

# Brownfield Gets TAAF Tournament

STORY IN COLUMN THREE

## Denver City Golfers Clean Up On Brownfield Linkmen

Denver City shot makers proved themselves the masters in the Royal and Ancient game last Sunday when they downed the Brownfield Country Club golfers by winning fourteen of the eighteen matches played.

Earl Cisco toured the course in the required 36 strokes to be the first to ever par the nine holes of the local layout. Cisco's teammate Ed Streety, who makes his shots from the port side, fired a hot 37.

Results of the matches were: H. Gibson, D. C. over H. Glenn, Bfld. 5-3; Bob Cager, D. C. over Fred Smith, Bfld. 3-2; Earl Cisco, D. C. over T. H. McIlroy, Bfld. 5-4; T. Mayfield, D. C. over J. B. Huckabee, Bfld. 2-1; D. Adair, D. C. over H. M. Bell, Jr., Bfld. 3-2; J. D. Lancaster, D. C. over E. C. Taylor, Bfld. 7-2; Leon Ward, D. C. over Sam Privett, Bfld. 10-3; Ed Streety, D. C. over M. Loyd, Bfld. 2-1; Bill Middlebrook, D. C. over J. E. Gilham, Bfld. 4-2; E. J. Rachele, D. C. over Jerry Kirschner, Bfld. 2-1; Spike Hale, D. C. over J. T. Bowman, Bfld. 2-1; B. Woods, D. C. over L. H. Dean, Bfld. 2-1; Dago Oniel, D. C. over S. Graham, Bfld. 3-1; L. T. Fate, D. C. over Tess Fulfer, Bfld. 2-1.

Tommy Zorns, Bfld. over Tuffy Moore, D. C. 2-1; Bill McKinney, Bfld. over Jack Dempsey, D. C. 3-2; Thad Risenger, Bfld. over W. G. Inabinet, D. C. 2-1; Paul Bish, Bfld. over Williams of Denver City, 2-1.

It has been said that some of the best local golfers were not present, but Dame Rumor also has it that they stayed away in order to avoid a similar shelling to the one their more venturesome teammates received. The absentees will have an opportunity to disprove the latter statement when the matches are returned at Denver City on August 3.

## Col. Ray Brownfield On Way To Japan

Few people knew that Lt. Col. Ray Brownfield had quietly visited with his parents here, Mr. and Mrs. A. R. Brownfield, last week. In conversation with his mother late last week, she stated that Col. Brownfield, better known as "little Ray" to old timers, had only about four days here and stayed close to home most of the time.

He was to catch an army transport plane on the west coast for Japan, where he will likely be located the next two years, unless of course a peace treaty is signed and U S forces withdrawn. He has been located in North Carolina, we understand, most of the time since he returned from Europe.

His family will join him in Japan some time in Sept., after he has located a place for them to stay. They will go by steamer, we learn.

Ray graduated from New Mexico Military school at Roswell when still a youngster. He was appointed to West Point by Congressman Mahon, and graduated just in time to enter World War II. He trained at Camp Hood, Texas, and in the northwest before going overseas into the European theatre of operations.

We hope it will not be too long before Ray and family can return to the good old U S A.

## REAL ESTATE EXCHANGE MOVES TO NEW LOCATION

Mr. Charles Hobgood, Terry County manager of "Your Exchange" is moving this week end to his new location at 521 Lubbock road. He was formerly located at 414 Main St.

Mr. Hobgood handles real estate, insurance and livestock loans and advertises daily at 7:15 a. m. and 1:00 p. m. over a radio station. He invites the public to visit him at his new location.

## West Texas Gas Co. Features Brownfield District

The current June-July issue of The Gas Employees News, published at Amarillo, was handed out the past week by the local district manager, Mr. Chris L. Hafer. This issue featured the Brownfield district section of the West Texas Gas Co., the heading of which says, "Don't Sell the Brownfield District Short."

The bi-monthly slick paper magazine, is well edited by Waldo M. Wright, as well as splendidly illustrated with pictures of interesting shots of public buildings as well as commercial plants in the area, including the chemical plant which makes sodium sulphite, located 12 miles southeast of Brownfield, the Frontier Chemical Co., 12 miles west of Seagraves that makes hydrochloric acid used in acidizing oil wells, as well as the carbon plants in Terry and Gaines counties near Seagraves.

The whole magazine was interesting, and showed much care in descriptive matter of the plants mentioned. Of course, as is always the case a few errors will creep in despite all precautions. One was that it mentioned the Terry County Board of Development, which was true, then mentioned the Brownfield Chamber of Commerce, which should have been the Junior Chamber of Commerce. It also had Brownfield with a berth in the Oil Belt Baseball League, which is an error. Maybe next year.

But the one that griped the Old He more than any was the misnomer they gave our paper, the oldest business institution in Terry county. They called it the "Terry County News." Well, it is rather newsy if we do say so, but it also "Heralds" such news broadcast over the land.

The district is composed of Ropesville, Meadow, Brownfield, Seagraves and Seminole.

## Boys Clubs Receive Beef Calves

About 120 head of high grade calves, were brought in Wednesday from the Fields Ranch near Bronco, for the Boys clubs feeding project this season. The boys drew straws for them Thursday.

The boys clubs, made up of ambitious young farmers of this county, will feed and groom these animals for the annual fat stock show, a Jay Cee sponsored event, to be held early next April.

## Cub Scouts Defeat Dads in Ball Game

Three troops of the local Cub scouts, under general direction of Rev. Preston Murphy, scored over their Dads, 20 to 7 in a baseball game late Monday afternoon at the county park, showing that their dads could only once play. While the boys were elated over their victory, there was a tinge of embarrassment in it. One little fellow went home and told his mother he was "ashamed of the way his dad played, he missed a perfectly good fly."

Later the cubs staged an Indian dance at the park, and their performance bid fair to equal some day Lajune Lincoln's famous troop of Indian dancers.

## CITY IMPROVING PARK

Jim Jackson and force of the Street Department are installing a dozen tables and seats to accommodate patrons of the Coleman Park.

Dr. and Mrs. E. C. Davis made a business trip to Dallas and Ft. Worth last week and were in Sunray visiting their daughter and son-in-law, Mr. and Mrs. Lewis this week.

NUMBER 52

## Thompson Offers Oil Shortage Plan

### Dr. G. E. Richardson, Billie Higdon To Be Tournament Directors

One of the biggest events in the history of this ever expanding little city, is set for August 14, 15 and 16. It is the boxing tournament of the West Texas district, including all of the Panhandle and South Plains area.

Curtis Barrett, chairman of TAAF district and a state director of athletics announced Wednesday the selection of Brownfield. The Brownfield Junior Chamber of Commerce is sponsoring the event and with the aid of Tommy Adams, a local boy who won State Championship light heavy weight boxer at Fort Worth last year, brought the meet here.

Dr. Gordon E. Richardson will be tournament director, assisted by Billie Higdon, local boxing fan, and Tommy's first trainer.

It is estimated 300 boys will participate. This will be elimination center for this West Texas district. The winners will then go to Fort Worth for the State finals on August 20-22. They go as from Brownfield, regardless of their residence.

The bouts will be staged in Cub Field, where a special ring will be erected. Trophies for the winners are expected to be here next week and will be on display at the Primm Drug Store.

Many photographers, news reporters and several thousand fans are expected. Local sponsors request those who can spare a bed room during "the time, to contact Dr. Richardson at Swart Optometric Clinic.

Admission charges will be, for ringside seats, \$1.50; reserve, 1.20 and general, 90c. The bouts to be staged at night.

### First Christian Church Installs Chimes

Many of the residents of the east part of the city were pleasantly surprised late Tuesday afternoon, to hear music of chimes floating through the air. First was the National Anthem, and several popular religious numbers.

They came from the First Christian Church on East Hill street by way of transcription and amplifiers on the church building and are to be heard every Sunday morning and a few minutes in late afternoon through the week.

### L. F. Painter Accepts Position With Knight

Mr. Tracy Cary, manager of Knight's Furniture Store, announces that Mr. Leon F. Painter has accepted a position with Knight's Furniture Store, replacing Mr. R. M. Moorhead, who recently resigned.

Mr. Painter with his wife and two daughters, Margaret and Carol Lee moved to Brownfield from Lyons, Texas, Feb. 1. He served in the U. S. Marines from 1940 to 1946.

### Band Director Horn Moving To McAllen

C. L. Horn, Band director of the Brownfield schools for the past several years, with his wife and little daughter left Thursday for McAllen, Texas, where he will direct the band of the school there.

This is the same city to which Superintendent T. A. McCollum has moved to fill a similar position. Mrs. Horn is the daughter of Mr. and Mrs. Jack Holt, of 602 East Main.

### Boy Scouts, Indians Have Great Time

Lajune Lincoln, whose Boy Scout Troop put on their Indian Program with such unanimous acclaim here the night before their departure to a Scout summer camp in New Mexico, reported this week that his boys and an Indian tribe near where they were located, had a great time together.

Lajune and his troop were invited and accepted invitation to spend one night with these Indians. The boys entertained them, and in turn these Indians put on their version of Indian ceremonies and folk lore.

By the way, did you know that the Indians were about to become American citizens? For years they have been wards of the government, but a resolution in congress will permit them to swear allegiance and become real citizens.

This may sound funny, when as the late Will Rogers told some folks who were bragging about their ancestor coming over on the Mayflower. Says Will, "Yep and my ancestors were at the docks waiting for your's to land."

In other words the Indians were the real First Americans.

But technically they are not American citizens but wards, even though many of them gave their lives in both world wars to their country. Many of them lay buried on the beaches of the far west islands and Europe, as well as continental cemeteries.

### Death Claims Arthur Cobb Wednesday

Arthur Cobb, 68, prominent Yoakum county rancher for the past thirty years, retired and for his past several years residing at his home 616 East Hill street here succumbed at 6:30 p. m. Wednesday to a heart ailment of only a few days duration.

He is survived by his wife, two daughters, Miss Anna Cobb of Brownfield, Mrs. Dick Spadfore of Duluth, Minn.; one son A. P. Cobb of Tokio; two sisters, Mrs. Ada Barron of California and Mrs. Fannie Monroe of Grandview, also two grand children.

Mr. Cobb had been in declining health for sometime, his death was unexpected. Funeral services will be this afternoon at the First Baptist church with Rev. Joe Murphy, pastor of the Presbyterian church officiating and assisted by Rev. A. A. Brian, pastor of the First Baptist church.

Interment will be in the Terry County Memorial cemetery under the direction of Farley Funeral Home.

### Tuberculosis Assn. Meets For Breakfast

Terry County Tuberculosis Association met Friday morning at 7:30 at Thompson's Cafe for a breakfast. Plans for the coming year were made including the campaign for the sale of seals.

Mr. Clifton Jones, member of the Jaycees, was elected director. Other directors will be elected from the different clubs and organizations.

Mrs. O. L. Jones, past director, was presented a gift in appreciation of her services.

Present were Jeff Farley, president; Carrie B. Edwards, executive secretary; Taylor Crawford, Riley Carlton, Roger Lindsey, Geraldine Pyeatt, Mmes. O. L. Jones, Irene Griffith, Hubert Colbert and Al Muldrow.

### Large Business Deal Announced Last Week

One of the largest business deals of late was announced last week when Dan Davis, Cosden wholesale and retail dealer here, sold out to Messrs. J. B. Ricketts and James Warren. The new owners have already taken charge of the business at the juncture of the Tahako-Lubbock highways.

Ricketts & Warren are not new in business here, as at various times they have been interested in retail service stations here, and for more than two years were proprietors of the Thompson Cafe on the highway, which they sold a month or two ago.

They are men who make friends in whatever business they enter and hold them. They are the kind of folks that go out of their way to make a customer feel he is getting what he pays for.

Dan Davis is a splendid young business man, and has a host of friends here who are pleased that he will remain a citizen, as he has become owner of a fleet of oil trucks.

He has some other things to announce to his customers when the time is ripe.

### Boy Scout Troop To Entertain Monday

A court of honor will be publicly conducted by the local Boy Scout Troop No. 74, lead by Lajune Lincoln, next Monday at the Lions swimming pool on south 5th street. A swimming contest will be one of the attractions at 3 p. m. that day. It will be attended by other scout troops of the Comanche trail association, one from Seagraves, one from Seminole and Ropes and Meadow and two from Brownfield. They will be treated to a watermelon feast. Arrangements are being made to also stage a bicycle race on one of the main streets.

This troop recently returned from an exclusive encampment near the Indian Reservation in the Cloudcroft section of New Mexico, where by special permit they ate and danced with the real Indians at their annual pow wow there. The troop also staged their famous dances before several other scout troops, including one from Roswell who are arranging to have them perform there.

Scoutmaster Lincoln is planning classes in target practice and bow and arrow shooting, as he has a number talented along those lines.

### Man and Wife Injured In Truck Wreck

Mr. and Mrs. J. L. Coe of Portales, N. M., sustained severe lacerations and bruises when their truck, loaded with watermelons, swerved, turned over and smashed a power line at the intersection of the Lamesa road one mile southwest of town about 7 a. m. Sunday.

The victims were rushed to the local hospital by a Brownfield Funeral home ambulance. Their truck was almost completely demolished as was the load of watermelons.

Mrs. O. L. Jones, past director, was presented a gift in appreciation of her services.

Present were Jeff Farley, president; Carrie B. Edwards, executive secretary; Taylor Crawford, Riley Carlton, Roger Lindsey, Geraldine Pyeatt, Mmes. O. L. Jones, Irene Griffith, Hubert Colbert and Al Muldrow.

Chisholm fills the unexpired term of Tracy Noel, resigned.

### Cline R. Paden Holding Revival Here

Good crowds are attending the night services, and better than fair audiences are attending day services at the Church of Christ, corner Main and Third streets. Evangelist Cline R. Paden who was minister of this church up to about two years ago, is doing the preaching.

Many have remarked the noticeable improvement in the delivery and handling of his subject of this young preacher. Not that he could not handle them well in the years past, but he seems to have become a master of pulpit delivery, and his subject matter carry well with his audiences.

This meeting will go over next Wednesday night, and everyone is cordially invited to hear him through this series of meetings. Some have already responded to the Gospel call, and many others are expected before the end of the meeting.

For the past two years Mr. Paden has been preparing himself with a post-graduate course at the George Pepperdine college at Los Angeles, and taking the Italian language at University of California, LA, as he is preparing to go to Italy as a missionary.

### Burrow Motor Has Splendid Opening

Dropped in at Burrow Motor late Saturday and found Crawford Burrow, owner and manager as tickled as a kid with a new toy. And he had a right to be. There were basket after basket of flowers, and he informed us that despite the fact that it was Saturday many, many friends and acquaintances had called to offer congratulations.

He does have a real nice, new plant, 30x90 feet, and an additional 60x90 for parking used cars. He had two new Hudson cars on the floor at the time we were there, all shiny and looked ready to drift over the terrain.

The building is so constructed that it admits an abundance of natural light, and he has it well air conditioned. The floors and work benches in the mechanical department are all nicely painted and as clean as a parlor. Crawford believes that such working conditions adds to efficiency and more production.

### Old Burg Full Of Cities Service Folks

Some 35 employees of the Cities Service Company, one of the larger oil refining and production companies, swooped down on Brownfield Monday without warning, and a house to house canvas of the town soon started for rooms, apartments and what have you.

One of the men stated that they were trying to locate their seismograph crews and other business here, and would be here at least two years, maybe longer, and that anyone having rooms or apartments could depend on them being permanent.

So if you have a room, apartment or house, or know of one, phone the Terry County Board of Development, or if you wish, phone No. 1, this paper, and we will pass it on to these folks who want a place to stay.

All of us are trying to make a fine little city out of Brownfield. So, let's all go out of our way to help people get a place to stay when they get to Brownfield.

Read Polio Preventatives now appearing in the Herald In Interest of Public Health

There is a great furor in the land about an alleged gasoline shortage.

Ernest O. Thompson, chairman of the Texas Railroad Commission was invited by telegram by Senator George W. Malone of Nevada, chairman of the Senate National Economic Resources Committee, to come to Washington Monday of this week and testify.

Thompson told the committee that Texas was and had always furnished all the oil requested by any buyer both in war and in peacetime—that Texas was presently producing 2,288,000 barrels of oil per day and could produce 118,000 barrels per day more without harm to the wells.

Texas has 106,336 producing oil wells in 1,172 oil fields. New fields are being found and about 10 new wells are added to our list of producers each week.

Thompson said that oil consumption has simply outgrown the present pipe line and refining capacity.

He made the four following suggestions to help cure the situation:

1. Make steel available for drilling oil wells and building pipe lines and build additions to or add new refineries in order to be able to refine more crude oil.

Increase the price of crude oil to a point where more "wildcat" exploratory wells will be drilled to find new oil fields. This has always got the job done in the past.

Encourage the use of lower octane gas, since the present day motors get no added mileage out of premium high octane gasoline. This would save 75 million barrels of oil per year based on present consumption. High octane gasoline is of utility only in motors of the future. We are at present under an "octane obsession" and only kidding ourselves as to power and mileage obtained from its use. What we should consider is miles per barrel of crude on the road. If high octane gasoline will not give you more mileage in your present motor then use regular gasoline and save money and at the same time save the raw crude. Why use a fancy product when you get no extra mileage out of it?

4. Encourage secondary recovery of oil left in oil fields which were developed under the old time open flow methods which inefficient production practice left 75 per cent of the oil in the ground. These billions of barrels can now be recovered by water or gas flooding. It will cost money to get this oil but it is being done in Pennsylvania where oil brings four dollars a barrel.

Than Applicants More Jobs in County

The old axiom about "the office seeking the man" is true in Terry county, pertaining to labor. The local office of the State Employment commission announces, though, they placed 126 men in jobs the month of June, as nearly as many for July, they have more jobs than applicants. Most demand is for labor in construction work. This does not include farm labor, which is handled through the County Agents office. The latter estimate over 800 hoe hands have been employed the last 30 days on farms. Most of these have dealt direct with employer. Mrs. Ann Bates was in town last week and stated her husband, Henry, who operates a 1400 acre farm in the north part of the county was paying out \$200.00 daily for hoe hands. Skilled labor in the building trades appear much in demand.

There are a few Hooverists who cannot get over the fact that the editor of the Review has remained true to the democratic principles and while they were hooping it for the secession of Texas from the democratic party in 1928, he was in Oklahoma helping hold that state in the line with the traditions of his forbears. Of course we are not making any reference to the Anton News or the Brownfield Herald. They are just New Dealers. —Yoakum County (Plains) Review.

We cannot speak for Editor Richard, but when Editor Hale "guesses" that this editor or paper supported "Hoibit Hoiver" for president, he is off the beam. At that time, 1928, here in west Texas it was not only unpopular to support an avowed wet, but to support a Catholic for any office was verboten, but we went down the line with the brass collar bunch as usual. By 1932 when FDR, another wet, was voted in, and all was sweet and snug, you could not find a man who voted for Hoover. Indeed, old Terry and we believe old Yoakum both voted for Mr. Hoover. Why we were not even a KKK. Mr. Hale; how about you? As for the New Deal there are some things we liked and many that we have disliked, and have so expressed ourself many times in these columns. But of course Mr. Hale is not expected to know that, as the only paper he reads is the Yoakum County Review.

Herald Want Ads Get Results!

England is becoming so messed up with Socialism and France with Socialism and Communism that it seems we can get little co-operation from either, as both are afraid of insulting Uncle Joe Stalin's empire. It would not surprise us in the least that we will sooner or later have to withdraw from Europe entirely and let them root-hog-or-die. And should we have to take this course, we should be prepared to have the whole rag-tag Europe on our necks in the next war, and perhaps our "good neighbors" south of us. Just the same, there seems to be absolutely nothing that we can do about the matter. The European nations have always had to have a boss, and perhaps always will. They don't seem to understand the first principle of freedom and democracy.

Governor Beauford Jester's trip to the Governor's Conference at Salt Lake City seems to have borne more fruit than the most optimistic could expect. His speech seemed to have opened the eyes of all the governors of the several states of the encroaching danger of federal powers and the evident lessening of states rights. While his speech was along the more recent encroachment that the Supreme Court invited by its opinion, which by the way was way off of all former decisions as regards tidewater lands of oil bearing possibilities of the several states, he showed conclusively by the same token that federal power could encroach on fisheries in interior streams, minerals of every nature, including silver of Colorado, gold of a number of states, and copper and coal of several. After his speech a resolution to ask Congress to pass laws to stop Federal encroachment was passed without a dissenting vote.

And now comes Editor Eee Eye Hill of the Lynn County News, Tahoka, bragging about a Tahoka "stud-hoss" that has made the picture tribe of Follywood. How many cocktails can the prancing stallion take on at one setting, Bro. Hill, and when will he enter

It is reported that a leftist revolt in the Democratic party has started to push Comrade Wallace for president, and just as expected, the little headway is made on the Pacific coast under the leadership of an avowed commie. All we know is what we read in the paper, as the late Will Rogers used to say, but some seem to think this is a bad omen of the party in 1948. To our way of thinking no better time could possibly be chosen for the party of Jefferson, Jackson and Wilson to get rid of this leftist movement, that is no more akin to Jeffersonian principles than Hin-

The Grand Old Party is making a mighty howl about Atty. General Tom Clark not spending more time and talent in unraveling the alleged election frauds in the Kansas City Democratic primary. It seems to us that local authorities, if they would, could clean up that little mess out there to the satisfaction of every one, and leave the whales for Clark. Clark's time is too valuable to mess around with minnows. If Kansas City really wants their back yard cleaned, they can do it handsomely with ballots by electing some honest men.

The Conference of Governors at Salt Lake City brought out the fact that a lot of the communistic tendencies are started right in our grade and high schools. And they warn that it is high time that trustees know whom they employ, and what kind of text books pupils are studying. They should also see that the teachers take time out to stress the workings and advantages of democracy and our way of life. Let all foreign ideologies be banished from our free public schools.

## A Wise Polio Precaution: Keep Foods Well Covered!

Cover food to keep flies away, especially during the polio danger months in summer, is another wise precaution to follow in combating spread of the disease, the National Foundation for Infantile Paralysis cautions through its local chapter. The "blue-bottle" fly, particularly, is suspected as a possible factor in transmitting the virus as a result of evidence disclosed by investigations financed by March of Dimes funds. The National Foundation also urges that all fresh fruit and vegetables should be washed before use; left-over foods covered properly, and garbage or rubbish placed in containers with lids so that flies cannot get to it.

doism is to Christianity. We might get the whale beat out of us by the GOP, but if it takes that to get the red taint out of the Democratic party, let it come and let's get it over.

In our humble opinion a few of the U S commies should be sent over to Uncle Joe Stalin's Russia for a breezer course, if the famous or rather infamous iron curtain can be lifted for their entrance, so they may see with their own eyes just how the subjects of that dictatorship really live. We imagine the puny pukes would be ready to come home just like their pre-war counterpart, old Emma Goldman who failed to find the Garden of Eden when she was forced to

leave the U S for the kind and condition of government she so ardently wrote and spoke about. Yes, she ardently wished to return to the United States, but the bars were up against her forever in the country she had slandered and maligned. But these poor de-

Miss Janie Holden of Glendale, Ariz., came in Monday morning for an extended visit with her aunt, Mrs. A. J. Stricklin and other relatives here.

Mr. and Mrs. W. T. Jackson of Oklahoma City, are here the guests of Mr. and Mrs. J. M. Williamson. Mr. Williamson and Mrs. Jackson are brother and sister.

## 24-POINT CHECK-UP for your ALL-CROP HARVESTER..

● Your best insurance against lost time during harvest rush is our 24-POINT INSPECTION and All-Crop Harvester repair service. Often we can detect worn parts in advance—save you a breakdown in the field.

**Our Mechanics Are Trained in All-Crop Harvester Schools Conducted by the Allis-Chalmers Factory**

They thoroughly check every vital part of your All-Crop Harvester. We can give your machine a complete rebuilding service if needed. All replacement parts are made in the same factory and to the same specifications as the original.

Right now is the best time to have it done. Schedule your All-Crop Harvester with us soon for a complete 24-POINT INSPECTION and repair service.

## Texas Has High Meat Production

Texas led 45 other states in meat production last year, according to a statement just issued by the National Live Stock and Meat Board. Proof of the outstanding role of Texas as a livestock and meat state is also revealed by figures showing that the cash income received by its ranchers and farmers from meat animals in 1946 totalled \$398,699,000. Of this total, \$315,109,000 was received from cattle sales, \$50,838,000 from the sale of hogs and \$32,752,000 from the sale of sheep and lambs.

Calling attention to the national livestock and meat picture, the Board asserts that 1946 was the fifth consecutive year in which meat production exceeded 20 billion pounds, the meat output for the year reaching 22 billion, 961 million pounds. To produce this meat supply 131,050,000 cattle, hogs and sheep were marketed and processed.

Meat consumption in the United States is on the increase, the Board points out. Civilian consumption of meat in 1946 reached an all-time high with a total of 21 billion, 234 million pounds or an average of 60 million pounds per day.

Showing further the upward trend in the use of meat on America's tables is the fact that the per capita consumption of this food product last year was 152.8 pounds—27 pounds more per person than was consumed annually in the pre-war period, 1935-39.

Jack Stricklin, Jr., made a bus trip to Denison the past week end where he picked up his family who had been visiting Mrs. Stricklin's parents, Mr. and Mrs. S. R. Taylor and other relatives. Mrs. A. C. Crowe and daughter, Miss Patsy of Seagraves returned home with them.

Mrs. Johnny Bost and daughter are in Dallas visiting relatives. They plan to be gone three weeks.

## Veterans' News

The Veterans Administration is seeking pharmacists in Texas, Louisiana and Mississippi, VA announced this week.

Salaries for the positions range from \$2,644 to \$4,149 per year.

Application forms and further information may be obtained from the Board of U. S. Civil Service Examiners, Veterans Administration, Branch Office No. 10, 1114 Commerce Street, Dallas 2, Texas.

The Veterans Administration has negotiated contracts with about 130 correspondence schools in the United States to furnish veterans instruction under the GI Bill.

Veterans are eligible for these "mail order" courses if they meet the qualifications for GI Bill education or training.

A veteran may get up to 500 dollars worth of correspondence courses. No subsistence allowance is paid for correspondence courses.

Only schools which have a contract with VA and which are approved by the state in which they operate may be paid for veteran's courses under the GI Bill.

About 35 per cent of the veterans who have entered education or training have terminated their courses, VA reports.

The great majority of these veterans are eligible for additional GI study—if they want to take it some time in the future.

There are many reasons for terminations, VA found. These include ill-health, lack of housing, financial problems, scholastic difficulties, employment opportunities and personal problems.

Rev. and Mrs. Ed Tharp had as their guest this week, Mrs. Tharp's sister, Mrs. Rodgers of Abilene and Mr. L. C. Stewart of Houston. The Tharp's accompanied Mrs. Rodgers home to visit until Saturday.

Group action or community action seems to be the best approach to solving various farm problems.

## G. I. Question And Answer Department

Q. I am a World War II veteran taking a school course that requires three hours per week. Am I entitled to receive subsistence allowance under the G. I. Bill?

A. If you are taking an undergraduate course at a college or university, you are eligible for one-quarter of the full subsistence allowance, but if it is a high school or vocational school course of less than 6 hours per week, you are not eligible for any subsistence allowance.

Q. I am a veteran-amputee. Am I entitled to a service card and what is the limit on repair service costs allowed?

A. Yes, if you are a veteran wearing an artificial limb, you are entitled to repairs at government expense and may obtain a Prosthetic Service Card. This card enables the veteran to get immediate repair service up to \$35 without prior approval from the Veterans Administration.

Q. I am a disabled veteran and have completed my on-the-job training course, but have not been able to get a job. Am I entitled to receive unemployment compensation under the G. I. Bill?

A. Yes, The Serviceman's Readjustment Act (G. I. Bill) provides that you can draw adjusted unemployment compensation up to a maximum of 52 weeks, provided that you are able and available for work at the time. The number of weeks or readjustment allowance payable to you is determined by the length of your service. The service must have been 90 days or more between Sept. 16, 1940 and the end of World War II.

Q. As a World War I veteran with a non-service-connected disability, which does not permit me to work regularly, am I entitled to a pension?

A. Your only pension relief is through the law which gives you the right to a pension of \$60 per month, provided you are permanently and totally disabled and unable to follow a substantially gainful occupation. This pension is not payable if your income exceeds \$1,000 if single or \$2,500 if married or with minor children.

## Soil Conservation District News

July 12-13 was irrigation demonstration day on Cooperator E. P. Stanford's ranch down in south west Yoakum county. Mr. Stanford has installed a portable sprinkler system, and to show its usefulness, nearby farmers were invited to watch him irrigate his growing crops. Water is pumped out into main irrigation ditches and from a ditch a portable pressure pump picks up the water and under heavy pressure forces the water into a joint pipe laid out on top of the ground. From joints of pipe a revolving sprinkler whirls the water over the growing crops. Looks mighty interesting to see a good rain falling on growing crops and not a cloud in the sky nor any thunder or lightning to be seen or heard. Mr. Stanford has a strong irrigation well, but perhaps for limited irrigation wells, a tank should be constructed and this supply of water could be used on growing crops during a critical period by other farmers.

Joe F. Krizek, CYT District Engineer, attended an all-day Irrigation Conference in Lubbock at the Experiment Station July 15th. The conference was largely attended by irrigation farmers, several being from Terry county.

Riley W. Carlton, Work Unit Conservationist and James T. Little, Soil Conservationist Aid, attended a Group Planning Meeting with twelve ranchers at Plains, Texas on July 16 to assist in planning a grass improvement program. Mr. Carlton led the discussion in improved methods of establishing grass on cultivated land, followed by a brief discussion by Mr. Horn, Yoakum County Agent, on the grazing value of various grasses. The whole group was very much interested in sand lovegrass for pasture. From this meeting a total of 36,893 acres were taken under planning by the District.

From all reports in the CYT district, an increased number of farmers have expressed a desire to plant more Balboa Rye early

this fall. This variety of rye seems to stand wind erosion and furnishes better grazing for livestock.

July 20-26th, inclusive, has been designated as National Farm Safety Week. In observing this week, it would be a good idea for all farm homes to take a very careful check to determine any possible hazard that might exist. Maybe there are some old planks laying around with rusty nails sticking up, maybe there is some equipment needing repair, which would do away with unnecessary risks. Each farm home could ask, "Is my home a safe place for me and my family? Do I live safely, on the job and off?" Reliable figures compiled each year reveal that death and permanent disability rates among farm and rural workers and their families is still higher than the rate among any of the other major industries. This high rate is particularly true as to vehicle deaths and disabilities among rural people. Let's all exercise care in every possible way to lower accidents to individuals and damages to property for the rest of 1947.

The CYT District Board of Supervisors met in their regular monthly session in the SCS Work Unit office on July 22nd at 2:00 p. m. The meeting was called by Chairman, Jay Barret. Several cooperative agreements and applications were approved. The Progress Report of the District from January 1 to June 30, 1947 was reviewed. The accomplishments for this period were the best in the history of the District.

There are a number of barren fields around over the CYT District with no grain sorghum crops nor crops of any kind for fall and winter cover. An investigation was made recently and it was learned that most farmers in this area are planning to flat deep break early this fall and seed to Rye mostly and wheat in some cases, if moisture conditions permit, early in August and September. From this, perhaps there will be more grain fields than ever this fall and winter.

July 20-26 is National Farm Safety Week.

# THANKS A MILLION FOR YOUR Splendid Patronage

I take this means of announcing to my friends, customers and the general public that I have sold my Cosden wholesale and retail business to James Warren and J. B. Ricketts and they took over operation of the business last week.

It has been a pleasure to have served you in the past, and your liberal patronage has been appreciated to the fullest extent. It is my sincere hope that you may continue to use Cosden products and let James Warren and J. B. Ricketts serve your petroleum needs. Both are experienced men in the operation of this kind of business, and I am sure they will be able to serve your needs in an efficient and business-like manner.

Again, I want to say thanks a million to my friends and customers for the many favors it was my pleasure to receive during the time I was in the Cosden wholesale and retail gasoline and oil business in Brownfield.

**Cash-Bradley Vows Read Sunday**

Miss Marie Cash, daughter of Mr. and Mrs. J. M. Cash, of Truscott, and R. A. Bradley were married Sunday evening at 8 o'clock in a single ring ceremony at the Church of Christ parsonage. Mr. Bradley is the son of Mr. and Mrs. Earl Bradley, F. I. Stanley, minister of the Church of Christ, officiated.

Peggy Bradley was maid of honor and Irvin Bridge, of Tokio, served as best man. Other attendants were Wynona Bradley and Jimmy Mackey.

The bride wore a suit of blue gaberdine with black accessories, an off face white hat and carried white gloves. Her corsage was pastel gladiola. For something old she wore a bracelet belonging to her sister and something borrowed and blue was a pair of costume pins belonging to her maid of honor. She wore a penny in her shoe for luck.

Mrs. Bradley is a 1941 graduate of the Giland high school. The groom is a graduate of the Dora, N. M. high school and served three years in the army with an engineering corps.

The couple are making their home at 615 South 1st street.

Mr. and Mrs. Earl Bradley were hosts with a dinner Sunday noon honoring the couple. Guests were Mr. and Mrs. Shirley Moore and family, Irvin Bridge of Tokio and the Bradley family.

**MISS GILLHAM ENTERTAINS FOR VISITOR**

Miss Delores Gillham entertained Thursday evening of last week for Miss Francine Cassinger of Corsicana, who is visiting here with Mr. and Mrs. G. S. Webber. A picnic supper was served on the terrace to:

Wanda Stafford, Norma Jo Boyd, Jackie Allen, Naomi Thompson, Jean Garnett, Hazel Vernon, Betty Holmes and the honoree.

**Tarpley - Hughes Vows Read Friday Night In The First Baptist Church**

Miss Grace Lenore Tarpley, daughter of Mr. and Mrs. Marion Galloway Tarpley, became the bride of Milton Henry Hughes, son of Mrs. K. H. Hughes of Abilene, in a candlelight ceremony read Friday night at First Baptist church by Rev. Jesse Swindell of Abilene before a background of woodwardia fern. Basket arrangements of pink and white gladioli were on either side of the altar on the choir loft where the ceremony was performed. Candelabra and white sat'n bows lined the aisle.

Wedding music was offered by Mrs. Ruth Huckabee, sister of the bride and organist, and John E. Shirley, soloist.

The bride, given in marriage by her father, wore a gown of white imported organdy with a fitted basque waist buttoned to a high collar of embroidery, long sleeves caught with embroidered cuffs and a gathered skirt edged with embroidery. Her fingertip veil of illusion fell from a china halo of orange blossoms and she carried a white Bible with a showered orchid bouquet.

Mrs. Jack Bailey sister of the bride, and Mrs. Bobby Jones, attendants, wore organdy gowns of ice blue with matching blue organdy picture hats, elbow-length gloves and carried old-fashioned garden bouquets.

A. A. Martin of Quanah was best man and G. W. Tarpley, brother of the bride, Johnny Malouf of Dallas, Herbert Abney of Lampasas, Herbert Teat of Fort Worth and Rex Perry of Rotan were ushers.

Mrs. William E. Gore, sister of the bride, and Mrs. Walter E. Haynes of Plainview were candle-lighters, Joan Tarpley, niece of the bride, was flower girl and Jerry Don Huckabee, nephew of the bride, was ring bearer.

At a reception which followed in the Tarpley home, the bride's table was covered with a white cut-work linen cloth and centered with a three-tiered wedding cake and a bouquet of white rosebuds and pink sweetpeas.

For a wedding trip to California, the bride wore an aqua gabardine suit with a beige satin hat and blouse and an orchid corsage.

Mr. and Mrs. Hughes are to be at home in Abilene. The bride attended Texas Technological college and is a graduate of Hardin-Simmons university. The bridegroom, a senior at Hardin-Simmons, served as an Army Air corps first lieutenant during the war.

Out of town guests were Mmes. H. H. Hughes, L. L. Welch, H. W. Wright, of Abilene; Mrs. John Kennard of Clyde; Mrs. A. S. Martin of Quanah; Herbert Teat, Ft. Worth; Rex Perry, Rotan; Mr. and Mrs. A. A. Martin, Abilene; Herbert Abney, Lampasas; Johnny Malouf, Dallas; Mrs. Walter Haynes, Plainview; Mr. and Mrs. Troy Noel, Plainview; Mrs. Ray Christopher and daughter, of Amarillo; and Miss Helene Huff, of Pampa.

Mr. and Mrs. Jim Griffith will spend the week end in Coleman with Mrs. Griffith's mother. They will have a reunion of the Abernathy family in the park in Coleman Sunday and between 50 and seventy five persons are expected to attend.

**TERRE SUE REDFORD OBSERVES 3rd BIRTHDAY**

Little Terre Sue Redford celebrated her third birthday Thursday morning with a party given by her mother, Mrs. Terry Redford. Games were played and the guests presented favors of miniature garden tools.

Birthday cake, sandwiches, candy and punch were served to Jan Neely, Tommy Hicks, Tommy Harris, Tommy Hardy, Barbara Germany, Barbara Kirschner, Wade Hill, Latrice Teague,

Jeff Farley attended a regional meeting of the West Texas Funeral directors in Abilene, Tuesday.

Betty Sue Anderson, Joseph Farley, Thomas Bruce Zorns, Stephen Lynn Brownfield, Jimmy Sadler, Carol McBee, Diane Redford, Lynn Roberson, Bill McGowan, Scotty Moorhead, Mike Moorhead of Sundown, Joan Tarpley, Mimi Muldrow of Midland and Mary Margaret Bell. Mrs. Logan Redford assisted with the serving.

## Never Too Old To Learn

By George W. Neill

We were surprised to learn, from Jake's letter in last week's Herald that as long as he has been in Texas, hadn't learned more about stripes. Maybe he thought that little black animal, with a white stripe on its back, found loitering in his chicken lot the other night, was a sergeant or corporal, he being a private is not to be blamed for taking a shot at it. He should be more careful next time, it may be a Congressional Investigating Committee.

Even though he shot and missed, there are several lessons to be learned from this aromatic cat-astrophe. One is it takes a straight shooter to be effective; another is a lot of barking like old Blue and the Republicans do, usually messes up things and when one interferes with another's Thomas Jefferson's right of life, liberty and the pursuit of its appetite, inevitably creates a stink. This little animal with the white stripe, was only indulging in free enterprise, the American way of life. Undoubtedly it is becoming Americanized, or else Darwin didn't miss our ancestral lineage as much as Jake did the little white stripe.

He did make a point about our Government departments: what's the use to have two, if you can hit nothing with the first one.

It proves again that beauty is only skin deep. Also a pretty exterior is often best left exteriorized, even among humans. A rose by any other name still retains its aroma. Jake should learn by this, what the U. S. Senate has to put up with, when Bilbo, or Wilbert Lee Oder, squirts off. No wonder they won't hold night sessions and are hastening adjournment. But what the Old He is worrying about, is where can he get a 79c shirt, with or without fragrance?

Anyway we hope by next election Jake and his pal Blue will be thoroughly defrosted.

Mr. and Mrs. Joe Shelton attended the fall clothing market in Dallas and Fort Worth for the Shelton shop.

## What If Slave Holders Had Been Southerners

Out at San Diego, Calif., this week, a case has been completed by trial of a woman who had held a negro woman in technical slavery for many years, while this woman took her meals in bed. As we understand it, the husband of the woman is to soon go on trial for the same offense against the 14th amendment to the Constitution.

No, you are wrong as you can be brother. The man and woman were not southerners or from the south. They were originally from New England, the home of the birth of emancipation, as well as the writer of Uncle Tom's Cabin. Yep, that's the straight dope.

But fancy if you can if they had been from the south? Every slick mag in the north would have had worlds of pictures, and the most scorching denunciations of such carrying-ons that the reader would crave. But so far as we have not seen a word from them. We take several.

And then there would have been Drew Pearson in his column and Walter Winchell in his column and radio and a host of others pouring it on the slave holders had they been even remotely connected with the southern states.

Such partiality is what makes southern people get hot under the collar, and makes them vote like they do in elections.

## Union Lady Uses Talent to Advantage

Information gained in club work has become a means of earning money, reports Mrs. O. J. Rhodes, living room demonstrator of the Union Home Demonstration Club. Recently she sold enough sequins to buy Venetian blinds for her living room.

Mrs. Rhodes received this training in making sequins, as the result of a leader training school for home demonstration clubs last fall. As a result, the leaders taught the club members how to use sequins and beads to make pins, dress and coat decorations, as a means of giving interest to

## GOMEZ NEWS

Mr. and Mrs. A. J. Loyd went to Hereford last week to be with a niece who is seriously ill.

Miss Annie Ruth Paschall, Tech student spent the weekend with home folks.

Wayne Sherren and family and Mr. and Mrs. Loyd Chenult of Tokio visited Sunday in the Tom Ford home.

Mr. and Mrs. G. M. Newsom and children, Mr. and Mrs. Shorty Stice and Mr. and Mrs. Bernard Stice and children spent the week end in Ruidoso, N. M.

The Kenneth Furr family moved last week to Lovington, N. M., where he has purchased a feed store.

Mrs. W. G. Swain is at a Sanatorium in Lubbock for treatment.

Will Green underwent major surgery at the local hospital last week. He is reported doing fine.

Mr. and Mrs. W. D. McKee of O'Donnell spent the week end in the home of their son, Cliff McKee.

Rev. and Mrs. W. T. Sparkman have moved to pastors home near the Baptist church.

Jack Mason and family, D. A. Kelly and family, O. W. Kelly and wife and E. R. Burnett spent the week end fishing at Red Bluff. Part of the group visited the Carlsbad Caverns.

Mr. and Mrs. Doc Key, Mr. and Mrs. Bob Goldston and Mr. and Mrs. L. Key visited Sunday afternoon in Plains with S. R. McLeroy and family.

Mrs. B. R. Lay spent several days last week visiting with her parents at Coahoma.

Make plans now to attend the revival at Gomez Baptist church, August 3-10.

Mrs. S. K. Shuler and her granddaughters, Miss Lee Edwin Terry and Mrs. C. V. Tate, all of Stephenville were here this week visiting in the homes of Mr. and Mrs. R. M. Moorhead, Mrs. Gladys Moorhead and Mr. and Mrs. Richard Carruth.

the garment.

Since that time, various other club members over the country have made these ornaments for gifts, while others, like Mrs. Rhodes, have sold them in addition.

## To See First Rodeo

Jose Aguilier, assistant vice-consul for the Venezuelan government at Caracas, Venezuela, South America, will see his first American rodeo—the annual Littlefield Jaycee western show, July 25-26-27. In Littlefield visiting his cousin, Morris Costello, Senor Aguilier decided to stay over for the rodeo.

Littlefield officials are laying claim to the distinction of having the only South American as a guest at a West Texas rodeo this summer. The show's stock will be furnished by the Autry & Colbert ranch at Dublin.

Our Special — Mexican Food & Sea Foods

Harvesting cotton in a *once-over operation* is the short cut to bigger profits. Get this advantage by stripping and delivering cotton, two rows at a time, with a labor-saving John Deere No. 15 Cotton Harvester.

Designed to work with the John Deere "A" and "B" Tractors, the No. 15 is a simple, sturdy, long-lived machine that does a fast, efficient job of saving bolls after the cotton plants have been killed by frost. Many gin operators state that cotton stripped by the John Deere is cleaner than that pulled by the average hand puller.

This year, to make short work of your cotton harvest—use a John Deere Cotton Harvester. See us for complete information the next time you're in town.

MY HEARTIEST APPRECIATION AND

## THANKS To You All For A Successful GRAND OPENING!

I want to express my deepest thanks and appreciation for the many floral tributes and well wishes—and also thank those friends and patrons who attended my Grand Opening of my new building last Saturday, July 19th. It was very touching indeed, to have so many best wishes and people out to this affair—one of the most important of my entire business career. Let me personally assure you that the Burrow Motor will bend ever effort to give the best service ever, at all times. I again invite you all to take advantage of the modern garage I have here. You will always be treated right—here.

**Communist Loses Suit To Stop Expulsion From Legion Post**

The long-standing contention of The American Legion that it is its own judge of the loyalty of its members has been upheld by a far-reaching decision of the New York Supreme Court involving the issue of membership in the Communist Party.

In a seven-page opinion, Justice Benjamin F. Schreiber has denied the petition of Sidney Reiter that would have barred the General Duffy Post 1141 here from expelling the 31-year-old World War II veteran from The American Legion under its own constitutional processes. Reiter brought the suit to halt such proceedings.

Reiter's defense was that Communism was a "political belief" and the Communist Party was a political party. The American Legion contended that Communism is not a political belief but a subversive philosophy having for its objective the overthrow of the United States Government by force or violence.

Justice Schreiber ruled: "The American Legion has the right to conclude that affiliation with the Communist movement constitutes disloyalty to the purposes of the organization and the right to proceed accordingly against the plaintiff."

Replying to Reiter's charge that The American Legion was violating his constitutional rights of free

**Milk Distribution At High Levels**

Distribution of fresh fluid milk to homes, stores, restaurants, hospitals, hotels and other outlets is much greater than in pre-war days.

Nutritionists and economists as well as the entire milk industry embracing farmers and distributors are doing every thing possible to maintain this high level. It means better health for the United States and more dependable year-round income for farmers and workers.

Total fluid milk consumption in 1946 was 196.7 quarts representing 49 per cent of the utilization of the 57 billion quart a year U. S. milk supply.

Amateur wiring or overloading of electrical equipment is a big cause of disastrous fires on Texas farms.

speech, the court held: "Such constitutional provisions protect that individual against action by government authorities; they do not give the individual a right to insist on membership in a private association to whose members his views, whether or not denominated political, may be obnoxious."

The American Legion was represented by National Judge Advocate Ralph B. Gregg and Department Judge Advocate Samuel M. Birnbaum of New York.

Reiter's counsel announced he would appeal the decision.

**Preview Given On New Cotton Poisons**

COLLEGE STATION— July 25 They're still in the experimental stage, not on the market in commercial lots, and much research remains to be done—but USDA scientists believe they may have something in two new insecticides for the control of cotton insects.

They are benzene hexachloride and chlorinated camphene.

Results to date that these organic chemicals may be much more effective than any of the standard dusts now in use.

A mixture of benzene hexachloride which contains 5 per cent of what is known as "gamma isomer" has proved deadly to the boll weevil and cotton aphid, but not the bollworm. This is just the opposite of DDT, which takes care of the bollworm but not the aphid or weevil.

The camphene compound apparently controls all of the common cotton insects.

The USDA Bureau of Entomology and Plant Quarantine, the Texas A. and M. College Agricultural Experiment Station and other state experiment stations have been testing the products under field conditions.

One mixture which made a good showing in tests last year near Waco and College Station consisted of 5 per cent DDT, 3 per cent of the gamma isomer of benzene hexachloride and a neu-

**The Low Down From Hickory Grove**

When I was in the city recently, I ran into my friend Ed—Ed helps run a bank there—and he says to me, Josephus, he says, you believe in private enterprise and you scribble on same kinda frequent, why not tell the folks how the private enterprise system and the "profit and loss" system are the same. There is nothing free about free enterprise, he says, ex-

**JayCees Meet In Legion Hall**

The Junior Chamber of Commerce held their quarterly meeting last Thursday night at the Legion hall and many plans were made for the ensuing year.

One of the motions adopted was to make each of the night meetings a ladies affair so that the ladies might share in the business and entertainment.

Another of the motions adopted was to try and letter the mail boxes on the rural routes so anyone could find the party they were hunting. We hope that this will meet the full approval of all the farmers on the rural routes and that the Jaycess will obtain their full help and support.

tral diluent. The dust was applied at the rate of 10 pounds per acre repeated every 4 to 5 days as long as the insect infestation lasted. When bollworms were present the dusting was done at the rate of 15 pounds per acre.

cept the right to try your skill at something you think you can make a go of—and if you choose to work a little harder, you gotta chance to profit, also you gotta chance to lose. Emphasize that, he says, that you gotta chance to lose.

And while on the same trip I visited a telephone feller, and we drifted onto the same subject. Did you know, he says, that we have around 31 million fones here in the U. S., while in all the rest of the earth where there is but little private enterprise, and the govt. runs the works, including the fones, that there are only 21 million instruments all told. There is something for you to tell your readers, he says, if you have any. In other countries, this fone gent says, where the govt. is the cock-o-the-walk, you wouldn't have any chance your ownself either. Your essays, he says, you couldn't pop-off as you do.

That was getting pretty close to home—and my meal ticket. He says an earful, that telephone gent.

Yours with the low down,  
JO SERRA.

The presence of flea hoppers in cotton can be detected by looking for small, blackened, dead squares, less than one-fourth inch in size.

Agriculture, with more workers than any other industry, had a death rate last year of 54 per 100,000 workers, compared to the all-industry of only 31.

## Union News

A singing class was organized at the church Sunday night. They are buying some new class books and will sing every first and third Sunday nights after Training Union. Mr. Lloyd Shepherd was elected president. Everyone in the community is given a special invitation to come and sing.

Mr. and Mrs. R. H. Decker and Frank went to Hobbs Sunday. They visited Mrs. Decker's brother, Le Roy Altum and family.

Mr. and Mrs. W. L. Inman, Mrs. T. B. Inman, Duane Patterson and Bill Rogers, all of Portales, visited the Lloyd Shepherd's Sunday. Other visitors in the Shepherd home were Mr. and Mrs.

Joe Snelgrove and family of O'Donnell.

Mr. and Mrs. Earl Cornett and children visited Mrs. Cornett's brother, Royce Smith, and family of Munger, Sunday. They also visited the E. V. Cornett family of Lamesa awhile Sunday afternoon.

Visitors in the C. A. Bearden home Sunday were: Mrs. J. A. Bearden who is Mr. Bearden's mother, Mr. and Mrs. Albert Lamb and daughter of O'Donnell, Morris and Alfred Bearden of Plains and the W. D. McKee family of Tahoka.

Farmers in this vicinity have been busy dusting the cotton for flea hoppers.

Mrs. Juanita Lanious and children, Vida Mae and Eddy, visited her parents at Lamesa Sunday afternoon.

Miss Billie Gary of Brownfield is spending the week with Miss "Tot" Brown.

Friday night, July 25th, is the big night for Union Community. This is their Fun Night and everyone is cordially invited to come and play "42", or some other game and eat ice cream. There will be something for the young and old. So come with a pocketful of money and buy your eats, the rest will be cared for when you enter the door. The price for admission is 10c and 20c and you can then play anything you wish without any extra cost. Proceeds go for the new lunc hroom.

Mrs. Frank Weir and girls left Tuesday to visit relatives in Ft. Worth, Waxahachie and Itasca.

## "Gold doesn't mean anything to me, I'm looking for Phillips 66 Motor Oil"

PROVED BY 66 BILLION MILES OF SATISFACTORY SERVICE

### Petroleum Industry Looking To Tech For Engineers

Representatives of the petroleum industry in the Texas Panhandle and over West Texas have indicated that they are increasingly looking to Texas Technological College for trained petroleum engineers and scientists.

A joint committee including representatives of industry and of the college held a series of meetings this year, working out plans for a greatly expanded petroleum engineering department at Texas Tech, including a number of additions to the curriculum, more staff members and elaborate research facilities. Industry indicated its willingness to bear part of the expense of research once adequate laboratories and a competent staff are provided.

In order to set up such a long range program to serve Texas and the nation, the committee recognized that an additional building on the Tech campus would be a necessity to provide adequate classroom and laboratory facilities.

Appropriation for the building and its equipment was not provided by the Legislature at its last session, but solons voted by an overwhelming majority to submit a constitutional amendment to provide a special building fund to meet this and other problems of

### State Fair To Honor Mail Carriers

The rural letter carrier—the man who moves through ice and snow in winter and the sweltering heat of summer to deliver mail to even the most isolated sections—will be honored this year by the State Fair of Texas.

W. H. Hitzelberger, executive vice president and general manager of the State Fair, announced that Oct. 5 had been set aside on the Fair's calendar as Rural Letter Carrier's Day.

"It is a privilege to honor this group," Mr. Hitzelberger said, "for their unflinching faithful service to the citizens of Texas."

Arrangements for the day are being made with Oran T. Gray of Florence, Texas, president of the Texas Rural Letter Carrier's Association and Bun Raley of Valley Mills, Texas, editor of the organization's official organ "The Texas Carrier." A special program is to be planned.

Mr. and Mrs. B. M. Wade, who rented their farm in the Tokio section and moved to Plainview, were down last week visiting old friends. The Wades are operating a small farm near Plainview, raising alfalfa, pigs and poultry mostly.

all state supported educational institutions. Voters throughout the state will be given the opportunity to ratify the amendment at a special election August 23.

### Season of Summer Complaint Here

AUSTIN, July 25— This is the season when dysentery, diarrhea and "summer complaint" are most prevalent throughout the State, and Dr. George W. Cox, State Health Officer, has issued a warning to parents of young children regarding the prevention of these diseases.

"The chief causes of these intestinal diseases are impure milk, water and food; allowing a child to become overheated; using too much sugar and cream in the diet; and under or over-feeding," Dr. Cox said. "All foods should be fresh and clean, and left-overs should be properly refrigerated to prevent spoilage."

Dr. Cox said definitely that when a feeding formula for infants is used, it should be prescribed by a physician and then prepared with extreme care, especially in regard to cleanliness and refrigeration. Babies should be fed at regular intervals and on a definite schedule. Their stomachs and bowels can become easily upset if they are fed haphazardly whenever they happen to be fretful or restless.

The State Health Officer declared that with dysentery, as with many other diseases, the fly is an agent of transmission and every home should be well screened and free of flies.

"If diarrhea or dysentery develops, consult a physician at once," Dr. Cox advised. "This so-called 'summer complaint' can become a very serious menace to your baby's health, if not an actual threat to his life."

### NEILLS HAVE ARKANSAS RELATIVES VISITING

Mr. and Mrs. George P. Sampson, an elderly couple of Prescott, Arkansas, are here this week visiting their nephew and niece, George W. Neill and Mrs. Tannie Stewart.

It is their first trip to West Texas and they marvel at the long straight roads and wide open spaces. Mr. Sampson is his hosts only living uncle.

## SIDELIGHTS From Washington

By Cong. George Mahon

Congress is scheduled to adjourn on July 26, one week from the day this is being written. Legislative decisions are now being made rapidly. Tax reduction legislation was killed for the session when the Senate voted to sustain the President's veto on the second tax bill. Very likely in 1948 Congress will pass, and the President will approve, a more equitable tax bill than the one which Congressman Knutson has tried twice to enact into law this year.

It is now a foregone certainty that the Senate will approve the terminal leave bill for enlisted men which we passed in the House sometime ago. This will mean that ex-servicemen can convert their terminal leave bonds to cash if they desire on or after

September 2, 1947.

The Presidential Succession bill has now become the law. It provides Speaker Joe Martin, a Republican, would become President in the event of the death or resignation of Mr. Truman. I was surprised to observe on the final roll call on the bill that I was one of only 11 members of the House voting against the measure. I feel that when the people elect a President of one political party for a four-year term that such party should remain in power under our system of Government until the next Presidential Election. I agree that it would be all right for a Democratic Speaker to succeed a Democratic President or for a Republican Speaker to succeed a Republican President, but not otherwise.

The so-called Stratton bill which would admit into the United States from Europe 400,000 displaced persons has been sidetracked for the session. I have all sym-

pathy for the unfortunate peoples of foreign lands, but I have resisted action by Congress to admit these 400,000 immigrants. We have enough problems without admitting all these people, many of whom would be malcontents and trouble makers. We have fed them and protected them abroad, but we should not be required to share our homeland with them.

Final action on the Agriculture Appropriations bill will soon be taken. It now appears that substantially all AAA payments which were authorized for the 1947 crop year will be paid.

A few days ago we had our final meeting of the session of the Texas Congressional delegation. Words of admiration and praise were spoken for the late Congressman Mansfield of the Galveston District, who passed away a short time ago. Judge Mansfield was one of the most amazing men I have ever known. Although he was 86 years of age

## Members of Wellman 4-H Clubs Are Busy

Robbie Curry and Patsy Ann Moore, members of the Wellman 4-H club, have both been busy this summer, helping to care for younger children in their neighborhood. Robbie told Miss Helen Dunlap, county home demonstration agent, that one child was only two weeks old when she be-

gan waiting on it, while the other one was seventeen months old. Patsy Ann has been keeping one child four and the other one two, while their mothers works in the field. In addition, both girls have been putting into practice information they received in 4-H club work, as they helped with the sewing, cooking and cleaning. They have helped to get the meals served in these homes, and Robbie reports having made clothing for both children she has helped to keep. They are both using the money earned to buy their own school wardrobes.

## SECTION II

Read Polio Preventatives now appearing in the Herald In Interest of Public Health

Mr. and Mrs. Clarence Hinkle and Charlie Lou Gaston spent several days in Ruidoso last week.

Mr. Ned Self, Mrs. Harvey Gage and Mrs. Roy Jenkins attended the fall market in Dallas and Fort Worth.

Patsy Ann has been keeping one child four and the other one two, while their mothers works in the field.

In addition, both girls have been putting into practice information they received in 4-H club work, as they helped with the sewing, cooking and cleaning. They have helped to get the meals served in these homes, and Robbie reports having made clothing for both children she has helped to keep. They are both using the money earned to buy their own school wardrobes.

# ANNOUNCING... AS THE NEW OWNER OF DAN DAVIS COSDEN WHOLESALE & RETAIL BUSINESS

## Our Thanks--Our Appreciation Of Your Patronage!

Just last week we announced the purchase of this business. The reception of this new ownership in Brownfield was tremendous and business has been very good. We thank all of the old customers for their continued patronage of this station and appreciate too, the new customers who have been dropping in. Your continued patronage will be appreciated by our efforts to serve you the best product with the latest up-to-the minute service. Come in often, won't you?

**PRE-WAR CARS  
NEED  
THIS BETTER MOTOR OIL**

100% Pennsylvania  
Quality Made Even  
Finer!

Older cars should have the finest possible lubrication to keep them in good condition and prevent the necessity of repairs.

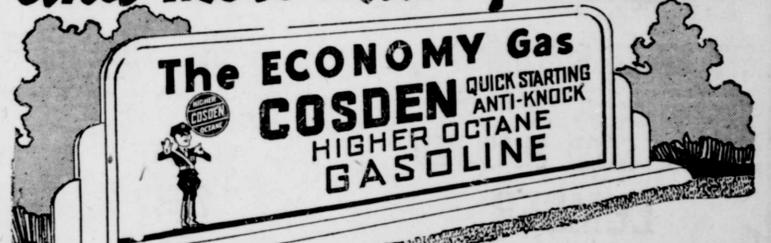

Play it safe. Fill up with today's Improved Veedol—100% Pennsylvania quality made even finer as a result of wartime research. Improved Veedol Motor Oil practically eliminates bearing corrosion, lessens sludge deposit and reduces varnish formation.

Use Improved Veedol in an old or new car—and you'll roll with a cleaner, smoother-running, better-protected engine.

### Complete Service For Your Car

### G. I. Question And Answer Department

Q Does my right to obtain a guaranteed loan continue indefinitely?

A No, but you have until 10 years after the official termination of World War II.

Q Are there any charges for guaranteeing or insuring a G I loan?

A No. Commission, brokerage and similar charges may not be legally made against the veteran for securing a guaranteed or insured loan. Of course, customary out-of-pocket fees usually borne by the borrower, such as appraisal, title examination fees and other costs and expenses incident thereto, may be charged against the veteran by the lender, the same as against all borrowers.

Q What will happen if I do not make my loan payments?

A That depends upon the terms of your loan, the attitude of the lender and the laws of the State where the veteran and security are located. If payments are not made when due, the loan is in default and the lender may take such action as is provided in the loan agreement and is permitted by the state law and by the regulations for guaranty and insurance of loans.

Q Does Veterans Administration make loans or find a lender for me?

A Veterans Administration does not make loans, nor does it find a lender for the veteran. VA is not permitted to make loans. Within the limitations established by law, it guarantees or insures the repayment of a part of the loans made by lenders to veterans. In addition, Veterans Administration pays the lender as a credit on the loan 4 per cent of the guaranteed portion of the loan. The veteran is not required to repay this amount.

Mrs. J. R. Bunts and sons, Tony and Tim have returned to their home in El Paso after six weeks visit here in the home of her parents, Mr. and Mrs. W. A. Bynum. Rev. Bunts came for a few days visit and to accompany them home.

### PLAINS NEWS

Mrs. E. S. Raymond of Roswell spent the week end with her parents Mr. and Mrs. J. H. Morris.

Mr. and Mrs. W. D. Light and family left last week for a visit with her mother in Los Angeles, Calif.

Mr. J. D. McKee of Plains and Miss Frances Gainer of Tatum were married last Wednesday in Roswell. They are honeymooning in New Mexico and Colorado and will make their home in Plains.

Earl Coke of Tech was home over the week end.

Several from Plains attended the funeral of Mrs. E. L. Davis Saturday afternoon.

Robert Cox who is home from the navy on furlough was visiting his aunt, Mrs. Jim Story Saturday.

Mrs. S. S. Jobs and Mrs. Edith Bowers are home from Tech.

Mr. and Mrs. H. B. Horn and Joe left this week for a ten days vacation.

Mr. and Mrs. Walter Anderson and family and Mr. and Mrs. L. D. Camp were in Lubbock last Wednesday.

### Young Mother Dies After Short Illness

Mrs. Ruby Faye Krebs, 30, who had resided here only a week after moving here from Odessa, died Saturday evening of an acute heart ailment at the Moore apartments on East Main street.

The body was transported overland to Vernon, by the Farley Funeral home, where services and burial was had Tuesday.

Survivors are her husband, R. D. Krebs and a ten months old daughter; her mother, Mrs. W. A. King of Odessa; two brothers, Cecil and Jack Hendrix of Vernon and four sisters.

### FIREMAN AGAIN BEAT THE FLAMES

Another quick and effective effort of the local fireboys saved the Caperton Apartments from destruction late last Saturday night. One of the apartments had caught fire in the roof, the owner believed caused by defective wiring, but resulted in only minor damage.

Mrs. Kenneth Hill and son,

### Legion-VFW to Build Farm Machine Shop

The local posts of the American Legion and the Veterans of Foreign Wars, have let contract for construction of a 24x36 steel building, on the grounds of the Legion in the southwest part of town, to be used and equipped by the GI Agricultural and Vocational classes now being taught here. Tool, equipment and machines and teachers to be furnished by the Federal government.

Rent is to be paid the donors and at expiration of the GI program the Posts intend to extend its use to Veteran farmers, as a machine shop for farm machinery. Construction was begun this week. All facilities will be available to the four classes with a present student body of eighty.

One class being taught by Jake Gerron at Meadow, another by Harmon Scales at Wellman, and two at Brownfield by the Lindsey brothers. Building to be finished and equipment installed in the next 30 days.

### New York Gov. Offers Bargain Population

Was it the governor of Montana or some other sparsely populated western state that approached Gov. Tom Dewey of New York, and prominent GOP candidate for president with a request for some of his surplus population for the wide open space states? Gov. Tom readily responded. But there was a catch.

Yep, says Gov. Dewey, I am willing to send you 500,000 people from my state, and you are more than welcome to them. But here's where the rub came—"they are all communists." The western governor replied that as bad as the west needed more people, he wouldn't have those dopes as a precious gift.

We might add right here that Terry could take on a few more people, but what we have are a mighty good sort, sound to the core, and we don't want any of New York's rotten apples mixed with our sound ones.

Wade visited her parents in Fredericksburg last week.

SAVE THIS — BRING IT WITH YOU WHEN YOU COME

Mrs. Madge Young, of Abilene is here visiting her daughters, Mrs. Norvel Hulse and Mrs. Kenneth Purtel and their families this week and next.

Mrs. Lawrence McCoy, of Aztec, N. M. underwent major surgery in the local hospital Tuesday morning. Mrs. McCoy is a sister of Mrs. Wilson Collins.

**Meadow News —**

Mr. and Mrs. Lester Lockett and family visited relatives at Wellington Texas last Sunday. Mrs. R. L. McNutt went to Lubbock for treatment last Sunday. She is feeling better. Deffie Holder is visiting her sister at Ropesville this week. The Meadow Lions had 14 members present at the regular weekly meeting last Tuesday.

There were two visitors, Afton Verner and John Shinn, jr. Afton Verner has been a student in Eastern New Mexico State College, Portales. He is visiting his parents, Mr. and Mrs. T. E. Verner. John Shinn, jr., made an interesting report on his trip to Boys State last June. He stated that it was a very interesting trip as well as educational. The boys are taught by theory and practice

how our state government is operated. T. E. Verner has started construction of a new house in Meadow. It will be occupied by Mr. and Mrs. Myers and family. Mr. Myers is the newly elected principal of the grade school. They now live at Ralls, Texas.

The Meadow Baptist church plans to have a Vacation Bible school next week. It will begin July 28 and run through August 1. There will be classes for all children from four years old up. All children in the community are invited to attend from 9:00 a. m. to 11:00 a. m. daily, Monday through Friday.

Mr. and Mrs. L. A. Leeth and family visited at Abernathy last Sunday.

Mrs. W. T. Arnett, Mrs. W. A. Hinson, Mrs. T. E. Verner and daughter Carolyn and Rev. R. L. Shannon attended the Workers Conference at the Foster Baptist church on Tuesday of this week. They also visited Mr. and Mrs. Carl Stephenson and girls at Foster Tuesday afternoon. Mr. and Mrs. Stephenson formerly lived at Meadow, before moving to the Foster Community.

Mr. and Mrs. Carl Stephenson plan to visit their daughter, Marie, at Victoria, Texas this week.

Our old friend J. D. Roberts was up this week from Wellman, shaking hands with his many friends here. The Wellman Baptist minister allowed him to ride in his car, as he was coming up for the Baptist Workers conference.

**Tech To Install Quake Recording Machine**

LUBBOCK, July 25.— A seismographic station capable of recording earthquakes and seismic disturbances all over the world is to be established at Texas Technological College, Dr. Leroy T. Patton, head of the geology department, has announced. The new station will be the only one in operation between St. Louis, Mo., and Tucson, Ariz. One of the most modern and complete seismographic stations in the country, it will be equipped with long period and short period instruments and is being designed so that instruments may be observed at any time without disturbing their operations.

The college will cooperate with the United States Coastal and Geodetic survey and will send reports of all seismic disturbances to them. The survey will send an expert to inspect and test college equipment at the time of installation.

The station is made possible by assistance of the college research committee to the geology department, Dr. Patton said. The college has been in the process of acquiring needed instruments over a period of years, and the complete set is expected here by Sept. 1.

Texas Tech is an ideal spot for recording disturbances of the earth because of its location in a so-called "seismicregion", Dr. Patton stated. Three rather intense earthquakes have been recorded in West Texas during the past 30 years, as well as many other light to moderate tremors in the area.

**There Are Many Cotton Competitors**

COLLEGE STATION July 16 —The production of synthetic fibers, as opposed to the "natural" fibers—cotton, wool, mohair, silk and flax—is showing a big increase.

Up until around 1935, according to the USDA Southern Regional Research Laboratory at New Orleans, rayon was the only manufactured fiber in commercial production in the United States. It is made of cellulose. After a couple of false starts rayon got production under way in 1911 and has increased so rapidly that today it runs second only to cotton as a textile fiber. Production is still climbing: 482 million pounds in 1940 to 875 million in 1946.

Before 1940 the consumption of synthetic fibers other than rayon was very small, and even in 1946 totaled on 4.5 million pounds; by 1946 the figure had increased to 53.3 million pounds and outranked silk and flax.

Some of the man-made fibers that are coming up fast in the synthetic field are:

Glass fiber; commercial production began in 1936 but the output was very limited during the first three or four years.

Vinyon, a fiber made of synthetic resin, first made in 1938. Production is still small.

Nylon; commercial production began in 1939, after a short period of experimental operations.

Aralac and saran, casein fibers, were introduced commercially around 1940.

And a synthetic fiber made of soybeans is coming up.

Mr. and Mrs. Earl Bradley and children, Delbert, Doyle and Readdell and Mr. and Mrs. Shirley Moore and children, Lee and J. H. spent the Fourth in Cloudcroft. From there they went to Ruidoso where they spent Saturday and Saturday night, returning home Sunday.

AS A BROWNFIELD BUSINESS

# We Swing Into Year Number Two

## With Additional Cleaning Services To Serve You Better!

The Broadway Cleaners has now completed its first full year of business in Brownfield. This means we are now at the point of celebrating our first Anniversary and the start of our second year. We "SWING INTO YEAR NUMBER TWO" with the greatest amount of thanks and appreciation to our patrons for the substantial amount of patronage we have received. With our "heads up" and our eyes turned toward the future, we bend our efforts to render a fuller cleaning service for the future. It is the purpose and practice of the Broadway Cleaners to clean clothes as they should be cleaned—that policy is our first consideration when we decide to expand our services. Sanitone cleaning is an example of this. Notice your clothes when cleaned by us and you can see the difference between Sanitone and ordinary cleaning. We hope that you will depend upon us, as you have during our first year here, for your cleaning service. Let's both look forward to year number two in clothes cleaned by the Broadway Cleaners.
