While we of the west are trying to stop erosion on farms and pastures by leaving cover crops, changing the direction of rows, terracing and other means, they have other means in Tennessee and other older states. They are putting out pines in the "turned-out" waste land, and are renewing their better farms by planting clover and leaving it for pasture a few years. They too, are learning. They don't even bore for hollow horn when a cow gets sick anymore. They send for the veterinarian and give the sick cow the shots.

Editor John Price is a stubborn cuss. We, as well as several other editors of this area tried to convince him last year that the she-male mocking bird don't sing, but he had one that did, he said. So last week we sent him a clipping from the "Horse Sense" question and answers department of the Dallas News, in which a noted birdologist stated that they did not sing. John wrote back to us acknowledging his defeat, but he'll never make any public mention of it, we'll bet.

Personally we don't think too much of the Petroleum Industry War Council, especially the placing of its directorate. Otherwise we know little of the intent of the organization. But Texas, by far the largest oil producing state in the union was given nine

council members, while the city of Los Angeles alone had 11, and San Francisco 4. New York had ten, and so far as we know New York state produces little if any petroleum.

The Good Roads Association is looking right down our ally, as they are bitterly opposed to the diversion of some \$25,000,000 that has been accumulated during the war to some fund for the treatment of black alley cats or some such other foolishness, to be handed out by a smiling politician to a grasping public, who never did work and won't start working now. We'll need that money badly to rebuild our highways that have been torn up during this war.

One of the most noted as well as the oldest editors in point of both age and service in west Texas, has quit. Uncle Bill Kellis of the Sterling City News-Record, has sold that paper to Mr. Jack Douthit, and Uncle Bill has moved to sunny Arizona to enjoy his declining years. We wouldn't have "thunk" it. No longer than about Christmas, we passed thru that city and stopped to inquire of this octogenarian if he knew of a "loose" linotype operator hanging around among the mesquite. "No," says he. "You had as well roll up your sleeves and do it yourself." We are taking his advice since the Junior Editor went to the navy.

THE STORY OF THE KENNY METHOD

Just three and a half years ago—in 1940—a distinct change in our method of treatment of infantile paralysis was introduced, one that has since caught the public's attention because of its human drama. This was, of course, the method of treating infantile paralysis victim, which was evolved by Sister Kenny, the Australian nurse.

Many have misunderstood the nature of the Kenny treatment, and have thought it a cure for infantile paralysis. That is not true, and Sister Kenny makes no such claim. The medical profession is still in the dark as to how to prevent it. It cannot control its spread. No one yet knows by what method this virus is carried

from one victim to another. In a day when we are masters of typhoid, smallpox and diphtheria—infantile paralysis is still a riddle, a mystery, a crippling menace prowling the country at will.

What Sister Kenny has contributed, however—and it is a very real contribution—is a method of treating victims already stricken by paralysis; a method that in the opinion of many American doctors reduces the crippling after-effects of the disease.

FIGHTERS RIDE THE COTTON PLANTER

On the war front, our boys are riding to battle in tanks and jeeps, planes and ships. On the home front, our farmers will soon ride to battle on cotton planters, planting the nation's "Number One War Crop."

Every added bale of cotton and ton of seed farmers produce in 1944 means more food—more feed for livestock—more linters to make munitions and more fiber for war uses. Producing more in 1944 will not be easy but no war job's easy, and no war job is more important than that of increasing the supply of war materials that come from cotton.

Cotton, our most important war crop, deserves the "all-out" effort of every farm fighter to produce more.

THE OLD JUDGE SAYS...

"Quite a stack of newspapers I left you yesterday, Judge. Aren't you in the newspaper business, are you?"
 "No, I just enjoy reading different papers so my nephew George sends them to me whenever he takes a business trip. I got a big kick out of some he sent me from several counties where they still have prohibition. Particularly from some headlines that read 'Drunk Driving Arrests Rise',

'Bootleggers must post Ceiling Prices', 'Federal Agents seize 'Trick' Liquor Truck', Doesn't that go to prove, Joe, that prohibition does not prohibit?'
 "I watched conditions pretty carefully during our 13 years of prohibition in this country. The only thing I could see we got out of it was bootleg liquor instead of legal liquor...plus the worst crime and corruption this country has ever known."

PAPER HAS A LARGE PART IN THE WAR

From the day a soldier goes to war, he is dependent on paper. From his draft card to his honorable discharge, his records are kept on it.

His rations are packed in it; his cartridges are wrapped in it; his shoes are lined with it; his letters are written on it.

His barracks are built with paper wallboard, paper roofing, paper insulation.

He shoots at paper targets, eats from paper plates, drinks from paper cups.

His battles are planned, his orders are issued on paper.

Literally, he lives, trains, travels and fights, with paper his indispensable ally.

And of course his "honorable discharge" will be handed to him on a piece of paper—after beat- en axis has signed the peace terms—on paper!

IT'S NEWS, said a famous editor, when boy bites dog but commonplace when dog bites boy.

It is not quite clear why our young inquiring reporter had to sink his teeth into the subject to discover that it isn't the genuine article. But many a motorist would like some similar way of quickly discovering the real thing when he wants high quality motor oil.

The difficulty is that he can't detect quality in a lubricant by taste, smell, sight, or feel. Yet there is an easy solution to the problem. Just remember that to end confusion and doubt, Phillips makes this simple, straightforward statement: If you want our best oil, remember we specify that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer to average motorists.

The recommended oil change period used to be every 1,000 miles. With today's reduced driving, experts say motor life is lengthened by changing oil every two months. And now is the time for seasonal change to replace winter-worn lubricant. So be sure to get quality by asking for Phillips 66 Motor Oil.

Mahon Asks For More Farm Tractors

Washington, D. C.—Correspondence from Texas farmers arriving at the office of Texas Congressmen in Washington indicate a growing concern over the farm machinery situation. There is also the feeling that Texas has not been allotted its fair share of the present farm machinery production, particularly farm tractors.

Rep. George Mahon has appealed to the War Food Administration officials for a more liberal allocation of farm tractors, and for an expansion of the whole farm machinery outlook—admittedly a very serious problem, and closely linked to the war effort.

For the ten months period ending July 1, 1944, Texas is scheduled to receive 10,894 new farm tractors, out of the national farm tractor production for the period estimated at 153,000. New farm tractors purchased for the 1944 crop year, and scheduled for delivery prior to July 1, are estimated to exceed by four times the production for a similar period last crop year. But the supply of new tractors will be far from adequate.

It is pointed out that Texas is, however, receiving more tractors for the present crop year than any other state. The nearest ap-

MANY LOSE LIVES FROM FLY-BORNE DISEASES

Austin, Texas—Thousands of children and adults die each year from fly-borne diseases, Typhoid fever, tuberculosis, summer complaint, cholera, and intestinal diseases frequently resulting in death follow closely on the trail of the common housefly.

The control of the fly menace comes at the top of the list of necessary public health measures which should be applied to every city and community in the state," says Dr. Geo. W. Cox, the State Health Officer. The most effective measure for control is to prevent breeding, and about 8 days are required to complete a life cycle. During her lifetime of several months, one housefly lays from 600 to 1,000 eggs. Thus, it can easily be seen that in a season which usually begins in the spring of the year, the descendants of one housefly number countless of thousands.

To eliminate the flies, Dr. Cox says the breeding places must be destroyed. As flies breed in filth, manure piles, garbage and other organic filth furnish the requirements of warmth, moisture and food necessary for the propagation of the fly. Flies should be kept from contact with food or drink or utensils in which such food and drink are prepared and served. Likewise they should be kept from access to privy vaults where they pick up the infections, which they later spread to humans by contact with the food and drink, and by unwashed hands and utensils.

"See that the windows, doors, and porches are screened so that the stray fly from some careless neighbor will not endanger your family. See that your grocer keeps meats, vegetables and fruit screened from flies."

Of interest to West Texas is the fact that this crop year Texas is expected to get 2200 new combines as compared with 1100 new combines delivered in Texas last year.

I'VE SET MY GOAL—
MORE COTTON
 for FOOD AND FEED

These are right! When a man must use the weapons he's handiest with, to win... That's why I'm growing more cotton. Here in the Cotton Belt we have the land, climate, the tools and the "know how" to grow the crop that contributes most to the war effort. That crop is COTTON! Cotton provides edible oils for food, necessities that are scarce and rationed. Cotton provides meal, cake and hulls for feed to produce more meat and milk products.

THE OVER-ALL FOOD GOALS WILL NOT BE SUFFICIENT UNLESS ENOUGH COTTON, THE FOOD AND FEED CROP, IS PRODUCED.

SGT. DUNCAN WEDS A MIAMI GIRL

The marriage of Miss Florene Keehn, daughter of Mr. and Mrs. Keehn of Miami, Texas, and Sgt. E. D. Duncan of the Pampa Army Air base, son of Mr. and Mrs. E. D. Duncan of Brownfield, was solemnized at 7 o'clock, Saturday afternoon, in the home of the bride's mother. Rtv. J. H. Gentry, pastor of the Baptist church of that city, read the single ring ceremony.

Adelia Jane Craig played the traditional wedding march. The candles were lighted by Miss Mable Ramsey, cousin of the bride, and Mrs. Tom L. Smyth, sisttr of the groom. Miss Bonnie Spriggs was maid of honor, and Pfc. Bernice C. Finch was best man.

The bride wore a light blue dress with a corsage of pink roses and black accessories. The attendants were the bride's mother, Barbara Keehn, a sister, Billie and J. D. Keehn, brothers of the bride. Out of town attendants, were Mrs. E. D. Duncan, mother of the groom, Miss Helen Duncan and Mrs. Tom L. Smyth, sisters and Marvin Duncan, brother. Others were, Mrs. Curtis Patton and Clifford Chambers, all of this city.

Mrs. Duncan will graduate from high school in May. Sgt Duncan graduated from the Wellman H. school with the class of '41. He enlisted in the air corps October 30, 1942.

A three tiered wedding cake, topped with a miniature bridal couple, centered the lace covered table. Cake with punch was served the thirty-one guests at the reception, following the ceremony. The couple will be at home in Pampa in May.

THE BOB BOWERS HAVE A GRANDSON

Grandfather and grandmother Bob Bowers are rejoicing over the arrival of a grandson, Apr. 3rd, to S/Sgt and Mrs. Tommie Hicks, at the local hospital. The young man has been named Thomas Alvin, after his father, who is stationed at an Air Base somewhere in England.

Mr. and Mrs. Ned Self were recent weekend visitors with his mother and brother in Hereford, and with htr brother, Douglas Jones, of Amarillo.

PARTIES HONORING EARLENE JONES

To compliment Miss Earlene Jones, bride-elect of Mark Olson, Stanolin Oil Company Engineer, Mesdames Akers, Sam and J. M. Teague, Roy Wingerd, Mon Telford, Wilson Collins and and Lee O. Allen, entertained with a formal tea-shower from 5 until 7 o'clock, Wednesday April 5th, at the home of Mrs. Akers.

In the receiving line were Mrs. Akers, Mrs. Howze, mother of the honoree, Earlene, and her sister, Miss Evelynnn Jones.

Mrs. J. L. Barton of Lubbock, grandmother of Earlene, presided at the brides book of white chiffon with peach streamers, at a small round table covered with a white organdy cloth over peach satin, with a centerpiece of sweet peas.

To carry out the chosen color scheme of white and peach, the round tea table was laid with white organdy cloth over peach and centered with white calla lilies, flanked by white tall candles in crystal holders. Lillies, carnations and white sweetpeas were used throughout the house.

Small white cakes, mints and punch were served from the crystal service.

Earlene wore a black net formal with a blue bodice, trimmed in seeded pearls and wore a corsage of white carnations.

All members of the house party wore corsages of white carnations. Others in the house party than the hostesses, were Mrs. Ned Self, Mrs. Pete Tiernan and Misses Sue and Gertrude Jones.

MRS. GLYNN BROWN HONORED WITH SHOWER

A shower honoring Mrs. Glynn Brown was given on the afternoon of April 11th, at the home of Mrs. Mrs. G. D. Wade. Games were played and refreshments of home made cake, cookies and punch were served.

Those present were Mesdames Leonard Rogers, Dick Garner, E. E. Fair, Andy Brock, Loyd Shepherd, Bob Luker, E. D. Yeatts, Howard Hill, Kate Fancher, Tommy Moorhead, Ed Evans, Bill Holliday, Otis Lewis, Frank Howze, Earl McNeil, A. J. Felts, Glynn Brown.

ALPHA OMEGA

The Alpha Omega Study club met with Mrs. Finis Carter as hostess.

"Health and safety" was the topic of study with Mrs. P. R. Cates as chairman. Roll call was answered by "A Careless Act."

Mrs. Jake Gore gave a talk on "Recent Medical Achievements;" Mrs. Cates read a poem, "Hazards In the Home," by Edgar A. Guest.

Mrs. V. E. Patterson conducted a parliamentary drill.

Refreshments were served to 14 members and one guest, Mrs. Jack Griggs.

BREAKFAST HONORS MISS JONES

On Friday morning at 9:30 o'clock in the home of Mrs. M. B. Sawyer, Mesdames A. A. Sawyer, Aut Graham, Clyde Lewis and Clarence Lewis were hostesses with a breakfast honoring Earlene Jones.

The hostess presented Miss Jones with a quilted sewing basket and the guests presented her with sewing equipment to fill it.

Place cards were sweet pea corsages, and orange juice, brookfield sausage, scrambled eggs, jelly, butter and hot rolls were served to the Misses Christine McDuffie, Alma Faye Ballard, Eleanor Gillham, Sue and Gertrude Jones and Olivia Barrier of Dallas and Mesdames Sam Teague, Mrs. W. T. Howze, J. T. Bowman and Earlene.

Alexander Mench informed us recently that he was prepared to relace tennis rackets, just as good as the job can be done anywhere, and save you postage or express both ways to send them away to some unknown person.

MRS. WILLIAMSON HONORED ON BIRTHDAY

Mrs. J. D. Williamson was honored on her birthday Tuesday evening, April 4th, by her daughters, Mesdames Florence Webb and Velma Squires, with a surprise 42 party.

Birthday cake and ice cream were served to Messrs and Mesdames Collier, Ferguson, Gordon, and J. D. Williamson.

THE POOL HOME DEMONSTRATION CLUB

The Pool Home Demonstration club met April 3rd, in the club room with the President, Mrs. J. J. Gunter in the chair.

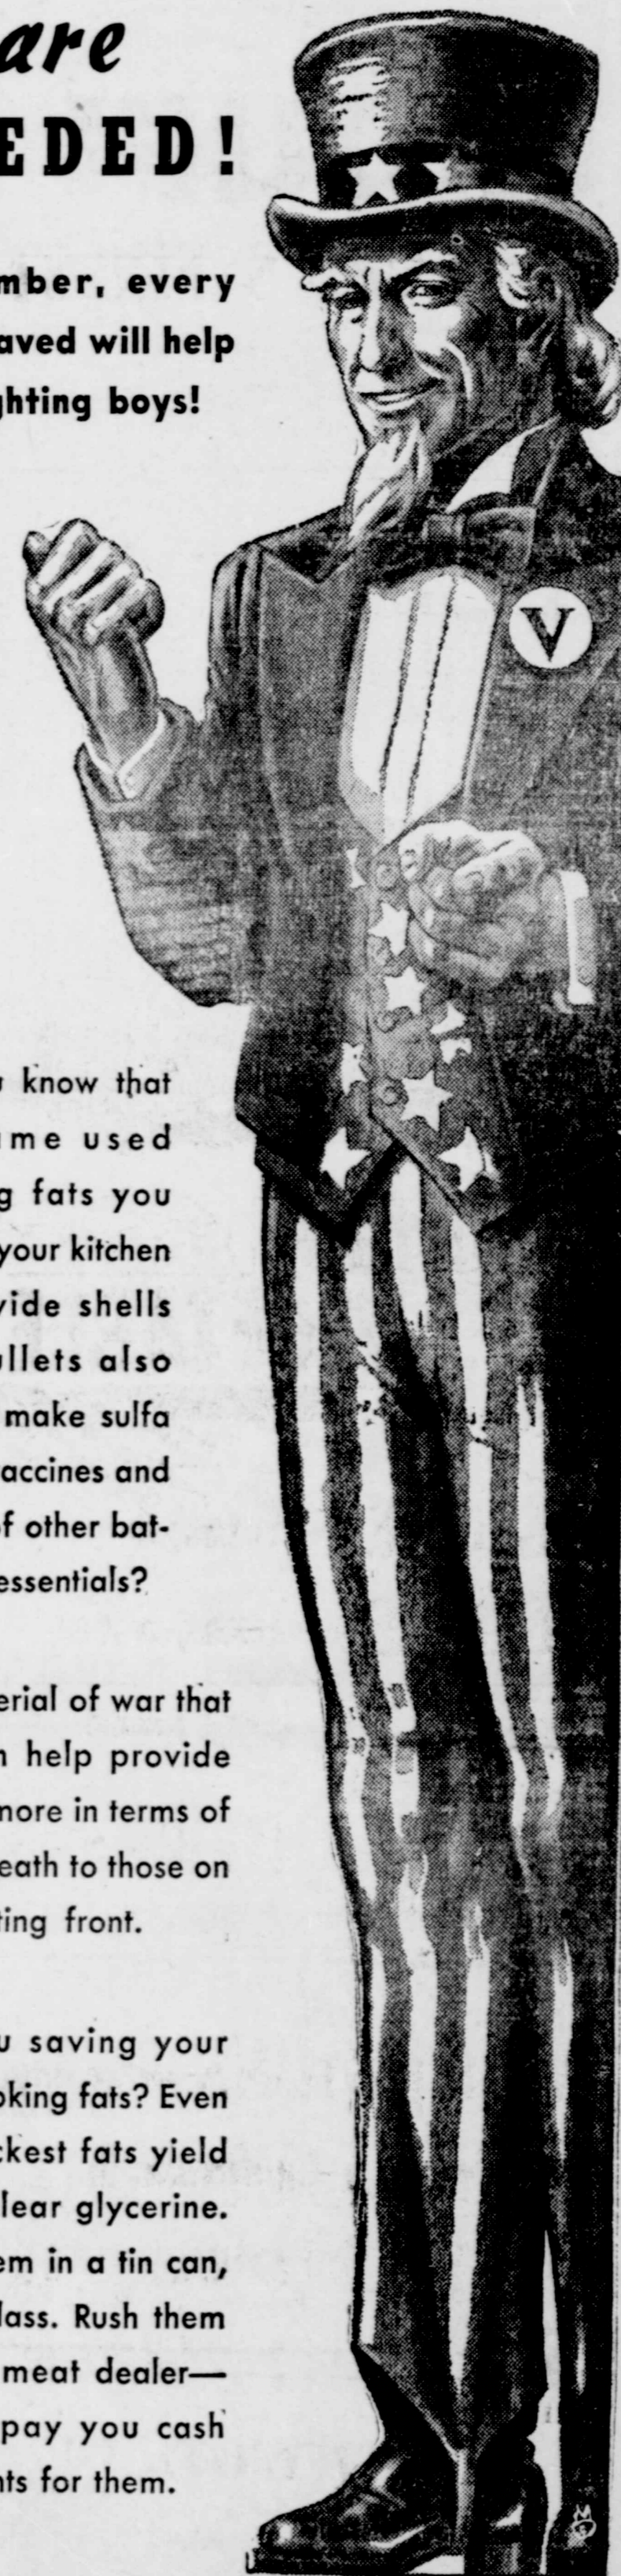

After the business meeting, Mrs. Glennas Rowe gave a demonstration on making foundation patterns.

Refreshments were served to seven members and one visitor, Mrs. R. G. Price, by the hostess, Mrs. L. M. Waters, Sr. The meeting adjourned to meet April 17th in the club room at the school house.—Club Reporter.

WAR BONDS . . . will help to back the Wacs, Waves and Spars.

Your KITCHEN FATS are NEEDED!

Remember, every drop saved will help our fighting boys!

Did you know that the same used cooking fats you save in your kitchen to provide shells and bullets also help to make sulfa drugs, vaccines and scores of other battlefield essentials?

No material of war that you can help provide means more in terms of life or death to those on the fighting front.

Are you saving your used cooking fats? Even the blackest fats yield crystal clear glycerine. Save them in a tin can, not in glass. Rush them to your meat dealer—he will pay you cash and points for them.

There's a PAINT for every Purpose

PROTECT AMERICA'S HOMES

Prevent the deterioration that results from neglect! Give your home interior and exterior—the protective surface it needs, with high quality paints. Select them from our stock of finishes and colors, and know you'll have a handsome, enduring, economy paint job!

FOR THE INTERIOR you'll want Kem-Tone, the modern miracle wall finish. It dries in one hour and is washable... one coat covers and the finish is dull and beautiful. Some even use it for their woodwork. Make your house new and beautiful for Spring and Summer with this inexpensive wall finish.

FOR EXTERIOR WORK see us for that good high quality exterior paint. We have Silver Seven re-enforced paint, and Hinsley's Climaticized paints. We recommend either one for a good paint job.

LT. BILL JOE MCGOWAN HOME ON FURLOUGH

2nd Lt. Billie J. McGowan, who has recently finished officers candidate school at the A. A. F. Statistical school at Boston, Mass., came in Tuesday of last week to visit his parents, Mr. and Mrs. J. McGowan. He has been assigned to a Flying Training Command in Ft Worth, Texas, and will report there.

He and parents have gone to Marlin, where the elder Mr. McGowan will take the hot baths for rheumatism.

MRS. GREEN GIVEN FAIR WELL PARTY

Mrs. Green was honored with a linen shower Wednesday afternoon, April 5th, with Mrs. J. D. Williamson hostess and Mrs. R. E. Powell and Mrs. Nannie Hamilton, co-hostesses.

Quilting was enjoyed and lemonade, open faced sandwiches and cookies were served.

Mr. and Mrs. Green and family are moving to Spearman, Texas.

MRS. GARRETT ENTERTAINS HARMONY HD CLUB

The Harmony HD club met in the home of Mrs. Claude Garrett, Thursday evening, April 6th, with the President, Mrs. Paul Gracey, presiding. Mrs. R. E. Townzen had charge of the program, which was, "Let's Get Rid of Those Bugs."

Note: The Postoffice Department forbids us to make any mention of drawing, chances, etc., in these columns. The PO Dept construes such as lotteries, which are forbidden to be carried in the mails and could exclude the Herald of second class mailing privileges.—The Editor.

Each member who was late, was charged a penny a minute for every minute she was late, so quite a few had to pay fines. The money from this and other things amounted to \$2.00.

The club members will meet with Mrs. R. E. Townzen, Thurs. April 13, to help her make a frame garden. This will be the fourth frame garden made by the club, the last one being for Mrs. L. M. Lang.

The hostess served cherry pie a la mode, with fruit punch to 13 old members and one new member. Our next meeting will be April 20th with Mrs. John Gracey.—Reporter.

JOHNSON HOME D CLUB MET WITH MRS. BENCH

The Johnson Home Demonstration club met with Mrs. Alfred Bench. The President presided. There were five members present and Miss Reast met with us, and gave an interesting and instructive demonstration in making over old clothes. The hostess served delicious ice cream and cookies.

The club party at the school house March 31 was enjoyed by a nice crowd. Forty two, with five tables, was played.

The next club meeting will be with Mrs. Blocher, April 18th, at which time the club will quilt a quilt. It will be given away. All ladies invited to be with us.

Mr. and Mrs. Harold Carpenter came in last week to visit their parents, Mr. and Mrs. J. H. Carpenter and Mr. and Mrs. Jesse Ferguson. Harold left the 5th for Ft Sam Houston, San Antonio, to be in the Air Corp. She will make her home here.

Mr. and Mrs. Dick McMillan of Amarillo were Sunday guests in the Tom May home.

MILK SILAGE BOOSTS FARM PRODUCTION

FARM SILAGE BOOSTS FARM PRODUCTION

College Station — When Marshall McKenzie, Hopkins county dairyman, began feeding some 19-40 silage to 10 cows a few weeks ago, he found that it was in excellent condition. By the end of the month he had reduced his cows to nine and still was getting an increase of more than 50 percent in milk production, he told the county agricultural agent, Mark Buchingham.

The amount of hay the cows consumed was considerably decreased.

No retreading too-thin rubber in this shop! We'd be sticking our necks out, while risking yours. We live up to government standards for rubber condition before we take a tire for retreading; but when we finally turn out a job, it's a swell one, with plenty of mileage to spare. So do the smart thing and don't keep riding your tires until they're too thin to regroove. Roll 'em in here while we can still do the kind of job that will add to their life's span.

I dreamed I was knee-deep in clover

It's a long, long time 'til pasture time and the strain begins to tell in the cow barn.

On the basis of records from the Research Farm, we suggest that you try Dr. Hess Stock Tonic to help forestall a seasonal lag in milk production. Research Farm cows getting Stock Tonic give as much as 10 pounds more milk for every 40 pounds of grain consumed.

Stock Tonic is of threefold importance. It supplies tonics. It furnishes minerals. It is a reliable source of highly stable vitamin D.

Milk is a vital food to a nation at war—produce all you can. We believe Stock Tonic will help you produce it at a profit.

Willing worker wants job in dairy

Sofenate, the new all-round disinfectant of Dr. Hess & Clark.

I'm a powder and I'm really dynamite to harmful bacteria. Just put me in some water and I'm ready to go to work. I'm what they call stable in solution—for that reason, you use the same solution for days. Boy, I'm the berries. And I can sanitize anything, from the seams in a milk pail to a hard-to-get-at teat cup.

And, say, if you got any disinfecting around a chicken house, or hog shed, I do that, too. I'll stick with you for the duration. So you give me a trial.
