Your Home Owned and Home Managed County Paper — Where Farming, Ranching and Oil Fields Bring Prosperity to Terry County People

VOLUME 39

BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY, SEPTEMBER 17, 1943

NUMBER 7

Terry County Boy Helping Guard Vital Zone

San Juan, P. R., September 3—Promotion of James H. Moore, jr., of Brownfield, to rank of sergeant in the army air forces was announced here today at Antilles Air Command headquarters.

Entering the army December 31, 1941, in Lubbock, Sgt. Moore was assigned to his present overseas unit May 1, 1943, and now is stationed at one of the South American air bases guarding the vital approaches to the Caribbean area. He earned his first stripe July 1, 1942, and was promoted to the rank of corporal a month later.

Sgt. Moore was born January 1, 1920, in Vernon, Texas, the son of Mr. and Mrs. James H. Moore, sr., now of Brownfield. He was graduated from Brownfield high school in 1938, and was farming with his father until chosen to enter the army.

Planes of the Antilles Air Command, of which Sgt. Moore is a member, fly daily patrols over an area extending from the western tip of Cuba to the equatorial belt of South America, an area seven times that of Texas.

Palm-fringed AAC air bases are located strategically on small volcanic islands and in the midst of Caribbean jungles forming a protective barrier for the vital gateway to the three Americas.

BLAIR BARBERING AT CAMP PERRY, VA.

While still at Camp Perry, Va., E. S. Blair, CM 1/C, is no longer in the construction department of the naval seabees, having recently been transferred to the recruit barber shop. Blair worked at the barber trade several years here, and no doubt is worth more to the navy in that capacity.

Like many of the other boys, he got mixed up on the date of his Herald, and for fear it might be stopped, enclosed another bat skin that put his paper up to the 10th of May, 1945.

Well, your friends here, E. S., know that you will feel more at home and less homesick standing around a barber chair than in the construction department.

A Brief Letter From Pfc. Byron Sandage

Dear Friend:
"How are you and the folks. Fine I hope. Am sending some money so you can renew my subscription to the paper. The paper is coming all right, but a little late, but that's all right." His letter was dated Aug. 31.

Just where Byron is located is a question, but we have an idea somewhere in North Africa, probably at a base hospital, where he is recovering from quite serious machine gun and bomb fragment wounds, received at the hands of a Stuka dive bomber in the Tunisian fight. Being still on the rest list, he probably did not engage in the Sicilian campaign.

Byron sent two one dollar bills to apply on his subscription, which puts him up to March 1, 1945. Evidently he had forgotten that while in England, and when he possibly had a hunch that he would be shipped somewhere else, he wrote and asked us to stop his paper til "??". Later he wrote us to start it up, so he had some four months extrat coming to him. That with the \$2 he sent us, paid in extra 16 months.

We sincerely hope that Byron will be able, along with other service men, to get most of the time coming to him right here in Terry county.

Good luck Byron, until we see each other.

Local Boy Finishes Armored Training

The Herald had notice this week from the Commanding Officer of Public Relations, Fort Knox, Ky., that Pvt. Jim Kee had finished his basic training at the Armored Replacement Training Center.

Jim's wife, Mrs. Velma Kee resides in this city, as does his parents, Mr. and Mrs. J. R. Kee. The Herald received a fine likeness of Jim in the same mail. Congratulations to Pvt. Jim.

Huddie C. Bagley Enrolls As An Aviation Cadet

Maxwell Field, Ala., Huddie C. Bagley, son of Mrs. Cora B. Bagley, Route 3, Brownfield, is now enrolled as an aviation cadet in the army air forces pre-flight school for pilots at this field, located on the outskirts of Montgomery, the capital of Alabama.

Here the new class of cadets are receiving nine weeks of intensive military, physical and academic training preparatory to beginning their actual flight instruction at one of the many primary flying schools in the army air forces eastern Flying Training Command.

LAMESA HERO-AVIATOR KILLED

Robert H. Smith, of Lamesa, who was a few months ago accredited with shooting down 11 enemy aircraft in one battle in a raid by American aircraft over Germany, was killed when the plane in which he was riding collided with another over the Gulf, just off the Galveston shore, last Saturday.

Smith, like the others who have seen extensive service overseas, was a pilot trainer at the Alexandria air base. The bodies had not been recovered.

Pvt. and Mrs. Bill McKinney, formerly of Brownfield, now residing in Amarillo, visited with their friends here Friday and Saturday.

Watch Expiration Date On Service Men's Papers

In view of the fact that we have some 150 service men on our mailing list, around 50 of which go overseas, it is a hard matter for us to remember whether the home folks here are sending the paper, or the service man is paying for it himself.

In order that there be no misunderstanding about the matter, we are asking that the service men who take the Herald on their own, keep up with the expiration date by noting the date on the wrapper in which they receive their paper. Their family, if they are sending the paper, are close by, and may drop in to see about the paper, if the have forgotten when the time expires.

Under no circumstances will we send a statement to a man in the service again. We don't want any more misunderstandings about that matter. We will, however, continue their papers a few weeks after expiration date, and that is about as long as the Postoffice department will let us do that.

Will say just here that the service men who are paying for their own paper seem to keep up with it better than the home folks, which is complimentary to their watchfulness, in which they have been trained by the several military services of the country.

We are willing to do our part in correcting and changing addresses, which takes several hours each week, in order that your boy, husband or brother gets their Herald as promptly as possible. However, we have to make few changes in the address of boys who are overseas.

Uncle Sam says stop papers when they expire, on account, (1) paper shortage, and (2) shipping space. So, let's co-operate in seeing that the boys get their home town papers.

This Is Not A "Let George Do It" Bond Drive

All of us in this particular section of our great country realize to the fullest extent that at this particular time of the year, is a very bad time for all of us from a financial viewpoint. It is just about the time of the year when the farmer has spent about all his spare money, and just prior to the time that he is to begin having an income from this year's crop.

Further east and south, farmers have been harvesting cotton for the past month; necessary debts, if any, have been paid, and they have some surplus money for war bonds. This is still primarily a farming and stock-farming section, with the usual big drops in deposits from January to about October. In the past few years, oil money has added some to the income of a small portion of our population, and is reflected somewhat to all of us. But the bulk comes from such "money crops" as cattle and swine, augmented somewhat the year around by chicken and egg money, and the cream checks, cotton and grain.

But, our government could not consult all portions of the U.S.A. just when to start the drive to make it convenient for all sections, so September was chosen, and we are expected to do our dead level best to raise the amount set aside for us; more if at all possible. We just can't let George do our part.

Suppose Soldier Brown said to Soldier Smith, "Brown, that fox-hole is full of tough Japs. I don't care to risk my life in charging it. You and Jones can do that while I watch." Suppose the sailors and marines and coast guard and airmen were to say that to each other? Wouldn't we be in a heluva pickle? But they don't do that. Smith, Brown, Jones, Cati-nani, Blotz, Cohen, Slavaca, Blanco, and all the rest are right there, Johnny on the spot, when the charge is made. Maybe some will fall before reaching their objective, but some will reach the fox-hole and swat the Japs. None waits for the other.

Therefore, if we follow the lead of the brave men who are fighting battles around the world for us, we must not wait for the other fellow to do our part. This thing of raising \$672,000 is not going to be any child's play. It's going to take the pennies, the dimes and quarters and the dollars of all to put it over. And just because a \$25, \$50, or \$100 bond may be your limit, don't think it won't help. And you men who can invest thousands of dollars and not miss it, don't expect your wealthy neighbor to take the load off you.

Also, remember, that this is the best investment in the world. The bonds are backed by the best and wealthiest nation on earth that will pay you good interest on the money you loan to help the boys and provide them with the best fighting machines to drive the treacherous Japs and Germans from hell to breakfast.

Brother, you are NOT SACRIFICING ANYTHING, when you buy U. S. War Bonds. You are laying up for a rainy day. Also, let us remember that the service men, with their meagre pay, are buying war bonds every month.

Southwestern Life Credits 10,000 To Terry

President O'Donnell of the Southwestern Life Insurance Co., has purchased \$10,000 in U. S. Government Securities to be credited to the Terry County third loan drive. This information was received by Bruce Zorns, local agent of the company this week.

The company is purchasing a total of seven million in war bonds in the 3rd loan drive, making a total purchase of 30 million purchased since Pearl Harbor.

This will be a big help to all sections of Texas, Terry county in particular.

Farmers and Ranchers Say Terryites Still Abide the Constitution

Terry county farmers and ranchers may purchase during any calendar quarter 100 rounds of .22-caliber, long rifle, cartridges, or other rim-fire cartridges; 40 rounds of center-fire cartridges such as .30-30 caliber and 25 rounds of any gauge shotgun shells by executing Certificate No. 4 of L-286, according to Pearce Warren, chairman of Terry county USDA war board. The War Food Administration has been concerned for some time about the shortage of ammunition for use by farmers in controlling predatory animals and birds, Mr. Warren said. The amount available for the past year has been so inadequate that many farmers have been unable to obtain the small quota permitted under the War Production Board limitation order L-286.

A program has been adopted under which approximately 100 million shotgun shells, 12 million center-fire rifle cartridges and 100 million .22-caliber rim-fire cartridges will be available for distribution. Farmers and ranchers who need ammunition should execute Certificate No. 4, which can be obtained from their dealer, or from the Terry county USDA war board. Those needing a larger amount of ammunition than can be secured by using Certificate No. 4, may purchase a special quota (50 rounds of .22-caliber, long rifle, cartridges, 20 center-fire cartridges, and 25 shotgun shells) by using Certificate No. 5, provided they secure these amounts prior to October 1, or their written orders are in the hands of the dealer by that date. If a farmer or rancher needs a larger amount of ammunition than can be secured by using Certificates No. 4 and 5, he may apply to the government division, War Production Board, Washington, D. C., using Form PD-860.

The Constitution, to a great extent, means the American way of life, and the American way of life is what our gallant soldier boys are fighting to preserve. Briefly stated, the Constitution means religious freedom, so that when a mother puts herself into the very jaws of death in order to bring a child into the world, she knows that as long as the American way of life prevails, that child will never know religious persecution, but will be permitted to attend a church of its own choice, or if it prefers, attend no church at all.

The American way of life means free speech, free press, due process of law and trial by jury. Jefferson once said: "Give me a government without newspapers, or give me newspapers without a government, and I will take newspapers without a government." So a newspaper man, who follows the dictates of his own conscience, and who is never swayed by fear of criticism, or the threat of boycotts, is doing much to preserve the American way of life. Freedom of speech is guaranteed, but Justice Holmes said that free speech does not mean that you have a right to yell "fire" in a crowded theatre. It sometimes means that you can say what you please about the other fellow, provided the other fellow does not hear about it.

One very wise provision of the Constitution is that when a person is accused of crime, and has been indicted by a grand jury in the county where the crime is alleged to have been committed, the accused shall enjoy the right to a speedy public trial, by an impartial jury, and these things, soldier boy, you must fight to preserve, and if you answered your country's call from the good county of Terry—and many of you have—you may rest assured that the citizens of your county will never convict anyone without an impartial trial. To do otherwise, would mean that we refuse to uphold the things you are fighting to preserve. It is a great privilege to live in a country where a person, who is accused of crime, shall have compulsory process for obtaining witnesses, in his favor, and to have the assistance of council of his own choosing, and where the witnesses are permitted to state under oath, that the accused cannot obtain an impartial trial in the county where he is accused, but a greater privilege than that is to live in a country where the citizens can always serve on a jury and decide the case according to the law and evidence. Soldier boy, wherever you are fighting, allow no one to convince you that good old Terry county is not carrying on the American way of life, and no one, it matters not how high, nor how low, he may be in the minds of the people, will ever be denied the right of an impartial trial.

DR. HAROLD G. COOKE
President of McMurray College
Abilene, Texas

Made A First Sergeant Is Now Inspector

Mrs. L. O. Turner had a letter last week from her son, Lloyd O. Turner, at El Paso, stating that he had been promoted to First Sergeant, and had been made inspector of Wm. Beaumont Hospital, which has been taken over by the army.

The home folks will be glad to hear of the rapid promotion of this worthwhile home boy.

Matched Calf Roping Here Sept. 13th

Citizens of the area who like the thrill of roping contests and rodeos, will be given a go-getter here Sunday, Sept. 13th when Tom Standefer of Bledsoe, Texas, meets Sid Pearson, of Levelland in a calf roping contest.

Ten calves will be roped with a purse of \$500. Jack Pot roping, open. Entrance fee, \$5.00—three monies. This contest is being sponsored by the Brownfield Roping Club, who have been supplying our war weary community with some fine entertainment.

Gate entrances have not been announced, but we feel sure that it will be reasonable, and that you'll get your money's worth.

Drinking Kerosene Kills Baby Busby

Little Tom Allen Busby, 16 months old son of Mr. and Mrs. Elton Busby, of the Harmony community, died at the local hospital about ten o'clock last Thursday night, after drinking a quantity of kerosene.

Mr. Busby was working on his binder, and had a can of kerosene while at his work, and went around on the other side of the binder for something and soon heard his little son coughing and strangling. He was rushed to the hospital, but the deadly fluid had done its fatal work.

Funeral services were held at Harmony with Rev. Avery Rogers, pastor of the First Baptist church, officiating. Burial in Memorial cemetery, with Brownfield Funeral Home in charge of arrangements.

Our More or Less Mysterious Oil Well

During all the time that the McCollough oil well was being drilled in west Terry, which to say the least was a wildcat proposition, there never had been more than five or six lines about it in the dailies, which was perhaps all that the drillers would put out.

But before the rigging was torn away, it became a well known fact that the top, middle and bottom of the hole was sealed with concrete, and that several hundred feet of precious iron pipe was left in the hole.

And too, many contend that the hard lime was never drilled through to soft lime. Anyway, we guess the well will be reported a duster.

Local Negroes to See "Cabin In the Sky"

Mrs. Ethel Jones, proprietress of the Jones Theaters, has a real treat for local colored folks, by showing "Cabin in the Sky," Saturday night. The Ritz will be reserved for the midnight prelude for them only.

As we understand it, all the stars as well as the entire cast are negroes of national fame in their line of song and dance. As few colored folks take the papers, their white employers should tell them about this show.

Pvt. Troy Noel returned to the McCloskey hospital, in Temple, after spending the week-end in his home in Brownfield.

Herr Hitler, himself, could secure an impartial jury if he had to go on trial in Terry county, and if I believed that one of our own citizens, who has always had a good reputation, could not secure a fair trial in our country, then I would leave the county, and I believe that is what one should do if they feel that way about our good county.

Soldier boy, if you are wondering about things back home, remember that Terry county has officers and courts who are trying to protect the law-abiding citizens of the county, yet they are not going to have any one punished without an impartial trial. Our officers, with the cooperation of the law-abiding citizens, are striving to protect your friends and loved ones in their homes, on the highways or wherever they may be, and when the stalwart, self-reliant, aggressive and progressive citizens of the county—men who can be brave in the midst of faltering and paltering cowardice; true and honorable as any citizens anywhere under the shining sun—are called for jury service. And when they take an oath with their hands pointed toward the God that gave them birth, that they will render an impartial verdict, then if the law and evidence shows that the accused has committed a crime, the criminal will find to his sorrow that "the way of the transgressor is hard," and that crime does not pay.

If any of my half dozen readers think that I have misrepresented anything, then let us hear from you through the columns of the Herald. —Jacob Sandage, Rt. 4, Brownfield.

Agricultural Notes

By Looe Miller, Secretary, Terry County ACA

The Loan rates for Terry County Farmers on this years cotton is 19.84 cents while the Loan rates for 1942 was 17.70 cents, Mr. Pearce Warren, Chairman of the AAA Committee has announced. Mr. Warren announced that farmers are already having trouble getting their cotton in warehouses in areas where picking is already under way and it is probably that as the picking season reaches its peak in Terry County the storage problem will likely be critical. He advises that farmers should plan now to store their own cotton under the new farm storage plan. You'll get exactly the same rate on farm-stored cotton as you will on warehouse stored. In addition, you'll be allowed 10 cents per bale per month or fraction of a month farm-storage allowance, provided the cotton is delivered to Commodity Credit Corporation in satisfaction of the loan. If you repossess the cotton, no storage will be paid.

The entire farm-storage phase of the program is handled by the County AAA committees and they'll be glad to help you. Make your plans now to store a part, if not all of this year's crop on the farm, because in a lot of instances this is the only way some cotton will get under cover this year.

Farm Machinery Repair
Now is the time to start figuring on repair parts you will need for next year's farming. Unless you figure out what you will need now and advise your dealers instead of waiting until next summer you will probably not be able to secure the parts. There is no limit on the manufacture of spare parts but unless the dealer has sufficient time to place orders you will not be able to secure these parts.

The Terry County ACA office has received a small supply of blank applications for payment. However before any producer's application for payment can be prepared we must have a complete report of performance on the farm including all farm building practices. If you have not made your report, please do so immediately.

Mr. Pearce Warren, Chairman Terry county USDA war board, has been advised by B. F. Vance, chairman of the state USDA war board, that the government is to acquire possession of all turkeys sold until 10 million pounds are obtained for the armed services. This means that all early marketing of turkeys must be to agencies designated by the government to buy turkeys.

Last week, our correspondent at Wellman mailed her letter on Monday, so the postmark showed. We received the letter on Thursday afternoon, too late for last week's paper. No fault of the correspondent, and just where the trouble lays, we would not undertake to say.

But, we will say that this service, between points 12 miles apart, and on the same railroad, is not as fast as ox cart days, and the pony express was much faster. We don't believe the fault lies with our deliveryman here. We believe Terry Redford delivers all our mail promptly. But four days for a first class letter to travel 12 miles is SLOW.

And correspondents on the Meadow route that try to get a letter to us by the dead line Wednesday, are always out of luck. We have often wondered why—and we are still wondering.

Needless to say we can get a letter from Fort Worth or Dallas in two days, and one from Tennessee in three days from date of postmark.

Miss Wanda Hahn, daughter of Mr. and Mrs. B. W. Hahn, left Wednesday, September eighth for Belton, Texas, where she will enter Mary Hardin Baylor College as a Freshman.

Poor Mail Service With Wellman, Meadow

Last week, our correspondent at Wellman mailed her letter on Monday, so the postmark showed. We received the letter on Thursday afternoon, too late for last week's paper. No fault of the correspondent, and just where the trouble lays, we would not undertake to say.

OUR EXPERT MECHANICS will keep your car in War Time condition. We have recently installed a new-
BEARING SIZING MACHINE
 ... and we can resize rods and main inserts, making a great saving to you and quicker service. We also have only-

WHEEL ALIGNMENT MACHINE and **FRONT END SUSPENSION**

... in this part of the Plains outside of Lubbock, and a full line of suspension parts. It's very important that you have your wheels aligned to save rubber—this is very important in the war effort as we are rationed fewer tires each month. Our mechanics have had years of experience and can fix any machinery, **REGARDLESS OF MAKE OR CONDITION.** We have a full line of parts and the very best equipped shop in town. See us for estimates.

HAHN MOTOR SUPPLY

Mrs. Ed Miller and daughter, Frances Mae, of Hobbs visited in the Ray Hughes home this past week.

Miss Grace Tarpley, daughter of Mr. and Mrs. M. G. Tarpley of this city left for Abilene, where she will resume her studies as a Junior in Hardin-Simmons U.

• Herald Ads Get Results

Miss Margaret Bell of Lubbock, visited last week-end with her parents, Mr. and Mrs. W. A. Bell, of Brownfield.

Mr. and Mrs. A. D. Repp, of Lubbock, spent a few days here visiting with friends.

The R. L. Bowers family spent the week-end in Ruidoso, New Mexico.

Wellman News

Mrs. E. P. Smith has returned home from visiting relatives in Crosby county the past few weeks.

Miss Gladys Scales and her mother have returned to their home in Wellman.

Mr. and Mrs. G. L. Sullivan visited for awhile in Wellman, last Thursday.

Mrs. W. M. Green was taken to the hospital in Brownfield Tuesday, for treatment. She has been ill for some time.

Mr. and Mrs. Wesley Bishop visited in the home of Mr. and Mrs. Sam Adair, Sunday.

Mr. and Mrs. C. K. Wilmeth, of Tokio, visited for awhile in Wellman, last Wednesday.

Mr. and Mrs. Tom Burnett, of Seminole, visited Tom's parents, Mr. and Mrs. W. L. Burnett, last week.

(Delayed)

Mrs. E. R. Norton of Capitan, N. M., is visiting friends in Wellman for a few days, and selling her fruit.

Mrs. Phillips and two children, Cleo and Mary, of Millsap, in Parker County, visited this week in the home of her son, Orville (Phillips) and wife. They left this week to visit relatives in Ralls over the week end.

Mrs. John Garrison visited in the home of Mrs. W. M. Green, Friday afternoon.

School opened Monday, Aug. 30th. We have so many new teachers we failed to learn all their names. We were short a few teachers at the beginning, but weeks.

Bringing Pressure On Food Handlers

Austin, Texas, Sept. 9.—Texas health officials are making every effort to improve the sanitary conditions of public eating places, and in addition schools are conducted to instruct foodhandlers. Moreover there are laws, rules, and regulations requiring the use of approved equipment and methods in such establishments. Nevertheless, one of the most forceful influences for sanitation is not being used and that is the public's unfavorable reaction toward dirty and insanitary places," states Dr. Geo. W. Cox, state health officer.

"The public cannot do the job entirely, nor can health departments bring about desirable and essential practices without the help of the public. As for hygienic practices, persons serving food and drink should be clean; should not cough and sneeze over the utensils and material served; should keep their hands away from their mouth and nose, hair and face; should handle all utensils by the outside instead of putting their fingers on the inside of service utensils. These are conditions a person can see, and unless these safeguards are practiced, disease my result."

Also milk served can be appraised by the patron. Texas law requires that milk bottle cap state grade of milk and whether it is raw or pasteurized. However, if milk is brought to a patron in a glass, he cannot know whether it is from a graded supply or whether it is raw or pasteurized, but if served properly in its original container, with covered cap and legal label, the patron can secure from the label the information he should have before ever being willing to drink strange milk.

The patron should note sanitation conditions in food establishments. Are the floors, walls, ceiling clean? Are tables and counters clean? Are pies and other ready-to-serve foods protected from dust, dirt and flies? Are flies prevalent? "Be assured that what can be seen as a patron at the table or counter usually will be many times better, cleaner, and safer than conditions in the kitchen and other places out of sight of the patron," Dr. Cox warns.

SWEET POTATOES COMING IN

College Station, Sept. 16—This season's bumper crop of sweet potatoes means there will be plenty for all. Texas alone is expected to produce 7,200,000 bushels.

The next step is for the producers and homemakers who buy food to assure that none is wasted. Sweet potatoes are unrationed, high in food value, and popular because they taste good and can be served attractively. Hazel Phipps, specialist in food preparation, for the A. and M. college extension service, points out.

Sweet potatoes are a good source of energy, the specialist says. And in addition, they contain four vitamins, including Thiamin and riboflavin. In the nutritional line-up, they rank along with carrots, although they are superior in Vitamin A to carrots. Sweet potatoes also are a fair source of iron and phosphorus and contain some calcium.

The best way to retain most of the food value in sweet potatoes is to bake them in their own jackets, and it is possible to use the leftovers in souffles, pies, and croquettes. Fried or scalloped sweet potatoes also can be found in the cookbook, for this is a versatile vegetable.

To get the best value, select medium-sized, firm smooth potatoes, Miss Phipps suggests. She warns against bruised ones which are likely to rot when they have been stored for a short time.

For smooth baking, rub a little fat on the potato skins, and place them in a moderate oven. Before they are taken out, you may prefer to cut some crisscross gashes in the skin, then squeeze the potato until some of the soft inside pops out. Butter or other fat makes good seasoning.

Charley Hubby was in to renew for his Herald, this week.

Supt. Jones stated he now had enough if they arrive by Monday.

Mr. and Mrs. Orville Phillips returned home Sunday night from Ralls, where they visited relatives.

Mrs. E. P. Smith is visiting relatives in Crosby county for a few weeks.

Yes sir! You can depend on **GOOD YEAR EXTRA-MILEAGE RECAPPING** ONLY \$6.50 per tire Size 6.00-16 (Recappable carcass furnished by you)

NOTE: If your old tire cannot be recapped, you can apply for a replacement tire (used tire, new War Tire or pre-war tire—depending on your mileage rating). Get our help in preparing your Ration Board application.

Brownfield, Texas

A colored gemmun for Slaton, donated \$200 to our county treasurer Wednesday because he failed to miss our local hiway patrolman and county officers, while passing through with a load of beer. From the prices, it is said he is getting for it, over there, he was able to pay off in cash.

Miss Helen Gillham left Tuesday for Lubbock, where she will resume her studies as a sophomore at Tech.

Miss Patsy Ballard, daughter of Mr. Frank Ballard, will enter Tech as a Freshman this year.

CARD OF THANKS

We take this method of thanking our neighbors and friends for their help and sympathy in the death of our baby; also for floral offerings. May the Lord bless each of you is our prayer.

Mr. and Mrs. Elton Busby and Gail
 Mr. and Mrs. T. M. Busby
 Mr. and Mrs. A. U. Hathaway.

TEXAS BAPTISTS SET BUDGET AT \$1,400,000

Dallas, September 16—Taking a long range view toward the financing of its institutions and carrying forward its mission program after the war, the executive board of the Baptist General Convention of Texas in its quarterly meeting Tuesday at the Baptist building adopted a budget of \$1,400,000. Included for the first time were items of \$100,000 for the endowment of Texas Baptist institutions, and \$75,000 for ministerial students' tuition. For the second successive year a sum was earmarked for post-war missions, the amount for 1943-44 being \$100,000.

Mr. and Mrs. J. O. Gillham left Wednesday, September 8th, for New York, where he will represent the Texas bankers at the national bankers convention.

The Santa Fe moved last week 34655 cars, compared to 33,231 for the same week in 1942.

ABSENT-MINDED

"There's something odd about you this morning," said Hitler to Goering. "Yes—I know what it is. For the first time since I've known you, you've left off your medals."

Goering looked down at his chest. "Great heavens!" he cried. "I forgot to take them off my pajamas."

Ensign S. L. Brock returned to Fort Pierce, Florida, after spending a ten-day furlough with his parents, Mr. and Mrs. L. L. Brock of Brownfield.

Dr. and Mrs. Hicks and Mrs. Lee Ashford, of Lubbock, spent Monday visiting Mr. and Mrs. L. L. Brock of this city.

Mr. and Mrs. S. J. Treadaway and daughters, Mary Jane and Ethel Nell of Abilene, visited in the T. L. Treadaway and Will Adams homes this past week.

WELLMAN CO-OP GIN

WELLMAN, TEXAS

IS READY FOR OPERATION

Come In And Look Over Our Plant

We would like to personally see every possibly customer, but under the present circumstances, this is not possible, therefore, we wish to use this means to solicit your business. Our gin has been re-conditioned and brought up-to-date, and we have a crew that knows how to operate this plant in such a way that our customers will receive the benefit of up-to-date ginning.

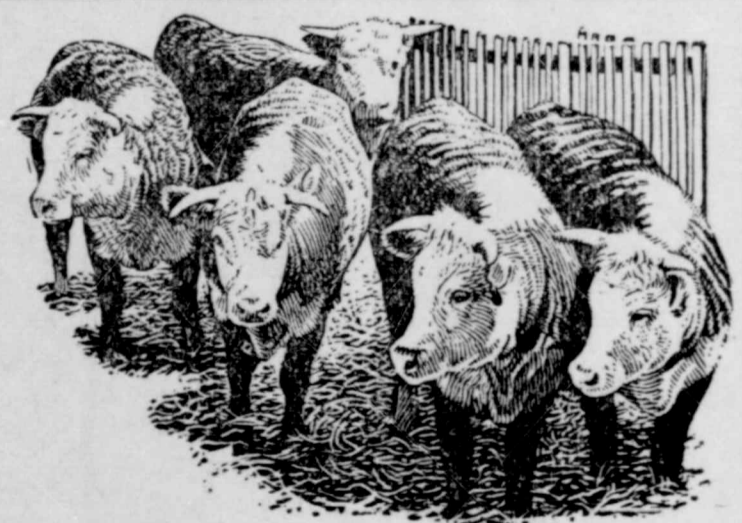

Your cotton will receive the same consideration as if you were present, if it is sent to the gin by your wife, son or daughter, or by your cotton picker, and you can rest assured that it will be handled as if you, yourself, were present. Let us handle your cotton to your best advantage and with the most speed. We would appreciate any suggestions and help you can give us.

Thanking You In Advance,

Social Events of the Week

WEDDING

Mrs. Elaine Hughes and Pvt. Edward Scalia, both formerly of Washington, D. C., were united in marriage with a double ring ceremony, by Reverend Walker, in the parsonage of the Presbyterian church here September 13, at 8:30 p.m. Dorothy Blanton and Bob Berry were the only attendants. Also at the ceremony were the bride's parents, Mr. and Mrs. Pressley Dyer of Dimmitt, Texas. Pvt. Scalia is stationed at the South Plains army air field. Mrs. Scalia is employed here by the soil conservation service. Pvt. and Mrs. Scalia are honeymooning at points in New Mexico.

SUB-DEB CLUB

Miss Nita Chaffin was hostess to the members of the Sub-Deb club and their pledges Wednesday afternoon at 5 o'clock. They planned and discussed the preparations to be made for their parties this next year.

A sandwich plate was served to the pledges. The members present were Juanda Ruth Turner, Christine McDuffie, Charlie Mae Harold, Margaret Glandon, Francis Lewis, Gloria Hughes, and Glenola Murphy.

MRS. STICE ENTERTAINS LAS AMIGS CLUB

Mrs. O. L. Stice entertained the Las Amigos club, Thursday evening, at 8:30. Stuffed tomatoes, lemon pie, iced tea, pickles and potato chips were served to Mrs. Earl Anthony, Jr., Ike Bailey, Jack Bailey, Clovis Kendrick, Spencer Kendrick, Evert Latham, Dick McDuffie, Troy Noel, Pete Turner, Reba Zorns, and Gertrude Jones.

Mrs. Jimmy Proctor and son, accompanied by Mrs. John Chisholm, left Wednesday for Savannah, Georgia, where she will be with her husband, Sgt. Jimmy Proctor.

PRESBYTERIAN CHURCH NEWS

The Presbytery of Abilene met with our Church last week on Wednesday and Thursday. Not many delegates were able to attend because of restrictions on travel but a number of churches were represented by Ministers and Elders.

Rev. S. P. Collins preached on Wednesday morning and the girl's choir sang for this service. At night Dr. E. B. Surface preached. The resolutions committee of the Presbytery brought in a report, thanking the local Church, town people, and newspapers for the hospitality shown and publicity given. Presbytery voted to meet for the spring meeting at the First Church of Cross Plains, Rev. J. L. Glenn, Pastor.

The local pastor, Rev. Fred A. Walker, and one representative of the Church, were elected to attend the Texas Synod meeting, our state-wide organization. This meeting will be held at Nachodoches, Texas early in October. The services during the next three Sundays will be of an evangelistic nature at our church. Revival sermons will be brought at the Sunday morning services and it is hoped that many will become members of the Church. A number will be baptized this Sunday morning. All Presbyterians are urged to be present Sunday and welcome these new members. Visitors are always welcome.

KLONIAL KARD KLUB

Mrs. A. A. Sawyer was hostess to the Klonial Kard Klub Friday, September tenth. A salad plate was served to Mesdames Telford, Wingerd, Stricklin, Heath, Allen, Applewhite, Money Price, and Davis. Mrs. A. J. Stricklin and Mrs. Leo O. Allen won cut prizes, and Mrs. E. C. Davis won high.

MEADOW H. D. CLUB

The Meadow Home Demonstration club met with Mrs. Will Bell September 7th. There were 10 members and two visitors present.

Songs were led by Mrs. Lillian Doak; business council report was given by Mrs. Doak; the state convention report was given by Mrs. M. W. Fox; canning school report by Mrs. G. F. Parker; Mrs. Ashburn was appointed rummage chairman.

The program was on vitamins. Mrs. Lillian Doak gave a short talk on "Why It IS Important to Eat the Right Food." Mrs. Ashburn gave a talk on "Cook to Retain Vitamins."

Recreation was led by Mrs. Thelma Locke, was a very interesting game. The meeting adjourned to meet Sept. 21st, with Mrs. Ray Cateberry. Delicious refreshments were served by the hostess.

Terry County Council Meets With Chairman

The Terry County Council met Saturday, September, 11, with the chairman presiding. Roll call and secretary's report were read and approved. All the clubs were represented. We had the report of the finance committee. The delegates of the convention gave their report. There were 175 counties represented at the convention.

The key speech of the convention was the six-point program battle of production. (1) A Well-Ed Nation; (2) Waste, and Salvage; (3) Inflation, and Buy War Bonds; (4) Fighting Spirit—Don't Slow Up; (5) Right and Decent Society—Teen Age Girls; (6) Programs at home, instead of letting them go to the city—some of us just live a 15-minute drive from the city.

We are going to study our constitution and by-laws at our next meeting and everybody that is interested, be sure and be there.

PARTY

Delores Gillham, Jane Weir, Chezy McSpadden, and Juay Griffin were hostesses to a group of their friends Saturday night, from ten to twelve.

Lemonade and cookies were served to Odell Quante, Richard McDuffie, Billy Joe Lewis, Jackie and Jerry Worsham, Robert Knight, Robert Montgomery, John Earl Dalton, Arnold Dalton, Betty Jean Holmes, Gene Craig, Eleanor Miller, and the hostesses

JOHNSON H. D. CLUB

Meeting announcement: The delegates to the state Home Demonstration Club convention will meet with us Tuesday, September 21, at the school house and give the report of the convention. These ladies are good speakers and we want all the ladies to attend.

Mrs. W. M. Fox of Meadow and Mrs. Paul Gracey of Harmony are the speakers.

We invite the ladies of the Pool community to attend.

MARRIAGE LICENSE

Mr. Charlie Nickerson and Miss Letha Webster, were issued a marriage license, September 9th. Mr. Dowell F. Ballard and Miss Robbie Cravens, applied for a marriage license, September 12.

Steve Brock, who is in the navy, is visiting his parents, Mr. and Mrs. L. L. Brock of Union.

Hospital Notes

Miss Forrest Steen of Amarillo, Texas, was admitted for surgery. Mrs. S. W. Wallace, of Brownfield, entered as a surgical patient. Mrs. J. A. Drennon, of Welch, Texas, has been admitted for surgery.

Mrs. W. M. Green, of Wellman, is a medical patient.

A girl, weighing six pounds and six ounces, was born to Mr. and Mrs. C. J. Falls, Jr., of Tahoka, Texas, September 14.

Mr. and Mrs. Loyd Chambliss, of Brownfield, are the parents of a seven pound and seven ounce girl, born September 14.

A boy, weighing six pounds and twelve and one-half ounces, was born to Mr. and Mrs. James Warren of Brownfield.

Glenda Jane Christopher, of Wellman, was admitted September 15, for tonsillectomy.

Mrs. Horace Belew, of Meadow, Texas, was admitted September 15 for a tonsillectomy.

BAPTIST CHURCH NEWS

Last Sunday marked the sixth year of the pastorate of Pastor Avery Rogers as well as the close of the Associational year, and a report was made to the Brownfield Association, which has been in session during this week with the church at Wilson. The report showed by far the largest money receipts in the history of the church for the past year, more than nine thousand dollars of which was applied on the payment of building obligations, leaving an indebtedness of six thousand dollars against the property. There was paid out of the church treasury during the year over twenty-two thousand dollars for all purposes, and beside the building payments and salaries of the pastor and janitor and other minor expenses, near one thousand dollars was put into the building for Mexican people, and over two thousand dollars went for outside causes, missions at home and abroad and more than six hundred dollars for relief of suffering people mostly in China, where the Japanese have reduced the population in many localities to starvation.

The attendance during the year for Bible study and in fact all the church organizations was not a banner year, there being fewer people studying the Bible at the church than formerly, and smaller congregations on the average at the services of the church, which was occasioned in part by men leaving for the army and families going for defense work, but mainly by members of the church preferring to visit or stay at home rather than attend the services. We record these disagreeable facts because they are facts and it is unwise to disregard them.

The budget for the new year will recommend the payment of the building debt outstanding if possible, January first of next year, and a cooling plant for the auditorium to be installed before next summer, in increase in salaries of \$780, for the year and other items about as last year which will require nineteen thousand dollars plus for the next associational year. This budget recommendation will no doubt be considered by the church next Sunday morning.

As the new year is before us may we all resolve to have some part in the work of the church for the coming year.—D. P. Carter, reporter.

GETTING DOWN

A very tall man applied at the fire department for employment and the following conversation took place between him and the superintendent:

Superintendent: "Now, Mr. Brown, suppose this building should catch fire and you were in the second story; what would you do?"

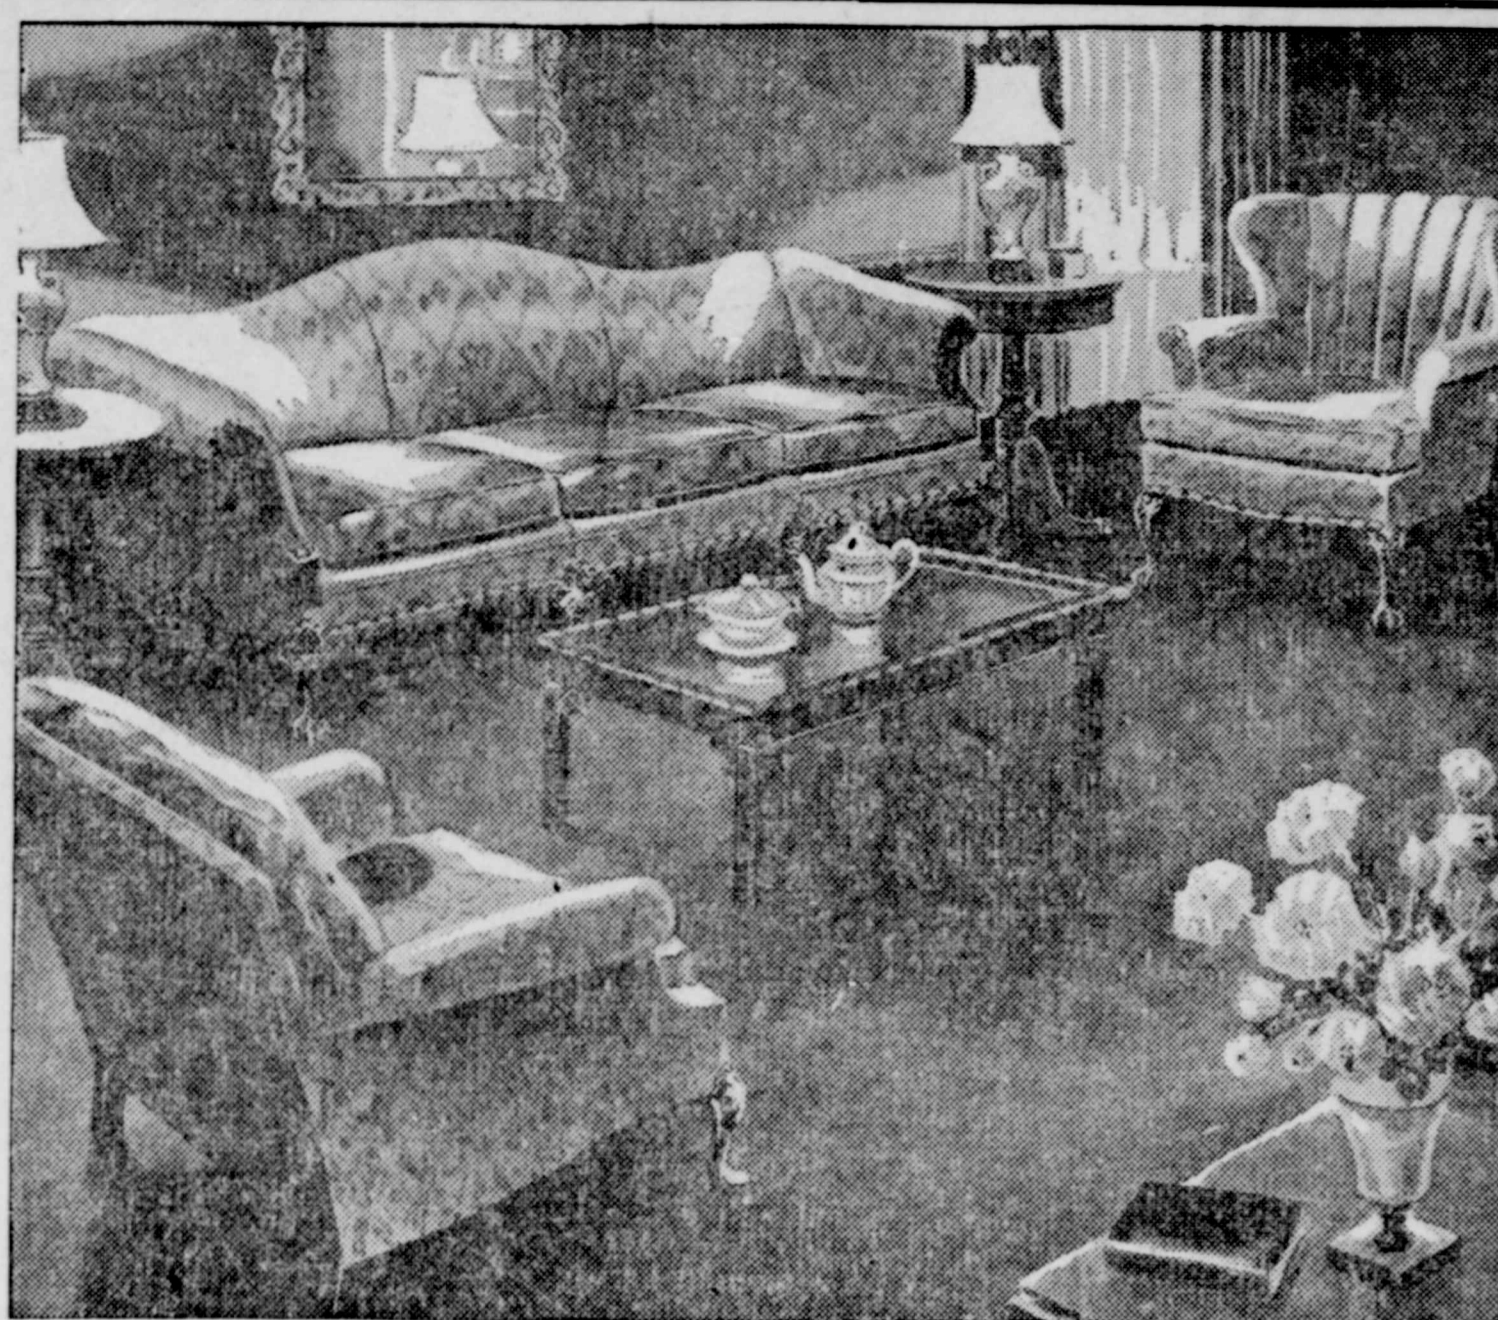

Applicant: "Well, boss, the only thing I know of would be for me to step out the window and slide down on my leg."

J. T. PIPPIN ENJOYS BIRTHDAY DINNER

On Sunday, September 5, the children of J. T. Pippin met at the home place in the Tokio community, and enjoyed a dinner, given in honor of Mr. Pippin's 66th birthday anniversary. All children were present at the occasion except Mr. and Mrs. Floyd Ledbetter, who are in St. Louis, Mo., as he is in the navy and unable to attend. A granddaughter, Joan Shilton, also has a birthday on the 6th, and a grandson, Alfred Pippin, celebrates his on the 5th; he was two this year. Mr. and Mrs. R. L. Bandy, of Dallas, were her for the occasion.

Typhus On Decline But Kill Rats

Austin — "The conquest of typhus fever in Texas is far from complete and the mere fact that typhus is on a slight decline during the past few weeks should not for one moment lull us into a false sense of security," Dr. Geo. W. Cox, State Health Officer, declared in Austin today. "There is still entirely too much of this disabling and sometimes fatal disease."

"Concentrated effort and close cooperation from every citizen of Texas is urgently needed if typhus fever is to be brought definitely under control," Dr. Cox continued, "and this certainly must be done if our civilian health and that of our armed forces in Texas is to be protected."

Inasmuch as typhus is spread by the flea which feeds on typhus infected rats, control measures, according to Dr. Cox, depend on rat extermination through means of starving out and building out rats as well as trapping and poisoning them. He stated that regardless of what a fine garbage collection and disposal system a community maintains, it is practically worthless in rodent control unless garbage is put into (and not beside) a garbage pail and the pail kept covered at all times.

Rat-proofing of all homes and business houses should be undertaken as quickly as possible and the local health departments are usually able to assist in overcoming the obstacle of obtaining materials and labor. They can also assist in trapping and poisoning campaigns and will gladly do so upon request.

W. E. STEWART OF TATUM DIED HERE

W. T. Stewart, 66, of Tatum, N. M., died last Thursday at Treadaway-Daniell hospital, after a long illness. The body was prepared by the Brownfield Funeral Home and carried to Tatum for burial. Funeral services were held at the Tatum Church of Christ. He is survived by his wife and a number of children.

Mrs. W. R. McDuffie, Mrs. A. W. Thomas and Juanda Ruth, spent a few days in Dallas, visiting relatives this past week.

Our old side kick, N. D. Rentfro, is now getting his Herald on the Vigo route, Tulia, Texas.

Home Demonstration Agent Resigns

Resignation of Miss Dorothy Fay Blanton as County Home Demonstration Agent of Terry County was announced to the Commissioners Court on Monday, Sept. 13, by Miss Kate Adele Hill, District Agent of the Extension Service, A. & M. College, College Station. Miss Blanton's resignation will take effect September thirteenth and is due to ill health. Appointment of a new agent will be made as soon as one can be found to take the place, according to Miss Hill and the Commissioner's Court.

The Plainsman Afraid Of Boll Weevils

Recently in his column, The Plainsman, of the Lubbock daily publications, professed great fear that the boll weevil would in a few years ruin the south Plains as the best cotton producing section of Texas, or perhaps the south, when cost per acre production is considered. We usually go at The Plainsman in an off the record style, because we really like the Guy. But this time we are in dead earnest, and wish to allay any fears he has of the sharp nosed little cotton destroyers. The Plainsman was reared just outside, or at least on the north line of cotton production.

Will state that when we came to Texas in 1900 when central and north Texas were both in their prime, and before they wore their land to a frazzle in all out cotton production. At that time, there was reports of weevil damage in south Texas, and by 1903, there were plenty of the little boogers in central and north Texas. Will also state that we spent the first nine years in Texas on farms. By 1908, there were a few in central west Texas, but not in damaging numbers. For a few years now, the weevil has got in some work in the Howard county section, especially of wet years.

Indeed as far back as 15 years ago, a few were reported on the farms in Terry county. Some were brought to this office by men who knew them in central Texas. In the meantime, there has been no restrictions on shipping cotton seed in here from any section, but the weevil seems to have no more toehold on the Plains than 15 years ago. Just why, we are not prepared to say, unless our deep winter freezes get them. Our real pests are boll worms, flea hoppers and leaf worms, and always has been. The boll weevil has had the same chance as the above to get here.

Oh, yeah! says one, boll weevils have been put between blocks of ice for days, and they'd come out of it, in the sun. Another oh, yeah! Ice is 32 degrees. It often gets below zero on the plains.

What About the Pink Boll Worm?

Some 20 years ago, when Terry first really got into cotton production, two men came here to our county fair, representing the US Department of Agriculture, they stated. They had samples of squares, bolls and even the pink boll worms in tightly screened containers to show folks just what we could expect in the next few years. In fact, these men told of the ravishing qualities of the pinkie, and it was demonstrated on the bolls. They had us worried, to be plain. Years later, a few samples, all dead, were found in gin refuse, and we were dubbed "pink boll worm infested" by the USDA, and quarantined. If any more than a few dead ones have been found since, we are not aware of it, and farmers say nothing about them. It's boll worms, leaf worms and flea hoppers that worry cotton farmers of this area.

Just the same, at Woffarth, and just across the Lynn county line on the Tahoka highway, are erected signs forbidding cotton or cottonseed to pass. In other words,

Terry County Watermelons

G. W. N.

It has been known for many years that Terry county produces in abundance the best grade of watermelons. While every year, quite a lot has been produced, supplying the local market, and shipping some, largely by trucks, yet it has not been stressed as a commercial crop. It was undertaken a few years ago, but the freight rates at the time were prohibitive, and this year because of the shortage, but little shipping is by trucks. The crop, however, is very profitable. One farmer has cleared over \$3,000.00 on his crop of some 20 acres, many others have made \$100.00 per acre.

W. M. (Moury) Lewis, the tentative, though unofficial head of the melon industry, states the acreage for 1943 is about half of normal, and because of the drouth, the yield is about half, but the prices have been good, and that the quality is excellent, and urges care in seed selection, planting and cultivation. We can keep the quality up to what people want and soon have this crop one of the most valuable in the west. Mr. Lewis promises to issue a bulletin soon, giving benefit of his experience and knowledge of melon raising. At this time he recommends the Florida Giant, and that seeds that are saved from local melons should be only from well ripened melons. In fact after they begin to "mush," and never from semi-ripe.

Of course, like other crops, and things, some have been good and others bad, owing to the seed, soil and season, and a variety of things.

Mrs. John Chisholm, accompanied by her daughter, Mrs. Jimmie Proctor, left for Savannah, Ga., Wednesday. They drove through and Mrs. Chisholm will return by train. Staff Sgt. Jimmie is based in a service camp at Savannah, he having returned there several weeks ago and she remained for a longer visit.

Mr. and Mrs. Mon Telford visited the week-end with Dr. and Mrs. Jacobson and Mr. and Mrs. J. B. Patterson, of Amarillo, while there on business.

The USDA has strictly forbidden the "dead pinkies" if any, to cross the line. Now just a bit about sections where they have been at their worst.

A brother-in-law of the writer, was for many years superintendent for a string of gins from southern California, through Arizona, New Mexico, Texas and old Mexico, belonging to a syndicate. It was his duty to investigate and see that all these gins were kept in a good state of repair. He stated to us that they have had in that area, along the Texas-Mexico border, plenty of pink boll worms, but they have succeeded all along in raising from one to two and three bales of cotton per acre, per year.

But the USDA bugologists have made each gin year in and year out, in this irrigated valley section, to dig and poke among the gin trash. We might state in conclusion that these boys draw a good salary. Can you blame them for digging and poking?

So, don't get too excited, Char-tonseed to pass. In other words,

There's a World of Relief and Comfort in Every Bottle of WATKINS LINIMENT

World's Largest Selling Liniment

Watkins Liniment, the first product in the Watkins line back in 1868, is one of the oldest, most widely sold and most favorably known liniments in the world. For 75 years its time tested formula has given the same continuous aid, relief and comfort to millions of users for many common, simple, everyday aches, pains and ailments.

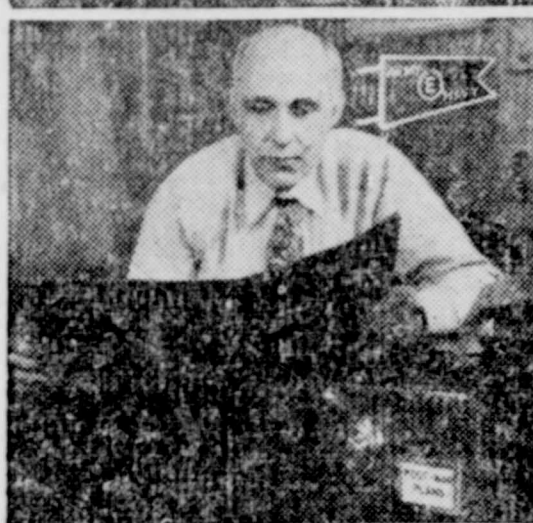

Only a medicine of proven merit keeps the loyalty of old customers and wins new friends year after year for over three quarters of a century. Results justify the existence of any medicine, and by this standard, Watkins Liniment is deservedly the world's leading liniment. Keep a bottle always handy in your medicine cabinet, in the house and in the barns. The assistance it gives you in times of need is worth many times its moderate cost. For a limited time there is a surprise for you with the purchase of each bottle.

Movie Stars In Bond Rally At Rialto

Through the efforts of Mrs. Ethel Jones, proprietress of our theatres here, two movie stars from Hollywood, on a tour in the bond campaign, appeared in person before the Rialto theatre Monday at 11 a. m. The occasion, a bond rally, dedicated to Mr. and Mrs. W. E. Henson, whose only son, yet in his 'teens, went down with the Battleship Oklahoma in the famous Pearl Harbor Japastrophe. The rally was out-doors, on improvised platform. Virgil Crawford was master of ceremonies.

W. R. McDuffie presented Mr. and Mrs. Henson. Remarks by L. Nicholson, in charge of the bond campaign; music by the Brownfield high school band; and several servicemen present were presented and each made a few remarks. All indicated that in their respective groups, 100 per cent were buying bonds out of their meagre pay.

BY APPOINTMENT

The big business man had died and gone to—well, not to heaven. But hardly had he settled down for a nice long smoke when a hearty hand slapped him on the back, and into his ear boomed the voice of a persistent salesman who had pestered him much on earth.

"Well, Mr. Smith," chortled the salesman, "I'm here for the appointment."

"What appointment?"
"Why, don't you remember?" the salesman went on. "Every time I entered your office on earth you told me you'd see me here!"

N.F.L.A. ELECTS OFFICERS

The National Farm Loan Association, the local adjunct of the Federal Land Bank, Tuesday elected T. C. Hogue, president; J. C. Johnson, vice-president; and Ross O. Black, secretary-treasurer. J. W. Hogue and J. L. Langford, directors, who with Hugh Hulse, whose term holds over are directors for the ensuing year.

The association has been in operation here since about 1918, soon after the creation by Congress of the Federal Land Bank system, and has done an extensive business in Terry and Yoakum counties. They now have 214 Federal Land Bank loans, and 144 commissioner loans in standing, amounting to over half million dollars.

Lions Barbecue The Cubs

The Lions club was host to the local football team at a barbecue in the county park at 7:30 p. m., Monday evening, and after a feed prepared by our famous barbecuer, Sam Pyeatt, short talks were made to the boys by Herbert Ches-shir, Supt. Hancock, and Coach Bost; also Jim Neill, who stated: "It's been just 11 years since I was wearing one of the suits of the Brownfield Cubs. At the time we became known as the Fighting Cubs, and I hope you will keep up the reputation." While the team on an average appear to be light in weight, their spirits and ambition were high, and fans expected them to keep Brownfield at the top. Their first game will be at Midland this afternoon, provided transportation can be obtained.

Only two of the team came over from last year, ten of the former team-mates are now in military service; they being Harold Dalton, Spence Murphy, Deverle Lewis, and Calvin Stevens in the marines and Ladell Nelson a paratrooper, Carl Forbes in the army, Keith Mason in the air corp, sonny Walls in the navy, and Neill Burnett, aviator cadet.

A MATTER OF TASTE

A man sat down at a lunch counter and ordered four poached eggs and chips, a dozen oysters, and a grilled steak.

After wading through these he finished off with four doughnuts and two cups of coffee.

"When the waiter had finished serving he remarked: "You must enjoy your meals."

"Far from it," replied the diner. "As a matter of fact, I hate 'em—but I'm nuts about bicarbonate of soda."

"CABIN IN THE SKY"

... starring Ethel Waters, Rochester, Lena Horne and a host of other colored stars, coming to the Rialto Friday and Saturday and to the Ritz for a special showing Saturday midnight.

TELLING HIM OFF

The old sailor had retired from the sea. Each morning a grubby youngster knocked at his door, went in and came out again. After this had gone on for some weeks the curiosity of the villagers was aroused.

"Tell me," said one to the youngster, "why do you visit that old sailor every morning?"
"Well, sir, he gives me a quarter if I say to him, 'The captain wants you immediately.'"
"And what does he say to that?"
"He says, 'Tell the captain to go to blazes.'"

KNIGHT HARDWARE

Miss Georgie Whorton, of Fort Worth, is spending the week with Miss Eleanor Gillham, daughter of Mr. and Mrs. J. O. Gillham of this city.

Mrs. McGee and son, Stevie Pat, of Wichita, Kansas, and Mrs. Delbert Swindle and daughter, Martha Dell, of Calrsbad, New Mexico, are visiting in the L. L. Brock home.

Mrs. Chad Tarpley has returned to Brownfield after visiting her mother and sister, Mrs. T. E. Bartlett and Mrs. Ray Cowan, of Abilene. Mrs. Tarpley will be at home in the Sy Tankersley apartments on Main street.

Chad Tarpley, son of Mr. and Mrs. M. G. Tarpley, has been stationed in Kirksville, Missouri, for his cross-country flight training.

HELL TO HITLER

Hitler died and went "below." Satan answered his knock, told him to wait a minute, went away, and returned with a box of matches and a bundle of firewood.

He gave both to Hitler with the remark: "Listen, Adolph, there's a limit to what even we can stand. Take these and start a hell of your own."

What Is An American Army?

By Ruth Taylor in Spur Times

What makes an American army? It is selection. The boys come from all ranks of life, from farm and factory, from village and city, from the work bench and the class room. There is no question of class, no bar of national origin of the names they bear, no dispute as to their religion. They are chosen because they are physically fit and mentally able to do a hard job because they are tough enough to take it—and to hand it out.

It is leadership. With only a small standing army, war found us with too few men trained to lead. But that never stopped an American army. The boys in the ranks were culled by their officers and if they showed any qualities of leadership, they were pushed into officers training camps, there to earn their ratings. Gossip mongers to the contrary, practically none of officers were selected because of their "friends." Our leaders know the men they are leading because in the ranks are men they know, who came from the same kind of homes, were taught in the same kind of schools the same beliefs in democracy. The men obey because they know "why." The officers lead because they know "how."

It is devotion. In our ranks are men whose ancestors crossed the seas generations ago—and those who came in the last immigration; those whose only language seems to be American slang, those who talk with a "Harvard" accent, and those who still have a foreign accent; those who are Americans by birth, and those who are Americans by choice. But there is a common bond which ties them together—a bond of devotion to the free land that is America.

It is consecration. Alike the men who are Americans are consecrated to an ideal set forth in the Declaration of Independence, "We hold these truths to be self-evident, that all men are created equal," in the Farewell Address of George Washington, "Citizens by birth or choice—the independence and liberty you possess are the work of joint councils, and

Why The Oil Shortage In USA?

Oil men and responsible authorities have pointed out that rationing of fuel oil and gasoline is in no sense attributable to any failure on the part of oil companies.

The facts are simple. To run a mechanized war requires literally billions of barrels of oil. No other nation was as well equipped to produce oil either by nature or by the enterprise of its citizens as this nation was when war came. We had huge oil reserves in the ground and, equally important, we had an efficient private industry operating under competent management which know how to get oil out of the ground. And it got it out in astronomical quantities upon very short notice.

Moreover, this is not all the oil industry had to do upon short notice. A thousand bombers during a single four hundred mile raid over Germany burn approximately 1,000,000 gallons of 100-octane gasoline. The oil companies had to develop refineries to produce such high-test gas, in itself a staggering job. Before the war, 100-octane gasoline was not produced in quantity. Suddenly the whole war effort depended upon getting it in quantity quickly. It was up to the oil companies to get it. They got it—and in time.

Many months ago oil men began warning that the nation's oil reserves were being used faster than the rate of discovery. The discovery rate of new oil reserves has not stepped up to meet increased demands for the simple reason that the cost of "wild-cattling" is far too high in relation to the price of oil which is set by government decree. Until the price is adjusted, oil will continue to become more scarce.

Continued government-imposed handicaps on oil production will cost our nation dearly.

Mrs. Vance Sibley and son, Tommy, of Odessa, Texas, spent Monday in Brownfield visiting friends.

Miss LaRue Ross, daughter of Mr. and Mrs. C. E. Ross of this city, left Tuesday for Lubbock, where she will resume her studies as a second-semester sophomore in Tech.

Miss Grace Tarpley, daughter of Mr. and Mrs. M. G. Tarpley, left Monday for Abilene, where she will resume her studies in general education as a junior in Hardin-Simmons U.

MRS. CASWELL PASSES FROM SUDDEN ILLNESS

Mrs. C. N. Caswell, 26, died at the local hospital at 10 P. M., Monday, just a few hours after entering the hospital. The Caswell family lived between Tahoka and Post. She is survived by her husband and four children.

The Caswell family had just returned from a visit with her parents at Hollis, Okla., and had stopped by to visit his parents, Mr. and Mrs. C. D. Caswell, just east of Meadow, when their daughter-in-law took suddenly ill, and brought to the local hospital.

The body was taken overland to Hollis, Okla., by the Brownfield Funeral Home. Funeral services will be held at that place, and burial will follow in the Hollis cemetery.

CARD OF THANKS

I take this means to thank my friends for their flowers, gifts and many kindnesses during my recent stay at the hospital and at home.

I appreciate all you've done for me and thank you with all my heart.

—Mrs. E. L. Redford

Miss Mary Ray Simms, daughter of Mr. and Mrs. Raymond Simms, left Tuesday for Lubbock, where she will enter Tech, as a freshman.

joint efforts—of common dangers, sufferings and successes; "in the Gettysburg Address of Lincoln," Government of the people, by the people and for the people and finally in the message of President Roosevelt, "In the future days, which we seek to make secure, we look forward to a world founded upon four essential freedoms."

Selection, leadership, devotion and consecration—that is what makes an American army American. That is what will carry an American army on to victory.

Forward March— America!

THE 3RD WAR LOAN DRIVE IS ON!

Today...YOUR COUNTRY looks to YOU to back the INVASION

3RD WAR LOAN

★
15 BILLION DOLLARS
(NON-BANKING QUOTA)

• The big drive is on! Not only on every battlefield—but on the home front, too. As the tempo of the war increases . . . as our fighting forces go all-out for INVASION, we folks back home must mobilize in their support.

We must back the attack with our dollars.
And that's what the 3rd War Loan Drive is for!

Today marks the opening of this vital drive, probably the most important appeal your government has ever made to you. Open your heart . . . and do your full part.

To reach our national quota everyone who possibly can must invest in at least one EXTRA \$100 War Bond during the drive. AT LEAST \$100. More if you can. That's in addition to your regular War Bond subscription. Invest out of your income . . . invest out of accumulated funds. Invest every dollar you can. For, one thing is certain—this is total war and everyone must do his full share. And that means you!

You know all about War Bonds. You know that every penny comes back to you with generous interest. That War Bonds are the safest investment in the world. That they help secure your future . . . hasten Victory. So now—today—let's all do our share. Back the invasion now—buy at least one extra \$100 War Bond in September.

Safest Investments in the World

United States War Savings Bonds Series "B"; gives you back \$4 for every \$3 when the bond matures. Interest: 2.9% a year, compounded semiannually, if held to maturity. Denominations: \$25, \$50, \$100, \$500, \$1,000. Redemption: Anytime 60 days after issue date. Price: 75% of maturity value.
2 1/2% Treasury Bonds of 1964-1969; readily marketable, acceptable as bank collateral. Redeemable at par and ac-

crued interest for the purpose of satisfying Federal estate taxes. Dated September 15, 1943; due December 15, 1949. Denominations: \$500, \$1,000, \$5,000, \$10,000, \$100,000 and \$1,000,000. Price: par and accrued interest.
Other securities: Series "C"; Savings Notes; 3/4% Certificates of Indebtedness; 2% Treasury Bonds of 1951-1953; United States Savings Bonds Series "F"; United States Savings Bonds Series "G."

First it's War Bonds—after that it's Clothes

Among the recent renewals: Ray E. Moore, Rt. 4, city; C. D. Caswell, Meadow, Rt. 1; Mrs. L. A. Pritchett, city; B. O. Black, Rt. 2; W. W. Marchbanks, city; and Pfc. A. H. Smith, Bryan Air Field, by his dad, W. C. Smith, city.

Tom Brown of Meadow and R. D. Durham, Rt. 2, city, are both new readers.

Miss Annie Armstrong was in last week from the ranch in the Sligo section of Yoakum county.

Dr. R. B. Parish, of Hobbs, N. M., was in to get the Herald started to him at that place, recently. He is liking fine, but says there are no better people anywhere than in Brownfield.

Maybe like us, you haven't met Jimmie Rhea, the new Western Union manager till now. You'll like this young fellow. He replaces Henry Brennaman, who has been here several years, and installed the teletype system. Henry was sent to Sweetwater, we understand.

J. T. Newsom, Rt. 4, and Herbert Singletary, city, are among the new readers of the Herald.

Mrs. W. L. Cousineau had a letter this week from her son, Jim, with the US navy, stating that he would probably be on his way home before she received his letter. Jim has been located in the Alaska area, but many of the seamen who have been located up there seem to be back in the San Francisco area since the Japs have been driven out of the Aleutians.

C. E. Johnson and family of Tokio, and Miss Sarah Smith of Plains, have just returned from California, where they visited Ray Locke and family, Los Angeles, and their son, Auvie Johnson, at the U. S. Naval Training Station at San Diego.

John Fry of Lubbock, is now reading the Herald regularly.

**A General
For President**

G. W. N.

Senator Capper, that farm paper editor from Kansas, who has made more money politicking than from planting, urges the Republicans to draft either General McArthur or Eisenhower for President in 1944. He prefers Eisenhower because he is from Kansas, which according to last few elections, seems to be quite a recommendation to the majority of Texans, but didn't carry very well with the nation in 1936. Ike was born in Texas, but left it too early to absorb much of our Texology. We agree with the implied bold admission the Republicans haven't any civilian timber for President. The Democrats may "tee hee" at this, but they can't "haw haw" very loud. These two good ones too, we salute them, Generals are militarists and d--n but they have no more business with the Presidency than Doc Treadaway has for District Judge. We would confidently get on Doc's table and submit for operation on any Situs we might be afflicted with, but wouldn't he make a heck of a judge? When an attorney jumped up and 'objected' he would shoot him a hypo (which mightn't be bad at that), go to examine the witnesses, make 'em stick out their tongues and say 'Ah-h.' Make th court reporter wear a white uniform. And vice versa, while Judge Garland is just and learned in the law, who would want to get on his operating table? Be sworn to tell what caused your ailment. Maybe incriminate yourself. Get sentenced to two years in the hospital, with time off if you got well. No, every man to his talent. These two Generals have a handful of a job in hand, nasty enough without dragging them into modern politics. They've too much unfinished business over yonder and over yander. We have too much of this stuff of one group meddling with the other like Congress trying to dictate the size of the army, whose to be drafted, and a state committee on government expense, using needed planes and precious gasoline visiting the war fronts, about which they know as much as a dove at a prize fight. If these statesmen (if you call 'm that) and the public would do as well in civil affairs as the generals and boys are doing in the military, we might accomplish something at home as well as abroad.

It seems, too, that we have got things at home in such a mess, it may take both generals to get us out. But, with a persevering and tolerant people doing more thinking and acting and less bellyaching, we'll become victors on all three fronts.

Praise the Lord, and pass 'em more ammunition.

TRACY AND HEPBURN

A fiery love drama, "Keeper of the Flame" is coming to the Rialto, Saturday night Prevue, Sunday and Monday. Besides the two stars, the picture boasts a large supporting cast.

CARD OF THANKS

With deepest appreciation for all your kindness in our hour of sorrow, we are sincerely,
Mr. and Mrs. Posey Henderson,
Levelland, Texas.

Junior Chamber of Commerce Banquet

A full attendance of membership and guests, enjoyed a banquet at the Thompson Cafe, Wednesday night. Virgil Burnett, president of the chamber, presided and E. E. Hancock was toastmaster, who presented an old acquaintance as principal speaker of the occasion, Prof. H. C. Pender, a teacher of government at Tech college, and student of International Relations, who delivered an interesting address on post war peace. France Bake, president of the Lubbock Junior Chamber, also addressed them.

Fred Walker gave a brief outline of the proposed Boys Farm and invited all to attend a public meeting at the Court House this afternoon, to hear a discussion on it.

The membership gave Slick Collins a farewell hand, as he is to leave soon for military service. The body then bought another war bond, making them near \$500.00 in bonds.

L. E. McClish of the Star Tire Store, was a business visitor to Denver, Colo., this week.

C. J. Bonham of Seagraves, was transacting business, here Wednesday.
