

City's Much Needed Storage Warehouse Being Finished

For many years the crying need of Brownfield has been a warehouse where merchants could store surplus goods. Heretofore, Lubbock has been the nearest place, and if a local merchant wished some special size of say, an ice box, elect refrigerator, or even a casket, a truck had to be sent to Lubbock for it.

But Grady Goodpasture has answered the "maiden's prayer" for just such a building right here in Brownfield, and when this building is completed, the merchant's extra stock is just a few minutes from him. This huge building is 50x320 feet, and lays right along a Santa Fe switch, so unloading is easy, as there is a number of side doors so that freight cars can be spotted along the building.

Absolutely Fire Proof
There is not a piece of inflammable material used in the construction of this building. The floors are concrete and steel, and the walls and roof, rafters, etc., are either steel or sheet steel. These are all put together either with screws, bolts or rivets. Not only that, but the building is rat proof. No openings are left for

them to get in. Of course it is possible for some of the stock stored there to catch fire, but the building will not.

With the building incomplete, still lacking some roofing and the end walls, much stuff is already being stored there by local business men. But the building is being enclosed just as fast as workmen can do the job, and they are not fooling around. Of course Goodpasture is storing a great lot of his own stuff in the building, such as seed rye and other grains which will be planted for winter pasture as soon as there is a season.

In the meantime, there are always watchmen around who are alerted to any break ins. But Grady stated that he never lost a half dozen bales of hay since he has been in business here. Some few have taken some hay or grain when no one was around, but would come in later and pay for what they get.

As soon as building operations are cleared from around the building, the driveways will be paved, making it easy for the merchants trucks or pickups to get what merchandise is needed.

Choosing Of Harvest Queen Candidates In Full Swing

On the surface they are not saying much, but from the underground comes a persistent insistence that there is something doing every minute. Merchants are fast lining up on their candidates for Queen of the Harvest. Anyone making the rounds of the merchants become aware of this.

And especially is this true of the representatives of the paper, as they get around. The business firms have no secrets as we know of about the matter. They are just not ready to announce at the present who their candidate will be. But we did find that some of them are young ladies who are working for firms will be the candidate of that firm.

As we understand the matter, this is by no means a beauty contest, or is not aimed as such. On the other hand, no firm will want just the run of the mine as their entrant. There is a whole raft of beauties in the city, many of them just "working gals." So no firm or profession will have much trouble in locating their entrant right in their store or office.

So far as we know, Mr. P. R. Cates has not disclosed to any one the number of entrants that have called at his office to register, but there will perhaps be many, and likely next week he will be ready to give us a list.

In the meantime, the jackpot of clothing, money, etc., to see that the Harvest Queen dresses and lives in regal splendor while enroute to and during her stay in Hollywood, with a suite at the Town House in Los Angeles, is rapidly accumulating.

Some girl is going to have the time of her life and at the same time give Brownfield and the Rotary Club some advertising that would be impossible to buy with the cash, because she will be entertained by some of the nation's outstanding movie folks, and will be honored as guest on national hookup broadcasts.

The Herald hopes to have more data next week and perhaps will be in position to announce some of the entrants in the contest for Queen of the Harvest.

Watch for the news about this matter from week to week until that great day, November 7th, rolls around.

The City's electric motor used in pumping water from the well on south 5th street was badly damaged last Friday, when because of a short circuit burned out. It was shut down for several days. However the city's water supply was not diminished.

Sadler Shows Play To Good Crowds

That very popular West Texas showman, Harley Sadler and a representative from the Sweetwater district, played to good crowds at the stand on the Lubbock highway the first three nights of this week, Monday through Wednesday nights, under auspices of the American Legion.

This is one show that makes west Texas that needs no formal introduction, as it has been on the road since many of us were much younger. Thousands just call him Harley, and you would be surprised at the number of people that he calls by their first names.

When ready to leave a stand Mr. Sadler always calls in person to pay his bills, whether they are with newspapers or others. This has always been part of his business, not that he can't trust any of his employees, but he just wants to see personally if everything is satisfactory, and at the same time extend the glad hand.

This is something that he never neglects, and he does it because he likes to do so, and not because he is both a showman and in politics a bit. And one never has to guess just where Harley Sadler stands on any issue.

He has been a great help in building up the wide open spaces of west Texas. And he has set the right kind of example: He spends every extra dollar he has to spare in west Texas property.

The Browns Buy Thompson Cafe

A deal was consummated early this week in which Mr. and Mrs. Bob Brown, well known local cafe people became the purchasers of the Thompson Cafe on the Seagraves-Lubbock Highway. The Browns are already in charge of this popular eating place.

There is no use for us to go into details about the Browns knowing their business, as this has been their business for years and they have always built up a wonderful trade wherever they have conducted a cafe.

Local Man Rams Car Into Sign Post

C. G. Jamieson of Rt. 2, while coming in on the Lubbock road near the Texaco station, Monday, in order to miss another car driven by a local lady, chose to head into a large sign post nearby.

No one was injured but considerable damage was done to the front of his light car.

The Terry County Herald

Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

VOLUME 43

BROWNFIELD, TERRY COUNTY, TEXAS,

FRIDAY, SEPTEMBER 12, 1947

NUMBER 7

Brownfield School Tax Raised Ten Cents On \$100 Valuation

'Bad' Day For Road Hogs - Garrison

The new Texas traffic law in effect as of Sept. 5 will make things rough for those people who think they are the only ones on the road.

The person who drives up in the middle of the road, or wanders from one side to the other, will be liable to arrest. So will be the person who passes one vehicle when another is coming to meet him.

A driver must stay on the right except when driving on a one-way thoroughfare, or when the right side of the road is blocked.

The middle lane of a three-lane highway is to be used only for passing and for making turns, and then only when nobody is using it from the other direction.

One vehicle may not pass another when they are at, or approaching an intersection or railroad crossing, when approaching a bridge, viaduct or tunnel; or when in a designated No Passing Zone, marked by a broken stripe or any other means.

The question of right-of-way is clearly defined in the new law. The vehicle that gets into an intersection first has the right-of-way. If two vehicles get there at the same time, the one on the right has the right-of-way. In other words, if the other car is on your right you must let it go ahead. If the other car is on your left, it should let you go ahead.

When you are making a left turn at an intersection, you must not cut in front of other vehicles so as to create a hazard. But you may turn ahead of opposing traffic after you have signalled for your turn and let the cars by that are in, or right at, the intersection.

Observance of rural stop signs—whether on highways or county roads—has never been enforced, because the old law did not actually make it a violation to run a rural stop sign. But it's a different story under the new law. Those stop signs now mean STOP. Furthermore, after stopping, you must be careful not to start up again in such a way as to interfere with other traffic, thereby creating a hazard.

Hay-wagon turns are outlawed. To make a left turn, you must start the turn from the position nearest the center of the street or road. A right turn must be made only from the lane nearest the right side of the street or road. Turns should be short, not on a wide angle such as one must make when he's driving a hay-wagon with a double span of horses.

Freeman's Celebrate 64th Wedding Anniversary

Mr. and Mrs. A. A. Freeman, celebrated their 64th wedding anniversary, at their home here August 31st, with their 14th annual reunion since their Golden Wedding. Only one of their eight children was unable to attend.

Thirty-eight grand children and 19 great grandchildren were present. Those present included Mrs. Charley Freeman and son Wesley, Mrs. Champ Freeman and son J. A., and Mr. and Mrs. Ralph Murphy and son of Brownfield. The Freeman's, retired stock farmers, came here from Fluvanna several years ago.

Mr. and Mrs. Tommy Hicks announce the birth of a daughter, Sept. 9th in the local hospital. The infant weighed 6 pounds and 2 ounces at birth and is named Linda Bess.

Cubs Invade Phillips In Opening Game

The Brownfield high Cubs leave today for their first game of the season with the Phillips Blackhawks on the Blackhawk's field. Coach Crites said he was unable to give a starting line-up and would be unable to do so until after the boys have a game or two under their belts.

The Coach has already shifted positions with some of the old men and will probably make other changes from time to time. There are approximately 25 boys suited out now and showing up very good in practice.

The Cubs have a good line and with some recent changes has strengthened the backfield considerably. One new backfield man shows exceptional drive.

The Cubs and a large number of supporters will leave this morning for Phillips.

Meeting For Parents Interested In Girl Scout Work Monday

There will be a meeting for all mothers and fathers of girls interested in Girl Scout Week, Monday night at 8:00 p. m. in the Presbyterian church. This meeting will be sponsored by the Brownfield Girl Scout Association which is starting a new year of work. Girl Scout activities in Brownfield and Terry County have increased and a report of this will be given.

The meeting will present Miss Melvina Jarrett, director of Girl Scout activities for this area. On Tuesday morning all Brownie and intermediate leaders and assistants will meet at the Presbyterian church.

It is urged that all mothers and fathers or any other person interested in Girl Scout work be present at the Monday night meeting and those wishing to take part in Girl Scout activities will be given a chance to do so.

.36 Inch Rain Falls Monday Night

Monday night about seven, the Weatherman took pity on the people of this area, opened the windows in the clouds, and for about three hours the gentle rain came down. There was some electrical display.

When the gauge was examined Tuesday, a sum total of .36 had fallen. Still looks favorable for more as this is being written, Wednesday morning.

Building Permits Increase This Week

Several permits were issued the past week for dwelling in town.

One to George Nicholson for a \$4,000 residence in Crescent Hill addition; to E. B. McBurnett for \$8,000 duplex on west Cardwell; Coy Maroney for \$2,500 dwelling on north 3rd; E. B. McBurnett for a \$6,000 residence in Chisholm Addition and D. A. Curtis, a \$2,000 dwelling in Crescent Hill.

Several permits issued for remodeling and additions to houses. W. T. Pickett has one nearing completion on South 3rd. Construction has begun on three more in the east part of town.

New Assistant Added To Health Unit

Harry Schaefer of Austin, with the State Department of Public Health with his wife and two children have moved here to work with the five county health unit headquarters here in Brownfield. This unit is composed of Hockley, Terry, Young, Gaines and Dawson counties. Dr. Frank P. Miller is director.

City Officers Request Motorist Cooperation

The city police force are requesting cooperation of motorists and the public in protecting school children through the heavy traffic near the school grounds. Motor traffic on First Street, known as the highway which several hundred children cross twice daily is very heavy. Patrolmen will be stationed at intersections leading to the school grounds on the highway and at Jessie G. Randal school.

Parents and teachers are requested to remind the children to follow instructions of the patrols and or the danger at such crossings. Motorists are warned that while the officials will be instructive at first, later violators of traffic rules will be promptly and severely dealt with.

Plans For Sewer To Be Ready Soon

Mayor Frank Jordan stated this week that he had just received a dispatch from the firm of Joe Ward & Co., of Wichita Falls, who are the approved engineers on the new construction of sewer extensions and the new disposal plant additions. Mr. Ward stated that the plans were nearing completion.

Just as soon as they are completed, they will be submitted to the State Health Department for approval, and as soon thereafter as possible, bids will be submitted to contractors to put in the additional disposal plant, and extend sewer connections to the newer part of the city.

Mayor Jordan was real anxious to get this before the public, as some might think nothing was being done to hurry up this needed work. Rest assured that everything is being done to hurry this work.

However, we should remember this is an undertaking involving thousands of dollars of the taxpayers money, and all of us want the work done in order and in compliance with all health codes.

Verlin J. Hurst, CMM Now In Court House

Verlin J. Hurst, cmm USN, navy recruiter, who has been in the Post Office on Tuesdays, will be in the court house on the second floor next door to the county service office on Tuesdays. He will still give medals to all ex-navy men who haven't received theirs if they will bring their original discharge and notice of separation (form 553).

Mr. Hurst is also taking enlistments from those between the ages of 17 to 30 that think they can meet the requirements. Men 18 and over do not need parents consent to join. Ex-navy men should come down and investigate the new rating bill if they are interested in rejoining.

Farmers Hold Meeting On Cotton Picking

A large group of local farmers met at the Court house last Saturday evening to discuss prices to be paid for pulling bolls this season.

While no price was set or agreed on a large majority of them thought \$1.50 per hundred for pulling with 25c added for hauling to gin, would be a fair price.

Methodists To Hold Revival Meeting

Beginning September 18 and continuing through September 28 Rev. J. O. Haymes of Lubbock will conduct a revival at the First Methodist church. Rev. Will M. Culwell will lead the singing and direct work with the children and young people.

Services will be conducted daily at 10:00 a. m. and 8:00 p. m. Children's service daily after school, ages through 12 years. Youth services daily at 7:15 p. m. Singing, a special feature. Announcements concerning sunrise breakfast and children's picnic will be made from the pulpit during the meeting.

Rev. J. O. Haymes, D.D., is a popular gospel preacher who has given most of his ministry on the South Plains. He is at present the Lubbock District Superintendent of the Methodist Church work.

Rev. Will M. Culwell is a singer that likes to sing and wants everybody to sing and like it. You will enjoy being in every song service. Mr. Culwell grew up in the same town with Harley Sadler and has given his life to the ministry of music and Gospel preaching. He is a resident of Abilene, Texas.

A cordial welcome is extended to everyone.

Cotton And Maize Rolling In

Farmers have hardly a breathing spell after harvesting their bumper wheat crop till cotton and grain sorghums are ready for gathering. Only a few hours after Herman Wheatley of Gomez brought in the seasons first bale one day last week, Tom Smith ginned the second bale at Roy Phillips gin. Some half dozen others have been ginned his week and over a dozen at Meadow.

The first bale auctioned off at public sale, last Saturday brought 61c per pound. Gordon Newsom, ginmer was the purchaser.

While the past two months drought and extreme hot weather has retarded the growth of both grain and cotton, local dealers report quite a number of truck loads of this seasons maize trickling in this week.

New Hardware Store Opening This Week

The Lindsey Hardware, composed of the firm of W. W. and Rogers Lindsey, who have been citizens of this city for the past six months, are opening their store at 312 West Main, this week. They ask you to call and see their line.

Mr. Rogers Lindsey stated to the Herald that they will have a full line of hardware, including General Electric Hotpoint and other electrical supplies, Red Jacket pumps, etc. Welcome to our fast growing city.

Juana Jay Barret will spend the winter with her grandmother, Mrs. Jay Barret and go to school at Jessie G. Randal.

Arthur and Mrs. A. P. Buchanan spent the day Sunday visiting relatives in San Angelo.

Check The Expiration Date On This Paper! Nearly Up? Renew!

Elmer Brownlee, secretary of the school board, announced this week that at a recent meeting of the budgeting committee of the Brownfield School Board, they found it necessary to raise the valuations from \$1.00 to \$1.10 on the \$100 valuation. It has been at the lower rate for several years.

A few months ago the voters went on record allowing the board to raise the valuations to as much as \$1.50, or so much up to the amount that the trustees deemed necessary to carry on a first class school, and pay teachers the salaries the last legislature recommended.

The Herald believes the board are all of the best intentions. They are all taxpayers themselves, and while they want to make it as easy as possible on others, they know the people are demanding a first class school, and are trying to provide just that.

Many schools in the area have already had to go the limit, \$1.50 on the \$100 valuation.

Lubbock Fair Booster Bus Here Sept. 16

A preview of the giant balloon parade which will open the 30th Annual Panhandle South Plains Fair in Lubbock, Sept. 29, will be a feature of this year's good will tours of the South Plains by a large group of Lubbock businessmen. The delegation, traveling by chartered bus, will reach Brownfield at 3:55 P. M. o'clock, Sept. 16. They will present a program down town, giving the high lights of the 1947 "Show Window of the South Plains."

The boosters will have Fair souvenirs for distribution, in addition to much printed information.

Their stay, a yearly pre-Fair event, also includes a brief period for visiting and renewing old acquaintances on the downtown streets.

With the big Buck Steiner rodeo, the Bill Humes Shows and midget auto racing lined up for entertainment at the Fair, and with good agriculture and livestock exhibits assured, Fair officials expect record-breaking crowds to jam the 300 acre grounds.

Four trips in all will be made by the boosters. First trip is Sept. 16. Other trips are Sept. 18, 23, and 25. Next week's jaunts will stop at Slaton, Southland, Post, Tahoka, Lamesa, O'Donnell Seminole, Seagraves, Brownfield, Meadow, Ropesville, Shallowater, Anton, Littlefield, Amherst, Sudan, Farwell, Texico, Clovis and Portales.

New Hardware Store Opening This Week

The Lindsey Hardware, composed of the firm of W. W. and Rogers Lindsey, who have been citizens of this city for the past six months, are opening their store at 312 West Main, this week. They ask you to call and see their line.

Mr. Rogers Lindsey stated to the Herald that they will have a full line of hardware, including General Electric Hotpoint and other electrical supplies, Red Jacket pumps, etc. Welcome to our fast growing city.

Juana Jay Barret will spend the winter with her grandmother, Mrs. Jay Barret and go to school at Jessie G. Randal.

Arthur and Mrs. A. P. Buchanan spent the day Sunday visiting relatives in San Angelo.

TEXAS PRESS ASSOCIATION

SMALL BUSINESS PRESS ASSOCIATION

Yep, we are all opposed to bureaucracy and cuss it with all our might, and deplore the fact that it has run our taxes to the highest point in the nation's existence. But when we need some more street paving or an air port, we send our mayors and a committee posthaste off to Washington for more mazzooka. Excuse: "Well, the other towns and communities are getting their share; why not we?" And thus is formed a never ending chain.

A Communist paper over in Trieste, Italy, recently printed a rather lengthy dispatch, supposedly sent from New York, in which a prominent movie actor was supposed to have been machine gunned on the streets of New York because he was a Communist. The whole thing was a fabricated lie, and none of the streets mentioned or the people taking part was anything but pure fiction. Instead of being a communist, the actor mentioned is a Republican. Another communist paper in Brazil recently published another story that Gary Cooper made a long speech to 9,000 Philadelphia communists. Interviewed by newspaper reporters, Cooper stated he was not there, was on the west coast that day, and besides to use a bit of his own language, "I hate the @!#!@! too bad to make a speech that they'd want to hear." What can you do to get along with such people? You can't believe a word they say. They have no conscientious scruples about telling a barefaced lie. How on earth are you to get along with such a nation whose people cannot be believed on oath. In weeding out the rats from government employment, the FBI are instructed not to just take their word or oath, but examine their background.

Again on the subject of juvenile delinquency, and that subject is almost threadbare, most people have come to the conclusion that it is a matter for the parents to decide. If they are themselves delinquents, there's not much that can be done about the matter. Did you ever note how careful an old hen is to see that her brood of children are not molested, or get off on the wrong foot? How she hovers them if the weather is wet or cold? That she is certain that all are in the coop at night? Well, sir, the hen can teach humans a bit about raising children. And she is useful in more ways than rearing a family. Take a lesson from the hen.

So far as we can learn there was little dove hunting here this year. In fact, when the season opens here, the doves have already taken to the mesquite flats of central west Texas, and our hunters lose their game after raising it. Texas is a whale of a state so just have it divided into two districts—north and south. It should be divided into about three and the northern one open at least August first, if all sections are to be given an equal show.

Foreign Secretary Ernest Bevin wants him and us to divide up OUR hord of gold at Ft. Knox, Ky. Bevin was joined last week by another socialist, James Roosevelt of California, who poses as a Democrat. Such birds are the kind that will frankly tell you that they are aware of the fact you played the ant and stored up by

hard work and careful management, while we played the grasshopper and sung around all summer and begged from you that winter. Well, that is the kind of democracy they teach over in Russia, and at least two of FDR's boys are great admirers of Stalin and his gang, James and Elliott.

We had a report this past week from the Texas State Committee of Methodist Women, who had made a thorough investigation of the rotten mess our penitentiary system is in. That report is real revealing and they spare no language in describing the corrupt condition of Retrive and other prison farms. They come up with the accusation that it is worse than any German or Jap concentration camp. Not only is brutality practiced on the wholesale order, but sodomy is openly practiced. If you don't know what sodomy means, consult your dictionary, as the definition is too vulgar for us to repeat in these columns. And one of the moronic managers had the gall to tell the committee that it was none of their damn business how he ran that prison farm. The last legislature made a half hearted stab at an investigation, but their day of visit is always announced in advance. They are conveyed around the prison farm and shown just what the management want them to see—nothing else. Such conditions as that report of several closely typewritten pages disclose, should bring a blush of shame to the face of every taxpayer in the state, and if the present administration does nothing, it should be kicked out lock, stock and barrel next election, and then elect a full administration on a platform pledged to cleaning up our prison system.

With this day of radicalism and "advanced" thinking, it might not be amiss for parents to make a thorough checkup of the college or university to which they are sending their youthful boys and girls. Many of them are steeped in foreign isms, and some are downright atheistic. If in doubt, better send them to some denominational school near you, and not have your boy or girl come home some fine day and make light of your faith in God.

Mr. and Mrs. Joe Havener, jr., and Mr. and Mrs. Gordon Lemmons spent Tuesday and Wednesday of last week at Red Bluff.

ALPHA OMEGA CLUB REASSEMBLES FOR FIRST MEETING

Alpha Omega Club members reassembled Tuesday for the first meeting of the fall season with a tea in the home of Mrs. V. L. Patterson. The program consisted of a resume of the past years work and discussions on the coming years program which will be a study of the American Home.

Mrs. C. R. Lackey, vice-president, was presiding officer and Mrs. Jack Hamilton, president, brought greetings to the club. Mrs. Jake Gore gave Highlights of the Past, and Mrs. Homer Newman presented the highlights of the coming years program.

Mrs. Virgil Crawford, club critic, made suggestions for the presentation of papers and gave constructive criticisms on giving talks before the club. Mrs. John Portwood led a discussion on the constitution and by-laws.

Members present were Meses Lee Brownfield, P. R. Cates,

MRS. PIERCE ENTERTAINS FOR NIECE

Mrs. Abel Pierce entertained Thursday afternoon of last week for her little niece, Ann Louise Bopsford, of Austin, who was visiting in her home. Games furnished diversion and ice cream, cookies and punch were served to Wayne and Joyce Boroughs, Don Copeland, Becky Edwards, Harmon and Bill Howze, Sharon Snedeker, Jill Walker, Thomas Bruce Zorns, John Roy Pierce and the honoree.

Mr. and Mrs. Robert May of Little Rock, Ark., visited in the homes of Mr. and Mrs. Tom May and Mr. and Mrs. W. B. Downing this week.

Crawford, Jack Ellis, Grady Goodpasture, Gore, Hamilton, Wayne C. Hill, Fred Jones, Jerry Kirschner, Lackey, Arlie Lowrimore, Bill McKinney, Newman, Robert Noble, Portwood, Buel Price, Sam Teague, Chad Tarpley and C. L. Truly.

PBC SPONSORS ENTERTAIN CLUB MEMBERS

Mrs. A. T. Stafford and Mrs. Spencer Kendrick, sponsors of the Phi Beta Craesus Club, entertained Tuesday evening with a dinner at Mrs. Kendrick's home. Members of the club who are leaving for college and the new pledges were named as honorees. Those leaving the club are Betty Holmes, Dolores Gillham, Jane Weir, Jean Garnett, Hazel Vernon, Billy Faye Finney and Mary Ellen Patton. Pledges are Peggy Black, Sandra Bailey, Ann Snedeker, Anne Grace Nicholson, Ruth and Ann White and Ona Jean Walker.

A chicken dinner was served on the terrace to the honorees and club members.

MISS IDA MCCOUGH AND WAYLAND DRAPER WED

Miss Ida McCoughn, daughter of Mr. and Mrs. Ollie McCoughn, of the Challis community and Wayland Draper, son of Mr. and Mrs. J. B. Draper, of Brownfield were married Saturday, Sept. 6 at three p. m. in the Methodist church. Rev. H. L. Thurston read the double ring ceremony.

The bride chose a dress of blue crepe with black accessories and wore a corsage of red roses.

After a wedding trip to Ruidoso and other points of interest the couple will be at home in Artesia where Mr. Draper is employed with the Southwestern Telephone Co.

Both the bride and groom are graduates of the Brownfield high school and prior to her marriage Mrs. Draper was employed as secretary for Rex Headstream.

Mr. and Mrs. Draper and Mr. and Mrs. McCoughn were wedding guests.

Rev. and Mrs. J. Preston Murphy and James Harley Dallas attended a meeting of Presbytery in Abilene Wednesday.

STYLE SHOW BIG SUCCESS CLUB WOMEN SAY

According to members of the Alpha Omega club the style show held in the Rio last Thursday evening was a financial success and the merchants who participated seemed well pleased with the display of their merchandise.

The Club wishes to express their appreciation to Mr. and Mrs. Hiram Parks, who donated the theater and assisted in many ways. To Collins, Lathams, Sheltons, Go're Shoppe, Style Shoppe, Bargain Center, Nelson Jewelers, Bayless Jewelers, Auburg Jewelers, Reba's Beauty Shop, Duchess and the Cinderella Beauty Shop and the sixty-three models who made the show possible.

Their appreciation is also expressed to J. B. Knight Furniture for loaning furniture to decorate the stage and the Brownfield Floral and Broadway Floral for the lovely baskets of flowers and corsages. To Foy Mackey and his pupils, who added to the entertainment with their dance numbers and to Nancy Weir, Frances Price, Barbara Stice and Mary Edna Tankersley who acted as ushers.

HOLLEMAN - THURMAN WIVES READ AUG. 28

Ruth Holleman, daughter of T. D. Warren, Rt. 1 and James E. Thurman, son of Mr. and Mrs. J. E. Thurman, Brownfield, were married August 28 at 2 p. m. in the First Baptist Church. Rev. A. A. Brian read the single ring ceremony.

The bride was dressed in a brown suit with gray and brown accessories and wore an orchid corsage. Matron of honor was Mrs. C. R. Stevens, sr., who wore gray and red with a red rose corsage.

W. E. Thurman, brother of the groom served as best man.

After a wedding trip to Colorado the couple will be at home on the Ray Christopher farm east of Brownfield.

There were 31 guests present at the wedding.

MR. AND MRS. LINE HOST TO 44 CLUB

Mr. and Mrs. Martin Line were host to the 44 Club Thursday evening of last week with dinner and bridge. The Wayne Browns scored high and Jack Bentons, second high. Mr. and Mrs. N. T. House, who recently moved to Levelland were presented with a gift.

Guests were Messrs. and Mesdames Mike Blair, Crawford Burrows, Brown, Benton and House.

STUDENTS LEAVING FOR COLLEGE

The younger set of Brownfield will be small indeed after this week and next as a large number are leaving for college.

The majority of them are taking advantage of Texas Tech being so close to home. Leaving over the week end and Monday are Joyce Meeks, Billy Faye Finney, Jean Garnett, Diana McIlroy, Glenna Winton, Hazel Vernon, Bob Sampson, Bobby Line, Shirley Wilgus, Virginia Chambliss and Annie Ruth Paschal. Naomi Thompson and Arnold Dalton are entering WTSTC at Canyon.

Oscar Tyler and Homer (Punch) Nelson have selected Baylor U. in Waco. Dorothy Henderson returns as a sophomore student. Robert Bowers and Jimmy House enter Texas University as freshmen and Donald Price and Albert Nicholson, A and M.

Betty Holmes and Dolores Gillham leave Sunday morning from Odessa on a special train for Columbus, Mo., where they will enter Stevens. Their parents will accompany them as far as Odessa. Maron Wingerd, who attended Stevens last year, leaves Sunday evening from Amarillo. Jane Weir and Flo Stafford leave by train Sunday evening from Lubbock to enter TSCW in Denton. Jane enters as a freshman and plans to major in speech and minor in music. Flo returns as a sophomore. Gloria Hughes, Gloria Swan and Dorothy Brownlee will be in Denton but have registered in NTSC.

Elizabeth Jo Anthony, who has been in Jackson, Miss., this summer will enter Belhaven college which is located there. Tom Adams is going to Hardin Simmons in Abilene. Elsie Gossett and Mary Louise Gray are taking a business course at Draughons in Lubbock.

Deenie Ballard and her mother Mrs. Rebecca Ballard left Thursday for Dallas where Deenie will enter the Hockaday School for girls as a freshman student in the high school.

SORORITY PLANS RUSH WEEK

In resuming club activities for the coming year, members of the Beta Theta chapter of Epsilon Sigma Alpha, met Tuesday evening at 7:30 in Thompson's Cafe for a general business meeting. Miss Ruth Griffin and Miss Bernadine Grabber were hostesses.

Plans were made for holding a rush week and the rushees, who are to be honor guests at a formal coffee Sunday morning at 9:30 include: Evalyn Evans, Glynna Fae Winton, Joyce Evelyn Dunagan, LaRue Ross, Frances Rambo, Twilla Graham, Patricia Steen, Gerry Gaither, Shirley Ellis, Buna Ellis, Mary Noble, Lolita Goss and Ann Williams.

The chapter also selected Miss Glynna Fae Winton, who is sponsored jointly by the Go're Fashion shoppe, as their candidate in the contest for Harvest Queen.

Refreshments were served to Mesdames Gloria Kendrick, Minnie Hazel Bowman, Dorothy Gore, Misses Elva Gillham, Mary Ballard, Margaret Goza, Bobbie Newsom, Sue Jones and the hostesses. The will be a called meeting next Tuesday evening, September 16, at the home of Mrs. Ruth Huckabee.

NORMA JO BOYD ENTERTAINS WITH PARTY

Norma Jo Boyd entertained Monday evening with a party as a last get together before some of the crowd leave for college. Dancing was enjoyed throughout the evening.

Sandwiches and cokes were served to Betty Holmes, Arnold Dalton, Robert Bowers, Bobby Line, Jane Weir, Robert Knight, Billy Blankenship, Orren Peterman, Dickie Lees, Dolores Gillham, Hazel Vernon, Jean Garnett, Oscar Tyler, Jimmy House, Jerry and Jackie Worsham, Jim-

my Billings, Billy Joe Lewis, Billye Faye Finney, Jackie Allen Wanda Stafford and Jerrel Price.

VISITORS FETED WITH SERIES OF ENTERTAINMENT

Mr. and Mrs. Robert May, of Little Rock, Ark., were feted with a series of entertainments while visiting here this week. Mr. and Mrs. Tom May entertained with a dinner Monday evening at their home. Places were laid for Messrs. and Mesdames Roy Herod, W. B. Downing, Dyar Oakley of Kermit, Bill Redford, Murphy May of Seagraves, Bruce Zorns and Mrs. Rebecca Ballard and

Deenie. Tuesday afternoon Mrs. Ballard gave a coke party and Tuesday evening the Murphy Mays were host with a dinner at their home in Seagraves.

The visitors remained as overnight guests of the Mays and the two couples made the trip through Carlsbad Caverns Wednesday.

Mr. and Mrs. C. D. Reid, jr., and children and Mrs. C. R. Rowland, sister to Mrs. Reid, have returned from a vacation in Los Angeles and Pomona, Calif., where they visited relatives.

ANY MESSAGE FOR FRANCE, M'SIEU?

Radiant Hilma Seay of Memphis, Tenn., the 1947 Maid of Cotton, asks French Consul Jean La Pierre of New Orleans if he has a message for the folks back in France. The Cotton Maid flew to Paris aboard an Air France Comet late in March for a two-week visit to the French capital and towns on the Riviera. She is in the midst of a five-month international cotton goodwill tour.

Ed Says He Gathered Peaches, B'Gosh

Drove out to the Ed Thompson farm in Harmony community Sunday afternoon. We'd forgot all about saying Ed did not gather the peaches he recently fetched us. But bygones he had not forgotten it, and raised the subject and proved by the two girls and his wife that he did gather the peaches he "brung" us.

He soon forgot it after we delivered one of our famous silver-tongued apologies, and the girls brought out some mighty fine ice cream and cake. It was Phillip's birthday cake. We just at the cream as we failed to bring our "unders" along, and can't chew much without 'em.

This is the first crop to amount to anything Ed has made since 1944. He didn't have enough rain last year to even get stuff up. He has some right good cotton; some old grain made, and some good showers would make a bumper grain crop on his young stuff.

Crops generally are better from the Levelland highway out into the Harmony community than we have seen for years.

Osgood Says He Gets Kick Out of Herald

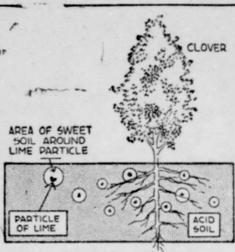

Chester Osgood of Long Beach, Calif., and his brother, Arthur, a marble man of Amarillo, were visitors at the Herald office Monday. We believe it was the first time we had met either, although Chester has been reading the Herald so long we felt that we had been old friends for a long time.

He has a half section of land in south Terry, and we hope he gets dozens of oil wells some of these days on his place. Mr. C. Osgood remarked that he read all the tripe we write about visits to different places. We find a guy every once in a while that reads that stuff when there's nothing better handy.

And Mr. C. jumped all over us for not calling on him while in Long Beach last fall. He'll get a call next time we come to 'Cally.'

Mr. and Mrs. Sid Machen and family of Red Spring are moving here this week to make their home. Mr. Machen will be employed at the Brownfield Furniture Co.

HOW LIMESTONE ACTS

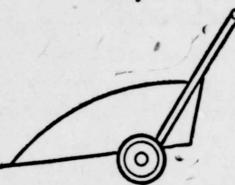

Applications of limestone at the rate called for by a soil test will correct the acidity of surface soils. Lime, however, should be applied from six months to a year before legume seeding to allow time to sweeten the soil.

Disking or harrowing scatters limestone particles through the top two or three inches of surface soils. Then each particle starts correcting acidity in its immediate area. Within a year it may materialize an area of from one-half to an inch in diameter.

In the beginning, acid soil zones considerably outnumber non-acid areas around the limestone particles. However, if sufficient limestone has been applied and thoroughly mixed with the soil and if lime particles are allowed several months to establish areas of sweet soil, clover will be able to secure lime from the sweet areas. Tests should be made before, not after, liming.

New Utility Cart

This cart may be used for garden or barn. It is made from an old hood, doll carriage wheels and three pieces of tubing for the handle. This cart disposes of leaves, weeds, etc., from the garden and even takes the ash can to the dump. It was designed and welded by Fred W. H. Spear, Natick, Mass.

Mrs. Kathrine Fitzgerald and daughter, Opal left Saturday for a two weeks visit with relatives in Rio Vista, Calif.

Terry Redford was a business visitor in Amarillo Tuesday.

The Low Down From Hickory Grove

Today I will expound on "young folks." They are in kind of a bad spot, and it is mostly due to what they pick up at school and don't pick up at home. They been told that our Govt. has not been such a hot success—it needs a valve grind. They been told that grandpa and grandpa were all wet in figuring you should build your own security via perspiration and self-denial. They don't even take for granted Mr. Newton and "gravity" or Mr. Franklin and his kite.

Who do you blame, says Henry, if you are so alert and smart. It is the mammas and papas, I says. They don't stay home nights and teach their off-shoot the rules on how not to grow up a green gosling. And they don't see to it that the folks at the school house sign a pledge of loyalty and non-socialistic, non-communistic leaning.

And to give our young folks a break and save 'em from learning the truth from their own expensive experience after they get out of school, I have a proposal as a preliminary starter, to-wit: require by law that all school libraries have on their shelf, an AEsop's Fables. We have skipped fundamentals. No wonder some of our younger citizens know plenty Social Uplift, left handed economics and Karl Marx, but don't know on election day a fox or a wolf, if he is in a borrowed sheep's raiment.

Yours with the low down,
JO SERRA.

Messrs. and Mesdames Fred Baldwin, Ed Garnett, Jack Griggs, Gene Gunn, Shorty Forbus, Archie Chapman, Herman Chesshir and Mmes. Vivian Brown and Ewel Stockton attended the South Plains Girl Scout meeting and banquet in the Hilton Hotel in Lubbock Friday afternoon and evening.

Meadow News

meadow news

Mrs. W. T. Arnett visited her son, Jones Arnett and family this week.

Mrs. A. W. Fore has been ill, but is better at this time.

G. B. Jones has moved his store where Fred Hinson had his drug store.

A. E. Jones has sold his laundry to a Mr. Sewell, who has already taken charge and is operating the laundry.

Mr. C. E. Hcks and Mrs. E. F. Schwartz entertained the Baptist Intermediate Sunday School class with a picnic at the Coleman

Park in Brownfield last Tuesday afternoon.

Mr. and Mrs. R. M. Hinson had their children and their families visiting in their home over the week end. Those visiting were: Mr. and Mrs. M. L. Hinson and family of Corpus Christi, Mr. and Mrs. J. D. Hinson of Lubbock, Mr. and Mrs. Burl Hinson and family of Amarillo and Mr. and Mrs. Gillie Hinson of Lubbock. All of the R. M. Hinson children were present but Herschel Hinson.

Meadow received about one-quarter of an inch of rain Monday night.

Homer Barron, Odell Moore and R. L. Shannon made a business trip to Hobbs, N. M., Wednesday of last week.

L. A. Leeth and family visited in Brownfield last Sunday. Mr. Leeth's mother is in the hospital.

Mr. and Mrs. Arol Thomas have moved to Meadow. Mrs. Thomas is a teacher in the Meadow school. There have been several bales of cotton ginned at Meadow.

Some maize is being harvested around Meadow. Early planting is making some grain, but the late planting is not making much

grain. The price is around \$3.00 per hundred.

Mr. Resodolph, the coach at Meadow, is working out his football team, getting ready for their first game with Lubbock at Lubbock next Friday night.

Mr. and Mrs. G. E. Ashburn had their home insulated last week. A Lubbock firm did the work.

Mrs. Jack Barnes is keeping books at the West Texas gin.

Mrs. Vernie Decker is opening a cafe in the building formerly occupied by G. B. Jones.

Mrs. H. G. Garner and daughter, Patsy of the Union Community, were in town shopping Monday.

CARD OF THANKS

We take this means of thanking our friends and neighbors of the Needmore-Pool neighborhood for their many manifestations of sympathy and help in the recent loss of our home by fire. You responded nobly with both money and household goods. Thanks, friends.

Mr. and Mrs. Ralph Spain and family.

Miss Norma Thurston, daughter of Rev. and Mrs. H. L. Thurston, will leave Monday for Ft. Worth to resume her studies at Texas Wesleyan College as a senior student.

READ AND USE HERALD ADS

"If the railroads are to stay in business it would appear that they must be allowed at least some slight rate increases—The railroads can hardly be expected to operate at a loss. It is quite evident that on most railroads, rolling stock and roadbeds are sadly in need of repairs, replacements and modernization. Despite their tremendous volume of business during the war, most of the railroads are in some degree of a financial dilemma—because of increased operating costs. Despite the huge volume of freight moved by motor vehicles, railroad freight is still a basic factor in the nation's economic structure"—Greensboro, (N. C.) Record.

SANTA FE CARLOADINGS

Santa Fe System carloadings for week ending September 6, 1947, were 26,146 compared with 22,944 for same week in 1946. Cars received from connections totaled 10,948 compared with 11,278 for same week in 1946. Total cars moved were 37,094 compared with 34,222 for same week in 1946. Santa Fe handled a total of 40,497 cars in preceding week or this year.

Mr. and Mrs. Frank Ballard made a business trip to Plainview Saturday. They visited Mrs. Ballard's sister and her husband, Mr. and Mrs. Arthur Sammann Saturday night and Sunday.

TEACHERS ENTERTAINED WITH PARTY IN PARK

The West Ward and Jessie G. Randal PTA were hosts with a get acquainted party in Coleman Park Thursday evening for the teachers of the high school, West Ward, Jessie G. Randal and Gomez schools. As a courtesy to the teachers living in town, members of the PTA organizations called for and took them to the park.

Mr. Al Muldrow, president of the school board, welcomed the teachers and Supt. Cowan responded. A part of the entertainment included group singing under the direction of Mr. Homer Newman.

MR. & MRS. BOB BROWN, OWNERS

Family Reunion Held At Buffalo Gap

The Presbyterian Encampment grounds at Buffalo Gap was the gathering place Monday, Tuesday and Wednesday of last week for members of the Sawyer family. The reunion is an annual affair and has been held at Buffalo Gap for the past several years. Mr. H. A. Sawyer of Loop, is the only member of the immediate Sawyer family still living.

One hundred and twenty gathered from numerous places. Those attending from Brownfield were Mrs. M. B. Sawyer, Mr. and Mrs. A. A. Sawyer, Mrs. E. A. Graham, Mr. J. R. Skeen, Mr. and Mrs. Tom May, Mrs. Bruce Zorns and Thomas Bruce, Jonelda and Becky Edwards and Mr. and Mrs. Clarence Lewis. Mr. Mrs. Murphy May and Mrs. J. W. Cotten from Seagraves; and Mrs. Raymond Barrier and son of Dallas.

TWO AREA MEN ENTER ARMY IN AUGUST

A communication from the US Army and Air Force recruiting station at Lubbock, informs us that two young men from this area joined up during the month of August, as follows:

Chester G. Turn, of this city, regular army and assigned to the European command.

Aubrey L. Aulds, of Denver City, to the Army Air Force.

Mrs. Ruth Moore, of San Diego, Calif. is here visiting relatives and friends. Saturday afternoon several friends met in Mrs. Tarpley's home to visit with her and enjoy a cup of tea.

High Shinnery Special Late Monday

We have no idea what happened to our little old "mixed" train which most of us josh about but appreciate very much as it is the only train we have, and it is worth a million to the town. Yep, we may call it Uncle John Santa Fe's "Blue Weed Special," or the "High Shinnery Special" yet we think a lot of our railroad and its daily (except Sunday) one each way trains.

But it came puffing in here about 3 p. m. Monday with a long string of cars, and looked more like a long freight on the main line, than the usual "sawed off" affair. What with the growth of the community and area, not to mention the constant development of new oil fields, there is a constant increase in the freight tonnage that comes in over the Santa Fe.

Then about 10 p. m. when the time had arrived for the train to be back in Lubbock by several hours, it was screaming for crossings as it rolled back in Brownfield from Seagraves, during the shower of rain. Just what time it made it back into Lubbock is your guess as well as ours.

Evidently the crew got in a big lot of time and a half for overtime, and men have told us that fellows do not mind overtimes occasionally, like to work on these branch lines for that reason. They make more clear money than on the main lines.

Mr. and Mrs. H. D. Covington, of Lamesa visited in the M. G. Tarpley home Monday.

The Terry County Herald

SECTION TWO

Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

VOLUME 43

BROWNFIELD, TERRY COUNTY, TEXAS.

FRIDAY, SEPTEMBER 12, 1947

NUMBER 7

Vet Service Office In Lubbock Closed

Notice was received last week too late for publication that all Veterans Administrative itin:ate contact service in the downtown office in Lubbock, will be closed Sept. 15. Final visit was made to Brownfield the 5th.

Mrs. Pauline Ross of Bowie, is a houseguest in the home of her sister, Mrs. Everett Latham.

The closing of the office at Lubbock, effecting many towns in this area is regretted, but the deep cut in 1947-48 budget, made the closing of the office imperative.

Distributive Education Program Announced

The purpose of the Distributive Education program being offered in Brownfield this year is to bridge the gap between school and employment; the program actually a cooperative enterprise between the school and local business firms.

Mr. Covert, coordinator, has stated that the employer profits in being able to train personnel to fit the needs of his business and that the community gains an advantage in providing situations that will tend to keep promising students in the community after graduation.

The student is rewarded through guidance and counseling and actual business experience leading toward full accomplishment of his vocational objective.

Mesdames Glen Asers, Al Muldrow, Jerry Kirschner, Clovis Kendrick, Gordon Richardson, Bill Hefflin and J. M. Teague attended the Junior League Style Show and Luncheon in the Hilton Hotel in Lubbock Thursday. Mrs. Hiram Parks, who is a member of the Lubbock Junior League is assisting with the affair.

Moving Around With The Advertisers

Jack Hamilton, the tire electric man, called down one day last week to stop publication on a scheduled ad. No reason assigned. So, we bearded the lion in his den to know the whereabouts and wherefore. Simply stated, Jack had sold all his trailer trucks—all some 30 odd of them—but was looking for 50 more, then more advertising. Seize, "no I'm not mad at anybody."

Which reminds us that we are all too quick to jump at conclusions. Take this old sheet for instance. Sometimes thing that are a MUST run, are crowded out at the very last minute and on the last run. And the folks it concerns will in spite of hades and hot water think we're mad at 'em about something, although the two families may have been friends for forty years. And some others you think are friends will try to make them believe the mad stuff. Running a paper in these days of shortage of everything is a headache at best. No, we are not mad at anybody, either.

Red Newton, the prominent machinery and implement man up on Lubbock road is one guy we have to have an introduction to periodically, although he wears the same mug each day. Our memory gets "wusser" as we get up in years. Sometimes we think we'll have to get our wife to introduce us to ourself each morning. Anyway, Red handles Oliver implements, and is soon to add Goodrich tires, tubes, batteries and other auto accessories.

We never go around the Star Tire Store that we do not catch them changing tires for someone. And while that is just part of their business, it makes us tired to watch them. To us that is the hardest, sweetenists we ever got into. But to the expert with just the right kind of tools and the knowhow—it's dead easy.

Sonny Whitley has a unique business out on the Plains highway about the 1000 block. He handles just about every device of humans to coax the appetite of the pullets and dumb brutes.

The Wrecked Car Was Really A Wreck

We saw the Buick car that was wrecked on the Levelland highway, recently, in which a man and woman were killed. After looking at the awful condition of that car, we were led to ask, how could anyone escape death in such a wreck? However, we feel sure some do.

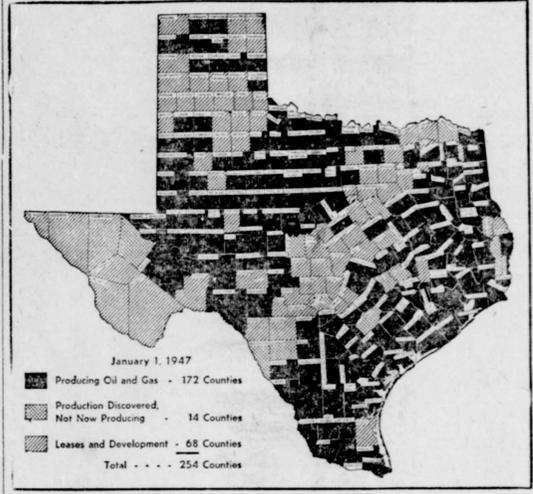

John Portwood of the Portwood Motor Co. was asked he if he did not think the occupants were almost flying? "No," he stated, "I've seen them torn up as bad or worse than that going only 50 miles per hour. It all depends on the condition and circumstances of the accident.

He not only handles a big line of Checkerboard feeds, but in the rear of his plant he has a mill and mixing machinery for his own name brands, which are high in supplement vitamins to necessary to feeders.

R. D. Copeland has a thriving service station business, featuring Magnolia products, out near the Seagraves - Lamesa highway juncture. R. D. got himself established there soon after returning from war work about a year ago, and he stated his business had shown a steady month to month increase. He is growing nice shrubs and flowers about both the station and his residence nearby.

Over at Portwood Motor Co., one can often see Messrs. John Portwood and "Yours" Truly in the mechanics' department, pottering around as if at work. But it is hard to fool an old hand at that game. We too, have long since learned to be letting on that we are hard at work. The casual visitor is sometimes fooled, but the regular crew knows we are just fourflushing. But Mr. Portwood and Mr. Truly are likeable fellows.

Over at the Gore & Son elevators, they are buying a heck of a lot of peas which they are passing on to a wholesale grocery canning section down at Jefferson, Texas. We imagine that the local blackeyed pea buyers are pretty well fed up on that vegetable, and don't wait them on the table when meal time comes.

DON'T

BE COLD NEXT WINTER

Sweltering now—shouldn't make you forget the possibility of a scene like this in your home next winter. It's not in the least exaggerated. What else could you do with a below-zero reading on the thermometer, and your heater on the blink! Why risk the discomfort—the menace to health . . . when we are ready to deliver your heater now.

We Had A Nice Visit With Lamesa Printers

While our son-in-law, Herman Trigg, wife and two dogs were visiting us recently, Herman wanted to run over to Lamesa on a bit of business and we tagged along as per invitation. After he did his do among the auto repair shops, we visited the Dawson County Courier office, and found Editor and Publisher, Ross A. Woodson and his crew hard at work on Monday's paper. They get out two each week, Monday and Thursday.

This was our first time to personally meet Mr. Woodson, and we found him a very nice gentleman, and he took us through the plant, the main idea being to see the new 8 page press that prints from rolls instead of sheets and folds them in the same operation. He has also installed other new machinery in their plant. Charley Curry, formerly of Brownfield is his foreman.

We then visited the Lamesa Printing Co., a large job printing office and office furniture and supplies, owned by Joe Alexander, Bob Wade and Frank Smith. Joe was nowhere to be seen, and we have an idea that he makes himself scarce around the dig-

G. I. Question And Answer Department

Q. I have been drawing \$57.50 each month from my \$10,000 war risk insurance policy since my discharge from the Army after World War I. Are such payments discontinued when the \$10,000 is exhausted?

A. No. Payments may be continued for the remainder of your

life provided your total disability remains unchanged.

Q. How often can I get on the rolls to receive unemployment allowance?

A. You may be placed on the rolls to receive unemployment allowance as many times as necessary until you have exhausted your period of entitlement.

Q. Why do I have to pay two monthly premiums instead of one when I reinstate my National Service Life Insurance policy?

A. One premium is for the 31-day grace period following the date of lapse, during which the insurance was continued in force without payment of premium; the other is for the current month of the reinstatement.

Q. If I use part of my Armed Forces leave bond to pay my insurance, can I receive the balance in cash?

A. No. The remainder of your bond is placed to your credit un-

til such time as it becomes payable in cash, or your authorize further premium payments from the balance of your credit.

Q. My son, a World War II veteran, is in a VA hospital and I would like to know if I can visit him every day.

A. Yes. All Veterans Administration hospitals have special hours set aside each day for visitors the same as civilian hospitals.

Q. After a short visit in the residence section with some friends of Herman, we lit a shuck for Brownfield, crossing into the city limits just 31 minutes after leaving the residence of the friends. If the highway cops see this, we are prepared to state that we are among the biggest liars in West Texas.

Cotton Carry Over Nears Zero

The nation's cotton balance sheet was at low ebb on August 1, with a balance of 14,365,000 bales—the prospective supply of American cotton for the year 1947-48, The University of Texas Bureau of Business Research report-

ed. Carry over from last year was reduced to 2,521,000 bales on August 1, lowest since the mid-twenties.

Dr. A. B. Cox, professor of cotton marketing at the University of Texas, sees the 1947-48 cotton year clouded with many uncertainties. At the present, the very poor outlook for exports of American cotton is the dominant force in the market, Dr. Cox asserted.

The prevailing sentiment in the market now is that there is an ample supply of cotton to meet prospective demand for this year and that the production curve for the United States and the world has turned upward. Total cotton consumption in the United States, plus exports, amounted to 13,590,000 bales during the 1946-47 cotton year. The present supply situation makes it impossible for the United States to have as large

Hard of Hearing Child Handicapped

The child who cannot hear is badly handicapped. Hard-of-hearing children are often considered backward and become greatly retarded in school when in reality they may be highly intelligent but simply cannot hear much of what is said to them. Children who appear backward in school should be observed carefully to determine if hearing is a factor in the situation.

According to Dr. Geo. W. Cox, State Health Officer, many injuries to the ear can be prevented by keeping foreign objects out of the ear canal, taking good care of the

distribution as last year for that would reduce the carry over on August 1 next year to only a million bales, and that is commercially impossible, according to Dr. Cox.

ears during colds and other diseases and observing certain precautions when swimming.

"The cause of middle ear trouble often is diving and swimming," Dr. Cox said. "Protect the ears by wearing a rubber cap, or ear plugs."

The State Health Officer declared that no hard instrument of any kind should be used in cleansing the ear canal since it may be injurious. Using ordinary precautions can do much to avoid minor ear trouble which may later lead to partial or complete deafness, the Doctor added.

Sandy soils are usually low in nitrogen content, and hairy vetch is an ideal winter cover crop that will add nitrogen to sandy areas and prevent winter erosion.

Teague-Bailey Install Modern Machinery In Their Plant

(Crowded out last week)
Recently we were called upon to inspect the new machinery Teague-Bailey Chevrolet Co. have installed in their plant at Fourth and Broadway. To us, the new machinery looks like new electric refrigerators, or the new fanged washing machines. They are as pretty as can be, but their utility is Greek to us. So, we'll just let those who use 'em do the explaining.

But first off, let us introduce Johnnie Venable, the new service manager. He come direct from Kuykardall Chevrolet Co., Lub-

bock. He has had more than 20 years experience working on Olds, Pontiacs and Chevrolets. During the war he taught air corps ordnance at Kelly Field, and was an instructor at Ft. Sam Houston at San Antonio. He has been here since July 1. He's married and has a daughter, 7, and lives at 902 Rippertoe St.

With the installment of the very latest and most accurate wheel alignment equipment manufactured, they have secured the services of J. C. Jennings, as alignment specialist. He has had several years' alignment experience with a Lubbock firm

Also, they have installed, as stated above, the newest to be had in lubricating equipment. Alemitte, with large background and three air pumps, are portable, and drain and distribute. The

College Building Amendment Carries

In the special constitutional amendment election, held last Saturday throughout the state, on the question of authorizing the University to issue ten million dollars in building bonds, and the A. & M. College, five million, to be repaid out of the income from the University's permanent fund, and to authorize a five cent tax to be levied on all property, to create a building fund for the other state college, over a period of 30 years, seems to have carried.

The latest returns indicate approval by the voters by a small majority. The latest count is near 100,000 votes for it and about 87,000 against it. Not enough votes remain uncounted to materially change the result.

Terry county voted 25 for it and 734 against it. Lubbock, the hottest spot in the State, voted over 4,000 against it to 130 for it. All other counties of the south plains area went against the amendment by majorities averaging 15 to 1.

34 MILLION TURKEYS ON U S FARMS

U. S. farmers now have 34 million turkeys on the farm, and although that sounds like a lot of meat, it's 16 per cent less than last year's production.

About 3,681,000 of those birds are in Texas, which is being ranked out of another first place by California, where almost 4 million turkeys are being raised.

center stand has three reels, one for chasis and two for gear grease.

These machines eliminate the leakage of oil on fenders and car tops. This department is operated by Neil and C. B. Thompson, two local young men.

They have other new equipment on order, which will be installed as soon as available. Mr. Venable stated that it was their aim to equip and maintain the service department to serve Chevrolet owners in the Brownfield trade territory the best possible.

Terry County Motorists Have Almost Perfect Year

A record of almost a death a month by motor mishaps through the first half of 1946, ended with the tragic death of Billie Joe Davis, an 8 year old boy, who was killed near the school grounds, when his bicycle collided with the band truck, assembling for a parade on August 16th, last year. This followed the death of a prominent Meadow woman in a car wreck August 1st, six miles north of town.

No other deaths by traffic mishaps in the county were reported to local patrol office until May 1st, 1947, when L. C. Haynes of Lockney, met death by car accident a few miles north of here. No others are registered since up to August 16th. There seems to have been a slow down in traffic accidents. There is no evidence of any one losing any valuable time, money, or business by more careful driving, which shows we can carry on successfully without death-dealing haste or reckless driving.

As we strongly deplored the county's extreme traffic death list last year, we desire to pat 'em on the back for an almost perfect year, to-date, though there is yet too many traffic mishaps.

With the fall harvest season on, bringing heavy traffic and schools opening, motorists are urged to make next year a more perfect one. Eternal vigilance by the driver is the price of safety.

Editors note: The above was written by GWN before the two deaths on labor day.

Mrs. Joe Golden and Mrs. Annie Warren of Rt. 1, Snyder were here the latter part of last week. Mrs. Golden visited her sons and their wives, Mr. and Mrs. Roy Golden and Mr. and Mrs. Carl Golden, south of town and Mrs. Warren visited friends.

SHREVEPORT, LA.

Contest Winner "Brands" His Prize

A pioneer of the auto industry, hunted throughout the nation in a contest to discover the oldest Chevrolet truck in America, turned up, appropriately, in the possession of a Montana homesteader. The venerable vehicle, vintage of 1918, was still serving Rancher Leslie A. Storey, of Jordan, Mont., whose ranch lies 18 miles from a typical "last frontier" town. The award for owning the oldest licensed and operating truck was a new Chevrolet "advance-design" model, which Storey "brands" here with his distinctive Circle-Heart brand. It was presented to him by J. W. Burke, manager of Chevrolet's truck department, as Mrs. Storey and Montana cowgirl Merie Spears (right) look on. Nearly 7,000 old-time Chevrolet trucks were entered in the contest won by this vehicle, which was one of 384 built by the division in 1918, its first year of truck production.

ROOKIES: The period of a soldier's life when he is considered a rookie will be longer after May 5. The basic-training program will be extended on that date from eight weeks to 13 weeks. The new program will provide a complete course in the fundamentals of military training for all newly-enlisted personnel of the Army except Air Forces. It does not provide for branch training. The eight-week training program was a necessary interim measure to meet demands for replacements in overseas theaters.

AWARD: A new medal has been struck, and the War Department soon will distribute it to soldiers and veterans who have performed occupation duty in former Axis countries. It is for service in Germany after V-E Day and for service in Japan and Korea after V-J Day. Thirty consecutive days of service are required. The medal also will be awarded for occupation duty in the Trieste area of Italy.

THE MEDAL: A silk ribbon composed of a white stripe, a black band, a red band and another white stripe goes with the medal, which is of bronze and about the size of a 50-cent coin. The face of the medal shows a part of the Remagen Bridge over the Rhine. The reverse side has a sketch of Fujiyama, sacred volcano of Japan.

CUSTER: A new officer reported for duty the other day with the Seventh Cavalry, which made the famous last stand with Custer. The new officer is Lieut. Col. B. G. W. Custer, grand-nephew of the famous George A. Custer of the famous Seventh, which is on occupation duty in Tokyo. He is 44 years old and hails from Monroe, Michigan. He had commanded a battalion in Europe and was decorated for gallantry in action.

Deserted Midway
WASHINGTON resembles somewhat a county seat town the morning after closing the annual street fair. Tents are still up, the booths are all there but the exhibits have been removed and there remain a few stragglers poking amid the debris and the rubbish. But the star performers along the midway have long since departed since the 80th congress adjourned its first session.

to meet again January 1 unless called into special session by the President.

Measured by the results of either congresses, the accomplishments of this first session of the 80th congress on major legislation are puny. It slashed some appropriations, not enough to boast about but sufficient to cripple government services; it passed what has been termed a "bootleg" labor law which is as full of loopholes as a sieve, some parts of it are unconstitutional, and the predictions are from both labor and industry that it will not remain long on the statute books in its present form.

For the Record

Twice congress passed a tax reduction bill conceded even by its proponents to be political and inequitable and twice it was vetoed by the President. It passed a presidential succession resolution providing that the speaker of the house shall succeed next in line to the vice-president; this, however is a constitutional amendment which must be ratified by two-thirds of the state legislatures. It did nothing about high prices and it virtually ended rent controls, and as a result prices of everything the consumer buys have soared to unprecedented heights and rents already are up.

Mr. and Mrs. Crawford Burrow were called to Crowell Monday due to the sudden death of Mr. Burrow's father from a heart attack.

EXPERT CAR LUBRICATION

Men are trained to grease and oil cars just the same as they are trained to be mechanics. Proper lubrication is no guess job. He has to know the location of every wearing part of a car, and what oil or grease to use. Here, modern machinery comes in as a great aid to the expert.

DON'T TAKE A CHANCE

Remember your car is one of your most valuable possessions. Don't let just anyone who has an ancient grease gun and oil can service your car. We have experts in this line, aided by the very latest machinery.

WHAT ABOUT CLEANING & POLISHING

A man with harsh polishes and stubby whisk broom can badly damage the paint finish on your car, not to say anything about the upholstery. Don't take a chance.

BAD ALIGNMENT COSTS MONEY

May not only cost you the expense of a new tire very soon but can be the means of a serious wreck. We have the very latest machinery for proper alignment. No guess work. Finally, don't trust your car overhauling to anyone but an expert mechanic.

Jack Pearce, son of Mr. and Mrs. Wade Pearce returned to Brownwood Monday to resume his studies at Howard Payne college. He is minister at the Southside Baptist Mission and comes home each week end.

Mr. L. M. Waters and son, A. O. Waters are in Hot Springs, N. M., for several days for the elder Mr. Waters' health.

Bound To Be Better

Sure To Be Fresher

Union News

A good crowd attended church Sunday morning and Sunday night. Rev. Baldwin of Cooper, preached at both services.

There were 46 present for prayer meeting Wednesday night. Rev. Aslin of near Lamesa preached at this time.

We are glad to report many new pupils enrolled in the school. Mr. and Mrs. Cooper are the parents of a baby boy. The young man has been named Allen Bruce.

The H D Club met Thursday afternoon in the home of Ethel Montgomery. The hostess served delicious refreshments to ten ladies. Mrs. Farmer was a new member. The club meets next on the third Thursday, Sept. 18, in the home of Mrs. Willie Jones. The agent, Miss Dunlap, will meet with them and she will discuss Flower Arrangements.

Mr. and Mrs. Gary and son, Eddie visited in Morton and Lubbock over the week end.

Betty Jo Cornett is ill at this writing.

Mrs. Lanious and children visited her parents at Lamesa Saturday and Saturday night.

Everyone in the community is given a special invitation to attend prayer meeting at the church each Wednesday night. Everyone who is not enrolled in Sunday School somewhere else is invited to be at Sunday School next Sunday morning at 10:00. There will possibly be church services, too.

Because some of the classes were larger than was expected, the teachers have rearranged their classes to meet the demands. An unusually large 1st grade is enrolled.

A large crowd of young people stormed the Bruce home Saturday night. They met at the gin and all went in a group from there. The occasion was Charles Bruce birthday. The writer failed to get the age of this high school student. The young people reported a nice time.

HARMONY H D CLUB MEETS WITH SMITHS

The Harmony Home Demonstration Club met in the home of Mrs. Bill Smith Sept. 4th for a luncheon and all day meeting. During the business meeting a report from the council was given. Mrs. Bell gave an interesting demonstration on making corsages from garden flowers.

Fourteen members and the following visitors were present, Mrs. John Garrison of Brownfield, Miss Marie Gracey, Mrs. Willie Bond and Mrs. Littlefield of Harmony.

A social was held at the home of Mr. and Mrs. Bartley Friday night. The next meeting will be Sept. 18 with Mrs. Wise.

The Yoakum County Review, Plains, reports that Johnny Fitzgerald is constructing a nice 7-room brick veneer on his ranch, three miles east of Plains.

GOMEZ NEWS

Miss Ammie Ruth Paschal who has been attending school at Tech this summer is home for a few days.

Mr. and Mrs. N. N. Hamm and Miss Ferguson of Fort Worth visited last week with Mrs. Hamm's parents, Rev. and Mrs. W. T. Sparkman.

Mr. and Mrs. Lee Howell spent the week end in Hagerman, N. M. visiting their daughter, Mrs. Preston Ballard and family.

Rev. and Mrs. W. M. Guest and children of Des Moines, N. M. spent the week end visiting his mother, Mrs. J. A. Guest.

Mrs. W. Chesher and her mother, Mrs. Banks have moved to Gomez. Mrs. Chesher is the second grade teacher in Gomez school.

Miss Colleen Howell left Wednesday for Hagerman, N. M., where she will be cashier in her mother-in-law's store.

Ernest and Earl Sears returned home Sunday after spending the summer working in the wheat harvest.

Edd C. McLeroy underwent a minor operation of the nose at a Lubbock hospital Monday. He will be able to come home last of the week.

A large group of parents were present for opening exercises of Gomez school Monday morning.

The teachers are:

Mr. W. Conley, principal and 6th grade teacher.

Mrs. Perry Moseley, 5th grade

Mrs. M. Parker, 4th grade.

Mrs. Cowert, 3rd grade.

Mrs. Chesher, second grade.

Mrs. Catheran Shafnitt, 1st grade.

PLAINS NEWS

Mr. and Mrs. Jodie McDonnell of Colorado City spent the week end here with his mother, Mrs. S. McDonnell.

Mr. and Mrs. W. H. Morris and family of Lubbock spent last Sunday in the home of his parents, Mr. and Mrs. J. H. Morris.

D. Walker of Midland visited her sister, Mrs. John McKee last week.

Mr. and Mrs. S. S. Jobses and Sam were shopping in Lubbock Saturday.

Mrs. L. V. Wheeler and daughters, Mrs. D. B. Lamance, Mr. and Mrs. Buck Morris and daughters of Odessa visited their parents, Mr. and Mrs. J. H. Morris last Monday.

Mrs. Roy Elliott was on the sick list last week.

Mr. and Mrs. Chalk Dumas and children of Seminole were visiting relatives in Plains Sunday.

The Needmore H D Club had an ice cream supper in the home of Mrs. Lee Bartlett. They also sponsored a miscellaneous shower for a member, Mrs. Ralph Spain and family, who lost their home in a fire recently.

Outside games were enjoyed by everyone. Approximately 80 were present and enjoyed all the cake and ice cream they could eat.

Rhoda, daughter of Mr. and Mrs. F. W. Lawson, Albert Lea, Minn., beside a typical shock of Bonda oats on her father's farm. The yield last year was 86 bushels to the acre.

the balance to farmers who will agree to grow it for certification as pure seed. Those who have received the seed of these two varieties report excellent yields and no crumpling down of the straw from disease.

Now is the time to get your heating equipment ready

FOR WINTER

It should be thoroughly cleaned, checked, adjusted, and if necessary, repaired. Call your plumber or heating contractor NOW and have this done before the "big rush."

If you have a floor furnace, and wish to clean it yourself, it's easy this way: Lift the grill and remove accumulated dust and spiderwebs with vacuum cleaner and suction hose attachment.

Now is a good time, too, to light your gas furnaces

You'll be glad, later, if you go ahead now and light the pilot lights on your gas floor furnaces or central gas furnace. The quantity of gas burned by these tiny pilots is so small that you'll not be able to tell the difference on your gas service bill. Then when cold weather does come, you'll be ready.

West Texas Gas Company

Willie Winn Has Some Tall Corn

Willie Winn of Gomez, was in one day recently with three ears of corn taken at random from his field, that were somewhat less than two feet long; we'd judge about 14 inches, and they were well filled with kernels or grains. Anyway, the samples reminded us that one time before the advent of corn borers, Terry county raised and shipped a huge lot of corn each year, but farmers almost had to quit raising it. Perhaps the borers have been starved out, and once again, Terry can make some progress as a corn growing center.

And speaking of corn, we saw Dewey Runnels in with some fine roasting ears last week, and he stated that it was the third crop this year on his place, each being planted at different times, and that he had sold \$150 worth of roasting ears from these fields.

We have been seeing some fine roasting ears from local farms at grocery stores this year, and we don't know why we're that way, but they just taste better to us than the imported variety.

JACKIE SHEWMAKE HONORED WITH PARTY

Mrs. E. B. Shewmake honored her son, Jackie Lynn with a party at Coleman Park on his seventh birthday August 27th. Mrs. Mel Morrison and Wanda Baldwin assisted with the entertainment. Ice cream and cake were served to:

Joe Allen Colbert, Claudia Shewmake, Sue Shewmake, Marlin Lynn Loyd, Rex M'nefred, Doyle and Mickey Beck, Barbara and Kenny Baldwin, Kenneth Phillips, Larry and Glenda Phillips and Kathy Shewmake.

We'uns And The Weatherman Part Company

We are just about fed up on the weatherman in the person of the radio news men. We had gone along with them, hit or miss until Monday night, while the shower was falling here in Brownfield, with occasional flash of lightning and roar of thunder, the news man at WOAI, San Antonio was telling us that it would be fair Monday night and Tuesday in West Texas, "except" a few showers west of the Pecos, Tuesday afternoon.

We don't know why the weathermen find that it rains so much either in the Big Bend or west of the Pecos. We have never visited either place when it looked like it had ever rained. We guess they just like to say it. And they never tell us anything about the wind except on the coast of east Texas, and its always either variable or southerly.

At the same time we have about lost confidence in our Weatherhouse we keep in the back shop. As the weather grew more threatening and cloudy Monday, the little boy and girl played around on the front porch all day, while the old witch slunk around near the fireplace in the back of the cabin. Indication: Fair Weather.

GIVE NATURE A CHANCE...

If you are run down, listless and tired because of poor digestion, give nature a chance. Don't use violent purges. Often all your digestive system needs is a little assistance. And that's just what the new, improved ADLERIKA will provide. It's a scientific blend of 7 effective ingredients that work quickly and pleasantly to relieve gas pressure and work waste matter gently through the alimentary canal. It's a kindly stimulant to sluggish intestinal muscles. Order a bottle of ADLERIKA, the "Tone-Up" laxative, from your druggist today.

Caution: use only as directed.

ADLERIKA THE TONE-UP LAXATIVE

Mr. and Mrs. Dale Woods and Mr. and Mrs. Vic Pollard returned the latter part of the week from a ten day vacation spent in the Davis mountains.

Mr. and Mrs. A. H. Pierce, Sr., Mr. and Mrs. J. E. Pierce and Ann Louise Bopsford, all of Austin were here last week visiting in the home of Mr. and Mrs. Abel Pierce and other relatives.

Mr. and Mrs. Clarence Lewis and Mrs. M. B. Sawyer are vacationing in Colorado Springs, Colo., this week.

The Department of Agriculture's research men are working on hybrid forest trees that may grow to harvesting size in one-half or one-third the time required for a good nonhybrid tree to reach the same size.

DON'T DESPAIR! REPAIR

When your car seems to rattle and find parts worn or gone, remember our auto repair shop is equipped and staffed as well as a factory! There isn't a job we can't do: but we won't do a job if we think it won't prove worthwhile to you. Have confidence in us—and get the most out of your car.

Soil Conservation District News

Mr. James T. Little, Conservation Aid, received this week a 10-year Safe Driver's Award signed by H. H. Bennett, Chief, Soil Conservation, Washington, D. C., and Mr. Joe F. Krizek received a 5-year Safe Driver's Award signed by the Regional Conservator, Ft. Worth, Texas. These two employees are to be congratulated on Safe Driving during these past years.

Mr. W. W. Watson completed a conservation program on his 320 acre farm this past week. He planned three small permanent pastures, the seeding in of 5 acres of sand love grass also a cover crop on a large acreage in the center of his cultivated field to prevent wind erosion next spring. He has already mowed 24 acres of shinnery oak pasture.

Elmer C. Watson, who farms the north half of Section 73, Block T, located four and one-half miles southeast of Brownfield, made application to the District Office for a complete conservation program, this past week. He probably will drill a nice acreage of balboa rye for a cover crop on an area that has been blowing this past spring.

Several farmers throughout the CYT District have indicated they would plant balboa rye for pasture this winter, also for land pro-

tection. All farmers who anticipate seeding rye are urged to consult their seed dealers and have a supply of seed ready. This will apply for various grass seeds too.

Mr. J. J. Gaston, who farms section 113, Block D-11, southeast of Gomez, made application for conservation planning under the District program on September 4th.

Martin Sullivan requested the Engineering crew to locate a well site on his farm this week. If he drills later and gets sufficient water he plans an improved irrigated pasture.

Mr. A. T. Pickett irrigated his 24 acres of improved pasture for the first time after drilling in the grass seeds about 10 days ago.

Walter Fulton combined 40 acres of weeping love grass this past week. The yield was not very high for the first combining due to drouthy conditions and his grass was the second planting this spring. Under proper conditions and a second years growth this grass will ordinarily yield approximately 200 pounds per acre.

Engineer Joe F. Krizek started his vacation on Sept. 8 and expects to travel over much territory before returning to duty. Guess he will do some fishing for mountain trout before he returns to the South Plains. Best wishes for a successful trip.

Miss Patricia M. Steen accepted

a position as clerk-stenographer in the District Soil Conservation office on Sept. 2 relieving Miss Shirley Bond who terminated a two year employment period. It is with regret by those who know Shirley to see her leave.

Cotton and feed crops cultivated on deep flat broken land seems to be standing up real good under the dry hot days. This one practice apparently is going to reward landowners very well this crop year.

John A. Perrin, District Soil Conservationist, spent three days this past week assisting Mr. Carlton with several farm plans. Mr. Perrin's headquarters are at Littlefield, Texas.

Myles Kelley, Associate Engineer with headquarters at Dimmitt, Texas will assist with engineering problems next week in the absence of Mr. Krizek.

Mr. J. C. Ebersole, Associate Agronomist, Soil Conservation Service, Abilene, Texas, brought in a grass drill to assist A. A. Sawyer west of Brownfield to start drilling two grasses and Madrid Sweet Clover on 35 acres for a permanent improved pasture. Mr. Sawyer is using a field of good rye stubble to seed in his grass mixture.

Mr. J. S. Smith, Rt. 1, Brownfield, Texas, who farms 3 and one half miles northeast of town, requested the District to assist in

planning his farm for a conservation program. He probably will drill later for irrigation water, and if found in ample amounts, plans amounts, plans to develop an acreage for improved pasturage.

Would suggest that all farmers who plan improved pastures locate a good quality of seed and be ready to plant whenever the first rain comes.

Balboa rye has been highly recommended for a good cover crop and will provide excellent winter pasture. The rye is a good cover crop to keep land from blowing to develop an acreage for improved pasturage. If seeded in early enough to get rooted down.

Considerable interest has developed in this area in regard to Sand Lovegrass for old abandoned cultivated fields. It will afford plenty of grazing and land cover if planted by itself. It is good in mixtures, too.

The wise poultryman raises at least 10 per cent more pullets that he intends to house so that he can cull out the poor birds.

Beavers are still reported in fairly large numbers in 42 Texas counties, being found mostly along the Pecos, Rio Grande, Colorado, and Llano Rives and other streams in the Edwards Plateau.

Good grass is the cheapest and best feed for a dairy cow.

Veterans' News

World War II veterans entering any type of farm training under the GI Bill after September 1 will be enrolled in training courses which combine classroom instruction with practical farming, VA has announced.

Known as institutional on-farm training, the program will be considered full time training under the provisions of Public Law 377 recently signed by President Truman.

The course will be considered full time when it consists of at least 200 hours of group classroom instruction per year at an accredited institution, combined with supervised work experience on a farm or other agricultural establishment.

In addition, a veteran must receive at least 100 hours of individual instruction each year, 50 of which must be on his farm by his classroom instructor who is required to visit him on the farm at least twice a month to assist him in practical farming operations and home study assignments.

The training period will be as long as necessary to meet the particular needs of the individual veteran up to a maximum of the veteran's eligibility. The two year limitation established by Public Law 679 will not apply under this program, VA said.

The institutional on-farm training courses now being offered to approximately 180,000 veterans (approximately 40,000 in Texas.

Louisiana and Mississippi) will be reviewed and rectified by state approving agencies as meeting the provisions of the new amendment.

Present on-the-job farm training courses also will be reviewed. Those that meet the new qualifications will be converted to institutional on-farm training. All other courses will be allowed to continue until their completion under Public Law 679. In no event will new enrollments be made in farm training except under institutional on-farm training courses.

Approved institutions will be responsible for supervising the veteran's training, both in the classroom and on the farm, and for reporting to VA failure of the veteran to follow the approved course satisfactorily.

VA will pay the same scale of tuition and instruction fees charged all other students in a similar course, or an agreed rate found reasonable and fair. VA also will pay for books and incidental supplies. Under no circumstances will VA pay for equipment or supplies to operate the veteran's farm.

LOYALTY CHECK OF TEXAS WORKERS SET

Getting under way is the year-long task of investigating the loyalty of 1,850,000 Federal workers, including 86,000 Texans, to determine how many may be subversive. Every one of the Federal workers in Texas is to be investigated under President Truman's loyalty program, which was authorized by a big vote of the recently adjourned Congress. Postal workers, Veterans Administration employees and personnel of all other branches of the United States government will be checked.

CITY, COUNTY EXCHANGE REAL ESTATE

The City of Brownfield has exchanged its interest in the recently purchased experiment farms west of town to the County for the latter's interest in the air port land east of town. The values of the two properties are about the same.

Veterans in full-time courses will receive full subsistence allowance.

COULD YOU EVER FORGET?

The way ahead seemed clear. In a moment of careless relaxation the driver swung his eyes from the road. In that same moment a ball bounced into the street — after it ran a little child. It was only a brief moment, but long enough for a lifetime of regret.

Last year more than 3,500 American children under the age of 14 were killed by automobiles, 160,000 were injured. This State, in some degree, contributed to that toll.

With school days here again, child casualties will rise unless every individual driver makes it his self-appointed responsibility to safeguard these young lives from harm.

When driving through school zones—and streets where children are at play—use *extreme caution*. Always be ready for split-second action, even though moving at moderate speed. Anticipate the unexpected.

There's no indemnity that can restore a human life. If, because of one careless act of yours, a child died or its young body were maimed—could you ever forget?

This advertisement is presented in the public interest by the President's Highway Safety Conference and the daily and weekly newspapers of the nation through their Press and Publisher Associations.

Here's the Answer to SHORTER—MORE PROFITABLE Cotton Harvests!

Harvesting cotton in a *once-over operation* is the short cut to bigger profits. Get this advantage by stripping and delivering cotton, two rows at a time, with a labor-saving John Deere No. 15 Cotton Harvester.

Designed to work with the John Deere "A" and "B" Tractors, the No. 15 is a simple, sturdy, long-lived machine that does a fast, efficient job of saving bolls after the cotton plants have been killed by frost. Many gin operators state that cotton stripped by the John Deere is cleaner than that pulled by the average hand puller.

This year, to make short work of your cotton harvest—use a John Deere Cotton Harvester. See us for complete information the next time you're in town.
