Meadow Boy Fighter Pilot Graduate at RF

Randolph Field, Tex., Feb. 8.—Texas, already traditional as the home of great combat pilots, placed another 470 names on the list of its aerial fighting men today as graduation ceremonies were held at eleven AAF Training Command advanced schools in this state and Oklahoma.

In this class, largest ever produced by the Central Training Command, Texans far outnumbered the representatives from any other one state. The 470 fighter and bomber pilots who received their wings today could, alone, fly a good-sized mission against an Axis industrial bastion. Nine of the eleven schools in which these pilots obtained their final training as cadets are located in Texas. The other two schools are in Oklahoma.

Among the new pilots is one from Terry County, Golden N. Jones of Meadow, who was transferred from Pampa AAF.

LOCAL BOY AWARDED SILVER STAR MEDAL

In the name of the President of the United States, the Commander of the South Pacific Area and the South Pacific Force takes pleasure in awarding the SILVER STAR MEDAL to Corporal Jerry W. Cargill, United States Marines, for the service as set forth in the following citation:

"For conspicuous gallantry and intrepidity in action against the enemy while serving with a marine regiment, operating on Bougainville, British Solomon Islands, on November 29, 1943. While leading his squad, Corporal Cargill exposed himself many times to enemy sniper and machine gun fire. When one of his men was seriously wounded and unable to move, Corporal Cargill unhesitatingly ran forward in the face of tremendous hostile fire and carried his comrade to safe position, where first aid treatment was administered. His courage, initiative and utter disregard for his own personal safety were in keeping with the highest traditions of the United States Naval Service."

W. F. Halsey,

Admiral, U. S. Navy.
Jerry is a son of Mr. and Mrs. Jake Cargill of North Second St., City. He received training at Camp Elliott, California.

Boy Scouts Take Over Town Last Monday

Because of conflict with the war bond drive last Saturday, the Boy Scouts deferred their invasion till last Monday, when they took charge of all offices in the County and City for the day.

Charles Bandy was County Judge; Joe Hamilton, Sheriff; Jewell Perry, County Clerk; Billie Joe Lewis, Tax Collector; Rodger Lewis, County Attorney; Wayland Sanders, County Superintendent; Vernon Lincoln, Mayor; Dale Hill, City Marshal; Harley Starns, Fire Chief; Audry Brazil, Constable; Joe Wheatley, City Secretary. C. B. Thompson, Justice of the Peace, married a couple; a soldier, Geo. S. Friedman, and Miss Selma Ruth Vinyard, it is said they would stick as well as many of the others.

Gene Carter, Donald Moore, Darwin Cargill and Leroy Rambo, served as Commissioners, and Carroll Henson, and Harold Henson, twins, Carl Johnson, Jno. E. Dalton and Robert Montgomery, as City Councilmen. There were many police officers, and patrolmen, who intercepted many for infractions of traffic rules. Instead of imposing fines, they collected donations for the cigarette funds for the overseas service men, a total of \$162.00, which buys 32,400 packages.

Scoutmaster Ralph Bailey, in charge of the program, and Gay Price and Prof. Goza, also scout masters, were profuse in their thanks to the regular officials for their courtesy and aid, and to the public for the liberal donations. The boys were very active in selling Bonds last week, total amount could not be ascertained at this time, but it was learned the twin Hensons sold over \$2,000.00 worth.

Their Court of Honor will meet Monday night, Feb. 28th.

DOES THIS MEAN YOU?

How many dressings did you fold today? "A splitting headache kept me away."

Even amid bursting bombs and gunfire on Guadalcanal, they don't tire!

How many dressings did you today? "Bridge was scheduled, I had to play."

Would fliers play cards on a P-38, while the enemy fired with malice and hate?

How many dressings did you today? "I'm giving a party," you say.

Not much entertaining for the duration, we're fighting to keep a free nation!

How many dressings did you today? "Tea dance today—tomorrow, I may."

Tomorrow? Tomorrow may be too late, lives can be saved if you skip that date.

How many dressings did you today? "Hear of the Smiths?" folks ask in dismay. Two more large dressings might have saved the twins.

Help Red Cross, that's the spirit that wins.

How many dressings did you today? Please help — "Where there's a will, there's a way!" 's a will, there's a way!

Uncle Jimmie O'Connor Passes 88th Milestone

Four score and 8 years ago, in the hills of Tennessee, was born a manchild, in the person of Uncle Jimmie O'Connor. That was in the year of 1856, five years before the nation began its civil strife.

Other than Mrs. Nannie Hamilton, with whom he now makes his home, the following from other counties and states, called to pay their respects to this fine old gentleman:

D. M. O'Connor of California; Mrs. S. F. Scott, Amarillo; Sgt. and Mrs. David Mills and Miss Billie Pool, of Seminole. Many local people called as well as two old Tennessee friends, Foster Young and Haskell Felton, of Lubbock.

Mrs. George Hoy of Farmington, N. M., is visiting with her son, George Hoy, Jr., who is with the Stanolin Oil Co.

Tax Collections Near 100 Per Cent

A check up with the County Schools, and City tax collectors' offices reveal an unusually near full payment of all taxes for the year 1943. The county shows 98½% collection, the schools 94% per cent and the city 91 per cent, with proportionate payment of delinquent taxes for former years, also redeemed. This reflects the financial condition of the general public, and too, taxes are not so high as they were a few years ago.

The final count of poll tax payments was 3160, as compared with 2650 for 1942, indicating an increase in population, which was corroborated by ration books issued for 1943, showing 14,500 population, while the census of 1940 show 11,160.

It is thought the ration books a correct, though new, criterion to go by—at least it wouldn't be under estimated.

CUB MEETING

Forty boys and 20 parents met last Friday evening in the Presbyterian Recreation Room for a Cub meeting.

Informal games and Cub activities were the evening's entertainment. Dens 1 and 2 performed stunts. Plans were made to have bird house building contest by next meeting.

Invitation was presented to the boys for a special boys service the following Sunday Morning at the Presbyterian church from the pastor and the boy's leader, Rev. Fred A. Walker, to observe National Boy Scout Week. Forty Scouts and twenty Cubs attended the special services Sunday morning.

Wellman School To Stage Basketball Tournament

The Wellman High School Basketball Teams are winning games of much renown this season. The schedules have been light due to OPA regulations governing travel, but they have played several outstanding teams and are to stage an invitation tournament this week.

The high school girls team has lost only to the strong Meadow team. They have beaten such teams as Ropesville, Union and also won from the Meadow team in the initial trial of the season but have since lost two conference games to them. The girls play in the conference play-off game to a close Tuesday night with the Wellman team winning second place in the county and receiving a nice trophy.

In conference play the scores have been:

Wellman 25	Union 24
Wellman 38	Union 27
Wellman 18	Meadow 20
Wellman 15	Meadow 40

Both Meadow and Wellman will go to the District Tournament at Sundown on February 24, 25 and 26th. Brackets will be arranged next Saturday in a district meeting at Lubbock.

The Wellman High School Boys have given even a better account of themselves in losing only one game to the strong Ropesville team which is predicted to be able to win the State Class B championship. This defeat came in the Meadow Tournament and after our boys had played two hard games before meeting the strong Ropes club. Efforts are being made to match these two teams in an exchange of games for next week.

Of the fifteen games played by the boys, the Union-Wellman game was the most one-sided played, the final score being: Wellman 83, and Union, 12. They played the Meadow boys and won from them by a score of 25 to 7.

Our Invitation Tournament is to be held this week with twenty games bracketed. Eight trophies are to be awarded and both boys and girls will run a consolation bracket as well as a championship bracket.

Over 500 Miles of REA Lines to Be Run

Copper wire for over 500 miles of REA construction is now on the ground and workmen will start putting it up this week, according to Mr. Florence, manager of construction for Rhinehart & Donovan, contractors.

The post and insulators have been in place for two or three years, but the war came on and copper was frozen. Now enough has been released by the government to construct these lines. As we understand it, many of the farm homes near these lines have already been wired, and it won't be long now until these farmers and their families will enjoy that great utility, electricity, in their homes.

Twenty years ago few farms enjoyed electricity, but before the war came on, we understand that some 40 percent of the farms in the nation had power and lights. In another 20 years a farm home will have to be well isolated if it does not have an electric current.

MEADOW MAN BUYS REGISTERED JERSEY

Another Band Stand

With bringing the Government back to the people, and Cam Sears moving to town, at the same time, will likely necessitate another band stand in the Court House yard. The regulars, who have been fixing things in the old stand so long, now claim it by limitation, and won't take Cam in, because he don't chew tobacco, nor use proteins nor vitamins; is too recently out of work, and hasn't enough credentials. Sears says he doesn't want in that corps, no way, 'cause they do nothing but spit and whittle, and argue about subsidies and gingivitis, and he hasn't got either, and put in so much time talking how the war ought to be run, they have let the home front get in such a mess, he don't want to be blamed with it, and, in fact, the county needs a two-party system and he is starting a new front, with the aid of J. R. Garrison and two or three more—new comers to town. So, he may apply to the Commissioners for their consent, for authority to seek a permit to get priorities and have a site inspected, and then approval of the engineering bureau, and get blue prints, and as soon as material is allocated, cost-plus construction will begin. At his press conference, Mr. Sears said: "The stand will be equipped with all modern experiences. I believe in equal rights to all and special privies for none and therefore the county ought to pay for it." With so many moving to town, he hopes to fill his quota soon after warm weather starts. He points out the advantage of the two stand system, that while the politicians in one stand is saving the country from the wrath that is, the other can be saving the people from the wrath that is to be. When questioned which he would undertake, he replied: "No Comment."

Terry Countians Exceeds Their Bond Quota

It is not proper to say the War Bond quota was oversubscribed. That can hardly be done, but Terry county went over the top in over-buying the quota, \$445,000, allotted to it in the 4th war loan drive, ending with the bond rally at the court house Saturday afternoon.

Chairman Nicholson was high in praise of the workers in helping contact people and of those who bought the bonds. He stated the "E" series, set at \$144,000, was over-subscribed \$72,740.75. The grand total oversubscribed was \$128,070.75.

JONES TO CONDUCT FIRST AID COURSE

Eunice D. Jones will conduct an advanced First Aid course, beginning Monday night, February 21, at 8 o'clock, in the court room at the court house.

All who have had the standard course and their first aid card has not expired, are eligible for this course. The course will consist of 10 hours and everyone who take this course will have to have 100 per cent attendance.

The first lesson will consist of chapters 1, 2, 3, and 4 in American Red Cross First Aid book.

Anyone interested in this course contact Mr. Jones, or be at the court house Monday, February 21, and have your lesson prepared for the first night.

Anywhere. Tatto identification, somewhat similar to fingerprinting, keeps individuals of this dairy breed always known.

Jerseys make up 42 percent of all dairy cows in the United States. Because they produce the world's richest milk, and because there are more Jerseys than any other breed in America, their role in National Defense is an important one. Increased production of Jersey milk guarantees the protective food needs of here and abroad.

While most newspapers and the more discrete magazines are of the opinion that while Esquire is not exactly a "parlor" variety publication, and while that some of the "literature" in it is not exactly Sunday School talk, they at the same time believe that Postmaster General Walker has somewhat exceeded his authority in forbidding second class privileges to Esquire. In the first place, a majority of disinterested men and women should still have second class mailing privileges. This group was made up of men and women representing a number of businesses and professions, including one minister. If this precedent is followed, most any paper or magazine could be suppressed if it did not suit the fancy of the administration in power, and our precious Bill of Rights flouted. Freedom of religion, speech and press, and trial by jury is something a few million young Americans are now fighting for, and will soon be joined by a few million more.

CITY ANNOUNCEMENTS

Subject to the City of Brownfield election to be held the first Tuesday in April, 1944.

FOR MAYOR:

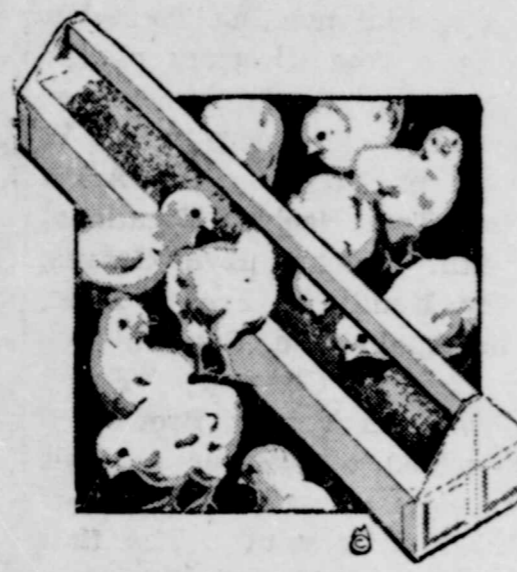

Jesse D. Cox.

To listen to the speeches of Vice-President Wallace and few others, after the war, our paternalistic government will have a salve for every wound, and a protection from the cradle to the grave, all taken from the people in the form of taxes, and rehanded out at the discretion of the bureaucrats. Take socialized medicine for instance. It is one of the big talks. Yes sir, when you want the doctor and want him quick, as some often get deathly sick in a family in just a few minutes. Fancy the family running over to the postoffice to get some blanks to fill out, and carry them to a bureau that will probably meet next Wednesday week. Finally they meet and decide that Smith needs a doctor. Not one of his choosing,

but one the board indicates. The doctor finally arrives to find that Smith died last Tuesday and was buried in the memorial cemetery last Wednesday. What is all our big talk about our American way of life? That our boys are fighting for our way of life? Would socialized medicine or any other socialistic scheme remind you of our way of life? If not, then why in heaven's name don't you come out flatfooted and say so?

There is still a lot of talk about complacency of the home front, mostly coming out of Washington, and it has begun to hit a sore spot on the home front people. Why should any of us be complacent about this war? Without taking much thought, can you name a family about you that does not have a son, brother, father, sweetheart or some other kinsman in the service — some that have perhaps already paid the supreme sacrifice? Or, if you can find a man or woman that has no kin or connections in the war, can you find a man or woman that does not have the son, brother or father of their dear friend in the service? Wonder if Washington thinks the people are not interested in neighbor Smith's boy in the navy, Thompson's brother in the marines, or Brown's nephew in the army? Does complacency mean that we must not smile, eat enough, lose sleep and get as crabbed as the old devil just because we have a war going on? Do they want the home front to neglect their health and become wards of the state, and not workers to see this thing through? We wonder.

PLEASANT VALLEY HD CLUB SPENDS DAY WITH MRS. RICHARDS

The Pleasant Valley Home Demonstration Club accepted a special invitation to meet all day Friday, February 4, in the home of Mrs. W. R. Richards, who is not a club member.

Each one brought a covered dish and lunch was served buffet style at 12:30 P. M., to 12 members, 6 guests, 7 children and the hostess.

The house was called to order at 2:30 P. M., by the president. After singing two songs, the minutes were read and corrected. The club voted to pay from \$5.00 to \$7.50 for a gift to the member who attends the most meetings in 1944.

Three new members were added which the club is very glad to have. They are Mrs. Dean Great-house, Mrs. W. W. Watson, and Mrs. D. L. Morrison, who is the club's poultry demonstrator.

There were 15 Victory Pledge Cards signed. Miss Reast gave a demonstration on "Getting Ready for the Baby Chicks," showing how to make inexpensive home-made brooders, etc.

Several games of bingo were enjoyed with Mrs. Tom Carnett being the lucky one.

Local Tire Dealer In Conference With U. S. Tire Officials

Mr. Jack Hamilton of the Snap-Ty Tire Company has just returned from Dallas where he attended an important meeting with U. S. Tire officials on the subject of Transportation Maintenance.

He reports that the U. S. Rubber Company has inaugurated a new 6-Point Program designed to help turn out higher quality work in recapping and repairing and that his shop is taking full advantage of all the materials available. U. S. Tire officials presented a motion picture entitled "Servicing with Synthetics"; also various exhibits which gave the latest information essential for the best results when working with synthetic rubber. It is said that this program is the first of its kind in the industry and that it will provide the vital "know how" of applying synthetic rubber in the changeover from the use of the natural product.

"Our first responsibility is to keep transportation rolling," said Mr. Hamilton, "and, with the heavily increased importance of recapping, the information received is invaluable in handling the new synthetic materials with which we now must work." In pointing out that the tire situation is daily becoming more acute, Mr. Hamilton stated, "More than ever before truckers and motorists must look to the local dealer for service and expert recapping and repairing."

Mrs. Oscar Duncan of Weatherford, Okla., is visiting her mother, Mrs. Lula Singletary, and sister, Mrs. Grady Goodpasture.

TO THE CITIZENS OF TERRY COUNTY

I wish to announce my candidacy for re-election to the office of County Attorney of Terry County. It has been a pleasure to serve you as County Attorney for the past three years. I have tried to serve you conscientiously and faithfully. I have cooperated with fellow officers in enforcing our laws, and I have at all times been ready and glad to advise and counsel our citizens on matters of law and law enforcement.

I think the taxpayers have a right to expect efficiency and economy in any public office. The Records will show that each year I have served you as county attorney, the office has paid excess fees into the County treasury. For the year 1943 my office earned, collected and turned back to the taxpayers of our county \$975.00 in excess fees.

I am reporting for duty with the U. S. Navy in a few days. The Commissioners' court has appointed a local attorney to serve the balance of my present term. Because of my entering service I have only been able to serve a part of my second term and because of this and my Record in office I feel justified in seeking re-election. I will appreciate your vote and influence, and if elected, when my services are no longer needed by my country, I hope to return to my home and serve you again as County Attorney.

Respectfully yours,
H. B. Virgil Crawford.

Neill Burnett, who played with the Brownfield Cubs, 1942-43, becoming 18 last November, was inducted in the Naval Cadets early this month. Hardin-Simmons University paper, "The Brand", in a recent issue, said: "The Cowboys' hopes received a jolt at the news that their first string center, Neill Burnett, was joining the armed forces. He was one of the scrappiest players on the squad. The Cowboys' varsity will miss him in their remaining games."

MRS. BENSON'S MOTHER PASSES AWAY

Mrs. Kate Malone, aged 80, passed away last Friday, at the home of her daughter, Mrs. J. P. Benson, east of town, and was carried by the Brownfield Funeral Home to Tahoka for interment there Sunday afternoon. Doyle Kelly of the church of Christ, here, officiating at the services. Besides Mrs. Benson, the deceased left five other daughters, residing in Alabama and Mississippi.

Mr. and Mrs. J. L. Paxton of Odessa spent a while Tuesday with Mrs. Paxton's family, Mr. and Mrs. Britt Clare.

ATTENTION

Your 1943 income tax report is now due. There is about twice as much work to do on your 1943 income tax report as there was on your 1942 report. I would appreciate you turning your figures in to me as early as possible. Some are under the impression that you do not have to file a return now on account of making a declaration in December. This was only an estimate of your 1943 income. Now you must submit a final report showing why you owe or do not owe the government any taxes for 1943. So please bring your books in as early as possible so we may get your report out in due time.

"We're All In THE Same Boat"

PULL IN TOWARD VICTORY is our common aim—from the little school child, regularly buying War Stamps, and helping in salvage collection—to the housewife doing her best with rationing, taking on a war job and civilian defense duties, and cooperating with every wartime, government regulation! Backing her up—his hands strongly guiding his oars, is the storekeeper, making the best of manpower and merchandise shortages; firmly observing ceiling prices and rationing; just as the business man does his share by paying taxes in good spirit; running his office with a limited staff, and economizing at every turn of business operation. And right in the same boat is the war worker, whose grimy hands and toil-soiled clothes are as symbolic of "gallantry in action" as the soldier's mud-spattered uniform. He too, with all of us, is riding over the rough waves that war must bring, pulling hard and making straight for Victory—whatever sacrifice may be necessary!

MRS. HOBBS, FORMER RESIDENT BURIED HERE

Mrs. Lottie Hobbs, aged 56, wife of T. E. Hobbs, former residents of nine miles northwest of town, but lately residing at Hollis, Okla., died there last Friday, and was brought here through the facilities of the Brownfield Funeral Home, for interment in the Brownfield Memorial Cemetery, Saturday evening, funeral services conducted at the Church of Christ by Doyle Kelcy, pastor.

Mrs. Hobbs leaves surviving, three sons, Geo. L. Merritt, and Clarence of Eagle Pass, Texas, and Joe A. Merritt, in Camp White, Oregon, two daughters, Mrs. Wade Donothan, Purcell, Okla. and Miss Ruth Hobbs of Hollis.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

Mrs. Richard Whitley was over last week from Gomez to get another year added to the paper going to her son, Rich Jr., in the service. Mrs. Whitley stated that with her father-in-law, Joe Whitley retiring and moving to Brownfield, it sure kept her and husband on the jump with the store and filling station work. "But," she added, "I don't mind. If the boys will just keep the Nazis and Japs on the other side, I'll willingly work and like it."

Mrs. Curley Edwards and Jonelda of Abilene, visited here a few days this week.

Under Hoover, we had the old Raw Deal, under Roosevelt, we've had the New Deal. The New Deal we realize has had its mistakes, but it did many a good job. There have been no bread lines or soup houses; no bank crashes or panics, or starvation. If there has been any grief, it has been because of the bureaucrats, and eventually those barnacles will get the axe. And we're not going to change horses in the middle of the creek. Lots of our folks don't like a fourth term, but there isn't any of our crowd that's as fast as F.D.R., and we're going to polish up the old Texas brass collar, and keep on jarrin' the welkin for Andy Jackson democracy. And we're going to win. Because when better promises are made, us democrats will make 'em.—O'Donnell Index-Press.

MEASLES HIGHLY CONTAGIOUS AND DANGEROUS

AUSTIN — The incidence of measles in Texas last week was shown as more than 50 per cent above the seven year median, in a statement issued by Dr. Geo. W. Cox, State Health Officer.

"Any contagious disease can spread to epidemic proportions," Dr. Cox warned, "if proper care is not used to isolate the patient and protect others from exposure."

Dr. Cox said that measles had not approached even a near-epidemic stage as yet; nevertheless he wanted to emphasize the need for proper nursing and strict compliance with quarantine laws, in order to prevent its widespread appearance.

Measles alone is not necessarily a dangerous disease, Dr. Cox stated, but serious complications, such as streptococcus, mastoiditis, and pneumonia which frequently follow, make it a disease to be carefully nursed, with close attention from a doctor.

"Unskilled treatment of a plain case of measles can result in complications which often kill," Dr. Cox warned, "and it is not to be regarded lightly as simply another childhood disease."

Dr. Cox urged parents to watch exposed children carefully, and at the first sign of temperature, flushed face, sniffles, or watering eyes, advised that the child be put to bed immediately and placed under a doctor's care.

Paul Jones, who was for several years assistant manager to Pat Patterson of Piggly Wiggly here, and promoted about a year ago to management of the Seminole store, was up last week. Paul reports the Seminole store is doing a fine business.

Mr. and Mrs. Roy Herod and Billy Mac attended business in Farwell Friday. They drove on to Amarillo and spent the weekend with Dr. and Mrs. Jacobson and family.

"That These Honored Marines Who Fought At Tarawa Score The Home Front

By General Thomas Holcomb
Commandant of the U. S. Marine Corps from 1936 until his retirement, February 1, 1944.

Minute after minute the marines plodded ashore, neck-deep, while Japanese machine-gun bullets whipped the water around them. A sergeant looked down at the blood spurting from his shoulder and laughed and kept going. A twice-wounded lieutenant went on to help clean out six machine-gun nests before he fell. That was Tarawa: 2557 wounded; 1026 killed. At ebb tide the bodies of the dead dotted the reefs, among the seaweed.

But, on the third day, the island was ours. And back home millions of Americans thrilled at the incalculable and unconquerable faith that led clerks, bakers, elevator boys, and farm boys to victory by sacrifice "beyond the call of duty."

Now you and I are being called on to test OUR faith. Not with our lives, to be sure. Only with our pocket-books.

A recent public-opinion poll uncovered the fact that a large number of people in the United States have not purchased a single war bond! "I cannot afford to" is the chief excuse they give. Think of Tarawa. Then answer: Can we afford NOT to buy bonds—and more bonds?

There are dozens of good reasons for buying bonds. But there is one reason that transcends all others. Your purchase is a measure of your belief in America and America's future. It is the most positive act faith in your power. If that faith were lacking among us, then the war would already be futile and peace already lost.

Yet the faith is there. We may hesitate to put it in words, but we know how to show it in action. The language that was spoken at Tarawa will not fail to be echoed now in the way each of us act to put over the Fourth War Loan Drive.

Your purchase of a war bond today demonstrates your confidence in the future of American life. It is your solemn pledge of faith that these honored dead shall not have died in vain... that government of the people, by the people, and for the people, shall not perish from the earth.

Miss Marion Bybee of Long Beach, California, is the houseguest of Mrs. Roy Ballard and the Tom Mays. She was met in Lubbock Monday by her hosts.

If you haven't bought a bond, if you ever doubted how an American marine feels about strikes and complacency at home—well let Pfc. Herbert L. Parsons, 19-year-old marine who went through the hell of Tarawa, tell you.

In one of the most scathing criticisms of the home front ever received by letter from the battle zone, Parsons, Sunset high school graduate and son of Mr. and Mrs. E. G. Parsons, 932 So. Mont Clair, said:

"Dearest folks: Here is more or less an article by me that I want you to show yours friends who consider the war won and aren't with us in complete support. You saw a newsreel of the Battle of Tarawa. It didn't show much.

"It didn't show the life blood of more than 1,000 American boys draining away into the sea and coral. Your ears didn't deafen for 76 hours because of ceaseless cannonading, the screech of falling bombs, the staccato of machine guns. Your eyes didn't burn with tears for the buddy that toppled over dead with a Jap sniper bullet in his heart.

"More than 1,000 marine hearts beat their last at Tarawa. Three thousand more were wounded. Boys went blind there. Some lost arms, legs, feet and hands.

"Often some of us wonder if the sacrifice we are making for you is worth it. Do we know what we are fighting for? You can bet we know it a hell of a lot better than any of you. We are assigned the job of killing the and getting this over with so we may go back to our wives and families.

"You don't know the disgust we have in some of the activities at home. Some of our own mothers and fathers are prolonging this hell because of a 5c raise in salary. They are committing a crime that could never be justified in any court. I ask that any of you who are complaining about your conditions there come over here with us for a single campaign. Some of our own parents are in the strikes at home if only they could realize how much it helps the enemy's morale and tears our's down.

"We have them halted (Japs) on their way to bomb and destroy our people and have turned to the hard road of victory which will cost us plenty. We cannot win until the last battle is won and we damned sure can't fight that battle until you people at home wake up that the war isn't won and that it will be a long time, and a hard time before it is.

"We are a long way from our goal in the Pacific. The only way we will make it through the people at home, giving their utmost sacrifices and devotion until that goal is reached. No one prays for it to end any sooner than the men fighting it.

"We are those men. Don't let us down."—Dallas News.

A QUESTION FOR THE OPA TO ANSWER
Unconfirmed rumor here is that a Gaines county farmer last week being bothered by a neighbor's hogs, just killed 16 head, and took them to the owner's premises and covered them with bundle feed.

It is believed a man has the right to protect his crops and premises. Neither owner nor officers inclined to take action. Perhaps OPA can handle it for butchering without a permit.

Baptist Church News

Congregations were smaller last Sunday, due no doubt to the weather, but threatening weather should not influence big men when little children are present, as is usually the case, and the days are growing longer now, so that even the men will have time to get ready and be on time for Bible study.

A room in the building has been furnished for a pastor's study and he will be glad to have any wishing an interview with him to make an appointment for it where there will be no one to intrude and any matter may be considered quietly, and if you feel that he may be able to assist you in any manner make an appointment with him.

If you have men in the service of our country try to bring two for each one of them to the Wednesday evening prayer service at 8:30. More than one thousand were present at prayer meeting recently at the First Church, Dallas, on this undertaking and let us try it here.

A warm welcome awaits you at this church as a visitor or as a member.

ERROR
 In an ad in the Want-Ad column, run by John Killian, Real Land Man of Causey, N. M., recently, we stated that "one of the finest irrigated 1606 acres on REA line, well improved." This was an error; it should have read: 320 acres, instead of 1606.
