

4-H Club Camp Held Monday And Tuesday In Brownfield

Four H Club girls representing all seven clubs in the county learned the art of hand leather tooling at the first 4-H club camp held in Terry county, says Miss Helen Dunlap, County Home Demonstration Agent. The meeting was held in the Fellowship Hall of the First Methodist church August 11 and 12. Twenty-three club girls, seven mothers and sponsors took part in this activity, besides three small girls, named as visitors, who were brought by their mothers.

The girls, in preparing the leather for tooling, soaked it in water to make it pliable. With the use of special tools, they pressed hand drawn designs into small squares of leather. These were joined together by narrow strips of a lighter color of leather.

The camp was organized the first morning with Marjorie Scales of Wellman being elected general camp captain, Zona Lee Chesshir Robbie Currie and Patsy Scales, all of Wellman, were elected sectional captains to assist the general captain. Ellen Hill of Union was elected secretary to keep the records. Peggy Jones and her assistant, Beth Golden, were made camp recreational leaders.

Special activities of the camp besides the leather tooling, included a swim each day in the city pool; stunt night; and a watermelon feed. Each club presented an original stunt Monday night for the entertainment of their families and friends who came for this special occasion. Following the stunts, Miss Dunlap showed kodachrome slides she had made this year of wild flowers and of 4-H club activities of Terry county.

The mothers and club sponsors took charge of the foods work and did all the cooking.

Those present were as follows: Meadow 4-H Club—Runes Patton and Betty June Howard, 4-H members. Mrs. W. E. Patton and Mrs. J. D. Howard, mothers; Nancy Howard, visitor.

County-wide Club — Marline Starnes, club member.

Wellman—Peggy Jones, Beth Golden, Dessie Oliver, Nila Dale Rich, Barnalee Zachery, Patsy Ann Moore, Patsy Scales, Marjorie Scales, Anna Jo Dean, Robbie Currie, Catherine Thomas, Linnie D. Hawkins, Betty Zo Dean, Myretha Edwards, Zona Lee Chesshir, Club members. Mrs. Roy E. Moore and Mrs. Clyde Heafner, sponsors. Mary Alice and Yvonne Oliver were visitors.

Union—Joyce Bruce, Jean Sargent, Ellen Hill, Molly Benton, club members; Mrs. Frank Sargent and Mrs. H. H. Hill, sponsors.

The closing event was a watermelon feed in the city park, following the last swim.

'47 Cub Football Schedule Listed

Coch Harold Crites and Assistant Tobey Greer returned Sunday night from the weeks State Coaching school at El Paso.

Crites stated while the ban on spring training was still on it was freely discussed, but he can begin no official training till school opens in September. He also thinks he has a stronger team than last year.

The following schedule for the Cubs coming season was given:

Sept. 12, Phillips, there
Sept. 19, Midland, there
Sept. 26, Lamesa, here
October 3, Levelland, there
October 10, Open
October 17, Big Spring, there
October 24, Amarillo, here
October 31, Pampa, there
Nov. 7, Plainview, here
Nov. 14, Borger, here
Nov. 21, Open
Nov. 27, Lubbock, there. This will be the Thanksgiving game.

EASTERN STAR TO OBSERVE ROBERT MORRIS DAY

Members of the Eastern Star and their families are invited to attend the Robert Morris Social Tuesday evening at 7 p. m. in Coleman Park.

Bring either ice cream or cake.

Texas 4-H Members Rate High In National Winners

Texas members rate high as national winners in 4-H awards programs, according to records of the National Committee on Boys and Girls Club Work.

Since the inception of the contest no win progress, 19 rural boys and girls in the Lone Star State have won top recognition. Eighteen of the 19 received \$200 college scholarships as rewards for their outstanding 4-H records. The number of Texas scholarship winners in various contests and donors were: one in 4-H leadership—Edward Foss Wilson; one in 4-H Achievement—National Committee on Boys and Girls Club Work, (and President's Trophy); one in Girl's Record—Montgomery Ward; six in Meat Animal—Thos. E. Wilson; two in Better Methods Electric—Westinghouse Educational Foundation; three in Dairy Production—Kraft Foods Co.; two in Farm Safety—General Motors; one in Soil Conservation—Firestone; and one in Field Crops—International Harvester Co.

The other Texas member received a national award of a \$100 U. S. Savings Bond provided by Allis-Chalmers in the 4-H Garden program.

All 4-H awards programs are conducted annually under the direction of the Texas Agricultural Extension Service.

Seven Fighters To Represent District In TAAF Tourney

Seven fighters, named after a two-day tourney here, will represent District 2 in the state TAAF boxing tournament at Fort Worth August 14, 15 and 16.

The District 2 team: Duane Driver, Brownfield, flyweight; Billy Brackeen, Slaton, bantamweight; Charles Neff, Idalou, featherweight; Bill Mills, Brownfield, welterweight; James Witt, Lubbock, middleweight; Gene James, Lubbock light heavyweight and Tom Adams, Brownfield, heavyweight.

Tom Adams Injured In Motor Accident

Tom Adams, state light heavyweight champion and entrant in the State Finals for this year's heavy weight champion, met his first knockout late Sunday evening, when the motorcycle he was riding went out of control at the corner of sixth and Tate streets and temporarily ko'd him against the lumber yard building.

He sustained minor lacerations of the face. It was feared one hand was sprained, so that he may not be able to enter the finals.

More Sugar Is Going Into Whiskey Making

Lifting of the sugar rationing program has brought additional headaches to Texas police, it was revealed today.

The Dallas alcohol tax unit revealed that police of 150 counties of East and North Texas are reporting considerable more moonshine whiskey.

Agents said that most of the whiskey mash now being seized is sugar mash, while during sugar rationing mash was made from syrup and molasses entirely.

KIRSCHNERS ARE BACK FROM MARKET

Mr. and Mrs. Sam Kirschner of the Brownfield Bargain Center, left Brownfield July 20th and attended the markets at Fort Worth, Dallas, Kansas City, St. Louis and Chicago, where they bought a world of merchandise for their store.

They stated this week that the merchandise was already rolling in, and they wish their friends and customers to call and see this newest and most beautiful of wearable creations.

The Terry County Herald

Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

VOLUME 43

BROWNFIELD, TERRY COUNTY, TEXAS.

FRIDAY, AUGUST 15, 1947

NUMBER 3

To Hold Revival

REV. LUTHER PRYOR

The Nazarene church cordially invites the public to attend their revival which starts August 19th and lasts through the 31st. Rev. Luther Pryor, of Cisco, an outstanding evangelist, will conduct the services. There will be special music and singing each evening. The services start at 8 p. m.

Congressman Mahon Here Today

REP. GEORGE H. MAHON

The Herald received a short note from Congressman George Mahon, this week, written from Plainview the 9th, stating he would spend Friday the 15th in Brownfield. Those who wish to see him will find him at the court house, which will be convenient for all parties.

George stated that he was looking forward to seeing many of his friends while here. It will be remembered that he is to leave soon with other congressmen and senators on an inspection trip in Europe and should there be a called session of congress in the fall, it would be likely he will not be here again until the Christmas holidays.

City Council Orders Zoning Election

At their regular meeting last Friday evening, the City Council being put on the spot, with the current zoning problem, and four of them not being in office when the ordinance was passed, decided to put it up to the people to vote on.

They ordered an election to be held on Tuesday August 26th, at the city hall, by the regular appointed election officers and usual time of regular elections, where qualified voters may express their wishes "for" or "against" the zoning ordinance.

New Law Affects Killing Animals

B. L. Parker of Tahoka, agent for the Texas and Southwestern Cattle Raisers Association, was in Lamesa recently and announced that a new state law governing butchering of cattle will take effect here Sept. 1. The law will require that all persons engaged in butchering cattle make a regular report to the commissioners court giving the number of head of cattle which they have butchered and a complete description and history of all animals.

Parker stated that the new law is designed to aid enforcement officers in cutting down large amount of cattle thefts which are occurring in this section of the state.

READY INFANT BURIED AT ABERNATHY

Wilma Dorris Ready, one day old daughter of Mr. and Mrs. R. H. Ready, Jr., of Meadow, who died Sunday night in local hospital was buried in the Abernathy cemetery after graveside services were conducted by R. L. Shannon pastor of the Meadow Baptist church at 4 p. m. Monday.

Transportation and burial directed by the Brownfield Funeral home.

Survivors are her parents and maternal grandparents, Mr. and Mrs. M. L. Williams of Meadow and grandfather, R. H. Ready, sr. of Hale Center. This was their first child.

James Murray Johnson of Aubin, Ala., who has been here visiting his grandparents, Mr. and Mrs. S. O. Murry, and cousin, Miss Bernice Weldon, has returned to his home. He was 12 years old.

Huge Crowds Expected Here For Annual Rodeo

Check Up On School Students Advised

School days will soon be here again. Thousands of Texas boys and girls and teachers will be returning to the schools. Each child should be as free as possible of any physical defects which can be corrected. The earlier these are corrected the better chance the child has for academic progress and for good social and emotional development, says Dr. Geo. W. Cox, State Health Officer.

August is the time for a complete medical and dental check-up. Eyes, ears, nose, throat and teeth should be carefully examined by the family doctor and dentist, and all remediable defects corrected. If such defects are neglected, they may result in serious damage to growth and development.

Dental corrections often take time, but a person is repaid many times over for good dental care. Healthy teeth lend attractiveness to the personal appearance, enable thorough chewing of food, and promote general good health.

In schoolrooms, children expose each other to many communicable diseases, especially the common cold and diseases such as measles, scarlet fever, whooping cough and diphtheria. Protect the child from diphtheria and whooping cough, as well as smallpox, by safe and dependable immunization.

Parents, see that your child has complete protective treatment against preventable diseases; a clean healthy throat and mouth; the best possible vision and hearing; adequate diet, sleep and rest to build up resistance against disease. It will pay good dividends, and your child will be ready for school.

Girl Scout Leaders To Meet Monday

Miss Betty Jo Christer, of Lubbock will be here Monday to give Girl Scout leaders, assistant leaders and all interested in scouting a course of instruction at the Presbyterian church beginning at 9 A. M. Leaders from Wellman, Meadow and surrounding towns are urged to be present.

A covered dish luncheon will be served at noon.

Navy Medals Being Given In Brownfield

Verlin J. Hurst, cmm, U. S. Navy recruiter was in town Tuesday giving the American defense and World War I victory medals to ex-navy men. They are made of bronze with a figure of liberty on one side and printing signifying the medal on the other and have ribbons attached.

All ex-navy men who haven't received their medals may get them by bringing their original discharge and notice of separation (form 553) to the Post Office any Tuesday between the hours of 9:00 a. m. and 3:00 p. m.

The new rating bill is still in effect for all men interested in going back in the navy. Enlistments are being accepted for all men between the ages of 17-30 inclusive. Get all the information by contacting Mr. Hurst any Tuesday at the Brownfield Post Office.

Herbert Bell, of Marshall, is here visiting his son, Milton, and family and brother, W. A. Bell. Herbert is purchasing agent of the Texas & Pacific railroad. His business carries him pretty well all over the south.

The Johnson Implement, John Deere dealers, have been unloading a lot of new machinery and parts this week.

Course In Food Handling To Be Taught Here

A school for food handlers, will be conducted by the State Health Department and the South Plains Health Unit, in the court house here during the last week of this month. Specially trained instructors will give lessons each day beginning Monday August 25 at 2 p. m. till 4 p. m., through Friday the 29th. Films will be shown with each lesson.

Certificates will be issued to those completing the courses, and to businesses who permit 80 per cent of employees to attend. The courses will cover all phases of handling foods.

The school is not limited only to cafes, grocery and meat markets, but housewives are urged to attend. It is free to the public and is sponsored by the Junior Chamber of Commerce.

The institutions handling foods, will be requested to close their businesses during the lesson periods, so their employees may attend.

Mon Telford Grows Some Nice Plums

The writer has always been on more or less friendly terms with the "law" here in Brownfield, and while just at present, so far as we know, Mon Telford is not connected with any enforcement squads, he thought enough of us to divvy up some fine plums one day this week. Or was he just sorry for us?

Anyway, he brought in one twig less than a foot in length, that had 13 on it when we first saw it hanging over our typewriter but he stated two were missing, or was it three? The Seesyety Editor was chopping one when we got in, and the "Rover Reporter" GWN, tried to swipe one later on when we had our eyes off the fruit. Which all goes to show that people (men and women) are just like they were back in Adam and Eve's day, but now it don't have to be an apple—any fruit will do.

The plums are large, about the size of the apricot, red and luscious, and Mon stated that he had two trees from which he got some six bushels. And we can affirm that they make prime jelly. How do we know?

Well, Kate (that's Mon's wife) sent us in two jars of jelly she made from the plums, and we sampled it plus a hunk of butter, plus a hot biscuit. Not only that, but she sent us a nice box of fruit to eat.

ARMY USING GERMAN HOSPITAL FOR RESEARCH

One of Hitler's "Youth through Joy" hospitals which was probably the finest establishment of its kind in the world has been taken over as an American Army research center for the study of infectious hepatitis. It is located at Bayreuth in Bavaria.

The causative organism and method of transmission of hepatitis, or jaundice, which first attracted wide attention during the war, thus far have defied detection. It is a malady characterized by fever, nausea and abdominal disturbances, usually accompanied by the yellow color associated with jaundice.

There will be a Brownie Day Camp in Coleman Park Tuesday, August 19th from 9 a. m. to 2 p. m. All Brownies meet at the Park.

The Brownfield Rodeo Association, which has fostered many riding an dropping contests here, backed by the Junior Chamber of Commerce, are staging a full grown rodeo at their grounds one mile northwest of the city. Beginning Thursday evening, leading talent of West Texas and Eastern New Mexico will perform roping and riding feats as well as other entertainments, tonight and Saturday night and on through Sunday afternoon. Seats for spectators are being installed.

A large caravan of boosters went to Tahoka, O'Donnell, Lamesa, Seminole, Denver City and Seagraves Monday. Tuesday to Levelland, Littlefield, Morton, Plains, Tatum, Lovington and Hobbs, advertising the Rodeo. Though the announcement was off to a belated start, having decided only last week to hold it at all, the activity of the Jaycees and the Associations reputation for good shows, large crowds are expected to attend.

Troop 74 Winner In Scout Meet

Senior Scout Troop 74 of Brownfield chalked up a winning score of 51 points at the South Plains council district swimming meet held Tuesday night at the Municipal pool in Mackenzie State park, Lubbock.

Troop 45 of Brownfield tied for second place with troop 8 of Lubbock, both teams having made 49 points. Plainview's troop 50 came in for third place with 43 points.

Among the Brownfield winners was listed, Kenneth Spear, troop 74 and Gene Patterson, same troop junior side stroke.

In the junior breast stroke were Kenneth Spear and Billy Patterson, intermediate of troop 74. Joe Scott of troop 45 was among the junior free stroke winners.

In the diving division, Kenneth Spears, junior; J. R. Riley, intermediate and Gene Patterson, senior.

Second place in the medley went to the team composed of R. J. Riley, Eugene Hinkle, Joe Scott and Crawford Burrow of troop 45. Also first place in intermediate free style medley.

Events were directed by K. N. Clapp and Pat Lewis, of Lubbock.

Negro Indicted In Slaying Of Sheriff

A Crosby county grand jury returned an indictment late Friday charging George Holland, 33-year-old Ralls negro with murder with malice in the slaying of Sheriff J. J. Pierce of Crosbyton last Saturday night August 2, in Ralls.

Judge Dan Blair convened the grand jury in a recall session at 10 a. m. and after hearing a number of witnesses, the indictment was returned about 6:30 p. m. B. F. Brakebill was foreman.

District Attorney Lloyd Crosslin and Assistant E. G. Pharr, assisted the grand jury in its investigation.

Sheriff L. E. Haynes, appointed by the commissioners court Wednesday to succeed Pierce, took a copy of the indictment to Holland, who is in Lubbock county jail.

Whooping cough has been reported as severe in Dawson county, but is said to be subsiding now. Several young children are reported to have died from this disease.

Firemen were called out Wednesday morning on an alarm from a mattress works on south 8th street but reported little damage by a fire quickly extinguished.

TEXAS  PRESS ASSOCIATION

 NATIONAL PRESS ASSOCIATION

Well, here we go with our weekly gripes and chatter. Maybe no one reads this tripe, but we have fun writing it, and sometimes we succeed in getting a lead off our chest. This week's peevish was induced somewhat from reading the "round the work report" of a lot of American newspapermen's reports on what is happening or happened in the two years following VJ day. The substance of the whole report was given in the latest Sunday magazine section of the Dallas Morning News, known as Mid-Week. Of course to start with, practically all of the devastated sections of Europe and Asia, plus Japan and the Pacific Islands are more or less hungry and shelterless. But the greatest griping comes from Germany, of course. There the Hitler Youth still has nazism buried deeply in their systems, and they tell you right off the reel that they had more food, clothing and fun under Hitler than anytime in their lives. What gets us is why the American occupation forces instead of just listening and emitting a silly grin, don't herd a lot of those square heads into a park or building, if any, and have some good sound American, who speaks the language, tell those sore heads that they, by their own dastardly movement to enslave the world, have brought all this trouble on themselves. They have lost the war, their cities have been destroyed by other proud but peace loving people who refused to be enslaved, and it is now their time to tell the "master race," where to head in. On the other hand, General MacArthur seems to have done a much better job in Japan. This is partly true because MacArthur has refused to let everybody else, including the No. No. Reds to help in the occupation. We seem to have a bunch of weak sisters in European occupation forces, who hardly know what

they are over there for. So, as Christ told some of the birds of his time, "if the blind lead the blind, they both fall in the ditch."

A private flyer or is it flier to rhyme with fry sized chicken, has "writ" in to ask the Old He to "jine" up with them and learn the great art of air navigation. We have read with interest Daniel Boone's trek across the wilds in steer wagons, also the Lewis & Clark expedition, not to mention Brigham Young and his Mormons. We got some thrill out of the story of the first steam boat of Robert Fulton, and the first rail line between Baltimore and Philadelphia. We were considerably worked up with the navigation stories of Columbus, Americus Vesputi, Robin Crusoe, Magellan and various other more or less mythic sailors. But, as far as the air waves are concerned, we have never been personally interested in the matter. We don't crave, just at this time, to climb and roll with the air waves. No sale boys.

Will wonders never cease? One of the late surprises to most of us poor old country weeklies, not to mention a lot of dailies, have been hard run trying to get enough paper to supply the regular subscribers, and what voluntary new ones dropped in, and did little or no advertising for new ones. Up at Littlefield the County-Wide News has on a full-blown, pre-war subscription campaign, with many prizes offered workers, aside from a commission. What we would like to know is, where can a guy get a bit of extra newspaper occasionally?

Another gripe: "Just as the government announced a 11 million plus bale cotton crop this year in prospects, the gamblers joined forces and knocked the props from under cotton to the tune of some \$6 per bale, but it later recovered some of this loss in "futures." The hapless old farmer was encouraged, cheered and almost threatened to do his stuff and get more cotton on the road for the naked of the universe. They failed; succeeded somewhat, and now they get the ax where the chicken got it.

Now a bit of advice, not to the

lovelorn, we have a separate department for that, but to the fellow who has any occasion to deal, trade, sell or swap cars. They tell us over at the court house that when title to a car changes, that the tax-assessor and collector, who issues license plates, is supposed to be made aware of that fact within ten days. And we might add, if it will be any boost to your memory, that non-compliance carries a pretty heavy penalty, and the state government down at Austin has asked the county governments to crack down.

Editor Joiner of the Ralls Banner really went to town last week on the murder of the Crosby county sheriff. Joiner has been warning the citizens of that county for a year or more just what was going to happen some day, when juries refused to convict certain negro bootleggers the mighty and prominent citizenship bought their busthead from. It happened, so Editor Joiner could really use the old I TOLD YOU SO, in a big way.

To the smart boys and gals that one meets out on the highways who are too busy necking or too discourteous to dim their lights when they meet other cars. Come Sept. 1, and this very much appreciated courtesy by the average night driver, becomes a MUST, and with it goes a heavy penalty for non-compliance. Yep, says one of the smart ones, they can't read my license plate at night. Now don't fool yourself Bub. The highways cops may be the first you meet and refuse to dim, and they'll find a way to catch you cold. Better get the habit before a heavy fine overtakes you.

Down at Seagraves the Gaines County News is to have a new editor for a spell, as Editor Neal C. Vanzant takes off to Washington for some brushing up on his naval manners, being a reserve officer. Vanzant will again have to call the floor the deck, kitchens will become galleys, walls bulkheads, and fore and aft will mean just that as well as portside and starboard. Well, we hope our neighboring editor has a wonderful vacation.

CITATION BY PUBLICATION THE STATE OF TEXAS TO: EARL HOUTS GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 15th day of September, A. D. 1947, at or before 10 o'clock A. M., before the Honorable District Court of Terry County, at the Court House in Brownfield, Texas.

Said plaintiff's petition was filed on the 28th day of July, 1947. The file number of said suit being No. 3368.

The names of the parties in said suit are: Loetta Houts as Plaintiff, and Earl Houts as Defendant. The nature of said suit being substantially as follows, to-wit: Suit for divorce alleging as grounds thereof cruelty. That Defendant struck and inflicted severe bodily injury upon the Plaintiff and threatened her so that she is afraid of him and fears serious bodily injury. Prayer for Divorce and General and special relief.

Issued this the 28th day of July, 1947. Given under my hand and seal of said Court, at office in Brownfield, Texas, this the 28th day of July, A. D., 1947.

ELDORA A. WHITE, Clerk, District Court, Terry County, Texas.

CITY-COUNTY BUY BARRACKS FOR LABORERS

The City and County have purchased two 20x100 feet army barracks to be moved to the north part of town and fitted for migratory laborers while engaged in picking cotton and other farm work.

Miss Armita Berry of Floydada visited Patsy Hyman of Wellman last week.

PLAINS NEWS

Mr. and Mrs. C. F. McCargo visited their daughter in Odessa Saturday night and Sunday.

Mrs. W. H. Hague and Louise Odem were shopping in Lubbock Friday.

Mr. and Mrs. Lonnie Johnston and family visited her father in Brownfield Sunday.

Several from Plains attended the roping in Seagraves Sunday. Mr. and Mrs. Chalk Dumas and family of Seminole visited Mr. and Mrs. Woodie Houston Sunday.

Mr. and Mrs. J. W. O. Alldredge were visiting in Lubbock over the week end.

Employment Reaches A New High

Civilian employment mounted to a new all time record of 60,079,000 in July, the Census Bureau reported Friday.

Joblessness climbed also, reaching 2,584,000 as students sought summer work and graduates hunted their first jobs. This was 29,000 above June.

The month was the second in which the working force topped 60,000,000, the "full employment" goal as defined by former Vice President Henry A. Wallace. July employment topped June, the previous high, by 24,000 workers.

Counting those in the armed forces, the nation's July total of

A SLIGHT ERROR ON COTTON ACREAGE

In any other country except west Texas and perhaps the Mississippi delta country, a little miss like 800 acres of cotton would be a big miss. Recently this more or less honorable old herald of the truth publicly and unblushingly stated that the Purtell brothers had 1200 acres in cotton several miles east of town.

Well, R. J. and Kenneth Purtell sayeth not one word, if they even read the article, but their step pa, A. C. Holcombe called our hand after the article came out. Says he, they have 2000 acres and not just 1200 acres in cotton.

The Herald stands corrected, gladly. Glad the boys have more cotton than we reported—we just guessed; no one told us 1200 acres; and glad because we don't think we'll have to pick, pull or gather any of that vast acreage.

Mr. and Mrs. G. L. Sullivan are vacationing in Santa Fe, N. M., and Colorado Springs, Colo.

job-holders was 62,664,000.

Enlistments Being Accepted In Naval Reserve

Enlistments are now being accepted in the New Naval Reserve, recruiters from the Lubbock Sub Station announced here today. Ex-Navy men may enlist at their rating held at discharge, and all young men between the ages of 17 and 39 may enlist as Apprentice Seamen. The Reserve program is one where a man enlists and stays at home.

If a man should want to get into an organized Division he may receive pay from \$2.50 up to \$5.50 per each two (2) hour period that the men work in their rates.

Advantages in the Reserve program are: a man may enlist in his rate and possibly advance in rate if he has initiative and may build up his longevity while in the Reserve.

Any men interested in this program may get more information from the Naval Recruiting representative in the post office building between the hours of 9 a. m. and 3 p. m. Tuesday through Thursday of next week, or by writing the Naval Recruiting Office, Box 1558, Lubbock or by calling 8171.

GOOD NEIGHBOR CLUB MEETS WITH MRS. WARREN

The Good Neighbor Club met with Mrs. Dalton Warren July 7. The afternoon was spent quilting a wedding ring quilt for the hostess.

Sandwiches and punch were served to Mrs. Ford Fowler, Mrs. L. V. Wagner, Mrs. Henry MacMillian, Ruth Holleman, Mary Belle Warren, Mrs. Jack Wagner, Mrs. Marvin Warren, a visitor, the hostess and 13 children.

The next meeting will be with Mrs. Houston Stephens August 21.

Mistake In Furr Ad Last Week

During this era of high priced meats, especially bacon, the Herald regrets that it failed to make the proper correction in the Furr Food ad last week, and left the bacon 6c per pound higher than was intended.

The error was marked, with the correction, and one of the printers honestly made a stab at trying to correct the error, but he got it 65c per pound, when it should have been 59c.

We hope the error did not inconvenience the Furr force too much, and we'll promise to watch corrections a bit better from now on.

Mr. and Mrs. T. C. Williams and Tommy will return the latter part of the week from a two weeks vacation trip. Tommy remained in Cisco with his paternal grandparents while his parents vacationed in Colo.

Daniel Rules Kindergartens Are Not Required to Be Licensed

Private kindergartens established for the purpose of pre-school education of young children who attend but a few hours daily are not required to be licensed, an attorney general's ruling held.

The opinion distinguished them from institutions for "care and custody of children under 15 years of age," but said the purpose and functions of each institution must be considered individually to determine the need of licensing, regardless of the general description as "kindergartens."

Mr. and Mrs. Marvin Burke and sons, David and Jimmy of Porterville, California left Saturday to return to their home after a week visit here with his parents, Mr. and Mrs. J. B. Burke. The family formerly lived in the Gomez community and this is Marvin's first visit to Terry county in thirteen years. He and his wife and sons and his brother's wife, Mrs. W. B. Burke, of Sundown visited the Carlsbad Caverns during their visit.

We Get Off Down In The Scrubby Oaks

Being as how Mrs. Hartwell Davis and daughter, Mary Ann from Redlands' Calif., had never been to Brownwood, and had not seen our daughter and son-in-law for some time, they with the Old He and wife took off down that way last Friday after the weekly and been bedded down and post-officed. There are some excellent feed crops between here and there especially on the Plains and in the Snyder-Roscoe area, but many other places maize has burned up, or has been harvested.

Those who got the crop in the ground early seemed to have fared well on the feed crop, but late stuff looks simply awful. But, a good rain might still bring it out of the kinks. Cotton, too, needs rain, but we fear that a lot of shedding will take place when the showers do come along, unless we have a fairly long period of cool, cloudy weather following.

The kids looked pretty well, although Sallie T. has had to have some check up with the doctor, and Herman has had a few bad sessions with his dentist. They look OK, except a little wilted from hot weather. And it is hot down there? They, together with his mother, Mrs. Graves started right in to show us a fine time. So,

after the Friday night meal, we went out to Mrs. Graves' lake-side residence, which is several degrees cooler than in town.

Not a fish was caught, although the ladies stayed with the job for hours. However some of their relatives went out with trot line Saturday night and caught a fine lot of channel cat fish. But there was boating and Miss Mary Ann showed to be quite an expert at surf boat riding. Personally we did not try that stunt as we feared we would lose our hat and cane. What with several good feeds, we had a great time. The new stray dog has been christened, Rover. And Buddy is pretty jealous of him, so Rover has to make himself scarce when Buddy is around.

Stopped over in Abilene on the return jaunt for a couple of hours chat with Mrs. Irene Duke and charming daughter, Miss Beverly Ann. While they now live in south Abilene, Irene has purchased a nice brick residence near ACC campus, and will keep roomers. She is already full up, she stated. No more Washington, D. C. for Irene or Bev, as they got plenty of that hot and cold and indifferent, crowded national capital in the some three years they lived there.

Stopped off in Snyder for supper, as the sun went down behind the baldies just as we drove

FAREWELL PARTY GIVEN CHRISTINE CHANDLER

Mrs. Jack Browder, her daughter, Phola Jean and Mrs. Glendon Stockton were hostesses Thursday evening of last week in the home of Mrs. Browder with a farewell party for Miss Christine Chandler, Miss Chandler, who has been bookkeeper for Collins for the past four and one-half years, is leaving today to make her home in Quitaque, where she will assist her father in operating his business.

Employees of the store presented the honoree with a travelling bag as a farewell gesture.

Homemade ice cream and cake were served to Mmes. Frances Hailey, Frances Gage, Fay Jenkins, Margaret Wood, the honoree and dhostesses.

Ninety-five pounds of ground wheat or 99 pounds of un-ground wheat is equal to about 100 pounds pounds of no. 2 shelled corn in a hog ration. Wheat is lacking in Vitamins A and D, however, which can be made up with alfalfa meal or hay, or green grazing.

in the city, and on via Post and Tahoka arriving home about 10:30 p. m., tired and sleepy, with the coolest breeze to fan us off into slumberland.

THOMAS BRUCE ZORNS OBSERVES BIRTHDAY

Thomas Bruce Zorns celebrated his fifth birthday Thursday evening of last week with a party given by his mother, Mrs. Bruce Zorns. The guests came at six o'clock and were served bread and

butter sandwiches, angel food jello cake with whipped cream and punch. After supper games were enjoyed.

Guests were Shelia Kaye Primm, Barbara Kirschner, Sally Jones, Stephen Lynn Brownfield, Kenny Kendrick, Mary Bell, Darrel Scott Moorhead, Bill McGowan, Jan Neely, Terre Sue Redford, Bobby Whitney, Vicki Norris, Sharon Kay Snedeker, Ann and Don Copeland, Valdean Garner, Linda and Jeanette Heflin, Rudy and Don Simmonds, Mike Smith and Diana Graham.

Telephone companies the country over share many problems—one of them is the record number of daily long distance calls now being made. Along with this is the fact that most companies are operating with limited long distance facilities. This naturally slows long distance service sometimes, especially during peak hours. So, if you have a short wait occasionally, it simply means that lines are busy here, or along the route to the city you are calling.

Southwestern Associated Telephone Co.

PUBLIC ALSO INVITED FREE!

The general public is invited to attend and it is hoped that as many housewives, teachers and homemakers as possible will attend. The school will show the art of handling food correctly and in a manner that will promote the ultimate in healthy safe food wherever it may be served or purchased. Films and slides will be shown at each session and interesting and instructive lectures by food experts that are banned together to make this school an outstanding success. Please come and take advantage of this wonderful opportunity.

DAILY PROGRAM OF SCHOOL:

DATE August 25 through 29, 1947

TIME: 2:00 P. M. to 4:00 P. M.

PLACE: District Courtroom, Courthouse

Lesson 1: Bacteriology and the food establishment

Lesson 2: Food contamination and preservation

Lesson 3: Sanitization of dishes and utensils

Lesson 4: Three enemies of the food establishment

Lesson 5: Personal hygiene and sanitation

FILMS AND SLIDES WILL BE SHOWN WITH EACH LESSON

Those who successfully complete the course will be awarded a certificate in sanitary food handling.

ATTEND THE FREE

FOOD HANDLERS' SCHOOL

District Court Room - Brownfield

AUG. 25 through 29

2:00 p. m. to 4:00 p. m.

The general public is invited to this school—but in particular all food handlers in hotels, restaurants, grocery stores, drug stores, luncheon counters, and— wherever food is handled, are asked to attend every session of this FOOD HANDLER'S SCHOOL conducted by your own Texas State Department of Health—the South Plains Health Unit and sponsored by the Brownfield Junior Chamber of Commerce. This is a very important school. It means better health through better and safer handling of food because the educational advantages of knowing how. We urge all employers and their employees who are in the business of handling food to be present at every session and to cooperate with this health effort in every way possible.

King—Ware Vows Read in Plainview

Miss Maxine King, daughter of Mr. and Mrs. L. H. King of Brownfield became the bride of Bill Ware, son of Mr. and Mrs. C. C. Ware of Dallas in a double ring ceremony read by Rev. J. B. Harlan at 4 o'clock Sunday afternoon, August 3, at the First Baptist church of Plainview.

The altar was banked with palms, and baskets of flowers against a background of white tapers burning in graduated candelabra. Wedding music was offered by Mrs. C. A. Wimberly, pianist who accompanied Mrs. Oran Smith as she sang "Ah, Sweet Mystery of Life" and "I Love You Truly." The traditional wedding marches were used. Given in marriage by Rev. Ste-

vens, the bride wore a two-piece dress with white accessories. For something old, she chose a string of pearls, her first gift from the bridegroom, and for something borrowed she carried a white Bible belonging to Miss Lillian Doughty. Her bouquet was rose buds.

The maid of honor, Miss Wanda Haney of Borger, wore a blue dress with a corsage of white car-

nations. Leo Jordan was best man and Doyle Wheeler and Sid Davis were ushers and lighted the candles.

At the reception which followed in the home of Mr. and Mrs. H. W. Fite, Jr., of 102 S. E. 6th street, the bride's table was laid with a white linen cloth and decorated with a tiered wedding cake topped with the traditional miniature bride and groom. Summer flowers and white tapers in crystal candelabra surrounded the cake. Mrs. Hardy Stevens presided at the punch bowl, Miss Earlene Pundt cut the cake and Mrs. J. B. Harlan assisted with hospitalities.

The bride is a graduate of

Brownfield high school and Wayland College where she was a member of IRC, Curtain Club, Gamma Delta, YWA and Volunteer Mission Band. The bridegroom is a graduate of Dallas Tech high school and a student at Wayland. He served in the army five years, with most of the time begin in the Pacific theatre. In Wayland he is a member of Ministerial Alliance, VMB, Curtain Club, IRC and Choral Club.

Mr. and Mrs. Vaughn White have as their houseguest Mrs. White's mother, Mrs. Alexander of Dickens. She will accompany the Whites on their vacation trip to Los Angeles, Calif.

MRS. KENNETH LEE JONES

Weast-Jones Nuptials Read in Home Ceremony

In a pretty home ceremony Monday morning, July 21, Opal Dene Weast of Canyon, daughter of Mr. and Mrs. W. N. Weast, of Silverton became the bride of Kenneth Lee Jones of Slaton, son of Mrs. O. L. Jones of Brownfield.

Rev. Frye read the double ring service in the home of the bride's parents. Vows were exchanged in front of a picture window, flanked by candelabra bearing lighted white tapers, fern and arrangements of carnations. Bouquets of pale rose and white gladioli completed the decorative appointments.

Introducing the ceremony, Miss Thelma Mercer sang "O Promise Me" and "Ah, Sweet Mystery of Life." Schubert's "Ave Maria" was a violin solo by Miss Carlyn Wimberly, accompanied by Miss June Wimberly, both of Canyon. The traditional wedding marches were played for the processional and recessional, and "I Love You Truly" while the vows were read. Miss Ruby Gene Weast attended her twin sister as maid-of-honor, wearing a light blue organdy gown and corsage of light rose gladioli.

Oscar L. Jones of Brownfield was his brother's best man and Don Weast, brother of the bride, lighted the tapers.

Given in marriage by her father, the bride was attired in a gown of white organza and lace, designed

with cap sleeves, fitted bodice and full skirt extending into a train. She wore matching lace gloves and carried a white Bible topped with a white orchid and showered with white satin ribbons. For something old, she wore a friendship bracelet belonging to her mother, and for something borrowed she carried a white linen handkerchief belonging to Miss Mary Jo Watkins of Wichita Falls.

Mrs. Weast, mother of the bride, wore an aqua crepe dress, and Mrs. Jones, mother of the bridegroom, wore a beige crepe dress. Both had corsages of white carnations.

Following the ceremony, the bridal party was honored at a reception. Miss Watkins presided at the punch bowl and Miss Edwina Tooley served the cake. The attractive serving table was decorated with fern and centered with the tiered wedding cake. Mrs. Dock Wallace, sister of the bride, registered the guests. The couple is at home in Slaton after a wedding trip to Denver, Colo.

Mrs. Jones was graduated from West Texas State College, Canyon, where she was a member of Gamma Phi Sorority and Alpha Psi Omega national speech fraternity. She has been employed at the Southwestern Public Service Company in Amarillo.

Since his discharge from the Navy, Mr. Jones has been attending West Texas State College. He is employed at Plains Lumber Co., Slaton.

Hardin-Whitley Vows Read Friday

Miss Lois Hardin, daughter of Mrs. Tom Wilson, of Union and Mr. Lawrence Whitley exchanged vows Friday at 8 p. m. in the home of Rev. and Mrs. Sam Brian. Mr. Whitley is the son of Mr. and Mrs. R. A. Whitley, of Gomez.

Rev. Brian read the double ring service. Attendants for the couple were Miss Dixie McKinney, as maid of honor, and Carrol Anderson, of Lubbock, as best man.

The bride wore a grey beige dress with brown accessories. Her flowers were white carnations.

After a wedding trip to Ruidoso the couple will be at home here.

Mrs. Whitley is a 1946 graduate of the Union high school and is employed as bookkeeper at Latham's. Mr. Whitley is owner of Sonny's Feed Store.

MR. BANDY TO CELEBRATE BIRTHDAY SUNDAY

Mr. W. R. Bandy is celebrating his birthday Sunday with open house at his cabin at Possum Kingdom Dam.

He extends an invitation to all his Brownfield friends to come down and help him celebrate the occasion.

RECENT BRIDE SHOWER

HONOREE THURSDAY

Mrs. Fayne Clark, of Lubbock, who before her marriage July 19 was Miss Estella Swain, was named honoree at a bridal shower in the home of Mrs. Everett Latham Thursday afternoon of last week. Co-hostesses with Mrs. Latham were Mmes. Odell Sears, A. W. Turner, K. Sears, Harold Stice, Helen Norris, Misses La Verne Watson and Ruth Hogue.

In the receiving line with Mrs. Sears, Mrs. Latham and Mrs. Clark was the honoree's sister, Mrs. Sam Brian. Miss Gladys Swain, also a sister, was at the bride's book.

A yellow and green color scheme was carried out in the reception rooms and on the refreshment table which was laid with a white maderia cloth and centered with yellow gladioli and tapers. Lime punch and cookies were served by Mrs. Stice and Miss Watson assisted by Mmes. Turner and Norris.

Mrs. K. Sears and Ruth Hogue displayed the gifts.

The Burton Hackneys and their children spent last week in Ruidoso.

Mr. and Mrs. Glen Akers and daughter, Toni left Saturday for a vacation in Colo.

Behind the Scenes in American Business

By Reynolds Knight

Our big export boom becomes more talked about every day. Now the experts are even trying to figure out which American industries will lose most when the boom ends. For instance, some 29 per cent of the flour produced in the U. S. is now being shipped abroad. Some 17 per cent of the nation's total electrical equipment production is going abroad. But how long can these foreign nations continue to buy? The National City Bank comes up with the simple arithmetic. Foreign countries, says the bank, have some 15 billion dollars in gold, and some five billion dollars in addition. This is more than those countries had in 1940, when no one was concerned about the "dollar crisis." Moreover, various agencies such as the International Bank and Fund continue to supply foreign nations with more dollars with which to buy our goods. So the bank thinks foreign resources can hold out a little longer. But it would help, says the bank, if Europe could get to work and produce some goods for itself and for sale to us.

BETTER MILLS—The nation's textile industry is striving to increase its operating efficiency and to improve the quality of its products. New, speedier machines in spinning and weaving rooms are replacing old equipment, some of which was continued in service long past its ordinary retirement age because of the war.

Temperature and humidity control always has been important in the manufacture of textiles. Now it is even more essential because of modern super-speed machinery. Recently-developed automatic controls make it possible to hold humidity with in a fraction of a per cent of a fixed point.

Some mills have found that close control of humidity and temperature had enabled them to increase plant efficiency more than four per cent, reducing the amount of breakage during spinning and weaving operations and improving the quality of finished materials.

THINGS TO COME—Made to order just for the 25 per cent of the population who use twin beds, a new electrically heated automatic blanket has just been introduced by General Electric—combination grill and waffle iron with its temperature controlled by a thermostat—Newest thing in fluorescent lamps is one that gives off a shadowless light—A new vacuum cleaner which traps dirt and dust with water can be used to scrub the kitchen floor, its makers claim—A farmer aviation company is now making a lightweight bicycle of magnesium said to weigh only 12 pounds complete—A new faucet with one handle to control the water flow and another to control the water temperature so that your visitors will not scald their hands—You can now dry your hair with either hot or cold air, thanks to a new electric dryer which will operate on any household electric circuit—Still another waterless hand cleaner which is supposed to have great consideration for tender skin—An aluminum window screen that closes automatically when it begins to rain. The new product is controlled by a piece of material that becomes soft when soaked by rain and closes the screen—Electronics are now being called upon to protect workers in mines. The device is supposed to detect the presence of deadly gases and give warning.

Mrs. E. D. Yeatts and her sister, Mrs. Vela Inman, of Dallas are visiting Mrs. Yeatt's son and family, Mr. and Mrs. A. M. Yeatts in Los Angeles, Calif. They will return the latter part of this month.

A Great Oil Company introduces a Great NEW Oil!

Phillips Research brings you the finest motor oil for your car ever to bear Phillips 66 trade-mark!

When a great oil company brings out a completely new, different motor oil—that's news!

And when that oil company is willing to stake its reputation—to come right out and say, "This is the finest motor oil for your car ever to bear the Phillips 66 trade-mark"—

That's food for thought for every man who owns a car!

This new Phillips 66 Premium Motor Oil is the result of extensive research, conducted over a number of years by Phillips research scientists. It is of the modern detergent (self-cleaning), oxidation-resistant type. Lessons learned in developing heavy duty lubricants for Army tanks and trucks, the experiences of others who have developed detergent-type oils, and demands of engine manufacturers for their higher-speed, higher-pressure engines, have all been taken into consideration.

The base stocks from the Oklahoma fields, which oil men now recognize as among the finest in the world, are another contributing feature of this great new oil.

This new Phillips 66 Premium Motor Oil is now on sale at all Phillips 66 Dealers. We urge you to provide your car with our finer, newer automotive lubricant.

Tom Connally Makes Press Statement

Senator and Mrs. Tom Connally sailed from New York on Saturday August 2, for Rio de Janeiro, Brazil. Senator Connally is a delegate to the Inter-American Conference for the Maintenance of Continental Peace and Security, which meets in Rio on August 15th.

President Truman is expected to attend later meetings of the Conference. Secretary of State Marshall will also attend.

"The meetings of the Inter-American Conference for the Maintenance of Continental Peace and Security," said Senator Connally, "will implement and complete the Agreements made at Chapultepec in 1945, at which Senator Austin and myself were the United States Representatives.

"The objective of the Chapul-

tepec Declaration is to provide for the maintenance of continental peace and security of the United States and the twenty other American Republics of the Western Hemisphere. It aims at the Solidarity of the Western Hemisphere. In order to maintain continental peace, it is proposed that an attack upon any one of the American Republics shall be regarded by all of the other nations as an attack upon its own integrity and security. This applies both to attacks from without the hemisphere and within the hemisphere.

"A further purpose of the conference is to protect democratic institutions and free government in this hemisphere and to prevent interference, infiltration or aggression by any nation of Europe or any other foreign power. The United States lifted high the torch of liberty in this hemisphere. With the revolutions of the Latin-American countries from Spain, governments were set up

NUMBER 3

in this continent based upon a republican form of government and largely modeled upon the United States pattern. It is of vital interest not only to the people of this hemisphere but to the people of the world that democratic institutions and free government shall survive here, and shall grow and develop in order to attain the finest and best for all the peoples of the world. Communism cannot survive in such an atmosphere. Totalitarianism is not nourished by democratic processes and constitutional government.

These foul principles will not be tolerated here. It is our hope by a United Western Hemisphere to smother them and extirpate them where ever they show their ugly heads.

"Of course, peace within the hemisphere is one of the cardinal objectives. And then freedom from outside interference or encroachment is also of the highest importance.

Secretary of State Hull rendered distinguished service in both of these fields. We hope and expect to carry forward these principles

GOMEZ NEWS

Mrs. Kenneth Furr and Keith of Lovington, N. M. visited Thursday with Mrs. Lee Howell.

Mr. and Mrs. Wayne Rutherford and children of Earth, spent Sunday visiting with his sister, Mrs. W. G. Swain and family.

Texas Retail Trade Hits Peak

All business indicators prepared by The University of Texas Bureau of Business Research point to a future downward trend in the volume of goods sold through retail stores.

Retail trade in Texas seems to have reached its post-war peak and the leveling-off or "firming up" of trade seems to be taking place now.

Sales sagged 11 per cent from May to June, but after adjustment for the expected seasonal drop, the decline in sales was 6 per cent for the month. Independent retail stores reported that sales were 10 per cent above June 1946 levels. However, the steady rise in prices during the last 12 months cancels out this gain in dollar sales since the actual physical volume of goods crossing the counters is down.

Estimated retail sales slid to \$357,800,000 in June. After adjustment for seasonal variation, only jewelry store and apparel store sales increased over May.

The buyer is now at the wheel, steering a course based on selectivity in buying. He is shopping around for bargains and where he feels that he is not getting true value in return for his money, he is simply putting off purchases until some future date. Large cities suffered more than small one in the slackening sales pace, as cities with population over 100,000 saw a 14 per cent sales decline and towns under 2,500 felt sales dip only 4 per cent.

Country and general stores conformed to statewide trends as sales slid 10 per cent during the month. The June-to-June comparison, however, reveals a 6 per cent hike in sales.

Local Boy Selling Bibles In W. Va.

A. Y. Douglas, out on route 4, this county, was in last week and showed us a clipping from the Welch Daily News of Welch, W. Va. which contained a story about a group of boys from the plains of west Texas and eastern New Mexico, who were there selling Bibles to the mountain people. And the paper reported the boys going places at this business.

Among the group of college boys from Tech, and two of the denominational school of Abilene, was his son, Ray Douglas, who is attending Hardin-Simmons U., as a pre-med student, as he aims to finally qualify as a medical-missionary.

This newspaper and private reports say the boys are selling up to \$1500 worth of Bibles weekly. But, says the News, "these boys have quite a time fathoming the accent of the McDowell county mountain people, and getting used to the ever turning and twisting roads back there." McDowell county, like our own Van Zandt county in east Texas, is referred to as the "Free State."

The only difference is that that was a northern sympathizing "Free State," while old Van Zandt was one of the last of Confederate strongholds to accept Lee's surrender, and it too, got the "Free State" moniker.

Mr. and Mrs. R. L. Bowers spent the week end in Stephenville visiting friends and attending a reunion of the Huckaby Academy Alumni at Huckaby, Texas, where Mr. Bowers was a student. The academy was disbanded several years ago but they report a large crowd and very good program.

Poultry & Egg Shipments And Receipts

Rail shipments of poultry and eggs from Texas stations were steady in June, according to The University of Texas Bureau of Business Research.

Shipments fell below June 1946 levels, ruling out the seasonal factor as the cause for the decrease. Shipments of chickens rose 28 per cent from May to June to register the only gain. Turkey shipments slid 82 per cent below May figures and egg shipments sagged 27 per cent.

Compared to June 1946, shipments of chickens slumped 70 per cent, turkey shipments slid downward 77 per cent, and egg shipments fell 41 per cent.

Interstate receipts of eggs by rail at Texas stations advanced 9 per cent during the month but failed by 75 per cent to come up to June receipts last year.

Mrs. Joe Price and daughters, of Lovington were in town Monday and Tuesday.

Infant Twins Die Soon After Birth

Ray Lee and Fay Marie, boy and girl twins of Mr. and Mrs. Claude Buchanan of this city died late last Saturday evening a few hours after birth in the local hospital.

Graveside service were read by W. H. Dallas, a member of the Presbyterian church in the absence of the Pastor, Rev. Preston Murphy, at 5 o'clock Monday. Burial was directed by the Brownfield Funeral home in the Brownfield cemetery.

They were survived by the parents and paternal grand parents, Mr. and Mrs. C. P. Buchanan of Tokio and maternal grand parents, Mr. and Mrs. Jay Barret of this city.

Claude, the father was in the wheat harvest in Kansas and could not be reached in time for the funeral. The mother is convalescing in the hospital.

Mr. and Mrs. E. J. Nichols of Dickens were week end guests of Mr. and Mrs. Brent Nichols of Rt. 1.

Give The Grass A Chance on Ranches

Old time ranchmen of Archer County are saying that native West Texas range grasses do al- most unbelievable things" in grazing when given a chance.

The ranchmen are giving their grasses that chance by clearing mesquite growth off the range, and giving forage grasses room to

grow, reports C. W. Wilhoit, Archer County agricultural agent.

Wilhoit says that Wayne B. Ray, stockman in the county, has a certain tract of land that would carry 40 head of cows 10 to 20 years ago, if the cattle were given extra feed three months out of the year. Seven years ago the mesquite was grubbed off the pasture, and for the past three years 100 to 120 stocker cattle have

been sold off the same land.

Ray tells the county agent that this increase has come about without the extra feed bill and that his cows have been in even better flesh than when they were getting extra feed on the mesquite pasture.

Mr. and Mrs. Jack Patterson of Lubbock were guests of the Jack Browders Sunday.

401 W. Broadway Brownfield Phone 100

Soil Conservation District News

A. V. Britton, Route 4, Brownfield, who farms north of Gomez, requested the District to prepare a complete conservation plan for his farm to start late this year. When the plan is completed it will consider good land use and the utilizing of a combination of conservation practices needed for his particular farm, such as contours, deep flat breaking, seeding of Balboa Rye for land cover and pasture, a diversion near the farmstead to divert water from accumulating around house and barn and the overseeding of sand lovegrass for a small permanent pasture.

Henry G. Williams, who lives five miles north of Plains in Yoakum county, had the farm planner of the CYT district to visit his farm and work out a cover crop of 160 acres of Balboa Rye and 100 acres of Sand lovegrass, the mowing of shinnery oak in spring of 1948 on 35 acres, and some diversion ditches around farmstead to keep the water from accumulating. These combinations of conservation practices as planned will better use the farm land to an advantage.

Henry H. Williamson, Ranch Planner, SCS with headquarters in Muleshoe, Texas, paid a two-day visit to Yoakum county this past week to assist with the planning of several ranches in that county. Mr. Williamson worked these two days with Rusty McGinty on 27 sections of ranch land by securing the preliminary data for this ranch, and later the planner will spend several days making a detailed survey of each section. The ranch planner also secured necessary information on planning a conservation program for John Fitzgerald's ranch.

Ranch planning service is available to any rancher in the CYT District who requests such help.

A. J. Malouf, Lubbock, Texas, who owns three farms in Terry County, was in Brownfield, Texas on his way to Seagraves to make plans to deep break several hundred acres of farm land for an owner there. Mr. Malouf stated he had bought a large caterpillar tractor and a 10-foot disc plow, and expects to deep break his own farm after crop harvest this fall to a depth of approximately 21 inches or better.

B. Y. Howze, who started his sprinkler irrigation system July 31st, has already drilled a nice

acreage of fall alfalfa and expects to add another acreage to grass mixtures and alfalfa for a permanent improved pasture.

A. E. Baldwin, a new District cooperator, started mowing August 8th on a 50-acre tract of old shinnery oak pasture. This treatment will help the native grass to increase in density. Mr. Baldwin lives in the Foster Community.

A. T. Pickett, a new District cooperator, has been plowing and levelling down a 24-acre plot northeast of the high school football field this past week preparatory to seeding in a three grass mixture and alfalfa. The district engineering crew laid an irrigation ditch system and borders in order to water the land so grass seed and alfalfa could be drilled in before September 1st.

Irrigated pastures for livestock are on the increase through the District. Several farmers are re-vamping old native pastures, others have seed ready to plant a large acreage of sand lovegrass in order to take out of cultivation marginal land. There are large number of farmers who have plans completed to seed in a large acreage of Balboa Rye for fall and winter pasture, and with this rye keep sand from blowing. These are indications of progressive, alert farmers in the CYT District who are planning for the future if and when high prices for grain and cotton ever drop down.

Farm land that has a tendency to blow every spring, if covered with good grass pasture or planted to protective cover crops, pays the owner in many ways and also helps him to keep on good terms with his neighbor, too.

Why not organize a community farm group and try to devise methods to prevent wind erosion?

A large number of Yoakum county farmers and ranchers have

worked through their County Agent and Triple A office to secure a good quality of sand lovegrass. This same group has requested technical assistance from the district conservationist in planning of sowing in this species of grass for permanent pastures, together with any other needed conservation practices on their respective farms. The above is just one example of what farmers can do by group action.

Don't burn wheat stubble. It affords excellent protective ground cover against blow sand.

The U. S. Department of Agriculture has just released Farmers Bulletin No. 1982 entitled, "When Drought Returns to the Great Plains." A free copy may be had for the asking at the District Soil Conservation office, basement of Post Office building. This bulletin points out some very definite signs that another drought or dust bowl could soon return to the Plains. It further states that now is the time to plan against such severe weather conditions by putting on a good protective land cover of grass, and it suggests other worthwhile measures to adopt now.

Kenneth Purtell is developing a fine irrigation system on his farm and getting much needed water to some growing crops. His irrigation well was drilled and made ready for this dry season early in the spring of this year.

A. C. Beard, pioneer settler here, but now of Stillwater, Okla., is here visiting his daughter, Mrs. Sam Tankersley and son, Ernest and families. A. C. paid the Herald a short call. We are always glad to see him, as he is a first cousin to a man who married one of our cousins and the two, A. C. and Will Haley would pass for twins instead of cousins.

Mrs. C. E. Long and daughter of Pampa are here visiting her parents, Mr. and Mrs. C. C. Jameson of Route 2.

Veterans' News

Army Engineers have been given the "green light" on construction of new Veterans Administration hospitals at Shreveport, La., and Big Spring, Texas, VA announced this week.

Meanwhile, by order of General Omar Bradley, VA's new hospital construction program was being considerably revised because of the mounting costs of building.

In order to build the hospitals with money originally appropriated by Congress, it will be necessary to eliminate all features not essential to good medical treatment for veterans, Bradley said.

It is expected that major modifications in plans for hospitals at Bonham and Dallas, Texas, New Orleans, La., and Mound Bayou and Tupelo, Miss., will be made.

Plans for hospitals at Houston and El Paso, Texas will not be affected by the order.

Desirable but unessential features such as theatres, office space and doctors and nurses quarters are being eliminated from plans to cut the cost of the new hospital construction program.

The Low Down From Hickory Grove

I been researching again, and you know, odd or funny as it sounds the whole country is in agreement on one thing. Can't believe it, says Henry, what is it? It is, I says, that something is cuckoo with everything. Where we disagree is on how to fix it. There are as many remedies for our dilemma or whatever it is that each guy calls our ailment, as there are syrups and pills for your gout or pains in your midriff. And in the latter case, all the average duck needs versus expensive elixir is to budget downward his allowance for pie and cream puffs and caviar, and fire-water concoctions.

And to make my conclusions and report short, it is the same with our nationwide economic stomach ache, nausea, and pains here and there from head to foot. There in old Bazooville-by-the-river, the buildings still bulge and creak with Doctors of Economics, and this and that. And for years now we been using their tonics and keeping the Docs on the payroll—as our pains spread and get bigger and nastier.

What is your final deduction, chimed in Henry. Glad you queried me, I says. It is this, have a national "Ice on your brow" week—cool off our beffy. And when your Senator drifts in for the summer, tell him you are tired and sick of the old pills and can't you go back to plain living, frill-less—or must you get yourself a new Senator.

Yours with the low down,
JO SERRA.

Logan Redford spent the first of the week in Austin on a business trip.

G. I. Question And Answer Department

Q. I am a World War II veteran and work part time. I intend to apply for readjustment allowance and would like to know how the amount I receive is computed.

A. As a partially employed veteran you can receive the maximum number of allowances to which the length of your service in the armed forces entitles you, but each weekly allowance would be reduced by the wages you receive so that readjustment allow-

ance and wages combined will not exceed \$23 a week. Each weekly allowance thus received, regardless of the amount of payment, would reduce by one the number of remaining payments available.

Q. I was released from the army with a bad conduct discharge and would like to know if I am entitled to any of the benefits under the G I Bill?

A. You should contact your nearest Veterans Administration office for a decision as to whether you were discharged under conditions other than dishonorable since that is the determining factor for entitlement to benefits.

Q. Will the amount of compensation I receive for a service incurred disability be reduced in event I find employment?

A. No. Earnings from such work do not affect the amount of compensation received.

Q. Is there any limit to the

amount I can borrow under the G I Bill?

A. You can borrow any amount that the lender is willing to lend you, but VA will guarantee only 50 per cent of the amount up to \$4,000 on a real estate loan and up to \$2,000 on a business loan.

Mr. and Mrs. Ross Black and children left Thursday on their vacation trip. They plan to go to Colorado Springs and Yellowstone National Park and return by Elephant Butte Dam for a few days fishing.

Mr. and Mrs. D. H. Butler, of Blackwell, Okla., are here visiting in the home of their son and his family, Mr. and Mrs. John Butler. The two families enjoyed a picnic in Mackenzie Park Sunday afternoon.

3 HARVEST SEASONS every year
Spring—Summer—Fall

with the **ALL-CROP HARVESTER**
"SUCCESSOR TO THE BINDER"

Risking your whole year's work and investment in a single crop is no longer necessary.

The All-Crop Harvester handles a wide variety of crops that mature at intervals from spring till snow flies. You have money coming in during three seasons instead of one.

Early clovers and grasses open the harvest season in late spring and early summer... followed by summer-ripening grains... then fall seed crops, sorghums and soybeans.

This one home-owned machine harvests them all.

The All-Crop Harvester's wide, rubber-faced bar cylinder with its finger-tip speed control gives you a choice of over 100 crops. Crops that not only diversify your income but improve the fertility and productivity of your entire farm.

Many legume and grass seeds qualify for the 1947 conservation payments of \$5.50 per acre. Market prices per bushel are also excellent for most seeds.

New Advantages
for
FASTER FARMING

We are proud to announce our appointment, effective July 1, 1947, as authorized dealer for the new Ford Tractor and Dearborn Implements.

The new Ford Tractor combines twenty-two important improvements with the former advantages of Ford-built tractors. Come in and get all the interesting details. Also, for parts and service on any Ford-built tractor, be sure to call on us.

Designed by expert implement engineers and tested by practical farmers, Dearborn Implements are especially made to work with the Ford Tractor—either the new or the former model. And implements used with the former model will operate equally well with the new Ford Tractor. Let us tell you about them.

Crop and Livestock Round Up

Increased planting of hybrid corn in Cotton States is helping to improve the relatively low corn yields per acre. The need for higher yields is indicated by the fact that the cost of producing a bushel of corn in Southwestern States averages about 60 cents per bushel higher than in the Corn Belt states, although the Corn Belt has higher costs per acre.

Early lambs were one of the best paying farm enterprises in Arkansas this year, and M. W. Muldrow, Extension Animal Husbandman, advises the planting of small grain in August or September to provide grazing for 1948 lambs.

Plowing under cotton stalks as soon as possible after picking is two-way insurance for next year's crop. It improves soil condition and fertility, and reduces insects.

Wider use of fertilizers in liquid form seems likely from recent developments. Some advantages of liquid fertilizers include: More uniform applications, quicker results, less danger of burning and the use of highly concentrated fertilizers at any desired rates.

Supplemental feeding of cottonseed meal, to offset reduced grazing from pastures during August and September is usually profitable to dairymen and other livestock producers.

Dehydrated sweet potato meal compared favorably with corn meal in dairy rations in Georgia tests, and the butter from cows fed sweet potato meal had a richer color and was higher in vitamin A content.

Louisiana Experiment Station studies show that the increase in the calf crop, alone, will usually pay the cost of improving pastures, to say nothing of weight gains or milk increases.

742 Million Chickens On U. S. Farms

There are now over 742,047,000 chickens on farms in the United States, according to a report released by the U. S. Department of Agriculture's Bureau of Agricultural Economics.

The estimate, based on reports from rural mail carriers, crop and stock reporters and hatcheries, shows chicken population to be about the same as a year ago, but three per cent less than the 1938-45 average.

Texas is listed as having 42,459,000 chickens, more than any other state except Iowa, with 54,169,000.

Dairy cows do best when given a six weeks to two months rest between lactation periods.

New State Laws Go Into Effect

A good many laws passed by the legislature which closed in May and due to become effective during the late summer and fall, are beginning to be talked about now. One of the most jubilant departments of the state is the Public Safety division, which was treated generously by the legislature, both in money with which to operate and in changes in laws to make enforcement of safety on the highways an easier task.

Reason for the good treatment the highway patrol got at the hands of the legislature is the fact that it is really an efficient organization. So says Judge I. B. Holt, representative of the 120th district, who was in Floydada recently. The department rates high all over Texas and the people demanded of the legislature that they have what they asked for. Representative Holt said. One of the little but important laws pass-

Lubbock Vet New Legion Commander

Texas Legionnaires concluded their five-day convention last Wednesday in Fort Worth by electing George Berry of Lubbock as department commander. He succeeded Bertram Giesecke of Austin.

Other officers named were George L. Verity of Wichita Falls, judge advocate; W. F. Spiegel, Port Arthur, treasurer; Miss Carrie Wilcox, Houston, historian; Sam Holt, Rockwall, sergeant-at-arms; and Rev. Allen Harvey Brooks, Borger, chaplain.

ed in this connection is the "courtesy" dimming of lights. Beginning in September it will be a "must" not a "courtesy." Most all of us believe in it as properly a "must."—Floydada Hesperian.

THE IOOF LADIES ENTERTAIN SEVERAL VISITORS

The Rebekah lodge of the IOOF association of several surrounding towns, entertained a large gathering, at the local hall, Tuesday night.

Refreshments were served.

Wainwright To Join Alamo Farm in Sept.

The Alamo Stock Farm of San Antonio, home of one of the Southwest's prominent aggregations of Hazlett Herefords, will not send a show string on the circuit this fall and winter but

likely will be in the competition in 1948, according to V. W. Brinkerhoff, who manages the A. S. Bird-owned farm and herd.

Gen. Jonathan M. Wainwright who retires as Fourth Army commander at San Antonio Aug. 31, will become associated with Brinkerhoff in active management of

the herd after the retirement date. Brinkerhoff announced that A. S. Wamboldt, former herdsman at the Alamo place, has taken up duties as herdsman at the ranch of F. J. Schirmer, at Atascosa, near San Antonio. Wamboldt earlier was a with the well-known A Bar A Ranch in Wyoming.

Harvesting cotton in a *once-over operation* is the short cut to bigger profits. Get this advantage by stripping and delivering cotton, two rows at a time, with a labor-saving John Deere No. 15 Cotton Harvester.

Designed to work with the John Deere "A" and "B" Tractors, the No. 15 is a simple, sturdy, long-lived machine that does a fast, efficient job of saving bolls after the cotton plants have been killed by frost. Many gin operators state that cotton stripped by the John Deere is cleaner than that pulled by the average hand puller.

This year, to make short work of your cotton harvest—use a John Deere Cotton Harvester. See us for complete information the next time you're in town.

JOHNSON IMPLEMENT CO.

Union News

Supt. Dee Hancock made a business trip to Dallas last Tuesday. He states that "we hope to have the lunch room ready to open by the time school starts, which will be Sept. 1."

The revival for the local church began Friday night. Rev. Draper is doing some fine preaching. Rev.

Sam Brian of Brownfield preached a good sermon to an attentive audience Saturday night.

Mr. and Mrs. Farmer and family are new residents of our community. They are living in the gin house. Mr. Farmer is the manager for the gin.

Mr. and Mrs. R. H. Decker had as visitors Sunday, Mr. and Mrs. C. H. Decker and family of Seagraves.

Mr. and Mrs. Milton Boone visited his mother and her parents all of Hale Center Sunday.

Mr. and Mrs. Garland Singletary and children, Bobby and Shirley Ann, of Duncan, Okla., visited a few days in the home

of Mr. and Mrs. Miller Singletary. They are spending a few days visiting in New Mexico and will visit again in his uncle's home on their return trip.

Mr. and Mrs. H. E. Redus of Hamlin, Texas and Billy and Melba Jo Arnold of Brownfield spent the day in the home of Mr. and Mrs. M. Singletary Thursday.

The H D Club met in the home of Mrs. Dee Hancock Thursday. The hostess served ice-cold melon to those present. The next meeting will be the first Thursday in September, which will be the 4th. They meet at this time with Ethel Montgomery, the living room demonstrator.

Misses Doris and Joyce Lewis honored Mr. and Mrs. Bert Hungerford with a shower Tuesday night of last week. Mrs. Darrel Lewis was in charge of the games. Approximately fifty guests were present and several sent gifts. Mrs. Hungerford is the former Martha Riley who attended Union high school the past school term.

A good crowd attended the sing-song at Union Sunday afternoon. They voted to meet next third Sunday at the Four Square church in Brownfield.

Mr. and Mrs. Willie Jones and children are visiting at points in Oklahoma this week. Mr. Jones stated that they might even stay a month if it didn't rain while they were gone. (Incidentally, we hope they have to rush home because of a good rain soon.)

Guests in the Lanious home Sunday were: her brother and family of Lockney, her brother and wife of Hermleigh, her sister of Snyder and her mother of Lamesa. Vida Mae returned to Snyder and will spend the week at Snyder and Hermleigh.

Misses Bettye Jo, Earlene and Nell Cornett visited their cousins at Meadow last week.

Mr. and Mrs. Henry Cullifer were called to be at the bedside of her mother, Mrs. Anderson of Tahoka, who is seriously ill.

HARMONY H D CLUB MEETS WITH MRS. KISSINGER

Mrs. Kissinger was hostess to the Harmony Home Demonstration club Thursday afternoon of last week. Members answered roll call with interesting ways to spend a vacation.

Mrs. Bell gave a talk on ironing aids and closet hangers.

Ice cream and cake were served to ten members and one visitor, Mrs. Williams. Mrs. Grace, daughter of the hostess, assisted with serving.

The next meeting will be the afternoon of August 21 in the home of Mrs. R. E. Townzen. Bring your work with you.

Mr. and Mrs. C. V. Springer, jr., of Hale Center announce the birth of a daughter, August 2. The baby weighed 5 pounds and 11 ounces and is named Ann Helena. The maternal grandmother is Mrs. Minnie Decker.

Digging Deep

THE 80th congress may have set a record for investigations of various kinds, for during this past session more than 120 resolutions were brought up in both houses calling for probes ranging from the system of operating cafeterias in government buildings to the security of atom bomb secrets.

Already congressional investigating committees have spent thousands of dollars in these probes. For instance, the special committee investigating national defense has spent \$74,495; the senate sub-committee on privileges and elections has spent \$53,000, and the senate special committee to study problems of small business has spent \$29,416. Probably \$50,000 has been spent by other lesser sub-committees.

Many of these probes are expected to continue during the congressional recess.

For instance, a senate committee to make a survey of the hoof and mouth disease is authorized to spend \$50,000; a banking and currency committee has \$50,000 for a recess investigation of reconstruction finance corporation; the senate civil service committee has \$35,000 for a probe of postmaster appointments; the foreign relations committees of both house and senate have been authorized to investigate the state department foreign information and

cultural relations program at a cost of \$100,000; the house interstate and foreign commerce committee has \$25,000 to study transportation; the house public lands committee has \$25,000 for a general investigation of public land usage, and a joint committee was voted \$100,000 to inquire into high prices.

A senate sub-committee investigating military occupation currency policies was voted \$60,000; the veterans affairs committee has \$25,000 to probe Veterans' administration; a special committee on newsprint was voted \$25,000, and the un-American activities committee was voted \$100,000 in extra funds.

Sen. Arthur Capper of Kansas is the oldest member of the senate. He recently celebrated his 82nd birthday anniversary. The senator, a slight, stooped figure of a man, sits in the senate chamber, hand cupped to his ear in an effort to miss nothing going on. Friends say he misses nothing he wants to hear. Despite his age, the Kansas is a dapper dresser and seldom fails to attend the periodic national press club dances where he is a long-time member. He is a lifetime teetotaler and celebrated his birthday with a grape juice party in his office.

Canceled Cuts

WHILE controversy goes on over the actual cut from the President's 37½ billion dollar budget estimate, one thing is certain... the Republican leadership failed to reach anywhere near either the senate figure of 4½ billion dollars or the house economy goal of six billion dollars.

Splitting the claims of the Republican leadership and the contrary claims of the Democratic leadership it would appear that actual cuts will run not more than three billion dollars.

And congress has authorized new and added expenses which will more than offset the three billion dollar cut. For instance, cashing of terminal leave pay bonds will eat up approximately two billion dollars. In addition there is 750 million dollars for foreign relief; increase of Spanish-American and Civil war veterans' pensions of 28 million dollars; the new national science foundation at 20 million dollars; increase in veterans' subsistence of 10 million dollars, and many other items.

So while the first aim of congress has been to slash appropriations and reduce governmental costs it is likely that new cost commitments will run the final figure to approximately the President's 27½ billion dollar budget estimate.

Who Loses?

Many small items slip through the huge appropriation bills in congress. Here is one—"For compensation, mileage and expense allowances due and unpaid to members of the house of representatives, 79th and prior congresses, \$83,879.22." That camouflaged item was to reimburse house members for money they lost in a bank managed by the house sergeant-at-arms. The bank failed; the manager was jailed. Now this shortage of \$83,000 will be made good by the taxpayer.

Johnson News

Mr. and Mrs. Leo Graves and children returned home Sunday from a two months visit in Oak Ridge, Tenn.

Mrs. Lloyd Wilson is home from the Levelland hospital where she underwent major surgery.

Visitors in the Foster Winn home Sunday were Betty Boone, Mrs. C. A. and Patty.

Mr. and Mrs. R. D. Jones visited B. M. Tuttle and Mrs. Willie Winn Sunday afternoon.

The J. J. and R. D. Jones attended the Jones reunion at Ceta Glen canyon August 2nd and 3rd. Twenty six relatives were present.

The Methodist revival is in progress. Everyone is invited.

The J. A. McCrows attended the McCrow reunion at Fort Worth August 2. Fifty-three relatives were present.

Miss Mary May and F. J. Beck were guests of the O. A. Pippins

STATE PINCHING DOWN ON AUTOMOBILE TRANSFER

Tax Collector Herbert Chesshir has been advised by the State Highway department of new amendments to motor vehicle registration laws, providing for fines and penalties on those failing to file with the Collector bills of sale and Certificate of title, on transfers of ownership of cars, especially used cars, within ten days from date of sale. It has been noticed by the State Department, that many transfers of used cars, are made in blank, kept open to the 2nd and 3rd purchasers, thus avoiding the State sales tax on same. This is now direct violation of law, and penalty automatically fixed. All transactions of sale of used cars should be made with the Tax collector within ten days after the sale.

The Tax Collector will have a full supply of all forms, for such in the next few days. 4c

NOTICE OF SPECIAL ELECTION

Notice is hereby given that a special election will be held in the City Hall of the City of Brownfield, Texas, on Tuesday the 26th day of August, A. D. 1947, at which time the following proposition shall be submitted to the qualified voters of the said City of Brownfield, Texas, to-wit:

"SHALL THE CITY COUNCIL OF THE CITY OF BROWNFIELD, TEXAS REPEAL THE PRESENT ZONING ORDINANCE."

All legally qualified voters residing within the city limits of the City of Brownfield, Texas, shall be entitled to vote at said election.

J. D. Miller is hereby appointed presiding officer, L. C. Heath presiding judge, Darrel P. Moorhead and J. W. Fitzgerald are hereby appointed clerks of said election.

The polls shall be open from 8:00 o'clock A. M. until 6:00 o'clock P. M. on said date.

The above notice is given in compliance with a resolution passed by the City Council of the City of Brownfield, Texas, at a regular meeting held on the 8th day of August, A. D. 1947.

Dated this 9th day of August, A. D. 1947.

FRANK JORDAN, Mayor of City of Brownfield, Texas.

Attest: THOMAS D. ZORNS, City Secretary. 4c

Apple growing has become an intensive and specialized industry, and one third of the U. S. crop each year is canned, frozen, dried, made into apple butter and other products.

Sunday.

Mrs. Claude Merritt's father, Fred Pair of Bledsoe had his appendix removed Sunday at the Creadaway-Daniell hospital.

Meadow News

Mr. and Mrs. Volney Hill have moved to Meadow. Mr. Hill is the newly elected high school principal. Mr. and Mrs. Hill have four children. Mr. Hill has been working for an oil company at Sunday.

Mr. and Mrs. Lester Lockett and children have been visiting at Wellington, Texas.

Mr. and Mrs. R. K. McCoy of

Colorado City, visited Mr. and Mrs. E. L. McCoy over the week end.

Mrs. Pearl Arnett of Lubbock visited her sister, Mrs. W. T. Arnett on Monday of this week.

The revival at the Baptist church closed last Sunday night. There were 10 conversions and eight were baptized Sunday night.

Rev. R. Y. Bradford of Colorado City was the evangelist and Rev. W. I. Taylor was the song leader.

er. The gym floor at the high school is being sanded and will be re-finished.

Mr. H. B. Settle has been ill in a hospital at Plainview. He is reported to be getting along very well.

Miss Frances Hedgpech of Whitewright, Texas has been visiting friends at Meadow for a few days. She formerly taught school at Meadow.

Norris Norman has been called to duty in the Army Air Corps. Mr. Norman holds a commission in the Reserve Air Corps. He will be stationed at Fort Worth.

Mr. and Mrs. Roland Evans and son, David, left Monday for a trip to the mountains in New Mexico. They also plan to visit the Carlsbad Caverns, while on their trip.

Mrs. J. L. Johnson and Mrs. F. H. Sharp of Vernon and Mrs.

Edd Stanley of Memphis, Texas visited Mr. and Mrs. R. L. McNutt last week. Mrs. Johnson has been employed to teach Home Economics in the Meadow high school. She formerly taught here. Mrs. Horace Castleberry visited Mrs. R. L. McNutt Tuesday afternoon of this week.

Mr. and Mrs. A. E. Cary and family left Friday to make their home in Lubbock.

YOU CAN LOOK PLEASANT BETTER AND EASIER ON A FULL STOMACH

That pleasant after dinner look which comes from good cooking and the highest quality food is the time to smile for a perfect picture. The whole family can look its best when Dad and Mom say — "get it at the Chisholm Grocery."
