The great Santa Fe system, with some 13,000 miles of track in 14 states of the middle west and southwest; with its thousand of employees; its huge accumulation of rolling stock and locomotives; its streamlined passenger trains that make 100 miles an hour, is a great contrast to the first 17 miles of track built back in 1868 from Topeka to Carbon-

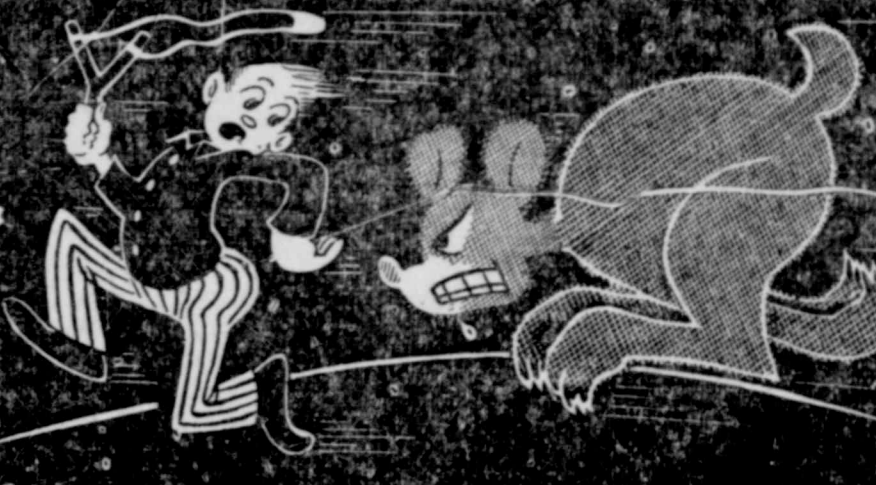

Germans, many of which are very religious, think that Hitler, too, is very consecrated to the cause of Christian religion. They also think that German troops have occupied all Russia and that country is under the domination of the third Reich. Another allusion that lies and false propaganda has fused into the head of the average German, is that New York and other great American cities are now in ruins from the effects of German bombs. What an awakening when the day of judgement breaks for them and they are disillusioned.

Our neighbor editor, Col. Eee Eye Hill of the Lynn County News, Tahoka, gave us a very fine editorial in last issue about dictators past and present, beginning with some female Hitler back in the time of Babylon. Mr. Hill closes with the statement that "Hitler should know better than try to conquer the world, if he ever read history." Hitler don't read, Editor Hill; he writes what he wants the other fellow to read. By the way, we are glad to know you are up and at your desk again, friend.

It is a pleasure for the Herald to look over our exchanges, and especially the bank statements. In all the larger county seat towns, the banks have several million dollars on deposit, ranging from three million dollars, and that does not include the larger towns like Lubbock and Big Spring. Even the smaller towns, like Abernathy, Lorenzo, and O'Donnell, to mention just a few, have a million dollars or more on deposit. The people are flush with money and not a lot they can buy. So many of them are planting a lot of this surplus cash in war bonds, and these bonds will certainly come in handy after the war is over and things are not so flush.

Press reports say that captured

YOU DON'T HUNT BEARS WITH A SLING-SHOT!

... and you're sure hunting trouble when you put cheap, "will fit" replacement parts on your John Deere tractor and farm equipment. When you put such parts on a John Deere machine, you're not repairing it—you're seriously impairing the working and wearing qualities of that machine.

So be wise—buy only genuine John Deere parts for your John Deere equipment... they're made from the same patterns and by the same skilled workmen as were the original parts. Remember, too, when you buy John Deere equipment, you're sure of prompt repair service during its long life. We make good this promise.

To those who have a suspicion that Russia might make a separate peace with the Huns, will probably have another think coming now. In fact, while this writer has no corner on thinking, we have never thought that such a thing likely to occur for the good and sufficient reason that we believed the Russians would find more and more of deliberate destruction, murder and rape as they drove the Germans back toward Germany. Knowing the temper of the Russian people, who say little and do much, we believe that they would never stop fighting until Germany was thoroughly whipped. Few Americans know that Joe Stalin has lost a son in this war, a Russian lieutenant, and Joe Stalin is not the kind to ferret a favor or an injury. A magazine writer who spent years in Russia and knows the language, say they are not a people to put

on a big display of anger or affection, as are the latins, for instance, but when one of their family or a close friend is killed in action, they have a word they use when informed of the occurrence, that corresponds very closely to our "so what?" But they leave a meaning in saying that word which leaves no doubt that such death will be avenged, finally.

Joe Stalin has the right punishment for the German people after the leaders have been liquidated, and that is to force them to rebuild every home and every other building they maliciously destroyed in Russia and other nations that have been devastated. This would keep them so busy the next one hundred years they couldn't plan another war very soon.—Big Spring News.

Vice-President Henry Wallace got a cool reception in Dallas where he barnstormed last week attempting to line up 4th term support. Naturally he was greatly interested in second term support for himself, perhaps more so than he was willing to admit. Business is handicapped by many of the absurd rulings of New Dealers, but Wallace would pile up our burdens. He has been crusading against business with the idea that some bureaucrat in Washington should tell each of us just what we should do. Wallace seems to forget — if he ever knew — that free enterprise is responsible for the greatness of America. Had not free enterprise built the great industries it would have taken New Dealers 10 years to bring our war production up to the stage that it reached one year after Pearl Harbor. Of course neither the president or the Vice-President have much of an idea as to what industry means since neither have had to work for what they own.—Canyon News.

EIGHTEENTH BABY COSTS FATHER \$5; NEXT FREE

Chardon, Ohio.—The eighteenth child, a boy, was born recently to Mr. and Mrs. Abe Weaver in adjoining Clairdon township.

Because Weaver was a downward sliding price scale with the attending physician, Dr. H. E. Shafer of Middlefield, every time Weaver's family enlarged, the new boy will cost this time only \$5. If there is another, Dr. Shafer will collect nothing for his service.

Worse yet, after that, Dr. Shafer is to pay the Weavers for subsequent deliveries.

"I certainly earned my \$5 this time," said Dr. Shafer.

"The baby was apparently lifeless for some time but we soon brought it around."

Mrs. Weaver is 40.

Mr. and Mrs. L. M. Lang and Mrs. E. J. Jarratt spent Sunday in Andrews visiting Mr. and Mrs. H. B. Turnbow. Mrs. Turnbow is a sister of Mrs. Lang and Mrs. Jarratt.

Guests in the Madison Weaver home Thursday and Friday were Miss Irene Weaver of Dallas and Mrs. Irma Collins of Lubbock.

ARMISTICE DAY

We are at war—as we pause a moment this Armistice Day, — November 11th, 1943, — to pay tribute to the memory of those gallant fighters who won the peace back in 1918. And we must simultaneously pay tribute in our hearts, to the fighting men who once again face making the supreme sacrifice — that a new, a better, a lasting peace after World War II may be their contribution toward fulfillment of man's struggle for freedom.

WE PAY TRIBUTE... to the boys of our town, our community... and to those from this firm who are now, or will be soon, on foreign soil. May those who have paid the supreme sacrifice not have died in vain; that life, liberty, and happiness will always be free in this, our own AMERICA, LAND OF LIBERTY!

Us voters and citizens, we are the people who will pay for the war—no use beating around the bush, and thinking up trick ways of collecting a tax, painless. It would be like novocain—when it wears off, brother, you will know plenty has happened. And, also, if we put off paying until some mayor, or congressman, or somebody can get himself elected, the old judgment day will catch up with us, later. Paying for the war now, or as near as we can, is going to reduce our miseries tomorrow—and save skads of interest.

Congress is making motions like it might take the bull by the horns. A sales tax may be in the offing. Like that jumpy molar, the sooner we get the mood to see the dentist and let him do his worst, the sooner we can get back to work.

A 10 per cent sales tax is not sweet medicine. No tax is sweet.

ARMY COMPLAINS OF HIGH SCHOOL MATHS

Austin, Tex., Nov. 1.—To stimulate interest in mathematics, the Interscholastic League of the University of Texas is installing a new contest in slide rule operation for Texas school children, Roy Bedichek, league director, has announced.

"Many branches of the armed services have complained that new inductees are shy on mathematics and that the public schools don't teach students how to do sums in their heads," Bedichek explained.

The League will soon have a bulletin off the press outlining the rules of the contest. The pamphlet was prepared by L. W. Ramsey, professor of mathematics at Texas Christian University.

Dennis Lilly and W. F. McCrackin were business visitors in Sweetwater, Abilene and Winters Thursday and Friday.

Mr. and Mrs. Harvey Gage spent the week end at Whitharral visiting her mother, Mrs. H. C. Billings, and her sisters, Mrs. Earl Chester.

But if we don't cough up now, and plenty, we will wake up every A.M. for the next 50 years and find the tax collector fumbling with our door bell. There are other things that would be more pleasant.

Yours with the low down,

THIS ARMISTICE WE SALUTE OUR BOYS AND MEN WHO SACRIFICED THEIR LIVES

... that we may live, and walk the earth free men!

TODAY we honor the heroes, living and dead, of two World Wars. To the one an Armistice brought peace in 1918. For the other, peace must be won in the future, by long and hard fighting. In the name of that first Armistice—we look forward to the termination of World War II with the United Nations victorious, and justice meted out for all the people of the world who have fought so zealously for the end of fascism and the rebirth of world freedom!

BROWNFIELD'S COMPANY D URGENTLY NEEDS YOU NOW!

Next week has been designated as Texas State Guard Week in Texas. Certainly Brownfield cannot afford to lag behind other Texas cities by failing to bring Company D to full wartime strength at once. Recruits will find the close order drills, manual of arms, special operations, bivouacs and problems instructive and healthful, and serve in a most vital capacity in case of a home-front emergency. In addition, as all training is under direct supervision of the War Department, they will have a sound basic training if they enter the armed services and should advance more rapidly than those without similar training.

Enlistees should report Tuesday night, November 9th, or any Tuesday night following at 8:00 o'clock for training. The place: American Legion Hall, intersection Highway 51 and Loop.

FALL IN! With the Texas State Guard!

PROCLAMATION

I, C. L. Lincoln, County Judge of Terry County, do hereby designate the week of November 7, 1943

TEXAS STATE GUARD WEEK

In this critical hour of the Nation's existence, there is no organization that is more essential than the Texas State Guard. It has for its objective the high and laudable purpose to preserve internal security, to assist in training men for the Regular Army and to form a reserve of military power, all of which it is accomplishing in a very creditable manner.

We have every reason to be exceptionally proud of Brownfield's Company D. It is very necessary that the unit be filled with recruits to its fullest complement, and I hereby respectfully urge all of our civic organizations, schools, churches, business concerns and all of our citizens to give the widest publicity to the worthwhile work that is being done by the Texas State Guard during the week of November 7, to the end that the unit will receive its full quota.

C. L. LINCOLN

BAPTIST CHURCH NEWS

The pulpit committee has secured Rev. Aaron Shaw, former pastor of the Lockney church for nearly ten years, to supply the pulpit during the period until a permanent pastor has been elected. Brother Shaw is well known on the Plains as a pastor and preacher and retired from the active work of the pastorate to recuperate his health but he is a good preacher and a fine gentleman and the committee is fortunate to secure him until such a time as we may secure a permanent pastor again, and the entire membership of the church is urged to attend the services and support the work of the church as led by Brother Shaw, remembering that he is not in any sense an applicant to become pastor of the church.

The former pastor Avery Rogers left this week for Victoria, Texas where his work begins but the family will be with us until they are able to obtain a house in Victoria.

The State Convention year closed with the 31st day of October and the Baptist State Convention of Texas meets Nov. 9th with the First Baptist Church of Dallas where reports of all of the work for the past year will be made and it is expected that the reports will show the greatest work ever accomplished in a single year by the Baptists of Texas in baptisms and in the finances of the convention which will show that for all the work fostered by the convention nearly a million and a half dollars have been expended outside the local expenses of more than three thousand churches.

It is hoped that some of our own people may be able to attend this convention and bring reports from it back to us, which is always better than reading about the work of the conven-

OUR COTTON MARKETS WILL BE HARD TO REGAIN

Austin, Texas, Nov. 1.—It's up to the Southerners to prove first that recapture of foreign cotton markets is essential to the best interests of the nation before expecting much action to be taken on this problem, Dr. A. B. Cox, University of Texas cotton marketing expert, has asserted.

There are tremendously difficult problems connected with regaining export markets for United States cotton, Dr. Cox explained, and one of the major ones is national indifference to cotton and cotton economy. This lack of favor has grown out of the low cash income and standards of living which cotton economy has afforded, he said.

Among the factors contributing to further loss of export markets are the expanding use of synthetic fibers and materials, and the growing status of the United States as an exporter of finished manufactures rather than of raw materials.

Daytime Denims

Denims, which came to town last spring, have remained for fall and winter wear around the house. This cotton denim suit is perfect for busy housewives. The striped one-button jacket tops a clever skirt of the same fabric in a plain, built on a pointed yoke with trouser pleats.

Can You Remember Peacetime?

Can you remember the noisy joy-filled throngs that celebrated the Armistice Day that ended World War I? We're "celebrating" that Armistice today — embroiled in World War II. And this is a different war: a people's war in which every civilian wages a fight. This war is going to be a fight to the finish — of totalitarian, fascist, power-lusting. This war is going to end with a more glorious Armistice than the last — because when this war ends, liberty's torch will flame brightly, and she'll hold her head high — forever. When this war ends, those responsible for war shall have learned their lesson, and paid a heavy price for it. They won't want another war — ever. That's the kind of Victory to which we pledge ourselves this Armistice Day in tribute to all who fight — and ever fought for freedom!

OF CABBAGE AND WORDS

The story of the creation of the world is told in Genesis in 400 words. The world's greatest moral code—the Ten Commandments—contains only 297 words. Lincoln's Gettysburg address is but 266 words in length. The Declaration of Independence required only 1,321 words to set up a

new concept of freedom. But . . . the Office of Price Administration used 2,500 words to announce a reduction in the price of cabbage seed.—Scurry County Times.

Ted White, Tech student, spent the week end here visiting his mother, Mrs. Eldora White.

CREDIT DUE LOCAL MERCHANTS

Probably no business has had more burdensome detail to comply with in carrying out rationing and price regulations, than have the retail stores of the country. Almost overnight, their buying and selling methods were revolutionized, and their banking and book-keeping greatly complicated. On top of that, they have faced a manpower shortage more serious than most business. Only the inbred ingenuity and determination of the American merchant could have met the impact of such drastic changes, and at the same time maintained service to consumers.

Official data appears to demonstrate the retail food distributors have fared worse and performed better than other articulate and better organized groups. Food distributors are in a large measure responsible for holding the "Cost of Food Index" at a relatively low level compared to the average earnings of United States labor.

It is apparent from the index figures that retail food distributors cannot properly be charged with "profiteering" and the index may well indicate the justification for certain price adjustments. It is but fair to give credit to any industry that has made such a record as have the food stores under such drastic operating conditions as they must meet.—Canyon News.

One or two hours of music played during the working day in war factories has caused production increases of from 1.3 per cent to 11.4 per cent, Dr. Archie Jones, University of Texas professor of music, has found.

KEEP ROOM HEAT 68 TO 70 DEGREES

Austin, Texas, Oct. 30.—With the approach of cold weather, Dr. Geo. W. Cox, state health officer, has issued some timely advice concerning room temperature and its relation to health. "It is very important that inside temperature be maintained at around 68 to 70 degrees," Dr. Cox said. "Thousands of homes are continually overheated in the winter, and a degree of heat is often demanded that would not be tolerated in the summertime."

In a room that is overheated, the body pores are open, and the moment that the outside temperature is encountered, much harm may result. Colds, influenza, bronchial troubles and even pneumonia may take advantage of this bodily abuse, and take a serious toll in sickness and even death.

"An inside temperature of from 68 to 70 degrees is not only more healthful, but actually more comfortable," Dr. Cox said. "When, added to these factors, the resulting economy considered, it might be well to check up and see what your thermometer reads. A thermometer kept within the range suggested, plus the careful maintenance of proper humidity, will help to prevent needless sickness and protect the good health of your family."

Everett Winston, prominent insurance man from Littlefield, was a visitor over the week end here with his parents, Mr. and Mrs. J. F. Winston. Everett is one of the old home town boys that grew to manhood here, but we hardly ever see him.

Mr. and Mrs. C. K. Wimeth of Tokio were here Monday shopping. Mr. Wimeth called by the Herald to renew his subscription.

TEXAS WAR FILMS BEGIN SECOND YEAR

Austin, Nov. 1.—The Texas war film program begins its second year of operation with an attendance of nearly four million Texans having seen the films provided by the federal government and allied countries, according to an announcement by Dr. L. A. Woods of the department of public instruction.

"The showing of these war films is definitely a part of our state's war effort, and it is our hope to continue the program for the duration," Dr. Woods said. "Great credit for the success of the program is due to the splendid cooperation of the film library centers throughout the state.

Schools and organizations having 16mm projectors are asked by Dr. Woods to use these excellent sound films, many of which are in technicolor. He stated that films may be secured from Mrs. Janet M. McDonald, director of the bureau of public service, of Texas Technological college, Lubbock.

Film subjects deal with war and the post-war period, industrial activities, health, and good neighbor relations.

Mrs. W. T. Ince and little daughter, Darla Kay, of Longbeach, California, are visiting her parents, Mr. and Mrs. W. A. Bynum.

MEADOW PIONEER DIES TUESDAY

Benjamin F. Donowho, 63, a pioneer resident of Meadow, died Tuesday afternoon after an illness of several weeks. He is survived by his wife and four daughters: Mrs. Cliff Windener of Lubbock, Mrs. Paul Castleberry of Plainview, Mrs. Samuel E. Counts of Del Rio, and Billie Jean of Meadow. Two sons: R. T. Donowho of Meadow, and Benjamin F., who is with the army in North Africa.

Funeral services were held at the Methodist church in Meadow, conducted by Rev. Bryant, the pastor, Thursday evening, followed by interment in the Meadow cemetery.

CARD OF THANKS

May I take this method of thanking all my friends, who were so kind to me while I was ill. I especially wish to thank Dr. Treadaway and the nurses for the care given me while I was a patient in the hospital. The floral offerings and cards were greatly appreciated.

Mrs. Paul McDermott, 319 S. 2nd street.

CRIME (WITH COURTESY) DOESN'T PAY VERY MUCH

St. Paul, Minn.—Wren a man, masked with red bandana, leveled a gun at Miss Eleanor Cook and demanded her purse she was so startled she dropped several packages.

"Sorry," murmured the man, putting his gun in his pocket as he retrieved them.

Then he opened the purse, and found glasses and three pennies. He handed the purse to Miss Cook, tipped his hat and walked into the night—with three pennies.

Mr. and Mrs. Jim Slavin returned to their home in Austin Sunday after spending several days here visiting her parents, Mr. and Mrs. Flem McSpadden.

Mrs. R. L. Bowers is at Warrensburg, Mo., visiting her daughter, Mrs. Thomas A. Hicks, and Cpl. Hicks.

Miss Patsy Carter, student at Baylor University, spent the week end here visiting her father, Ralph Carter, and Mrs. Carter.

WELLMAN RD CLUB

The Wellman Home Demonstration club met Tuesday, Oct. 26th, in the home of Mrs. Miller Rich.

At a previous meeting it was suggested, all who came later than three o'clock (time set for our meeting) would have to sing a song.

Mrs. Karl Griffith was the only member tardy, so she very dramatically portrayed the home life in song, which took the house down with laughter.

Miss Reast gave us a very valuable demonstration on how to make garments fit. She taught us how to make our own foundation patterns, also showed us how to alter commercial patterns to fit. 4-H club work was discussed and plans are being made to get our girls in this work again.

One new member was added to our roll at this meeting. Refreshments of hot chocolate and cookies were served to eleven members.

The club members and their families met at the school auditorium at 9:00 P. M. and played games for two hours.

All reported a good time except Mr. Sewell Dean. He loud as to how he druther been home asleep. Old age will creep up on you, Mr. Dean!

Our next meeting will be in the home of Mrs. Hub Crowder on November 9th.

Miss Reast will be with us, and the demonstration will be "Making inexpensive Christmas gifts." Club members, bring gifts you have made, for others to see.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. In peace and war . . . Democracy carries on

Yes, it is twenty-five years since the end of World War I, and we commemorate that Armistice in the middle of another, more critical, world conflict. A whole new generation has grown up since 1918—to find themselves living through what formerly they knew only through the pages of history books. Nevertheless, that generation and the rest of us have been living all these years as free individuals, while across the seas have grown up terrorist dictatorships. We have learned to value democracy more highly than ever before, and those who have threatened it causing this bitter battle, will never again dare risk the overpowering reproach we are visiting upon them.

This war is demanding more of us than the last war; it is the business of every democracy-loving citizen of the United States! Our goals are more clearly defined, and

our staunch belief in the rightness of our cause is daily more intensified. We are determined that no matter how much it takes we and our Allies are going to be the victors! For that reason we are devoting our energies to the fullest capacity in working and serving on our home and production fronts. That task, and purchases of War Bonds and Stamps are our

across-the-earth handclasp with our courageous boys who are sacrificing so much more—fighting and dying on faraway battle fields.

We are set on making the Armistice to come more glorious, more secure, than the Armistice of 1918. It must be the inauguration of a new and better, truly lasting peace. That is our pledge this November 11th to our democratic way of life, and to all our heroes who have fought in years past and are fighting now to preserve it.

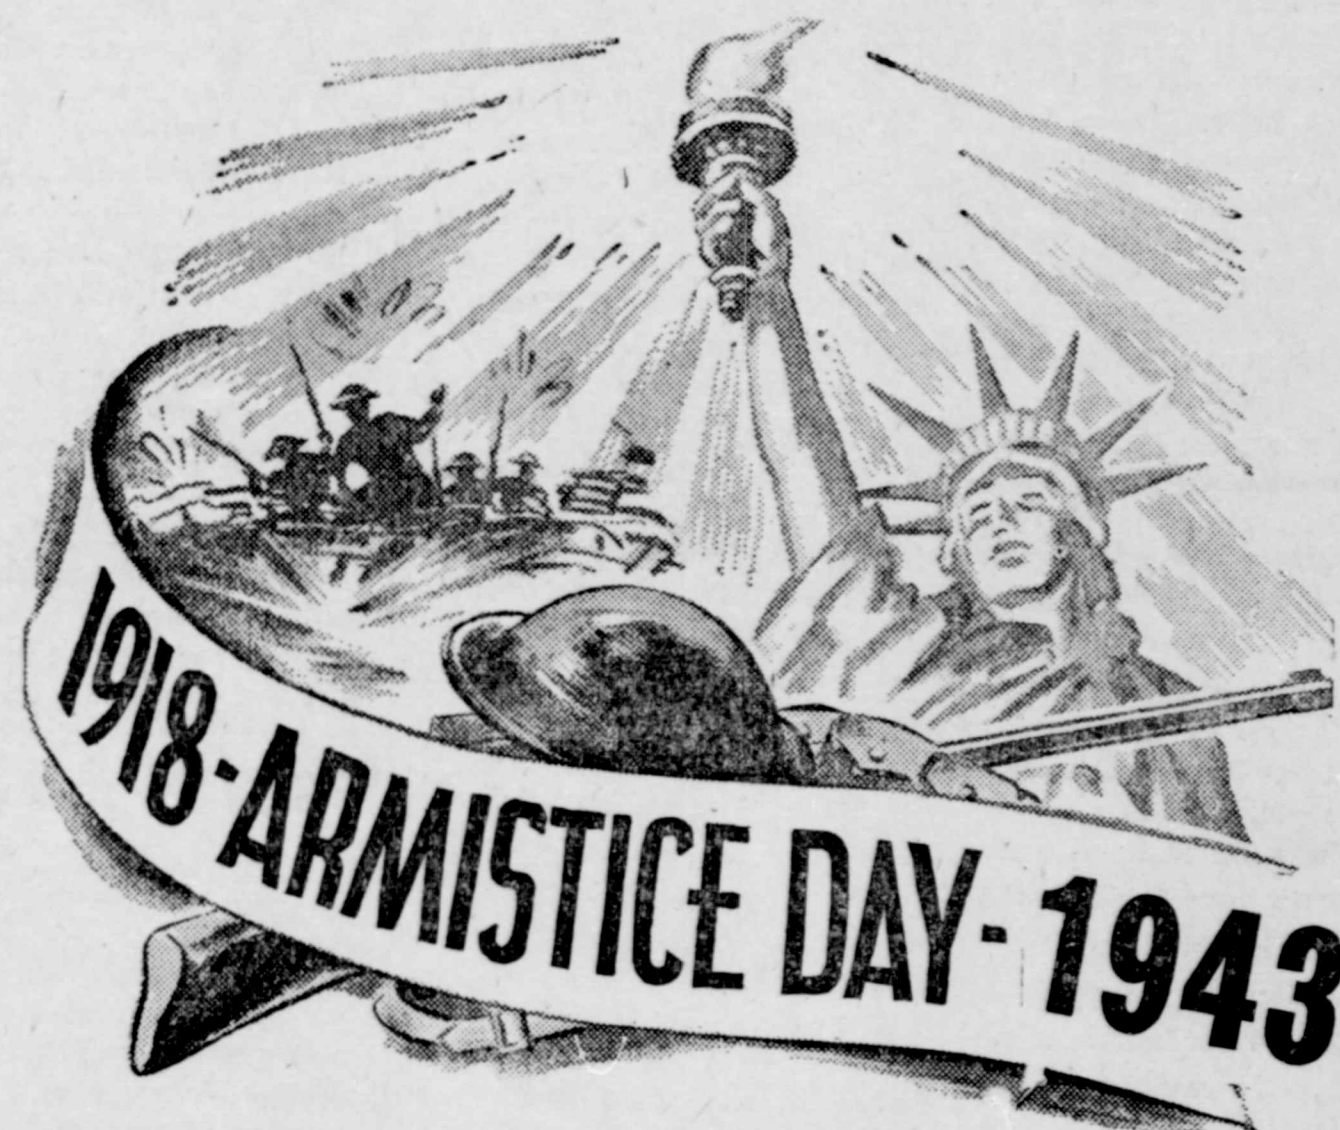

BUY . . . War Bonds and Stamps—as many and as often as you can. Our dollars give our boys the tanks, guns, ships and planes to see them through to Victory. Our money will be returned with interest after Victory. Our boys cannot wait. Their LIVES must be protected NOW; that all our war dead shall not have died in vain!

COME AND SEE US

CICERO SMITH LUMBER CO.

The echoing boom of the big guns of the last war had just begun to dull in our memory.— when World War II became reality and blasted us all out of our peaceful way of life. Now it is time to remember—those who fought and bled and died in the battles of both wars. Now it is time to realize that this is the people's war—and that to win it, so that we will be victorious on the Armistice Day yet to come, each of us must fight with all our will and love of liberty!

METHODIST CHURCH

We are looking forward with great joy to our dedication service next Sunday morning at the eleven o'clock hour. Bishop Ivan Lee Holt will preach and dedicate the building at that hour. We understand that there are some who wish to have their babies dedicated to God in holy baptism at that hour. The bishop will be glad to attend to that service at ten fifty-five that morning. So if there are parents who wish to have their babies baptised please be present at 10:55 and the bishop will do that just before the preaching hour.

This dedication means much to any congregation. In this case it means more. For seldom does any congregation build a house of the proportions of ours and have the good fortune to have it dedicated free of debt so soon. So we urge all our members to be present. And we extend a cordial welcome to everyone. We welcome you. We feel that you will enjoy it very much. So come one and all.

H. W. Hanks, Pastor.

METHODIST SOCIETY OF CHRISTIAN SERVICE MEETS

Mrs. H. W. Hnaks was chairman for a program on "Planning for Peace" when the Methodist Society of Christian Service met at the church Monday afternoon. Mrs. Glenn Harris gave the devotional.

Others present were Mesdames B. L. Thompson, U. Gorton, J. H. Carpenter, A. J. Lloyd, W. B. Downing, Judson Cook, G. S. Webber and Harry Longbrake.

Miss Ida Mae May and Mrs. Curley Edwards were business visitors in Lubbock Tuesday.

Mrs. Tom Rives and daughter Judie Kay, of Guyman, Okla., are visiting her parents, Mr. and Mrs. C. E. Fitzgerald.

Attending the Shriner's convention at Amarillo the first of the week were Mr. and Mrs. Kyle Graves, Tom May, Bruce Knight, C. C. Primm, Virgil Burnett, Mr. and Mrs. E. W. Wilgus, Dr. and Mrs. John R. Turner, Mr. and Mrs. R. L. Bowers, Mr. and Mrs. E. G. Akers and Tony and Mrs. and Mrs. C. L. Aven and Gene.
