BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY, MAY 5, 1944

NUMBER 40

## Byron Sandage Home From Italy

Pfc. Byron Sandage, son of Mr. and Mrs. Jacob Sandage, arrived home last Sunday from the battle front in Italy, leaving March 21. He has a 21-day furlough.

Byron said he sure did enjoy the Herald—that there were a lot of other boys who read it that were not from Texas and they enjoyed it too, especially they all enjoyed the pieces written by Judge Neil.

Byron, accompanied by his parents, were callers at the Herald office Monday, and we must say he looked swell, to have gone through with what he has in this war. He is with a part of Clark's 5th army.

## Wilmeth Completes Primary Training

Aviation Cadet Alton Wilmeth, son of Mr. and Mrs. Carel K. Wilmeth of Tokio has completed 10 weeks of primary flight training at the Rankin Aeronautical Academy, Tulare, California, operated by J. G. "Tex" Rankin, world's champion acrobatic pilot and flying school operator for a quarter of a century.

Cadet Wilmeth was a graduate of the Brownfield high school and was a riveter before entering the army air force.

He will next report to an army air force basic flying school for further training in heavier type aircraft.

The Rankin Academy is one of the civilian-operated pilot schools under exclusive contract to the U. S. army air forces for training aviation cadets, and is the school at which America's leading ace, Major Richard Ira Bong, received his primary flight training.

## D. L. IRWIN MADE CPL.

ALLIED FORCE HEADQUARTERS, Mediterranean Theatre—Cpl. D. L. Irwin, 22, of Brownfield, Texas, has recently been promoted from private to his present grade. He is the son of Mrs. Fannie Irwin, who lives at the same address. Cpl. Irwin has been in the army since October 29th, 1942, and came overseas in May of 1943. Currently he is serving with an anti-aircraft unit in the Mediterranean theatre.

Warren B. Brown, S2/C, was a recent visitor here with his parents, Mr. and Mrs. C. W. Brown. He is now at Texas A and M, taking a special course.

## Jim Graves Returns To Hastings Nebr.

Jim Graves, Pmc, has been sent back to Hastings, Nebr. Jim writes his mother that he still does not get around very well. It will be remembered he fell on the ice directly after he entered service more than a year ago, and broke his leg.

Graves was not at Hastings when the explosion came but wrote that had he been, he could have been of some help, even if he could not get about much. He has been offered a medical discharge, but would not take it, as he wants to be of as much help as possible in the war.

Jack Stricklin, jr., junior editor of the Herald, talked to home-folks Sunday morning from the home of his aunt, Mrs. Sallie Limer, in Compton, Calif., where he was on a 32-hour leave. He stated that he and Johnnie Haynes and Shorty Brown were the only ones that he knew of from Terry county that were still based at San Diego, that went when he did. Shorty and Johnnie are on draft, and he did not know what they were going to do with him.

Rev. Fred A. Walker made a business trip to Dallas over the last week end.

## Meadow to Honor Capt. Norris Norman

The people of Meadow will entertain with open house at their school building, next Saturday night, in honor of Capt. Norris G. Norman of the A.A.F., who is back from England on a 20-day furlough. Capt. Norman, son of Mr. and Mrs. W. E. Norman of Meadow, was reared in that community, a graduate of that high school, has been serving as bombardier with the air force, and has completed 25 missions, mostly over Berlin, Hamburg, and the famous one over Frankfurt. He has been awarded the Purple Heart and other decorations. Twice wounded, though fully recovered. He is one of three of the original crew of 11 of his plane yet living.

## Lt. Betty Savage Advanced to Capt.

Captain Betty Savage, daughter of Mrs. Ivy Savage, of Lubbock and granddaughter of Mrs. J. C. Green of Brownfield, received award of promotion from the rank of first lieutenant on the day marking 20 months she had served in the Women's Army corps. She is stationed in Oglethorpe, Georgia, now, from Fort Des Moines, Ia.

## Jim Neill Promoted, Goes To California

Sgt. Jim Neill, former Brownfielder, was recently promoted from Sgt. to lieutenant in the Engineers Construction of the Army Air Corp, and is enroute from Miami, Fla., to Santa Anna, California, according to word just received by his parents here.

## ORCHIDS TO YOU

Mrs. Tom May had a big thrill last Friday, when she received a box from Hawaii and it contained an orchid from her son, Captain Murphy May, who is in the air corps and stationed on that island. The box was orchid and had the address, with "Orchids to You," stamped on it and was sent by air mail, special delivery, arriving here in three days.

Lt. and Mrs. George L. Sullivan of Roswell, N. M., spent five days visiting his parents, Mr. and Mrs. Geo. L. Sullivan, sr., of the Happy community. Lt. Sullivan completed a course of training of the B-17 and left here Wednesday for Lincoln, Nebr., for his new assignment.

## WILL C. BROWN SENDS NEW ADDRESS

A letter this week shows that Will C. Brown, Sp(M) 3/C, has been transferred from the personnel department, advanced base at San Bruno, California, to USN ABPD Bas P. O. Will asked for Jack Jr.'s address, saying: "Would like to heckle him with the old familiar line, 'You'll be sorry.' Will be looking for him up this way soon. Most of the boys eventually work through the bay area here. A guy has to get in the service to really appreciate the old home town paper."

The Herald will print, if we can, Jack Jr.'s address, when he gets located; but at present it is Co. 44-186 U.S.N.T.C., San Diego.

## CAROL COLLIER TAKING BASIC FLIGHT TRAINING

Majors Field, Texas, April 30th, (Special) Aviation Cadet Carol W. Collier has arrived at this AAF Training Command station for basic flight training. He is the son of Mr. and Mrs. Roy B. Collier, 405 N. 5th street, Brownfield.

Coast Guardsman Sam Price and wife of Grand Prairie came in Wednesday to visit his mother, Mrs. T. J. Price.

Pfc. and Mrs. J. B. Patterson of Amarillo were the guests of Mr. and Mrs. Mon Telford Friday and Saturday. Guests in the Telford home Sunday were Mr. and Mrs. Howard Hogue of Snyder, and Mr. and Mrs. Andrew Cooper of Tahoka.

## Yoakum Citizens Are Big Meat Producers

Yoakum county has a population averaging six persons to the square mile, according to the 1940 census. But, if a conclusion may be drawn from the achievements of the 4-H Club boys of the county, scattered neighbors is no handicap to producing food.

Summing up results of the 1943-44 feeding season, County Agricultural Agent H. B. Horn says 23 club boys marketed about 60,000,000, because their 98 club calves weighed about 20,000,000 at the time they were placed on feed. This not only swelled the nation's food stock, but brought the boys a profit of more than \$2,700 on their projects.

By choice, perhaps, 11 other club boys demonstrated with hogs and from 71 head, sold more than 17,000 pounds of pork. Looking into other records, the county agent found nine boys had sold more than 12,000 dozen eggs; together with poultry marketed brought them a profit of \$1,200.

Gardens have been absent from 4-H Club demonstrations in Yoakum county in the past, but in '43 six boys pioneered Victory gardens and produced nearly 3500 pounds of vegetables. This not only helped put the home food supplies of their families, but Horn estimates that the produce would cost \$338 if bought at the grocery.

Among those in to renew this week was Jack Van Ness of four miles north of Seagraves. He reports some rain but not enough to plant on.

## Legion Cigarettes Go Around the World

Jim Miller, manager of the cigarette collection, announced this week a letter from John Dumas in Tunisia, that he was handed a package marked from Brownfield. An addressed postcard goes with certain boxes printed "We hope you enjoy these cigarettes." Last week they received this card back and written on it was: "We did" and signed by 27 marines on an unnamed ship in the Southwest Pacific. The local Legion here has sent over 330,000 since their collection started.

Mr. Miller also announces that May 31st is the last day for collection of phonograph records. All having such are urged to turn them in by then.

Pvt. E. C. Paysinger, who is with the Engineering Parts Supply Co., Camp Ellis, Ill., will begin to read the Herald this week, the compliments of his wife.

## TUBERCULOSIS MEETING

The Terry county Tuberculosis association met Saturday afternoon with nine present.

Miss Pansy Nichols, state superintendent, from Austin was the main speaker on the program. Miss Nichols seemed very well pleased of the start that the association has made in the county. She brought with her a check amounting to \$83.55 for the fifty percent of the last year's Christmas seal sale from this county. This year Terry county will receive 80 percent of the proceeds.

## Farm Implements Still A Problem

While a great deal of complaint has been made through the press, about farm implements, a recent check-up with our local farm implement dealers reveal they are very short on tractors, combines, and large cultivators, but have plenty of parts and accessories for repairing; and plow points, sweeps, etc., to supply the demand. It is noticed that all farm land has been put up and one stated he believed there were sufficient tractors to finish the crop. Another suggests the demand for combines was more for the money a person could make out of its operation, than from necessity. All claim they could sell 10 times as many tractors as they will be able to get. While it is an acute situation, the farmer generally comes through with a good crop, as nature permits.

Gene Brown is confined this week to his bed.

## Aerial Hospital Plane To Speed Care for Invasion Casualties

SPAAF, Lubbock, Apr. 29—Aerial hospital units will be towed to Europe by glider for the long awaited western invasion. Gen. Paul Hawley, chief surgeon for the European theater, has revealed according to news dispatches from London.

The announcement that gliders would be used to speed aid to fighting men on the continent was made in a press conference during which Gen. Hawley said that invasion casualties will be evacuated from the continent "with every plane we can get our hands on."

The glider also has been used extensively in central Burma recently, news dispatches telling how "Winged Commandos" who pilot the big cargo and troop carrying and "ghost ships" have swept in behind Jap supply lines with loads of glider-borne Chin-dies, fierce fighters of India. News dispatches also tell how aerial engineers flown into Burma by glider helped smooth out landing fields for other engineers flown to Burma.

Many of the graduates who received their wings at South Plains Army Air Field after a most intensive course of training at the field are now taking part in these vital operations on the world's battle-fronts.

## Good Rains Fall Over County

About one inch of rain fell over the county last Friday night, to bring much needed moisture. Very little crops had been planted, but is proceeding briskly now. However it is generally considered about May 20th to be the proper planting season here. The rains appeared fairly general over the South Plains.

## County Court Sets Cases

Judge C. L. Lincoln on convening the regular term of county court, Monday, set all cases for trial on May 10th, when a jury has been summoned to appear. There was a number of criminal cases, involving several driving while drunk, to be tried.

## Called to Prayer At Invasion Moment

When the flash comes that the western Allies have launched their mighty invasion of Hitler's Europe, people of Brownfield will be called to prayer at the First Baptist Church.

Signal of the news will be one long blast of the fire siren—same signal the Defense Guard uses. Regardless of your church affiliations you are asked to attend and pray for speedy victory and lasting peace.

## Postal Receipts Substantial Gain

According to acting postmaster, L. A. Greenfield, postal receipts for the month of April 1944 were \$3,016.72, as compared with receipts of \$2,136.73 for the same month of 1943, representing a gain of 42%.

## SEVENTH ANNUAL PTA CONFERENCE IN LITTLEFIELD

The Paren-Teachers' association met in Littlefield April 27 and 28 in their 7th annual conference of the 14th district.

The theme of the conference was "The Four Freedoms."

Mrs. Lee Fulton was presented a state life-term membership to the PTA from the Jesse G. Randall PTA.

Mrs. Frank Weir was elected vice-president of the 14th district and is chairman over four counties.

Mrs. Fulton was elected to be on the board of managers and is chairman of the audio-visual education.

Those attending from here were Mesdames Tom Cobb, Weir, Cecil Aker, Fulton, Jack Griggs, Johnny Criswell, and Leo Holmes.

## HOME NURSING COURSE

Watch for the dates and plan now to attend a class for Home Nursing to be in Brownfield soon.

## New Store Announces Opening In The City

Messrs. Hamilton & Lewis, former merchants of Winters, Texas, have moved their families here and are installing fixtures in the Bailey building on Main street, just east of the First National Bank, and will soon open an auto accessories store, also handling tires. Watch for opening date next week.

## MAIDS AND MATRONS CLUB SPONSORING FLOWER EXCHANGE

The Maids and Matrons club are holding their annual flower exchange tomorrow, May 6th, in front of Cobbs Department store, with Mrs. Tom Cobb as chairman in charge.

Anyone having plants, shrubs or bulbs are urged to bring them. Each are welcome to the exchange—it is free, but it is the desire of the club that those who can, when coming for plants or shrubs, to bring some in return. However, this is not compulsory and you can get them without the trade in. Bring yours in and help beautify Terry county.

## Ike Bailey and Glenn Noble Webber Obtain Ford Tractor Agency

A deal was consummated the past week whereby Ike Bailey and Glenn Noble Webber purchased the Ford tractor agency from the Teague-Bailey Chevrolet Co.

The new firm will hold open house all day Saturday, May 20, in the building formerly occupied by Edwards Food store on the east side of the square. Coffee and doughnuts will be served. Everybody, whether they are interested in their line or not, are cordially invited to attend.

The new firm will handle the Ford tractor and all of its parts and appliances, and the Ford implements. They hope to keep on hand at all times your needs in that line. Glenn Noble will have charge and the new firm will be known as the Brownfield Tractor Co.

## Nazarene Revival

Evangelist Rev. W. B. Walker, district superintendent of Abilene District will begin a meeting at

REV. W. B. WALKER

the new Nazarene church, corner West Tate an 2nd sts, May 10th, each evening at 8:30 p. m. Everyone is invited to come and take part in these services.

## Local Legion Post Proposes New Name

At the last Thursday meeting of the local Legion post, it voted to change or amend their name from William Gaulton Howard Post to Howard-Hinson Post, the former being the first known Terry county boy to go down in World War I, and Wm. E. Hinson, the first to go down in World War II. The letter at the Pearl Harbor Jap-astrophe. The actual vote to make the change will be made at the next meeting.

## Another Large Group Being Called to Service

Seventy-nine men from this local board went to Lubbock Thursday for physical examinations, preparatory to being drafted. The ones accepted will report for military duty at a date not yet announced.

Six colored men went up Monday for physical examination for the army; four of them were accepted. It is not now known when they are to be inducted.

## TIRE RATIONING RELAXED

Eligibility for new tires has been widened to include all motorists using their cars for occupational driving, the 'B' and 'C' book holders, the District Office of Price Administration has announced. This change, effective May 1st, has been possible because of a substantial increase in civilian allocation of new passenger car tires by the Office Rubber Director.

The announcement pointed out that the increase in quota will not be sufficient to cover all applications and that certificates will be issued to those drivers considered most essential eligibles. Motorists holding the basic 'A' book now becomes eligible for the small remaining stock of used tires, grade 111.

Officials cautioned drivers that it is as important as ever that they continue to re-cap worn tires, avoid excessive speeds, and get the last mile of wear out of their tires, because tire production is still inadequate to meet any but the most necessary demands.

## Combines To Go Circuit Riding

Arlan Hartzog, county agent, has just returned from a meeting with other agents of several farm groups held in Plainview Tuesday, wherein plans are being worked out to procure custom harvest crews, with combines, to ride the circuit with the seasons, in harvesting the large row grain crops expected this fall. Owing to the shortage of machines, it was thought this the logical way out. Gas and tires will be arranged for without burden to local boards. Here is a chance for co-operation to save our food crops.

Andy Adams of Plainview designated as labor agent for this area, but all applicants may go first to their local county agent.

They're still the fighting Irish! Many Americans have been puzzled at the spectacle of the world at war, while Ireland remains "neutral." However, the current March of Time film, "The Irish Question," reveals the fact that in the British Armed Forces, fighting for the United Nations victory, are 200,000 Irish volunteers. Many have won decorations, including Britain's highest award for valor, the Victoria Cross.

EDS—  
Lest we forget, from next Saturday, April 29, to Saturday, May 6th, is National Boy and Girl Week. Today we are hearing a great deal about youth delinquency and most writers and public speakers are agreed that it is not the fault of society in general, or even the schools, or the churches for that matter, but that the deficiency lays squarely at the door of parents. The Herald believes that there are many, many fine boys and girls today, many in spite of home environment. We are also convinced that perhaps the average, rural and urban, will average up to any past generation, with the best average in rural or small town communities. When we get too critical, let us remember that we also, were once children, and weren't exactly angels.

Last week in his County-Wide News printed up at Littlefield, Editor John Price or some of his hired hands, writ the following sentence: "This leaves only Big Spring and Amarillo in all west Texas legally wet." He was commenting on the dry victory down in Gaines county.

Has John ever heard of Midland, Odessa, Wink, Kermit, Barstow, Pecos, Van Horn, Sirra Blanca, Fabens, Ysleta, or El Paso? Do you consider them West Texas towns, John? What about Marfa, Alpine, Sanderson and all Big Bend counties clear back to and including San Angelo, with

**FORMBY NOT TO BE A CANDIDATE**

A letter was received this week from Lt. Marshall Formby from somewhere in England, stating he would not be a candidate for re-election for State Senator from this district. This leaves this office wide open to whomsoever will to run. One, Sterling Parish of Lubbock, is already formerly in.

Giving as his reason for not seeking re-election, Lt. Formby stated that for the next few months at least, he would be a very busy man in Uncle Sam's army, and with no time to devote to the office. He thanks the people of the area for their liberal support four years ago.

Texas flag which accompanied the 36th division to Casablanca, Oran, Algiers and on to Italy was honored in a memorial service on the campus of the University of Texas, recently in a program sponsored by the Austin Women's Victory Committee.

Mr. and Mrs. Fred Youre, and children of Lubbock visited with J. D. Webb Sunday.

**THE LOW DOWN FROM HICKORY GROVE**

Most everybody is half-way hipped on this or that, so it is not being too odd, I recon if I get worked up on something like a sales tax.

A fellow down the road from us, runs a kind of a dry goods store in town, and you know, he can see what is going on. He says he has to put things like new dresses and suits, in his window at night, now. If he tries it in the daytime, somebody will grab them off his arm before he can get them on his window models. He never gets to look at his stuff—he doesn't know what the styles are, he says, never sees them on his window figures. Maybe you been wondering why you see so many September Morns in the windows. Now you know why. If a suit sells for 30 dollars or 40 dollars makes no difference, if it had a 10 cent or a 10 dollar tax, it would still make no difference, or cramp sales. If this fellow had time, he says, he would write his congressman about a sales tax, but as it is he just puts his stuff in the window and jumps for his life.

Yous with the low down,

**SEARS HAS ENJOYED STAY IN TERRY**

Brownfield, April 19, 1944.  
Dear Editor and Friends of Terry county:

Will drop you a line to let you know we are still hanging on the bush. We have lived as a citizen of Terry county for 25 years. We are now living as a citizen of this city. We have been taking the Herald since 1918, and have never missed a copy. We landed in the county Sept. 20, 1918. Now there is only two left at home—my wife and I.

We have raised five boys and two girls, all to be grown. Three have passed on to a higher world than this several years ago. The youngest boy has now been in Africa for the past 14 months. Last word from him was the last of December. One is in camp in California. Now have 5 grandsons in. Some are on the waters, some still in camps. We have 9 grand-children, all boys, from 7 to 25 years old. So you see if nothing happens they will carry the name for many years to come.

Terry county has been a happy place to live. We have never been treated any better anywhere, than here. Where we moved from we left some of the best friends we have ever had. For two weeks after we move the house from the farm to town, we didn't have any fuel in it. We want to thank our good friends who put up with us until the house was finished. We didn't know we had so many friends.

We had a friend who came from Brownwood, who spent a few hours with us. He was no other than Herman Trigg. He still had the same smile on his face he had ten years ago. Once he brought his little high school band and played at our house on the farm, and were feasted on watermelons. They went back to their homes in Brownfield, playing, "The Old Cow Died on the Branch."

I asked him what kin he was to the Herald family: "Said he was a son-in-law to Mrs. Stricklin. I then asked what kin he was to Uncle Jack, and he said he was not sure, but thought he was a sister-in-law to him. He said Uncle Jack has given him his only and the finest girl in the world.

Anyway, we think lots of Herman. I have often thought what a man would do in this world without friends. We have never been treated any nicer anywhere. We have lived with and among a bunch of farmers since 1885. Now we have to give it up.

Sure did enjoy the 4-H club show. I think it was an honor to both the boys and the town. We had the pleasure of seeing the dairy show in Plainview, where two of our grandsons won several ribbons with their Shorthorn calves. When we landed in Brownfield, we lived by a lady, who is no other than Mrs. Shepperd. We lived on the Ray Brownfield section 22 years. On that section we made the only crop failure, in 1922. A friend,

C. Eears

**CARD OF THANKS**

To our friends who in many ways have extended their help and kind words of courage and well-being, we wish to gratefully and sincerely thank each and every one. May God bless you abundantly.

Mr. and Mrs. W. B. Downing attended open house Sunday in Lubbock in honor of George R. Bean, pioneer attorney, who was 70 years old Friday.

**BEST VEGETABLE OIL PRODUCT TO RAISE**

Much has been written, and probably more said, about this and that vegetable oil product to raise by Terry county farmers. We have been raising one good one for a number of years—cotton. Of late we hear much about peanuts and soybeans, both good, but what of the after effects.

The Herald has had some very reliable information of late as a comparison. The whole of the United States in one year will produce about 195,000 tons of oil from peanuts and soybeans. Texas alone in one year gets around 255,000 tons of cottonseed oil. These figures come from USA department, and are therefore reliable.

Then, the Terry county farmer must, if he raises peanuts, count on one of the most eroding crops known, and with our winds and sandy soils, they'll produce two, perhaps three, crops of peanuts, and your land is somewhere down under the caprock.

We heard a farmer say Saturday that it ought to be against the law to plant them here. You can also wear out your land by too frequent cotton plantings—but it takes years to do so.

Mr. and Mrs. P. R. Cates left last Thursday after receiving word that Mr. Cates' sister, Mrs. D. O. Squires of Edinburg, Texas, was seriously ill. They returned Monday and reported her condition was unchanged.

Mrs. J. A. Bench of the Johnson community reports that they finally heard from their son, Lowell Bench, MM 3-C. He is safe in New Guinea, and wants to hear from old friends. Sorry we are not allowed by OWI to give overseas addresses of service men. His friends will have to obtain the address from you.

Berlon Lincoln is recovering from a recent appendectomy operation.

**LIFE'S Little TROUBLES**

**-CAN'T SLEEP-**

No need to lie in bed—toss—worry and fret because CONSTIPATION or GAS PRESSURE won't let you sleep. Be sensible—get up—take a dash of ADLER-I-KA as directed, to relieve the pressure of large intestines on nerves and organs of the digestive tract. Adler-I-Ka assists old food wastes and gas through a comfortable bowel movement so that bowels return to normal size and the discomforts of pressure stop. Before you know it, you are asleep. Morning finds you feeling clean—refreshed and ready for a good day's work or fun. Get Adler-I-Ka from your druggist today.

**TEXAS - U. S. APPROVED CHICKS PULLORUM TESTED**

**What Does This Mean to You?**

- 1. Better Chicks—**  
Because of improved breeding required under the plan, Chicks are hatched from larger, more uniform eggs. More Vigor and vitality in flocks that have been carefully culled and pullorum tested.
- 2. Better Health—**  
In removing pullorum 'carriers' from parent stock, baby chick death loss is lowered. We will not set or hatch any eggs that are not from pullorum-tested flocks.
- 3. Our Hatchery—**  
and hatchery flocks are subject to inspection by the state inspector. This is your guarantee of cleanliness and sanitation in our hatchery.

WE ARE OFFERING 'Chisholm's Hatched Chicks' this season as 'Texas-U. S. Approved Pullorum-Tested Chicks.'

**SMASHING THE TIN CAN BOGEY**  
It's perfectly safe to leave un-used foods in tin cans in the refrigerator. Contrary to the popular belief, the metals used in commercial canning are carefully selected for safety, says Mrs. Julia Kiene, director of the Westinghouse Home Economics Institute. However, it is important to cover the can and refrigerate it promptly because air destroys certain vitamins, and room temperature encourages spoilage.

**MY PRAYER**

I see you kneel; I hear you pray.  
Through clouds of war and miles of space.  
I hear your voice and see your face.  
I see you kneel at close of day;  
I hear you softly, sweetly pray:  
"Oh God, please keep him from all harm.  
Please let him rest upon your arm.  
Protect his footsteps all the while,  
And give him strength to conquer trial."  
Yes, my love, I hear your prayer.  
And, though my heart aches to be there,  
It's Gods wish that it be this way;  
I know he's listening as I pray:  
"Dear God in Heaven up above,  
Look down upon the one I love;  
Tell her, Lord, she should not fear,  
Though far away, through prayer  
I'm near."  
When clouds of war that dim the sun.  
Have passed away and victory's won,  
Protect us all from future strife,  
And give us strength throughout our life.  
(Sent in for Easter Sunday by S/Sgt. Jesse J. Youngblood, jr., located somewhere in the South Pacific).

**WHY IT PAYS TO FEED WATKINS MINERALS IN SPRING AND SUMMER**

Just because it is Spring and grass soon will be up, don't let anyone tell you it is not necessary to feed minerals now. Here's why: A cow producing 40 pounds of milk per day requires 23.3 grams of calcium and 22.4 grams of phosphorus daily—nearly one ounce of each of these important minerals. When her feed fails to supply these requirements, she draws on the reserve supply in her body. This heavy burden frequently causes early breakdown of high-producing cows—one of the major problems of the dairy industry. A cow with calf must get sufficient minerals to supply her body needs; produce milk; and build the body of the unborn calf. See Lewis H. Bates, your Watkins distributor, Lubbock-Seagraves hiway

**Not Stubborn Just Tired**

Sure! Tractors get tired. They ache in the worn bearings; they creak in the loose joints; poor alignment of gears is a toothache, and faulty ignition is a bad case of heartburn. Maybe they keep on going, but they can't do a real job of work.

We are specialists in the cure of tired John Deere Tractors. We put new life into them because our factory-trained experts spot and cure all these ailments before they develop into a serious case for a major operation.

Don't wait for your equipment to "sit down" on the job. Bring it in to us for inspection and overhaul. We'll turn it back to you with an assurance that you'll be free from worry about its performance.
