the dangerous and alarming shortage of protein feeds. Any sensible man can easily see why there would be a shortage of protein by the appeal made by our government for the increase in the production of beef, pork, poultry, and eggs.

Certainly we needed this increase in livestock and poultry to feed our armed forces and help our allies. No one denies the fact that we had to increase our beef and pork production, as well as more eggs and poultry, to keep the war effort rolling in high speed. But at the same time we were increasing our beef and pork production we were being asked to cut down on the only source of protein needed to feed and finish this vast increase in cattle and hogs, sheep and poultry. That course of protein is cotton. Instead of increasing our production of cotton to take care of the increased demand for protein we actually reduced our cotton acreage and up to less than a week ago were being asked to further reduce the cotton acreage.

This mill crushed 9,000 tons of cottonseed in the year 1941-42 year before the one just finished) and in 1942-43 (crushing season just recently finished) we crushed 6,700 tons of cottonseed—and 1,400 tons of this crush was trucked in from a territory where we do not ordinarily obtain seed. Thus you can see that the tonnage of cottonseed crushed in 1942-43 was 2,300 tons less than the tonnage crushed the year before—and on top of that 1,400 tons were shipped in from the Snyder territory after the Snyder mill burned.

With cattle, swine, sheep and poultry population of Fisher County more than doubled, and the cottonseed production reduced almost one-fourth, is there then any great mystery as to where the cake and meal and hulls have gone?—The Rotan Advance.

The Texas A and M. college is stressing the fact that the new law, passed by the legislature, makes it madatory by a heavy fine for those dealing in second hand mattresses, pillows or bed clothing to sell them unless thoroughly sterilized. People who buy such bedding should be sure that such bears a tag stating that it has been sterilized. Otherwise, you lay yourself liable to any illness that the former user may have had.

Mrs. K. B. Moore of Big Spring, is visiting Mrs. Rueben Leach, this week.

Senator Wheeler, arch isolationist, is again on the warpath. Now he is insisting that Congress run the war. If Wheeler and his kind had won their way, America would have been whipped before we could get started. Remember that Wheeler said our two oceans made us safe from attack, and there was no need preparing for war. Wheeler shut up after Japan stabbed us in the back, and administered on us the worst defeat we have ever suffered. Wheeler and his gang were outnumbered until the last election. Isolationists won many seats in Congress, and now Wheeler is the big papa who is telling the army and navy that Congress should be running the war. If Wheeler gets his way, we are likely to lose the war while he fiddles around doing nothing.—Canyon News.

Mr. and Mrs. Henry Bates have sold their Terry and Yoakum county farms to Geo. W. Henson. Both farms were located in the Tokio section, and one of them made a bale of cotton to the acre last year. Henson lives in that section.

Miss Olene Holleman has returned home after spending a few days with her brother, Pvt. O. L. Holleman, who is stationed at Amarillo, Texas. She also visited friends while in Amarillo.

**Chinese Language Course At Tech**

Lubbock, March. — Registration for an introductory course in Chinese has started at Texas Technological College under the direction of Dr. Ling, Research Fellow in Child Development.

Enrollment for the course will continue through March 25. This class meets twice each week in the evenings and will extend over a six-weeks period.

Mr. and Mrs. Clyde McLaughlin spent the weekend in Childress.

Mr. and Mrs. Gene Gunn were in Kermit on business, Tuesday.

**ELECTION ORDER**

Be it ordered by the Board of Trustees of the Brownfield Consolidated Independent School District that an election be held at the County Judge's Office, in the Town of Brownfield in said Brownfield Consolidated Independent School District on the 3rd day of April, 1943, for the purpose of electing three School Trustees for said Brownfield Consolidated Independent School District.

J. D. Miller is hereby appointed manager of said election, and he shall select two judges and two clerks to assist him in holding the same, and said election shall be held in the manner prescribed by law for holding other elections.

The returns of said election shall be made to the Board of Trustees of said Independent Schaal District in accordance with law.

A copy of this order signed by the president and attested by the secretary of this board shall serve as proper notice of said election, and the president shall cause notice of said election to be given in accordance with law.

In testimony Whereof, witness the signatures of the President and secretary of said Brownfield Consolidated Independent School District and the seal thereof hereto affixed, this 1st day of March, 1943.

C. E. Ross,  
President Brownfield Consolidated Independent School District.

Attest:  
E. G. Akers  
Secretary

**NOTICE**

A meeting of the Stockholders of the Brownfield State Bank, Brownfield, Texas, is hereby called to meet April 6th, 1943, for the purpose of voting upon the proposition to increase the capital stock of the bank in conformity with the provisions of Article 381-a, Revised Civil Statutes of Texas.

**THE HARMONY H. D. CLUB**

The Harmony H.D. Club met Thursday, 18, with Mrs. Paul Gracey, Miss Blanton was with us and demonstrated poultry cookery, which was very interesting. There were 7 old members and two new members and one visitor. The next meeting will be with Mrs. Oliver, an all day meeting. We'll quilt one quilt, everyone invited.

Club Reporter.

Have you been to the Red Cross room this week?

**PLAINS—**

Mr. and Mrs. Warner Hayhurst and children and Mrs. Leslie Covington and daughter were visiting in Oklahoma, last week. Clyde Coke who is in U. S. Training at Florida is home for a 10 day furlough visiting his parents, Mr. and Mrs. T. E. Coke. Mrs. W. H. Hague, Mrs. L. D. Camp, Mrs. Odis Lusk and Mrs. Carl Rushing were in Lubbock, Friday.

Mr. and Mrs. Woodie Houston and daughter visited Sunday in the home of his parents, near Tatum.

Mrs. Miller McLaren of Lubbock was visiting a few days last week in Plains. Carl Rushing were in Lubbock, this week.

Mrs. S. S. Jobs and son, and Mrs. Charles Scott and son spent the week end with their parents at Rotan.

Fray Smith who is attending Tech was home over the weekend.

Mr. and Mrs. Roy Elliott, S. S. Jobs, and Jolene Scott were in Lubbock, Saturday.

**CHANGES MIND ABOUT O'DANIEL**

Personally speaking, I think Senator O'Daniel has a fine character and a wonderful personality, all through his past business career, but is a poor substitute in representing his supporters back home since they sent him to the U. S. Senate.

I fear we have done him a great wrong in bestowing upon him such great responsibilities, since he has failed to hatch out one major bill despite the fact he was such a wonderful campaigner, seeking office as well as when selling flour.

He is a great song composer Sunday school teacher and vaudeville actor. My wife once remarked to me that the way to a man's heart and his billfold was through his stomach and that's the way O'Daniel found his way to the Senate. Biscuits made from billy-goat flour got the votes from the goats. John Public is always eager to please his wife, so he went with her to the polls and voted for Pappy, and we all fell for the Sunday morning radio service.

But now it dawns on me, since he carries so little weight in Washington, that we should have kept him at home as a Sunday school teacher and evangelistic soul saver in military camps, to keep the boys sober-minded, for the duration of the war at least. It seems O'Daniel is looked on in Washington as just our junior senator, not taken seriously by the older heads in the Senate.—C. C. Holly, in Fort Worth Press.

Mr. and Mrs. Harmon Howze and baby of Dallas, left for home after visiting his brothers, Frank and Tobe Howze, of the Union community.

**Livestock Sales And Slaughter Regulation**

Permits for livestock sale and slaughter are requested as follows:

1st;-Permits for slaughter of livestock for sale.

2nd;-Permits for Dealers and agents engaged in the purchase and sale of livestock.

Such permits required after April 1st and designated to bring "Black Market", where found, under control, and to promote equitable distribution of meats to all the citizens of each community of our nation.

No farmer will be required to obtain a permit to buy or sell livestock, unless he sells livestock with 30 days after purchase, but each farmer is expected to keep a simple record as follows:- Date — Name of buyer or seller—kind —size— and amount paid for animal. It will not be necessary for any farmer to contact USDA War board or any other Government agency to get permit unless he plans to;

1st;-Butcher for sale.

2nd;- Carry on the practice of buying and selling within 30 days;

The following may obtain permits and copies of the regulation under which they may operate by consulting Mrs. Mon Telford, U.S.D.A. War Board in the AAA Building.

1st;-Dealers and agents—Those buying and selling livestock.

2nd;- Local Slaughterers—All persons who in 1941 slaughtered livestock with a total live weight in excess of 300,000 pounds, and who are not registered as "Quota Slaughterers" under meat restriction order No. 1.

3rd;- Butchers;- All persons, other than far slaughterers, who in 1941 slaughtered livestock with a total live weight not more than 300,000 pounds.

4th;- Farm Slaughter's — All farm operators who in 1941 delivered meat from the slaughter of livestock having a total weight of not more than 10,000 pounds.

Farmers quota will be based on his 1941 deliveries for the corresponding month in 1943. However any farmer may sell — 1st;- 300 pounds of meat—2nd;- Or the meats from three (3) animals (not to include over 1 head of cattle) by securing a permit for the period of one year.

Permits must be obtained prior to sale of all livestock after April 1st, 1943, by any slaughterer, except for home consumption by a producer. Producers slaughtering for home use and desiring to sell a portion of animal slaughtered must have a permit, but it may be obtained after animal is slaughtered but before selling.

Signed,  
Pearce Warren, Chairman  
Terry County USDA  
War Board.

**Tech To Carry On College Work**

LUBBOCK, March — Answering numerous inquiries regarding the program of work at Texas Technological College during wartime, President Clifford B. Jones has issued an official announcement to the effect that work in all departments for both the long and summer sessions will be maintained. He said:

"We share in the tremendous responsibility of winning the war, and we are doing our full share with respect thereto. But in addition, it is our definite desire and plan to maintain the integrity and entity of this college as much."

"We plan to carry on our regular college work, both summer and long sessions. This is deemed essential not only for the war effort in better qualifying students for military service, but it is a recognized obligation to present and potential college students."

**Robert Little Sells His Wellman Store**

Robert Little has sold his store at Wellman. We failed to learn the name of the purchaser. He then purchased the J. O. Hobbs farm

**POOL**

Pvt. Charles Homer Britton of Sheppard Field, Texas and his wife, Mrs. Flois Britton of Brownfield, visited, Mrs. Brittons parents, Mr. and Mrs. J. J. Gunter and family, Tuesday. Mrs. Britton returned with her husband and will make her home in Wichita Falls, while he is stationed at Sheppard Field.

Mr. and Mrs. Ervin Duncan have a new daughter, The little lady name is Clare Belle.

Mr. and Mrs. Preston Lewis and family spent the weekend in Cross Plains, Texas, with Mrs. Lewis parents, Rev. and Mrs. Coulter.

**Labor Bill Clears House Hurdle, 86-37**

A bill to place labor unions under a partial regulation of the state is added to the growing list of major measures past the first hurdle in the Texas House of Representatives.

Although sponsors were unable to garner the votes necessary to putting the bill on final passage it was sent past the engrossment stage with plenty of votes to spare in a session which lasted until nearly 8 p. m. into the night.

By Durwood Manford of Smiley, the bill was represented by labor unions as equivalent to a death penalty. Manford and his associates in writing the final draft insisted they had no such intention nor would the bill have any such effect.

Miss Dorothy Faye Blanton, Home Demonstration Agent, is on the job again after having suffered a case of measles.

in the Needmore section and is moving on it at once.

Mr. Little brought in two large double-yoke eggs that were laid by some of his fine leghorn hens. We did not measure the eggs or weigh them, but they are almost as large again as the average egg.

The shells seemed to be welded in the center of the egg.

Mr. and Mrs. J. W. Burns of Tatum, N. M., have a baby boy born, March 23rd, and weighing 6 pounds and 14 ozs.

Pvt. and Mrs. H. L. Kelly, of Brownfield, are the parents of a baby boy born March, 18th and weighing 8 pounds and 1 oz.

**Baptist Church News**

Next Sunday morning after the Bible School hour a new service flag will be displayed with stars representing each man in the service from all of the families of our church and a roll call of all the men will be conducted and for the men who are absent some one will be expected to stand for them when their names are called and some of them may be able to be present and stand for themselves as there are perhaps some home on leave.

It is desired to make this service in honor of our men in the army one that will not only honor them but will be a service of dedication of all of us to the cause for which they are enlisted for while they occupy the front lines they are depending upon us to keep the home fires burning. We hope that it will be possible for the families of all the men in the service to be present and help honor the men who have gone out to help win this war against aggression.

We all deplore war but it has been thrust upon us and our liberty and the liberty of all free people is challenged and nothing short of complete victory is thinkable. As we honor the men in the service who have gone from our families may we dedicate ourselves to the task of keeping the home morale high.

Baptist have always stood for freedom of State and religion, not for themselves only, but for all people, yes Jews and atheist and all those groups with whom we thoroughly disagree, we want no coercion from the State on any group, if they are loyal citizens. We suffered hundreds of years at the hands of others and our people are suffering today in some countries. We want a free world

**Judge Mullican Gets Dope On Weather**

Down at Post, an old timer, who mingled with Indians in the frontier days, learned that they had a habit of testing the weather at sunrise on March 22nd, and if the wind was in certain directions, it meant either a dry or wet year. However, in the past few years the test has not been at all accurate, last year for instance was to be just an average year but proved to be above the average.

The Post man, a Mr. Wilborn died a few years ago, but Judge Clark Mullican of Lubbock decided to carry on, and has. This year the wind was from the southeast, and indicates a dry year. And this, too, counteracts that old story about the man who refused to pray for rain during an awful drouth because the wind was not in the southeast. Another mystifying part of the program was that the Avalanche gave the time of sunrise (CWT) at 7.01 A. M. Now at that time of morning in Brownfield, it is as dark as a stack of black cats unless the moon is shining. We always thought the sun reached Brownfield about the time it did Lubbock.

About the best "Injun" sign that we ever heard was when a boy back in Tennessee. "Cloudy all over and pouring down in the middle". But we thank Judge Mullican for the information, anyway.

for religion and the war must be won to get it.

Come to the service Sunday morning for the Bible study at ten o'clock sharp and help reach the goal of 400 present and remain through the roll call to noon and we believe you will enjoy the service.

Visitors are always welcome in this church.

**Judge Says:**

The WAAC's should need no training in camouflaging their hats.

Over here we are braying about absenteeism, in our plants making planes. In Germany they are praying for absenteeism of our planes making their plants.

This spring the young man's fancy turns to tho'ts of home, far, far away.

Only one of the two causes, ascribed for Hitler's long silence, was a error: He isn't dead.

McArthur's motto seems to be: "If at first you don't sink 'em all, fly, fly again."

The only thing Congress has ever started to do on time, is them post war arguments.

Why ask us to raise more crops when them debating Senators, are wasting so much fertilizer.

It now looks like Rommel has finally got settled. Poor fellow, all tanked up and no where to go.

Mr. and Mrs. Money Price received word from Buel this week, that he was being transferred, didn't know where.

Have you been to the Red Cross room this week?

A little cafe serving food, on Vine just off Hollywood Boulevard, room for only 25 people; long sticks of bread, imported cheese (grated) that you sprinkle on the platter of steaming, savoury spaghetti and meat-balls. The eating of spaghetti is an art: you coil the long strands around your fork, using the spoon to make it coil, unless you are one of the

few who can lift the strings high in the air, put one end in your mouth and suck the lengths in, like a magnet grabbing a steel filling. On the cafe wall are pictures of celebrities who had dined there: Major Bowes, Eddie Cantor, Ken Murray. Unfortunately, I didn't have one of my photographs along!

**Be Quick To Treat Bronchitis**

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

### Report Contagious Diseases Promptly

Austin, Texas, March 26.—If every case of suspected communicable disease could be promptly visited either by the health officer, or doctors, thousands of susceptible persons would be protected from disabling illnesses, according to the State Health Officer.

To quote Dr. Geo. W. Cox, "The old-fashioned theory that it is a good thing for children to have a number of the catching diseases and get them over with has long since been known to be a serious and sometime fatal error. The longer a child can keep from having these diseases, the better it is for him. Every child should be completely protected by immunization against smallpox and diphtheria."

Prompt diagnosis, isolation, good medical and nursing care give the patient the best chance for a satisfactory recovery without the serious complications that sometimes accompany even the mild form of communicable diseases. Dr. Cox emphasized that obeying the public health laws regarding isolation and quarantine of communicable diseases protects not only the patient, but helps prevent others from contracting the illness.

"Every health officer knows, Dr. Cox said, "that the danger of spread of infection increases when a nation is at war. Men, materials, and a large number of our civilian population move from one section of the country to another. The State Health Department is doing everything in its power to protect the health of the people of Texas. It is the patriotic duty of every man, woman, and child to do his share to maintain a high

### Early Day Minister Visits Brownfield

Liff Sanders was a visitor here last week, calling on many of the old timers, Mr. Sanders came to Lubbock in the 1890's and was there when the county was organized some 53 years ago. He helped to organize the first Church of Christ in that city, the building standing near where the Santa Fe passenger depot is now. He was its minister for some 25 years.

He held the first meeting for the Church of Christ ever held in Brownfield, under a cotton bagging arbor on Hill street, the site now being the half block owned by Miss Bernice Weldon, and about where her apartment stands.

He held several meetings thereafter and preached for the little organization once a month for several years. He preached the first sermon in the church at 3rd and Main when it was finished about 1919. Most of his labors here in the early days were partially underwritten by the Lubbock church, but by the time the church was built the organization could take care of its own needs.

Elder Sanders has a farm in South Terry he has owned for many years. Visiting with the writer at the hospital last week for a few minutes, this early day minister, was laughing about the rough and round about way he got to his farm for many years. Now with my farm close to the new Lamesa highway, I am there almost before I know it.

Mr. and Mrs. J. D. Cox, took Wayne Rogers to Lubbock, Monday to take the bus for Graham.

Level of health, a healthy civilian population contributes greatly to the health of our armed forces."

### FSA Women To Grow Much Food This Year

American farm women, assisted by the Farm Security Administration, who led the ration in the percentage of food increases last year, expect to give Uncle Sam more vital foods this year, according to Miss Myrlene Cannon, home management supervisor for the FSA in Terry and Yoakum Counties.

"Farm Security women throughout the nation canned more than 150,000,000 quarts of food last year, feeding their own families largely from home canned foods without drawing much from commercial supplies," said Miss Cannon. "This year," she continued, "these same women plan to feed hundreds of thousands of Americans off basement shelves, relieving demand for scarce foods while their farm garden increases go to the commercial markets."

Miss Cannon said Farm Security home makers in Terry and Yoakum Counties this year will increase the size of their gardens over that of last year. The gardens are planned to grow a continuous supply of health-giving vegetables from the beginning to the end of the regular gardening season.

Frame gardens, which give farm families fresh vegetables long before and long after the regular gardening season are being grown by most FSA farm women. Miss Cannon states that there are more frame gardens in these counties this year than usual.

Production of home-grown foods is one of the things recommended for farm families receiving FSA loans, hence the idea of growing garden for victory and for health is nothing new, it was explained.

Some farm women who do not have pressure cookers for canning are planning to work with neighbors and use the same cookers. Others will resort to the old-fashioned methods of canning, drying and storing foods for the duration. The skill developed by the Indians, Spanish-Americans and pioneer settlers in this region will assure the families adequate supplies of food stuff even though they lack modern equipment, it was said.

"Farm women everywhere," said Miss Cannon "grasped the meaning of Food for Freedom with the attack on Pearl Harbor and the nation is grateful for the womanpower which is helping defeat the Axis."

• A Complete Job Work Dept.

### 150,000 VICTIMS OF DISASTER AIDED BY RED CROSS LAST YEAR

A Red Cross disaster worker is shown visiting a marooned family during a recent Ohio flood, to bring them food and fuel. Of the 180 disasters handled by the Red Cross last year, 45 were floods. Inset: Roy Wingate, national director, Red Cross Disaster Operations, who has worked on every major disaster in the United States.

WASHINGTON, D. C., — There they stood — wet, hungry and homeless—these hapless people of Spring Valley, Wis., which had been virtually wiped from the map by one of the flash floods common to the area.

Their families had little warning. A creek that ran through the center of the village suddenly was transformed into a raging torrent by a week of rainfall.

So, now they stood huddled together watching their possessions float down the angry, muddy stream, gone forever. Crying children clung to mothers, men stood with bared heads, staring into space.

But the misery of these people soon was lifted. The American Red Cross arrived. Workers of the disaster relief service quickly set up food canteens, obtained shelter for the victims—in one case using an abandoned storage house—provided medical service and clothing. Many were innoculated against epidemic.

And the work had only begun. Immediate physical demands of the townspeople cared for, a survey of damage was made to determine the further actual need in rehabilitating the village. In some cases new houses were built to restore the resident to pre-flood status.

This disaster was all a part of the routine of the American Red

Cross Disaster Relief Service of which Roy Wingate, for 15 years in disaster work, is national director. During a 14-month period ending February 28 of this year, the Red Cross had given assistance in 180 disasters in 44 states, numerically an all-time high. It spent more than \$1,500,000 in relieving and rehabilitating victims of floods, fires, tornadoes and other natural catastrophes.

Despite the heavy responsibilities occasioned by disasters the Red Cross was able to expand its relief program to meet two new phases of wartime relief work at home.

By agreement with the Office of Civilian Defense thousands of Red Cross workers were mobilized to give emergency aid to victims of enemy raids should the need arise. Elaborate preparations were made. Equipment, including mobile canteens, ambulances and disaster relief units were designed by Red Cross experts and purchased by chapters from coast to coast.

The Red Cross, too, through chapters rimming the nation's seashores, put into effort new systems to give immediate aid to victims of submarine action. Hundreds of seamen have been landed at U. S. ports, some injured and without food and clothing. The Red Cross fed, clothed and sheltered them, gave first aid treatment, communicated with their relatives.

The disaster relief service is only one of many activities supported by contributions to the 1943 Red Cross War Fund appeal for \$125,000,000 now in progress.

### Glad To Have A Texas Address Again

Had a letter the past week from N. D. (Dennis) Rentfro, enclosing the "kale" for another year of the Herald, and asked us to change his address from Arch, N. M., to Vega, Texas, and stated that he was glad that he was permitted to have a Texas address again. Dennis is an old time Terryite, but has been away from here a number of years.

However, as New Mexico is so much like Texas, especially the eastern part is like the west part of Texas, that one never would know that they are crossing the line unless there was a sign up. Then too, the people are "Texas" to the hilt, as most of the old ones were born in Texas, and the younger generation either in west Texas or eastern N. M.

But to a Texan, born and bred, it always somehow gives them a thrill to have a Texas address. We know just how Dennis feels about the matter. While the writer is not a native of Texas, we have spent more than two-thirds of our life in Texas, and more than half in west Texas. To us, there is not nor never will be any other such place.

Jim Cunningham of Yoakum county, was in Monday. His son J. C. with the Coast Guard Artillery, at Camp Young, Calif., came in the 18th on a furlough and went back the 22nd.

#### Mrs. Webber Loses Brother

Mrs. G. S. Webber returned Monday night from Waxahachie, Texas, where she attended the funeral of her brother, J. A. Fox, age 72.

Mr. Fox was found dead in bed on the morning of Tuesday, March 16, by his wife. He was thought to have died some time in the early hours of Tuesday morning. Mrs. Webber's two brothers, E. David, and W. O. Fox of Hereford came by for her. Burial was Wednesday, in Waxahachie, where Mr. Fox had resided for thirty five years.

Mr. Grady Goodpasture and Mrs. Singleterry, met Mrs. Goodpasture in Lubbock Tuesday afternoon. Mrs. Goodpasture has been visiting in Oklahoma.

#### Oil And Gas Development In Texas

Dallas, March, 11—With every county in Texas now under development for oil and gas production, New Hampshire, Vermont by this one industry in 1942 reached a new peak of more than 94 million dollars out of 236 million dollars levied in all business and property taxes, according to a survey just released by the Texas Mid-Continent Oil and Gas Association.

A new booklet, 'Important Facts About Texas Oil', just released by the Association, shows that 168 counties of the State are now producing oil and gas while leasing and exploration for new oil and gas fields are being carried on in all of the remaining 86 counties. Thus, for the first time it may truly be said the all of Texas is "in the oil business".

Analysis of State tax revenue, contained in the Association's new booklet, shows that the Texas

petroleum industry now pays over 52 per cent of all business and property taxes. Including all local tax levies, this industry now pays 40 per cent of all taxes levied and collected from all taxpayers, exclusive of poll taxes and inheritance taxes. In many Texas counties, properties of the petroleum industry are the main source of tax revenue, comprising in some instances as much as 95 per cent of all local tax revenue.

Over forty-six million acres of Texas farm and ranch lands are now under lease for oil and gas production and development. This comprises an area of about 72,000 square miles which would be equivalent to the combined land area of Massachusetts, Connecticut, New Hampshire, Vermont, Rhode Island, Delaware, New Jersey, Maryland, the District of Columbia and one-half of the State of Maine. Yet, this vast acreage represents but 23 per cent of the entire land area of the State of Texas.

#### ODE TO THE INFANTRY!

I sit here thinking of the things I left behind,  
And I'd hate to put on paper what is running thru my mind.  
We dug a million fox holes, and cleared ten miles of ground;  
And a meaner place this side of Hell I know is still unfound;  
But we've got one consolation, gather closely while I tell,  
When we die we're bound for Heaven, for we've done our hitch in Hell.

We've built a hundred kitchens for the cooks to heat sardines;  
We've laid a million miles of wire and cleaned up camp latrines;  
We've rolled a million blanket rolls and washed a million duds;  
We've washed a million mess kits and peeled a million spuds.  
The number of inspections stood would sure be hard to tell,  
But we'll parade in Heaven, for we've done our hitch in Hell.

We've made a thousand different bunks, and laid on many rocks;  
And pulled a million stubs and thorns from out our Army socks;  
We've rode a hundred million miles and made a thousand camps,  
And shook a million scorpions from out our Army pants;  
But when our work on earth is done, our friends will proudly tell;  
"When they died, they went to Heaven, for they've done their hitch in Hell."

When the final taps are sounded and we lay aside life's cares,  
And we do our last parade up the shining golden stairs,  
And the Angels bid us welcome and the harp begins to play,  
We'll draw a million canteen checks and spend them all one day;  
It is then we'll hear St. Peter tell us loudly with a yell,  
"Take the front seat, soldier, you've done your hitch in Hell."

#### Just As Manager Had Ordered

Former Rep. Bailey Jones of Austin (who was on the Brady team) relates that one day as the club came in for its last time at bat, Brady was two runs behind and Buck Bailey said, "Well, coach, it looks like they've got us." Maxwell said solemnly, "Not at all—Jack Hampton is going to lead off with a single; Bailey Jones will hit a double and then you'll bring them both in with a home run, giving us three scores and the ball game."

Buck said, "That would do it; all right."

Hampton didn't open the inning with a single but he did get a base on balls, and that amounted to the same thing. Jones smashed a two-bagger and there were the two runners on base. Just as Manager Maxwell said, Buck strode to the plate, swinging three bats; tossed two of the sticks aside; planted his feet firmly, swing at the pitch—and knocked it over the fence to score three runs and win the old ball game.

As Buck completed his trot around the bases, he looked over to the bench and yelled, "Well, Coach, it worked, didn't it?"

#### Former Plains Woman Looses Citizenship

Mrs. Margaret Asbeck Murray, German born, American citizen, and at one time a resident of Plains, lost her citizenship as a result of a trial at Little Rock, Arkansas, recently. The justice department's complaint charged she took the oath of allegiance with mental reservations and that she withheld certain pertinent facts.—Yoakum County Review.

### More Cotton Is Needed For Victory

### WESTERN PROLIFIC D.P. AND L. AND LOCKET HYBRED

ARE THE IDEAL COTTONS TO PLANT UNDER WAR CONDITIONS — LONGER STAPLE IMPROVEMENT

They have a longer staple improvement — retaining all the high linting, heavy fruiting, early maturing features. These seed are especially profitable at a time when labor will doubtless be scarce.

A Truck load of Seed Will Arrive in the Next Few Days. See Us Early For Booking!

#### MORE COTTON FROM FEWER ACRES

The problem confronting the Southern farmer is how to raise as much cotton as he has in the past, with less help.

This year, of all years, is the time it will pay to plant the best pure-bred seed you can get, of a variety that will produce the maximum pounds of Lint Cotton per acre, and per hour of work, and that will mature early to hold down loss from insect damage.

## Farmers Co-Op Society No. 1

H. S. Eubanks, Mgr.

#### THE FEDERATED MISSIONARY SOCIETY WILL MEET MON.

The Federated Missionary Society will meet Mon. March 29, 1943, at the Methodist Church at 3 o'clock. The following program will be given.

Leader, Mrs. Dennis, Subject, Missions, the mission of the church.

Song No. 131, Jesus Saves, Devotional, Jesus the Great Missionary, Mrs. Dennis.

Special Song, Mrs. Caldwell, Paul, Missionary to the Gentiles, Mrs. D. L. Patton, David Livingstone, Mrs. E. L. Sturgis.

High points on an accomplishment of Mission, Mrs. A. J.

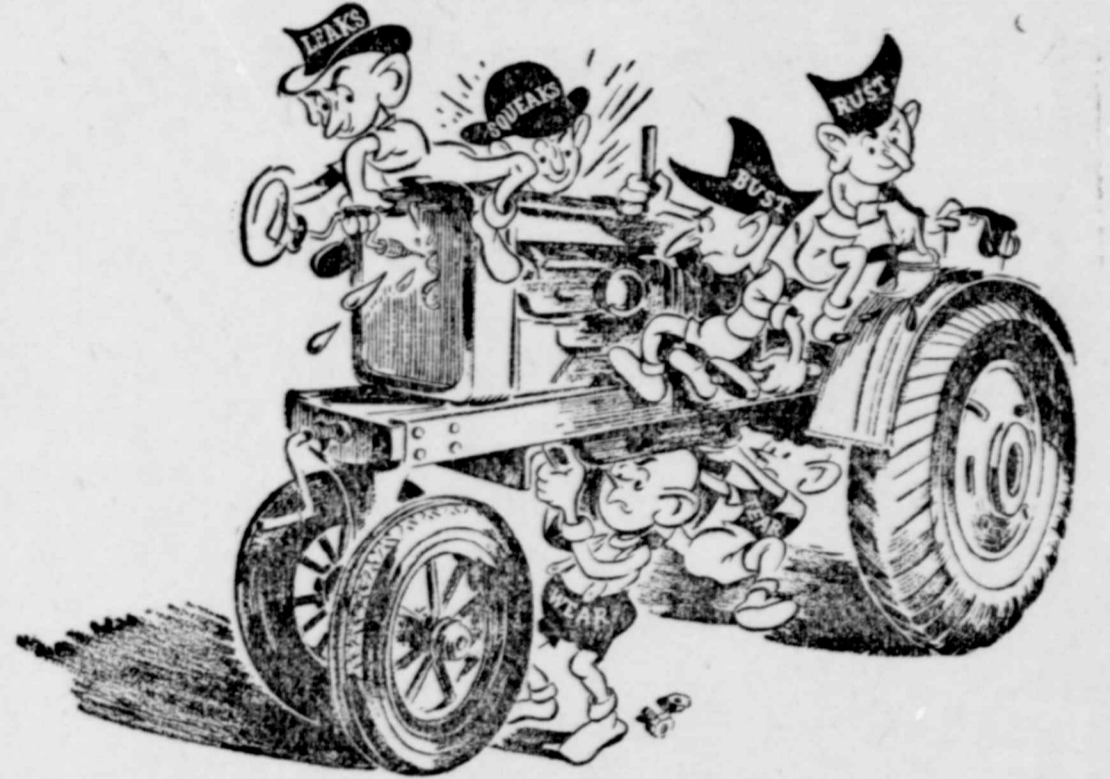

#### Former President Passes

Word was received here Saturday of the death of Mrs. W. D. Linville, in Tuscola, Texas, funeral was held there Sunday afternoon at 4 o'clock.

Mr. and Mrs. Linville came to Brownfield some nineteen years ago, moving to Tuscola last fall for the benefit of Mrs. Linville's health. She was an untiring worker in the Methodist Church here, and has many friends who will be grieved at her passing.

Lloyd, Business, Mrs. Adams.

#### Let's OUTSMART the Farm Machinery GREMLINS

Be Our Guest at the **FARM COMMANDO TRACTOR SCHOOL**  
In Charge of Factory-Trained Men  
**DATE, MARCH 26th, TIME, 8 P. M.**

You are cordially invited to be our guest at the Farm Commando tractor school, dedicated to the boys in the service from this community.

Let's get our farm equipment Ready to Roll and keep it that way. That's the theme of the Farm Commando School. Food is a vital weapon; our boys and their allies on the fighting fronts need every pound we can send them. To do it, we've got to lick the "gremlins," those little snipers that threaten to sabotage overworked farm equipment. Factory-trained men at the Farm Commando School can show you how to head them off, how to get more work out of your A-C tractor and keep it rolling on to Victory.

Everyone interested is welcome. We suggest that you bring several from your neighborhood in your car—save gas and tires. It will be a golden opportunity to get together . . . perhaps locate the help or machine you have been looking for.

We hope you will accept our special invitation to attend. It will be interesting, entertaining and you will enjoy every minute of it!

This red-white-and-blue emblem FREE for every machine inspected and approved by your Allis-Chalmers dealer.

### Mystery Cloaks Fate Of Missing Seagraves Sailor

SEAGRAVES, March 17. — Charley Lawrence Thompson, seaman second class, son of Mr. and Mrs. H. R. Thomas of Seagraves, has been reported missing.

Mystery surrounds his disappearance, and it was only after a year of investigation that Thomas was placed by the Navy on the "missing" list.

On Feb. 10, 1942, while he was attached to the U.S.S. Stewart in the Java area, he suffered an attack of acute appendicitis and was put aboard of Dutch destroyer Kontenaer, for transfer to United States or Dutch medical base ashore.

Seventeen days later the Kontenaer was sunk in the battle of the Java Sea.

"It can be assumed that Thomas was landed in the Netherlands East Indies and was subsequently taken a prisoner of war," Rear Adm. Randall Jacobs wrote Mr. and Mrs. Thomas, "but as there is no basis in fact for the assumption that your son is now under the jurisdiction of the Jap government, it is necessary that he be carried as missing."

No report relative to Thomas' being received from any hospital unit now in operation was ever made.

Thomas was 19 at the time of his enlistment in the Navy on March 27, 1941. He has two other brothers in the Navy, Roco, and George.

Any information about this missing Sailor will be appreciated

### Nearly \$2,000 Short Of Red Cross Quota

Mrs. Henry Bates is our authority that \$5,269.69 has been turned in on the current Terry-Yoakum county drive. Our quota was \$7,250, which shows that we are still behind some two thousand dollars.

We learned last week in a roundabout way that all of our communities had raised their part of the quota, but Brownfield had fallen down on its share.

It is to be hoped that the quota can still be attained. Some pointed out that we had a larger quota than Dawson county, with some four thousand more population, but the combined population of Terry-Yoakum counties is more than the population of Dawson county by some 2,000.

R. D. Jones was in this week, and informed us that his son, R. D. Jr., who is in the navy, has been advanced to Seaman third class, from apprentice seaman. R. D. Sr. lost another son to the army this week, leaving him one boy about 16 to help with the farm.

Mr. and Mrs. John Burnett will leave Sunday for Houston, half way ground between here and where their son, A. J. is training at the naval station at Gulfport, Miss. John stated that he had an idea that A. J. was fixing to be shipped out, and they were taking this opportunity to meet him in Houston.

By Com. J. R. Thomas of Precinct No. 4, Wellman, Texas.

### Essential Motor Vehicle Repair Should Get Priority

Essential motor vehicle repairs should be given priority over repairs which may be put off without endangering safe operation or impairing the mechanical life of vehicles, Richard E. Wood, Lubbock District Manager, Office of Defense Transportation, division of motor transport, said today. Garages and service establishments in this area have been called upon to voluntarily ration their facilities and mechanics' time so that essential repairs are given preference.

"Automotive maintenance establishments are a vital link in the country's transportation chain," Mr. Wood said. "Today they must shoulder a great portion of the responsibility for keeping our nation's trucks and passenger cars rolling. Garages face critical problems due to shortages of skilled mechanics and scarcity of replacement parts.

"They are doing a splendid job, but in some instance we have had reports from truck operators engaged in essential hauling that they are unable to have vital adjustments and repair made on their vehicles because mechanics are engaged in other work which may be profitable and desirable but is not essential.

"ODT is working closely with the industry in an effort to solve increasing wartime problems. Representatives of the various branches of the automotive industry are being asked to serve on a maintenance advisory committee to the district ODT office, to help us locate and make available badly needed replacement parts and skilled personnel, and to help promote better maintenance practices among owners and operators."

Mrs. Della Harkins has received her son's address from the War Dept. and instructions saying that packages may be sent only every sixty days. The following is Lt. Ellis's address: 1st Lt. Eugene B. Ellis, U.S.A.A.C., American prisoner of War No. 186, Interned, Oflag, xx1-B, Germany. Via New York.

**MOTORISTS!**

**BUY DEFENSE STAMPS AND BONDS**

**WITH THE MONEY YOU SAVE ON OIL**

**LUBER-FINER**

**Saves Oil**

**FOR DEFENSE AND MONEY FOR YOU!**

Here's how you can further help in the all-out effort for defense:

1. Install Luber-finer, a genuine oil refiner, on your motor. With refining packs replaced at proper intervals it saves unnecessary oil drains, costly repair bills and adds thousands of miles to oil and engine life.
2. The oil you save is conserved for our fighting planes, tanks and trucks.
3. The money you save can be invested in Defense Stamps and Bonds.

Users of Luber-finer equipment report from 15,000 to over 100,000 miles of successful operation between oil drains. Think what this saving means to our fighting forces in their vital need of oil and more oil!

Drive in today for a dramatic, visual demonstration.

There's a Luber-finer model for every type of engine and oil.

### Wellman Announces Victory Program

Wellman's fifth Victory Program is scheduled for the evening of April 2 in the gym. It will be the form of a Cake-Pie Walk sponsored by the Commercial and Annual Clubs.

After the cakes and pies have been sold the climax of the evening will come with the crowning of the High School Queen to be chosen from the following girls: Olene Holleman, Clarence Brisco, Joyce Trotter, Ruby Bentley and Alta Faye Phillips. Another Queen to be crowned on that night will be elected from representatives of each of the Grade School Classes. These are: Marjorie Dee Cabe, Ouida Merle Fleming, Jo Marie Crowder, Robby Curry, Lemoine Lindsey, Melitzie Appleton, and Sue Burnett.

War Bond and Stamps sales in each of the other Victory Program at Wellman have ranged from \$600 to \$2,500. We do not want to lag this time, so everybody come and bring cakes and pies. Use some of your Victory sugar or buy a cake or pie. We want you here for a good time and remember we are all out for VICTORY.

### SURGICAL DRESSING WORKERS NEEDED

Workers are urgently needed at the Red Cross Surgical dressing room in the old Legion building, south entrance, to fold bandages. We need 25 women each afternoon to work 2 hours. Should have at least 100 enrolled. Room opens Tuesday 2 o'clock through Saturday.

Mrs. Lydia Travis, Chairman, Surgical Dressing.

Mrs. Curley Edwards and Mrs. James Harley Dallas, were Lubbock visitors Saturday.
