AT LAST it has happened, and just about like we expected and wished. Gen. DeGaulle, the Frenchman with more thought of politics and just where he might sit at the head of his countrymen, more than he thought of the freedom of France, has been told just where to head in by Gen. Ike Eisenhower. The French in north Africa could hardly fight for having to listen to the gaul of DeGaulle.

AND WHILE we are about it, we might state that according to an ad carried in the dailies, a certain proprietary medicine that babies cried for, will soon be on the market again. They had trou-

ble a few months ago with their medicine making children a bit nauseated. Chemists found that on account of sugar rationing, and cutting down on the sugar content, caused the slight illness.

JUST WHAT IS an American? Let's get a bit of the low-down from two great statesmen, who made Page One at different times in the history of our country: Daniel Webster said: "I was born, an American, I live an American, I shall die an American." Theodore Roosevelt said: "There can be no 50-50 Americanism in this country. There is only room here only for those who are American and nothing else." Two thoughts

well to consider this Fourth of July.

WHEN newspaper carriers were on strike in New York in the early spring, readers found that even more frequent newscasts of radio stations did not take the place of the papers. They just didn't get the job done, and all that could do so, called at the newspaper offices for their papers. Radios just couldn't spare the time, nor the reader to listen, to go into details about battles, etc., and in five minutes most of the details given were forgotten. There is nothing that will take the place of the daily or weekly newspaper.

OFFICERS everywhere, even right here in the smaller towns of Texas, are concerned about the delinquencies of children in their teens. It is stated that in many places, the younger folks of both sexes have developed into hoodlums, wrecking property, and in many cases breaking into stores and other places. Some of these paces are not an hour's drive from Brownfield. Not only that, but according to officers in some places, whose reports have appeared in the local papers, virtue is held at a very low ebb among these young gangsters. We have heard no serious reports from Brownfield, but if they do come, stand by your law officers. In some places what may be termed mass meetings have been held about the matter.

This July 4th the drums of war roll out their battle cry again, and Freedom . . . the spirit of '76 is the undiminished spirit of '43! But it takes more than battle cries to win the war—and the peace . . . it takes the dollars you put into War Bonds and Stamps. Make this Independence Day another Bond Day in honor of the fighting sons of freedom on all the far flung battlefronts of the world. If you can't get in the Big Parade . . . Jet your dollars march!

J. E. Burton, court reporter, from Lamesa, was here for court Monday.

Mrs. Jake Gore has been visiting relatives in Decatur the past week. She left Thursday for Garden City, Kansas, where she will join her husband, who is in the Army Air Force stationed there.

Judge Garland, of Lamesa, was in town Monday.

Mr. and Mrs. Frank Sydoski and children spent the weekend in Ruidosa.

Little Kenneth Cary of Pampa is spending the summer in the J. O. Gillham home.

THE FBI Picked up another American (?) of German birth in New York last week, who had been giving information about sailings and troop movements to the enemy. And, so, those pictures you have been seeing of Nazis and Japs with BIG EARS stretched toward you, to listen in on careless conversation of service men and others, was not far fetched. That was the way he was getting his information. He had been trained for years in Germany as a spy. If he falls getting shot at sunrise, here in another new citizen for der fadderland after the war.

Miss Nell Turner of Ruston, La., is visiting her father, Dr. John R. Turner.

Gerald Pyeat is leaving this week for a two week's vacation with her aunt, Mrs. Travis Bynum and Mr. Bynum in Clifton, Ariz.

Mr. and Mrs. Delbert Swindle and little daughter, Martha Del of Artesia, New Mexico, Mrs. Steve Brock and daughter, Patricia of Clayton, New Mexico and Steve L. Brock, who received his commission as Ensign in the United States Naval Reserve from Columbia University, New York on June 16th, visited in the L. L. Brock home last week.

J. R. Davis of Rt. 3, was in on business Tuesday.

CARD OF THANKS

I wish to thank those who were so thoughtful in planting our crop while my husband was in the hospital.

Mrs. B. L. Walker.

DROP CAM SEARS A LINE, PLEASE

Had a card this week from our mutual friend, Cam Sears, who is in a clinic at Roswell, N. M., flat of his back, taking radionic treatments, and drinking goat milk.

He feels that this well help him soon. "Just the same," he says, "I would appreciate cards or letters from my friends at home." He's in Dr. Neeley's clinic.

Reagan Peeler, of Stanolin Oil company, has been transferred to Sundown.

STANOLIN MAN TRANSFERRED

Vance N. Sibley, assistant manager of the Stanolin Oil company production office here for the past three years, has been transferred to a like position at Odessa, effective July 1. He moved with his family to the latter city. Mr. and Mrs. Sibley had become well known in business and social circles here and their many friends regret the move.

W. H. Powell and wife, of Houston, and Mrs. Ellen Joyner, of Sweetwater, were here early this week visiting their sister, Mrs. Geo. W. Neill. They were accompanied by Mrs. Lillian Burnett, of Abilene, daughter of the Neills. This was Mr. Powell's first visit to the plains and he was favorably impressed with our sleepy nights and the absence of mosquitos.

Mr. and Mrs. R. L. Walker of Seagraves were guests in the Gene Gunn home Sunday.

The NAZI MONSTER must never still the Loud, Clear Bell of LIBERTY

We must cut the enemy to the ground, and make his gun—his bayonet—impotent! We know full well the destruction that follows in his path—the millions made homeless and alone; the millions more murdered as hostages; the ruins of sacred Churches, hospitals and schools where children might learn the truth! "It shall not happen here"—and it shall not happen anywhere again. That is why we fight now—that is the oath we take again on the occasion of this July 4th, 1943. And once the enemy exists no more—we will again ring out, loud and clear, the bell of Liberty!

THE SPIRIT OF

MARCHES ON

There was a need for unity in the hard-fought years of 1776 to 1789. There is a need for unity now. Just as then, every American is in service to his country: the man who serves on land or sea, in uniform; the man who keeps faith in business, the worker who produces the goods so vital to the successful fulfillment of our present task. Now, as then, the spirit of the people united marches on . . .

Good Neighbor Policy For Food

College Station—It's a custom in rural communities when a home is destroyed by fire or flood for neighbors to come to the assistance of the family, regardless of whether the folks are well-liked in the community. This same type of assistance must be given to starved and impoverished nations at the end of the war, whether they are on "our side" or lined up with the Axis, believes Jennie Camp, specialist in home production planning for the A. and M. College Extension Service.

In a recent talk to several hundred home demonstration club women Miss Camp pictured the near-starvation existence of people in Axis-held territories. In April, 1942, the Society of Friends reported that the French rations allowed by the Germans totaled 1116 calories per day. About 1250 calories per day are required for a man to exist over a protracted period, and 2500 to 3000 daily are required for a man to live at normal activity, she explains.

"Establishing an enlightened world policy with reference to food will mean that we will plan and produce the food needed for a good diet for everybody in the world," Miss Camp says. "If the United States is to overcome its dietary deficiencies, we will have to produce and consume 10 to 20 per cent more milk, 20 to 25 per cent more butter, 25 to 70 per cent more citrus and tomatoes, 100 per cent more green and yellow vegetables than were produced and consumed in the late 1930's."

She urged the club women to keep informed in the food situation and the need for increased production, to abide patriotically by the rationing programs, to continue their efforts toward maximum production and save all they produce, to support sound legislation affecting food, and to promote educational activities on the intelligent use of food.

Mrs. Jim Slavin of Austin is here visiting her parents, Mr. and Mrs. Flem McSpadden.

E. B. Burnett, Evansville, Ind., visited in the R. L. Pounds home over the weekend. Mrs. Burnett has been visiting for some time and returned home with her husband.

THIS is the Fourth of July: anniversary of the fulfillment of this nation's independence. This nation, dedicated from its first cry of life to liberty! It is impossible for us to observe that date this year, without realizing how once again we are embattled in the same cause—now on a global scale, that all men, women and children of the world might henceforth also live free to worship and speak as they see fit . . . free from fear . . . free from want. We who work and fight under the stars and stripes have by our side, under their own brave banners, those other United Nations with whom we proclaim: "United We Are Strong, United We Will Win." And as the Fourth of July signals the independence of these United States, may some future date signal the independence of mankind everywhere, freed from the despotic tyranny of the enemy . . .

MRS. GENE HARRED IS HONORED WITH A SHOWER

Mrs. Palu Young and Mrs. W. W. Waddell gave Mrs. Gene Harred a shower in the home of Mrs. W. W. Waddell, last Wednesday, June 23.

The dining room was decorated with red roses and fern. The dining table was set with a beautiful lace cover. Mrs. R. C. Young poured the punch, assisted by Miss Ida Leach, sister of the Bride. Miss Oleta Leach presided at the Bride's Book. About fifty-five called and sent gifts.

Mrs. S. J. Banks, of Dallas, a daughter of Mrs. Waddell was a visitor.

Mrs. Gene Harred was Miss Luna Leach before her recent marriage.

GREENS HAVE RE-UNION

The children and grand-children of the late T. H. Green and wife enjoyed a re-union Sunday at the farm home of Alton Green, 10 miles north of town. The occasion being to welcome home Charley Foster, one of the grand-children, from Fort Lewis, Washington, to spend his furlough here, but who failed to arrive in time.

Those present were: Mrs. Cora Long and family of Paducah; Mr. and Mrs. Altum of Hobbs, N. M.; Oscar Green and wife; the R. W. Fosters and the J. C. Birds, of this county. Dinner was served barbecue fashion.

GIRL SCOUT TROOP 1

The girls of Scout Troop 1 met in the home of Mrs. Leo Holmes last Wednesday afternoon for a lesson on "personality." Mrs. Jake Gore gave a very distinctive talk on personality and etiquette.

Those present were: Janet Davis, Janette Glover, Norma Jean Carey, Jean Craig, Judy Griffin, Mary Tankersley, Eleanor Miller, Aurelia Ann Cobb and Betty Holmes.

MRS SELF ACE HIGH CLUB HOSTESS

Mrs. Ned Self entertained the members of the Ace High club, in her home Thursday afternoon of last week, with two tables of bridge. Breakfast cloths were given Mrs. Roy Herrod for high and Mrs. Reagan Peeler for second high. Mrs. Sibley received a pound of coffee for Bingo prize.

Sandwiches, vanilla ice cream pie and iced tea were served to Mesdames Ray Christopher, R. M. Kendrick, Lawton Nicholson, W. H. Collins, Vance Sibley, Roy Herrod, Reagan Peeler and Mike Barrett.

KOLONIAL KARD KLUB

The Kolonial Kard Klub met in the home of Mrs. E. C. Davis, Friday afternoon, for a pleasant afternoon of bridge. At the conclusion of the games, Mrs. C. T. Edwards held high score, Mrs. Walter Hoard, second high; and Mrs. Heath won the game of Bingo.

A salad plate was served to Mesdames James Applewhite, Mike Barrett, Herman Heath, C. T. Edwards, Money Price, Walter Hoard, Lee O. Allen, Looie Miller, and the hostess.

Fletcher J. Stewart, of Anaheim, California, spent the week here visiting his mother, Mrs. Tennie Stewart and other relatives. He was practically raised here. When questioned about the "zoot suit" he said: "Well, I have to see the Navy boys."

GIRL SCOUTS GIVE FORMAL TEA

The Girl Scouts of Troop 3, under the sponsorship of Mrs. Ralph Ferguson and Mrs. E. L. Sturges, entertained the girls, and their mothers of Troop 1, and the Senior troop. The affair was a tea given in the recreation room of the Presbyterian church, Wednesday night.

The girl scout colors of green and white, and the insignia of the trefoil, were used in the decorations. Bowls of flowers were attractively arranged about the room. White candles surrounded with green fern were used on the piano. A screen of flowers was used for a background against which the girls stood to present their numbers on the program.

The tea table was covered with a lace cloth over green and centered with an arrangement of the letters G. S., made of green fern, outlined with white candles and placed on a mirror reflector, which was surrounded with small, white blossoms. Green punch was served from a crystal bowl. Plate favors were nut cups, made by the girls in one of their troop meetings.

The program was made up of readings, songs and piano selection, by the following: Barbara Benton, Nelda Joyce Brown, Patsy Black, Nancy Weir, Martha Cranford, Yvonne Forbus, Lois June

STANOLIND OIL COMPANY GIVES DINNER DANCE

One of the outstanding social events of the past week was the dinner and dance, given by the Stanolind Oil Co., for their personnel and their families and friends. YOUR DRUG STORE BACKS UP YOUR DOCTOR

Nothing; no one, can take a doctor's place! For the very reason that his services are so valuable, you want to avoid calling him unnecessarily in time of war.

That's where we feel we can perform our most important wartime service: as your source of first aid supplies and simple medications you should have—on hand—in order to be able to avoid calling the doctor to perform simple measures you can manage without him, if you are properly equipped.

With so few physicians left at home; the time, knowledge and skill of each becomes something all of us must conserve for serious illness, emergencies, surgery, and bringing new babies into our community.

When you do find it essential to call the doctor, and he prescribes the aids to getting well, we are equipped and staffed to fill his prescriptions "to the letter" with fresh drugs guaranteed to have full potency.

By keeping well you help keep the home front strong to produce every need of the fighting front for a victorious termination of this war. Your doctor is doing his part; it's up to us and you to do ours!

Rubber Situation Explained By Jeffers

The following statements which were made by Rubber Director William M. Jeffers in a nationwide broadcast on June 13, 1943, should give each of us an idea of the current rubber situation.

QUESTION: When will we be in the clear so far as military and essential civilian needs are concerned?

ANSWER: "We shall supply rubber for all military and lend-lease requirements this year. We feel that we can supply essential civilian requirements—but, and this is important — by essential civilian requirements is meant the conveyance of farmers and their produce, workers to and from their places of employment, and other uses of equal necessity. BY THE FALL OF 1944, if we have no major setbacks and there are none in sight at this time—I believe we can safely forget the rubber problem so far as essential supply is concerned. The big problems ahead are the facilities, equipment, and manpower to process rubber into essential products."

QUESTION: Do you anticipate that rationing of tires for civilians can be abolished in the near future?

A CHECK-CHART FOR AMERICANS

If you score 90 per cent or higher, you may term yourself a Real American. If you score 80 per cent you are a Good American, and 70 per cent a Fair American. What's your score?

1. Are you buying Bonds on the 5 per cent of 10 per cent Payroll Deduction Plan? If so, take 5 points for 5 per cent or 10 points for 10 per cent.

2. Have you given blood to the Red Cross or been refused by them? 10 points in either case.

3. Are you growing a Victory Garden? 10 points.

ANSWER: "I believe that tire rationing should and will be continued until production of rubber and tires has reached a point where every driver is assured that he can have tires available when he definitely needs them to continue driving."

QUESTION: What can civilians do to help conserve rubber?

ANSWER: "The fundamental conservation measures which have been so widely publicized are still sound policy for every American motorist. Above all, he should never permit his tires to wear down to the point where they no longer can be recapped. NEW TIRES WILL BE ISSUED ONLY WHEN OLD ONES ARE NO LONGER RECAPABLE."

Mrs. Oliver A. Wheat and son, Richard, returned Friday night from a trip to Pittsburgh and New York.

Mrs. Flem McSpadden and Nancy and Francis Weir went to Austin over the weekend to get Cheezy McSpadden, who has been there visiting for the last several weeks.

4. Have you collected and disposed of all needed scrap materials? 5 points. If your home is saving fats, add 5 more points.

5. If you are a war worker and were not unnecessarily absent a day last month, take 10 points. If you are not a war worker and are enlisted in any volunteer war service, take 10 points.

6. Are you sharing rides, conserving your car, gasoline and rubber. Grade yourself according to your conscience. 10 points for best performance.

7. Are you hoarding unrationed items, or did you buy excessively before rationing began. 10 points if you think you were entitled to them.

8. Did you vote in the last national election? 5 points. Last municipal election? 5 points.

9. Do you repeat rumors that may be harmful to the war effort? Take 10 points if you do not, 5 points if in doubt.

10. Have you helped morale by writing letters or sending gifts to any persons in service? 10 points.

Ninety-six cents out of every dollar goes for War expenditures. The other four cents goes for Government expenses "as usual."

Milk Products, Except Cheese Increase

AUSTIN, July 1—Six million pounds more Texas milk was converted into dairy products during May than in May, 1942, the University of Texas Bureau of Research reports.

Creamery production totaled 4,740,000 pounds, up 9 per cent; ice cream, 2,327,000 gallons, up 27.8 per cent. Manufacture of cheese, however, declined 24.5 per cent to 2,120,000 pounds.

Takes less Space For Powdered Eggs

AUSTIN, July 1—By freezing or powdering all of the Texas eggs which went to out-of-state army camps or other markets, it took only 127 railroad cars to transport May shipments, the University of Texas Bureau of Research reports.

These shipments, however, were the equivalent of 848 cars of shell eggs—almost twice the May, 1942, total of 428 carloads.

Texas eggs were shipped to 17 states, the bureau showed.

In addition to out-of-state movement, bureau figures show that the equivalent of 357 cars of shell eggs was shipped to points in Texas.

Farmers Incomes Increase Steadily

AUSTIN, July 1—Texas farmers sold \$74,000,000 worth of agricultural products during May, as compared with \$54,000,000 in May, 1942, the University of Texas Bureau of Business Research reports.

This 37 per cent gain was due to higher prices rather than to increased marketings, however, points out Dr. F. A. Buechel, bureau statistician.

He cited that total cattle marketings, for example, dropped 23 per cent, but prices were 17 per cent higher than a year ago, helping to offset the drop in numbers.

Shipments of calves, however, were 148 per cent higher than in May, 1942, while income from sales was 180 per cent above last year. The number of hogs shipped increased by 50 per cent, while cash income from hogs gained 70 per cent.

Marketings of milk and milk products increased only four per

cent, but income rose 40 per cent.

Egg marketings increased 28 per cent, income 60 per cent.

The most startling increase in both marketings and cash income, he said, occurred in the case of fruits and vegetables here shipments were up 72 per cent over May, last year, and cash income increased 138 per cent.

The index of farm prices over the nation, as reported by the Federal Bureau of Labor Statistics, he cited, has almost doubled since May, 1939, and shows a 21.3 point rise since May, 1942—a tendency toward inflation on which he termed a "matter for some concern."

"During the first five months of 1943," he added, "the price index of farm products rose 12 points, whereas during the corresponding period of 1942 this index rose less than four points."

Mr. and Mrs. H. L. Fybrand of Peoria, Ill., came in Tuesday to go with Mr. and Mrs. Harry Longbrake on their vacation in Ruidoso.

10 REASONS WHY WATKINS FLY SPRAY IS A SUPERIOR INSECTICIDE

- 1 High Kill — (AA quality, highest official rating).
- 2 Fast Action — Acts upon insects quickly.
- 3 Effective against "hard-to-kill" insects — (bedbugs, roaches or waterbugs, carpet beetles or "buffalo moths," weevils, etc.)
- 4 Drive-out Power — When sprayed into cracks, crevices, behind cupboards, sinks, etc.—helps to drive out the insects so that they will come in contact with the spray fog.
- 5 Pleasant to Use — Contains a chemical that masks the odor of the killing ingredients.
- 6 Stainless — Can be used freely in closets, drawers, on walls, curtains, etc., without fear of stains.
- 7 Repels — Effectively prevents annoyance to cows during milking period in barn from stable flies, horn flies and house flies, when used according to directions.
- 8 Economical to use — Less Watkins Fly Spray is required to do the job. You actually save money when you use this high-kill insecticide.
- 9 Leaves Stock Clean—Leaves no oily deposit on the hide that picks up dirt and decreases milk flow as much as TWENTY PER CENT during fly season.

No. 10 — MANY USES

KILLS — Flies, mosquitoes, gnats, roaches, spiders, centipedes, carpet beetles or "buffalo moths," fleas in basements, clothes moths, silverfish, earwigs, ants, weevils that attack stored food products, crickets, bedbugs, bees, wasps, hornets, and yellow jackets.

FOR CAMPERS — Spraying for flying and crawling insects; for spraying clothing, arms, or legs to repel insects while you are outdoors.

FOR PICNICKERS — When sprayed on the tablecloth, it keeps away ants and flies.

FOR FISHERMEN—A sprayer filled with Watkins Fly Spray is an excellent aid in repelling troublesome insects.

FOR LAWN PARTIES — Insects can ruin out-of-door parties, but not if a sprayer of Watkins Fly Spray is handy.

ON THE FARM — For destroying weevils and other of grain pests in bins, on sacks; a temporary repellent for stable and horn flies from cows in the barn during the milking period; for killing flies in the dairy separating room.

BUSINESS INSTITUTIONS—Excellent for use in restaurants and bakeries, hospitals and schools, cheese factories, stores and butcher shops, ice cream parlors, etc.

"See the wonderful parade!" And there will be ONE even MORE THRILLING when our husbands, fathers, sons, sweethearts and brothers march home victorious!

● What a great day this is; July 4th, 1943. One hundred and sixty-seven years after that first historic July 4th, 1776, when this nation was born out of blood, sweat and tears, in liberty's

name. And as our flag's colors symbolize the courage, purity, and love of freedom which served to found this nation . . . as our Liberty Bell was moulded to ring out Victoriously when freedom was won . . . these things remain unchanged in significance and worth. These things are still "our all"—worth living for, worth fighting for; and if need be, worth dying for. That is why as we watch the parade this 4th of July there must be a prayer in our hearts for that parade to be viewed on some as yet unknown date—when the warriors of '42 and '43—like the winter soldiers of '76—have won the war, which will secure the peace, which will give to the peoples of the world to come, that birthright which we have wanted for our own children, since the first settlers put foot on this dear land's shore . . . Little can those who are small boys and girls today, know of the significance of the marching feet . . . the flying flag . . . the blaring bands . . . which to them make a parade a thrilling thing of color and sound. It is for us, their elders, to impress in their hearts from this day on forward the fact that we fight to give them a brave, new world to carry on.

Society Baptist Church News

Only next Sunday remains to make the semi-annual payment on our building and many are interested to finish this building obligation next Jan. 1 and we can pay four thousand dollars on it now if the people who are vitally interested will make a good offering next Sunday.

It is not that we are compelled to pay as we have ten years from the date of the loan but already half of it has been paid and their is \$2,500 already in the building fund, we know the time to pay is when the people have the money, and will you do your best to liquidate this debt?

It will not be mentioned in this column for another six months.

Some false prophets predicted we would never pay this debt, just as others predicted that Southern Baptist would never pay theirs but they are paying them with full interest and keeping about one thousand missionaries on the payroll in the home and foreign fields and Baptist who are having no part in all this work of the Kingdom are not worthy to bear the name and should change it. The pastor of this church is preaching for the Negroes each evening hoping to render them some help in their work and every one who comes in contact with Negro people should encourage them to attend their services and support that work as the Negro and Mexican people who live among us need Christ fully as much as those who live far away. The Mexican people held their first service in the new building last Sunday but much remains to be done to make it a suitable meeting place.

The summer revival in this church is expected to begin August 15th which is the only date suitable for Pastor Yearby who was with us last year and who is pastoring a church in Oklahoma City now. He is anxious that praying people remember him in his work and that all Christians attend the meeting here bringing with them their unsaved friends to hear the Gospel.

MEADOW HD MEETS WITH MRS. PENDERGRASS

Meadow Home Demonstration Club met with Mrs. Herman Pendergrass June 23rd. There were nine members, two visitors and Miss Blanton present. "Star Spangled Banner Waving Somewhere," was sung as opening exercises. Roll call and minutes. Finished filling out year book. Council report was given by Miss Lillian Doak. A second council delegate was elected. Mrs. W. W. Fox was elected as our delegate to State Convention of Texas Home Demonstration Association at Dallas, August 17, 18, and 19. To be voted on at Council. Each club will have a delegate and two will be sent from this county. Decided on lunch to take to Wellman for county picnic July 15th. Mrs. G. F. Parker and Mrs. W. W. Fox were appointed to fix drink. Also, club is to have the club annual picnic at McKenzie Park, Lubbock, July 3rd. Auction gifts donated by Mrs. Moats were bought by Mrs. Moss and Mrs. Green. Program was turned over to Miss Blanton. She discussed butter cakes and made a prune cake for demonstration. This cake is delicious and recommended it sent to boys in service in the U. S. Delicious refreshments were served by hostess. Miss Frances and Mattie Sue Bell sang "Coming In on a Wing and a Prayer". Meeting was adjourned. Next meeting will be July 6th with Mrs. Moats.

Recipe For Prune Cake

3 eggs
1 cup sugar
1 cup stewed pitted prunes
¾ cup shortening or butter
6 tablespoons buttermilk
1 teaspoon baking powder
2 cups sifted flour
1 teaspoon soda
1 teaspoon cinnamon
1 teaspoon aspic
1 cup pecans
¼ teaspoon salt.

Method: Cream shortening. Add sugar gradually and beat after each addition. Add prunes. Beat eggs until foamy and add buttermilk to eggs. Add to sugar and shortening. Sift dry ingredients together. Mix two mixtures and beat after each addition. Beat well. Add nuts. Bake at 350 degrees about 30 minutes if in layers. This makes 2 9" layers.—Reporter.

BAPTISTS TO RAISE HUGE RELIEF FUND

DALLAS—Texas Baptists plan to raise a minimum of \$75,000 for World Emergency Relief on Sunday, July 18, in response to their Foreign Mission Board's request for \$500,000 (half a million dollars) from the entire South, Dr. W. W. Melton, Dallas, executive secretary of the Baptist General Convention of Texas, announced today.

A large percentage of the funds raised will go to China, Dr. Melton said, but no area where Baptist have work, around the world, will be neglected.

Commenting on the desperate need for immediate help in war-torn countries, Dr. R. S. Jones, Dallas, western secretary of the Foreign Mission Board, estimated that "at least one-half of the world's population is slowly starving to death." There will be need for relief efforts, he said, until the end of the war and for many months thereafter.

SLUMBER PARTY FOR FRIENDS

Dorothy Chaffin delightfully entertained a group of her friends with a slumber party Saturday night, at her home. ARE LIBERALIZED

WASHINGTON, June 24—The next two coffee rations will be on the basis of one pound in three weeks—the most liberal allowance since the beginning of rationing—the Office of Price Administration announced today.

The present ration is one pound for four weeks.

The lowest ration has been one pound for six weeks but for the most part one pound for five weeks.

Large Stocks On Hand
OPA said large stocks of green coffee already on hand as well as the more regular arrival of imports with which to maintain these stocks, made possible the increased ration. It cautioned, however, that any deterioration of the present favorable supply situation would make smaller rations necessary and that consumers must be prepared for such reduction whenever they are necessary.

Meat Supervisors Hear Duties Outlined

DALLAS—Plans for a meat marketing program to assure equitable distribution of available supplies were outlined to area meat marketing supervisors at a meeting in Dallas, Thursday and Friday, by E. L. Upshaw, state representative for the Texas USDA war board.

L. J. Cappelman, Dallas, regional FDA administrator and B. F. Vance, College Station, chairman of the Texas war board, told the 16 meat marketing supervisors that it would be their responsibility to work with and coordinate activities of county war meat committees.

County committees, they said, have been established in all Texas counties to handle local compliance and distribution problems and to review slaughter permits.

Problems which cannot be solved by the committees locally with the assistance of area supervisors will be referred to the State War Board where they will be worked out in cooperation with the FDA area supervisors and the counties for which they are responsible.
