## OUR BOYS WITH THE COLORS

PVT. GEORGE BASIL BRAGG IN HOSPITAL

George Basil Bragg, son of Mr. and Mrs. George Bragg of Lubbock, but old settlers of Terry county, is in a hospital at San Bernardino, Calif., with a heart ailment. He has been in service at different camps for over a year. His mother, in sending in her renewal, stated George Basil was at Blythe, Calif., on the desert, all summer and that he was so sun burned that he might not ever be white again. He was born and grew to young manhood here. She also stated grandmother Bragg, whose friends are legion, here, was doing some better.

## PVT. AND MRS. MARIUS E. HULSE HAVE SON

Pvt. and Mrs. Marius Hulse are the parents of a son, born Dec. 7th, at the local hospital. A wife from Pvt. Hulse stated he was ill in the station hospital at Camp Claiborne, La. Mrs. Hulse is the former Colleen Riney, daughter of Mr. and Mrs. L. R. Riney of Wellman and he is the son of Mr. and Mrs. Hugh Hulse.

## Buel Price Of Hawaiian Islands Calls Parents

Mr. and Mrs. Money Price were made happy Monday night when their son, Buel, Pharmacist Mate Second Class, USN, located in the Hawaiian Islands, called them.

Mr. Price stated they could hear him as well as if he had been calling from here in town. Buel likes the Islands and likes his work very much. He and James T. Bowman had leaves together and had been sightseeing.

## Tiny Nelson To Read Herald

Through Mrs. E. I. Hill of Tahoka, Mrs. T. Cowan subscribes for the Herald to go to her brother-in-law, Tiny Nelson of the U. S. Navy.

Tiny is well known here, being employed at the post office for several months before entering the Navy.

Private Earl Holland of Pampa, Texas, is spending his fifteen day furlough here with his parents, Mr. and Mrs. Jeff Holland.

## Pvt. Raymond Waters, Wife And Baby Here

Guests in the Benny Green home Tuesday through Wednesday was Pvt. Raymond Waters, Mrs. Waters and baby. Pvt. Waters and Mrs. Green are brothers and sisters. He has been down to Sherman, to visit his wife, and she and baby accompanied him this far on his way back to his base at Ft. Bliss, El Paso.

Raymond enlisted from here, having worked for Grady Goodpasture Grain and Milling Co., two years before induction. He stated he sure did enjoy his Herald and the first thing he looked for was "With the Boys in Service." He has medals for marksmanship, rifle and bayonet.

Sgt. W. M. Thompson of Long Island, New York, spent a few days this week with his brother, R. E. Thompson, Jr., and wife. Their mother, Mrs. R. E. Thompson of Lubbock, came down to Brownfield to be with the two boys while W. M. was here.

Phm 2/c Jim Graves has been transferred from the Great Lakes Navy Base to the Navy Ammunition Depot at Hastings, Nebr. Jim is the former owner of the Corner Drug, which he sold to Mr. E. W. Wilgus, and is now the Wilgus Drug.

## Soldiers For Christmas Dinner

Mrs. W. W. Price and Mrs. Eldora White, who are listing names of families that will take two or more soldiers for Christmas dinner, state 16 persons have applied, asking for a total of 40 boys. Some take three, some four. L. P. Price has joined with two other neighbors in a big feast at his farm home, and asks for 12 soldiers. Another family with a son to be home, asks for 5 others. Two colored families have asked for two each. The purpose is to give a home dinner, for some lonely soldier who will be away from home that day. These ladies desire the names of several more at once, so they may turn them in. The boys will be brought by government bus to the bus station, and their hosts will meet them there, about 10 o'clock Christmas day.

## Slemmons And Hicks Here On Furloughs

Pvt. Edwin Slemmons, of Bryan Field, came in Wednesday of last week to visit his parents, Mr. and Mrs. Wayne Slemmons, who live north of town. Pvt. Edwin works in the base postoffice and likes his work fine. He was to have left yesterday.

Also on furlough and coming and leaving with Edwin, was Cpl. Lawrence Hicks, who visited his father and sister up Meadow way. He is a cook at the base.

Mrs. W. E. Norman of Meadow was in this week to change the address on the Herald going to her son, A/C Duane M. Norman, Sequoia Field, Visalia, California.

Staff Sgt. Glenn Brown of Camp Haan, Calif., is here on a furlough visiting his parents, Mr. and Mrs. E. Brown. He and Mr. Brown are in Amarillo and Dumas this week, visiting his other brothers.

Mrs. Jack Browder of Palace Drug, has us send the Herald to her son, Staff Sergeant Norwood M. Browder, or PM, New York. Jack, as he is familiarly known here, is chief engineer on a B-24.

## Flight Officer Huckleberry Glider Pilot

Camp McCall, N. C., Dec. 6—Flight Officer Willis R. Huckleberry of Brownfield, Tex., is one of the officers of the Air Forces I Troop Carrier Command participating here this week in large scale maneuvers involving an entire division of airborne troops.

The battle exercises will involve movement of fully equipped officers and men in troop-carrying gliders and huge transport aircraft. A demonstration of procedure followed in evacuating wounded men from battlefields to base hospitals by air is also scheduled.

Flight Officer Huckleberry is the son of Mrs. Della Huckleberry of Route 1, Brownfield. He is assigned to a troop carrier group as glider pilot.

The I Troop Carrier Command is a branch of the Army Air Forces charged with carrying men and equipment into battle areas throughout the world. The giant C-47 twin engine planes used are a military version of the famous Douglas Airliner.

Pvt. Frank Cox, Jr., stationed at El Paso, Texas, spent two days this week with his mother, Mrs. Mary Cox of this city.

Cpl. Frank Barrett, paratrooper at Camp Mackall, North Carolina, had a ten-day furlough and spent Friday and Saturday here with his folks, the Jay Barretts, the remaining days being taken up in travel. Frank spent ten months in Panama recently.

You have a reason to feel complimented when someone imitates you—no one ever tried to counterfeit a penny.

HERALD: \$1 yr, in Terry county!

## MRS. E. P. SMITH HAS THREE SONS IN SERVICE

## PVT. E. P. SMITH, JR.

Mrs. E. P. Smith of Wellman is the mother of three boys in service. Pvt. E. P., Jr., spent an eight day furlough here the first part of last month. He finished his thirteen week bootcamp training at San Diego, Calif., entering the 8th day of March. After his basic training, he was sent to Camp Haan, Calif., where he is in the Anti-Aircraft Corps. E. P. has lived in Terry county ten years, is 21 years old and a graduate of Wellman High School.

Pfc. James Smith, is three years older than E. P., Jr., and this coming March will have been in service two years at Anchorage, Alaska.

J. B. is the baby of the family, just eighteen, and has just finished his boot camp training at San Diego and is being sent some place to take landing craft training for nine weeks. He entered from Lubbock, and at the time was farming with his sister and husband, Mrs. A. J. Scott and Mr. Scott in Crosby county. He has been in service a little over two months.

There are nine Smith children. Residing here are Mrs. W. P. Forbes and Arnold Smith.

## The W. R. Bridges Celebrate Golden Wedding Today

W. R. (Wiley) Bridges and wife, Laura, will celebrate their 50th wedding anniversary today, at their home in east Brownfield, with a dinner to be served to relatives and friends. Among their guests, they expect Rufe and John Atkinson of Portales and El Paso, nephews, and some cousins from Arkansas, also Mrs. W. H. Black sister-in-law, Geo. Black, brother, and Mrs. Willie Winn of Gomez, Mrs. Chas. Moore, Brownfield, and Mrs. Scott of Canyon, Sisters of Mrs. Bridges.

The morning session, from 9:15 to 10:45, will be taken up with panel discussions and the "Report on State Meeting of Texas State Teacher's Association at San Antonio," by E. E. Hancock, Superintendent of Schools, Brownfield, and president of the West Texas Division of T. S. T. A.

From 10:45 to 12:15, Inter-American Relations will be discussed, as pertaining to College Curriculum, Social Studies in College, of the Public Schools, Classes of Spanish in the Secondary Schools, of Spanish in the Grades. At this period, Dr. Earl T. Hamilton will preside.

There will be a luncheon in the Hilton Hotel ballroom at 1:00 P. M., after which there will be a conclusion of the program at the High School auditorium, also a panel discussion of Present and Post-War Problems of Education.

## Belated Rains Fall

Rain amounting to .85 inch fell in Terry County last Saturday night, an about an inch Wednesday night and Thursday morning. Though late, such moisture is welcome because it puts the ground in proper condition for winter plowing, which is needed on the sandier land.

The fellow who pulls on the oars doesn't have time to rock the boat.

## West Texas State Teachers Association To Meet In Lubbock

Mr. E. E. Hancock has announced the West Texas State Teachers Association will meet in Lubbock, at the High School building, Saturday, Dec. 11th. The program will be sponsored by the State Department of Education and the Foreign Language Department of Texas Technological College.

Dr. Doyle D. Jackson, professor of Education and Director of Teacher Placement Bureau, Texas Tech, presiding.

The morning session, from 9:15 to 10:45, will be taken up with panel discussions and the "Report on State Meeting of Texas State Teacher's Association at San Antonio," by E. E. Hancock, Superintendent of Schools, Brownfield, and president of the West Texas Division of T. S. T. A.

From 10:45 to 12:15, Inter-American Relations will be discussed, as pertaining to College Curriculum, Social Studies in College, of the Public Schools, Classes of Spanish in the Secondary Schools, of Spanish in the Grades. At this period, Dr. Earl T. Hamilton will preside.

There will be a luncheon in the Hilton Hotel ballroom at 1:00 P. M., after which there will be a conclusion of the program at the High School auditorium, also a panel discussion of Present and Post-War Problems of Education.

## TROOP MOVEMENTS TWENTY PER CENT OF PASSENGER MOVEMENT

Troop movements constitute about 20 per cent of the total passenger miles of the railroads, according to a statement made recently by Major General Charles P. Gross, chief of the Army Transportation Corps. So far in this war, General Gross stated, the railroads have carried about three and a half times as many troops in special trains and special cars as were handled in like movements in the entire nineteen months the United States was in World War I. On the freight side, he said, the railroads have hauled more than five times as much army freight and express as they did in the other war, and they are now moving more than nine-tenths of all army freight tonnage.

## Buy And Use Christmas Seals

What did you do with the tuberculosis Christmas seals which you received in the mail on Nov. 22? Did you send money immediately to the National Tuberculosis association, and are you using the seals on every piece of Christmas mail you send? Or did you send your money to the association, but have forgotten to use the seals? Or did you return the seals without the money?

If you bought and are using the seals you are completing a fine job. If you bought the seals, but are not using them, you have done the first half of a fine job, but left undone the second half—reminding others to buy and use the seals and calling attention to the vital importance of the anti-tuberculosis campaign. If you returned the seals without buying them, you lost a real opportunity to do your part in a big, necessary, war-time job.

War, with its overwork, strain, anxiety, food shortage, overcrowded living and working conditions, broken rest, and lack of proper recreation, creates conditions that foster breakdowns with tuberculosis and its spread from the sick to the well. Consequently, the association faces a crucial year. All its activities in tuberculosis prevention and control—case-finding in schools and industry, clinics, health education, rehabilitation must be expanded to meet the emergency.

If you have not paid for your seals, please do so at once. If you sent your seals back, please reconsider. Seals are still available at the association's office. If you have bought your seals, be sure to use them on every card, letter and package you mail between now and Christmas—in short, finish a fine job.

This year, above all years, the tuberculosis association can not do without you. Buy and use Christmas seals, also the double cross barred lapel tags each Saturday by the Girl Scout troop No. 3 on the streets.—Terry County Tuberculosis Ass'n.

## Seminole Football Team In Regional Playoff

The Seminole Indians and the Wink Wildcats will play this afternoon at Seminole, for championship of Region 2, Class A, according to a report from Coach Marlin Hayhurst, who led our Brownfield Cubs to several victories here a few years ago. Good luck, Shorty.

## DEC. WAR BOND QUOTA SAME AS FOR NOVEMBER

L. Nicholson, chairman of the Terry county war finance committee, received word from the treasury department that the quota for Series E.F.G. will be the same in December as it was in the month of November, \$42,800.

## FARMERS MUST FILE TAX STATEMENTS BY DEC. 15TH DEADLINE

Farmers who have sufficient income to require filing a declaration of estimated 1943 income and Victory tax are required to file and make payment on or before Dec. 15, unless they complied with this requirement on the September 15 date that applied to most other persons, explained Robert E. Hanegan, commissioner of internal revenue. Farmers and others making their first report this time will receive no declaration forms but must ask for them if they do not still have the forms mailed in August.

Because of the difficulty farmers have in estimating their tax, they have been given until December 15 to file their declarations, whereas others were required to file September 15. Farmers are also given greater leeway in estimating and are not subject to penalty unless they underestimate their tax by more than 33 and one-third percent.

## Don't Use Social Security Cards For Identification

Bankers and business men who normally cash checks for people should not accept social security account number cards as means of identification, according to Erton F. Tate, manager of the Lubbock Social Security Board's office. The practice is not only dangerous, but the social security cards were not intended to be used for such purposes.

"Several individuals have recently applied for account numbers," Tate stated, "who admitted they had no jobs and only wanted the account card in order that they might cash checks at stores without having to go to the bank."

It was explained that the holiday season usually brings forth many fraudulent checks in cities, especially in army camp centers. Individuals should not accept social security account cards for identification in paying out money on checks, drafts, money orders, etc.

A social security account card is to be used only for the purpose of identifying the wage earner's old-age and survivors insurance account which is maintained by the Social Security Board.

The co-operation of all business men is urged by the Social Security Board, Tate said.

## District Court In Session

Judge J. E. Garland, accompanied by James E. Burton, court reporter, opened a term of court here Thursday. A trial by jury was had in case of Sam B. Anthony vs. P. F. Lawles, et al., involving sale of several bales of mortgaged cotton, bought by the gin owned by Lawles. Also a criminal case against Roy Dalton and Gaylean in which some deeds to land in Terry county is alleged to have been forged, is on trial today. G. L. Martin, with the real estate division of the State Security Commission, and formerly of this district, but now in south Texas, and M. E. Martin (not related), a hand writing expert from the Department of Public Safety, as Austin, are here as witnesses; also Mr. and Mrs. H. C. Penickett of Big Spring, whose land is involved.

The grand jury returned two felony bills, one for murder and one for theft.

Out-of-town attorneys attending court were: Judge Homer Pharr, of Lubbock; Atty. Hayden of Abilene; Truett Smith of Tahoka; and District Attorney Roland McCord.

## TERRY COUNTY LAGS BEHIND IN WAR BONDS

According to figures received from L. Nicholson, Terry county war bond chairman, only \$12,074.25 have been sold, and the quota for November was \$42,800. It seems that Terry countians have forgotten that we still have a war on, and need to buy war bonds.

Ladell Nelson, son of Mr. and Mrs. Jim Nelson, came in Friday of last week from Mackall, N. C., where he is a paratrooper. He leaves tomorrow, Saturday, for his base.

## COUNTY NUTRITION PROGRAM

The County Nutrition Committee met on Tuesday, December 7th at the home of Mrs. E. D. Jones.

Miss Mozelle Reast, Home Demonstration Agent, who is the chairman of the committee, presided, and officers elected were: Miss Myrlene Cannon, Secretary-Treasurer and Miss Martha McClish, Reporter.

The committee decided to offer the Red Cross Nutrition Course sometime in January. All house wives are urged to take the course. The exact date will be announced later.

## Terry County Carries On

G. W. N.

Nineteen hundred and forty-three has come and nearly went. Despite the vociferous gripings, universal criticisms of what have you, the political hotcha, fears and scares, which may have enhanced the drought, we have got through the year with crops harvested a month ahead of schedule, with 26,000 bales of cotton, bringing to the county two and a half million dollars, from which we paid the pickers over a half million dollars. We have also shipped from 1943 crops near 600 cars of grain sorghums, thirty thousand tons, adding nearly a million dollars, more, and the normal 2 hundred thousand for poultry and eggs, and \$185,000.00, cream checks, besides the unknown thousands of dollars for livestock, shipped out by trucks, running in numbers daily. Over SIX MILLION on deposit in our two banks.

The county deed records reveal over 800 warranty deeds to real estate through the year, evidencing a turnover of approximately fifteen million dollars. A greater percentage of these deeds recite considerations of from eight to twelve thousand dollars each, just about half of them are "All Cash Paid." Nearly 500 release of liens on hand, evidencing payment of debts made in back years, of approximately one million dollars paid through the year. Some half a dozen deeds of trust for new land loans, shows the loan business is about as low as Hitler's hopes. Many have paid off state school land debts, and federal loans with their low interest. The government loan agencies announce almost full repayments. Most churches over the county and state are out of debt. Merchants are hard put for goods to supply the demand. Taxes are being paid far ahead of time, with but little delinquencies expected.

Terry county in 1943, also produced 280 babies, up to Dec. 1st, Justice Dallas reports that all returns are not yet in, and 115 marriage license, offset by 82 deaths. Two hundred persons receiving old age assistance, averaging \$21.00 each, over \$4,000 monthly, \$50,000.00 per year.

District court lawsuits for 1942 were 84, and for 1943, 71, over half of these were divorces, hardly any foreclosures. Litigation declining. Considerable increase in scholastics, and having a shortage in teachers. Not a vacant apartment or residential room in town, and could fill a hundred more. All this is fine, but we have a loss, greatest loss of all, hundreds of boys, going, going and gone, to defend this great wealth and our opportunities for more. How gladly most of us would give it all, to have them home again. Wonder how they feel, with their meagre pay, easily imagined, but indelible hardships, work, wounds, pains, and death's ordeals. What hopes? What future for them? While the stay-at-homes are making more money the last two years than the past eight, and griping for more, surely we can equal this off by backing the government behind the man behind the guns.

## Twenty More Men Inducted Into Service

Responding to the call of Terry County Draft Board of Nov. 29th, the following men have been inducted into the service. Those in the Navy have reported to their stations, while those in other branches, some have reported; others will in a few days.

The following to the Army: Era Moore, Ray L. Hailey, Wm. E. Bradshaw, Louis L. Todd, Pablo M. Montemayor, Jno. L. Cruce, Jr., Jas. W. Duke, Allen S. Freeman, Robt. E. Self, Jr., Jonathan B. Jenkins, John R. Baker, Oscar M. Alaniz.

These to the Navy: Phillip R. Cates, Jr., Meiba J. Reid, Viril Lee Baker, Clyde J. Faulkner, Ralph W. Howell, Jasper Moore. To the Marines: J. T. Ellis. To Cadets: T. C. Hogue, Jr.

**CALL US MONDAY**

The following is an episode from the book, "That None Shall Die," as related in Nation's Business. It vividly portrays what happens when political red tape, which is inherent in socialized medicine, is allowed to infringe on the medical profession:

"A young doctor had been called late at night to see a patient with lobar pneumonia. The family tells him candidly they have no money. It proves to be a desperate case. He calls the city hospital. "Is the man a resident?" "No, he's an unemployed worker, here on a visit." "Then, that rules him out. We're not allowed to take out-of-town cases." "Next, the doctor calls the director of the socialized welfare service, asks if she can hospitalize his patient. "Perhaps we can arrange it. If you'll give me the name and address, I'll put an investigator on it Monday." "Monday! He'll be dead by Monday!"

The South Pacific Aerial Exploits Cross has been awarded to First Lt. William P. Campbell, U. S. M. C., of Minneapolis for his solo bombing attack against five Jap transports and ten destroyers. While ship and shore batteries concentrated all their fire against him, filling the air with flak, he dove-bombed the ship formation, blasted a transport with a direct hit. The War Bond you buy today will help load bomb racks to shatter Jap supply lines.

Guests in the home of Mr. and Mrs. F. E. Walters on Last Sunday were a large part of the family, being Mr. and Mrs. Bill Smith of Hereford; Mr. and Mrs. Short and Mrs. Belton Howell of Tahoka; Mrs. Edith Dickson of Lubbock and Mr. and Mrs. Lorn Walters of San Diego, Calif.

Wendell Willkie came to Texas and kidded and joked the people. Good naturedly he stated that he did not expect to see Texas go Republican in 1944, but he threw the gate wide open and invited the Democrats to help elect him President in 1944. Willkie made a fine impression while in the state. He would not have spent the major part of a week in Texas if he had not been hopeful of results. He remembers that Texas once voted Republican, and could do so again if Roosevelt is the nominee. Willkie make a much better speech than he made four years ago, although he lacks the personal charm and magnetism which the President possesses. His foreign policy is much more like the President's than any of the other potential candidates. He is the only candidate on the horizon who might be able to corral the Democratic votes. —Canyon News.

Jess Garrison has a hunting record that is hard to beat. In the last of September he went to the Chama country and killed a mother bear and one of her half grown cubs and during the recent deer hunting season, he brought down one of the finest bucks killed in this region for many years. Jess has been here for 12 years and this is the first time he has had success as that mentioned above. One thing is certain—Jess has proved himself to be a star hunter.—Carrizozo, N. M., paper.

College Station. — Preliminary reports on the amount of food preserved by Texas families during 1943 reach astronomical proportions.

Figures compiled by Mildred Horton, service director and state home demonstration agent of the A. and M. college extension service, reveal 43 million quart jars and 21 million tin containers have been filled with canned food this year. More than five million containers of fruit butter, jams, jellies, and marmalades swell the totals reported by county home demonstration agents in the state.

Food has been conserved in a variety of ways. The total now stored in home freezing units or community lockers approximates 10 million pounds, and the number of pounds of meat cured and stored is in excess of 30 millions of pounds.

Home dehydration figures show the greatest percentage increases. The report reveals that 1,246,038 pounds of vegetables have been dried and 2,440,998 pounds of fruit. An additional million quarts of vegetables has been preserved by brining and salting. The largest figure in the entire report is 107,179,250 pounds of food stored in bulk, including potatoes, root crops, and apples.

Within her borders, Germany has 12 million foreign workers. Most of these are men and women shanghaied from subject countries or from the occupied part of Russia. Some are war prisoners. Nearly all of them hate the Germans and are awaiting an opportunity to sabotage and revenge. Their presence is beginning to worry Nazi leaders, and the importance of keeping them in hand has been discussed in recent issues of the party press. One of Berlin's leading newspapers, the Deutsche Allgemeine Zeitung, stated that the presence of the foreign workers "has created a problem which is as disturbing to the stability of the Reich as is the fighting on the battlefield." It admits that some of these workers are hostile to Germany and would like to commit sabotage to help the Allies in some other way. A Rhineland paper admits that the Germans are obsessed with the nightmare of a fifth column made up of foreign workers who may some day get out of control. True, these subject laborers are scattered in many cities and have differences of nationality and language that hamper them in any attempt to work together. Yet the 12 million may prove in the end a serious danger to the Nazis and a source of valuable help to the Allies as the war nears its final stages. Most of the imported workers are desperate enough to take long chances to disrupt the Nazi war machine, and in the dark days before final Allied victory they very probably will make their influence felt in many ways.—Dallas News.

## Prediction About Post-War Textiles

College Station.—That phrase, "100 per cent wool," on garment labels might not be nearly so important after the war.

This prediction comes from the clothing specialist of the A. and M. college extension service who says in time wise consumers may prefer blends to "all wool and a yard wide." For example, a blend of wool and rayon may not wrinkle as much as 100 per cent wool, the specialist, Mrs. Dora R. Barnes, explains, and it may wear longer. This month she is showing samples of some of the new fabrics to county home demonstration agents and rural homemakers over the state.

Manufacturers are bringing about textile miracles through war-time necessity. For example, at the request of the army, a material which is lint-free has been developed. Most of these new textiles will not be available to the general public until the war is over and civilian production has been maintained.

Homemakers who fret now over shortages, high prices, and skimpy styles in the fields of textiles and clothing should take the long view. After the war they are promised more beauty and utility, the specialist says.

I GIVE YOU TEXAS by BOYCE HOUSE

Last Christmas, State departments gave employees 5 days off—in the middle of the war. I want to go on record as opposing a similar paid vacation again this year. The war plants won't close even for Christmas day and the thousands of soldiers and sailors won't get the day off—the Japs will see to that! So two days off is enough for the State departments: Christmas and the next day, which is Sunday. Nearly all the State employees are willing to stay on the job those other three days—they have sons and brothers in the armed forces; and if there are any employees who aren't willing, they should be taken off the public payroll.

The president of the bank and the chairman of the board were talking. The president said, "Jones has been with the bank for 20 years; either we'll have to raise his salary \$5 a month or make him a vice-president."

Get E. H. Whitehead, manager of the Conroe Chamber of Commerce, to tell you about the time he was taken in custody, years ago, in a small town—(let's call it Blankville)—for making a left-hand turn on Main street, which was one block long. Whitehead protested to the mayor, "But, your honor, I didn't know it was against the law here." That dignity was not swayed:

"You know it's against the traffic rules of Dallas to make such a turn on Main street, don't you? Well, if we had different laws from Dallas, that might be some excuse—but what's good enough for Dallas is good enough for Blankville. Four dollars, please."

As Whitehead was paying off, he asked, "Is this court still in session?" The mayor replied, "This court is always in session, ready to perform its duty at any moment just like a fire department."

"Then I couldn't express my opinion of this court without being in contempt," Whitehead said. "Go ahead and say your say," the mayor responded, "that's included in the fine." So Whitehead, who is noted for his ability with spoken words, (being a Chamber of Commerce secretary) lit in. After several minutes, he paused for breath and the mayor, who was leaning back at ease in his chair, yawned and then remarked, "Young feller, we've had a h— of a lot better cussers than you in this court." For the first and only time in his life, Whitehead had to admit verbal defeat—without another word, he walked out of the courtroom.

### THE PLEDGE OF AMERICAN HOMEMAKERS

I pledge the nation that my mission will be to practice good nutrition; To plan those meals which every day yield energy for work and play; Meals which supply the strength that wins, With protein- minerals- vitamins. I pledge my service to the nation To do my part in conservation. The rules of cooking I'll observe, Each bit of food I will conserve. With all the problems to be faced, I'll do my best to outlaw waste. I want to do my bit and more, To help America win the war.

Slaton Slatonite— Mrs. J. H. Brewer gave me a clipping last week about a newspaper man who advertised for a printer and offered free lunch, no heavy lifting and two blondes to serve lunch. The advertiser received only two replies. What I would like to know is where the publisher hoped to find the two blondes, with the war industries, public service companies and meat markets hiring every woman who has strength enough to lift a powder puff to her nose.

### MAKE EVERY RATION POINT COUNT, SAYS COX

Austin, Texas.—With the rationing of many items of essential foods, every ration point must count, yet it is more important now than ever before that our nutritional requirements be adequately met, according to Dr. Geo. W. Cox, state health officer.

"It is not only essential to live on a well balanced food plan each day, but intimes of stress when we need to be extra cautious, it is well to increase certain foods which have been termed the "protective foods." These are milk, green vegetables, and fruits; all of which are unrationed.

"The amount of milk needed each day is one or two pints for each child and at least one half pint for each adult," Dr. Cox said. "For the best values in bread choose that which is made from wholewheat, rye, and enriched flour. In cereals, oatmeal and dark colored grains are best. Vegetables should include potatoes and one leafy vegetable if possible. Some fruit or tomatoes three or four times a week help supply necessary vitamins. Use fats and sweets in moderate amounts and as your ration points permit, add cheese and meat. Fish and eggs, unrationed, are valuable foods."

Dr. Cox said that the state department of health has a supply of pamphlets dealing with diets, food orders, and menus that will be sent on request. They are designed to help the average homemaker serve nutritious meals despite the rationing of certain foods.

### SCHOOL LIBRARIAN THANKS PUBLIC-SPIRITED MEN

The Brownfield high school wishes to thank Mr. J. O. Gillham for the Texas Almanacs that he has presented to the library. Also for the current World News of the Week which is very helpful in the teaching of social science.

We wish to express our appreciation to Nelson-Primm Drug Co., Cary's Bakery, and Phillips Petroleum Company for making it possible for the high school students to receive free book covers.

Sincerely yours,

**Baptist Church News**

The important matter of paying off the building debt of \$6,150 should be brought to the attention of every member of this church now as the money must be ready January first and it has hardly been mentioned publicly but no doubt will be considered next Sunday morning.

Being without a resident pastor at this time leadership from among the membership must be selected who will direct this undertaking to a successful conclusion.

It is not a small task and if it comes to be so regarded it is bound to fail, but if we can rise to the occasion and pay this obligation it will free us from debt bondage and with a new pastor which we hope to find early in the coming year we will be free to go forward as we have never done before.

Those who have paid more than forty thousand dollars already on this church building will also pay this indebtedness and many who have given very little may now be able to pay more in order to complete the task and it is sincerely hoped that they will do so and not always have a feeling that they failed to aid a great undertaking for the church and the community in which the church is situated.

Brother Aaron Shaw of Plainview is preaching each Sunday and will continue to do so until a resident pastor has been elected. The committee is seeking out those who may be available and will have some of them here right soon when the entire membership will have a vote in their selection. Our democratic methods may not be so popular with some but we like it. May we now have a united effort to liquidate this debt on our property, and increase the regular attendance in our church school and preaching services.

Visitors are always welcome in this church and are invited to worship with us.

**MUSIC RECITALS**

You hear about things being "deader than a door nail." Well, the latest is the 4 Freedoms. It was kinda flimsy, right from the start — something like a whispy fog eraly in the morning, before the sun warmed up. But it sounded kinda, pretty, if you listened sorta casual, and without pondering too heavy.

Hull Did A Great War-Time Job

Cordell Hull, secretary of state, should have had a welcome when he returned to the United States from Russia, a few days ago, equal in magnitude to that which would have been accorded to any general, in uniform, who had directed great battles in war.

Judge Says:

Those kicking at the Triple-A had better be thankful they are not in the 1-A. Tojo is fast losing his Atolls. It looks like the Allies won't hold their peace treaty in Berlin, but may where Berlin used to be.

And Then We Ask Why We Don't Get Business

So-called country weeklies, as a general thing, are peculiar business (?) institutions. Why, we could trade half our space for a lot of junk we don't need, and then wonder where we'd find the coin to pay our honest debts.

NATIONAL DISGRACE

The outstanding facts in the disgraceful coal situation are (1) that government agencies and government officials who had the sole power of deciding wage and hour problems in the coal mines, utterly failed to control four strikes;

What a spectacle our nation presents to our enemies as well as our allies, when the government has to threaten to use the army to perpetuate coal production. No excuse can be offered for the stoppage of work in the coal mines, which will renew the respect of the public for the men responsible for this type of sabotage in wartime.

Not Two Things

All of us may well be thankful, however, that Congress still considers itself a vital part of the federal government. It is, in my opinion, the most important part because it directly represents the people in whom all governmental authority rests.

A Good Investment America originates with the people themselves. The people are the government. Whenever a liberty is taken away from a people by some authority that rests in nobody but the governing class, that's a step toward totalitarian rule.

There is more fresh water available for domestic and industrial purposes and irrigation in underground reservoirs and conduits than in all the surface reservoirs of Texas, geologists of the Texas Academy of Science were told during their fall meeting at the University of Texas.

### Bill Burleson Gets Lonesome In Dallas

Had a letter under date of November 30th, from Bill Burleson that read just about as follows:

Dear Jack: Enclosed check for \$2.00. Please send the Herald to me at 526 E. Colorado, Dallas, 8, Texas. Sure miss the news about home, and have not seen anyone I knew since I have been working for North American."

Poor old Bill. We know just how he feels. He is just another new comer to Dallasites, who don't know you and don't want to know you.

We'll bet our clean pair of socks that we'll see Bill and his little family climbing up the caprock, headed west, when this fracas is over in Europe. Here comes the Old Reliable, Bill!

### HEALTH IS SOMETHING TO BE THANKFUL FOR

Austin, Texas, (Special) — The first Thanksgiving Day in America was proclaimed for the purpose of expressing thanks for the colonists' sturdy health that had allowed them to survive the hardships and exposure of the first rigorous year in America. Dr. Geo. W. Cox, state health officer, is appealing to every citizen of Texas to give serious thought to the preservation of his own health and that of his community in the national crisis now existing.

"We can certainly be thankful that our health level has remained high despite the sacrifices and deprivations of war," Dr. Cox said. "Our people have retained their health to a remarkable degree and even under war conditions Texas has continued to show a decline in maternal and infant deaths."

Dr. Cox stated that within the last 50 years, health departments have been established throughout the country for the purpose of preventing disease. While their activities have been hampered by the lack of sufficient funds, nevertheless a great improvement in the nation's general health has resulted. Among other benefits derived from the public health program is the fact that during this period the life span of the average person has been increased more than 15 years.

"The State of Texas has much to be thankful for in the steadily increasing interest and cooperation being shown in matters pertaining to sanitation and control of communicable diseases," said Dr. Cox. "Responsibility for the success and advancement of the public health program lies not with the health department primarily, but with the people who support and encourage the community effort put forth and who apply in their individual lives the knowledge which they have acquired."

Mrs. Mancil Henson of the Pleasant Valley section, was shopping last week.

### Baptist Church News Sumpnfernuthin

(Delayed)  
The School of Missions, now being conducted in this church, bringing to us in person some of the missionaries we are supporting, who are home on furlough, should interest all lovers of missionary endeavor, and Friday night the speaker will be Mrs. C. L. Culpepper from China, whose husband was captured by the Japs. Continuing Saturday night the speaker has not been announced as yet and Sunday morning at eleven Dr. E. O. Mills, missionary from Japan, will speak, showing pictures of interest in his work in that country, and Sunday night, Miss Vada Waldron, whose field of labor is Chili, will speak of the work of her field.

These missionaries will bring home to us the work we are doing and Sunday morning is the time for the offering from this church for foreign missions, or what has come to be known at the Lottie Moon offering. There are some who have been heard to say that they believe in the work of foreign missions and would give their money if they knew the money would go to that work, and this offering goes to that work without any deductions for expense and this is their opportunity to do what they have been saying, but generally those who seek excuses for their own failures can find them if it is not in their hearts to obey the Master's own command.

The best friends our country has in many foreign countries are the product of our foreign mission work and if money had been poured into this work fifty years ago as it must now go into the war effort, perhaps the present war would never have occurred.

The church is looking to the active deacons for leadership in securing the money during December to pay off our building debt of \$6,150.00.

Loyalty on the part of the full membership is needed now to carry forward the work of the church.—D. P. Carter, Reporter.

### Sends The Herald To Mother-In-Law

G. D. Wade of the Union Community was handing out a fair sample of his "bull shooting" ability at a local drug store last week when we walked in. He handed us a dollar and told us to send the Herald a year to his mother-in-law, Mrs. E. D. Yeatts, who lives in this city.

"Isn't too often that a guy likes his mother-in-law so well that he will send her some good reading material. G. D. says she looked over his paper last week and said she liked it. So, he wanted her to read it regularly. Joking aside, we like our mother-in-law too. Although she was our wife's step-mother, no child could like their own mother better than Mrs. Stricklin likes her step-mother.

### Former Brownfield Boy Making Good

Uncle Jimmie Green showed us a copy of the Chicago Tribune early this week, which had a nice write up, with pictures, of his grandson, Wm. T. Savage, who once sold newspapers in Brownfield, but is now a technician in the Illinois Tech Laboratory at Chicago, testing and making final inspection of strength of parachutes, and other war materials for the government.

Bill, as he is known by intimates, is the son of Mrs. Iva Savage, former teacher here, and teaching for past several years in the Lubbock schools. He is near 26 years old and has been away from Brownfield some 12 years. Congratulations, Bill.

Ed Stevens has sold their farm in south Terry, and is moving to Leonard, Texas for the duration. Ed stated to the Herald that when and if the boy came home from war, and if he wanted to come back to Terry and farm, they'd come. He is burning no bridges. We regret to lose this excellent family.

Buster Jenkins, stationed at Bryan, Texas, visited his parents, Mr. and Mrs. Harvey Jenkins, recently.

A "new deal" that occurred in the seventh century B. C., is analyzed in a book just released by the University of Texas press. "Modern Problems in an Ancient World" was written by the late Dr. F. B. Marsh, professor of history.

G. W. N.  
The above caption is not a Russian name. It is an American trait. Other than a little sport and time passer, the motive for gambling is to get sumpnfernuthin. The incentive for speculation in property or business, is to acquire a whole lot for a little. Selfish greed is the draw string of the bag. It's one of America's ways of life. It is so ingrained in us, we can't shed it, even in wartime.

Long before we entered this Global game, this idea leaped over into our politics. Into our voting. For many years we have sought Government aid, special privileges, for our class or group, "us four and no more," with the hope the other fellow would pay the cost. Politicians were prompt to notice this weakness. They merely promised what we wanted them to do. We stuck our chin out and they tickled it. We voted for the old age pension, by a majority of 4 to 1, but when we went to pay for it we couldn't get 4 to raise 1 dollar. Lots of folks are willing to win the war, but don't want to be bothered with it, not even the inconveniences. We are for postwar jobs for returning soldiers, but "agin" raising taxes. The other day Congress, by a large majority, voted in increase, by nearly fifty million dollars monthly, allowance to service men's dependents, which may be all right, but many of them went right out and denounced "Government spending" and curtly rejected the Treasury's request for more taxes, to pay it with. Preheroes for next summer's races.

Now we want postwar world peace, without cost or being obligated. The Government neither creates nor produces anything. Its only source of revenue is by taxation. Congress is the only department that can levy taxes. We can't run the Government in peacetime without revenue nor fight nor finish this war without enormous expenses. As well "wish" for a good crop without work, water or harvest hands. It's our country, our war, our debts. It's a selfish dodge to pass the whole debt onto our boys to pay for the war they have had to fight. We just as well face the facts, for many years we are to pay, and pay, and pay.

A world Court, or League, or whatcha may call it, tribunal to preserve world peace and order, is futile without military power to enforce its decrees. A court without a sheriff — a mortgage without power of foreclosure. We as well prepare to have the Army and Navy stand by.

We can't get something for nothing.

Judge J. E. Garland held a short term of District Court at Plains the 29th and 30th, disposing of several civil cases. The grand jury convened and adjourned, finding no bills.

A. L. Moorhead, city detective of Austin, was up last week visiting his father, Dr. J. D. Moorhead, and other relatives here and at Meadow. He renewed for his Herald.

A San Antonio store advertiser "Cheerful Credit." And a shine parlor has this sign, "We invite criticism; come in and raise h—!"

There were many optimistic souls who thought the long fight against loan sharks had been won when the recent legislature gave the Attorney General and district attorneys the power to ask injunctions against 250 per cent racketeers. But those who thought that the loan sharks would give up without a struggle did not take into consideration the ruthless determination and the cold, inhuman greed of the tribe.

Without commenting on the merits of an legal questions involved in the lawsuit, it does seem strange that the sharks—after violating the provisions of the Texas Constitution for years — have actually appealed to the courts that are set up under the very Constitution which these leeches have flaunted and are asking that the Attorney General and district attorneys be prevented from putting the new law into effect.

Thousands of dollars, even tens of thousands of dollars, for attorney's fees and expenses would be "chicken feed" compared to the \$30,000,000 which is estimated as annually extorted in usury in this State — a toll which the sharks want to be allowed to continue to levy.

There is no unbelief. Whoever plants a seed beneath the sod, and waits to see it push away the clod—he trusts in God.

There is no unbelief. Whoever says, when clouds are in the sky: "Be patient, heart; light breaketh by and by," trusts the Most High.

There is no unbelief. Whoever sees, 'neath winter's fields of snow, the silent harvests of the future grow, God's power must know.

There is no unbelief. The heart that looks on when dear eyelids close and dares to live when life has only woes, God's comfort knows.

There is no unbelief. For thus by day and night unconsciously, their heart lives by the faith the lips deny, God knoweth why.—Elizabeth York Case.

### OPA Lifts Restrictions On Hog Slaughter

Lubbock, Texas—Lifting the restrictions on farm slaughterers of hogs, announced recently by the War Food Administration, does not in any way affect Office of Price Administration requirements for the collection of meat points in the transfer of meat, J. Doyle Settle, district rationing executive, announced today.

The War Food Administration announced simply removes for a period of ninety days all restrictions on the slaughter of these hogs, Settle said.

Farmers killing their own hogs and desiring to market the meat should consult their local War Price and Rationing Board if they are not already registered as primary distributors of meat, the rationing executive said.

One of the treasury statements that we want to dispute is that the average dollar bill last nine months.

The Low Down From Hickory Grove

I don't often get agitated—not enough maybe, sometimes. But I do work myself into sort of a vexed state when somebody like these fellows stirring up a strike-vote on the railroads open up and say "the roads are making too much."

The railroads have been limping along with their tongue hanging out, and parched for years. The folks who forked up the cold hard dinero to build the roads, are people just like anybody else—they ought to eat too, but they have not been eating regular or hearty. They been holding the bag.

Workers should have a meetin' with their wife and family and decide who is their friend—the railroad or the Agitating Outfit cooking up the vote.

Yours for the low down, Jo Serra

IN REMEMBRANCE OF LITTLE ANNIE LEE DIAL

Baby Annie Lee was born on June 16, 1943, at the Treadaway hospital. She passed away at the Lubbock hospital on November 29, 1943, at the age of five months and thirteen days old.

She was the little daughter of Mr. and Mrs. H. B. Dial, and granddaughter of Mr. and Mrs. C. E. Snider. Funeral arrangements were made by the Brownfield Funeral Home.

Services were held at the First Baptist church in Brownfield, Tex., conducted by Rev. W. L. North of Clothes city.

Besides her parents and grandparents that are left to mourn her death are Mr. and Mrs. Roy Moore and family, Mrs. M. F. Childress, Mrs. Martha George, Mrs. Maggie Dial and family, Mr. and Mrs. Bill Dial, Mrs. Raymond Sheron, Mr. and Mrs. Arie Hughlet, Mr. and Mrs. D. L. George, Mr. and Mrs. R. L. Rinn and family, Mr. and Mrs. E. M. McCombs and family, Mr. and Mrs. V. Y. Phillips and family, Mr. and Mrs. Grady Tutstone and baby, all of whom were here, and many, many others who could not be here.

Mrs. Elbert Proctor was in town Monday to see her ninth grand child, a son, born to Mr. and Mrs. T. J. Proctor, the 5th, at the local hospital.

Legal Ruin

Large paying investments always concern more than a few people. Almost universally men (rich or poor) who have to handle large sums of money feel the responsibility and are careful.

Most of my life has been spent with poor people. I am a pioneer farmer's son who worked his way through college and lived in the Orient for eleven years.

Many Dependents He is a manufacturer in a northern city, turning out war materials; currently making nothing else.

On Thin Ice Thus far he has managed. His older and more skilled workmen made heavy machinery a long time before they built ordnance material.

Unhappy Times The war will end suddenly. Wars always end suddenly. When the ugly business is all over, this manufacturer will probably have on his hands \$25,000,000 of war goods that nobody wants.

Welfare of workers concerns most employers deeply. Soap-box orators, wishing to mobilize the nation's malcontents, have worked hard for years trying to make it appear that Private Enterprise means selfish monopoly.

If a business man were so foolish and neglectful of the safety of his employees, with nothing to blame but his own folly, and should put 40,000 people in the bread-line, his name would become a scornful, national by-word.

Mrs. Henry Fowler's brother, Mr. Warner Victory of Neah Bay, Washington, is now in the Aleutian Islands.

They are happily married if the one who finally goes to answer the phone does not glare at the other.

A quota of 15,000 new passenger automobiles for rationing in December—the lowest in almost two years of rationing—was announced by OPA.

A diplomat is a man who can convince his wife that she looks stout in a fur coat.

Personality: That quality which enables you to cash a check in a strange town without acting guilty.

Drafting Labor

The United States has a manpower shortage. Farmers all over the country met it more than a year ago and one by one since then other types of employers have felt the pinch.

Factors in the problem are three: (1) Our Commander-in-Chief has called faster industrial production essential to the war effort.

In a recent message to congress, President Roosevelt said, with special reference to airplane production: "A high rate of increase must be maintained . . . and that means constant stepping up of our production at home here."

Single Objective. Surely it is fair to assume that what the war effort needs is what the President asked for: more production, not more men on the government's payroll.

The American Way. A few weeks ago I visited the Beech Aircraft Corporation's plant in Wichita, Kan., where workers and owners together had launched a plan to improve production and developed it in one year to a degree of efficiency that increased factory output 25 percent.

Common sense and patriotism did the trick. The vehicle was a rational incentive plan that divided profits 50-50 between the employees and the corporation.

The Hitler Idea. Der Fuehrer works forced labor. He has 2 1/2 times as much population to draw from as we have, and regularly gets less done.

ANNUAL STEEL PRODUCTION Million People Million Tons In America 120 produce 90 In Germany 300 produce 50

So far, no high government man has actually come out boldly for labor conscription.

\*Last August this column carried an account of prompt and amazing production gains achieved by the Howard Radio Company of Chicago, through incentive wage payments.

Banner Creamery Has New Manager Ted Worley and family have recently moved here from Cisco, to take charge of the local Banner Creamery.

Henry Fowler spent the first of the week in Fort Worth, marketing.

"I suttinly hopes I'se sick," groaned Rastus. "I'd sho' hate to feel like this when I'se well."

Estimate Given On Cotton Crop

The Agriculture department reported today that this year's cotton crop is 11,478,000 bales of 500 pounds gross weight, compared with 12,817,000 bales last year and 12,474,000 bales the 1932-41 ten-year average production.

Ginners report of Nov. 14th, for the South Plains area is 384,600 bales and Terry county was near 19,000 compared to 25,000 same date last year.

Children play in Esther Short Park of Vancouver, Washington, beneath a heroic statue dedicated to the pioneer women who came with their husbands and children into the Northwest country.

There is little cause for mirth in occupied Europe and even the children have little stomach for play. Millions have been orphaned by Nazi guns or labor camps; all are undernourished and will bear the scars of this war to their dying day.

MURDER ON THE WATERFRONT Secret Naval Intelligence SOLVES IT!

Mrs. Henry Bates Hurt In Wreck

Mr. and Mrs. Henry Bates of Brownfield were coming home from Fort Worth Sunday afternoon where they had been for two weeks seeing about their property. About six miles this side of Weatherford they were involved in an automobile accident which completely wrecked their heavy sedan and nearly killed Mrs. Bates.

Mrs. Bates described the wreck, saying it was pouring down rain and the pavement was unusually slick. A car passed the Bates car and nearly met a third car in a head-on collision.

Mrs. R. O. Price and mother, Mrs. Cena Hall of Seagraves were Brownfield shoppers Monday.

A recent card from Malcolm Scales tells us he is now a Corporal, and located at Esler Field, La.

Mr. and Mrs. Hobb Gahn of Lovington, N. M., spent Sunday and Monday in the Orb Stice home.

Mrs. Flem McSpadden was in Dallas this week buyin goliday goods for the McSpadden Jewelry.

**Commissioners Court Attends Convention In Austin**

Attending the State Convention of County Judges and Commissioners in Austin last week end, were Judge C. L. Lincoln and Commissioners Bill Settle, Earl McNeil, Fred Malcolm and Duggan Thomas, and all returned with determination of effort to do their utmost in conservation of funds of the county so as to have funds to back the post-war planning of highways in the county and to affiliate and plan a program to co-operate with the national program that now exists, in order to give returning soldiers and war workers employment.

Speakers were Gov. Coke R. Stevenson, Lt. Gov. John Lee Smith, and Attorney General Gerald Mann. Post-War Planning was the theme of the convention, which was held at the Driskill hotel.

Judge Lincoln stated our commissioners court concluded the court house and jail bond program and reduced the court house and jail bonds from 6 per cent to 3 1/2 per cent, making the saving of \$26,000 to the taxpayers of Terry county.

Judge said it was a grand meeting and well attended by Judges and commissioners from this area. The next meeting will be in Galveston.
