Another war casualty among Texas newspapers and magazines is "Texas Parade," the official publication of the Texas Good Roads Association. This was one of the most popular magazines to reach our desk. It always gave a number of half-tone pictures of Texas' scenic places, especially parks and scenic drives along Texas' fine highway system. Reason given for dropping the publication, a monthly magazine, for the duration, was lack of competent help, and the increasing difficulty in getting metal to make halftones. One department that will be missed more than any other by newspaper folks is, perhaps, "Friend Jasper," the Chaparral philosopher, written by J. H. Briggs. The Herald hopes that this department, along with the Texas Parade, all be resurrected after Hitler and Tojo have been silenced.

Railroad executives admit they resorted to feel foolish advising the people, in ads, not to travel un-

necessarily over their lines. Such ads two years ago would have sounded childish in the extreme, but not just at this time. Of course railroads will make every effort to accommodate people in case of sickness and death, or urgent business, especially government business. We'll all have to admit that one slimy cur, a former paper-hanger, over in Europe, has turned the world upside down, for the present at least, and the sooner he is buried, the sooner the world can move back into its normal stride.

How was "Pa's Day" with you, Old Timer? Did the home folks make you feel that you were actually one of the necessary members of the family? We feel sure they did, and that you got some sox and shirts and ties and pajamas, and the kids made you feel that they really appreciate Pop. That's the way we felt about the matter, at least. Of course people will never make as big a to do over Father's Day as over Mother's Day. You can't expect it, and wouldn't like it if they did. But, we enjoy Dad's Day.

John Price, of the County-Wide News, Littlefield, came back with a "piece" last week, stating that the shemal mocking birds of the Littlefield area sing like primadonnas, and the old he mocking birds had nothing on the mother birds in carrying a tune. He admitted, however, that his fine journal moved the food conference from Hot Springs, Va., to Hot Springs, Ark., and that he got no co-operation from either the linotype operator or the proof reader when the mistake occurred. Just now, John is having a bit of trouble with a he squirrel, "he knows she's a he," that has taken up, since a recent storm, at John's abode, and he says that the squirrel is evidently looking for nuts, and has advised the little bush-tailed animal to cubby up in Chas. A. Guy's cubby hole at Lubbock, intimating that Chas. writes a lot more nutty stuff than John A. By the way, John advises the Old He to start a Kolumn, and get rich, prominent and up-to-date like he and Chas. We have always been afraid we'd run out of soap the second week, John. So, we'll just have to remain as is.

Some one remarked recently that Scanning was started unusually early in Terry county this year. Many have put up almost enough vegetables, peas and beans to run them and these vegetables didn't come from frame gardens, which for the most part are small and only intended as a daily supply to the table of the owner. This canning is coming from the back yards and vacant lots of the town, and with a reasonable amount of rain from now on, will go a long way toward supplying daily rations to tables throughout the coming year.

The old-time habit of American people of buying what they wanted at one dollar down and a dollar a week the rest of their lives, seems to have faded out to a great extent since cars, refrigerators and other heavy goods have been taken from the market. Reports are that installment payments have been reduced since 1941 from 9 1/2 to 5 billion dollars, a reduction of 4 1/2 billion dollars.

Hog Raisers Having Their Own Troubles

Some concern is being felt by our many hog raisers over their feeding projects. The complaint is that price of feed is so high they cannot come out even on 14-cent hogs. Terry county, because of its successful production of corn and feed stuffs has for many years been producing much pork and meats and quite a number of patriotic citizens have indulged in the feeding projects as well as most farmers have increased their stocks. With such abundance of meat in the making, so direly needed, it is hoped some workable solution will be fitted in soon.

Mr. and Mrs. James Warren, and the Ted Hardys and son, spent last week visiting relatives at Calrsbad and vacationing in Ruidosia.

Had two Yoakumite Editors on hand at one time last Saturday; Editor Watson of the Denver City Press, and Editor Hale of the Yoakum County Review, Plains. Both are fine, congenial newspaper folks, and we are always glad to have them call. While the writer and Editor Hale don't always agree editorially, that is no reason why we should not be good friends and respect each other.

Mrs. Curley Edwards and Jon-elda returned Monday night from a week's visit in Little Rock and Oklahoma City. They visited Inez Chandler and Shirley bond while in Oklahoma City.

Mr. and Mrs. Glen Webber, Mr. and Mrs. G. S. Webber and Katherine Jane Akers of Hereford, were in Dallas over the week end.

Mr. and Mrs. Gene Gunn and children, Mr. and Mrs. Terry Redford, and Mr. and Mrs. Jack Stricklin enjoyed a picnic lunch in McKenzie Park Sunday evening.

Mr. and Mrs. Ed Summers, chief engineer of the West Texas Cotton Oil Co., spent the week end at his farm near Plainview.

COVERED DISH LUNCHEON AT MRS. SWINDLE'S

The Ruth Sunday School Class, of the Baptist Church, held a covered dish luncheon at the home of Mrs. R. S. Swindle, Wednesday noon, with Mrs. R. D. Shewmake as co-hostess.

PRESBYTERIAN WOMEN ENJOY SOCIAL

A social hour was enjoyed by the members of the Presbyterian Women's Service Guild in the home of Mrs. W. B. Brown, with Mrs. Fred Walker as co-hostess.

After a pleasant hour of conversation, lemonade, openfaced sandwiches and cake were served to Mesdames Melver, Weir, Bechtel, Chapman, Martin, Carpenter and the hostesses.

W. M. U.

The Women's Missionary Union of the Baptist church, met at the church Monday afternoon for their Mission study program.

CHICKEN FRY FOR GLEN WEBBER

Mr. and Mrs. Jack Bailey, Mr. and Mrs. Ralph Bailey, of Tahoka, and Mr. and Mrs. Clyde Bond, were hosts Tuesday night to a chicken fry for Glen Webber, who left Thursday for military service.

Guests were Mrs. Ike Bailey, Mr. and Mrs. C. S. Tarpley of Amarillo, Mrs. J. B. Huckabee, Mr. and Mrs. Ray Christopher and the honoree and his wife.

Mrs. Sam Kirschner, buyer for the Brownfield Bargain Center, has just returned from the large dry goods markets in the east where she purchased extensively for the store.

ASSOCIATIONAL SUNDAY SCHOOL RALLY

The Baptist Church of Brownfield was host Tuesday night to members of the Associational Sunday school organization. The meeting Tuesday night was for the purpose of organizing.

Conferences were held in each department of the Sunday School, after which followed an informal social hour which brought the meeting to a close.

MRS. HOUSE LEADER AT METHODIST MEETING

The Methodist Women's Society of Christian Service, met at the church Monday afternoon with Mrs. M. T. House as leader.

Members present were Mesdames Williams, Downing, Glen Harris, Carpenter, Henson, Webber, Longbrake, House and Hanks.

DELTA HAND CLUB MEETS WITH MRS. HAHN

Members of the Delta Hand club enjoyed several games of bridge in the home of Mrs. Byrl Hahn, Friday afternoon. At the conclusion of the games, Mrs. Joe Shelton received a bottle of cologne for high score and Mrs. Alfred Mangum received the same for second high score.

Grace Tarpley is spending a few days with her sister, Mrs. W. E. Gore, in Lubbock this week.

MRS. RICHARD KENDRICK ENTERTAINED WHILE ON VISIT

Mrs. Spencer Kendrick entertained Monday night in her home with a dinner for Mrs. Richard Kendrick, who is here from Waco, visiting for a few days.

Guests were: Mesdames Everett Latham, Clovis Kendrick, Orb Stice and J. T. Bowman, and Mrs. John Hasington and Mrs. Charles Hadfield of Waco, guests of Mrs. Richard Kendrick.

Tuesday night Mrs. Orb Stice gave a picnic on her lawn for Mrs. Kendrick. Members of the Kendrick families were present.

BETTY JEAN HOLMES GIVES SLUMBER PARTY

Several friends of Betty Jean Holmes enjoyed a picnic supper and slumber party Tuesday night. The girls hiked out to the old golf course for a fried chicken supper, after which they returned to Betty Jean's and made beds on the lawn.

Those enjoying the affair were Frances Weir, Judy Griffin, Eleanor Miller, Dolores Gillham, Billy Faye Finney, and Vela Mae Dumas.

PLEASURE CLUB

Mrs. Ruth Huckabee was hostess to the Pleasure Bridge Club, at the home of Mrs. M. G. Tarpley, Wednesday night. At the conclusion of the games, prizes were given to those having high and second highest scores.

A refreshment plate was served to Mesdames E. L. Sturges, John L. Cruce, Jack Hamilton, Jack McLaughlin, Joe Shelton, J. T. Bowman, C. C. Primm, Mike Barrett, Evert Latham, and the Misses Sue and Gertrude Jones.

FRIENDSHIP DANCE

Messrs. Raymond Johnson and Welden Jarrett were hosts to many of the younger set of Brownfield Friday night, when they entertained with a dance at the Legion Hall. It was called a Friendship Dance, and was for several of the boys who left last week and this week for military service.

About twenty couples enjoyed dancing to the newest tunes.

LOIS JUNE FOSTER CELEBRATES 12TH BIRTHDAY

Lois June Foster celebrated her 12th birthday with a party at the home of her grandmother, Mrs. W. B. Brown, Thursday evening of last week. Games of Bingo were played for amusement throughout the afternoon.

Mr. O. L. Walton, of Brownfield, is a medical patient.

MRS. DENNIS GIVEN FAREWELL SHOWER

Instead of their regular missionary meeting, the women of the Christian church met at the home of Mrs. Dennis Monday afternoon and enjoyed a social hour.

Rev. Dennis, pastor of the Christian church left today for San Diego, Cal., to attend a religious camp.

MARRIAGE LICENSES

Marriage licenses were issued to Miss Marie Snelson and Gus Blair, of Levelland, June the 17th, and to Miss Joyce Pyron and Jessie Denver Davis, of Tahoka on the 17th.

Wiley Bridges dropped in Tuesday just to jaw us awhile, and had a new hoe, which he will try to persuade some one to use around the premises.

STARS KEEP TROOPS' SPIRITS HIGH

Over 75 star personalities of the entertainment field helped to make March of Time's "Show-Business At War" film which shows what the amusement industry is doing to keep our boys happy.

Hospital Notes

Mr. Melvin Chancellor, of Brownfield, had an appendectomy this week.

Miss Ava Huffman, of Seagraves, is a medical patient.

Mr. W. B. Rackley of Loop, had an appendectomy.

Mrs. Noah Lemly, of Ft. Stockton, is a surgical patient.

Mrs. Ellis Swat, of Seminole, is a medical patient.

Mr. O. L. Walton, of Brownfield, is a medical patient.

Mrs. Elmer Hall, of Jayton, and Mr. J. J. Sweetel of Tatum, are surgical patients.

Wilma Dyke of Seminole and Mr. E. G. Elrod, of Seagraves, are medical patients.

Mr. and Mrs. Buddy Norris, of Brownfield, have a baby girl, born the 19th, and weighing 9 lbs. and 2oz.

Mr. and Mrs. J. C. Baggett, of Brownfield, have a baby girl, born the 19th and weighing 7 lbs. and 8 oz.

Mrs. Slim Schellinger and Miss Evelyn White are spending this week in Amarillo, the guests of Mrs. Elmo Carver and Mrs. Tobie Rentfro.

The Santa Fe railroad moved 36,953 cars last week compared to 35,083 for the same week of 1942.

Mrs. Tom May underwent an operation on her eye in the Lubbock General Hospital Monday of last week.

Mrs. C. L. Green was called to Bowie, Wednesday, due to the death of her stepmother.

Mr. and Mrs. McDonald from Lamesa visited Mrs. McDonald's parents over the weekend.

Walter Breedlove presented her beginners, first and second grade piano pupils at the home, South 2nd and Tate, Tuesday evening, June 15th. Those taking part in the program follows:

Evelyn Bynum, Larry Thompson, Doris Moore, Frances Bynum, Bettye Jean Baker, Jane Breedlove and guests singers, Jane and Ann Griggs. After the recital, Mrs. Breedlove, Mrs. Ruth Griggs and Mrs. Lorene Baker served cold drinks and cookies to pupils and their guests.

The older group will have their recital Sept. 1.

Mrs. Walter Breedlove presented her beginners, first and second grade piano pupils at the home, South 2nd and Tate, Tuesday evening, June 15th.

Presenters pupils in recital

CHISHOLM HARDWARE

Temporray Pastures For Dairy Cows

College Station — Dairy men should exert every effort to provide temporary pastures for their milk cows.

According to E. R. Eudaly, dairyman for the A. and M. College Extension Service, cows on pasture save the labor and expense of harvesting, hauling and grinding of feed crops. The dairyman has little responsibility beyond taking the milk twice daily. Meanwhile, permanent pastures should not be neglected, notwithstanding that over most of the state they cannot be depended upon to furnish good green grazing for more than three months out of the year. Accordingly, temporary pastures should be provided to supply this grazing when permanent pastures fail from drought or cold.

Crops most universally used for temporary pasture are sudan and Johnson grasses for late spring, summer and early fall, and oats, barley or wheat for late fall winter and early spring. There still is time to plant sudan . . . and it may even be planted on stubble land after oats barley or wheat has been harvested. Moisture, of course, is a governing factor. A dry summer means no pasture. "Regardless," says Eudaly, "if we don't sow we cannot reap."

Good pasture should enable a cow to get her fill within two hours. The grass should be young and green because it is higher in

protein, minerals and vitamins than mature grass. Such pasture will pay a good dairyman more net profit per acre than any other crop he can grow, Eudaly declares. Good pasture should support one cow per acre, which means that it is worth from \$9 to \$12 an acre monthly. Sudan grass usually can be depended upon to furnish good grazing for three months out of 12, if properly managed. This means that a sudan pasture is worth from \$27 to \$36 an acre for the season. And since the cow does the harvesting most of the income is net. Mowed sudan can be conserved as hay or silage. Oats, barley and wheat pasture will pay as much per acre as sudan.

GUILTY!

The prisoner was on trial for stealing ducks. His counsel addressed the jury at length, pointing out that it had not been proved conclusively that the prosecutor had lost any ducks; and the ducks found in the prisoner's cottage were not those of the prosecutor; that the prisoner had established, the prisoner interposed and lished an absolute alibi.

Just as the judge began to sum up asked if he might say something. As an indulgence, this was permitted. "All I want to say, gentlemen," he remarked, "is that I wish I'd never seen those birds."

This will be a happier century for the common man if it is also the century of the uncommon individual.—Fortune Magazine.

Photo Took Back In The Gay Nineties

A copy of the El Paso Times under date of May 22, came to hand a few days ago, and in that copy was a fairly good "mugging" of Tom May, that must have been "took" back in the gay nineties, or slightly thereafter. Anyway, it showed Tom as a gay young blade, holding a very stiff upperlip. However, the first time we ever knew Tom when he worked for the Western Windmill company, at Lubbock, some 30 odd years ago, he was very much like the picture.

Accompanying the picture was a sketch of Tom, and his hard work for the promotion of Masonry, which we are herewith copying.

Another colorful figure who will be here for the reunion is W Tom May of Brownfield. He expects to arrive with 25 candidates.

Mr. May took his Scottish Rite degrees here in October, 1926. Since that time he has missed only two of the 26 reunions. Not only that, but during all this time Mr May has brought more than 100 candidates from his territory for the Scottish Rite degrees and in each instance he paid all their transportation expenses.

In 1935, Mr. May received the degree of Knight Commander of the Court of Honor. In 1941, he became a 33rd degree Mason, the highest Masonic honor that can be bestowed.

Mr. May served for a number of years as a member of Brownfield City Council. He heads the Brownfield Draft Board.

Mr. May owns and supervises 25 farms. He specializes in raising cattle feed to help in the production of beef for the fighting forces, His son, Lt. Murphy May, is a pilot in the Ferry Bomber Command.

Mr. May's favorite sport is game fishing."

THE LOW DOWN FROM HICKORY GROVE

You know, things can kinda slip up on you unbeknownst to you, and the first thing you know you

JOE SERRA

get some neuritis in your elbow And if you look back and scratch your dome you will maybe recall a session with a bad molar that you neglected. That is the reason your rheumatism or whatever it is was able to sneak up on you.

"Alright," says Henry, "if you are trying to work up to something, what is it?" It is this way, I says, we are neglecting our thinking and letting somebody else do it for us—while we tune in and just listen.

We do not need ears as big as palm leaves to hear everything, so maybe you did not hear the latest advice just given the farmers, telling them that for the best results, a cow, in the summer-time, should have plenty of green grass and cool water. Yep—that is what the dispatch said. Imagine the farmers and their wives, and how excited they must be, getting this news. Grass and water for a cow—it is wonderful news.

If we keep listening and doing nothing about it, the kind of Govt. slipping up on us is gonna make our arthrititis look like two-bits.

Yours with the low down, —Jo Serra

SERVILITY

Rushing from car to building, Mussolini carefully opened an umbrella and held it over his head. A visitor to Rome, eager to see the dictator, was disappointed when the umbrella obstructed his view. Quickly he glanced at the cloudless sky, then back to the Duce, and said: "How come the umbrella? It isn't raining."

The bulldog jaw and the bald head shot from under the umbrella, "But it's raining in Berlin," he replied.

Through advertising let's give the masses a vision of cheerful and brighter things ahead. Let's tell them the sun is going to shine again.—Nation's Business.

It is the human element, more than anything else, that makes a business move forward. — Good Business.

Compress Negroes Defeated in 2 Games

E. O. McIver, superintendent of the Brownfield Compress and Warehouse, carried his team to Littlefield on Juneteenth (last Saturday) where they met two of the toughest teams of blacks in this area. But the score, while going to the two other teams, does not show that the Brownfield aggregation lacked playing ability. Both games were close.

In the first game, Plainview took the big end of the score, 4 to 3, a very close and interesting game. Littlefield downed the locals by 7 to 3.

Mack is not satisfied, however, and other games may be scheduled for the future, and the big end of the scoring may rest on his men.

It has taken the war to teach us that the greatest need of every country is for more honest, free-spirited, kindly, efficient men.—Efficiency Magazine, London

TROUBLE BREWING

The officer of the day entered the guard-room and found it empty except for a private who, stripped to his shirt and trousers, was lounging on a chair and smoking a pipe.

"Where's the sergeant of the guard?" demanded the officer, angrily.

"Gone across to the sergeant's mess to have a drink, sir," replied the private.

"And the sentries?"

"In the canteen, sir."

"Then, confound it, what are you doing here?"

"Me, sir?" was the reply. "I'm the prisoner."

Securing Labor a Major Problem

The securing of farm labor is one of the major food production problems which is being given a lot of thought by farmers and our War Production chiefs alike these days. To plant, care for, harvest and process the crops needed by our armed forces, our allies, and our civilian population is agriculture's main war task.

Farmers have lost many of their workers to the Armed forces and to war industries, yet they face

GEARED FOR VICTORY

record food production requirements. Migratory workers who always have helped in farm work at peak seasons are in many cases no longer available. The are engaged in other war work or cannot move from area to area because of transportation difficulties. Deferment of farm workers is checking additional losses, but according to the U. S. Department of Agriculture farmers at the peak season this year will require three and one half million workers in addition to those already on the farms.

Many vital crops were saved last year by workers who took "time out" from their regular jobs or who worked "double hours" tending regular jobs at certain hours and working late at night on neighboring farms. High school students, housewives, business men and professional workers all helped. Such unselfish patriotic community effort is needed everywhere. Complete local mobilization of townspeople volunteering for emergency periods of heavy farm work will be necessary in thousands of communities. This

movement will supplement what can be done to bring in migratory workers for coping with peak season labor needs.

Everyone who is physically able and who can spare a few hours from their regular jobs or occupations whatever they may be will soon be invited to join the U. S. Crop Corps of voluntary workers to help with the peak season requirements of crops in our county. Headquarters for registration for the U. S. Crop Corps will be in the County Agent's office in the basement of the Postoffice.

Cotton chopping season is just around the corner, and even though much of our cotton will be late the probability is that much of the crop will need chopping according to A. L. Hartzog, County Agent, and those who for any reason may not plan to take vacations may welcome the opportunity to find employment at customary pay. And at the same time they may render a service of inestimable value in helping produce our food and clothing crops for another year of total war.

NO RED TAPE TO GET YOUR TIRES RECAPPED

DON'T SCRAP ANY TIRE UNTIL WE'VE CHECKED IT

How many miles your tires give depends on you . . . tires that seem broken down and fit only for the scrap pile can be expertly patched to give miles more use! We also vulcanize rips and holes in tubes.

Not that the rubber situation is any better—but you no longer need ration certification for tire recapping because the Government has determined that right now it's best for you to come direct to us because we can tell you WHEN AND HOW to recap. That way we help you save your tire rubber; and there's NO RED TAPE. You know, recapping must be done BEFORE your tires wear too thin—otherwise the whole tire is wasted. Please come in here regularly, and we'll help you get the most miles out of your tires.

YOU CONTRIBUTE TO THE WINNING OF THE WAR BY RECAPPING YOUR TIRES

DON'T BE BLIND TO THESE TIRE FACTS

The tire situation in Terry County is serious! The County quota will not take care of the demand for tires for cars that are down. It's up to you to have your tires recapped as soon as needed. Do this to avoid a transportation crisis.

STAR TIRE STORE

L. E. McCLISH ARLE LOWRIMORE

UNCLE SAM SAYS: "REPAIR - Save Leather For Our SOLDIERS!"

Now more than ever . . . shoe repair is IMPORTANT. When you have your shoes repaired you automatically conserve precious war-needed materials. Walking is patriotic—so bring us your shoe repair work—it's the thrifty thing to do.

LOYD'S SHOE SHOP

Deliver us from evil

BUY WAR BONDS

Figure It Out Yourself. How can you effectively join in saving all the little children of the world from human slavery, death and injury from the Nazis and Japanese? Put more and more of your pay into war bonds every payday. Your savings will go to war in the form of war equipment and other munitions. How much more should you put into war bonds? The only ones who can answer that are—you and your family. It's up to you to decide just how much more you'll do to win the war.

If you were fighting in the Solomons or in Africa or forcing a landing in Europe you'd like to feel that the folks at home were back of you—all the way—you'd be proud of your family and your friends if you knew they were buying war bonds not at 10 per cent or 15 per cent, but with every cent beyond that which they need for necessities.

U. S. Treasury Department

NOTICE

HOMER WINSTON and JACK HAMILTON HAVE PURCHASED U. S. TIRE AGENCY

We are proud to announce to our friends and customers that we have purchased the U. S. Tire agency in Brownfield and have moved our stock of ties, tubes, vulcanizing and Tire repairing equipment to the building formerly occupied by the Safety Tire Shop on West Main.

With the addition of U. S. Tires to our stock we'll be in a better position to supply you with your tire and tube needs. WE ARE EQUIPPED TO VULCANIZE ALL SIZES OF TRACTOR, TRUCK and PASSENGER TIRES. WE ALSO FIX FLATS OF ALL KINDS

● Supreme in Circulation

Mrs. U. D. Sawyer and Ruby Black, of Caprock, N. M., were in Brownfield over the weekend visiting Mrs. M. E. Lewis and Mrs. M. B. Sawyer.

Mr. and Mrs. Raymond Sims and Mary, visited their son and brother, Harold, in Midland Saturday. He is training there.

LABOR-SAVING HINTS FOR FARMERS

Schenectady, N. Y.—Hints of how the farm labor shortage problem may be attacked "by using the labor you have as efficiently as possible" were given by J. E. Carrigan, dean of the College of Agriculture at the University of Vermont, Burlington, in a General Electric Farm Forum address here.

Here are some suggestions Dean Carrigan has for farmers:

Watch your neighbors. Each one of your neighbors is probably doing something more efficiently than you.

Plan ahead, figuring how to get things done before necessity compels them to be done.

Have important things to do, ready and waiting for the next rainy day.

Keep needed machinery and equipment in repair.

Borrow and lend to neighbors. Exchange not only tools and machinery, but exchange work also.

Use tractors and other power equipment on a constant basis.

Use make-shift machinery, such as "doodle bug" tractors, made from old cars.

Arrange barns and use labor-saving devices to cut the time of doing chores and other work.

Messrs. Dick McDuffie, Lee O. Allen and O. L. Peterman spent from Thursday to Sunday of last week at Red Bluff fishing. Quite a few fish were caught.

Cyde Burelson from Lubbock was in Brownfield Monday on business.

Irving Nelson left Tuesday for Arkansas, where he will spend several weeks visiting his grandmother.

Utopia is a long way off and you and I will never see it, but if we are smart enough to carry out what is envisaged under the Four Freedoms we will find material rewards as well as social advancement. We can help ourselves by helping others. — Sales Management.

Mr. and Mrs. R. L. Walker of Seagraves were up this week looking for a house as they intend to make Brownfield their home. Mr. Walker is one of the owners of the Tri-County Clay Co. The offices will be moved from Seagraves to Brownfield.

Archie Karr is here visiting his mother before enlisting in the Navy.

Mr. and Mrs. Paul McDaniel are in Dallas this week visiting relatives.

COPELAND HARDWARE

Army, Navy Needs Construction Men

"The Army, The Navy, and the Air Forces will have to build before they can fight," Lt. Haglin, local United States Army recruiting representative declared today.

"In modern warfare there's a terrific job of construction to be done, more perhaps before and during an attack in one sector than a peacetime city would require in a year," Lt. Haglin said. "Soldiers move up to the front, fast, in trucks, and trucks need roads. Airplanes have to have ground bases, landing strips, hangars. The big guns need emplacements, camouflage. Seaports captured from the enemy must be made useable after they have taken all the punishment our artillery and bombing planes can give them; and the scuttling and laying of mines the enemy does as he retreats must be counterbalanced. Bridges have to be built across canyons and rivers, tunnels bored through mountains, railroads built through deserts or jungles—all this building has to be done so that we can carry the attack to the enemy!"

"The men who build and fight for the Army are the construction workers in the Army Corps of Engineers. They are working now on every fighting front, right in the face of the enemy, their guns within reach; ready to drop their tools and fight at a moment's notice. Construction engineering is a tough wartime job, calling for tough, skilled, fighting men to build and fight for freedom now."

"Men between the ages of 33 and 50, inclusive, can enlist for active duty with the Army Engineers. Here is a partial list of specialists the Corps of Engineers needs now:

Electricians, pipefitters and plumbers, bulldozer operators, blacksmiths, welders, draftsmen, powdermen, riggers, carpenters, concrete workers, engine operators, crane operators, drillers, sheetmetal workers, mechanics, steel workers and other construction trades.

"For further information, call at your Armed Forces Induction Station at Lubbock. If you are a construction worker, the Engineers will have a place for you to use your tools and skill. There's still lots of building and fighting to be done."

Lt. Haglin will be in Brownfield on June 30 at the local draft board headquarters in the Court House and will be glad to see all those interested.

AXIS PROPAGANDA BLAMED FOR WAAC REPORTS

At a press conference in Washington last week Mrs. Franklin Roosevelt charged that rumors of immorality among WAACS were Nazi propaganda.

These same types of propaganda, she said, were circulated when England, Canada and other countries called women into the armed forces. "Do you suppose we'll ever get over believing Nazi propaganda?" she asked. "We still fall for it like children!"

Mrs. Roosevelt said she believed that women in all the armed services should be allowed to serve overseas. The Navy, Marine and Coast Guard reservists are now confined to this country, WAAC's being the only ones allowed service "over there." This, however, is completely up to the WAAC herself: she may ask for foreign duty, or she may reject it.

Mr. and Mrs. Guy Stark, old settlers of Gaines county, but who have lived in Lubbock the past several years, celebrated their Golden Wedding anniversary Sunday, the 13th. Among those attending were Mr. and Mrs. Terry Stark, of this city.

If every man, woman and child in the United States lays aside \$100 the aggregate will be about \$13,000,000,000 or the amount the Treasury must raise in its Second War Loan.

You can buy \$1200 worth of material for Farm unit per year.

Connally Explains Anti-Strike Bill

Washington, D. C.—The Connally Anti-Strike bill has passed the Senate and House and is before the President.

The principal object of the bill is to keep war plants producing.

On June 12, 1941, I offered an amendment in the Senate which provided for taking over by the President and the cooperation by the government, of plants engaged in producing national defense articles wherever such production was impeded or hindered by strikes or labor disputes. That amendment was adopted by the Senate by a record vote of 67 to 7. However it failed of adoption in the House of Representatives.

The bill was later modified and improved. The bill approaches the issue from the national viewpoint, from the war needs, from the dire necessity of keeping the plants going and to keep production moving to our heroic men on the far-flung battlefronts of the war. The main provision of the bill are: (1). It prohibits any strikes in a government operated plant, or plant seized by the government, under penalty of imprisonment and fine. (2). It provides for 30 day notice of a labor disturbance in a private war plant and a secret ballot. (3). If strikes then occur, the Government can take over and penalties will operate against any further strikes. (4). It gives the War Labor Board power of subpoena and clear statutory powers. (5). It is no offense for any individual to quit work in any sized or Government operated plant, but penalties are provided for inducement or conspiracy with others to interfere with the continuous operation of a Government-operated war plant. (6). It authorized the President specifically to take over strike-bound plants.

No citizen of the Republic is above a sacred duty to his country and to his fellow citizens in this time of emergency. The war must go on until victory is achieved. Plants and mines must go on and must get the goods to the armies if we are to crush the enemy. The bill is a champion of the national need of keeping the stream of weapons, equipment, and munitions going to the battlefields where our flag is flying and our boys are battling for the victory that shall not be long delayed.

Trying to Eliminate Bangs Disease

A Voluntary Bangs Testing Program by dairymen and farmers is now underway in Terry County. This program is aimed at eventual eradication of Bangs disease from our dairy cattle.

Bruceellosis of cattle, commonly known as Bangs disease, is the source of undulant fever infection in human beings. The disease in cattle can only be diagnosed by blood tests. Infected animals in a herd often carry the disease for several years, causing losses of calves and other troubles likely to cost the producer a great deal of the profit ordinarily to be had from dairy farming.

Farmers desiring to have their cows tested cooperatively may have this done by making application at the County Agents office, according to A. L. Hartzog, County Agent, who says that the services of a licensed veterinarian have been obtained for this purpose at the nominal cost to the owner of only \$1.00 per head.

Farmers will be notified of the "test days" when groups of fifty or more cows have been signed up by their owners.

Mr. and Mrs. Rainey Tark, of Tahoka, spent the day with Mr. and Mrs. Jessie Cox, Monday.

Jean Knight is visiting her friend, June Fry, in Alpine this week.

Mrs. Estelle Brown and daughter, Juanita, have gone to Lubbock for a few days.

SPeAKING OF BEEFSTeAKS
An old-timer said to me yesterday, "Why, I can remember when wild pigeons were plentiful." Another old-timer, passing along, stopped, looked at us a second, and thundered: "So were beefsteaks," and went moseying down the sidewalk.
Speaking of beefsteaks, a local butcher has turned poet and springs this one:
If you'd butcher hand in mine
and liver round me every day,
We'd meat life's cares with life's caress
And clever way to happiness.—
O'Donnell Index-Press.

THE FIDDLER'S BILL
Anti-inflation palliatives are doomed to failure unless quickly followed by effective measures to control the causes of inflation. The cause of inflation is directly traceable in a large measure to Federal financing policies. As long as tax favoritism and wage favoritism toward great masses of voters prevail, and as long as those favored fail to invest a large share of their record wages in war bonds, no power on earth can stop inflation.

"One little wisecrack about globaloney is worth more in the news than a fight for principal." — Garret Garrett.

Dorothy Blanton has returned from visiting her parents in Gainsville.

POOL

Rev. H. D. Savage preached Sunday and Sunday night. Rev. Seago is the new pastor of the Methodist church. The other pastor left to take up Defense work in California.

Rev. and Mrs. Seago and son visited several families Sunday afternoon.

Mr. and Mrs. P. T. Redding and family, Mrs. Thelma Redding of Meadow, and Miss Edna Redding of Lubbock, are visiting Mr. and Mrs. Otis Aldridge and son in Parker county this week. Mrs. Aldridge is the daughter of Mr. and Mrs. Redding.

Mr. and Mrs. G. G. Hunter and family of Lubbock spent Sunday visiting Mr. and Mrs. Joe E. Moore and family. Mrs. Hunter is the daughter of Mr. and Mrs. Moore.

L. J. Coker of Fort Sumner, N. M., spent the weekend with Hol-lard Redding.

Pvt. and Mrs. Charles H. Brit-ton, of Wichita Falls, spent the weekend with Mrs. Britton's par-ents, Mr. and Mrs. J. J. Gunter.

Mrs. L. D. Chambiss and Mary Lou Arnett, of Brownfield, also spent the weekend in the Gunter home.

Mr. and Mrs. H. H. Dunn and family visited Mrs. Dunn's par-ents, Mr. and Mrs. Dave Jackson, of Lamesa, over the weekend. Jaunita and Billie Dunn returned home after spending several days with their grandparents.

Mr. and Mrs. Grady Grissom visited Mr. and Mrs. J. L. Gris-som of the Pool store.

Miss Effie Moore is visiting relatives in Lubbock this week.

Miss Leola Trussell of Lub-bock spent the weekend with her parents, Mr. and Mrs. J. M. Trus-sell.

Mr. and Mrs. Arnold Waters are visiting Mrs. Waters' parents, Mr. and Mrs. W. C. Aldridge, in

Parker county. Miss Nettie Jean Newsom spent a few days in Fort Worth on business.

DIES AIN'T DEAD

You have probably been dis-gusted with so much talk about the Dies Investigating Committee and such little results. Well sir, the old boy and his crew have moved into virgin territory right now. They are investigating the Jap concentration camps. They have already given out enough in-forma tion to the newspapers to make an honest citizen blush with shame and bite himself with in-dignation. And it has just started. Now is the time for the Dies bunch to startle America with facts. More mention will be made in this col-umn as time goes on. — Echange.

Mr. and Mrs. Ralph Ferguson spent the day in Lubbock Sun-day.

Many a person who did not need shoes joined the mobs pur-chasing shoes before their No. 17 stamp in ration book No. 1 be-came invalid. They just couldn't bear to see the stamp die a nat-ural death, as this might leave an extra pair of shoes for some-one who really needed them. It's a selfish streak that is difficult to break—war or no war. — Big Spring News.

Mr. Homer Winston and son, Johnny, Mr. C. E. Ross and son, Mack, Mr. Ned Self and son, Ed-gar, Mr. Evert Latham and Mr. Leo Holmes, left Sunday after-noon for Buchanan Lake for a week's fishing. They will re-tur-n Friday.

Miss Evelyn Weldon of Mineral Wells, left this week for her home after visiting her aunt, Mrs. J. H. Howell and her sister, Mrs. Wesley Hinkle.

LOVE IN A JEEP

You may have petted in a Pack-ard, Made love in a Model A, Kissed in a classy Chrysler Or by chance in a Chevrolet.

You may have held hands in a Hudson In a Plymouth pitched a little woo, But a double date in a GI jeep Is really something to do.

Two and two in a half pint car, Four almost in the same seat. With the steering wheel in your stomach, And the pedals mixed with your feet.

Then, when for a couple of kisses, You've got your heart in a whirl You'll find you've reached over an inch too far And kissed the other guy's girl.

TO: Every American on a Payroll FROM: The Secretary of the Treasury

SUBJECT: The New Pay-As-You-Go Method of Collecting Your Income Tax

Starting July 1st, both your Income and Victory Tax will be col-lected by an entirely new and more convenient method.

Under the old system, you were obliged every March 15th to pay either the full tax for the previous year, or a quarter of that amount. Under the new system, you will keep paid up from month to month.

After July 1st, your employer is obliged by the new law to with-hold every month a part of your wages and turn the money into the United States Treasury as payment on your Income and Victory Tax.

Of course, the amount that your employer withholds will depend upon your pay and your exemptions. But this is the important point: For most of us, the amount withheld over a year's period will add up to the same that we're paying now—plus or minus a few dollars.

At the end of the year, we may owe the Government a few dollars or the Government may owe us. (See the tables below.)

You may have heard 20% mentioned as the proportion of your wages that will be withheld. Actually, this is incorrect. To figure the amount that will be withheld, take your total wages and subtract your allowance for exemptions and allowance for dependents; 20% of this lesser amount is the total that will be withheld.

Now please remember this: You must claim those exemptions to take advantage of them. Before July 1st, you must file with your employer an Exemption Certificate. If you do not do this, your employer will have no choice but to deduct 20% of your full pay check.

Here is how the new tax collection method will work: Let's say you are a working man earning \$3,000 a year; that you are married, and have two children.

First of all, as a married man you are allowed a personal with-holding exemption of \$1,248, plus an exemption of \$312 for each dependent (other than your wife). This makes a total exemption of \$1,872 (\$1,248 for yourself and wife, plus \$624 for your two

dependents), which is deducted from the \$3,000 you earn before your tax is computed. You are thus paying tax on \$1,128, of which your employer will withhold 20%, or \$225.60 for the year. There-fore, in your pay envelope, after July 1, you will receive about \$4.40 less each week.

In March, 1944, when you ordinarily would be faced with paying taxes on your 1943 income, you will file a return showing how much you have already paid, and how much your total tax actually amounted to. If, by that time, you have already paid more than your actual tax due, you will be given credit for the difference. If you owe more than you have paid, you will pay the difference.

Since this plan starts July 1, many wonder what happens to the tax payments they will already have made by that time—on March 15 and June 15.

For a great majority of people, here is what happens. . . . Your 1942 income tax is "forgiven" (either all, or most of it). The March and June installments which you originally paid on that 1942 income tax are credited, instead, as payments on your 1943 tax. With the result that on July 1st, with the year half gone, you have already paid tax on that half-year's income. In short, you are "paying as you go."

There is one thing more. Since this pay-as-you-go method leaves you just as much of your net income as you had before, you will probably find it possible to at least maintain your present rate of buying War Bonds. Do this by all means!

Taxes alone will not bring to the Treasury nearly enough money to finance the great invasion war that lies ahead. The war needs every cent of your money that does not go for the necessities of life.

Henry Morgenthau Jr.

AMOUNTS WITHHELD FROM WEEKLY WAGES FOR INCOME AND VICTORY TAX UNDER PAY-AS-YOU-GO

TABLE 1 SINGLE PERSON—NO DEPENDENTS

Table with 5 columns: Weekly wage, Amount to be withheld weekly, Withholding as a percent of wages, Annual total to be withheld, Annual total to be paid

THINK VICTORY Old Pioneer Passes At Lubbock Doctor Alexis Carrel, the famous surgeon and scientist, believes that mental telepathy some day will be scientifically proved and accepted. We radiate our mental attitudes. We tune-in on the mental wavelengths of others. Thoughts are contagious. Thoughts of fear and defeat spread like wildfire and lower morale. Thoughts of courage and victory lift up minds and spirits. "We conquer when we believe we can," wrote Emerson. "He has not learned the lesson of life who does not each day surmount a fear." Let us banish all thoughts of failure from our minds. In our contact with others let us express confidence, courage, loyalty, harmony. The victorious attitude will give wings to work. It will take the sting out of sacrifice. It will help us find happiness in hardship. It will give us the dynamic enthusiasm to hurdle obstacles. It will make us a triumphant people. The spirit of victory is a part of everyone of us because the last syllable of American is CAN! What has to be done can be done, and we are the ones who can do it! Graves and Parilee Nelson are visiting LeRoy Jennings in Abilene this week. Mrs. J. C. Gillham and Eleanor returned from Temple Wednesday of this week.

Safety Department Makes Annual Report

The Drivers License Division of the Department of Public Safety, Austin, has just submitted their Traffic Record, compiled by the accident record section for 1942. This report is interesting, and briefly we submit some of the things we find in this book for the benefit of Herald readers:

There are ten counties that had 20 deaths and over. Of course these are densely populated counties with large cities. Twenty-one counties had from 10 to 19 deaths; 47 had 5 to 9 deaths; 130 had 1 to 4 deaths. This group included Terry county with 2 deaths, all on highways. Forty-six counties had no deaths from highway traffic. Total for the state was 1316, mostly on the highways and country roads.

January was the high month of 1942 with 150 deaths; March had 130; Sept., 120. The low was 85 in October. There was 27 days in 1942 in which there were no deaths, but only 12 deathless days were recorded for 1941. Weekends are the most dangerous times. The percentages run, 20.3 on Saturdays; 21.1 on Sundays, and just after dark is the most fatal time of any day. However, the report shows that there are more fatal accidents between 5 and 6 a. m., according to number of vehicles on the roads than any other time.

No reason for this is given, but one might guess that drivers are sleepy and careless. Here is how the accidents happen, with percentages: 27.9 with pedestrians; 16.3 headons; 8.5 over on tangent; 15.2 over on curve; 5.8 hitting fixed objects; 2.9 rear end collision; 4.2 angle collision; 11.8 sideswipes; and 6.5 with trains.

Where most of the fatal accidents occur: Cities over 2500, 22.9 per cent; towns under 2500, 5.5 per cent; country roads, 15.5 per cent; designated highways, 56.1 per cent. Age of drivers that have the most accidents is from 25 to 44, which represents 51.4 per cent of the driving population, and this group drives much more mileage perhaps than any other age group.

The economic loss from such deaths and accidents in 1942 was estimated at 38 million dollars, but was 20 million dollars below the high fatal accident year of 1941. These figures may not be interesting to you, but they should be. **DRIVE CAREFULLY.**

4-H'ers All Out to Help Prevent Accidents, Fires on Farms

The foregoing is the battle cry of more than 1 1/2 million 4-H Club boys and girls throughout the nation who are "all out" to make rural America safety conscious for victory. Enrolled in the National 4-H Farm Safety Activity, they're impressing upon rural residents that accidents and fires—which exact staggering annual losses in lives, labor, livestock, and property on American farms—can be prevented. The 4-H'ers are pointing out that extreme vigilance should be exercised this year because hundreds of thousands of inexperienced helpers will work on farms.

Among their recommendations to prevent accidents and fires are to keep tools, when not being used, in racks . . . dangerous animals in secure pens . . . electrical and mechanical equipment in repair . . . to install fire-fighting equipment . . . establish fire lanes . . . mark containers of inflammable and explosive liquids. In short, they are impressing upon farm people the 4-H principle of the coordinated use of the Hands, Head and Heart for Health.

Outstanding records of achievement will receive honor awards provided by the Mennen Company, which include medals, special plaques, \$100 War Savings Bonds, and trips to the National 4-H Club Congress in Chicago. The activity is being conducted, along with other wartime projects of production and conservation, under the direction of the U. S. Department of Agriculture, State Agricultural Colleges and County Extension Agents. The last named will furnish full details.

Texas to Rank as Top Factor in Synthetics

DALLAS, June 24 — Texas, which for years has supplied three basic ingredients of manufactured rubber—cotton, carbon black and sulphur—this summer is coming into its own as the biggest single factor in the nation's huge war-born program for producing the main raw material itself—man-made rubber.

How the Lone Star state, whose matchless human and material resources have played key roles from the beginning of the war, would, in the next few months, assume leadership in "helping the country lick the toughest of all wartime supply problems, was explained to a meeting of Texas business and industrial leaders here today by James J. Newman, vice-president of the B. F. Goodrich company.

Government-financed plants for the production of a total of 255,000 tons annually—more than a third of the total "GRS" production scheduled under the national program—will be in production in this state, according to present estimates, within the next 90 days, Newman said.

What to Write Our Service Men

The Office of War Information offers these points for home folks writing to soldiers, sailors and marines — based on suggestions gathered in a survey among servicemen at home and overseas, in cooperation with the Special Service Division of the army service forces:

TELL HIM:

- How the family is doing everything possible to help win the war.
- How anxious the family is for the boys to return.
- How well and busy the family is. Give details.
- How the family is getting along financially.
- What's doing in the community, news about girls (single) he knows, doings of friends, who's marrying whom, exploits of the home town team, and other sports, social doings, effects of the war in the home town. Reminisce a little about past events and places he used to visit. Enclose clippings from the home town paper. Or better still, subscribe to the paper for him, which would more than likely give him more pleasure than anything you could do for the money.

DON'T TELL HIM:

- Your troubles. He has troubles of his own.
- Your complaints. He can't do anything about them.
- About things you are deprived of. He can't supply them.
- Doleful predictions about the future. He is fighting for that future—now.

Unnecessary details about financial troubles. If there are things he should know about family finances, and he is in position to do something about the situation, tell him, but do not string it out.
